TWIN FALLS, IDAHO, THURSDAY, FEBRUARY 19, 1920

COURT ENJOINS SALE OF FORMER GERMAN LINERS

Temporary Injunction Granted in District Supreme Tribunal Would Prevent Delivery of Vessels Lately Offered

INTERPRETS STATUTES AS LIMITING POWERS

Shipping Board Chairman Announces Purpose to Appeal from Order and Will Require Board from Inhibitor

WASHINGTON, (AP)—A temporary injunction to prevent the sale of the 50 former German passenger liners recently acquired by the board was granted today by Associate Justice Bailey, of the district supreme court.

Justice Bailey said that after a careful examination of the law he was of the opinion that they did not show any intention on the part of congress to place in the president's hands the ships but the power to sell them.

Application for the injunction was made last Saturday by William Randolph Hearst and hearings on it were held last Monday when the ships were being offered at public auction. The board announced yesterday that it had decided to reject all of the bids received. At the same time it asked congress for authority to spin off the ships at public auction.

Chairman Payne, of the shipping board, announced that he would recommend to the department of justice that an appeal from the temporary injunction order be filed immediately. Meanwhile, he said, it was expected that Mr. Hearst would be required to furnish a bond to protect against loss by reason of the shipping bills.

Justice Bailey's decision sustained contentions of counsel for Mr. Hearst that the German ships were seized under military legislation and that the board's power of disposition did not apply to them.

ASSAULTS POLICY OF SHIP BOARD

Former Vice Chairman Criticizes Methods of Computing Depreciation

WASHINGTON, (AP)—Bids amounting to \$6,810,000 were received by the shipping board for seven former German passenger liners, 20 years old, that the board had listed as "junk."

The value of the thirty German ships offered for sale was two to three times the amount of the bids received. Mr. Stevens said, their real value being between \$8 and \$9 million.

Although he asked that the ships be appraised by experts outside the shipping board and that he be allowed to bid with them, Mr. Stevens said he was not notified when the experts met and knew nothing of the appraisal until it appeared in the committee's record.

SOCIALISTS FOR WORLD WORKERS SOLIDARITY AS TRUE PATRIOTIC IDEAL

Counsel for Suspended Socialist Members of New York Assembly Gives Ideas of Loyalty Entertained by Organization Members; Says He Never Denied Party is Anti-War and Did Not Favor War Against Germany, after it Was Declared

RECOGNIZES DUTIES AS PRIMARILY TO WORKING CLASSES IN AMERICA

ALBANY, N. Y. (AP)—Socialists repudiate the sentiment "my country right or wrong" and refuse to accept the slogan proclaimed during the war of "stand behind the president," Morris Hillquit, socialist leader, testified today under cross examination at the trial of the five socialist assemblymen charged with disloyalty.

"My country, right or wrong" is a "false doctrine of national patriotism," declared the witness. The "true" doctrine, he said, is "the ideal of international working class solidarity."

Debs' Name Entered in Primary Election

DESCHANEL IS INAUGURATED AS PRESIDENT

Formal Transfer from Old to New Regime in France Takes Place With Ceremony in Palace of the Elysee

PARIS, (AP)—President Deschanel yesterday became fourth president of the French republic, succeeding Raymond Poincaré, who had acted as regent of the republic after one of the most critical periods in the history of the country. The formal transfer from the old to the new regime occurred at the palace of the Elysee this afternoon.

Witnesses' Number Limited
The inauguration of the French president is a formal ceremony and the number permitted to witness the transfer of authority is limited to the presidents of the senate and the chamber of deputies, committees from each house and members of the cabinet.

On the conclusion of the formality President Deschanel, Raymond Poincaré were driven through the crowded streets to the city hall, where they were received by the president of the municipal council, the prefect of the department of the Seine and the president of the general council.

Greetings were extended to the president and the retiring executive and a formal receipt was given to the president of the senate and the chamber of deputies. Poincaré was driven through the crowded streets to the city hall, where they were received by the president of the municipal council, the prefect of the department of the Seine and the president of the general council.

Grants Sweeping Amnesty
A sweeping grant of amnesty will be granted by President Deschanel to the functions of president of the French republic today. Civil and military offenders will be included, the only exceptions being persons convicted of treason against the state.

Raymond Poincaré, who today retired from the presidency of the French republic, may succeed Charles C. A. Jonnart as president of the republic, but the department of the reparations committee.

PRESIDENT'S CONDITION SUGGESTS NEW PROVISION

Representative Foss Proposes Constitutional Amendment for Procedure in Case of Disability

WASHINGTON, (AP)—Amendment of the constitution so as to provide procedure for filling the vacancy of a president in case of the disability of the incumbent was proposed in a resolution introduced yesterday by Representative Foss of Ohio, chairman of the republican congressional committee.

Under the proposed amendment the disability of a president would be "determined by the supreme court when authorized by a concurrent resolution of congress." To avoid delay in case congress was not in session the vice president would be "authorized to call congress into special session for the purpose upon recommendation of the cabinet."

Mr. Foss said that while the condition of President Wilson "gave rise" to his proposal, the measure was not designed to cause his removal.

JAPANESE FISHERMEN WIN 30 DAY STRIKE FOR MORE PAY

HONOLULU, T. H., (AP)—Japanese fishermen, catching skai for the Hawaiian Tuna Packing company, have won their thirty-day strike for higher pay, and the sampans are going out to the fishing grounds.

Last year's agreement terminated on December 29, 1919. The fishermen refused to renew it for 1920 at five cents a pound, the old figure. It has just been announced that the canners have agreed to pay seven and one-half cents a pound during 1920.

SHANGHAI POLICE ENGAGED IN PUNISHMENT OF BLACKMAILERS

SHANGHAI, (AP)—Shanghai police in recent weeks have been engaged with the task of running to earth an organized gang of blackmailers, the members of which are believed to be Chinese, who have been using bombs in stores and public places when their demands met with refusal. So far but one arrest has been made.

A "sloody-looking" man may be an excellent man, of fine standing among those who really know him—but the Appearance count for much—in dress and in PRINTING. A poor piece of printing has minus-value all its own. It knocks, silently condemns.

\$50 ROUND-TRIP TO Lakeview, Ore.

See the beautiful Goose Lake Valley and its many natural advantages including blue-ribbon loam soil free from rock or alkali, pure soft artesian and well water, and its nine by forty-five mile lake teeming with trout.

Idaho people are raising the same crops there as are raised here and they are doing it on land that cost them \$100 an acre on a twenty year payment plan. Let us tell you more about this interesting proposition.

Borneo Missionary to Pursue Elusive Savage in Flivver

Baptist Denomination Proposes Application of Efficiency Methods

CHICAGO, (AP)—Baptist missionaries in Borneo will soon pursue the elusive savage through the untamed jungles of a flivver. The Baptist church succeeds in raising the \$100,000,000 it has set out to collect for church purposes, Prof. A. T. Small, of the University of Chicago announced today.

Among the items to be purchased from the fund are 75 automobiles for the use of missionaries in Borneo, Assam, India and Africa. The old fashioned missionary who used to barter the penicillin candy from a front seat in the evening's soap is out of place in the present era of efficiency, Prof. Small explained. A missionary with an automobile can do eight times as much work as one not so equipped, he said.

FORMER SECRETARY OF TREASURY DODGES VOTE

McAdoo Says He Will Not Permit His Name to Be Used on Primary Ballot

NEW YORK, (AP)—William Gibbs McAdoo announced yesterday he would not permit his name to be used on presidential primary ballots in the various states and territories. He said he would not permit his name to be used on the ticket of uninitiated delegates to the democratic national convention. The former secretary of the treasury said he believed the highest constructive citizenship can be obtained if the national interest is placed above a contest of individual candidates.

"Personally," Mr. McAdoo continued, "I would be delighted if the next national convention might actually be a great democratic conference where the utmost freedom of opinion should prevail and where the motive of high service alone should control."

Mr. McAdoo's views were expressed in a letter sent to M. M. S. B. in response to a telegram saying the citizens of his boyhood had placed his name on the presidential preferential ticket.

TO WAR ON MAN-EATERS

Noted Traveler to Lead Expedition Against Animal Man-eaters in China

KULING, China, (AP)—E. S. Little, noted scholar and traveler, will head a party of sportsmen east to the spring in an expedition into the district of the southwest where an effort is to be made to rid the country of a number of man-eating animals, said by the natives to be tigers. Reports are that 20 Chinese besides a large number of cattle, sheep and other animals have been killed and devoured in the district that the hunters will visit. The country is 800 miles and 1000 feet above the plains along the upper foothills, has been in a state of terror since last summer. Inhabitants have abandoned their homes and farmers their fields and Chinese report that at least five different tigers have been seen.

BRITISH NAVAL HERO TAKES PASSAGE AS COMMON COOK

SAN FRANCISCO, (AP)—Lt. Henry J. Mansell of the British Royal Navy, decorated on several occasions by King George, arrived here recently as a cook on a schooner.

Mansell was on his way to Vancouver from China, when he developed appendicitis, and the Zampa sailed 300 miles east of course to land him in a hospital at Apia, where he was successfully operated upon.

In his eagerness to get to London, Mansell shipped as cook on the schooner, or which stopped at Apia.

WOMEN REJECT OWN PARTY IDEA

Suffragists Endorse League of Nations and Ban Military Training

CHICAGO, (AP)—Alignment of women voters with existing political parties and abandonment of efforts to inaugurate a political organization of their own was advocated yesterday by leaders of the League of Women Voters, successor to the National American Women Suffrage association. Republican and democratic members of the league urged the women to affiliate with their respective parties and expressed their opposition to the formation of a women's party.

Urges Independent Voting
The retiring president of the suffrage association, Mrs. Carrie Chapman Catt, urged women to enroll in one of the political parties.

In a farewell address, Mrs. Catt cautioned women voters against "standpat politics and the role of followers in the political parties."

"Do not go to the polls as a mere endorser of a platform that others have written for you in some back office," she said. "Take a vote before you leave Chicago and before you enroll in a political party that you will never vote a ticket until it has been submitted to your intelligence and ratified by your conscience. Don't be a 'regulator'."

Admits of Reservations
The convention endorsed the league of nations, recommended "adhesion of the United States with the least possible delay" and rejected universal military training. Both resolutions were adopted only after prolonged and warm debate. Speakers who advocated the latter resolution indicated they favored reservations to safeguard American interests.

Mrs. Raymond Brown, of New York, pointed out that the wording of their resolution would not oppose reservations.

Opponent of universal military training declared that it would have a "paralyzing effect" on the country, and urged the need of strict economy in governmental expenditures.

REMODELING OLD PRISON

One of Oldest Buildings in Mexico City to Undergo Renovation

MEXICO CITY, (AP)—Belen Prison, one of the oldest edifices in this city, is being renovated and remodeled preparatory to its reopening as a general prison after seven years of disuse. It was built in 1683 and was used as a prison after 1906.

During its years of use it was said the prison never harbored less than 3,000 criminals.

LONGBOREMAN DECIDE TO END THE PERSISTENT STRIKE

NEW ORLEANS, (AP)—Coastwise longshoremen on strike here for the past ten days, voted yesterday to return to work at former wages and continue under existing conditions pending promised reconsideration of their problems by the national adjustment commission. Freight handlers will vote on the question of returning late today.

DECLARE NORTH DAKOTA CAPTURED BY SOCIALISTS

Republicans in Convention Advise Against Filing of Credentials Petitions Because of Situation

BISMARCK, N. D., (AP)—North Dakota republicans in convention Tuesday adopted resolutions urging all presidential candidates not to file petitions in this state for primary preferential vote. The action was due to the "distressing state situation," according to the resolution, which declared that "all branches of the state government of North Dakota were taken over two years ago by an organization directed by socialists."

Other actions of the convention included nomination of Gunder Olson of Grafton for re-election as national committeeman, selection of five presidential electors and of ten delegates to the national convention in Chicago June 8, and election of ten alternates for the delegates.

The national convention delegates nominated included Miss Minnie J. Nielsen, state superintendent of public instruction, about whom has centered much of the political battle in North Dakota the past four years through opposition to the superintendent on the part of the Non-Parliament league.

SETS HOG PRICE RECORD

Hampshire Sows in Nebraska Sale Bring Average of \$923 Each

NEBHAWKA, Neb., (AP)—What the owner said were world's record prices for Hampshire bred sows were brought here Tuesday at a sale by Raymond G. Pollard of this city. Forty-two head sold for \$21,985, an average of \$523, as compared with the previous high of \$860. One sow brought \$2,650, a new top for this breed. Buyers from twenty-eight states were present.

VICAR DENOUNCES FLAME CRUISE WITHOUT REARER

TULLE, France, (AP)—The vicar of the village of Aiz, near here, denounced modern dancing and balls during his sermon on Sunday morning and on Monday night the windows of his church were smashed. It is alleged that young people of the town are guilty of the act.

There is no better medium in the world than a newspaper for advertising and the News is a newspaper.

FIVE REASONS Why You Should Buy AMERICAN QUALITY Wood Pipe

- 1—The lumber used in making American quality wood pipe is of best grade Washington yellow fir and is free from flaws. It is thoroughly seasoned by kiln drying, which makes it strong and durable.
- 2—American quality wood pipe is banded with galvanized steel wire. While a tension is maintained to impress it into the wood it cannot break the fibre of the staves.
- 3—Our wood pipe is treated with a preparation of tar and asphaltum to insure it against decay and leakage.
- 4—Each length of pipe has an inserted joint. This makes the installation of our pipe easy and inexpensive.
- 5—All material and workmanship entering into the manufacturing of American quality wood pipe is guaranteed to be free from defects and the pipe is guaranteed to withstand the high pressure for which it is built.

When this superior wood pipe is used for irrigation purposes there is little waste of water through evaporation and seepage—as is always the case with open ditches. It minimizes the carrying of noxious weed seeds and is guaranteed against all defects and flaws.

Ask at any local Boise Payette yard about American quality wood pipe and let us show you how it can serve you in meeting your irrigation problems.

OLD PROTEST TO U. S. RENEWED BY COLOMBIANS

Senate and House of Representatives Adopt Resolutions on Alleged Infringement of the Rights on Isthmus

BUENOS AIRES (AP)—La Epoca, organ of the government party in Argentina, has just published a communication from the Colombian legation giving the text of resolutions adopted by the senate and house of representatives of Colombia on November 3 last protesting against the alleged infringement by the United States of Colombia's rights over the Isthmus of Panama. The resolution of the Colombian senate reads:

Renews Old Protest
"This day being the sixteenth anniversary of the rebellion of Panama, fomented and supported by the government of the United States of America, with manifest infringement of a public treaty, the senate of the republic interprets public opinion in declaring, once more, that the rights of Colombia over the Isthmus of Panama are inalienable, and in protesting, as it does protest, before the civilized world, against the causes which have impeded the use and defense of its rights."

"Colombia reaffirms solemnly, today its rights to all and each one of the portions of territory bestowed upon it by its liberators, and it demands the answer which time shall bring to the hopes of revindication, that its cause in the cause of justice and civilization, and the sovereignty and integrity of nations."

"The senate, in making this protest and these declarations, expresses the wish to see substituted by the action of equity and justice the proceedings which have limited and made nugatory the rights of weak nations."

House Echoes Sentiment
The resolution of the house, expressing similar sentiments, recommends against the failure of the United States senate to approve the treaty of April 6, 1914, and protests against the proposed celebration of a new pact "quite foreign" to the April 6 convention.

By the treaty of April 6, 1914, the United States would have expressed "regret" and paid Colombia \$25,000,000 for its action in Panama. That treaty has not been approved by the United States senate.

SCORPION WINS DEATH BATTLE WITH CENTIPEDE

Former Mayor of San Bernardino Claims to Be First Witness of an Unique Encounter

SAN BERNARDINO, Cal. (AP)—The desert-odd question as to which wins in a death-battle between a scorpion and a centipede has been answered for the first time, possibly in America. The former mayor of San Bernardino, who witnessed such a contest in the Painted Hills of San Bernardino county.

The scorpion was lifting a rock to obtain a mining monument when he discovered the two creatures of the desert preparing for battle. They paid no attention to him, but carefully began the "ravenous" with death. Apparently the poison of neither was fatal to the other and death came to the centipede only when the scorpion finally fastened its claws about its enemy and tore off its head while the centipede was struggling to free itself.

The two creatures were each about two inches long.
For decades prospectors on the Mojave desert and in Death Valley have been willing to bet—sometimes small fortunes—on the question of whether a centipede or a scorpion would win a battle to the death. It is said, but as far as was known never witnessed such a contest.

Numerous Comment.
While he accompanied his mother to a church sociable at which ice cream was served. The following Sunday his brother had served ice cream at the weekly meal, and there being a small quantity left, had appropriated it to the members of the family at supper. On receiving his portion Willie looked at his plate critically, then said: "Mamma, this looks like a sociable dish of ice cream."

DEVOTION TO COUNTRY UNITED AMERICANS AIM

Men in All Walks of Life Join in Organization of Nation-wide Scope for Furtherance of the Thoroughly Patriotic Policies

WHAT UNITED AMERICANS STAND FOR

"The purpose of the United States is to preserve the independence of the United States, with the representative form of government and the right of individual possession, which are the basis of our civilization. We stand firm for law and order; to force among our people high standards of individual and corporate morality; and to advance the progress and happiness of all the people of the United States."

"This organization shall have no part in the nomination, election of public officials, or otherwise in party politics."—Extracts from the constitution of the United Americans.

An organization nation-wide in the scope of its operations and thoroughly and exclusively patriotic in its policies has been formed in this country, to which leaders in all walks of life of all political affiliations and all shades of religious belief have sent their warmest endorsement.

It is the United Americans, and one of its fundamental missions is to correlate the efforts of all patriotic citizens operating within their particular sections, fraternal, military or other lines, in general, to thoroughly attain the national aim of loyalty, to bring about a permanent dedication of the people to devotion to the flag, to uphold the constitution of the United States, to preserve the representative form of government, and individual liberty and personal rights unshackled by it.

The program of the United Americans completes a mission of education, with the truth as its cornerstone. In this manner fallacy can best be met, in the opinion of those who gave their time to laying the foundation of the organization in carrying out this policy information will be furnished to combat any and all elements whose operations aim at the undermining of the organization.

Just Pro-American
The United Americans "is not an anti" organization. It is a "for" organization. It would be folly to enter into a contest with radicals, who would stamp the organization anti-Bolshevik, whereas its mission is pro-American, a distinction the founders of the association emphasize.

Instead of controversy there is to be a presentation of simple and fundamental facts concerning our form of government and the principles of right and justice underlying it.

The plan of organization contemplates an open door to all classes of American citizens for entrance into a self-sustaining body unselfishly devoted to the highest purpose of representing government, an organization that extends a helpful hand to all other bodies actuated by motives of loyalty, whether labor, farming, business, or any other, thereby forming a united front against all un-American country-loving factors, many of which find their usefulness restricted and that, therefore, are not functioning along lines of the widest possible results.

The first announcement nationally of this organization was made recently by Cardinal Gibbons in an Associated Press dispatch. Since that time the work of organization has proceeded, including many states. Idaho is one of them. A state organization has been formed and county and smaller units are in process of formation.

Necessity for It
The necessity for some such national organization has been plainly indicated by recent events. The open threat of the I. W. W. and other organizations known to be in sympathy with it to destroy the American government through, first, the paralysis of industry and the inevitable revolution that would follow,

and to substitute here a soviet, or Russian internationalist government, with all Russian rights and out, with domestic life uprooted, and with chaos and cruelty installed instead of orderly processes and humane policies; this open threat, and the ample evidence of the steps taken to carry it into execution formed the motif for the United Americans.

Investigations by the department of justice and other agencies showed plainly that alarming progress had been made by the radical elements; that serious inroads had been made by them, through various methods, into the sentiments of many citizens who are at heart loyal to their country but who have been misled by its worst enemies into activities that entail into their plans of destructiveness.

This well directed campaign against Americanism, it was found, has brought into its net many innocent victims whose names are used by the apostles of Radicalism to lend a measure of credibility to their cause and to disarm suspicion as to the real motives.

A Fearful Condition
Carefully planned industrial fermentations, and their conspicuous results in reality the result of much cunning effort; the array of negroes into open espousal of Bolshevism, as indicated by incidents at Harlem and Boston; the activities of the Non-partisan league with extremely radical doctrine; its leaders defiantly identified with socialism (now the international) and some of them named as anarchists; the activities during the war; the activities of the "parlor Bolshevik," rich idlers supporting radical publications as a diversion, piling on the tinder while the agitators and anarchists applied the match; the insidious invasion by the Red monster of our universities and colleges and common schools; dreamy professors developing dangerous theories, obscuring the mind of the rising generation and even banding together, as has been shown, in acts of disloyalty during the war with Germany; 416 anti-america pamphlets, including Red trines; foreigners, fresh from lands of tyranny and as yet unlearned in Americanism and its benefits, aroused to co-operation in this campaign to overthrow the best government in the world; these and other facts, officially shown, pictured the grim beast fastening its coils upon Fair Columbia and denoted a startling progress in the announced purpose of Lenin to destroy government.

With a Single Thought
It was in the face of this most menacing situation that the movement was started that has resulted in the organization of the United Americans, which will attract all patriotic forces into an all embracing body with a single thought—the teaching of Americanism.

The organization, briefly, has a national committee, made up of state representatives, and state and local committees. At no point in the organization has any loophole been left for partitioning, for creed, for classism—but the gate is wide open to all who love their country and who would defend its flag and constitution and perpetuate the immeasurable benefits and privileges they guarantee to all.

FETTY VANDALISM ON HUN LINES IS BROUGHT TO LIGHT
LONDON (AP)—The German liner Cap Polonia, on which the former German emperor had planned to make a trip around the world when the war was won, was allotted to a leading shipping company who gave her up after the first voyage owing to the enormous coal consuming powers of the vessel.

Since then a number of wooden plugs and other obstructions have been found in the steam pipes. The removal of these obstructions is expected to reduce the steamer's coal consumption to normal.

If you are a little uncertain about it, read the ad.

TO USE PLANE IN POLE HUNT

British Expedition to Start with Aircraft from Great Barrier in Antarctica

LONDON (AP)—The British expedition to the South Pole, which plans to start in July next, will use a "Kangaroo" airplane, formerly a fighting machine, for the final stage of the journey. This plane will be fitted with skis instead of wheels to enable it to land in the snow.

The aircraft will make its actual start from the Great Barrier, and will proceed to the South Pole over the great glacier, and then across known but unannounced mountains of the ice. It is proposed to take a crew of not less than four, in addition to which a sledge containing a tent, shovel, cooking stove and sampling equipment and provisions for at least 10 weeks must be carried. These provisions and the sledge necessary in the event of an accident, which might compel the party to return to the base on foot, will weigh approximately 200 pounds.

This weight, together with the necessary fuel for a 1,500 mile flight, necessitates a big powerful machine, as the mountains to be flown over are over 12,000 feet above sea level.

The "Kangaroo" was one of the latest fighting bombers designed for the British air ministry, and at the time of the armistice was largely used on the anti-submarine patrol service. The machine is a biplane measuring 75 feet from wingtip to wingtip, and is fitted with twin engines developing 500 horsepower.

One great trouble to be overcome is the question of cooling, or rather the heating of the engine, as the temperature which will be experienced is only 12 degrees above zero in summer, and experiments are now being carried out with a view to overcoming the difficulty.

FRANCE ONLY RIVAL IN NAVAL STORES OUTPUT

Department of Agriculture Figures Out Immense Wealth of American Resources

WASHINGTON (AP)—Only one country, France, can be considered a rival of the United States in the production of naval stores, and her production is about one-fourth as much as the United States, the department of agriculture states. Aside from lumber, the southern pines, particularly the long-leaf pine, are the source of our naval stores, representing a value in excess of \$20,000,000 a year. The position of the United States in these important raw materials at present is a commanding one.

A new project in naval stores is opening in the west where the forest service has given a permit to a Portland, Ore., turpentine company to extract pitch from 100 acres of Douglas fir on the Umpqua national forest. This company is pioneering the new industry in the west.

Out of Chaos—

The Telephone Company's greatest asset is the co-operation of the public; it is a big enterprise, in the successful operation of which both the company and the people are vitally concerned. As a unit in the great Bell System it is universal in the scope of its service. It has the biggest, hardest work imaginable, for it has as many persons to please as has the President of the United States.

The past few years have been full of perplexing and disappointing problems and conditions. No business organization can be any more perfect than the combined intelligence, sincerity and industry of its human management. A corporation is subject to all the trials and tribulations of the individual, but in an increasing ratio to its magnitude and responsibility.

There is no avenue of human activity that has not been paved with sacrifice during the past four years; there isn't an individual who has not contributed in some way to the winning of the world's greatest war at discomfort to himself and by voluntary self-denial, and every business organization has contributed its tithe of service. Out of the chaos of the world a new day dawns pregnant with promise of a happier condition of affairs. As you look forward to a more prosperous, brighter era, the Telephone Company looks forward to increased efficiency, better service, and, above all, to pleased and satisfied patrons.

LONDON. (AP)—The latest developments in the Turkish situation have at the moment pushed the Adriatic question into the background in both public and official interest.

Would Spare Grandmother's Feelings

The other day my aunt was writing to her mother, and she said to her little boy, who had recently secured a few of his letters at school: "Gene, don't you want to write your letters to grandma and show her how much you have learned?" Gene thought a few minutes and then replied: "O, mother, grandma is so old and it's been a long time since she went to school, she probably wouldn't know what they are."

SOLON'S FIRE IS DRAWN BY FORD

Senator Sherman Attacks Anticomplacitist Maker and All His Works in Speech

WASHINGTON. (AP)—Henry Ford and all his works were attacked in the senate again today by Senator Sherman, republican, Illinois.

Setting himself up as "one of those persons who knew everything instantaneously from birth," Senator Sherman said Mr. Ford had reared a "financial colossus" but secured congressional aid in acquiring and improving land for private purposes...

The senator declared Ford found the federal government machinery inadequate, however, in prosecuting the Michigan senatorial case, and that "literally hundreds of Ford's private agents were swarming about the Grand Rapids trial..."

FOOD FOR THOUGHT

Friends and proponents of the so-called "co-operative state" or otherwise socialized ownership and operation of any enterprise...

Mr. Hoover advised emphatically against further serious consideration of government operation either of railroads or shipping...

"No scheme of political appointment has ever yet been devised that will replace competition in its selection of ability and character."

There is precious little in this sapient observation to indicate that Mr. Hoover ever bore the broad of socialism, yet it will be recalled that the notorious Kate Richards O'Hare in her infamous speech here in the spring of 1917, declared that the "capitalistic government, having gotten into the war found itself incapable to proceed and had to call upon a socialist, Herbert Hoover, to help it out."

But even if this slander were entirely true, or if Mr. Hoover's liberalism hereof had led him in ways closely akin to those of the Marxians, all that can be made out of that circumstance now is that, as a result, socialism, in all its various guises, Mr. Hoover's condemnation now is doubly damned.

WHO PAYS THE BILLS?

(Kendall County, Ill., Record). "Moss" Enright, the labor killer, whose murder is attracting attention in Chicago, was himself a killer in the accepted meaning of the term. He committed his first murder in 1911 and was convicted. He was pardoned by Gov. Duane, who was convinced that Enright was not guilty by an immense pe-

ROGERSON

ROGERSON — Roger Anderson, of Fillet, has been engaged as manager of the Nibley-Channel Lumber yard at Rogerson. Everet Deal is quite ill with the influenza. The four remaining members of the family, who have been ill, are greatly improved and able to be about again. Mrs. Aubrey of Twin Falls is a house guest of Mr. and Mrs. Oscar Pattoth for a short time. Louis Harrell and family returned on Saturday from the place where they spent the past two weeks while the boys were confined to a hospital with the influenza. Mrs. Fred Peterson arrived from Twin Falls on Saturday expecting to remain at home for a short time. It is reported that Mr. Peterson is now fast improving, though not yet able to return to his home. The Ladies' Aid met at the home of Mrs. Fred Hendrix on Friday afternoon. The afternoon was spent with sewing and all the ladies had a very pleasant time. Jerome Helayo is reported to be among those on the sick list. Miss Mullins of Twin Falls has returned to her home after spending some time here as guest of her cousin, Mrs. E. K. McGraw, the county nurse, arrived here Friday afternoon from Twin Falls, to look after the health situation in this vicinity.

ROCK CREEK

ROCK CREEK — The "flu" is practically gone at Rock Creek and school has reopened. Although there were 75 cases not a death nor case of pneumonia followed. Wesley Hyde and sister, Miss Cassie, left Wednesday for their old home in Metropolis, Nevada. Mr. Hyde has sold his home here to Frank King but expects to return after a short visit with his mother who is ill. Mr. and Mrs. Charles Wolgamott and Mr. and Mrs. John F. Hansen of Twin Falls spent Sunday visiting with friends and relatives here. Mrs. T. O. Jones has gone to Twin Falls to care for her sister-in-law, Mrs. Walter Brose, who is ill. Miss Helen Brose, who is attending school at Twin Falls, spent the week end with her parents, Mr. and Mrs. Robert Brose. Pearl Greenfield, Gladys Domrose, Dolph Murray and Joe Albee, made up a fishing party to Rock Creek Canyon Sunday.

First of All Things.

Eturchak said to the Emperor Trojan: "Let your government commence in your own breast, and lay the foundation of it in the command of your temper and passion." Here come in the words self-control, duty and conscience.—Smith. tion of Chicago labor men who asked for his release. Since that time Fillet has been known among the Chicago police as a dangerous man. His death brought out the fact that he had recently bought a \$20,000 home, paying cash; was the owner of a fine automobile, and was generally affluent, although he had no "visible" means of support." The question naturally arises, "Who pays the bill?" The answer is obvious: The labor unions of the city of Chicago have paid the price. This statement is not a reflection on the honest labor unionist who works at his trade, lives his quiet life, and generally tends to his own business. But this is the man who is paying for this carnival of crime among these higher up. Where the blame is to be placed is in the fact that the labor unionist has implicit trust in his men higher up. But these high officials debauch the meaning of trade unionism. They use the money they employ these killers—it is said the pay is \$10,000 per kill. Thus they rid themselves of unpleasant opponents and keep the people of the city in deadly fear. It is the time for an awakening among labor men. It is opportune that they investigate the men who are the officers and learn their true status. When this is done there will be a revolutionary movement among the labor unions and officers will be elected who will use their power for the good of the laboring man and not for personal advancement in political and financial channels. The union is not a political organization, but it is being used for this purpose by unscrupulous leaders. The price is too high, and the employment of such men as Enright should be stopped.

VLADIVOSTOK IN CONTROL OF NEW ELEMENT

Revolutionists Signal Approach with Firing of Volley; Take Over Government Buildings as They Advance.

VLADIVOSTOK, (AP)—The firing of a volley in the eastern section of Vladivostok on January 31 signalled the advance of revolutionary troops, with artillery, machine gun corps and infantry, one thousand strong, marching through the principal government buildings as they advanced. As the revolutionists approached the headquarters of Governor General Kozlov, but a number of the military remained loyal to him showed signs of fighting, but surrendered after a few shots.

Gain Many Enthusiasts

Revolutionists occupied the entire city by 10 o'clock, disarming not more than fifty Russian officers who remained loyal to the last fragment of Admiral Kolchak's old Russian government. Owing to the shell to which the Kolchak power had been reduced here, throughout the day the parading revolutionists were joined in their demonstrations by truck loads of soldiers of every description, from cadet officers to old, veteran fighters in nondescript uniforms.

Chiefs were voiced from street

crowds, the first cheers for Russian troops heard here for more than a year. R-1 Flags in Evidence

During the evening all military units which formed the old Russian staff headquarters declared allegiance to Zemstvo authority, then three thousand paraded the city cheering and singing, carrying red flags of revolution.

Three trains of Nikolai revolutionists arrived in the afternoon. They had expected to start the revolution, which was managed from the hills surprised everybody when their column appeared marching through the city.

Allied troops here, practically reduced to Americans, Japanese and Czechoslovaks, maintained a policy of strict neutrality toward the occupation of the city by revolutionists. But American and Japanese relations were near the breaking point over two incidents.

One of these was when a Japanese company commander attempted to prohibit the advancing column of revolutionists from entering the city. He asserted that the allied council had agreed the previous night. An American officer present told the revolutionist leaders that no such policy had been decided, and the advance continued.

The other incident was when Japanese forces delayed troop trains from Nikolai. As a result of this incident, Major General Wm. S. Graves, commander in chief of the American expeditionary forces in Siberia, submitted a formal protest to the inter-allied railway board. General Graves protested that the Japanese forces have interfered with trains on American ground, the American sector of the Siberian railway, which was in violation of the inter-allied agreement.

Good Guess.

Apple was among the first words on which the class had been well drilled. One day when Betty's attention was elsewhere the word ape was introduced. In the drill which followed "ape" was Betty's word. She looked at it somewhat puzzled, then smiled at her teacher and said: "Half apple."—Chicago American.

JUST JEALOUS OF MAN, SAYS MRS. DEMPSEY

Divorced Wife of Champion Fighter Denies Her Efforts to Injure Loved One.

LOS ANGELES (Special)—When a woman loves a man, you know, said Mrs. Maxine Dempsey, ex-wife of the heavyweight champion, "she's not anything if she's jealous." Jack Dempsey's divorced wife was explaining to interested Los Angeles reporters how she came to tell the "trifles" as he styled them—about her husband's obtaining deferred classification in the U. S. Army draft.

"A woman is just jealousy anyhow. No woman in my place would have kept quiet with a bunch of other women running to her and telling her how her husband, a world's champion, had thrown her away."

"I think it is the fault of Jack Dempsey. He's just a big wonderful boy. They tell me that he doesn't want to—no need never fight again—that he's making a wonderful moving picture actor. They say he registers wonderfully well. I know he would. I never knew a more emotional man than Jack."

"I hear, too, that he's the best dressed man in Los Angeles—that he wears his clothes better than any other man. That's going some for Los Angeles."

"I'm sorry I told to hurt Jack. I don't deny I wrote the letter. But guess I was crazy. I never make up again; no, that's impossible; but if ever I can't Jack a good turn you'll see me do it. He's a grand fellow and he'll always have a friend in Maxine."

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies are Using Recipe of Sage Tea and Sulphur

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only the old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound" which is a hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair, it is a great conditioner; it also brings back the gloss and lustre and gives it an appearance of abundance.

My Fate.

The young man brought some verses to his father. "Father, I have written poems." "What! Let me see them instantly." The father read them over carefully, the tears slowly welling to his eyes as he did so. Finishing the last one, he threw down the manuscript, folded the boy to his breast and sobbed: "Oh, my poor, poor son!" "Why do you sob so, as that, father?" "Bad! They are excellent. They are real poetry. My boy, my boy, you will starve to death!"—Indianapolis Star.

Traits of the Grizzly.

The grizzly rarely hibernates, preferring to gnaw the forests in the winter when the trees are a dead stub, as well as being fond of honey, roots and eggs, and usually kills his own food. Two cubs come to the mother bear in her den among the rocks, and she is insanely courageous in defense of them.

Political Notes

ST. LOUIS, Mo., (P)—Lieutenant Governor Wallace Crossley today announced he would seek the democratic nomination for governor.

GAINESVILLE, Tex., (P)—Joseph Weldon Bailey, former United States senator from Texas, yesterday announced his candidacy for governor of this state on the democratic ticket.

COLUMBUS, O., (P)—Elwood Washington, Indiana, filed his petition with the secretary of state yesterday as a candidate in the Ohio primaries for the republican nomination for vice president of the United States.

BRASIL INAUGURATES WORK ON RECLAMATION PROJECT

RIO DE JANEIRO, (AP)—Preliminary work has begun on the construction of great irrigation canals in the drought-stricken section of northeast Brazil for the relief of which the recent congress appropriated \$50,000,000. It is planned to extend railroads into that section. The work is expected to be completed within five years. It is predicted that this section will then become one of the most fertile and prosperous in all Brazil.

THEIR TEAM IN A ROW

COLUMBIA, Mo., (P)—Missouri university defeated Kansas university 36 to 31 in a Missouri rivalry conference basketball game here last night. It was Missouri's thirteenth straight victory.

Two Kinds of Dental Ethics

UNDER old-style ethics, a dentist who advertised was a quack. The only way a dentist could be ethical was to sit tight, say nothing and keep the masses ignorant. Under new-style ethics, it is a dentist's highest duty to advertise dentistry so the people may know all about the dangers of bad teeth and the blessings of good teeth. The new style is followed by Registered Dentists who use the E. R. Parker System in their practice. Under this System you get better dentistry for less money—dentistry without the fear of pain—dentistry with fewer visits—dentistry where each patient is treated by a man who is skilled in the kind of dental work each patient needs. Which kind of ethics do you think is best—the kind that tells you nothing or the kind that tells you everything? Registered Dentists Using the E. R. PARKER SYSTEM DR. M. E. ROBY DR. M. B. The Southern Idaho Wool Growers association will hold the first meeting of the year on Saturday, February 21, at 3 o'clock p. m. at the farm bureau office in Twin Falls.

ACADEMIC CONTESTS TO BE HELD AT KIMBERLY

Right County School Will Engage in Special Competition for Biggest Month

A district contest between the eight schools of Twin Falls county east of Twin Falls in arithmetic, spelling, map drawing and story telling will be held at Kimberly high school tomorrow beginning at 1 p. m.

POST FIVE-WINS The local American Legion basketball team last night overwhelmed the Jerome post club by a score of 53 to 20. The locals played superior game all around and had the contest well in hand from start to finish.

CHAMBER OF COMMERCE BOOKLET REVEALS SECRETS OF TWIN FALLS

Details of City and Surrounding Country Told in Interesting Form in Statistical Statement Dealing with Commercial, Civic and Rural Life—Growth of Community Explained in Section's Natural Advantages

Telling news about Twin Falls and contiguous country the chamber of commerce has compiled statistics in pamphlet form dealing with civic, economic, industrial and rural life of this section of Idaho.

Twin Falls is in the heart of the biggest irrigated district in Idaho, is surrounded by 600,000 acres of irrigated land, and close to a district of 800,000 acres in one proposed project awaiting development, the frontpiece tells readers.

Through this pamphlet the reader is contained data of a similarly interesting nature, covering the district and the town. The latter is credited with population of 12,000, and situated on the Snake river at an elevation of 3,882 feet.

Advantages The four banks of Twin Falls have total deposits of \$6,338,508, while the school, the city, has \$363,508.

Concerning the county in general the pamphlet has the following data: Population—300,000 people with county seat located in Boise, Idaho; assessed valuation, \$28,883,980.

Boads—Has 60 miles of graded roads and bonds voted to the amount of \$1,000,000 for road improvement and with federal aid will build about 20 miles of hard surfaced roads in 1926.

Buildings—The county maintains a court house which cost \$100,000 and a county hotel which cost \$100,000, including a new 435-bed isolation hospital which is just being completed.

County Agricultural Organization—Cooperating with the Agricultural College of the University of Idaho, the county aids farmers maintain a farm bureau county agent, and a farm employment office.

Water—The county purchased \$4,500,000 worth of Liberty bonds, and has expended \$299,000 to various water funds.

Shipping—Twin Falls county shipped out 409,000,000 pounds of freight; received in, 655,000,000 pounds. A comparison of the figures clearly shows what great quantities of building material are necessarily being shipped in.

The Weather—Twin Falls has a reputation everywhere for its mild, healthful winter and warm, though moist, summers. Never in its history has the city experienced a severe electrical or hail storm, cyclone, hurricane or destructive blizzard.

Soil—The principal farm products raised are: Alfalfa, grain, potatoes, beans, clover and feed, stock, livestock, sugar beets and fruit.

Records Record crops produced on south side of Twin Falls irrigated district in 1925 were: Wheat—64 bushels per acre, 17 acres; 51 bushels per acre, 75 acres; John Maxwell, Twin Falls.

FOR SALE! 5 room modern house; close in. Good garage. Easy terms. \$4,000.00 P. R. THOMPSON Phone 614-W 403 6th Ave. E.

From Northland White Storm is Headed This Way

PRESAGING a decided change in weather conditions the speed of a meteoric mass, indicating clouds, slipped from its high altitude moorings and stopped down to almost no place a-tall last night and this morning.

Simultaneously synchronizing with this flop from a prescribed diurnal routine the weather man, too, changed his position and, in the regular matutinal prognosis, croaked and the like on the neighboring lawn.

Yesterday's tap notch for the mercury was a record for some time, reaching 54. It wasn't told last night either, being the same as on the previous night.

LEGION'S DEAD TO BE HONORED

Local Post on Next Sunday Will Hold Memorial Exercises for War Heroes

Under auspices of Twin Falls post, American Legion, exercises will be held at 3 o'clock Sunday afternoon at the high school auditorium, in observance of American Legion Sunday.

The list of relatives who will receive the certificates to be presented, so far as the post has been able to ascertain, is as follows: William P. Miller, Gustave Pearson, William P. Oraft, Mrs. John Dudson, Mrs. J. L. Osborne, Charles P. McDermott, J. C. Howard, Mrs. A. F. Bell, Mrs. C. E. Oakes, Charles Moore, Willard and Mrs. M. E. Gordon, Mrs. Eliza Lindsay, O. G. Zuck, Mrs. Mabel Quoran, Robert Worthington, John E. Ott, Mrs. Agnes Bishop, Edward Demore, David C. McMaster and Amos L. Moore.

Others who have lost relatives in service during the war and whose names are omitted from this list are requested to communicate at once with the local Legion post officers or committee.

COMMITTEE CALLED TO CONSIDER DRIVE

Plans for Gathering \$5,000 for Armenian Relief to Be Worked Out Tonight

In Parish hall tonight a general meeting of the committee on the Armenian relief fund drive will be held. Call for this session has been made by General Chairman E. L. Ashton.

IN PROBATE COURT Seeking a receiver judgment for \$250, said to be due on a personal bank check on which payment was stopped, Joe Onwin is suing Richard Hanning in the probate court. A jury was impaneled for the trial this morning.

BUILDING PERMIT Frank Nye has taken out a building permit for the construction of a two story sleeping porch at 267 Third avenue west. The structure is to cost \$400.

ERICKSON IS ACCUSED OF DISTURBING PEACE

Notes Given for Quorum Held to Be Cause of Storm in a Hotel Lobby Today

A warrant was this morning issued for the arrest of A. D. Erickson, of Twin Falls. Erickson is accused in a police court complaint of creating a disturbance in one of the principal hotels.

ATENDS CONVENTION A. L. Skinner, who has assumed management of the Twin Falls Electric service, has just returned from Butte, Montana. Mr. Skinner states that while in Butte he attended a convention of the managers and proprietors of all the Willard storage battery service stations in the intermountain territory.

LIORISED TO WED Marriage licenses were issued yesterday as follows: To Day C. Roehl, aged 24, and Mary Packham, 18, both of Twin Falls; to Oris Cryder, aged 26, and Bessie E. Berry, 28, both of Twin Falls.

WANTS CONTRACT CANCELED Isaac A. Heron, through his attorneys, E. M. Wolfe and J. F. Martin, has filed an action in the district court against Dwight E. Stacy and Jane Stacy for the cancellation of a contract by the terms of which defendants are said to have agreed to purchase certain farm land, which they are said now to hold in possession.
