AMERICAN RELATION TO SETTLEMENT WITH TURK PROVOKES CONJECTURE

French Premier's Action in Submitting Treaty Draft to Wilson Indicates Desire to Forestall Possible Intervention by President of Attempt to Persuade United States to Accept Mandate for Armenia, According to London Surmises

LONDON, (AP)—The continued postponement of the allied decision with regard to Constantinople is attributed to peace conference circles here to the hesitation of France and Italy, neither of which, it is asserted, has definitely answered Great Britain's invitation to cooperate in occupying the city.

AMERICAN OPPOSITION TO PROGRAM NOT ANTICIPATED

WASHINGTON, (AP)—The decision reached by the supreme council relative to Turkey which has been sent to Ambassador Lansing by the French government will be communicated to President Wilson through Acting Secretary of State Polk.

It is understood that the measures decided upon by the council are purely cooperative with the American position which has been one of benevolent interest in the fate of peoples oppressed by the Turks.

According to information here representations to be made to the government by the entente include recommendations that American naval strength in the Turkish waters be largely augmented.

Military forces now in Turkey, according to official intelligence, include 333,000 British, 19,000 French, 10,000 Italian and 100,000 Greeks.

The Turkish regular army of 43,000 men with 9,000 men in Europe and 34,000 in Asia. About sixty per cent of the Asiatic forces are said to be pro-nationalist.

The Turkish threat of war in case of expulsion from Constantinople is abolished "bluff" in the opinion of military critics who have returned recently from that region.

WARFARE BRINGS REVOLT MOVE TO LIGHT IN ORIENT

Effort of Peking Government to Supplant Governor of Honan Province Results in Outbreak of Hostilities

PEACE BY OVERTHROW OF MILITARISM IS SCHEME

Refugees from Fighting Areas Pouring into Canton and Hong Kong while Turmoil Gains Ground in China

SHANGHAI, (AP)—Warfare has broken out in Honan province because of effort of the Peking government by appoint Wu Kwang-hai governor of the province to supplant Chao Yi, whose army is fighting the Peking army in Honan. This and the outbreak of hostilities in Kwangtung province where fighting is proceeding between southern Chinese has brought to light a league of eight provinces—Yunnan, Kweichow, Honan, Szechwan, Hupui, Shantung and Kiangsi—aiming to effect peace by uniting against militarism both of Peking and the southern forces.

The Kwangtung warfare is the outgrowth of an attempt by the governor of Yunnan to send a new commander of the Yunnan troops in Kwangtung. The new commander, General Li Chih Chun, is attacking the old leader Li Kung-Yun, who is supported by the troops in Kwangtung and governor, Moit Yung-Hai.

REVIVAL OF ACTIVITY AT HAMBURG ANNOUNCED

German Port Scene of Initial Shippings Since Close of the War

WASHINGTON, (AP)—Revival of activity on the port of Hamburg was reported in official advice to the bureau of foreign and domestic commerce. The port has been definitely re-established and initial sailings made. Of these four are to the Atlantic and one to the Pacific.

Regular steamer service between Japan and Germany has been inaugurated. The business of the port received further impetus through the sailing of the German steamer Hans for Bremen.

During the month of January, the report said, the Spanish consul general, acting for the United States, legitimized 1,154 consular invoices covering shipments to the United States. Except for a number of cargoes entirely of potato, outward bound shipments to the United States were made up of miscellaneous articles.

FRENCH RESENT WILSON ACCUSATION THAT MILITARISM GOVERNS NATION

PARIS, (AP)—President Wilson's letter to Senator Hitchcock regarding reservations to the Versailles treaty was given little space and a minor position in most of this morning's newspapers.

The state department today just before press dispatches were received of the release of Joseph Williams, suggested that the American embassy at Mexico City and the consul at Chihuahua had been instructed to make representations to the Mexican government to obtain the release of Williams.

SENATE CALLS ON WILSON FOR ADVICE ON MEXICAN

WASHINGTON, (AP)—The senate today adopted a resolution by Senator Gore, democrat, Oklahoma, asking the president for information as to restrictions imposed by other countries on American citizens in exploration and development of oil lands in Mexico. This matter has been taken toward securing equality of treatment in that respect.

The resolution asked specifically as to the situation in Mexico. This senator said he had heard that Mexico had promulgated restrictions aimed particularly at Americans.

Committee counsel were given until next Wednesday to file a brief, answering the defense brief to be filed in the federal and state constitutionality cases. The only verdict could be one sentencing the defendants.

BOURBONS RULE IN IDAHO WITH PROXIES POWER

Four Federal Office Holders of Boise Control Actions of the Committee for Entire State at Moscow Meeting

CHAIRMAN THROWS DOWN GAUNTLET TO RADICALS

Significance in Keynote Speech Inheres in Its Close Resemblance to Remarks of Gooding at Lincoln Banquet

BOISE, (AP)—Many extraordinary stunts are pulled off in the name of democracy. Take the meeting of the democratic state committee in Moscow for illustration:

Four federal office holders of Boise—Kluyser of the U. S. land office, and Williams, Hindman and Adams of the U. S. internal revenue office—controlled the actions of the committee for the entire state. These four officers had gathered in a sufficient number of proxies to give them absolute control of the state committee, and proposed to represent the 44 counties of the state.

Colors Campaign Policy

And the action thus taken is supposed to give color and direction to the whole democratic party in Idaho throughout the coming year. Verily, verily, "Let the people rule."

Justification for this arbitrary action on the part of the "federal bunch" is their own estimation at least—by what was attempted on the other side. Chairman Jerome J. Day had so manipulated matters in the time and place for his meeting of the state committee that he was justified in believing that his slightest will would be done; that he and the little coterie in his confidence would place the two state conventions where they would do the most good; that they would control every action of the conventions; that the delegates to the national convention would be largely of their choosing; and that they would have the final say as to who would go on the state ticket—that, in short, they would be in the saddle and in position to dictate every move of this party that is supposed to represent the people.

Day's Speech Significant

In this connection special significance is attached to the keynote speech delivered by Chairman Day at the Moscow meeting. From the first sentence of it, it was directed against the Nonpartisan league and other radicals and "cracked brain theorists."

The real significance of this speech of Jerry Day, democrat, lies in the fact that it was of the identical temper and substance of the speech delivered by Frank B. Gooding, republican, at the Lincoln banquet in Boise three weeks before. Both speeches might have been written by the same hand. They ran on identical lines. Gooding's might have been the more vitriolic of the two, certainly not more sweeping.

See Assault on Nugent

Those who read between the lines of Jerry Day's speech find it a direct assault on John F. Nugent. Nugent received the support of the Nonpartisan league in the last campaign. He could never have been elected without it. William E. Borah professed by the same support, it is true, and a still greater degree, but this is aside from the question at issue just now. Borah is not a candidate for the senate this year and Nugent cannot be re-elected this year without the ardent support of the Nonpartisan league, and nobody knows this better than Jerry Day, chairman. Then why Jerry Day's bitter denunciations of the backers of John F. Nugent? In the assault made in the interest of John F. Nugent, think you?

To this Philippic of Jerry Day's against the elements of disorder in the body politics was the opening gun in the campaign against the renomination of John F. Nugent. Whether it will be followed up now since the chairman's larger schemes were so completely blocked by the "federal bunch" only time will tell.

Elder Enters Unexpectedly

There was another little fact connected with the Moscow meeting that was not without interest. Robert H. Elder, democratic national committeeman for Idaho, who was supposed to be in Washington, D. C., unexpectedly turned up at Moscow. The fact that he had arrived at that place at that hour gave point to his presence. Evidently the friends of Senator Nugent considered it necessary to make a demonstration. Federal office holders, owing their appointments to Nugent, had a special reason for being on the ground when the fate of Nugent was to be put to the touch.

Continuation of all these incidents brings the innocent political bystander back to the conviction that government of the people, for the people and by the people is absolutely safe as long as it has such interested champions to protect it in times of crisis. Speaking of the Nonpartisan league leads up to the thought, too that there are at least four organizations in Idaho right now that bid fair to cut a big figure in politics this year, and the four do not include the Nonpartisan league which must be regarded as a political party if it is anything. The four

LAST TRIBUTE TO DISCOVERER OF NORTH POLE

The man who nailed the Stars and Stripes to the North Pole—the first man ever to reach the apex of the world—an American, Rear Admiral Robert E. Peary, has been laid to rest in the Arlington National Cemetery at Washington, D. C. Full military honors marked the ceremony. Peary devoted his life/work to this feat and was rewarded with success. His name will live forever in world history. The photo was taken as the casket was taken from the home at the national capital, where he died.

others are the American Legion, the Grange, the Federation of Labor and the United Americans.

All of these insist that they are wholly out of partisan politics, and in justice to them their professions on this point must be accepted at their face value. But it is true nevertheless that every one of these organizations is to wield a heavy influence in the campaign just now opening.

This is true especially because of the political chaos that exists. No man today can tell the difference between a republican and a democrat on fundamental principles. This is true the nation over, no less than in Idaho. And this being true, organizations such as those named will make a stronger appeal to voters than would be the case when party spirit was running high. The Grange will exert a marked influence because of the special interest of the farmers here in coming legislation—transportation, marketing, grading and the like.

Legion Guards Interests

The American legion made up of men who play conspicuous parts in the social world were are determined that the rights and interests of service men shall be recognized and protected. Naturally this will take these men into politics on one side or the other, no matter how strong their determination to keep out.

New Factor in Field

United Americans are a new factor in the field. Intense Americanism is the expressed motive of the organization. Open and relentless warfare on socialistic tendencies in government is to be its line of action. It would be nonsensical to pretend that with this chart and rule of action United Americans could keep out of politics. It is out of the question.

Union Factor in Field

With these four organizations active, by at work on one side or other; with the Nonpartisan league pursuing its own particular policy, and with the republicans and democrats fighting for every inch of ground it is reasonably certain that there will be lively times in Idaho between now and Thanksgiving.

SMUTS GOVERNMENT FATE AT STAKE IN ELECTIONS

Vote in Union of South Africa to Decide as Between Premier and Dutch Nationalists

LONDON, (AP)—Parliamentary election being held today in the Union of South Africa will, it is believed, decide the fate of the government held by Jan Christian Smuts, which is contending against strong Dutch nationalist elements, aided by the labor party. The result may decide whether Cape Colony, the Transvaal, Orange Free State and Natal are to continue British or are to form a South African Dutch republic with the union's flag and with an elected president.

South Africa is valuable to Great Britain because of its gold fields, and separation, it is believed, would meet with strong opposition. Nationalist sentiment there is said to be so intense that in some instances families have been divided over this issue, which is a survival of the old struggle that has been going on between the Dutch and the British since the Netherlands ceded Cape Colony to Great Britain in 1814.

COUNTS COST OF DILATORY MOVES ON NAVY'S PART

Admiral Sims Says Failure to Co-operate Soon after America's Entrance into War Entailed Vast Expense

WASHINGTON, (AP)—Failure of the navy department to fully co-operate in the war during the first six months after America's entry cost half a million lives, fifteen billions of dollars, and a vast amount of shipping and prevented a victory over Germany by July, 1918, Bear Admiral Sims told the senate investigating committee today in presenting documentary evidence in support of his charges of delay against the department.

Gives Own Recommendations

The officer read to committee recommendations he had made to the department immediately upon his arrival in London in 1917. A cablegram sent late in April, 1917, the critical area where the war would be lost was in the eastern Atlantic at the focus of all lines of ocean communication repeatedly urged that every destroyer and every patrol boat be sent to sea be dispatched immediately to this area his recommendation was not complied with until about six months later.

Costly in Tonnage

Failure of the department to throw the full force of the navy into the struggle, he said, resulted in the "unnecessary loss of 1,500,000 tons of shipping by submarine attack in 1917, and 1,000,000 tons in 1918.

Charges Victory Delayed

Admiral Sims said the German offensive of 1918, was due to the failure of the German submarine campaign, and that in all probability it never would have been undertaken and the morale of the German people would have broken if the American tonnage had been more promptly dispatched to France. He estimated on the basis of what happened when the American forces did arrive that the victory could have been achieved by July, 1919, if the tonnage had been preserved.

ANNOUNCED PLANS TO FOBEB FOOD INTO TRADE

CHICAGO, (AP)—Plans to force into retail trade the largest amount of food ever thrown on the market in the United States were announced yesterday by District Attorney Clyde B. Fox, leaving for Washington to live the scheme before Attorney General Palmer.

Storage stocks of butter and cheese in Chicago are far in excess of the facilities held at this year.

Mr. Fox declared and prices are being kept up, he added, by withholding the foodstuffs from the market.

BERLIN POPULATION COUNT REVEALS SAVAGES OF WAR

WASHINGTON, (AP)—The city of Berlin with adjacent districts now to include 3,801,235 inhabitants, according to a recent issue of the census which published results of the census started October 8, 1919. The effect of the war was seen in the fact that the number of males in the suburbs of Berlin increased only 93, while females increased 15,037. In greater Berlin, males decreased 54,000 and females increased 124,900.

JACK COOMBS WILL TUNE UP TIGER STAFF

Biggest Problem Hughie Jennings Has is Turned Over to Veteran Hurler

By JACK VIBROK
New York, (AP)—Hugh Ambrose Jennings put his law books back on the shelves of Jennings & Jennings, at Beranston, Pa., a few days ago and said "tra la" to Blackstone until the frost nips the festive pumpkin once again.

Slugg packed in a trunk, he bid himself to Dixieland with a squad of ball players. His destination was Mason, Ga., where the Tigers established their spring training camp a few days ago, and upon arriving there Jennings and his first lieutenant, Jack Coombs, settled down to the business of whipping Detroit's 1920 entry in the American pennant race into shape for the coming season.

Lack of Pitchers

Detroit's weak point during the last nine or ten years has been pitching. For some reason Jennings has had one run of tough luck after another in building his twirling staffs. Some of the very best little baseball experts opine that Hughie lack the knack of picking out good pitchers. Mobbs so. But this year Jennings has an assistant who knows all about pitchers and their ways.

Old Jack Coombs, then whom there are but few ball players who know more of the art of tossing the ball, is the new coach and boss of Detroit's marksmen, and the Tigers have the largest squad of pitchers in the southland this spring.

Up to Coombs

The pitching problem is Jennings' one worry, then, and he has already shifted part of that worry on to Coombs who is capable of carrying it. So the prospects of the Tigers in turning out a formidable pitching corps this spring are better than good, for their regulars are all smart pitchers, and among the youngsters are several of much promise.

The Tiger outfield, with the wonderful Cobb, the hard-hitting Veach, and the flashy young Flaggstead, not to mention Chick Shorten, will be well taken care of.

Oldhand Returns

The regular pitchers who shouldered the brunt of the work for the Tigers last season were Dues, Boland, Love, Ehmske, Ayres and Love, the latter pitching only occasionally. Oldhand after trying and failing to make good with the Tigers, was sent to the minors. This year he returns from Portland, where he had a great season last summer. He is expected to prove "ripe" for major league work.

John Glazier and Planteau Cox are

both big, young right-handers. The latter is a Virginia scamp, while Glazier, who comes from Hamilton, Ont., he won 25 games as one of the brightest Tiger pitching prospects dug up in many a season. Glazier's best minor league feat was chalked up last summer when he pitched a no-hit, no-run game for Hamilton against Brantford.

The complete player roster of the Tigers follows:

Pitchers—Ayres, Allen, Boland, Cox, Dues, Ehmske, Glazier, Jonnard, Lattimer, Leonard, Love, Okrie, Oldham, Roberts and Coombs.

Catchers—Almsholt, Stangeo, Yello, Manning and Woodall.
Infielders—Kollmann, Ellison, Bush, Young, Siglin, Jones, Dyer, Pincelli and Hale.
Outfielders—Cobb, Veach, Flaggstead, and Shorten.

CLUB IS FORMED TO STAGE BOUTS OF ALL NATURES

Berrington, Fisher and McKinley Interested in New Athletic Association

With Tom Berrington, A. G. Fisher and Harry McKinley backing the scheme, plans have been completed for the forming of an athletic association in Twin Falls. The association is proposed to provide gymnasium and club for all members together with athletic bouts of an inspiring character. It is expected that the first program will be staged early the coming month.

The incorporators of the association have founded their scheme on a basis of club membership only, eliminating general admissions to these entertainments. A membership fee of \$5 will be charged all at one time, with a further assessment to carry on the activities of the club as they are from time to time projected. The initiatory fee will be used for the establishing of quarters and the equipment with such apparatus and paraphernalia as is required to make the place desirable and successful. The incorporators propose to proceed rapidly with arrangements for the opening of the quarters and the operation of its entertainment scheme. The latter will include boxing and wrestling bouts.

Giants' Club is Heritage for Son of Present Owner

Stoneham Says He Would Not Sell New York Nationals Under Any Circumstances

HAVANA, (AP)—When Charles A. Stoneham purchased the New York National league baseball team, it was done primarily for the purpose of handing down the club as a legacy to his son. Mr. Stoneham made this statement last night to set at rest rumors which, he said, were current in the United States and Cuba, that the "Giants" were for sale.

WON ON POINTS

GARY, Ind., (AP)—Jack Reynolds of Cedar Rapids, Iowa, welterweight wrestling champion, tonight won the decision in a match with Tony Bohich of Gary. The match went two hours without a fall. Reynolds was the aggressor throughout.

GREG WINS DECISION

AKRON, O., (AP)—Harry Greg, Pittsburgh, was given the newspaper decision over Ciny Turner of New York, in a 12-round bout here last night. The men are light-heavyweights.

Philly Catcher Slipped Back to a Minor League

Jack Adams, First-String Man Last Year, Takes An Awful Tumble This Spring

PHILADELPHIA, (AP)—Jack Adams, who last year was first string catcher for the Philadelphia National league team, has been purchased by Seattle, of the Pacific International league. Adams came to Philadelphia in 1916 from the New York Giants. He was involved in the deal which brought Demaree, Stock and Adams here in exchange for Lobort.

Brief Bits of Sport

At least there are three Twin Falls men sportively alive.

Tom Berrington, Allen G. Fisher and Harry McKinley have started an athletic club and will stage boxing, bouts.

Joe Stecher is the busiest man the mat game has ever known. The heavyweight grappling champion is averaging three bouts a week.

Harry Wills, colored fighter, has found the circle in which he operates sort of confining. He wants now to enter the wrestling game.

Reports from Philadelphia indicate that Pato Herman, champion of the prize ring, is very ill. It is said he has pneumonia and has but a small chance to recover.

Johnny Tobin is the only survivor of the old Stoufford power loft with the Browns. It will be recalled that when the Feds were put out of business the American league and the outlaw clubs of St. Louis combined forces. The rest of the outlaws have seen their finish.

Black Jack Johnson insists he is con-

ing back to the United States, and, after serving his term at Ft. Leavenworth, will tackle Dempsey for the crown.

Well, we wish him no particular bad luck, but—

As we recall Dick Smith was a pretty fair sort of fighter some ten years ago, but even then did not class better than the third-raters of this country.

Jack Dempsey's manager styles his man the "greatest fighter the world ever saw."

Perhaps, perhaps but will Jack please arise and let us know how it

was he displayed none of this "vicious prowess" over there?

A lot of folks are interested in the answer, you know.

Joe Beckett is still champion of England. But that's a small country, and we'd recommend you to stay with it.

Recently Joe smothered Dick Smith, champion of the light-heavyweight title, and he beat Richard.

Sam Smiley, sagebrush sage, says: "Scientist folks air agog over the prehistoric monsters in the Belgian Congo which leads us ter, suppose that James Jams ain't dead over thar as yet."

COURT DECISION COSTS HALF BILLION REVENUE

Loss to Government Results from Ruling in Stock Dividends Case

WASHINGTON, (AP)—The loss to the government as a result of the supreme court's decision, splitting stock dividends into taxable and nontaxable, will be nearly half a billion dollars, according to an estimate today by Commissioner of Internal Revenue Roper.

Mr. Roper said a heavy search indicates that \$70,000,000 paid in 1917, and 1918 will have to be returned, while the loss in uncollected taxes in 1919 will be \$100,000,000 and that for 1920 \$200,000,000.

Mr. Roper emphasized that estimates of the government's loss are not official and that the loss might be found to be larger than now estimated.

TESTIMONY SHOWS SHOTS CAUSED BREAK IN RANKS

Prosecution in Case of Alleged I. W. W. Accused Murder, Continues Rebuttal

MONTEBASO, Wash., (AP)—Continuation of rebuttal testimony today in the trial of ten alleged I. W. W. men for the murder of Warren O. Grimm, during the Centralia armistice day parade, brought out further evidence to the effect that the American Legion men did not break ranks until after several shots had been fired.

Three marshals in the parade testified to the effect that the column of Centralia men had halted and were at rest when the shooting began.

The prosecution expects to complete its rebuttal today.

TITUS DECLINES POSITION

California Oil Man Says Interests Too Close to Permit of Appointment

WASHINGTON, (AP)—Louis Titus, of San Francisco, wrote President Wilson yesterday asking that his nomination as a member of the shipping board be withdrawn "in view of the circumstances that have arisen in connection with the board's supply."

Mr. Titus recalled that the board considered prices in the recent bids for fuel oil too high and said he had been an oil producer for many years "and therefore vitally interested in the price of oil."

"Under these circumstances," he said, "it would not embarrass me to become a member of the board, but may thereby be the cause of embarrassment to, as well as criticism, of the board itself."

PENNSYLVANIA MINERS HOLD OFFICIAL CAPTIVE

Schenectady City Engineer Taken Prisoner by Workers in Strike Mine in Evidence Hunt

ROBANTON, Pa., (AP)—J. H. Bittenhouse, a city engineer was captured by miners today as he was being lowered by a rope into the shaft of the People's Coal company's mine at West Schenectady, Bittenhouse, with Mayor Connell, of Schenectady, and other city officials for some time past have been attempting to prevent alleged reckless operation of the mine, but have been refused entrance by mine officials.

Miners today as he was being lowered by a rope into the shaft of the People's Coal company's mine at West Schenectady, Bittenhouse, with Mayor Connell, of Schenectady, and other city officials for some time past have been attempting to prevent alleged reckless operation of the mine, but have been refused entrance by mine officials.

Mayor Connell, in attempting to enter the mine to obtain evidence, is proceeding under the mine cave law passed by the last legislature. It is contended the company is illegally removing coal from under city streets and private property.

In a scuffle with the men during which the boiler house was seized by police, Connell was injured. The city engineer of the mine company, was arrested by order of the mayor charging with disorderly conduct and making threats.

LETTER SHEDS LIGHT ON NEWBERRY CITIZENSHIP

Defense in Elections Conspiracy Trial Seeks to Establish Lack of Original Intent

GRAND RAPIDS, Mich., (AP)—A declaration by Truman H. Newberry that his 1919 ambition was to be a useful citizen was read into the record of the elections conspiracy trial yesterday. The expression came in a letter dated May 7 and addressed to Paul King, his campaign manager. King's written from Marquette that a newspaper editor there thought Newberry might be open to criticism "because he was seeking a political office while in war naval service."

The sentiment went to the heart of the object which the defense has explained as actuating them in presenting the correspondence. Counsel have contended that lack of original intent would be one of their chief arguments against the conspiracy charged in the indictment under which Senator Newberry and 84 other men are being tried.

JOHNSON WELCOMES FIGHT

California Senator Calls Wilson's Letter Act of Intimidation

ST. PAUL, Minn., (AP)—Senator Hiram Johnson, in a statement given out yesterday, declared he "welcomed the action of President Wilson in enforcing the treaty of peace and covenant of the league of nations into the 1920 campaign for the republican nomination."

"President Wilson accentuated and emphasized what was already a fact," said the California senator, who has been making speeches in Minnesota as a candidate for the republican presidential nomination. "For months the league of nations as presented by him has been an issue although our pussy-footing friends have shivered at the thought."

"It's here now. Every red blooded American citizen welcomes it."

WETS GAIN IN VERMONT

Advocates of License Capture Nearly 100 Towns Previously Dry

MONTEPELIER, Vermont, (AP)—Advocates of license added nearly 100 towns, a year ago, to the wet column in the town meetings held recently. Reports to the secretary of state from 232 out of 247 cities and towns registered up to today showed that 125 towns voted yes, two were tied on the question and four took no vote. Last year 30 towns voted license. The aggregate vote of the towns reporting to date shows a falling off of more than 8,000 votes on the dry side. The vote cast this year was: Yes, 15,538; no, 10,467. Last year the same cities and towns gave: Yes, 16,871; no, 10,272.

Today's Markets

New York Exchange
NEW YORK, (AP)—Another sharp rally in grain, favorable industrial conditions and the ease of call money were factors of foremost importance in today's broad and substantial higher stock market. Sales approximately 1,600,000 shares. Successing a period of dullness, the market became active again in the final hour, oils and coppers accompanying the further advance of equipments and steels. The closing was strong.

Liberty Bonds
NEW YORK, (AP)—Prices of Liberty bonds at 2:05 p. m. today were: 3-1/2's \$93.05; first 4's \$90.50; second 4's \$89.55; first 5's \$91.50; second 5's \$89.55; third 4-1/4's \$93.04; fourth 4-1/4's \$90.10; Victory 3-2/4's \$97.40; Victory 4-3/4's \$97.42.

Grain and Provisions
CHICAGO, (AP)—Corn advanced sharply in price today. Wet weather and breaking up of country roads were bullish factors, and so, too, was the strength in European exchange. Some commission houses and pit speculators did most of the buying. Initial quotations, which ranged from 3-8 off to 1-2c up, with May \$1.45 3-4 to 1-46 1-2 and July \$1.50 to 1-50 3-4, were followed by demand gains all around.

Subsequently bullish reports on the condition of winter wheat, especially in Missouri, were against sellers in the corn market and so too were reports that European governments were purchasing large amounts of rye. The close was unsettled, 1 to 1 3-4 net higher, with May \$1.47 to \$1.47 1-8 and July \$1.40 7-8 to \$1.41 1-8.

Cattle advanced with corn. After opening unchanged to 1-4 higher, including July at 76c, the market continued to rise. Provisions were easier. Weakness in hog values tended to restrict buying. Later the provision market rose in sympathy with corn.

Cash Quotations
CHICAGO, (AP)—Corn: No. 3 mixed \$1.33 to \$1.35 1-2; No. 2 yellow \$1.57. Oats—No. 2 white 90 3-4 to 91 1-4; No. 3 white 89 3-4 to 90c. Rye—No. 2 \$1.70 3-4 to \$1.71. Hops—No. 1 \$1.30 to \$1.50. HEAVY TRAFFIC OVER HIGHWAY

Census Shows 2,457 Vehicles and 5,755 Passengers Pass in One Week

Tabulations of daily reports, returned by highway traffic census officials, are showing a movement, passing over the state highway in the Twin Falls district for a full week, which shows a total of 2,457 vehicles, passing given points in that period. Passengers carried by the vehicles, and those going on foot past the points of checking number 5,756.

Two census takers were established on the road, one at Berger and the other near Twin Falls. The survey was begun at 7 o'clock March 1 and carried on fourteen hours each day and including Sunday, March 7, making seven complete days of operation.

Official tabulations of movement figures was completed this morning at the highway district offices showing a disparity of unofficial figures, which gave the number of passengers at 5,837. The correct passenger figures have not been obtained for the week as according to highway district officials, any such figures would not be indicative of the total haul through the district, or that would pass over a particular road, since the bulk of freight is diverted now over a country route which is in better-traffic condition than the state highway.

RAILROAD BUILDING MEETING IS TONIGHT

George L. Davis, of San Francisco, Here to Outline Plan for Line to Wells

Tonight in the Hotel Rogerson a meeting is to be held, followed by a banquet, for the purpose of reviving interest in the proposed Idaho, Nevada and Tidewater railroad. George L. Davis, president of the railroad company, will be present to discuss the project of his company. Reception will be held, informally, during the early part of the evening, the banquet to be served later.

It is the plan of representatives of the projected railroad to outline a plan covering a line south from Twin Falls to Wells, Nevada, the road to connect with the Southern Pacific and the Western Pacific routes. More than 125 invitations have been issued for tonight's affair and it is expected that practically all persons to whom these have been addressed will be present. Shad L. Hodgins will be toastmaster.

RAIL WAGE NEGOTIATION IS FORMALLY RE-OPENED

WASHINGTON, (AP)—Wage negotiations between the railroads and their organized employees were formally re-opened today when committees from the unions and the Association of Railway Executives—the owners' organization—to begin the formation of a joint board to handle any labor controversies which side was understood to be prepared to lay a definite program before the committee with respect to the wage demands which the unions last August laid before President Wilson.

Three distinct propositions to be considered by the joint board are the union demands, the reported program of the railroad executives and the suggestion laid before President Wilson.

DANIELS REPEATS REQUEST FOR BATTLESHIP REPAIR

WASHINGTON, (AP)—Congress was asked again today by Secretary Daniels to appropriate \$2,500,000 for the repair of warships. The secretary said he had expected congress to act promptly and consequently had omitted the appropriation from the regular estimates for the next fiscal year. He asked that the money be provided in the annual naval bill.

NAVAL RECRUITING OFFICER IS MISSING IN MEXICO

EL PASO, Texas, (AP)—Chief Yeoman K. C. Hinton, of the El Paso navy recruiting station, is missing in Mexico, according to reports made by Lieutenants J. E. Hupp to the American consul at Juarez. Hinton, whose home is in Chicago, was last seen in Juarez while visiting there Saturday, according to Hupp.

STRENGTH DEVELOPS IN FOREIGN EXCHANGE STATUS

NEW YORK, (AP)—Considerable strength was shown by sterling exchange today, demand bills closing at the rate of \$3.76, a net gain of 12 1/2 cents over yesterday's final figures. Franc checks were quoted at the rate of 23.80 for the American dollar, up 3/4 cent, and lire checks were quoted at the rate of 17.52, an advance of 46 centimes. German marks sold at 1.63 cents each, the highest rate in several weeks.

INVENTS ROCKET FOR SHOT AT THE MOON

Now for a shot at the moon. Prof. W. E. Goddard of Clark University, Worcester, Mass., has invented a multiple high charge rocket, the theory of which—if carried to its extreme—should "score a hit" in four days after start of shot-traveling—the distance of 230,000 miles. A huge charge of photographic flash powder is supposed to explode when the rocket hits the moon.

MANY CALLS MADE FOR ROAD BUILDING PLANS

Officials of the Twin Falls highway district this morning announced that 12 applications have been filed for plans and specifications for the construction of twenty-seven and a half miles of state highway in this district. The highway district commission will meet Saturday morning to consider proposals for this construction work. It is not probable that formal contract will be entered into on that date however, and some time, it is expected, will elapse before all tabulations can be prepared.

Political Notes

MANCHESTER, N. H., (AP)—Belated returns from yesterday's presidential primaries were coming in today. They were from small towns and did not add greatly to last night's totals, which showed a solid republican delegation pledged to General Wood, and a demagogue favorable to the candidacy of Herbert Hoover and including three district delegates pledged for him.

The vote was very light, because of snow-filled highways.

LONDON, (AP)—John W. Davis, the American ambassador, declined to comment today on the action of the West Virginia democratic state committee in endorsing him for the democratic nomination for president. The ambassador said he had not yet received the message which Parkersburg, W. Va., dispatched announcing had been sent to him by the committee to ascertain his attitude relative to entering the race.

LINCOLN, Neb., (AP)—The Nebraska anti-saloon league is preparing to conduct a campaign for nomination at the April 20 primaries of "dry" candidates for congressmen, gov. and members of the legislature and others, "who are charged with enforcement of the law."

Weather Still Has An Ornerly Aspect—Colder

NORTH WINDS to blow and poor little wild canaries to sing with their wings as he was yesterday when the sun shone some and it was warm and springing with spring.

Well, indeedly—Spring got a chill and his ribs of the weatherworks says that isn't the end of it either.

Fair tonight and colder, Thursday fair.

All of which might be considered deceedly unfair, you know. Anyhow, yesterday was pretty good at March days. It was one for high and just frost here for low, with 13-10 inch precipitation for the 24-hour period.

Still cloudy and sort of ornerly looking all around today.

Local Brevities

BORN—To Mr. and Mrs. M. S. Hoover, Monday March 8, a daughter. The babe has been named Katherine May.

Parents Come to Visit—Edward Cooper's father and mother have arrived from California and will spend the summer at his home on Seventh avenue north.

Brotherhood Meeting—On Friday night there will be a regular meeting of the Brotherhood of American Workmen in the I. O. O. F. hall. Refreshments will be served.

Special Masonic Meeting—There will be a special meeting of Twin Falls lodge No. 49, A. F. & A. M., beginning at 7:30 tonight. There will be work in the Initiatory degree.

Building Permit—This morning there was issued by the city clerk to L. E. Moore a permit to construct a frame residence on Seventh avenue east. The building, according to estimates, will cost \$8000.

Prisoner Taken to Rexburg—C. E. Dooley, arrested here on Sunday on a fugitive warrant from Rexburg, was yesterday taken to that place by an official of Madison county. Dooley is accused of defrauding an innkeeper.

Club Directors Meet—The executive board of the Twin Falls Chamber of Commerce met last night for the consideration of business. The meeting developed nothing further than routine matters.

Surety Bonds for Write—As protection to persons subscribing to stock in the proposed Rochdale cooperative store Dr. John E. White has provided an announcement made from the store's headquarters yesterday.

Baker Hearing Postponed—Hearing of the charges preferred against G. F. Baker, accused of disorderly conduct, set for this morning in the probate court, was postponed on account of absence from town of counsel for the defense, George Herriott, who is on the coast.

Resignation Pigeonholed—The resignation of the Rev. W. A. Moore as pastor of the First Christian church, tendered on Sunday, has been pigeonholed by the church council acting on the matter. A resolution endorsing the minister and tendering a five-year contract was adopted by the council.

Patient Taken to Rupert—Mr. and Mrs. Marion Betty came down from Rupert yesterday morning and returned in the evening. Mrs. J. E. Conway accompanied them home, where she will remain for a time convalescing from a serious operation which she recently underwent at the county general hospital.

Met Settles Account—Upon settlement of the amount incurred through issuance of invalid checks William and Arthur Smith, arrested in Oakley recently on a charge of obtaining money by fraud, have been released from custody. The men were arraigned in the probate court yesterday afternoon. The checks amounted to \$32.

Not "how cheap," but how good—adv.

Social Notes

IDAHO

William Farnum will be seen today at the Idaho theater in "Heart Strings," a William Fox production.

Briefly, the story tells of the wondrous love of a man for his young sister, a girl who has made an unfortunate alliance with a villainous creature who would drag her in the dust and use her as a shield for his own crimes. As Pierre, the girl's brother, William Farnum portrays the character of a strong man who sacrifices ambition and gives his all in an effort to save his little sister from the suffering which she faces. All the characters are well drawn; the scenes were made in a little town near Quebec and in New York city.

VALIDITY OF DRY LAWS NOW RESTS WITH COURT

WASHINGTON, (AP)—Determination of the validity of the prohibition amendment and parts of the enforcement act now rests with the supreme court. Arguments were completed today in appeals brought by the Kentucky Distillery and Warehouse company, following the presentation yesterday of the Rhode Island and Massachusetts cases.

A decision by the court is expected very early before adjournment early in June.

KENISTON WINS ORATORY HONORS

"Dedham" First Place Goes to Young Man; Miss Murray Scores in Dramatics

At the annual local declamatory contest held last evening in the high school auditorium, Theodore Keniston won first place in the oratorical class with William E. Borah's "The Prize of Peace; Oregonia Murray won dramatic honors with "When the Fleet Goes By," by Marion Synon; and Ida Hogg, giving "The Abandoned Elopement," by Joseph C. Lincoln, took first place in the humorous division. All speakers did exceptionally good work and the whole program was one of excellent entertainment. Judge for the occasion was Mrs. Burton E. Morse, the Rev. Conrad L. Owen and Z. H. North.

Sixteen students contested for declamatory honors, five in the oratorical class, four in the dramatic and seven in humorous. Nat Williamson won second place and Bethel Blake third, in the oratorical department; Gladys Noggie and Violet Swenson, second and third places respectively for dramatic work with "Hazel Wit" and Dorothy Frost runners-up in the humorous division.

The three winners will be trained by Miss Ida H. Brown in the public speaking department for the next two weeks and will then go to the district meet Friday evening, March 26. Until all particulars concerning the results of contests in other towns have been received by the secretary of the district declamatory league, no definite town will be named as the meeting place of declamatory for the district. It is considered likely, however, that the contest will go to some town on the north side.

About 200 persons attended the meeting last night. Selections by the school orchestra entertained the assembly between numbers.

Eight new members of the Spanish club were initiated into the society at the regular meeting last evening at the high school. A short program featured the meeting, the entertainers being principally the girls. Cream and wafers were served in the cafeteria at the close of the program.

WILL SEAT 200 AT BREAKFAST

"Potato" Banquet Tickets Going Fast—Program Will Be of "Surprise" Variety

Not less than 200 persons will be seated around the banquet board at the chamber of commerce potato breakfast, to be given tomorrow night. This announcement is made by Newell B. Wright, secretary of the Twin Falls chamber of commerce, under whose auspices the evening breakfast is to be given. The affair will be held at the high school and will be marked by a "surprise program."

Guaranteeing attendance and success for this revived social effort of the club committee canvassed the town today in the interest of ticket sales. A large number were disposed of, assuring the 200 attendance mentioned by Secretary Wright.

John Graham, first named as master of ceremonies, will not be present as he is unavoidably detained on an out-of-town trip. A substitute will be announced by Chairman C. E. Booth, of the committee in charge tomorrow. H. J. Sweoley will be the principal speaker of the occasion, and his address will be limited to 10 minutes' duration.

The entertainment program, outside of the feast, will be provided by the American legion and will consist of all sorts of "stunts," together with male quartet singing. Dinner will be served promptly at 7 o'clock. The dinner will be prepared by members of the Twentieth Century club.

HOUSE AUTHORITIES PLEAD TIME ARMY OF 306,820 MEN

WASHINGTON, (AP)—An authorized press release today said that 306,820 men and 17,620 officers, was approved today by the house, which by a vote of 79 to 25 refused to amend the army re-organization so as to fix the maximum strength at 75,000 men and 19,250 officers.

ALLEGES MALICIOUS PROSECUTION - DEMANDS \$126,050 CASH BALM

Ross L. Douglas Brings Action in District Court Against Capital Electric Company and Principal Officers Basing Claim on Arrest and Prosecutions in Probate Court

Naming as defendants, H. D. Kinney, H. D. Randall, R. S. Folland, the Citizen's Electric Supply company and the Capital Electric company, and the General Electric company, Ross L. Douglas has instituted suit in the district court alleging malicious prosecution. He asks judgment for \$126,050.

The suit was filed this morning by Homer C. Mills, counsel for the plaintiff. Defendant Kinney is auditor for the Capital Electric company, H. D. Randall, its president and R. S. Folland its secretary. These defendants are all of Salt Lake. The Citizens Electric Supply company is a local branch of the Capital Electric company which, in turn, is said to be a district branch of the General Electric company.

Today's action grows out of suits filed in the probate court recently by the county prosecuting officer, Frank L. Stephan, at the instance of Defendant Kinney. These actions, at one time filed as separate charges, and later in the lump, was recently dismissed in the probate court, Judge O. P. Duvall declining to continue trial on the ground that the evidence introduced was insufficient. In the last action there were five counts, each charging embezzlement of company funds and appropriating such funds to personal use while Douglas was employed as manager of the Citizen's Electric Supply company. Trial of the last action before dismissal, consumed nearly a week's time.

In the action instituted today the plaintiff charges that through the prosecutions in the probate court, and the notoriety attaching to the suits, he has been severely damaged in reputation and caused personal mortification. He alleges that he has been seriously inconvenienced in carrying on his business, which has been injured; has been deprived of liberty through arrest, loss of society of friends, has suffered injury to his good name and reputation; his pride wounded personally mortified, and has been caused mental suffering, smart and injury through malicious acts and oppression.

The sum total of the amount sought in judgment comprises exemplary and punitive damages, costs and disbursements of this and the actions dismissed in the district court. Douglas some time ago instituted suit against H. D. Kinney alleging slander.

KEEP IN CUSTODY
AT A local hotel yesterday evening R. L. Reed was arrested by officers of the sheriff's department and is being held for an inquiry as to his mental condition. The man is alleged to be deranged and suffering from fanciful flights which lead him to believe he has untold wealth. He is said to have attempted to promote large commercial and industrial enterprises for this district. Relatives are being sought.

Wright's A GOOD PLACE TO TRADE

WHEN one buys Ready-to-Wear at the beginning of the season it must be with a feeling that the styles are authentic and the values consistent with the price asked. We feel sure that you will appreciate the values and price range of our NEW SPRING CLOTHES.

Suits

Why the Eton and Ripple Suits predominate is easily answered when one gets a glimpse of the new spring models. They are youthful in line and spring-like in fabric. We are showing some very attractive models in serges, tricotines and mixtures. You will be agreeably surprised to see the values we are offering for

\$42.50, \$57.50 and \$65.00

Blouses

This morning we unpacked over one hundred attractive blouses in an astonishing selection of colors, fabrics and prices. Among them were:
