FRANCE STANDS AGAINST PEACE WITH BOLSHEVIK

Premiers of England and Italy are reported to favor recognition of relations with Muscovite Soviets.

LENINE REAL RULER OF RUSSIA, SAYS COMMENT

Concerns of London Editorial Opinion Seems to Favor Discontinuance of Blockade and Avoiding of Risks

REVAL, ESTONIA. (AP)—Two Bolsheviki delegations have arrived here, one to administer the provisions of the peace treaty between Soviet Russia and Estonia and the other to direct the opening of export trade with western Europe through the Russian co-operative societies.

LONDON. (AP)—Premier Lloyd George and Premier Millerand are believed to favor resumption of relations with Soviet Russia although Premier Millerand of France is not inclined to agree to any immediate action, according to the Daily.

The Chronicle maintains that "all candid minds must recognize that, as no anti-Bolsheviki coalition exists any longer, Soviet Russia is now Russia."

SOVIET FORCES TAKE MURMANSK

News of Capture Carried by the Only Vessel to Escape Seizure Under Fire

LONDON. (AP)—Bolsheviki forces have seized Murmansk and shipping in the harbor there, forcing the only vessel to escape seizure but was riddled with machine gun fire and the captain was wounded.

Murmansk is situated on the Murmansk, or Kola peninsula, jutting eastward from Finland and north of the White sea. It is northwest of Archangel. Last year Murmansk was the base of operations for the British fighting the Bolsheviki along the western shore of the White sea.

PROGRESS IS REPORTED IN OIL SHALE INVESTIGATIONS
SALT LAKE CITY. (AP)—Favorable progress is reported in the oil shale investigations being carried out here by the United States bureau of mines in connection with the University of Utah. Several prominent engineers and chemists are conducting the investigations, which embrace a study of the new methods for oil shale cracking, standardization of methods of determining the oil and ammonia yields, particularly for field use.

Roston is Retaken by Anti-Bolsheviks

LONDON. (AP)—The recapture from the Bolsheviki of Roston, on the Don by the Russian volunteer army, Donnik's forces, is reported by the British military mission in South Russia today. The city was taken on February 20 together with 1,500 prisoners and 22 guns.

Germany Already at Peace with Russia

COPENHAGEN. (AP)—A semi-official telegram from Berlin, dated recent reports regarding a Russian peace offer to Germany and also denies a report that Germany will participate in peace negotiations between the great powers of Europe and the Russian soviet government next month.

British War Craft at Constantinople

CONSTANTINOPLE. (AP)—The British battle squadron of five dreadnoughts and four destroyers anchored here Saturday in the most imposing naval force which ever entered that waterway. Some circles looking at the arrival as happening in the course of an ordinary cruise, while others connect it with the present critical position of Turkish affairs.

Albert of Belgium to Visit in Brazil

RIO JANEIRO. (AP)—Announcement is made that Albert, King of the Belgians, will visit this city in June. Apartments in one of the most beautiful hotels in the city are being renovated to receive the royal guests.

World News Events

PORTH, Wales. (AP)—Thirty thousand miners went on strikes today in the collieries of the Rhondda Valley. The shutdown was almost complete. The men struck to enforce demands for the dismissal of a check weighman to whom they objected and for the settlement of a case in which it was alleged a miner had been victimized.

LONDON. (AP)—The conference of the International Women's Suffrage Alliance, originally called to be held in Madrid, will be held instead in Geneva next June, it was authoritatively announced today. It is believed by officials that Geneva is more accessible than Madrid for a great part of the delegates likely to attend.

CLEVELAND. (AP)—Eight thousand delegates of the fifty school organizations affiliated with the National Education association today opened a five day convention to deliberate on American school problems.

LONDON. (AP)—Protests against the Turks and their hold upon Constantinople were made in several churches here yesterday and the subject continues to be conspicuously featured in newspapers of London and other English cities. A number of the most prominent people in the country, including the archbishop of Canterbury and York, have memorialized Premier Lloyd George, earnestly opposing a policy which would leave Constantinople in Turkish hands.

TAKES ACTION TO HURRY SOLDIERS' LEGISLATION

Republican Leader Proposes Centralization of Bills in One Committee

WASHINGTON. (AP)—To expedite congressional action on legislation affecting the soldier, Mr. Clegg, chief counsel dealing with extra compensation, loans and land grants, Representative Mondell, the republican leader, proposed to the house today that all such legislation be centralized in the ways and means committee. He said this committee planned "immediate and continuous" consideration of such matters. Representative Barnhart, Democrat, Texas, urged immediate consideration of Mr. Mondell's resolution because he objected to jurisdiction of the committee over war risk insurance questions. The resolution went over until tomorrow.

MEXICO FACES NEW PROSPECT OF REVOLUTION

Fresh Outbreaks as Result of Coming Presidential Election Predicted by One of Leading Newspapers at Capital

HOPE OF TRIUMPH FOR DEMOCRACY DISPELLED

Nation Grotes without Orientation over Rugged Region in Midst of Violent Tempest Excelsior Declares

AGUA PRIETA, Sonora, Mexico. (AP)—Advises received here bring to light the formation of a new revolutionary party in Mexico, known as the re-organized government of Mexican freedom. The proclamation calls upon patriotic Mexicans to join the new revolt, scheduled for May 1 on Cinco de Mayo, a Mexican holiday.

EL PASO, TEXAS. (AP)—Fresh revolution threatened here as a result of the coming presidential election, according to Skelton, one of the leading newspapers of Mexico City.

"To judge by the indications," Excelsior says, "there is not left the slightest hope that the coming elections will assure the triumph of democracy. Nay, not even the public peace, it seems, will be assured by the approaching declaration of the great mate (the people)."

"Not only has the (present) revolution been shattered into a thousand pieces, but it has split itself into factions, it has broken up into coteries that are rending each other with a fury greater because they are branches of the same tree, parts of the same whole, only of the same aim."

IDAHO WEATHER

Tonight and Tuesday probably rain or snow.

BROTHERHOODS ASSAIL WILSON WAGE PROPOSAL

Request For Veto of Compromise Railroad Bill Indicated Result of Union Conference.

LABOR PROVISIONS OF PENDING LEGISLATION STIR ANTAGONISM

WASHINGTON. (AP)—President Wilson's proposal for settlement of the railroad wage controversy and the compromise railroad bill, pending in the senate, were bitterly assailed in the conference here today of the railroad union officials and grievance committeemen who were called to Washington to discuss the settlement policy laid down by the president.

May Ask Veto

Indications were that perhaps a majority of the union leaders would demand that railroad labor stand together in an appeal to the president to veto the Cummins-Bisch measure because of its labor provisions. Some regarded it as destroying all progress made during the negotiations with Director General Hines towards a settlement of their demands for higher pay.

Representatives of the fifteen organizations concerned in the settlement proposal met in secret session in many different halls.

Their purpose was to formulate their own views by majority rule and later meet in a general conference. Heated arguments which were admitted to have developed in practically every meeting, were expected to be continued in the main conference.

CUMMINS CALLS UP RAILS BILL IN THE SENATE

Speedy Adoption of Reorganization Measure Already Passed by House is Predicted; Provisions Explained

WASHINGTON. (AP)—The conference report of the railroad bill passed Saturday night in the house calling up in the senate by Senator Cummins, chairman of the interstate commerce committee, who explained the measure for its immediate consideration. Its speedy adoption was predicted.

Presenting the conference report Senator Cummins emphasized that the rate guarantee section did not take a dollar out of the public treasury.

In order to reduce it among the people it has been termed a guaranty of income. "This is not true. There is a guaranty in the bill of the same rate of return against deficits, continuing for a month after the railroads are returned to their owners but its necessity is obvious."

He said the bill merely directed the interest for its immediate consideration. In so far as was practicable it should make rates that would yield a net operating income of 5-15 per cent upon the true value of the railroad property. The income would depend wholly upon location of the roads, the Iowa senator pointed out, asserting that some roads would not earn more than two per cent.

"With respect to the labor provisions of the compromise report," Senator Cummins said, "I am sure every member of the senate is opposed to any such provisions."

Counties Loss at \$250,000,000

The loss of approximately \$250,000,000 more, he said, would be covered by the present fiscal year we will be compelled to make another appropriation of not less than \$400,000,000 in all, \$2,100,000,000. Of this vast sum it is expected that \$1,000,000,000 will be required during the next decade pay to the government of the advances so made sums which in the aggregate will reduce the government's credit to a point where it will be necessary to raise \$1,500,000,000 and this will represent the loss incurred in two years and two months of government operation.

"The amount I have given you are general estimates. It may not include claims asserted by the railroads and denied by the railroad administration."

Robinson Reviews Bill

Senator Robinson, Democrat, Arkansas, one of the conferees and author of the strike provision of the senate bill which was discussed in conference, reviewed the measure at some length, dealing particularly with the labor situation.

"The labor provisions fairly construed, do not justify the assaults made upon them," he said. "This is not a government of labor agitators. It must not be perverted in character so as to become the means of denying right of justice to any class of law-abiding citizens."

He added that "this measure becomes a bill of rights for labor," and insured the employment of the power of the United States, when invoked, to safeguard those rights.

It was said that this was working on his answer to suggestions recently made by the brotherhoods for a judicial independent of that provided for in the railroad bill to pass or dispassionate.

Some officials inclined to the opinion that Mr. Wilson would gain additional support from the public also should be represented.

WHISKEY REBELLION IS TO BE PUT DOWN

Federal Prohibition Commissioner to Lead Armed Expedition Into Upper Peninsula of Michigan

CHICAGO. (AP)—Major A. V. Dairymple, federal prohibition commissioner for the central states, received word at 12:30 o'clock that telegraphic authorization for him to lead an armed expedition of United States agents into the upper peninsula of Michigan had been sent from Washington.

Prohibition Director Kramer, at the capital, was in communication with Mr. Dairymple by long distance telephone.

Dairymple, with about thirty men will leave Chicago at 6 p. m. for Negaunee, Mich., where they will be joined by a troop of Michigan state constabulary.

Take Confiscated Wine

The prohibition director informed Washington last night that the county was a county where federal authority after he had received reports that prohibition agents leading a party raid on February 19 by iron county officials and wine they had confiscated were taken from them.

P. A. McDonough, prosecuting attorney of Iron county, in a statement issued to the press, said "all responsibility" for taking the wine from the federal agents and denied that the county was in "open revolt."

Iron River is a small village in the northwest corner of the county, north of the Wisconsin line. The population of Iron county largely is composed of Italians and Sicilians, and much bootlegging has been reported there recently. Some Michigan state officials are understood recently to have reported that they anticipated "trouble" in that vicinity because of the prohibition law, and some officials view the present disturbance as a minor affair.

Officials Implicated

Statements of Mr. McDonough and Leo J. Grove, supervisor of federal prohibition enforcement in the upper peninsula, on whose report Major Dairymple was called to view the property of Palmer for aid in arresting the prosecutor, two deputy sheriffs, two policemen and the three owners of the place, agreed in part as to the steps that precipitated the present status in Iron county.

Grove, accompanied by Lieutenant R. G. Stroppe and two troopers of the state constabulary, had driven from the property at the village location, a mine two miles from Iron River, the statements of both men agree, when Grove and his party were met by prosecuting attorney McDonough and the officers.

That the federal officer's right to have confiscated the wine was questioned and the liquor was taken from him by force, statements of the two further agreed.

In connection with ownership of the same wine, the Stalcuzis were found not guilty of violating prohibition laws.

DENIES AUTHORITY GIVEN FOR ARMED EXPEDITION

WASHINGTON. (AP)—Prohibition Commissioner Kramer said today no authority had been given by either the internal revenue bureau or the department of justice for an armed posse of federal prohibition agents to enter Iron county, Michigan, as the result of interference there recently with federal officers who were conducting a liquor raid.

Mr. Kramer said officials here did not know the circumstances under which federal agents had acted in making the raid and that no action would be decided upon until all the facts were at hand.

Methods of meeting the situation were under discussion today, the commissioner said, adding, however, that an armed raid was not contemplated.

DISTRICT ATTORNEY DECLARES BOW REBELLION A HOAX

IRON RIVER, Mich. (AP)—"There hasn't been such a row put over on the country since the fake armistice report as this report of the 'rum rebellion' in Iron county," said District Attorney Martin McDonough in an interview today with a staff correspondent of the Milwaukee Journal. Contingent McDonough said:

"There is no rebellion in Iron county. Prohibition is being enforced to the limit and my office is giving the federal agents every aid possible."

"I wired the governor and the attorney general of this state and the attorney general of the federal government at Washington today demanding a full and complete investigation as to who started the report of this so-called 'rebellion.'"

INTRODUCES MAKE AWAY WITH SACRAMENTAL WINE

CHICAGO. (AP)—Thieves that night entered a Roman Catholic church parish house of Hubbard Woods, a suburb, and carried away fifty bottles and one teacupful keg of wine, used for sacramental purposes.

WASHINGTON'S ADMONITION AGAINST FOREIGN ALLIANCE IS APPLAUDED

Early applauding Washington's admonitions against foreign alliances. A score of democrats joined with the republicans in cheering the rule of conduct for the United States to have "as little political connection as possible" with foreign nations.

An innovation in the day's observations, one of the decisions of the Washington monument with the flags of the 48 states and a pilgrimage to Mount Vernon by the southern society of Washington. The program included an address by former Speaker Clark of the house of representatives, and the placing of a wreath on Washington's tomb.

URGES FEDERAL SHIP OPERATION

Chairman Jones of Commerce Committee Declares for Government Use of Liners

WASHINGTON, (AP)—Reconditioning of the former German liners and their operation by the government in regular routes to South America, Europe and the Orient was urged by Chairman Jones, Secretary of the commerce committee, in reporting to the senate a bill approved by the committee prohibiting the sale of the craft until congress has enacted permanent shipping legislation. "These ships," the committee report on the bill said, "are urgently needed in our foreign business. If the government continues to own these ships the service will be maintained. This assurance will develop the business and business agencies."

To Ask Reauthorization
Senator Jones said he had intended to ask for consideration of the bill to day, but would withhold the request until next week to let senators study the proposed international agreement regarding German shipping sent to the senate last week. "If this government must turn over any amount it receives over and above the amount of its submarine losses," he added, "then it seems to me there is no incentive to sell these ships for more than a fair price."

Says Charges Confirmed
Senator Brandegee, Republican, Connecticut, in reporting the rejection of the tentative agreement was sent in by the president, declared it went on the information on which he had acted in asking the senate to set aside the bill. "The bill," he said, "is a government's only expense in connection with the sale was \$86.28 per circular sent to shipping interests. There was no regular advertising," they said.

UTAHNS PREPARING FOR TOURISTS' RECEPTION
Influxing of Visitors to State Forests and Zion National Park is Anticipated
BALT LAKE CITY, (AP)—Utahns are beginning to make preparations to accommodate the large number of tourists expected to come from other portions of the country to visit the state forests and especially Zion National park, in southwestern Utah, created last year by act of congress.
Road building in the Zion park region is being rushed to take care of automobiles and many cities in the region of the park are erecting hotels and garages to accommodate the influx of tourists expected. In Salt Lake City, a free automobile park, at which camping grounds will be maintained, is to be created. Local authorities believe many people after touring Yellowstone National park will come south and visit Zion.

DAVIS URGES GREATER PRODUCTION OF FOODS

Idaho Governor Predicts Importation of Wheat Unless Home Output is Increased

BOISE, Idaho, (AP)—Within three years, unless there is a tremendous increase in the production of wheat, the United States will be importing grain, Governor, D. W. Davis, of Idaho, declared in an address before the state farm bureau here recently.
Governor Davis urged greater production of food stuffs as the one solution of the situation. For the west, he told the farm bureau, this could be brought about through the irrigation of rich but now vacant lands which must have water to make them productive.

NEVADA FUR CROP HEAVY

CARBON CITY, Nev. (AP)—Fur shipments from Nevada to other parts of the United States have been extremely heavy this season, according to W. C. Grover, state game warden. Especially large shipments of beaver and muskrat pelts by trappers in Humboldt and Elko counties are being made, he said.

America is Called Far Behind Times by Dutch Labor Leader

General Education in the New World is Very Low, Oudgeest Reports

AMSTERDAM, (AP)—An unfavorable view of America is given in an interview in the Amsterdam Telegraph by William Oudgeest, widely known in labor circles, and leader of the Dutch labor party, who recently returned from attending the international labor congress at Washington.

Among other things, according to the Telegraph, Mr. Oudgeest found that in the United States:
Politics are at this moment on a level with those of 1840 in Holland.
Economically America has got to the stage of 1880.
In the light of culture the American still lives in the 18th century.
"One of the impediments," the Telegraph quotes Mr. Oudgeest as saying, "when he is in America, that he is in the closing days of nobility, when the peasants thought their noble lords the only things of importance in this world, but with the difference that the bankers and great business men take the place of the junkers and barons."
"General education is very low. People do not read."

SHIPYARDS OF ENGLAND SHOW SIGNS OF ACTIVITY

Indications Point to Aim of the British to Regain Former Supremacy

LONDON, (AP)—An analysis of the Lloyd's Register Returns for the quarter ended December 31, made by the American chamber of commerce in London indicates that, for the first time since the United States became a shipbuilder on a large scale, British shipyards show signs of regaining their former supremacy.
The tonnage now building in the United Kingdom, says the American chamber, exceeds by 27,728 tons that under present construction in the United States, where the decrease in the building of new tonnage amounts to 50,000 tons as compared with the figures for September.

The American chamber remarks that the tonnage under construction may not be so good a basis for judgment as the amount of tonnage actually launched, and that the United States is putting ships on the water quicker than Great Britain.
The United States in 1919 constructed 4,785,109 tons of tonnage, the British 3,951,759 tons, but the horsepower registered by the American ships was only 3,591,310 as against 3,209,040 of the British. Britain is going in for high speed vessels, while the United States is building more of the "tramp" class.
A review of world tonnage in course of construction shows a decline of about 187,000 tons from the figures for the September quarter.

MOSLEM GIVES OUTLINE OF PROHIBITION DRIVE

Campaign to Make Mohammedan World Dry is to Be Conducted Along Two Distinct Lines

CONSTANTINOPLE, (AP)—The prohibition campaign launched in Turkey and throughout the Mohammedan world will be conducted along two distinct lines, Abraham Effendi, Shiekhul Islam, spiritual head of the Moslem church with 800,000,000 adherents, said in outlining the program of the campaign:
"We are going to resort to two sorts of measures. We will urge the strict application of laws and police regulations. We are going also to make a wide campaign about the physical, moral and social effects of drinking. We hope to get successful results from this campaign. It will influence of course, all Mohammedan countries."

TEACHERS' PAY BOOSTED

LOCAH, Utah, (AP)—Salary increases of five per cent to teachers on the regular staff and ten per cent to workers on the extension staff have been granted by the board of trustees of the Utah Agricultural College. The wage advances were given to meet increased living costs.

JAPAN'S CLAIMS ARE DISCREDITED

Australian Minister of Navy Denies Withdrawal of Former Privileges

SYDNEY, Australia, (AP)—Sir Joseph Cook, minister of the navy, asserted in a speech the other day that there was "little in Japan's claim that she was being deprived of privileges she had enjoyed under German rule in the Pacific islands."

"She has a similar mandate over the islands north of the equator," continued Sir Joseph. "Here she has the same rights and privileges that we have in ours. I hope the point will not be pressed. It is vital to us in every way and goes right to the heart of our life in these seas. I hope the incident will pass and that in the future we will live in good fellowship."
"Japan told us at the peace conference that she would reserve the right to raise the question of racial equality again in the league of nations. She is, however, a little previous in raising it now before the league has begun to function."

RECRUITS JOIN BRITISH ARMY AT RATE OF 200 PER DAY

LONDON, (AP)—Recruits are joining the British army at the rate of 200 per day and many of the men whose periods of service was about to expire have re-enlisted.

The crack guards regiments have blossomed out again in their pre-war scarlet coats and bearskin bushes, instead of khaki.
According to the Morning Post, the regular army is to have its pre-war establishment increased by about 100,000 men, with the ultimate object of getting another 600,000 men voluntarily to undertake liability for general service when the army reserve is needed.

Such is Human Nature. The man who does the most complaining when an automobile breaks down is always the one who is waiting for more rides instead of the one who has to fix it.

NOT ALL MEN ARE AFRAID OF A BOYCOTT

Plenty of Twin Falls people, many of them in hearty sympathy with the aims, the ambitions and the welfare of the employees in every walk of life have made up their minds that the domination of the little group of self-appointed leaders in the Unions of Twin Falls MUST END.

This does not mean that they are against the worker in any way, shape or form. It does mean that the flat proposition of compelling any man to belong to a Labor Union in order to hold a job has been weighed in the balance and found wanting.

This proposition is endorsed in its entirety by the members of the Twin Falls Employers' Association.

The Twin Falls Employers' Association DOES NOT stand for reduced wages, increased hours of work or curtailment of production through the compulsory employment of incompetents at wages equal to those of the hard-working and competent.

The Twin Falls Employers' Association DOES stand for a square deal to all alike, including both employer and employee, and in its efforts to bring this about it asks the co-operation and endorsement of all alike.

Here is the membership list to date; compare it to the list recommended by the "Women's Union Label League." New members are coming in at the rate of from fifteen to twenty-five a day. Join with us in an effort to make Twin Falls the best town in the West through the fostering and encouragement of the biggest single year's building program ever attempted, an enlarged era of general business activity in all lines and progress and prosperity for all.

See that your name is added to this list. The principles of the Open Shop are principles of which no man need be ashamed. These principles are endorsed by thousands of workers everywhere, many right here in Twin Falls. Show these men that you are with them and not with the little group of unscrupulous leaders whose only argument is the strikes and whose only idea of securing wage increases is through cutting down the work-product of a day's labor.

GOODING SCORE IS REVERSED BY LOCAL QUINTETT

Manager's Hoop Outfit Defeats Gooding 48-30—Hogg Best on the Mat

In a basketball game marked by fast play and good team work on both sides, the local high school quintet defeated the Gooding five by a score of 48 to 30 Saturday night on the high school floor. Incidentally, it might be mentioned that this score is practically a reversal of the score at Gooding when Twin Falls played there about a month ago and was defeated 41 to 30.

The first half of the contest was featured with an exhibition of real basketball. Play was very fast and Gooding took the lead shortly after the beginning of the game. However, the home team gradually lost out to their faster opponents. Two remarkably good throws were made from the middle of the floor, one by Newberg and the other by Veneman of Gooding. Both of these baskets were made from awkward positions. At the end of the half Twin Falls led Gooding 26 to 18.

The visitors failed to come back in the second period and play was around the local's goal most of the time. Team work figured largely in the victory, though good individual work was done. Krangol led local scoring with 10 baskets. Newman followed with 7 and Carter with 6. Boelter and Veneman did best work for the visitors and earned the offensive most of the time.

The lineup:

Gooding—Boelter and Veneman, forwards; Baby, center; Hodgins and Coons, guards. Twin Falls—Newman and Krangol, forwards; Carter, center; Pickett and Taylor, guards.

Craig Bracken officiated as referee of the entire game.

The local girls' quintet took an easy game from the local girls 37 to 20. The lineup were: Buhl—Inglesby and Alley, forwards; Divolbas and Smithwick, guards; Weaver, center. Twin Falls—Bauer and Stearns, forwards; Boyler and Maxwell, guards; McCracken, center; Laird and Humphrey, guards.

In the wrestling match, Heuben Hogg of Twin Falls threw Sherman Carter of Gooding 11 minutes and 45 seconds with a body scissors and arm lock hold. Carter was on the defensive from start to finish. Cliff Lewis refereed the bout.

The defeat of Gooding Saturday night means that very likely the coming tournament will be between Twin Falls and Burley. The latter is the only team to defeat the local on the home floor.

BARNYARD GOLF DRAWS PLAYERS TO FLORIDA

Opens with Many Entries at St. Petersburg

ST. PETERSBURG, Fla., (AP)—Barnyard golf enthusiasts from all parts of the country are flocking to the national championship horse-shoe pitching tournament which began here today. The contestants, headed by Fred M. Brant, of Columbus, Ohio, national champion, include many of the most noted players of the game. Several teams from Akron, Ohio, composed of stars among employees of rubber goods manufacturing concerns, also entered, their employers having announced they would send them here in order to encourage the sport among the factory workers. The Akron delegation will attempt to secure the next annual tournament for that city.

The duration of the tournament is indefinite because of the large entry list, but the local club anticipates a membership of more than 500, of whom many will contest in the championship events. The contestants range in age from youths in their early teens to Ecklie Barnes, of this city, an expert 81 years old.

White rose, loyalty; carnation, affection; violet, modest strength; Easter lily, purity; lily of the valley, sweetness and modesty; rose, happy love; daisy, gentleness; water lily, innocence; poppy, contentment; cosmos, hope; chrysanthemum, friendship; lily, triumph.

Billiards on Dining Table

To convert a dining table into one for billiards, a sectional rim has been patented to be put in place over a table cloth and its padded lining.

HEREFORD SALE

AT Buhl, March 3rd

The Southern Idaho Hereford Breeders' Association will hold their first annual sale at Buhl, Idaho, on March 3rd. There will be nothing offered in this sale that was not raised in Idaho. This will be the Rangemans' opportunity as it is a well known fact that bulls raised here are far superior to those shipped in. There will be about 40 bulls and a few cows in this sale.

Terms will be given to responsible parties.

OLYMPIC TEAM TO HAVE PICK OF MURDERS

College Stars are Displaying Unprompted Speed and Class as Track Work Begins

By Walter Eckersall

CHICAGO, Monday.—When Robert Simpson, the great hurdler of University of Missouri, holder of the world's record in the 120 yard high hurdles at 14 3/4, and joint holder of the 200 yard low barrier mark at 23 3/4, started professional, it was thought his action would greatly weaken the American team which will compete in the Olympic games at Antwerp next summer. There is no questioning the fact Simpson was a great athlete. He was of the type who could be depended upon to come through, and he had failed to meet the high and low hurdles in a dual meet or open competition. There are many who believe he should have deferred his action until this year's world's games have been done.

That Simpson's loss will not be felt as keenly as at first expected is shown by the great hurdler of Earl K. Long, who is expected to be the main rival of Simpson, and Walker Smith of Cornell. The pair, who have fought over the stakes on several occasions, renewed their 1920 fight in the annual games at 123 3/4. Simpson's main rival in the forty-five yard high hurdles and Smith forced Thomson to equal the track record of :06 to beat him. Sylvester of Missouri, a constant contender in the 100 yard race, and Thomson will continue to fight it out all year for eastern intercollegiate honors, unless Edman of Princeton gets into better shape than he was last year.

Rival for Carl Johnson

The showing of Sylvester will make him a rival to Capt. Carl Johnson of Michigan for western intercollegiate honors, although a number of coaches claim to have some excellent timber to depend upon under cover who hope to defeat the Wolverine captain.

Smith and Thomson are two athletes who have made a study of hurdling. It is said that the Cornell athlete is off a hurdle without overturning the obstacle. In the last Olympic games at Stockholm Kelly, the American hurdler, won a hundred dollars by betting that he could skim the sticks by such narrow margins.

The eastern athletes have the build for the work. They are long enough to permit the strides between the sticks without reaching for the line one or two inches. They leave their hands perfectly clear, and take the barriers with ease and grace.

"Smith is one of the neatest hurdlers I ever saw," said John Delaney, physical director of the Chicago Athletic association, said recently. "He has everything which goes to make a record breaker, and as soon as he gains more strength to carry him over the ten-fifteen I am sure he will come close to equaling Bob Simpson's record."

"The Cornell athlete is a performer who does not need a lot of work to get into shape. He is a high strung athlete, who must be brought along carefully for the big races. His natural ability, combined with his fondness for the sport, will make him a great man for the American team this year."

Many Low Hurdle Races

There will be a wealth of low hurdlers to fill Simpson's shoes. Most of these athletes have been running long enough either to have shown at their best, or to make him over the present of athletic fame. Smith and Thomson will run the low sticks, as will Erdman, Sherman Landers of Pennsylvania undoubtedly will be pronounced for the event by Coach Robertson for the outdoor collegiate.

In the west, Johnson of Michigan and Sylvester of Missouri appear best, though other college stars represent ed last year by hurdlers of ability. Frank Loomis of the C. A. A., former national A. U. champion, is running stronger than ever this year, as is his brother, Al.

While there will be a wealth of hurdlers, there also will be plenty of good men for every other event. Despite the fact the intercollegiate will not be held for three months or more,

THE MANNER IN WHICH THE COLLEGE STARS HAVE SETTLED DOWN TO EARLY TRAINING INDICATES MORE KEEN COMPETITION IN THE BIG RACE AND A TRAPSETT POINT.

SAYS WALTER ECKERSALL

"This the flower of the college and athletic club teams," I cannot see how the American team can possibly lose in this year's Olympics," says Walter Eckersall, member of the Olympic Olympic committee, said recently. "In the first meets of the year, records either were tied or narrowly approached. There are so many athletes in college and on the club teams who should make great records this year, that our squad will be even better than the one which competed in Stockholm. The competition which is sure to result for places on the American team has resulted in the athletes settling down to training in a manner which augurs for American success."

From now until the sectional trials are held in the spring, track and field meets of importance will be held in the members in all sections of the country. Hardly a Saturday will pass in the east that a meet of some sort will not be held, while the same is true of the central west.

MUGGYS MCGRAW PLANS SHAKEUP OF OLD GIANTS

Gotham Manager Will Ditch Some Vet Infielders for the Younger Material

Jack Velock

NEW YORK, (Special)—John McGraw is going to shake up the Giants once again, convinced that his veteran infield combination—Zimmerman, Fletcher, Doyle and Chase—will be unable to stand the brunt of another season, and intends to break it up.

After months of silence, McGraw let it become known through Giant headquarters here today that several player deals are under way.

Joseph O'Brien, secretary and business manager of the Giants, said that McGraw will leave Cuba within a week to take active charge of the team.

"When the transfer returns to the States he probably will have an announcement of importance to make," said O'Brien today. "The New York club is going to put the strongest possible lineup on the coming season. It may be sure that McGraw has not been asleep."

Falling, apparently, in his efforts to secure such players as Roger Hornsby and Walter Maravilla at any price, McGraw now has his lines out for others. A deal is now under way to bring Third Baseman Milton Stock back to large York from the Cardinals. Heitz Zimmerman, a catcher and cash have been offered for Stock, according to an unofficial report in local baseball circles today.

McGraw is also interested in another infielder and it is said he will trade any of his catchers with the exception of Earl Smith.

The Giants have a promising young second baseman, Freda Pritchett, a good first baseman in George Kelly, who may replace veteran Chase.

It is said that McGraw is satisfied with his pitchers, catchers and outfielders, but Zimmerman and Doyle are missing when the Giants take the field in April and Chase may be kept on the bench in the early season in favor of Kelly.

ROPER OUTPOINTED

PITTSBURGH, (AP)—Harry Greb, light-heavyweight of Pittsburgh, won the newspaper decision over Roper, the Bob Roper, of Chicago, in their ten round bout here Saturday night. A majority of the sport writers at the ringside gave Greb eight rounds on points, Roper one, and one was declared even.

LYNOX DEFEATED

HILADELPHIA, (AP)—Hughey Hutchinson, Philadelphia featherweight, outpointed Joe Lynch, New York, in six round bout here Saturday night in the opinion of newspaper experts.

Brief Bits of Sport

Since it has been ruled legal to use brandy and other alcoholic liquors in cooking, Jim Smiley, sagebrim sage, says a run will be made on the sage remarks: "Looks ter me like as though 'er' exceptions will be numerous enough soon to override the 'entire prohibition law' after they 'lope on main' 'em."

Jack Dempsey says he will stick to Jack Kearns as his manager.

Kearns recently issued a statement to the effect that he would remain Dempsey's manager just as long as he is in favor with the public.

Chick Gandill, first baseman of the White Sox, has written Charlie Comiskey he has quit organized baseball for business interests in St. Ansgary, Idaho, and a couple of bush gangs a week.

The Old Roman says if Gandill can make more money in his own business and playing on sand lots in Idaho than the White Sox management has offered him for first basing in Chicago, well and good. Go to it.

Pal Moore seems to have met up with something in this person Earl Puryear, a Baltimore pugilist. Earl forced the champion to do his dirtiest in a recent bout in Baltimore, and got a draw with the one-time conqueror of Jimmy Wilde.

The Cleveland club of the American league has released two pitchers unconditionally. They are Hy Jasper and Glenn Dickson. Jasper was with the White Sox some years, but never a regular twirler. He went to the Indians in a trade.

Will Jack Johnson make good his threat to come over and give himself up to the United States federal authorities?

Probably not; Johnson is a notorious grandstander and famous bluffer.

Joe Flynn, of Dallas, Texas, has been signed by the management of the Salt Lake Bees to play outfield utility roles next season.

Flynn, besides being a deerfoot, is touted by his friends as another Bill Rumlur with the wand. They say he should be a leading hitter in the Coast league with half a chance.

Johnny Kilbane, who has worn the featherweight title eight successive times, is slated to meet one of the toughest customers in the ring business next Wednesday night.

Johnny takes on Benny Valgar in Newark for a 12 round, no decision tilt, but it is quite reasonable that one or the other of these sturdy little battlers will try hard to land a decision for himself on this occasion.

Kilbane has a "rep" to sustain, while Valgar is rapidly making one.

GOING TO CAMP

CLEVELAND, (AP)—Seven pitchers, the advance squad of the Cleveland American league team, will leave here next Wednesday night bound for training camp at New Orleans, via Chicago. Eight other pitchers and two catchers will go to the camp direct from their homes, all reaching New Orleans by the end of the week. The rest of the team will leave for New Orleans on March 2. Steve O'Neil, the first string catcher; Joe Harris, the first baseman, and Pitcher Ed Klepfer are not included in the list of players who are to train at New Orleans. O'Neil and Harris are hold-outs and Klepfer has announced his retirement from the game.

SIGNS WITH BUSHERS

SALT LAKE CITY, Utah, (AP)—Ar sold "Chick" Gandill, Chicago White Sox first baseman, has been signed to the list of players who are to train at the Snake River-Yellowstone league, L. W. Swoot, league president, announced today.

SIGNS WITH REEBURG

SALT LAKE CITY, (AP)—Ed "Tab" Spencer, catcher on the Salt Lake team last year, will play during the coming season with the Reeburg, Idaho, baseball club in the Snake River-Yellowstone league. Spencer left today for the Idaho town.

NAVY SWEEPS THE DECKS IN SPORT MEETS

Jackies at Annapolis Meet Win All Contests by Decisive Scores

ANNAPOLIS, Md., (AP)—Navy made a clean sweep in a six-cornered athletic carnival here Saturday, winning all contests by decisive margins. The results follow:

Swimming—Navy 40; City College of New York 7. The Middies also defeated the same institution at water polo, 10 to 6, played in the afternoon.

Wrestling—Navy defeated Princeton 6 bouts to 1, scoring four falls and gaining two decisions while Princeton won one decision in the 125 pound class.

Gymnastics—Navy Massachusetts Institute of Technology 11.

Boxing—Navy won four bouts to two over University of Pennsylvania. In the heavyweight event, Missou, Navy, scored a clean knockout over Bourne, Pennsylvania, flooring him three times in the second round of the three round bout. Time was finally called to prevent further punishment of the Pennsylvania man. All the other bouts resulted in decisions on points.

Fencing—Navy easily defeated Harvard 6 bouts to 1, in the opening engagement of the preliminary intercollegiate contests.

Humans Please Baboon

More than a hundred wild animals, including fifteen baboons, have arrived in England from the Congo. Asked what he thought of this country, the senior baboon informed our special correspondent that the natives did not seem nearly so wild as reports had led him to expect.—London Punch.

HOOVER WOULD KEEP FACT OUT OF CAMPAIGN

Fears Pressing Domestic Issues Would Be Obscured by Debate on Questions Already Decided by Country

BALTIMORE, Md., (AP)—Herbert C. Hoover, former food administrator, declared today in an address at Johns Hopkins university his opposition to making the ratification of the treaty with Germany an issue in the presidential campaign. He attacked the injection of the arguments for and against reservations would obscure our pressing domestic issues by conflict over a question in which the country already has made up its mind, and he said it is my impression that there is no party credit in this position.

Mr. Hoover's address was delivered at the annual commencement exercises of Johns Hopkins university, at which the degree of doctor of laws was conferred upon him.

For the immediate ratification of the treaty, he said, he has no objection by the "lesser reservationists" of the proposals of the "mild reservationists." The two combined, he said, could secure ratification.

Puts League on Trial
"It also appears to us," he continued, "that given from the point of view of the lesser reservationists they will have secured all of the major issues and values of the league. For my part, if the league cannot prove its value under the latest proposals of the 'mild reservationists' it will have proved them under the proposals of the 'lesser reservationists.'"

The present danger Europe is facing, Mr. Hoover said, is not so much a revolutionary catastrophe as the degeneration of the standard of living and the slow decay of the forces of stability. Restored productivity, he said, is essential to the ability to receive the maximum reparations. "If they do not have real peace," he said, "it will be delayed as long as we hang the treaty in the air, for we are a part of it."

World in Suspense
"It would appear to an outsider that both sides are in agreement on all the great major ideas of the treaty, and the major ideas of reservations, but that they are in disagreement mostly over secondary questions in the reservations. In the meantime the world is held in suspense. Infinite misery grows and accumulating. Forces are set in motion that may yield no conflicts. Already the distrust and undermining of confidence and credit of the world has crippled our export market."

Regarding the part the United States will take in the rehabilitation of Europe, Mr. Hoover said, "We have two extreme views among our people," he said, "upon the policies we should adopt in all these matters. One contends that the ideal is isolation of Europe to the extent that it contains for at least moral dominion as a mission of international justice. Many of us want neither extreme."

Hope for Government
"Assuming that the treaty would be ratified 'some day' in 'some form,' he expressed a hope that it might serve to bring about a reduction of armament and the 'downfall of the world's armament, of arbitration and codes and courts of international justice.'"

Except where the interests of the United States are vitally concerned, Mr. Hoover declared himself as opposed to American members on the various missions provided for in the treaty for the settlement of questions raised by the war. "The loaning of money to alleviate distress was also opposed. 'Our best assistance in healing Europe's economic wounds lies in the promotion of the growth of private commerce,' he said, 'not in loans from our government.'"

Mr. Hoover's references to the peace treaty in his ratification were preceded by presentation of statistics calculated to indicate what he called the "heart-breaking under-employment" of school teachers.

ADMIRAL HORTHY NAMED REGENT FOR HUNGARIANS

National Assembly Selects Opponent to Communist Rule for High Place

BASLE, (AP)—Admiral Nicholas Horthy, commander-in-chief of the Hungarian army, is reported to have been named regent of Hungary by the national assembly.

Admiral Horthy, who formerly was commander-in-chief of the Austro-Hungarian navy, headed the army organized in opposition to the communist rule in Hungary and which entered Budapest last year when it had been evacuated by the Rumanians, who had been in occupation since the collapse of the Bela Kun regime.

In an interview recently Admiral Horthy said the demagogues and adventurers should not be permitted to be the leaders of the Hungarian nation.

Admiral Horthy is credited with having steered the political situation in Hungary at various times and is said to be well thought of by the allied representatives at Budapest.

Provides in Sale for Horses' Board

SPOKANE, (AP)—W. H. Peart, who recently sold his farm near Davenport, Wash., to H. Shuck, a neighbor, stipulated as a part of the sale price, that the purchaser must give free board and lodging for his "mild reservationists" and work horses, as long as they live. Mr. Peart bought the farm when he began farming twelve years ago.

REPUBLICANS OF OHIO IN SESSION

Plans for State and National Campaigns Gazing at Columbus

COLUMBUS, O., (AP)—Plans for the national and state campaigns were sizing here today at one of the most notable annual meetings of recent years—the Washington's birthday rally of Ohio republicans.

Of major importance among events was the reorganization of the Ohio republican editorial association, perfection of the state league of republican clubs and organization of the republican women of the state.

Wood Leads Ohio
Major General Leonard Wood, republican candidate for the presidency, has invited the fight into Ohio today by filing his declaration of candidacy for the republican presidential nomination and also a statement authorizing candidates for delegates to pledge themselves to support the republican national convention.

Will H. Eays, chairman of the national republican committee, in an address made a plea for "patriotism in peace" as well as in war.

He agreed with Vice-President Marshall in advocating the election of a president pledged to discharge the duties of his office and, innumerable agents necessary by the war, and declared "we want more men in politics for what they can give and not for what they can get."

Congress Bares Billion
Chairman Hays told his audience that everywhere he turned the people, regardless of past party affiliations, seeking republican success. "The special session of congress recently closed," he said, "has left the nation nearly a billion dollars in debt, and nothing else had been accomplished by the republican control except this, it would warrant an overwhelming republican victory."

KIDNAPPERS ARE LOCATED

Mexican Troops in Pursuit of Bandits Accused of American's Abduction

WASHINGTON, (AP)—Mexican federal authorities have notified the bandits who kidnaped Joseph E. Dyer, an American citizen, near Lerdo, state of Durango, on February 2, and troops are in pursuit in the hope of effecting a rescue.

The American embassy at Mexico City has been informed by the Mexican foreign office. No further details were given in the embassy's report received today at the state department.

JOHNSON WILL OPEN HIS CAMPAIGN IN SOUTH DAKOTA

HOUSTON, (AP)—Senator Hiram W. Johnson of California, independent republican candidate for president at the March primaries, will open his South Dakota campaign March 1, he announced here today.

Senator Johnson will deliver only four speeches on this trip, he will return to the state just before election for another series of speeches, it is said.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed with Sulphur It Brings Back Its Beautiful Lustre at Once

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its attractiveness a hundred-fold. Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wolff's Sage and Sulphur Compound," which is merely the old time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair naturally, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears, after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger. Adv.

"BABY MINE" Leaving Theatre, Tuesday, Feb. 24

Statement Issued by Idaho Military Commander Establishing His Position

BOISE, Idaho (Special)—The announcement here Sunday that Col. L. V. Patch, a Payette business man, expects to seek the nomination for United States senator has done much toward clarifying the political situation in the republican party.

There has been talk of Colonel Patch's candidacy for the gubernatorial nomination, but a statement which he issued Sunday definitely establishes his position in the forthcoming campaign.

Ex-Governor Frank R. Gooding has already announced that he would make another attempt to reach the senate and it is expected that Gov. D. W. Davis will make a like announcement within the course of a few days.

Colonel Patch is generally looked upon as the ex-service man's candidate. He commanded the 14th field artillery in France, was on the Mexican border and for years has been prominent with the national guard organizations in Idaho. He is at present adjutant general of the state, but will resign this week, he said in his statement Sunday.

MILLERAND GIVES POLICY

French Premier Outlines Attitude Toward Orient and Discusses Asia Minor

PARIS, (AP), (Havas)—Premier Millerand discussed negotiations at London before the foreign affairs committee of the chamber of deputies yesterday and read to the committee the supreme allied council's answer to President Wilson regarding the Adriatic. He outlined the general course of his policy toward the orient and gave details of the situation in Asia Minor.

SENATOR FENBOSSE TRAVELS FOR BENEFIT OF HEALTH

PHILADELPHIA, (AP)—Senator Boies Penrose left today for "The Bungalow" on Indian river, Florida, after being ill at his home here for nearly two months. The trip is being made in a private car.

BLAMES WILSON FOR PACT DELAY

Senator Harding Says Republicans Welcome Task of Americanizing Treaty

COLUMBUS, O., (AP)—Declaring the republican party will welcome the responsibility of "Americanizing the peace treaty, United States Senator Warren G. Harding, at a rally of his home state republicans here today, held President Wilson solely responsible for the senate's delay in ratifying the treaty.

Essentially alone he negotiated the surrender of American national and still essentially alone one in a hundred million, he blocks its final ratification," Harding said.

South Protecting Rights

While democratic senators from the South generally have supported the president in this stand, Harding said the people of the South are for protecting America's rights.

Senator Harding enumerated a number of things which he declared the republican platform should contain. Chief among these were:

- Perfect Americanization to be held "rejoicingly American thereafter."
- Arrogate national defense with an ample reserve as a first line of defense world leadership in aviation, stranger army than heretofore and voluntary military training for young men.
- Repeal of every extraordinary war statute.
- End of bureaucracy "crowded with autocracy."
- Opposition to government ownership and nationalization of industry.
- Tu Ours Extravagance
- Curbing of government extravagance and "get to thinking again in millions instead of incomprehensible billions."
- Government subsidy for the merchant marine.
- Commenting upon military training, Senator Harding declared himself against it being made compulsory. He said it should be supported by the government in camp, in the national guard

and in the schools and colleges, and made so popular and helpful that it would be sought as a privilege rather than accepted as a duty.

Business—the farmer and the working man all must be consulted, he said, but dominated by none.

KNOWSALL IS FORECAST FOR LAST OF THIS WEEK
—WASHINGTON, (AP)—Weather predictions for the week beginning Monday are:

Upper Mississippi and lower Missouri valleys: Unsettled first part of week with rising temperatures Monday, normal and above thereafter. Probably show about Friday.

Northern Rocky mountains and plain: Fair first half of week with temperature above average. Probably occasional snow last half of week.

Southern Rocky mountains and plain: Foggy; unsettled first part of week with snow in mountains, temperature above normal. Fair middle of week with snow or rain about Friday; moderate temperature.

NOTION TO CONTRACTORS

Sealed bids will be received up to and until two o'clock, tenth day of March, 1920, by the Department of Public Welfare, at the State Capitol, Boise, Idaho, for the construction of a brick, concrete and frame Natatorium, with steam heat and plumbing to be built at Lava Hot Springs, Idaho, according to plans and specifications prepared by Wayland & Fennell, Architects, Boise, Idaho. Separate proposals will be received for the heating and plumbing. All bids for general contract shall be accompanied by a certified check for \$500, and heating and plumbing bids shall be accompanied by certified check for \$200. Checks to be made payable to J. K. White, Public Welfare Commissioner. Checks to be returned as soon as contract is awarded. Successful contractor shall furnish a Surety Bond in the sum of 60 per cent of the amount of his contract. The Commissioner has a right to accept any or reject all bids submitted.

Bids may be secured on or after February 27th, from J. K. White, or Wayland & Fennell, Boise, Idaho, or from J. W. Ash, Superintendent Lava Hot Springs, Idaho.

DEPARTMENT OF PUBLIC WELFARE, J. K. WHITE, Commissioner.

PLAYING THE REDS' GAME

One Hannah, president of the Central Federated Union in New York, seriously predicts that unless a certain measure before the state assembly...

Intrinsic merit of the proposed legislation has no part in the consideration the issue thus raised deserves. The "rent profiteering" bill may or may not be desirable legislation...

The proposed strike constituting a violation per se of contract, is, in the last analysis, a blow in favor of hierarchy and nothing else. It is the quiescence of folly to imagine that the man who will engage in a strike in violation of contract...

The violated law may be an ill-advised or a bad law; but there can be no adequate excuse or apology for violation of contract which can be broken only by one of the parties personally agreeing to it in the first place.

Without the sacredness of contract, the government and the whole social order that distinguishes civilized man from the brute must fall—and that seems to be the goal of the anarchists. Under anarchy each man is a law to himself, and it requires no particular stretch of the imagination to picture worse evils beyond the possibility of correction under anarchy...

PROGRESS VS. RADICALISM

The sister states of North Dakota and South Dakota, both being essentially agricultural states, have similar problems but different methods of meeting them. Essential differences in the two methods of coping with similar prob-

lems are well set forth in this statement from the Country Gentleman, introductory to an article by Peter Norbeck, governor of South Dakota, explaining how his state by same legislation is helping ambitious farmers to succeed. "Since 1916 North Dakota has been torn by the big wind of Townsleyism. Imported agitators have beat tom-toms, burned red fire and flamed socialistic measures gathered from the antipodes of fact and fancy. And while the big issue resounded and reverberated, said agitators collected millions of dollars from North Dakota farmers to finance the continuous reaction.

Thus while the Nonpartisan league was thus making North Dakota the wind center of the world and was talking about what it was going to do, the sister state of South Dakota was quietly doing it. Even before the federal government provided the farm loan act, South Dakota moved for cheap money for farmers."

South Dakota has accomplished other things such as the bank guaranty law and state insurance in line with Governor Norbeck's purpose "to go just as far in the direction of helping one another as we can go with safety," but it is the farm loan act that chiefly attracts attention for the reasons here given by Governor Norbeck: "The farmer who has insufficient equipment in the way of horses, of machinery or livestock, is limited in his production—in his capacity to earn—and how can the state serve him better than to put the needed equipment in his hands and thus increase production. If it is true, as I believe it is, that the stability of a country depends upon the percentage of property owned or, rather, home owners, and that the man with a comfortable home and in easy circumstances is usually a good citizen, then how can the state be better served than for its government to decrease the number of farm tenants and increase the number of farmers who own the land they operate?"

The method of operation of the South Dakota farm loan act is simple. The state borrows the money which it lends to farmers, borrows it outside the state from men who will lend their money to a state cheaper than they will to an individual. The state issues its bonds for the money, takes the mortgages from the farmers and files them in a vault at the state house, collects from the farmers as interest and principal becomes due and pays the bondholders as the obligations mature.

The plan works with the utmost simplicity. There is no red tape about it and still the interests of the state are adequately safeguarded. And the essential consideration is that the plan works successfully and as it was intended. The plan has been in operation for two years. A total of 4,166 loans have been made amounting to \$16,422,529, loans totaling \$4,139,350 having been made to 1,158 farmers in the first year. Amplification of the plan to afford its benefits to the town and city home buyer is now under way while provisions for special benefits of returned service men in securing and equipping farms already has been made. In contrast to this record a recent statement of the Bank of North Dakota, which was created as the cornerstone of the Nonpartisan league industrial program, shows that only \$205,402.73 has been loaned on farm lands, while state bulletin No. 5 of series 1919 shows that the application for farm loans amounted to \$8,015,991; and this in view of the fact that the bank handles some \$10,000,000 to \$15,000,000 of public funds on which it pays but two per cent interest. It is perhaps, significant that South

Dakota, with its splendid record of accomplishment, is not engaged in the business of disseminating any propaganda through adjoining states. It is evident that South Dakota officials are prompted by no revolutionary urge such as is inseparable from Marxist discipline; that they have no axe to grind and that they are content to let the results of their works speak for themselves. Proclamation of the "new day" in North Dakota is rather familiar to most Idaho citizens. For the most part on the other hand, they are not well acquainted with the situation in South Dakota. Undoubtedly it would be well before committing oneself to the program in North Dakota, which admittedly is as yet advanced beyond the experimental stage, to accord some fuller measure of consideration to tried and successful policies at work in South Dakota.

It is for Idaho to decide whether she will be carried off by the tumult and shouting and red fire incident to the revolution in North Dakota, or whether she will incline to South Dakota's policies that spell true progress in undertaking the solution of similar problems.

REINSTATEMENT OF WAR RISK INSURANCE

Government Allows 18 Months in which Policies May Be Made Good

To relieve any confusion that may exist in the minds of former service men on account of the special provision of lapsed war term insurance which authorized reinstatement up to December 31, 1919, regardless of date of discharge, announcement is made by Director R. B. Chalmers-Jones of the bureau of war risk insurance that the provisions for reinstatement of lapsed or canceled insurance, within 18 months from date of discharge, payment of only two months premiums on the amount of insurance to be reinstated, provided the insured is in as good health as at the date of discharge or expiration of the grace period, whichever is the later date, and so states in his application, still hold good.

The provision that discharged service men are permitted to reinstate at any time within three calendar months following the month of discharge by merely paying the two months premium, without making formal application or a statement as to health, is also still in force. The provisions for reinstatement do not protect a man until he actually reinstates. If he waits he may not be in as good health as he was at the time of discharge and consequently may not be able to secure reinstatement.

Net a Bad Description.

I saw my little daughter, Anna, at the market for a pound of Frankfurt sausage. She played on the way and forgot the name. After the butcher asked her twice what kind of sausage she wanted she said: "O, you know; the kind that need a hot bath before you can eat them." Needless to say, she brought the right kind home after every one in the market had a good laugh.—Chicago Tribune

Balance Wheel Activities. The balance wheel of an average watch makes 300 vibrations every minute, 18,000 each hour, 432,000 in a day, or 157,788,000 a year.

"They Suffer for Another's Sake. "Locking up an orphan," said Bill the Burg, "is good for him. But it's kind o' tough on the other fella that have to live in the same jail."

RUPERT

RUPERT—Ray Dunlap, who recently purchased an old East 24th street out of town, last week received \$1000 Duro-Jersey suit from Minnesota. H. O. Adams, a farmer living three miles south of town, returned the last of the week from Orland, California, where he purchased land. The local farm bureau is paying \$1 a pound for rabbit skins. L. C. Alker of the Aberdeen Experiment Station was here last week and in connection with County Agent Grover Burnett held meetings in Peay, Hayburn and Rupert. The subject of these meetings was clover seed production. A large attendance was present at each meeting and the farmers gained much good information. Mr. Alker stated that Idaho ranked first in clover seed production, averaging a yield of 6.12 bushels to the acre.

At a meeting of the stockholders of the Project Mutual Telephone and Electric company, held recently, the capital stock of the organization was increased from \$25,000 to \$80,000. The meeting was presided over by Luke Williams, president of the company, and C. F. Francisco, secretary. G. H. Berger and J. A. Handy were elected as directors. Six business buildings are under construction at present. The warm weather of the past few weeks has caused much activity in building in Rupert. The six business buildings under construction include the Wilson theatre, Gelling's meat market, Spaulding's tailor shop, McLaughlin's garage, J. C. Plancy's store, and the Mutual telephone office. George Dunn's theatre is expected to be commenced in a few days, while at least three more new business buildings will be started within the next sixty days. Mrs. Bertha Bank who has been teaching in the Big Bend district, resigned her position the last of the week and will leave in a short time for Albion, where she will attend the state normal school. She will be granted a teacher's life certificate this fall. Miss Sadie Champion, who has been teaching the lower grades, will have charge of the entire school for the balance of the year, with an increase in wages. Mrs. Charles Collin charmingly entertained at her home at auction bridge Friday evening in honor of Mr. Collin's mother, Mrs. J. T. Collin, of Rochester, Minnesota. Six tables were filled.

MEXICO SEES HOPE FOR RELATIONS RESUMPTION

Bases Opinion on Reported Transfer of British Minister in Cuba

MEXICO CITY, (P)—Persistent reports that diplomatic relations between Mexico and Great Britain were about to be resumed were partially confirmed recently when it was learned from semi-official sources that Robert Leech, British minister to Cuba, is to be sent to this city. General Cardillo Aguilar, it is said, will go to England as soon as formalities are completed. General Aguilar was granted unlimited leave of absence from the army yesterday for the announced purpose of engaging in politics. He is a supporter of Ygnacio Bonilla, former Mexican ambassador at Washington.

TRANSFER OF LEECH TO MEXICO CITY IS DENIED

WASHINGTON, (P)—Robert Leech, British minister to Cuba, will not be transferred to Mexico, but to one of the other Central American republics, it was said here Saturday in authoritative quarters. Great Britain has not had a diplomatic representative at Mexico City for many months and so far as is known here is not contemplating resumption of diplomatic relations with the southern republic.

TO "CONQUER AND DESTROY STATE," U. S. COMMUNISTS CALL FOR LABOR REVOLT

Revolutionary Pamphlet, Found in U. S. Department of Justice Investigations, Gives Message of Communists in Chicago to Russian Headquarters.

Extracts from "Manifesto and Program—Constitution—Report to the Communist International" by the Communist Party of America, Chicago, Ill.

Communism does not propose to "capture" the bourgeois parliamentary state, but to conquer and destroy it. As long as the bourgeois state prevails, the capitalist class can tame the will of the proletariat.

The Communist Party prepares itself for the revolution in the measure that it develops a program of immediate action, expressing the mass struggles of the proletariat. These struggles must be inspired with revolutionary spirit and purpose.

The Communist Party is fundamentally a party of action. It brings to the workers a consciousness of their oppression, of the impossibility of improving their conditions under capitalism.

(a) The Communist Party shall, particularly in mass strikes, not only to achieve the immediate purpose of the strike, but to develop the revolutionary implications of the mass strike.

(b) Mass strikes are vital factors in the process out of which develops the workers' understanding and action for the conquest of power.

(c) In mass strikes under conditions of concentrated capitalism there is latent the tendency toward the general mass strike, which takes on a political character and ends in the overthrow of capitalism.

(d) Every local and district organization of the Party shall establish contact with industrial units in its territory, the shops, mills and mines—and direct its agitation accordingly.

(e) Shop Committees shall be organized wherever possible for the purpose of Communist agitation in a particular shop or industry by the workers employed there.

(f) Councils of workers shall be organized in the shops as circumstances allow for the purpose of leading the industrial union struggle in the old unions, uniting and mobilizing the militant elements; these councils to be united in a Central Council wherever possible.

LOWDEN CUTS TAXES THIRD IN TWO YEARS

Illinois Executive Shows That Business Methods More Than Counteract High Prices.

A RECORD OF ACHIEVEMENTS

Executive Departments Consolidated—Business Men Put in Office—Sound Financial Policy Applied to State Affairs.

Gov. Frank O. Lowden's great record as war executive of Illinois has made him one of the leading candidates for the Republican nomination for president.

Despite high prices and unsettled conditions due to the war, Gov. Lowden, by the practical application of business methods to the management of the state's affairs, reduced the tax rate in Illinois 33 per cent in two years.

When Governor Lowden assumed office as executive of Illinois in January, 1917, the state treasury was practically bankrupt. There was only \$300 to the credit of the general fund.

As a practical illustration of what good government means it is officially estimated that Illinois will have a cash balance of \$9,877,225 on reduction July 1, 1920, in spite of a retraction of 33 per cent in the tax rate.

In addition to these things Gov. Lowden succeeded in accomplishing these concrete results: Began work on the state's \$60,000,000 good roads system.

Authorized the beginning of work on the last link of the state's system of waterways, which will connect the Great Lakes with the Mississippi river.

Reorganized the state's penal and charitable institutions on a humane basis.

Brought about a constitutional convention for Illinois, which is now in session, forming a new basic law for the state.

Friends of Gov. Lowden believe that actions speak louder than words, and they point to his public record as evidence that he is the type of man needed for president in this critical period of the country's history.

AN OPPORTUNITY

The central office of the Western District, located at Room 809, Flood Building, is available as a sleeping house, or medium through which prospective employees may get in touch with ex-service men of technical ability.

This office has personally interviewed these men to determine their experience and gives you below a brief statement of the qualifications of some applicants for agricultural positions.

You have the liberty of choosing any of these applicants, advising the War Department at the above address of those selected, and the men will immediately be referred to you for further consideration.

1. (MANAGER RANCH) A. R. B., age 33 years, single. Graduate Agricultural College. 35 mos. Siberian forest. Experience: Horticultural commission of Ilayo county; manager Hillside Water Co. orchards; instructor agriculture, Logview, Calif. Speaks Russian. Knows implements care.

2. (MANAGER SUPERINTENDENT OF FARM or COUNTY EXT. TATE), H. G. H., age 30 years, married. Cornell University Agriculture. Lieut. Army. Suppl. general farm and county raising handling cattle, horses, landscape gardening, developing land.

3. (RANCH WORK, TRAINING), W. G. L., age 20 years, single. High school. 1 year wagoner, U. S. Army. 8 years experience on ranch.

4. (CATTLE or BEED BUSINESS), L. L. 25 years, single. Three and one-half years college. 2nd Lieut. Field Artillery. Opportunity to manage cattle or seed business. Considerable experience along those lines.

5. (RANCH HAND WITH DESIRE TO GAIN MECHANICAL FARM EXPERIENCE), M. M., age 31 years. Grammar school. 1 year, Field Artillery. Considerable business experience.

6. (RANCH FOREMAN, HANDLING CATTLE), F. S., age 25 years, married. Experience, 5 years foreman and 2 years ranch work. 2 year for cattle company.

7. (MANAGER FARM or LUMBER CO.), A. J. H., 22 years, married. University of Michigan, at Law. Service. Lending manager, Land and Lumber Co.

8. (RANCH WORK), A. W. S., 24 years. Public school. Cook, U. S. Shipping Board on the E. S. S. 14-27 years in shipbuilding Co., Oakland, Calif.

The Psalter. A very ancient instrument which was in general use by the Hebrews, is spoken of in the Psalms. It belonged to the harp, and was much smaller than the harp as we know it, probably more like the dulcimer in size, but there is a difference of opinion as to whether the strings were plucked or struck.

African Race Well Advanced. The Wakamba, the leading Bantu tribe in Uganda, are the most highly civilized black race in Africa. They had a decimal system of calculation long before the first discovery of white men. They also understood iron working and had a considerable knowledge of music.

Hard Luck, Indeed. Robert was decided in his refusal to go with his family to a dinner at his uncle's house. When pressed for a reason he said: "Well, it's mighty tough on a guy to have nothing to play with but girls and them all relations, at that."

Making a Stand. Cactus Joe announces that he will not play penny ante, believing as he does in the game ought to be big enough to keep people's minds on it so they won't quarrel.

Theory and Practice. The big problem is getting all the theories disposed of before they begin to interfere with the good old three-meals-a-day practice.

Wisdom in New Course. Jud Tunkins has quit letting his cows stray on to the tracks, owing to the fact that the packers pay as much for beef as a railroad company, and with less argument.—Washington Star.

FIVE RECEIVE FRENCH MEDALS

Services of Inspiring Nature Attend First Memorial Observance of Legionnaires

First memorial exercises of Twin Falls post, No. 7, American Legion, held in the high school auditorium yesterday, attracted a huge gathering and were of an extraordinarily interesting character. The local post was well represented, as were also the War Mothers and the lady. There was in addition, a plentiful sprinkling of Spanish-American war veterans, while the American Legion band was conspicuously served in the dark blue lapel of that order's uniform.

One of the outstanding features of the memorial occasion was the presentation of French memorial certificates to the nearest of kin to Americans who fought and died for world freedom in France during the late hostilities with Germany.

Five of these certificates were given out, representing loss than a quarter the number due for delivery. Lasting throughout the Elks club seems shortly after 3 o'clock and marched to the high school, while War Mothers assembled in a room adjoining the auditorium at the high school, considering the assembly of the day to take seats assigned to their particular service for this occasion. The observances were opened at 8 o'clock with Post Communion, in charge of Rev. W. A. Moore, pastor of the First Christian church. The Rev. Mr. Moore also delivered the opening address, a glowing tribute to the heroes of the war in whatever capacity they served. There were a number of misanthropic church services at the cathedral at Boise was unable to be present owing to the necessity of making a train after long services at Ascension church during the day. Musical selections were supported by the Legion orchestra and a post male quartet sang. Solo were given by Mrs. Lydia Boyd through song and recitation. The Rev. Father Benedict was called by the Rev. Father Bemel S. Kayser, pastor of St. Edwards Catholic parish, Twin Falls.

AT HOME IN OGDEN MRS. WRIGHT IS DEAD

Mrs. Marion Marie Wright, wife of Luke M. Wright, former manager of Wright's store, died at her home in Ogden Saturday, according to word conveyed to relatives here. Mrs. Wright had been ill since January 17, when she had a bad cold. She was the daughter of Mr. and Mrs. William Eccles of Ogden, and was born in Ogden October 27, 1856. She was carried in September, 1917.

UNDERWRITERS MEET

At the Hotel Perrine Saturday night members of the Twin Falls Underwriters' association held a business session, banquet and smoker. E. V. Shipley, president of the association, acted as emcee in charge. Demonstrations of "policy selling" were given for the edification of the assembly. The Rev. W. A. Moore, as a special guest, gave a short address on "Life Insurance."

A HOUSE-WARMING

Mr. and Mrs. N. I. Jordan recently sold their ranch, some miles southwest of Buhl, and purchased the F. T. Parish ranch, "Willowdale," four miles east of Buhl. Saturday evening Mr. and Mrs. Jordan entertained the members of the Deep Creek Bridge club at a house-warming. Music and dancing entertained the guests, and refreshments, contributed by members of the club, were served. Besides the members of the bridge club, present to share the well-known hospitality of the Jordans were Mr. and Mrs. F. T. Parish, Mr. and Mrs. W. J. Robertson, Mr. and Mrs. Will Mallinson, of Buhl; Mr. and Mrs. H. E. Finney; Mr. and Mrs. W. H. Husted; of Twin Falls.

COMPLAINTS AGAINST DENTIST

Two actions have been filed in the probate court by the district attorney, Frank L. Gardner, against O. F. Baker, a local dentist. The first complaint charges drunkenness, the second assault. Policeman Frank Ham is the complaining witness in the first case. Dr. Baker is still confined to a cell in the county jail. His attorney, George Herriott, has not yet asked for a hearing.

WARWICK GOES TO JAIL

Fred Warwick, sent to the county jail by Buhl authorities, was this morning arraigned before Judge O. P. Duvall in the probate court to answer a charge of drunkenness. He entered a plea of guilty and was committed to the county jail for a period of 90 days. Warwick owns and has been occupying the shack in which William Edwards was murdered last Friday night.

CARD OF THANKS

We extend thanks to those who so kindly assisted us during the illness and death of our son, also for beautiful floral offerings sent us.

H. J. PUTZLER AND FAMILY.

SALT LAKE AT WORK ON AVIATION FIELD PLANS

SALT LAKE CITY, (AP)—Construction plans for a municipal flying field are being worked out here and it is expected work on the project will start soon. The local aviation club, one of the field's strongest supporters, has received word from Washington, D. C., that when a trans-continental airplane mail service is established the municipal flying field will stop here and a Milwaukee company which plans to send a flock of air liners also will use the field as a control station, it is said.

You can sell your good musical instrument at the price is right through the classified.

EKINS ESCAPES DEATH BY HAIR'S BREADTH WHEN CAR GOES OVER CLIFF

Jerome Resident Falls Over Rimrock on Clear Lakes Grade as Controlling Gear of Machine Fails—Injuries are Many, Some Serious—Is Found Wandering About in Dazed Condition

Buhl (Special)—M. J. Elkins, of Jerome, manager for the Consolidated Wagon & Machine company, is in the Buhl hospital with some 200 bruises and cuts on his body as a result of his miraculous escape from death Saturday morning at about 4:30 o'clock when his car went wrong on the north side of the Clear Lakes grade and shot over the rimrock carrying Elkins with it in a fall of about 50 feet. The car rolled over and threw Elkins out. Then it crashed to the bottom of the canyon about 400 feet below.

Elkins was traveling on company business. The steering gear gave way and the car shot straight out. When it turned over Elkins was thrown head first against a boulder, where he remained about an hour in an unconscious condition. Snow in the vicinity was saturated with blood.

Elkins was found on the main road at about 7:30 o'clock, wandering about in a dazed condition, with blood streaming from his wounds and his body chilled from exposure.

He was brought here to the home of C. H. Hanson, of Jerome-in-law, and later removed to the hospital. Surgeons found a large gash over one eye and another at the back of the head, together with many other injuries. No internal injuries have been discovered as yet. Elkins is resting easily today.

Local Brevities

Tates Have a Daughter

A daughter was born Saturday to Mr. and Mrs. L. V. Tate at the county general hospital.

District Lodge—Harry Benoit and W. H. W. Hickey were guests of the Elks Post, where they spent Sunday night at the installation services of the Knights of Columbus.

Popad a House—Mrs. Emma L. Warren and son Ted have moved to the Granville Hotel home at 105 Maple avenue, in East Lawn, where they will reside for the summer.

Gone to Salt Lake—Mrs. Carl E. Painter left yesterday morning for Salt Lake to join Mr. Painter, after spending a few days at the home of her parents, Dr. and Mrs. W. H. Dwight.

Ben Is Ill in Los Angeles—Senator Joseph K. Seaver received a message yesterday telling of the serious illness of his son William at Los Angeles, and left last evening to be at his bedside.

Pic Social—The M. S. and S. club will hold a pic social and banquet at the home of Mrs. E. J. Forman Wednesday, February 25, commencing at 7 o'clock. A general invitation is extended.

Star Meet Tuesday—The regular meeting of Twin Falls Chapter O. E. S. will be held in the Masonic temple Tuesday evening at 8 o'clock.

Blue Lakes Lovelock club will meet with Mrs. Charles Perry on the Shoshone falls road, Friday, February 27.

Mrs. Spangier Visits—Mrs. R. W. Spangier arrived from Salt Lake yesterday and will spend a few days here visiting friends and looking after business matters. Mrs. Spangier has just returned from a visit of several weeks in San Francisco and is en route to Boise.

Dance for Service Men—The Twentieth Century club tonight will conduct a dance at the Lavington pavilion for which invitations are extended all for. H. E. Finney, in normal invitations have not been issued, the notes through the press being deemed sufficient. Service men are urged to participate in the holiday fete.

Association Organized—Arthur J. Peavy returned Sunday from Boise, where he was in attendance upon the initial meeting of the Idaho Association of Lido Men. Representatives from all over the state were present at the meeting, including M. C. Stott and C. C. Wilson, and delegates from Buhl, Rupert and Burley. Permanent organization was effected.

Mrs. Sorensen Dead—Word has been received here of the death this morning of Mrs. Foster J. Sorensen, wife of Foster J. Sorensen, tenant on the farm of W. W. W. Hickey, near the town. The dead leaves her husband and little daughter, who is still dangerously ill, the entire family having been stricken by what is presumed to be influenza. Mrs. Sorensen was born in the vicinity of Chastford, where they have lived for a number of years.

See Immense Exhibit—Mrs. Joseph Keefe, from Twin Falls, was a visitor on February 17 at the big exhibit of Southern California products, maintained from the north to the Los Angeles chamber of commerce. She also attended the lectures and moving pictures that are a part of the daily program of the exhibit, the largest in any in the country maintained by a commercial organization. Before returning home Mrs. Keefe expects to visit several of the many other places of interest in the country.

Building Permit

To W. C. Hill this morning a permit for the construction of a business building was issued by the city clerk. The building will be erected on Second avenue north immediately south of the municipal hall and is to cost \$4000. It will be a one-story affair.

EPISCOPALIANS OVER-SUBSCRIBE

Ascension Church Nearly Doubles Amount Asked for Extension of Work

Asked for \$600, Ascension Episcopal church has subscribed \$1001 to the Episcopal nation-wide campaign for funds to carry out its plans for the extension of Christ. The work at home and in foreign fields. The Twin Falls parish was the first church in Idaho to make its quota.

An announcement of the achievement was made at the conclusion of services Sunday when the campaign was concluded. Deana Alward Chamberlain, of St. Michael's cathedral, Boise, assisted in assisting Archbishop Story of Pocatello, conducted the push here. The Sunday school, with less than 100 members, contributed \$100.

From 10 o'clock to 11 o'clock p. m. Episcopal church yesterday when special and regular services were held by the visiting cleric. Eucharist was observed at 7:30 o'clock. Chamberlain assisting Archbishop Story in this celebration. Following an official visit to the Sunday school at 10 o'clock, regular morning services were held at 11, these lasting until 1 o'clock p. m. Special Eucharistic music was sung at the 7:30 service and at morning prayer addresses were given by both Archbishop Story and Dean Chamberlain in addition to a regular sermon by the latter. The dean's address was in conclusion of the appeal for funds to make up Ascension parish's quota to the extension of Christ. Following the address, a delivered a personal message from Bishop Trivet, who was unable to appear in person on account of illness which has held him in Boise. Promises were made that the archbishop would deliver a personal message to Twin Falls in the next month, or as soon as his health will permit.

Bishop Frank H. Hale, who expected to visit this parish with the dean and archdeacon, sent word that he would be here in about three weeks and would then discuss the probabilities of his visit. Archbishop Story announced that no man would be sent here until one amply fitted to the needs of the parish had been found. Bishop Tourret will go here in Boise.

WALTERS ELDER

On Sunday afternoon at 3 o'clock at the home of Mr. and Mrs. J. A. Waters a very pretty wedding was solemnized uniting in marriage Miss Zora Waters, younger daughter of Mr. and Mrs. Waters, and Benjamin Eugene Elder, the Rev. A. G. Bennett officiated. Just before the ceremony Mrs. Elder, sister of the bride, sang a solo. The ring ceremony was used with little Virginia Lee Haskins, niece of the bride, as ring bearer. The home was artistically decorated with spring flowers and American flags. Only the immediate family and a few friends were present. Immediately following the wedding a sumptuous dinner was served. A beautiful bouquet of carnations and ferns formed the centerpiece for the table, and blessings of happiness marked each place. The bride and groom were both former students at the University of Idaho and the groom served twenty-three months in overseas service, being in active service at Chateau Thierry and Argonne.

After two weeks Mr. and Mrs. Elder will be at home to their friends on their farm five and one-quarter miles east of Twin Falls.

ESTES HEADS NORTHWARD

According to information in the hands of the county sheriff today James Estes, accused of the murder of William Edwards at Buhl Friday night, crossed the Snake river at the Oswley ferry early Saturday morning. He headed immediately for the mountains in the north. Although his posses have been in search ever since, trace of the man appears to have been lost.

Beautiful Sun Makes Mess of Snow's Party

It is a common thing to have a party, with the sun shining over and snow pouring on their faces of silvery white. All day long the sun has plowed his way through lowering clouds of leaden gray.

In vain attempts to light the day with a sickly glow. And while we love the glowing sun at all times, he certainly does upset a top of poetic trend about the beautifiers from the birds dream over in lustre language.

Have a look at that mantle, which at 7 o'clock was soft and glistening by the Virgin immaculacy—just have a look at it now; and a fleeting glimpse is all we urge, and see if there's anything on or about it that tends to inspire you to write lyric verse.

We'll say there isn't. From Saturday's high night there was a drop at yesterday's top of 12 marks, but during the night the trend of the weather was decidedly upward. Low tonight was 23, as against 14 Saturday night. Morning rain melting snow amounts to nearly half an inch in the past 48 hours. More rain or snow is guessed for tonight and Tuesday. The weather man is becoming a right smart prognosticator.

DE MILLE QUARTET TO BE HERE TONIGHT

Engaging Company of Entertainers Will Give Lyceum Recital at Lavington

Providing an entertainment on the Lyceum course the De Mille Male quartet will be at the Lavington theatre tonight. The company is Canadian as to its personnel and is described in press accounts as one of the most efficient and pleasing musical organizations now before the public.

The company is composed of Hartwell De Mille, baritone; W. Edmund Capps, soprano tenor; Gladstone Brown, lyric tenor; and Alfred J. Atkinson, basso profundo. Miss Hilda Buckingham is accompanist.

Aside from the solo work of their accompanist, their offerings are purely vocal. Accessories are not needed to bolster up their work.

Everything, including uniformity in dress, is kept at the highest notch of excellence. The repertoire of the quartet includes selections from the great oratorios and operas, the choicest of the English, Scotch and Irish melodies; standard and popular songs.

Not alone as a quartet do they excel, but in concert, oratorio and opera each individual member stands distinct. Accessories are not needed to bolster up their work.

Each member of the quartet appears as a soloist, presenting the best the ancient and modern composers have produced. The accompanist is a distinct artist in her individual piano work, which is marked by unaccustomed brilliancy and power.

OUTSTAY PROCEEDINGS

Charging unlawful detention of property Anna DeClutz, through Attorney E. K. Eakman, has instituted outstay proceedings in the probate court against G. W. Wilcox.

W. E. CROZIER DIES ON HIS WAY HOME

Head of Transfer Company, Heading to See Family, Loses Race with Death

W. E. Crozier yesterday lost a race with death. The grim monster overtook the Twin Falls resident as, assured that his days were numbered, he made haste to reach home in time to bid his family his last farewell. Death came just before 7 o'clock, where Mrs. Crozier, anxious, waited her husband's coming. The body was held in Pocatello, to be prepared for forwarding, and will reach Twin Falls this afternoon.

W. E. Crozier was 49 years of age and had lived in Twin Falls a number of years. He was a pioneer in the draying and transfer business in this city and head of the Crozier Transfer company. Failing health two years ago caused Mr. Crozier to seek respiration at a sanitarium in Colorado, where he has been constantly since.

Funeral services will be conducted at the Presbyterian church at 2 o'clock tomorrow afternoon, the Rev. Asher H. Brand officiating. The body will be cared for at DeWitt's. Surviving relatives here are: The widow, Mrs. Alice Crozier; children, Florence, aged 13; Margaret, 10; Robert, 8; George, 3. The body will be taken to Monticello, Minnesota, by Mrs. Crozier on Wednesday morning for burial.

Decedent was a member of the Masonic fraternity.

CASE CONTINUED

Trail of the case of the state against E. K. Douglas, accused of embezzlement of funds, has been continued until Wednesday morning at 10 o'clock. Continuance was necessary by reason of a conflict of the defending attorney to participate in a trial at that time. The action is in the probate court for trial.

TAX OFFICIALS HERE

A. J. Hindman, chief field agent of the internal revenue bureau, and C. J. Colvin, revenue agent and corporation tax expert, are in Twin Falls for the purpose of assisting corporations in the Twin Falls and vicinity in making their tax returns. All corporations desiring assistance or information in connection with their returns should endeavor to see one of these officials, who will be located at the Regerson hotel, up to 10 and leaving Thursday, February 25.

GLOVES COURT

Judge W. A. Babcock of the local district court and this morning opened a similar term in Rupert.

AUTO IS INVOLVED

Speaking registration of an automobile or a judgment for payment of \$500, A. Donnelly has brought an action in the probate court against E. L. Shetter and Sheriff A. N. Sprague. The case grew out of an attachment made by the sheriff.
