ASSISTANCE TO EUROPE WANTS UPON AMERICA

British Chancellor of Exchequer Says 'Final Arrangements Cannot Be Made Until Congress Grants Powers'

LOAN PAYMENT IN GOLD GIVEN CONSIDERATION

Exchange of Bonds for Trinkets and Plate to Comply with Suggestion of Former Secretary Glass Being Examined

LONDON, (AP)—Replying to a question in the house of commons today as to whether Viscount Grey would return to Washington as British ambassador, and if not who would be his successor, Premier Lloyd George said he was unable to make any statement on the subject.

LONDON, (AP)—Replying to a question in the house of commons proposed to take for the relief of central Europe, Austen Chamberlain, the chancellor of the exchequer, said in the house of commons this afternoon that the final arrangements could not be made until the congress of the United States had granted the necessary powers. Mr. Chamberlain stated that in view of the urgency of the need and despite the financial situation in the United Kingdom, the British government had informed the United States that in addition to the 12,500,000 pounds voted for the current financial year, it was prepared to contribute further sums, not exceeding half the sum contributed by the United States and not exceeding 10,000,000 pounds in all.

To Use British Ships

Mr. Chamberlain said the British ships would be used for the provision of British supplies, foodstuffs, raw materials and other essentials and the payment of the freight charges on the goods carried on British ships. If the American government would contribute 500,000,000, Mr. Chamberlain added, the necessary tonnage for transporting the American supplies could be provided.

Gold Payment Considered

The question was raised in the house of commons today whether the government had under consideration the suggestion of Carter Glass, recently retired secretary of the treasury, that the United States be paid for international supplies by the issue of gold certificates, in order to help meet this request, the British owners of ornamental gold, such as trinkets and plate, be invited to hand them to the treasury in exchange for international certificates and thereby assist the position of exchange between England and America.

DENMARK WINS IN PLEBISCITE

Official Figures Show Overwhelming Vote in Schleswig Against Germany

COPENHAGEN, (AP)—Denmark won an overwhelming victory in the plebiscite held in the province of Schleswig by which the future status of that district was determined, according to official figures issued here this morning. These figures show that Danish adherents cast 15,928 votes while the Germans polled but 25,087.

GERMAN EVACUATION OF BELGIAN NEAR COMPLETION

BERLIN, (AP)—The German military evacuation of upper Silesia, preparatory to the plebiscite has been definitely completed, it is announced in advices from that province.

A special attaché to the Tagliche Rundschau from Oppeln charges that General Lerond, head of the inter-allied administrative commission, deliberately ignored the German civil authorities who reported for the first time formalities in response to the instructions of the commission. Herr Blitta, the first president of the province, and the heads of the local governing boards were summoned to the reception which, says the dispatch, resulted first into a military demonstration and speech making. General Lerond referred to the peace treaty provisions and promised to practice justice in his administration.

American Soldiers and German Wives to Leave for Home

Troops in Occupied Area Hereafter Prohibited from Entering Married State

AMERICAN HEADQUARTERS, Cologne, (AP)—Two hundred and fifty soldiers of the American forces in Germany who have married European girls have been instructed to start soon for America with their wives, in accordance with a recent order of Major General Henry T. Allen, in command. It was also announced that army authorities would not consent in future to marriages of American soldiers on duty in the occupied area, contending that men without wives in Germany are better soldiers. About 200 soldiers have married German girls since the American forces reached the Rhine, the others have married principally French or Belgian girls.

American Troops Being Withdrawn

LONDON, (AP)—A wireless dispatch from Moscow today says: "The American troops guarding the Siberian railway are being withdrawn from Vladivostok. The American mission has left China for Harbin."

"The whites are hurriedly evacuating Yakutsk which is about to fall." Orders for the withdrawal of the American forces from Siberia were given last month and the movement of the troops to Vladivostok has been in progress for several weeks. Yakutsk is in Olenokskaya about 70 miles from the Black sea.

SHIPPING BOARD HEAD IS SUCCESSOR TO LANE

President Selects John Barton Payne of Illinois to Be New Secretary of Interior

WASHINGTON, (AP)—John Barton Payne, of Illinois, has been selected by President Wilson to be secretary of the interior to succeed Franklin K. Lane. Mr. Payne is now chairman of the United States shipping board.

Mr. Payne will take over his new duties March 1, when Mr. Lane retires at his own request. Mr. Payne's successor as chairman of the shipping board has not yet been announced.

Before becoming chairman of the shipping board on August 7, 1919, Mr. Payne was general counsel of the railroad administration and before that he was general counsel of the emergency fleet corporation. He is a native of Virginia and is 65 years old. His home is in Chicago.

World News Events

PANAMA, (AP)—Thirty-one destroyers and four tenders, part of the Atlantic fleet of the American navy, arrived at Cristobal yesterday. Admiral H. B. Wilson, commander of the fleet, is not expected to arrive before Feb. 25.

PARIS, (AP)—Paol Peret was today elected president of the chamber of deputies by 372 of the 425 votes cast. M. Peret succeeds Paul Deschanel, who was recently elected president of the republic.

BERLIN, (AP)—Provincial authorities in the frontier and coast districts have been requested by the Prussian minister of agriculture to revoke any order issued by them prohibiting importations of fresh meat from the United States.

ST. JOHN, N. B., (AP)—More than 1,100 freight cars are still hard and fast in the ice in the Canadian national railway yards here where they were frozen in during last week's storm. Gangs of men with heavy locomotives and snow plows are working day and night to free the cars.

JOHNSON IN RACE AT PRESIDENTIAL PRIMARY

Petitions Nominating California Senator Placed in Circulation in North Dakota

BISMARCK, N. D., (AP)—Petitions nominating Hiram Johnson, United States senator from California, for preference for the republican presidential nomination to be voted on in the North Dakota primaries at March 16 were placed in circulation today.

A. W. Carlson of Bismarck, secretary of the North Dakota Johnson campaign committee, said today that the petitions will be filed February 15. He said, however, it has been popularly supposed that presidential preference nomination petitions could be filed up to March 1, but he says there is some question as to the law on that point and the conflicting date has been determined upon. Petitions recently were circulated at Devils Lake and elsewhere for Major General Leonard Wood, but they have not been filed.

HOLLAND BANS ENTRANCE OF WANTED HUNS

Takes Steps to Prevent Coming Into Country of Germans Whose Presence is Likely to Cause Trouble to Her

WILHELM, DISAPPROVES PROPOSAL OF HIS SON

Reliable Advices at Hague Indicate Former Crown Prince Serious in Offer of Vicarious Surrender to Allies

THE HAGUE, (AP)—It is declared in reliable quarters that the former Crown Prince Frederick William was serious in making his offer to the ontent governments to surrender himself in place of the Germans on the condition that and that he inclines to believe that the allies will accept his plan.

Wilhelm Disapproves

It is learned here that former Emperor William is strong in his disapproval of his son's action. Nothing was known at Wieringen of the ex-crown prince's intention before his messages to the heads of the various governments had been dispatched, and the only notification given by Frederick William was one to the Dutch government when he sent the communications abroad.

Newspaper reports to the effect that the Grand Duke of Hesse and his son and likewise several German generals are on the extradition list but escaped into Holland are discredited at the Dutch foreign office.

Holland Erects Bars

In connection with the report that German who extradition is demanded by the entente had crossed the German border into Holland, the latter at the foreign office today that Holland is taking steps to prevent the coming into the country of any German whose presence is likely to cause trouble to her. The view of Holland, it was explained, is that the former emperor and former crown prince, who already are here, are entitled to such protection as the Dutch law requires, but that the other does not desire the presence of any others.

ALLEGED AGITATORS IN GUSTOBY AT BINGHAM

BINGHAM, Utah, (AP)—Two Portuguese men, alleged to be radical agitators, were arrested today in connection with the strike of approximately one thousand industrial workers of the World Nationalists in the copper mines here. Deportation proceedings may be started against them, it is said.

Scores Anti-Strike Move

Mr. Stone scored the proposed anti-strike legislation. "When you make laws that men shall not have the right to strike, the bayonets are only a little way off," he said. "And when you have to run a country with bayonets and bayonets there is no other method but to employ a woolen goods manufacturing branch of the Equity society. This enterprise has machinery which carries the wool from the farm to the back of the sheep in the possession of Mr. Keyes' family farmer 26 cents for the wool where he formerly got 10 or 12 cents."

DEPARTMENT OF LABOR CANCELS FIRST ACTION

Deportation Proceedings Against Natives of India Will Likely be Quickly Disposed Of

WASHINGTON, (AP)—Cancelling the deportation proceedings against Dhirendra Sarjar, a native of India, the department of labor today decided the first of the cases arising from the conspiracy proceedings against a number of Hindus in San Francisco in April, 1918.

Before the war Sarjar was a student at Yale and Michigan universities, but when the war began he was studying at the University of Berlin. He returned to the United States and later became involved in the movement for Indian independence. He was indicted and sentenced to four months imprisonment in April, 1918, on a charge of having violated American neutrality.

SUFFRAGE AMENDMENT DEFEATED IN VIRGINIA

RICHMOND, Va., (AP)—Woman suffrage was defeated in Virginia today when the house of delegates adopted, 62 to 42, the Liberty resolution rejecting the Susan B. Anthony amendment to the federal constitution. The senate, by a vote of 24 to 10, previously had adopted the resolution.

WILSON TO MEET WITH RAILWAY UNION CHIEFS

President to Deal Personally With Threatened Strike of Brotherhoods

DIRECTOR GENERAL HINES FILES REPORT ON WAGE NEGOTIATIONS

WASHINGTON, (AP)—President Wilson will have a personal conference tomorrow with three representatives of the railroad brotherhoods to discuss the wage demands of the 2,000,000 railroad employes which are to be referred to him today by Director General Hines.

Selection of their spokesman was left by the president to the union representatives who chose E. M. Jewell, acting president of the railroad employes department of the American Federation of Labor; W. J. Manion, president of the Order of Railway Telegraphers, and Timothy Shea, acting president of the Brotherhood of Firemen and Enginemen.

FARMER-LABOR CONGRESS HEARS STONE'S VIEWS

Delegates Assemble in Chicago to Promulgate Principles of Economic Reform Through Direct Trading

CHICAGO, (AP)—Truck trains carrying farm and dairy produce direct to cooperative markets in the cities, together with government owned railroads will sell the produce to larger centers, will bring moderate prices in this country, Warren S. Stone, labor representative here today for the All-American Farmer-Labor cooperative congress.

The congress opened here today for the announced purpose of "standardizing cooperative methods, and promoting direct trade and cooperative banking and credits." One phase of the congress was an exhibit of goods produced by farmers and their own processing factories and mills, which was under the direction of the cooperative commission organized in Chicago last November.

Urges Better Understanding

Need for better understanding, and more sympathy between the farmer and the city worker and the grinding need for relief from the high living costs were the keynotes touched by all speakers. "Cooperation is probably the last orderly method by which the struggling masses of our country will seek relief from the present oppressive and unjust economic conditions," C. H. Gustafson said. He is president of the Nebraska Farmers' union and of the cooperative congress which organized the present convention.

Union Sees Opportunity

Union officials, with the exception of maintenance men, and the Brotherhood of Railroad Trainmen, were willing to leave the case in the hands of the president. It was evident that the union men felt that another opportunity should be given for adjustment of the differences which have been held in abeyance at the president's request since they were submitted last July.

Plumb League Protests

Letters protesting against the conference agreement on the rail legislation were sent today to all members of congress by the Plumb league, which reiterated its advocacy of retention of the carriers by the government for at least two years. "We say to you very frankly," said the league's protest, "that labor is thoroughly aroused at the menacing possibilities of pending railroad legislation. At least two years of great loss cannot without justification, the evil effects that will flow to the public, and particularly to the workers, if this comprehensive measure is enacted."

NATION OBSERVES ANNIVERSARY OF BIRTHDAY OF EMANCIPATOR

Lincoln-American Alliance at Cleveland Draws Lessons in Reconstruction from Example and Precepts of Foremost American; Senate Hears Reading of Original Gettysburg Speech and Adjourns Out of Respect for Memory

CLEVELAND, O., (AP)—Closely cooperation between employer and employee and elimination of their misunderstandings is the aim of the reconstruction conference of the Lincoln-American alliance here today. About 300 business, labor, political and university leaders of the country are attending.

Those trying to spread the gospel of Lincoln, who stood for conciliation and cooperation in all lines of American endeavor," Dr. John Wesley Hill, chancellor of the Lincoln Memorial university at Cumberland, Md., said.

SENATE HEARS READING OF ORIGINAL GETTYSBURG ADDRESS

WASHINGTON, (AP)—The original manuscript of Lincoln's Gettysburg address was read in the senate today by Senator Keyes, republican, New Hampshire.

The manuscript, presented by Mr. Lincoln to Edward Everett, has been in the possession of Mr. Keyes' family for a number of years. In the house the Rev. Henry N. Gould, chaplain, in his opening prayer said: "Today we would sing with all true Americans, songs of praise to thee for our beloved Lincoln—a man of God, called of God to be the savior of his country in its darkest hour; pure in his conceptions, strong in his convictions, and

RAILROAD BILL TO BE FINISHED BY MARCH FIRST

Return of Roads to Private Control Will Not Be Interfered With by Pending Legislative Action

WASHINGTON, (AP)—While some opposition to the railroad bill finally agreed upon in conference has developed, senate and house leaders predicted today that the conference report on the measure would be promptly adopted so that the legislation would be returned to private control March 1. The final draft of the conference report will be presented to the senate Saturday or Sunday. The house will take it up Monday or Tuesday and leaders said it would be disposed of in two days.

Objections Stricken Out

Chairman Eech, of the house interstate commerce committee, one of the authors of the railroad bill, and other leaders based their prediction that the bill would pass upon the fact that as written in conference it is substantially the same as the Eech bill recently passed by the house. Senate provisions to which there was an objection, including the anti-trust section, creation of a transportation board and compulsory consolidations were stricken out in conference. The essential addition to the house bill was the fixing of a guarantee rate of 6 per cent.

"With the time already fixed by President Wilson for the return of the roads and the widespread demand from the people that they be handed back," Chairman Eech said today, "failure to enact necessary legislation before March 1 would be disastrous. I am satisfied, however, that the house will adopt the conference report without delay."

Plumb League Protests

Letters protesting against the conference agreement on the rail legislation were sent today to all members of congress by the Plumb league, which reiterated its advocacy of retention of the carriers by the government for at least two years. "We say to you very frankly," said the league's protest, "that labor is thoroughly aroused at the menacing possibilities of pending railroad legislation. At least two years of great loss cannot without justification, the evil effects that will flow to the public, and particularly to the workers, if this comprehensive measure is enacted."

PROHIBITION IS LIVE ISSUE IN VIEW OF LEAGUE

Anti-Saloon Organization Calls for Safeguarding of Dry Regime in Presidential and Congressional Elections

WESTERVILLE, O., (AP)—Will the issue of prohibition figure in the nomination of presidential candidates and the election therefor? The Anti-Saloon League of America, through a statement issued today by E. H. Cherrington, secretary of its executive committee, endeavors to answer that question by declaring that prohibition, or, rather, safeguarding of prohibition will be a very live issue in not only the presidential campaign but in the election of congressmen. On this matter the statement says:

"Prohibition is here, and as we believe, to stay. The question at issue is not whether prohibition is or is not desirable. That was a question on which men might honestly differ before prohibition became the law of the land and part of the federal constitution. Triumph of prohibition was made possible only by a will of the majority, and that same will, working through the lawful processes by which prohibition became law, can, if it chooses, take prohibition out of the constitution.

"The question at issue now is—shall the law be enforced? To that question there can be but one answer. Whether a man believes in prohibition he must comply with the law and aid in its enforcement or be a lawless citizen. As the Anti-Saloon League sees it, the most important things are involved in the coming nominations and elections: firstly, that the chief executive of this nation, who is the chief law officer, must be a man wholly committed to the enforcement policy; and, second, that a congress must be elected that will take no backward steps in prohibition legislation."

NO FILIPINO BOYS IN HONOLULU HIGH SCHOOL

Native Race Represented in Attendance at Educational Institution by Two Girls

HONOLULU, T. H., (AP)—Sixty-four children out of a total of 771 attending McKinley high school in Honolulu are Caucasian Americans, according to figures compiled by education officials. Statistics show that out of a total class of 53 there are only three American, two girls and a boy. In the junior class there are 12 Americans, in the sophomore class 21 and in the freshman class 28 Americans.

Japanese bulk heaviest in the school, being 237 of this nationality. Chinese come next with 150. There are 41 American-Hawaiians, 35 Chinese-Hawaiians, 25 Portuguese, 21 Koreans, 14 Hawaiians, 12 English-speaking Hawaiians and seven Portuguese-Hawaiians.

Interesting combinations of races appear on the registry of McKinley high, the most complicated being recorded by one boy whose nationality is given as Scotch-Swedish-Jewish-American. Another appears as a German-Japanese-Hawaiian, while there are two Irish-Hawaiians and one Scotch-Irish-Hawaiian.

There are no Filipino boys in the school, but that race is represented by two girls.

Tantalum-Tipped Pens.
Tantalum, owing to its hardness, makes good material for writing pens, which are less expensive than iridium-tipped gold nibs. Pens from this metal, treated with a special hardening process, prove superior to all others because they are uncorrodible by any ink.

MILLION ARMENIANS CONFRONTED BY DEATH

Help from America Must Reach Stricken Country Quickly to Stave Off Starvation

More than half a million people will starve to death in the Near East this winter before relief from America can reach them, unless the help now being sought for them throughout the United States is quickly sent forth. This is the word brought back from the stricken land by H. Robinson, who as a soldier in the famous Rainbow division of the A. E. F., saw many horrible sights in France, but nothing, he declares, to compare with the scenes he witnessed in Armenia, where he has been in the service of the Near East Relief committee for the last several months.

"Hanging onto the last few scraps of food," says Mr. Robinson in his report, "millions of these people, without food, without homes, even without any clothing, except for bits of gunny sack, reinforced with a few rags for their boots, and with no shoes, no stockings and no gloves, are clinging to the Near East Relief and America as their last desperate hope of survival.

"Whatever has been told of terrible conditions there have been understated instead of exaggerated. On the high plains where many thousands of the sufferers from war and massacre, exile and famine live, there is nothing but almost Arctic nakedness. With neither food nor clothing, their emaciated bodies have no power to resist the steady, awful cold. No wonder they die. The last remnants of these brave races are perishing."

With the receipt of this and similar reports from other workers who have actually witnessed the scenes of horror all over western Asia, which is fast becoming known as "The Land of the Hungry Dead," the Near East Relief workers all over America are redoubling their efforts to quickly obtain adequate contributions to meet the killing need among the survivors.

Under the direction of H. G. McPike, 316 Yates Building, Boise, Near East Relief campaign manager for Idaho, county units of this great life-saving organization are now moving ahead full speed in an intensive drive to provide their respective quotas of Near East relief funds by February 22.

Nearly everywhere in the Gem state are now to be seen their slogans "Hang the Whiskey! Arrest the Law!" and their constant reminders such as "45 saves a life—\$5 adopts an orphan."

TEXAS OFFICIAL HAS HOT STICK FOR WHISKEY ADDICTS
AUSTIN, Texas, (AP)—Whiskey, under the new prohibition law, is classed as a drug, and R. H. Hoffman, pure food and drug commissioner, has announced that he is "going after retail druggists who are watering their whiskey. The law requires that medicinal whiskey be 44 to 50 per cent ethyl alcohol, he said, and druggists are now paying \$1.70 a gallon, plus a \$3 tax, for whiskey and are selling it for \$2 a pint, or \$10 a gallon. Mr. Hoffman is of the opinion that they make enough profit without adding water to their stock.

Witty in Time of Misfortune.
When the conflagration that destroyed Drury Lane theater, in 1800, broke out, Sheridan, the principal shareholder, was in the house of commons. Declining the adjournment offered out of sympathy, he hurried to the theater, only to be pushed back by a soldier, with the warning: "Stand back, sir!" "My friend," replied the witty dramatist, "surely a man may warm himself by his own fire!"

Declares Frederick Wilhelm Acted Upon Impulse of Moment

Offer of Surrender made Without Mature Consideration, Says Adjutant

AMSTERDAM, (AP)—Former Crown Prince Wilhelm of Germany sent his telegram to the heads of allied governments offering surrender in place of Germans demanded in the allied extradition list almost on the impulse of the moment, according to an interview with Major von Mülheim, the former crown prince's adjutant, published in the Telegram.

"The former heir to the German throne," said the adjutant, "took his resolution without thinking long about it. The return of Baron von Lormer from Paris and the serious situation which has arisen in Berlin in consequence prompted the prince to send his telegram. He hopes by this to avert serious difficulties for Germany."

Dutch newspapers describe Wilhelm's action as "beautiful gesture."

JAPAN MAKES PLANS TO EXTEND STEAMER SERVICE

Subsidy Grant Makes Possible Extension of Elaborate Trans-Pacific Liners Program

VICTORIA, B. C., (AP)—Further expansion of its trans-Pacific service is planned by the Nippon Yusen Kaisha, Japanese steamship corporation, following the grant to it of a new Japanese subsidy charter, it was learned here recently. Two new large steamships, the Toyonaki Maru, 7,001 tons, and the Tetsuji Maru, 6,995 tons, are to be added to the fleet, it was said.

Under the new charter grant the Nippon Yusen Kaisha holds the only Japanese subsidy on the Japan-British Columbia-Pugot Sound route. The Osaka Shosen Kaisha, which until recently shared the monopoly with the Nippon Yusen Kaisha, withdrew from the field, it was believed, in order to secure the subsidy for Japan-South America East Coast route.

Accommodating Lightning.
Sometimes lightning performs rather comical freaks. It has been recorded that a certain mansion in Wales had been struck by lightning, which saved the servants the trouble of lighting a fire! The chimney was struck and the fuel laid in one of the grates was ignited.

ONLY ONE WOMAN ON LIST OF GERMAN WAS OFFERED

BERLIN, (AP)—Miss Alice Scheiner, the only woman whose name appeared on the list of Germans demanded by the allies, is a daughter of a prominent professor of Berlin university, and had charge of the women's concentration camp at Valenciennes during the war. The Nieuws Rotterdamse Courant prints a letter from a contributor who asserts that Miss Scheiner incurred the enmity of allied women spies who were imprisoned in her camp. He declares, however, that letters to Professor Scheiner showed the daughter had many friends among the prisoners and that she did not approve of German policies.

Make Sure of Your Water Supply This Year

Much water is wasted annually in irrigation ditches and flumes. During the hot, dry, summer this water must be conserved to insure your crop success. Irrigation experts know the value of wood pipe. With it there is little waste of water.

More Durable Than Iron Pipe

AMERICAN QUALITY wood pipe is made of best grade of Washington Yellow Fir and comes in two varieties—machine-banded and continuous stave. This fir has high tensile strength and well-known lasting qualities, and because it is hard it prevents compression of the iron bands into the staves. Either machine-banded or continuous stave may be had in all desirable sizes.

And It's Inexpensive to Install

Wood pipe is not expensive to lay down. For the complete installation it costs less than iron pipe and about the same as ordinary flumes. Stocks of wood pipe will be carried at the following Boise Payette yards: Bliss, Jerome, Twin Falls, Wendell and Weiser. Ask the manager of any Boise Payette yard about wood pipe for irrigation. He will see that you get prompt service.

BRITISH SOCIALIST IS PLEASED BY BOLSHIEVISM

Denies Conditions in Moscow Worse Than in Other European Capitals

LONDON. (AP)—George Lansbury, former socialist member of the house of commons, news of whose projected trip to soviet Russia caused considerable surprise in official circles here, arrived in Moscow on Sunday.

In a telegram to the Herald, organ of the labor party, he gives his first impressions of the situation at the soviet capital. He declares scenes outside the railroad station were similar to those at any terminus in England. People were looking remarkably well considering the privations suffered from hunger, cold and sickness.

"The outstanding fact," Mr. Lansbury says, "is that the blockade and civil war have left loose disease and want of every description."

"Churches are all open," Mr. Lansbury continues, "and the people are going in and out of the magnificent shrines of the Kremlin, which is being visited by foreign tourists and being restored at the public expense. True religion has not been interfered with and marriage is as sacred as ever. There is nothing worse here than in other capitals, and there is very much that is better. I am safer and freer alone in the Moscow streets than in London.

Attractively mingling has played out here and in Petrograd. Churches are being needs peace, and organized labor in Great Britain and America must secure for Russian workers a chance to reorganize their society.

"There is great faith and hope in idealism, but everybody wants to know if the allies will now leave Russia free to work out her own salvation. I have noticed that people determined to win their fight for economic freedom. Every one with whom I have spoken would welcome honest cooperation, but there are at present obstacles to peace. All Russia demands from her neighbors is friendship. The Poles, Ukrainians and all peoples can have peace if they will treat Russia as a free nation."

GOVERNMENT'S EYE IS UPON THOSE WHO HAVE PROPERTY UNDER RENTAL

Income Tax Law Will Be Rigidly Enforced as to Profits Accruing from Leased Holdings—Federal Department Explains how Blanks Should Be Prepared to Be Accurate

That the government has a sharp eye this spring to see that full income tax is paid on rents during 1919, is acknowledged by the internal revenue officials. Every income tax blank has a special space set apart for reporting rents received. And this space will be watched as the returns come in, to check up the rents of landlords and landladies. These are bonanza days for real estate owners. Rents for all kinds of properties have advanced; in some localities the prices never dreamed of. The keepers of lodging houses and boarding houses have shared in the general prosperity from rents. And even the cottages and apartment dwellers has made a little money on the side by renting the rooms he could spare.

Profits from Sil's The higher prices of 1919 induced many landlords to sell all or part of their property, and generally at substantial gains. All such gains are income and must be figured out in black and white on the annual return. Persons who hold leases on property and during 1919 sublet at a profit, must show such gains in their income tax return.

How to Report Rents The forms for personal income tax are designed so that income from rents and royalties shall be separated from other income. The information and figures should be carefully and accurately entered in block "E." The kind of property rented should be indicated. If it is a building it should be shown whether the construction is of wood, cement, brick or stone. If a farm, or vehicle, machinery, etc., all should be so stated. If the taxpayer received royalties, the word "royalties" should be used to denote the source of income. And for the convenience in checking the return, the taxpayer should separate the various kinds of property, and show separately the figures of rents, expenses, etc., incident to each class.

If any tenants or lessees paid \$1000 or more in rents during 1919, the owner should show the names of such tenants or lessees separately in the second column of block "E," together with the amount of rent received from each. In column 3 they must declare the amount of income, whether in cash or its equivalent, received during the year from each class of rental property.

Figuring the Deductions Repairs: Under this title the taxpayer may claim any actual expenditures for small repairs, such as replacing broken glass, fixing water pipes, repainting, interior painting and other small necessary repairs necessary to keep the places in rentable condition. They are not allowed to include the purchase of a new range, a new boiler, or other replacements. If the entire property is rented, exterior painting may be included under repairs, but a new roof, new cement walks or steps, or other similar expenditures that adds to the value of the property may not be included as an expense.

apartments—and is renting the others, the repairs and other expenses allowed are confined to such items as are incurred in connection with the rented parts of the house. With respect to wear and tear, the owner should claim only a proportionate part of the computation for the entire building. In the case of a landlord or landlady who rents furnished rooms, there may be claimed against the rent received a deduction for wear and tear on the furniture, and for minor expenses incurred, such as laundry, fuel, light, etc. also a proportionate part of the rent paid, if any, for the entire house or apartment. In computing such division of the rent paid, in order to arrive at the proportion for rented rooms, consideration should be given as to the size, location and desirability of the rented rooms. If the landlord or landlady furnishes meals to lodgers, the gain realized should be figured on the basis of a household budget and included with the rent received.

When a Man's Sick. It is when we are sick that we make the hardest call on our philosophy of life. It is the most difficult of mental feats to be resigned to physical suffering and incapacity. There have been cheerful sick men in history, like Alexander Pope. It is true, but they were and are few and far between. Julius Caesar, for instance, proved to be a very querulous man when he was sick.

BANS WEAPONS DURING TRIAL

Tombstone Chief of Police to Search All Suspicious Characters

TOMBSTONE, Ariz., (AP)—An outside attorney to prosecute the two hundred and ten defendants in the Tombstone deportation cases probably will be employed to relieve County Attorney Robert French, because of his illness, it became known here today. French, it was said, was suffering from a growth on his left temple that demands immediate attention by a surgeon.

French, according to reports, is loath to seek relief from prosecuting the cases one of which, that of Harry E. Weston, Bibbee hardware dealer, now being on trial.

French was to decide the matter definitely yesterday.

Examination of talisman from the last venire and defense attorneys today. During the first hour of court twenty-eight men were examined and accused. All declared they had fixed opinions concerning the right or wrong of the deportations. Less than twenty-five talisman were to be examined from the venire and a new venire will have to be drawn this afternoon. Drawing the new venire, it was said, will make necessary adjournment of court until Monday afternoon.

Porter E. McDonald, Tombstone police chief, said he would search all men he suspected of carrying weapons during the trial because of the feeling in Coconino county.

High School News

A diversified program, presented by members of the French club, received the commendation of the student body at the regular assembly yesterday. A short playlet, a piano solo, and two selections by a mixed quartet were the features of the program.

In anticipation of the coming spelling contests to be conducted in the schools of the city, at which several prizes will be distributed, announcements were made yesterday that on April 26 the final high school contest would be held. A preliminary contest covering a period of several days will be held a few days before the last meeting. Lists of 50 words each are to be released weekly in order that students may prepare for the contests. Words will be chosen from a total number of 500 words. A \$10 prize will go to the high school leader and \$5 to the second best speller in the school. These prizes are being awarded by a citizen of Twin Falls.

Approximately the last of the group pictures of school organizations were taken yesterday afternoon when the debating teams, the student council and the music club new play cast were photographed.

Deaths

Due to misinformation, announcement was yesterday made that the funeral of Mrs. A. D. Pollock was to take place yesterday afternoon. These rites are being observed at Hansen this afternoon with the services of the First Methodist church in charge. Burial will be in Twin Falls cemetery. J. E. DeWitt supervising.

Mrs. Mary Brunton, aged 29, died at the Bronton farm home six miles southeast of Twin Falls early this morning of pneumonia growing out of influenza. Funeral services will be conducted by the Rev. A. G. Brier at the First Methodist church at 2 o'clock tomorrow afternoon. Burial will be in charge of J. E. DeWitt in Twin Falls cemetery.

TO INVESTIGATE RIOTING
LEXINGTON, Ky., (AP)—Brigadier General Marshall, in command of federal troops enforcing martial law here as a result of an attempt to lynch William Lockett, negro, last Monday, has ordered Judge Charles Kerr to impanel a special grand jury immediately to investigate the rioting in which six persons were killed.

Hawaiian Impartiality.
The old algaroba tree in the Catholic mission grounds on Fort street is no more. Parent of all algaroba trees in the Hawaiian islands, it has been cut down to make room for a Knights of Columbus club house. The word "parent" is used advisedly for one newspaper, in reporting the removal of the historic tree, referred to it as the "father" of algaroba in Hawaii, and another speaks of it as the "mother."—Pacific Commercial Advertiser.

A Crawling Fish.
A Brazilian fish called the maltha cannot swim. It can only crawl or walk or hop. It has a long, unpaired snout and resembles a toad. The anterior fins of the maltha are quite small and are not able to act on the water. They only move backward and forward and are in reality this paws, which are of no service for swimming.

COMMITTEE WILL DRAW AGREEMENT FOR MINORS

National and American League in Collusion to Draft Working Terms with Bushers

CHICAGO, (AP)—Major and minor league officials met today and decided that a committee of three from both the National and American leagues would meet with a committee of three from the minor leagues and draw up a working agreement between all concerned.

President Hoydler names Barney Dreyfus, Charles Ebbots and August Herrmann to represent the National league on the committee to meet with the minors. Johnson has not named his representatives.

Indications today were that a successor to Harry Foxman, retiring chairman of the national commission, would not be selected for a month or more. Ban Johnson is said to favor postponing action until after settlement of the Baltimore Federal league club's suit.

WESTERN RUSSIANS IN CONTACT WITH SEMENOFF

General Kappell Joins with the Czechs in Campaign Against the Bolsheviki

HARBIN, (AP)—A dispatch from Chita reports that the forces of General Kappell, commander in chief of the western armies of the all-Russian government, have recaptured Irkutsk and established contact with General Semenov.

General Kappell's forces found no trace of Admiral Kolchak, former head of the all-Russian government, whose fate is unknown, the dispatch said.

The troops of General Kappell have joined with the Czechs and are fighting the Bolsheviki in the vicinity of Chermovka, Chermovka, which is on the Trans-Siberian railway, 80 miles northwest of Irkutsk, has been retaken from the Bolsheviki.

COURT TAKES HOLIDAY
MONTICELLO, Wash., (AP)—Court took a holiday today in the trial of eleven alleged I. W. W. charged with the murder of Warren O. Grimm in the Centralia armistice day shooting. The delay, it was announced, will continue to introduce testimony tomorrow.

WILSON MAY PRESIDE AT NEXT CABINET MEETING

Part in Discharge of Official Business

WASHINGTON, (AP)—The next meeting of the cabinet probably will be called and presided over by President Wilson.

Secretary Lansing said today he had written cabinet officers that there would be no more regular sessions of the president's official family for the present. He would offer no explanation, but it was understood his letter was written by direction of Mr. Wilson.

Throughout the president's illness the cabinet has not regularly and when the cold strike situation became acute the meetings were increased from one to two weekly. There was no meeting yesterday and more will be held tomorrow.

For several weeks now the president has been taking more and more of a hand in the conduct of official business. Secretary Tumulty said today he had never seen Mr. Wilson looking better.

Rear Admiral Grayson, the president's physician, said today the president had called nothing to him about attending the next cabinet meeting, but he added that it would not be a bad guess that he would.

The president's physician frowns on his patient doing too much work, and said he had by no means let down the bars.

WILSON TO MEET THE UNION RAILWAY CHIEFS

(Continued from Page One)

agreement was given Mr. Hines January 23, which, under the 30 day clause will leave that organization without a working contract with the railroad administration on February 23.

Has Nothing to Say

The action of Mr. Lee admittedly is giving administration officials concern. Mr. Lee contended his organization had reserved the right to press its grievances for adjustment separately. He declined to add to his statement of yesterday which asserted the trainmen had waited sufficiently long for the government to force down living costs.

Blanton Quotes Wilson

Representative Blanton, democrat, Texas, made public today a letter to President Wilson expressing the hope that he would not "permit Mr. Hines to accede to present railroad demands." Mr. Blanton told the president that in the past few months he had received more than 5,000 letters from democratic voters "asserting that if the administration trucked to another demand from organized labor, they will no longer vote the democratic ticket."

"A show down must come sooner or later," Mr. Blanton said, "and now is the opportune time. The American people are ready for it."

RAILMEN OPENING UP STRIKE HEADQUARTERS

DETROIT, Mich., (AP)—Strike headquarters were opened in fifteen cities today by divisional officers of the Brotherhood of Maintenance of Way employes and Railway Shop laborers, from which the nation-wide strike called for February 17 will be directed.

Plans for the strike have been made, union officials here declared, and only an agreement between representatives of the men in Washington and President Wilson, they said, will avert the walkout. If such agreement is reached, it was said, it must come before Saturday night or the strike order cannot be rescinded before it becomes effective.

GROOM DISAPPEARS IN FORTUNE MARRIAGE

Mrs. Wm. Hoffman, nee Ida Hinton, courted three hours and a deserted bride at the end of six days, warns young girls "to know the man" before marrying. Wm. Hoffman, a resident of Twin Falls, claims he must wed before Feb. 1 to secure a fortune of \$75,000 from his mother's estate. Miss Hinton answered the ad and three hours later meeting Hoffman they were wed. As authorities look for the husband, his bride waits in return at a Canton (O.) hotel.

MINE OPERATORS BALK AT RULE OF COMMISSION

Kentuckians Refuse to Accept Strike Settlement Decision and Withdraw from Hearing

WASHINGTON, (AP)—After the coal strike settlement commission had agreed today to render a decision as to making the 14 per cent wage increase retroactive to October 1 in the Kentucky field, the Kentucky Operators' association refused to submit to the jurisdiction of the commission and withdrew from the hearing...

Claim of the Kentucky miners that the award should be made retroactive was based on the contention that the mines in Kentucky were operated on the basis of a 100 per cent basis throughout the strike.

The Reason Why We Make All of Our Harness One Kind of Leather in All Styles of Harness. We do not buy a factory made harness shipped in from Denver, Omaha or St. Louis. We do not buy factory made traces and backbands, or in fact any part of a harness simply because the GUARANTEE that we give with every harness we sell, means everything to us, and we cannot give a factory made harness that stamp of our approval.

PRICES ARE NOT HIGH. We buy our leather direct from the tannery, thereby cutting out the profit of the middleman. We have a well organized force of five expert harness makers at work every day. We make half a dozen styles with varying prices, one of which is bound to suit you.

FIRST FOREIGN BOXER IN YEARS FOR TITLE BOUT

Georges Carpenter Only Fighter Since 1898 from Europe to Contend for Title

Should Jack Dempsey and Georges Carpenter meet in the ring during the coming year, an affair most probable, it will be the first time since March 22, 1898, that a foreign heavyweight has been a serious contender for the world's championship in this class. On that date Jim Jeffries took out Peter Jackson in three-rounds and while the famous Australian negro was but a shell of his former self, he still carried the European heavyweight honors. The victory gave Jeffries the right to the world's heavyweight title beyond dispute.

Jackson was the first Australian heavyweight champion. Later he added the title of English champion by knocking out Frank Slavia in London and when he entered the ring against Jeffries he was the holder of European honors while Jeffries held undisputed title to the American championship. Jeffries' honors in turn passed to Jack Johnson, Jess Willard, and on July 4, 1910, Jack Dempsey.

HIGH QUINTET CONFIDENT OF GAME FRIDAY

Rupert Team Doomed to Defeat if There's Anything in Local's Optimism

The Twin Falls high school basketball team will present a strong lineup against Rupert when the invaders come here tomorrow night. Excepting the team which will play in the school gymnasium at the last of the month, the team which should be the fastest and most hard-fought hoop game on the local scene is this season.

Santel Nearly Kills Freiburg In Boise Bout

Wrestler Slams Chicago So Hard Third Match is Forfeited

IDAHO, (AP)—Ad Santel, light-weight wrestler, won a match here last night from John Freiburg of Chicago. Freiburg won the first fall in 43 minutes by a head scissor and arm lock. Santel, in the second part of the bout, won a leg on the vital spot. The rest of the lineup will be Tom and Hertz, guards; Carter and Kim, centers; Newman, Krongie and Fred, forwards. Hostilities begin at 8 o'clock in the high school gymnasium.

GEORGES WILL EMBARK MARCH 13 FOR U. S. A.

Carpenter Due to Sail in Coming Month—Has Film and Stage Contracts Here

NEW YORK, (AP)—Paris cable advices received here yesterday state that Georges Carpenter, European heavyweight champion, will sail for this country on March 13 and expects to box Jack Dempsey for the world's title in September. In addition to Carpenter and his manager, Desamps, the party will include two French pugilists of lighter classes, Charles Ledoux and Georges Pape.

Brief Bits of Sport

- A press report tells of colored men in Kansas City forming a baseball league of Ethiopians.
- Twin Falls, however, is not interested in the doing of the colored clan in the south, but in what the white folks hereabouts should do for baseball.
- A Chicago sports editor twists the British lion's caudal appendage this wise: As fighters the English are no good. The English cannot fight. They never could fight. They never will be able to fight.
- Let that editor's an Irishman; what do you say?
- Slim Smiley, sagebrush sage, says: "That be some folks that knock all on corner 'kase th' sun hez a few apples on her."
- Headline: "Crown prince cables Wilson he is ready to surrender."
- Well, let him surrender; see if we're sure. What's he roaring about, we'd like to know.
- Nick Daviscourt, a Greek grappler, has left the manager, Joe Stecher to tackle him on the mat.
- Now who's this Daviscourt guy, any way?
- Harry Frazee, master of the Red Sox, wants to sell his team, and offered the outfit for sale to Mal Hinkle, a fight promoter and fighter-manager.
- The deal might have been consummated had not Harry wanted Matt to pledge himself to oppose Ban Johnson's rule in the major league.
- Who is a Clevelander, said he wanted the team as a business proposition, not as a quarrel.
- It is even intimated that the American yachtsman might let Tommy Lipton lift the cup and take it to Old England just for the sake of going over there to have a "bottle" time with England's famous brew while lifting the trophy back.
- Watched an affluant guy filling out his income tax questionnaire the other day and, say, the camel of biblical fame had a soap crawling through the needle's eye analog of what that chap was having crowding himself through a hole to occupy paying a couple dollars.
- Mrs. Maxine Dempsey now says all she ever said about Dempsey is a "fabrication of fictitious weave."
- Do you think she said it that way?
- PIK LOSER DECEIVED
- BAIT LAKE CITY, (AP)—Johnny Pisk, Rock Island, Ill., featherweight boxer, lost a referee's decision to Jay Holman of Chicago in a fast six-round bout here last night.

Theatre

"Some folks got a great deal of excitement from picking up a poke and to see what they have drawn, but for me, the real pleasure in life is in trying out new climbing and jumping stunts just to see what will happen to me."

"This is how Douglas Fairbanks says he feels when he was questioned about some of the reckless stunts he made in his next production "When the Clouds Roll By," which will be shown at the Gem Theatre today.

LAVERING After eight seasons of veritable triumph, Gus Hill will come back for a ninth season with his perennial success "Mutt and Jeff" in an extra new dress, entitled "Mutt and Jeff's Dream," which will form a background for Bud Fisher's inimitable characters, which easily assume the credit of the greatest of the most durable success of the cartoon world.

The new production is an innovation embodying about all of the real "meat" of standard amusement, the thrill of the melodrama, the side-splitting situations of farce comedy and the harmonious art of musical comedy.

The story, music, costumes, lyrics and scenic equipment, are absolutely new and the company is one of the best ever seen in all "Mutt and Jeff's Dream" will live up to the title of the one big hit of the show world.

"Mutt and Jeff" will be the attraction at the Lavering Friday evening.

Emancipator's Great Charity Appeals Today

LET US, said Lincoln to finish the work we are in; to bind up the nation's wounds; to care for him who shall have borne the battle, and for his widow and for his orphan; to do all which may achieve and cherish a just and lasting peace with all nations."

The great American emancipator might well be reiterated today in all of its phases, for more than in Lincoln's day does the oppressed wish apply now.

SUGAR CONCERN AVERSE TO DEMAND OF GROWERS

Great Western Company Not Disposed to Grant \$15 a Ton Schedule

DENVER, Colo., (AP)—The Great Western Sugar company is not disposed to grant demands of western sugar beet producers for a fifteen dollar a ton schedule for the 1920 beet crop, according to statements today by representatives of the refiners to officials of the Rocky Mountain Beet Growers' association in session here.

Officials of the growers' organization left the city today after receiving the ultimatum from the refiners and indicated that their next step would be an appeal to the department of justice in an effort to establish a new and higher price for their product.

W. D. Lippitt, assistant general manager of the Great Western Sugar company, told the beet-growers that the refiners were not willing to concede to the demands of the growers for the fifteen dollar rate in view of the uncertainty of the price at which the 1920 sugar crop would have to be marketed.

The company was willing, Mr. Lippitt said, to pay twelve dollars per ton for the beet produced in the Rocky Mountain states and indicated that a somewhat higher price might be possible if the seaboard price of sugar was fixed at a figure which would permit of the increase.
