

DEMOCRATS AT MOSCOW TAKING AN INVENTORY

Bourbon War Horses Take Stock of Party Remnants Left After Its Capture by Nonpartisan League

FIGHT ON CHAIRMAN DAY POSSIBILITY OF SESSION

Ambitious Partisans at State Capital Declare Organization Must Have New Leader for Resuscitation

(Special to the News)

BOISE, Idaho.—Democratic war horses from all parts of Idaho are gathering in Moscow as these lines are written. They are to take an inventory of what is left of their organization after it was repudiated by the Nonpartisan League in the last campaign and looted by the republicans.

Whether they will find enough left to justify their coming to the state capital for the coming campaign under the additional democratic banner, or whether they will abdicate the field altogether in favor of some sort of merger of all the forces in the state who are republicans, is a question that is agitating many in the state who have little sympathy for the democratic party or democratic principles.

Day's Position Menaced There are possibilities of a genuine old knock-down-and-drag-out campaign of this nature at the Moscow meeting, and this fact adds to the general interest. Here is the situation as it stands.

Jerry Day is at the head of the organization, not as the chairman of a going concern. No, he partakes more of the nature of a receiver of a bankrupt venture. Jerry is not elected because of default, not because of his merits as a party leader.

When the Nonpartisan League, in the last campaign, stopped in the town of Moscow, it was the possession of the democratic organization they expected to take over the democratic voters of the state as well. In this they failed. Democratic voters scattered. Some went to the Nonpartisan League; some went squarely over to the republicans to make certain of the defeat of the Nonpartisan; some stood by their old standard and went down in the general wreck.

It was in the midst of this turmoil that Jerry Day was elected chairman of the state committee. He represents one of the extreme wings of the party—a reactionary of the most reactionary type. In addition to this it is the universal opinion at the capital that in the last campaign he played in with the republicans to make certain the defeat of the Nonpartisan League.

Whether this last is considered right or wrong depends largely on the point of view. But whether it is true or false; and if true, whether it was right or wrong, the fact still remains that Jerome J. Day is in no position now to pull together the discordant elements that go to make up the democratic party in Idaho.

This, then, is where the first fight is likely to take place. Ambitious democrats here at the capital are declaring that Day should step down from the chairmanship right now on the eve of the presidential campaign. They go further and declare that if he refuses to step down, he should be removed and a chairman substituted who could resemble the scattered parts of the old party machine.

Whether all this crops out at the Moscow meeting, and if it crops out, whether it will be open so that the public may enjoy the fun, are questions that will soon be answered.

Democracy in Bad Way Whatever the result of the Moscow meeting, whether it be little or much, the fact remains that the Idaho democracy is in a bad way at the opening of the campaign. There is another opening for a beautiful fight. It is a fight that goes to the core of the party organization. This is the attempt that may be made to unhorse Senator John F. Nugent.

By some rare coincidence there have cropped out in the past few days in newspapers in Twin Falls, Pocatello, Boise, Moscow, Shoshone, Wallace and several other points, broad intimations that there is an upheaval in the democratic party against John F. Nugent

and in favor of Chief Justice William M. Morgan for U. S. senator. The tone and order of these news items make it certain that they were of common origin. The inspiration back of it all is still shrouded in mystery. Some think it was made up by Frank E. Gooding against the man who beat him in the last race. Some attribute it to the Days. Harry and Jerry. Some think it was the work of Eugene W. Hale, who has always fought them in politics at every turn of the road. Some attribute it to Justice Morgan himself. It is difficult to see how the ambition to serve in the senate. Some attribute it to all of these divergent forces working toward a common end.

All the while the situation the meeting of the democratic state committee in Moscow this week has its own significance. In the first place the meeting is held in the home town of Jerry Day where he is presumed to be strong and where he could bring to bear all possible influence to fortify himself in his position as chairman were any effort made to oust him.

Moore May Be Traitor. In the next place Moore is the home of Frank Moore, the "goat" who was induced to run on the democratic ticket in 1918 by the state's attorney, William E. Borah. The fact that he was beaten by 33,000 when he expected to win would seem to be humiliating enough; but although he is a senator, the fact that Senator Nugent convicted at the defeat of Moore on his own ticket and the election of Borah on the republican ticket, and on top of that the fact that he has admitted the state what purported to be some sort of expression from the White House to the effect that Borah should be re-elected, does not help matters.

Frank Moore is on the warpath. Naturally his influence in Moscow would be thrown against John F. Nugent, his friends and anything they stand for. Morgan at Home In the third place Moscow is the home of William M. Morgan. If, then, he is a candidate for the senate, in any sense, he would have Senator Nugent on his hip and he would be the mainstay of the campaign set up right under his own vine and fig tree. In the fourth place Moscow is a long way from south Idaho where the Nugent influence is presumed to predominate. It would be reasonable for Chairman Day and his backers to assume that but few members of the state committee would be present and spend the money necessary to be present at a meeting of this kind.

But it would be unwise to assume that all the advantages are on one side in this little party struggle. Senator Nugent has been in position to bring "deserving democrats" and profitable jobs together. Many federal officials have been in the city, and under special obligations to this senator. As far as they dare they will make their influence felt at the Moscow meeting. Gratitude for past favors and the hope of a favor yet to come will dictate their course in this matter. They may be present in sufficient force, joined with those who are sincere in their desire for a reorganization, to make a deal to cause Jerry Day to be meek and humble or walk the plank.

Situation Is Delicate. Of course the situation is a delicate one. The removal of Chairman Day would be dramatic in an extreme degree with a medium of gunpoint most realize that to oust the chairman against his will would add to the general demoralization. Naturally it could be attributed to desire to curry favor with radicals including the Nonpartisan leaguers to whom Jerry Day is anathema. It would drive out the greater part of that element that furnishes the sinews of war for every campaign, and it would thrust party success still further into the background if that were possible.

Outside of this speculation about Chief Justice Morgan there is no talk of democratic candidates. It is taken for granted that Senator Nugent will undertake to succeed himself.

Nugent Given Credit Efforts to induce Chief Morgan to run for governor are largely credited to the friends of Senator Nugent. Morgan for governor would remove the only possible party in the pathway of the junior senator. At the same time all agree that Nugent and Morgan would make a strong combination, one that would hurry the republicans, if anything could.

There has been sporadic talk, too, about D. L. Evans and Joseph T. Puseo for governor—nothing serious, just talk of what might be were the party in trim for fight. Not a soul has been mentioned for congress in either north or south district.

League Under Cover. Even if the Nonpartisan League seems up a stump for candidates. Of course the conclusions of the leaguers are

GRAIN GRADING IS POPULAR IN WEST

The grain grading "school" at Portland, Oregon, has a class of 150 students about the middle of January and is attended by about 20 interested members of the Merchants' Exchange. The class meets every Wednesday morning at the Federal grain inspection office and learns how to apply the federal grades. The supervisor reports a steady increase in size and interest.

The first class graduated last August, now has an attendance of about 40 each week. Grain dealers, samplers, weighers, dock and elevator superintendents as well as inspectors make up the membership.

The federal grain supervisor did not expect, when he started it, that the school would last more than a few months, but it is so popular that he has agreed to keep it going as long as "pupils" desire to come.

GIVES VERSION OF AMERICANS' VIEWS ON ERIN

Sir Horace Plunkett Makes Sharp Criticism of New Irish Home Rule Bill; Cites Trouble as Factor in War

DUBLIN, (AP)—Sharp criticism of the new Irish home rule bill was expressed by Sir Horace Plunkett, chairman of the Dublin convention, at a "welcome home" dinner given in his honor here last night by the Irish Dominion League. He had just returned from the United States and gave his impressions of the American attitude toward Ireland.

"Long before the war broke out," he said, "I was convinced the peace of the world and the orderly progress, if not the survival of western civilization depended more than on any one thing, on mutual understanding between the British commonwealth of free nations—a term I prefer to the British empire—and the great republic of the west. It is a matter of general knowledge that from 1911 the Prussian government was organizing a German-Irish alliance in American politics with a view to the coming attack upon the west's freedom."

"I have not the least doubt that supposing the Irish trouble had nothing to do with the beginning of the war, it was an important factor in delaying America's decisive participation in the struggle. To the same cause was due a great deal of political embarrassment to the war administration in Washington."

"In America I found more bitter anti-English feeling than in all my 40 years of observation. As usual at such times due to many other causes, it was tangled up with the Irish trouble, and was generally expressed in what I may call Irish terms. Americans do not bother themselves with details. They want Ireland to have as large a measure of self government as is consistent with the safety of the British empire, for which they in calmer moments recognize they are almost as much concerned as are the British."

never "openly arrived at," and they may see plenty up their sleeve. But all surface indications at the state capital point to doubt and confusion. One of their leaders was heard to say that they would again this year put their ticket in the bid under the democratic banner, that the new election law would not prevent them from doing this, but it is the general impression that they are waiting and will make no definite move until the republicans and democrats have opened up and displayed all their cards.

What are those Popcorn Crispettes? —adv.

CASH VALUE OF DEGREE LURE TO ENGLISH GIRLS

Women's Colleges at Oxford and Cambridge are Bombarded with Applications for Admission as Result of Decision

LONDON, (AP)—The young women of this country who desire to enter the well-paid professions have suddenly gone to the conclusion that there is cash value in a university degree. As a result the women's colleges at Oxford and Cambridge are being bombarded with applications for admission. Some of the women who have been accepted are: Miss Margaret A. Atwood, and Norah and Gilda at Cambridge, cannot begin to accommodate all the girls who wish admission. It is stated:

This growing popularity of the women's college is said to be due largely to the number of brilliant positions which have recently been secured by university women. Despite previous prejudices employers have discovered that a modern university education is a business asset. One commercial man recently stated publicly: "The Oxford woman writes a good clear letter and has more common sense than a score of ordinary clerks. And that is why, these days, she is not afraid of work."

The university women are also finding employment in all sorts of widening ways. In the army they are in the ranks where work is employed. Officers of the work as inspectors are being received from America, it is stated, and good salaries are offered.

MOTORIZED SERVICE OFFERED YOUNG MEN

Men desiring mounted or "motorized" service in the army are provided opportunity through the first artillery corps, according to word reaching local recruiting service officers.

According to the bulletined information on your enlistment are open in all and previous service experience is not required. Schools at Fort Sill for specialists will be increased by details from regiments in the near future.

Local recruiting officer of the motorized field artillery is one of the best branches of the service.

I. W. W. MAKE ILL USE OF EXTENSION COURSES Employ Knowledge of Chemistry in the Manufacture of Incendiary Bombs, Says Insurance Man

SAN FRANCISCO, (AP)—Industrial Workers of the World while in the state prison at Folsom, Cal., studied chemistry through the University of California extension course and later used the knowledge thus gained in the manufacture of incendiary bombs. A. W. Thornton, insurance man, told credit men of California meeting here yesterday. Thornton said two of the men were among the 48 I. W. W. convicted in Sacramento a year ago of violation of the espionage act.

Students of Motorists to Hold No Fear for Young Women Graduates at University of Idaho

MOSCOW, Idaho, (AP)—Blowouts, punctures, engine ills and the untold ills "frighten" the motorists on the road hereafter will hold no terrors for the fifteen women taking home economics course at the University of Idaho. The Joseph automobile repair course is being taken by the women, and when their work is completed they expect to know their machines so thoroughly that nothing less than the loss of an engine will impede their progress. Demonstration in adjustment, suggestions and advice for the use of cars, approved methods of making ordinary repairs on the road, are being taught. The engine and chassis of a popular car comprise the laboratory material used.

CHAMP IS ILL PHILADELPHIA, Pa. (AP)—Peter Herman, bantamweight champion, who was to have met K. O. Joe O'Donnell of Gloucester, N. J., here tonight, in a six-round bout, was forced to cancel his engagement because of illness. He is suffering from influenza.

TOLEDO SITE FOR ANOTHER TITLE SCRAP

Wildie-Mason, International Affair Will Be Staged in Ohio City March 12

By RAY FEARSON.
CHICAGO, (Special)—Toledo, Ohio, hoped for the boxing map last July when it was decided that wildie heavy weight championship in which Jack Dempsey defeated Champion Jess Willard in three rounds. But Toledo isn't content to fall into pugilistic decay since that notable achievement, and as a result of this determination another world's championship is to be pulled on March 12.

The next venture of the Ohioans, of whom Addison Quincey Thatcher is the ruling spirit, will be a flyweight championship, and there is added to it the international phase, which always has proved attractive, especially when contestants are figured to be equally matched.

Jimmy Wildie, flyweight champion of Great Britain, of course, will be the big drawing card, for "Jim" has demonstrated in the four battles he has had since coming to this country that he is class all over the place.

For a long time Frankie Mason has attracted the eye of the wise ones of the boxing game. Mason, who hails from Fort Wayne, Ind., has for years been battling the boys in the bantam weight ranks, and, like Wildie, has been forced to concede as much as ten pounds in order to get the matches necessary to fatten the bank roll. That's the reason he is matched to box Wildie at Toledo.

Mason Oozes on Age.
Frankie is a clever, smart ringster, but he is a very young man when it comes to divulging his real age. While he doesn't admit it, the guess that he is about 31 years old would not go far wrong.

Judging by the way Mason handles himself in the ring against the classy boys who outweigh him by several pounds, age and his years in the ring mean nothing in his young life. Frankie is a fighter, not a boxer, but those who think that Mason cannot box have another guess coming. When necessary he can box just as well as anybody else in the bantamweight ranks, but he prefers to scrap aggressively—get in close and punch. And along these lines would be sure to start an argument with George Elmer, his manager, and his Hoosier state followers.

Wildie Packs a Punch.
One cannot say that Wildie isn't a puncher after the way he punched Babe Asher to the canvas three or four times in an eight round bout, the way he knocked out Mike Ertle of St. Paul in three rounds, and the way he

stopped Mickey Ross in seven rounds in a fight. Mason will have something to think about after allowing these performances to permeate his gray matter.

Some of the fellows who pose as wise guys in the ring game will put forth the argument that Wildie can stop bantamweights with his right hand wallop, why would he find it easier from Fort Wayne, Ind., to Toledo, Ohio, to have "logie" behind it, but in boxing, logic or dope does not always prevail. In fact, it very frequently is worth a plugged sucker's 108 pounds at 3 o'clock.

This bout will be at 108 pounds at 3 o'clock, which may give Mason a slight advantage, perhaps a pound or two better of the weights at fighting time, but the difference will not be enough to make any difference. If will be the first time that Wildie fought an opponent of his own poundage in this country, and it should prove a battle worth going miles to see.

Those boxing fans who do not expect should get an awful when these two ones start into action, and Toledo once more will be in the limelight.

Wildie and Mason are to box twelve rounds. The referee will not give a decision, the verdict being put up to the ringside critics.

VALUED TROPHIES ARE OFFERED FOR INTERSCHOLASTIC

Winner and Runner-Up Heams Competing at Moscow will Receive Cups

UNIVERSITY OF IDAHO, Moscow, (Special)—Three valuable trophies will be awarded at the University of Idaho's annual state interscholastic basketball tournament to be held March 18 and 19, one prize going to the championship quintet, another to the runner-up and still another to the team which has the best appearance and displays the best sportsmanship. Medals are to be given to members of an all-state team which will be chosen immediately after the tourney.

Actual tournament competition will not begin until the afternoon of Thursday, March 18, the decision having been made to devote Thursday morning to a meeting of the Idaho State Interscholastic association, at which rules will be discussed, officers elected and drawings made for team positions.

Friday morning will be given over to a tour of the university campus conducted by members of the varsity "Y" club, and Friday afternoon a gymnasium exhibit will be held, followed by an exhibition game between Coach Hutchinson's regulars and the Idaho freshmen quintet. The tournament finals have been scheduled for Friday evening.

Four of the section tourneys at which teams will be picked to enter the university classic are to be held this week, Rexburg, Lewiston, Coeur d'Alene and Pocatello having definitely scheduled their competitions for March 6 and 7. Physical Director W. C. Bleasman and Charles Gray will represent the university at the Coeur d'Alene tourney and Kenneth Hunter, a member of the university junior class, will officiate at Lewiston.

Brief Bits of Sport

A New York girl has sued a broker man for \$10,000 for "stolen kisses."

The h. c. l. seems to afford about every commodity a man enjoys.

Our notion of justice is to suspend judgment against Jack Dempsey and Jack Keenan, and also suspend his participation in any money-making ventures until the federal courts have finally determined his status and right to American citizenship.

The Houston ball club of the Texas league had a twister who will not report. His name is Lotz. Salt Lake has a pitcher who will not report and the two clubs are carrying on a lot of doubtful correspondence in an effort to make a trade.

The latest advices from Salt Lake talk of the team management's offer of Ralph Stroud and a three-bladed jack-knife for Lotz.

Stat—Headline—"Mexicans kidnap another American."

A couple of years back a certain John Olin, Danish wrestling champion, during a bout, picked up Joe Slechet bodily and flung him into the press box at the ring-side, saying derisively, "Here's your champion!"

Something must have been wrong then, for the other night Joe gave John one of the most unmerciful maulings ever administered a man in a mat ring.

There's mighty few of 'em come back like that, though, as for instance, Jack Oren, former middleweight champion boxer of Utah.

Jess after several years' retirement got a hunch he was just as good as ever. He was matched against a rook named Shephard at Salt Lake the other night, and though he gave a good account of himself he was badly beaten.

The last "Call of the Wild" has been issued from a score of baseball training camps, and some of the hotheads are going to have a lot of trouble breaking through unless they hasten.

BEATS BROTHER

BOSTON, (P)—Edgar T. Appleby of New York defeated his brother, Francis S. Appleby yesterday in the last afternoon match of the national amateur class A-172 balk line billiard tournament at the Boston Athletic association. The score was 300 to 224 in forty innings. The winner's average was 71.2 and his high runs were 42, 28 and 27. The loser averaged 53.5 with high runs of 46, 24 and 22.

MURPHY FURNISHED

ATLANTA, (P)—Mike O'Dowd, middleweight champion, scored a technical knockout here last night over Tommy Murphy of Chicago when the referee stopped the bout in the ninth round in favor of Murphy's father punishment. The fight was scheduled for ten rounds.

LOSES ITS FIRST

MANHATTAN, Kas., (P)—Missouri university's basketball team lost for the first time this season, when it was defeated here last night by the Kansas state agricultural college, 29 to 25. Missouri, which has won the Missouri valley conference championship, had won seventeen games and the game to night closed its season.

VOTE IN FAVOR OF MITT BOUTS DOWN IN SOUTH

Lower Kentucky House Passes Bill for No-Decision, Supervised Boxing

FRANKFORT, Ky., (P)—A bill to legalize boxing bouts in Kentucky not exceeding 12 rounds passed the lower house of the general assembly yesterday by a vote of 40 to 30. The bill provides that all fights with no-decision contests and would be supervised by an athletic board of control of three members, appointed by the governor. Five per cent of the money derived from admission tickets would be given to the state school fund. The measure now goes to the senate where early action is expected to be taken.

POWER BOATS GO SOME
MIAMI, Fla., (P)—The world's records in power boat racing were made here yesterday in the mid-winter regatta, Hoosier V. covering the ten mile race for express cruises in 19 minutes, 8 seconds, and Miss Vasasa, owned by C. B. Johnson of Cleveland, making the two miles against time in two minutes, 49 4-5 seconds.

CHAMPS IN SHOW BOUT

LOS ANGELES, Cal., (P)—Enthusiastic receptions were given Jack Dempsey, heavyweight champion, and Benny Leonard, lightweight champion, each of whom boxed three exhibition spurs at a local arena last night. Dempsey's opponent was Terry Keller of Seattle opposed Leonard.

REPORT ASSAILS AIRCRAFT POLICY DURING CONFLICT

Expenditure of Over Billion Dollars Results in Production of Not One American-Built Battle Plane or Bombing Ship

LIBERTY MOTOR CALLED ONLY REAL ACHIEVEMENT

Employment of Soldiers in Lumber Production at High Wages Comes in for Serious Criticism of Committee

WASHINGTON, (AP)—Representative Magness, republican, New York, a member of the committee which investigated aviation expenditures during the war, told the house that not one American-built battle plane or purely bombing plane was produced during the war...

The 218 American built De Havilland planes sent to France, he said, "might be used for light day bombing." He said these planes were "backward and dangerous" in service.

Attacks Lumber Production Criticism of the airplane production program in the Pacific theater made by Mr. Magness, who argued that if experienced lumbermen of that locality had been organized, all the lumber needed "would have been produced at moderate cost."

"Those placed in authority in the northwest by the war department," he said, "not only had no experience in the lumber business, but they were arrogant, autocratic and careless, regardless of law and authority. Those that had no power to do so ordered the construction of railroads in Oregon through expensive contractors at large governmental expense, and not in the public interest."

The employment of 30,000 soldiers, including officers, in the lumber operations was attacked by Mr. Magness, who asserted that the amount to them of wages of \$5 to \$8 a day was "in defiant violation of law." John D. Ryan, director of aircraft production, "heartily approved of these payments."

"These who are responsible for this unwise expenditure," he added, "should be held strictly accountable therefor. The Siemens-Carey-Korhaug corporation was actually paid by the war department a seven per cent commission on civilian wages paid to soldiers working on the construction of the Lake Crescent railroad, in excess of the compensation fixed by the congress."

Frear Voted Complain All investigations of the management of America's aircraft program during the war have revealed "inefficiency, irresponsibility and enormous waste of money." Representative Frear, republican, Wisconsin, a member of the house committee that made the latest investigation declared today in discussing the committee reports before the house. He agreed with his republican colleagues on the committee that there was a "notorious failure to provide fighting planes."

"In spruce production," continued Mr. Frear, "Secretary Baker ignored all the progress and achievements of the coast and selected Colonel Disque, a warden of the Michigan penitentiary and former captain in the army, who was nothing about lumbering. Colonel Disque tried to inaugurate a plan and surrounded himself with 30,000 soldiers who were largely clerks, lawyers, doctors ferried out on the coast plus contractors logging railroads in Washington and Oregon and inexperience at Fremont. Four cost-plus contractors were selected by Colonel Disque to get out lumber and three cost-plus contractors, valued at \$5,000,000 in contracts, knew nothing about lumbering. The only contractor with any expense sworn he had been interfered with by under-officers sent him by Disque and his men who were lost and 30,000,000 feet of logs prevented from reaching the market."

TWIN FALLS BASKETBALL TEAM SETS PERFECT MARK FIRST DAY OF HIGH SCHOOL TOURNAMENT

Nafziger's Five Wins from Jerome and Rupert in Elimination Contests for South Central Conference Championship—Second Team Falls Before Burley Players—Crowd Jams the Hall

Twin Falls, Burley and Gooding established perfect percentages for games played in the south central Idaho basketball tournament, started at the high school yesterday. Twin Falls won two tilts during the afternoon and evening. Burley and Gooding won the only game played by them. Rupert broke even, winning one game from Burley and losing to Twin Falls. The twin falls second team lost to Burley.

The tournament was opened at 8:30 o'clock yesterday when Rupert and Burley matched. The first half did not exert itself greatly though Buhl played a hard game and lost, 55 to 28. Sullivan of Rupert, was the outstanding player in the game though Buhl did not do good work also. The lineup were: Rupert—Sullivan and Dancy, forwards; McOrill, center; Housen and Craven, guards. Substitution, Dancy for McOrill, Dancy and McOrill led, scoring with 7 baskets each. Buhl—Parry and Bronna, forwards; Putman, center; Barker and Dan, guards. Substitution, Miller for Bronna. Putman was high scorer with 4 field goals.

In the second game of the afternoon the twin Falls defeated Jerome, 46 to 28. This game was faster than the previous one and much faster than the score indicates. Taylor and Roy King occupied the highlights for the locals, with Barclay starring for the Jerome five. The lineups were: Jerome—Lawake and Bronnan, forwards; Barclay, center; McOrill and Gelbath, guards. Twin Falls—Taylor and Putman, guards; King, center; Yochen and Kregler, forwards. Substitutions, Newman for Kregler, Hertz for Putman. Leading scorers for the locals, were: Taylor, 7 field goals. Barclay, 3.

Even standing room was occupied in the evening with a large number of spectators covering a larger area of seats and visitors from surrounding towns. Gooding easily defeated Heyburn in a rather fast contest 42 to 16, the superiority of team work evidenced by King, 7 field goals. Gooding used its full lineup and Boelter, star forward, led scoring with 12 baskets. The lineups: Heyburn—Brown, Bryant, and Sills, center; Olson and Skinner, guards. Gooding—Boelter and Hudson, forwards; Baby, center; Coons and Venoman, guards. Referee, Culbertson.

Mr. Lea declared that the allies, who paid two-thirds of the airplane lumber bill," commended the American production in complimentary terms. "The attempt of the majority," he said, "to pick out a few heads of aircraft agencies and hold them responsible for disappointments in the American production is unwarranted by facts and an absurd injustice. Insofar as we failed to accomplish in military aviation all that we could intelligently expect, the reason is plain as the sun in the sky. It was inexperience and lack of preparation."

repeated his good work of the Jerome game as did also Putman. Newman showed his usual good form and Carter and Kregler led scoring with 5 goals each. The lineups were: Rupert—Lea and Sullivan forwards; McOrill, center; Housen and Craven, guards. Substitution, Dancy for McOrill. Twin Falls—Newman, Kregler, forwards; Carter, center; Taylor and Putman, guards. Referee, Culbertson.

Sheep receipts 1,000; compared with a week ago; best heavyweight lambs 25 to 30c lower; others 40 to 75c lower; yearlings 25c to 50c lower; ewes, steady to 25c lower.

Omaha Livestock
OMAHA, (AP)—Hog receipts 6,000; market steady to 15c higher; top \$14.70; bulk \$14.50 to 14.75; heavy weight \$14.50 to 14.75; medium weight \$14.70 to 14.90; light weight \$14.50 to 14.85; light \$13.75 to 14.75; heavy packing sows, smooth \$14.25 to 14.50; packing sows, rough \$13.75 to 14.25; pigs \$11.25 to 12.75.

Cattle receipts 400; compared with a week ago; beef steers and butcher stock \$1.25 to \$1.50 higher; canners and cutters, bulk steers and feeders 50c to 75c higher; veal calves steady.
Sheep receipts 1,300; compared with a week ago; good and choice lambs 40 to 50c lower; others 75c to \$1 lower; sheep 25 to 50c lower; feeders weak.

Chicago Provisions
CHICAGO, (AP)—Butter higher; creamery 45 to 65c; eggs easier; receipts 14,087 cases; firsts \$4 1-2 to 45c; ordinary firsts \$7 to 43c; at mark, cases \$1.70 to \$1.45; poultry alive higher; spring, 35c; fowls 35c.

New York Exchange
NEW YORK, (AP)—Trading in stocks was very light, the storm delaying the opening of the session and causing serious interruption to communication; initial reactions were due to heaviness of oils, but these were overcome when motors and their subsidiaries strengthened. Features of that group included General Motors, Stutz and Keynotes.

Grains and Provisions
CHICAGO, (AP)—Strength developed in the corn market today after a hesitant opening. Lightness of receipts acted as a bullish influence, and so too, an announcement that the United States grain corporation contemplated selling 5,000,000 barrels of flour to Europe on credit.

Chicago Livestock
CHICAGO, (AP)—Hog receipts 10,000; hold-over, 7,781; steady to strong; bulk \$14.75 to 15.40; top \$15.65; heavy \$14.25 to 15.10; medium \$14.90 to 15.30; light \$15.10 to 15.55; light \$14.50 to 15.35; heavy packing sows, smooth \$13.25 to 13.75; packing sows, rough \$12.50 to 13; pig \$13.50 to 14.75.

Ford THE UNIVERSAL CAR
Out of the more than 3,000,000 Ford cars now in use, about sixty per cent have been sold to farmers. Probably no other one thing has brought to the farm so much of comfort and profit as has the Ford car. It has enlarged the social life, doubled the facilities for marketing, brought the town next door to the farm, multiplied for the farmer the pleasures of living, and by the same token the Ford Touring Car has brought just as much pleasure to the residents of the towns and cities, because it is an every day in the year utility, answering the demand of quick transportation at low expense. A family car without an equal in low cost of operation and maintenance. We solicit your order for one. We have the full line of Ford cars. We carry the genuine Ford Parts, and assure you the best in mechanical service and the most reasonable prices.

ST. DENIS DANCERS IN UNIQUE PROGRAM

Offering of Terpanchorean Oper- cart Company Said to Be of Unusual Beauty

Nine days from this date the Ruth St. Denis concert dancing company will be in Twin Falls under the patronage of the local Elks' lodge. The company will present its varied program of classic terpanchorean features at the Lavingth theatre.

The St. Denis attraction is of a character never before seen in Twin Falls. According to writers it has no superior in this country. The dancing section of the company consists of nine beautiful dancing American girls. Accompanying are Ellis Rhodes, American dramatic actor, and Pauline Lawrence, pianist.

The program, submitted by the St. Denis company is one of music visualisation and physical movement. Reports from cities where the company has been introduced all round to the exaltation of the company as a whole. The program to be introduced here is said to be the result of three years of intensive training by Miss St. Denis and Mr. Shawn. The dances, reports indicate, bring to admirers of the nimble foot and graceful body all the freshness and charm of the out of doors, where the performers were trained in the art of the dance. The program is varied, the lighting effects unusual and in full accord and key with the compositions presented. The costumes were designed by Miss St. Denis, and are of wild variety and charm. Critics indicate the program to be most cheerful and picturesque.

Personals

Clyde E. Black of Burley is a Twin Falls visitor.

A. E. Nash of Heyburn is in Twin Falls for a short visit.

G. O. Briscoe is down from Rupert for the basketball tournament.

Ms. I. H. Sovereign of Buhl is in Twin Falls for a short visit.

Mr. and Ms. Roy Croft are the parents of a daughter, born March 3.

A. C. Faussett is in Twin Falls from Rogerson for a few days on business.

Miss Bertha Robertson of Buhl is spending the week end in Twin Falls.

Mr. and Mrs. B. F. Train of Kimberley were in Twin Falls yesterday for a short visit.

SALVATION FUND PUSH UNDER WAY

Business Section Being Sourced by Conveyancers for Army Assistance

The drive is on for the Salvation Army fund drive. The officers of Twin Falls' business section went into full force and effect at 1 o'clock this afternoon.

Work will be continued until every person on the street is decorated with a diamond-shaped badge of honor. The official badges bear this inscription:

Helped: Did you? Salvation Army. While committees of men and women are canvassing the streets Ladies "Salles" in complete Salvation Army attire are doing their bit for the institution. In brief on premises, officers "Salles" are disseminating leaflets for a moderate sum and are commanding liberal patronage.

The army corps in Twin Falls must have \$2500 to carry through its religious and charity operations during the coming eight months, all that remain of the fiscal year. This drive is to gather this fund.

Assisting in the collection survey today are the Legionnaires, War Mothers, chamber of commerce committees, including the Salvation Army advisory board, delegations of young women introduced into service as "Salles" and the regular Salvation Army folks. There is no set price for donations, but liberality is urged.

As a sort of thanksgiving meeting in connection with the inaugural of the Salvation Army corps in Twin Falls sacred services will be held in Parish hall tonight, following real Salvation Army rallies on the street. All of these occasions will be marked by special features.

The inaugural session will be opened by Commandant George, of Boise. The Rev. A. G. Bennett, of the Methodist church, will offer the opening prayer. Remarks and addresses will be made by H. E. Grant, Taylor Cummings, City Attorney John E. Davies, D. Harold McGrath, Mrs. M. J. Sweetley and Rev. C. L. Owen and Mrs. John Nason, in charge of the local corps, will offer musical selections, and the Boise band will give numbers.

COUNT PINEAPPLE OROB

HONOLULU, T. H., (AP)—Final figures on the 1919 pineapple pack received by the Hawaiian Pineapple Packers' association, show 5,071,970 cases put upon all islands of the group, compared with 2,000 cases in 1901, 1,113,464 in 1912 and 3,837,316 cases in 1918.

Deaths

The funeral of Mrs. Mary Domrose will be held at the Birch Creek school house Sunday afternoon at 3:30 o'clock. Burial in Rock Creek cemetery.

Funeral services for Mrs. J. E. Buckley are being held this afternoon at the Baptist church, the Rev. C. L. Owen in charge. Burial will be in Twin Falls cemetery. Mrs. Buckley, formerly a resident of Twin Falls, died at Glenn's Ferry Thursday of pneumonia.

TRIBUTE IS PAID TO GEORGE DOW'S MEMORY

Willard Company Represents tives Condole with Relatives in Bereavement

Repaying the highest regard for the late George M. Dow, representatives of the Willard Storage Battery company, the proprietors and managers of the mountain country, at a recent general convention in Butte, addressed a memorial to Mrs. Dow, a copy of which has been received by the News.

In resolutions adopted the convention expressed profoundest grief in the death of George Dow, and extended the most cordial sentiments of sympathy to the bereaved family.

As an index of the feeling expressed, the resolutions following paragraph:

"We offer you any service that we can give you to make you way less painful and easier. You may call on us for anything that is in our power to give in assistance to you in the conduct or arrangement of your affairs and you will be doing us a favor by making known your desire."

The memorial is endorsed by forty-two officials of the Willard company.

Political Notes

HOUSTON, Texas, (AP)—An official count may be necessary to determine whether Lynch Davidson, a democratic candidate, or Charles Murphy, the Non-partisan league nominee, was elected in the three-county state senatorial election in which the 41,000th district voted yesterday. It was the first Texas election in which the Non-partisan league had been an issue.

With a few voting boxes still unreported the unofficial count early this afternoon gave Davidson a lead of 218 votes, his vote standing 4,281 to Murphy's 4,063. In Harris county, one of the three counties comprising the senatorial district, three state representatives were elected and in these counties the Non-partisan league candidates were defeated.

MISSOULA, Mont., (AP)—Joseph M. Dixon, formerly congressman and United States senator from Montana and campaign manager for Theodore Roosevelt in 1912 yesterday announced his candidacy for governor on the republican ticket.

HELENA, Mont., (AP)—Petition to place the name of Governor Sam W. Stewart of Montana on the state primary ticket as a democratic candidate for vice president were placed in circulation yesterday. The governor has announced he would accept the nomination.

Local Brevities

Gives Up Western Trip—Dr. T. O. Boyd, who had expected to leave last evening for a brief visit in Los Angeles, has been obliged to give up the trip because of important business affairs.

Returns to Family—The Rev. C. F. Merrill returned to his home at Parma yesterday after spending several days with his son, who is a patient at the Boyd hospital.

Has Operation—Frank Savage was operated on at the Boyd hospital yesterday.

Ms. Foster in Hospital—Mrs. J. N. Foster was operated on at the Boyd hospital yesterday for mastoid abscess.

Hears of Mother's Illness—H. C. Hazel left this morning for Chicago, called by the sudden and serious illness of his mother.

Water Pipe Breaks—Pressure of water in the city main on Fourth avenue east this morning blew out the end of a pipe, causing a flood in the street. The break was repaired before noon.

Favors Time Change—The Filer Commercial club has recorded itself as favoring mountain time for this district.

Chapter Masons to Meet—Tonight, beginning at 7:30 o'clock members of Twin Falls Chapter, Royal Arch Masons, will gather in Masonic temple for the purpose of conferring second and third degrees. There are several candidates for this work and a large attendance is expected.

Buhl Masons to Build—According to word brought here by Masons residing in Buhl plans are under way for the erection of a Masonic temple in that place. These plans propose a lodge building ample for all meeting and social endeavors for some time to come.

They taste like more, those Popcorn Crispettes—Adv.

Social Notes

Mrs. A. J. Peavey entertained at a dinner party Thursday evening in honor of the seventh birthday of her son, Frank. A beautifully decorated cake with the seven lighted candles was used for a centerpiece. The guests were Mrs. and Mrs. E. J. Ostrander, Mr. and Mrs. R. A. Bead and children, Jim and But, Chas. Dingler, Doris and Louis Dingler and Mrs. Howard and little daughter Helen of Wendell.

Mrs. C. D. Hunt entertained the Acacia club yesterday afternoon. An interesting program was given on Mexico by Mrs. William Baker and Mrs. C. E. Potter. Twelve members were present and Mrs. Hunt was initiated in the club, a two course luncheon was served.

Mrs. E. M. Wolfe entertained the Catholic Women's League at her home on Sixth avenue east yesterday afternoon.

Mrs. J. M. Wright entertained the following ladies at her home on Blue Lakes Boulevard yesterday afternoon: Madeline Wilson, Bernice, Wendell, Thad' Patton, Kinsey, Chas. Perry, Frank Brown, J. A. Campbell and A. C. Rutherford.

A "body-looking" man may be an excellent case of the condition among those who really know him. Appearance count for much in this and in PRINTING. A poor print of printing has more value all its own. It kneads, silently condemns.

EASTERN REPRESENTATIVES:
 George B. David Co., Inc., 111 Madison
 Ave., New York, N. Y.; Hester, Hill Hart-
 ford Building, Chicago.
 Member Audit Bureau of Circulations
OUT OF THEIR OWN MOUTHS
 Accumulation of the statements of
 attorneys for the defense of five sus-
 pended socialist members of the New
 York assembly continues to condemn
 more thoroughly and more effectively
 the machinations of the socialist party
 and its membership in America than
 could any amount of extraneous denun-
 ciation.
 On the heels of Morris Hillquit's in-
 bored attempt at defense of the socialist
 organization with its definite boom-
 ang effect, comes now Seymour Sted-
 man, and other of the galaxy sum-
 moned to the defense of the assemblymen
 who face expulsion with the statement
 that "the socialists, in no statement,
 in no act and in no suggestion that has
 been brought before this committee are
 either charged or intimated to have
 been charged with or in hope of the
 triumphant success of the imperial au-
 thorities of the central powers."
 Fanciful of press dispatches respect-
 ing just exactly what has been "charg-
 ed or intimated" before the trial board
 must qualify, at this distance any judg-
 ment that might be offered on the ac-
 curacy of Stedman's redoubtable asser-
 tion.
 But if charges concerning the lack
 of which Stedman speaks, had not been
 available previously, there was plenty
 of basis for them after he had finished
 his oration.
 It is not remarkable that Stedman
 should have made the statement hereto-
 fore quoted. Denial of guilt is to be
 expected on the part of an attorney in
 any case where there is a fighting
 chance. But it is considerably at vari-
 ance with the common procedure for
 any attorney to assert the innocence of
 his client and then in the same breath
 to condemn him irrevocably. And this
 is exactly what Stedman did.
 Elsewhere in Stedman's argument
 this statement is to be found:
 "Socialists were within their
 rights in opposing the world
 before America's entrance as well
 as after the United States entered
 it. They had a right to sign any
 statement that it will not call."
 Socialists cherished no desire for the
 triumph of the central powers, Sted-
 man declares, but, he says they had a
 right to pledge themselves not to en-

list in the war against the central pow-
 ers.
 Common sense ought to have indicat-
 ed even to Stedman that in modern
 warfare individual non-participation or
 even neutrality is akin to opposition,
 and it must stand as a truce that
 those who were not for the late war
 were against it.
 It must be difficult to recollect these
 obviously conflicting statements uttered
 in presented as to the accuracy of one
 or the other of the declarations, and
 common knowledge will have no hesi-
 tancy in determining which is nearer
 to the truth.

THE ARMENIANS AGAIN
 "Meet the Armenians, like the poor,
 be 'always with us!'"
 Yesterday came reports of the mas-
 sacres of 16,000 Armenians following the
 retreat of French forces which have
 been occupying parts of Syria.
 Almost unnoticed by the western
 world, a guerrilla warfare has been wag-
 ed in Syria almost continuously since
 the armistice. French and British
 troops have been occupying that coun-
 try. The British, it is reported, have
 ruled with a firm hand. During the
 early stages of occupancy, they gave
 convincing proof that they were deter-
 mined to have order, and in the ter-
 ritory controlled by them life and prop-
 erty have been safe. But the French
 troops, according to reports through Sy-
 rian sources, have tried a policy of com-
 promise with a view of placating the
 Mohammedans. The war fare between
 the Mohammedans and Christians is
 never-ending in Syria. The policy of
 exterminating the "Christian dogs" is
 never forgotten nor abandoned. The
 result has been that during the last
 few weeks there has been fighting on
 an extensive scale between the French
 troops and bands of Turks. The French
 have been outnumbered and have been
 forced to retire from certain districts
 they occupied. Their retirement was
 followed by wholesale massacres of the
 Christians.
 Meanwhile the supreme council is con-
 sidering leaving the Turk in Constan-
 tinople.
Why?
 Well, chiefly because the Allies fear
 to let the Mohammedan world hear that
 the Commander of the Faithful has been
 driven from the sacred city by the Bos-
 phorians.
 But the Turk regards mercy or com-
 promise as merely a sign of weakness,
 and even before the terms of the treaty
 are settled, he is returning to his
 century-old work of killing Armenians.
 Apparently there is only one way in
 which the Armenian massacres will end,
 and that will be with the death of the
 last Armenian Christian.

COLFAX ENCAMPMENT
 Colfax Encampment No. 27 will meet
 in regular session Tuesday evening,
 March 9th, at which time a large class
 will be initiated. There will be a so-
 cial hour after the meeting. All mem-
 bers are requested to be present. S. B.
 Watkins, Scribe.

OLDFIELD ENGAGES FORD IN REPARTEE

Barney Oldfield, beg pardon, Presi-
 dent Oldfield of the Oldfield Tire com-
 pany of Cleveland may soon be re-
 viving the famous remark he made to
 Henry Ford five or six years ago, fol-
 lowing one of the characteristic spoils
 fights in the "Motor Driver" had made
 at the state fair track in Detroit.
 Barney and the "Motor King," it
 will be recalled, made their introduc-
 tion into public life in association, the
 former driving his first automobile race
 in the pioneer built car built by the
 latter.

From this association Mr. Ford went
 on to become the "Motor King" while
 Barney devoted his efforts to the realm
 of speed in which he became the
 world's most spectacular figure.
 Though the Ford-Oldfield alliance
 was dissolved long ago, the two men
 have always retained a mutual attach-
 ment, and Mr. Ford was one of those
 who crowded around the speed king
 to congratulate him on his most re-
 cent feat of record breaking.
 "Great work, Barney! I rooted as
 hard for you today as I did when you
 drove my own car ten years ago,"
 declared Mr. Ford. "You know," he
 added to a friend standing near, "Bar-
 ney made me and I made Barney."
 "That's a fact," grinned the speed
 king, "but did you ever stop to think
 I did a lot better job than you did,
 Henry?"

Today, however, the prosperity gap
 between the two pioneers is by no
 means as wide. Just as Mr. Ford con-
 tinued his efforts on manufacturing, Mr.
 Oldfield had specialized on tires, study-
 ing, experimenting and developing prin-
 ciples of tire design, construction and
 materials for use in his racing cars,
 and thus developing a special-built tire
 on which he rode with conspicuous
 safety during the closing years of his
 racing campaign.

For the Oldfield company of Cleve-
 land, to duplicate these former tires
 and to place them on the market was
 an event of less than a year ago. Now
 Mr. Oldfield, like Mr. Ford, is a manu-
 facturer. Furthermore, the Oldfield
 Tire company has passed through its
 introductory period with far less grief
 than was the case with the Ford Motor
 company.

Already the company of which the
 former speed king is president has
 passed in sales over 80 per cent of its
 competitors, and the job Henry Ford
 began when he gave Barney his op-
 portunity away back in 1902 begins to
 assume details and dimensions of which
 both the automobile manufacture and
 the tire builder have just reasons to
 be proud.

EARTHQUAKE DRAINS USE
RAILWAY WATER SUPPLY
 ANCHORAGE, Alaska, Oct. 1—A large
 earthquake recently dried up the
 stream which supplied the water tanks
 along the Tanana Valley division
 of the lines operated by the Alaska
 Engineering corporation, and the tank
 had to be removed to another station.
 Oines is about 54 miles from Fair-
 banks. It was believed the quake turned
 the entire stream into some other
 channel.

WESTCOTT
The Car with a Longer Life
 Westcott has established in the hands
 of owners an impressive record for per-
 formance and long life. It's impressive
 because it is consistent over a period
 of years. That, after all, is the best
 possible assurance that the Westcott
 you buy will prove to be a car of
 long life, and of less trouble and more
 genuine comfort during each year of
 that long life.

DIVERS CLAIMS ARE URGED FOR SOLDIER RELIEF

Various Organizations of World Veterans Ask for Bonus; Indulge in Mutual Recriminations

WASHINGTON, (AP)—Payment of a lump sum of \$500 to each person who served in the military or naval forces of the United States was urged before the house ways and committee yesterday by Marvin Gates Sperry, national president of the private soldiers and sailors' legion.

He opposed proposals of representatives of other soldier organizations for adjusted compensation varying from \$30 to \$40 for every month of service and the services of 4,000,000 young Americans never could be paid by "the skimping, miserly additional compensation bills pending before congress."

The witness declared that the funding of \$400,000,000 annual interest due on foreign obligations proved that the government was "not weak financially and could give financial relief to all four service men."

Makes Charge Against Halper. Sperry charged that J. H. Halper, a member of the legislative committee of the rank and file veterans' association, was a socialist and communist and "had tried to turn over the private soldiers and sailors legion to the communist party of New York."

Letters from Sailors and Marines Protective Association of New York City, asking the amalgamation of all soldiers' bodies, were read by the witness, who said this organization was ridiculed and its literature dumped into the streets.

"What proof have you that Halper is a socialist?" asked Chairman Furness.

"He admitted it to me before witnesses," Sperry replied.

Criticizes Legion Policy. S. Savenbein, chairman of the Rank and File Veterans' association, told the committee that a composite bill, including financial aid, suggested by the committee talking two or three years.

"Twenty billion dollars must be raised to pay future veterans' service men," Representative Kitchin, democrat, North Carolina, said.

"The American Legion didn't favor a bonus at their national convention, but now they are fatter than I," he added.

"The legion fathers everything after some other organization does the work and accomplishes results," Savenbein said.

The witness said his organization was allied with organized labor "because the members are of the working class."

The witness said his organization was allied with organized labor "because the members are of the working class."

Thomas A. Edison at 30—and 73

Thomas A. Edison, the inventive genius of the world, has just passed another milestone—and one that will not soon be forgotten—his 73rd birthday. The affair was made a municipal party—the people of Orange, N. J., paying tribute to the man who has given their city such distinction. Here are photos of Edison at 30 and 73. The big picture is from an old print in 1877—Edison and the first phonograph—which he invented. The insert is the wizard today. He was born at Milan, O., Feb. 11, 1847.

SHANTUNG NEAR IMPASSE VIEW OF LONDON TIMES

Declares Speech of Japanese Ambassador Seems to Have Made Too Emphatic Reference to China

LONDON, (AP)—Discussing the address made in New York on Wednesday by Kijuro Shidehara, Japanese ambassador to the United States, the London Times declares the speech "appears to have contained unnecessarily emphatic references to China."

High School News

The week of May 9-14 will be commencement week at the high school, it has been decided by school authorities. Main events of this period will be the baccalaureate sermon, presentation of the senior class play and graduation exercises. The latter event, including an address by a speaker of prominence and presentation of diplomas, will probably take place on the night of Thursday, May 13, if arrangements are satisfactorily completed.

An interesting ethical discussion was the feature of the Hi-Y club Thursday night at the high school under the direction of M. C. Mitchell. The present membership of the club is 55, and the number is increasing at every meeting.

SENATE COMMITTEE FOR PROBE OF CORPORATION

Approves Proposal for Investigation of Government Grain Dealings

WASHINGTON, (AP)—Senator Reed's resolution proposing an investigation of the United States Grain Corporation and the use of its funds as affecting wheat prices was reported out favorably yesterday by the contingent committee of the senate, to which it was referred for expense authorization. Attorney General Palmer sent a letter today to Chairman Calder, of the committee, saying some reports of senate debate left an implication that the department of justice had failed to take up the matter. This implication he flatly denied, saying department agents at Portland, Oregon, and other places were investigating charges of price manipulation made by the Spokane grand jury against some agents of the corporation.

In the house today Representatives Hutchinson, republican, New Jersey, introduced a resolution proposing an investigation by the agriculture committee of charges made by the Spokane grand jury. The measure was referred to the rules committee.

POLAND STUDIES AMERICAN AND FRENCH GOVERNMENTS

WARSAW, (AP)—The American and French systems of government are being studied by members of the constitutional commission engaged in framing the constitution of the new Polish state.

Conservative members of the commission favor electing the president by a system like that followed by France, the Polish parliament in joint session, if the constitution should provide two houses for the legislative body, making the selection.

Members of the Left diet have been content.

Professor Dubnowicz, at commission, thinks the American electoral system would lead to the establishment of a monarch.

Reform of Photoplay Aim of Presbyterian Moral Welfare Board

'White List' of Approved Film to Be Used in Effort to Condemn Others

NEW YORK, (AP)—Reform of moving pictures is planned by the Presbyterian board of temperance and moral welfare, which announced today that a "white list" of approved pictures would be issued from time to time in an effort to condemn pictures characterized as a menace to child welfare and a cause of juvenile delinquency. The Rev. Walter A. Hendricks, of Portsmouth, Va., has been appointed to take charge of this work. "We do not intend to crusade wildly against motion pictures," said Dr. Charles Seaton, general secretary of the Presbyterian board. "They are an established force and our aim will be to make them more of a power for good and by a campaign of education and activity remove their evil features and tendencies."

PRUSSIANS GRAB AT LAST MINUTE FROM SCHLESWIG

Minister to Denmark Protests Against German Sale of Victory Memorials on Dybbol Hills and Als Island

OPENHAGEN, (AP)—The Prussian authorities when compelled to evacuate Schleswig in preparation for the plebiscite there "tried to grab whatever could be grabbed up to the last minute," H. P. Hansson, minister from Schleswig to Denmark, told the Associated Press correspondent.

"As late as January 17 they sold the victory memorials on the Dybbol Hills and on the island of Als to a new German company in Kiel. Dybbol was a famous battlefield of Denmark's war with Austria and Germany in 1864. Not only the Dybbol memorial erected above the two Danish trenches there, but the ground itself was sold to a private company," declared the minister.

"This is a case of the sale of Prussian state property, which is absolutely prohibited by the conditions of the armistice of November 11, 1918. I have protested against this sale to the representatives of the allied and associated powers, and we sincerely hope that they will aid us in our endeavor to take away from the Prussians their last foothold on the Hills of Dybbol."

"The choribus Danish flag, the gift of Danish-born Americans, was hoisted on the Dybbol hills on the day when the first plebiscite was held to decide whether Schleswig should remain German or be restored to Denmark."

West African Superstition.
In West Africa it is not unusual to see a native crouched over a stream talking to the "Spirit of the Water," and in that country, too, the traveler is unwise who looks behind him at any sudden sound, for he will probably behold a native with the Fangosa charm, and will see him beat with a bamboo hammer upon a tiny drum held above a live animal. As the traveler looks around the charm is struck, and it is the belief of the natives that, whatever part of the animal is injured, the human victim will suffer in the same region.

His Slained to Rats.
Besides damage to food, rats bring the dreaded bubonic plague, trichinosis, scarlet fever, typhoid, diphtheria and many other infectious diseases. Mr. Worthington says that "of the thousands of dyes of 'unknown' origin having their origin in the waste, attic or cellars, probably 90 per cent of those due to the material accumulated by rats—mainly by spontaneous ignition."

FROM TIP TO TOE SHE BREATHE'S OF SPRING

The hour of the spring coat is at hand. And here is shown a model dressed from tip to toe in all that is new for spring. The broad straw with its bands of toulard; the short, full coat and the big "dickie" skirt. The all new outdoor wear, but pleasing in every line. Please notice the big coarse mesh sewing used to make the chap from spring velvet.

WOMAN PROTESTS AGAINST INTERFERENCE OF UNIONS

Declares Labor Organizations in England Oppose and Thwart Feminine Employment
LONDON, (AP)—Mrs. Henry Fawcett, a widely known suffragist, complains that the trades unions constantly are opposing and thwarting the employment of women notwithstanding the fact that women stand for equal pay for equal work. She told the women's institute that the women workers have been urged not to undercut the men who were their comrades in industry. She urged women to constantly appeal to the most enlightened members of all political parties for aid in making women free in industry, as they had become in politics.

Vanadium Highly Important.
For the latest types of engineering works, such as airplanes, submarines, torpedoes and similar work, the possession of a material of high resistance to stresses of all kinds enables some of the most difficult elements of the work to be solved. While the application of vanadium to steel does this, and thus constitutes at present its most important use. It has also a marked influence upon cast iron and upon copper.

ROAD BUMPS LOSE JAZZ TIME WALLOP

When a ship pitches and rolls in the trough of a heavy sea, why doesn't the sailor fall overboard? How does he balance himself?
You've seen the daring baraback riders at the circus? You know what a thrill they give as they race around the track, standing legs apart, a foot on the back of each horse. How do they keep their bodies in balance and at ease as the horses rise and fall in the plunge of their mad gallop?

When you've found the answer you've guessed a good part of the reason why the new three-point suspension springs on Overland 4, the new light car recently announced, act the way they do on the roughest, bumpiest roads on which they have been demonstrated in this city.

An engineering explanation of the why and wherefore of the springs takes in much of interest about the principle of the lever and much more of interest about the distribution of thrusts, the force of blows and the like. Then you learn that in some magical mathematical way this new type of springs has done the same work for the car as the horse does for the rider in the novice's hands, these notes notes and the result is pleasing and comfortable to the ear. The master engineers who designed Overland 4's springs. They have found a way to harmonize the bumps in the road; synchronized them, in the engineering phrase. And the result is an apparent floating over the roughest, bumpiest highways in smooth, rhythmic travel, rather than in the rag-time jerks of the ordinary rider.

Finding a position is sometimes a most disagreeable task. Just to rely upon friends, or upon going about and making personal applications, often leads to utter discouragement. The quick road to a position is through the classified. Sometimes this road requires more than one day to travel—but it leads invariably to the desired goal if followed.

D. C. WATSON CO. TWIN FALLS, IDAHO

HEAD-IN-VALVE IS DISTINCT FEATURE

The Buick valve-in-head motor car—individual in design and wall as service. Because every important feature in its manufacture is protected by patents, a Buick can be equaled in comfort and safety, performance and durability only by another Buick. And such cars are manufactured exclusively by the Buick Motor company, pioneer builders of valve-in-head motor cars.

Details that might be passed over with slight attention have received the thorough investigation of engineers who have been with the Buick since the possibilities of the Buick valve-in-head motor were first dimly realized.

The motor that proved so reliable in the marine world formed the logical basis for the development work in the automobile field.
And as the Buick engineers have continued their experiments and research, the small engineering laboratory in which they first worked has now grown to far greater proportions than those of the whole Buick factory at that time. The Buick Motor company is not merely one of the world's largest and best equipped manufacturers of motor cars. It is the world's successful builder of valve-in-head motor and motor cars.

Apparently, the growth of this factory can be attributed to the fact that its product has satisfied owners. The best evidence of this contention is that more Buicks each year are going to former Buick drivers. Season after season, as the valve-in-head motor cars are improved and further refined, Buick owners are replacing their older models with new Buicks.

This underlying cause for such prodigious growth, however, is indicated in the realization of these owners and others that there is no other automobile just like the valve-in-head motor car.

If you are a little uncertain about it, read the ads.

HAZELTON

HAZELTON, B. S. Brooks and daughter, Miss Corilla, left Friday for Los Angeles, Cal. where they will make their home. The change was made on account of the ill health of Mrs. Brooks, who has been in California for several months. Mr. and Mrs. Brooks are pioneer settlers of the segregation and own a farm adjoining the townsite. J. M. Fine, son-in-law of Mr. Brooks, has rented the farm.

Thomas Hamilton has returned from King Hill, where he has been assisting in the search for J. J. Oliver, who disappeared about two weeks ago. Miss Edna Dorabek left Thursday for her home in Ripon, Wis., after having spent the past six months visiting her sister, Mrs. B. Frank Bluman, and family.

Two real estate firms consolidated this week when Roscoe Boden of the Hazelton Realty company and Alex Thon of the First Segregation Lands company formed a partnership. B. M.

Drake, who has been associated with Mr. Thon, will devote this time to his farm.
Miss Marie Judson and Edith King were victims of what might have been a very serious accident. The young ladies were riding last Sunday when the car turned completely over, leaving Miss Judson beneath it. Miss King escaped with only a few scratches, but Miss Judson has a very badly bruised leg as a result.

The American Legion club house is fast nearing completion and the date for the formal opening will be March 26. Mrs. Wendell Worthington has returned from Jerome, where she has been visiting with friends, for several days.

Mrs. George Buckley is confined to her home with a slight attack of influenza.

PORTLAND TRADE MEN MAY COME

Business Delegation of Oregon Commercial Center Propose Trip Through Idaho

During the latter part of April or the first part of May Twin Falls will probably be called upon to entertain a delegation of Portland, Oregon business men. The Portland Chamber of Commerce is trying plans for a junket which will doubtless include Twin Falls in its itinerary.

According to the Portland Oregonian of recent issue, all important points in western Oregon and a number of Idaho cities are to be visited on this trip. The junket is the direct result of a similar commercial junket through southern Oregon last October, and this time pronounced the most successful on a friendly road to meet commercial neighbors that had ever been taken by Portland merchants, financiers and professional men.

According to the Oregonian the proposed spring junket will probably include stops at Pendleton, La Grande, Baker, Ontario, Vale, Payette, Wadsworth, Nampa, Boise, Oidwild, Pocatello and Twin Falls.

Speaking of the trip the Oregonian quotes as follows: "Boise, Nampa and Payette are experiencing a wonderful reawakening of activity in all lines of business and those towns should be included in the itinerary of the trip of Portland business men," said W. E. Whitcomb, president of the Whitcomb Co. who has just returned from that section enthusiastic over its attractiveness and commercial import.

"It is nothing unusual for sales of several ranches for spot cash and prices ranging from \$50,000 to \$75,000 to be reported there in a single week," continued Mr. Whitcomb, "and farmers are selling the alfalfa hay in the stack at prices of from \$18 to \$23 per ton, which in part explains the reason new settlers are wanting to buy the lands that surround the town. There is a lot of building in all these towns, partly due to the fact that construction has been encouraged by the action of the Weyerhaeuser interest in reducing the price of lumber 10 per cent to builders. The manufacturers realized that the prevailing high prices of material was causing hesitancy in going ahead with building projects and houses were badly needed. The action was received with approval and building stimulated."

"In my opinion the outlook should be good for Twin Falls as well as other districts and both merit the attention of Portland. It is all a rich territory and better acquaintance will prove mutually beneficial. We are producing a lot of livestock and products that should come to this market. The people have a friendly feeling for Portland and we should have more appreciation of their country and that we want to do business with them on a steady increasing scale."

BASEBALL EXECUTIVES CALL SESSION TONIGHT

A meeting of executives of the Southern Idaho Baseball League will be held in the Eggerson hotel tonight. The session has been called by President J. H. Davis of the league for 8:30 o'clock. The purpose of this meeting, according to a letter received by Secretary Newell S. Wight of the Twin Falls Chamber of Commerce is to discuss baseball matters in general as they pertain to the entry of Twin Falls into the league.

DISMISSAL MOTION DENIED
In the probate court trial of the state against Ross L. Douglas, accused of embezzlement, continues with little apparent being made. The moving counsel for the defense submitted a motion for dismissal of all counts involved in the action, the motion being denied by the court.

ROOF GOING TO UTAH

HIGHWAY DISTRICT ROCK CRUSHER PLANT MOST MODERN IN THE WEST

Chamber of Commerce Departmental Committee on Investigation Returns Highly Commendable Report for Benefit of Public—Institution is Making Rapid and Satisfactory Progress

Declaring the Twin Falls highway district rock crusher plant to be the latest, best equipped and most modern institution of its kind west of the Mississippi river, the bureau of roads and bridges of the Twin Falls Chamber of Commerce has made a report to the chamber. This report, authorized through a complete investigation of the highway crusher, is complete in detail, and provided much information of an illuminating and valuable character.

The report, signed by Ed. B. Johnson, chairman of the bureau, and Newell S. Wight, its secretary, follows:

"This is one of the largest, best equipped, modern rock crushers west of the Mississippi river. After operating two weeks, and not working one day under the most favorable conditions the machine averaged over 400 yards of crushed rock per day, in one day of eight hours turning out 500 tons. With an average of 300 yards per day of eight hours and working two shifts this machine will turn out 1,000 tons per day or 320,000 tons in a year.

"The life of this crusher, if properly maintained, should be ten to fifteen years of continuous operation. Give thousand dollars' worth of extra parts have been purchased and are on hand now for repair purposes, and up-keep should not be heavy."

"Since February 18 the date of actual starting of crushing work, up until this date, March 4, the machine has lost seven days of working time on account of breakdown and necessary repairs; and lost one full day on account of bad weather."

"What does the above working capacity represent? It means that under ordinary conditions the crusher would supply 1,000 tons a day, each hauling two yards of crushed rock per trip (or 300 trucks per day each hauling two yards of 5 tons per trip) or 600 tons a day, would supply different contractors on different parts of the highway district with 200 yards each day, which is as much as they could possibly handle."

"If it were possible to sell 500 yards a day to outside parties for construction work, in addition to the above mentioned sum which is necessary for our highway, it would mean a net profit of three shifts of eight hours each; and for every additional yard of crushed rock sold we would receive about \$2.00 per yard, the profit of which would pay for the cost of the road for Twin Falls highway district."

"As the output of the plant is increased, the cost per yard chargeable against investment in the plant is correspondingly reduced."

"Thus, if this 'overhead' is 50 cents per yard on a basis of 300,000 yards output, it can be reduced to 25 cents per yard by increasing the production to 600,000 yards."

"The figures of our highway district engineer show that there are 2,000,000 yards of rock available for crushing without any additional cost for new apparatus or change of the present equipment."

"From all of the above data it is concluded that the capacity of our crushing plant is ample to take care of the needs of our highway district, the city, and perhaps all of the other highway districts of Twin Falls county in all requirements for crushed rock."

"Up to date our highway district has constructed seven and a half miles of gravel roads, costing approximately \$4,000 per mile near Hollister and has nearly finished the grading and gravelling of six miles of road near Murtagh."

"The district intends to let contracts the 18th of this month for thirty miles of hard surface side roads; and Director D. P. Olson of the state federal highway office has advised the chamber of commerce that contracts should be let for the state highway in this district about April 1."

"This report is submitted to the members of the chamber of commerce and the public on March 5, 1920."

Any reasonably-priced house or apartment may be rented—through an inexpensive classified advertising campaign. Test the matter. The "risk" involved is so small that few people would dignify it by that name.

HOME QUINTETS IS IN FINALS

Twin Falls and Gooding Teams All Left to Battle for Hoop Title Tonight

Twin Falls will meet Gooding tonight at 9 o'clock in the championship final for basketball honors of the south central Idaho tournament as a result of the games played on the high school floor, this morning, in which Burley was eliminated as a possible contender for this tourney cup. Another feature of the program will be a wrestling match between Clifford Larson of Burley, and Robert Nicholson of Twin Falls, both in the 145-pound class.

Today's program was started off at 8:30 o'clock with a fight between Burley and Gooding, the latter proving their superiority over Burley to the extent of a 28-10 score. Boelter and Hudson were strong factors in the Gooding victory. The game dropped Burley from the list of contenders for final honors and gave Gooding the right to engage the Twin Falls varsity tonight. Culbertson refereed the game, but having been decided the best loser in the preliminaries of yesterday afternoon out of three teams, met the Twin Falls varsity men this morning and was badly defeated, 57 to 23. Twin Falls used all regulars and second string men for the game. Dean, Man, guards. Twin Falls—Newman, tonight's game will not begin until late in order to accommodate business men who desire to see the final contest. The winning team will be presented the biggest loving cup after the game by Mayor Swelley. Twin Falls supporters are certain no doubt that the local quintet will receive the honor; and are expecting Captain Newman to be prepared to make a speech of acceptance. Gooding, however, is strong and will play its best game of the season to win. Lineup will be: Gooding—Boelter, Hudson, and Campbell, forwards; Raby, center; Oon and Venant, guards. Twin Falls—Newman, Krengle and Yochem, forwards; Carter, center; Taylor, Patzler and Hertz, guards.

E. L. Culbertson will referee the deciding contest. Mr. Culbertson has been doing exceptional work in his official capacity and has earned the commendation of all the players. Cliff Lewis will referee the wrestling match.

Yesterday four wrestling bouts were staged, Gish throwing Bico on rolling fells, two out of three; Day throwing Hogg in 3 minutes, 40 seconds; Schwartz and Rydick getting tied in four to six minute bouts.

You can count upon the classified to sell your real estate—and the cost of the advertising will figure surprisingly small.

OKLEY DISTRICT MEN ARE ACCUSED OF FRAUD

Arthur W. Smith and Albert Smith, residing on a farm in the Okley district, are in the county jail awaiting hearing in the probate court on charge of obtaining money by fraudulent means.

The men are brothers, and were arrested yesterday near Okley by Deputy Sheriff R. F. Redmon and brought to Twin Falls last night. They are accused by the authorities of passing checks and are also said to have operated with G. W. Lewis, now in the state penitentiary, in defrauding local merchants.

BANK WILL GO INTO NEW QUARTERS TODAY

Idaho State Financial Institution will Vacate Perrine Building this Afternoon

At the close of business this afternoon the Idaho State bank will move into its new quarters at the corner of Main avenue north and Sheehans street, a room formerly occupied by the Beards-Wiley Drug company.

Although the new room is not completely finished for occupancy, the bank will make the move in order to permit the new tenants of the old banking location to arrange their stationary stock. This room has been leased to the Twin Falls Book and Stationery company.

To Restore Faded Ink. When the ink of old documents has faded and it is desired to restore it, this can be done by washing with any of the substances that blacken on mixing with iron—injection of nut-gall, sodium sulphate or acetic ferro-cyanide of potassium, for instance.

MANY STUDENTS ENTER 'DECLAM'

Seventeen High School Pupils Ready to Participate in Public Speaking Contests

Seventeen students of the high school will compete for declamatory honors next Tuesday evening in the auditorium of the school. Six speakers will take part in the oratorical division, four in the dramatic, and seven in the humorous department. From each of the three divisions one winner will be chosen to represent Twin Falls at the district meet at a later date. It is expected therefore that competition will be quite keen Tuesday evening.

Between numbers the high school orchestra will play. A committee of judges will be chosen from the faculty. The program follows:

- The Remedy for Radicalism.....The Outlook
- Does Americanism Americanize?...Does Americanism Americanize.....Gino Speranza
- Emerson Bolt
- The Price of Peace.....William E. Borah
- The Hope of the World.....Theatrical

- Mildred Houston
- The First Call.....G. M. Cooke
- Marjorie Lengue
- Auntie's Doleful Philosophy.....Anonymous
- Octavia Williamson
- The Phenomenal Baby.....Anonymous
- Hasel Witt

Each winner in respective classes will receive a gold medal after the district contest is held. The above program will begin at 7:30 o'clock Tuesday night.

PROPOSES AIR ROUTES TO FOLLOW FLAG OF ENGLAND

Controller of Civil Aviation Outlines Elaborate Plans for Aerial Communication

LONDON, (AP)—Air routes from England to Egypt and Canada, Egypt to India, Cairo to the Cape and India to Australia have been proposed by Major-General Sir F. H. Sykes, controller general of civil aviation. Another route to be developed would be between England and West Indies with the Azores as a stepping stone. From some central point in the West Indies a connecting service of flying boats could be usefully employed for the distribution of mails.
