CZECHS WREST IRKUTSK FROM SOVIET FORCES

Bolshevik interference with the evacuation results in defeat of Reds in counter aggressive move.

KOLCHAK ARMY REMNANT IN POSSESSION OF CITY

General Semenov, Commander-in-Chief of All-Russian Forces, Sends Supplies and Reinforcements from Omsk

VLADIVOSTOK, (AP)—Consular officials report that because the Bolshevik forces interfered with evacuation of the Czech-Slovaks from Irkutsk, the city was taken over by the Czechs January 30.

The Bolshevik forces took Admiral Kolchak as their prisoner with them when they were driven out, but left the state gold treasure behind.

Semenov Sends Aid
General Vojtkoffsky, with a remnant of the Kolchak army, has reached Irkutsk, and General Semenov, commander-in-chief of the all-Russian forces, was reported by the consuls as sending reinforcements and supplies from Omsk, his present headquarters.

Reports received by the Vladivostok headquarters of the Czech-Slovaks from Irkutsk since February 1 confirmed the foregoing advice, their reports being that all was quiet in Irkutsk, the city remaining in their hands and their evacuation proceeding orderly.

Revolutionary Version
The local revolutionary party announced that the Czech-Slovaks had been received from Irkutsk, via Omsk.

Armistice with Czechs signed by regular army soviet government of Russia. The last Czech section left Sialari, westwards of Irkutsk, Vojtkoffsky taken prisoner, army nearly annihilated, many prisoners, cannon and machine guns captured. Everybody in Irkutsk taking arms, exceptional enthusiasm. All shops and warehouses closed. Everybody joining army. Red army Irkutsk communicating directly with Vladivostok. Many military instructions being received from Moscow. Slips, "nizozij."

WOMEN VOTERS PRESENT VIEWS

Expenditure for Education Purpose of One Legislative Bill Endorsed

OHIAO, (AP)—The National League of Women Voters today adopted resolutions recommending the passage of a bill providing for the expenditure of \$100,000,000 for education. This money is to be raised among the states.

One of the bills is the Smith bill, which the Kenyon bill and house bill of naturalization.

Members of the league also ask for an educational qualification for the vote in all states after all not qualified have had ample opportunity to make good their lack of training.

Resolved that within six months of the year 1920, the members of the league refrain from using their connection with that organization to assist any political party.

Just civil service laws and mothers pensions in all states were also recommended.

Directors Elected
The following were elected directors of the national committee which will meet in Washington in the near future.

Earl Reading Refuses Post at Washington

LONDON, (AP)—Premier Lloyd George has offered the ambassadorship at Washington to the Earl of Reading, the former ambassador there, says the Daily Mail Gazette today, but he has declined the appointment.

ALLIES MODIFY DEMANDS FOR EXTRADITIONS

Germany Trial of Men Accused by Entente and Dutch Intervention of Hohenzollern Now Said to Be Satisfactory

THE HAGUE, (AP)—Holland will answer the second note sent by the entente with regard to the status of former Emperor William by refusing her original position, refusing to surrender him but acquiescing in the request to guard him closely, it was declared here today. The Dutch answer will be dispatched within a few days.

LONDON, (AP)—Germany has been informed she may try men accused by the allies, while Holland may intern William of Hohenzollern and satisfy the allied powers. Notes to this effect have been sent to Berlin and The Hague by the supreme allied council.

Trial of Germans under charges preferred by the powers will be under close surveillance by the allies, who will not waive their rights in case there is suspicion of unfairness or of a miscarriage of justice.

Holland is rebuffed for her failure to express in her first reply to the allies her disapproval of the crimes committed by the former emperor, and is reminded that most assume responsibility for Count Hohenzollern and his family and dangerous propaganda that may be carried on from Dutch soil.

OFFERS BOUNTY ON WOLVES

WHITE SULPHUR SPRINGS, Mont., (AP)—The stockman's association here has offered a bounty of \$100 on every timber wolf. This, with the state bounty, and the price brought by the skin, brings wolves from \$125 to \$150, according to the value of the hide. Hundreds of the beasts have become increasingly expensive.

RAILWAY TO TAP COAL VEIN

GREAT FALLS, Mont., (AP)—The Anaconda Copper Mining company is said to be completing arrangements with the Great Northern railway to extend a line to tap a rich body of coal discovered recently along Box Elder creek, in this county. The mine will be in operation next year and a large force of men is to be employed.

World News Events

HONOLULU, T. H., (AP)—The attorney general's department sent Judge Albert Lightfoot to the island of Kauai last night to investigate the situation there arising from incendiary fires on the sugar plantations.

THOMAS AVERS TREATY TERMS CHEAT GERMAN

Urges Senate to Judge Pact in Light of History and Test It by Principles of International Justice

CHARGES DISREGARD OF PROMISES MADE ENEMIES

Contrasts Wilson's Speeches and Notes Prior to Armistice with Certain Features of the Peace Plan as Drawn

WASHINGTON, (AP)—Urging the senate to "judge the treaty of peace with Germany by the light of history and test it by the principles of international justice," Senator Thomas, democrat, declared today in the senate that the document was an effectual disregard by the United States and the allies of the general peace terms which Germany was induced to accept when she signed the armistice. Reviewing the many speeches of President Wilson during the war and notes to Germany sent prior to the armistice, Senator Thomas said they constituted a binding agreement to treat Germany fairly, and did not justify the reparation and territorial features of the treaty as finally drawn up.

Armistice Contract Binds
"The armistice became a fact," he said, "only because a contract, a covenant, had been made mutually binding upon the United States and its allies to observe in making the peace the principles which the president had set forth, and which the allies, in accepting them, had made significant by modifying in some points, as to the freedom of the seas, and the necessity for indemnity from Germany for damage done by her during the war by sea or land, and from the air."

UNPAID TAXON AMERICAN MINES DEBATE THEME

Institute of Mining and Metallurgical Engineers Hears Hoover Give Plan for Better Coal Production

NEW YORK, (AP)—Unpaid taxes on American mines amounting to \$200,000,000 were involved in a lively discussion at an open forum held on the subject of mine taxation at the 121st annual meeting of the American Institute of Mining and Metallurgical Engineers here today. Views both of the government and of the mine owners were presented, the discussion being led by Ralph Arnold, of the United States internal revenue department, J. R. Finlay, J. F. Parkes Channing and R. C. Allen, vice-president of the Lake Superior Ore association.

Hoover Reads Paper

Other interesting subjects listened to by the 1,000 or more delegates, and their friends included the reading of a paper by Herbert Hoover which outlined "a comprehensive and constructive plan for the better working of the bituminous coal industry." Among the big questions around which controversies raged during the recent coal strikes and for which the engineers, operators and coal experts sought solutions were: "Why is production intermittent? How and when do the irregularities occur?" "How many days a year do the mines actually work?" "What are the actual wages received by men during each season and in what way can the wage basis be changed?" "How and when do the irregularities occur at the mines, at industrial plants or elsewhere?"

Other speakers included Van E. Manning, director of the United States bureau of mines, George Otto Smith, director of the United States geological survey, H. H. Stock, of the University of Illinois, Eugene McAniff, president of the Union Coal company and Ed. Lindlow of the Leigh Coal & Navigation company.

Officers Elected

Resident Mr. Hoover, who was elected president of the institute, the following were chosen to fill expiring terms: Frederick East, Asacond, Montreal, and Victor W. Marshall, New York, as presidents and W. B. Walker, New York; A. S. Dwight, New York; R. M. Catlin, Franklin Furnace, N. J.; G. H. Clinger, Washington, D. C., and W. A. Canby, Ottawa, Canada, as directors.

PHILADELPHIA WAGE SCALE ADVANCES 120 PER CENT YEAR

PHILADELPHIA, (AP)—Philadelphia's wage scale increased 120 per cent in 1919 over 1917, while the value of production in all classes of industry increased 30 per cent, according to M. Hoke Gottschall, director of the state department of internal affairs. The value of Philadelphia's products for 1918 is placed at \$1,212,552,400, as compared to \$1,559,149,200 in 1917.

BENO WORKS ON PLANS FOR ROUNDUP AND BODEO

BENO, Nev., (AP)—A wild west roundup and rodeo, will be held here for five days beginning to-morrow, and will be managed by the Reno Rodeo association. Cowboys and women riders from many parts of the west are expected to participate in the many special events it is planned to stage.

WANT TOWN CLUBS

BUHL, Idaho, (Special)—Secretary Joseph Tanner, of the Buhl Chamber of Commerce, has received invitations to provide all possible information concerning the initiation of commercial clubs in Rupert, Shoshone and Arco. Mr. Tanner has been asked to attend a general meeting of Rupert business men, soon to be held, and explain the plan of procedure adopted in establishing the Buhl chamber.

BERGEL IS SECRETARY

BUHL, Idaho, (Special)—Willard J. Bergel, formerly assistant cashier of the First National bank here, and also interested in the Rex theatre, has been selected secretary of the chamber of commerce at Elshore, California, according to word reaching this place. Mr. Bergel has been working in Los Angeles some time, where he was connected with the Los Angeles Trust and Savings bank.

Finding a position is sometimes a most heartening task. First to rob, upon going about and making personal applications, often leads to utter discouragement. The quick need to be held, and explain the plan of procedure adopted in establishing the Buhl chamber.

New German Eagle is Called Skinny Bird

BERLIN, (AP)—The new German coat of arms adopted by the National Assembly consists of a national eagle on a yellow shield, and without the old-timer crown. The eagle will be displayed in simple heraldic form, without any accessories.

The Robinson coat of arms and the chain of the order of the Silver Eagle, all parts of the old Prussian coat of arms, have been omitted. The bill of the eagle, the tongue and the talons are red. Servants of the government are to wear the device without the shield so it can be pinned to their uniforms.

CLUB TURNS ATTENTION TO IMPROVED HIGHWAYS

Acoquia Business Men Want a Bond Issue Guaranteeing the Completion of Roads

RUPERT, Idaho, (Special)—The recently organized Acoquia club at Acoquia has started an intensive drive looking to the general civic improvement of the town and district in general. Through the activity of the club assurances have been obtained that the streets will be graded and a street lighting system installed. The organization has turned its attention to bettering the roads for the Minidoka Highway district.

A. A. Winton, president of the Commercial club, is also highway commissioner. He expresses the hope that a bond issue of \$125,000 to \$150,000 will soon be voted for the district. This sum, if it is estimated, will be sufficient to finish the highway from Rupert to Minidoka through Acoquia, as well as completing other roads in the district.

CHINESE OFFICIALS THANK SENATE FOR TREATY STAND

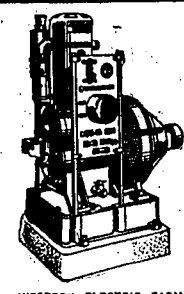

TSINAN, China, (AP)—Wang Hung-I, vice speaker of the provincial assembly and representing it, the board of education, members of the board of agriculture and the students' union headed a committee of five that called recently upon the American consul, N. F. Allman, officially to thank him for action taken by the United States government in dealing with the Shantung restoration of the peace treaty. The consul was asked to forward to the senate a cablegram expressing the gratitude of the entire province.

CARBANZA REITERATES HIS PURPOSE TO QUIT OFFICE

MEXICO CITY, (AP)—President Caranza, denying in an interview given El Democrata yesterday rumors that he intended to refuse to turn over the presidency to his successor, declared that he would not remain Mexico's executive "one day after December 1." He said that if for some reason the elections were not held, congress would designate a new president and the presidential power. The president reiterated his assurance that the elections would be free and honest.

CHEMIST DISCOVERS METHOD OF DISPOSING OF MUSTARD GAS

LONDON, (AP)—A method of disposing of mustard gas shells made for use has been discovered by an English chemist. The contents of the shell are removed by a siphon and any liquid remaining is neutralized and removed by a solution. The mustard gas is passed into drums which are heavier than water and can be dumped into the sea. The steel shell is then broken up and remelted.

'CURRANT' FASHION IN SPRING BONNET

Here's a new spring bonnet that should electrify all women—at least it has "currants" enough—if you will permit the pun. The hat is of white corn straw. The crown is covered with green, white and red currants. And it proves that the small hat is to be quite the thing for early wear.

SUFFRAGISTS IN WAR UPON COSTS

League of Women Voters to Ask Support of Packer Regulation Legislation

CHICAGO, (AP)—The League of Women voters, successor to the National American Woman Suffrage association, will ask the republican and democratic national conventions to pledge their unqualified support to the Kenyon-Kendrick-Anderson bills for the regulation of the meat packing industry. Yesterday's session of the newly formed women's league was largely devoted to a discussion of the high cost of living.

Cooperation with the Farmers National Council and the American Livestock association in securing the passage of anti-H. C. L. legislation also was recommended. Legitimate cooperative anti-H. C. L. legislation also was recommended. Legitimate cooperative anti-H. C. L. legislation also was encouraged, the committee reported. The right of women workers to organize in trade unions and bargain collectively with their employers was upheld in the report of Mrs. Raymond Robins, chairman of the committee on protection of women in industry.

Wage payment on a basis of work done, and not sex; establishment of a women's bureau in the department of labor with a woman at its head; state and federal employment offices for women; a constitutional amendment giving congress the power to establish minimum labor standards; limitation of women's hours of work to 44 hours per week with one day's rest in seven; prohibition of night work for women in factories; compulsory pay of a minimum wage; and participation of the United States in the international labor conference to secure worldwide standardization of industry were among other recommendations.

What Is the E. R. Parker System?

THE E. R. Parker System in Dentistry is the result of the experience of Dr. E. R. Parker and his associates extending over twenty-seven years. Instead of one man practicing in a small way in a small office, several dentists practice together under the Parker System in large offices, where there is room for complete equipment.

Some of the System dentists extract teeth, some fill teeth, some make crowns and bridges, some make artificial plates and some treat diseased teeth. In this way each patient is cared for by a dentist who is experienced in the kind of work each patient needs.

Dental work done in this manner is not only done better, but in less time, making fewer visits necessary, and the saving in time helps to make prices lower.

There are twenty-four offices where the E. R. Parker System is used, located in different cities. Thousands of patients are treated in these offices, and the large quantities of dental supplies used are bought for less than has to be paid for small quantities.

All dentists using the E. R. Parker System are tested, licensed and experienced. The work they do is done so well that it can be guaranteed. You are satisfied.

Under the Parker System no charge is made for examinations and advice. You can find out what your teeth need without having to pay a cent. The best things known in dentistry to overcome pain are used in Parker System offices, so you need have no fear at all.

The whole idea is this: Fine dentistry, fewer visits, moderate cost, no fear of pain, satisfaction.

FIND EVIDENCE ON BOMB PLOTS

Raids on Terrorists in New Jersey Discover Source of Conspiracy

NEWARK, N. J., (AP)—Evidence that the bomb plots of last June, when attempts were made on the lives of Attorney General Palmer and other prominent men, originated in Paterson, was found in Sunday's raids on terrorists there. It was announced here. Frank R. Stone, chief of the New Jersey division of the department of justice, sponsored the statement.

"Pink paper similar to that found in the wreckage of Mr. Palmer's house in Washington after it was dynamited was found in the printing establishment of Benjamin Mazzotta, it was asserted. Sheets of it are being sent to the bureau of standards at Washington for analysis and comparison with the paper found in the Palmer residence debris, Stone said.

Department of justice agents from industrial cities in the east are on the way here to examine the I. W. W. records seized in the government raids on I. W. W. records, a terrorist group quarters in Paterson yesterday, it was announced today.

The records seized were the complete files of I. W. W. headquarters formerly at Chicago, for the entire eastern section of the country.

Search is being conducted on a nationwide basis for E. F. Doran, Philadelphia secretary of the I. W. W., who occupied a room jointly with Andrea Graziano, of the terrorist group. The I. W. W. records were found in this room after the men had fled.

Any reasonably priced house or apartment may be rented through an expensive classified advertising campaign. Test the matter. The "risk" involved is so small that few people would deny it by that name.

FILER FIRM STARTS BRICK-MAKING PLANT

Cement Used for the Manufacture of Building Material in Neighboring Town

FILER, (Special)—For the manufacture of cement bricks and blocks George Malabar, Jacob Mattson and Grover Pugh, have established a plant in this place. Two machines are at present being operated with a capacity of 5000 faced brick and 15,000 common brick per day. The plant capacity can be increased to meet requirements.

The first contract for brick by the company was to supply brick for the new Mason block, for which a foundation has been prepared. All members of the brick-making plant are A. E. F. men, all serving in some capacity in France.

HUNTINGTON MAY USE ITS VAIL AS A LIBRARY

HUNTINGTON, Utah, (AP)—Plans are being worked out here for the converting of the Huntington city jail into a public library. Since prohibition was made law in Utah the jail has had no occupants and it has been decided there is no use for the building. If arrests are made, it is said, the prisoners will be taken to Price or Castle Dale, neighboring towns. Huntington has a population of approximately 1,000.

WILSON WORKS ON DENIAL OF SECRET DEALS

Preparing Answer to Senate Resolution with Respect to Final Disposition of Former German Liners

WASHINGTON, (P)—President Wilson is working on his answer to the senate resolution asking as to an alleged secret agreement between the shipping board and Great Britain for the final disposition of former German passenger liners. It is said the reply would convey an emphatic denial and Secretary Tammally contacted with acting Secretary Polk today concerning his form.

Only One Bid Received
Contrary to expectation, only one bid for any of the 30 former German liners was received today when the shipping board auction to receive competitive offers was resumed with the ships offered one at a time. A bid of \$65,000 for the Otsego by E. J. Roberts, Acme Operating corporation, New York, was the only one made for the 10 steamers offered. Commissioners Scott then asked if there was any desire to bid further on groups of vessels and closed the auction when no offers were forthcoming.

Scott Advises Bidders
Commissioner Scott again informed bidders that all offers, whether received at the auction or previously, would be laid before congress before the board's action even if the industrial proceedings in the District of Columbia courts did not interfere with the sale.

Figures Best Offers
According to shipping board calculations, the best offers received yesterday consisted of \$21,250,000, which includes \$12,100,000 offered for six vessels by the International Mercantile Marine and a total of \$8,750,000 for nine ships individually.

PROHIBITION IN AMERICA KIDS BAHAMAS FINANCES

Duties Paid on Arrivals of Intoxicants Will Depleted Treasury

NASSAU, Bahama Island, (P)—Prohibition in the United States, which caused enormous quantities of liquor to be dumped almost like refuse at beaches upon this city, has transformed the Bahama government's financial condition as if by magic from a deficit to comparative surplus, provided labor for large numbers of unemployed and put more money in circulation in this little British colony than has been the case for many years. Sir William Allardyce, governor of the colony, made this known officially yesterday in a address formally opening the 1920 session of the Bahama legislature.

Half a dozen vessels brought full cargoes of wine and liquor and duties from them have restored the Bahama government's fallen fortunes, due to the war, from a deficit to a surplus three times as large as the expected deficit, or about \$530,000. The government's revenue is figured at \$1,025,000 and the expenditures at \$530,000.

In addition a surplus of \$500,000 yearly during the next two years at least is expected from duties when the figures are taken out of bond.

Today's Markets

New York Exchange
NEW YORK, (P)—Indications of an improved condition and easier rates for some forms of financial accommodation stimulated today's stock market. Easy weakness was succeeded by strength throughout. Sales of 100,000 shares. Gains were substantially increased in the active final hour, rally rising briskly with oils, metals and steel. The closing bonds.

NEW YORK, (P)—Fishes—Electric bonds at 2:55 p. m. today were: 3 1/2's 99.70; first 4's 99.50; second 4's 99.20; first 5's 101.20; second 5's 99.50; 6's 100.00; 7's 100.00; 8's 101.00; Victory 3 1/2's 97.76; Victory 4 3/4's 97.76.

Grain and Provisions
CHICAGO, (P)—Packers' predictions of lower prices for meats had a bearing affect today on the corn market. The expected rise of the packers were given special point by a sharp break in hog values this morning. Continued smallness of receipts of corn, however, led to a rally in corn prices after an initial rush to sell and by somewhat spent its force. The opening which ranged from 5-8 to 26 lower, with May \$1.24 1/4 to 1.26 and July \$1.31 1/4 to 1.31 3/4, were followed by a slight further setback and then by moderate upturn. Halls were not well maintained. The depression of foreign exchange and the uncertainty of the diplomatic situation acted as weight on the market, though out the session. Price closed heavy, 1 1/4 to 1 7/8 net lower, with May \$1.33 3/4 to 1.33 7/8 and July \$1.30 5/8 to 1.30 3/4.

Cattle—Cattle sympathized with the weakness of corn. Aged heifers 1 1/4 to 8-10 down, including May at 81 1/2 to 81 1/2, the market sagged a little more, and then recovered.

Provisions were decidedly lower in response to bullish views of packers. Besides the semi-monthly warehouse report showed unusually big stocks of lard and ribs on hand.

Sound of Cannons
An authority on the subject states that the sound of cannoning can be heard much farther than that of thunder. The limit of the carrying power of thunder is about fifteen miles while that of the sound of cannon is 200 miles. The number of miles in 200 carries the great distance for the sound of battle to travel.

In the Interests of Beneficial Industry and For the Better Good of All

The Twin Falls Division of the Southern Idaho Employers' Association Offers this Explanation of Purpose and Plan:

With a view to cutting existing costs by eliminating waste and consequent useless expense, while at the same time paying wages which in some cases are actually higher than the schedules now in force, this Association goes before the people of Twin Falls as a whole, Employer and Employee, Business Man and Professional Man, Workers in every walk of life, and asks the privilege of making clear the principles upon which the foundations for its existence rest.

OUR DECLARATION OF PRINCIPLES:

We, including employers of labor and citizens generally, recognizing the disturbed industrial situation in the Nation and particularly the conditions existing in Twin Falls, which involve strikes now in progress and others that are threatened, and knowing that such conditions seriously affect business, destroy confidence and retard the development of our City, pledge ourselves to earnestly support any and all individuals, organizations and agencies that believe in the following:

- That all workers are equal under the law.
- That they are, and of right ought to be, free.
- That every worker deserves a just wage for an honest day's work.
- That everyone has the right to work unmolested at honest labor without regard to whether he is a member of any organization.
- That every worker deserves payment according to his ability to earn, and that it is un-American that the competent and deserving should be denied the right to work at employment of his own choosing or that he should be held down to the standard of the mediocre and clothful.

Read this carefully and therein with which you should be able to settle your mind about it.

Keep before you the fact that the American Plan is not a new thing. It did not originate in Twin Falls, nor will it stop with Twin Falls. Dozens of American Cities have adopted it as well as many Idaho towns.

The American Plan DOES NOT prohibit organization among the workers. It DOES NOT lower wages or increase working hours.

The American Plan DOES guarantee the right of his membership in any organization to a square deal to all.

It is fair because it is right.

MARTENS GIVES MORE TESTIMONY ON HIS MISSION

Self-Styled Soviet Ambassador Repeats Refusal to Submit Codes and Names of Couriers to Senate Probe Committee

WASHINGTON, (AP)—More testimony regarding Russian soviet government attempts to establish relations with American business concerns was given today when the senate committee investigating soviet activities in the United States resumed its examination of Ludwig C. A. K. Martens, self-styled soviet ambassador.

Chairman Moses presented protests from the Packard Motor Car company and the Westinghouse Electric company against Martens' assertions that they had sought to trade through him with Russia. Martens conceded it was possible they had been merely solicited to sell goods, and had not sought orders.

Martens read a letter he wrote the state department formally demanding possession of \$20,000 worth of railway equipment, bought in the United States by the former regime in Russia, to which he resolved no response.

He also expressed anxiety that Countess Stenbock be reassured. He said she was separated at present, but that he was unable to go to America since he is an enemy subject. He asserted, however, that the countess in Switzerland, and who secured permission to visit America and that previous to their departure from Hungary a year ago, although she was able to get passports for herself and children, she refused to leave until a passport was granted her husband.

COUNTRESS' FORTUNE AT STAKE IN PEACE TREATY

American Signature to Hungarian Peace Treaty May Lay Out Her Fate

BUDAPEST, (AP)—Interest in the question whether America will sign the treaty of peace with Hungary is shown by Countess Stenbock, widow of the former King Charles, ambassador of New York. Her American does not sign, the countess' fortune, which is now sequestered in the United States, cannot be held for allied reparations.

The countess, who is visiting American friends here, denied as "infamous" reports that he was seeking a divorce. "It is unbelievable," he declared, "that either she or her mother of four children whom both love should wish to separate."

He also expressed anxiety that Countess Stenbock be reassured. He said she was separated at present, but that he was unable to go to America since he is an enemy subject. He asserted, however, that the countess in Switzerland, and who secured permission to visit America and that previous to their departure from Hungary a year ago, although she was able to get passports for herself and children, she refused to leave until a passport was granted her husband.

TRIAL OF ALLEGED BOY ROBBER SET AT HELENA

Introduction of Statements Said to Be Confessions Promises Feature

HELENA, Mont., (AP)—The trial of Charles Stevens, a boy of 20 charged with the robbery of the Union Bank and Trust company at this city of some \$75,000, is set for today, Feb. 17, in the district court here.

The robbery occurred last November, and Stevens, who was arrested next day, has been in jail ever since. The authorities allege the lad has made a series of confessions, all conflicting. Stevens, it is charged, went to the postoffice and drew cash aggregating the sum mentioned, consigned to the bank. He had once been the messenger, but at that time was a clerk in the bank. As he formerly had done that work, the postoffice clerk thought nothing of his request for the consignment.

An hour later Stevens was found, bound and gagged, in a shed back of a cigar store in the heart of the banking district. He did not render conscious aid for some hours, and when he did the authorities announced that he had declared he had been set upon by three strange men as he was passing the alley. He said he had the money when attacked.

Later it was announced that Stevens had repudiated his first statement and had confessed that he had taken the money in conspiracy with others, not named, and that they had bound and gagged him and left him to tell the first version.

Following this was a series of alleged confessions, in which a number of persons were said to have been named by the lad as his confederates—the alleged accomplices differing in each story. The money has never been recovered and all efforts to trace the movements of Stevens from the time he left the bank, ostensibly to go to lunch, until he was found in the alley, are said to have failed. Of late the boy has remained silent. He pleaded not guilty at his first hearing.

STATE CONVENTION WILL BE HELD HERE

Idaho American Legion Scheduled to Convene in Twin Falls April 7-8-9

The state convention of the Idaho American Legion will be held here on April 7, 8 and 9, according to a recent announcement by Leo Verro, Gallier, the state adjutant. Redrafting of the Legion constitution will be one of the important matters that will come before the delegates.

Deacon to hold the state meeting. Twin Falls during the early part of April was reached at a general meeting of the Legion executive board held in Boise 10 days ago. At that time many matters of vital importance to the organization were up for consideration, and while cursory discussion followed definite action on most matters was deferred until the general council here in the spring.

High School News

Young men of the school athletic club have begun training for the track meet to be held in Burley, about May 1. Regular daily long distance runs are made every afternoon as the first step in preparing for the ten events to be staged at that tourney. R. L. Robey is training the track squad.

The scheduled basketball game with Oakley high school for Thursday night has been dropped and instead the local five will play at Burley Friday and with Gooding here Saturday night. The Buhl girls' team will also play the local girls Saturday evening.

The senior class has chosen as a commencement announcement a card bearing the invitation in old English type. The order for these cards will be placed within a few days.

No delusions as to the public's tastes in motion pictures are entertained by Cecil B. DeMille, whose latest Paramount-Artcraft picture "Male and Female," adapted from Sir James M. Barrie's "The Admirable Crichton," will be on view at the Idaho theatre today. "I am not one who would rail at the public if one of my pictures failed to get across," the famous director said recently. "The public knows me. I have never yet been connected with a failure, but, if I were, I would blame myself, not my audiences."

Found on J. M. Barrie's famous play, "The Admirable Crichton." Adapted for the screen by Jeanie MacPherson.

Occasionally announcement of the fact that there are more than four hundred new residences under way...

Highway improvement and other public enterprises this year and next are going to require the labor of considerably more people than there are here at present...

Increasing value of farm lands is certain to bring about a situation where individual holdings will be smaller, and not only that, but as a direct result of the high value put upon the land...

So much for the salient features of the period of immediate development upon which Twin Falls is now entering.

There are to be considered also, the gold mines of Farbridge and the copper mines of Coats; and there are those who argue with good reason that the mines of the tributary regions are the factor that is going to spell for Twin Falls the difference between its destiny as a fair sized country town and a city of the first rank.

Accurate accountings of development already made and continuing explorations in other of these mining districts, it is to be admitted, afford substantial basis for the expectations of those who see in this direction the future greatness of Twin Falls.

It requires, in fact, only a cursory investigation to satisfy the inquirer that Twin Falls is only just beginning to appreciate and take advantage of the inevitable development that lies in store.

THE MISSOURI ELECTION Democratic National Chairman Cummings, viewing the matter from the standpoint of a political partisan and weighing it with respect to its influence upon subsequent political fortunes,

is reported to be slated over the result of a recent election in the third Missouri congressional district in which a democrat was elected with practically a normal democratic majority for the district over his republican opponent...

It would appear that Mr. Cummings in this instance, taking to his party the whole credit for popular sentiment in favor of the ratification of the treaty and covenant, deduced from this result an expression of confidence of the attitude of his party with respect to ratification.

As a matter of fact, the treaty cannot be made an issue successfully in the forthcoming elections, because the people for the most part have finished and done with its consideration.

It is if it is conclusive of anything, the Missouri election stands as proof of this fact.

JANUARY CHECKS SHOW PROFIT FROM FOUR COWS

Cream Sold by Buhl District Farmer Proves Dairying a Paying Institution

BHEHL, Idaho. (Special)—Cream checks totaling \$125.32 for the month of January have convinced L. D. West, living southwest of Buhl, that dairying in this section of the country pays. Mr. West has only four cows, but they are graded stock.

Mr. West says he might have about doubled the amount of income from his dairy had it not been for the somewhat lavish use of cream in his household, where there was no stint. There are four in the West family, all with an appetite for good cream and fresh milk and sweet butter.

NOTICE TO BEET GROWERS

MORALITY LASH SPURS DEMPSEY TOWARD VIRTUE

Champion Would Consider Match With Johnson Might Contaminate Him

SAN FRANCISCO (Special)—"Wout" Jack Dempsey fight Jack Johnson in the event of the former champion returned to "the states," asked Manager Kearns yesterday morning that Johnson was expected to return to this country and enter the running for the title again.

Absolutely not under any consideration," he replied to the answer himself and without a second's hesitation. "Of all the boxers in this big world," added Kearns, "Johnson is the last who would consider fighting on no matter what the purse or the odds. Dempsey could not afford to approve Johnson's terrible conduct by meeting him, and besides there is not a single reason why the present champion should ever meet the fugitive."

"Johnson is through. He is through with his own people," he stands discredited in the eyes of the civilized world and the boxing game got away from a tremendous source of trouble when he was forced out of the limelight. The idea of a match between Dempsey and Johnson is a matter of mere curiosity. All the money in the world wouldn't tempt Jack to dignify the negro with a fight, and I glory in the champion's spunk."

Although Johnson's statement that he wanted to come back to this country and get in shape for another titanic match has not been taken seriously by the sporting fraternity, Kearns was asked about the proposed contest for the purpose of getting him on record. Kearns said that Dempsey had nothing to fear from Johnson as a fighter, but that the present champion thinks too much of himself to give dignity to one who committed an offense and then was not man enough to face the music. The latter view is the one that Dempsey had never really drawn the color line, as some champs in the past have done, but that there was no top notch colored boxer who was planning to meet Dempsey, had buried himself in the face of his own race, and the members of that race would have a right to protest his meeting with Johnson.

If Johnson wants publicity, he will get it in some other way. He is in a match with Dempsey," he said. "The latter view developed the fact that a proposition with him, or his side, it's out of the question."

FRANKIE DEBEARS YUKON POLARIS (P)—Frankie Mitchell, the greatest of all fighters, was in Chicago light weight in a fast ten and eight here last night. Ted Johnson, Milwaukee, decisively defeated Edy Schneider, Omaha light, weight, in a ten final.

"BART" COMEBACK BROOKLYN (P)—Battling Levinsky, New York, won the newspaper debate over Clay Turner of St. Paul in a recent fight. Joe Chico of Chicago, defeated Tommy Robson of Malden, Mass., in eight of their ten rounds.

MURPHY MAKES PURCHASE CLEVELAND (P)—T. W. Murphy, well known driver of Poughkeepsie, N. Y., announced yesterday his purchase of the four year old trotter Brasfield 04 1-2 from T. H. Ellis, Philadelphia. The reported price is \$20,000.

EVERYBODY DOING IT KANSAS CITY (P)—Ed "Strang" Lewis defeated Wladok Zbyzsko, a catch-as-catch-can wrestling match the last night. Zbyzsko won the first in 45 minutes and 40 seconds. Lewis won the last two in 11:50 and 8:15.

Paul Club Loses Al Bartholomew, Premier Catcher

Star Backstop of League Signs With Angels and Takes Short-stop Burke Along

REUBEN IDAHO (Special)—Al Bartholomew, star catcher of the Southern Idaho Baseball league last year, and manager of the Paul club, left today for Los Angeles, where he will report for the present purchase of the club. Bartholomew accepted terms of the Los Angeles club recently.

Brief Bits of Sport

The new executives of the Southern Idaho Baseball league may be more of the same old, same old, and extraordinary ability, but they will have to be some little resurrectors if they raise Twin Falls from the baseball dead.

But let's hope for the best; perhaps it's only hibernating after all.

Al Bartholomew, best catcher in this section last year, has been taken on by the Los Angeles club. "Bart" took along with him "Spec" Burke, premier shortstop of the league, when he left for the city yesterday, which is the best of the holes in the Paul club this spring.

George "Doc" Jones' care about Jonabaz, the great one from Kansas on the coast, is a mystery.

Waiter Braz, for years sports editor on Salt Lake dailies, has quit the game for the coffee business. He will be located in Salt Lake.

Ad Santol's next will be Paul Alvarez, who, to make it seem more difficult, states himself the heavyweight wrestling champion of Spain.

Ever hear of this guy? Stanislaus Zbyzsko, big burly brother of Wladok Zbyzsko, is mad clean through. Joe Stecher flopped little brother the other night, and now Stan is out to get the Nebraska champion.

And if the South Idaho baseball executives do, by dint of extraordinarily hypothetical persuasive ability, awaken interest here in baseball we'll say there's still a fine chance for the scriptural camel to sneak through the needle's eye.
