

AMERICA LACKS DIPLOMACY BUT INTENTION GOOD

Argentine Editor Sees No Grounds for Suspicion or Distrust as to Foreign Policy of United States

BUENOS AIRES, (AP)—Recent American acts to Chile, Bolivia and Peru are described as the "fruit of diplomatic inexperience" in La Prensa, which declares they "do not reveal any political plan that should alarm the South American continent or give Argentina any motive for suspicion."

Organ of Internal Politics
In its first editorial on the subject, the newspaper asked whether the notes "which affect the sovereignty of those states respond to a resolved policy according to which the United States constitutes itself the inherent protector of new world republics."

What should be the attitude of Argentina? These questions are answered today, the Journal stating it has a "profound conviction of the functioning of the American state department," and asserting that department "never cultivated a diplomatic mode of proceeding that does not possess a diplomacy." It declares the department is "an organ of internal politics, rather than international."

Should assist United States?
The United States accepts all occasions for demonstrating her friendship to Argentina. No motive exists there for suspicion or distrust in our country as to the South American policy of that nation. Argentina's future line of conduct should be such as to always lend her assistance in the continental pact which would assure peaceful solutions to conflicts and the prosperity of sister republics."

HAORED CATTLE IN TEXAS

WINY PRIZE IN TEXAS SHOW
FOET WORTH, Texas, (AP)—The great herds of cattle of India have gone to harem pastures with blue ribbons for the first time from Fort Worth fat stock show, setting a new era in the industry in the southwest.
The Brazos came from a great Pierce ranch in West county.
What attracted most interest about the "sacred cattle" is the fact that they are high-footed, broad-chested, originally pure-bred, that giant, gaunt cattle have been crossed with Texas stock until they have dropped some of the physical characteristics of their kind. But they still retain the hump and their natural wildness has been intensified.

CUTS NATURAL GAS WASTE

TEXAS RAILROAD COMMISSION GIVES Credit for Conservation to Operators
AUSTIN, Texas, (AP)—The waste of natural gas in Texas, which last year amounted to 300,000 cubic feet, or the fuel equivalent of 26,000 tons of coal, per day, has been reduced until there is no perceptible waste, according to a statement from the oil and gas division of the Texas railroad commission.
The statement said in part:
"The railroad commission gives credit for this happy condition largely to the operators, who have shown such a splendid spirit of cooperation, especially so when there is so little market for gas at present, and where, in many cases, if the wells were allowed to blow, they might come in as good oil producers."

MONTANA COUNTRIES TO ADVANCE RECLAMATION FUND

BILLINGS, Mont., (AP)—Because the government has not the funds with which to conduct the survey, the ten counties which will come under the proposed Yellowstone irrigation project are to be asked to contribute \$10,000, the cost of the survey, according to an announcement by the executive committee of the Yellowstone Irrigation Association. Upon deposit of the funds with the United States treasury, it is stated, the reclamation service will send surveyors to do the preliminary work.
You can sell any good musical instrument—if the price is right—through the classified.

HAWAIIAN LABOR LEADER DENOUNCES STRIKEBREAKER

Condemn Employment of College and School Boys on the Sugar Plantations

HONOLULU, T. H., (AP)—Employing college and school boys as strikebreakers on the sugar plantations of the Island of Oahu, where Japanese and Filipinos have been on strike since January 19, was denounced by George O. Hinton at a recent meeting of the Honolulu central labor council.
The federation of Japanese labor declares it has no objection of ordering its members back to work, although stating that it is ready to open wage negotiations with the planters.

Planters association declares it will fight the strike to a finish. Planters' reports indicate that up to 1800 strikebreakers are at work on Oahu, and that 2,000 of the original 4,000 striking Filipinos have returned to their jobs.
Scattered lots of Japanese also are said to have resumed their work in the canefields, but so far the majority of the approximately 6,000 Japanese strikers have remained out.

BOISE BUSINESSMEN FORM ASSOCIATION

Employers of Capital City Hold Meeting to Outline Program for Mutual Protection

(Boise Statesman)
At a meeting of the representative business men of Boise at the chamber of commerce Thursday night it was decided to form an employers' association.

Before any business of the meeting was undertaken, all the men present who were members of unions were asked to leave, but to a vote and carried unanimously, after which the following officers were elected:

H. R. Neilsen, president; E. H. Penderly, vice president; secretary (to be appointed by the executive committee); the executive committee consists of E. H. Penderly, O. W. Allen, R. E. Dyer, J. C. Northrup, E. Mann, L. Stephens, W. Butler, W. Mendonhall, W. Lomax, George Williams, C. H. Wayland, Herbert Lempy, J. Nichols, Tom McCall, J. Allen, Chris Coughlin, Harry Allen, J. Long, A. J. Flack, L. A. York and L. W. King.
This organization as laid out in the constitution adopted is not to antagonize the unions, but to cooperate with them in protecting the rights that any American citizen is entitled to.

Right to Hire and Fire
In this constitution it is set forth that an employer has the right to hire or fire any employee that he chooses; that he can hire union or non-union help; that there will be no limitation on the amount of work done by the employees and that a wage increase or decrease shall be put before an arbitration board.
The object of this organization is to organize and to overcome the economic strength of organized labor; to put before the public by arbitration any and all questions relating to how a man shall be hired, and how long his employer shall work and how much they shall be paid.

WINE EGGS PHENOMENON.
GOLD HILL, Ore., (AP)—Two eggs, nearly normal in size, were laid by hen on the ranch of C. D. Morgan near here recently. They were joined by a narrow ledge of shell and are being preserved for exhibition at the state fair this fall. So far as known, no hen heretofore has laid two eggs joined as they are by any such freak ever before seen before.

TOLEDO ADVANCES GLOVES

TOLEDO, Ohio, (AP)—Toledo's stocks were turned around one hour on March 31, and an ordinance passed by the city council.
Women's Reserve Power.
Nobody else can leave the impression of holding in reserve so much untapped knowledge of the times as impressed as a neighbor woman when she tells you that some other neighbor woman concerning whose health you inquire is doing as well as could be expected.—Ohio State Journal.

MARNE MEMORIAL POSTER

JUST as the school children of France gave for their country's gift to the United States—the Statue of Liberty—so will American school children contribute "one cent and upward" for "America's Gift to France," a monumental statue by Frederick MacMonnies, the noted American sculptor. Mr. MacMonnies is contributing his services toward the monument which, it is estimated, will cost \$250,000.
The poster shown herewith, is by Albert Sterner, noted American portrait painter. It typifies the tribute which this country will pay to the French through the Marne monument. The poster will be displayed in cities, towns, and villages and will designate many of the places where contributions may be made during the week of March 22—a free-will offering, in which numbers of contributors, rather than size of contributions, will be sought from school children and others.
Contributions are now being received at National Headquarters, 150 Nassau street, New York, by Charles H. Sabin, president of one of New York's largest trust companies, who is treasurer of the fund.
The memorial will be erected at

Pretty New York School Girl Helps Spread Appeal for Pennies for "America's Gift to France."
Means, on the Marne, and will rival in size and grandeur of design the Statue of Liberty.

REPORTS CUT IN NATIONAL DEBT

Reduction More Than Double Amount in Any Previous Month Made in March

WASHINGTON, (AP)—A reduction of \$705,860,000 in the national debt—more than double the amount by which the debt was lowered during any previous month—was accomplished during March, the treasury reported Friday night. The national debt now stands at \$24,699,000,000.
Officials said this record could not be used as a basis for forecasting further monthly reductions. They regarded it, however, as "sound evidence" of the success of the treasury program for financing the post-war period when government expenditures still continue to run high.
March payments on the public debt was confined almost wholly to retirement of certificates of indebtedness issued in anticipation of income and profits taxes.
As the public debt now stands it is made up of \$15,616,800,000, comprising the four issues of Liberty bonds; \$4,457,700,000 of Victory short-term notes; \$4,667,500,000 in treasury certificates; \$870,000,000 in war savings certificates and approximately \$1,000,000 in bonds issued prior to the world war.
The greatest single item among these 614 bonds is the issue of consols of 1930 which aggregates \$600,000,000.

ORIGINS LIQUOR PRESCRIPTIONS
VANCOUVER, B. C., (AP)—Three hundred and fifteen thousand liquor prescriptions were issued last year by British Columbia physicians, according to the annual report of the prohibition commissioner. During the year, in all British Columbia, 28,000 gallons of rye were prescribed, and only 9,051 of Scotch. Total sales amounted to \$1,579,000. Amendments to the British Columbia act limit liquor prescriptions heretofore to eight-ounces, instead of two quarts as heretofore.

ALASKANS STAGE OIL CLAIM RUSH

Signing of Land Lease Measure Signal for Stampede in the North Territory

SEATTLE, Wash., (AP)—Hundreds of oil claims, embracing thousands of acres of land along the Alaskan coast, from Mount St. Elias on the boundary line of Yukon territory to the Alaska peninsula in the west, have been staked by locators in the few weeks since President Wilson signed the coal and oil land leasing measure, according to reports from Seward, Cordova and Anchorage and other cities in the north.
News of the bill's signing, eagerly awaited for weeks, started a stampede that "locators" said rivaled the gold rushes of earlier days. Seward stamperds flocked to the oil regions of the Koniag peninsula, to Cold Bay, on Shelikof strait and to other districts along the southwest coast. From Cordova, the rush was in the direction of Katala and Yakutat, at the base of the Bering and Malina glaciers.

Elaborate preparations had been made to relay word that the bill had been signed. At Kodiak, locators were notified by wireless from Seward, and left in gas boats that had been chartered for weeks, bound for the oil regions. Cordova, also, had kept high-powered launches under charter that no time might be lost in making locations.
While many indications of rich oil deposits had been found along the coast, the only development of any importance had been at Katala, where an "English company" drilled into and secured a fractional claim of about 34 acres. Discouraged by conservation orders from Washington, the company, after expending nearly half a million dollars in drilling and development, abandoned work and sold out to a holding company. A number of wells upon the one patented claim have been producing oil since 1912, the product being chiefly distillate used by fishing boats.

FIFTEEN YEARS AGO IN TWIN FALLS

Takes of census from The News than this date in year 1905

J. E. Hayes and R. S. Cookinham, late of the Twin Falls Land and Water company's engineering corps, have formed a partnership under the name of the Twin Falls Engineering company.

The first lodge goat in the city of Twin Falls stalked into the I. O. O. F. lodge room on Monday night. His pedigree was authentic, having been proven through many generations, and he was branded with the "three links" between the horns. Twin Falls lodge No. 29, I. O. O. F., has a membership of 81 to begin with.

Notwithstanding the somewhat unfavorable weather conditions all classes of business are reported good and the influx of investors and home seekers continues without interruption.

The Ladies' Aid of the M. E. church will serve a luncheon at the home of H. B. Johnson (over the hardware store) on Tenth street next Thursday afternoon. All invited.

The vernal equinox has left a few stray sprays behind as a reminder that spring has come.

Reports from along the line of the railroad grade as far east as the river indicate work progressing rapidly, with steel string to the north bank and material for the bridge mostly on the ground.

The work of cleaning the sagebrush and putting land in condition for seeding is to be seen on every hand in the vicinity of town and the smoke from burning brush in the distance shows that the work of preparation is being carried on at points as far as the eye can reach.

Ford THE UNIVERSAL CAR

Here's the Ford Coupe, deservedly a very popular motor car because of its all-round serviceability. Equipped with electric starting and lighting system and demountable rims with 3 1/2-inch tires front and rear. Large plate glass windows. Generous sized doors—roomy seat, upholstery deep and substantial. Dust-proof and water-proof. Breezy and cheery in fine weather, cozy and dry in bad weather. All the established Ford merits of dependability, with small cost for operation and upkeep. For business and professional men who drive it is ideal and for touring and other pleasure driving it is the one car that delivers all expectations. The demand is large so orders should be left with us without delay.

GERMAN STILL UNWELCOME IN BRITISH ISLES

Returning Deportees Encounter Warm Receptions in London when Their Identity is Discovers

LONDON, (AP)—Large numbers of German and other undesirable who were deported from England in the war have managed to make their way back to London but have encountered warm receptions when their identity has been discovered. They managed to cross from the continent by working their way as sailors on tramp steamers to northern English and Scottish ports.

These Germans who have come back to England to take up business again find it a hard row to hoe, says the Evening Standard. One German business man gave it up and returned to his fatherland after being refused admission to five London hotels. He found no room in the city and boarded house, but two days later the other boarders discovered him, and notified the manager, who could not live under the same roof with a German, and he was turned out.

A German butcher in a London suburb was prevented by his neighbors from reopening his old store the very day although he had lived in England 40 years, and there are many similar cases.

Neither captain nor crew of the steamer Spica, the first German cargo ship to enter the Fifth of Forth since August, 1914, were allowed ashore at Mill and, in defiance of local feeling, the vessel did not display the German flag.

On the other hand, a revival of "Tankhous" at Colwyn Bay, Wales, opera recently drew a crowded and appreciative audience of society people. The cast, however, was wholly English.

RUPERT

RUPERT—J. W. Brown, a former business man of Rupert who has spent the past three years in California, arrived in Rupert Tuesday morning from Twin Falls to look after business interests.

Mr. and Mrs. Hartman and two children have arrived from Chicago. Mrs. H. D. Jones of Lewiston, Cal., joined her husband in Wendell, Idaho, Tuesday, where Mr. Jones has a position with the Boise Payette lumber yards.

Mr. and Mrs. A. D. Goodman and daughter, who have been here since last November, left Tuesday for Boglona where they will spend the summer. Mr. Goodman is a brother of Mrs. O. M. Mitchell.

Mrs. J. M. Richards of Salt Lake spent a few days visiting her mother, H. C. and J. L. Butler of Acquia, on route to her home from Boise, where she was called to attend the funeral of her brother-in-law.

A reception given by the Women's club for Mrs. Eleanor Scott recently in the club rooms was greatly enjoyed. A beautiful luncheon was presented Mrs. Scott by members of the club. Contests were played, Mrs. E. N. Sinclair winning in the musical contest, the prize being a bouquet of carnations. A delightful program was rendered. Mesdames C. P. Groom, A. B. McLaughlin and F. D. Burrow sang solos. Mrs. Bennett and Mrs. A. H. Lee each gave a reading. Dainty refreshments were served.

Mrs. C. M. Fumerton and two children arrived from Butte, Mont., this week and will make a short visit with Mr. Fumerton, who is working here. Mr. and Mrs. L. B. Burrow returned to Rupert Tuesday after a six month's trip on the coast visiting in Portland, Oregon, Seattle, Washington, Los Angeles and many other places in California.

Miss Melissa Bullock arrived on Monday from her home at Provo, Utah, and stopped over visiting Mrs. Kinley Taylor. Miss Bullock is on the way to Alberta, Canada, to visit relatives indefinitely.

Mrs. D. M. Keefe and baby arrived Monday from Lewiston, Idaho. Mrs. Keefe was called here by the illness of her sister, Mrs. J. Quinn.

Retain Cockney Accent. In the Bahamas islands, which were settled more than 200 years ago by Londoners, the Cockney dialect is said to be as strong as it is in the Chesapeake.

A Far-Western Statesman

Hon. N. J. Sinnott.

As Chairman of the House Public Lands Committee Representative Sinnott of Oregon, Republican, is largely responsible for the passage of the coal, oil, phosphate and sodium land leasing bill, which means so much to the west. It is one of the most important pieces of legislation enacted by this Congress. From \$5,000,000 to \$8,000,000 will be added to the fund for irrigation and millions more will be realized from leases on excess lands, which the oil companies must dispose of under the terms of the bill, permitting each individual or company to hold not more than 3200 acres.

Representative Sinnott is serving his fourth term in Congress.

MURTAUGH

MURTAUGH—The ladies aid entertained at a two-course luncheon recently at the home of Mrs. H. E. Williams. After a short business meeting the afternoon was spent in a social way. Those present were Madam Sam Hoffman, V. R. Bell, P. J. Fahy, E. C. Chance, R. Kandel, B. P. Jain, Ed. True, Patterson A. Hoover, Brose Hall and Roy True. The ladies acting as hostesses were Mrs. Williams, Mrs. L. B. True and Mrs. George Baker.

Mr. V. R. Bell underwent a minor operation at Kimberly Saturday.

George Stark, who has been visiting the past month with relatives in Boise has returned home.

Mrs. Ella Cameron and Mrs. Hampden of Twin Falls have been guests at the Roberts' home.

Mr. and Mrs. I. L. Stark entertained Mr. and Mrs. Fahy and daughter at dinner recently.

"The Boys' Community club met at the home of Edwin True Thursday evening. Checkers and various other games were enjoyed. Refreshments of ice cream and cake were served.

W. Allen, one of the gravel haulers, met with quite a painful accident Wednesday a horse kicking him and injuring his leg quite bad. He was taken to the hospital in Hamilton, Cal., where he will stay some time.

Mrs. J. W. Rawlings of Twin Falls visited a few days last week at the home of her son, L. W. Rawlings. Zina Zippitt has been quite sick the past week.

Louise Litchfield, Lucile White, Oliver Johnson and Ed Dudley attended the banquet and dance given by the American legion at Hazelton Friday evening.

Miss Rosetta McGrail, county nurse, will hold a baby clinic at the M. E. church Friday afternoon, April 2. All interested in child welfare work are requested to be present and bring all children of pre-school age.

SEEK SIMPLIFICATION OF CHINESE LANGUAGE

Mission Workers Undertake to Revolutionize Handwriting 4,000 Years Old

SHANGHAI, (AP)—Chinese of future generations will write in phonetic script and use a typewriter with only 30 characters instead of plying a brush to draw 10,000 or more hieroglyphics if mission workers succeed in an effort they are making to revolutionize handwriting in use in China for more than 4,000 years. The work of the missionaries is at last beginning to receive official sanction and they entertain hopes that eventually the Chinese brush, ink block and ink tablet will have to go to give place to more modern methods of communicating ideas.

Their purpose is not only to simplify China's handwriting system but to give the country a common tongue to replace the present-day jargon which renders even the native who is away from his own home district almost as helpless as a foreigner.

The system of phonetic script now urged upon the Chinese was worked out in England in 1903 by Wang Chao. Besides its 30 characters it contains 10 numerals. There are no capitals.

Rev. E. G. Towkubary, of Shanghai, secretary of the China Sunday School union, and a member of the Phonetic Promotion committee, who has devoted 30 years to teaching in China, has put the new script into use on American typewriters with complete success. For this purpose type writers with blank type faces are obtained from the factories and the characters are cut from these faces here by Chinese engravers.

That the Peking government attaches importance to the effort being made is seen in the following excerpt from a recent mandate issued by the ministry of education:

"We recognize that because of the difference between our classical and spoken language, education in the schools makes slow progress and the keen edge of the spirit of union, both between individuals and in society at large, has thereby been blunted.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed with Sulphur It Brings Back Its Beautiful Lustre at Once

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its attractiveness a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyn's Sage and Sulphur Compound," which is merely the old time recipe improved by the addition of other ingredients. Thousands of folks recommend this remedy to use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears, after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger. Adv.

SCHOOL CLAIMS PRIZE COW. MOSCOW, (AP)—A cow which in one year yielded ten and one-half tons of milk is the prize owned by the University of Idaho. Tests recently conducted showed that Idaho Violet Fosh Ormsby, a purebred Holstein, produced 800.97 pounds of butter fat and 81,999 pounds of milk.

Work for Rainmakers. Insufficient rain accounts for the occasional failure of crops in nearly a third of the country.

HYDROPLANES WILL SERVE STEWARTE MINING CAMP

VANCOUVER, B. C. (AP)—Early this summer hydroplanes will provide the Stewart mining camp all the comforts of a rural mail delivery and will deliver from the southern markets everything from prunes to lumber. Several machines are now being constructed in Seattle and early next month the first one will fly to Stewart.

Daily Thought. Pity and need make all flesh kin.—Edwin Arnold.

POLES REQUIRE RELIGIOUS AFFILIATION OF PRESIDENT WARBAN, (AP)—The constitutional commission of the diet adopted a resolution recently providing that to be eligible to the presidency of the Polish republic a candidate must be of Polish nationality, at least 40 years old, and Roman Catholic or Protestant in religion. The commission began its task of framing the Polish constitution nearly a year ago.

MICHIGAN POLLS PRIMARY VOTES

Electors Balloting for Preference for Presidential Nomination

DETROIT, Mich., (AP)—Michigan voters were today registering their preference for presidential nomination, with thirteen candidates—seven republicans, five democrats and one socialist—seeking endorsement.

An exceptionally heavy vote was in prospect notwithstanding that a large portion of the state was covered with two to six inches of snow. Vigorous campaigns were made by several of the candidates and hotly contested municipal issues in nearly all the larger cities were counted upon by campaign managers to bring most of the voters to the polls.

Confidence in the outcome was expressed by the headquarters of Governor Frank O. Lowden, Major General Leonard Wood and Senator Hiram W. Johnson, all of whom made extensive campaign tours. Other republican candidates were General Forthing, Senator Miles Fordner and William G. Simpson of Detroit. Herbert Hoover's name appeared on both the republican and democratic tickets.

Attorney General Clegg was the only democrat to campaign through the state, the others named on that ticket being William G. McAdoe, Wm. Bryan and Governor Edwards of New Jersey.

Eugene V. Debs was the socialist candidate.

The polls opened at seven a. m. and were to close in the rural precincts at 5 and in the cities at 8 p. m.

Early voting in the Michigan primary today was extensively affected by the Easter storm, the turnout of voters generally being lighter than expected.

While indications of clearing weather in some industrial centers gave promise of brisker voting this afternoon, other points reported snow flurries still prevailing with indications that voting would be materially curtailed. Some country highways were piled with snow and a very light vote was anticipated in those sections.

The inclement weather also operated to curtail the women vote.

In Detroit where a \$15,000,000 bonding proposition for a municipally owned traction system overshadowed the identical primary, voting started very light, but with warming weather a better turnout was expected during the afternoon.

HASTER STORM HEADS TO CENTRAL STATES AREA

would reach Memphis before midnight with the snow in the forty-one foot maximum predicted. Thus far damage along the Mississippi has been confined to the flooding of uncutted levees. All the cities in this district are reported in good shape and, in the opinion of Major W. M. Gardner, in charge of the United States engineers' office here, capable of withstanding a much greater pressure than would result from the present rise.

FLOODED MISSOURI RIVER MARGINS FORTY FAMILIES

OMAHA, (AP)—Forty families in an area comprising about two hundred miles in North Omaha are marooned today by the flooded Missouri river. The river is stationary.

COURT DENIES REHEARING IN CASE OF HENRY ALBERS

SAN FRANCISCO, (AP)—The motion of Henry Albers, wealthy Pacific coast miller, to annul his ten years imprisonment for seditious utterances, for a rehearing of his case, was denied by the United States circuit court of appeals today.

NEBRASKA RAIL TRAFFIC BLOCKED BY SNOW DRIFTS

LINCOLN, Neb., (AP)—Railroad traffic crippled by yesterday's snow storm was still somewhat hampered in Nebraska today, some of the roads reporting traffic tied up on branch lines. The Chicago, Rock Island and Pacific reported that its Chicago-Denver line was blocked by drifts near Smith Center, Kansas. Traffic was expected to be restored before night.

Putting His Luck to the Test. In old Japan, when a man wanted to get a wife, he went to the house of the girl whom he fancied and threw one of his shoes into the yard. If the shoe was picked up and taken inside by her, he looked for a favorable issue; but if it were cast out again, he went away disconsolate.

Of What Use Is It? After growing for ten years, the Japanese cypress, one of the smallest specimens of the horticultural world, reaches the size of a golf ball.

NEW YORK, (AP)—Liberty bonds financial prices: Liberty 3 1/2% 100.04; first 4% 89.12; second 4% 88.66; first 4 1/4% 89.12; second 4 1/4% 88.70; third 4 1/4% 89.25; fourth 4 1/4% 89.12; Victory 3 1/2% 89.04; Victory 4 3/4% 89.78.

New York Exchange

NEW YORK, (AP)—Polls resumed their activities in the stock market today with an encouragement in the further recovery of British exchange and free offerings of call money at 8 per cent. Sales approximated 950,000 shares.

Grains and Provisions

CHICAGO, (AP)—Wheat advances in the corn market today provoked general selling and brought about a sharp setback. At first, owing to traffic delays due to the switchmen's strike and to widespread storm effects, there was a scarcity of offerings. On the leading bulge, though, commission houses turned with decided vigor to the bear side.

Later the market rebounded, owing largely to a prevalent opinion that the switchmen strike would be settled to night. The close was strong 1 1/4 to 1 1/2 cents higher with wheat at 1.08 1/8 and July \$1.00 to 1.00 3/8.

Ons like corn showed steady fading away of strength. After opening 1 1/4 to 1 1/2 cents higher, it closed at 1.08 3/8.

Blizzard Takes Toll of Missouri Orchards

JEFFERSON CITY, Mo., (AP)—The blizzard which swept Missouri yesterday, destroyed the entire peach, apple, cherry and plum crop, causing losses of millions of dollars, according to information received by the state board of agriculture today.

The normal peach crop in Missouri is more than one million bushels and the apple crop six million bushels. The damage done to plums, cherries and early field and garden fruits is estimated at \$6,000,000.

If the entire apple crop is destroyed, reports stated, the damage will approximate \$10,000,000, members of the board asserted.

The temperature at the fruit experiment station at Columbia fell to 14 degrees last night and at Lebanon to 9 degrees.

Officers of the experiment station reported that all the stone fruit crops virtually had been destroyed. The damage to the late apples, which have not bloomed as yet, cannot be estimated until later, it was explained.

TO THE PUBLIC

We are now ready to draw GREEN PRODUCE contracts with growers for acreage in the Vegetable, Fruit and Berry lines.

Come in and see us or call 986; we will be glad to give you all the details.

In view of the fact that labor will be scarce on the larger tracts we are drawing special Stringless Bean contracts for one-eighth, one-quarter, one-half, three-quarter and one acre plots with residents and growers in the city and immediate vicinities.

The demand for "EVER READY PRODUCTS" this coming year necessitates the planting of beans on all available small garden tracts in the city of Twin Falls.

TWIN FALLS DEHYDRATING CO.

LABOR UTILIZATION IMPORTANT FACTOR IN MANAGEMENT OF FARM

The question of whether or not a farm is efficiently managed is an answer to a larger measure by determining whether or not the productive enterprises on the farm are organized as efficiently as possible.

Suppose that there were 212 days during the year on which work could be done in the field. Then suppose that the owner of the farm actually had work to do for only 175 days during the year. One hundred and seventy-five is 82 per cent of 212. The owner of the farm, therefore, secured 82 per cent in efficiency in utilizing his own labor.

Full details as to this and the various other tests used in demonstrating farm efficiency are given in United States Department of Agriculture Circular No. 23. Copies of the circular may be had by writing the Department of Agriculture, Washington, D. C.

FRANCE TROOPS ALONG RHINE ARE READY TO MOVE AHEAD

cities occupied by the army to make up the British government will decline to cooperate in the occupation of Frankfurt, Darmstadt and other German cities, according to the London correspondent of the Polit Parliam but will, he says, favorably follow the action of France, realizing the importance of the situation.

Better Records Made

While these figures represent the averages of the best farms in certain studies were made to furnish the basis for the tests. In connection with labor utilization, figures are quoted from a county made in Sumter county, Ga. On the best one-mile cotton farm, in that county an average of 23 acres of cropped land, 4 acres of which were double-cropped, were worked with one mule. The conclusion is reached, therefore, that on farms of this type having less than 27 acres of cropped land, the requirements are sufficient to utilize properly the labor of the one mule necessary to operate the farm. It is likewise estimated that less than 64 acres of crops, three-mile farms not less than 104 acres of crops, and so on with the larger mule equipment, in order to account for the best utilization.

America Not Advised of French Intention

WASHINGTON, (AP)—State department officials said today they had received no notice from France of its intention to have the French troops occupy cities on the east bank as a reprisal for the advance of German forces into the Ruhr valley neutral zone.

The last official word regarding troop movements in this territory was received last Thursday, officials said, with the arrival of the German note informing the American government that it was sending soldiers into the district to re-establish order.

The United States notified the allies more than a week ago it would offer no objection to the movement of German troops into the valley if they were withdrawn as soon as conditions are normal.

UNAUTHORIZED STRIKE OF CHICAGO SWITCHMEN PUTS TRAIN SERVICE ON BOOMER

tion that there would "be no compromise with the strikers."

"Sixty per cent of the switch engines in Chicago are out of service," said the manager's statement. "This has been caused by an outlaw organization which has presented demands for rates of pay that already had been presented to the railroad organizations by the Brotherhood of Railway Trainmen and the Switchmen's Union of North America."

"These demands are being handled by the wage conference at Washington and must under the transportation act be concluded before the labor board yet to be named by the president."

The statement added that all railroads entering here have contracts with the striking switchmen.

Officials of the two big unions have declared the strike "illegal," ordered the men to return to work and are cooperating with the rail heads in attempting to break the strike.

The trouble began five days ago, the switchmen in the Chicago district yards of the Chicago, Milwaukee and St. Paul Central and the North-western next were affected, the strike spreading to the other railroads yesterday and last night.

The Chicago switching district covers a radius of thirty miles and in it twenty-five thousand cars are handled daily.

Where the Trouble Lies. If people really took each other for better or worse as it would be different. But they don't. They always take each other for better—for far better than the circumstances warrant.—Exchange.

We wish to give, just a gentle hint to remind the Public that on the 7th, 8th and 9th of this month Twin Falls will be honored by being the headquarters of the American Legion Convention, and it is with much concern that we await those three days.

We don't doubt for a moment that every one will do their full share in making those boys, who risked everything, as comfortable as possible.

Let us not only welcome them to Twin Falls but make them feel at home while here.

DAWSON RESIDENTS LAY WAGERS ON ICE BREAK

Alaskans Indulge in Unique Form of Gambling in Anticipation of Coming of Spring

DAWSON, Y. T. (AP)—Dawson residents already are laying wagers on the exact time of the annual spring break-up of ice in the Yukon River.

May has always been the month of the break-up. Every year, since the gold days of '98, dancers have danced in pools organized by Dawson people who back with money their guesses as to the exact minute of the hour they think the river will move.

Usually the pools are made up of sixty entries, each pledging his money on the minute of the hour.

All Dawson stands on the river bank here when the break is expected. Weeks before, a stake is set in the ice in the river and a cable attached to the stake, is connected with a clock and a steam whistle in the power plant on shore.

Finally at the other whistle and all the bells in town take up the cry of the power plant whistle tied to the stake.

Lodge Meeting—Primrose Rebekah lodge No. 76 will hold their regular meeting Tuesday evening, April 6, at 7:30 in I. O. O. F. hall.

Missionary Society—The Women's Missionary society of the Presbyterian church will meet at 2:30 o'clock Tuesday afternoon in the church parlors.

Knight Templar Degree—A regular meeting of the 77th Order of the Knights Templar will be held at 7:30 tomorrow night. There will be work in the Temple degree.

Suit on Note—The Dovereaux Mortgage company has filed action in the district court against T. H. Brewer, and others, claiming judgment for \$496.46, alleged to be due on a promissory note.

Sing at Hospital—The Studio club sang at the Boyd and county general hospital yesterday morning, giving great pleasure to those who would otherwise have had no celebration of Easter Sunday.

Easter Breakfast—Inaugurating the day's festivities the Epworth league had breakfast at 8 o'clock yesterday morning in the basement of the Methodist church. A special devotional service, led by Ensign John Nation of the Salvation army, followed.

Don't Miss Convention—Beginning June 28 and continuing a full week is the International Brotherhood of Philadelphia which will be in convention at Pocatello, according to announcement just issued by M. J. Goode, state secretary, of Filer.

Unable to Come—At the last moment Saturday announcement was received that Miss Jean Brockway of Philadelphia would not be able to meet her engagement to fill the Baptist pulpit yesterday morning. The Rev. B. G. Fyler, an able pastor, preached in Miss Brockway's stead.

Business of Importance—Members of Twin Falls lodge No. 45 are requested to attend a regular convocation of the lodge to convene at 7:30 o'clock on Wednesday night of this week. Announcements read: "Business of importance requires the attendance of all members of this lodge."

Small Blaze—Defective wiring, it is believed, caused an outbreak of fire in the basement of the Masonic temple early Sunday morning. Power wires to the elevator motor are said to be the cause. Outside of burning out the motor there was no damage.

When Death Cools His Sting. There is in the West Indies a very curious superstition regarding death. When a death occurs in a house all the water in it should be regarded as poisoned and at once thrown away. The idea is that death after drinking his victim will cool his "sting" in the first water he reaches, which thereby becomes a deadly poison. No one can tell what water has been touched, so the safe thing to do is to get rid of all that is within his reach and do it at once.

New Sign of Character. The character can be read from the feet. Women with slender feet have practical strong honest natures and make excellent wives and mothers. Long, slim and dainty feet indicate a sensitive, vain and proud disposition.

THE VIEWS OF ONE
Thus does the Flor Journal dispose of the matter of the "closed" versus the "open" shop.

Not alone in this instance did Elbert Hubbard write with a prophetic pen:

"When those Norwegians with their yellow hair flying in the breeze sallied up the street to the people on shore called to them in amazement and asked: 'Where are you from and who are your masters?' And the defiant answer rang out over the water: 'We are from the round world and we call no man master!'"

"And I think you to see me to trade the freedom for which we have fought, for the rule of a Business Agent graduate from a cigar factory."

"Labor Unions have increased wages, shortened hours, and done many useful and beautiful things. But when labor unions attempt to dictate amount of output, decide on who shall advance and who shall not, declare what work shall be done and what not, insist that you shall join a Union or else be deprived of the right to work, they have ceased to give an equitable return. When brickbats take the form of reason and the Walking Delegate says, 'Carry a Union Card or take out an accident policy' then things have gone so far that a self-protection the Union must be temporarily laid low with a link-pin."

O WAD BOWSER POWER

Before a gathering of several hundred Long Beach, California, business men held at the Chamber of Commerce there last week, appeared Thomas Adams, city planner and authority on matters pertaining to civic growth and municipal development.

Mr. Adams addressed the gathering at some length, outlining the points which experience has proven to be real and discussing the various steps necessary in a City's program if that City is to take its proper place in the general march of the country.

In connection with newspaper reports of his speech, we note this paragraph: "It is extraordinary how many cities cut off their noses to spite their faces, such as a refusal to buy a park site because some citizens may benefit by the transaction."

His words do not exactly fit Twin Falls because here the people refused to buy a park site because they merely feared that some citizen might benefit by the transaction. But there isn't much difference.

It is always interesting to take a peek at ourselves as others see us.

THREE CORKING FISTIC SCRAPS FOR OPENING ENTERTAINMENT OF AMERICAN LEGION'S CONVENTION

Twin Falls Athletic Club to Stage Inaugural Mitt Program on First Night of State Service Men's Conference on Wednesday Night—Six Willing Mixers Signed

Twenty rounds of guaranteed fighting for mitt supremacy is on the bill for Wednesday night. Three bouts in which battlers of this class will swap punches add measure, promise.

The entertainment is open to the public. Nothing doing behind barred doors. The show for everybody. Tickets now on sale at Mackay's. All seats are reserved.

Under the direction of the Twin Falls Athletic club the night of the American Legion convention's opening will be featured with three glove bouts. The men signed for these affairs have chosen because of their peculiar vocation to entertain a crowd of fight fans.

There are two lightweight battles and one light heavyweight. Both sides are suggested between men at 133 pounds. The latter will go either 10 or 13 rounds, depending upon the length of the evening.

The preliminary is a four-session affair and the intermediate conflict between men tipping the spring balance at 105 pounds. Every man on the schedule has compiled a worthwhile reputation as a willing mixer, hard puncher and some scientific. The card gives promise of excitement of high order.

In the windup Bill Woodhead of Twin Falls and Al Nelson of Boise are scheduled to go the distance. The men will weigh in at 133 pounds. Woodhead has a reputation to sustain. Woodhead in this ballwick and Nelson in Boise.

Both sides are suggested scrappers who do not know the sting of defeat at the hands of a man in their class, and who use the top-to-toe style. The men have not met in the ring before, but each has fought the other's opponents. If the battlers live up to their names the event should be one that will live in local annals of fistiana as a real go.

The preliminary argument will be heard in the camp of the Duke and a Twin Falls man who is training "Incoignit." The boys are 135 pounds and have been signed because of reputation of high order.

A couple of big fellows will be brought together in the penultimate act, the men being Mickey DeLoe and Fred Brown of Twin Falls. This pair has the unqualified recommendation of the club staging the show.

The sum of Flor will refer to all three goes.

Brief Bits of Sport

Fred Fulton says that in his last meeting with J. Dempsey he was double-crossed.

We never did know just what it was but we knew it happen sudden-like.

When potatoes are selling at 10 cents apiece ordinarily, but when they are good only for hogs.

That's the sort of thrift that builds up prices.

Mario De Vitalis, a rock twirler in the camp of the Yankees, has one claim to fame, anyhow. Mario fancied Babe Ruth twice in a game at Jacksonville, and thereby nearly precipitated a riot.

It was like this: Manager Huggins paid his squad for a game as a sort of special Christmas gift to the Jacksonville people and Vitalis was opposing twirler to the side Ruth was on. The rock is a log and the twirler a little respect for Babe's vaunted prowess.

The last two times Ruth came up he missed everything that came over so far that the fans booted him, and the mighty slugger went into the stands after one fellow.

This incident won a lot of applause for the rookie and lowered Ruth a lot in the estimation of his followers, not because of his failure to hit but because of his attitude to lose his "goat" under stress.

Sim Smiley, engulphur sage, says: "Put it strictly for get high prices for pigs so they kin get hit but poultry in the fall, by gum!"

Dick Rodolph, Braves star twirler, says cutting out the spit ball won't hurt him any, as it was mostly bluff, anyway.

Pawhuka, Oklahoma, showed his baseball enthusiasm when the opportunity arose for that city to get a franchise in the Western association. The sum of \$10,000 was raised by the sale of 200 season tickets.

Twin Falls folks might give that the once over.

Jim Thorpe, Indian who has had big league experience, has finally signed to play with the outfit position with the Akron club of the international league.

One time Jim said if he wasn't good enough for the majors he'd be blown if he would fool around with the minors.

But a wise Indian changes his mind, like a wise woman.

A wise man don't have to.

J. W., a smart guy who said he was going to upholster his auto cushions with reppie because "they are so springs," asks if it is all right to feed hogs corn on the ear?

We have fed lots of hogs of one sort or another in our limited span, but we never tried it that way; we always found it more expedient to put it on the ground or in a trough and let the hog eat it any old way he wanted to after that function was performed.

The St. Louis Americans' management will admit boys under 14 to the pavilion for 25 cents this year.

Twin Falls lads under that age can get into the pavilion or any other place in the local ball plant, for nothing.

It seems to have been a matter of good fortune for those of his opponents who remained standing to the finish.

Although Pillsbury is small and apparently frail, he is well constituted and is provided with the long, pliable muscles that are so essential for speed and hitting on the other side looking.

Those who have seen him box declare that he is a marvelous ring general, and those who have felt his blows are a little with the force of a middleweight.

But Wilde is not the only wonderful fighter who has come to this country from the other side looking for honors in the boxing world. There were many others. One of the best of them was Billy Plimmer, one of the greatest bantam ever produced in England, and until he bumped against the masterful Pedlar Palmer was regarded as invincible.

Plimmer, who stood 5 feet 3 1/2 inches tall and scaled well under 110, was born in Birmingham, Feb. 5, 1880. He began his career as a boxer in 1890, and developed so rapidly that he captured a title bout at the National Sporting club in the following year, beating the champion, Jack Stevens, in fifteen rounds.

In 1902 Plimmer, having heard that America was a fightinger Golconda, hastened here, arriving in New York early in January. In order to try him out, Plimmer was put in the ring with Ed Hogan, a thirty Brooklyn boy, who held the Englishman to a draw in an eight-round bout.

Plimmer may not have extended himself in the trial bout, as subsequently he made short work of a number who decided to take him on. His first real affair was with Tommy Kelly, whom he stopped in ten rounds at the Coney Island A. C.

Then came Jerry Barnett, a clever boxer, that Plimmer stopped in the eighth round also at Coney Island. After this battle considerable talk ensued as to matching Plimmer with George Dixon, then the bantam and featherweight champion of America, but O'Rourke, Dixon's manager, was backward and did not consent to a test of skill till six months had passed, and then only in a four-round bout in Madison Square garden.

Steve O'Donnell was the referee and at the end of the fourth round he declared Plimmer the winner on points. O'Rourke never forgave O'Donnell for that verdict, although the consensus

of opinion was that the referee was correct in his decision.

O'Rourke, however, did not insist on a long bout later to settle the question of supremacy, but permitted the backers of Johnny Murphy of Boston to take on the skillful Briton. Murphy was a rugged, combative bantam and he gave Plimmer the battle of his life. The contest lasted twenty-five rounds, and while Plimmer was knocked out by fat-headed spectators to have won on points, the referee called the bout a draw. This bout took place at New Orleans, Sept. 23, 1894, and at its conclusion Plimmer decided to return to England.

On May 25, 1895, Plimmer entered the ring at the National Sporting Club, London, his opponent being George Cornfield. Plimmer obliged Cornfield in short order, knocking him out in the seventh round.

But Plimmer did not retain the title for any length of time. He was stopped by Pedlar Palmer in fourteen rounds in the same club Nov. 25, 1895.

This practically ended Plimmer's short but brilliant ring career, as, after gaining a twenty-round decision over Corafield, the former champion, Plimmer was beaten in succession by Sammy Kelly, the New York bantam; knocked out by Pedlar Palmer in seven anton rounds, and also by Harry Ware in nineteen rounds.

Plimmer's last recorded fight was with Corafield, a twenty-round draw, Sept. 21, 1899. Plimmer was a fine boxer of the English school and hit straight and hard with either hand.

WOMAN TEACHER COACHES SCHOOL'S BASEBALL TEAM
EYEBRETT, Wash., (AP)—Miss Freda Billings, teacher at the Monroe school here, is coaching the school's baseball team. Miss Billings while teaching at Port Angeles, Wash., whipped a school team into good shape and the Monroe boys are hoping she will have equal success with them. Miss Billings was in playground work in the east several years ago.

WILDE HEADS ENGLISH PUGS IN ALL LINES

Jimmy is Best Boxer Ever Sent by Britain to America—Plimmer a Star

By AL SPINK

The English heavyweights who have come to this country since the days of Jim Macae have done little good here, but the bantam and lightweight fighters who have come over in the last few years have more than held their own here.

Jimmy Wilde, the latest English flyweight, is one of the last to bear out this assertion.

Like Freddy Welsh, who came over and defeated the best of the little Americans only to be knocked out by Jack Leonard, Joe Bowker, Joe Weir, the Belfast Spider, and Benno Jordan, are only a few of the little Englishmen who have come to this country and failed to do the best men.

Since Jimmy Barry, then America's champion, went to England in December 1907, and fought and defeated Walter Great in a two-round battle which ended in the latter's death, England has sent no little fighter to this country to compare with Jimmy Wilde, her present flyweight champion.

Freddy Welsh, the lightweight champion, who fought at 135 pounds and who made a wonderful record against the American fighters, was not so great as Wilde in his class.

As a matter of fact, fighting at his proper weight, 125 pounds, Wilde has been beaten but once. That defeat was at the hands of Tancy Lee, a two-time British champion, which could be counted on the fingers of one hand.

In his other defeat, which could be counted on the fingers of one hand, Wilde was always giving away weight. His opponent, on a wonderful night, was Frankie Mason, the two centering the ring at Toledo this month at equal weight. Wilde was forced to lower his colors to the Britisher, Wilde on this occasion proving himself the most wonderful fighter of his weight Americans have ever seen.

Wilde has scored more than 100 knockouts in the 200 times he has been in the ring.

When company comes there is no time to waste—no chances to be taken—no mother sees that there is always a can of CALUMET BAKING POWDER on hand.

Cakes, pies, doughnuts, muffins and all good things to eat must be dressed up in their best taste and looks.

Then, too, her reputation as a cook must be upheld—and she "stakes" it on Calumet every time. She knows it will not disappoint her.

Order a can and have the company kind of bakings every day. Calumet contains only such ingredients as have been approved by the U. S. Food Authorities.

You see when you buy it. You see when you use it.

THE QUALITY AWARDS

WOMAN TEACHER COACHES SCHOOL'S BASEBALL TEAM
EYEBRETT, Wash., (AP)—Miss Freda Billings, teacher at the Monroe school here, is coaching the school's baseball team. Miss Billings while teaching at Port Angeles, Wash., whipped a school team into good shape and the Monroe boys are hoping she will have equal success with them. Miss Billings was in playground work in the east several years ago.

INTERCHURCH WORLD MOVEMENT
In 2000 Counties This Month
The Forces of the Church of Christ Will Gather To Face the Facts

In 2000 counties in the United States the pastors and laymen of 30 great denominations will meet in conference this month.

It is the kind of conference that generals hold before a critical engagement; that business men hold before entering a new market. A conference of judgment, not emotion; a clear-eyed facing of the facts.

A Survey that Business Men Must Admire
For more than a year hundreds of workers have been quietly engaged in making a scientific survey of the mission fields, and of America county by county.

The facts developed are startling. No such picture of America's religious situation has ever before been drawn.

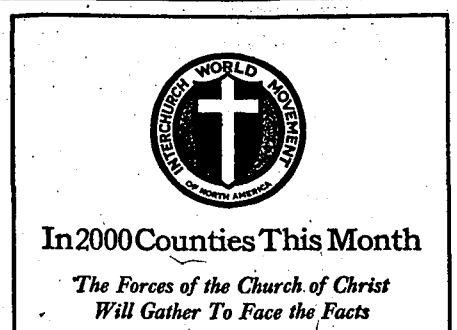

On the basis of these surveys thirty Protestant denominations are uniting in a Nation Wide Cooperative Campaign

Each of the thirty denominations has its own "Forward Movement" organized and officered. The Interchurch World Movement is the clearing house for all of these.

It is the agency which the churches have created to avoid duplication, to foster cooperation and make sure that every man and dollar render the utmost service possible.

The month of April will be devoted to making the facts of the survey known to America; in the week of April 25th-May 2nd, will come a united simultaneous financial campaign.

Whether You Are Inside the Church or Out
To every man and every woman who loves his country, these 2000 county conferences are vitally important.

When company comes there is no time to waste—no chances to be taken—no mother sees that there is always a can of CALUMET BAKING POWDER on hand.

CHURCHES DRAW IMMENSE CROWD

Easter Services Well Attended

—Special Music in General Order of Day

Record crowds attended divine services at all local churches yesterday in commemoration of Easter. Music of an especially extensive and elaborate nature marked all the services. Commemorative choirs were the rule, and music especially appropriate to the season prevailed.

One of the special features of the day was found in the lively Temple Easter services at the First Methodist church, with the Rev. A. G. Bennett, a member of the order, in the pulpit acting as presider. Miss St. Katerine attended the sacred festival, marching in military form from the Asylum to the church, and returning after the services in the same parade order. The program was marked by music provided by a vested choir of 45 voices, directed by a mixed quartet and orchestra. The quartet was composed of Mrs. G. H. Shearer, soprano; Miss Helen Allmendinger, alto; J. Salmon, tenor, and Nelson Hayward, bass.

"Life Everlasting," an especially appropriate light cantata, was given at the Methodist church last night. The capacity of the church being inadequate to the demand for room. The choir gave a special song service in the morning.

At the Presbyterian church both morning and evening the services were of a special Easter nature, attracting large throngs. Dr. P. Duval directed, and in the morning sang Handel's "I Know that My Redeemer Liveth."

At the Episcopal church the Easter festival of song was a mark of distinction and fully upheld the standard set by the choir. Miss Katerine, when Handel's Messiah was sung. Of special moment was the Pratt memorial hymn, "Christ Is Arisen," sung to a marching tempo, well sustained and effective in all its parts. Mrs. M. E. Tucker sang "I Know that My Redeemer Liveth" in admirable voice and style, as the featured number. The services opened with Gounod's "Unfold" for the introit, and closed with the Hallelujah Chorus, from the Messiah.

Re-dedication exercises were held at the Church of the Brethren, with suitable music both morning and evening. Sermons were said by Rev. Charles W. Rank.

Directed by S. M. Powell, and supported by outside singers, the choir of the Christian church gave Stainer's Crucifixion last night, the rendition attracting a greater audience than the church has heretofore. The choir accommodated for a similar observance. The cantata was well rendered and peculiarly effective. In the morning the choir presented a program of great musical worth.

At 5 o'clock yesterday afternoon, under the direction of Miss Juanita Dean, the Baptist church gave Abford's cantata "King of Glory," the services being well attended and especially well given. The morning service, too, was made a festival of song.

In all other churches of the city the Easter occasion was duly observed in appropriate manner.

TOWN IS READY FOR DELEGATES

Program of Reception and Entertainment for Legionnaires Complete in Detail

Delegates to the Idaho State American Legion convention, the second of its kind in Idaho, will begin to reach Twin Falls tomorrow. There will be at least 200 of these past representatives. Visiting legionnaires are expected to swell the throng several hundred more for three days.

The convention opens Wednesday and concludes Friday. The program provides activity of either a business or entertainment order for every minute of the convalescence period. State legionnaires, as well as other celebrities, will be here for this occasion, including some of the prominent educators of Idaho. E. H. Lindley, president of the state university of Moscow, will be among the number. Special plans have been made for receiving Dr. Lindley. University men have planned a banquet for the head of the Moscow educational institution, at which all men of the university, with business men, will gather for fellowship exchanges.

Tomorrow night and Wednesday following trains will bring their freight of delegates to Twin Falls gathering. On Wednesday afternoon at 1:30 o'clock the convention will be formally inaugurated with a street pageant. One hour later Commander E. O. Boom will call the convention to order for business. At 3:30 a recess will be taken and the delegates will motor to Shoshone falls for a pleasure trip. At 7:30 that night a smoker, with three boxing bouts, will be staged at the Laying theatre.

On Thursday the morning will be opened with an address by Dr. Lindley, followed by committee reports. At 9 in the afternoon business will be resumed, but there will be no business at night. That period will be taken up by dancing in the Laying pavilion. Friday morning, following report of election committee, there will be an election of officers and selection of the next year's meeting place.

QUAKES SHAKE PACIFIC ISLANDS

PAPEETE, Tahiti, (AP)—The series of earthquakes which have shaken the island of Tahiti, Moorea and Bora-Bora since 1918 still continue and during February increased in intensity. Scarcely a day has passed without several earth tremors. The center of these disturbances seems to be under these islands.

DEFENDS PEDESTRIAN'S RIGHTS

SPOKANE, (AP)—Running down by automobile drivers of pedestrians in "safety zones" will be discontinued in Spokane, if Superior Judge R. W. Webster has his way about it. Judge Webster recently assessed damages of \$700 against the driver of an automobile who was alleged to have collided with a pedestrian between the "white lines," breaking the latter's leg. The court held that pedestrians are not charged with watching automobiles while in the safety zones.

LOBBIED TO WED

A marriage license has been issued to Erland Flom, aged 19, and Lucille Crist, 23, both of Twin Falls.

Be a Fatalist; Quit Worrying About Weather

W

HILE Boreas blow yet breezes with frivolous freshness from the same old N. W. quarter the expert skeptic foretells— But who wants to be foretold the weather anyway? Isn't it head enough when it arrives, without having the misery of knowledge beforehand? The prophet we like best is the patient who, on a specifically gloomy day—this for instance—when we particularly want it to be fine, when we would have time to think as well as work; time to drink in life's sunshine; time to let to Aeolian music that the winds of heaven draw from ethereal things about us; time to—As we say, the prophet we like best is the one who looks around the horizon with a knowing eye, shifts his gird and spits into the breeze, then tells us: "It will clear up all right; it is going to break, sir."

Ah, yes, that's our kind of weather forecaster.

These old chaps are so knowing, you know. "Colder tonight" is the gist and jest of the lay's official road, sent forth from the weather man's atmosphere of pessimism.

Yes, indeed, and also "probable showers." But Easter Sunday was a better day than Easter Saturday—by many degrees. Thirty-eight was high Saturday and 63 yesterday, with an appreciable rise in the mercury at night. Still it blows.

Water Stage is Still Deficient in Moran Section

Week's Report Shows Less than Half Amount of Water Stored Last Spring

Last week's report from Moran, Wyoming, at the outlet of Jackson Lake reservoir, shows the following conditions:

	Acre-foot
On March 27, 1920.....	133,450
On March 27, 1919.....	237,370
For one week ending March 27, 1920.....	5,180
For same week a year ago.....	5,800

Precipitation at Moran

For week ending March 27, 1920.....	0.50
For same week a year ago.....	.00
From Sept. 1 to March 27, 1920.....	16.01
From Sept. 1 to March 27, 1919.....	10.64

Approximately one foot of snow fell on the watershed during the week ending March 27, 1920.

LEAVING TOWN, so will sell my high-grade furniture, stoves and rugs at a bargain. C. E. McMillen, Dewey street, near city limits.

ACID THROWN AFTER DOMESTIC QUARREL

Mrs. Walter Fortune Said to Have Injured Husband and Then Tried Suicide

Domestic trouble in the Walter Fortune family resulted Saturday night in injury to the head of the house, and almost death by poisoning of Mrs. Fortune. Both are today said to be on the road to recovery.

Mr. and Mrs. Fortune have apartments in the Colorado rooming house. According to statements from that place Mrs. Fortune, following a heated discussion over domestic affairs, dashed carbolic acid in her husband's face, causing severe burns. Immediately thereafter she swallowed a dose of strychnine and lay in agony until her groans attracted the attention of neighbors in the house. Dr. H. N. Loete attended both cases. The patients are said to be resting today, with every prospect of recovery. Mr. Fortune is employed at the Twin Falls flour mill.

TO COUNT QUESTIONNAIRES

A canvass of the questionnaires returned by members of the Twin Falls Chamber of Commerce on the question of endorsement of the American Plan for this city, will be made at a meeting of the chamber of commerce board of directors tonight. The questionnaires were mailed to every member following a meeting last Monday night when a test vote showed an overwhelming majority in favor of endorsement for the plan.

BUILDING PERMITS

The following permits to build have been issued by the city clerk. To P. R. Thompson, 26 by 42 foot residence in Bickel addition, to cost \$4000; N. G. Shipman, sleeping porch at 345 Sixth avenue east, to cost \$150; W. J. Holgerson, 28 by 36 house on Main avenue north, to cost \$4500; D. J. Hayward, 8 by 22 foot addition to house at 404 Second avenue south, to cost \$525.

CHILDREN'S PANTOMIME

At the Laving Theatre, Tuesday afternoon at 4:15, a big fun show for the children. A real Punch and Judy show; more fun than a circus. You have all read in your school books about Humpty Dumpty, now we have him pictured on the screen. Also have Charlie Chaplin and Fatty Arbuckle. There will be a show contest, winners to get cash prize. Two hours of solid fun. Admission—25c to all—adv.

OBITUARIES ANNOUNCED

FOR LATE BISHOP HUGHES PORTLAND, Ore., (AP)—Funeral services for the late Bishop Matt S. Hughes, who died suddenly in Cleveland Sunday, will be held here next Saturday morning, it was announced here today.

NO FARM BUREAU AGENT

Until the state agricultural department recommends a man acceptable to the county commissioners there will be no agent in charge of the Twin Falls County Farm Bureau at this place. L. V. Coleman, who recently resigned, has taken up his duties as assistant agriculturalist with the Ammiganated Sugar company. He devotes a portion of his time to bureau work each day.

ALLEGES DEBETITION

Charging that his wife, Ona May Armstrong, has refused to live with him, and that she has taken their two-year old child away from his abode, Earl Armstrong has appealed to the district court for a divorce with special privilege of visiting the child. The suit was filed this morning by Attorney Frank L. Stephan.

IDAHO FALLS ——— IDAHO

REPUBLICANS ARE URGED TO HELP PICK DELEGATES

County Committee Calls Attention of Party Members to Mass Meeting

Executives of the Twin Falls county republican committee today issued another statement calling attention to a mass meeting to be convened at two o'clock Tuesday afternoon in the Parish hall here for the purpose of naming delegates to represent the county at the state convention in Coeur d'Alene, April 28, which will elect the Idaho delegation to the national convention. The announcement reflects the desire of the committee that the largest possible representation of republicans of the county shall attend and participate in this meeting. A general invitation is extended to all republicans.

JOHNSON SUMMONED SHERIFF TO TAKE THEM IN CUSTODY

CALEXICO, Cal., (AP)—Jack Johnson, former world's heavyweight champion pugilist, sent for Sheriff Applethill of Imperial county yesterday and arranged to have the sheriff take him personally into custody when Johnson crosses the international line to meet federal charges pending against him at Chicago. Johnson said he hoped to be ready to surrender soon. Johnson and his party left for Tijuana today.

Uncle Albert in the Family Album

had his taken with his hat ON.

And doesn't he look funny—but it must have been the style then, for Mother says Albert was always a Beau Brummel.

Hat styles change so rapidly that now, when we pose, we part with the hat and play up the profile.

You'd be surprised to see what a change just one season makes!

Our Spring Stetsons are so different than last Fall's fashions that you'll wonder how you have kept yours a secret so long.

Take a peek at the new caps while you're at it.
