

PARLIAMENT IS CONVENED WITH OLD CEREMONY

London Witnesses State Opening of Legislative Body with Traditional Pageantry for First Time Since 1914

LONDON, (AP)—London today witnessed for the first time since 1914, the ancient ceremony of a state opening of parliament, with all its traditional pageantry.

King George, Queen Mary and the Prince of Wales proceeded from Buckingham palace to Westminster in state carriages, escorted by mounted life guards. The royal party was received by members of the two houses of parliament in the house of lords, where King George read the speech from the throne.

Military Lines Struck The route of the procession through the Mall and down Whitehall for more than a mile was lined by military in khaki, the guards regiments not having yet resumed the uniform of the unit. The gilded state coach in which the king and queen rode was drawn by six black horses, with postillioned outriders, while the five state landaus which followed were drawn by white horses, the king's private secretary, equerries, the comptroller, treasurer and other members of the royal household.

Half an hour before the procession passed through the archway of the crown and sword of state were borne in the royal carriage, surrounded by life guards, from the lord chamberlain's office at St. James palace to the house of lords, where were the guards of honor at Buckingham palace and other guards, with the state colors and a regimental band, outside the parliament buildings, from the tower of which the royal standard was raised when the sovereign entered.

Dignitaries Greet Monarch A large group of state dignitaries, wearing emblems of their elections, were gathered at the royal entrance beneath Victoria tower to receive the king and queen. As the procession approached, the royal salute of 41 guns was fired by a battery of the royal horse artillery.

Immediately in front of the king and queen when they entered the house of lords was the sword of state, while behind them came pages of honor, officers, gentlemen-at-arms and a yeoman guard, in scarlet and bearing salubrious features yellow. In the house of the lords and its slow progress afforded the few spectators a glimpse of a scene full of magnificent color. Members of the house of lords rose and bowed low when King George entered.

Commons Enter Hall After the king and queen were seated on the throne, the members of the house of commons entered, being led by the speaker, in official wig and robes, closely followed by the premier and members of the cabinet. This black coated assemblage presented a common place appearance compared with the theatrical setting that awaited it in the upper house.

King George, in opening the speech from the throne, said "My lords and members", instead of the customary "My lords and gentlemen," this innovation being necessary for the first time at the prorogation of parliament in December by the election of Lady Astor to a seat in the house of commons. When King George last opened parliament, in February, 1914, his first words "My relations with foreign powers continue to be friendly."

Two hours elapsed from the time the procession started from Buckingham palace until it returned. Only One Innovation The only innovation in today's ceremony was in accordance with the lord chamberlain's edict, at the command of the king, that processions, while appearing in evening dress, did not have their features veiled. In the vaulted, closed, behind in trains nine feet long, which made a suitable background for the display of jewels which were family heirlooms. The edict was actually by a desire to simplify the ceremony. Queen Mary wore the wonderful crown jewels, including the Cullinan diamond.

REGENERATION OF FRANCE IS SHOWN IN REPORTS LITTLE, (AP)—Perceptible progress toward the regeneration of northern France is shown in reports just made public here. From February 1 to December 1, 1919, 1,250,000,000 francs was advanced to manufacturers, and nearly 2,000,000,000 francs was paid as compensation for war damages. Seed costing 18,500,000 francs and fertilizers worth 22,000,000 were bought for the farmers, who, in addition, received 18,000 head of horses.

GERMANS FORG AS POLES TO GET BETTER TREATMENT BERNE, (AP)—Fifty men who escaped last week from a train taking 1,500 Polish prisoners of war back to their land from France, have claimed sanctuary on Swiss soil, asserting they were really Germans. They declared that when captured they posed as Poles so as to get better treatment in France and asked to be transported to Germany.

FRANCE TO MAKE RETURN OF REQUISITIONED HOTELS PARIS, (AP)—Hotels requisitioned for government offices are to be returned to their owners as soon as possible, according to advice received by the French cabinet. It is believed they will be ready to accommodate the flood of American visitors expected next summer. Hotel men intend to open a central bureau where strangers may be directed to satisfactory quarters.

MILLERAND'S BREAKFAST CAUSES MILD SENSATION

French Premier Takes Morning Meal at Desk; Devotes Much Time to His Office

PARIS, (AP)—Premier Millerand has caused a mild sensation at the foreign office, of which he is in charge, by taking his breakfast at his desk, at an "English breakfast" at his desk. He rises at 6 o'clock in the morning, takes a brisk walk and at eight o'clock enters the office, where he finds a breakfast table set up in the morning newspapers. After having breakfast, he sets to work, interrupting his activities only for a cup of tea and biscuits at noon.

After a ten-minute tea he resumes work, continuing until 8 o'clock in the evening, when he has dinner with his family. He then goes over his correspondence in his study and does not retire until midnight.

DENIES FORMER EMPRESS FINANCIALLY EMBARRASSED

VIENNA, (AP)—Reports that former Empress Charles is financially embarrassed are denied here. It is asserted he has several million kronas, to which may be added the value of his own and former Empress Zita's jewels. After a demand by the government refused to deliver his private jewels until he returned all the goods he had taken to Switzerland. Restoration of only those jewels which were the property of the Hapsburg family, which is held, belong to the state, has been demanded.

DRY LAW INEFFECTIVE AS AGAINST FOREIGN PUBLICATION

WASHINGTON, (AP)—Although the national prohibition enforcement act prevents the publication of liquor advertisements in newspapers published in this country, Postmaster General Bureau called attention yesterday to the exemption from the provision of the law of all newspapers published in foreign countries. Notice was directed at the same time to the fact that the act referred specifically to "newspapers" only and not to "publications" or to "magazines."

WOULD BAR ALIENS FROM HOTEL BUSINESS IN FRANCE

PARIS, (AP)—Foreigners are barred from the hotel and restaurant business by a bill introduced in parliament by the government. The war revealed that many foreign hotel and restaurant owners were enemy agents. The bill forbids participation by aliens in the customs transit or commission agency trade, information bureau, employment agencies, munition factories, chemical works affecting national defense and the quarrying industry.

BORAH PROMISES SPEECH ON HOOVER'S CANDIDACY

WASHINGTON, (AP)—Herbert Hoover's statement that he is not a presidential candidate was put into the senate record today by Senator Borah, republican, Idaho, who said he expected to make a speech about it later. Senator Thomas, democrat, Colorado, moved to refer it to "Chairman Hays' committee of 171 on politics," but the only consideration the motion got was a vigorous pounding of the gavel and a request for order from Vice-president Marshall.

REGULAR OCTOBER SESSION Twin Falls, Idaho, Jan. 3, 1920, 10:00 a. m.

The Board convened at this time pursuant to recess. Present all members and the clerk.

In the Matter of Bonding Taxes Comes H. D. Kinney, representing the Citizens Electric Supply Co., and files his affidavit to the effect that said Electric Supply Co. has been over assessed in the sum of \$1825.00. After examining the matter and conferring with the assessor, the Board finds that over-assessment has been made as stated, and further finding that said Electric Supply Co. has paid its taxes in full on what the assessment should have been, the assessor is ordered to claim

credit on the margin of the personal roll for the unpaid part of said tax, viz: \$187.42. Comes H. C. Hazel and files petition for delinquent tax sale certificate No. J. Series 1904, owned and held by T. J. May, on certain personal property, made a lien on certain real estate in Sec. 13, Township 14 S., R. 13 E. B. M., asking for a refund of \$43.88, together with interest thereon from April 12, 1916. After discussing the matter the Board takes it under advisement. The Board at this time proceeded to the consideration of claims against the Current Expense Fund until the hour of 5 o'clock p. m., when a recess was taken until 10 a. m. Jan. 6th. T. E. MOORE, Chairman.

Attest: C. G. BIGGINS, Clerk.

BRITAIN'S KING URGES SERIOUS CONSIDERATION OF ECONOMIC SITUATION

Counsels Patience in Passage of Far Reaching Reforms Which He Declares are Necessary to Meet Abnormal Conditions; Asks for Better Educational Facilities, Settlement of Irish Question and Adjustment of Coal Mining Controversies

LONDON, (AP)—Serious consideration of economic conditions throughout the country was urged upon the house of commons today by King George in his speech from the throne, which opened the session of parliament. He counseled patience in the passage of far-reaching reforms, which, he said, were necessary to meet abnormal conditions.

He urged better educational facilities, settlement of the Irish question, adjustment of coal mining controversies on an enduring basis, regulation of the liquor traffic and measures stimulating the growth of more foodstuffs at home. He said bills would be introduced in parliament dealing with insurance against unemployment, regulation of working hours, minimum wages and anti-dumping.

Speeds Turkish Peace
After briefly referring to the peace conference the king said he intended shortly to ratify peace with Bulgaria and Austria. The king's address with Turkey, he added, were "being pressed forward with all possible speed." Referring to the recent conference in Paris and London he said he earnestly trusts that as the result of those meetings a settlement of the long continued Adriatic dispute will shortly be reached. In order, however, to ensure the peace and prosperity to Europe it is essential that not only peace but normal conditions of life should be restored in eastern Europe and in the regions which have contributed to the stock of commodities for general consumption, the cost of living can hardly be reduced or general prosperity be restored to the world.

Empire's Unity
"I believe our country and empire is making rapid strides toward stability and prosperity," he said. "The price of foodstuffs and other necessities is moderating, and anxiety for all the people of the world, but I am glad prices in these islands are appreciably lower than elsewhere. This fact, and the confidence of trade, the peace and world, especially of export trade, serves to show my people are proving no less successful in dealing with the troubles war left behind than they were in enduring war itself. If, however, we are to insure lasting progress, prosperity and social peace, all classes must continue to throw themselves into the work of reconstruction. We must be patient, and with energy and patience. In addition, legislation providing for large and far-reaching measures of reform must be passed into law.

Ireland's Concern
"The condition of Ireland causes me grave concern, but a bill will be immediately laid before you to give effect to proposals for better government of that country, which was utilized at the end of the last session of parliament. A bill to make further provision for education in Ireland will also be submitted. Absence of facilities for education for a considerable part of the child population of certain districts makes the question one of urgency, but care will be taken to make the measure compatible with the home rule bill.

"Despite increased agricultural production during the war, the populations of the islands are still dependent upon the supply of food from overseas, and the financial burden of purchasing such supplies in foreign markets against the adverse rate of exchange is very heavy.

"Uncertainty is also being caused by the unprecedented sale of the landed property since the war. A measure will, I propose to introduce, which will, in any hardship which this operation may cause those who occupy the soil, and to stimulate and develop production of foodstuffs within the United Kingdom.

With reference to the mining question the king said: "The imperative and difficult problems which have arisen in the coal mining industry should be settled on an enduring basis. . . . You will be asked to consider a proposal for the acquisition of coal royalties by the state, for the improvement of conditions in the mining areas and for the future ordering of the industry."

His reference to the liquor regulation question was: "Experiences during the war showed the clearly injurious effects upon the national efficiency of the excessive consumption of alcohol, and the amelioration, in both health and efficiency, which followed appropriate measures of regulation and control. A bill accordingly will be presented to you providing for the development of a suitable system for the penitence-time regulation of the sale and supply of alcoholic liquor."

NEW YORK, (AP)—Reactions of 3 to 17 points registered by speculative investors in the course of today's unsettled stock market resulted from fresh selling for both accounts. Sales approximately 950,000 shares. Nominal recoveries were made in the last hour when call money fell to six per cent but prices fell again to lowest levels in the final dealings. The closing was weak.

Liberty Bonds
NEW YORK, (AP)—Prices of Liberty Bonds at 2:55 p. m. today were: 3 1/2's \$99.80; first 4 1/4's \$91; second 4 1/4's \$90.20; third 4 1/4's \$93.80; fourth 4 1/4's \$95.00; Victory 3 2-4's \$97.60; Victory 4 2-4's \$97.68.

Grains and Provisions
CHICAGO, (AP)—Corn took an upward swing in price today largely as a result of the fact that receipts continued to be much smaller than had been generally expected. In this connection, a good deal of notice was given to reports that owing to recent big declines farmers had stopped selling. Most of the demand today came from shorts. Opening quotations, which ranged from 3-4 lower to 1-2 advance, with May at \$1.24 3-4 to 1.25 3-4 and July \$1.22 to \$1.23 1-2 were followed by decided gains all around.

Later the chance of a railway strike had considerable bullish influence, and so, too, did word of export business in eye and ears. The close was strong, 2 7-8 to 4 3-4 not higher, with May \$1.25 1-2 to 1.26 5-8 and July \$1.26 1-2 to 1.25 3-4.

Subsequently, packers selling of lard brought about a moderate general reaction. Oats ascended with corn. After opening unchanged to 1-4 higher, including May at 74 3-8 to 74 5-8, the market secured a general advance. Most of the provisions were lifted by strength of grain and hog. Business, however, was light.

Cash Quotations
CHICAGO, (AP)—Corn No. 2 mixed not quoted; No. 1 yellow \$1.34 1-2; No. 2 yellow not quoted; No. 3 yellow \$1.25; Oats No. 2 white 82 to 83 1-4c; No. 3 white 80 1-2 to 83 1-2c; Bye, No. 2 \$1.40; Rye \$1.50 to 1.50; Timothy seed \$10 to 14; Clover seed \$45 to 50; Pork nominal; Lard \$20.50; Hibs \$18 to 18.75.

acted a civilian organization, he said, which assisted materially in suppressing border disturbances. The farmers and residents of towns held their automobiles ready for the transportation of troops when a call was made and it was in that way a troop of the Eighth cavalry was able to get to the scene of the Bright raid on the Christmas day, 1917, in a few minutes after the alarm had reached his headquarters.

"You received little cooperation," inquired Senator Fall, when reference was made to Mexican officials.

"Well," Colonel Langhorne replied, "we received fair cooperation from officials on this side—that's all."

Boyd Hospital LABORATORY
Twin Falls, Idaho

Established 1905

A new department of the hospital, fully equipped to lend valuable aid toward making a diagnosis.

Without a proper diagnosis, no disease can be properly treated.

Diseases, such as typhoid, syphilis, malaria, tuberculosis, anemia, influenza, obscure diseases of the blood and nervous system, Bright's disease, and cancer, can be diagnosed by laboratory tests alone.

In nearly every disease known, valuable diagnostic aid can be given by careful examination of the blood, urine, sputum, gastric contents, specimens of tissue, such as cancerous and tuberculosis glands, bacterial examinations of pus spinal fluid contents, and inflammatory exudates, such as pus in the lung, etc.

No disease is of such minor importance that the patient is not justified in demanding every means toward an accurate diagnosis.

APPROPRIATION DISCONTINUANCE REPORT STIRS ALL SOUTH IDAHO

Representative Addison T. Smith Wakes Entire Section with Word that Congress Proposes to Reduce Fund for Prosecution of Fight for the Eradication of Hog Cholera — Importuning Messages Sent

Based upon word from Representative Addison T. Smith, in Washington, a determined fight is being made in this district and in fact throughout the entire section of southern Idaho, for the continuance of measures for the eradication of hog cholera. Congress is being importuned, in messages from individuals and institutional boards, to make a sufficient appropriation to guarantee continuance of this important work.

Information that congress plans drastic curtailment of funds for the hog cholera fight in Idaho came to W. A. Sullivan, veterinarian in charge of this branch of work carried on by the bureau of animal industry, in a message from Representative Smith yesterday evening. The representative stated that a battle is being waged against appropriation for hog cholera work and that the present appropriation for this state is being reduced over \$200,000. Representative Smith urged cooperative action by all individuals and associations interested in continuance of the betterment work among hog herds, and for the state of Idaho, to state at large, to bring every possible pressure to bear toward getting a continuance of the needed appropriation.

Replying to the representative in congress telegrams have been sent to the Hon. Mr. Smith and other state representatives in Washington by the board of county commissioners, the Twin Falls Chamber of Commerce, the Tullahoma Chamber of Commerce, L. S. Otto, president of the Duroc Breeders' association, L. W. Coleman, of the Twin Falls Farm Bureau, Pocatello, American Falls, Idaho Falls and club boards, together with farm bureau representatives all along the Snake river valley, have added their mite in urging appropriation for hog cholera work.

P. C. Meredith, connected with the Idaho Farm Development proposition, has communicated with his brother, E. P. Meredith, secretary of agriculture, asking that all possible influence be employed in an effort to prevent a change of policy in hog cholera work appropriations. Typical of the messages sent to Washington in the following: The board of county commissioners, sent to Representative Addison T. Smith: "The bureau of animal industry activities in this county in hog cholera control work has stimulated swine production twofold and it is felt that any decrease in the appropriation for this work will greatly menace this industry not only for this county but in all southern Idaho where cholera is now present."

John Graham, a former member of the state utilities commission, is in the city from his home in Nebraska. Judge C. O. Stockslager was over from Shoshone yesterday for a brief visit. Mrs. Sarah Trimmer is over from Boise visiting at the home of her daughter, Mrs. J. B. Burke. John Graham, of Buhl, was in Twin Falls Monday on a business trip. Mr. and Mrs. Jack Claiborn of Kimberly visited in Twin Falls Saturday and Sunday. Mr. and Mrs. C. F. Van Patten of Paul motored to Twin Falls yesterday for a combined business and shopping tour. Edward Babcock is in from his home near Hollister and is a guest at the home of his brother, Judge W. A. Babcock. Mr. and Mrs. M. J. Sweeley are leaving this evening for Boise, where Mr. Sweeley will attend to legal business. Mr. Sweeley expects to remain for a visit of a week or ten days at the home of her son, E. M. Sweeley.

ACCUSES JAPANESE OF BAD FAITH IN STRIKE

Filipino Union Executive to Instruct Strikers to Resume Work

HONOLULU, T. H., (AP)—Pablo Manlapit, president of the Filipino Sugar Plantation Workers' union, yesterday said he would visit all plantations on the island of Oahu before Tuesday morning and instruct the Filipino strikers to return to work.

Manlapit issued a statement in which he accuses the Japanese of bad faith for failing to supply strike funds to the Filipinos. He added:

"I believe that instead of being an industrial strike for the purpose of raising wages the real object of the Japanese is to cripple the industries of Hawaii in the hope that they may be overtaken by an alien race. As Americans we cannot be parties to any such program and it becomes our duty as the people of Hawaii to break the stranglehold which the Japanese community is trying to obtain upon it."

Effects of Constipation Constipation causes a stoppage at the sewerage system of the body. The poisonous refuse matter that should be carried away is retained in the system and often poisons the blood and causes numerous disorders. No one can afford to neglect his bowels. A dose of Chamberlain's Tablets will afford relief. Avoid drastic cathartics as they take too much water out of the system and their use is likely to be followed by constipation.—Adv.

At the root of most of the
criticism which one now hears of
the United States in Europe, lies
the fact that we have gone back
upon moral and material obli-
gations, which were expressed in
the language of Mr. Wilson at Paris,
in the attitude we adopted, through-
out the peace conference. * * * If
Europe is not warranted in its pre-
sented opinion, there is no less un-
mistakable basis for that opinion, dis-
coverable in American utterances
in Paris. The British and the
French demands for the American
contribution of \$10,000,000,000 is
only a first and part payment, on
account, and for the establishment
of that scheme of world ordering
which Mr. Wilson advocated at Paris,
is declared to be the desire of his
fellow countrymen, and, so far as
possible, endeavored to persuade his
fellow countrymen to accept. It is
our contribution to the capital stock
of the league of nations, a wholly
reasonable assessment provided on-
ly that the United States acknowl-
edge the obligation and joins in the
articles of incorporation."
This, according to Mr. Simonds, than
whom there are few better qualified to
pass judgment, is the European view
of the situation.

BASEBALL MUST PAY GOIN TO END GAMBLING EVIL

Money in Plenty, Along with Business Acumen and Brains Needed to Stop Betting

BY I. B. SANBORN - Combating gambling is going to be a tough job for the promoters of professional baseball, and will cost money and brains besides having small support from the present generation of gamblers...

Control of ball parks includes the right to bar clubs from the grounds beyond legal dispute, although some magnates have balked at the loss of receipts it entailed. Control of organized gambling on the result of a world's championship game will be beyond legal dispute...

Longer Series Helps Bettors - Lengthening the world's series from a maximum of seven to a maximum of nine games merely accentuates the evil of gambling. To prolong the post-season affair beyond a possible nine games would be injudicious and ineffective so far as betting is concerned.

Without getting a hearing where the issue was developed, the regular championship season enough to permit a sort of round robin schedule including the teams of both the National and American leagues...

This, it was argued, would eliminate most of the elements which would increase the revenue by giving freer impetus to the public's interest in baseball, just as a new deal in a poker game results in a higher stake to draw to in the previous hand.

If memory is correct, Herrmann's suggestion was to include all sixteen of the major teams in this round robin and that it was to be a thing to draw to in the previous hand.

By the way 'tis said Bob's broken hand proved to be only a sprain, which is about mended now.

Tommy Gibbons is said to be angling for a bout with Bob Martin, heavyweight champion of the A. E. F.

Hope Tommy gets his wish as such a battle would be the first real test Martin has had.

There's a lot of chaps on this side the river Jordan willing to give the other side the once over just for the "kick."

An expert publicist, working for Benny Leonard, tells that Benny makes \$200,000 a year.

LEONARD WHIPS JOHNNY DUNDEE IN HANDY STYLE

Champion Lightweight Wallops Southerner at Will, but Can't Score Knockout

JERSEY CITY, N. J. (AP)—Benny Leonard, world's light weight boxing champion, fought Johnny Dundee of New York, in every round of eight rounds but here last night. Dundee put up a stiff battle but the champion outpunched him throughout. Leonard weighed 135 3-4 pounds and Dundee 135.

Leonard staggered his opponent a half dozen times during the contest. Dundee came back with renewed vigor each time and resumed his jumping tactics in the last of his five round bouts with the champion. Dundee used his rushing "tiger cat" style and gave a spectacular exhibition but Leonard had no difficulty in picking out openings to place hard and effective blows.

In the opening round, Leonard scored a right hook to the head that sent Dundee flying to the ropes. He was back immediately. For the remainder of the bout, Leonard centered his attack on the body, administering an especially severe drubbing in the fifth, sixth and seventh rounds. In the last session Dundee was fighting almost as hard as in the first. At the final bell his body was reeling from the effects of the champion's blows.

Spider Boache, the San Francisco light weight, made a good impression in his first bout in the east, outpointing Emilio Burke of Brooklyn throughout an eight round bout. Boache weighed 137 pounds and Burke 135.

"TROUBLE" COMES BACK - CHICAGO (AP)—Suits to restrain the National league from arranging or publishing a schedule for 1920 was filed in circuit court today by Charles Wobler Murphy, one time owner of the Cubs.

Murphy names all the clubs in the league as defendants. Murphy charges the league magnates with breach of contract in connection with the lease given the Chicago club for Cubs park. The lease, which was in effect until 1920, was broken on August 1, 1916, Murphy says. He asks that the National league be restrained from arranging a schedule until his cause for damage is settled.

LAKE PLACID, N. Y. (AP)—During the international championship ice skating contests here February 18 to 19 there will be little events for women skaters, it was announced today. The Lake Placid Skating association stated that the International Skating union had sanctioned these contests for women exclusively.

EVANS WINS - MITCHELL, S. D. (AP)—Bob Evans of Sioux Falls, claimant of the South Dakota wrestling championship, threw Guy Gills of Sioux City who claims the same title in Iowa, here last night in 28 minutes in a one-fall match. Evans won with an arm bar and an arm scissor.

Brief Bits of Sport

You can't always sometimes tell, but there is a fine chance for a couple of boxing matches in Twin Falls soon.

Keep an ear to the ground and maybe you will hear the bell.

The coming of Stanislaus Zhayzko, giant brother of the redoubtable Wladok, has sort of complicated the mat game here, adding another aspirant for the championship honors.

Now if it only proves to be another case of the Kilkenny cats all hands should be satisfied.

Horse racing promoters of Montana are up with a statement that under regulations crooked horse racing is impossible.

Whathemomen regulations. There have those things to govern the wrestling, or about Labor Day there would be time for the eight first division teams in the two leagues to play a round robin for the world's pennant, and also for the second division teams in both circuits to engage in a similar contest for a "consolation" pennant with a satisfactory division of receipts between club owners and players in each division. No one could claim such series as "fixed."

Way of Doping It. Unless there is a hot argument between two or more teams for their league championship, interest is bound to lag after Labor day, and at least once in a while some of the hopelessly class get small pickings except from the few games they play with the pennant contenders late in the race. Joppy springs anew in the breasts of the fans at the start of each championship race, and if a talloned team were given an opportunity to win even a second division championship of the two leagues the rooters would flock to the parks for a fight, at least.

WARNS AGAINST SLOW REPORTING

Internal Revenue Man Says Income Statements Must Be Made by March 15

Announcement that there will be no general extension of time for filing income tax returns was made by the bureau of internal revenue today. Complete returns, accompanied by at least one-fourth of the amount of tax due, must be in the hands of collectors of internal revenue on or before March 15, 1920. Extensions will be granted only in specific cases where urgent need for additional time in preparing the return is shown.

Last year, if for good and sufficient reasons it was found impossible to complete a return by March 15, extensions and individuals were permitted to file on or before that date a tentative return and were given an extension of forty-five days within which to complete a return. Conditions which justified such extensions last year do not exist this year.

Regulations governing the collection of the income tax have been out almost a year and no substantial changes have been made in them.

Forms are now in the hands of collectors of internal revenue for distribution among taxpayers and there is every reason to assume that the taxpayers have ample time in which to prepare and file their returns by March 15. It is important that the taxpayer remember before the return due date a return as complete and final as it is possible for him to prepare. However, in cases of sickness or absence collectors are authorized to grant an extension not exceeding thirty days, where in their judgment such further time is actually required for the making of an accurate return. The nature of such an extension must be made prior to the expiration of the period for which the extension is desired. The absence or sickness of one or more officers of a corporation at the time the return is required to be filed will not be accepted as a reasonable cause for failure to file the return within the prescribed time, unless it is satisfactorily shown that there were no other principal officers available and sufficiently informed as to the affairs of the corporation to make and verify a return. As a condition of granting an extension of time for filing a return the collector may require the submission of a tentative return and estimate of the tax on form 1040T in the case of individuals, or on form 1021P in the case of corporations, and the payment of one-fourth of the estimated amount of tax. Where a taxpayer has filed a tentative return and has failed to file a complete return within the period of the extension requested by him the complete return when filed is subject to penalties prescribed for delinquencies.

ORATORIO SOCIETY WILL MEET TONIGHT

Business Session at 7:30 Will Be Followed by "Holy City" Rehearsal

The Oratorio society will meet for regular rehearsal in Parish hall at 7:30 tonight. Questions of particular importance to the members of the society are to be discussed at this meeting. A business session will open the meeting, rehearsal of Gaul's "Holy City" following. Considerable progress has been made in the work, and plans are making for a public rendition early in March.

ARGUMENTS CONCLUDED

Arguments were concluded at noon today in the Idaho Farm Development company's action against Ira Brackett and others for condemnation of land desired for use as an airport. The case has attracted the attention of the court more than a week, and has been bitterly fought throughout. A verdict should be reached before evening.

22 NEW FLU CASES

Twenty-two new cases of influenza throughout Twin Falls county were reported to the district health officer, C. Q. McGinnis, this morning. The cases developed in the past 24 hours.

Are You Going to RAISE WHEAT?

I have two samples of wheat on my desk. One was raised at Goose Lake on land that cost me \$85.00, an acre; \$1.25 an acre for water, and 40c an acre taxes. I got \$2.01 a bushel and the yield was about 40 bushels an acre. The other sample was grown on land at Castleford that I value at \$200.00 an acre; \$3.00 an acre for water, and \$2.00 an acre taxes. The yield was about the same as the other, but I got 25c a bushel less for the same grade of wheat. Let me tell you more about this proposition.

MUNICIPAL COUNCILLORS REJECT APPLICATION FOR SUNDAY SHOWS

Moving Picture Houses Must Remain Closed, Majority of City Administrators Declare in Vote—Mayor Breaks Deadlock on Question—Police Get Salary Increase—Meat Inspection Ordinance Drags Out Weekly Session

Movement looking to the opening of moving picture show houses for operation on Sundays went down in defeat last night, the city council denying a petition of supporters of the "open Sunday" idea. The petition, submitted a week ago, followed the waiting list awaiting its appearance when the municipal board convened last night's weekly session, and on the two considerable discussion was entertained. The petition for opening contained approximately 1,000 names, while that against had nearly twice the number. C. E. Munson presented the "against" list, while R. H. Stevenson appeared in support of the opening petition.

While the vote against opening picture houses on the Sabbath was 8 to 2 the movement was not defeated without a hard battle, both by the laity and the council. It was after midnight when the municipal board got to a point of consideration of the picture show movement, the preamble developing the fact that among the aldermen sentiment was evenly divided for and against. It was finally voted to refer the petition to the first instance of divided sentiment in the present council on a proposal of vital importance to the community.

How It Happened

Alderman L. L. Breckenridge submitted a motion negative to the petition and received Alderman C. S. McMartin's second. In a final Alderman C. H. Channel moved an amendment, a motion demanding that the measure be submitted to the municipal voters at the coming park and playgrounds bond election. This motion was seconded by the petitioner and the majority of the council voted to call attention to the fact that the aldermanic body had been asked by the petitioners to act themselves in the matter, there being no reference to demand for expression of municipal sentiment at the ballot box. Alderman Channel, in argument against the overruling majority of aldermen, called attention to the fact that the latter bore the names principally of women. The vote on the amendment found Channel and Russell in the with Breckenridge and McMartin. The original motion the mayor voted with the latter two, thus defeating the Sunday opening movement.

Health Discussed

Question of closing certain places where the masses are wont to assemble daily was introduced by L. G. Kirkman, of the I. D. B. church. Mr. Kirkman stated that the health officer had been called upon to bury three persons who had died from the effects of the epidemic. He painted a gloomy picture of prospects and urged immediately the adoption of more precautionary measures to forestall a recurrence of last year's tragic situation. A number of statements were made in support of the idea, some of those tending to prove that the number of fatalities from influenza is daily becoming more alarming. One speaker said there had been nine deaths in this vicinity in 48 hours from the disease.

Weather Man Has Support of Everybody

WHEN everybody and everything agree, lookout! The administrator of things weatherwise will be fair tonight and Wednesday. Fact is he has the habit. But every weather condition supports him, and even barometric pressure is so light as to make the prognostication reasonable, to say the least.

Anyhow, the weatherman, the barometer, the skies and every condition bespeaks decent weather for the immediate future. High temperature yesterday was 42, but the mercury went down deep during the night, reaching the 13 notch before it quit receding. Maybe with fair tonight and Wednesday will come warmer, too.

SEARCH FOR SWITCH REVEALS LOST WATCH

Sheriff Holds Timepiece Missing Since Thanksgiving for Coming of Owner

There is a lady's gold wrist watch in a pigeonhole of the county sheriff's desk. It is awaiting the coming of the owner to claim it. This watch, according to records in possession of Sheriff A. N. Sprague, was found about last Thanksgiving at Blue Lakes. It was never advertised as "found," and the finder, a young woman, has worn it for her own ever since, Sheriff Sprague says.

Recovery of the timepiece was made yesterday in a rather unusual proceeding. Deputy Sheriff Robert Redmond was called to investigate the loss of some property from a millinery establishment in Twin Falls. Part of the lost goods was a hair switch valued at about \$5. Searching the room of a former employee of the millinery establishment, the officer found a clue to the watch, investigation proving, it is alleged, that the possessor was not a true owner. The watch had been left at a jewelry shop for repairs and was recovered from that institution. The young woman is said to have admitted not owning the timepiece. At present she is employed in a restaurant. The true owner of the watch, which is a Gruen make, is being sought.

AGED MAN COMMITTED

Jan Lonergan, an aged man who has been living at the Waverly hotel, was this morning ordered committed to the state asylum at Blackfoot. The man, according to testimony introduced at an insanity hearing before Judge O. P. Duval in the probate court, is mentally deranged. The case is said to be curable.

Early Spring Styles

AWAIT YOUR APPROVAL

We are justly proud of our showing of new Spring Merchandise. There is no need to label them Spring for the spirit of the new season is indelibly stamped in the lines—fabrics and colors.

Skirts Fan Ta Si Silks Blouses
It is predicted that skirts and blouses will be very popular this season, perhaps because of the fact that suits are higher in comparison. You will find a pleasing selection of late models in our display.
We have just a very few patterns to show you of this new, and immensely popular material. These patterns have been cut in 2 1/4 yard lengths. Just enough to make a skirt, with pocket and belt.
Dainty blouses of lingerie, lovely creations in georgette, smartly tailored crepe de chine and satin blouses arrived in our recent shipment direct from New York. The models are strikingly effective as to color.

What we have hinted at represents but a very meager portion of our Spring displays. We cordially invite you to review, personally, the rest.
