ACTS ON OWN MOTION

Judge Sessions took both actions on his own motion. He said that a "very close attention to the prosecution's evidence and a careful study of the evidence" had convinced him that he was unwarranted in holding the men for jury verdict. He directed the clerk to enter a formal verdict of "not guilty" in the fifteen cases.

CLAIMS EVIDENCE LACKING

Mr. Littleton then proceeded with his argument against the sixth count, alleging conspiracy to violate the law against use of the mails to defraud. He maintained that the record was "destitute of evidence" that such a crime had been committed.

SALVATIONISTS HELP TO COMBAT SPINSTERHOOD

Works in Co-operation with the British Government in Promoting Emigration of Women in Excess of Males

NEW YORK (AP)—The Salvation Army in the British Isles, working in co-operation with the government, is promoting emigration of the approximately 1,250,000 women in excess of the male population in Great Britain.

"We offer no apology for active propaganda designed to procure a better distribution of the sexes. There are a million and a quarter more women than men in the British Isles to-day."

Spends Many to Canada. The Salvationists dispatched several thousands of emigrants to Canada already. We help them make arrangements to leave the old country, provide transportation, necessary and through our world-wide organization see to it that the emigrants are safely settled in the new land.

"Our records show that of the girls who emigrated some years ago to certain sections where women were in the minority, 60 per cent were married within three years of their arrival. This fact and other opportunities for work at good wages in other lands are not without significance to the tens of thousands of thoughtful and enterprising women in the British Isles."

Scotland's Dry Local Option. The success or failure of local option in Scotland is a good indication of the prospects for prohibition in the Isles, he said, adding that the "probabilities are that the public houses will go in many parts of Scotland."

In Great Britain as a whole, however, the tendency is toward a reconstruction on the sale of liquor in public houses—conversion of saloons into American saloons—and continuation of limitation as to hours. This makes for temperance rather than prohibition. However, such they may scoff, English brewers are taking the prohibition threat much more seriously than they are willing to admit, and are spending large sums in counter-propaganda. This is obviously wrong.

Everybody is waiting to analyze the results of nationwide prohibition in the United States."

SALARIES IN TRADE SURE CALIFORNIA FARM TEACHERS DAVIS, CAL. (AP)—The faculty of the University of California state farm here has lost several members this year who have been attracted by salaries offered in commercial pursuits. PLAN AIMS AT RECLAMATION OF HUGE AREA

Annual Convention of League of Southwest to Consider the Means for Development of whole Colorado River Basin

LOS ANGELES, Cal. (AP)—The formulation of a plan for the development of the entire basin of the Colorado river at a cost of more than \$100,000,000 will be the principal business of the annual convention of the League of the Southwest to be held here from April 1 to 3.

The governors of the eight southwestern states—California, Arizona, New Mexico, Nevada, Utah, Colorado, Oklahoma, and Texas—are expected to participate, together with the heads of city and county governments in these states and representatives of civic, patriotic, educational, industrial and commercial organizations. Speakers of national fame are expected to have places on the program.

Work for Several Benefits. In working out its development plan the league does not propose to rally to the support of any one of many projects for improvement of strictly local districts, but will rather support a single interstate movement for general benefit. The great empire of the west and southwest, including Colorado River states in all—is vitally interested in legislation at the national capital in the form of bills already passed or still pending.

Seek Strong Delegations. "It will be important for the eight southwestern states to send the strongest delegations possible to the convention of the League of the Southwest, to unify the benefits of this legislation into a grand movement directed to a single purpose. Every section of each of these states will be affected by the work of this convention."

LIBERIA HOLDS RECORD FOR CLEAN-UP OF HUNGARY Expels Every German from the Boundaries and Sequesters Property LONDON, (AP)—Liberia is said to have been the only state at war with Germany which expelled every German from within its gates and sequestered all their property. Before the war there were about 300 German citizens in Liberia, the capital, and Liberia was rapidly becoming a German protectorate, says Alan Boucher Lethbridge, in the Daily Telegraph. The Germans, he adds, controlled a giant wireless plant and they evidently had made arrangements to have Liberia as a link in the chain of colonial possessions. Their places now are being rapidly taken by Spaniards and Mr. Lethbridge predicts that if Spanish immigration into Liberia continues, Spain will have the largest foreign colony in the country.

QUAKER STATE WORKS ON NEW ORGANIC LAWS

Pennsylvania's Commission on Constitutional Amendment Makes Tentative Changes in Preliminary Study

HARRISBURG, (AP)—Pennsylvania's commission on constitutional amendment and revision has today announced that it has been considering tentative changes in the organic law of the state, has taken a recess until April, when it will hold hearings open to all citizens who have suggestions to make.

The present constitution has been in force for forty-five years with but few changes. The opinion that parts of the constitution are antiquated and that large municipalities cannot properly function under some of its alleged restrictions crystallized in the appointment of the commission to study the constitution with a view to recommending to the next legislature whether it should be amended or whether a convention should be called to make an entire revision.

Many changes were tentatively made in the preliminary study. One of them was the insertion of an amendment giving women the right to vote. Efforts are being made to give Philadelphia, Pittsburgh and other large cities a larger measure of home rule, and changes in the method of making appointments to charitable and educational institutions in the state were also tentatively considered.

The hearings will continue until early summer and in the fall the commission will in complete report to be presented to the legislature next January.

The association hopes to have a membership of 100,000 when all Chinese workers have been repatriated from France.

DEPARTMENT PROPOSES MUTUAL INSURANCE LAW

Suggests Measure to Make Organization Easy and Safe

WASHINGTON, (AP)—The department of agriculture, in cooperation with mutual insurance companies, has prepared suggestions for a state law providing for the organization of farmers' mutual fire insurance companies to meet the needs of states whose laws make no suitable provision for such companies.

The value of these companies, the department of agriculture says, is demonstrated by the record, approximately 2,000 such organizations in the United States that carry a total insurance exceeding \$6,000,000 on property valued at more than \$7,000,000,000. The average cost for this form of protection for the country as a whole is only 28 cents per \$100.

The suggested law is designed to make it easy for 20 or more qualified individuals to organize a farmers' insurance company. At the same time provisions are included to guard the financial integrity of such companies. The average cost for this form of protection for the country as a whole is only 28 cents per \$100.

VIGILANCE COMMITTEE CAMPS ON TRAILS OF GET-RICH-QUICK MEN

Counsel for Associated Advertising Clubs Corps Tells Many Stories of Combat and Convict Them

NEW YORK, (AP)—Ingenious use of advertising schemes by "get-rich-quick" men are being run down by the National Vigilance committee of the Associated Advertising Clubs of the World, which keeps a corps of men at this work almost constantly. Richard H. Lee, special counsel of the committee, who supervises the work, tells many stories of confidence men and the methods used to combat and convict them.

Organized Auto Users. One man, he said, formed a league of automobile users. The league issued a price list of accessories, all quoted at less than possible for the manufacturer to make them. When a member ordered an article, another was substituted and a circular letter explained that because of the great demand, the factory was behind in its orders. In some cases the substitution was attributed to the rashness of the object desired. The substitute was a "cheap affair," made for and used by the league, but the member was satisfied, temporarily at least, by the explanation that while the price was higher than that ordered, the league would sell it to him at the same amount.

Another bogus company, formed in Akron, in the heart of the tire industry, sold its stock chiefly to people in that city, through the power of advertising, although any one of the purchasers could have ascertained that the claims made were untrue by visiting the factory, which was situated within 20 miles.

Mr. Lee tells of visiting a man, now in prison, whom he describes as the country's foremost swindler. He asked for another "international confidence man" who had been associated with the first and learned that they had ceased to correspond.

"Did you know that he had a fortune?" Mr. Lee asked.

"How could he, after the money I stole from him?" was the rejoinder. Mr. Lee still insisted, and the man exclaimed:

"Can it be possible that fellow wasn't on the level with me?"

Warts Are Contagious. Warts are contagious, as is proved by experiments on their own fingers made by Drs. Udo J. Wile and Lyle B. Kingery of the University of Michigan Medical school. These physicians seem to have proved that warts are caused by some sort of a virus that passes easily through a filter and therefore through the sound human skin.

Housed to Indignant Protest. It had been the custom to give the twins, Jane and John, presents almost alike. One day they got into a quarrel and John became quite angry, exclaiming: "I can't have anything by myself; I can't even have my own birthday in peace!"

Hair to British Throne Wins Recognition Through Activities

LONDON, (AP)—Since his return from America, the Prince of Wales is playing such an active part in English public life that it is believed his name will soon be officially moved up higher in the list of toasts at state ceremonies and public banquets. Hitherto he has been fourth on the list; the king, the queen and Queen Alexandra preceding him.

A high official of the royal household stated that the king has given his sanction to a rearrangement whereby the names of the king and queen are coupled in one toast, and the Prince of Wales will come next.

Value of Molybdenite. The principal value of molybdenite is in the manufacture of steel, to which it gives a hardness and toughness that make the steel suitable for use in propeller shafts, guns and boilers. Most of the molybdenite produced in Tasmania is shipped to England.

Appreciate Cucumbers. In Cairo and Alexandria, Egypt, cucumbers are truly appreciated. They are developed to their utmost and are much eaten and liked by the natives. Moreover, the beautiful women understand the value of cucumber juice, and it is squeezed from the vegetable for them to use as a lotion for the skin.

But at Home! In Korea if a man meets his wife in the street he ignores her presence and passes on as if she were a stranger.

On the Go! Few married women are really happy. Even if she marries a man after her own heart she is in mortal dread that he may, some day, be after another woman's heart.—Cartoons Magazine.

A Recipe for Making Washday a Two-Hour Pleasure

Probably, through long experience, you have learned to look ahead to washday as a ten- or fifteen-hour ordeal.

We can teach you how to make it a two-hour pleasure. Our Family Laundry Service is the recipe. We wash all your things, and iron many—leaving to you only the ironing of a few of the lighter pieces.

This, you will see, is a sort of cooperative laundry service. And the cost is very moderate.

Our driver takes up your family bundle in the usual way at a set hour each week. We sort everything, and wash each article especially in a particular class—table linens only with table linens, colored goods only with colored goods, and so forth.

Next the whole wash is dried in a way that makes it as sweet as if it had been bathed in spring sunshine. The flat pieces, like towels, bed clothes and table linens, we iron. Many of the undergarments we dry so nicely that they need no ironing. Other garments, like your own skirts and the children's clothes, we starch and leave for you to iron at home when you have an hour or so to spare.

In a word we transform the work of washday into a two-hour pleasure for you. You will be surprised too, at the extreme reasonableness of the cost.

Large numbers of housewives already use our service. It will please you as much. Telephone and we will have our driver call for your family washing.

PLACE FOUND FOR SERVICES

Salvation Army Will Hold Inaugural Meetings in Parish Hall Saturday

Directed by Ensign and Mrs. John Naton the Twin Falls Salvation Army corps will inaugurate a program of sacred services on Saturday night of this week. The services on such occasions will be in manner of celebration of the budget fund campaign which on Saturday night "Service" will also be held on Sunday.

For the present temporary headquarters for the Salvation Army work will be in Parish hall, where religious exercises will be conducted every Saturday night and Sunday until such time as a permanent hall can be secured. The opening meeting will be held at 8 o'clock in Parish hall Saturday night; but there will be an inaugural street procession down town prior to that date.

Ensign Naton is the pastor and Mrs. Naton is an expert guitar player. Last night Lieut. Col. Thomas W. Scott, head of the northwest division of the Salvation Army, was in Twin Falls for a conference with the local army advisory board. He left this morning for headquarters in Seattle.

At a meeting held by Col. Scott with the board conditions here were discussed. Ensign Naton was given official blessing given every assurance that matters pertaining to the Salvation Army in Twin Falls are proceeding satisfactorily.

For the fund canvass, to be held on Friday and Saturday this week ample preparations have been made by the general board in charge. At a session of Twin Falls past, No. 7, committee of 20 legionnaires was selected to make a canvass of the entire residence section of Twin Falls for financial support for the Salvation Army. The committee divided into equal working units, will fare forth Friday afternoon and make a house-to-house check for funds. On Saturday the legion, was mothers, business committees and young women of the city will work the downtown district. Three butts will be erected from which Salvation Leasies will sell doughnuts.

The budget requires \$3,500 for the first eight months of the year.

HAWKEYE PRIDE DEFEATS FRENCH MAT CHAMPION

Earl Caddock Puts Chevalier to the Floor in Short Hour Contest

NEW YORK, (AP)—Earl Caddock of Anita, Iowa, former heavyweight wrestling champion, defeated Ed Chevalier, the French expert, with a head scissor and arm lock in 59 minutes and 12 seconds at Madison Square Garden here last night. Chevalier weighed 290 pounds, 14 more than his opponent.

The Frenchman was the aggressor during the greater part of the first half hour. He was in difficulty twice later, but each time his defeat was delayed when the men went off the mat and, under agreement, assumed erect positions.

Five minutes before the finish Caddock obtained a head scissor and tried to pin his man with an arm lock. Chevalier wriggled out, but only to fall victim to the same hold.

Daubert Signs But Other Red Stars Hold Out

First Baseman Signs in Auto-graphed Contract—Groh, Kopf, Rousch Sulking

CINCINNATI, O., (AP)—Word has been received from Jack Daubert, first baseman, that he has accepted terms and has forwarded his signed contract. It was announced at headquarters of the Cincinnati National league club last night. Heinie Groh and Larry Kopf, the infielders, still unassigned, will meet Manager Pat Haney on his arrival in Cincinnati tomorrow for a conference. It is possible, it is said, that Eddie Roush will come to see the Red leader.

It was stated at headquarters that no special effort would be made to come to terms of Hod Eller, shine ball tosser, and the team may go south Friday without him.

LEW BLUES SIGNS

PORTLAND, Ore., (AP)—Infielder Lew Blue has practically accepted terms with the Portland baseball team. Manager Walter McCord said yesterday. STRANGLER FLOPS GREEK CHAMPION AFTER HARD TILT

Lewis, with Weight Advantage, Manages to Pin Londas Down After Two Tours

NEW YORK, (AP)—Ed "Strangler" Lewis of Kentucky, threw Jim Londas, the Greek champion, with a head lock in two hours, four minutes and 43 seconds.

Lewis weighed 220 pounds, an advantage of 27 pounds. Londas more than made up this handicap with surprising strength and agility. Lewis went through the ropes four times on the reporter's table and frequently bounded against the ropes in escaping his opponent's attack.

The Greek succeeded in breaking half dozen headlock holds but succumbed to the seventh. After the men had wrestled one hour the American got a firm hold on which Londas countered with a head scissor. This extraordinary combination lasted fully three minutes before both men broke loose. Londas looked the fresher of the two later when he wriggled out of another of Lewis' famous holds after three minutes and 40 seconds.

Londas got a body and arm hold which nearly ended the match as Lewis was forced within a half inch of a pin fall just before the two-hour mark. The Greek champion broke from two headlocks by rising to his feet and leaving Lewis into the air.

Girls' Invasion of North Region Looms in Spring

JUNEAU, Alaska, (AP) (By Mail)—Girls from the states are already en masse planning to stampede to Alaska this spring. J. L. Gray, mayor of Juneau, and several other Alaska officials this spring received letters from dozens of young ladies asking about the northern territory.

The letters came from Minnesota, Texas, Iowa, Washington, Colorado and Canada. All the writers expressed the hope that they would be able to find work here so they could come north. Positions wanted by the girls included: school-teaching, book-keeping, typewriting and clerking. One or two of the girls hinted at matrimony and asked for leaflets about Alaska's "eligibles."

Boxer is Held on Charges of Law Violation

Knockout Brown is in the Tolls in Salt Lake—Woman is Wanted in Reno

SALT LAKE CITY, Utah, (AP)—A complaint charging violation of the Mann white slave act was sworn out yesterday against Melvin P. (Knockout) Brown, Oakland, California, pugilist, being held by the police here with Miss Lillian Hall, who is said to be wanted in Reno, Nev., to face a fornication charge. Miss Hall is alleged to have passed many bad checks in various California cities which she visited with Brown before the couple came to Salt Lake.

Brown, whose true name is said to be Ross, is reputed to be a member of a prominent San Francisco Italian family.

Brown will be held for trial in the district court here. Miss Hall will be returned to Reno, probably tomorrow, by Chief of Police J. M. Kirkley, of that city, who arrived here today.

Today's Markets

Grain and Provisions
CHICAGO, (AP)—Fresh upturn in the price of corn today were associated more or less with continued scarcity of receipts. Besides, attention of traders is focused to a considerable extent on the unusual heavy consumption of corn on farms. Reports were also current that abandonment of winter wheat acreage would be above the average this season. Opening prices, which ranged from 1.84 off to 1.88 advance, with May \$1.39 3-4 to \$1.40 1-4 and July \$1.34 to \$1.34 1-2, were followed by a moderate setback and then by gains all around.

Realizing sales on the bulge were liberal, especially as from leading recent buyers, who professed to believe that a reaction was due. The close was nervous, at the same as yesterday's finish to 3-4 higher, with May \$1.40 1-4 to \$1.40 3-8 and July \$1.34 1-4 to \$1.34 3-8.

Oats paralleled the action of corn. After opening unchanged to 3-8 higher, including May at 83 to 83 1-4, the market sagged, but then rose higher this morning.

Provisions were weak as a result of large sales at western packing centers, furthermore, the export outlook was represented as unpromising. Later the market hardened in sympathy with corn and hogs.

HEAVY STAKES IN PLEBISCITE

Schleswig Elections Offer Most Stupendous Bribes in History to Voters

COPENHAGEN, (AP)—No election in history has ever offered so tremendous a bribe to voters as do the Schleswig plebiscites, say Copenhagen observers. These plebiscites are to decide whether a great part of Schleswig is to remain Danish territory or be restored to Denmark.

Denmark's interest in the outcome of the election in the three zones rose to fever heat on the approach of the date for the plebiscite in the first zone, the strip nearest Denmark. This was won by the Danes by a vote of three to one.

Owing to the depreciation of the German mark, its value now is infinitesimal as compared to the Danish krona. It is asserted that if the election goes Danish, with the requisite accession of Danish currency, property in Flensburg will be worth 16 times its present price.

No less weight is the effect upon the attitude of the inhabitants. The government officially told the Associated Press correspondent that Denmark would not discriminate in Schleswig between Danes and "converts."

But there are many Danes who fear to recover Flensburg if there is any chance of the contest turning on a question of the selfish interest of Germany.

"We want Flensburg," he said, "but not against the cost of our lives. We must not have in Denmark a German irredeemable."

HARDING WILL CARRY HIS CAMPAIGN TO LONE STAR STATE

FORT WORTH, Tex. (AP)—Senator Warren O. Harding of Ohio, candidate for the republican presidential nomination, set a precedent in southern politics today by campaigning in Texas. He is declared to be the first republican presidential candidate ever to campaign in person in this state. He met at the chamber of commerce. He was welcomed to the city by a committee composed of both democrats and republicans. He will go to Dallas late today.

Bolshevik Ruler Tours Russia in Palatial Train

LONDON, (AP)—The special train of Leon Trotsky, the chief of the Russian red army, is a most elaborate affair, consisting of fourteen cars and two power-lifted engines. It is supplied with a wireless installation capable of receiving communications from Moscow, Lyons and London. One of its most striking features is a printing office which prints Trotsky's paper, "On the War."

The greatest curiosity of the train is the "garage," which contains six cars, one a powerful French automobile which belonged to the late Emperor Nicholas.

The escort on the train consists of 250 infantrymen, a whole company of machine gunners, as Trotsky with his train has often been near the front and has several times been in danger of his life. The train also contains a library and a dining-car.

DUNLAP 50-ACRE FARM BRINGS BIG PRICE PER ACRE

Sum of \$27,000 is Paid for a Twin Falls District Improved Ranch

Receiving a total sum of \$27,000 for the place, E. P. Dunlap has sold his 50-acre ranch four miles east of Twin Falls. The property was purchased by a farmer named Williams, from Missouri.

According to the terms of the sale agreement possession of the place passes into the hands of the purchaser March 15. Before that time Mr. Dunlap will conduct a sale of all his farm property. The place brought \$540 an acre. Mr. Dunlap has owned it about eight years during which time he has made it one of the most up-to-date ranches in the Twin Falls district. On it is a fine five-room house, together with a large barn.

Bancroft Resident is Fined in Local Court for Violating Prohibition Law

Darrell Livingston, a resident of Bancroft, Idaho, was haled before the municipal magistrate this morning to answer charge of drunkenness. He pleaded guilty explaining his condition had been brought about through immoderate consumption of flavoring extracts bought at a local grocery store.

Livingston was fined \$17.50, including costs. He was arrested last night and has promised to leave this environment without delay. He gave his age as 23.

Mrs. H. H. Walton of Hansen motored to Twin Falls yesterday on a shopping tour.

High School News

Tonight in the high school auditorium the girls of the Blue Triangle club will entertain themselves at an Oriental party. Extensive plans have been made for the affair. The hall will be decorated in Oriental fashion.

"Le Cercle Francais" held its monthly meeting last night and enjoyed the following program: Lecture—By Iris Guthrie. Piano solo—By Helen Lind. Talk—"The Cathedral of France"—By Mrs. Leedy. Piano solo—By Anna Polley.

After the program 25 new members of the club were initiated. Following the initiation, which proved to be rather alluring, refreshments were served.

LEWIS LORES TUCSON, Ariz. (AP)—Kid Palmer of the 19th infantry, Douglas, Ariz., won a decision over Perry Lewis of Los Angeles and San Francisco in a ten-round bout here last night.

Proper Selection of Materials Means Better Construction

Time and the elements prove that the use of first-class building materials means better construction. Economy follows the proper selection of these materials. A house built on the sands will eventually fall. In this same class is the building constructed of poor lumber and other building items. It can't stand the test against the rigors of severe weather.

All Boise Payette yards carry our high-grade lumber and building materials. Our yard managers are ready and competent to advise you regarding your construction problems. Consult your nearest yard manager about your building plans, whether it be for a house, barn, garage, shelters for animals or implements, chicken coops or other structures.

MANY BASEBALL MEN HAVE SPED O'ER THIS LOT

League Park at San Antonio is Scene of Training for the Best in the Game

SAN ANTONIO, Tex., (AP)—Many brilliant stars of baseball have sped over the diamond path at League park, where the New York Nationals go into spring training this week for the 1920 season.

The Philadelphia Americans trained at League park in 1918 and 1919, and the St. Louis Nationals worked out there in the spring of 1919, 1917 and 1918.

The New York Giants had brief experience with the park in 1918, when they put on the finishing touches of their spring work here.

Except on dates already fixed, the Giants will oppose the San Antonio club every Saturday and Sunday.

Cous and Chicks Lure R. Mitchell Away from Game

SACRAMENTO, Cal., (AP)—A. Roy Lewis, manager of the Sacramento National pennant-winning club, has ceased to be a ball player and become a farmer.

Mitchell was purchased by Manager William W. Wainwright of the Sacramento club of the Pacific Coast league, but has written from his home in Belmont, Texas, that he will not again appear in uniform.

A 300-acre farm is pressing in its need for attention, Mitchell's letter said.

TO ADD EACH TRACK YAKIMA, Wash., (AP)—Alterations and improvements costing approximately \$12,000 have been started at the Yakima State fair grounds here.

A new half mile race track is being added and the grandstand being enlarged.

TACOMA MAKES BID TACOMA, Wash., (AP)—Tacoma wants the football game November 27 between the University of Washington and Dartmouth college to be played in the Tacoma stadium.

Referee Mustn't Decide Who Wins Michigan Bout

Third Man in Ring is Oily to Separate Hugging Scrappers—Can't Decide Victor

DETROIT, Mich., (AP)—Referee's decision in boxing bouts in Michigan will not be permitted, the state boxing commission ruled at a special meeting here recently.

The commission's ruling was given on the petition of a local club that proposed to stage matches in which the referee and one of the newspapermen would determine the victor.

It was also announced by the commission that in the future no clubs would be permitted to offer bonuses for knockouts.

Trio of Highly Touted English Fighters Signed

Three British Scrappers Slated to Meet Americans in Detroit March 10

DETROIT, Mich., (AP)—Three "all-star" bouts have been arranged by the Detroit Boxing club for March 10. Each bout will see a title holder in action.

Johny Sheppard, London, lightweight champion of England, who has a record of 69 knockouts, is to clash with Eddie Fitzsimmons of New York.

In the third event Harold Jones, English bantamweight champion is to meet an opponent as yet unnamed.

Boxing Becomes Popular Sport At California U

BERKELEY, Cal., (AP)—Boxing is the most popular sport among male students at the University of California, from the standpoint of the participant rather than of the spectator.

Four hundred and forty-three students signed to take part in the physical education department's boxing classes.

ADVANCE AGENTS PREPARE WAY TO TRAINING CAMPS

Big League Club Attaches Have Invaded Texas Ahead of the Diamond Warriors

DALLAS, Tex., (AP)—Training camp attaches are invading Texas to prepare the way for the four major league baseball clubs that will in this state for the 1920 season.

The clubs from each league will get their spring practice in Texas, the New York Nationals at San Antonio and the St. Louis Nationals at Brownsville.

Each team has arranged a series of exhibition games, starting with Texas Tech at Brownsville, Tex., March 14.

Spring work will get under way in earnest between now and March 15 in all four Texas camps, although battery men will have a few days' start to get their arms in condition.

GOLF DATE SET

NEWARK, N. J., (AP)—D. Van derpool, secretary of the United States Golf association, announced last night that Saturday, August 7, has been selected for the international professional tournament.

STANFORD UNIVERSITY, Cal. (AP)—Captain Paul Kinney, leader of the Stanford tennis men, has announced that he will enter two teams to represent Stanford in the Pacific coast intercollegiate series which is to begin March 5.

Brief Bits of Sport

If those are Ideas of March they arrived on schedule. They may celebrate their gular festivities on the middle of the month right and proper.

Young Ketchell, a telegraph operator of Ebbell, is trying to fool the local legions into watching him with Gordon McKay of Boise.

Such a match would be foolish in the extreme not only from the standpoint of ability, but because of the disparity in weight. McKay is a full bloom middleweight, while Ketchell is a welterweight.

Beid a Ketchell does not clash with McKay in any department of the game and would only prove a chapping block for the coming champion.

You can get trimmed nicely in a blackjack or poker game, but it does not serve in the place of a barber.

Sim Smiley, agribusiness' sage, says: "Scientist fellows never jest discovered that irrigation after many years wears out the soil; an' it's jest 'th' same with 'th' soul o' a man."

A Detroit jurist has decided that referees must not make decisions in prize fights. This only paves the way for exploitation of the variance of opinion among ringriders and the newspapers.

It is remarked that three other pugilists will come over with Carpenter. If these French scrappers coming over here are no better than those the British are exporting to this fair land then they might as well save their Cook's tourist money.

It need to be that the American association was the old soldiers home for the major league, but now the scene has shifted to the Pacific coast circuits.

Marked Advance in Weaving. In 1837, on the twenty-third of November, the patent for the Crompton loom for weaving cloth was issued to William Crompton of Taunton, Mass.

This machine made it possible to weave intricate patterns in cotton fabrics by machinery in place of by hand as had been done formerly.

SOX VANGUARD IN TEXAS FOR CONDITIONING

Comiskey's Rookies are in Waco but Big Squid Not Due Until Next Week

WACO, Tex., (AP)—While the vanguard of the Chicago American league club is expected to reach Waco this week for spring training, present plans indicate the main body will not arrive until next week.

Only twelve large major league teams trained here; the White Sox worked out here in 1912 and the St. Louis Americans in 1913. The Indianapolis club of the American Association was here for a part of its spring training in 1912.

Katy Park will be the scene of the White Sox activities this year, the home of the Waco club while a member of the Texas league.

The previous spring workout of the White Sox here, in 1912, marked the initial trial of the now brilliant infielders, Womser and Rath, and it was at Waco, too, that Ben developed into a first string hurler.

Illinois Governor is Cotton Planter, Stock Raiser, and General Farmer...

Gov. Frank O. Lowden of Illinois, one of the leading candidates for the Republican nomination for president, is a practical and successful farmer...

One of the most notable measures taken by Gov. Lowden to foster agriculture was the civil administrative code...

Moreover, through Gov. Lowden's active interest, a number of bills have been put through the legislature directly bearing on the farmer's lot...

The governor likes not only farms but farmers. In a speech recently he said: "In these troublesome times I often wish I were a farmer..."

Escalloped Veal with Potato. Mince cold cooked veal very fine. Butter a baking dish and put a thin layer of veal on the bottom, sprinkle with chopped onion and cover with a layer of seasoned mashed potato...

Beef Olives. Take slices of rare roast beef and roll each around a thin slice of bacon which has been fried until transparent but not crisp...

Corned Beef Hash. Chop the cooked corn beef very fine, then add the chopped vegetables, using three times as much or more than the meat...

Creamed Liver. Use chopped leftover cooked liver, add to a rich white sauce and serve on buttered toast.

DEFACEMENT OF POLES AND POSTS MUST STOP, CITY MAYOR DECLARES

Card-Tacking and Promiscuous Handbill Advertising Nuisance Arouses Wrath of Municipal Administration — Police Will Clean Up and Thereafter Violators are to Be Haled in Court

Card-tacking on utility poles, posts and buildings is taboo in Twin Falls. The provisions of the ordinance governing this offense are to be enforced with utmost rigor.

Promise that the police would be ordered to tear down all offending signs and advertising media was given by Mayor W. H. Eldridge when the matter of cleaning up the city was presented by C. E. Booth of the Booth-Kovatsko institution. Mr. Booth led to the question of stripping poles and posts of their untidy burden when he called attention to some derelict remains of advertising for one of the last liberty loan drives.

He told of tattered and torn strips of bunting flapping in the breeze from the facade of a one-story building in one of the most important blocks of Twin Falls.

As a start for the cleanup the police are to be instructed to tear down all signs defacing posts and buildings and to see that others are not put up. The city ordinance prescribes a fine for offenses of this nature.

Certain members of the city council decried an alleged disposition toward the erection of billboards on every vacant piece of property in Twin Falls. "The town has gone to seed on this billboard proposition," one of the municipal administration forces said.

The ordinance regulating posting of advertising matter also covers the scattering of handbills and dogers about town. The law prescribes that such advertising matter can only be distributed on cardboard or in envelopes, and cannot even then be scattered indiscriminately about the city. Leaving such matter in automobiles is especially proscribed and where distribution is made in residence sections delivery must be made to some person in charge of a house; thus making it unlawful to throw matter on porches or in yards.

Complaint is made that the advertising ordinance is daily being flagrantly violated by advertisers, both as to the distribution of handbills in the business and residence district. Complaint is also lodged that frequent use is made of automobiles as receptacles for this matter.

EXISTENCE OF SCABIES IS WORRYING SHEEPMEN

Experts in Conference to Devise Means for Eradication of Disease

For the purpose of inaugurating an extensive campaign, designed for the elimination of scabies in Twin Falls district sheep herds, Dr. F. E. Murray, inspector of sheep scabies work from Salt Lake, is here for a two-day conference with Dr. John McBriney. The latter is in charge of this branch of herd health service in this district.

That there is considerable of the disease among Twin Falls section sheep at this time is not denied by the officials in direct contact with conditions here. They admit, rather, that there is more scabies than is usual in this section, and it is for the purpose of devising a plan of action to not only prevent spread of the ailment but to eradicate it as far as possible so that the flocks will be ready to go into the season in a thoroughly healthy condition.

Dr. Murray will be in this district tomorrow, and may remain longer, depending upon how serious the condition here proves to be.

BARBERS USE DUPLICATE KEY TO ENTER MAIL CAR

ALBUQUERQUE, N. M., (AP)—A railway mail car on Santa Fe train No. 9 was robbed at Gallup, Monday morning, while the two clerks were at breakfast, it was announced today by postoffice officials. The car was entered by means of a duplicate key and registered parcels taken. The value of the loot cannot be determined. There was no glow.
