KANSAS MINERS LEADERS JAILED

Howat and Associates in Custody Until Willing to Testify

GIRAND, Kans. (P)—Alexander Howat and the three other miners' union officials sentenced to jail today for contempt of court were landed in the lockers at 1:25 o'clock this afternoon.

PITTSBURG, Kans. (P)—Alexander Howat, president of the Kansas coal miners, was sentenced to jail for contempt of court by Judge Andrew J. Pittsburg this morning.

Under the order of Judge Curran, Howat and the other officials will be taken to the county jail at Girard immediately.

Four miners of the district were idle this morning on account of the Howat hearing, it was announced at the headquarters of the operators.

Howat was found guilty of contempt for refusing to obey an order of Judge Curran issued Tuesday that he appear with four other officers of the United Mine Workers of America of the Kansas district and testify in the investigation of industrial relations here.

Attacks State Law Counsel for the miners in an amended answer filed this morning made numerous attacks on the Kansas industrial court law, alleging that it violated not only the Kansas bill of rights and constitution but that it violated the federal constitution.

The law creating the court of industrial relations was enacted at a special session of the Kansas legislature last January.

The law created the court of industrial disputes where twenty-five or more employees are involved. The law is enforced by the court if the employer and employees shall fail to agree. The law forbids strikes and it is this provision against which Howat is most bitter.

OFFICIALS ENCOURAGED BY WORD OF SMALL GROUPS RESUMING WORK

SABOTAGE AND VIOLENCE ADVOCATED BY SPEAKER AT MEETING OF THE STRIKERS

CHICAGO, (P)—One switchman shot and several charged at meeting of the striking railroad men last night, police learned today.

John Kristus, a striker, who proposed that the men return to work, was shot, it was reported. He was spirited away in an automobile by friends.

Ohioago, (P)—Striking switchmen, who have been on strike here for nine days, began returning to work this morning.

SENATE ORDERS INVESTIGATION IN RAIL STRIKE

Brotherhoods Executive Favors Settlement if Possible by the Application of Present Law Provisions

WASHINGTON (P)—An investigation of the unauthorized strike of switchmen and other railroad employees was ordered today by the senate.

Without a record vote the senate adopted Senator McCormack's resolution directing the interstate commerce commission to enquire "respecting any existing strike of any interstate railroad employees not conducted or authorized by any recognized organizations of railroad employees" and submit a report to the senate.

LEE STRONGLY OPPOSED SENATE INVESTIGATION OF RAIL STRIKE

CLEVELAND O. (P)—W. G. Lee, president of the Brotherhood of Railway Trainmen, is strongly opposed to any attempt on the part of the federal board of mediation and conciliation or any other department to recognize the insurgent element in any effort to settle the strike of Chicago railroad yard men.

NOGALES, Ariz. (P)—Prior to the departure today of Governor Adolfo de la Huerta for Hermosillo, the state capital, the government of Sonora took charge of the operation of the Southern Pacific of Mexico railroad, managing trains with the strikers themselves and paying them the wages and conceding the hours demanded in the complaint of the trainmen against the company.

# DEMES LACK OF PLANS FOR NAVY

### Admiral Fletcher Says American Sea Forces Entered the War Well Prepared

WASHINGTON (AP)—Two years before the United States joined the allies in the world war the navy general board prepared a comprehensive plan for war against "central power" in Europe. Rear Admiral E. S. Fletcher today told the senate investigating committee. He was replying to Rear Admiral Sigsbee's charge that when the United States entered the war the navy department had no well considered plans or policies for fighting Germany. Admiral Fletcher said the plan "covered every phase of naval operations under the assumed conditions of war." Admiral Fletcher was a member of the general board during the war but was engaged for the most part with his duties as a member of the war industries board, the priorities board, and the central defense.

No navy ever was or ever will be fully prepared for war in the eyes of everyone, the admiral declared, but the American navy when it entered the war "was just as well prepared as any other navy in the world when the great war burst forth," he asserted.

# IMPORTANT ISSUES HANG ON ELECTIONS IN JAPAN

### Premier Criticizes Opposition's Proposal for Universal Suffrage

TOKIO (AP)—Japan's general elections to be held in May will be of profound importance to the future of the nation, said Premier Hara, recently in addressing a meeting of leading members of the Seiyukai or pro-government party.

"On the issue of the forthcoming general election depends the fate of the nation," he declared. "Universal suffrage, advocated by the opposition, aims at the destruction of social class distinctions and even proposes to tamper with the conscription system which is the very basis of the country's defense, if speeches in the house serve as an index."

The premier then criticized the unfavorable attitude of the opposition parties towards the dissolution of the diet in March. "In the house of representatives," he said, "the sponsors of the suffrage bill declared that universal suffrage was what the people wanted. . . . It was there so the opposition ought to welcome the dissolution of the diet, as thereby the issue is going before the public itself. On the other hand, the opposition continues to pour vituperation on the government for its action."

# PLAN ACTION AGAINST NON-PARTISAN LEAGUE

### North Dakota Independent Voters Committee Confers with Republicans and Democrats

FARGO, N. D. (AP)—A special committee of the North Dakota Independent Voters' association meeting here last night with committees of Republican and Democrat, formulated a plan of action for opposing the Non-Partisan league at the primary election June 30.

It was recommended that Republican and Democratic state conventions be held on the same day in the same city for the forming of party tickets, and that both parties be urged to elect members for the legislature. Final action as to the date and other details will be taken later.

# JERUSALEM IS DISTURBED

### Fights Occur Between Jews and Mohammedans Despite Martial Law

JERUSALEM (AP)—Although martial law was proclaimed here Monday and the city is under heavy patrol by British troops, scattered fights occurred between Jews and Mohammedans Monday and Tuesday in the narrow lanes of the old city and outside the walls. Several persons were killed on both sides and about 25 were injured, most of them slightly.

When martial law was established, entrance to the city was forbidden but this rule was relaxed today and normal conditions seemed near.

# BOOTS JAPANESE PRODUCTS

TOKIO (AP)—A Japanese millionaire is planning to send an exhibition ship and the world to introduce Japanese products to foreign lands. The steamer is to be a 10,000-ton vessel reconstructed so as to afford room for exhibition shelves and scenic entertainments, and is to start in April.

# BUILD ROAD WITH HELMETS

CROYDON, England (AP)—Ten thousand German army helmets have been crushed into the mud at a salivage pit here to make a pathway for captured German guns and other heavy traffic. It would have cost more to sell them as souvenirs than would be derived from the sale.

# HOLIDAY MAKING CALLED CRIME BY BOLSHEVISTS

### Russian Soviet Government Threatens to Put Shops Under Martial Law

LONDON (AP)—The Russian soviet government has threatened to put the workshops of the northern railways under martial law to put an end to what it calls the "crime" of the workers in wasting time in holiday-making, according to a wireless message from Moscow. The message said that 1,000 working days were thus lost in one month and that "the railway men are arranging to have two days of idleness each week at a time when millions of people are hungering and when it is impossible to transport bread, owing to lack of railway engines." It notifies the letters that they will either have to make up for the time "of which the republic has been robbed" or receive full penalty under martial law. The message issued by the government is headed "Shame Comrades," and declares that Russia cannot await sympathy from foreigners but must fight her own internal blockade in order to "end the ruinous condition of things, conquer hunger and save the republic."

# ARGENTINE PREFERS ITS OWN NATIONAL DANCES

### Native Retains Affection for Tango Despite Introduction of American "Jazz" Music

BUENOS AIRES (AP)—The Argentine has retained his affection for his national dance, the tango, despite the introduction of American "jazz" music and syncopated melodies in the programs of Argentine balls and dances. This was shown during the balls held in a recent carnival when tango tunes outnumbered the fox-trot and one-step in a proportion of three to one. Several American waltzes, however, are very popular. The Argentinians call the syncopated music "Yanqui" tunes. Some native musicians have grown rich composing tangoes. One of the most popular here is called "Pan y Agua" (Bread and Water). The title of another is translated as "Flower of the Mud."

# High School News

By a practically unanimous vote the senior class yesterday chose the Rev. A. G. Bennett to deliver the baccalaureate sermon to the graduates. This will take place Sunday evening, May 9, and services will be held in the Methodist church at 7:30 p. m. Bennett has accepted the invitation.

Other important dates have been set for commencement activities. May 5 will be the date of the graduation of the class of '20 will provide the assembly program on that morning. Possibly a senior social event will take place in the evening, Friday evening, May 7, will mark the night of the annual junior "prom" given to the seniors. Plans are already making preparation for this social. "Mice and Men," the senior class play, will be presented May 11 by a cast of fifteen characters who are now practicing daily under the direction of Miss Ida Brown. A commencement address by a speaker yet to be chosen for the class, and presentation of diplomas to more than 75 graduates will be the chief features of commencement activities and will take place probably Thursday, May 13.

In past years, the last day of school has been observed as Alumni day, at which time former graduates of the Twin Falls High school enter the present seniors. This custom will be observed Friday, May 14. The seniors will also hold their annual picnic during the day.

Officers for next year will be elected at a general social win-up of the Hi-Y club, to be held at the Hi-Y building, to be held on the same day in the same city for the forming of party tickets, and that both parties be urged to elect members for the legislature. Final action as to the date and other details will be taken later.

DADDY'S EVENING FAIRY TALE

By Mary Graham, Downer 2222

THE WHITE SPIDER.

"I am going to tell you a story," said Daddy, "of the white spider who lived in a garden in a beautiful garden in the last summer. His home was a white rose. And he was a very happy, proud, handsome spider."

"It doesn't sound true," said Nancy. "Really, Daddy, was there a white spider who lived in a white rose?"

"It sounds like a fairy story I will admit," said Daddy, "but it is a really and truly true story."

"In a beautiful garden in the country where roses grew and where there were many other lovely flowers, one day the lady who had the garden noticed the white spider."

"He was a beautiful white spider, and she found him on a crimson poppy. One of the petals of the poppy dropped to the ground and it was on the very petal where he was sitting, and so that he fell with it. She thought it had fallen to the ground, which, of course, was only a very, very short distance away, and she found, upon picking him up, that he was quite, quite unharmed."

"She thought he would look very lovely on a white rose so she put him on one of her beloved white roses which was in full bloom. He settled down comfortably in its beautiful and soft petals."

"When she told her family about him they would scarcely believe her. 'I will show you my white spider,' she said. So they went into her garden which she loved above all things and there they saw the white spider. True, he was white, quite white, and he was a very interesting, lovely thing to look at."

"But he is white because you keep him on the white rose," her family told her. "He is like the little chameleon. He takes the color of the flower he is on."

"I found him first on a crimson poppy," the lady said. "Well, let us see if he will stay white if we put him on a pink rose. That will be as soft a bed for him and he will like it just as well," suggested one of the daughters of the lady."

"All right," said the lady and smiled. For she knew the spider would still be a white spider even if he did leave the white rose and go to the pink one."

"And she had told them, too, of finding him on the crimson poppy. Still it had looked as though she would lead them to see the white spider on the white rose."

"The lady watched him as he caught little flies for his dinner and his breakfast and his supper, and when the family were sure that he was really a white spider they let the lady take him back to a white rose, for she thought that was where he looked the loveliest."

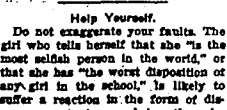

"He hadn't changed a bit by being on the pink rose. His sides were a trifle pink but they had always been like that, and his body was white as it had always been, so were his legs."

"Sometimes the petals of the rose would fall and the lady would find the rose had fallen during the time she had been away."

"She would look for her spider and would always find that he had gone back to another white rose."

"So for the whole summer the white spider lived on the white roses and the lady loved him as she did her flowers, for he had come to her garden as though to say: 'Here I am, a beautiful and unusual spider. You have never seen one like me before. And I have come to you because you are beautiful and because you love your flowers and help to make them beautiful.'"

"And this is the sort of a home I feel I should have, a beautiful white rose in a beautiful garden owned by a beautiful lady—and did I say that I, of course, am part of the beauty, that I'm a beautiful white spider? Good-by and may you have a pleasant winter."

FIRST WOMAN HEAD IN INTERNAL REVENUES

Mrs. Estelle V. Collier of Salt Lake City, the first woman to be appointed collector of customs in the Internal Revenue Department, is also the mother of four children. She won the appointment over five male candidates. She is also chairman of the Utah Democratic Women's State Committee. Her husband is a mining engineer.

INSURGENTS' STRIKE MOVES FORWARD

(Continued from Page One)

Union Men Answer Call.

One thousand brother men from other cities had answered the call for active strike breakers here, officials said. Although it was estimated that between 40,000 and 50,000 packing house and stockyards workers had been thrown out of employment today as the result of stoppage of cattle shipments, packers announced that no shortage of meat need be feared. Many industrial plants reported thousands of employees would be thrown out of work if the freight stoppage continued another week.

Nearly 4,000 employees of 23 railroads centered in Toledo, Ohio, including wireless men, engineers and firemen, were reported idle today. In the St. Louis district including East St. Louis and Madison, Ill., freight traffic was reported virtually at a standstill with yardmen of 27 roads on strike.

All railroads in Kansas City, Mo., operating under contracts with the Brotherhood of Railway Trainmen were affected and the strike had spread today to Kansas City, Kan., and Bessemer, an industrial suburb.

Embargoes in Southwest.

Points throughout the southwest reported embargoes had been placed on freight and cattle shipments to St. Louis, Kansas City and Chicago and freight traffic between New Orleans and Chicago on all lines was suspended. Rail centers throughout California felt the freight restrictions and eastward along the transcontinental lines several terminals reported strikes.

Starting at Los Angeles, where approximately 1,400 yardmen walked out yesterday, the strike spread to yards in San Francisco and Oakland and other California cities. Company officials said 443 men were out in San Francisco and Oakland, and walkouts were reported in Roseville, Bakersfield, Mojave and Colton. The Southern Pacific estimated that 1,800 men were on strike on lines in its coast division.

Ununionized railroad workers at Louisville, Ky., at a meeting voted almost unanimously against striking in sympathy with the Chicago "insurgents," brotherhood officials reported. Attempts to form "rump" unions in several other cities were in progress today and votes were expected to be taken.

Summary of Conditions

A summary of conditions throughout the country reported early today follows:

Chicago—8,000 men on strike; freight traffic estimated 50 per cent of normal.

Toledo—4,000 employees of 23 roads idle.

St. Louis district—5,000 men out;

freight traffic virtually tied up. Employees—3,000 men idle. Jersey City—2,000 yardmen and other workers out. Los Angeles—1,400 on strike. Portland—1,200 men out. San Francisco—443 men out. Kansas City—400 men on strike. Gary, Ind.—350 idle. St. Paul—250 men out. Bogalusa, Mich.—200 men on Pere Marquette out. Salt Lake City—315 men on strike. Detroit—150 switchmen on strike. Decatur, Ill.—107 men striking. Joliet, Ill.—50 out on four roads. Scranton—500 men idle. Springfield, Ill.—Baltimore & Ohio switchmen on strike. Niagara Falls—Two roads affected and traffic delayed.

Seven men on this road quit work last night and freight shipments are entirely stalled but passenger trains are being moved.

SEVENTY-FIVE PER CENT OF PUEBLO SWITCHMEN OUT

PUEBLO, Colo. (AP)—Seventy-five per cent of the Southern P. & Rio Grande railroad went out on strike this morning, this being seventy-five per cent of the day switching force.

ONLY PASSENGER TRAINS OPERATING THROUGH OGDEN

OGDEN, Utah (AP)—Only passenger trains were being operated through the Ogden terminal of the Southern P. & Rio Grande here today as a result of the strike of 150 switchmen. The switchmen were meeting today to frame demands.

OFFICIALS PREDICT STOP OF YARDS AT YOUNGSTOWN

YOUNGSTOWN, Ohio (AP)—Unauthorised strikes of railway employees will tie up yards of five railroads in the Mahoning valley district by 3 o'clock this afternoon, railroad officials said today. Union Pacific and Southern P. & O. Steel mill officials said that 24 hours of the strike will close the mills, throwing 35,000 men out of employment.

OMAHA AND COUNCIL BLUFFS SWITCHMEN ENDORSE STRIKE

OMAHA (AP)—One thousand switchmen of Omaha and Council Bluffs, meeting last night and today, voted support to striking switchmen at Chicago and other points. They met tonight to take a vote on going out here.

Today's Markets

Grains and Provisions

CHICAGO, (AP)—Corns advanced in price today largely as a result of the continued spread of the railway strike. Renewed attention was also given to the bullish showing of the government report in regard to the winter wheat crop. Besides, gossip that a month or more might elapse before indictments, if any, would result from the federal investigation of the suspected corner in corn tended further to strengthen the market. Opening prices, which varied from 1-8c decline to 3-4c advance, with May 1-8c to 1-10c and July 1-10c to 1-12c, were followed by material gains all around.

Indications of a big export demand for wheat and rye led subsequently to additional upticks in the corn market, and so, too, did the fact that oats were commanding the biggest prices yet this season. The close was strong, 1-7-8 to 1-7-8 net higher, with May 1-6 3-4 to 1-6 7-8 and July 1-6 1-10 to 1-6 5-8.

Oats showed relatively greater strength than corn. A house with seaboard and Winnipeg connections led the buying. After opening 1-4c lower to 3-8c advance, including July at 63 5-8 to 63 3-4, the market scored a decided general uptick.

# HOUSE SCENE OF FORENSICS ON PEACE MOVE

### Congressmen Lock Horns with Resolution; Prepared to Complete Action and Send to Senate Before Session End

### MOTION TO RECOMMIT IS EXPECTED DEVELOPMENT

No Hope Held Out for Attempt to Modify Terms Through Inclusion of Substitute in the Proposed Instructions

WASHINGTON (AP)—The house locked horns with the peace resolution today, prepared to complete action and send the proposal to the senate before the session ended. Debate will end at five o'clock this afternoon.

Representative Flood of Virginia, leader of the forces opposing the resolution was expected to have ready words in the debate over the motion to recommit provided in the rule. Possibly an attempt to modify the terms of the resolution will be made through inclusion of a substitute for it in the proposed instruction to the foreign affairs committee to be embodied in the recommitment motion.

No Hope for Opposition. It was generally admitted, however, that there was no hope of getting favorable action on such a plan.

Combating the view of opponents of the resolution that it proposed an invasion of the constitutional powers of the president, Representative Madden, Illinois, said it did not "assume to take away any of his president's treaty-making rights."

"If the treaty of Versailles had been ratified as presented by the president," he said, it "would have been an American army" of anywhere from 25,000 to 200,000 "would have been in Armenia today and the nation obligated for the maintenance of not less than \$757,000,000 to maintain a mandate under the league of nations—over that country."

World Regal War Powers Representative Flood announced that the motion to recommit would propose straight-out repeal of all war legislation.

The motion will direct the foreign affairs committee, he said, to report out a resolution repealing the wartime acts.

Representative Clark of Missouri Democratic leader, declared that that title gives the resolution was "a palpable assumption that the measure would bring 'confusion twice confounded' and that it would lead to 'all sorts of international quagmires.'"

"Congress has no authority to do the thing now attempted," he declared. "It's a futile performance, a work of super-erogation, full of sound and fury, signifying nothing except a desperate effort and as I believe, an unavailing effort not to make peace but to make some political capital—apt to act as a boomerang."

Denies Good Faith. "It may well be doubted whether the proponents of this resolution believe it will ever reach the statute books. In this debate they have intimated that the president will veto it. He can do nothing else consistent with his oath to support and defend the constitution and with an honest and patriotic regard for the duties of the high office which he holds."

Representative Mason, Republican, Illinois, said President Wilson should have been removed from office when he permitted American troops to enter Russia.

"We have power to legislate and to remove the president if he does not obey laws," he said. "On Mondays, Wednesdays and Fridays the president has war; on Tuesdays, Thursdays and Saturdays we are at peace."

Promises Democratic Support. Representative Kitchin of North Carolina, the former Democratic leader, challenged the Republicans to bring in a "straight-out" bill repealing war-time legislation.

Mr. Kitchin declared that if such a bill were presented it would be passed with Democratic support.

"If the president vetoes it, I will guarantee you enough Democratic votes to pass it over his veto," said he.

## Increased Pay is Necessary

WASHINGTON (AP)—Congress must increase the pay of both officers and men if the navy is to be "saved from disaster," Rear Admiral Washington, chief of the bureau of navigation, declared today before the senate committee investigating the Sims-Daniels row. Foreign countries have increased the pay in their navies, he said, adding: "I understand the increases abroad are being paid largely with money borrowed from the United States."

The committee was told that the navy had been "going down hill" rapidly since July, 1919, and that the desertions in the last half of 1919 totalled 4,600 men, including 1,000 petty officers who had served more than one term of confinement. In January the desertions numbered 698 and in February 765, and the rate shows no decrease at this time.

Not only are the men leaving, Admiral Washington said, but recruiting is on the decline because of low pay. The officer situation also is "very bad," the admiral said.

EVERYDAY FOODS.  
An attractive salad is always a most welcome addition to a dinner or luncheon.

Celery Jelly Salad—Put two cupsful of strained tomatoes, a tablespoonful of grated onion, a bay leaf and a pinch of celery seed into a saucepan; bring to the boiling point, set aside for 15 minutes; add half a package of gelatin which has been soaked in a half-cupful of cold water, and a teaspoonful of salt and the juice of half a lemon. Stand over boiling water until the gelatin is dissolved; strain, stir in a quantity of cold celery, set on ice and stir occasionally until the gelatin begins to thicken; mold in small cups and chill. At serving time turn out on bed of lettuce leaves and mask with mayonnaise.

Beef Collops—Put a tablespoonful of butter in a frying pan; add one small onion chopped fine, a teaspoonful of minced parsley, the same of salt and a few dashes of pepper. Stir in one tablespoonful of flour, and one pound of raw beef cut fine. Cook five minutes, stirring constantly. Serve hot on buttered toast.

Chicken Lost—Cook the fowl in water until the meat falls from the bones. Strain, put the liquor into a saucepan and reduce to three cupfuls by boiling. Add one-half package of gelatin. Separate the meat from the bones and shred fine. Place in a earthen mold in cold water, put in the chicken, season the liquor and pour over the chicken. Set it away to harden and serve next day with mayonnaise dressing. A good imitation of this chicken can be made by using canned chicken and chicken soup.

Liver Soup—Take half a pound of cold cooked liver, grind it through the chopper. Fry one large onion in two tablespoonfuls of butter, then add the liver. Add one cupful of sifted bread crumbs. Season with salt and pepper and add six cupfuls of soup stock. Boil 15 minutes, press through a colander, and thicken with the yolk of egg.

From present indications the people of Twin Falls may shortly be called upon to subscribe another issue of public improvement bonds, the chief purpose of which will be to provide funds for the securing of motor equipment for the Twin Falls Fire Department.

This is one of the most important matters to come before the citizens of Twin Falls. With the steady growth of the city the average distance of fire runs becomes steadily greater. Horses serve the purpose well enough in small towns but when the town is no longer a small town but a rapidly growing little City it is a question if any more sensible step could be taken than that which has for its object the protection of the property of the residents.

IDAHO DEPARTMENT STORE LTD.

Watch for the announcement of this bond issue. Motor drawn fire equipment is no longer an experiment, it is a virtual necessity in cities the size of Twin Falls.

**THE REMEDY**  
 Nothing, perhaps, in the existing hoste state of world affairs, could be more opportune than the proposal of a national patriotic organization lately endorsed by the governor of Idaho in a proclamation calling upon citizens of the state to observe the first day of May as American Day with exercises designed to stress the fundamental principles of American institutions and emphasize the essential tenets of Americanism.

It is eminently desirable that such an observance should be held; but it is of supreme importance that the lessons taught in the exercises of that one holiday should be carried into daily life. It is well that good Americans should frequently, as an occasion of this kind, turn their conscious thoughts to the general desirability of American institutions and to celebrate demonstratively their Americanism. It is infinitely more important that the urge that prompts observance of such occasions should carry to an extent where the expression of Americanism becomes an almost unconscious attribute, each and every American standing every day as a personal representative of the best in Americanism.

This is good not only for the American himself, but it is essential to the proper functioning of America's business as the "melting pot" of humanity.

It has required actual threat of national disaster to bring about present appreciation of the responsibility of Americans to give a true and accurate expression of what America stands for. Entirely too long have malcontents been permitted to occupy the role of interpreters of Americanism.

Carrying the observance of American Day into every day will do more than any other agency to overcome this menace.

**FRANCE STANDS ALONE**

France alone and single-handed, has occupied and is holding with military force German territory on the east bank of the Rhine. France, through her intrepid premier, Millerand, justifies her action on the grounds that provisions of the treaty of Versailles have been violated by the Germans and that in her advance upon German territory France is carrying out simply retributive measures provided in case of attempted breach of the treaty provision in this respect.

Doubtless the allies of France in the war lately closed have good and sufficient reasons for their absence from participation in this movement; but the sympathy of the citizens of these allied nations beyond question is with France.

**BEAN-BALL USE MAY COVER UP INTENT TO PASS**

**Rule-Makers Have Failed to Legislate Gift Walk Entirely Out of Existence**

By I. H. SANBORN  
**CHICAGO (Special)**—Without legislating the intentional pass out of existence, the rule-makers have adopted a camouflage that will satisfy the great majority of the baseball fans. Absolute abolition of the pass as a strategic play was opposed by managers as impractical. Although many one of a hundred routers could suggest one hundred different ways to penalize the intentional walk out of sight, what the rule-makers have done is to abolish the cut and dried method of passing a dangerous swabman to first base when a hit might be managed with one within less distance of the plate. The catcher no longer will be permitted to step to one side of the pitcher as far as a good ball is concerned, but will be permitted to pitch the ball in a way that the spectators that the manager has ordered a walk.

**Danger of Wild Pitch.**

Instead the backstop will have to stick to his normal tracks behind the plate, then the ball leaves the pitcher's hand, then he may go out as far as he can, just as in case of a wild pitch. But that is not far enough to make it safe for the slabman to hurl the ball over the fence. It will not be permitted to under the new rule to make a wild pitch, which would be just as disastrous as a base hit ordinarily. And the catcher must move very fast when the ball is delivered even if he knows it is going wild.

Possibly some hurlers may make a habit of slow balls out of all reach of the batsman, giving the catcher time to get behind them, but that can be checked by the new rule, because he can steal home on that kind of pitching.

**May Use "Bean" Ball**

What probably will happen when a dangerous slugger comes up with runners on third or second and the score close will be a lot of fast balls close to the batsman's head. That is the way most of the managers say they think the other managers will beat the new rule, consequently it is safe to predict that each pitcher in planning to have his own pitchers do it. The "bean ball" is forbidden in the American league, so it looks like a bunch of trouble for the rule-makers. The only difference will be that the pitcher will have to put a lot of stuff on the ball, otherwise the batsman will be able to hit it safe.

**Advantage to Pitcher.**

It will really work to the advantage of the slabman, for there are sluggers of the Ruth type who will take a swing at a bad ball rather than accept a pass save and a chance for a home run. And the percentage is all against even the crazy swatter if he hits a bad ball that is too close in or too far out to be safe. The only difference will be that the pitcher will have to put a lot of stuff on the ball, otherwise the batsman will be able to hit it safe.

first, as has been the rule almost invariably. The fan, of course, would like to see a rule compelling the slabman to deliver groove balls to the home run boys—unless he is betting on the opposing team—but that is an impossibility. No umpire in the world can enforce a rule which works one way for a slugger and the other way for a weak hitter.

**Umpire's No Mind Reader.**

How often have you seen a pitcher who was going along finely slip a base on balls to a joke batsman just by doing his "best"? The fans cannot expect the umpire to be a gulf board or even a mind reader sufficiently apt to call when a pitcher is trying to put the ball over and when he isn't, if said pitcher wants to deceive the umpire. Consequently all bases on balls must be treated alike. Any attempt to compel a slabman to deliver a certain number of strikes to Ruth before walking him must apply only to a regular pitcher, while at bat, even if the rookie can't hit one safe in week. There would be no place to draw the line between the intentional walk and intentional pass with a foy man on the slab.

**Racing Stewards Decline to Re-open Case of Rider Under Suspension**

**NEW YORK (AP)**—The stewards of the Jockey club last night refused to re-open the case of Jockey Johnny Loftus, under suspension. The stewards also declined to re-open the cases of G. Byrne in applying for a jockey's license and of James M. Collins for a trainer's license. Other applications for license denied were: Jockey William Kapp, C. Gilbert, J. Groth, T. Farrington and N. Berger; trainers V. Hendricks, Cecil Knight, D. McMorall, Frank Martin and Clyde Phillips. A license granted to Jockey Kirschbaum last month was revoked and all associations under the jurisdiction of the club were asked to refuse further entries from J. C. Sturges.

(Continued from Page Six) Ruth is Robbed of Three Homers by Ground Rules

At Ernie Shore's Home Town Crowd is so Thick Long Hits Count Little

WINSTON-SALEM, N. C. (AP)—The home talk of Ernie Shore, New York American league pitcher, turned out \$6,800 strong here yesterday to see the best performance in his company and on the old lot where he played as a kid. The player's people were amply paid. He turned back the Brooklyn Nationals for five innings without a score. In the rush to get up close to the field, incidentally robbed Babe Ruth, Shore's teammate, of three home runs owing to ground rules.

Brief Bits of Sport

Anyway the lid is tilted. May it be prised permanently loose. Twin Falls is hungry for boxing and Wednesday night's bill only whetted the appetite for more. If the actions of a certain state official at the ringside had not been so annoying the fans would have enjoyed the bouts a lot more. Fact is fans attend cards of this sort to see fights, not to hear oratory, especially when the speech-making has no particular merit, anyhow. Although Bill Woodhead gave a rare good account of himself against Al Nelson that match should never have been made. It would not have been either, had not Woodhead's manager

BIG YEAR AHEAD FOR THE MINORS, FARRELL THINKS

NEW YORK (Special)—In forecasting a successful season for the minor league baseball clubs throughout the United States and Canada, Secretary John H. Farrell of the National Association said a few days ago: "I believe the general prospect for 1920 in the various sections of this country and Canada were never better. The people are turning to amusements and outdoor sports for recreation in larger numbers than ever before. Last year the minor league clubs enjoyed their most prosperous season in five years past. This era of prosperity extended to all the leagues in every section of the country, and to the far-off Western Canada league, in the provinces of Saskatchewan and Alberta. The minor leagues have flourished under the National association government as never before in the history of baseball."

According to the annual report read at the convention of minor league club owners, held at Springfield, Mass., leagues employing nearly 2,500 players have flourished under the National association government as never before in the history of baseball. The International North-western league closed down on June 7, after the 1919 season. All other players in full for the full term of the schedule, which ended September 1, although the league closed its season on August 15.

This year the leagues of 1919—Pacific Coast, American Association, International Western, Southern, Eastern, National Association, Eastern, Ontario, Three I, South Atlantic, Western Canada, Virginia and Florida states—are all ready for the coming season. So are the National Association of American Professional Baseball Players, Northwest organization, and, in addition, there is great activity in reorganizing or reorganizing others, with every promise of being ready to begin play early in May. Among these are the Blue Ridge, Corn Belt, Cotton States, Illinois-Missouri, Central association, Oklahoma-Kansas, Florida, Georgia, Alabama and Nebraska State leagues.

camouflaged his man's weight to get the bout. Eleven pounds is too great a handicap for a featherweight.

The Coast league has a Gusto, pronounced Jisto, but the sport scriber refuses to stand for Galsin pronounced Juney.

After the Salt Lake Bees won the opening game of the season, folks hereabouts predicted the reconstruction of the club itself, and baseball in general.

The next day the Bees lost, and that was different again.

Bill Humler, star slugger of the Coast league, rammed the first homer of the season in the Twins' game with the Beavers. The blow scored three men.

John Wray, writing in a Deaver sport page, says Charpentier is making a mistake by postponing the bout with Dempsey.

Perhaps Mr. Wray is one of those chaps who are naught for a fighter's social or citizenship or patriotic status as long as he can get a public lid and can draw at the gate.

CASE AGAINST FRANCE IS UNDER ADVISEMENT

Perplexing Testimony Introduced in Alleged Burglary Case in Probate Court

Following an examination, conducted in the probate court this morning, Judge O. P. Duvall took under advisement the charges preferred by the prosecuting attorney against Glenn France.

According to testimony introduced at the hearing the only substantial evidence offered to support the theory that the young man was in any way connected with breaking into the Coleman store Tuesday night was a watch and chain, to which was attached a fountain pen, belonging to France.

France, on the stand this morning, identifying the watch chain and pen, stated that on the night prior he had occupied a room at a local lodging house, the room having another male occupant. He stated that when he awoke Wednesday morning his companion, whose name he does not know, was gone, and so was an amount of money, the watch, chain and pen, and a bunch of keys.

NEARLY 2,000 PEOPLE

TRIED TO ENTER THE METHODIST CHURCH

LAST SUNDAY EVENING

A new record was set for Twin Falls County last Sunday evening when the largest crowd in its history met at the Methodist church. From all over the county they came. Roads north, south, east and west were full of autos, the occupants of which were all bent on entering the church. Every effort was made to accommodate the crowd. The auditorium soon filled, then the chapel; about two hundred stood; and then several hundred had to be turned away.

For nearly two hours those lucky enough to obtain seats or standing room listened to one of the finest musical events ever rendered in Twin Falls. All went away delighted with an evening well spent—an appropriate ending to a perfect Easter day.

Next Sunday evening the service will open with twenty minutes of music. The big vested choir will sing several pieces and Miss Allmendinger will render one of her beautiful solos. Dr. Parrott's orchestra will play as usual.

Dr. Bennett is preparing some special talks for the next few Sundays. On Sunday his discourse will be on the "1000 Per Cent Man." Everybody will want to hear what Dr. Bennett has to say on this subject. With people coming over a ten mile radius to attend the church it will be wise for you to be there a little before the opening hour of eight o'clock.
