TWIN FALLS, IDAHO, FRIDAY, FEBRUARY 13, 1920

## WILSON GIVES "UNALTERABLE" DECISION IN RAILWAY WAGE CONTROVERSY

### RED CALLS FOR WITHDRAWAL OF BRITISH CRAFT

**Bolshevik Commander at Odessa Threatens to Open Fire on Warships Remaining in Harbor After Three Days**

### CLAIMS HE UNDERSTOOD PEACE WAS ESTABLISHED

**Tells Rear Admiral McOnully Merchant Ships Welcome at Black Sea Port for Commercial Purposes**

CONSTANTINOPLE, (AP)—General Ubortovich, twenty-eight year old Bolshevik commander at Odessa has threatened that he will open fire on the British warships within three days if they remain in the harbor, according to a message received here from Rear Admiral N. A. McNully, commanding the United States naval forces operating in the Black Sea.

Expresses Surprise  
The message was sent after the admiral had conferred with the general, who expressed surprise that the British warships had fired on his troops.

General Ubortovich, the message reports, said he understood that the British had made a treaty with the Bolshevik government. He declared merchant ships would be welcome at Odessa for commercial purposes.

Messages Seem Quiet  
Apparently is quiet at present. He reported open and the British supply is on hand.

WE CLAIM BIG CAPTURES AT ODESSA  
Three generals, 200 men, 3,000 soldiers, 100 guns, 100 planes and a great quantity of material were captured by the British at Odessa, it is claimed in a message from Moscow received here.

SHIP BEARING REFUGEES IN STRAITS  
The former German liner, with 200 British refugees, Odesa broke anchor, grounding her in tow and grounded Wednesday, according to a dispatch from Constantinople. The ship was carrying 200 British refugees who were rescued by British vessels. The vessel is about broken up. It is about three and a half miles from the point where it grounded.

### DRAFT NEW NOTE IN RISER CASE

**Alles Address Strong Appeal to Holland Not to Make More Trouble in Europe**

LONDON, (AP)—A new allied note to Holland regarding the situation of former Emperor William will be dispatched tomorrow, according to the Evening Standard today.

The note, says the newspaper, makes a strong appeal to the Dutch government not to create greater difficulties in Europe by insisting on the right of asylum for the man characterized as the author of the world's present troubles. The note was being drawn, it was stated, in a form to emphasize the concerted view of the allies that the presence of the former emperor in Holland was a danger to the peace of Europe.

NO EXTENSION FOR TAXPAYERS  
WASHINGTON, (AP)—No extension of time for filing income tax returns will be granted this year by the bureau of internal revenue.

ESTHONIA BUILDING SHIPS  
REVALIA, Esthonia, (AP)—Esthonia has taken energetically to shipbuilding. A small fleet of wooden ships has already been launched, and three steel motorships are being built of American steel at Reval.

### Elihu Root Invited to Help Plan Court for World Justice

League of Nations Council Names American on Committee to Organize Tribunal

LONDON, (AP)—Elihu Root has been invited to become a member of the committee to prepare plans for the constitution of a permanent court of international justice. The list was announced at today's session of the council of the league of nations.

A. J. Balfour, who is presiding over the council sessions, after reading the names of the men invited to become members of the committee to organize the permanent court, said:

"Maybe, for one reason or another, Mr. Root may not deem it desirable to accept the council's invitation. The council hopes he will always remember that he will be welcome at whatever stage of our activities he may be privileged to accept to add to our deliberations the great weight of his learning and name."

NEW YORK, (AP)—Elihu Root said today he had not yet received an invitation from the council of the league of nations to become a member of the committee which will plan a permanent court of international justice. Until he received such an invitation he declined to indicate whether he would accept the honor.

### U. S. Inquires After Aviator Prisoners

EL PASO, TEXAS, (AP)—Instructions have been received by the American embassy at Mexico City to take up the question of the detention of Lieutenant L. M. Wolf and G. E. Usher, American aviators, by the municipal authorities at Nacozari, Sonora, it was announced at military headquarters here today.

### Foreign Exchange Makes Big Advance

NEW YORK, (AP)—Demand bills on the English pound sterling were quoted just before the close of the market today at \$3.41 1/2, a new high record for the present upward movement. They were quoted as low as \$3.10 last week.

Prize checks were quoted at the rate of 14.22 for the dollar and Italian lire at 27.77, each slightly in advance of recent prices.

### World News Events

NEW YORK, (AP)—William O. Redfield, former secretary of commerce, has been elected president of the American Russian chamber of commerce, it was announced today.

PARIS, (AP)—Formal denial of the accounts emanating from newspapers in Rome of negotiations between the Serbian and French governments on the subject of a military alliance was made by the French cabinet today.

MEXICO CITY, (AP)—Mexican troops are actively pursuing bandits who recently captured Joseph Askew, an American, at Gomez palacio and carried him into the mountains, according to semi-official information received here. His rescue is believed to be imminent.

LONDON, (AP)—The Armenian national delegation here states that it has received a message from Constantinople saying that during the recent attacks by nationalist forces on Marash and Aintab, in Asia Minor, about two thousand Armenian civilians were murdered in cold blood.

### SPANISH WHEAT OUTPUT SUFFERS BIG DECREASE

Farmers Discontented with Fixing of Prices and May Turn Efforts to Other Fields  
MADRID, (AP)—Production of wheat in Spain has suffered great decrease, said Rafael Casset, former minister of public works and leader of the agrarian party, in the Cortes yesterday. He declared this was due to the farmers' discontent with the fixing of wheat prices and demanded that measures be taken to prevent agrarians from turning their efforts to the production of other articles of consumption. Senor Casset declared if wheat production continued to decline Spain would be compelled to import more from South America and that capital would thus leave the country to pay for cereals which she could produce more economically herself.

### JAPAN MOVES TO IMPROVE COMMUNICATION WITH U. S.

TOKIO, (AP)—The Japanese government is erecting a powerful wireless station in the Prefecture of Fukushima for the purpose of relieving congested communications between this country and the United States.

### WITNESS TELLS L. W. W. MOVES BEFORE MURDER

Identifies Defendants on Trial Armistice Day Killing of the in Connection with Centralia Legion Men

MONTESANO, Wash., (AP)—Thomas C. Morgan testified today in the trial of eleven alleged I. W. W. men charged with murder in connection with the Centralia Armistice Day shooting, that he was in the hall all during the shooting and that he saw four of the defendants in the hall.

Shortly before the shooting, he testified, that another of the defendants, Elmer Smith, an attorney, went into the hall and conferred with Britt Smith, a defendant.

Clarence Sherwood testified he saw John Lamb, a defendant, and two men carrying guns, run from a hill from which shots had been fired.

### TESTIMONY SHOWS CASH WAS SPENT LAVISHLY

Witnesses at Election Conspiracy Trial Continue Accounts of Vast Expenditures

GRAND RAPIDS, Mich., (AP)—E. V. Chilton, head of the speakers bureau of the Newberry senatorial committee, told a friend early in the 1918 primary campaign that "they have tapped the barrel" and "are spending money like drunken sailors," according to testimony given today by Frank E. Roberts, of Hillsdale, at the election conspiracy trial in federal district court.

The evidence came at the end of a session which was also marked by testimony of Homer W. Livingston, of Flint, intended to corroborate the story told yesterday by William J. McKeighan, former mayor of Flint, that Richard Fletcher, state labor commissioner, assured him in August, 1918, that he must support Newberry or go to jail on a charge then pending in the state supreme court.

### UNIVERSITY OF COLORADO IS TO REOPEN AFTER EPIDEMIC BOILER, Colo., (AP)—The University of Colorado, closed on account of the epidemic of influenza, will reopen Monday, President George Norlin announced today. The university has been closed two weeks.

### REFUSAL OF GRANT GENERAL PAY INCREASES IS INDICATED

Executive Ukase Contains Counter Proposition to Men Is Assumption Made.

### UNION REPRESENTATIVES FOR DISCUSSION OF PRESIDENT'S REPLY

WASHINGTON, (AP)—An "unalterable" decision in the railroad wage controversy was made today by President Wilson in conference with representatives of the brotherhoods. The president said the government's policy was "based on justice to all interests."

Details Decision  
The president's decision was not announced at the White House. Officials said it was "a decision containing a proposal." From this it was assumed that the president had refused to grant general wage increases, but had made a counter proposition to the men.

Secretary Tamm declined to say whether the president had refused specifically the wage demands, saying that "every one wants to settle the strike" and that the brotherhood chiefs should have an opportunity to consider the president's suggestion or proposal without outside interference.

Lines with Hines' View  
The president's statement that the government's policy was "based on justice to all interests" is in line with the final word presented to the union leaders by Director General Hines at the last conference with them.

Mr. Hines was understood to have suggested to the president that if an increase in pay were granted, the men would seek an increase in freight rates, which would mean increased living costs, inasmuch as the unions were pressing strongly for a reduction in freight rates. It was understood that the president had employed this in his answer to the union spokesman.

After leaving the White House the railroad representatives met other union officials who have been conferring with Director General Hines and later all of them went into conference with American Federation of Labor head, Walter P. Reuther, before any of the union's except the Brotherhood of Maintenance of Way employees were represented. W. G. Lewis, president of the Brotherhood of Firemen and Engineermen, announcing that they would make no statement today.

The White House was expected to issue a statement later in the day. Meantime there was no intimation whether the president had offered a substitute for an increase in wages in the nature of a "sifted" form of the high cost of living, or whether he asked the workers to delay pressing their demands until the railroads were returned to the private owners' hands.

The American Federation of Labor, the department of Labor, announced that the president's proposal would have to be put up to the assembly, but any announcement could be made by the union representatives.

### NAVY'S PRESSING NEED IS BASE IN CALIFORNIA

Secretary Daniels Conditions Deed to Site at Alameda Contingent on Act of Congress

WASHINGTON, (AP)—The navy's most pressing need is the establishment of a naval base in California, Secretary Daniels told a delegation from Alameda, Cal., today in accepting tentatively a deed for a base site at that city, which he had promised his acceptance of the offer was conditioned upon appropriations by congress for the necessary construction at Alameda.

By Congressman J. Arthur Elston and Joseph E. Caine, of Oakland, and Admiral Cointz, chief of operations, and members of the High board, have been conducting an extensive investigation of existing naval bases, were present.

### WOULD ENJOIN AUCTIONEER'S SALE OF SHIPS

Senator Ashurst Proposes Concurrent Resolution to Restrain Shipping Board from Move Ascribed to It

WASHINGTON, (AP)—A concurrent resolution directing the shipping board not to sell the 30 former German liners which the board plans to dispose of at public auction here Monday except through regular public bidding after three months' delay and then only if proper offers are received was introduced today by Senator Ashurst, democrat, Arizona.

### CLAIMS REPUTED PRICE MUCH LESS THAN VALUE

Chairman Jones Discredits Reported Secret Agreement to Dispose of Former German Liners to One Buyer

WASHINGTON, (AP)—A concurrent resolution directing the shipping board not to sell the 30 former German liners which the board plans to dispose of at public auction here Monday except through regular public bidding after three months' delay and then only if proper offers are received was introduced today by Senator Ashurst, democrat, Arizona.

Ashurst Claims Information  
The resolution was offered in the midst of a debate on the sale of the ships. Senator Ashurst stated that it was a fact that the shipping board and the emergency fleet corporation intended to sell the vessels to the international mercantile marine for \$28,000,000. He said the vessels had a present value of \$15,000,000 and a present value of \$100,000,000.

Jones Is Satisfied  
Asked by Senator Borah, republican, Idaho, whether he had inquired specifically about the reported understanding with the mercantile marine corporation, Senator Jones replied:

"I did not, but I do not believe there is any truth in the report. The administration officials are not of my party, but I believe they are not unscrupulous citizens. I feel satisfied they have not entered into any such understanding."

It has been told that from surveys made the board believes it will cost from \$50,000,000 to \$60,000,000 to put these ships in proper condition. I think that is an administrative matter and I believe the senate will decide wisely."

Chairman Jones, of the commerce committee, previously had told the senate that he had no idea that a story had been set on foot by the International Mercantile Marine under a secret understanding between the board and British interests was true.

### WATCHES SOCIALIST TRIAL

New York District Attorney Looks for Evidence Supporting Charges

NEW YORK, (AP)—District Attorney Martin, of Bronx county, today directed his assistant, William F. Quigley, to consult with counsel of the assembly judiciary committee, which is investigating the charges against the five suspended socialist assemblymen, a representative to the grand jury at the earliest possible moment any evidence supporting charges of sedition or criminal anarchy.

### WALES' SHIP AT DOCK

PORTSMOUTH, Eng., (AP)—The battleship Bonova has been fitting out here to carry the Prince of Wales on his Australian trip. Additional cabin space has been made and a steam laundry installed.

### ADMINISTRATION INFORMS MEXICO OF VIEW ON WITNESSES EXCLUSION

WASHINGTON, (AP)—Informal representations against the decree of the Mexican government excluding from Mexico American citizens who testify under subpoena before the senate subcommittee investigating Mexican affairs will be made by the embassy at Mexico City on instructions from Secretary Lansing. Action was prompted by the refusal of passport visa to Henry Torres, following his appearance before the committee.

While the right of Mexico to exclude persons regarded as undesirable is not challenged, it was said at the state department, Americans who may be subpoenaed to appear before the committee must testify. The embassy has been instructed to call this to the attention of the foreign office.

# HOUSTON SAYS FINANCES ARE IN GOOD SHAPE

## Last Floating Indebtedness of Government to Be Redeemed Monday, Treasury Secretary Announces

WASHINGTON, (AP)—Announcing that the last remaining floating indebtedness of the government would be redeemed Monday, Secretary Houston said the position of the treasury was "very bright" and that government officials saw nothing in the present financial situation which they would regard as extremely grave.

Of about 400,000,000 of short term certificates requiring to be refunded at maturity remain to be redeemed. Outstanding tax certificates, issued in anticipation of income and profits tax payments, amount to \$2,935,049,400, but in no instance exceed the estimated amount of taxes and excises to be paid which will have to be provided to meet them.

## SAYS EARLY MARRIAGES MAKE FOR HAPPY HOMES

Mr. Stevenson Gives Women's National Bar Association Her Views on the Subject

CHICAGO, (AP)—Young men of America should marry at the age of 21 and the girls they marry should be 18. Mrs. F. Josephine Stevenson, of California, told the Women's National Bar association, in convention here yesterday. She read a paper on "Marriage and Divorce."

## ITALY PURSUING BAN ON AMERICAN FOODSTUFFS

WASHINGTON, (AP)—Imports from the United States of such things as canned meats, condensed milk, butter and cheese will be prohibited by the Italian government in its effort to deal with the exchange situation, according to official advice yesterday to the department of commerce. Under the restrictions, American exports to Italy will be reduced 20 per cent.

## COALITION CANDIDATE WINS BY NARROW VOTE MARGIN

LONDON, (AP)—in the bye-election for the Ashton-Under-Lyde constituency to fill the seat made vacant in the house of commons by the resignation of Albert Stanley to the peerage, Sir Walter DeFreese, the coalition-unionist candidate, won by a comparatively narrow margin.

## Wage Successful War on Pest

The worst enemy of the grape growers in California is a minute insect called the "thunder fly," because it appears in greatest numbers in hot and sultry weather, when thunder storms are frequent. A man out there has invented a suction apparatus, with a ten-horsepower blower, that is placed on wheels and driven through the vineyards, harvesting the pests from the vines as it goes along. It is said to work very successfully.

## WRIGLEY SETS WORLD RECORD IN HOG SALE

A real "big league" stock sale in which 26 Poland-China sows at total \$17,940; and which buyers from all over the mid-western area but attended in a special train furnished these from the Wrigley farm, near Lake Geneva, Wis.

## PARISIANS IMPRISONED FOR WEEK BY HIGH WATER

Floods of 1920 Prove Disaster to Riverside Outburbs of French Capital

PARIS, (AP)—The floods of 1920 were a disaster almost equal to those of 1910 for the riverside suburbs of Paris. Houses on the banks of the Seine and Marne in the middle of walled gardens and the sudden rise of 15 feet had the effect of imprisoning the occupants for a week. Ordinary row-boats could not pass through the garden gates, so some belonged to house-holders were provisioned by canoe, but in many instances the current was too strong for these frail craft. The house-holders were half starved and were only relieved by the subsidence of the waters.

## INFLUENZA TOLL HALF THAT TAKEN LAST YEAR

WASHINGTON, (AP)—The mortality rate due to influenza epidemic this year was about half of that in 1919, and a statement yesterday by the public health service, announcing that the present epidemic apparently had reached its peak.

## BRITISH GLASSMAKERS USE AMERICAN MACHINERY

LONDON, (AP)—Glassware production on a huge scale by American machinery is to be undertaken by a combine which has just absorbed half a dozen big glass-making concerns in the industrial center of England known as the "Black Country."

## Earth Gives Light to Moon

Everything reflects light more or less. Sun's light shining on earth is reflected to moon, exactly as sun's light shining on moon is reflected to earth to produce moonshine.

## ANTI-PROFITEER DRIVE ATTACKED

### Member of Parliament Says the Cost of Living Ascends Despite Prosecutions

LONDON, (AP)—Twenty-four convictions obtained before the 1920 anti-profiteering tribunals set up throughout England have cost more than 1000 pounds each, it was declared by Captain Wedgwood Benn in the house of commons during discussion of a proposal to extend the profiteering act for another period of six months.

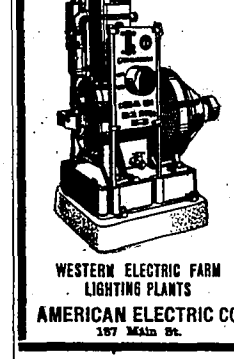

## MINES NATIONALIZATION LIKELY CAUSE OF STRIKE

British Labor Leader Says Miners Inclined to Drastic Action Against Private Ownership

## BIG PATROL REQUIRED TO KEEP MEXICANS OUT

WASHINGTON, (AP)—Mexican farm laborers cannot be kept out of this country without an adequate border patrol of upwards of four hundred men.

## Befriending Horses Her Winter Job

Mrs. W. A. Walton of Cincinnati, O., loves horses. During the winter when ice and snow covers the city streets, she loads her auto with anti-skid chains for horses and starts on her mission of mercy.

## PRODUCTION OF OIL IN AMERICA SHOWS INCREASE

Annual Review Gives Output for 1919 at 366,255,811 Barrels Over the Previous Year

OIL CITY, Pa., (AP)—Oil production in the United States during 1919 was 366,255,811 barrels, an increase of more than 24,000,000 barrels over the previous year, according to the annual review of the Oil City district, made public today.

## What She Was Making Up

Virginia had been out the night before, and looked tired, so mother suggested she stay in. When John came down from her room mother said: "Well, is sister making up her mind to stay in?" He replied: "Nope. She's makin' up her face to go out."

Alligators and Crocodiles. Fourteen feet is about the limit of length for an alligator, but the crocodile is a much larger animal when full grown, specimens 80 feet long being not uncommon. Crocodile eggs, which have hard shells and look like goose eggs, are considered good to eat in the tropics.

# TURKEY IS IN TURMOIL OVER PEACE TERMS

Delay in Reaching Decision Results in Disorganization of Work in Harbor of Constantinople

CONSTANTINOPLE, (AP)—Work in the harbor here is completely disorganized as a result of the delay on the part of the peace conference to reach a decision relative to the future status of Turkey. It is impossible to move cargo to Black Sea ports because of the Bolshevik menace and speculators here are holding clothing and foodstuffs for higher prices, a result of which the cost of living in Constantinople is as high as it is in Paris or London.

**Welcome Russian Refugees**  
Thousands of Russian refugees are cordially welcomed here by the people. The average Turk views the enemy with hatred in expressing his sympathy against the Greeks and pays little attention to persons of other nationalities, even traditional enemies such as Armenians, who come in this overcrowded city.

General resentment against Greek occupancies of Smyrna is seemingly on the increase and all factions here say peace is impossible if Greece controls any territory where there is a predominant Turkish population. Premier Venizelos of Greece, General Paraskevopoulos, commander of Greek troops at Smyrna, and M. Veradinos, Greek high commissioner, are reported to have decided to hold all Greek forces, approximately 400,000, under arms. It is said this decision was reached as a result of the fact that Turkish forces in Anatolia have increased. Italian soldiers have had 11/20 trouble, but the French have had encounters with Turks in Anatolia, and with Bedouins near Lake Theodos.

**Parliament Members Pledged**  
Members of the Turkish parliament belonging to the nationalist bloc, numbering 116, have pledged themselves not to accept a peace which does not refer to Turkey all territory having Turkish majorities and places Turkey under the guardianship of a single nation having territorial aspirations in the Near East.

**CANADA PROPOSES SUBSIDY EXPENDITURE FOR SHIPS**  
OTTAWA, Ont., (AP)—Parliament will be asked to appropriate \$20,000,000 to complete ships for the Canadian government, it was learned today.

The government has placed orders with Canadian companies for sixty steel cargo steamships, which does not include those already delivered and the others are nearing completion.

Up to December 31, 1919, the government had expended \$40,353,320 for the ships but about \$20,000,000 more will be needed.

**NAVAL PRISON COMMANDANT TENDERS HIS RESIGNATION**  
WASHINGTON, (AP)—Commandant Thomas M. Osborne, commandant of the Portsmouth, N. H., naval prison, has tendered his resignation from the naval reserve force and asked Secretary Daniels to accept it. His successor at Portsmouth can be chosen.

Naval officials said Commander Osborne's resignation had no connection with charges of immorality against him made in the past by agents of the department of justice several months ago. They said he first presented his resignation some time before the charges were made, but later withdrew it.

**NEBRASKA'S ORGANIZER TO ROOPE HITCHECOCK CANDIDATE**  
OMAHA, Neb., (AP)—A Nebraska for Hitchcock for president club was organized last night by 100 democrats, with John A. Rine, Omaha, as president, James C. Dahlman, former mayor, as vice president. A committee of seven will organize the state. Arthur Mullen, democratic national committeeman, spoke at the meeting.

**The Best Way**  
If the show of anything is good for anything, I am sure sincerity is better; for why does any man dissemble, or seem to be that which he is not, but because he thinks it good to have such a quality as he pretends to? For to counterfeit and dissemble is to put on the appearance of some real excellency. Now the best way in the world for a man to seem to be anything, is really to be what he would seem to be.—Tillotson.

**Song-Loving Mocking Bird.**  
Many bird lovers who are now permanent residents of Florida, but who spent their early youth in the North, claim that the varied song of the mocking bird fully compensates them for the lack of the robin, the song sparrow, the oriole and other songsters that they were accustomed to hear and see among the orchards and hills of their Northern homes. The mocking bird in the South really fills the place in one's affections that the robin holds in the north.

**BREEDING EWES FOR SALE!**  
One band Cross Bred Ewes, one to four years old. "The Idaho Kind."  
One band High Grade Hampshires, one to four years old.  
These sheep have good wool and have been well wintered. They are bred to begin lambing the fifth of May. They are native bred sheep and will be money makers for the purchaser.

# SUGAR PLANTERS PLEDGE SUPPORT AGAINST STRIKE

To Back Association in Finish Fight Against Walkout of Workers

HONOLULU, T. H., (AP)—A majority of the individual plantations in the Planters' association passed a resolution Wednesday pledging themselves to back the association in its finish fight against the strike of the plantation workers.

The Planters' association also assumed all loss incidental to the strike on the individual plantations and also insured the standing sugar cane crop on the island of Oahu for \$20,000,000. The total value of the sugar cane crop on all the islands is estimated at about \$140,000,000.

Eight hundred strike breakers were sent to the Honolulu and Ewa plantations today. The planters reported that 820 Filipinos returned to work out of 2,600 on all the Oahu plantations. The Japanese federation said that 850 Filipinos were working.

# ALASKA WOULD OPEN WOODLAND

Governor Riggs Points to Underdeveloped Resources for Paper Manufacture

SEATTLE, (AP)—Alaska wants to show open her millions of acres of undeveloped forests and the billions of feet of pulp and newsprint. Governor Thomas Riggs, Jr., of Alaska, declared here today.

Governor Riggs was here on his way from Juneau, capital of Alaska, to Washington, D. C., where he expected to help press pending legislation intended to remove restrictions and allow pulp manufacturers to go into the Tongass and Chugach reservations, the northern territory's two great reserves.

Pulp and paper men are anxious to go to Alaska and establish mills as great as those operated in British Columbia but far south of the Alaska boundary line, the governor asserted. Under the present laws the pulp makers cannot enter the reservations with any certainty that they will be allowed to stay.

Alaska's great forests stretch over approximately 24,000 square miles, an area nearly equal in size to the state of Indiana, according to estimates made by government officials.

Several hundred million feet of good pulp wood are located in the western part of the state, including Sitka spruce, white fir and lodgepole pine, are on the forest reserves alone.

The Tongass reserve, in southeastern Alaska, is especially adapted to the manufacture of pulp and paper, forestry officials have reported. There is plenty of water power, ocean harbors open the year around, timber skidding is the easiest and water similar to that of the Puget Sound.

The governor intends to ask Washington to restore the reserves to the national domain or to open them to the pulp industry.

**NEW BUILDING PLANNED FOR N. Y. STOCK EXCHANGE**  
NEW YORK, (AP)—The New York stock exchange will erect a 23-story office building adjoining its present Wall Street home, it was announced today. To acquire space for enlarging its trading floor and to provide for future needs in board-room requirements the exchange recently purchased the Wilbur and Mortimer buildings. Pioneer elevator "skyscraper" which will be torn down to make way for the new structure.

**Qualities of Precious Stones.**  
Opals are in certain respects altogether peculiar among gem stones. Whereas other gems, such as the ruby, the emerald, and the sapphire, owe their colors to mineral elements by which the crystals are stained, the brilliant tints of the opal are due to its structure, ever so many minute cracks reflecting lights in different colors from their edges. An amethyst is quartz crystal of another variety, containing from 5 to 13 per cent of water.

Our ancestors would have marvelled if they could have looked upon anything so wonderful and interesting as a modern store. Study our stores. They are worth it.

**WHY PAY 8 PER CENT ON FARM LOANS**  
when they may be gotten through the FEDERAL FARM LOAN for 5 1/2% Applications received at the Farm Bureau between 2 and 3 p. m., Saturdays.  
J. W. McDOWELL, Secretary

Margaret Anglin in "The Woman of Bronze"—Lawering, Saturday, Feb. 13

# DRESS WARM AND KEEP FEET DRY

Tells Rheumatism Suffers to Take Salts and Get Rid of Uric Acid

Rheumatism is no respecter of age, sex, color or rank. If not the most dangerous of human afflictions, it is one of the most painful. Those subject to rheumatism should eat less meat, dress as warmly as possible, avoid any undue exposure and, above all, drink lots of pure water.

Rheumatism is caused by uric acid which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed thus forcing the kidneys to do double work; they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water, and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well—adv.

# TAKES EXCEPTION WITH DEPORTATION SECURITY

Immigration Inspectors Would Send Radicals from Foreign Daylight with Flare Pistol

WASHINGTON, (AP)—Ships sailing from American ports with dangerous anarchists and aliens, like those deported on the transport Buford, should go out in broad daylight with flare pistol, F. W. Berkshire, immigration inspector at El Paso, Texas, told the house immigration committee yesterday in relating the story of the recent voyage of the "soviet ark."

"Do not believe the secrecy surrounding the ship's departure was necessary," said Mr. Berkshire. "It is more apt to make anarchists deported and those still at large believe we are afraid of them."

Berkman and Goldman were described by the witness as "dangerously shrewd persons." Miss Goldman, he said, was emphatic in declaring aboard ship that she would return to this country to establish her citizenship.

**His Prescription.**  
His father has a pronounced partiality for Bill, and the latter is diplomat enough to work this feeling of his father's whenever an opportunity offers. Quite recently young William injured his hand severely, and when his father returned home he inquired: "Well, Bill, how's the hand?" Seeing his father was in a mellow mood, William answered: "I think some ice cream would help it."

# SAN SALVADOR LABORERS INVITE LATIN-AMERICANS

Reference to Bolshevism in Invitation Indicates Action to Be Taken Respecting Radicals

MEXICO CITY, (AP)—Union laborers in San Salvador have sent invitation to all Latin-American countries, including Mexico, asking that delegates be appointed to a workmen's convention soon to be held in San Salvador. Reference is made to the progress of Bolshevism and "red socialism" and information is given that after a thorough discussion of such subjects the convention will take a definite stand as to its attitude toward radical groups and labor unrest in general.

MILLERAND IS INSISTING ON EXTRADITIONS

French Premier Urges Trial of Alleged War Offenders by Default if Germany Persists in Refusal to Surrender

PARIS (AP)—Premier Millerand of France, who is attending the meeting of the supreme allied council in London, is energetically insisting upon the execution of the extradition clause of the Versailles treaty and urging the Germans to return to a similar demand for war crimes that they be tried by default, says the Echo de Paris.

Germany's proposal that she try the alleged war criminals in the case to be adopted at London that in Paris, says the Petit Parisien, which adds the council will establish the culpability of former Emperor William and again demand his extradition from Holland. The Matin, however, says it is informed that there will be further discussions, consideration being taken of Premier Lloyd George's suggestion and the political situation in England.

Discussing financial phases of the London conference, several newspapers say moral help and occasional material assistance will be given to the serious straits. The Petit Parisien observes that England and France, agree on some American exchange problem and recall the note issued in September, 1915, will fall due on October 15 this year. Hope is expressed that prompt payment will be arranged.

News on Turkish Question Agreement on the Turkish question is expected, according to some journals, which assert plans under contemplation do not call for the expulsion of the Turks from Europe. It is reported that the French and Italian representatives are united on this point and that they are opposed to some British official circles.

News of Execution of Admiral Kolchak Finally Confirmed

Head of All-Russian Government Meets Death by Revolutionists' Decree

LONDON (AP)—News of the execution of Admiral Kolchak, former head of the all-Russian government, has been confirmed. He and one of his ministers, M. Popoff, were shot at Irkutsk at five o'clock on the morning of February 12.

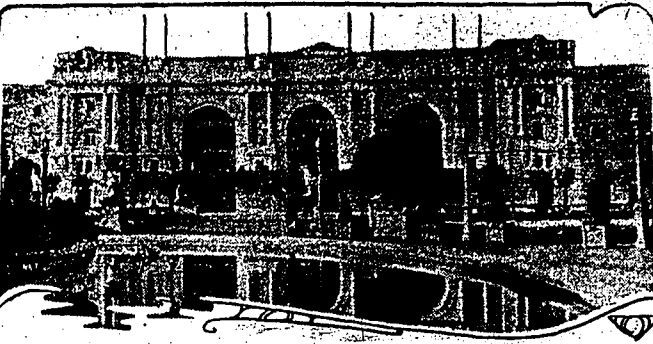

The revolutionary committee at Irkutsk decided at 2 o'clock in the morning that the two officials should be executed. Members of the committee then shot the two men quickly, fearing attempts at rescue. It has not been explained why the admiral and M. Popoff, who was minister and chief of the interior of the cabinet formed last November, were allowed to fall into the hands of the revolutionary committee. Agents of the allies are attempting to learn the reasons and place the responsibility for this happening.

Admiral Alexander Vassilievich Kolchak became dictator and military head of the all-Russian government at Omsk, the first all-Russian government, November 1918. Early in November last the successes of the Bolsheviks along the Trans-Siberian railway forced him to evacuate Omsk. He fled his retreat eastward, the government finally establishing its seat at Irkutsk. In the following month Kolchak retired as commander in chief of the Russian army, appointing the Cossack commander, General Semenov, as his successor.

On the hottest day of the year in Chicago, with the mercury 98 degrees above zero, a crowd of boys on East Austin avenue amused themselves by throwing snowballs made from a drift of snow that steadily increased in size until it was more than three feet deep. The snow was being scraped from the pipes of a refrigerating company, on which it collects sometimes to a depth of six inches. It is scraped off every day.

Months of Winter. Astronomically winter is reckoned to begin in northern latitudes when the sun enters Capricorn at the solstice (about December 21), and to end at the equinox in March; but in ordinary speech winter comprises the three coldest months—December, January and February, being reckoned the winter months in the United States, and November, December and January in Great Britain.

Where Democrats Will Hold 1920 Convention

Here is the picture of the Auditorium in San Francisco, where the Democrats will hold their 1920 presidential convention in June. It is the first time a national political party has ever gone to the western coast for convention, Denver being the former most western point. The Democrats met there in 1904.

Today's Markets

NEW YORK, (AP)—New low records for the current movement were made in the early part of today's stock market but these were replaced later by many actual gains. Sales approximated 1,359,000 shares. The rally made headway in the last hour, buoyancy of bids and strength of shipings consisting of the noteworthy features. The closing was strong.

Grains and Provisions CHICAGO, (AP)—Speculative selling weakened the corn market today after a little show of strength in prices at the opening. Initial upturns were associated with the fact that receipts here proved to be smaller than had been looked for. Subsequent selling pressure was based largely on depression in the stock market. Opening quotations, which ranged from 1.8 off to 3-4 advance, with May \$1.30 3/4 to 1.31 3/4 and July \$1.28 1/4 to 1.28 3/4, were followed by material setbacks all around.

Cash Quotations CHICAGO, (AP)—Corn No. 3 mixed not quoted; No. 4 mixed \$1.24 1/2 to 1.25; No. 2 yellow not quoted; No. 3 yellow \$1.15 to 1.16 1/2. Oats No. 2 white \$1.14 to 1.15; No. 3 white \$1.12 to 1.13; No. 4 white \$1.11 to 1.12. Rye No. 2 \$1.54 to 1.55 1/2. Timothy seed \$1.10 to 1.11. Clover seed \$1.10 to 1.11. Pork nominal. Lard \$29.50. Hides \$17.50 to 18.50.

Chicago Livestock CHICAGO, (AP)—Hog receipts 31,000; weak, 10 to 25¢ lower; bulk \$14.25 to 15.25; top \$15.50; heavy \$14.25 to 14.75; light \$1.85 to 1.90; heavy packing sows, smooth \$13.50 to 14.50; packing sows, rough \$13 to 13.50; pigs \$13.50 to 14.75.

Omaha Livestock OMAHA, (AP)—Hog receipts 11,000; market 15 to 25¢ lower; top \$14.75; bulk \$14.25 to 14.55; heavy weight \$14.25 to 14.50; light weight \$14.45 to 14.75; heavy packing sows, smooth \$14.25 to 14.55; packing sows, rough \$14 to 14.25; pigs \$12.50 to 14.50.

HIDES TWIN FALLS HIDE CO. 248 4th Avenue So. PHONE 98 BUYERS OF RAW FURS PELTS

sheep strong; feeder steers; lambs, 84 pounds down \$18 to 19.75; culls and common \$14 to 17.50; yearling wethers \$14.75 to 17.50; ewes, medium and choice \$10.75 to 12.80; culls and common \$6.50 to 10.75.

PRESBYTERIANS MAKE PLANS FOR RAISING BIG BUDGET ATLANTIC CITY, N. J. (AP)—Plans were discussed for raising the proposed budget of \$45,000,000, a portion of which is to be used in connection with the world evangelization movement, at the concluding session yesterday of an executive commission of the Presbyterian church. The church's own needs aggregate \$10,000,000, which is apportioned among the synods and presbyteries.

Restoring Elasticity of Rubber. Rubber articles that have become hard recover their elasticity in a short time if placed in 3 per cent carbolic water or 3 per cent caustic solution. In the case of the caustic solution it must not be forgotten that black goods exposed to it become gray. If it is desired to preserve the black or red color of the goods, that, too, can be done. A 1 per cent solution of pantothenic acid is employed. It is true that this smells unpleasant, but the restoration of elasticity is quite considerable.

PUBLIC SHOULD TAKE EVERY PRECAUTION TO GUARD AGAINST "FLU"

Reports Show that Influenza Epidemic is Gaining Headway in Many Sections of the Country KEEP SYSTEM IN BEST POSSIBLE CONDITION Persons Weak and Run-Down are Earliest Victims. Fortify Against Attack by Taking Tanlac

According to late press reports issued by state and city health authorities, influenza is again becoming epidemic in many sections, and some alarm is now felt that it may become general over the entire country. Owing to the intensity of the season it is not thought possible that the disease can become the great and terrifying scourge that it was last year, when it swept the entire country and claimed its victims by the hundreds of thousands. The danger is too great, however, to take any chances, and everything possible should be done to ward it off. Medical authorities agree that people who are weak and run-down are the earliest victims of influenza. If you find yourself tired (and nervous), weak, and losing flesh, or if you are in a general run-down condition or catch cold easily, this warning should be heeded promptly. You are in greater danger if exposed to the disease, because it is generally believed to be very contagious, and you are apt to fall an easy victim if you come in contact with the germs. People who are well and strong are

GENERAL DAVISON DIES AFTER SHORT ILLNESS

Military Leader with Long Record of Service Succumbs in New York

NEW YORK, (AP)—Brigadier General Peter W. Davison, second in command at the port of embarkation in Hoboken, died yesterday at the Fox Hills military hospital on Staten Island after a short illness with cerebral thrombosis. General Davison was born in Wautoma, Wis., May 16, 1869, and was graduated from West Point in 1892. His first duty was in Montana, where he took part in several Indian campaigns. When the Spanish war broke out he was sent to Cuba and the Philippines, where he was twice recommended for brevet for gallantry in action. He returned to the United States in 1907 and was on duty in San Francisco at the time of earthquake and fire, having charge of a refugee camp. Subsequently he went to Alaska, then to Texas, and later was attached to the general staff at Washington. In 1910 he returned to the Philippines as aide to Major General Bell and was placed in charge of the Philippine scouts. He accompanied the first American troops to China in 1912 and later served with the allied forces in Fion Fim. In 1914 he returned to the Philippines and was then sent to the Texas border. When America entered the war he organized the 49th depot brigade at Camp Lewis, Wash., and soon afterwards was promoted to be a brigadier general. During the war he served in Colorado and at Camp Kearney, California. After the armistice he was given command of one of the largest demobilization centers in the west at Fort Russell, Wash. From there he came to Hoboken as executive officer under Major General Semons.

General Davison is survived by his widow. Character in the Nose. There is an old saying that "a man's character is as his nose is." The nose, according to physiologists, is an important organ of the body and its size and its shape have their significance.

Ascension Episcopal Church. Corner 3rd Ave. N. and 2nd St. Lay services every Sunday morning with extra special music. 10 a. m. Sunday School. 11 a. m. Holy Communion. ROGERSON ROGERSON—Miss Laura Hanson has gone to Twin Falls to be with relatives while convalescing from the flu. The Rogerson school was ordered closed by the county superintendent, as there is a great deal of illness in this vicinity. Mr. and Mrs. E. B. McCorkle entertained Mr. and Mrs. A. J. Myo and S. A. Buchanan at dinner on Sunday. Newton and Andrew Harrell are ill at the Boyd hospital in Twin Falls. Mr. and Mrs. Howard Gibbs and Mrs. W. M. Hines were among those that entertained Mr. and Mrs. J. E. and S. A. Buchanan just before their departure for their new home at Jerome. George Lake is reported ill at his home. The Paul Behnell family is reported suffering from the epidemic. The Will Holsley family is reported to be among those on the sick list.

The Sea-Wolf. Of all the inhabitants of the ocean few are more destructive than the sea-wolf, a kind of dolphin which attains, when full grown, a length of 14 feet and a weight of 3,000 pounds. When a mother walrus perceives a sea-wolf it endeavors to throw its cub on an iceberg, if one is near. Falling in this, it gets the cub on top of its head and swims with it above the water. But this is vain. Diving far beneath the fish or prey comes up with tremendous force, striking the frantic mother a terrific blow and jolting the cub off its head into the water. Here it falls an easy victim to the assailant and is soon devoured.

# NATIONAL DEBT CONSOLIDATION IS ADVOCATED

### American Bankers' Association Representative Favors Funding of Obligations of All the Countries Involved in War

MEXICO CITY, (AP)—Consolidation of the war debts of all nations involved in the world conflict as well as outstanding trade balances which would provide international obligations guaranteed by all powers involved, was advocated by John J. Arnold, of San Francisco, speaking before the United States-Mexican trade conference here yesterday. Mr. Arnold, who is a representative of the American Bankers' association, urged that an international currency be established as an adjunct to his plan.

To Standardize Currency  
He declared an international bankers' conference should be called immediately and that commercial men of all nations be invited to send representatives. He said such a conference should provide measures for standardizing currency and for the elimination of exchange fluctuations.

"The United States today stands in a sad and undesirable position, being the world's greatest creditor with her customers bankrupt," declared Mr. Arnold. "There is no question that all nations owing war debts will eventually be able to pay, with the exception of Germany, which cannot in full measure must have her indemnity obligations reduced. The big question at present is re-establishment of confidence and the equalizing of exchange fluctuations. As the world's leading creditor the United States must do the logical thing and call a creditors' meeting, receive and analyze debtors' statements, extend new credit and make arrangements to reduce debts if necessary. An immediate meeting of bankers throughout the world should be held to study the resources and liabilities of all nations concerned."

England Would Follow  
"I have reason to believe if the United States should take the first step, England would follow."

"In addition I believe the United States Federal reserve system should be internationalized."

Mr. Arnold closed his address predicting that unless some constructive action be taken immediately to restore public confidence, the world would be ruled by anarchy.

Entertainment  
Mr. Arnold's views will be argued at the meeting tomorrow.

### Chinese Skillful Candy Makers.

The Chinese are very skillful in making confectionery. They are able to empty an orange of its pulp entirely and then fill it up with fruit jelly without one being able to find the smallest cut in the rind or see a tiny hole. Indeed, they even empty an egg in this manner and fill it with a sort of almond nougat without one being able to find the slightest break or incision in the shell.

### Deafness of Character.

Another advantage of this character is that it exempts from a great deal of interference and obstructive annoyance which an irritable man may be almost sure to meet with. Weakness in every form tempts arrogance, and a man may be allowed to wish for a kind of character with which stupidity and impertinence may not make so free. When a firm, decisive spirit is recognized, it is curious to see how the space clears around a man, and leaves him room and freedom.

### Better Start It.

Under scientific and machine operation it is said the annual yield of the American farm could amount to 2,000,000,000 bushels of wheat and 5,000,000,000 bushels of corn.

## High School News

The first "event night" meeting of the H. V. club was held last night in the club room on the third floor of the school building. Music and comedy sketches furnished the entertainment.

In order to stimulate interest in the club, a boys' assembly was held yesterday morning and officers of the organization outlined its aims and purposes. As a result, a large number of young men attended the meeting last night.

Principal M. C. Mitchell has been teaching the classes in history and civics this week, in the absence of Miss Harzick, who is expected to return from Iowa soon to resume teaching on Monday.

### Memory.

The qualities of a good memory are, in the first place, to be susceptible; secondly, to be retentive; and thirdly, to be ready. It is but rarely that these three qualities are united in the same person. We often indeed meet with a memory which is at once susceptible and ready, but I doubt very much if such memories be commonly very retentive; for the same set of habits which are favorable to the first two qualities are adverse to the third.—Dugald Stewart.

## SUFFRAGE WINS SAYS MRS. CATT

### Celebration of Expected Early Victory Marks Opening Session of Association

CHICAGO, (AP)—The fifty-first annual and final convention of the National American Woman Suffrage association opened here today with two thousand delegates in attendance. The first meeting turned chiefly to a celebration of the expected early victory of equal suffrage for women and Mrs. Carrie Chapman Catt, president of the association, urged the delegates to rejoice because "there is no earthly power that can do more than delay by a trifle, the final enfranchisement of women."

### Calls for Jubilation

"Oh, women, be glad today!" the president said. "Let your voices ring out the gladness in your hearts. There will never come another day like this. Let the joy be unconfined and let it speak so clearly that its echo will be heard around the world and find its way into the soul of every woman of any and every race and nationality who is yearning for opportunity and liberty still denied her sex."

"Rejoice, applaud, be glad—you've won."

### Political Move in Straits

A congress of the League of Women Voters, which suffrage leaders expect will absorb the suffrage association, began yesterday to continue through next Wednesday. Its initial meeting developed sharp differences of opinion among republican and democratic women and political observers today were interested in gauging the developments which might be made by themselves and would indicate whether a program of widely divergent political opinions could be talked and maintained in a united political organization.

MICHAELS-STERN  
VALUE FIRST  
CLOTHING

## Our Valentine says "VALUE ANYTIME"

and we know who sent it—our customers.

That's why we're so in love with this business of selling dependable clothing at honest prices—it gets around and brings in new business while we stand here and fill orders.

Your friends know the big dollars' worth we give with every purchase—if you don't like to ask them ASK US—we're not bashful.

Michaels-Stern  
Value First  
Suits and O'coats  
\$35 to \$55

but wait until you see the values and then these figures will mean something.
