ANOTHER MILITARISTIC CONSPIRACY UNARTHED IN GERMANY

Firemen and Enginemen Join Unauthorized Strike

UNION MEN DEFY OFFICIALS WITH WALKOUT NOTES

Freight Traffic Situation in Chicago District Becomes More Serious and Disaffection is Spreading

SUPPLIES OF FOOD AND FUEL ARE RUNNING LOW

Nearly 20,000 Employees are Thrown Out of Work at the Stockyards by Stoppage of Livestock Receipts

CHICAGO (AP)—Representatives of 600 members of the Brotherhood of Locomotive Firemen and Enginemen employed in the Chicago switching district today defied their union officials and voted to join the unauthorized switchmen's strike called nearly a week ago.

Freight traffic through the expansive Chicago district already is restricted seriously and both sides agreed that if the force of strikers was augmented such traffic would be brought virtually to a standstill.

The vote of the engineers and firemen came in the face of petitions of grand officers of the Brotherhood of Railway Trainmen and the Switchmen's Union of North America, that by Saturday the strike would be broken by loyal union men rushed here from other cities.

The engineers and firemen declared they would not work with "scabs," as they termed the loyal union men, and also demanded an increased wage. Engineers are paid \$5.76 a day and they demanded \$1.20 an hour; the firemen are paid \$4.10 to \$4.25 a day, demanded \$1 an hour.

Passenger trains would not be interfered with, the strikers said.

Food and Fuel Run Low. Meanwhile, supplies of certain foods and fuel were beginning to run low in Chicago and nearly 20,000 employees had been thrown out of work at the stockyards by the stoppage of receipts of cattle. It was stated that unless receipts of livestock were resumed shortly approximately 60,000 sheep would be idle.

The switchmen continue their strike under an ultimatum from the Brotherhood of Railway Trainmen that they will forfeit their union memberships unless they return to work by tomorrow night. They are in a position of seniority standing with the railroads.

Strikers Make Claims. The strikers claimed early today that 10,000 men already were out in the district and that by night 25,000 would be on strike. Railroad officials said about 2,000 switchmen and yardmen were out of work today.

William L. Bond, treasurer of the Brotherhood of Railway Trainmen and five belt lines "were paralyzed" by the strike. Eighteen railroads were affected to some extent, officials admitted.

Switchmen's strike leaders early today said delegations had been sent to Milwaukee, Kansas City and other cities to call strikers.

Officials Plan Campaign. Grand lodge officers of the Brotherhood of Railway Trainmen and the Brotherhood of Firemen and Enginemen called their divisional chairmen on the twenty railroads affected by the strike in Chicago today to plan the campaign against the strikers.

More than 1,000 union switchmen are at work today as strikebreakers, Vice-president Whitney announced, and similar action is expected to be taken by the firemen and enginemen.

E. Corrigan and M. W. Cable, assistant chief engineers, were in conference with the firemen and enginemen chairmen this morning after vain effort last night to prevent the unauthorized strike of their men. There is a great deal of sympathy in the brotherhood ranks for the switchmen, Corrigan said.

The situation has become desperate because of the fact that the wages paid these men in the Chicago terminals were absolutely not enough to live on. Corrigan said. "The strikers," he added, "receive a schedule ranging from \$4 to \$5.76 a day." Continuing, he said:

"Our men could look out the windows of their cars and see common laborers receiving more than engineers who had devoted years to their apprenticeship."

Passenger Trains Moving. Railroad officials announced this morning that passenger trains would be kept running.

Friday, April 9
10 a. m.—Report of election committee; election of officers; selection of places of next convention. 2 p. m.—Unfinished business; installation of officers.

They're here, several hundred strong, the men who won the war!

It is the second annual state convention of the American Legion. The bulk of 200 assigned post representatives have arrived. The throng of delegates and representatives numbers around 500.

And still they come and are yet to come. Prominent among those reaching the convention battleground were the Burley and Idaho Falls delegations. Each was something.

Burley is "rarin'" for the state headquarters, now located in Pocatello. Idaho Falls post comes pledged to get the next annual convocation. Both towns have strong support for their demands. But there are others.

Twin Falls is making nothing apocryphal of its claims. The local post, supported by the entire

citizensry of the place, is too busy as host to pay heed to lobbying for any particular honor—to give the convention a real entertainment during the next three days is honor enough, it is admitted.

Lobbying a Plenty. But there is lobbying a-plenty going on. It started with the arrival of the first post representatives yesterday; was continued far into the night and has grown in expanse and intensity during the first day of the convocation.

Change in state headquarters and "copping" the third annual convention, the lobbying is for executive positions and the furtherance of "benefit" schemes for former service men. The Twin Falls delegation is not to be instructed along these lines. But

LONDON (AP)—There are grave rumors current in Cairo regarding the situation in Palestine, says a dispatch to the Exchange Telegraph from the Egyptian capital. The dispatch asserts that all permits to Palestine have been stopped and that the troops are being recalled to their stations on the western bank of the Suez canal. No letters are arriving from Palestine.

LONDON (AP)—Recent unconfirmed reports of a Sinn Fein plot for an armed uprising in Ireland were based on fact, according to the Irish police. They state that they are in possession of information not only indicating a rising was intended but that certain Germans in Berlin had been engaged to furnish war material.

ATHENS (AP)—Greek troops have been authorized by the supreme military council of the allies to advance in Asia Minor in anticipation of an eventual attack by Mustafa Kemal. They have occupied a strategic position east of the sector they have held around Smyrna, according to a dispatch to the newspaper Ethnos.

FOREIGN EXCHANGE DROPS. Decline Contrasts with Strength in Beginning of Franco-German Situation.

NEW YORK (AP)—Foreign exchange rates declined in initial transactions today in contrast to the strength shown when the present Franco-German situation began to develop. Live checks made a new low record at 81.77 to the dollar and franc checks a new low for the current movement at 15.21 to the dollar. Bills on London which were above \$4 early in the week also declined, demand sterling opening at \$2.71.4. Marks were quoted at 11.75 cents and Canadian dollars at 0.175 cents.

In the afternoon live checks made another low record at 81.22 to the dollar, while franc checks dropped to 15.20 and demand sterling to \$2.90.

MEXICAN STATE SPECULATES ON TROOP LANDING

Carranza Government Dispatches 3,000 Soldiers to Augment Garrisons of 5,000 Men Within Borders of Sonora

AGUA PRIETA, Sonora, Mexico, (AP)—According to a statement made at military headquarters here today by federal officials the Mexican transporte Guerrero and Chapac arrived at Guaymas, the principal west coast port, last night and unloaded 3,000 troops, the majority of which were infantry and the balance artillery units.

The troops, according to the statement, came from Mazatlan and Matatlan. There is considerable speculation among the authorities here as to the real reason for sending the chief executive unit to Sonora, as it is stated that some 5,000 federal troops are now garrisoned in the state and adequate to cope with any situation which may arise.

At General Calles' headquarters it was stated the troops have been sent to Sonora in order that the chief executive will be in position to carry out his mandate to the striking railroad men declaring if the trains of the Southern Pacific de Mexico were not in operation in Sonora within 72 hours he would operate them with soldiers.

HOUSE CLEARS WAY FOR DECLARATION OF PEACE

Congressmen to Meet Earlier During Two Days' Debate on Resolution

WASHINGTON (AP)—House Republicans cleared the way for a two-day debate on the peace resolution beginning tomorrow. Under the program adopted by the rules committee the floor will be cleared until after five o'clock Friday. On both days the house will meet an hour earlier than customary.

By strict party vote, the rules committee today agreed to permit no amendment to the resolution being offered from the floor, save one for motion to recommill. Such a motion, Democrats said, was contemplated. It probably will provide for repeal of certain war emergency legislation. Democrats on the rules committee declared that while no filibustering was to be expected from them they would fight the resolution on the ground that its purpose is not within the authority of congress.

FATHER AND DAUGHTER DIE IN SEATTLE FIRE

Leap to Death when Flames Destroy Hotel Lincoln with Property Loss of \$400,000.

SEATTLE, Wash. (AP)—Two persons were killed, five injured and a number of others received minor hurts as the result of a fire which early today destroyed the Hotel Lincoln, a family hotel at Fourth avenue and Madison street, in the downtown district, with a property loss estimated at approximately \$400,000.

The dead: Fred L. Hamilton, 50, Berkeley, Cal., killed by leaping from fifth floor. Miss Gray Hamilton, 21, daughter of Fred L. Hamilton, jumped from fifth floor.

Hundreds of spectators gathered in the streets saw Hamilton and his daughter leap to their deaths. Firemen, climbing the sides of the building with scaling ladders, rescued a number of guests whose escape had been cut off. Over two hundred guests, scantily clad, made their way to safety down smoke-filled stairways.

The building, a seven-story frame and brick structure, was wrecked by falling walls.

CONSIDER APPOINTMENT OF ALLEGED FRIEND OF I. W. W.

WASHINGTON (AP)—The nomination of former Governor Hunt of Arizona to be American minister to Spain was considered today by the senate foreign relations committee without action. Charges of I. W. W. sympathies are understood to have been made against Mr. Hunt.

The committee also postponed action on nomination of Henry Morgenthau to be ambassador to Mexico. His nomination will be taken up when Senator Fall, Republican, New Mexico, chairman of the sub-committee investigating Mexican Affairs returns next week.

BAVARIAN PARALLEL TO BERLIN REVOLT REVEALED

General Ludendorff to Be Made Dictator and Separatist Leader Given a Place in Plans Discovered

BERLIN, (AP)—A great military conspiracy, which was to have been a Bavarian parallel to the recent Berlin revolution, has been discovered in Munich, it was announced today.

Part of the plan was that General Ludendorff be made dictator over Bavaria and Dr. Heim of the Bavarian separatists, a sort of civil and economic dictator.

GERMANS PROTEST FRENCH OCCUPATION OF RHINELAND

Denies Intention to Violate Treaty Terms Arguing Troops Movement into Ruhr Region was Necessary to Preserve Government; Fugitive Communists are Interned Upon Arrival in the British Zone of Occupation

AIX LA CHAPPELLE, Rhensish Prussia, (AP)—German government troops are marching on Duesseldorf. Occupation of the town is expected late this evening or tomorrow morning.

BERLIN (AP)—The German charge d'affaires in Paris was instructed today to hand to the French government a note protesting against the French occupation of Frankfurt and other territory on the right bank of the Rhine.

"We must, in the name of justice, reason and humanity," the German note says, "make the strongest protest against the action of the French army. It cannot possibly have been the intention of the treaty of Versailles to prevent Germany from restoring order as quickly as possible in the part of its territory most seriously disturbed by bands of robbers."

Claims Self-Preservation. "The movement in the Ruhr region, if it had not been quickly opposed, would have shaken the republic to its foundations both politically and economically."

"Everywhere that the troops arrived the movement quickly collapsed. The note points out that alleged violations of the treaty must, in the terms of that instrument, be redressed by all the signatories on the allied side, and might by a single one, acting independently.

Calls Assembly Session. A special session of the national assembly will be held Saturday. The call for the session was issued today following a conference between the heads of the political parties and the government.

Fugitive Communists Interned by British. A special session of the national assembly will be held Saturday. The call for the session was issued today following a conference between the heads of the political parties and the government.

COBLENZ, (AP)—Two thousand communists have crossed the Rhine into the British zone of occupation and have been interned. Twelve hundred more are expected to arrive today.

Flight of large numbers of the communists into occupied territory is considered an indication that the revolt in the Ruhr region is near an end. The situation in the Ruhr valley is bad and living conditions are almost unbearable. Interrupted tentative negotiations for a railroad strike at Essen is reported and no trains are running.

The reaction locally to the movement of French troops into German cities east of the Rhine has not disturbed the population. First objection is expressed by Germans that the action of the French will solidify more than ever sentiment all over Germany against the allies.

The chief of staff of American forces here has repeated his declaration that he has no direct concern with any action outside of American occupied territory except on specific instructions from Washington.

CHARGE GERMANS WITH WILLFUL MOVE TO EVADE TERMS OF TREATY

PARIS (AP)—Entry of German government troops into the Ruhr district has interrupted tentative negotiations for an economic understanding between France and Germany, and in authorized circles here there is a conviction it was willfully planned for that purpose.

In the course of the conversations on the subject, Germany asked France what would be necessary, as a basis for such an understanding. The reply was that the terms of the Versailles treaty must be executed. It is the theory here that the military party in

Germany, confronted with these conditions, preferred to take radical action.

De Goutte Fulfills Occupation Orders

FRANKFORT, (AP)—Occupation of Homburg by French troops today virtually completes the operations outlined to General De Goutte, in charge of the occupation movement, in his orders from the war office. The entire plan has been carried out without any significant incident.

The inhabitants of Frankfurt for accepting the occupation with complete outward indifference.

England Unlikely to Take Part in Advance

LONDON, (AP)—There is little probability of Great Britain participating in the French advance into Germany as far as can be ascertained at present, and, according to a statement current in some quarters the British government feels itself placed in an awkward position by the French occupation of German cities.

When such a move was discussed recently at the meeting of the ambassador's council, it was said Great Britain and Italy dissented, or at any rate strongly urged the necessity of careful consideration before making any definite steps. Consequently it was not expected that France would proceed to occupy the neutral zone without their formal approval.

KANSAS MINERS' UNION OFFICIALS FACE TRIAL

PITTSBURGH, Kans. (AP)—After a plea of guilty to the charge of contempt had been made for Alexander Howat and two other Kansas miners' union officials, when they faced District Judge Andrew J. Curran today, their attorneys withdrew the plea. The officials were arraigned Friday morning. Howat and August Dorey, vice-president and Thomas Harvey, secretary-treasurer were admitted to bond of \$500 each.

LABOR PARTY VICTORIOUS IN ILLINOIS CITY ELECTIONS

EAST ST. LOUIS, Ill. (AP)—Complete official returns today showed that the recently organized labor party won victories in yesterday's municipal elections here and in Belleville, Harrisburg and Eldorado.

Reports from five other counties in the southern Illinois mining district indicate that the labor party is in the lead.

WARFARE BRINGS GRAVE PROBLEMS TO WARSAW CITY

Polish Capital Hums with Military Activities and is Crowded to Doors with Hoards of Impoverished Refugees

WARSAW (AP)—Warsaw is humming with war activity and is crowded to its very doors with hoards of poverty-stricken refugees from the areas for which the Poles and Bohemians are fighting. Travelers say it is the most crowded city in eastern Europe. The population is estimated to have increased from 800,000 to 1,300,000 since the world war began.

War Activity Everywhere
 Somewhere there are officers and soldiers. Military automobiles, tractors and various other vehicles of war traverse the streets all day and most of the night. The cafe life is as bright and gay as ever, but the restaurants and theatres close at 10 p. m. because of food, light and labor. The refugees from the war-stricken areas begin streaming into the city about 11 o'clock, and have been coming ever since, hoping to find food and places to sleep. The problem of providing for them has baffled the city officials.

In the poorer districts, basements which for generations were used for storage purposes, have been used for sleeping quarters. In instances of 15 to 20 persons, and even more, sleep on a basement floor, on straw. Others have found shelter in stables in buildings intended for schools. Many of these refugees are women with children, who have come out of the east virtually without funds. During the day these people are partly supplied with food by the municipality or some of the welfare organizations. Many exist only by begging.

Epidemic Takes Toll
 Warsaw's tenements, always crowded as New York's east side has been for years, are jammed with humanity as never before, and during the severe winter weather when there was an epidemic of influenza here, old men and women and children died by the hundreds every day in this land of the poor. City officials see no relief in sight until warmer weather comes when they hope the people will gradually begin leaving for the country to work on farms.

HAWAII BECOMES HEAVY CONSIGMENTS OF NITRATE
 HONOLULU, T. H. (AP)—Within ten days a million dollars' worth of Chilean nitrate has been laid down in Honolulu by five ships, according to port figures. The nitrate is for the manufacturing fertilizer for the sugar plantations. Further shipments of 5,000 tons are expected within the next sixty days.

MAKES STARCH FROM FERNS
 HILLO, Island of Hawaii, T. H. (AP)—A. F. Christian, estate administrator for this island, has found a new industry. He discovered a Japanese in one of the outlying districts making starch from the roots of ferns in a great fern forest back of Mountain View.

BURLEY PLANNING EXTRAORDINARY FETE FOR ELKS' LODGE OPENING

Installation of B. P. O. E. in Cassia County Center Promises to Set New Mark in Fraternal Ceremonials at That City—Street Parade, Banquets and Show Amusements on the Bill

BURLEY (Special)—Arrangements for the installation of Burley lodge No. 1824, B. P. O. E., and the celebration which is to greet the advent of the new lodge on April 16, are progressing rapidly and promise one of the liveliest events of the kind in the history of the city. A blanket invitation was given forth to all parts where "Billie" abide, and the committee in charge has received assurance that big delegations from Salt Lake City, Ogden, Logan, Pocatello, American Falls, and many other points in Utah and Idaho, will be in attendance. As to the Twin Falls lodge, which will have charge of the installation ceremonies, it is expected that every member will trek to Burley on that memorable occasion.

Immediately following the arrival of the Elks' special train from Pocatello at 3 p. m. a big street parade will be held. The committee has announced that it is offering a prize of \$50 for the best business men's float, and a prize of \$25 for the best school children's float, and \$25 for the best window display. After the parade, the installation ceremonies will be held at the Burley opera house. An adjournment will be taken at 8 p. m., after which the final ceremonies will be held, and these will be followed by a dance at the Arcadia pavilion, and a boxing contest at the Burley Athletic club. Visiting women will be entertained by the wives of the local Elks, with a banquet, picture show and other amusements. Sixty-five of the one hundred members will be invited to the B. P. O. E., and it is announced that the lodge has a list of more than one hundred applicants who will be initiated soon after the lodge enters upon its career. The temporary headquarters of the lodge will be in the Burley opera house.

RECLAMATION EXPERTS HOLD BUBBLE SESSION

Discussions of Proposed American Falls Project Helds Attention

BURLEY (Special)—Reclamation experts held a meeting in the new Overland building Monday afternoon for the purpose of discussing certain phases of the proposed American Falls irrigation project. Technical problems involved in the undertaking, together with questions dealing with the financing of the project, and the elimination of certain tracts which have been proposed for irrigation, were discussed. Meetings were held in the forenoon and afternoon, and at the conclusion of the afternoon meeting officials made arrangements to visit the proposed site of the reservoir and other points of interest on the project for the purpose of procuring data which will be included in a formal report.

Those who attended the meeting were: I. W. McConnell of New York, E. W. Hanna of Iowa, James Munn of Denver, representing the U. S. Reclamation service; W. G. Swendsen, state reclamation commissioner, representing the State of Idaho; Chief Engineer Arrington of the O. E. railroad; E. B. Darlington of the Twin Falls North Side; and J. C. Whelton of the Twin Falls South Side project.

CHURCH MEN FINISH MEETING IN BURLEY

Rousing Session Held in Methodist Meeting House for All-Seat Movement

BURLEY (Special)—A lecture at the Methodist church Monday night by the Rev. C. H. Cleaves of the Congregational church of Pocatello was the closing feature of the county conference of the Interchurch World movement which was held here today. The lecture, which dealt with educational, religious and social conditions throughout the world, was illustrated with 107 stereopticon slides which were presented in the great survey of the world which has recently been made in connection with the movement. Morning and afternoon meetings were held under the direction of Team No. 2, which has recently been organized by the state office of the Inter-

church World movement at Boise. Its personnel consists of: the Rev. Mr. Cleaves, leader; Rev. C. W. Tenny, president of Gooding college, associate leader; R. E. Randall of Boise, financial campaign director; Rev. F. L. Cook of the Christian church of Caldwell; the Rev. C. E. Deel of the M. E. church of Filer, and Mrs. J. C. Rice of Boise, team members. The financial campaign, as outlined by Mr. Randall, involves an outlay of \$255,000,000 during this year, and it was announced that the recent survey reveals the fact that 100,000 leaders are needed to carry on the work of the churches and their subsidiary and affiliated organizations during the next year.

JAPANESE TAKE VLADIVOSTOK TO MAINTAIN ORDER

Explanation is Offered by Nipponese for Attack which Gives Them Control of Siberian City

WASHINGTON, (AP)—The Japanese attack on Vladivostok which gave them control of the city resulted from the "threatened and aggressive acts of a portion of the Russian army," according to an official dispatch from the Japanese war department received on Tuesday by Major General Kanemitsu Enryu, the Japanese military attaché here.

The dispatch said the Japanese commander, after disarming the Russians issued a proclamation that his action had no motive other than to maintain order. It was added that the Russian authorities were "now being negotiated within an endeavor to arrive at a harmonious future policy."

The dispatch said that the battle between the Japanese and Russian army at Nikolai and Khabarovsk was continuing. This battle is said to have been forced "by the sudden aggressive action of the Russian army."

OFFERS TO WITHDRAW IF DISTURBANCE IS CURBED

HONOLULU, T. H., (AP)—Cable advice received here Tuesday from Tokyo by the Nippon Jiji, a Japanese language newspaper, states that Minister of War Tanaka has dispatched a note to the social revolutionary government at Vladivostok saying that Japan will immediately withdraw its troops from Siberia if the Russian revolutionists will settle the unrest in Vladivostok.

General OI, commanding the Japanese troops, has expressed the same intention. The cable stated that the troops would be withdrawn if the Russians would restrict the movement of Koreans to Siberia and guard the railroads. No time for the withdrawal of the Japanese was announced.

KEEP URIC ACID OUT OF JOINTS

Tells Rheumatism Sufferers to Eat Less Meat and Take Salts

Rheumatism is easier to avoid than to cure, states a well known authority. We are advised to eat meat and keep the feet dry, avoid exposure, eat less meat, and drink plenty of good water. Rheumatism is a direct result of eating too much meat and not keeping the feet dry, produce uric acid which is absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out of the body; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly cold weather the skin pores are closed thus forcing the kidneys to do double work; they become weak and sluggish and fail to eliminate the uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities. Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you can get a pleasant, effervescent lithia-water drink, which helps overcome uric acid and is beneficial to your kidneys as well—adv.

IN INDUSTRIAL FIELD BOXING HAS FOOTHOLD

Future Ring Champs May Come from New Source, Ray Pearson Says

BY RAY PEARSON

One of the evidences of the popularity of boxing, especially since war times, is contained in a letter to the writer, and shows that in the future it will be possible to look for champion material in places that never before filled a niche in pugilism. The letter which explains this follows: "Boxing, which is legal in the state of Wisconsin, is not confined to the squared rings of Milwaukee, Racine, Kenosha and other centers of the Badger state. Employees of the Four Wheel Drive company of Olinville, makers of F. W. D. trucks, are busy wielding the gloves in an open elimination boxing tournament. Plans are being formed for a schedule of sport during the summer months.

Club Formerly Barracks
"The F. W. D. club, formerly a part of the barracks used for service men during the war, has been converted into headquarters for athletic activities, of which boxing is one of the most important sports. Considerable rivalry had been created in the ring tournament and several series of bouts are being held every week.

H. E. Holquist."
This Wisconsin automobile plant is only one of the industrial organizations throughout the country which has reached a stage where sports are considered an aid to business efficiency. There are many other industrial organizations in various parts of the country which do about everything to boost boxing, baseball and other ramifications of athletic sports except to make them compulsory.

The encouragement of boxing noted from the communication received from the Wisconsin motor plant is such that healthy young mechanics and other busy specimens of mankind naturally go in for it.

Love of Scrap Natural
"Sporting blood" naturally stands out strongly in any youth who is physically O. K. and for that reason the use of the term "compulsory" is hardly

necessary in this connection. Boys will boys, and one of the inherent instincts of a boy is to scrap. One need only to look back to his school days period to confirm this statement, and the young men of today, in their factories, etc., of today are simply overgrown boys who are permitted the chance of scrapping in a regulated way with the padded gloves.

Attention may be called to the activity which just at present is being shown, principally in Illinois, New York, Ohio and other states in industrial circles. The organization of the National Industrial Athletic association has been perfected. This will mean that the industrial worker of the country will have his chance to shine in the world of sport, the same as the college and club athlete.

Of course the rules which pertain to baseball and track athletics cannot be the same that will apply to industrial boxers, at least the effect will not be felt for the simple reason that nearly every man who is now going for the glove sport must start at the bottom in learning to box.

For instance in baseball and track meet any track athlete employs an industrial organization may compete, whether he previously has been a ball player or a college athlete. The matter of previous professionalism does not bar him from competitions, at least until final lists are turned in to the secretary of the association at a specified time. After that time, professional cannot enter the employ of an industrial organization and compete in the sports of that organization.

Amateurism is Keynote

Amateurism is the keynote of the organization, and naturally that will prevail in boxing as well as other sports. With the wide scope of industrial athletics, it will not be at all surprising to see some future champion of the boxing game carrying a diploma of some industrial organization.

Brief Bits of Sport

The Red Sox, Joe Whitz rises to remark, may not conduct deadly warfare this year, but it certainly will be Ruthless.

For less than that scores have been shoved off this slithering mundane sphere.

Headline: "Wilbert Robinson sees his Superbas finishing on top."

At this season of the year the real optimistic ball fan can almost "see"

a thing like that for the Twin Falls team what ain't.
"This a wise man what knows 'buff' to spend his money to prevent a lawsuit rather than more money to fight one."
Next time the high school sends forth a bunch of athletes to compete for high honors a press agent who will function for the good of the home folks should be sent along.

We offer that, Mr. Blue, as a motion. Another headline: Jack Dempsey is silent until after the trial.
Perhaps there won't be as much to say then as now.
"Garg" Clark roamed over from Buhl yesterday and while discussing sport matters and things pertinent the general trend of things, with a challenge.

JOHNSON HOLDS MICHIGAN LEAD

Related Preferential Primary Returns Make Little Change in Earlier Complications

DETROIT, Mich. (AP)—Publication of additional returns from Monday's presidential primary showed this afternoon that United States Senator Hiram Johnson was maintaining his lead over Mayor General Leonard Wood for the Republican endorsement. The figures were 17,785 precincts out of 22,111.

DETROIT, Mich. (AP)—Related returns from Monday's presidential primary, coming from the sparsely settled sections of the state, added but few votes early today to the totals already compiled from approximately two-thirds of the precincts. These figures gave Senator Hiram W. Johnson a lead of 42,251 over Mayor General Leonard Wood on the Republican ticket, and Herbert Hoover's advantage on the Democratic ticket was 4,608 over Governor Edward I. Edwards of New Jersey.

The vote stood: Republican (1,601 precincts out of 2,471); Johnson, 124,990; Wood, 82,096; Hoover, 44,229; Hoover, 40,624; Democrat (1,472 precincts); Hoover, 17,675; Edwards, 13,100; McCade, 12,602; Bryan, 11,941; Palmer, 7,570.

Complete returns had been received from only a few counties and five—Alger, Baraga, Benzie, Isoc and Montmorency—had not been heard from at all. At a restaurant in the city a storm which crippled telephone lines and rendered many country roads impassable.

It was generally conceded this morning that aside from the close race that had developed among Democratic candidates, it was unlikely that the present standing of the candidates would be altered.

Burt D. Cady, chairman of the Republican state committee, in a statement on the primary, said he believed Senator Johnson's victory was assured and declared the large Republican vote was the greatest in the history of the party in the state and nation.

MILWAUKEE SOCIALIST MAYORS RE-ELECTED

Election Returns Favor Convention Delegates Approved by LaFollette

MILWAUKEE, Wis. (AP)—Complete but unofficial returns from Milwaukee city election show that Mayor Daniel W. Hoan, Socialist, was re-elected over Clifton Williams, present city attorney, and running on a non-partisan ticket, by a majority of 3,375. Under a new Hoan's term will run for two years. Hoan led his ticket and was the only one of the three principal officials to pull through. His vote was 40,694 and Williams 37,319.

others are fortified to carry an intensive campaign in this direction. Lobbying for various soldiers' benefit schemes has become a notable feature of the pre-convention and early convention periods. There are several bills now pending in congress, some of which have already been discussed, having the interest of American soldiers as the subject matter. A number of posts are now on carry on a campaign for unalloyed patriotism. Plans are being designed to provide federal loans for service men. All the proposed congressional measures, together with bills now yet presented to the legislative body, and others yet in the making, will be discussed during the local convention.

Locally nothing has been done that could be done to make the second annual convention of the American Legion a happy and rousing success. The program is replete with features of business and pleasure from a parade to boxing. The streets and shops are decked in bright colors for the occasion. Festivities have been held in just everywhere in spirit and in truth. No more complete preparations for the worthy reception of a worthy cause has ever been held in Twin Falls. The town with all of its hospitality has been thrown open to the men who have been freed from military thrall and imperialism.

The grand opening of the convention a street parade was staged beginning at 1:30 this afternoon, the line of marching covered the principal business thoroughfares. Bands dispensing martial music headed the pageant. The parade was made up of legionnaires, band convention delegates and visiting dignitaries. Bands dispensing martial music headed the pageant. The convention proper is convening in the Idaho theatre this afternoon, and will hold its meetings in this place. The convention was called to order immediately after the street spectacle by E. O. Boom, state commissioner. Dr. E. O. Boom, state commissioner, church, invoked divine blessing upon the assembly. Dr. E. H. Lindley, president of the state university will address the convention tomorrow. This afternoon the delegates will see Shoshone Falls, making the trip by automobile.

WOMEN PICKETS PLEAD NOT GUILTY TO CHARGE

Feminine Friends of Irish Republic Hailed Before U. S. Commissioner After Night in Custody

WASHINGTON (AP)—The four women arrested yesterday for picketing the British embassy entered pleas of "not guilty" today before United States Commissioner Richardson and were admitted to \$1,000 bail each for appearance at preliminary hearing next Monday. The women spent the night in the house of detention after falling to furnish \$1,000 bond. The specific charge against the women was that they did "unlawfully, wilfully and feloniously menace bodily harm and violence to the person of his excellency the counselor of the embassy and charge d'affaires ad interim of Great Britain in the United States and the Honorable Ronald C. Reed, and did then and there at the dwelling house of him, the said Hon. Ronald C. Lindley, assault, affront and insult him in violation of the law of nations."

G. R. Berry and P. J. Ryan appeared as counsel for the women and the government was represented by J. B. Ascher and L. B. Mason.

Today's Markets

New York Exchange NEW YORK (AP)—Further stock dividends, the six per cent call money rate and favorable trade reports were the principal factors of today's broad and strong stock market. Sales approximated 1,500,000 shares.

Liberty Bonds NEW YORK (AP)—Liberty bonds financial prices today were: 3 1/2's 99.80; first 4 1/4's 99.10; second 4 1/4's 98.54; third 4 1/4's 98.78; fourth 4 1/4's 98.80; Victory 3 1/4's 98.70; Victory 4 1/4's 98.76.

Grains and Provisions CHICAGO, (AP)—Decided upturn in the sales to corn took place today, in fact apparently more by way of offerings than by any display of purchasing power. Most of the demand came from outside. The spreading of the rail strike, however, tended somewhat to encourage bullish sentiment. Opening prices, which varied from the same as yesterday's finish to 16 higher, with No. 3 1/2's 1.12 to 1.03 and July 1.07 to 1.05 1/2, were followed by a slight sag and then by material gains all around.

Later, a temporary setback resulted from advices that Iowa and Western Illinois were getting an increased number of cars. Toward the last, on the other hand, a steady market for export buying of wheat and rye. The close was nervous, 1 1/2 to 20 net higher, with May \$1.64 1/2 to 1.64 1/2 and July \$1.63 1/2 to 1.63 1/2.

Oats like corn reflected the difficulties of the traffic situation and the consequent meagreness of receipts. After opening 1/8 off to 3/4 up, including July at \$2 3/4 to \$4, the market scored a moderate general advance. Provisions were dull and weak. Pending settlements of the railroad strike, meat packers here have suspended slaughtering.

Two special communications at least will be held this month. The dates thus far given over to the commandery are April 14 and 27. Work will begin early in the afternoon and continue to late at night.

Twin Falls Won Despite Hurdst of Competition

Battles Against Boise School Athletes were Tough, According to Reports

Twin Falls high school matmen met some stiff competition at Boise Monday night when they tackled several Boise high athletes, but won five out of six wrestling matches and drew in the boxing bout. But one match was lost to Boise and that was on a referee's decision, when McVee, Twin Falls, and McCloud, Boise, went 35 minutes without a fall.

Several weeks ago the local athletes defeated Boise but just as decisively and the interscholastic boxing and wrestling honors go to Twin Falls for the present year. The athletes were coached by Nick Collins and the locals by D. L. Robey.

Twin Falls men went through the following matches:
 Day vs. Imley, five rounds boxing, draw. Weights, 145 1-2 and 141.
 Nicholson, 155, vs. Thompson, 155; Nicholson victorious in 15 minutes 41 seconds.
 Hogg threw Lanndon; weights 148 and 138; 9 minutes 4 seconds.
 McVee 141 1/2, lost on a decision to McCloud, 140; 35 minutes.
 Rydahl, 81, threw Royker, 80, in 3 minutes 40 seconds.
 Sawyer, 127 threw Pence, 137, in 17 minutes 44 seconds.
 Hodges, 95, threw Higgs, 105 1/2; 4 minutes 37 seconds.

WOULD BAR SOCIALISTS FROM PARTICIPATION IN POLITICS IN NEW YORK

Empire State Legislature Considers Two Bills Proposing Judicial Determination of Question of Whether Marxian Policy is a Menace to American Government and to Amend Law Relating to Qualifications of Persons to Hold Public Office

ALBANY, N. Y., (AP)—Two bills designed to carry out the recommendation of the assembly judiciary committee "for barring the socialist party of America from participation in politics in New York State" were introduced in the legislature today.
 One measure is intended to require the attorney general of the state to begin an action in the appellate division, third department, for a judicial determination of the question whether the "principles, doctrines or policies" of the socialist party, "if carried into effect, would destroy, subvert or endanger the government of the state and nation."
 The companion measure is designed to amend the public officers law relating to qualifications of persons to hold office and to provide for their exclusion from public office and preventing the exercise of official duties.

PLEGGED CANDIDATES DEFEATED IN NEW YORK

Empire State Primaries Result in Election of Uninstructed Delegation
 NEW YORK, (AP)—New York state's "big four" uninstructed delegation to the republican national convention rolled over the opposition of former State Senator William M. Bennett, pledged to the presidential candidacy of Senator Hiram W. Johnson of California, in yesterday's primaries, according to virtually complete returns early today.
 With only 126 election districts out of the 2,871 in the city missing the vote for the "big four" was: Nathan L. Miller, 70,043; Senator James W. Wadsworth, Jr., 70,390; Senator William M. Calder, 72,501; Colonel Wm. Boyce Thompson, 68,104. Bennett's vote was 25,261, of which his home borough, Brooklyn, contributed 14,317. The vote was higher than anticipated by party leaders.
 Scattering returns from up-state where the vote was also light indicated that the organization candidates had won over Bennett by a wider margin than in the city. No candidate favorable to Senator Johnson was elected in any of the 12 congressional districts where contests were waged.
 The organization men also defeated two candidates pledged to Herbert Hoover in the 17th congressional district in Manhattan by a ratio of about two and one-half to one. This was the only district in the state where candidates favoring Mr. Hoover were entered.

There were no contests among the democrats and the party vote was proportionately smaller than that cast for the republicans.
 Women turned out in large numbers and proved active workers, particularly as watchers after the closing of the polls.
 It was the city's first "dry" primary and political leaders and police officials declared it was the most orderly ever held here. Not a single arrest in connection with the primary was made.

BREAK IN IOWA LEVEL THREATENS MUSCATINE

Thousands of Acres of Farm Lands Inundated as Flood is Released
 MUSCATINE, Ia. (AP)—A break in the Muscatine island levee at a point about twelve miles south of this city late last night has inundated thousands of acres of farm land and the overflow of a considerable part of South Muscatine is threatened.
 At least 20,000 acres of farm land will be covered by from three to six feet of water.
 Hundreds of workmen are engaged in erecting a barrier across a gough which extends upwards from the flood-land area to the city. Only the success of this enterprise will stop the necessity of several thousand people leaving their homes.
 With the breaking of the levee, the main power of the city was mobilized to check the water advancing from the south and to aid in the removal of farm things from the flood area. But little livestock was saved.
 The lower part of Muscatine island, which is famed for its truck crops, is an inland sea many miles in extent.
 The break occurred within a mile of the point where a similar flood originated four years ago. A thirty-foot gap soon extended the length of a city block and the roar of the rushing waters could be heard miles away. It is expected that the break here will result in a lowering of the stage at other points, thus reducing the danger of floods elsewhere.

Don't forget the Senior Class play at the Lavering this year. The offering will be "Mice and Men," and something unusual in the way of amateur dramatic talent is promised by those having the matter in hand. Probably never before has there been better material available within the ranks of the High School student body than this year. The play chosen is one of the best, thoroughly entertaining throughout. The cast will number 15, of which 7 are male roles.
 Twin Falls owes a duty to the Twin Falls High School and there is no better way of indicating public interest in our institutions than by attending the public entertainments by the students.

THE LEGIONNAIRES' WELCOME

Twin Falls today is proud and hap-
py to welcome representatives from
over the state of the pre-eminent or-
ganization of American world war vet-
erans assembling here for the second
state convention of the American Leg-
ion in Idaho.

The occasion is a happy one for Twin
Falls citizens because it affords to them
an opportunity to give evidence of
their continuing and profound appre-
ciation of the services rendered those
men who have lately dotted the uni-
form and of their splendid organiza-
tion.

How well Twin Falls citizens have
been able to express this genuine ap-
preciation, delegates and visitors may
best judge.

It is the privilege of Twin Falls on
this occasion to give expression to the
high regard in which the American Leg-
ion and its membership is held gen-
erally. It is a coveted privilege, and
in its acceptance there comes to Twin
Falls recognition that the welcome ex-
tended is but a manifestation of what
any other Idaho town would put
forward were the opportunity presented.

The record of service and achieve-
ment already made by the men assemb-
ling here and their fellows is an im-
perishable one. It requires no organ-
ization either on the part of those men
themselves or of any others to main-
tain the brilliancy of this record. But
members of the American Legion are
not content to rest upon their laurels.
In the preamble of their national con-
stitution the purpose of association to
"preserve the memories and incidents
of our association in the great war" is
given minor place.

Here are the big and vital principles
declared as purposes of the American
Legion that make of the organization a
pulsant factor that commands the
aiding respect and hearty co-operation
of everyone who can call himself a good
American:

- "To uphold and defend the Constitu-
tion of the United States of America."
- "To maintain law and order."
- "To foster and perpetuate a 100 per
cent Americanism."
- "To inculcate a sense of individual
obligation to the community, state and
nation."
- "To combat the autocracy of both
the classes and the masses."
- "To make right the master of might."
- "To promote peace and good will on
earth."
- "To safeguard and transmit to pos-
terity the principles of justice, freedom
and democracy."

The record of the American Legion
during the brief span since it was cal-
led into existence out of the convictions
of the men that make up its member-

ship, is such as to prove those pur-
poses we set out in the preamble to the
Legion's national constitution, are not
mere idle phrases.

It is well to remember these things
for which the Legion and its members
stand, not only in the moment now al-
located Twin Falls to render honor to
the organization and its personal in-
terests, but throughout the long months
and years of its striving to make
these principles more real and vital fac-
tors in American life.

MURTAUGH

MURTAUGH—Mrs. W. E. Beers en-
tertained a number of young people at
her home Friday evening in honor of
her son Alma, who celebrated his fif-
teenth birthday. "After" music and
point to a delicious luncheon was served.
The main attraction being the big birth-
day cake. Those present were Myrtle
Moore, Thelma Clawson, Ruth Roberts,
Maudie Roberts, Edna Nelson, Anna
Tomson, Bessie Witt, Thelma Hart-
ford of Twin Falls, Chas. Johnson, Gen-
eral Cox, Marion Matthews, Ed Everts,
Ray Beers and the guest of honor,
Alma Beers.

The Rev. J. E. Baker of Gooding will
hold services in Murtaugh Sunday,
April 11.

Leland Matthews has been sick the
past few days.

Mr. and Mrs. W. E. Walker entertain-
ed at dinner in "After" music and
point were: Mr. and Mrs. Charlie
Matthews and three children, Mrs.
Matthews and two sons, James and Mar-
ion.

Carl Claiborne returned Saturday
evening from Twin Falls. Mr. Clai-
borne has purchased an interest in a
grocery store and devotional services
point to his family there soon.

The W. A. R. class party was held in
the church Friday evening. After the
usual business and devotional services
entertainment was given in various games.
Hot chili was served. On account of
the cold weather the crowd was smaller
than usual. There were twenty present.
Among the friends of Twin Falls visited
were in Murtaugh Sunday.

Celia True, who is attending high
school in Twin Falls, spent Saturday
and Sunday with her parents.

Mr. and Mrs. D. O. Boyd and three
children left Sunday morning for Sid-
ney, Iowa, where they expect to remain
for several weeks. Mr. Boyd was called
there by the illness of her mother.

J. H. McVey of Salt Lake arrived
in Murtaugh the latter part of the
week to take charge of the O. S. L. de-
partment. Mr. Boyd's absence in Iowa.

A nice program was given at the au-
ditorium Easter morning by the chil-
dren of the Union Sunday school.
Easter services was held at the Meth-
odist Episcopal church Sunday morn-
ing. A program was given by the chil-
dren and several beautiful anthems
were rendered by the choir. Babies
christened by the Rev. V. R. Bell were:
Carolina C. Dudley and Philip Clayton
Baker.

Mr. and Mrs. William Lindau moved
to their farm last week.

Mr. and Mrs. Jerome Childs and fam-
ily left the first of the week for Id-
aho, Idaho, to make their home.
Henry Johnson, who has spent the
winter at his home in American Fork,
returned to Murtaugh Saturday to take
charge of the work on his farm.

E. C. Chance recently sold his lumber
yard to the Gen State Lumber company.
Mr. Chance has bought Andrew Dar-
row's interest in the Carlson-Tatro
Hardware store in Pocatello and will
move his family there in a short time.

Many major league baseball manag-
ers are complaining against the short-
ness of the short-paw crop.

But that shortness of yield should
make "skull practice" a fairly easy

Champion Joe Stecher is to meet
Strangler Lewis for the title.

Briefs said some time ago that big
league wrestling is a round robin treat.
Stecher will beat Lewis, who will wear
Wladok Zhyzsko who will be beaten
and "Blucetti" will grapple Earl Cal-
lock who will be outwitted and beaten.

This is Manager Curley's program
for his Big Four, but you can bet he
won't let Stanislaus Zyzsko get a
crack at any of the bush.

By the way, wonder if there is any-
body in sport circles at Boise will tell
the real reason why Ad Santol has left
that place?

We'd like to know, that's all.
Also we'd like to know if Santol is
his real name and if he is a naturalized
citizen of the United States and what
he was doing for the United States
during the war.

The information would be interest-
ing reading for a lot of folks.

BOOKS FOR EVERYBODY IS SOCIETY'S SLOGAN

Campaign Started Covering the Entire Country for Adequate Library Facilities

The Twin Falls public library this month had a circulation of 8638 volumes. During this time 112 new members were added to the library.

The American Library association recently launched out on a plan to procure adequate library services for the 40,000,000 people in the United States who are inadequately provided for. This is called the "Enlarged Program" of the American Library association, or the "Books for everybody movement." The association has been inspired to do this through the impetus given during the war. The work done by the American Library association during that time for the soldiers and sailors brought the modern library before the people as an educational institutional factor as never before recognized.

State and local library needs are being considered at conferences of library trustees being held throughout the country. The money, \$2,000,000, is being raised through the individual efforts of librarians, library trustees and friends of libraries without resorting to an intensive drive or campaign. Five library trustees have been named to attend conferences by the governors of each state. Hundreds of other trustees are attending the meetings.

FORMER KAEFER'S AGENT IS UNWELCOME TO VETERANS
VANCOUVER, B. C. (AP)—The Great War Veterans' association of this city has passed a resolution on the undesirability of re-admitting Alvon Albanese, recently released from Fort Douglas prison at Salt Lake City and nowjourning in Seattle, to Canada. They are sending a formal petition to the Canadian federal authorities to refuse the ex-convict's former agent permission to cross the border.

Idaho Technical Institute Gymnasium House Exhibit of Cars and Accessories

POCATELLO, Idaho (AP)—One of the most elaborate motor car shows ever staged in the northwest opened in Pocatello, on April 6, and will continue until Saturday, April 10. The large gymnasium of the Idaho Technical institute has been secured for the event, and the space on both floors of the structure has been taken up by automobiles and accessory concerns.

One of the features of the week will be airplane stunts by Hugh Barker, with a big new machine that has been brought in for extra service by a commercial concern near Pocatello. Home Consumer week, with a big display of Utah and Idaho products, will likewise be staged during the show. J. Robb Brady is president and John King, secretary of the show and it is predicted people from all parts of the state will attend.
