SOVIET FORCES TAKE TOWNS ON POLISH FRONTS

Warsaw Dispatches Admit the Losses of Settlements Along Sutch But Assert Inability of Reds to Cross River

BERLIN REPORTS POLES MOVE GOVERNMENT SEAT

Probability of Transfer of Capital to Bromberg is Discarded in Current Press Dispatches

LONDON, (AP)—The Polish government was removed on Thursday from Warsaw to Bromberg in Polish Posen, 25 miles northwest of Thorn, according to a Berlin dispatch to the Exchange Telegraph company, quoting rumors in that city.

A staff correspondent of the Associated Press station at Warsaw filed a dispatch from that city on Thursday which contained no hint of any intention on the part of the Polish government to leave Warsaw, nor were there indications in the military news contained in the correspondent's message of any reason why it should feel impelled to make such a move at this juncture.

WARSAW, (AP)—Russian soviet forces, swinging south of the Pripiat marsh country between Most and Pinsk and attacking Polish lines at various points over a front of approximately 250 miles, have captured several towns along the Sutch river, it is admitted in official statements issued at the Polish army headquarters here. The enemy, however, has been unable to cross the river, despite persistent efforts.

Bolshevik attacks on Wednesday were chiefly directed toward the village of Olensk. Infantry and cavalry were launched at the Polish lines under heavy artillery fire while soviet airplanes bombed strategic points along the front.

In the neighborhood of Zaslavl the Poles virtually annihilated a soviet brigade, among the killed being a Bolshevik general. On his person were found orders directing that Zaslavl be taken regardless of the cost. The town is still in Polish hands.

RESENT MOVE OF UNITED STATES

Bolivian Newspapers Declare American Attitude is Falsely Influenced

LIA PAZ, Bolivia, (AP)—Attacks on the United States were published by Tiempo and Diario Friday which say that the American attitude, influenced by false information furnished by Peru, is creating uneasiness in Bolivia and her neighboring states. The newspapers declare the American government should seek the truth regarding the situation in Peru, they say, and show that Peruvians provoked the recent outward incidents. The United States should give no further credence to the utterances of Chancellor Porras of Peru, the newspaper says.

The attitude of Peru toward Bolivia is declared to be similar to that adopted toward Chile some time ago, when, according to Tiempo and Diario, the Peruvian government invented tales of alleged persecution of Peruvians in Chile. Both the newspapers call attention to what they term the red and insulating attitude of Chancellor Porras toward Bolivia. The latter, country, the journals say, did not take any military measures during the recent controversy.

HOOVER DISAVOWS BOTH CAMPAIGN AND FINANCES

Replies to Railroad Union's Inquiry Addressed to Presidential Possibilities

WASHINGTON, (AP)—Herbert Hoover replied today to the inquiry as to campaign expenditures addressed to presidential possibilities by the railroad union's weekly, by saying that "as I have no campaign I have no finances." He reiterated his statement of March 8 that he was not a candidate for the nomination to the presidency and was not seeking public office.

A number of clubs... have sprung up doing honor at advocating my nomination," said Mr. Hoover in his letter. "I have no doubt that they would be only too glad to keep their books open for inspection at all times."

Denikine is Driven From His Last Base

LONDON, (AP)—Novorossisk, the last base in southern Russia under control of General Denikine, has been captured by the Russian Bolsheviks, according to a wireless dispatch from Moscow.

Finnish Apply Torch Before Retreating

CHRISTIANIA, Norway, (AP)—Finnish forces at Patchanka, in the Murmansk region, burned the monastery and several other buildings before abandoning the place to the Russian Bolsheviks, according to travelers arriving at Tromsø. Occupation of the place by soviet troops occurred on March 25.

SOUTH DAKOTA VOTE RESULT IS CONTESTED

Settlement of Conflicting Claims of Johnson, Wood and Lowden Factions Awaits Decision of Convention

ST. PAUL, Minn., (AP)—Only the decision of the republican national convention at Chicago in June will definitely settle the conflicting claims of Johnson, Wood and Lowden factions of the party as to the significance of the one-hour presidential preference vote in Minnesota Monday, March 15. Tabulation of the vote by the state central committee ceased when the county conventions started March 17, because election of delegates to these conventions was the real object of the primary and control of them by one faction or the other largely determined the complexion of the resulting district and state gatherings. Those in turn chose the men to represent the state in the big national assembly of the party.

The presidential preference vote, when tabulated, ceased early Wednesday morning. Johnson, 8,517; Hoover, 4,488; Lowden, 3,510.

That day the county conventions met and the delegates, 85 sent uninstructions to the delegates to the district conventions. Of the others, 27 were instructed for Wood, 5 for Lowden and 2 for Johnson.

The ten district conventions met March 19. The Wood forces controlled half of them and thus ten delegates instructed for him were sent to the national convention. Four districts chose uninstructions to delegates to the Chicago gathering and in the other three there was a split, part of the delegates selecting two Wood men and the others a mix of the candidates.

GREW SUCCEEDS HAPGOOD.

WASHINGTON, (AP)—Joseph C. Grew of Massachusetts, now counselor of the embassy at Paris, is nominated today by President Wilson as minister of Denmark, succeeding Norman Hapgood, whose nomination was not confirmed by the senate.

GERMANS HOLD BIG STORES OF WAR MUNITIONS

Discovery Coupled with Information in Possession of France Indicates Attempt at Evading Terms of Treaty

GERMANY STILL WAITS JUDGMENT OF ALLIES

Permission to Send Troops into Ruhr District is Still Withheld; Explicit Guarantees Declared Lacking

PARIS, (AP)—The allies have not yet given the Germans permission to send troops into the Ruhr district. The French continue to insist that military occupation of the neutral zone by Germans would further endanger execution of the peace treaty, declaring that they would be no way of getting them out again except by force. It is pointed out regarding possible guarantees that the Germans have proposed nothing explicit. The proposed occupation of Frankfurt and Darmstadt also is regarded by the French as ineffective and likely to result in nothing more than the engendering of hatred.

PARIS, (AP)—Great quantities of arms have been discovered in Germany by the allied officers charged with supervising execution of the peace treaty, according to advices received here. In Brandenburg and in the immediate vicinity of Berlin alone, 3,500 three-inch field guns were found. The discovery by the allied officers, together with other information in possession of the French authorities, is considered by French officials to indicate that Germany is endeavoring to avoid executing the terms of the treaty.

The discovery is commented upon in connection with reports that a republic has been proclaimed in the Ruhr region. The French, however, are inclined to believe that occupation of the Ruhr district by German troops or the alleged separate government would have as an ultimate effect, if not as a direct object, delay or evasion in executing the treaty terms.

Particular significance is attached here to the discovery of so many field guns in such a small part of Germany in view of the fact that the Germans, according to the demand of the commission of control to which Germany's excess war material and munitions should have been delivered March 10, declared it was impossible whether the munitions were delivered to the allies or destroyed and they were destroying them.

SUPPORT OF GARIBOLDI GOVERNMENT DENIED BONILLAS

MEXICO CITY, (AP)—Unqualified denial that the government will support the candidacy of Ygnacio Bonillas, ambassador to the United States, for the presidency of the republic, is contained in a telegram which President Carranza yesterday sent to Lieutenant Colonel Alvaro Obregon, who also is a presidential candidate.

World News Events

AQUA PRIETA, Sonora, Mex., (AP)—Information has reached the military here that a band supposedly adherents of Villa, crossed into Sonora Thursday night and made an attack on the village of Nuevo Minos, in the southeastern part of the state, and murdered several inhabitants, including women.

PARIS, (AP)—Several cables passing through Ireland, some belonging to the Commercial Cable company, have been cut, according to information received here.

RIO JANEIRO, (AP)—Banks of striking working men were swelled today when waiters, cooks and other hotel and restaurant employes walked out. All restaurants are closed. Troops have been stationed at strategic points in the city and there have been no serious disorders. Government officials declare the strike is the work of foreign radicals.

ATHENS, (AP)—Trial of men charged with seeking to overthrow the present Grecian government was opened today before a special court martial. The court ordered that absent witnesses be brought in by force if necessary.

NEW MEXICO INSTRUCTS DELEGATION FOR WOOD

Action of Convention Comes after Motion to Indorse Without Instructions Falls

SANTA FE, N. M., (AP)—New Mexico's delegates to the national republican convention last night were instructed for Major General Leonard Wood for the presidential nomination. Action of the convention came after a motion to indorse General Wood without instructions was voted down 160 to 80. The vote to instruct for General Wood was unanimous.

EXTENDS VOTE TO WOMEN

Suffrage Ratification Status Disregarded in Illinois Primaries

OHIO, (AP)—Illinois women will be permitted to vote at the presidential preference primary April 12, regardless of whether national suffrage has been ratified by 36 states prior to that time. Attorney General Brandegee today, at the suggestion of Governor Frank Lowden, reversed a previous ruling denying the women the vote.

IDAHO WEATHER
Tonight and Sunday Fair.

GERMAN GOVERNMENT FORCES HOLD WESEL AGAINST ATTACK

Insurgent Workmen Regain Ground About Fortress Lost in Previous Day's Fighting

HOLLAND MAKES PREPARATIONS TO MEET ANY EMERGENCY ON FRONTIER

BRUSSELS, (AP)—Reports from Aix La Chapelle say that the revolutionary workmen who have been besieging Wesel, which is being held by a force of reichswehr, have ceased bombarding the town. A general mobilization of the workers in the Ruhr region has been ordered by the central workmen's committee, the advices state. The workers in the majority of towns have enlisted and arms have been issued to them.

WESEL, (AP)—The workmen's forces attacking Wesel regained late Friday the ground about the fortress which they lost yesterday. As a result of an hour's hard shelling and machine gun work they recaptured Lippe castle, advancing more than a mile from the south.

Observers here, however, generally credit the government forces with sufficient strength to hold Wesel against the attackers.

WORKERS' HOLD ON SAXONY IS NOT POWERFUL

Government Troops Enter Gotha to Round Up Communist Leaders and Make Search for War Munitions

FAKENSTEIN, Saxony, (AP)—Government troops entered Gotha Thursday to round up leaders of workers' parties in that city for trial and ammunition. A long column of troops was passed by the correspondent when he left Gotha and his luggage was searched several times. The village during the long trip here government troops were met several times. At Jena everything was quiet and the workers were organizing a guard. A few miles west of the village Gormwitz was found to be occupied by a small band of armed workmen, who declared that if the troops attacked the place they would fight to the last.

"We didn't know why we fought the allies," said the leader to the correspondent. "But we know what we are fighting for."

Military Organization Weak

Workers have taken over control in towns and cities of lower Saxony, but there was an impression their ascendancy would be short-lived as they were not sufficiently organized in a military way to resist pressure successfully. In this little town, tucked away in a pretty valley 15 miles from Plauen, Max Hoelz, whose regular job is lecturing on anti-aircraft defense, is directing affairs. Widespread reports he had established a soviet republic here made him famous throughout Germany a few days ago, but those rumors are untrue. The burgomaster fled when the upheaval came and workers have since been co-operating with other town officials.

Kidnap City Attorney

One hundred workers, under the direction of Hoelz, entered Plauen Sunday night and kidnaped City Attorney Hubert and held him until he gave up data he gathered for the prosecution in connection with the Communist party's accused of political agitation. Herr Hubert's wife came to Falkenstein and secured the release of her husband, who had been a prisoner for five hours.

Hoelz has established headquarters in the castle of Freiherr Falkenstein, who has fled from the region. The red flag waves in the towers. It was in a room of this castle that The Associated Press correspondent interviewed Hoelz Thursday night. He is a small, young appearing man. He said in part:

Not Ripe for Soviet. "The time is not ripe for the establishment of a soviet form of government. The agriculturists would not approve of it and we would be quickly starved out. We recognize the absolute helplessness of workers in case of armed conflict and will not attempt to physically resist military occupation of Falkenstein. If the troops appear we will call a general strike."

Hoelz for whose arrest there is a reward of 5,000 marks, said the workers' grievance against the government was its militarism, and asserted they would try to weaken the government by agitation.

SOCIALISTS GET BERTHS IN NEW GERMAN CABINET

Herman Mueller Becomes Premier and Foreign Secretary in Ministry He is Authorized to Form

BERLIN, (AP)—Formation of new cabinet for Germany with Herman Mueller as premier and foreign secretary was announced today. The minister of economic affairs, Herr Schmidt, also a socialist.

BERLIN, (AP)—Herman Mueller, who was yesterday authorized to organize a new cabinet, believes one can be formed on the basis of the old coalition. He will make important concessions to trade unions, but some demands will be refused.

Expectations this morning were that the new cabinet, announcement of which was looked for shortly, would comprise socialists, four democrats and members of the center party.

Would Stop Fighting

After a conference at Hague, three socialist parties delegates decided to send envoys to Wesel to attempt to bring about a cessation of fighting there, according to theutsche Zeitung.

Garrison Arrests Officers

The garrison at Glatz, a frontier town of Prussia, 60 miles southwest of Breslau, surrounded at the quarters of their officers and arrested the according to the Vossische Zeitung. The soldiers were armed with machine guns and mine throwers. The capture of the garrison cost himself, the paper says.

Fugitives from Ruhr Tell Tale of Terror

ROTTERDAM, (AP)—Hundred fugitives from the Ruhr district are nearing the Dutch frontier, according to a correspondent of the Courant. Some arrived at Rotterdam Thursday night, bringing stories of the "red terror" in towns through which Spartacists have driven amovsed cars. They confirm reports the correspondent says, that workers' forces are being led by Russians or other foreigners.

Holland Prepares to Meet Any Emergency

THE HAGUE, (AP)—Preparations to meet any emergency at the frontier have been made by the Dutch government, according to authoritative information given The Associated Press. Plans have been perfected for the instant mobilization of three levels of the second division, and if it becomes necessary, city guards and volunteer corps from some frontier villages will be called to arms.

HUNGER STRIKE LEADER IS REMOVED FROM JAIL

Dublin Alderman and Chief of Transport Workers Becomes Hospital Patient

LONDON, (AP)—William O'Brien, a member of Dublin, who was arrested on March 3 during a raid on Liberty Hall and who has been in jail since that time because of a hunger strike, was removed from jail to hospital last night, says a dispatch to the Herald organ of labor.

The case of O'Brien, who is leader of the Irish transport workers, was discussed yesterday in the house commons when it was brought up by T. P. O'Connor, nationalist leader.

WINNIPEG GENERAL STRIKE LEADERS ARE FOUND GUILTY

WINNIPEG, Man., (AP)—Five of the leaders of the Winnipeg general strike last year at this time were found guilty of sedition conspiracy and conspiracy of the long trial here today. One of the other defendants was found guilty of committing a common nuisance, but not guilty of conspiracy and the six other defendants were found not guilty on all seven counts.

BRYAN PREDICTS AMERICA'S ENTRANCE INTO LEAGUE

FREMONT, Neb., (AP)—William Jennings Bryan in an address here today made it plain that he would enter the league of nations on conditions that would leave the country independent to decide when it is prepared to resort to war.

OUR THOUSAND INLAND EMPIRE TEACHERS MEET

Pokane Sessions Expected to Draw Largest Number of Educators Ever Assembled at Regional Convention

POKANE, (P)—Four thousand educators from Washington, Oregon, Idaho and Montana, the largest number ever to attend a meeting here of the Inland Empire Teachers' association, are expected to participate in the annual convention of the organization to be held here on Wednesday, Thursday and Friday of next week, March 31 and April 1 and 2.

Among the prominent educators who have agreed to address the convention are Dr. Marlon L. Burton, president of University of Minnesota; Dr. S. B. Parsons, president of Whitman college; Dr. E. H. Lindley, president of the University of Idaho; Dr. E. O. Holland, president of Washington State college; Josephine Corliss Preston, president of the National Education association and state superintendent of schools in Washington; Miss Ethel L. Bedford, superintendent of schools of Idaho; Dr. E. O. Sisson, president of the University of Montana; and Hugh McFadden, field secretary of the National education association.

The general topic of the general convention sessions will be "Americanization," and most of the speakers will discuss some phase of the actual situation, the same subject will be covered by some of the sectional meetings, of which twenty-eight will be held during the afternoons of Wednesday and Thursday.

The annual business session of the association will be held Friday afternoon. On Wednesday evening, the annual banquet of the association will be held and later a reception will be given the visiting educators by the Spokane Chamber of Commerce.

OPEN GIRLS' INSTITUTION

Back Home to Serve as Vocational School for Juvenile Offenders

HELENA, Mont., (P)—Mrs. L. O. Munsie, a member of the executive board of the new state vocational school for girls, and Miss Edith Kassing, superintendent of the institution, are expected to open the institution next week in Miles City.

Heretofore girl offenders have been confined in the boys' vocational school in Miles City, but the last legislature made an appropriation for a separate institution, which is to be situated on a site a few miles from this city. The building suitable for the institution, the ranch home bought with the property and tents will be used. The building will begin putting in a garden on Monday.

ELK HERD FROM YELLOWSTONE TO BISON RANGE

MISSOULA, Mont., (P)—As the result of co-operation between the state and fish commission and the western Montana Fish and Game association, 10 carloads of elk are to be shipped from the Yellowstone park and placed on the national bison range near St. Ignace, in this county, in the near future. It is estimated that about 300 elk will be shipped to the range if permission is obtained from the secretary of the interior.

ULTIMATE OF SPANIARDS SEEK VISES ON PASSEPORTS

NEW YORK, (P)—Cable dispatches describing crowds seeking visas on passports at the American consulate in Madrid indicate the belief of immigration authorities today that the number of emigrants from Spain to the United States might break all records. "They are of a culture, class and fill undoubtedly make good citizens," said Representative Isaac Siegel, of the house immigration committee.

BE-WARTIME IMMIGRATION OF FOREIGN LABORERS RESUMED

NEW YORK, (P)—Resumption of the pre-war-time immigration of laborers began in earnest today when two Italian steamships arrived here with more than 3,500 passengers, most of whom were in the steerage. The liners were the Duca D'Aosta and America, from Naples, Genoa and Palermo.

NOW

is the time to have your car refinished.

A thorough job of refinishing requires skilled, intelligent workmanship—and good materials. We recommend a thorough job—it is always cheapest in the long run.

The number of cars turned out of our shop each week is proof of our superior work.

SEVENTEEN TIMES HER WEIGHT IN MILK

Mary, owned by F. W. Ayer of Bangor, Me., is the new champion Jersey milk and butterfat producer of the world. In one year she set the mark of 15,255 pounds of milk and 1040 pounds of butterfat. It was a remarkable feat—dairymen say it was about 17 times her weight in milk—and at the present retail price of butter her production brought in \$332. Her weight is 900 pounds.

Starving Prospector Divides Last Crust with Faithful Horse

BUTTE, Mont., (P)—The story of the aged and crippled prospector, who, dying from famine, shared his last provisions with his horse before starting on a trip to obtain relief, came to light here with the discovery of the man's body guarded by his faithful horse. The story was made plain in a note left by the dying man. The prospector, Hans Hanson, lay near death in his cabin in the mountainous country 10 miles south of this city. He had been hemmed in by snow and nobody came his way. Food for himself and forage for his horse were gone, except a little flour. He made the flour into cakes, shared them with the horse, got into the risky wagon and started for Butte through the drifts. They had got about half way when Hanson toppled from the wagon, dead. The horse halted and lowered his head over the master's body. The engineer of a passing train saw the tableau and notified the authorities, who investigated. The note they found explained the tragedy.

Weather Forecast

WASHINGTON, (P)—Weather predictions for the week beginning Monday are: Upper Mississippi and lower Missouri valleys, generally fair first half, unsettled second half with local rains probable. Nearly normal temperatures.

Northern Rock mountain and plateau regions: Occasional rains or snows with night temperatures averaging below normal.

Southern Rocky mountain and plateau regions: Generally fair, with night temperatures averaging below normal.

SUGGESTS BLOCKADE TO DEBAR RUSSIAN VERMIN

Correspondent of Amsterdam Tells of Lack of Sanitation Among Bolshevists

THE HAGUE, (P)—A blockade against Russian vermin is suggested in the place of a commercial blockade by the correspondent of the Amsterdam Handelsblad, who has recently visited soviet Russia. After telling of experiences with various varieties of the pest, the correspondent says: "I had with me soap which the other occupants of this particular cottage looked upon with envy. The family had not seen soap for a year. I was told that in the red army, at least at the Polish front, no measures were taken against vermin at all. The officers and men had become used to them long ago and every one who owns a subject to the typhus had died of it already."

"It is not only Bolshevism which has been lurking in the east but also all that which has been the result of dirt and disease. "And now cholera, plague and small-pox are threatening. Could all the nations not give their resources of established a gigantic hygienic circle about this tremendous now Balkans into which a great part of Europe and Asia has already been changed?"

VETERAN PRINTER RETIRES

PORT BENTON, Mont., (P)—N. T. Chambliss retired from the printing business here recently after 50 years in the trade in Montana. On the average day's work, printers estimated that Chambliss, in his lifetime's toil in this state, set probably 105,000 columns, or 3,500,000 column inches of type, which is about 5,730 yards.

RECIPROCAL RELATIONS

Co-operation, like efficiency and service, has come to be a much over-worked word.

The thing itself, however, remains the same great force.

The relations between this bank and its patrons are of a reciprocal nature, so that there is always insured complete harmony and maximum helpfulness.

Accounts of corporations, firms and individuals are cordially invited.

Your Table Linen and Bill Smith's Overalls

"I would like to use the laundry," said Mrs. Porter, "but I just can't bring myself to the thought of having my table linen washed with Bill Smith's overalls, and Sam Brown's socks."

Mrs. Porter unwittingly exposed in this remark her lack of familiarity with modern laundry methods.

Really, it would make little difference from the sanitary point of view if this mixing were practised, for everything we wash is sterilized as well as cleansed.

But actually there is no such promiscuous washing. The things that come to us in your bundle are all carefully sorted. Hosiery is washed only with hosiery, table linen only with table linen, "pinks" only with "pinks" and so on. Each class of goods is washed separately from every other—and the water renewed from nine to twelve times while laundering is in progress.

This is a method superior even to that of the laundress. You receive your washing back sweetly clean—and pure.

But are you sure of this when you send your washing to some unknown place, where there is no supervision, and little knowledge of modern laundry sanitation?

If you would best guard your own and your family's health, and secure refreshing cleanliness, at moderate cost, call us up. We will send our driver for your family bundle.

NEXT WAR WILL BE DECIDED IN AERIAL BATTLE

Army Air Service Division Head Declares First Encounter Will Be Last of Conflict of Future

NEW YORK, (AP)—The first battle of the next war will be fought in the air, Brigadier General William Mitchell, chief of the division of training and operations, army air service, declared in a statement here today, in which he visualized a decisive aerial conflict. The battle, he added, would also be the last one of the war because the losing nation would be hopeless and unable to continue hostilities after its air fleet had been conquered.

The air service chief predicted that aviation will "completely drive" huge battle cruisers, battleships and other surface ships off the water in the next conflict. "A great air force can render surface craft incapable of operating and stop debarment from ships and attacks on shore establishments," he said.

Describes Giant Planes

Brigadier General Mitchell in his visualization of the great air struggle of the future described vividly the part he believes giant gun-bearing battle planes, bombers, rigid dirigible balloons and armored aircraft of various designs will play in the next war.

With the beginning of the war he pictures a huge fleet of dirigible balloons soaring high above the ocean, and from nests on the tops of these, tiny airplanes are launched, locate the enemy fleet and return with the information. The chief air officer, working in contact with the army and navy, sends his air force against the enemy.

The American fighting planes drive from the sky the enemy pursuit and combat planes launched from the decks of enemy battleships.

"Then comes the main attack by our air forces against the enemy fleet," says General Mitchell. "The battle planes are in squadrons of 25 and four of these constitute an attack group. Circling over the enemy fleet they maintain a heavy fire, destroying personnel and anti-aircraft equipment.

Navy Finishes Job

"With the gun-bearing planes or immediately behind them are the bombers, huge air freighters carrying projectiles weighing up to one ton and depth bombs for effect against submarines. Water torpedoes controlled by wireless from the planes

crash into the sides of hostile vessels, striking the smaller ones and sinking the larger.

"Darkness comes and when visibility from the ships has become poor, huge rigid dirigible balloons carrying enormous weight of bombs, attack their projectiles crashing through the heaviest armor of the enemy ships.

"The navy comes up to complete the work done by the aerial forces the battle is over. The enemy, driven from the air and with most of its ships either sunk or out of action, surrounded by the battle planes first and is also the last of the war. The enemy cannot land his forces."

COX ADVOCATES JUNKING OF INSTITUTIONS OF WAR

Ohio Governor Declares for Excess Profits Tax Repeal and Depreciates Militarism Over Bolshevism

OHIOGAO, (AP)—Speaking Thursday night before the Irons club, a Democratic organization, on the subject of "good faith in government," Governor James M. Cox of Ohio, Democratic candidate for the presidential nomination, charged defeat of the present treaty to a senatorial partition conspiracy and advocated junking "most of our institutions devoted to war."

The governor also deprecated alleged "bolshevism over militarism" and urged protection against running to any extreme. He advocated repeal of the excess profits tax and abolition of federal inheritance taxes and in their stead the levying of a small tax on the volume of business done. Such a tax, he declared, "would neither tend to create excessive prices or be a burdensome matter of collection."

Discussing the senate's failure to ratify the treaty, Governor Cox said: "Upon that body will descend either condemnation or approval because its responsibility cannot be easily denied for the state of affairs world wide."

Though charge and counter charge has been made, the governor said, it is easy to recall "the bad faith exhibited early in the controversy. A dissenting group of senators violated every precedent maintained throughout the years in an effort to vent personal spleen and political spite."

The excess profit tax which he advocated be repealed, was declared to be "a considerable factor in the high cost of living."

Approximately half of the four billion dollars required to operate the government he said, could be saved, could be obtained from a tax of from one to one and one half per cent on the volume of business done by any concern. Such a tax, he said, "would be neither cause nor alibi for excess prices."

Wisdom and Prudence.

There is a courageous wisdom; there is also a false, reptile, prudence, the result, not of caution, but of fear.

Barke.

FARMER-LABOR BODY HAS ITS "WOODROW"

The Farmer-Labor movement has its "Woodrow" At least that was the comment on all sides of Chicago recently, whenever Duane McDonald of Springfield happened into sight at the Farmer-Labor congress. Mr. McDonald is former president of the Illinois State Federation of Labor, but was secretary-treasurer of the National Cooperative League. He is now working for direct trading.

MEMORIAL FOR HERO DEAD

Utah Agricultural College to Erect Tablet on Campus Center

LOGAN, Utah, (AP)—Preparations are being made for the erection in the center of the new campus at the Utah agricultural college here of a large bronze tablet as a memorial to the men of the school who gave their lives in the war with Germany. Below symbolic pictures depicting an angel giving comfort to a wounded soldier on the battlefield will be a square upon which appear the names of all agricultural college heroes who made the supreme sacrifice.

The tablet will be made entirely of Utah metals and possibly the most unique feature of its manufacture will be that its casting will be done by wounded doughboys taking federal vocational training courses at the college.

ESTIMATES HONEY OUTPUT

Utah Bees Produce Product Valued at \$538,256.50 During Year of 1919

SALT LAKE CITY, (AP)—Utah in 1919 produced 2,221,710 pounds of honey from 37,027 colonies of bees, the product being valued at \$533,256.50 on a net sales basis of 15 cents a pound, according to the annual report of F. D. Terriberry, state inspector of apiculture issued here recently.

Mr. Terriberry estimates Utah could support 100,000 colonies, bringing the annual honey crop to 6,000,000 pounds, which at a value of 15 cents a pound, would give a yearly revenue of \$900,000.

Classified Ads are cheap—effective.

ELECTRICITY FOR THE FARM OWNER

What is a farmer's time worth? What is he worth an hour? Does he charge his business—the business of farming—with the value of the time he gives to it? And does he know how much time he is giving to executive work and productive labor and how much to non-productive labor? The farmer who is not giving these things a little thought is not in the front rank of those who are making of farming what it really should be—a business on a business basis.

The average gross income from a farm of one hundred and fifty acres will be something over \$3,000, and to produce that income between 7,000 and 8,000 hours of productive labor are required. This makes the average productive labor hour worth about 40 cents.

To make every one of these 40 cent hours productive of its share of profit, it is necessary to reduce non-productive labor to the minimum, and in farming as in manufacturing it has been found that the best way to do this is to use labor-saving machinery. The small electric light and power plants now in use on so many farms accomplish a lot of this labor saving. Instead of spending hours pumping and carrying water for stock and for all household purposes the modern farm family has an electric pumping system installed, which keeps water at a pressure of fifty pounds wherever it is needed in the house or barn. Grindstones, fanning mills and many other light power appliances in the barn which used to require the toil of two men are now turned by electricity. In the house the pumping, churning, separating, sweeping, washing and ironing are all done by electricity, relieving the farmer's wife of a great part of the burdens which have made her life a hard one. And of course electric light itself makes the farm home a bright and cheerful place to live.

Where electricity serves the farm family we find the best of living conditions, and we find too that every member of that family makes each hour of labor pay a profit.

You can count upon the classified to sell your real estate—and the cost of the advertising will figure surprisingly small.

MONTANA CHURCHES RAISE \$300,000 TO BYRNE'S WORK

BUTTE, Mont., (AP)—The budget of the denominations of Montana represented in the interchurch movement will be about \$300,000 for 1920, it was announced after a meeting of the state committee of that body here. George Beckenborg of Helena, Methodist, has been named financial director of the drive. He served in a similar capacity for the Methodist centenary. Among the estimates are: Methodist, \$121,800; Episcopal, \$41,000; Baptist, \$40,000; Presbyterian, \$28,650; Congregational, \$18,000; Methodist, south, \$6,000.

SCOUTS PLAN RECREATION AT HELENA, MONT.

HELENA, Mont., (AP)—The scouts plan a recreation festival at Helena, an old mining town, on the main "ice" mill, from the main festival will be created, and the festival will be a moderate one for the town in northern Montana. It is planned to establish a large camp for boys of that town.

A woman will sometimes spend an acquaintance—not like every girl, an old mining town, on the main "ice" mill, from the main festival will be created, and the festival will be a moderate one for the town in northern Montana. It is planned to establish a large camp for boys of that town.

THE APEX ELECTRIC WASHER

Saves You Money

Put your dirty clothes and hot water with soap into the tub of the APEX, attach the plug to the electric light socket, touch the button, and the washing—the whole family washing—is done in less than two hours, with no labor and at a very small cost for electricity.

The APEX WASHER is so different, so advanced that you must see and try it to know the great advantages of its improvement. APEX washers have no equals for satisfaction and service.

Before purchasing a Washing Machine, let us demonstrate the advantages of the APEX.

Inquire about our Easy Payment Plan.

THE MAXWELL TRUCK

HE'S FAST ON HIS "FEET"

He responds with spirit to any request. He is up and away in a jiffy, gets over ground faster than bigger fellows, who struggle under the heavy burdens of their own dead weight.

He turns a corner quickly, picks his way in and out of traffic, fairly runs away from most any other carrier when a street's thick with teams and motors.

He therefore makes more trips, more miles in a day, covers more territory, delivers or collects more parcels or freight.

That's why some call him "Speedy" Maxwell. He's there when it comes down to getting a thing done in a hurry.

He might just as well be called "Thrifty" Maxwell, for he's a penny counter, if you like.

He never uses food except when he's working for you and he's almost sure to make you a present of his first coat in one trip around the calendar.

JOHNSON AUTO SALES COMPANY

PLANS FOR VOTE IN AREA TAKEN FROM HUNGARY

Count Albert Apponyi Concludes Statement to Associated Press on Terms of Hungarian Peace Treaty

CLAIMS NATURAL UNITY IS DESTROYED BY PACT

Declares Racial Discussions Embittered, Economic Difficulties Enhanced and Social Dangers Aggravated

TWIN FALLS, (AP)—Count Albert Apponyi, head of the Hungarian peace delegation in the second and concluding article of the Hungarian peace treaty which he prepared for the Associated Press, calls for a plebiscite of the inhabitants of the regions severed from Hungary by the Versailles treaty. He says:

"Comparing Hungary as she was before the war with the new states created or aggravated through the dismemberment, the situation is this:

Finest Natural Unity.

"The Hungary of old is the finest natural geographic unity in Europe. Her limits are fixed by mountain ranges and rivers; whose part are economically independent, so as to make the whole almost self-sustaining. For more than 1,000 years this part of Europe has had no trouble to the east, north, west or south. But even the Slav and Rumanian who would be transplanted to states racially more homogeneous, can simply be 'supposed' to long for such change as they are given many symptoms indicative of the reverse, chiefly among the Slovaks, Rumanians and the Roman-Catholic Jugo-Slavs.

"There is only one way to settle that question with a result that can no more be challenged: it is the plebiscite. Hungary asks for and insists on. In every region claimed by her, she offers to them. But even the Slav and Rumanian who would be transplanted to states racially more homogeneous, can simply be 'supposed' to long for such change as they are given many symptoms indicative of the reverse, chiefly among the Slovaks, Rumanians and the Roman-Catholic Jugo-Slavs.

Count Apponyi declares that 64.5 per cent of the 18,000,000 inhabitants of the 'Hungary proper' was Magyar, 16.1 per cent Rumanian, 10.7 per cent German and the rest Serb, Bulgarian or miscellaneous. Comparing these to the newly organized or aggravated states he says that the population of Czechoslovakia has claimed parts of Hungary containing 2,570,000 persons of which 47 per cent Slovak and 37 per cent Magyar or German. Rumanian claims territories on which live about 2,500,000 souls of which 53 per cent Rumanian and 27 per cent Magyar or German. The population of parts of Hungary annexed by Jugo-Slavia, says Count Apponyi, is only 2 per cent Jugo-Slav, 33 per cent Magyar and 57 per cent German.

Racial Problem Unsolved.

"These figures show that the only principle of organic unity that has been wanting to Hungary's racial unity is 'likewise wanting to the states artificially built up on her ruins; the difference consists only in this, that Hungary was possessed of every other principle of unity, while the new states have none, absolutely none. What is still worse, the leadership in them will be transferred to races of inferior culture, the results of which we may already notice, after one year's occupation of the territories torn from Hungary. There is a wanton destruction of cultural values, universities, high schools and others. On the territory occupied by Rumanians, 5,000 grammar schools are deserted; the former teachers having been expelled and nobody being found to supplement them. In consequence of which more than 200,000 children are left without education of any sort. There is a conspicuously lower level of public functions as the general prevalence of semi-barbarous methods of government.

"What can result from this state of things? Will those people who are violently severed from their beloved old associations only be subjected to alien government of an inferior sort—these 4,500,000 Magyars and Germans torn from Hungary—will

they be reconducted to demoralization, implying economic losses and cultural retrogression? Can the conscience of humanity tolerate such a downfall of millions? Anyhow, it is certain that these new constructions, with no vital principle in them, will be distracted by the permanence of a most violent, because most legitimate, irremediable and lasting, though the assistance and central Europe will know no rest till the equilibrium represented by old Hungary is restored.

"These facts answer the question how far the destruction of Hungary and the constructions planned on her ruins might promote the general principle of mankind? It would confer on our part of Europe the following 'blessings':

- "Racial discussions not assuaged but embittered; permanent unrest, implying danger of new wars.
- "Economic difficulties enhanced; thereby social dangers aggravated.
- "Cultural retrogression in government, leading, general standard of education.

People Not Consulted.

"But how does liberty fare in the proposed peace treaty? In its terms no allegiance to another, without being consulted as to their wishes. In the case of nearly half of them, of Magyars and Germans who should be consulted as to their wishes. In the case of nearly half of them, of Magyars and Germans who should be consulted as to their wishes. In the case of nearly half of them, of Magyars and Germans who should be consulted as to their wishes.

"The plebiscite offers the only solution which combines justice with expediency. It would ensure the tranquility of Europe, since everybody would be where he desires. On the other hand, if our opponents shrink from it, judgment goes against them by default. We accept this crucial test, we are anxious that it should be applied; if our opponents shrink from it, judgment goes against them by default. We accept this crucial test, we are anxious that it should be applied; if our opponents shrink from it, judgment goes against them by default.

Plebiscite Only Solution.

"The plebiscite offers the only solution which combines justice with expediency. It would ensure the tranquility of Europe, since everybody would be where he desires. On the other hand, if our opponents shrink from it, judgment goes against them by default. We accept this crucial test, we are anxious that it should be applied; if our opponents shrink from it, judgment goes against them by default.

Ford

THE UNIVERSAL CAR

The Ford Coupe has an especial appeal for real estate folks because of its splendid up-to-date appointments. A comfortable and dependable motor car every day of the year—shine, rain, mud or snow. Equipped with electric self-starting and lighting system and demountable rims with 3 1/2-inch tires all around it, brings its owner all those established, dependable Ford merits in economy in operation and upkeep, with assured long service. Not alone for professional and business men who drive much, but as the family car for women, the Ford Coupe meets every expectation. The demand for them increases daily so we solicit immediate orders to make reasonably prompt delivery. Will you not make our shop your repair place? Genuine Ford parts and skilled mechanics.

WESTERN AUTO CO.

142 Second Ave. N. Phone 129

The Advance-Rumely Line for 1920

There is one tractor above all others that has proved that it can give dependable service at an economical cost—proved it over a number of years—proved it ever since the beginning of the tractor industry, and this tractor is the Rumely OilPull.

You buy OilPull on performance—not promises.

Consider that "Old Number One," Number Nine, Number Eleven, Number Fourteen and other old OilPulls have been giving dependable service year after year for many years, and that they are still good for many more seasons of day-in and day-out work. There is no tractor built that can match these records of years of dependable, continuous service.

And OilPull economy is as remarkable as OilPull endurance. The OilPull is the only tractor that is guaranteed in writing to successfully operate on kerosene under all conditions, at all loads.

All OilPull tractors are oil-cooled. The OilPull was designed to be cooled by oil instead of water to increase efficiency and decrease trouble. No freezing or boiling over in extreme temperatures. No scale deposits in cylinders or radiator, no rusting of internal parts, no clogging of the circulating system.

Advance-Rumely puts quality first and always will—it believes in and practices the policy—"The life of a tractor, not price, determines its value." Remember, that in anything you buy "You get just what you pay for."

For 1920, there are four sizes of this famous tractor—rated as follows: 12-20, 16-30, 20-40 and 30-60 H. P.

IDEAL SEPARATOR

The same features that for years have characterized the "Save-all-the-Grain" Rumely Ideal Separator will be maintained for 1920. One new size is added, however,—the 28 x 48.

This gives a lineup of five models for 1920, ranging from 22 x 36 up to 36 x 60. It offers a size from the small outfits for individual use to the big outfits that will meet the needs of the largest custom thresherman.

The superior characteristics of the Rumely Ideal are recognized everywhere.

The straw is kept constantly on the move in a steady even flow from cylinder to stacker, due to the exclusive Ideal design. No possible chance for bunching, clogging, winding or choking.

It is this sound fundamental principle upon which the Ideal is built that is responsible for its now famous large capacity, complete separation and thorough cleaning.

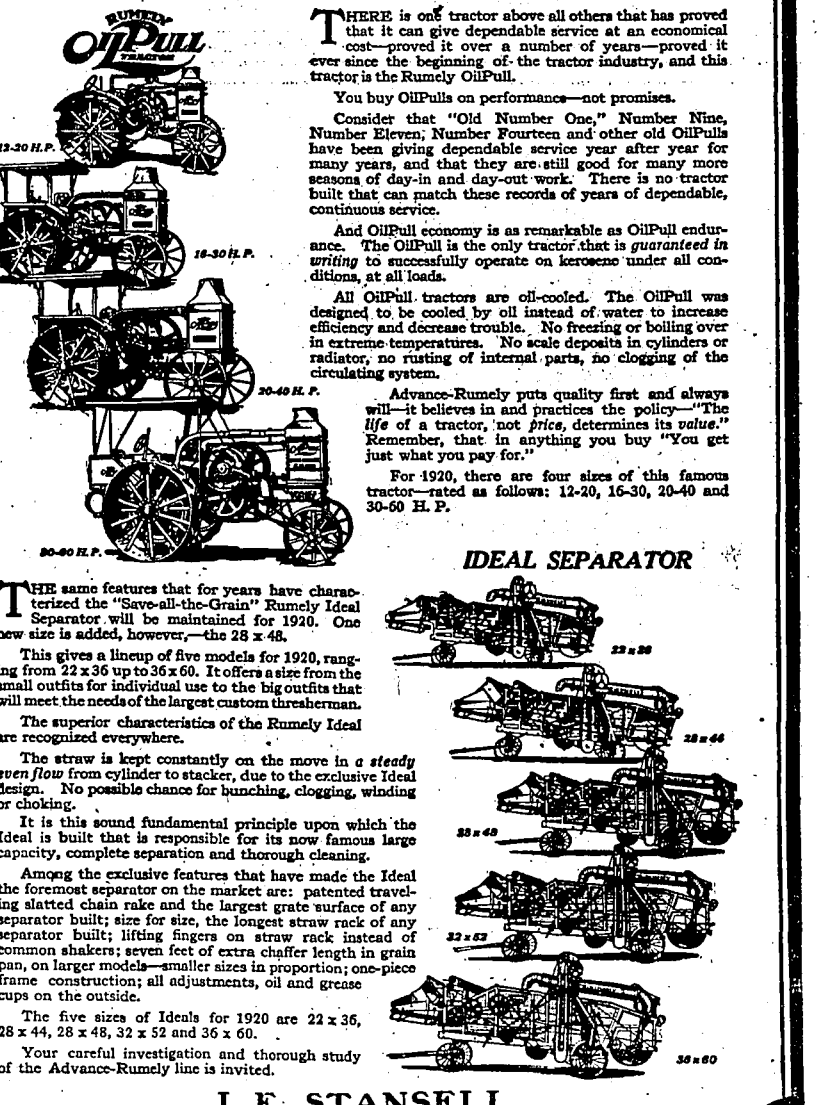

Among the exclusive features that have made the Ideal the foremost separator on the market are: patented traveling slatted chain rake and the largest grate surface of any separator built; size for size, the longest straw rack of any separator built; lifting fingers on straw rack instead of common shakers; seven feet of extra chaffer length in grain pan, on larger models—smaller sizes in proportion; one-piece frame construction; all adjustments, oil and grease cups on the outside.

The five sizes of Ideals for 1920 are 22 x 36, 28 x 44, 28 x 48, 32 x 52 and 36 x 60.

Your careful investigation and thorough study of the Advance-Rumely line is invited.

HUNGARY WANTS MONARCHY RULE

Regent Offers Throne to Former Emperor with Consent of Majority

VIENNA, (P)—Admiral Horthy, regent of Hungary, plans to issue a proclamation establishing a military dictatorship over the country, according to information received from Budapest.

General Bosa, minister of war, is to be made military executive of Hungary, it is said.

GENEVA, (P)—Admiral Horthy, the regent of Hungary, has secretly but officially offered the Hungarian throne to former Emperor Charles with the assurance that everything has been arranged for the return of the Hapsburg monarchy, with the consent of the majority of the population, according to information from Prangins, where the ex-emperor lives.

Admiral Horthy, it is declared, has invited the former ruler to come to Budapest as soon as possible, adding that the question with the allies in connection with the move could be best arranged from the Hungarian capital. The ex-emperor, however, is said to be apparently hesitating, as his course, and has not left Prangins.

MURTAUGH

MURTAUGH—The Boys' Community club met at the home of E. J. Bell Thursday evening. The activities of the class so far have been largely social, but athletic equipment is expected soon, when physical culture will be taken up.

The W. A. R. class held a meeting at the church. After business meeting social time was enjoyed. Refreshments were served. Those present were: Emma Silvers, Orn Silvers, Irma and Nella Campbell, Lucile White, Louise Litchfield, Susie Briggs, Mildred Hartley, Rebecca E. Dudley, Francis Everett and Lloyd Jain, Bob Kende, Mr. Buckley, Owen Campbell, C. V. True, Oliver Johnson, Ralph Day, Ralph Rawlings and the Rev. V. B. Bell.

Mrs. Hymus Pickett, who underwent a critical operation at the Twin Falls hospital recently has returned home. She is reported as getting along nicely. Mrs. L. W. Rawlings is quite sick with grip.

Mrs. C. A. Hinman and two children of Garland, Idaho, have been visiting the past month at the home of Mrs. Hinman's daughter, Mrs. Jess Strong, have returned home.

The Junior Bible class gave a surprise party at the home of Mrs. I. E. Stansell recently. The time was spent with music and games. Refreshments were served. The class presented Mr. and Mrs. Stansell with one of Hoffman's pictures, "The Christ Child." Those present were Mr. and Mrs. James Boyle and daughter, Mr. and Mrs. T. D. Nash, Mr. and Mrs. J. E. Scott, Mr. and Mrs. Bruce Hall, Susie Briggs, Leona Betterly, Ethel Mason, Mr. and Mrs. D. D. Biggers and mother, Wabnetta Biggers.

RUPERT

RUPERT—C. W. Johnson has sold his farm three miles west and one mile north of town to John Singleton of Ogden, Utah. The consideration was \$10,000. Mr. Singleton has taken possession.

Dr. E. M. Keeler, general secretary of the Sunday School association, arrived from Boise Tuesday and held a convention in the Methodist church Tuesday afternoon and evening.

Word was received here the first of the week by relatives of the wedding of Miss Amy Johnson of Rupert and Ray Brown of El Paso, Texas, at El Paso, Monday, March 22.

W. F. Shelby had word the first of the week that his wife's second cousin, Clarence Koller, who lived in Arkansas, had shot and killed his mother-in-law and had probably fatally wounded himself.

Mr. and Mrs. J. C. Clemans and family have gone to Riverside, California, where they will spend the summer.

Mrs. J. R. Leeright and William Trahen are enjoying a visit from their parents, Mr. and Mrs. Trahen, of Mountainhome.

W. A. Morgan has arrived from Perry, Missouri, to look over the country with the intention of making a change in location. Before returning

home he will visit old friends in Idaho Falls.

Mr. and Mrs. W. E. Stewart and three children of Infield, Illinois, have returned to Rupert expecting to locate on the project. At present they are visiting with old friends from Infield, Mr. and Mrs. G. Bailey.

Mr. and Mrs. E. A. Clark and four children arrived in Rupert Monday of this week from Cedar Rapids, Iowa, and expect to locate here. Mr. Clark is a brother of Mrs. C. E. Bousa.

Mr. Brown has word of the marriage of his youngest son, Uhl W. Brown, at Pocatello Sunday, March 21. The groom has been away from Rupert most of the time for six years.

Charles and George Donaldson were called recently to Springfield, Oregon, on account of the serious illness of their father, who had the flu some time ago and is now suffering from complications. Word received relative to his condition is not very favorable.

Mr. Johnson, who has had charge of the power house at the Mindoka dam for some time, has resigned and will leave his family for Los Angeles about April 1. Their daughter, Miss Norma Johnson, who has been attending the state normal school since last fall, is at home to make preparations for leaving.

Mr. and Mrs. Luther Bailey arrived the first of the week from Chagwater, Wyoming, and are visiting at the home of his parents, Mr. and Mrs. G. Bailey. Miss Zino Hymus is reported still critically ill.

HOLLISTER

HOLLISTER—Mrs. S. P. Hahn returned from a Twin Falls hospital, where she has been undergoing treatment. Her daughter, Miss Bonnie Kimball, of Portland, accompanied her home.

The Epworth league of Twin Falls gave a play at the auditorium Friday for the benefit of the Hollister high school library fund.

Andrew Peroboom of Pocatello is spending a few days visiting his parents on the farm.

A dance is promised for Saturday, April 3, at the Springdale schoolhouse. Leo McCracken returned Monday from Lava Hot Springs, where he has been taking treatment. He has resumed his position with the Hollister Auto company.

The Toastkilo club meets next Thursday at the home of Mrs. Eli May. Mrs. Hollie Hart and baby have returned from Twin Falls.

N. Y. FOLLOWS PAN AND SHOWS KNEES

Here is the 1920 fashion starter. It is the new creation from Paris, skirts to the knee. New York women have adopted the style as this new photo from Fifth-av shows. Maybe the women in other parts of the United States will be slower in taking up the new style—but fashion makers say it is bound to come. The material is here perot (jill).

Three-Handed Cook Dial

A patent has been granted for a device featured by a sort of three-handed clock dial to indicate the day of the week, day of the month and hour when a man absent from his office will return.

Quite Welcome

"I went up to the front door of the lodging house and rang, and when the landlady came I asked, 'Can I stay here?' She answered, 'Yes, you can stay there as long as you like,' and slammed the door."

PRIVATE SUSPICION HAS NO PLACE IN HELENA'S CANDIDACY

HELENA, Mont., (P)—A man who signed "A. A. Hill of Minneapolis, Minn.," has written a letter to the Helena Independent announcing his candidacy for the republican nomination for governor of Montana.

"I hereby announce that I am a candidate for the governor of Montana," the letter reads, "both as free trader and government ownership (sustaining) republican. A decent workshop would cost about \$2,000,000 and to figure on about \$100,000 a year for repair to have a nation in first

rate provision. It ain't much to depend on private suspicion."

rate provision. It ain't much to depend on private suspicion."

About the Swingknife.
A swingknife is a wooden sword, 18 to 24 inches long and 8 to 10 inches broad, used to scrape the woody portion from fax, a handful of which hangs over a groove in the standing board known as the swingstock. Swingknives are still used in the manufacture of fax in the part of the Old World, but modern machinery has pretty generally displaced them.

Lived With Needles in Heart

A woman physician spoke recently in a lunatic asylum in England, told her nurse a year ago that she had stuck a needle into her heart. The nurse found what seemed to be the simple pin sticks over the heart. The woman died in August, and an autopsy revealed two needles stuck into the heart.

Beggars in India.
India has the most beggars of any country in the world.

WIN FALLS DAILY NEWS
Published every afternoon except Sunday
Published by Twin Falls Publishing Co., Inc.
(Established 1904)

MEMBER OF ASSOCIATED PRESS
The Associated Press is exclusively authorized to use for publication all news items credited to it, or not credited to it, in this paper, and all news items of special dispatch herein are also reserved.

LABOR AND PUBLICITY
The following story was published recently in a large number of newspapers under a Washington dateline:

Plans for a chain of co-operative newspapers to be owned and run by organized labor and to include every large industrial center of the country are under way.

Twenty-seven copies of them dated March 27, 1920, are being distributed. Co-operative newspapers are part of the program of the all-American labor federation.

Inquiry as to the authenticity of this story brings the following from the Washington correspondent of "The American Press":

The American Federation of Labor has nothing whatever to do with the proposed plan of a chain of co-operative newspapers, although the subject may be taken up at a coming Chicago conference.

The suggestion and talk of this co-operative plan, as they tell me at the American Federation, comes from Walter Lippitt in connection with the Nonpartisan League and not with organized labor, although efforts may be made to get organized labor's endorsement of the plan if the Nonpartisan League and organized labor can get together at the conference.

Representatives of the American Federation of Labor have talked about the great cost of establishing papers and doubt whether the American Federation would undertake to do anything. They believe it would be very hard to get circulation for class newspaper outside of the class immediately interested.

Their object is to reach the people who are not already with them through mediums that are read by people who are not strictly interested in labor.

THE WORM TURNS
Anyone feels privileged to libel a newspaper.

The newspaper must guard its language when it makes any statements derogatory to the character or reputation of a citizen, and be able to prove them, but the newspaper itself is considered a fair target for any charge that any person sees fit to make, supported or unsupported by the facts.

This condition may be changed by a suit that is now being tried at Eau Claire. The Normanden Publishing company of Grand Forks is suing the Fremad Publishing company of Eau Claire for \$100,000 damages, the claim for libel being based on the publication of a statement intimating that the Normanden was one of the "bought press" and had sold its editorial support.

The case is interesting and if the facts are as the Normanden alleges, we hope the Grand Forks publisher gets more than a nominal verdict. It might have a wholesome effect in North Dakota, where we hear a lot of talk about "kept press" from a press that is wined body and soul.

NAME NEVADA DELEGATES
Republican Voters Ballot on Representatives to State Convention

RENO, Nev., (AP)—Republican voters went to the polls this afternoon to elect delegates to the state convention which will elect delegates to the national republican convention. The state convention will be held in Reno on April 24. Many counties will hold no primary election, delegates to the state convention having been named by the general committees under authority delegated by the state central committee in cases where no candidates filed nominating petitions. In Washoe county a ticket containing candidates to be voted on for General Leonard Wood was circulated. No direct choice for president may be registered by voters in today's primary.

BRYAN OPENS CAMPAIGN FOR DEMOCRATIC FACTION

Declares Purpose to Stand in Convention for Prohibition Endorsement

LINCOLN, Neb., (AP)—W. J. Bryan began his campaign in Nebraska yesterday, speaking at the town of Elmwood in the afternoon and concluding with an extended speech at Lincoln last night. His address in the Lincoln was intended more especially for women voters, but there were many men present. Bryan said the democratic party was in a position to make a strong appeal for the support of the women of the nation because it is more free to take the side of the organized labor movement than any other political party. Women, he said, would naturally come to the aid of democracy in its fight against compulsory military training, and because of their espousal of the league of nations.

His campaign in Nebraska, he said, would be in the interest partly of the faction of the party which presented a platform for the endorsement of a national convention, of which he was one. Mr. Bryan said he was making his canvass in order that he might stand in the San Francisco convention for the endorsement of the platform of the party and for the enforcement law enacted by more than two-thirds of the present congress.

Referring to the presidential candidacy of Senator G. M. Hitchcock he said he regretted he was compelled to withhold his support from any Nebraska democrat who applied to the office. "If I support Mr. Hitchcock, I would have to ignore the welfare of the democratic party, as well as repudiate my own course."

Mr. Bryan said Governor Edwards of New Jersey was at this time a candidate for the democratic nomination for president, and his name was entered on the Nebraska primary ballot, but it was withdrawn because the New Jersey executive committee had decided to support Mr. Hitchcock's chances by dividing the vote of the state.

Mr. Bryan said the program of the liquor element in the party was to adopt the platform of prohibition as the permanent policy of the party and to elect a non-committal candidate at San Francisco. He reiterated if he was elected a delegate, and Senator Hitchcock received the preferential vote, he would endeavor to support him for the nomination.

SENATOR JOHNSON OPENS CAMPAIGN IN NEW YORK

Declares League of Nations is Dominant Issue in Presidential Contest

BUFFALO, N. Y., (AP)—Senator Hiram W. Johnson of California, candidate for the republican presidential nomination, opened his New York state campaign here yesterday and last night with speeches in which he declared that the league of nations must be the dominant issue in the coming presidential contest. "Between the president and those of us who have been making this fight in Washington there is just this difference," said Mr. Johnson at a meeting tonight. "I would not vote a single American boy across the sea to his death in a boundary dispute between Rumania and Serbia or any other European country. If I had the power I would send into every man's mind article ten of the league of nations. I would make you understand that which is the guarantee to preserve the territorial integrity from external aggression of every nation on the face of the earth. America is the only nation which, on a referendum, has said Senator Johnson, reciting the territorial concessions made by the peace conference to allied nations. He declared that President Woodrow Wilson was "hoodlacked" by Premier Lloyd George and Clemenceau in Paris.

LOWDEN ASKS PUBLICITY FOR CAMPAIGN EXPENSES

Offers to Join with All Other Candidates for Nomination in Submitting Records

CHICAGO, (AP)—An offer to join with all other candidates for the republican presidential nomination in submitting to Senator Borah a record of the expenses of his campaign was made last night by Governor Frank O. Lowden, in a telegram to the senator for in reply to the latter's charges in the senate yesterday in connection with the expenses of presidential candidates. The telegram follows: "The statement made yesterday in the senate today, as reported by The Associated Press, with reference to the expenditures by the various candidates in the presidential campaign to me, so far as it applies to me, is in no way warranted by the facts. I will gladly join with all other candidates for the republican nomination for president in submitting to yourself, or to a committee to be appointed by you, all expenditures made in the campaign, together with names of contributors and money contributed, and all books, records and vouchers, for the purpose of the widest possible publicity. I sincerely hope this may be done and at once."

TARGET REENTERS RACE

INDIANAPOLIS, Ind., (AP)—Thomas Taggart will be the democratic candidate for nomination for United States senator in Indiana. An announcement that he had reconsidered his withdrawal from the race was made today by the democratic state committee, which met in special session in Indianapolis.

BORAH CHARGES ATTEMPT TO BUY UP CONVENTIONS

Concentrates Attack on Wood and Lowden Backers; Predicts Democrats Move

WASHINGTON, (AP)—A direct charge that big financial interests were trying to buy the national conventions of both the republican and democratic parties was made in the senate yesterday by Senator Borah, republican, Idaho, in a speech advocating congressional action to regulate the convention expenditures of candidates for the presidency.

Concentrating his attack on the backers of Major-General Leonard Wood and Governor F. O. Lowden for the republican nomination, Senator Borah declared the Wood managers were attempting to control the republican convention by the use of money. "While the Lowden organization apparently was spending even greater sums to gain support for their candidate. Within ten days, he predicted, two national assemblies, which he did not name, would be found spending quite as much as any republican in the field.

The speech brought on a heated debate, in which the Governor Messer, republican, New Hampshire, manager of General Wood's Washington headquarters, made a general denial that excess funds had been used in the Wood campaign. "If any money had been spent except 'legitimately and necessarily,'" he said.

DEPOSED ASSEMBLYMAN SPENDS NIGHT IN JAIL

Attempt to Incite Riot is Charge Against New York Socialist Leader

PHILADELPHIA, (AP)—Charles Bolomon, one of the socialist assemblymen unseated by the New York legislature, and three other New Yorkers were in jail here today charged with inciting to riot. They were arrested last night when police broke up a meeting in Labor Lyceum to protest against the unseating of the socialist members of the New York assembly. They will be given a hearing today. Although there was great disorder and several fights when the police opened the doors, the socialist speakers, no one was hurt.

At the request of the commonwealth, four New York labor leaders, including the four socialist assemblymen, were held in jail overnight because of alleged radical utterances of one of the speakers, no one was hurt. At the request of the commonwealth, four New York labor leaders, including the four socialist assemblymen, were held in jail overnight because of alleged radical utterances of one of the speakers, no one was hurt.

NIGHT RIDERS RESUME ACTIVITY IN KENTUCKY

First Outbreak in 13 Years Reported as Result of Tobacco Growers Protest

MAYFIELD, Ky., (AP)—The first outbreak of night rider troubles in 13 years occurred here last night when between 200 and 300 tobacco growers from the northern section of Graves county visited the Mayfield tobacco plant and applied the torch. The renewal of night riding is said to be the result of the fight of tobacco growers of this section of the state against the dropping prices of tobacco. Growers recently organized and hundreds agreed not to sell their crops on any warehouse floor. Recently twenty McCracken county growers, at the point of shotgun, forced several growers coming to Paducah with their tobacco to turn back.

FARMER USES TELEPHONE TO AVERT TRAIN WRECK

Discovery of Suspicious Looking Persons on Right of Way Leads to Forestalling Plot

GALESBURG, Ill., (AP)—An attempt to wreck the Chicago, Burlington & Quincy westbound passenger train No. 2 two miles west of Napoleon last night was frustrated by a telephone call from a farmer. It became known here today. Farmers living near the right of way noticed suspicious looking persons along the track early in the morning and sent a telephone message to the train dispatcher in Kewanee, who warned the train crew. Running at high speed the engineer discovered a large fire across the track. It is reported that \$150,000 was in the safe in the express car.

CAMBRIDGE WINS RACE BY FOUR GOOD LENGTHS

LONDON, (AP)—Cambridge won the second boat race from Oxford on the Thames. It was officially announced that Cambridge won by four lengths. The time was 21 minutes, 11 seconds.

You can get your message to an employer, looking for capable people, through the classified.

Today's Markets

New York Exchange
NEW YORK, (AP)—Eliminating a few of the high priced specialties, the stock market was generally higher and in a number of instances at best quotations of the week during today's short but lively session. The gold import movement and strength of exchange continued to sway sentiment. Further extensive covering of short contracts was observed in motor shares, equipments and steels, where extreme gains ranged from two to almost ten points. Shipping, oil, coppers and utilities also recorded substantial advances, but rails were a negligible quantity. Realizing for profits cancelled many gains in the later dealings. The closing was strong. Sales approximated 750,000 shares.

Liberty Bonds
NEW YORK, (AP)—Final prices of Liberty bonds today were: 3-1/2% \$97.50; first 4-1/2% \$99.00; second 4-1/2% \$99.00; third 4-1/2% \$99.00; fourth 4-1/2% \$99.00; Victory 4-1/2% \$97.50; Victory 4-1/2% \$97.50.

Grains and Provisions
CHICAGO, (AP)—Frosh upturn in the price of corn resulted today from lack of offerings. The fact that houses with eastern connections were purchasing rye tended somewhat also to encourage bulls in corn. Demand for corn, however, was light, mostly from shorts. Opening prices, which ranged from 1-8 off to 1c advance, with May \$1.59 to 1.60 1-2 and July \$1.50 1-4 to 1.51, were followed by a slight gain and then by moderate gains all around.

Subsequently a sharp break took place owing to increased selling on the advance and to announcement that 60 per cent of eastern cars arriving at elevators here would be allotted to the United States grain corporation and loaded with wheat, not corn. The close was weak at the same as yesterday's finish at 5-8 lower, with May \$1.55 7-8 to \$1.56 and July \$1.50 1-8 to \$1.50 1-4. Oats were relatively firmer with corn. Seeding delays attracted some notice. After opening unchanged to 1-2 higher, including July 79 1-4 to 79 1-2, the market continued to gain.

Provisions had an upward slant with hogs and grain. More optimism, too, was reported in regard to the export outlook.

Cash Quotations
CHICAGO, (AP)—Wheat—No. 3 Northern spring \$2.50. Corn—No. 3 mixed \$1.02; No. 3 yellow \$1.01 to \$1.01 1-2. Oats—No. 2 white 95 1-4 to 95 3-4; No. 3 white 93 to 94 1-2. Rye—No. 2 \$1.77 1-2 to \$1.78. Barley—\$1.45 to \$1.57. Timothy seed—\$9.00 to \$12.50. Clover seed \$45.00 to \$50.00. Pork—Nominal. Lard—\$20.80. Ribs—\$18.00 to \$10.00.

Chicago Livestock
CHICAGO, (AP)—Hog receipts 8,000; 10 to 20c higher; bulk \$14.20 to 15.30; top \$15.50; heavy \$13.80 to 14.90; medium \$14.50 to 15.40; light \$15 to 15.50; light light \$14.80 to 15.30; heavy packing sows, smooth \$13.15 to 13.65; packing sows, rough \$12.50 to 13; pig \$13.50 to 15.25. Cattle receipts 2,000; compared with a week ago: light and medium weight steers mostly 25c lower; heavy weight 50 to 60 cents lower; good and choice heavy shorthorn 25 to 30c lower; others mostly 15c lower; stall calves generally \$1.50 lower; stockers and feeders steady to 25c lower. Sheep receipts 3,000; compared with

Omaha Livestock
OMAHA, (AP)—Hog receipts 10,500; market unevenly steady to 5c higher; top \$15.25; bulk \$13.75 to 14.75; heavy weight \$13 to 14.50; medium weight \$14.50 to 15; light weight \$14.75 to 15.25; light light \$14.25 to 14.75; heavy packing sows, smooth \$12.75 to 13.25; packing sows, rough \$12.25 to 12.75; pig \$11.50 to 14.25. Cattle receipts 600; compared with a week ago: good and choice steers and yearlings steady; others weak to 15c lower; cows and heifers 15 to 25c higher; canners, cutters, veals and bulls steady; good and choice feeders steady; others and shorthorn fully 25 to 50c lower. Sheep receipts none. Today's market steady. First consignment spring lambs 80 head, average 50 pounds, \$23; compared with week ago lambs \$1 higher; sheep 25 to 50c higher; feeders steady. Chicago Produce
CHICAGO, (AP)—Butter lower; creamery 50 to 60c. Eggs unsettled; receipts 17,235 cases; firsts 44 to 44 1/2c; ordinary firsts 41 to 42c; at mark cases included, 41 to 43c. Poultry alive, higher; springs 38c; fowls 2c.

Potatoes
CHICAGO, (AP)—Potatoes firmer; receipts 23 cars; Northern White Round, bulk \$8 to \$10; and other \$8.20 to 6.05; Western Russets, sacked \$6.75 to 7.

COMMUNISTS TO RESIST ATTACK UPON CHEMNITZ

Threaten Resumption of General Strike in Event Government Troops Secure Control in Saxony

CHEMNITZ, Saxony. (AP)—Communists are firmly entrenched in control here and prepared to resist attacks by government troops which may be sent against the city. In the event the troops secure control, a general strike may again be called. Heinrich Brandler, chairman of the executive committee of the workers, declared Friday his followers were closely co-operating with workers in the Ruhr valley. "We do not expect an attack, as the government forces are too weak," he said, "but if it comes we will resist."

There are 12,000 men under arms in this district, and Brandler said the workers' leaders could call upon not only the 12,000 men but also the 92 per cent of the population, but those of the entire Vogt land and Ore mountain regions.

The town confirmed Brandler's declaration that workers were co-operating with the municipal authority without interfering with the latter. Brandler branded as nonsense reports that a soviet government would be established.

AMERICAN RHODES SCHOLAR HELD OVER IN CAMBRIDGE

LONDON. (AP)—Two American Rhodes scholars helped Oxford materially in defeating Cambridge here this afternoon in the first dual intervarsity track and field games held here by the great universities since arch, 1914. The final score was, Oxford 51-2 events; Cambridge, 41-2 events, first places only counting in the meet.

H. S. White formerly of Bowdoin college, won the running high jump for Oxford with a leap of 5 feet, 7 inches and immediately followed with the high bar jump which he added two inches to his performance. I. J. Feather, an American Rhodes scholar, won the hammer throw, with a throw of 100 feet, 11 inches.

RULES WIFE MUST QUALIFY AS CITIZEN WITH HUSBAND

STERLING, Colo. (AP)—The wife of any man who wants to be naturalized in the district court here must qualify for citizenship with her husband, according to a recent ruling of Judge Stephenson.

Under the suffrage amendment, the judge ruled, the woman because she becomes a citizen with the husband and has the right to vote, should qualify under the same terms as does the male adult.

STORM BLOWN AVIATORS OFF COURSE OVER DURANT

OAKLAND, Cal. (AP)—Cliff Durand and Lieutenant G. W. Pickup who started today in an attempt to carry a mail sack to Reno, Nev., landed today in Merced county, Cal. For several hours they were at an altitude of 12,000 feet and battled against a 100-mile wind and a storm of sleet and snow that blew them off their course. They will return to Oakland.

RAILWAY DIRECTORS VOTE TO DECLINE GOVERNMENT AID

CLEVELAND, O. (AP)—Directors of the New York, Chicago and St. Louis railway at a meeting here today voted to accept the six months' government guarantee of the standard return under the new railroad law, it was learned today. The directors decided they did not need government aid.

Ukrainians Capture Great Russian Port

PARIS. (AP)—Odessa, the great Russian port on the Black sea, has been occupied by Ukrainians under General Pavlenko, commander of the Ukrainian national army, according to information received by the Ukrainian mission in Paris today.

The Man.

Balzac left in manuscript a chapter which he called "Theorie de la Demarche." In which he says, "The look, the voice, the respiration and the attitude or walk are identical. But as it has not been given to man the power to stand guard in once over these four different simultaneous expressions of his thought, watch that one which speaks out the truth, and you will know the whole man."—Life of Balzac.

Word to the Women.

It may not beget undue attention, but 240,162,943 needles were made in the United States last year. It would be pleasant to figure how many hours of labor, based on the proverb that a stitch in time saves nine, would have saved the women of the nation if all these needles had been applied at the psychological moment.

Tribute to Great American.

Carlyle and a friend were walking a street in London many years ago, and suddenly Carlyle gripped his friend's arm and said: "Who is that man that passed?" And the friend replied: "That is Daniel Webster of Massachusetts." And Carlyle said: "He looks like a walking cathedral."

TO WHOM IT MAY CONCERN

If you are contemplating building a house and wish your work done right, without trouble, would advise that you insist upon contractors using only Union men. For information telephone 103.—adv.

PLANNING THE SUMMER FROCK EARLY

The Summer frocks are interesting that the women who plan well ahead that their clothes may be ready when warm days fit all of their needs. A recent fashion designer has advanced a spring model in the ever-popular figured voile, the short waist and long lines to the skirt, with a high collar and that big leghorn hat with its streamers in dainty pink is cooling in wear as well as looks.

BATTLESHIP IDAHO IS LEADING IN GUNNERY

That the U. S. battleship Idaho is standing up to date first in gunnery among the battleships of the Pacific fleet, and second in engineering performance is word received by Nowell S. Wright of the chamber of commerce from W. A. P. Thompson, ensign of the Idaho.

A large picture of the Twin Falls, now the property of the chamber of commerce, is to be placed on the walls of the Idaho, in accordance with the plan to send out and post in conspicuous places throughout the country pictures advertising the Twin Falls district.

PEOPLE OF COUNTY GIVE \$1,190 TO Y. W. C. A. FUND

In a recent campaign for funds to support the Y. W. C. A. Twin Falls county subscribed \$1,190, according to a report just made by Mrs. H. J. Youngs, county director.

The report shows the following figures: Twin Falls city, \$300.35; Big Triangle club, \$300; city of Buhl, \$200; Piler, \$110; Kimberly, \$101.50; Boise Women's association, \$80; churches and church societies, \$32; Hannon, \$32.50; rural clubs, \$32.15; Curry district, \$23.00; D. A. B., \$6; Twentieth Century club, \$10.

Dr. Evans, the ophthalmist, is in his office but will leave next Thursday to go on a few days. He fits glasses correctly and attend each case one year. B. C. Evans, office over Elmer's Drug Store, 130 E. Main St.—adv.

Maryland in History.

The city of Baltimore was founded in 1723. Frederick in 1745 and Georgetown in 1751. Maryland played an honorable part in the Revolutionary war, and in 1783 congress met at Annapolis, where, on December 23, after the conclusion of the war, Washington resigned his commission as commander in chief. In the war of 1812 the state suffered severely. Fort Mifflin was bombarded by the English fleet in September, 1814, this battle being the occasion for the writing of "The Star Spangled Banner" by Francis Scott Key.

Social Notes

The Wednesday Evening Musical club met at the home of Mrs. D. E. Regan. After an hour's business session the following program was given:

Il Trovatore (Verdi), by Agnes Stronk; "Moonbeams Over the Lake" (Fitzpatrick), by Verma Bates; "Spanish Lullaby" (Marrall), by Kenneth Hardesty; "Album Leaf" (Egging), by Bernice Walker; "Life of Dudley Buck," by Ruth Nye.

Refreshments were served after the program had been played. The hostesses were Beatie Bowen, Agnes Stronk and Verma Bates.

The ladies of the Mountain View club gave banquet for their families at the home of Mrs. L. H. Giffen Wednesday evening. There were about 60 present. A musical program was rendered, after which Mr. Goodrich gave an able talk on the "Near East." The club auctioned a quilt. Mr. Nicholson gave \$12.50 for it. Those who were not fortunate enough to get the quilt gave an offering of \$1.50, making a total of \$23.75 given to the "Near East relief fund." The next meeting will be at the home of Mrs. Phoebe France, Wednesday afternoon, April 7. Refreshments may bring their fancy work and spend a social afternoon.

The Star Social club will be entertained April 5 by Mrs. C. C. Higgins and Mrs. J. P. Johnson at the home of the latter, 137 Ninth avenue east.

The Shamrock club was entertained by Mrs. L. D. Dallas Thursday afternoon. After the business session a general good time was enjoyed by all. The club will meet with Mrs. Mart Dean April 8.

Mrs. Forest Wich and Mrs. Emery Poltz entertained the Penelope club at the home of the former yesterday afternoon. Refreshments were served. Madames O. R. Keith, J. L. Mee, A. H. Corbett, Granville Haight and Miss Jessie Wolfe were guests of the club.

Mrs. Thad Patton entertained the Blue Lakes Boulevard club yesterday. The afternoon was spent with a keystone and social hour and a two-course luncheon was served. Those present were Madames Jere Long, Moses Stearns, J. D. Riggs, William Bush, Charles Barrow, Cavanaugh, Drua Statts, Frank Brown, Kinneer, J. A. Campbell, and A. C. Rutherford.

Mrs. H. S. Beals entertained at a luncheon for the home on Eighth avenue east yesterday afternoon. The guest list included Madames H. Nunnemaker, C. L. McMillen, C. H. Davis, E. C. Ector, V. Pierce and H. Hinggard. Refreshments were served by the hostess, assisted by Miss Lena Gochem.

Mrs. J. P. McClure entertained at a party last evening for her son, Robert, from five to seven. At six o'clock dinner was served and the remainder of the time was devoted to games of various kind. Those present were Thomas Warner, Lloyd Barrett, Tom and Frank Peavey, Charles Mull, Norman Alvord, James Ball and Richard Duvall.

Columbia, Mo., 5,410, increase 399, or 7.2 per cent.

Grand Island, Neb., 13,000, an increase of 3,634, or 35.2 per cent over 1910.

Scotts Bluff, Neb., 6,912, increase 5,161, or 248.9 per cent.

Jamestown, N. D., 6,627, increase, 2,269 or 52.1 per cent.

Hastings, Neb., 11,947, increase 2,209, or 24.7 per cent.

EMPLOYERS' ASSOCIATION

IS THE FARMER INTERESTED?

There is a movement on foot to get the sympathy of the farmers for organized labor. To get the farmer to support the efforts of the unions to secure and maintain a closed shop. To convince the farmer that he should patronize only those merchants whom the unions have endorsed.

BE FAIR, MR. FARMER

If you believe that a contractor or a business man should be COMPELLED to hire a union man do you also think YOU SHOULD? Do you want Union rules and Union hours on your farm? Do you want a Union Blacksmith to shoe your horses and a Union Teamster to drive your team? And during working hours a Union Blacksmith in town cannot drive a team or a Union Teamster drive a nail.

THOSE ARE THE FACTS

If the merchant in the city is fighting for the right to RUN HIS OWN BUSINESS don't you intend to fight for the same RIGHT TO RUN YOURS? Do you intend to help to build-up a Union monopoly in THE TOWN so that, in turn, the town monopoly will help to force union labor ON YOUR FARM?

HOW THE UNION WILL HELP YOU

Mr. Farmer, do you want union help on your farm so that every time there is a strike called in the city your help may strike IN SYMPATHY? Do you want your Tractor Engineer to belong to a union and then, when an engineer down the line is discharged, your plowing or your threshing may stop until the man down there is reinstated? Do you want the Central Labor Council to tell you what union your own boys MUST JOIN; how many hours they MUST WORK; what kind of work they CAN DO and if you have more than one boy whether he can work AT ALL on your farm? Union labor DOES ALL of those things in the city.

INFORMATION

For the information of the farmers and the business men of this community, we intend to publish from time to time the Rules and By-Laws of the various unions in Twin Falls and give every one interested an opportunity to judge of their fairness and justice.

SALOONS MEANS GREAT BOOM FOR ALL BRANCHES OF SPORTS

B. C. Tournament at Peoria Breaks All Records in Entries Despite Lack of Liquid Refreshments—Expert Declares Athletics Will Prosper Under Dry Regime Against Opposition

By E. W. DICKERSON

EVERYBODY (Special)—Whatever else you think of it there is no question that a dry country is a big one to all branches of amusement. It does not stand around with its hands on its hips and wait for the brass rull instead of some show he started out to. During the summer months thousands watched the score boards. Thousands undoubtedly will get out more often and into sports of all kinds. The theaters are doing good business all over the country. The first taken out of a lot of it, but what is one man's loss is another's gain. The real pleasure of inebriated hole in golf is lacking unless there happens to be some one in the party who is *EXPERT*. The party who figured ahead for emergencies. The writer was of opinion that bowling never would be the same without the liquid element. Most bowlers accompany the exercise with, but interest in all parts of the country has increasing instead of decreasing. The A. B. C. bowling tournament at Peoria has broken all records. A number of teams entered. Bowlers have found out that they can get along without "suds" and still enjoy the game. Those who found their amusement towns are more apt to seek other means to take the place of those which held them in the wet days. All sort of amusement should profit. It is because of such occasions many of the minor leagues raised their salary limits several hundred dollars a month, as well as their prices of admission. Every town seems to have more money now than they ever had before, but that condition has existed since the war, and long before the entire country went dry. The summer resorts all preparing to handle more people next summer, than they ever have before. Municipalities throughout the country are contributing to the increase of interest in sports by adding the number of municipal golf links, grounds, baseball fields and tennis courts. Twenty years ago such actions have been condemned as a waste of funds for no particularly good purpose.

Municipal Golf Links Certain.
The time is coming when every city

in the country of over 10,000 inhabitants will have municipal golf links. If you do not happen to be a golf enthusiast, do not deride the game until you have tried it. The greatest number who play the game for sport is in taking their turn at the bat. In golf you always are at bat and get about the same thrills out of a long hit that you get in baseball. The writer knows dozens of baseball enthusiasts who scoffed at golf for years, only to become its ardent devotees after giving a good trial. It seems to get into the head after the long drive, and they say that once the golf germ gets into the blood it never is entirely dislodged. That it must be a great game is emphasized by the millions of high class sportsmen and women who play it.

Baseball is going to die out in time unless the boys get back to playing it again as they did a few years back. Twenty years ago every American boy who was healthy and able-bodied played baseball at least some. You see many boys growing up now who never have so much as played catch. The boys of today have many more opportunities to engage in sport than the boys of twenty years ago, but their minds seem to turn to money-making instead of athletics after they are old enough to get out and work. The lad who has to keep on going to school with a small spending money, allowed from home certainly is in hard luck when as a spender he is placed in comparison with the boy who is out working and earning from \$25 to \$50 a week without much more effort than was required in earning \$5 a week a few years ago. With night schools and factory gymnasiums the workers get about all that the other fellow does, and in addition he earns his own way, and then some.

Baseball Managers in Despair.
The writer has met dozens of managers of league baseball teams of late who are in despair over the terms being demanded by their players. They say that salary demands all out of reason are being made, and that most of the players seem to have their demands with proof that they can remain in their home towns and earn considerable more by going out and playing baseball for minor league salaries. The player who plays baseball for love of the game as much as because of the

revenue derived is not nearly so numerous as in the old days. There has been so much talk of high salaries and big sums paid for releases that many players have become imbued with the idea that they have not been getting their share of the club's earnings. As a matter of fact, however, very few minor league clubs managed to break even the three seasons previous to last season, which was a most prosperous one. Youngsters just breaking into the game expect to be paid big salaries from the start, instead of considering that whatever they are paid they are receiving schooling in a splendid profession.

Boxing has grown so in popularity that there no longer is a sufficient number of performers to supply the demand. It is opening up so many new fields that inside of five years it is safe to say that boxing will be legalized in almost every state in the union, providing something inside the game does not happen to prejudice it with the public. Hundreds of churches now employing boxing and wrestling instructors for their gymnasium classes, and it is no longer considered improper for a minister to attend a boxing or wrestling match. That is as it should be. The whole world is becoming more liberal in its views of sports. Boxing and pocket billiards (pool) were things not considered proper to speak of in church circles a few years back. Many of the big churches now have pool tables and gymnasiums of their own, and turn them into neighborhood clubs.

I AM MORE GRATEFUL TO
Tanelac than words can express, for it has given me health and happiness after twelve long years of suffering, was the enthusiastic statement made the other day by Mrs. Olive Felner, of Vermont.

"I am more grateful to Tanelac than words can express for it has given me health and happiness after twelve long years of suffering," was the statement made the other day by Mrs. Olive Felner, No. 26 East Allen Street, Winouki, Vt.

"I had been troubled so long with nervousness and sleeplessness that my housework was a drudgery and I got little pleasure out of life. My appetite left me entirely and at times I could hardly bear the sight of food and what little I did eat caused me severe suffering afterward. Gas would form on my stomach so badly that it affected my heart and I thought I had heart trouble.

"I was so nervous I would jump at the least unexpected noise and would drop everything I had in my hands. I got so weak and faint at times that I would have to catch hold of something to keep from falling over. My sleep was broken and restless and I was

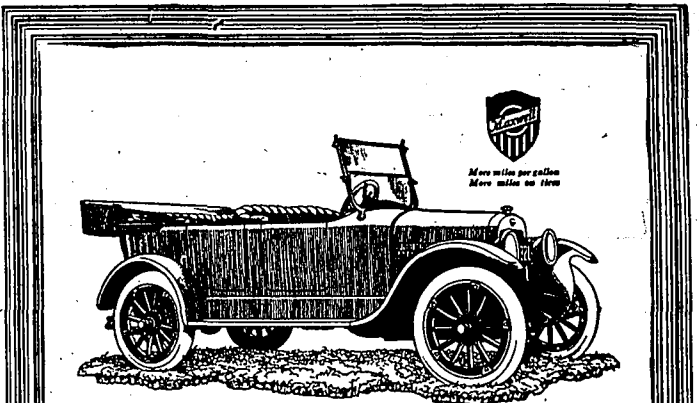

losing weight rapidly. I had little strength or energy and, as I had tried all kinds of medicines without relief, I had become very much discouraged over my condition.

"My husband had been taking Tanelac and when I saw what wonderful results he was getting I decided to try it myself and now I think as much of Tanelac as he does because it has helped me the same way.

"My appetite has come back and everything agrees with me perfectly. I am taking on weight rapidly and have already gained nine pounds; in fact, I feel perfectly well in every way. Tanelac has done wonders for me and I am only too happy to tell others about it."

Tanelac is sold in Twin Falls by City Pharmacy and by the leading druggists in every town.—Adv.

If you are a little uncertain about it, read the ad.

Steels Make the Maxwell Thrifty

SEVERAL million dollars have been expended to provide more elegance, more refinement, more comfort to the current Maxwells. It is in ever so many ways a superior appearing car; superior, too, in action.

But not a single pound of weight has been added to burden the work of its great engine!

Therefore, despite the many processes of improvement, it doesn't cost a penny more to run a Maxwell than it did a year ago.

The underlying principle of every Maxwell is to give economic transportation.

This means light weight.

But it means strong steels, as well.

It is no easy trick to provide both lightness and strength in metal. Such a rare combination means high cost steels.

And you would find, if you compared a Maxwell with any car, that it equaled that car pound for pound in fine metals.

How such steels affect your pocketbook is obvious.

1. They are light in weight and hence give more mileage on a gallon of gasoline.
2. As they are fine steels they give long and uninterrupted wear.

Which are but two of many reasons for that definite tendency of world-wide friendship towards Maxwell.

In six years nearly 400,000 have found their answer to the motor car question in a Maxwell.

This year 100,000 Maxwells are being produced. This will supply but 60% of the demand.

By WALTER JOS DELANEY

They had founded up Jim Marsh at last, and they were a stern, relentless crowd. He had been a pest; a troublesome customer generally, a law and order influence was in the air, and his audacity in coming straight back to the vicinity of his misdeeds showed an incorrigibility that boded ill for reformation.

They were four in number, in temporary camp, and Jim had hailed one of them, casually in the dark away from the camp fire. Instantly the man had recognized him, had grabbed the bride of the horse Jim rode and leveled a revolver.

"Hands up!" he had ordered, and then Jim was led within radius of the blazing logs. They were there was promptly on the fire, hand at the hip pocket, but Jim coolly shrugged his shoulders and said:

"I won't try one to four, seeing that you all have your shooting irons with you and me none."

"That's the last horse you stole," said the observed leader of the group.

"Correct," nodded Jim promptly. "He's Judge Elston's daughter's horse. I was on my way to return him; to her."

A general cry of derision greeted this announcement.

"Don't believe me, eh? Well, I don't blame you, but it's the truth. I got mixed up to the exact road to Derby, or you would never have had the pleasure of stopping me. You look at it if it was that."

"You are precisely right," came the stern reply of the leader. "Tie him to that tree yonder, men. It will be two hours before we move on for Chipperton."

"For whom?" queried Jim sharply, a quiver of concern in his tones.

"For Chipperton. Where did you suppose we were going to take you?"

"To Derby. Wasn't it there the crime was committed? Of course it's jail for me, maybe hanging, but let it be at Derby, men."

"Yes, it will be hanging," said the leader, "and to make sure of it, we won't trust your case to a Derby milk-and-water jury. Your class of thievery has become altogether too common in this county of late, and we vigilantes are going to act."

Jim looked crestfallen. Reckless, cool and boasting character that he was, as two of the men proceeded to tie him to a tree Jim regarded them anxiously, almost pleadingly.

"See here, fellows," he spoke. "I have reason for wanting to be taken to Derby. It's a very important message. Maybe it means life or death, to deliver to Mrs. Mahel Tutbill. Can't you take me to Derby by way of Chipperton? Come, now! Just let me have half a dozen words with the judge's daughter."

"You're keen, Jim, but it won't work in this case. You're just about slick enough to get that tender-hearted lady to plead for you. No, it's Chipperton, straight and quick, and the jury sets at daybreak."

"And the jumping off scene before noon, so say your prayers!"

The leader came up to him finally, a lighted cigar in his mouth. "You're too slippery a customer to trust with free hands, Jim," he said, "but we want to treat you right. If you're hungry, one of the men shall feed you. What you want?"

"I had a good meal less than an hour ago," responded Jim. "There's one thing you can do for me, though."

"What's that?"

"If you have an extra cigar, light it, put it in my mouth, and I'm sure I'd enjoy it."

"Sure," nodded the other, and, seeing the captive safe and comfortably disposed, he returned to his fellows.

"Why, he's gone!" yelled one of the

WOMAN DELEGATE TO G. O. P. CONVENTION

Miss Helen Varick-Bowley is the only woman district delegate to the Republican national convention, which will be held in Chicago in June. She is from New York.

INDIANA TRUCK SALES "KITTING" HIGH AGAIN

No more remarkable growth in sales is noticed in the motor truck industry than is enjoyed by the Indiana truck manufacturer by the Indiana Truck Corporation at Marion, Indiana, says E. N. Flory, local distributor of the Indiana in this territory.

Sales increases on Indiana trucks the past year have been frequently reported to range from 100 to 300 per cent in certain months, but the Indiana now shows with the hands some showing of 25 per cent increase in sales in the month of January alone. These figures are attractive, they tell a real story when it is considered that not all truck buyers are able to show increases in their sales.

The Indiana trucks are now conceded to be the coming truck and it is credited by those who know from within the industry, that the future of the Indiana truck business at Marion is very bright.

The Indiana organization started to work in Marion 10 years ago, making the first truck then, and that truck is still running today, and is hauling capacity loads every day.

It has been a rigid policy of the company from the start to build sturdy strength and stamina into Indiana trucks which accounts for the unusual performance and long life of every one.

The Indiana has steadily forged its

way to the front ranks of motor truck makers because this truck is standardized to an unusual degree. The standardization construction brings prominently to notice the absence of special features on Indiana trucks to attract sufficient attention to sell their product.

The Indiana trucks now have a national distribution and reputation and are in daily use in foreign countries throughout the world where they are making endurance records the same as those in domestic use.

E. N. Flory of Idaho Auto and Supply company, local distributor for this territory, says they provide service for Indiana trucks that keep good trucks in service.

A CLASSIFIED AD will find a buyer for your car—if your offer is attractive. Give the details a prospective buyer expects.

"Many a Mickie" If every home we have 30,000,000 of them—should waste on the average one-half cup of milk daily, it would mean a waste of 2,500,000 quarts daily—912,500,000 quarts a year—the total product of more than 400,000 cows.

And the average... (partially obscured text)

men, as they got ready to resume their journey.

"Yes, and the horse, too," echoed another, and then, speedily they mounted and started out to try and pick up the trail of the fugitive.

They came upon him four hours later, mounted upon the stolen horse and riding away from Derby, and Mrs. Tutbill by his side. The men touched their hats to her but surrounded Jim.

"We'll have to take this man for stealing your horse," began the leader.

"That is not my horse," responded Mrs. Tutbill. "I have just given it to him. Mr. Marsh went away on his two months ago and has returned after executing a mission which has resulted in lifelong happiness for me."

The mounted vigilantes drew back dumfounded and dismayed. The word of a lady like Mrs. Tutbill could not be gainsaid. Jim grinned comfortably. He and Mrs. Tutbill were bound for quite a distance. Jim had really stolen the horse, but later, injured by a fall, was cared for by Robert Tutbill. The latter had got into bad ways, had deserted his wife, but was living in voluntary exile away from his old companions. In turn, he became ill and was nursed by Jim, who, learning his story, was now the means of imparting to Mrs. Tutbill that a penitent, reformed husband granted her forgiveness with love and contrition.

First Cotton Export.

The earliest exports of cotton from America were made in 1783, in which year one bag was sent from Charleston to Liverpool, while 12 were sent from Philadelphia and one from New York.

LATE STATUTES REFER HANDICAP TO WOMEN VOTER

Meritorious Changes in Registration and Tax Requirement Laws Must Be Made even if Amendment is Ratified

WASHINGTON, (AP)—Women in 13 states may be denied a vote in the coming presidential election due to the ratification of the suffrage amendment before November, it is at the headquarters of the National Woman's party here, unless changes are made in registration laws, in order that women all the United States may register for the coming November election under existing laws, ratification must be completed by May 1, 1929, as which Georgia closes its registration registration in most other states does close until September or October which time suffrage leaders are confident the amendment will be ratified.

Other requirements, however, before the element of time may nullify women's vote next November in 12 of the states, especially in the South, unless the legislatures are will to make necessary changes in the laws. Payment of a poll tax is required in seven of the states; in Florida and Louisiana for the two years previous. Texas law calls for the payment of a poll tax on January 1, 1929, and Mississippi on February 1 and North Carolina and South Carolina on May 1.

Pressure will be brought to bear on the legislatures whose necessary laws modified, it is said here, but men political leaders hope the changes will be accomplished without difficulty. In states where women have not heretofore been given the privilege of fulfilling the necessary requirements, provision should be made to them to go to the polls this November if the amendment is ratified, they assert.

No opposition to the operation of the suffrage amendment in strongly pro-suffrage states, similar to tactics employed in the south to limit the no-vote after the passage of the fifth amendment, is considered likely by suffragists here.

Pretty Idea of Chinese.
Chinese gardeners sometimes plant street of tiny men firmly in pots, like real plants, and then train the evergreens to grow up over these street. They view this form of art of robe for the statues, men, white faces and hands protrude from the green leaves.

BAN FAILS TO HEAD OFF SOME 'PICTURE BRIDES'

Japanese Government Cannot Evade Passport Law's Before Date of Prescription

SAN FRANCISCO, (AP)—Japanese picture brides will continue coming into the country until August despite the prescription placed on them by the Japanese government because of that fact that many of the brides secured passports previous to February 25, when the ban became operative, and now are awaiting passage to this country, the Japanese association of America announced here today.

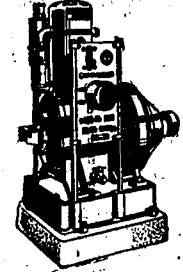

"According to regulations of the Japanese government, a passport is valid for six months after its issue," the association said. "It is therefore obvious that for the few months following February 25 picture brides will continue to come, though undoubtedly in decreasing numbers." The Japanese government cannot legitimately revoke the passports that were issued before February 25.

MUCH SOUGHT BIRDS RETURN

Snowy Heron and Egret Flocks Come to Utah after 15 Years' Absence

OGDEN, Utah, (AP)—After an absence of nearly fifteen years many flocks of snowy heron and American egret, whose feathers have a commercial valuation of approximately \$50 per ounce, are again making their appearance in Utah, according to Irving C. Emmett, federal game warden with headquarters here. Mr. Emmett expects these two species to multiply rapidly in Utah because they are protected by stringent federal laws. These birds, it is said, have been nearly exterminated because of the zest of hunters to procure their feathers.

FIRE PREVENTION WEEK IS PROCLAIMED IN UTAH

Governor Designates Period for Aid of Forest Service in Campaign Against Flames

SALT LAKE CITY, (AP)—A proclamation declaring the week beginning May 29 "fire prevention week" in all of the United States forest service in its campaign against fires in the timber region, will be issued by Governor Simon Bamberger of Utah; it became known at the state capital here recently.

An intensive educational campaign on this subject is proposed by the federal forest service during the week and schools and various civic and farm agencies throughout Utah will be supplied with fire prevention material for demonstrating methods used in forests to avert conflagrations.

Forest fire losses in Utah have reached a total of more than \$300,000 annually, while the cost of fighting them comes to about an equal sum, according to District Forester L. F. Knapp with headquarters at Ogden, Utah. Forester Knapp will take the leadership in the intermountain campaign. He says Governors B. W. Olcott of Oregon and L. F. Hart of Washington have agreed to proclaim the week and it is probable Governor D. W. Davis of Idaho will soon issue a similar proclamation.

Any reasonably priced home or apartment may be rented—through an inexpensive classified advertising campaign. Test the matter. The "risk" involved is so small that few people would dignify it by that name.

COLE AERO-EIGHT SNAPS INTO IT

"What I want most in a car is 'snap.' By that I mean one which responds instantly in an emergency."

"This assertion, made by a man who has had ten years' experience in owning and driving his own car expresses the sentiments of a vast number of present-day motorists," said L. T. Wright of the Wright Auto company, local distributor of the Cole Aero-Eight.

"Borrowing an army expression," he continued, "the buying public today is looking for a motor car that will 'snap into it.' It is looking for that stored-up power which will carry the car out and away in the congested traffic of the city or will pass the other car on the road."

"This characteristic in the Cole Aero-Eight."

SPORTS

(Continued From Page Eight)

Brief Bits of Sport

With "Chester" Riberg surrendering to the Comiskey-Gleason combination it would not be surprising to hear in a day or two that his old kick, "Buck" Weaver, too, had capitulated.

The Salt Lake club is due home tonight right away after Foul's day, but unless the weather in Utah clears mightily after the passing of this awful month, the folks will wish they had left the team on the coast a while longer.

A foot of snow in Mornantown yesterday and still snowing. Some weather.

Hardy Downing, Salt Lake fight promoter, has discovered a scrapper who moves so fast that his opponents swing right and left, and sometimes insert a hook and uppercut after said speedy has left the spot.

Must admit one is either fast or the other mighty slow.

Sport lines are developing some very rough angles these days. A couple weeks ago a boxer declined to accept a draw decision, given by a referee, saying his opponent had won. Now comes a ball player who declines to leave his own home town for a big salary berth in a major league.

Jean Dubuc, star twister of the Salt Lake Bees two years ago, has been dropped by the New York Nationals to Toledo, in the American association.

Jimmy Wildie threatens to go back to merry England with a sack load of money. He gets the long end of the purse in all encounters.

Out of the Sharkey heading Wildie got \$10,000. He followed up with another \$10,000 for trimming Mike Ertle, grabbed off \$5,000 for an exhibition with a rookie boxer, and then took \$12,000 away after beating Frankie Masso.

Now Frankie is offered \$6,500 to meet "Bad News" Eber, Canadian bantamweight champion, early in April.

Sim Smiley, ageless sage, says: "We sent th' ark back wif a bunch o' reds, but we still hev th' covenant."

Top price for hogs, \$3.85—but that was 25 years ago. It costs that much per helping at the lunch counter now. Pigs is pigs all right, all right.

Wladek Zhyzako, a wrestler who guesses ho's some pumpkin in his own bellwicker, found something wrong in Boise the other night. He promised to flop Ad Bantel a couple of flops in an hour. Ad stayed with the gigantic Polak and won the money. No falls.

A Minnesota hon produced \$18.50 worth of her particular variety of merchantable waros last year. Still they won't fix it so she had a right to cove. Something's wrong with nature's economic works somehow.

TUCSON, Ariz. (AP)—Young France of Los Angeles and Gene Dulment of Memphis, fought a 10-round draw here last night.

SOULIER DEAD. NEW YORK. (AP)—Word of the death of Gilbert Ward, one of the four Ward brothers, whose rowing feats earned them international fame a half-century ago, was received here today. He died in Passaic, N. J., at the age of 78. Alexander Ward, of Philadelphia, is now the sole survivor of the crew.

CASH OFFER FOR "OAR." DETROIT, Mich. (AP)—An offer of \$20,000 to George Carpenter to meet Battling Levinsky, a light-heavyweight like George's bout here, was announced today by Max L. Barbour, president of the Wolverine Athletic club. Mr. Barbour proposed to stage the match either at Navin field or the state fair grounds.

QUICK K. O. SEATTLE, Wash. (AP)—Fred Fulton, Minnesota heavyweight, knocked out Young Hector, Bremerton, Wash., in the first round of a scheduled four-round bout here last night.

CHAMP IS BUSY. CLEVELAND, O. (AP)—Jack Britton, welterweight champion, won the newspaper decision over Bryan Downey of Columbus, in a 10-round bout here last night. Britton won six rounds, Downey three and one was even.

HOCKEY. PITTSBURGH, Pa. (AP)—The Hamogers of Hamilton, Ontario, defeated the Pittsburgh Athletic association hockey team here last night, four to three.

TELLS HOW TO TREAT STORAGE BATTERIES. A good many car owners have complained on the way a storage battery stays on the job right up to the last minute. Endurance seems to be one of their strong points.

"Every once in a while a battery is brought in because the owner found it suddenly dead on his hands," said the Willard service station dealer. "Most of these failures are due to plain ordinary neglect and we always explain to the owner that the battery had been slowly wearing out for a long time through undercharge or overwork, lack of water or some other cause of battery premature death."

It is folly to expect that any battery is going to last forever, but there is a long time of proof to show that the right kind of care will extend its life for a long time.

Always put in water regularly, and when your service station dealer tells you re-impregnation is necessary have it done at once. Practically every battery except those protected by threaded rubber insulation needs reimpregnation at least once in the course of its life.

Want to Be a General? The large number of "generals" in Haiti is due to the fact that this rank is awarded for almost any sort of service to the state or politics.

Paradoxical. Said the facetious tailor, "The most dangerous part about those holiday men is that they will also knock a man down."

Distinction Worth Noting. Receive your thoughts as guests, but treat your desires as children.

Burmese All Fond of Tobacco. It is commonly asserted that the Burmese all smoke, and that Burmese babies cry for a cigar instead of crying for the moon. This is not so, but it is quite common to see a lot of little boys and girls in the street making mud-pies and pulling away at big cigars with equal enthusiasm.

FOUND FOUND—Between town and county hospital, tire and rim. Owner can have by identifying. Phone 509-R12.

MASTER MASONS CALLED TO MEET

Organization of Social Department is Purpose of Session to Be Held Tonight

Master Masons, whether affiliated with the lodge, A. F. & A. M., or otherwise, have been invited to attend a general Masonic meeting in the temple tonight at 7:30. The meeting is called for the purpose of perfecting permanent organization for the Masonic club. Every Master Mason subscribing support, or favoring the project may have a voice in the proceedings.

The Masonic club, as an institution, is planned to provide for Masons a social interest of the order. Every appearance necessary to the establishing of a well-equipped fraternal club section will be installed if the organization project is successfully carried out.

At tonight's meeting permanent officers will be elected and a plan of procedure decided upon. Appointments, of elections, of essential committees will be made and action toward the immediate project of establishing quarters for temporary occupancy.

CLEARING HOUSE IS PLANNED BY BANKERS

Financial Business Grows Apace Requiring Central Institution to Handle It

Made necessary by the extraordinary amount of business that has been transacted in Twin Falls the past year, and because of indications for a still larger growth of trade, an important move was taken by representatives of the four banks in this city to organize a clearing house association in this city. This clearing house, it is expected, will be in operation within a short time, since a general plan of arrangements has been made. Headquarters will be located in the four banks by rotation system, moves being made from one institution to another as stated periods.

MEXICAN WAR VETERAN VISITS RELATIVES HERE

N. D. Taylor, who served on the Mexican border in 1910 with the Idaho regiment and as an officer of the army aviation section in the world war, arrived here yesterday for a visit with relatives at Buhl and Bogeroot. Prior to his service in the American army, Mr. Taylor was for four years a member and officer in forces operating in Mexico under command of Madero and Francisco Villa. He has been associated recently with an airplane concern in Portland.

CASE IS DISMISSED

Upon request of the plaintiff the action brought by H. G. Dietrich against Harry Willis, asking judgment, has been dismissed. The suit, it is stated, has been settled without court action.

"WOOD" ORGANIZATION TEMPORARILY STARTED

Green Made Chairman of Political Club to Boost Army Man for President

John S. Green, of the Johnson Auto Sales company, was elected temporary chairman of "Wood for President" club, at a meeting held in the chamber of commerce last night. Sidney H. Gravas was elected secretary. Permanent organization is to be effected next Friday night.

The initiatory session of the "Wood" club was attended by W. S. Parkhurst, who is personally engaged in helping establish the political organization throughout eastern and southern Idaho. He briefly reviewed what he termed reasons why General Wood is being groomed for the presidency of the United States. Mr. Parkhurst pointed out that Gen. Wood is a graduate of Harvard and not a West Pointer; that he studied for the medical profession and after graduation practiced several years. He accepted a government appointment and served in frontier service, causing him to drop his chosen profession for army work.

As an army officer Gen. Wood was assigned, Mr. Parkhurst explained, to the oft-repeated underdog of capturing Geronimo, outlaw Apache chief, a task the general signally accomplished. At the close of the Spanish-American war Gen. Wood was appointed commissioner in charge of Idaho, and under his direction the Cuban city was given a thorough civic and sanitation clean-up. Gen. Wood and Col. Roosevelt were fast friends. Mr. Parkhurst pointed out that Gen. Wood was a graduate of Harvard and not a West Pointer; that he studied for the medical profession and after graduation practiced several years. He accepted a government appointment and served in frontier service, causing him to drop his chosen profession for army work.

HAZELTON LEGION MEN DEDICATE POST'S HOME

Four Hundred Guests are Entertained at Banquet and Exercises

Entertaining 400 guests on the occasion, the American legion post at Hazelton yesterday opened its memorial hall erected at a cost of \$12,000. Delegations were in attendance at the activities representing legion posts of Twin Falls, Burley, Paul, Eden, Jerome and Postville. A banquet was served by the post at Hazelton to the assembled legion members and guests. The principal address was made by Laverne Collier of Postville, adjutant general of the Idaho department, American Legion. Dancing was engaged in during the afternoon and evening.

The new home of the Hazelton post is pronounced one of the handsomest as well as one of the first of similar structures erected in the state. It is modeled architecturally along bungalow lines and includes spacio dance floor, reading and banquet rooms. It is the purpose of the Hazelton post at once to prosecute its plans for establishing a swimming pool and tennis court in connection with its home.

It was noted as a significant fact in connection with the dedicatory exercises that the membership of the Hazelton post numbers just 30, and it was stated there are only 35 eligible candidates for membership within its jurisdiction.

Hazelton will send twelve representatives to the state convention meeting in Twin Falls April 7-9, while Burley will send 100 and all of the north side posts will be largely represented, it was stated at the exercises at Hazelton yesterday.

FRAUD ALLEGED

Alleging that the defendant defrauded him in the sale of a horse, W. W. Canton has instituted suit in the district court against J. H. Pierson. Canton, who is represented by T. K. Hackman, seeks \$157.50 and costs of the suit, together with interest due on the sum of \$145.50.

UNUSUAL CLAIM MADE

Fred Hartwell has filed a complaint in the probate court through E. V. Larson, his attorney, charging Harry Boyd with misappropriation of a local poolroom and its fixtures. Damages to the extent of \$300 and costs of suit are asked by Hartwell.

HERDER'S DEATH IS CHARGED TO BLISS RANCHER

Mesagre Reports of Affray Tell of Murder Resulting from Altercation

Word was received at the sheriff's office this morning of a shooting south of Bliss, where an Italian sheepherder was killed by a rancher, it is alleged.

Mesagre details were received, but it appears that the altercation arose over possession of sheep, the trouble ending with the murder of the Italian. Neither the name of the victim nor of the alleged murderer is known at the sheriff's office.

FARM BUREAU WORK MEETING'S SUBJECT

Officials Conduct Important Session for Curry District Residents

A. J. O'Reilly, junior club leader of the county farm bureau, Miss Edna Ludwig, home demonstration agent, and Miss Rosetta McGrall, of the Twin Falls chapter of the Red Cross, yesterday afternoon conducted a program at the Curry school for the promotion of farm bureau work. A cafeteria lunch was served at noon. Talks were made by Miss Ludwig on farm bureau work for women, Miss McGrall on personal hygiene for children and O'Reilly on his work in connection with junior farm bureau clubs.

ROCK CREEK SEARCH REVEALS LITTLE NEW

Sheriff and Addes Find Nothing to Sustain Theory of Eggergrugus' Murder

Little evidence was found near the spot where Fred Eggergrugus died in Rock Creek canyon, when Sheriff A. N. Sprague, accompanied by Deputy George Huffman and John Green, son-in-law of the deceased apirator, visited the canyon again this morning. A few empty bottles, a razor known to have been the property of Eggergrugus, and a box containing a few nails, were the only clues found.

The razor handle was burned completely away, and it seems that it was brought to the spot by Eggergrugus himself for some unknown reason. Sheriff Sprague and other officials still entertain the belief that Eggergrugus committed suicide, declaring no evidence is present to warrant any other supposition.

TWIN FALLS IS WINNER IN DECLAMATION BOUTS

BURLEY (Special)—Twin Falls took first place in the dramatic class of declamation at the district meet held here last night, when Ogorotta Murray won honors with "When the Fleet Goes By."

Frank Lough of Buhl took first oratorical honors with "Americanism," and Earl Wilcox of Filer was given first place in humorous class with "Sam's Letter."

Ida Hogg was third place winner in humorous, giving Twin Falls the best record of the contest with a first and third place.

BUILDING PERMITS

George Ayres was granted today a permit to build a garage at his home on Second avenue north, the cost being estimated at \$200. Permits were also issued to Mrs. A. Waterson, to remodel at a cost of \$600 a building on Newton avenue, and to S. P. Yantis, to build a frame structure on Third avenue north at a cost of \$1400.

Get Intimate With Happiness.

Don't wait on happiness, but go out to meet him, and take him by the hand, and lead him in where all the folks can tell him "howdy."

Just for That We Will Write Some Hard Ones

J. W. submits the following punphandile whereon:
I have a very said car was caught in a barn fire and all the cushions burned off. Am now preparing to replace upholstery with a set of The News' daily weather reports; because there is so much spring in them.
Thanks, awfully, old chap!
Boistering yesterday's report for the benefit of the friends of the paid predictor:
"Fair tonight; Saturday FAIR and WARMER."
Almost unbelievable, more especially since our balbriggans, having served throughout a long and arduous winter season, have become somewhat porous in spots. High temperature yesterday was shiveringly low, and last night 'twas extraordinarily wistful at 23 degrees above zero.
Tonight and Sunday fair, say the genial genius of the weather-works.

BUICK AUTO SERVES WAR'S ENTIRE LENGTH

Beating peacefully among the ranks of the war at national headquarters of the American Red Cross, an old Buick ambulance stands as permanent exhibit, as evidence of faithful service to the allies, according to information received by the Randall-Dodd Auto company.

REMOVED FROM HOSPITAL

G. M. Cady, an aged man who has been in the care of the county hospital for some time because of a demerol condition, is now in charge of Sheriff A. N. Sprague awaiting action of the authorities toward placing a permanent home for him. Cady was a resident of Filer. Judge O. P. Duvall is expected to place the man under the administration of James Fitzgerald in the probate court today.

PRECIPITATION DURING FEBRUARY BELOW NORMAL

State Report for Past Month Shows Rather Un satisfactory Water Condition

That the average precipitation for the state of Idaho was the lowest of record in the burden of a report issued from the office of the state meteorologist, Clinton E. Norquist, for the month of February. Snowfall, too, shows a serious deficiency.

Only in the Lost River drainage area was the moisture condition improved in the past month, the report says. South slopes of the mountains are bare up to a rather high elevation, a condition said to be unusual at this period of the year.

REMOVED FROM HOSPITAL

G. M. Cady, an aged man who has been in the care of the county hospital for some time because of a demerol condition, is now in charge of Sheriff A. N. Sprague awaiting action of the authorities toward placing a permanent home for him. Cady was a resident of Filer. Judge O. P. Duvall is expected to place the man under the administration of James Fitzgerald in the probate court today.
