OTTOMAN CABINET RESIGNS AS SITUATION GROWS TENSE

MEXICANS EXPEL AMERICAN AS PERNICIOUS FOREIGNER

POLICE ESCORT NEWSPAPER MAN ACROSS BORDER

Authorities Charge Deported Correspondent for Los Angeles Times with Having Meddled in Mexican Politics

SOUTHERN REPUBLIC ALSO WOULD BE RID OF JENKINS

Case of Former United States Consular Agent at Puebla is Compared to American Procedure Against Radicals

LAREDO, Mex., (AP)—Gerald Brandon, who has been Mexico correspondent of the Los Angeles Times was expelled today from Mexico as a "pernicious foreigner." He was escorted from Mexico City by two policemen to the Laredo and then escorted across the international bridge to Laredo.

His expulsion from Mexico was ordered under the terms of the constitution of the Mexican republic. It was charged by the authorities that he "had meddled" in Mexican politics.

Brandon said he suffered no other indignities on the trip to Mexico City. He left by automobile from San Antonio and expects to take a train from that city for Los Angeles to-day.

DETERMINATION TO EXPEL JENKINS PERSISTENT RUMOR

MEXICO CITY, (AP)—W. O. Jenkins, former United States consular agent at Laredo, Tex., who was expelled from that city because he was charged with having meddled in Mexican politics, is to be expelled from Mexico in consequence of his alleged dealings with rebels, according to a dispatch received by the United States embassy which has handed a new note to the Mexican foreign office relative to charges preferred in an interview by J. M. Mitchell, consul of the state of Puerto Rico, which involved procedure followed by the embassy during the progress of the Jenkins case.

Washington Not Surprised
WASHINGTON, (AP)—Expulsion of William O. Jenkins, former American consular officer at Puebla by the Mexican government as an undesirable alien probably will be followed by seizure of his factory at Puebla and other property, recent reports from Mexico City have indicated.

Expulsion of Jenkins from the country would not surprise officials here. His exequator as consular agent of the United States was revoked some time ago.

The expulsion of Jenkins is likened by Mexicans to the recent deportation of Russian radicals by the American government.

EXECUTION OF SLAYERS OF AUGUSTUS MORRILL CLAIMED

MEXICO CITY, (AP)—Manuel Gonzalez, leader of the band which shot and killed Augustus Morrill, formerly American consul at Manzanillo on February 26, has been killed by government troops, according to semi-official statements issued here last night.

Military companies were sent out Monday for the purpose of hunting out a band of outlaws between Manzanillo and Colima. In addition to the Morrill case it is stated that a number of bandits were killed.

SLAYED KIDNAPED INFORMATION RECEIVED BY STATE DEPARTMENT

WASHINGTON, (AP)—Information received by the state department indicates that Mexican bandits had planned to kidnap and hold for ransom Augustus Morrill, formerly American consul at Manzanillo, and that the Morrill family had received orders in killing him.

Morrill was hanged by the bandit chief Barona, within 25 days of the scene of the murder, and the bandits for the murder, said an announcement today by the department.

On the murderer's shirt was found pinned a postcard note reading: "Manuel Gonzalez, soldier, died for the assassination he committed. Executed by order of Oficiano Carona." Morrill's horse was shot under him. Morrill received a shot in the right arm for the murder, and the bandits. He received a second shot in the back of the head evidently fired at him while he lay helpless. The amount of money taken from him is unknown.

The governor of Colima, in which state the murder occurred, has advised the American consul at Manzanillo that three military companies were sent to the mountains, 12 miles northwest of Colima City.

IDAHO REPRESENTATIVE URGES ADOPTION OF HIS LAND SETTLEMENT BILL

Addison T. Smith Appears Before House Ways and Means Committee in Interests of Measure Providing for Bond Issue of \$350,000,000 to Be Sold in Ten Years for Reclamation of Public Domain; Indicates Relationship to Soldier Relief

WASHINGTON, (AP)—Extension of preferential rights of entry on all public lands to former service men was urged before the house ways and means committee today by D. W. Ross, of Berkeley, Cal., former engineer in the United States reclamation service. He approved the Smith land bill providing for a bond issue of \$350,000,000 to be sold in 10 years for the reclamation of public lands. The bonds would bear 4.25 per cent and would be tax free. "What effect would a tax free bond have on a 4.25 per cent Liberty bond which are taxable?" asked Chairman Fordney.

"The tax free bond would be the most saleable and the provision would make interest so low that settlers would take the land," was the reply.

"Avoids Heavy Expense"
Representative Smith, republican, Idaho, author of the bill, told the committee the only other land bill—the Mondell measure—costs too large an expense, as five hundred million dollars would have to be appropriated to carry its provisions into effect.

"It is assumed that any legislation for the benefit of returned soldiers will contain a provision for land settlement," Mr. Smith said. "Very little help will be expected of the government in the way of financial help under the bill I have introduced."

Asks Inclosure of South
Clarence J. Owen, secretary of the Southern Commercial congress, asked for the inclosure of returned soldiers lands to service men include cut-over lands of the south.

Former Governor Spry, of Utah, representing the western states reclamation across a bridge in Badwater, Utah, was available for reclamation and entry in practically every state in the west.

HUNGARIAN MINISTER IS WOUNDED BY ASSAILANTS

LATER DISPATCHES DECLARE STEPHEN FREDRICH DID NOT ESCAPE INJURY IN MURDEROUS ATTACK

LONDON, (AP)—Stephen Friedrich, former Hungarian premier and present minister of war who was murderously attacked yesterday morning while driving across a bridge in Budapest, was wounded, says a dispatch to the Exchange Telegraph company from the Hungarian capital. First accounts stated he escaped injury. It is said the would-be assassins were two communists.

World News Events

ROME, (AP)—The ministry of public works announces that electrification of the Rome-Naples railway will be begun this year. It will be extended into southern Italy.

HELSINGFORS, (AP)—The Finnish cabinet has resigned. This ministry was formed on August 18, 1919, with M. Venola as premier.

MEXICO CITY, (AP)—Mexican consuls throughout the world are advised in a circular just issued at the foreign office not to issue passports of persons asking permission to travel to Mexico when it is known they are anarchists, Bolsheviki or radical agitators.

BRUSSELS, (AP)—The general council of Belgian workers has unanimously accepted an order of the day demanding requisition of dwelling, a uniform price of bread, revision of the income tax, regulation of the production and distribution of coal and interdiction of the importation of luxury articles. Demonstrations to this end will be organized throughout the country on March 28, it was said.

PERUVIAN REVOLT PLOT TALE CALLED ERRONIOUS
Chancellor James Statement Holding Panamanians Responsible for False Report

LIMA, Peru, (AP)—Information given E. Higginson, Peruvian consul general in New York that attempts were being made by Peruvians in the United States to organize in Mexico an expedition looking to a revolutionary outbreak in this country was without foundation and resulted from an error on the part of the Panamanian "military intelligence" office. A statement to this effect was issued here today by the Peruvian chancellor. An official investigation of the report has been made by the United States department of justice, it is said.

SENATE ADOPTS RESERVATION ON SHANTUNG DEAL

First Alteration in Republican Program Comes with Vote to Strike Out All Direct Reference to Japan or China

LOGGE DECLARES CHANGE DOES NOT AFFECT IMPORT

Substitute Provision Worked Out in Bi-Partisan Conference is Accepted by Bolons with Vote of 69 to 2

WASHINGTON, (AP)—The Shantung reservation to the peace treaty as modified in the bi-partisan compromise conference was adopted today by the senate.

The vote was 69 to 21, as compared to a vote of 43 to 41 when the reservation first was adopted in November.

Two Democrats, Senators Chamberlain, Oregon; Gore, Oklahoma; Henderson and Pittman, Nevada; Meyer, Missouri; Stewart, Idaho; Reed, Missouri; Shields, Tennessee; Smith, Georgia, and Thomas, Colorado, voted for the reservation. In November it was supported by only five democrats.

WASHINGTON, (AP)—Making its first change in the republican reservation to the peace treaty which was adopted last November, the senate today on motion of Senator Lodge of Massachusetts, the republican leader, strikes from the Shantung reservation all direct reference to Japan and China.

The change, worked out in the recent bi-partisan conference, had the approval of democratic leaders and was accepted by the senate today.

Senator Lodge told the senate that the modification suggested by democratic members of the bi-partisan conference, and did not change the meaning of the reservation "one iota."

It had been feared "more radical" would seek to omit mention of Japan and China by name.

Although Senators Lenroot, Wisconsin and Kellogg, Minnesota, declared the modification was not in the bi-partisan conference to accept the reservation as amended, Senator Hitchcock of Nebraska, the democratic leader, declared that the revised draft was acceptable.

He presented a substitute, arguing that the republican reservation could do "no possible good" toward restoring to China any rights in Shantung.

Hitchcock's Substitute
Under Senator Hitchcock's substitute, the United States would express its understanding that the rights obtained under the treaty by Japan in the Shantung peninsula would be restored to China.

Senator Hitchcock's substitute for the Shantung reservation was rejected 52 to 43, all the republicans and Senators Gore, Oklahoma; Reed, Missouri; Shields, Tennessee, and Thomas, Colorado, voting against it.

American Library Association to Encourage Extension of Service Among the Workers

NEW YORK, (AP)—Extension of library service broadly among industrial workers and manufacturing plants of the country was urged today by the American Library Association, which is sponsoring a campaign to allay social and industrial unrest throughout the United States.

The organization also proposes establishment of service in rural communities, on board ships, in lighthouses, coast guard stations and in military sailors and marines. Another plan is to introduce standard type in the Braille system for the blind.

ALLEGES' GUNS COMMAND CONSTANTINOPLE PALACE

Treaty Terms, Entente Military Moves and Nationalist Activities Endanger Rule of Sultan.

ALGIERS, (AP)—A British squadron of four battleships, one cruiser and ten destroyers has arrived here.

Algiers is about midway between Gibraltar and Malta, the British naval base in the Mediterranean, whence strong British naval forces were dispatched eastward not long ago.

There have been reports that other allied war craft were on the way thither in connection with the disturbed Turkish situation.

CONSTANTINOPLE, (AP)—In view of the gravity of the situation, the cabinet resigned today. The sultan has called upon Marshal Ismet Pasha to form a new cabinet.

Ismet Pasha is a partisan of Mustafa Kemal Pasha, the leader of the Turkish nationalists. His designation as head of the new cabinet is regarded here as a distinct triumph for the nationalists over the sultan and the more conservative leaders.

The Turkish situation has been growing in seriousness recently from several causes. The allied supreme council has about completed its draft of the proposed peace treaty for Turkey through which the Turks are to be deprived of their centuries-long control of the Dardanelles and the Bosphorus and lost territory containing approximately four-fifths of the nation's population.

With a view to stopping the ravaged masses of Armenians the allies have sent strong naval reinforcements to the Bosphorus so that their guns command the narrow straits and the sultan's palace.

Another serious factor in the nationalist movement headed by Mustafa Kemal Pasha, which threatens the overthrow of the government, is allied demands are met.

The cabinet was formed last October.

HOUSE DEFEATS DRY LAW REPEAL

Upholds Prohibition Enforcement Act with Overwhelming Majority Vote

WASHINGTON, (AP)—The house today to repudiate the prohibition enforcement act by a vote of 254 to 86.

The repeal measure was offered by Representative Egan, democrat, New Jersey, as an amendment to the legislative, executive and judicial appropriation measure, and Speaker Gillette overruled a point of order against it.

Mr. Egan also proposed elimination from the bill of an appropriation of \$4,500,000 for enforcing the dry act. Both proposals were defeated on one roll call.

The vote on the Egan motion was 254 to 86. The house then passed the legislative bill without a record vote.

SIoux CITY IS CRIPPLED BY POWER PLANT STRIKE

All Street Car Traffic is Tied Up while Schools Close Because of Light and Power Shortage

SIoux CITY, Ia., (AP)—Thousands of Sioux citizens were forced to walk to work today as the result of the strike of employees at the power plant of the Sioux City service company last night, which tied up all street car traffic.

BOMB WRECKS AMERICAN CONSULATE AT ZURICH

Occupants Escape Injury in Mysterious Attack; Authorities Claim One

ZURICH, (AP) (Havas)—A bomb exploded last night upon the porch of the American consulate here, seriously damaging the building but injuring no one.

Police authorities are believed to have secured clues as to the guilty persons.

WASHINGTON, (AP)—An official report of the bombing of the American consulate at Zurich, last night was made to the state department today by Consul General Koenig, who said the building was partially destroyed but that no one was injured.

Officials here were at a loss to account for the incident. They recalled, however, that part of Switzerland is the residence of political refugees from all countries of Europe and a center of international intrigue.

FRANCE BUILDS NEW HOPES ON TOURIST TRADE

Forthcoming Season is Expected to Have Considerable Effect in Ameliorating the Unfavorable Exchange Situation

PARIS, (AP)—The forthcoming tourist season is expected by France to have considerable effect toward ameliorating the unfavorable condition of French exchange of American dollars. Notwithstanding the questions of providing transportation and hotel accommodations here are causing some misgivings and hotel keepers generally are bawling the limited means of bringing visitors to France.

Dal Piaz, director of the Transatlantic company, has expressed his opinion that the number of American desiring to visit France in the coming season will far surpass the transportation facilities, but that this will be relieved by the putting into service of passenger liners which are being constructed principally in England before the French hotels have been organized to receive the expected influx of foreign visitors.

BRILLIANT MINISTER VICTIM OF INFLUENZA

Rev. Dudley B. Ashford, Noted Preacher and Lecturer, Well Known on Three Continents, was Ordered to Give Up Work

Rev. Dudley B. Ashford, Noted Preacher, Lecturer and Missionary

Reverend Dudley B. Ashford is an extraordinary man. Although still on the sunny side of forty, he has crowded more service to humanity into a few years than most men accomplish in a life-time.

Soon after his graduation from Harley College, London, England, he was ordained minister at the famous New Court Congregational church in London. A short time thereafter he was selected to present the cause of Congo reform and African Missions before the people of Norway, and toured that land with such success that he was greeted by enormous crowds at every meeting.

In 1908 under the auspices of the Colonial Missionary Society he was sent to New Zealand and for three years labored as a missionary among the Maoris, where his experiences were novel and thrilling.

In 1916 he returned to England and served for three years at Wood Street Congregational church, Cardiff, South Wales, the biggest Congregational church in the British Empire. It was while here that he fell one of the early victims of the great influenza epidemic, an attack from which he had not fully recovered when he accepted a call to the Queen's Road Congregational church, St. John's, Newfoundland, where his successful past soon attracted record congregations.

The strain of this work upon his undetermined constitution proved too severe and he suffered a nervous breakdown, from which now, however, he has completely recovered. Moved by a desire to serve his fellow men he has recently written a letter that tells how he returned to health and strength.

This letter, addressed to The Taulac Co., Atlanta, Ga. is an eloquent expression of gratitude, and is as follows: "Gentlemen: Your medicine, known as 'Taulac' has been such an inestimable blessing to me that I feel constrained to write and tell you so. In October, 1918, while a minister of the Wood Street Congregational church, Cardiff, South Wales, I had a severe cold, from which now, however, he has completely recovered. Moved by a desire to serve his fellow men he has recently written a letter that tells how he returned to health and strength."

COMPARISON SHOWS FOOD CHEAPER ACROSS BORDER
JUAREZ, Mex., (AP)—Comparison of the prices of groceries in Juarez with those that prevail in El Paso, opposite here, reveal that most foodstuffs are cheaper on the Mexican side of the river, according to a comparison just prepared by Stephen E. Aguirre, vice consul for the United States at Juarez. Rice and sugar are three cents a pound less in Juarez than in El Paso.

Dentistry Under the E. R. Parker System

If your teeth need filling, a dentist who makes a specialty of fillings can do the work best.

If you need crowns or bridge work, a crown and bridge dentist is the man you want.

If artificial teeth are required, you can get the most satisfaction from a dentist skilled in plate work.

If a tooth must come out, a first-class extractor can take it out without hurting.

If your teeth are diseased, a dentist with full knowledge of the subject should be consulted.

This is the kind of dentistry done in offices using the E. R. Parker System. The kind of work you need is done by the man who knows how to do it particularly well.

trouble; it was an effort to walk upstairs and at night I used to lie awake in continual dread lest my heart should stop beating altogether.

"Then, as a result of exposure one winter's night, in a small boat, while in the execution of my duties, I was seized with violent pains in the right shoulder and arm, which nearly drove me to distraction. I consulted doctors and specialists and underwent massage and electrical treatment, without getting much relief. I was ordered to give up all preaching and public work for at least three months, and I began to fear that my health was permanently affected.

He Had Been Skeptical

"I had always been rather skeptical of the testimonial concerning the merits of any medicine, but one day I read the statement of a man whose symptoms seemed to be identical with my own, and his praise of Taulac rang so true I decided to give it a trial myself. I bought a bottle and its effect was almost immediate. My nervous condition began to disappear and I began to get a sleep at night. My appetite so increased that I could scarcely satisfy it, and I found myself putting on weight rapidly. By the time I had taken the fourth bottle, the pains in my arm and shoulder disappeared and I am feeling better today than for a long time past.

"I feel that I should be guilty of base ingratitude if I did not write and tell you what a boon Taulac has been to me, and I give you this unadorned testimonial to use as you may think best, in the hope that others may find in your wonderful medicine the means to restored health and strength."

AMERICA LOSING LURE FOR CANADIAN TOURIST

High Discount Rates and Prohibition Tend to Keep Numerous Potential Travelers at Home

SEATTLE, Wash. (AP)—High discount rates and prohibition are checking Canadian tourist travel to the United States, according to Seattle steamship men.

Canadians who leave their homes with \$1,000 in Canadian money find they have only \$800 when they reach the United States where, in many cities the discount rate is twenty per cent. Prohibition in California has caused many Canadians to abandon their former winter trips to the southern section of the state, the steamship men believe. More liberal liquor regulations in Canada aid the northers to make up their minds to remain at home.

HAVE DARK HAIR AND LOOK YOUNG

Nobody Can Tell When You Darken Gray, Faded Hair with Sage Tea

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound" you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair. A well known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. It's so easy to use, too. You simply dampen your comb or soft brush and draw it through your hair, taking one strand at a time. By mopping the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful.—Adv.

BOLSHEVISTS CONTROL ART DOMAIN IN RUSSIA

Production of Pictures Booms as the Government Pays Liberty for Approved Works

LONDON, (AP)—Art, so far as the production of pictures is concerned, is said to have had a great boom in bolshevist Russia owing to the fact that the government pays a liberal amount for all works approved by official experts.

The whole domain of art has been placed under the control of a council of seven members, four of whom are apostles of futurism.

STRIKE OF NATIVES IN RAND MINES IS SETTLED

Disorderly Riot with Workers Fought Claims of Unjust Treatment for Political Beliefs

JOHANNESBURG, Union of South Africa, (AP)—The strike among the native workers in the crown gold mines of the Rand, which has been in progress for some time, has been settled.

There had been complaint among the men of unjust treatment because of political opinions.

During the strike there was no disorder to disturb when a number of fifteen men charged in a crowd in rescuing two policemen who had been stoned by natives.

Later, stones were thrown at a party of whites on their way to a concert, this resulting in a fight in which two natives were killed.

The troubles were finally put to an end by patrol.

MUSIC FORMS IMPORTANT PART IN MEXICAN LIFE

JUAREZ, Mex., (AP)—Music forms an important part of Mexican life. In gambling places, in saloons and in restaurants one can frequently hear orchestras playing operatic selections.

The works of Italian, French and Mexican composers are preferred, Verdi, Rossini, Liszt, and Beethoven being the favorites.

The garrison gives frequent concerts in the street in front of the "commandancia."

MIDDLE WEST STATES IN GRIP OF BIG BLIZZARD

Severe Storm Accompanied by Heavy Fall of Snow and Sub-Zero Temperatures, Moves to Eastward and Southward WIPIE COMMUNICATION AND RAILS CRIPPLED

Weather Bureau Predictions are That Severe Cold in the Mountain and Plains Region is to Continue

CHICAGO, (AP)—Sweeping out of the northwest with a fifty-mile gale and a blizzard snow storm, a blizzard struck Chicago at noon and threatened to seriously affect traffic on steam roads centering here.

The thermometer fell ten degrees between 11 o'clock and 1 p. m., and will reach zero tonight, the weather bureau predicted.

The entire district from the Mississippi to the Rocky Mountains and south to Dallas, Texas, felt the effects of the storm today. At Dallas the thermometer dropped five degrees in twelve hours.

One death directly attributed to the storm was reported from Farmington, Minn., where two freight trains were derailed during the blinding storm.

Heavy snow was general today from the Rockies east into Indiana. Wisconsin reported a five-inch fall with street cars and interurban traffic paralyzed and steam trains hours behind schedule.

CHICAGO, (AP)—The worst blizzard of the winter today swept the middle western states and accompanied by a heavy fall of snow and sub-zero temperatures, moved eastward and southward, crippling wire communications and railroad traffic.

High winds, drifting snow and a temperature that fell 30 to 40 degrees below zero within a few hours, struck the eastern Colorado and Nebraska yesterday and today had isolated a number of towns.

Sleet and snow preceded the blizzard developments in the northwest, impairing telegraph and telephone service. Weather bureau predictions were that the severe cold in the Rocky Mountain and plain states would continue today and tonight with increased intensity.

Storm warnings were ordered displayed on the Texas coast, east gulf coast from Mobile to Carabelle, and on the North Pacific coast.

East Service Abandoned. Railroad service in southwestern Colorado virtually was abandoned in some sections when the blizzard struck. The storm there and in eastern Nebraska was reported the worst thirty years.

Only one train had entered Durango, Colo., in eleven days and no train had moved at Silverton in thirteen days.

WREATHS CLEAR BUT DRIFTS REMAIN IN MINNESOTA CITY. ST. PAUL, Minn., (AP)—Although the blizzard of last night had abated in the northwest this morning and was replaced by clear weather, huge drifts were seriously affecting freight and passenger service. Practically all trains were late and passenger trains were many hours behind time.

HIGH WINDS, SNOW AND COLD ARE REPORTED IN NEBRASKA. LINCOLN, (AP)—A blizzard which reached a velocity of from 40 to 45 miles an hour, accompanied by snow and temperatures that touched as low as six below zero in Nebraska last night, is being today along the heart of the railroad traffic and wire communication. Slight damage to telephone wires was reported.

COLD WAVE AND STORM IS GENERAL THROUGHOUT IOWA. DES MOINES, Ia., (AP)—Reports reaching here today show the cold wave and storm striking into yesterday to be general over Iowa. Conditions for workers were reported extremely uncomfortable in both Sioux City and Dubuque where no street cars were operated because of strikes.

RAILROAD WORKMEN MEET TO TALK NEW WAGE SCALE

Question of Compensation Divides Interest with Proposal for Balancing Co-operative Plans

CHICAGO, (AP)—Representatives of nearly 400,000 railroad workmen, comprising members of the United Brotherhood of Maintenance of Way employees and railway shop laborers, met here today to discuss formulation of a new wage scale. Twenty-four general officers and 142 general chairmen representing union men working for 128 railroads were in conference.

The officials will also discuss the question of changing co-operative factories to furnish commodities to its members at cost.

MEXICO IS ALARMED OVER IMMIGRATION OF WORKERS

Serious Danger to Industries in North Through Non-Use is Apprehended

MEXICO CITY, (AP)—Mexican workers are going to the United States in large numbers and the exodus is becoming alarming, according to press advices from northern states. Some danger to numerous industries in that region through non-use and through large areas of farm land through lack of cultivation is apprehended.

The department of labor has issued a statement warning Mexicans to beware of fraudulent contracts, by which, it is alleged, many Mexicans have been swindled in southern United States.

have been transmitted to Lieutenant M. Wolf, chief of Utah, American aviators who have been in Sonora, Mexico, since February 2, to return to the United States immediately, according to a statement made today by Colonel Frank W. Glover, chief of staff to Major General Robert L. Howze, commander of the El Paso military district.

The officers have been ordered to come out of Mexico without waiting for the release of their airplanes, which has been the cause of the delay in their return following their release by the Sonora authorities last week.

The question of the release of the machines, which was forced to land near Nacozari, Sonora, because of engine trouble, was taken up later.

The instructions to the aviators were transmitted by General Howze through Brigadier General F. E. McCoy, commander of the Arizona military district, with headquarters at Douglas.

EASY LUNCHEON DESSERT.

A dessert for the noonday meal should be a very light one such as a dish of fresh or canned fruit, a cookie or small cake with the hot drink.

There are, however, many desirable desserts which will be served in small amounts, which are appropriate.

Jelly Fluff.—Take half a glass of jelly and the white of one egg; beat until stiff and the mixture will stand alone. Heap in sherbet cups and top with a spoonful of whipped cream or the white of egg beaten with sugar.

Baked Peas With Lemon Sauce.—Use large firm peas; cook, but do not peel; place in a baking dish; add sugar, bits of butter and lemon juice with the grated rind. Baste with a little water. During the baking, add a little water if needed. Serve hot or cold with cream or in a hot buttered crust.

Caramel Cornstarch Pudding.—Brown a half-cupful of sugar until it forms a sirup in a smooth frying pan, then add a pint of boiling milk; stir until the caramel is dissolved; add two tablespoonfuls of cornstarch to a little cold milk. Pour into sherbet cups; garnish with a spoonful of whipped cream topped with a piece of preserved ginger.

Rice Pudding.—Place a half-cupful of rice in a baking dish with two quarts of milk, a half-cupful of brown sugar and a half-cupful of raisins; flavor with cinnamon or nutmeg and bake three hours in a hot oven until the rice has absorbed all the milk.

Snowballs.—Spread cooked rice an inch thick over small squares of coarse muslin wet in cold water. In the center place a canned peach, pear or apricot. Tie carefully and steam ten minutes. Remove the cloth and serve with a sauce made from the fruit juice.

MOVES TOWARD TRIAL OF SUGAR CORPORATION CASE

Federal Trade Commission Attorney Arrives in Salt Lake to Start Action

SALT LAKE CITY, Utah, (AP)—For the purpose of bringing to speedy trial the case of the government against the Utah-Idaho Sugar company, the Amalgamated Sugar Company and several Salt Lake men charged with stifling competition in the sugar business in the intermountain states by using unfair methods of competition in interstate commerce, Henry B. Peor, special attorney of the federal trade commission, arrived in Salt Lake yesterday from Washington.

The trial will be held in the federal district court here without a jury as soon as practicable, Mr. Peor announced.

Creation of false reports as to the financial standing of competitors and other detriments alleged to have been made by the defendants in an attempt to gain control of the beet sugar industry in this section.

Today's Markets

New York Exchange. NEW YORK, (AP)—Advances of 10 to 15 cents recorded by a variety of leaders in today's stock market were traceable to the easier rate for call money and pronounced strength of foreign exchange. Sales approximated \$50,000 shares. Metals were included among the prominent features of the final hour, the entire rail, excepting rails, adding to previous gains. The closing was strong.

Liberty Bonds. NEW YORK, (AP)—Prices of Liberty Bonds at 2:55 p. m. today were: 3 1/2's 89.54; first 4's 89.10; second 4's 89.25; first 4 1/4's 89.18; second 4 1/4's 89.50; third 4 1/4's 89.24; fourth 4 1/4's 89.10; Victory 3 3/4's 89.78; Victory 4 3/4's 89.78.

Grains and Provisions. CHICAGO, (AP)—Assessments that from now on receipts are likely to decrease led to a material fresh advance today in the value of corn. Offerings were readily absorbed despite considerable profit-taking on the part of long. Mild rainy weather tending to put country roads in bad condition was given some notice as a bullish factor. Opening prices, which ranged from 1.35 off to 8 1/2 advance, with May at \$1.40 1/8 to 1.40 1/8 and July \$1.34 5/8 to 1.34 1/8, were followed by a slight rise and then by decided gains all around.

Subsequently, gossip about extension of credits to Germany together with fears that the blizzard in the west would demoralize the transportation brought about a rapid further advance in price. All deliveries except May touched the highest figures yet this season. The close was nervous 2 1/4-1/8 net higher, with May \$1.43 1/4 and July \$1.36 5/8 to 1.36 3/4.

Oats ascended with corn. After opening at 1-8 decline to a little advance, including July at 70 to 70 1/8, the market scored a substantial advance.

Provisions were dull and weak in sympathy with the hog market. Besides, the export outlook was not encouraging.

Later the market rallied owing to sign that packers were buying land.

Chicago Livestock. CHICAGO, (AP)—Hog receipts 50,000; weak to 15c lower; top \$18.50; bulk \$14.40 to \$15.25; heavy \$14 to \$14.75; light \$13.50 to \$14.25; heavy packing \$14.50 to \$15.25; packing sows rough \$12.40 to \$13.00; pigs \$12.25 to \$14.50.

Cattle receipts 11,000; steady; beef steers, medium and heavy weight, choice and prime \$14.25 to 16; common \$9.50 to 11.50; heifers \$7 to 12.25; cows \$4.75 to 12.25; canners and cullers \$4.50 to 6.75; veal calves \$16 to 18.50; feeder steers \$12.25 to 11.65; stocker steers \$7 to 10.50.

Italian Premier in Interview, Calls for End of Meddling with Internal Affairs of One Country by Another

LONDON, (AP)—Europe is in danger of permanently losing the position she held in the world before the outbreak of the war, says Premier Nitti of Italy in an interview printed by the Manchester Guardian today. He points out that Europe is no longer a creditor, but is on the debit side of the ledger.

Public order in Italy is, he says, such that country could give her minimum requirements in coal, foodstuffs and raw materials, but would be unable to reconstitute herself economically.

One brief allusion to the Adriatic problem is made in the interview. We shall find a way out, says the premier, and the Adriatic will be friendly. Don't magnify this frontier controversy by talking of imperialism.

"I believe naturally exists a future, because the future of the Italian race is immediately concerned."

"What after all is Italy demanding in the Adriatic? She wants strips of territory, the cession of which is less than the Italian casualties in the war."

Premier Nitti expresses strong conviction in favor of restoring normal relations with Russia, which she should be no more meddling with the internal affairs of one country by another.

PACKER DENIES NEED FOR CURB

Independent Operator Declares Laws Against Special Privilege Sufficient

WASHINGTON, (AP)—Opposition to pending legislation for control of the packing industry was expressed before the house agriculture committee today by Frank E. Fuller, president of the Iowa Packing company of Des Moines, who described himself as an independent packer.

He said no government commission or official should be given general and broad powers to regulate the packing business as the result would be to harass the packers, large and small, by the multitude of orders and regulations.

Small packers, he said, should be aided by laws abolishing special privileges now enjoyed by the packers as to railroad rates and other facilities. Under railroad administration orders, he declared, the Chicago packers have a rate advantage over his concern equal to \$10,000 last year, or 10 per cent of his company's capital stock.

Dealing charges of other witnesses that the packers' practices had reduced stock raising, Mr. Fuller said the big packer had developed live stock and poultry growing and other agricultural interests including stock yards and many other enterprises.

YORKING LAND DRAWING LURES EX-SERVICEMEN CHEYENNE, Wyo., (AP)—More than 1,200 former soldiers, sailors and marines have filed applications for government land in this state, drawings for which will begin Friday, it was announced today. ARRESTS FOLLOW STRANGE RITES OVER JURY BOARD

"Command" to Out Girl's Hair Leads to Filing of Complaint by Mother

MASTERTON, Cal., (AP)—Four men and four women were arrested late today by Judge E. H. Latimer as a result of a complaint that strange rites over a out-of-body have been conducted in a house at 25 Cortez near here. The complaint was made by Mrs. Tony Bena, who says she was kept a prisoner under threat of bodily harm.

The woman and man who are detainees declare their faith in the out-of-body rites were about to be given complete revelations when the police broke up their meeting. One of the "command" given them by the board was to "secure a woman of Mrs. Bena's and clip her curls. Mrs. Bena, a captive in the room, saw them depart and heard them beat on her front door with a hammer in vain effort to get the door open.

The group burned paper money to the amount of \$200, destroying all bills that bore the numeral "100" in their serial numbers, and secured a woman of Mrs. Bena's and clip her curls. Mrs. Bena, a captive in the room, saw them depart and heard them beat on her front door with a hammer in vain effort to get the door open.

KIDNAPPING CASE JUROR IS SUICIDE

Talesman who Confessed Opinion to Court Uses Gun to Take Own Life

TOMBSTONE, Ariz., (AP)—C. F. Burnett, a juror in the trial of Harry T. Wootton, charged with kidnaping and murder of a woman, shot and killed himself at his ranch 9 miles northeast of Courtland, last night, according to information reaching the county attorney's office today.

Burnett was a juror until Tuesday, when he appeared before Judge Samuel L. Patton and attorney for both sides and confessed to the "confession" he had expressed opinion to his brother concerning the right or wrong of the deposition of the witness, Corporations, and their sympathizers, from Biabe, but that when he was examined and passed as a juror these conversations with his brother were forgotten.

Burnett left Tombstone last night for his ranch, where the shooting is said to have taken place. Information was received today that Burnett was the possessor of a .38 Smith & Wesson automatic pistol and that he was in the head of a following instantly.

At the county attorney's office here it was believed Burnett was temporarily insane. It was said he told Judge Patton he had long been a proponent when he passed the county jail and thought he heard his brother crying.

NEWBERRY NOT ALONE AT BAR

Court Rules Each Defendant in Elections Case Stands on Own Merit

GRAND RAPIDS, Mich., (AP)—Overruling all motions for further dismissal in the Newberry election conspiracy case, Judge Clarence W. Sessions today held that conviction or acquittal of Truman H. Newberry would not necessarily mean a like outcome as to the other 84 men on trial with the United States senator.

The court held that the prosecution had made out a prima facie case and that there was ample evidence "to warrant a verdict of guilty if the jury sees fit to render one." First testimony for the defense was heard at the afternoon session.

Court Gives Position The ruling on the status of Senator Newberry case in the midst of arguments for directed verdicts in the cases of specified respondents.

"I assume, under the indictment," said Attorney James C. Murfin, "that unless Truman H. Newberry is guilty, no one is guilty."

"I cannot agree with you on that at all," interrupted Judge Sessions. "Why the indictment charges these men with aiding and abetting Truman H. Newberry to spend or cause to be spent, a sum in excess of that allowed by law, protested Mr. Murfin.

On this point Judge Sessions ruled as follows: "A conspiracy may be involved in a legitimate enterprise and the publicity relative to the latter does not in itself show that there was equal effort as to the hidden plan. The government claims that there was involved in the program to elect Truman H. Newberry a scheme to do an unlawful thing and such a scheme is none the less unlawful because it was involved in a legitimate enterprise."

Nothing New Under Sun. New York Tribune discovers that Burke used this expression: "I should say they did." WILSON AND PALMER ARE BLAMED FOR HIGH PRICE

Government Interference in the Sugar Trade Boosts Costs, Campbell Avers

WASHINGTON, (AP)—President Wilson and Attorney General Palmer were charged in the house today by Representative Campbell, republican, Kansas, with "direct responsibility" for the high cost of sugar. Mr. Campbell was urging adoption of a resolution for investigation of Mr. Palmer's approval of seventeen cents a pound, classified for the Louisiana crop.

"Get the attorney general before the judiciary committee and then let the judiciary committee make such report to the house as it sees fit," declared Representative Campbell. He explained later that by this proceeding he had in mind the question of impeachment.

Republican members claimed there would be votes enough for its adoption.

Simeon W. King, Friend of Emancipator, Expects Illinois's Record to Make Him Party Choice.

Simeon W. King, active in Illinois Republican politics for 70 years and the last surviving pallbearer who officiated at the funeral services for Abraham Lincoln held in Chicago, has declared his intention of supporting Governor Frank O. Lowden for president.

of had voted for every Republican president since Lincoln and I expect to cast my ballot for Lowden next November," said Mr. King. "I have known Frank Lowden for thirty years and he is just the type of man the country needs for president in this crisis of the country's history. He is able, honest, progressive, experienced and efficient. I remember when he first came to Chicago as a poor young man to study law. I saw him admitted to the bar and later enter public life and rise to fame, and I feel proud of his great success."

"He has proven the best governor Illinois has ever had, and we have had some great executives in the history of the state."

SLAYER SUSPECT EXPLAINS ACTS BEFORE KILLING

One of Ten Alleged I. W. W. on Trial at Montesano Claims He Entered Hall to Carry Warning of Alleged Raid

MONTESANO, Wash., (AP)—Elmer Smith, one of ten alleged I. W. W. on trial for the murder of Warren Grim during the Centralia Armistice day parade, testified today he went to the I. W. W. hall on the day of the shooting to warn Britt Smith, secretary and a defendant, of a contemplated raid on the hall.

On cross-examination he said he had advised Britt Smith on the law of self-defense and defense of property. He testified he told that secretary, he did not think there was enough men in the hall to repel a raid. At that time he said he saw from six to ten men in the hall.

Bars Defense Effort

Counsel for the defense called six witnesses to the stand yesterday in an effort to prove a conspiracy to run the I. W. W. hall, but that action was permitted to testify. The court ruled that before such evidence would be admissible defense must prove that the defendants are specifically charged, was a party to the alleged conspiracy. This, the court held, had not yet been established.

Wardlawer Makes Statement

Attorney George Wardlawer of counsel for the defense, was permitted, however, in the absence of the jury, to state for the record that he expected to prove by these witnesses that at a meeting of Centralia business men held on October 30, last, plans to drive the I. W. W. out of Centralia were discussed. He said also that he expected to prove that he contemplated raid on the I. W. W. hall was discussed at other meetings in Centralia. In conclusion he said he made the effort to show that the men marching in the Armistice day parade which was fired upon were the aggressors "and to show the frame of mind of these defendants."

STERLING MAKES GAIN OF 38 CENTS OVER LOW LEVEL

NEW YORK, (AP)—Reports that England is planning to ship from \$100,000,000 to \$200,000,000 in gold to this country caused foreign exchange to advance sharply today. Demand sterling closed at 63.57, a gain of 10 cents for the day over the low level of a month ago. Buying of British bills was on a heavy scale, and further strength was shown by Anglo-French bonds which mature next October. Other foreign exchange moved upward with the British rate.

"THE CUP OF FURY"

Which Was The Real Woman?

Was the laughing, dancing butterfly of wealth and luxury the real she? Or was it the hard worker of brain and muscle, who cast aside money and ease for the lot of a common laborer?

There was one man who saw her as both, but never knew—she never knew herself which was the life she was really meant to live. You won't know until you see this great Rupert Hughes' picture, because the story unfolds naturally and mysteriously just as life itself. It is a great picture.

No Waste Motion Here The packing business is noted for the elimination of waste in manufacturing. Swift & Company is equally effective in saving waste in the distribution of products. From ranch or farm to your meat dealer there is no loss of time, money, material, or motion. Four hundred branch sales houses in large cities and towns, hundreds of regular refrigerator car routes reaching small towns, all directed by wire from a central point, bring meat products from our packing plants located in producing areas, to retailers in all parts of the country in the best possible condition, in the least possible time, at the least possible cost, and over the most direct routes. The total expense, for manufacture, freight, and selling direct to the retailer, is less than three cents per pound on all meat sold. Our profit from all sources is only a fraction of a cent per pound. Competition compels this close-cut saving. Large volume of business, a well-balanced, nation-wide organization, and expert attention to details by men who know, make it possible. We are in your service—at least expense and profit. FUND CANVASS STARTS FRIDAY

Legion Committee will Work Residence District for Salvation Army Aid

Tomorrow afternoon canvassing committees will start the residence districts of Twin Falls for subscription to the Salvation Army budget fund. This work will be in charge of men of Twin Falls post, American legion, and men being divided into small sub-committees for this purpose.

The Salvation Army work in Twin Falls will require a flat sum of \$1200 for the coming eight months of the fiscal year. This amount is to be raised by popular subscription.

Saturday's canvass will be devoted to the business section with legion men as regular workers. The committee consists of: J. H. Tomer, J. H. Mothers, and Salvation Army. Charge. Huts will be established about town from which will be dispensed doughnuts, such as lasses served the legion in France during the war.

Formal opening of Salvation Army operations in Twin Falls will be held in Parish hall Saturday night. There will be regular meetings with J. H. Mothers and the chamber of commerce advisory board. All details of this schedule have not been perfected. A band will be here from Boise during the week. Various points in Idaho will be visited in the inaugural program. Services will be held on the streets the first time Sunday evening.

To the army fund every person in Twin Falls and district will be asked to contribute.

Theatroy

GRM
Kate Lester, who is seen as Lady Webbing in Goldwyn's "The Cup of Fury," is an eminent author's production from Rupert Hughes's story, had a notable career in the spoken drama several years ago. Among the famous artists whom she has supported before the footlights are: Richard Mansfield, Will Ham H. Crane, Julia Marlowe, John Drew and Mrs. Fiske. She is of English birth, but according to the records of her education in this country, is studying at Normal College in New York. As the foster mother of Mamie is seen in a role that evokes a great deal of sympathy, being forced to act as a factor in a situation over which she has no control and which will bring death into the life of an adopted daughter for whom she has such attraction. Gem today.

FIFTEEN YEARS AGO IN TWIN FALLS

The gates of the Twin Falls Land and Water company's dam at Milner were closed on Wednesday morning, March 1, and the structure proved as tight as a drum. The ceremony was remarkable for the rapidity with which it was carried out and the total absence of friction or confusion. At 9:50 the officials of the company took their stations at the top of the hoisting capstans, the photographers gave the word and the baptism of the Cascades country began. At 11 o'clock the water of the waters was still. Hundreds of people were walking dry shod across the bed of the river below the dam picking up strings of fish and probing among the crevices for nuggets. Less than 24 hours after the gates were closed the water was flowing over the top of the island and into the mammoth canal. President F. H. Bull and F. L. Kincaid, vice president, of the Twin Falls Land and Water company were unable to reach Milner in time to see the gates closed. Those who manned the windlasses at the gates were R. E. Milner, director; general manager, Walter G. Tyler; assistant manager, Mark M. Murtagh; secretary and treasurer, M. B. DeLong; chief engineer, P. S. A. Bickel; and Attorney E. B. Critchlow of the Twin Falls Land and Water company. E. B. Ferrine, John Crocker, Thomas Costello, George F. Sprague and R. M. McCollum of the Twin Falls Investment company stood on the bridge beside the hoisting device and just a hand in the closing of the gates. On a little knoll commanding a view of the operation stood R. W. Faris and Frank J. Keal, the contractors who built the dam and whose work was subjected to the most severe test. As an interesting feature of the spectacle was the effort of the miners to pan gold dust from the bed of the river. Some of them obtained fine strings of colors but none were successful as far as reported.

Major Reed was a visitor from Halley this week. He was present at the closing of the gates at Milner and expressed himself as much pleased with the success of the great enterprise.

T. J. Woods reports the sale of two choice business lots on Main street to E. C. Beach of Lewiston, Idaho, the purchase price being \$4,000.

Fred Wilson of Coudon, Ore., purchased 100 acres of choice land two and one-half miles from Twin Falls this week. Mr. Wilson and his brother will return here in April to locate permanently.

Graders were clearing the sage brush from the Minidoka and southwestern side of way between Milner and Twin Falls city last week and work on the grade will begin March 15. Forty miles of steel has arrived at Minidoka and more is on the way.

Harry Wilson, a half breed Cherokee Indian while at Shoshone Falls Thursday created a sensation by jumping over the falls and landing in the whirlpool below. He swam to a rock and calmly awaited the arrival of his clothing which had been removed before making the leap. In the descent his knees struck a rock which caused a painful though not serious wound. The whirlpool was passed over in the descent. Mr. Wilson said he performed the feat simply to show he had the nerve.

(Editor's note—There is a photograph in this office of Wilson and a group of interested friends taken immediately after the incident. The picture was snapped with a kodak and is not adapted to newspaper reproduction.)

Skies Pour Out Vials of Wrath Over the Earth

THE cork came out of the volcanic March weather bottles for sure this day. Nothing in the weather chronicle was withheld from this district. Storm and sleet, rain and roughness, snow and sleet: and all the remnants of a fair weather sample of the forcing lion staff as March was ever noted for.

And there's more to come, according to the paid prognosticator who is at present having the easiest time of his vaticinations career. As a matter of truth any dour reader could guess just as easily what the future 24 hours has in store.

"Probably rain or snow" is the suggestive statement from Boise headquarters, "but folks are willing to concede it should be correct."

Yesterday's top was 48 and last night's low mark 37.

High School News

Students of the high school yesterday morning at the regular assembly enjoyed a musical program given by Miss Helene Almsdager, and several of her pupils, including Miss Helene Almsdager, Mrs. O. P. Swall, Mrs. W. H. Dwight, Miss Lorraine Putzler, Miss Georgia McMaster and James Hall.

Two graduates of the local high school at the University of Idaho at Moscow have been accorded honors for the freshman class. Theodore Holdeman was recently elected president and Ralph Bristol vice president of the class for the second semester.

The address made by Mrs. C. L. Longley before the French club at its meeting this week on "The Cathedrals of France" was very interesting from an educational point of view. Mrs. Longley began her talk with architecture of the cathedrals and traced its growth through the Gothic and also the influence of the Gothic period on the cathedrals. This address was a feature of the program of the club.

Tomorrow morning at 9:15 o'clock the students' dramatic club will present the third of its series of public entertainments under the direction of Miss Ida Brown. The high school orchestra will play the music for the program. The list of numbers follows: Selection from "Bohemian Girl"..... Balfo Orchestra

Through the efforts of the George Peabody college for teachers, of Nashville, Tennessee, students studying French in the high school will correspond with French students in France who are learning English. The national bureau of French-American educational correspondence of the college will act as a medium by which letters may be exchanged between the two countries. Though the correspondence is optional on the part of the local students, 50 of them in the French classes have signified their intention of engaging in this correspondence.

The first letters will be written in the classes in the near future, states Miss Ellen Gobel, French instructor. After a short time the students will correspond directly instead of through the college bureau.

The regular meeting of the Blue Triangle club held at the high school last evening took the form of an Oriental party. About 200 girls were in attendance. Oriental music, games and interesting talking were the principal and were followed by refreshments.
