## ALLEGED DRAFT EVADERS HELD AT HERMOSILLO

Mexican Authorities Take Two Americans Accused of Transporting Ammunition to Outlaw Band in Chihuahua

## CLAIM ASSISTANCE TO REVOLT LEADERS GIVEN

Announcement of Apprehension of Men Charged with Aiding Revolutionists Made by Carranza Secret Service

## AGUA PRIETA, Sonora, Mexico, (AP)—

Edward Filmore and Herman Sildway, giving their address as New York city, are being held by the Mexican authorities at Hermosillo. Carranza's secret service made this morning by Roberto Carrillo, chief of the northern zone of the Carranza secret service. According to Carrillo, the men were apprehended by the military last week in southern Sonora near the Chihuahua state line with two automobile loads of ammunition which they confessed had been turned over to them on the west coast for delivery at a certain designated spot on the state line, there to be turned over to agents of an outlaw gang, said to be prime movers in the new revolt announced for May by the army of the reorganized government of Mexican Freeman. Carrillo said Filmore and Sildway were alleged draft evaders from the United States.

## MEXICO REFUSES AMERICAN REQUEST TO USE AIRPLANES

WASHINGTON, (AP)—A second request by the state department that American oil companies in the Tampico district be permitted to use airplanes between Tampico and their plants to transport money for their payrolls has been refused by the Mexican government. The Mexican foreign office in its second refusal, it was learned today, states that the Mexican government is studying a plan to extend its service with government owned and operated plants. The American companies' request resulted from frequent attacks made on the men carrying the payrolls.

## ILLNESS HALTS NEWBERRY TRIAL

Campaign Manager Makes Vain Attempt to Resume Testimony; Court Adjourns

GRAND RAPIDS, Mich., (AP)—Paul King, Newberry campaign manager, made a vain attempt to resume testimony in the Newberry election conspiracy trial today. Suffering from effects of a nervous collapse, incurred last Tuesday, King was confined for five minutes after the start of the proceedings of the 1918 senatorial campaign. Court was suspended while two physicians and Mrs. King attended him. Then the doctors ordered him back to bed. Conference Precedes Adjournment. After 45 minutes' conference between attorneys in the judge's chambers, the court was adjourned until 10 o'clock tomorrow. Whether King will again attempt to testify or the government waive his cross examination and proceed in rebuttal, was not determined. The first trial of King was held a week ago today. He was under direct examination for portions of four court days, then collapsed during a noon recess. He had been confined in his room last Thursday and left his bed yesterday for the first time. Supported by Counsel. King walked slowly to the witness stand, grasping at tables and supported by James O. Martin, chief counsel for the defense. He was pale and breathing with difficulty. After five minutes of attempting to testify, King was leaning on the table in a state of obvious exhaustion. E. C. Dalley, assistant attorney general, stepped to the bench, conferred with Judge Sessions and then with Martin W. Little, and the judge ordered a recess.

## SECOND MURDER CHARGE FILED AGAINST I. W. W.

Two Defendants in W. O. Grimm Case are Accused of Slaying Another Armistice Day Victim

## MONTESANO, Wash., (AP)—

No morning session of court was held today in the trial of two alleged I. W. W. charged with murder of Warren O. Grimm, Centralia armistice day parade victim. Judge John M. Wilson had not completed his charge to the jury. It was said Judge Wilson probably would read his charge this afternoon. A new information charging that the two defendants in the Warren O. Grimm case with the murder of Arthur McElreath, another victim of the armistice day parade shooting, was filed in the superior court at Chehalis today.

## WAR-TIME EDUCATION OF NAVY DEPARTMENT SLOW AND EXPENSIVE

Admiral Sims Continues Testimony Before Senate, Investigating Committee Pointing Out Responsibility for Failure to Act on Recommendations as to Operations Abroad During the Early Months of Conflict

## DELAY IN CONVOY SYSTEM ADOPTION CALLED MOST COSTLY INEFFICIENCY

WASHINGTON, (AP)—A misconception of the problem of defending the American coast from submarine raids was partially responsible for the failure of the navy department to set on operation recommendations as to operations abroad during the early months of the war, the senate investigating committee was told today by Rear Admiral Sims.

## GERMANS ARGUE CRIME EXPIATED WITH WAR'S END

Demand Cessation of Arrests of Alleged Offenders in Territory Occupied by the Allied Forces

BERLIN, (AP)—The German charge d'affaires in London has handed Premier Lloyd George a note regarding the contents extradition list, it was announced today. The note demands that the arrest of Germans in occupied territories on charges similar to those enumerated in the extradition list, shall cease and that those arrested shall be delivered to German courts. The release of Germans who have been detained in war prison camps is also asked for. The note finally demands that the allied governments make reservations regarding their right to try for crimes committed during the war any Germans not mentioned in the list if encountered on allied territory, saying that incidents arising out of the war should be consigned to oblivion with the advent of peace. Otherwise, the note says, restoration of normal relations between the different nationalities is hardly conceivable and that the German government on its part will be obliged to take measures with a view to the expiation of punishable offenses committed during the war by Germans against allied subjects.

## NEW TREATY FOR HUNGARY

Peace Conference Retains Territorial Terms but Grants Economic Claims

LONDON, (AP)—A new Hungarian peace treaty has been definitely agreed upon by the peace conference and placed in the hands of a drafting committee which has gone to Paris. It is expected the treaty will be completed within a week. The territorial terms against which Hungary protested so vigorously remain unchanged, but various economic concessions have been granted.

## World News Events

BUENOS AIRES, (AP)—Captain Parodi, an Argentine flyer, has crossed the Andes twice without landing. He plotted his plane from Mendoza, Argentina, to a point over Santiago, Chile, and returned to Mendoza without having touched ground during the entire trip.

LONDON, (AP)—Prince Faisal, son of the king of the Hedjaz, has been proclaimed king of Syria, according to advices received in Cairo from Beirut, says a dispatch to the London Times from the Egyptian capital.

WASHINGTON, (AP)—The bodies of about 50,000 of the American dead in France will be returned to the United States while between 20,000 and 25,000 will remain permanently interred overseas, Secretary Baker today informed Chairman Wadsworth, of senate military committee.

TUNIS, Northern Africa, (AP)—Some three hundred Moslem university students yesterday demonstrated before the French embassy to protest against the occupation of Constantinople by the British, according to a dispatch to the London Times. The French resident assured the deputations that the allies were simply taking measures against a recurrence of the recent massacres and that if France were called upon to interfere it would be a guarantee for the Moslem faith.

## SHERIFF TO USE AIRPLANE

Takes to Air when Roads' Condition Makes Travel Difficult

## HOONINGTON, Ill., (AP)—

Deputy Sheriff Lyle D. Balbach of McLean county, will use his airplane in summoning prospective jurors for the trial of Edgar Strauss, charged with the murder of Berne M. Meade. A venire including men from remote parts of the county has been ordered and roads are in such condition as to make travel difficult, hence Sheriff Spaford appoint Balbach, army aviator, deputy, in order to summon the men.

## IDAHO WEATHER

Tonight and Saturday probably rain north, fair south.

## WILSON TO TRY HARMONIZATION OF COAL REPORT

Effort to Compose Differences Between Majority and Minority in Commission to Be Made by Executive

## MINE WORKERS PRESIDENT ENTERS INTO CONFERENCE

Failure to Recommend Improved Working Conditions is Held Principal Disappointment to Miners

WASHINGTON, (AP)—An effort to compose the difference between the majority and minority of the bituminous coal strike commission will be made by President Wilson, it was said today at the White House. Officials said that neither the majority nor minority report would be made public at this time, but that the bringing of the members of the commission to an agreement on their principal differences—the amount of wage advance and the hours of work.

## LEWIS AT CAPITAL

John L. Lewis, president of the United Mine Workers of America, who hurried here last night from New York, where he has been attending the anthracite wage conference, conferred today with Mr. White and William Green, secretary of the miners' union, familiarly known as the "Reds".

## DEMANDS 24 HOUR DAY

Officials said today that John P. White, miners' representative, had held out for a 24-hour day throughout the negotiations between the commissioners in an effort to reach a unanimous agreement. The miners originally demanded a six-hour day and five days a week.

## FEDERAL BOARD ASKS FOR PROBE

Asks Investigation of "Hard-Boiled" Order in Dealing with Soldiers

WASHINGTON, (AP)—The federal board for vocational education has asked for an investigation of charges that it had instructed its agents to be "hard boiled" in dealing with soldiers seeking educational rehabilitation.

Chairman Fees, of the house education committee, announced today that the inquiry would be started tomorrow night.

Changes that the board has neglected disabled soldiers and had delayed their re-education as much as a year were made in a memorandum presented to the committee by Harold Littlefield, a New York reporter who will be one of the witnesses at the inquiry.

Mr. Littlefield charged that while the board had 200,000 cases registered with it last January 17, 19 months after its creation, it had placed in training only 24,000 men and had trained only 1,000. He said the men became so tired of waiting that 30 per cent of all passed for training did not take advantage of it. Ten per cent of those who take the training he said, dropped out "because the training is often a pretense."

Referring to the "hard boiled" order, the memorandum said that it appeared in regular writing in the central office of the board.

## HOUNDS PURSUE FUGITIVES

Search is Instituted for Convicts Escaping from North Dakota Prison

THORNTON, (AP)—Hundred hounds today are searching for convicts who escaped last night from the state penitentiary here, by tunneling through a wall of the prison building.

The men are Arthur Buck, sentenced for life on a charge of murder, who has served two years; Ray Burke, sentenced for life on a charge of grand larceny. He had served nine months. John Stupard, sentenced to five years on a charge of grand larceny, had served two years; Charles Breyer, sentenced to three years for grand larceny, had served nine months.

## ANTHRACITE MINERS RESUME NEW WAGE NEGOTIATIONS

NEW YORK, (AP)—The sub-committee of miners and operators appointed to negotiate the new wage agreement for the anthracite miners, resumed their deliberations in executive session here today. Hope that the award of President Wilson's bituminous coal commission would be available as a basis of settlement in the hard coal field was virtually abandoned, as John P. White, miners' representative, refused to sign the report.

## LODGE OFFERS SUBSTITUTE ARTICLE TEN RESERVATION

Party Leaders Account for 60 Votes, Equally Divided, for Ratification on Compromise Basis

## IRRECONCILABLE FACTION INDICATES DISSATISFACTION WITH NEW PROFFER

WASHINGTON, (AP)—A substitute for the republican article ten reservation to the peace treaty was introduced in the senate today by the republican leader, Senator Lodge, of Massachusetts. In general it follows the form of the draft agreed on several days ago in bi-partisan compromise negotiations.

When the reservation was offered, it was declared among the republicans that the negotiations had lined up almost enough votes to ratify the treaty on the compromise basis. Final agreement had not yet been reached. The republican leaders planned to obtain a vote late today.

As presented the reservation reads as follows: "The United States assumes no obligation to preserve the territorial integrity or political independence of any other country or the employment of its military or naval forces, or resources, or any form of economic discrimination, or to interfere in controversies between nations, whether members of the league or not, under the provisions of article ten, to employ the military or naval forces of the United States under any article of the treaty for any purpose unless in any particular case the congress, which under the constitution has the sole power to declare war or authorize the employment of the military or naval forces of the United States, shall by law exercise of full liberty of action, by act, or joint resolution so provide."

No Change in Meaning. In presenting the substitute, Senator Lodge said he did not see the interest of compromise, but because the new draft represented any substantial change in the meaning of the reservation.

"I do this," he said, "in full cognizance with that what I have stated on the floor of the senate several times. I do not feel that I should be justified in insisting on defeat of the treaty on mere technicalities of the phraseology of any reservation. If I thought the modification made any change in the substance of the reservation, I should not object to it, but I should vote against the treaty with it included."

## FRINGELIUSYEN BALKS

It was apparent that the republican leaders had failed to unite their colleagues behind the new reservation. Senator Fringeliusy, of New Jersey, who voted for ratification last November, told the senate the modification had a weakening effect and that he would not support any reservation which did not make the original. He offered a substitute.

The irreconcilable opponents of ratification also indicated they would not vote to substitute the new draft for the old one, but leaders insisted they would hold close to 30 votes. Compromise advocates among the demonstrators predicted that about the same number on their side would vote for the substitute. It takes 67 to ratify, however.

## RUSSIANS CUT WAY OUT OF BOLSHEWIK SIBERIA

LONDON, (AP)—Thirty thousand non-bolshevik Russians, after cutting their way through the bolshevik forces in Siberia, are marching 2,000 miles, have arrived at Verkh-Ufa, according to a telegram received by John Ward, member of the house of commons, from General Horvath, at Harbin.

The marchers are officers and peasants who formed a division under General Vritchevsky, and it had been feared that they were destroyed or absorbed by the bolsheviks after the defeat of Admiral Kolchak, former chief of the all-Russian government.

General Horvath appeals to Mr. Ward to persuade England to send food among the labor leaders who last September seemed tending toward acceptance in the movement of the council.

## TRADE UNION CONGRESS REJECTS STRIKE POLICY

Votes for Continued Efforts by Constitutional Means to Effect Nationalization of Mines

LONDON, (AP)—The special trade union congress in session here yesterday overwhelmingly voted against a strike policy and in favor of continued efforts, by constitutional means, to effect the nationalization of mines. The defeat of the direct action proposal will be regarded as having three important effects; first, it precludes the possibility of a general strike which has been since standing as a threat since the Glasgow congress last September pledged itself "to compel the government to nationalize the mines"; second, it shows the British labor movement is ready to extract its energy for achieving its aspirations to the outcome of a general election; and, third, it marks the breaking point in the influence of the extreme elements among the labor leaders who last September seemed tending toward acceptance in the movement of the council.

## CLAIMS PROOF OF PLOT TO DESTROY U. S. GOVERNMENT

TOMBSTONE, Ariz., (AP)—Documentary proof that there was in July, 1917, a concerted attack by certain elements throughout the country to destroy the government of the United States, and that this movement included the Warren Mining district of Arizona, is in possession of counsel for Harry E. Wootton, on trial charged with kidnaping in connection with the Elmer Gribble department, according to a statement made in open court by W. H. Burges, chief of counsel for the defense today. Mr. Burges asserted that Captain Harry C. Wheeler at the time of the deportations sheriff of Cochise county, who has assumed full responsibility for them, had reason to believe that the deportations were necessary to protect the lives and property of the people of Elmer and that persons acting under his orders were never less open to blame.

## MEREDITH COMES TO DEFENSE OF U. S. OFFICIALS

Secretary of Agriculture Declares Talk About Waste and Graft in Washington is Poor Advertising; Gives Ambitions

NEW YORK, (AP)—In terms of the advertising manager, Secretary of Agriculture Meredith told the members of the Merchants association of New York today of his ambition to increase the output of the department's chief product, service. It was the first address made by Mr. Meredith since his appointment and summarized the work of his department, at the same time urging increased appropriations for carrying on the work. Agents of People. "Are you going to keep this wonderful product—service—from the people? Are you going to let every man who is manufacturing it? He asked his audience, whom he characterized as the owner of a business concern upon which he was bringing a product you are manufacturing?" he continued, "because we are only your agents. Are you manufacturing this product, and the product is service. I would like to double the number of customers. I want to increase the sales of this organization. In other words, I want to bring to every man and woman in America this wonderful service."

He displayed a tendency to discuss "waste," "graft" and "soft snaps" and said that "it is not wholly the problem of the government of agriculture," he continued, "because we are only your agents. Are you manufacturing this product, and the product is service. I would like to double the number of customers. I want to increase the sales of this organization. In other words, I want to bring to every man and woman in America this wonderful service."

# IDAHO ELECTORS TAKING NOTE OF PASSING EVENTS

### Surface Interest in Politics Thus Far Seems Confined to Officials, and Those who Expect Immediate Benefits

## LITTLE CONTEST LOOMS IN DELEGATE SELECTION

### Development of Greater Speed in Campaign for General Wood Seems Only Possibility for Convention Fight

**BOISE (Special to The News)**—After all it is not until the 11th August when primaries and conventions are held, and this must account for the fact that interest in politics is thus far confined to a few who are in office, who hope to be in office, or who hope to be associated in a profitable way with those in office. The rank and file are interested, no doubt, but they are not excited. They seem to be taking note of passing events and at the same time keeping themselves free from all entangling alliances.

**Water Awaits Developments**  
Mention has been made of the movement afoot to secure republican delegates instructed for Leonard Wood for president. This movement is sluggish as viewed from the state capital, but it would be unfair to General Wood to attribute this to lack of interest in his candidacy. It is rather a slow determination on the part of the voters to hold back for a time and wait developments. Many of them may be admirers of the general and later may become his ardent supporters, but they consider the interests of the country and the party more important than the interests of any individual, therefore they are in no hurry to commit themselves.

As one of them expressed it, "much water will go under the bridge before the next president is nominated."

**Convention May Wait, Too**  
This is pretty certain to be the prevailing sentiment at the republican convention held in Coeur d'Alene in April to select national delegates. Judging from indications now the sentiment in the Coeur d'Alene convention will be to wait till the situation is sized up in Chicago in June. But while all this is true there is, at the same time, much "quiet" milling around among the party workers looking to the selection of delegates to the state convention. This is true in the county in which the state capital sitsuate, and also in other counties from other points indicate greater activity in some of the other counties. It was left optional with the counties whether their delegates to the state convention would be named by the county committee or elected at primaries called for that purpose. No doubt some counties will pursue one course and some another.

Unless the Leonard Wood movement takes on greater speed than it has shown thus far there will be little contest in the selection of republican delegates.

**Bourbons for Hoover**  
As to the Democrats an abnormal condition prevails. The surface sentiment is all for Herbert C. Hoover for president. Nobody seems able to account for this, but it seems to be in the air. Men returning from the east report similar conditions there. Robert H. Elder, democratic national committeeman, is reported to have told those at the state committee in Moscow last week that there was nothing to it but Hoover. This is significant from the fact that Elder had just spent several weeks in Washington, D. C., and had much to do with democratic party leaders at the capital. Elder said that he was opposed to Hoover, but he could not see how he could help the Hoover sentiment seem to have taken complete possession of the party.

**Pick Democratic Delegates**  
Democrats within hailing distance of the state capital take it for granted that Senator Nugent, 23, will be elected. James H. Hawley, Robert H. Elder and Jerome J. Day will be five of the eight delegates to the national convention at San Francisco. Women will be allowed to name one or two delegates if they desire this recognition. It seems likely, too, to be justified by remarks dropped here and there that the democrats intend electing eight delegates and eight alternates to the San Francisco convention, will select 16 delegates and give each a half vote.

**Burley Men Breaks Ice**  
Arthur C. Dunn, of Burley, deputy county auditor for Cassia county, breaks the ice by announcing himself a candidate for the republican nomination for state auditor. This is the first announcement for state office, barring the announcement of Governor Davis of course.

Egelson, the state treasurer, who has been out of harmony with the administration from the first.

**All in One Boat**  
It is set out with more or less force that if the governor is to be nominated by a second nomination the other state officials who have been essential parts of his administration, who have shared his responsibilities, are entitled to the same vindication; that it would be unjust and bad politics to say, "well done, good and faithful servant" to Governor Davis and to say "depart from me, ye accused" to

his official and political advisers and coadjutors.

A still more important fact is that some of these other state officials are looked upon as essential cogs in the so-called Davis machine.

### GOVERNORS TO DISCUSS COMMUNITY ORGANIZATION

WASHINGTON, (AP)—Governors of 20 states have appointed delegates to the national conference on community

organization called by Franklin D. Lane, former secretary of the interior, to meet here March 20, according to word received today at conference headquarters here. Mr. Lane asked more than 800 organizations to participate in the meetings to discuss the relation of labor to the community, the possibilities in neighborhood units of combating the cost of living; a program of Americanization, and neighborhood forums for the discussion of public questions on a non-partisan basis.

### LA FOLLETTE DELEGATES GIVE PLATFORM PLANKS

MADISON, Wis. (AP)—Freedom of speech and press, the defeat of the treaty of peace and of the league of nations; the repeal of the espionage law, are some of the provisions in the platform of the "Lafollette progressive republican" delegates' candidates to the national convention in August, today. There are two sets of Wisconsin re-

publican delegate candidates for the national convention in the primaries here April 3. One delegate is "Franklin D. Roosevelt" and the other is "Lafollette progressive republican."

The platform is opposed to "imperial military service in time of peace," is for the "abolition of injunctions in labor disputes," demands economy in government and condemns recent extravagances, favors soldier-bonus payments by the federal government and is for the "Great Lakes" deep water plan.

# OPENING OF OUR GROCERY DEPARTMENT SATURDAY MORNING AT 8 O'CLOCK WE CONTINUE TO GROW--ANOTHER STEP IN OUR PROGRESS

Since the opening of the United Stores, our paramount effort has been to establish a real SERVICE for our patronage. From our opening day we have endeavored to make every transaction one of profit and pleasure to our customers--a small success. IT IS THE COMBINATION OF ALL THE LITTLE SUCCESSES THAT HAS CULMINATED IN OUR BIG SUCCESS. It is our first aim that every customer be a satisfied customer, that every purchase made be an actual saving and benefit to you. Your Interest Is Our Interest. We are Your Servants, and now to better serve you

### The United Stores Adds Another Service to Their Already Efficient and Well Equipped Store

# GROCERIES

In this new department you will find the word "SERVICE" our motto. You will find us attacking this new field with that same spirit of Progressiveness, Fair Treatment, Courtesy that characterizes our entire store. Those same Four Square Money Saving Methods that merit your support.

We are pleased to announce that Mr. A. B. Wood, a man of broad experience and who is well known on this Tract, will have charge of this department. For some months past, since the contemplation of this addition, Mr. Wood has been scouring the markets for the right merchandise at the right prices. His efforts have resulted in one of the most representative stocks of Standard, High Class Groceries in the State. He will be pleased to meet all his old friends and to make the acquaintance of all newcomers.

# LABOR SUBMITS NOMINATIONS TO RAILROAD BOARD

### Agreement to Present List Without Recommendations Brings Quiet in Troubled Situation Among Union Groups

WASHINGTON, (AP)—Labor's nomination to the railroad labor board, the public will have representation, were submitted yesterday to the president. There were ten names from which the president will select three to be sent to the senate for confirmation, along with three from the railroad executives and three representing the public. The railroad executives have not yet completed their list, but the president selected the public group.

Name Wharton and Jewell The shop craft, one of the three groups into which the sixteen labor unions were divided, named only two men. None of the names were made public, but it was reported that the shop crafts chose A. O. Wharton, president of the railway employees department of the American Federation of Labor, and E. M. Jewell, who during the strike was named as a member of the railroad administration's wage adjustment board, acted as president of affiliated unions.

Agreement Restores Quiet The union groups, with the exception of the shop crafts, were reported to have been in agreement in the selection of their representatives. Each individual union fought vigorously to have its own choice included in the nomination list, but finally it was agreed that the names would be submitted to the White House without any indications from the unions as to their first and alternate selections.

# OPEN READING ROOM TO CHILDREN OF BELGIUM

### Gift of Young Americans is the First of Series Planned for Europe

NEW YORK, (AP)—The gift of the children of America to the children of Belgium, the first in a series of reading rooms in Europe, will be opened in Brussels about the first of May, it has been announced here by the book committee of the American Red Cross. The committee conducted the campaign for funds with which to establish the reading room, which is the first of a series to be opened in France and Belgium. These books and libraries were the first shipment of books has already arrived in Brussels. E. Jacques, Belgian minister of education, wrote: "Belgian children have long yearningly to read at all, except such books as might exist in their homes. There is neither free nor paying libraries for them. Not only children, but teachers, parents and public officials will catch that new world spirit, that free, broad, democratic sense, that respect for the child as a future citizen which every one coming to America cannot fail to admire."

# UNITED STORES ADDS GROCERY DEPARTMENT

### With Standard Brands of Best Goods New Section is Opened to the Public

In the basement of the Main avenue building, occupied by the United Stores a grocery department has been established and is open to inspection and patronage. The new department adds another department to the store, it being stocked with the best quality and best brands of goods. Equipment is the best in all respects. It is the intention of the store management to operate the grocery section on a strictly cash basis, a plan followed in all other departments of the establishment. A. B. Wood, formerly of Elmer, in charge as manager. He is a brother of L. Wood, who has been connected with the store some time.

# COMMITTEE OF 48 TO BE NUCLEUS FOR NEW PARTY

### Prospective Organization Makes Bid for "Liberals" and Various Farm Societies

ST. LOUIS, Mo., The Committee of Forty-Eight will be the nucleus of a new political party which will have its first meeting in the forthcoming national election, it was announced yesterday. "Liberals" organizations, such as the American labor party and various farm societies will compose the "forty-eighters." According to Paul Harris Drake, of Boston, director of the organization. Candidates for president and vice-president will be selected at a national convention probably to be held here next June. The Committee of Forty-Eight is a national organization of "constructive liberals" formed a year ago in New York.

# NAMPA CITIZENS ARE UP AGAINST TROUBLE WITH ORGANIZED LABOR

### Contractors' Association Asks Chamber of Commerce to Take Action Looking to Alleviating of Conditions in Building Trades—Building Program of City Threatened

(Nampa, Leader-Herald) To request that a general meeting of the Chamber of Commerce and a statement be made to consider the whole question of labor conditions in Nampa, a representative of the contractors' association of Nampa will appear before the directors of the chamber of commerce at their meeting today. This action comes as an indirect result of the walkout of last week, which thirty union laborers employed by John D. Wells were ordered out of jobs by the local labor council. Following a dispute between the contractor and some of his plasterers. Contractors say, however, that this incident was only a spitting match. Wells is present case of action, since conditions have been growing bad for some time, and they have felt that it would be necessary to bring about some sort of a readjustment. The general meeting, which will probably be called some time this week, is to hear from all the employers in the city and get their views as to how labor conditions may be kept at the level to work for the best interests of all concerned. It is likely that a general employers' association will be formed at this time.

Won't Concede Demands Mr. Wells remains firm in his stand according to the demands of the labor council. While his operation have been crippled by the strike, he kept the work going forward to some extent, he says, and expects to have a full force at work within a week or ten days. An advertising campaign covering a 1000 mile radius from Nampa has been launched to secure workmen. A majority of the leading contractors are standing by Mr. Wells in his refusal to meet what they believe an unjust demand on the part of the labor council.

"It isn't a case where only Mr. Wells and the unions are concerned," said one of them yesterday. "The entire city has an interest in this case. Conditions here have reached a point where there must be an immediate and satisfactory settlement between laborers and employers, or the future of the city will be endangered. "I know of upwards of \$200,000 worth of construction that is being held up pending a settlement of present conditions."

Up to Every Citizen "This is an important question that deserves the best thought of every citizen who has the welfare of the city at heart, but we must not be blind to what is going on about us. Three of the largest cities in the state have been up against the same condition and have found it necessary to declare for the American Plan in industry, which guarantees to every man the right to work, so long as he delivers the goods regardless of whether he is a member of a union or not.

"During the past few weeks the mammoth plants of a leading graphophone company have been removed from Bridgeport, Conn., because of labor conditions. Directors of the Goodyear Rubber company decided to locate a factory employing thousands of men at Los Angeles because that city has declared for the American Plan."

# Baker Makes Mistake in Income Tax Report

### WASHINGTON, (AP)—Secretary Baker has over paid his income tax. He was notified today by the internal revenue bureau that he had overpaid a refund of \$480 for last year as the result of an error in figuring his surtax. Mr. Baker, himself a lawyer, had a lawyer assist him in making out his return. He said he was unable to discover where he had made the error.

A "sneaky-looking" man may be an excellent man of fine standing among those who really know him—but the Appearance count for much—in dress and in PRINTING. A poor piece of printing has minus-value all its own. It knocks, silently, condemn.

# "I'll Tell the World" says the Good Judge

The man who doesn't chew this class of tobacco is not getting real satisfaction out of his chewing. A small chew. It holds its rich taste. You don't have to take so many fresh chews. Any man who uses the Real Tobacco Chew will tell you that.

Put Up In Two Styles  
RIGHT CUT is a short-cut tobacco  
W-B CUT is a long fine-cut tobacco

# High School News

The high school band, under the direction of J. T. Baldrige, provided a musical program for the student body assembly Wednesday morning. The band's "Field" was given by Mr. Goodrich, and Opal Butler gave a humorous selection in addition to the musical numbers.

The girls' variety basketball team will engage the Wendell girls' quintet on the high school floor this afternoon at 3 p. m. Both fives are in good playing condition and a rathor fast game is expected.

An interesting discussion on prohibition took place in the fourth period civics class Wednesday in the form of a mock debate. In order to demonstrate a rule of parliamentary law a "speaker" was appointed to take charge of the discussion. The final vote was 17 to 3 in favor of amending the present law to allow intoxicating liquor of less than 25 per cent alcohol to be sold. Gwen Watson led the opposition to the present law while John Smith unsuccessfully defeated the eighteenth amendment.

A mock election was held by the senior class yesterday, the results of which are published in The Coyote when it appears. Votes were cast for the most popular seniors, best students, best-looking seniors and several others. The student council is to undertake the prevention of stealing in the school which has been causing annoyance and inconvenience to students of late. At the last meeting the matter was discussed and at the next meeting definite steps will be taken to curb theft. It was also decided to allow the student body to decide grade qualifications for council members. The present average is 83 per cent average, and it is suggested to lower this average to 81 or 80.

Everything is in readiness for the Twin Falls-Boise interscholastic wrestling and boxing meet tonight in the school gymnasium. Six Boise wrestlers have been trained by Nick Collins, Boise promoter, will compete with an equal number of local athletes according to classes, ranging in weight from 105 to 150 pounds a man. Cliff Lewis, professional, will also wrestle with an opponent whose name has not yet been announced. One boxing match will be staged, in which Patz and George, both of Twin Falls, will compete.

D. L. Bobey has his men in fine shape for the several duels tonight. The athletes look well in their new fall length tights and short knicker suits work hard to keep in the running. In the matter of training Boise is in the lead, having prepared for such meets for two years or more, while the locals have been at work only two months. However, the men on the program tonight representing Twin Falls have both build and science in their favor. Hoy, in particular, has received skill at the hands of Cliff Lewis and Doc, Irwin and Nicholson will prove hard men for the visitors to throw.

# Modistes to Decide Against Style Change

CHICAGO, (AP)—Modistes, who will hold a five-day semi-annual convention here beginning March 15 in connection with the fashion show of the Fashion Art League of America, will advocate there be no change in design, according to an announcement today by Madame Ripley, president of the league. "Price of materials and workmanship combine to make a radical change in style impossible," she said.

The advertisers in today's paper of for you definite and valuable information about commodities and prices. Such information has a cash value to you.

# IMPORTANT IS RULING BY HEAD OF TREASURY

### Comptroller Decided Overseas Men are Eligible for Pay from Last July 11

Under date of Jan. 31, 1920, the comptroller of the treasury rendered a decision in which he held that soldiers of foreign service where twenty per cent of increase is payable, are entitled to such increase from and after July 11, 1919, on their entire base pay instead of their old base pay as authorized during the war, under section

10 of the act of congress approved May 17, 1919. As it is estimated that there will be between 250,000 and 300,000 soldiers who will submit claims under this decision a new branch of the claims division was formed February 16, 1920, and designated Foreign Service branch, actual work commencing February 21, 1920. Total number of applications for blanks received to date, 1,122; total number of claims received to date, 195; total number of claims, settled February 21 to 27, 195. Men who were discharged from service since July 11, 1919, should apply for back pay due. All information as to amount and method can be obtained at the United States army recruiting office.

# Under Like Conditions Miller Tires Wear the Same

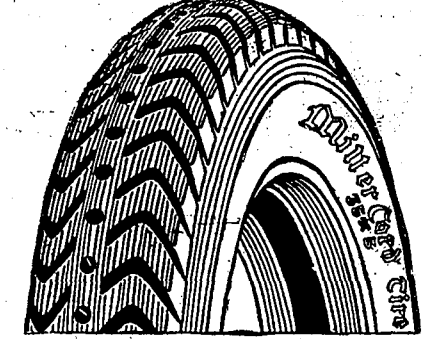

When your car is equipped with Millers you are sure of uniform long distance mileage. No guess work about buying a tire that is rated as one of the best on the market, by dealers and car owners everywhere.

# ASK OUR CUSTOMERS

Before you buy, ask any Miller user. If you will drive or call up, we will give you their names. Let them tell you the performance of these uniform mileage tires on their cars. Once you get the facts you will see why experienced motor car owners everywhere insist on Millers. So come in or call us today.

DOG SLAUGHTERED FOLLOWING ATTACK

Farm Pet Shows Effects of Biting by Coyote - Sinks Fangs into Children

Bitten by a coyote a month ago a dog owned by Jake Meyer, living just outside Rupert, yesterday displayed first symptoms of rabies. The dog bit two children of the George E. Grever household. The bites were not severe. Today the animal bit two of the owner's children, quite severely. The dog was shot immediately. This information was received by telephone from Hamilton today. The statements being added that the brain of the dead dog would be sent to the state bacteriologist for examination and determination as to the extent of its affliction with rabies.

Local Brevities

In Hospital - William Riels of Buhl is taking treatment at the Boyd hospital. Back From Coast - F. O. Boyd returned today from a brief visit with his wife and sons in Los Angeles. For An Operation - Mrs. Bessie Bass of Rupert is at the Boyd hospital where she will undergo an operation. Goes to Washington - K. W. Ochs who has been spending the winter in Twin Falls left yesterday for Spokane, Wash. Return to Buhl - Mr. and Mrs. John W. Graham and son arrived yesterday from Sidney, Neb., to again make their home in Twin Falls. Licensed to Wed - A marriage license was issued yesterday evening to Charles M. Hancock, aged 35, and Inez M. Gates, 18, both of Twin Falls. Permit to Build - Yesterday afternoon G. H. Diehl took out permit for the construction of a 16x24 foot frame building in South Park addition. The estimated cost is \$600. Seeks Divorce - Des Storey, of Buhl, has instituted proceedings in divorce from Maude Storey. The principal allegation is desertion. The suit was filed in Baker, Oregon, February, 1920. This action was filed by Attorney J. W. Taylor in the district court. Division of joint and separate property is sought with the divorce. Local Masons Visit Buhl - About 30 members of Twin Falls lodge No. 42, A. F. & A. M. attended a lodge session in Buhl yesterday afternoon and evening. Six candidates were raised to the final degree of Masonry, officers of Twin Falls lodge exemplifying one degree. Past Master Robert A. Parrett delivered the lecture with the degree. Dinner was served at 6 o'clock. Personals

Leslie Epler made a business trip to Rupert today. John Lutz of Buhl is a patient at the Boyd hospital. Mrs. T. E. Moore of Filer spent yesterday in Twin Falls. W. H. McGraw was a Buhl visitor in Twin Falls yesterday. Miss Mabel Gager of Filer shopped in Twin Falls yesterday. F. J. Jordan of Buhl is transacting business in Twin Falls. Mrs. W. H. Disney of Rupert spent yesterday in this city. H. M. Butler of Ogden is transacting business in Twin Falls. Mr. and Mrs. J. B. Hartman of Wendell are Twin Falls visitors. John W. Hardin of Kimberly was a Twin Falls visitor yesterday. W. A. Johnson of Burley is in Twin Falls attending to business interests. Judge C. O. Stockinger arrived yesterday from Shoshone on legal business. Judge Lawrence Hansen is a Twin Falls visitor from his home at Hansen. W. H. Craven of Halliester was among the business visitors in Twin Falls yesterday. Mrs. Anna LaRue of Rupert was among the out-of-town visitors registered in Twin Falls yesterday. H. G. Van Aersden left yesterday for Portland, Ore., where he will market several carloads of hops. Mr. and Mrs. Oris Cryder motored over from Curry yesterday. They were accompanied by Dr. Ernest Berry, who is a guest at the Cryder home. Export by Mills. The mills of the United States every year export more flour than all the rest of the world produce.

ATOMS IN FORM FOR GO TONIGHT IN TOLEDO RING

Jim Wilde and Mason, Britton and Yank, Will Swap Funches for No-Decision

TOLEDO, Ohio, (AP) - With both contestants down to the stipulated weight, 108 pounds, a 3 o'clock fight between Jim Wilde and Frank Britton, champion of Great Britain, and Mason of Fort Wayne, Ind., are ready for their 18-round no-decision bout at the Coliseum here tonight. Ad Thatcher, the promoter, sought to have the bout made a decision affair for the international title, but Dave Hughes, Wilde's manager, and Britton refused. The contracts were drawn up for a no-decision encounter. Ed Smith, a Chicago newspaper man, to be the third man in the ring. Both boxers have been training faithfully here for the bout and both are pronounced in first class condition. Last night Mason weighed 107 pounds and Wilde 106. Betting has been running along about even. Wilde will draw down \$10,000 for his end of the bout while Mason accepted \$5,000. Mason is thirty years old, Wilde's senior by two years. The height of each is the same, 5 feet, 2-1/2 inches. Wilde has hit over his opponent in each of the eight rounds, while that of Mason is 65-1/4 inches. One thing noticeable in the measurement comparison is that Wilde's chest expansion is only two inches while that of Mason measures 5-1/4 inches. More than 4,000 seats have been sold, according to promoter Thatcher and the demand still is on.

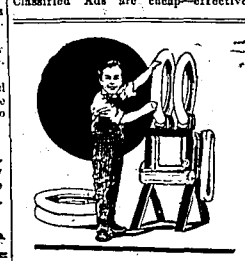

Theatre

LAVERING Ruth St. Denis presents a new form of art in her Ruth St. Denis Concert Dancers who are appearing here this week. Ruth St. Denis, the artist, is a many-sided person. She has a pictorial and a bizarre side and consequently works in a purely classic side to her art. This group represented their teaching on a more purely classic type of dance, which, though less familiar to Miss St. Denis's public, is nevertheless most dear to her heart. In her interpretation and interpretation of the east, its spirit and soul, Miss St. Denis has given us a part of her art in a very wonderful and remarkable manner, but only a part. This pure music visualization by her dancers shows us in her, new, and so certainly classic side, but also gives us an idea of the fundamental principles which have been the foundation for the remarkable career as a dancer which she has had. The St. Denis company will be at the Lavington Monday under the auspices of the B. P. O. E.

EDARO The inscrutable Oriental holds out a constant appeal to America. His character is forever a source of healthy interest, tantalizing the imagination and stimulating curiosity. The worst types of him also give us an idea of the fundamental principles which have been the foundation for the remarkable career as a dancer which she has had. The St. Denis company will be at the Lavington Monday under the auspices of the B. P. O. E.

Deaths The body of Roy, infant son of Mr. and Mrs. Roy Mathison, lying near the yellow men are brought into this afternoon by Undertaker J. E. DeWitt to American Falls for burial.

BANDITS TAKE FORTUNE IN RAID ON PHILADELPHIA HOUSE PHILADELPHIA, Pa., (AP) - House totalling \$410,000 of which \$118,000 are negotiable, were stolen early today by bandits in a raid on the Westinghouse building. The offices were visited. In one they blew open a safe and in the other the safe was forced open. The men escaped.

YES, SIR, WE VULCANIZED THEM Don't they look like new? They'll run like new, too, see if they don't. You can save a lot of money if you just let us vulcanize those old shoes of yours that you think are worn-out. We use the best vulcanizing process that ever does the work right. GEM STATE VULCANIZING CO -125 2nd Ave. W-

Lyre is Silent When Lustre of Sun is Dimmed

HOW shall we sing a tuneful song with the aureate sun lost back of banked clouds and the breeze blowing wherever it listeth?

How shall we, we ask! At that the breeze has about blown itself out and the temperature mounts steadily the scale toward the apex of the indicating cylinder, while on the immaculate facade of the barometrical gauge is a tracery in blue as of a range of rugged mountains; up and down, and down and up again. It registers nothing in particular, and hardly that. Whatever was the high and low of the mercurial perambulations yesterday we dinna ken, for when we essayed telephonic service with the high central sweetly quoth on the diaphragm of our shell-like ear: "Lise's out of order." But the mild prognosticator ticks in with his dainty foot: "Tonight and Saturday fair south; probably rain again." Ah yes!

Piano postlude, by Mrs. Stover. Evening Music. Orchestra prelude, "Herd Girl's Dream." Anthem, "More Than Conqueror," (Wilson). Offertory, orchestra, "Coronation Medley" Solo, by Fred Rudolph. Orchestra postlude, "Iron Trail."

Christian Church W. A. Moore, minister 9:45, Bible school 11:00 a. m., Aria, "If With All Your Heart," (Elijah) Mendelssohn, S. M. Powell; chorus, "God So Loved the World," (The Crucifixion) Steiner; duet, "So Thou Lifest Thy Divine Head," (The Crucifixion) Steiner, Messrs. Lloyd Patrick and S. M. Powell; sermon, "Is Twin Falls About to Have a Revival of Religion?" 5:30, Young peoples hour. 6:30, Young peoples' devotionals; hour. 7:30, solo, "Now the Day is Over," (O. Speaks), Mrs. J. E. White; quartet, "Thou Wilt Keep in Perfect Peace," (S. M. Powell), Mrs. W. A. Patrick, Miss Edith Greer, Lloyd Patrick, S. M. Powell, male chorus. "The Tranquil Night," (Franz Abt); Anthem, "I Will Love Thee, O Lord," (Harvey B. Gau); sermon, "Worthy Ambitions for Thirty-Year Olds," W. A. Moore.

Twin Falls Mission J. M. Cloa, pastor, 236 Third ave. east, Sunday school, 10:00 a. m. Preaching, 11:00 a. m. Song and evangelistic service, 7:00 p. m. Prayer meeting and Bible study Thursday, 7:30 p. m.

A Fair Price is known by the company it keeps

In making up your mind just which store is safest to rely on this Spring we'd like to have you go back into last year's memory and get the facts concerning us.

Remember those wonderful suit values you had to be thankful for last Thanksgiving and how again at Christmas time we gave you a merry run for your money instead of a merry chase?

FAIR PRICES are not a recent development here that we organized overnight to smooth over a guilty conscience. We have always been absolutely profiteer-proof, and it's going to take more than a world war to change our spots.

We are the same today as when we were sweet 16 and our values this Spring are as wholesome and clean as new mown hay.

PROBABLY NOT

There has been much of late ament the alleged tendency towards the "coloring" of news by certain interests.

Possibly there is ground for such charges; certainly there is plenty of evidence in support of such a suspicion. The Hearst news service, for instance, was denied the use of trans-Atlantic cables for a period of many months during the war by joint action of the government of the Allied Powers...

Thousands of men gain a livelihood by writing and the press agent variety of the species is seldom handicapped by facts. Whole columns of matter of every known character find their way into newspaper offices and from the various desks of these for the most part into the wastepaper baskets.

The average newspaper honestly endeavors to deal in facts for the very excellent reason that when it ceases to do this it is no longer a newspaper in the strict sense of the term.

The minor instances to which all the newspapers are subject are just as apt to be found upon one side as upon another of any particular question.

Now, is this fair enough? Answer, Probably not.

Capitalist Reflections. The pronoun "I" and the interjection "O" are better written without using capital. Let "I" be added and it signifies that the writer has no capital at all.—Boston Transcript.

Good Reasons for Optimism. The little word of ours is not growing worse to the men and women who are doing their best to make it better.

QUARTER OF CENTURY GUARDING PRESIDENTS

These two men for the last quarter of a century have guarded the office door of our presidents. On the left is C. L. Dalrymple and on the right Frank B. Kelly.

RUPERT

RUPERT—"C" street has been streyed through the J. E. Thompson place south of town, and will be opened in the near future. It connects with the first section line running east and west a half mile south of town.

Ben Brooks has purchased a five-acre tract of land of the Kelly farm adjoining town on the south, near the Pershing school house. He will build a barn and other small buildings at present and expects later to construct a residence.

The need of more residences in Rupert is great. S. H. Gulick, who is conductor of the Rupert-Reno cutoff, with headquarters at Minidoka, was in town Saturday looking for a house to rent but was unable to secure one.

Thomas Jolley, deputy for the state penitentiary of Boise, came to Rupert Friday night with two convicts from Blackfoot, and escorted John Saei, Earl K. Wiehe and Bert Cook of Rupert to prison.

James Brown and wife arrived the first of this week from Des Moines, Iowa. Last fall they purchased the old Walter Jensen place near Paul, where they will make their home.

Mr. and Mrs. Vernon Powell arrived the last of the week from Des Moines, Iowa and are visiting at present at the home of Mr. and Mrs. Carl Temple.

Old Greeks Had Small Heads. The ancient Greeks, one of the most intellectual of nations, were distinguished for their small heads.

Daily Thought. Let us consider the reason of the case; for nothing is law that is not reason.—Sir John Powell.

Comiskey's Veteran Twirler to Go South; Terms Not Adjusted

CHICAGO (AP)—The Chicago American league baseball team will leave tonight for Waco, Texas, for spring training. Manager William Gleason and members of the White Sox, including Eddie Cicotte, the veteran pitcher, who has been holding out for a better contract, will make up the party.

JACKSON HURTS HAND MILWAUKEE, Wis. (AP)—The boxing exhibition between Ritchie Mitchell and Willie Jackson scheduled for March 15 has been called off, the promoter announced tonight, because Jackson reported he had injured a hand. Seat sales for the match exceeded \$15,000, it was said.

ANOTHER WATER CHAMP BROOKLYN, Mass. (AP)—Ted Cann, of the Detroit Athletic club, won the national senior 100-yard swimming championship from a field of eight starters at the Brooklyn public baths last night. His time was 55.38 seconds.

WAUGH LOSES TO WALLACE SAN ANTONIO, Tex. (AP)—Otto Wallace, of Milwaukee easily outpointed Bobby Waugh, in a fast ten-round bout last night, according to newspaper writers. The men are lightweights.

TYTE HAS SHADE HOT SPRINGS, Ark. (AP)—Young Fitzsimmons of Oklahoma won a referee's decision over Jack Dillon of Indianapolis in ten rounds here last night. The men are middleweights.

LAWLER GETS DECISION ST. LOUIS, (AP)—Jack Lawler of Omaha was given the newspaper decision over Frankie Tucker of Tulsa in an eight-round bout here last night. The men fought at 128 pounds.

VARSITY BOXERS WIN STANFORD UNIVERSITY (AP)—University of California boxers won an inter-collegiate boxing contest from Stanford last night, taking six of the seven bouts staged.

Brief Bits of Sport

Romeo Hagom, formerly middle-weight champion of the Pacific coast, paid himself a neat compliment the other day.

A few night back Romeo fought Gordon McKay and lost a half-line decision to the Idahoan. Then Romeo roamed to Salt Lake and told the sport scribblers that Gordon is the best middleweight in the world, not even barring Champion Mike O'Dowd.

Effen yer don't foot yer own horn said horn ain't gold' ter git tooted.

The poor, underfed and poorly paid baseball player is much to be pitied. He toils and only spins proweas yarns.

If Joe Beckett should win another scrap he would be entitled to a fight for the boob championship of England with Bomb Wells as his worthy opponent.

In a public talk the other day Jawn D. Rockefeller is quoted as saying "money isn't everything."

But do you think John would be satisfied with the part he hasn't got?

Tonight's the night warm Jimmy Wildie will try out James Mason, or vice versa.

Anyhow, Jimmy will get a neat purse even though Frankie of Fort Wayne should hand him a beating.

Earl Cheoley, homerun king of the Pacific coast league and developer of a Des Moines farm, is coming into the Boys Springs camp for training.

That is as it should be and as was expected, but what the Des manager is worrying night over is the whereabouts of Captain Krug, who writeth not nor wirith.

We listed to a mawdowlark as he twanged him blooming lyro yestereon, but his notes were drowned in the strident discord of Winter's song: "Won't Go Home 'Till Morning."

Connie Mack is said to have checked out a player signed last fall because he found out the rook came from Ivory Toss, Mass.

So that's where all these diamond cavorite are made, eh!

Chuck Higgins, Indian light-heavy-weight brawler, has just returned from Australia where he won all the fights he got into, including some barroom scraps.

Chick is real ambitious, too, and hankers to take on Bat Lovinsky, Harry Greb, Tommy Gibbons, Bob Motus, Willie Meehan, Gunbert Smith and Bill Brennan.

Might have added Fred Fulton, Jack Dempsey and Georges Carpentier and been done with the list.

Nashua, N. H., has lifted the boxing lid after 25 years.

So has Twin Falls, maybe.

You can sell that lot or plot of ground—at a small advertising cost—through the classified.

MANY CASES OF RHEUMATISM NOW

Says We Must Keep Feet Dry, Avoid Exposure and Eat Less Meat

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water and above all take a spoonful of salts occasionally to keep down uric acid.

Rheumatism is caused by poisonous acid, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine.

At the first twinge of rheumatism get from an pharmacy about four ounces of Jad Salts, put a tablespoonful in a glass of water and drink before breakfast each morning for a week.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with bicarbonate and is used with excellent results by thousands of folks who are subject to rheumatism.

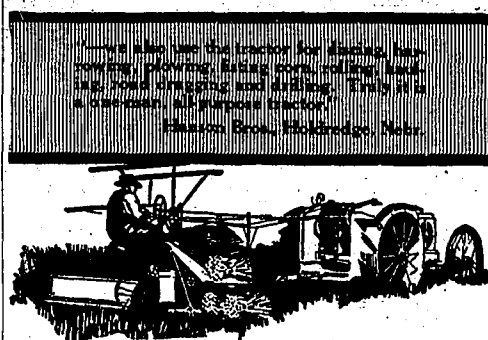

Correct Definition. Bigotry is the crusade of the dead against the living.—Lodge.

Here's the Real One-Man, All-Purpose Tractor

You want a tractor that will permit an unusually wide range of work, one that you can use for all your farming operations at all seasons, and permit the release of manpower and horse-power.

The Parrett will meet your highest ideals of a one-man, all-purpose tractor. It is designed right, built right and has been thoroughly proved by seven years of all kinds of farm work.

The combination of exclusive advantages found in the Parrett recommend it strongly for use in this locality—a world of power with great strength, simplicity of operation, endurance and flexibility, yet simple in construction and not excessive in weight.

Many Parrett tractors are operated by young boys and women. The Parrett pulls three 14" plows under ordinary operating conditions and delivers 25 H. P. on the belt.

Examine the Parrett on your floor; better still, arrange to have it demonstrated on your farm.

# IMPROVED LAKE SOLVES PROBLEM OF PLUNGE NEED

**A. M. Sande Instituted Natatorium at Ranch Place Near Town Providing Lake of Two and a Half Acres**

Twin Falls' natatorium problems have been solved. And to A. M. Sande is to be paid all tribute for finding the solution to this vexing question. The solution is found in an excavation at the Sande farm, half mile north-west of Twin Falls. This excavation is to be finished and flooded for swimming purposes during the regular season. The Sande swimming pool is not a mere pond but an oblong lake 340 feet wide by 370 feet in length. In depth it will contain water for a seven foot dive in one end, shallowing to three feet at the other. The lake will be open to the public and bathed in as soon as the weather is sufficiently warm.

**Nature Improved.** Although the Sande lake is not a new institution as a lake, it is new as a natatorium site. In fact, the area is its original state. The excavation is the only natural great pond in this district. Excavations and diking have improved its bed and walls, the latter confining its waters to a concentrated area and increasing its commercial value. In the latter respect the water has been used for the purpose of making natural ice and also for the water fowl industry. Both of these industries have been exploited extensively by Mr. Sande who used the lake for ice making from 1909 to 1914, when he became interested in the artificial ice business downtown. For two seasons he experimented in the raising of ducks and geese.

**Need for Natatorium.** After engaging quite extensively in the waterfowl industry for a couple of years Mr. Sande decided the community hereabouts needed a natatorium and its advantages. The area needed ducks, and with this in mind he has devoted the winter past to devising a scheme for flooding that section of the lake the dimensions of which have been mentioned herein with water for swimming purposes. The retaining dykes of the lake are to be cemented and thus render them proof against erosion and leakage. Material is now on the ground for this work. The floor of the natatorium will be covered with about six inches of "blow sand". Of this raw material forty carloads have been imported from an outside gravel sector, 30 of the "blow sand" and 10 of gravel for concrete base.

**Natural Water Supply.** To provide water for the lake Mr. Sande will draw upon a deep well and a nearby canal. The flow from the latter will be thoroughly filtered and purified before it is turned into the tank. The well water will be forced in through the power of an electrically operated centrifugal air pressure pump in the deep well. This pump has a capacity of 150 gallons per minute. Overflow water will be utilized for farm irrigation purposes and the drainage water will be carried through sewer pipe a distance of 1,700 feet to Rock creek to be caught in a ditch.

**Amusement.** On the western side of the natatorium Mr. Sande proposes to erect a number of bath houses, suitably equipped for patrons. Trees are to be planted about the lake to provide shelter in future years and add to the scenic beauty to the spot as a park site. Other conveniences and schemes are to be added as a need for them is found. Mr. Sande proposes to erect a coaster plunge during the coming season if the weather is warm. Other similar amusement devices will be made a part of the general scheme of amusement in time. The original lake at the Sande place was considerably larger than that proposed for use as a public natatorium, but the major portion has been diked off and is later on to be prepared and made into a boating lake. This area is slightly more than three acres. In the winter months the present lake, and the larger one, too, will be utilized for skating. Mr. Sande explains:

Not "how cheap," but how good—Adv.

# LOWLY POTATO AGAIN RESTORED TO POSITION AMONG THE MIGHTY

**Chamber of Commerce "Breakfast" is Occasion for Re-Crowning of Spud as King of Agricultural Achievements in Idaho—More Than 200 Business Men Attend Revived "Acquaintance Session"**

The Great American potato, cultured and improved in Idaho, has been restored to its position of honor. After a period of several years, humble, potent, spud has come again into its own, there, apparently, ever to remain. The re-crowning event took place before more than 300 representatives of commercial, industrial and agricultural of this city and section at a "potato breakfast" held in the high school auditorium last night. It was a crowning event in more ways than one for it revived again the great social acquaintance plan of the old chamber of commerce, a plan designed to further the commercial interests of the entire section, and to help center broadcast the tale of south Idaho wonders, both in community and agricultural achievement.

Last night's session was impressive, and it was not enjoyed in all of its program of broadened detail the discussion of potato growing. The congratulatory sentiments were expressed to the executives of the Twin Falls Chamber of Commerce for the entire section, a plan designed to further the commercial interests of the entire section, and to help center broadcast the tale of south Idaho wonders, both in community and agricultural achievement.

**Need for Natatorium.** After engaging quite extensively in the waterfowl industry for a couple of years Mr. Sande decided the community hereabouts needed a natatorium and its advantages. The area needed ducks, and with this in mind he has devoted the winter past to devising a scheme for flooding that section of the lake the dimensions of which have been mentioned herein with water for swimming purposes. The meeting, told of the January meeting of the state Legionnaires and asked for concentrated effort for the entertainment of the delegates, 500 of whom are expected early in April. Secretary Howell B. Wright, of the chamber of commerce was introduced, and acknowledged the introduction with a brief statement of the proposed program of the club. John W. Graham, a lawyer who had returned to Twin Falls to reside after several years absence, spoke on the railroad rate needs of this branch of the O. B. L. and urged cooperative help in getting better commodity tariffs for this section to outside markets. The meeting concluded with the audience singing "America."

**DRINKS BAY BUM**  
Using bay rum as the basis for a series of cocktails, Clark Griffith, a local waiter, became hopelessly intoxicated in his apartments at a rooming house last night. He was taken to the county jail where he spent the night sleeping away the effects of the potentiation. This morning he was sufficiently recovered to appear in court for hearing. He admitted the charge of drunkenness and was released from custody on payment of a \$20 fine.

**ASKS FORECLOSURE**  
Seeking foreclosure of a mortgage on land, given to secure a promissory note of \$600, W. H. Craven has instituted proceedings in the district court against the Modern Packing company, an alleged defunct corporation. Henry Jones, Perry Jones, L. A. Nelson, John F. Hansen and W. P. Guthrie, as trustees of the company property. This action was filed by Guthrie & Myers, attorneys.

**LODGE GUEST HONORED**  
A party of 21 members of the Twin Falls lodge No. 36, Knights of Pithias, last evening motored to Shoshone to attend a degree ceremony of Delta Lodge No. 28. The entertaining lodge accomplished work in the Page rank and served a banquet in honor of the visitors.

## Y. W. C. A. ENTERS FIELD WITH CALL FOR FUNDS

**Twin Falls is Asked to Contribute \$1,400 Toward Society Welfare Work**

Twin Falls is asked to raise at least \$1,400 for the world work of the Young Women's Christian association. A more worthy object of our gifts could not be found. The Y. W. C. A. has for its purpose the physical, mental, moral and spiritual betterment of girls everywhere; and better girls will make for a better world. A concentrated public campaign for funds begins tomorrow and will continue throughout the coming week.

The physical development of girls in our own and other lands is sorely neglected. Poor posture seems to be the rule rather than the exception. Headaches abound. Ill-fitting, shoddy, insufficient clothing, lack of cleanliness, and little exercise are all to be corrected. The Y. W. C. A. in its gymnasium classes combats these. Where no gymnasium is to be had, much of this corrective work can be done by lectures, calisthenics and outdoor work. For the mental development of the girls, there are classes in various subjects, varying with the locality and the needs of the girls. To the girl who has left school too early, these classes afford an excellent opportunity to better her position. At a Y. W. C. A. school in New York city, courses are offered in 37 subjects.

Lectures on moral subjects are an important feature in the program of the Y. W. C. A. organization. Then there are club meetings and summer conferences where the ideas of personal responsibility and consideration for others are emphasized. The Y. W. C. A. is interdenominational. Bible classes are held with the opportunity for free discussion. To finance such a program as this much money is needed. The disbursements of the national Y. W. C. A. from November 1, 1918 to June 30, 1919

amounted to \$5,721,880. 65. A great deal of this war work is being continued now and will remain a part of the work of the Y. W. C. A. Besides this there is the regular peace time work of the organization in this country and others. Millions of dollars are needed to carry on this work. Twin Falls county is asked for \$1,400.

## SENDS RELIEF FUND CHECK

Yesterday E. L. Ashton forwarded a check for \$4,200 to the near east committee in New York. This check represents the amount subscribed in Twin Falls county to the national Armenian and near east relief fund. Hanson, Murrain and Kimberly are yet to be heard from.

The store news is important to you right now. For the stores are extending themselves to serve you with the best merchandise at the very smallest possible margin of profit.

A woman will sometimes receive of an acquaintance, or in conversation, a compliment. How does she manage to always dress so well? The habit of reading the ads is responsible for much of the good dressing we see.
