WOOD LEADS IN SOUTH DAKOTA PRIMARIES VOTE

Returns from 708 Out of 1,704 State Precincts Give Wood 22,679; Lowden 19,283 and Johnson 17,560

SIOUX FALLS, S. D., (AP)—With about nine-tenths of the city vote counted the result of yesterday's primary election on indorsement of a republican candidate for president showed these totals from 708 of 1,740 state precincts: Wood 22,679; Lowden 19,283; Johnson 17,560.

Ten counties, mostly in remote sections such as the Bad Lands region, have not reported. These counties have 148 voting precincts and many of them are isolated from railroad and wire communication.

Balancing in Light. Returns which came in rather briskly from the cities last night were being received slowly this forenoon. In the counties west of the Missouri river, mountain time for the standard comparison of returns in counties which reported a complete or almost complete vote, showed that the balancing was light, when the fact that women voted was taken into consideration.

On the face of available returns Wood is leading in 21 counties, Johnson in 11 and Lowden in 11. Wood and Johnson are tied in one county, Johnson carried Minnehaha county (Sioux Falls) and received a majority of the votes in Lincoln county (Canton). Western counties, particularly in the Black Hills, gave Wood strong support. Lowden carried Davison county (Mitchell).

In counties where the vote was overwhelming for Wood, Lowden received most of the rural ballots, while in counties which supported Johnson heavily, the Illinois governor was the second choice.

Foindexter Vote Small. Senator Miles Foindexter, who was an independent candidate for republican indorsement polled a small vote. The largest total reported from any precinct gave Wood 218 and Johnson 1,300 cast. In most counties Foindexter's totals, as reported, ranged from five to fifteen votes and available figures showed his total in about 35 counties to be less than 700 votes.

Norbeck Senatorial Favorite. Returns for the republican nomination for senator from about 300 precincts gave Norbeck 978 and Hays 610. For the republican gubernatorial nomination in these precincts McMaster received 10,828 and Richards got 6,693.

CONNECTICUT REPUBLICANS CONSIDER SUFFRAGE SESSION. NEW HAVEN, Conn., (AP)—The republican state convention in session here today to name fourteen delegates to the national convention of the party also had before it a resolution urging Governor Marcus H. Holcomb to call a special session of the legislature to act on the federal suffrage amendment. The governor, who is a republican, has said several occasions refused to call an emergency session to take up this question.

NONPARTISAN LEAGUE IN MINNESOTA IN CONVENTION. ST. PAUL, Minn., (AP)—The Nonpartisan league convention of the state, met here today in secret session to select candidates for the state ticket to be entered in the primaries. The names of several candidates have been mentioned for governor.

COAL MINERS TO MEET OPERATORS. Scale Committees to Convene for Discussion of Commission Report. ST. LOUIS, Mo., (AP)—Thomas T. Brewster, chairman of the coal operators' scale committee, today announced he had notified John L. Lewis, president of the United Mine Workers, that the operators' scale committee would meet the miners' committee here on Tuesday to discuss the majority report of the coal commission.

Mr. Brewster said the operators' committee would meet here Monday to consider the report. The notice was sent to Mr. Lewis following a request from him that such a conference be held. The operators and miners were asked by President Wilson yesterday to convene the joint wage conference as soon as possible so that the uncertainty as to the fuel supply might be ended. At the same time the president said he expected the majority report of the commission, recommending an average wage increase of twenty-seven per cent, be accepted as binding on both the operators and miners.

Miners' Union Would Bar Legion Members

PORT SMITH, Ark., (AP)—Delegates to the annual convention of district No. 21, United Mine Workers of America, embracing Arkansas, Oklahoma, Texas, and Missouri, here today a resolution barring members of the American legion from membership in the organization.

I. W. W. SEEKS RECRUITS FROM WAR VETERANS

WASHINGTON, (AP)—Failure of the government to aid former service men has resulted in the I. W. W. making a drive to get such men into that organization, the house ways and means committee was told today by J. E. Holden, state adjutant of American legion in Utah.

Organized propaganda by the I. W. W. to discredit government aid and undermine the American legion is spreading throughout the country, he said, and many "unintelligent" former service men are being gathered into the organization as the result of propaganda stating that the government has done nothing for former soldiers. "It is hard to come back," Holden said, "and see the I. W. W. undermining the principles and ideals of former service men and plotting the overthrow of the government."

Chafing With Unrest. "They feel they have gotten a square deal and are chafing with unrest," Strigham said in urging passage of a composite bill framed by the legion and providing privileged land settlements as suggested in the Lane-Mendell bill; home building aid, vocational training and payment of adjustment compensation at the rate of \$150 for every day of service. Representative Garner, democrat, Texas, wanted to know how the funds to carry out the legion's plans, were to be raised. The witness said he would leave that to the committee but he estimated the total cost at approximately \$2,160,000.

SUFFRAGE HAS HARD ROAD

DOVER, Del., (AP)—An uphill fight to enroll Delaware as the thirty-sixth state to ratify the proposed women's suffrage constitutional amendment was launched formally today by introduction of a ratification resolution in the state senate. A vote will not be sought before next Friday.

AMERICA WANTS TURKEY DRIVEN OUT OF EUROPE

Restatement of Government's Original Position on Turkish Settlement to Be Colby's First Diplomatic Paper

WASHINGTON, (AP)—The original position of the government, consistent that the Turks should be expelled from Europe is restated in a note to the allied supreme council which has been prepared at the state department and which will be transmitted soon. The note will bear the signature of Bainbridge Colby, the new secretary of state, and will be the first diplomatic paper to be signed by him.

Replies to Inquiry. The communication is in reply to an inquiry from the French and British governments as to this country's views on the Turkish settlement. The United States is said to take the view that the contention that expulsion of the Turks might be resented by the Mohammedans, is not supported by the facts, since the war in the east was won largely by the aid of Mohammedans.

The United States, it is understood, desires that Armenia be set up as an independent state and that it embrace as much territory as the American government can control. It also takes the position that any arrangement that is made with regard to Turkey should guarantee to all nations equal opportunities for commerce and that no belligerent should be given paramount claims in any part of the near east.

Spain Ends Strike by Indemnifying Employer. MADRID, (AP)—A plan was agreed upon today for ending the general strike of the Spanish railways, inaugurated yesterday. The agreement provides for the government paying the companies for the amount necessary for them to interest workmen in a definite solution will be sought of the companies' economic difficulties.

Widely Known Chiropractor Dies at Home in Denver. DENVER, Colo., Dean H. Martyn Hart, rector of St. John's cathedral in this city for 40 years, died at his home this morning of pneumonia. Dean Hart was born in England 82 years ago.

World News Events

BRUSSELS, (AP)—Belgian delegates have gone to Paris to assist in a meeting of the council of fourteen, at which they will announce Belgium's readiness to sign the new treaty with Holland, by which the provisions of the treaty of 1839 are revised. Decision to this effect was reached on Monday after two meetings of the cabinet council.

CONSTANTINOPLE, (AP)—All Said Pasha, military governor of Constantinople, has been arrested by the British forces in the city.

AGUA PRIETA, Sonora, Mex., (AP)—Six members of a bandit gang, which is said to have raided the Los Torres mine in February, have been captured and executed near the scene of the crime by a troop of Mexican cavalrymen from a lower Chihuahua garrison, according to an announcement made here today by military officials.

QUEENSTOWN, (AP)—The chairman of the district council has received a typewritten communication, warning him that he will be assassinated in the event of the shooting of any Queenstown policemen.

HOLLAND GRANTS ISLAND TO EX-EMPEROR'S HEIR. Measure is Believed to Complete Steps by Which Dutch Seek to Meet All Hered Demands. THE HAGUE, (AP)—Announcement by the premier today that the Dutch government had granted the Island of Wlangoen to the former German crown prince as a place of residence is believed here to complete the steps by which Holland seeks to meet allied demands as to the safe keeping of former Emperor William and his son.

IDAHO WEATHER. Tonight and Thursday probably rain.

SEATS IN GERMAN CABINET ARE CONCEDED EXTREMISTS

Independent Socialists Sure of Getting Important Portfolios in Reorganized German Government

OPPENHAEGEN, (AP)—Formation of a new German cabinet is a matter of only a few hours, and independent socialists are sure of getting several important portfolios, according to telegrams from Berlin this morning. Gas, water and electric service has not been resumed in Berlin and the tramways are still idle, as the independent socialists have assumed a waiting attitude. They are said to be dissatisfied with the government's "soft methods toward traitors," while armed Spartacists are simply stood against the wall.

Westphalian Miners Hold Bitter Feeling. PAIRIS, (AP) (Havas)—Reports received here indicated the situation in Westphalia, Germany, is unchanged. Rumors that a proletarian council will not be proclaimed there have been confirmed, but it is said the bitterness of the miners against government troops is intense. One leader is quoted as saying the miners were ready to allow themselves to be dispersed by the entente, but "would rather die than surrender to the regulars."

Turmoil Continues in Leipzig Region. LEIPZIG, (AP)—Halle, the large industrial town just to the northwest of this city, was completely cut off from communication Tuesday. The latest reports were that the troops had gained the upper hand Tuesday afternoon, after a considerable part of the city had been reduced to ruins.

No Bolshevik Tendency. As far as can be learned, the workmen's revolt in this section is directed against the military elements and shows no Bolshevik tendency. The single exceptions in the form of Falkenstein, near Plauen, southern Saxony, where a socialist is said to have been established by communist leaders.

Orders Workmen to Report for Service. COBLENZ, (AP)—Otto Meindorf, who was released from prison to take charge of the communist movement in the Ruhr basin, has ordered all workmen to report for military service to report for duty, threatening, if they fail to obey, to cut off their food rations. Since gaining control, the Reds have re-established the German food ration and have requisitioned druggists and doctors to care for the wounded.

Resuming Normal Life. The normal life of the city is being resumed but the stranger instantly detects a feeling of excitement and expectancy. It is estimated that there are less than a thousand communists in Leipzig, although the independent socialists are very strong.

FILE OBJECTION TO SOCIALISTS. New York Assembly Committee Denial Charges Against Suspended Members. ALBANY, N. Y., (AP)—The assembly judiciary committee today introduced charges of disloyalty against the five suspended socialist members of the lower house, who will hold an executive session late today. Chairman Louis E. Howe declared at this time, it is expected the committee will decide the case.

COURT PUSHES CASE OF DANIEL HAYS COMPANY. Judge Landis Orders Two Bankers to Testify in Bankruptcy Investigation. CHICAGO, (AP)—Judge K. H. Landis today ordered two bankers of Illinois and Iowa summoned to federal court tomorrow to testify in the investigation of the affairs of the bankrupt Daniel Hays and company. His directorial telephone summons be sent to E. C. Lacey of Columbus Junction, Iowa, and S. A. Stevens, Alnsworth, Iowa, and a banker of East Moline, Ill.

WASHINGTON GIVES BONUS TO FORMER SERVICE MEN. Legislature Grants \$15 a Month to War Veterans Subject to Certain Conditions. OLYMPIA, Wash., (AP)—After an all night contest between the senate and house over the style of soldiers' bonus bill to be passed the special session of the Washington legislature adjourned today.

BOLSHEVIK POWER CENTRALIZATION MEETS WITH INTERNAL OPPOSITION. MOSCOW, (AP)—The ninth annual convention of the all-Russian communist party, which will open here on Monday, will be of vital importance to the future of soviet Russia, as it will be given the task of outlining the internal economic policy of the country during the coming year.

GUERILLA WARFARE WAGED BY THE WORKMEN DRIVES GOVERNMENT FORCES IN COMBINED RETREAT AND CONCENTRATION MOVEMENTS. WERBHEL, Germany, (AP)—Six thousand government troops, reinforced by army counter-guards, had a skirmish with communist guards numbering about 15,000 men here Monday night, were still holding the town safely late last night.

RETIRE TOWARD FORTRESS. Heavy firing was heard from the direction of Wessel during the night. All the indications were that the government troops are safe, but very nearly surrounded by lines of workmen whose guerrilla warfare has driven the government troops steadily out of the district in a combined retreat and concentration movement to the strong fortress at Wessel, on the Rhine.

MIXED MOTIVES ARE ASCRIBED FIGHTERS. LONDON, (AP)—Not all the workmen who have taken up arms against the government in Germany are imbued with the same motives, according to dispatches received by the foreign office today. Information gathered by British representatives in Germany shows many workmen intend to fight with certain anti-monarchistic motives; others are included in the new cabinet. The Essen disturbance, which apparently are the most serious in the country, are described, however, as purely Bolshevik.

BIGGER OUTPUT TO BE THEME OF TRADE MEETING

Every Topic at Convention of Chamber of Commerce of United States Considered from Production Viewpoint

WASHINGTON, (AP)—Seeing in increased production a means of restoring normal business and price conditions, the chamber of commerce of the United States, it is announced, will make its eighth annual meeting, to be held in Atlantic City April 27 to 29, an increased production convention.

Every topic will be considered from that viewpoint. The relation of government to production will be first taken up and under that heading will be considered anti-trust legislation and taxation. Business of every kind is declared to be keenly interested in taxation, especially excess profits taxes.

Another phase of the problem to be discussed will be the part of the government, the farmer and the business man in increasing farm production. Secretary of Agriculture Meredith will speak for the government. The relation of labor to production will be approached from both sides, the employe's viewpoint to be presented by a representative of the American Federation of Labor and the employer's by a business man. There will be group meetings for each of several great divisions of industry.

PROMPTLY RESUMES WORK AFTER MIDWINTER FALL

CALDWELL, Kan., (AP)—An 80-foot fall from a smelter stack of the local electric light plant by Jim Williams of Wichita, stack builder and steppole jack, merely delayed operations five minutes and he was back on the job. Falling head first, Williams struck a guy wire which broke the fall, and he landed feet first in some mud, uninjured.

A woman will sometimes remark of an acquaintance—not in envy but in admiration—"How does she manage to always dress so well?" The habit of reading the ads is responsible for much of the good dressing we see.

BRITISH MERCHANTS TO STUDY AMERICAN METHOD

Representatives of Largest Department Stores in United Kingdom to Visit U. S.

NEW YORK, (AP)—Twenty-two British merchants, representing the largest department stores of the United Kingdom, will soon sail from England for a six weeks' tour of the United States to study American methods of retail store management with a view of establishing its use in England. The merchants, who will be the guests of the National Retail Dry Goods association, will visit most of the principal cities in the country.

Chambers of commerce throughout the country are joining with the national association and local merchants' organizations in preparing receptions for the visitors and giving them an opportunity to study American methods at close hand. Secretary of Commerce Alexander has promised to welcome the visitors in the name of the country and pledged the aid of the department in making their visit a successful one.

A special car will carry the visitors on their tour. The itinerary includes stops at Pittsburgh, Dayton, Cincinnati, Cleveland, Toledo, Chicago, St. Louis, Kansas City, the Grand Canyon, Los Angeles, the Yosemite Valley, San Francisco, Portland, Seattle, Salt Lake City, Colorado Springs, Denver, Omaha, Milwaukee, Detroit, Buffalo, Niagara Falls and Boston. Side trips also will be made to Washington and Baltimore.

CALIFORNIA GRANGERS TO WEAR OLD CLOTHES

Farm Organization Goes on Record as Opposing Extravagant Expenditures

VISALIA, Cal., (AP)—The Tulare County Pomona grange has gone on record as opposing extravagance through adoption of this resolution: "Resolved, That we, the members of the Tulare County Pomona grange, No. 5, declare that it is no disgrace to wear old clothes.

"Resolved, That we discourage the purchasing of extravagant articles and the wearing of expensive apparel and that more labor and energy be expended in the production of medium priced and serviceable articles, thus bringing about a reduction of cost."

NAVAL OFFICES IN CHAOS WHEN WAR STARTED

Captain Lanning Corroborates Admiral Sims' Charges of Dilatory Practices on Part of Department Head

WASHINGTON, (AP)—Virtual chaos existed in the navy department at the time the United States entered the war, Captain Harris Lanning, assistant chief of the bureau of navigation during the war, testified today before the senate investigating committee. Captain Lanning said no one knew what to do after a plan of action submitted by the bureau of operations had been disapproved and that the "personal characteristics of the secretary of the navy often made it impossible to get approval of really important policies."

Delay Almost Invariable "Whenever a plan or policy was presented to the secretary he almost invariably delayed action on it," Captain Lanning declared. "The personal interest he took in all matters connected with the department absorbed so much of his time that he never had much left to give to the more important affairs."

When important policies and plans were submitted to Secretary Daniels, Captain Lanning said, directions would be given to leave the papers for "consideration" and usually three instructions meant that the matter would not be heard from again until the officer interested looked up the papers and then frequently the papers could not be found.

"Conditions finally became so bad," the witness said, "that officers used every means possible to put their plans and policies through without obtaining the required authority."

"I was and still am amazed that the navy was able to accomplish the remarkable work it did, but it is certain that what it did accomplish could have been done much more quickly and efficiently if we could have had a plan from the start." Captain Lanning said many officers found this condition to be true and he offered to furnish the committee names of other officers who, he said, would corroborate his testimony in this respect.

GREAT FALLS' VETERAN FIRE HORSE IS HONORED

Civic Ceremonies Including Public Figure and Official Proclamation Arrange in Event

GREAT FALLS, Mont., (AP)—Seventeen years in the service of the fire department of this city recently were terminated for "Dewey," a 25-year-old fire horse, with civic ceremonies that included a public banquet, numerous speeches of felicitation and an official proclamation issued by Mayor Louis Newman.

"The city of Great Falls returns to you thanks and such gifts as may be given in appreciation—green pasture and running water in the summer time and a warm stall and the food you love when blasts of winter blow, and freedom from harness and bridle forever," the mayor's proclamation said, after reciting the service the old horse had performed for the city.

"Women and little children have slept in security," it declared, and "hundreds of thousands of dollars" have been saved by the fidelity of the animal.

More than 100 guests were present, including city and state officials. Dewey, decked in rosettes and ribbons, stood at the head of the speakers' table, beneath a big horseshoe. His dinner consisted of oats with dessert of sugar.

Except as far as the sugar was concerned, Dewey maintained throughout the ceremony an air of unceasing boredom, probably due, it was suggested to his long years of public life.

LUMBER COMPANY

WOULD TRAIN SAILORS ON GREAT SALT LAKE

Recruiting Officer Points Out Advantages for Aviation School in Recommendations

SALT LAKE CITY, (AP)—The Great Salt Lake will be a training station for naval aviators if the recommendation of Commander E. R. Mann, of the local recruiting station sent to Washington, D. C., is approved by navy department authorities.

Commander Mann in his recommendation stated storms and fog were obstacles at the Great Lake and sea training stations, while on Great Salt Lake there are no such dangers. If the recommendation is favorably acted upon, the officer declares, more than 3,000 men probably stationed at the lake and several million dollars expended for the erection of hangars and barracks and for equipment.

INFLUENZA WIDESPREAD BUT NOT DEADLY IN HAWAII

HONOLULU, T. H., (AP)—Although there have been 2,968 cases of influenza in Honolulu and vicinity since January 7, with 843 deaths recorded, the army establishment at Hawaii with its 6,000 men has had only six cases and has registered no deaths, according to the report of Colonel Harry B. Whitney. The board of health reports the influenza wave here well in hand.

Harnessing A Thousand Springs So the People May Be Served

A step toward fuller completion of the Idaho Power Company's system of great electrical plants to serve the people with electrical energy so vital to the development of Idaho—a step that is costing considerable money, is now being made at Thousand Springs where we will bring into operation a great power plant with a generating capacity of 13,300 horsepower.

WILL INSURE LAND FROM DROUGHT
Day after day, stone masons, carpenters, blacksmiths, steel workers, civil and electric engineers, accountants and many other experts and builders are toiling to complete as quickly as possible the Thousand Springs plant so those who are waiting for this power may be served in time for the summer irrigation season.

The history of Thousand Springs is in itself of much interest, for it is at this point where the famous "Lost Rivers" of Idaho are supposed to break forth from their barriers of rock and again leap beneath the sunshine and stars to the Pacific ocean beyond. Our Thousand Springs power plant site represents a most unique and elaborate problem requiring the greatest engineering skill to solve.

POWER FROM WASTE OF LOST RIVERS
Here at Thousand Springs, where the water is boiling out from subterranean channels 186 feet above the Snake river at a temperature of about 60 degrees Fahrenheit, we have

constructed a great harness of cement and steel which collects these waters that formerly went to waste and generates them into power that can be delivered hundreds of miles away to homes and farms which otherwise would be without light or power.

ONE UNIT OF A GREAT SYSTEM
In 1912 the first unit of the Thousand Springs plant was completed, with a generating capacity of 2,700 horsepower. The new unit, now under construction, will generate 8,000 horsepower, making this plant capable of producing 13,300 horsepower of electrical energy. Most of this will be used for irrigation purposes in the summer time—for pumping water from the Snake river to make the parched lands spring into waving fields of alfalfa, wheat and other grains, or become checkered with fruitful orchards.

Thousand Springs plant is only one unit of our great system of electrical development. We are offering everybody an opportunity to become a stockholder in our big organization which is one of the greatest factors in the development of Idaho. Our 7 per cent Cumulative Preferred Stock which we are now offering to the public is a safe, sound and conservative investment.

YOU MAY BECOME PART OWNER
You can invest in 7 per cent Cumulative Preferred Stock in monthly installments and, while paying for it, you receive 6 per cent interest on your payments. Once payments are completed your stock earns you 7 per cent every year, and this is paid in four installments on February 1, May 1,

August 1, and November 1. You thus become a part owner in the development of Idaho.

The Idaho Power Company now serves more than 27,500 customers. It will serve many more in the future. Its management is efficient and conservative. Write us for full details of our 7 per cent Cumulative Preferred Stock and our Special Savings Plan. Remember—you do not have to have a lot of money. If you can only save a small sum each month you can become an owner of this high interest bearing stock.

TROTZKY WINS OPPONENTS BY CHOICE WORDS

Story of Dissolution of Army of Eighty Thousand Kolchak Troops Told by Officer of the British-Canadian Forces

NEW YORK, (AP)—How an army of 80,000 Kolchak troops "melted away" by desertion and the Bolsheviks, following speech made to prisoners of war by Leon Trozky, in Omsk, Siberia, two days after that city's evacuation by the All-Russian forces, was told by Major General I. Thorp Gray, a former officer of the British, Canadian and All-Russian armies, just returned from Vladivostok.

Trozky, he said, addressing the prisoners as "comrades," said they would be welcomed by the red army if they cared to join. Captive officers, he said, who wanted to return to Kolchak would be given safe escort and 2000 rubles each. A number of the prisoners accepted the offer and, returning to their lines, told what Trozky had done. Within two weeks, General Thorp-Gray said, Kolchak had practically no army and a few months later was executed.

General Thorp-Gray went to Siberia with a Canadian expedition and was taken prisoner by the Bolsheviks when they captured Vladivostok. Before leaving the attention of the Kolchak army, he said, was made to assassinate him.

Toward the last, he said, the Bolshevik troops showed better morale than Kolchak's men. They also had one machine gun every 20 men, he said, whereas the Kolchak army had only three with every battalion, almost 600 men. During the retreat of the Kolchak army, a 2000 mile retreat, they were driven before machine guns but seldom before rifle fire. General Sakharoff, the All-Russian war minister and chief of staff, he said, "lost the army at Omsk without a fight."

IRRIGATION EXTENSION PROPOSED FOR ALBERTA

Provincial and Dominion Authorities Give Favorable Consideration to New Undertakings

CALGARY, Alta., (AP)—Proposals for new irrigation undertakings involving the expenditure of many millions of dollars and which will serve vast areas of land in Alberta, are said to be receiving favorable consideration from provincial and dominion authorities.

The projects will extend from the Rocky mountains to the Saskatchewan border and "cross" the international boundary line diagonally northeast to a point about due east of Calgary on the Saskatchewan border.

Failure of many unirrigated sections during the last two dry years is said to have been responsible for a revived interest in irrigation as insurance for crop success.

STRIKE IS CONTINUING ON SUGAR PLANTATION

Settlement of Labor Troubles in Hawaiian Islands Still Seems Far Distant

HONOLULU, T. H., (AP)—Settlement of the Filipino and Japanese sugar plantation strike, which began on the island of Oahu January 19, still seems as far off as ever.

The Federation of Japanese Labor which speaks officially for both Filipino and Japanese strikers since the Filipino union collapsed for want of funds, reiterates its intention to stand firm for its higher wage demands.

From the plantations comes the report that in spite of the strike all mills are grinding with hundreds of the old workers in the fields and more than 1,600 strikebreakers of different nationalities on the job.

WYOMING TO SPEND HALF MILLION ON ROAD WORK

Practically Every County in State is in Line for Improvement of Highways

CHEYENNE, Wyo., (AP)—Approximately \$5,000,000 will be spent during the coming summer and fall on road work in the state of Wyoming, according to an announcement made here recently. Practically every county in the state is to have some work done. Improvement of main state highways and building of bridges is expected to comprise a large part of the total money to be spent.

NATIVES DECLARE QUEEN GAVE THRONE TO CHIEF

Discovery of Master's Copper Chast in African Jungle Brings Tradition to Light

LONDON, (AP)—The massive chair made of copper, which natives believe was given by the queen Victoria of England to an Ashanti chieftain and used by him as his throne, has been discovered in the midst of a jungle far from human habitation in the Gold Coast.

Returned to the spot and found the native legend it was placed over the grave of the chieftain who had occupied it when alive.

In that superstition they believe he still sits upon his old throne in spirit at certain times and, for this reason, they have never tried to move the chair which they declare, has now reached itself to the Daily Graphic.

A Gold Coast surveyor first stumbled across this curiosity. A search party returned to the spot and found the jungle so dense that the natives had to hack a path with cutlasses through the undergrowth.

In spite of inquiry, no confirmation of the older story to the history of the chair has been obtainable and how it came to be in the jungle remains a mystery.

DECKER NAMED HEAD OF CLUB

Shriners of Twin Falls Organize for Social and Business Activities

At a meeting of Twin Falls members of the Order of Mystic Shrines, held last night, formation of a local Shrine club was officially promulgated with the following officers named: F. H. Decker, president; F. E. Chamberlain, vice president; S. H. Graves, secretary-treasurer. C. E. Munson, D. M. Jenkins and J. McMillan were named a committee on constitution.

The president was authorized to select an entertainment committee of five members. Other committees to have charge of membership and similar departments, will be selected by the by-laws committee. It is ordered to report at the next meeting, which is subject to the call of the president.

Dr. Frank Bohn, who is to appear here soon on the Lyceum course, has just returned from a trip of investigation to Switzerland, Italy, France and England to study the changes that that war has wrought in government, economics and industry. This mission he has completed with his usual thoroughness and a report of most of his findings has been published in what is often spoken of as the world's greatest newspaper, the New York Times.

Dr. Bohn will be at the Lyceum course tomorrow night. Dr. Bohn will speak on "Revolution in Europe," a most timely topic and one on which he speaks from a great fund of information secured at first hand.

"The Bolshevism of today is quite like the Ozarism of yesterday," says Dr. Bohn. "Both govern without the consent of the people. Both have abjured and despised the form by which democracy creates the human individual as a social product. The Russia which is starving and dying under Bolshevism is the same Russia psychologically which tolled and slaved under Ozarism. A people cannot put institutions and race manners on and off like clothes and grease paint."

Census Bulletins

PROPOSES TAX ON FOREIGNER

Italian Chamber of Deputies Considers Measure Subjected to Criticism

ROME, (AP)—A tax would be imposed on property in Italy owned by foreigners not living in this country under the proposed new Italian finance law which the government has laid before the chamber of deputies. This tax also would apply to Italy's stocks which such foreigners may hold.

Any money owed abroad by Italian subjects or companies also would be heavily taxed. Subscribers to the loan fund and capital brought into Italy after January 1 of this year would, however, be exempt from taxation.

The proposed tax on Italian stocks and shares held abroad is criticized by the financial expert of the Tribune as unjust on the ground that this country already pays an income tax in the country where the owner is living.

The paper points out that such a tax would be likely to discourage entrance of foreign capital into this country which is so necessary for Italy at this moment.

WILD DEER NUMBERS ON INCREASE WITHIN UTAH

Animals in Herds Throughout State Now Number 24,700, Game Commission Reports

SALT LAKE CITY, (AP)—Wild deer in Utah has increased approximately 3.5 during the past year and now the animals in herds throughout the state total about 24,700, according to information compiled by forest rangers and made public here recently by R. O. Sludway, Utah game commissioner. Mr. Sludway declared stringent laws are responsible for this great increase. Elk herds too are increasing, he said, and these animals now number approximately 604.

Social Notes

The Blue Lakes Boulevard club will meet Friday, March 26, with Mrs. Chad Patton.

The Kimberly W. C. T. U. is planning a kitchen apron sale to be given at Wilson Brothers store March 27, throughout the afternoon, and a 20-cent tea at Mrs. Charles Dunn's on April 2, the proceeds from both affairs to go to the French orphan which the society has adopted.

The O. E. S. held its regular business session last evening in Masonic temple. This was followed by dancing and a social time and refreshments were served. About one hundred and fifty were in attendance, among them being a number of out-of-town members.

The Twentieth Century Card club will meet Saturday at 9:30 in Parish hall.

The Episcopal Guild will meet at the home of Mrs. T. E. Schwartz, 711 Second avenue east, tomorrow afternoon at 2:30.

Mrs. Ernest White entertained at a \$30 dinner last evening. The guests were Mrs. H. B. Lewis, the Misses Jane Maxwell, Edith Dyer, Grace Bryant, Essie Glenn, Eula Fox and Alma Benoit. After dinner a clever guessing contest was enjoyed, followed by bridge. Mrs. H. B. Lewis winning high score.

The Business Women's association held their weekly dinner at the home of Mrs. H. J. Youngs last evening. Covers were laid for thirty and the contribution they have been making for the Y. W. C. A. fund was completed.

The Misses Beulah and Florence Smith entertained the King's Daughters Monday evening at their home on Main avenue west. A business session occupied the larger part of the evening and dainty refreshments were served. There were sixteen members in attendance.

SINN FEINERS DEPORTED

QUEENSTOWN, (AP)—Sixty-five Sinn Fein prisoners, under heavy military escort, were brought by motor lorry from the Cork jail to this city this morning, where they were put aboard a British sloop which departed presumably for England. The sloop was accompanied by two destroyers.

The prisoners sang republican songs and returned to farewells of the watching crowds as the vessels left the harbor.

DR. BOHN COMING THURSDAY

Prof. Frank Bohn, who is considered one of the best posted men living on the European situation, will give his lecture, "Revolutionary Europe," at the Lavering theatre Thursday evening, 8 p.m.

Today's Markets

Grain and Provisions

CHICAGO, (AP)—Selling pressure continued today in the corn market, largely as a result of further publicity given to forthcoming investigations of car control and of other supposed reasons for scarcity of grain at big terminals. On the whole today, however, buyers became more active, and the market rallied. Bullish crop reports about winter wheat in the southwest helped prices to recover. Opening lower, with May \$1.54 7/8 to \$1.55 1/8, quotations, which ranged from 1-8 to 1-2 and July \$1.43 3/4 to \$1.49 1-2, were followed by a moderate further setback, and then by a general upturn.

General advances took place later, and sellers became a small minority. Most of the demand was from shorts. The close was unsettled, 5-8 to 1 1-4 net higher, with May \$1.56 1-2 to \$1.56 3-4 and July \$1.53 1/2 to \$1.53 1-4.

Oats duplicated the changes in corn. After opening 1/4 to 1/2 down, including July at 78 5-8 to 78 7-8, the market fluctuated within narrow limits.

Provisions were easier with grain higher. Selling, though, was not aggressive.

Later the market went sharply lower on selling ascribed to packers.

CONCLAVE DELEGATES GIVE GOODING PRAISE

D. A. E. Representatives Tell of Excellence of Treatment at Convention

All the delegates who attended the annual state conference of the Daughters of the American Revolution at Gooding last week pronounced it a most successful and enjoyable meeting. Hospitality, not only of the chapter, but of the citizens will long be remembered and would have done more to bring a city. Automobiles were lined up for use of delegates, in front of Lincoln Inn at all hours. Every store window was decorated with unique designs and patriotic colors, life size models were in windows dressed as colonial dames. A welcome to Revolutionary Daughters was everywhere seen worked out in attractive fashion.

The college and state institutions were visited. A reception in the Main hall Friday evening afforded opportunity for better acquaintance of the delegates, a misnomer of young people in costume was very pretty. Music followed. Later the hostesses, all in colonial costume, served refreshments. The conference was held in Loyal Legion hall and the welcome from the citizens was given by the commander. The chapter regent, Mrs. Kennedy Packard to Mrs. Anna M. Russell of Boise, who for eight years held the office of state regent. The remarks were the prelude to the nomination of Mrs. Purcell as the first honorable state regent of Idaho, after the adoption of the resolution Mrs. Packard escorted Mrs. Purcell to a seat on the platform.

Luncheon at the Lincoln Inn was the climax of the social part of the session and a most enjoyable function. Mrs. Huddleston of Gooding was elected state regent. Mrs. Kennedy Packard of Twin Falls, vice regent and Mrs. Mary Y. Norton re-elected treasurer.

One of the very pleasing features of the conference was the speech of appreciation made by Mrs. Kennedy Packard to Mrs. Anna M. Russell of Boise, who for eight years held the office of state regent. The remarks were the prelude to the nomination of Mrs. Purcell as the first honorable state regent of Idaho, after the adoption of the resolution Mrs. Packard escorted Mrs. Purcell to a seat on the platform.

Which Notion Do You Approve About Weather

WHEN the cat's away mice do play. And when the copper's not about law and order gets a stern jolt.

Primitiveness; while the vernal equinox was striking around like a bolt; on a beat, the idea of March—rough things they were in hiding.

With said v. e. gone no man knoweth whether, the ideas are again gambling and frisking; turning things topsy-turvy and raising red generally. It's a bum weather, with all sort of things in prospect.

But then, our forefathers had a theory, right or wrong, that when the sun is crossing the celestial equator on his northward bent, rough weather is sure to result. Meteorological scientist fallers refute this, saying the equinox is purely astronomical and not meteorological.

Ho, woi!

Just the same we are prone to get our old dad's bunch. Probably rain tonight and Thursday, the predictor predicts. High yesterday 49; low last night 30, with a trace of precipitation.

Burton E. Morse motored to Boise yesterday where they will remain for a few days, then looking after business affairs.

Visiting Schools in Murtagh—John R. Ault, county juvenile officer, and Miss Britton Wolfe, county superintendent of schools, are today in Murtagh visiting schools and investigating truancy reports.

Comes from Seattle—H. L. Phillips of Seattle, Wash., has come to take a position in the shoe department of the Sinclair store. Mr. Phillips has been engaged in the shoe business in Seattle a number of years.

Colored Man Arrested—C. C. Kay, a colored resident of Buhl, was last night arrested at Rupert on charge of theft. The man is said to have stolen a suitcase belonging to James Sutton, of Buhl. Rupert authorities this morning advised Sheriff A. N. Sprague that Kay had confessed.

Quinn Pays Fine—J. W. Quinn, tried in the court of Justice of the Peace Kennedy Packard yesterday, was fined \$11.20, after being found guilty of assaulting A. Tolman. The encounter resulted, it is said, from charges made by Tolman that Quinn had taken some of his property.

Suit on Check—In the district court Attorney James H. Wise has instituted an action for the Twin Falls Bank & Trust company against Glen Franco and J. H. Winkler. The suit is brought to recover \$200 on a check alleged to have been drawn on the First National Bank of Kimberly in favor of

Winger, who cashed it at the Twin Falls bank. The check is said to have been rejected at the Kimberly bank.

Bullivan Gets Appointment—Dr. W. A. Bullivan, veterinarian connected with the federal department of animal industry with supervision over big cholera in Idaho, has been advised of his appointment by the American Veterinarian Medical association, as state secretary of the association in Idaho.

Agency Men to Meet—State agency men of the Equitable Life Insurance company will meet in Boise tonight and tomorrow. Those attending from Twin Falls are S. M. Henderson, W. C. Penfield and E. B. Marshall. The convention, which is an annual affair, will be marked by a banquet.

Triangular Meet—The L. D. S. Young Men's and Young Ladies' Mutual Improvement associations on Saturday will hold a dramatic and basketball contest in Parish hall, Oakley, Twin Falls and East River will be represented. The program of events opens at 1 o'clock p. m. and will conclude with a dance in Ootillon hall.

Judgment Is Sought—John G. Smith, through his attorney, J. H. Shortley, has brought suit in the district court against Peter and for \$1001 with fees and costs. The action is based on three counts, first, a charge of \$593

alleged to be due for hay delivered; second, \$225 alleged damage done to Smith's crops by sheep; third, for \$160 claimed as rental of land.

Sheriff's Guest—Joe Wallock, who was recently arrested in Buhl on charge of defrauding an innkeeper, and fined \$30, has been committed to the county jail in default of payment.

Vacation for Health—The Rev. C. L. Owen, pastor of the First Baptist church of Twin Falls, has found it necessary to take a vacation to build up his health. He left this morning for points in Washington state, where he will remain until his physical condition is bettered. Dr. J. P. Wood, Idaho state convention pastor of Boise, will supply the local pulpit for the present.

JOHN KILBANE NEVER EARNED CHAMP'S TITLE

Featherweight King Has Not Met Europe's Best Little Men in Titrular Clash

In view of the action of the International Boxing union in conferring the world's championship on Johnny Kilbane, holder of the American title, it becomes of interest to trace the history of the featherweight title...

Jim Driscoll became the official featherweight champion of England Feb. 14, 1910, and he became the featherweight champion of Europe by beating Jean Feeney...

So far as Weir and Murphy were concerned they had no right to contest for the American title, as neither remained in America permanently or gave any evidence of desiring to become citizens...

Dixon won World's Championship Title July 23, 1911, knocked out Abe Willis, featherweight champion of England, in five rounds...

Tom O'Rourke, Dixon's manager, then gradually raised the weight limits and stipulated 120 pounds for a title match between Dixon and Solly Smith at San Francisco, October 4, 1917...

An attempt was then made to create the impression that the bulk of the featherweight class was 122 pounds ringside, but O'Rourke paid no attention to that and made the weight to suit Dixon.

McGovern held the title until Nov. 23, 1901, when he was knocked out in the second round by Young Corbett at Hartford, Conn., the weight being 122 pounds.

When Corbett was graduated into the lightweight class the world's title lapsed. Abe Attell claimed the American title and was successful until Oct. 13, 1904, when Brooklyn Tommy Sullivan won the title by knocking out Attell in the fifth round at St. Louis.

Where Was Dempsey?

They say he is the champion, Of fighters he's the king; He can beat the best of scrappers In a twenty-four foot ring.

He can send a man to dreamland With his awful, wicked jab, But no one ever saw him All dressed up in olive drab.

Oh, I know he whipped Jess Willard; He just smashed him to a pulp; And an ordinary doughboy, He could eat one at a gulp.

As a man among the fighters They say he is supreme; His left is liquid dynamite, His right, it is a dream.

They say he's going to Europe, Just to show 'em how it's done; But you bet yer life he stayed at home Until they whipped the Hun.

He must have a million dollars To fight Carpentier, they say; But he never drew his "thirty per" In Uncle Sammy's pay.

Easter Showing of Manhattan Shirts

In the wardrobe of every well groomed man there should be a number of Silk Shirts.

Manhattan Silks being distinctively original in design and weave, are all the more impressive because of the tailoring perfection that has developed them into Manhattan Shirts.

The accurately fitting neckband, the silk-sewed buttonholes, the stay-put, superfine quality pearl buttons, the accurate sleeve lengths, correct size cuffs and roomy, comfortable body,—all these are integral parts of Manhattan Shirt perfection:

EMPLOYERS' ASSOCIATION

What Is the Trouble?

Many of the citizens of Twin Falls ask why there is still a controversy existing between organized labor and the employers of Twin Falls and the purpose of this advertisement is to make the issue clear cut and easily understood by all of those interested.

Why Is There Stagnation?

Because organized labor is contending for a condition that is un-American, unfair and is designed to create and maintain a monopoly. Because through that monopoly, organized labor assures inefficient, incompetent and lazy members of their organizations a job and demand that loyalty to the union rules and by-laws be the only test applied as to the workmen's ability.

Here Is the Issue

We quote literally from the demands of the unions: "THE EMPLOYEE SHALL EMPLOY ONLY MEMBERS OF THE UNION." The Employers' Association challenges the word SHALL. If the Union men in Twin Falls will use the words MAY or SHOULD or OUGHT TO instead of SHALL the differences will be adjusted and the wheels of industry revolve at full speed.

You Shall

That is an expression of the Autocrat, of the Dictator, of the Kaiser, and of the Czar. It is American, it is fair, it is just, to say MAY, but not SHALL! And as long as the Union men in Twin Falls use the word SHALL there can be no peace, there can be no stability, nothing can be settled permanently.

Not a Question of Wages

It is not a question of ruining the Unions. It is not a question of cutting down the wage scale. It is not a question of denying the right to craftsmen to organize. But: Instead of the Unfair "YOU SHALL employ Union men only," it should be written "YOU MAY employ Union men if they are qualified and competent."

APIARIST'S DEATH CAUSED BY OWN HAND IS JURY'S VERDICT

Coroner's Inquisitorial Board Finds Eggers-glass was a Suicide—Used Natural Pyre after Trussing Hands to Feet and Binding Himself to Stake—Had Been Religious Fanatic

That Fred Eggers-glass came to his death willfully and by his own hand, is the verdict of a jury, impaneled by Coroner F. J. Grossman, last night. The jury's finding was that the farmer and apiarist, while suffering from dementia, burned himself with such severity that death resulted.

Eggers-glass' body was taken from Rock Creek canyon, about half a mile from his home, yesterday by Coroner Grossman, with the aid of Sheriff A. N. Sprague and a number of farmers. The body was badly burned, especially about the feet, legs and lower torso. The upper section, arms and face were scorched. The man was fully clad when found, with the exception of the feet. Moccasins were found close by.

the undamaged mackinaw had been replaced a mystery. They believe that before death Eggers-glass replaced the coat to protect himself from chill, or in an attempt to relieve his suffering. All officials scoff at the murder theory.

The jury was composed of H. H. Humphrey, C. L. Gentry, A. W. Campbell, Frank Brown, W. H. Eldridge, H. C. Van Ansdale.

Witnesses testifying were: H. G. Tait, A. J. Bequa, W. G. Shipman, J. W. Green, H. G. Jackson, Frank Lowrey, John Lowrey, William Green, a son-in-law of decedent. The latter is survived by his wife, a son 18 years of age and his daughter, Mrs. Green.
