## HEAVY FIGHTING IS REPORTED IN ODESSA REGION

Bolsheviks Encountering Resistance in Enforced Evacuation of One Town

ALLIED OFFICIALS FEAR RED GENERAL TRIUMPH

Constantinople Dispatch Says Internal Dissention More Potent than Entrance of Soviet Forces

LONDON (AP)—Fierce fighting between the Bolsheviks and our groups in the Thrace and Odessa regions is reported in an official statement issued by the soviet government today. The statement continues: "We have captured Ovidopol (on the Black Sea southeast of Odessa). We have evacuated Pogovskaya, twenty miles from Novocherkassk, under our pressure."

General Schilling is at Sebastopol, commanding the volunteer forces which are holding the Crimean peninsula. The surrounding lagoons are frozen hard, however, and it is feared the Bolsheviks may approach on the ice.

Sebastopol harbor is cluttered with mines. Thousands of people are registered as wishing to get away, while eleven thousand more are on ships from Odessa. It is impossible to take away the population, as commanders of a fleet which is apparently lack authority for such action.

An agreement has been reached between General Denikin and the Cossack supreme council. The Cossacks are giving unqualified support, but the Don and Kuban Cossacks are making reservations which weaken the anti-Bolshevik strength and make the Crimean situation doubtful.

## DRASTIC CUT IN EXPENSE URGED

House Committee Makes Reductions in Legislative Appropriation Bill

WASHINGTON (AP)—Abolishment of the subcommittee and 13 state surveyors general and two vacant offices is proposed in the legislative appropriation bill, reported today by the house appropriations committee. A reduction of \$2,000,000 from department estimates for clerk hire and miscellaneous expenses was made, but the bill's total of \$104,129,000 is one of the largest possible legislative appropriations on record.

Several unusual items, including \$42,038,000 for the internal revenue bureau for collecting taxes and enforcing the anti-drug laws, and \$234,000 for the war risk insurance bureau and \$5,000,000 for the decennial census, largely account for the high total.

Stated for Record The subcommittee which would be abolished at the end of this year are at Baltimore, New York, Philadelphia, Boston, Cincinnati, Chicago, St. Louis, New Orleans, San Francisco, and Washington. The Washington surveyors general to be discarded on June 30 next would include those in Arizona, California, Colorado, Idaho, Montana, Nevada, New Mexico, Oregon, South Dakota, Utah, Washington, Wyoming and Alaska. The assay office at Deadwood, S. D., and Salt Lake City would be closed on June 30.

Decisions made by the committee are general throughout the government service, and include some self-imposed economies on the part of congress, there being cuts aggregating \$400,000 in the amount spent by congress for miscellaneous services, including employes.

Many Claims Rejected No new government services are established by the bill, and the request of the department of commerce for enlargement of the foreign and domestic commerce bureau by appointment of additional field agents in the far east, west and south and new European countries was denied.

POSTOFFICE INVESTIGATION OF FEDERAL TRADE COMMISSION WASHINGTON (AP)—Hearings scheduled to begin at Chicago next Monday of federal trade commission activities and its alleged employment of socialists again have been postponed temporarily, Chairman Townsend announced today.

## Wolf Puck Invades Minneapolis City

DELIVERED (AP)—For a week a wolf pack has invaded nightly the western end of Duluth and not until last night did traps set for the pack, the first of the kind, wound another, and trapping a third of the pack of twelve.

Two policemen filled with snow shoes and rifles prowled the district of Fortieth avenue west and Eighth street for nearly a week, and although they saw the pack drift up and down nearby streets failed to get a shot at the wolves.

## Mrs. Stokes Says She Will Be a Candidate

CLEVELAND (AP)—Mrs. Rose Pastor Stokes, of New York, millionaire communist and former socialist, one of 167 persons indicted by special grand jury here January 23 for "obstructing the overthrow of the government of the United States," today announced that she would be a candidate for congress from the fourteenth New York district.

Mrs. Stokes brought here last night by a police woman is at large on bond pending appeal from a sentence to 10 years in a federal prison for obstructing the draft.

## Kerensky's Capture Effectively Denied

LONDON (AP)—Reports that Alexander Kerensky, the Russian revolutionary premier whose regime was overthrown by the Bolsheviks in November, 1917, has been imprisoned in the Caucasus were speedily shown to be untrue today when inquiry revealed that Kerensky was still in England, where he has been living for some time.

## FITZGERALD ELIMINATED FROM MAYORALTY RACE

Former Army Major and Labor Leader are Selected in Seattle Primaries as Candidates

SEATTLE, Wash. (AP)—Hugh M. Caldwell, attorney and former army major, and James Duncan, secretary of the Seattle Labor Council, will run for mayor in the city election March 2. In the primaries yesterday Caldwell received 58,116 votes, and Duncan 26,640. Mayor U. B. Fitzgerald, candidate for re-election, was eliminated. He received 21,416 votes.

## ARMED SOLDIER CONVICTED AS GERMANY BREKERS

WINNETKA, Kan. (AP)—John Farnell, returned soldier and one of the leaders in the general strike here last spring was convicted today of having made seditious utterances. Farnell was charged with having urged a "wild parade" during the strike. On June 21 paraders clashed with the police. Two men were killed and a number were injured.

## World News Events

GALVESTON, Tex. (AP)—Because of labor troubles at the ports of Galveston and New Orleans, an embargo was announced here last night by the Morgan line on all south-bound coastwise freight originating at points outside of New York. The embargo was effective at midnight.

SAN JUAN, Porto Rico (AP)—Jones E. Benedicto, acting governor, yesterday issued a proclamation asserting that property would be protected and peace maintained throughout the present strike of workers in the sugar cane fields. He declared that recent disorders and incendiary fires had made the issuance of a proclamation advisable.

VLADIVOSTOK, (AP)—As the result of negotiations between General Krakowitski, commander of the Zemetyor army, and M. Matsudaira, representing Japan, instructions have been sent to the Japanese general command to cease sending Japanese troops from Vladivostok westward. This move is interpreted here as indicating that Japan desires to avoid a conflict with the Russians.

BERNE, (AP)—The federal council has unanimously decided upon the course of action for Switzerland's entrance into the league of nations by eliminating the provision that a plebiscite be held only after five principal powers had joined the league. This would have meant waiting until the United States became a member.

## LOWDEN OPENS CAMPAIGN CAPTORS OF AMERICAN EVADE HUNT IN HILLS

Candidate for Presidential Nomination to Speak in South Dakota

SIoux FALLS (AP)—Governor Frank O. Lowden of Illinois, minority-republican candidate for president in the March 23 primaries, arrived in Sioux Falls today to open his campaign in this state with a speech here tonight. He is the first 1930 presidential candidate to speak in South Dakota and will deliver five addresses within the state.

Major General Leonard Wood, majority republican candidate for president, will open his South Dakota campaign at Yankton on Feb. 24. Senator William W. Johnson of California, independent republican candidate, is expected to trail General Wood within the next two or three weeks.

IDAHO WEATHER Tonight and Thursday fair.

## BIDS REJECTION IS ADVISED BY SHIPPING BOARD

Chairman Payne Reports to the Senate Commerce Committee on Results of Auction of the Former German Liners

WASHINGTON (AP)—Rejection of all bids received for the 30 former German ships offered for sale by the shipping board today resulted in the senate commerce committee today by Chairman Payne of the board, who asked authority to renew negotiations for sale of the vessels to an operating under the American flag.

Payne made statement The resolution was embodied in a prepared statement which Mr. Payne read to the committee. He recalled that the board had sold 188 ships in September 1919 under the railroad reorganization bill, the conference report on which was presented today in the house and senate.

Chairman Payne said if the congress desired to change this policy to public ownership of ships the passenger liners should be sold to an independent committee board to spend the \$75,000,000 estimated as necessary to convert them from troop to passenger vessels.

"It should be understood," he said, "that the ships whether owned by the government or by private capital must in neither case be operated by the shipping companies which are bidding for the ships. The government has no adequate organization for the direct operation of ships.

"If the government continues to be the owner, it must pay the operators a fixed fee and a commission upon receipts and take whatever profit remains, or, if no profit remains, must bear all the losses."

The chairman went on to say that his committee's joint resolution of congress under which the ships were taken over a naval board had appraised the boats and that the prices at which the bids were submitted were substantially in excess of the appraisers' value.

Mr. Payne said passenger ships were scarce now and building prices high, but that these conditions might change and that the ships which he was recommending be sold would be correspondingly increased.

"If we proceed to recondition the ships, making them fit for passenger service, it would cost substantially more than six to twelve months to put them into service. Our conviction is that we will not hereafter be able to sell the ships for the cost of reconditioning, but the price at which we can sell them."

Questioned as to the possibility of the vessels ultimately being sold to foreign interests, Chairman Payne told him that the ships could not be transferred from under the American flag without permission from the shipping board.

## WILSON SENT TROOPS TO RUSSIA OVER OBJECTION

WASHINGTON (AP)—American troops were sent into Russia and Siberia by President Wilson against the advice of General Edwin D. Bliss, while the general was a member of the allied supreme war council, General Peyton C. March, chief of staff, testified today before a house committee investigating medal awards.

"I do not suppose, however, that the president would disregard a strict military proposal from General Bliss," General March added.

Formerly an officer by selection was voted by the chief of staff, who said the system of promotion by seniority usually placed inefficient officers in high positions.

## RAIL BILL STABILIZES WAGE AT PRESENT LEVEL FOR SIX MONTHS PERIOD

Restriction on Pay Increase is Looked Upon with Special Interest as Conference Report on Reorganization Measure is Presented to House and Senate, in View of Demands of More than Two Million Workers for Advance in Compensation

WASHINGTON (AP)—Wages established by the railroad reorganization bill, which will continue in effect until September 1 under the railroad reorganization bill, the conference report on which was presented today in the house and senate.

Under the wage provision, pay of railroad workers would be stabilized at the present levels for six months after the rail properties are returned to private control and operation. The bill also seeks to stabilize rates for the same time, providing that prior to September 1 no rates may be reduced unless approval of the interstate commerce commission is obtained.

The restriction on rate increases was looked upon with special interest by members of congress, railroad officials and union leaders in view of the recent demands of the more than two million railroad workers for an advance in pay.

Union Heads Call Conference The fourteen railroad union heads have called a conference to begin Monday to discuss the policy to be adopted in dealing with conditions either created by law, or appointed by the president to arbitrate existing wage controversies, as proposed by President Wilson in his recent conference with railroad officials to confer on the subject with him tomorrow.

Announcement of the house managers announced today that the conference report would be taken up in the house Saturday, and Chairman Cummins of the senate managers, expects to call it up in the senate next week.

Outstanding Points of Bill The outstanding points of the measure as finally agreed upon are: Compulsory submission of labor disputes to a permanent federal board appointed by the president and composed of nine members, equally divided between the employes, employers and the public. No provision is made for enforcing the board's decision.

Adjustment of rates of interstate commerce commission is set, as to yield to carriers a return of 3.25 per cent, with another half of one per cent for improvement.

Distribution of half the net railway operating income, increases six per cent of the property value, equally between the carriers' reserve fund and the federal railroad commission and the federal rail manager. The commission for the assistance of weaker roads.

Six Months' Guarantee Government guarantees to railroads against a deficit during the first six months after the roads are turned back. Approval must be given to the property if approved by the interstate commerce commission.

Appropriation of \$500,000,000 to be used in revolving funds and to make labor claims and pay claims growing out of federal control. Unexpended funds now in the railroad administration's hands are also reappropriated for the same purpose. A total of \$50,000 for the federal labor board is provided.

Labor Section Provisions The labor action provides that "it shall be the duty of all carriers and their officers, employes and agents to erect every reasonable effort to adopt every available means to avoid any interruption to the operation of any carrier growing out of any dispute between the carrier and the employes or subordinate officials."

Such dispute should if possible be decided by railway boards of labor adjustment established by agreement between the carriers concerned and the employes.

The bill gives the railway board of labor appeals, which would be appointed by the president with the senate's approval, power to investigate conditions surrounding a dispute and make a decision. Such decision, however, must be concurred in by at least five members, one of whom must be of the public.

Determination of Value Determination of the aggregate value of the property of the carrier for rate-making purposes is left to the interstate commerce commission with the provision that the carrier shall file an investment account of the carriers only that consideration which it is entitled to under the law in establishing values prior to the year 1929 a bonus or operating income in excess of 10 per cent of the value of its property, one-half of which excess goes to the carrier.

## ALLIED REPLY TO WILSON IS KEPT SECRET

Officials' Note from London Dispatches that the Original Terms of Document have Undergone Modification

PUBLICATION IS LEFT UP TO CHIEF EXECUTIVE

Confirmation is Given in Supreme Council of Threat to Withdraw Treaty from the American Senate

WASHINGTON (AP)—The reply of the allied supreme council at London to President Wilson's note on the Adriatic situation was made today at the state department from Ambassador Davis and was decided as fast as it came in.

It was announced officially that the reply would not be made public at this time and it was indicated that not even a summary of it would be given. Publication of the reply has been left by the council to President Wilson, according to London dispatches, but the council expected to give the press a summary of its contents.

While waiting for the note to be decided, officials noted from the London dispatches that the reply had not even been a modification of the original one prepared last Saturday.

## CONFIRMS WILSON'S DESIRE TO WITHDRAW TREATIES

LONDON (AP)—The allied reply to President Wilson's note on the Adriatic situation has been dispatched. The Adriatic question was not a topic of discussion in the supreme council today, so it was not possible to give confirmation was given, however, of the statement made in Washington that President Wilson's memorandum implied that he would not proceed with their Adriatic plans without the consent of the United States. President Wilson might feel constrained to withdraw the treaty of Versailles from the senate.

"Throughout the examination Martens sought to draw a distinction between the acts of his government and his own political activities and those of the Russian communist party.

Russia at War with All The witness said he had not incited revolution in the United States and Mr. Ellis advised that letter signed by Lenin, soviet premier, dated in January, 1919, urging American workmen to establish a soviet government and "overthrow reactionary labor leaders, strike breakers and also overthrow 'bourgeoisie parliaments."

Martens said the letter did not come through him, but added "and certain things" which he said were "not justified," he said, adding that "Russia was at war with all powers during the last two years."

"The United States did not declare war on Russia, did it?" asked Senator Brandegee, republican, Connecticut. "It was made without declaring it," the witness said.

Witnesses of Commission Mr. Ellis called attention to the 1919 international in Moscow, March, 1919, "long after your establishment here." He read the manifesto drawn up at Moscow and signed by Lenin and Trotsky. Martens said he was "not concerned" with what Lenin wrote "as a member of the communist party."

"I don't want any camouflage for this," he said. "I am an economist and support the principles of that party."

Martens insisted that the third international was "not the soviet government."

Mr. Ellis then took up a proclamation of the soviet government referred to as "document number 8," and which affirmed the intent of the Russian soviet to come to the aid of the left wing of workers in every country, regardless of whether they are at war with Russia or not and appropriate two million rubles for the purpose.

I think much more than that was appropriated," Martens said. "At the time Russia was at war it was justified. The American government spent much more than that to incite revolution in my country."

## MOSCOW IS FAVORED FOR U. S. BUREAU OF MINES

SPOKANE, Wash. (AP)—Establishment of a proposed experiment station of the United States bureau of mines at Moscow, Idaho rather than at Reno, Nev., was urged in a resolution adopted today by the convention of Northwest Mining association, meeting here.

## ARGUES FOR GRAIN CORPORATION AS BENEFIT TO-GROWERS AND CONSUMERS

WASHINGTON (AP)—Abolition of the grain corporation, as provided by the Grange bill, would work a great hardship on wheat growers and ultimately to the consuming public, Representative Summers, republican, Washington, today told the senate agricultural committee. There could be no exchange of the senate and the grain corporation abolished, he said, and the result would be the dumping of large quantities of wheat on the domestic market with extremely low prices and actual loss to the farmer and consumer. Decreased wheat acreage in the United States would result from the resulting wheat shortage, he declared.

Representatives of the grain exchange of the senate and the largest of the country also opposed the bill.

Postoffice Investigation of Federal Trade Commission

# PROPOSE CHANGE IN EXAMINATION OF IMMIGRANTS

## Classes in Reading of Psalms to Be Conducted at Feet of the Statue of Liberty if Plan Urged is Adopted

NEW YORK, (AP)—Uncle Sam will soon be conducting great classes in reading of psalms at the feet of the Statue of Liberty if proposals for changes in examinations of incoming aliens are adopted.

Alfred Hampton, assistant commissioner of immigration, has been conferring with immigration officials in regard to restoring the pre-war practice of examining all immigrants who come by steamer at Ellis Island instead of on shipboard as at present.

If the primary tests are made at the island more than 1,000 men and women will read from the Psalms there daily, and Miss Liberty, who stands at the bow of the island slip, could hear if she were incarnate.

### Psalms Literary Test

Reading from the Psalms is the literary test for admission to this country, which went into effect in May, 1917, is now receiving its first real trial because immigration during the war was small. The law provides that an immigrant with a few exceptions must be able to read from 30 to 40 words in any language he or she desires. The department of labor devised the Psalm test as the fastest for all.

Immigration inspectors are equipped with cards in all languages with verses from the Psalms printed on them. All types of script are represented, German, Arabic, Hebrew, Japanese, Russian and so on, except Chinese, for that nationality is not permitted to immigrate. Let any alien learn parrotlike the verse of the Psalm that a friend in this country had to read, the inspectors have at least 40 different verses in each language, one verse to a country.

### Ship Examinations

The proposal that primary inspection of steamer passengers be at the island instead of on shipboard is regarded by immigration authorities as made it as impossible to conduct adequate examination of aliens on the ships. Often a ship has as many as 3,000 stowaway passengers and the quarters afford little opportunity for checking and properly testing aliens, not only for literacy, but for health and other immigration requirements.

Examination at the island, it is believed, would prevent many immigrants being floored after leaving steamship piers, as they are now. The department when they passed all tests at the islands they would be conducted to railroad terminals and, seen safely off to their destinations by inspectors. Now on leaving the pier many of them are charged 50 cents apiece for sandwiches, \$10 for a cab ride around the block, and the like.

Primary examination at the island will require many more employes. Immigration authorities have estimated that it will take \$1,000,000 more annually to increase the force to a proper size as well as to raise salaries of the present employes so that skilled workers will not leave the service for private employment.

### HERE'S A CORRECTION

MINNEAPOLIS, Minn., (AP)—Officials of the Minneapolis Athletic club today corrected a published announcement this morning that Clement Brown, of the Chicago Athletic association, had broken the world's mile swimming record by making the distance in 33 minutes, 3.5 seconds. The three times at the central A. A. U. swimming meet at the M. A. C. last night fixed Brown's time for the mile at 23 minutes, 23.5 seconds, which is said to establish a new A. A. U. record.

# INDIVIDUAL MEMORIALS IS SUBJECT FOR DEBATE

## Controversy Arises in England with Respect to Graves of Soldier Dead in France

LONDON, (AP)—Whether relatives shall be permitted to set up any sort of individual memorials they desire on the graves of soldier relatives in France, or the present policy be continued of permitting only the rude wooden crosses with name and identification number attached to the grave, is the controversy which has arisen in England.

Lord Robert Cecil has been acting as spokesman for those who desire the privilege of erecting individual memorials on the graves of their soldier dead. They are opposed by a large number of bereaved relatives who argue that most of them do not have time to look at a friend's name on one of the thousands of little oak crosses have felt that his grave received dignity from the religious of his quiet uniformity with those of all his fellow soldiers.

"At present our war cemeteries in France are the most beautiful and moving places in which men ever collected their dead," declared one American father of a soldier buried in France after a visit to his grave. "The contrast is enormous between their nobly expressive simplicity as monuments of unselfish brotherhood in arms and the average civilian cemetery in France or England with its restless, jumbled individualism. That fine contrast would soon be lost if all relatives might do as they chose. In getting their way they would irreparably mar the resting place of their friends' comrades."

# BERMUDA MAKES FEATURE OF REPUTATION AS OASIS

## Various Views are Entertained Among Islanders as to Effect of Expected Tourist Avalanche

HAMILTON, Bermuda, (AP)—Posted complacently in the lobby of a big local hotel is a placard which reads: "Bermuda still has license. We expect our patrons to exercise common sense. We do not care how little they drink; excess will not be tolerated."

Some islanders expect to see a province of a great future founded on the dollars of American tourists who, they believe, will flock hither as to an oasis. Others look with apprehension on the prospect. Meantime the conduct of the tourists is being watched with an unusual degree of interest. Some among the new arrivals do not hesitate to say that they made the trip largely in expectation of throwing off the restraints of their homeland.

"We come here to seek freedom," declared a new arrival as he planted his feet against the brass rail of a local bar. "We have to seek liberty under the folds of the British flag; wherever the Union Jack waves one can take a drink unmolested."

A companion who ventured to call his attention to the state of affairs in Newfoundland and certain of the provinces where the British flag waves over bone-dry regions, was pooh-poohed.

### CLUB OWNERS MEET

KANSAS CITY, Mo., (AP)—Club owners of a Western league gathered here today for a meeting, at which, among other things, the 1920 schedule will be taken up for adoption. Selection of the opening date also is on the program.

Whether possible changes in the circuit membership would be considered at the meeting had not been announced. Several towns are said to be seeking membership.

### MINNEAPOLIS, Minn., (AP)—Officials of the Minneapolis Athletic club today corrected a published announcement this morning that Clement Brown, of the Chicago Athletic association, had broken the world's mile swimming record by making the distance in 33 minutes, 3.5 seconds. The three times at the central A. A. U. swimming meet at the M. A. C. last night fixed Brown's time for the mile at 23 minutes, 23.5 seconds, which is said to establish a new A. A. U. record.

# NEW NATIONALISTS TURNING TO S. A.

## Salvationists Prepare to Meet Demands for Services in the Virginia Fields

LONDON, (AP)—The people of the new countries like Czechoslovakia are turning to the Salvation Army in a remarkable manner, says General Bramwell Booth, head of the Army. The Army never has had organization in Czechoslovakia, and so anxious is the government of that country to get the Army installed that all the necessary buildings for the work have been offered free.

Bulgaria and Poland probably will be "invaded" shortly by this friendly army. Both of these countries are new territory for the Salvationists.

The Vienna government has requested the Salvation Army to assist in the relief work in Austria, and General Booth has sent a commission to Vienna to investigate the feasibility of working on this labor. The German government has asked him to cooperate with it in supplying milk in Germany, and he expressed the hope that the Army might be able to do this.

General Booth disclosed the fact that the Salvation Army never has ceased work in Bolshevik Russia, despite conditions. The Army has six or seven establishments in Petrograd and twice as many in other sections of the country. Apparently the Reds have not been troubling the Army workers, all of whom are pointed out as Russians or Finns, the British workers having been withdrawn. The Army among other things is looking after widows orphans and doing such rescue work as it can.

### PROSECUTION IN TRIAL OF SOCIALISTS REPLEN

Documents Claimed to Support Defendants' Obstruction to War Read into Record

ALBANY, N. Y., (AP)—To the astonishment of counsel for the five suspended socialist assemblymen being tried by the assembly judiciary committee on charges of disloyalty, the prosecution, which last week announced it "rested," took the floor at the opening of today's session.

Martin Murray read into the record documents which he claimed supported the charge that the socialist party not only urged its members not to participate in the war, but called on them not to produce munitions for the war. The defense objected on the ground that the alleged appeal antedated America's entrance into the world conflict.

### FOOTBALL PLAYER DEAD

ITHACA, N. Y., (AP)—Wilbur Force ("Babe") Taylor, 25, left tackle on the Cornell 1919 varsity football team and well known as an athlete, died in the Cornell university infirmary here yesterday of pneumonia.

### MAY BE A RECORD

CLEVELAND, O., (AP)—What is believed to be a world's record for total pins in a mixed doubles bowling exhibition was established here last night when Mrs. Goldie Greenwald and William Hess totaled 1,340 in three games. Mrs. Greenwald smashed 665 pins, 12 less than her partner.

# PERSECUTION OF ARMENIA MAY AFFECT TURK TRUSTY

## Great Britain Communicator Warning in Connection with Allied Decision

LONDON, (AP)—Great Britain, it was learned today, has instructed Admiral De Roebek at Constantinople to announce them that the allies have decided not to deprive Turkey of Constantinople. If the persecution of the Armenians continues, however, the admiral was instructed to say, the peace treaty with Turkey may be considerably modified.

The fact that continued possession of Constantinople had been granted her should not be misconstrued by Turkey, the British representative was instructed to inform the Turkish government in plain words.

Admiral De Roebek will point out to the Turks that they must comport themselves properly or be subjected to a peace more severe than the council now is disposed to arrange.

Reading the ads makes shopping both pleasant and profitable. Pleasant, because you know what you want and where to find it. Profitable, because you know what is "the right price."

# MERGER OF NORTHERN RAILWAYS IS FORECAST

## Plan for Combination of Great Northern, Northern Pacific and Burlington, with Union Pacific and Reading, ton Roads Indicated

ST. PAUL, (AP)—Merger of the Great Northern, Northern Pacific and Burlington railroads into one great transportation system, shortly after governmental control is relinquished this month, was forecast in high railroad circles here today. It is reported that the merger is being planned along lines conceived by the late James J. Hill.

The merger was actually completed by James J. Hill, when he was in control of the roads, but it was disavowed because, it is understood, the federal government regarded the combination as illegal. It is claimed that legislation before congress and the present government attitude would not prohibit the merger.

The three roads have a combined mileage of 27,000. It has been stated here that the reason for the merger is to take care of \$400,000,000 in Burlington bonds which fall due in 1931.

Any reasonably-priced home or apartment may be rented through an expensive classified advertising campaign. Test the matter. The "risk" involved is so small that few people would dignify it by that name.

# SUBSIDY FOR FACTORY

## Brazil Offers Government Grant to Finance Rubber Goods Manufactory

RIO DE JANEIRO, (AP)—A subsidy of six per cent on capital equipment employed under certain conditions is offered as an inducement by the government to the first rubber goods factory founded in Brazil, before September 3, 1922, employing rubber exclusively of Brazilian origin. It is stipulated that the capital shall be not less than \$2,500,000 or more than \$3,750,000. Payment will be made for a period of three years until the factory is in full operation. The guarantee is in addition to any other privileges which may be conceded.

# WASHINGTON TO BE DIVIDED INTO TWO ROCKIES WATER

**Dream of Far Visioned Pioneers to Be Realized if Long Proposed Columbia Basin Project is Carried Through**

WASHINGTON, Wash., (AP)—Dreams of far visioned pioneers who saw a miracle of wasted waters of the high Rockies flowing over thrifty Washington lands are to be realized in the long proposed Columbia Basin project, said to be the greatest project of its kind ever conceived, is carried through.

The proposed project, started from Idaho and Montana through 130 miles of lakes, canals and tunnels to irrigate approximately 350 square miles of land lying in southeast Washington is the "Big Bend" of the Columbia river.

Engineers employed by a commission created by the Washington legislature are at present going over the immense scheme to determine its feasibility. The legislature authorized the commission to spend \$100,000 if necessary to investigate the plan in all its details and to determine its cost.

Water drained from approximately 25,000 square miles of the Rocky mountains will be used in the system. Aided by lakes and tunnels, a great canal will carry it from storage lakes in Idaho, Rock Lake, Wash., thirty miles south of Spokane, according to present plans. The canal will then run west and south to the Palouse, Pango and Walla Walla districts in the "Big Bend" country.

A network of small canals and laterals will carry the water onto the land, which at present receives only scant rainfall during several months of the year.

In size the project, it is said, approximates the total present development of all irrigation projects under the United States reclamation service. The project, it has been estimated, by irrigating the arid lands and by converting the "sagebrush into alfalfa" will increase by more than one-half the total aggregate value of all taxable property in the state. The land to be irrigated, it is figured, will support a population of more than double the present population of the state.

The volume of water to be carried in the main canal will be approximately 20,000 cubic feet per second. A season's run of the canal would take 30 miles wide, 100 miles long and three feet deep.

## LEAVES HIS FORTUNE FOR GOVERNMENT BETTERMENT

**Correction of Wrongs in Administration of Municipal Rules Aim of Unique Bequest**

PHILADELPHIA, (AP)—More than \$700,000 will be available for the "improvement of governmental conditions in Philadelphia" under the will of Thomas Skelton, former United States minister and consul general to Egypt. He created a board of managers to have charge of the fund, which represented half his fortune, and to use the income from it "for the correction of wrongs and irregularities in the administration of municipal government. The managers include representatives of leading civic organizations.

"The fund will be used," says the trust company that is administering the will, "for the impartial enforcement of all municipal contracts, to obtain prosecution and punishment of persons guilty of violation of contracts with the city or of speculation with its funds, to investigate municipal affairs, to aid the city by advice, to aid in the inauguration of municipal reform and to assist in any special investigation to further the interests of the city by the city of a wise, clear and accurate system of bookkeeping and accounting, including the frequent publication of full statements of the city's financial condition. The interests of no political party will be furthered."

## BENSON IS SELECTED AS SHIPPING BOARD MEMBER

**Chief of Naval Operations During the World War is Nominated as Successor to Payne**

WASHINGTON, (AP)—Rear Admiral Benson, chief of naval operations during the war, and now on the retired list, has been selected by President Wilson to succeed John Barton Payne as a member of the shipping board.

Admiral Benson's nomination will not be sent to the senate until Chairman Payne winds up several pressing matters now before the board before taking over the office of Secretary of the Interior in succession to Franklin D. Lane whose resignation is effective March 1. It was said at the White House that this probably would take a month.

# NEWEST ALASKAN MINING CAMP A SPOTLESS TOWN

**Expected: Stampede in Spring Will Find None of Traditional Amusements**

KETCHIKAN, Alaska, Jan. 25 (By mail)—Hyder, news of Alaska mining camps, is a "spotless town," and many stampedeers who may rush there in the spring are not going to find drinking, dancing, going "on wide open," as in the gold camps of the first stampede in 1898, and the prohibition came, according to reports received here.

If Hyder's new residents find anything out of the ordinary next spring they may find it in Stewart, a Canadian town set far from Hyder. It is probable, however, that the red-coated constables of the Royal Northwest Mounted Police, who kept order at Dawson in the gold days, will be at Stewart next spring to see that things are within the law.

For a very brief period this winter Hyder was "wide open," according to reports. "Whiskey and beer were sold at many bars, birds were dancing, plans were thumped, and roulette, blackjack and faro were being played," wrote one miner from the town.

Then John Rosan, former territorial senator, was appointed United States marshal and he closed everything up.

"Bang went the lid and hundreds could not get away from Hyder fast enough," the miner wrote. "Many went to Steward. There everything seems to be wide open."

Hyder would have had a population of 20,000 in three months if the "lid" had been left off, the miner predicted. But the "lid" was clamped down and the population dwindled.

## ANAESTHETICS TREES

**Indian Scientist Advances Theory for Successful Transplantation**

LONDON, (AP)—The theory that trees should be treated with anaesthetics to enable them to withstand the shock of transplantation has been advanced here by Sir Jagadish Chandra Bose, the Indian scientist. Sir Jagadish showed photographs of large trees which he had successfully transplanted in Calcutta in spite of their age. Realizing, he explained, that the difficulty of successful transplantation lay in the shock of removal, and that nerve effects in plants and animals were on similar lines, he treated these trees with anaesthetics and they bore the uprooting and removal well.

## FORGEMEN PAY EXTRA

BERLIN, (AP)—Foreign shoppers in some Berlin stores who are unwittingly assessed 50 per cent over the retail prices to Germans. This is in accordance with a suggestion by the Berlin chamber of commerce in view of the high exchange rate of German currency.

# Political Notes

LINCOLN, Neb., (AP)—Voters' petitions to place the name of Senator Hiram V. Johnson of California on the republican ballot in the republican presidential preference primary April 10 were filed with the secretary of state today.

OMAHA, (AP)—Chas. E. Hughes has written a letter to County Clerk Frank Dewey asking him not to proceed with plans to present Mr. Hughes' name in the state primary as a candidate for the republican nomination for the presidency.

LANSING, Mich., (AP)—Petitions to place the name of Governor Edward I. Spang of New Jersey on the democratic ballot in the presidential preference primary, April 5, were filed with the secretary of state today.

DALLAS, Texas, (AP)—Formal announcement of his candidacy for governor of Texas will be made by former Senator Joseph W. Bailey after his address at Galveston tomorrow, he told friends here today.

Our stores were never more attractive. A visit to any of them is a delightful experience. You see the newest things in merchandise—as well as the familiar things—and you get ideal a voice worth listening to!

# SECRETARY LANE TO BE OIL CONCERN EXECUTIVE

**Steps into Office with \$50,000 Annual Salary After Resigning Oil Ficial Position**

LOS ANGELES, Cal., (AP)—Franklin K. Lane, retiring secretary of the interior, will become an executive of the Pan-American Petroleum and Transport company and the Mexican Petroleum company when he relinquishes his official position, it was announced here today by E. L. Doherty, president of the two companies.

Mr. Lane's salary it was reported will be approximately \$50,000 annually. He will have offices in New York, but will frequently visit Los Angeles, where the companies named maintain extensive offices. His duties will be those of a legal advisor and vice-president.

You can find a tenant for that far unshined room—the right one, willing to pay a right price—through the classified.

# A United States Army MAN

**THERE** is a Canal at Panama, linking two great oceans and carrying the commerce of the world.

For a hundred years and more men dreamed of that Canal. De Lesseps had the dream and failed, and the bones of men and wreck of machines remained to mark his failure.

It seemed a task almost impossible; yet that task was done.

It was done by United States Army men.

In Cuba and Porto Rico yellow fever once claimed victims by thousands.

Yellow fever is no longer a menace in those islands. A great physician and his aids helped the people of those islands to conquer it forever.

And they, too, were United States Army men.

In the Philippines a new civilization is arising; and its foundations are laid upon the courage and devotion of United States Army men.

You think of the Army as an instrument of war; and you may; for the record of its men in France and Flanders will live as long as history is written.

But the Army has tasks of peace no less heroic—tasks that mean a safer, and a better world.

It is for those tasks that the Army asks three years of the lives of America's best young men.

To those men the Army promises sturdy health—an asset for their business success in all the years to come.

It offers them opportunity for training in a useful trade. It gives them good food, good clothes and good care. It trains them to responsibility,—it develops character and mind.

It promises them travel, and the knowledge of other lands, that will make them citizens of the world.

The United States Army seeks no inferior applicants. It wants men of whom it can be proud, during their enlistment, and in all the years to come.

Men who will look back twenty, thirty, forty years from now and say:

"Those years were the most valuable of all my years of training.

"They gave me health, and skill, and the capacity for managing men. They gave me a chance to share in giant tasks.

"I am proud of the record of those years, and of what they have meant in my success.

"Proud that I, too, for a little while, was a United States Army man."

Where the U. S. Army serves American troops are serving in Panama, Hawaii, the Philippines, Alaska, China, Germany, Siberia and here in the U. S. A. The recruiting Sergeant will gladly give you all the details.

Like every one else in the Army from General to Buck Private, you're under orders and if your outfit moves and you're needed elsewhere, your duty is to go.

The Nearest U. S. Army Recruiting Stations are:  
**Room 3---Shodair Rooms**  
A personal interview involves no obligation

# UNITED STATES ARMY

**THE 14 ARMS OF THE SERVICE**

The Recruiting Sergeant can give you the information that will help you decide which branch fits you best. In all of them you will get the fine training as a soldier that the United States offers all its men—in many branches you can get highly specialized training.

**INFANTRY**—The men who have made the name of "doughboy" feared and respected throughout the world welcome you to the comradeship. Fine fellows—good fun and good training in any school at the post you go to.

**CAVALRY**—When the horses are changing at the post and the "saddle legs" mount up and the troop rides forth, there is a thrill that no old cavalryman can ever forget. A horse of your own—a good outdoor life and training for future success.

**FIELD ARTILLERY**—"Action Plans" among the comrades of the front—the boys with the red hat cord snap into B. A happy outfit—with the dash of mounted service added to interesting work that calls for head and hand. Motors if you wish.

**CORPS OF ENGINEERS**—Army engineering is known the world over for its excellence and its skill—men in the engineers can be the start of a young man's training in the various branches of engineering and in the mechanical and building trades.

**COAST ARTILLERY**—Living on the sea-coast, guarding big cities with big guns, giving time for study and a wide and good technical training, the C. A. C. man is preparing for a useful life and good pay and is having a good time while he's learning. The C. A. C. also sees the noble big gun regiments throughout the country.

**AIR SERVICE (including BALLOON CORPS)**—The man who gets the early edge in experience with aeroplanes and balloons has a chance to catch it big on his army training. For flying is only in its infancy and it's going to be a profitable business for men with the right experience.

**ORDNANCE DEPT.**—The ordnance is appealing to the studious young American. To wide opportunities for study, it adds a business as well as a technical training.

**SIGNAL CORPS**—Whether it's laying a wire from a red-curtain at a gallop or installing a wireless station that will flash its message back around the world, the Signal Corps is there, and men who learn radio telegraph and telephone work in the Signal Corps is always valuable.

**MEDICAL DEPT.**—Good experience, good pay, and training in all branches of hospital work. Excellent opportunity for future success. The Veterinary Corps teaches the care of horses as well as meat and milk inspection.

**TANK CORPS**—The man who knows gas motors and tractors or who wants to know them is invited to join the Tank Corps. The Tank Corps work are all parts of the Tank Corps work.

**QUARTERMASTER CORPS**—The Corps that feeds and clothes the Army offers a valuable training for future business. Interesting work for the man who likes horses in the Remount Service.

**CONSTRUCTION DIVISION**—Practical work in the many trades is part of the every day life of the Construction Division. Many opportunities to learn the trades of highly paid specialists.

**CHEMICAL WARFARE SERVICE**—For a man with a little knowledge of chemistry or for any ambitious young man who would like to get that knowledge, there is interesting work and rapid advancement in the C. W. S.

**MOTOR TRANSPORT CORPS**—A thorough practical training in motors and their accessories, and in driving as well, is given in the well-equipped schools of the Motor Transport Corps.

**Expert Battery and Ignition Service**

Battery Charging and Winter Storage  
Automotive Electrical Specialists

Today's Markets

**New York Exchange**  
**NEW YORK, (P)**—Stimulated by a broader demand for railway issues, the stock market recorded further improvement, with activity from 10:15 to 11:30. Bases approximated 900,000 shares. Highest prices of the afternoon were in the following: First National closing was 47.75; Liberty Bonds.

**NEW YORK, (P)**—Prices of Liberty Bonds at 2:55 p.m. today were: 3 1/2's \$90.80; first 4's \$90.50; second 4's \$90.60; third 4's \$93.00; fourth 4's \$90.84; Victory 3 1/2's \$97.70; Victory 4's \$97.50.

**Grain and Provisions**  
**CHICAGO, (P)**—Fresh weakness showed itself today in the corn market. The chief new bearish factor was a department of justice report in regard to seizure of foodstuffs in an effort to compel the lowering of prices. Declines in the value of hogs tended also to act as a weight on the corn market. Opening prices, which ranged from 1 1/4 to 1 1/2 lower, with May \$1.33 7/8 to 1.35 1/8 and July \$1.39 3/4 to 1.40, were followed by a moderate further setback.

Absence of support became more pronounced later. The close was nervous, 1 to 1 1/2 cent lower, with May \$1.28 3/8 to 1.32 1/8 and July \$1.32 3/8 to 1.39 1/2.

Oats sagged with corn. After opening 1 1/4 to 3 1/4 down, including May at 80 1/2 to 80 3/4 down, the market continued to descend.

Lower quotations on hogs pulled down provisions. Selling, however, was not urgent.

**Kansas City Produce**  
**KANSAS CITY, (P)**—Butter, packing, 1c lower; eggs, others unchanged; eggs 15c higher per case, current \$14.05; firsts unchanged, 50c; poultry, hens 1-2c higher, 92c; other unchanged.

**CHICAGO, (P)**—Corn No. 3 mixed \$1.41 No. 2 yellow \$1.46 1/2 to 1.48 1/2; Oats No. 2 white \$1.18 to 88 1/4; No. 3 white \$5 1/2 to 87.

**Chicago Livestock**  
**CHICAGO, (P)**—Hog receipts 14,000; 10 to 20c lower; bulk \$13.75 to 14.40; top \$14.50; heavy \$13.50 to 14; light \$14.25 to 14.00; heavy packing sows, smooth \$12.50 to 13.25; packing sows, rough \$13 to 12.50; pigs \$13 to 14.

**Omaha Livestock**  
**OMAHA, (P)**—Hog receipts 11,000; market mostly 55c lower; top \$13.00; bulk \$13.25 to 13.50; heavy weight \$13 to 13.40; light weight \$13.25 to 13.50; heavy packing sows, smooth \$13 to \$13.35; packing sows, rough \$12.50 to 13; pigs \$13 to 14.25.

**Sheep receipts 11,000; steady; lambs, 84 pounds down \$18 to \$1.25; culls and common \$14.50 to \$1.75; ewes, medium, good and choice \$11 to \$1.75; culls and common \$6 to \$1.50.**

**Sheep receipts 11,000; steady; lambs, 84 pounds down \$18.25 to \$2.10; culls and common \$13.35 to \$1.75; yearling wethers \$15 to \$1.75; ewes, medium and choice \$11 to \$1.25; culls and common \$6.50 to \$1.11.**

**Chicago Produce**  
**CHICAGO, (P)**—Butter unchanged; eggs higher; receipts 11,061 cases; firsts \$4 to \$4 1/2; ordinary firsts 45 to 50c; at mark, cases included 50 to 55c; poultry, alive, higher; springs 32c; fowls 37c.

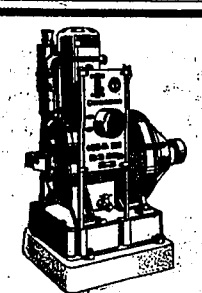

**AMUSEMENTS**  
**ORPHEUM**—"The Kingdom of Love"; also two feature vaudeville acts.  
**GEM**—"The weaker Sex"—Charles Ray, Dorothy Dalton and Louise Glanna.  
**IDAHO**—William Petrum in "Wings of the Morning"; also Sunshine Comedy, "Her Naughty Wink."

**RAIL ROLL STABILIZES WAGE**  
 (Continued from Page One)  
 rier's reserve fund, while the rest goes to the federal railroad contingent fund, which is to be used by the commission in making loans to railroads or for the purchase of transportation equipment or facilities and leasing the same to carriers.

**Widens Commission's Powers**  
 The bill greatly widens the commission's powers and increases the membership from nine to eleven commissioners with an increase from \$10,000 to \$12,000 in annual salary.  
 The commission's increased powers include the following:  
 Supervision over the issuance of railroad securities, the commission's approval being required before a railroad can issue stock or bonds.  
 Establishment of minimum rail rates, the commission up to this time having had only power to establish maximum rates. This power will enable it to pre-

vent a carrier from conducting "cut throat" competition.  
 Authority to make such decisions with respect to car service in times of emergency as will best promote the service in the public's interest.  
**For Common Terminals**  
 Authority to compel the joint or common use of terminals; to give direction for preference or priority in transportation, embargoes or movement of traffic under penalty of \$100 a day.  
 Approval of new construction or abandonment of railroads.  
 Complete control over railroad operation throughout the United States in case of war or threatened war; the bill provides, would be centered in the commission which would have powers similar to those now exercised by the railroad administration.

Hart Schaffner & Marx,  
 Chicago, Ill.

Dear Sirs:

I don't know that you will be interested in the following, but I just want to tell you how Hart Schaffner & Marx Clothes have worn for me.

On Dec. 21st, 1910, I purchased a Hart Schaffner & Marx suit of clothes from Mr. Henry Taylor then employed by Mr. J. W. Barrow of Magnolia, Ark. I paid \$27.50 for the suit, and it has had continued service since that date during each fall and winter, and today it hasn't a darned place in the suit.

The only place that it has broken is the collar on the coat and the lining in the sleeves and that is not noticeable, and to think that Dec. 21st, 1919, I will have given the suit nine years of good hard service is some ad for Hart Schaffner & Marx clothes, I think; very few people will call it over two years old.

Mr. Henry Taylor, the salesman that sold me the suit, is working for Haynes Brothers in this city, and he and I will both make affidavit that the above statement is correct.

If the above is worth anything to you then my efforts will not have been in vain, and if you would like to have the suit I will return it to you.

Yours Very Truly,  
 J. D. CABBOLL,  
 Hope, Ark.

Our suits won't all make a nine year record but they'll wear as long as any man expects them to. If they don't do what he thinks they should, he gets his money back.

# Eldridge Clothing Co.

Local Brevities

Ill at Home—Ray Atwood is quarantined at his home on Fourth avenue west suffering with smallpox. Patients at Hospital—Mrs. Donald Humphrey is a patient at the county general hospital, where she underwent surgical operation yesterday. Pythian Sisters—The Pythian Sisters will hold their regular meeting Friday afternoon at 2 o'clock in the parlors of the Odd Fellows hall. Goes to Goose Lake—A. Souner, N. W. Sharp, J. F. Todd and the Matthews brothers have left by auto for a two day trip to Lakeview, Oregon. Patient at Hospital—Milton Bossert of Massant, Yelm neighborhood is a patient at the Boyd hospital suffering with inflammatory rheumatism following "flu."

Social Notes

The Presbyterian missionary society will meet in the church parlors tomorrow afternoon. The program to be given is a surprise, and it is understood will be quite unique. The Episcopal Guild will meet at the home of Mrs. E. B. Williams tomorrow afternoon at 2:30. It is hoped there will be a full attendance, as final details will be arranged for the supper to be given at the Pariah hall Saturday evening for the visit of Bishop Tourret and party. Mrs. John M. Maxwell and Miss Jane Maxwell entertained Chapter "D," P. E. O., last evening at the home of the latter. A brief business session was held at which twenty-five dollars was voted to the Near East Relief fund. Sixteen members responded to roll call with questions on various topics. Mrs. Carl J. Hahn gave an interesting paper on P. E. O. problems and Mrs. Ernest White told of her recent trip to Arizona, where they visited the San Xavier mission, which is the oldest in the United States, having been founded four hundred years ago by the Franciscan fathers. It is in a fair state of preservation, and a school is now being conducted in it. Here one hundred and twenty-five Indian children of the Papago tribe are taught. Cotton was also being picked in the Salt River valley. Daily refreshments were served at the close of the evening.

Theatres

IDAHO. One of the most graphic and stories ever shown on the silver sheet will be seen for the first time at the Idaho theatre, commencing today, with William Farnum, the William Fox star, who will essay the role of the hero. The story, "Wings of the Morning," is a well-known novel by Louis Tracy. As unfolded on the screen, the drama is filled with stirring situations and thrilling incidents, coupled with one of the most dramatic portrayals in which the eminent star has been seen. BASKETBALL TONIGHT. Twin Falls post Legion basketball team will play the Jerome quintet on the high school gymnasium floor tonight.

World War Veterans' Publication Says Remarks to Jack Dempsey are Example of Indifference Displayed Toward Returned Service Men

(The Home Sector)

While many sport followers and sporting writers who have recently commented upon the case of Jack Dempsey stress strongly the injustice of making him alone the victim of all the pent-up resentment which several million Americans have felt against a whole group of pugilists and athletes...

In the meantime he has been looking around a little. He has been seeing and hearing about... the physical incapacity, the men poorly fitted naturally for the struggle of life today...

The ex-soldier got back home and was discharged from the service. He had offered and possibly risked his life, he had undergone hardships and suffering which only he and his companions could appreciate...

Then the ex-serviceman reasons something like this: "I offered my life for my country. But, that means nothing now; it was my duty, and the act was his own reward."

His government gave him sixty dollars at a time when abnormally high prices had cut the purchasing power of that sum in half... The first problem of the member of this last group was to put in an appearance at least modest respectability...

Long before the armistice congress talked much of what should and would be done for the returned soldier. It is fifteen months and more since then, and that is all that congress has done...

desire for it among ex-servicemen. And so, without assistance, most of the ex-servicemen in this country are working their more or less weary way up hill, working to make up the months and years they gave to their country...

On the whole, there has been very little bitterness among ex-servicemen over the country. The ex-soldier may have winced, but he has not whined...

Now All You Good Fellows, Come Fill Up Your Pipes

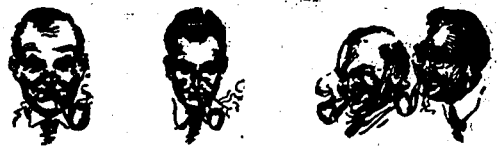

The Velvet tin is twice as big as shown here

If ever men are "Tom" and "Bill" to each other, it's when good pipes are a-going. If ever good pipes go their best, 'tis when Velvet's in the bowl.

For Velvet is a mighty friendly smoke. Kentucky Burley is the leaf that Nature made for pipes. Wholesome and hearty, honest as the day. And Velvet is that same good Burley leaf, brought to mellow middle age.

For eight long seasons Velvet "meditates" in wooden hogsheads, throwing off the rawness of "young" tobacco—truly "ageing in the wood." Out Velvet comes—cool, calm and generous—the tobacco Nature made good, kept good and made better.

Velvet's sweetness is the sweetness of good tobacco, not "put on" like "frosting" on a cake. Its mildness comes from natural ageing, not from having the life baked out...

As good old Velvet Joe says: "Fill yo' heart with friendly thoughts, Yo' mouth with friendly smoke—An' let the old world wag."

Ligarette Co., Twin Falls, Idaho

# HILLQUIP MAKES DEFENSE OF ARMY OF SOCIALISTS

Attorney for Suspended New York Assemblymen Denies Marxian Apostles in America are Bolshevists

**AIDANY, N. Y.** (AP)—Socialists in the United States are not Bolshevists, but social democrats of the Marxian school, declared Morris Hillquipp, socialist leader, testifying today at the trial before the senate committee on the charges of the five suspended socialist assemblymen charged with disloyalty.

**Call Soviet Inappropriate**  
In connection with the charge that American socialists sought by revolution to improve the soviet system in the United States, Mr. Hillquipp asserted that to say the soviet system would be appropriate in this country, so much more highly developed than Russia, would be "infantile."

**Mr. Hillquipp declared American socialists had expressed sympathy with soviet Russia because of their admiration of the soviet government, which he said was "being worked out there."**

**Denies Legal Obstruction**  
In connection with the war program of the socialist party, which he helped to draw up, Mr. Hillquipp testified he had bought no liberty bonds as he would not voluntarily support war. He denied, however, that the Russian aided others not to purchase bonds. He added that, while opposing declaration of war, he was not seeking its speedy termination. American socialists had not tried illegally to obstruct it.

## EXCHANGE OF OFFICERS FOR WAR TRAINING ARRANGED

**COBLENTZ, (AP)**—An arrangement has just been completed between the commands of the American and French armies of occupation for the regular exchange of junior officers for training in the military methods of the other nation. Three American officers will join a French unit on the Rhine tomorrow for three weeks' service, and French officers of the same rank will join the American for the same period. A similar agreement between British and American units on the Rhine has been concluded and the exchange will begin soon.

## PERMIT TO BUILD

To J. E. King, contractor, a permit was awarded by the city clerk for the erection of a one-story section building 18 by 20 feet in dimensions. The building will be erected on Boone street and will be used as a short-term store. Cost is estimated at \$350.

## HOMES FOR BOYS

John E. Ault, juvenile officer, is seeking homes in which to locate two 15-year-old lads. Father's name preferred. In each case the father is dead. The boys each have had experience on farms and are said to be clean and willing youths. They are at present living in a rooming house.

## JOSEPHINE MARTINO DELIGHTS AUDIENCE

Lyric Singer and Company Provides One of Best Recitals Heard in Years

If there have been lacks in the quality of entertainment provided by the Lyric singing company at the Lyric theatre since this season's season, at least, those deficiencies were made up in the performance of last night at the Laving in the recital given by the Lyric company. The organization could return again tonight and be assured of a most cordial reception.

The Martino company is composed of four performers, each a musicianally trained. Miss Josephine Martino, lyric soprano, heads the organization as is befitting to her ability. The others of the company are a woman violinist, a cellist and a pianist. Each gave a rare exhibition of artistry along a particular line.

To Miss Martino must be accorded credit as the bright particular feature of last night's performance. Her singing was second to but few more prominent vocalists who have appeared in public roles in Twin Falls in recent years. She possesses a voice of the rarest lyric quality, has power, breadth, range and wonderful control. Her enunciation is well nigh perfect and in personality she lacks nothing. There is nothing that might be construed as obtrusive about Miss Martino, in fact she appears, if anything, rather too unassuming.

Her-classic numbers were excellently sung and clearly interpreted, but it was in the ballad or lighter numbers that she shone with the greatest particular lustre. All members of the quartet were well received both in ensemble as well as solo numbers.

For this occasion a Julius Bauer piano, donated by a local music house, was used.

The next lyric number will be the De Mille Male Quartet on February 23.

## LEGION'S PROGRAM SPELLS GOOD TIME

Tonight's Festivities Include Everything in the Line of Lively Entertainment

Festivities in connection with the entertainment program of the American Legion post, held for tonight, will be of a varied order, according to Post Commander Tom Harrington. The affair will be conducted in the Masonic temple, starting at 8 o'clock.

There will be everything in the line of entertainment consistent with the policy of the post's smokers. Mr. Harrington said today, adding that the whole schedule spelled a "whale of a time." A special committee has provided an ample "feed" for the occasion, and there will be activities of an entertaining order. Discussion of matters connected with the work of the legion in general, and of Twin Falls post in particular, will occupy some of the time.

## Have You Any Shovels for Your Daily Work?

OTHER tools and equipment may want, and near on the same lines, are "first robin," wild flights of geese and ducks in northern, southern, but Twin Falls leads in the best quality of shovels, garden plants and sundries—reports that not only ring with truth but are true.

Mr. George Sprague tells of the appearance of sprague, snow-drops and like idiosyncratic plants in Sprague home yard last Sunday.

Anybody else get any like harbingers?

Up to the time of writing this article we had not seen the climatological commander-in-chief's annual announcement, but we can guess and so can you, what it is without a look.

While "winter" made no higher level in its daily chamber yesterday, than on the day prior, being 49 on both occasions, it did not get down so far during the night, 23 being the lowest.

## STRIKES REPLACED

A number of workers, employed in the construction of a cement conduit for the Eighth avenue lateral, quit work yesterday when informed that the city administration would not pay the wage offered by the supervisor in charge. Today the places were filled by men willing to accept the city's scale of \$4.50 per day. The men who quit had been receiving \$5.20.

We have a few of Hart, Schaffner & Marx all-wool boys' suits left, and will close them out at a discount. Eldridge Clothing Co.—Adv.

## SALVATION ARMY IN NEED OF BUILDING

The Salvation Army headquarters for barracks headquarters. Ensign and Mrs. John Naton have been in Twin Falls a fortnight and as yet no suitable place has been offered for occupancy. This is the statement of H. E. Grant, of the city advisory board having charge of locating the Salvation Army in Twin Falls. The board met with Ensign Naton last night for a general discussion of matters pertaining to the Army corps in Twin Falls. Nothing of a satisfactory nature connected with the Army project was developed at this meeting, according to Mr. Grant. Offer of one location was considered, but this location lacked the requisites necessary for the purposes of the corps and was rejected.

What Ensign Naton now wants more than anything else is an executive office where he can transact the private and personal business of the Army. Mr. Grant stated this morning. He explained that the head of the corps has already initiated uplift work, and has found ample opportunity for "rescuing" in a certain class of this community. A special committee, composed of Thomas Robertson, H. K. Grant and C. N. Beatty, has been chosen to confer with Ensign Naton and work out a solution of the headquarters and office problem.

Ensign Naton expects to start street services immediately.

## CALL TO PRAYER

The Federation of Women's Boards of Foreign and Home Missions units in a call to prayer, asking that the women of the churches observe the first Friday of the Lenten season, February 20, as a day of prayer. All women interested in missions and all members of the W. C. T. U. are asked to meet at the Presbyterian church Friday from 2:30 to 4:30. Mrs. Conrad L. Owen, the president of the Missionary Union, will preside at this meeting.

Dismissal was ordered by Judge O. C. Conroy in the private return case filed in the county court by the state prosecutor against Howard E. Jaynes. The latter was accused of a misdemeanor, proof of which the court readily was not substantiated. Jaynes, according to the complaint, charged on his wife, Mary E. Joyner, on February 12, with bodily harm. John E. Beatty, the state prosecutor, was the complaining witness. Suit for divorce filed by Mrs. Joyner, is pending. Homer Mills defended Joyner in this morning's trial.

A GOOD PLACE TO TRADE

## A Shopping Week of Unusual Interest

Spring has opened up rather early this year and the demand for Spring merchandise has been unprecedented. To offer at this time new up-to-date stock at such prices is somewhat out of the ordinary.

### Draperies

We have just received a shipment of nets, cretonnes, figured marquisettes and velvete cloth. To brighten up a room or two is a necessary part of the Spring House-cleaning.

### Knitting Yarns

There are so many practical things that can be made from knitting yarns.

Fleisher's Knitting Worsted, Germantown Zephyr, and Saxony Yarn, regular 45c ..... 38c

"Bear Brand" Art Wool, Angoret and Saxony, regular 45c ..... 38c

**\$57.50**

### Shoes

Here is an opportunity to get shoes of finest quality leather and workmanship. True, they are not the latest style, but for service in the house, on the ranch or on outings they are just the thing.

Women's two-tone, lace, good quality kid; values to \$11.00 ..... \$3.15

Women's black kid, button, some with cloth tops; values to \$8.00 ..... \$3.15

Women's black kid, lace, medium and French heels; values to \$10.00 ..... \$3.95

Women's Oxfords ..... 95c

### Skirts

Our new Spring Skirts are marvels of style and color. Then, too, the price range suits most any pocketbook. Prices range from \$10.00 to \$35.00.

### Blouses

Just one dozen models of the latest creations. If you would know what is the latest, see our window display. You will admit that they are wonderful.

### Spring Suits

Are so charmingly youthful in line, and springlike in fabric and tone, that one is irresistibly tempted to try them on. Miss Conroy, our New York buyer, has just shipped us direct a number of models. The price is reasonable—

### P. & N. CORSETS

These are excellent corsets and we would be pleased to stock them further, but in order to standardize our stock, this line will be closed out—

1.25 values	\$ .89
1.50 values	\$ 1.15
1.75 values	\$ 1.38
2.00 values	\$ 1.58
2.25 values	\$ 1.89
2.50 values	\$ 2.15
3.00 values	\$ 2.58
3.50 values	\$ 2.98
4.50 values	\$ 3.75
