WILSON CALLS CABINET MEETING TO CONSIDER STRIKE

PROBE DEATH OF AN AMERICAN IN WESEL FIGHTING

German Foreign Office Orders Investigation of New Jersey Man Reported Killed in Evading Arrest

ASSEMBLY VOICES ITS DISAPPROVAL OF FRANCE
Premier Mueller Speaks Strongly Against Occupation of the Rhine Region in Review of Recent Events

BERLIN, (AP)—An official announcement made last night in the case of Paul Reuter, a New Jersey man, said to have been an American citizen, who was killed recently at Wesel, near the Ruhr region, states that he was shot dead while attempting to escape from military arrest.

De Mott, who was 22 years old, was taken prisoner by the Germans near Dinakalen, south-east of Wesel, early last week charged with being in possession of arms and aiding in the rebellion.

The whereabouts of De Mott since his arrest had not been known here. De Mott is said here to have claimed that he was a newspaper man who was given an American passport because he was engaged in relief work. Among the evidence found in his possession, it is stated, were papers indicating he was about to leave for Russia.

American who learned last week of De Mott's capture were assured he was a newspaper man who was given an American passport because he was engaged in relief work.

The killing of Paul De Mott of Paterson, N. J., shot recently at Wesel, is cautiously commented upon today by the independent socialist newspaper Die Freiheit. It describes the incident as a case of murder by the soldiery.

Reports stated that De Mott had been shot dead by a sentry while trying to escape from the prison at Wesel where he was being held under death sentence, the cause for which was not stated. An investigation of the incident by the foreign office immediately upon receipt of the report.

NATIONAL ASSEMBLY PROTESTS ACTIONS OF ENTENTE POWERS
BERLIN, (AP)—The national assembly re-opened Monday with Lord Balfour, the British foreign secretary, and other diplomatic representatives present. The proceedings began with a strong protest from President Fehrenbach against the occupation of the Rhine region, saying "Senegalese are quartered in Frankfurt and are guarding Goethe's house."

England Looks Ahead to Solution of Difficulties
LONDON, (AP)—Verbal assurances given by the French government in answering the sixth note of Great Britain relative to the occupation of German cities by the French were discussed by the cabinet council Monday. They are expected to be followed by a formal note to be sent to Paris as a satisfactory solution of the difficulty.

Advances Price of Oil
HOUSTON, Texas, (AP)—The Gulf Oil company has raised the advance of 50 cents on coastal crude, effective this morning, carrying the price to \$2.35 per barrel. Other companies operating in the coastal fields are expected to meet the advance. Premiums over the posted price of \$2.50 have been paid by many purchasers for several days past.

Robbers Take Cash and Drugs
DENVER, Colo., (AP)—Two men robbed a drug store of \$300 in cash and cocaine and morphine valued at \$1000 early today. Both were masked when they entered the store. One backed the proprietor to the wall with a revolver and the other pocketed the money and drugs.

Poles Win Important Victory Over Soviet

WARSAW, (AP)—A pronounced victory for the Poles over the Bolsheviks on the southeastern zone was reported by the general staff today. After several days' fighting a Bolshevik division was put to flight and more than a score of machine guns, with much booty, were captured by the Poles.

Socialists Call Off Demonstration Plans

CHICAGO, (AP)—The "spectacular and dignified" demonstration which the socialist party had planned for today in Washington, D. C., to secure the release of Eugene Debs from imprisonment, has been called off, the socialist headquarters here announced today. Lack of time to prepare for the event was given as the reason. Debs will again be a candidate for president on the socialist ticket this fall, members of that party say.

TWO MEN INJURED WHEN CARS CRASH

Light Auto Meets Heavy Machine Rounding Curve—Guyer and Haycock Hurt

BURLEY, (Special)—William Guyer and George Haycock were seriously injured in an automobile accident on the state highway three miles east of this city about 9 o'clock last night. The former sustained a badly crushed left shoulder, several cuts on the head and face, fractured nose, and possibly a fractured skull. He has been unconscious most of the time since the accident. Mr. Haycock's injuries consist of a fracture of the left leg near the ankle and several cuts and bruises on the head and face.

UTAH MINES SHUT DOWN

Ball Strike Forces Four Thousand Carbon County Miners Out of Work

BALT LAKE CITY, (AP)—Approximately 4000 men employed in the coal mines of Carbon county, Utah, were forced out of work today because of the lack of "empties" to move the coal. Mine operators declare the men will not be permitted to work again until the railroad strike is ended.

MINERS REFUSAL TO WORK CAUSE OF SHUTDOWN

Almost Complete Paralysis of Kansas Coal Industry Results from General Walkouts of Workers

STATE INDUSTRIAL COURT LAUNCHES INVESTIGATION

Only Two of 25 Employees Cited to Appear Before Tribunal Respond; Others to Be Involved in Contempt Action

PITTSBURG, Kan., (AP)—Almost complete paralysis of the Kansas coal industry is reported today. The announcement at the headquarters of the coal operators as to operations said only four steamboilers were working. No deep mines were working. The report shows that not more than 200 miners out of the more than 12,000 in the district are at work. No strike has been called and the men are refraining from work on their own account, it was the report.

Only Two Miners Respond. When the names of 25 miners union officials and miners, ordered by Judge Andrew J. Curren yesterday to appear before the industrial court to testify concerning conditions in the mining field, were called in court this morning only two men responded. They were Tony Ruper, white, and Thomas Murdock, colored.

Judge Curren, in close touch with the proceedings, instructed W. E. Payton, marshal of the industrial court, to call the roll from the steps of the court house. There was no response. Steps were immediately taken for contempt proceedings and the arrest of the men who refused to obey the order to appear will begin this afternoon.

Probes Interest Rates

Judge W. L. Huggins, presiding judge of the industrial court, featured the session of the court this morning with a searching examination into the methods of coal companies of advancing money ahead of payday to coal miners and charging 10 per cent. An official of a leading coal company was on the stand. Judge Huggins asked the witness: "Have you figured out the per cent of interest computed by the year you charge these miners?" The witness said he had not. "Well, it is 20 per cent per year," the judge said.

Traffic Situation Improves in Western and Middle States But More Serious Along Atlantic Coast

SECRET SERVICE LAUNCHES INQUIRY INTO PERSONNEL OF RAIL STRIKERS

WASHINGTON, (AP)—Coincident with reports today of the growing seriousness of the railroad strike, President Wilson called a meeting of his cabinet for tomorrow to discuss "the general situation." It will be the first time Mr. Wilson has met with his official family since last August.

Attorney General Palmer had expected to make a decision today as to whether the government would intervene in the strike. Officials refused to say whether the cabinet meeting would cause postponement of the decision.

ASKS NAMES OF EMPLOYEES ON STRIKE

The department of justice today sent telegrams to the executive officials of the Pennsylvania and New York Central railroads asking that they supply the names of the men given on their lists, indicating the leaders in the movement. Reports from field agents of the department today said a new union was being formed among the strikers in Pittsburgh and Chicago. The organization was identified as the "Railroad Workers' Union" with temporary headquarters in Chicago.

Department agents at Chicago advised that John Gruman had been deposed as head of the Chicago Yardmen's association. Efforts were made to learn the identity of the new officers who, the reports said, were affiliated with the Industrial Workers of the World.

FEDERAL AGENTS UNBARE WIDESPREAD PROPAGANDA

Further complications in the situation were apparent from investigations of federal agents, which Assistant Attorney General Garvan said indicated that the strike leaders were attempting to obtain co-operation of railroad shop workers in the walkout. Propaganda urging the shopmen to quit their jobs has been circulated in at least five great railroad centers, the telegrams from agents said.

CHICAGO, (AP)—Main strength of the striking railroad workers today was exerted in the section east of Pittsburgh and in the Pacific Northwest, with conditions, according to railroad

Volunteers Moving Trains to New York

NEW YORK (AP)—Railroads and strikers went into a clinch today for control of traffic arteries leading into New York. While the strikers succeeded this morning in inconveniencing 10,000 commuters by shutting down the three divisions of the Staten Island Rapid Transit company and drawing out more freight on the Long Island railroad, the other roads reported greater success in operating freight and passenger service.

Food Receipts Increasing

The roads were able to move an increasing amount of food into the city, while special operations by volunteer crews began arriving from suburban points in New Jersey.

The Long Island railroad announced that 500 firemen had quit. Sale of tickets for all steam trains was ordered discontinued. Electric service was reported 60 per cent efficient. Timothy Shee, of the Brotherhood of Locomotive Firemen, addressed a meeting of the executive committee and delegates of the Brotherhood in Hoboken, announcing that the meeting would continue "until some solution" of the strike was reached.

Mayor Drives Engine

In following the example of their English cousin, who during Britain's rail tie-up manned their own trains, American-made it clear that they favored neither side.

"This is distinctly a citizens' movement," declared Mayor McKenna of Englewood, who occupied the cab of one of Chicago's special trains.

In Mayor McKenna's train crew were Roger Clark, state commissioner of the Highways in New Jersey; a Columbia law school professor, an expert and a bank officer. Several other special trains were operated on the Erie and Lakehurst and some engines were fired by American Legion members.

Strikers End Walkout

At St. Louis 324 switchmen employed by the Missouri Pacific voted to return to work today. Switchmen, trainmen and other employees of two roads at Syracuse also voted to go back to work today and at Pueblo, Colorado, Muskogee, Okla., Bagshaw, Mich., Battle Creek, Mich., Dayton, Ohio, and several other points decided to end the walkout at 10:00 o'clock today.

Factory Workers Idle

In Detroit approximately 50,000 factory workers were idle with estimates that 18,000 in other Michigan cities were out of work. Detroit was lighted last night as in an one which allows personal considerations to enter into the matter in the least.

WOOD'S DEBITION MADE ON HIS OWN INITIATIVE

WASHINGTON, (AP)—Major General Leonard Wood's decision to cancel his leave of absence and return to the command of the General Department of the railroad strike was made on his own initiative, it was said today at the war department.

WILSON SELECTS RAILROAD LABOR BOARD MEMBERS

Representatives of Public, Employers and Employees to Meet at Once to Consider the Strikers' Grievances

ACTION REGARDED LONG STEP TOWARD SETTLEMENT

Operators and Brotherhood Officials Await Announcement of Government's Attitude Toward Walkout

CHICAGO, (AP)—Appointment by President Wilson of the railroad labor board is looked upon by railroad officials and brotherhood officials here as being a long step toward settlement of the strike. They are now awaiting announcement by Attorney General Palmer of the government's attitude toward the board. Officials on both sides reiterated that the roads are powerless to raise wages until the new law applicable to the railroad is passed.

WASHINGTON, (AP)—The railroad labor board was appointed today by President Wilson.

The members are: Representing the public: George W. Hanger, Washington, D. C.; Henry Hunt, Cincinnati; R. M. Barton, Tennessee.

Representing the railroads: Horace Baker, J. H. Elliott and William L. Payne, St. Louis.

Representing the employees: Albert Phillips, A. O. Wharton and James J. Forrester.

To Meet at Once

The board will be authorized to meet in Washington at once to take up the railroad labor board, the employees now on strike. The nomination went to the senate at noon today and prompt action by that body is expected.

Public's Representatives

Mr. Hunt, one of the public representatives, is appointed for one year. He is a former mayor of Cincinnati and a former member of the Ohio house of representatives. During his term he was a captain in the national army. Since 1915 he had been a member of the board of trustees of Cincinnati Southern railway.

Mr. Hanger, another representative of the public, is named for two years. He is associate commissioner of the United States department of justice.

Mr. Forrester, the Tennessee code of appeals, and is appointed for three years.

Employers' Spokesman

Horace Baker, who is appointed to represent the railroad executives for three years, formerly was general manager of the Cincinnati, New Orleans and Texas Pacific railroad.

J. H. Elliott of Texas, appointed for two years, formerly was general manager of the Texas and Pacific railroad; and subsequently was a colonel in the transportation corps of the American expeditionary force.

WOOD'S DEBITION MADE ON HIS OWN INITIATIVE

WASHINGTON, (AP)—Major General Leonard Wood's decision to cancel his leave of absence and return to the command of the General Department of the railroad strike was made on his own initiative, it was said today at the war department.

CAMPAIN NOT ATTEMPTED BY RETURN TO ARMY DUTIES

CHICAGO, (AP)—General Leonard

World News Events

BERLIN, (AP)—The Deutsche Tages Zeitung today says it has learned from a reliable source that the condition of former Empress Augusta Victoria has become so grave that the announcement of her death may be expected at any moment.

PARIS, (AP)—Three hundred persons were killed in the explosion of a munitions dump at Rotenstein, east Prussia, on Sunday, according to a dispatch from French headquarters at Mayence.

NEW YORK, (AP)—Hugh Bell, of Crafton, Pa., a worker with the American committee for relief in the Near East, and James K. Lyman, of Wisconsin, an American board missionary, are believed to be in peril in eastern Asia Minor, where Armenian massacres have occurred recently. They left Adana for Marash on March 30, according to a cablegram received here, and since that time nothing has been heard from them.

PLUMBERS INSIST UPON SERVICE OF CHAUFFEURS

Investigation Discloses High Standard Policy of Journeymen in Birmingham

BIRMINGHAM, Ala., (AP)—Master plumbers of Birmingham are required to furnish chauffeurs to drive union plumbers to and from work and the chauffeurs are not permitted to do any plumbing work, according to findings of a committee of allied trades in Birmingham.

GOVERNMENT INTERVENES IN RAIL STRIKE IN ARIZONA

Requires Train Service to Move Needed Supplies to Hospital for Disabled Soldiers

TUCSON, Ariz., (AP)—The government intervened today in the switchmen's strike situation in Tucson to secure supplies for disabled soldiers quartered at the government hospital at Fort Postle park. The Southern Pacific was ordered to have a special train ready to leave the Tucson yards at 1 o'clock today to proceed to Wilcox, seven miles east, to bring in a car of gasoline needed for the lighting for a clinic which was granted by the road shops Thursday.

IDAHO WEATHER

Tonight and Wednesday occasional rain; cooler tonight north and southwest portions.

STRIKE SITUATION PROMPTS GENERAL WOOD TO CANCEL LEAVE OF ABSENCE

BOSTON, (AP)—Major General Leonard Wood today cancelled the leave of absence which he obtained to make a campaign for the republican nomination for president, and said he would leave later in the day for Chicago, to resume his duties as commanding general of the central department. He stated that his action was due to railroad strike conditions.

General Wood, in making the announcement, said: "The situation of growing seriousness in the country is such that I feel it my duty to give up my leave and to return to my post of command in Chicago."

CAMPAIN NOT ATTEMPTED BY RETURN TO ARMY DUTIES

CHICAGO, (AP)—General Leonard

SULTAN OWLS POWER AGAINST NATIONALISTS

Turkish Monarch Employs All Political and Religious Influence to Defeat Move of Mustafa Kemal

CONSTANTINOPLE (AP) — Sultan Mehmed VI, of Turkey, has thrown all his political and religious power into the balance as a final measure in combatting the nationalist movement in Asia Minor.

"The wrath of Heaven and eternal torments of hell" are called down on the heads of all Moslems who do not support the sultan, by surrude Abdullah Effendi, the new Shakh-ul-Islam. He exhortates the nationalists and declares "all Moslems who kill nationalists will be blessed by Allah and all who do fighting the rebels earn eternal glory hereafter."

DOMINION MEDICOS MEET

Vancouver to Be Gathering Place for Canadian Physicians in June

VANCOUVER, B. C. (AP) — Hundreds of physicians from all sections of Canada are expected to be in Vancouver in June to attend sessions of a number of medical associations, to be held here jointly the week beginning June 21.

AERIAL LINE FOR MEXICO

British and Mexican Capitalists Backing Well Equipped New Venture

GALVESTON, Tex. (AP) — Airplane freight and passenger service, through Mexico is assured within three months, dispatches the Texas Eastern Meado Piero here today. Huge multi-engine planes, operating in four distinct air routes, will fly between the Mexican cities of Mexico, Vera Cruz, Vera Cruz, Nuevo Laredo and El Paso. Two machines will operate daily each way.

British and Mexican capitalists, it is reported, are backing the new venture, which will inaugurate service under the name Mexican Air corporation. Sixteen British-made airplanes, each having a carrying capacity of fourteen passengers and three tons of freight, have been purchased as initial equipment.

TAHITI BANS PUBLIC HOUSE

Colonial Government Extends Scope of Dry Legislation in Island

PAPEETE, Tahiti, (AP) — The colonial government of Tahiti, has issued a decree terminating the licenses of all public houses on and after October of this year. The sale of liquor is bulk is not prohibited nor are the social clubs at Papeete enjoined from supplying their members.

The supply of liquor of any kind to natives of all of the islands outside of the island of Tahiti itself, has been, for many years past, prohibited. The insistence of local liquor dealers, hitherto, prevented similar action in regard to Papeete and the main island of Tahiti.

ENTIRE ISLAND SETTLEMENT BUILT ENTIRELY OF ROSEWOOD

PAPEETE, Tahiti, (AP) — A church building, a court house and 40 dwellings, that comprise the settlement on Pirairai island, in the eastern part of the South Pacific, are built entirely of rosewood, visitors from Tahiti reported on their return here.

CLAIMS BEST HOLSTEIN CALF.

WOODLAND, Cal., (AP) — A bull calf, said to be the finest bred Holstein in the world, was born recently to the A. W. Morris ranch near here. Its dam is Tilly Alcartra who holds seven years world record for milk production and the sire is Carleton King Sylvia, owned by the Carnation Stock farm Seattle, purchased as a calf by the present owners for \$100,000.

COUS GIVEN IRISH NAMES

ST. LOUIS, Mo., (AP) — Three cubs, born to Hans and Gretchen, lions at the municipal zoo, on St. Patrick's day are to be named Bridget, Mike and Paul. It was announced that the animals formerly were owned by a German animal trainer.

There is no better medium in the world than a newspaper for advertising and the News is a newspaper.

GROW BEETS AND MAKE OWN SYRUP VARSITY ADVISES

Gardeners are Urged to Help Take Sting Out of Sugar Cost by Own Effort

UNIVERSITY OF IDAHO, Moscow, (Special) — Idahoans who wish to take some of the sting out of high sugar prices by making beet sugar syrup for home consumption, the faculty should attend a course in planting whatever acreage of beets they may need, according to experts of the University of Idaho's horticulture department.

The planting is advised particularly in the non-irrigated sections, where it is necessary to take advantage of surface moisture. Ground which is not more than a few feet deep, and 20 inches apart and sowing at a depth of from one-half to an inch are declared to be the essential first steps.

Plans made at the university show that a bushel of beets, 30 to 40 pounds, will make approximately three quarts of a high grade syrup which makes a rich, a fine, firm, sweet, and has numerous other table uses. It can be readily substituted for at least a part of the sugar used in making dark breads and cookies and certain kinds of preserves.

CHEMISTS SEEK PROBLEM ANSWER

Scientists Convene in St. Louis to Discuss Application of Discoveries

ST. LOUIS, Mo., (AP) — Chemists from all sections of the United States are here for the spring meeting of the American Chemical society, which opened Monday and will continue six days for discussion of the developments in chemistry and their effect upon virtually every important industry in the country.

How to increase production, save by-products and lower the cost of living, however, are the chief purposes of the sessions which are attended by 1,500 more chemists and experts as well as technical advisers of large agricultural and manufacturing interests.

Among the subjects familiar to the layman which are to be analyzed by these scientific explorers will be a report of experiments showing the nutritive value of the peanut, the use of acetic acid from sour milk in non-alcoholic beverages and an appetizer and digestive substitute for alcoholic drinks, quite and cheap methods of manufacturing sugar and the establishment of standards of sweetness by the use of a new device known as "more chemical experts as well as technical advisers of large agricultural and manufacturing interests."

E. P. Costigan, United States tariff commissioner, will be one of the speakers at the meeting as tariff legislation is to be among the subjects to be considered.

Conservative Labor for Kansas Tribunal

TOPEKA, Kan., (AP) — The new Kansas industrial court is to be the "paramount issue" of labor in the coming state election, according to O. Stevie, Topeka labor leader. Questionnaires are to be sent to nearly all candidates by the state labor organization.

The more conservative element of labor is said to sanction the industrial court, some of the labor leaders having endorsed it in public announcements.

MANILA FIRE LOSS HEAVY

MANILA, P. I., (AP) — Fire losses in Manila during 1919 were the largest in the history of the city, amounting to \$10,773,000, according to the annual report of the fire department, made public today. The losses in 1918 amounted to \$6,000,000. The large increase is attributed to the fact that fire fighting equipment has not kept pace with the growth of the city.

NEVER WANTS TO BE WITHOUT IT

Ball Restored to Health Four Years Ago by Taking Tania—Good Results Continue

"I was entirely relieved of my troubles four years ago when Tania and have enjoyed the best of health ever since," said Edward Ball, well known farmer who lives on Route 3, Box 3, Duluth, Minn.

"For two years I had the worst sort of stomach trouble and rheumatism," continued Mr. Ball, "what little I managed to eat would sour on my stomach and I was so nauseated after nearly every meal I could not retain a thing, would suffer terribly from gas and, in addition to my other troubles, I was taken with the rheumatism in my legs and knee joints and got in such a bad fix I could hardly get up and down."

"After trying a lot of other things which did me no good I started taking Tania and, believe me, I soon felt like a new man. My appetite came back and I could eat anything I wanted without it hurting me the least bit. The rheumatism left me entirely and, as I stated, I could hardly get up and down."

"Tania is sold in Twin Falls by City Pharmacy and the leading druggists in every town.—adv."

MARRIAGE SAVES RUSSIAN GIRLS FROM DEPORTATION

Feminine Fugitives from Siberia Become Brides of American Soldiers

MANILA, P. I., (AP) — Two Russian girls who arrived recently from Siberia as stowaways on the transport Crook, escaped deportation by marrying American soldiers of the 31st Infantry.

The girls, Olga Vohromeyeva and Feodoranka Motha, dressed as American soldiers, boarded the transport at Vladivostok and their identity did not become known until the ship, carrying more than 1,000 officers and men of the 31st Infantry, was well on her voyage. When they attempted to land here they were taken into custody.

An hour before the transport Madawaska was ready to sail for Vladivostok, the girls were taken to the pier by officers of the immigration service, who expected to start them on their return to Siberia.

When the party was waiting at the pier and a Filipino policeman was guarding the girls, Sergeant Morris Dale and Private W. Hall of the 31st Infantry appeared with marriage licenses and a Filipino minister, who performed a double ceremony.

When told to get ready to embark, the girls protested. A crowd which had been attracted to the pier cheered the girls as they refused to leave.

While the officer at the pier attempted to seek advice over the telephone from headquarters, the Madawaska pulled into the stream and started on her way to Vladivostok.

The immigration authorities decided to release the girls from custody, and as they drove away with their American husbands, the crowd gave them a farewell cheer.

Believes Rheumatic Pains

"I am subject to rheumatism and when I have a spell of it one or two applications of Chamberlain's Liniment relieves the pain and makes rest and sleep possible. I would not think of doing without it," writes Mrs. C. W. Orler, Moberly, Mo.—adv."

FOR SALE!

Five Room Modern House, sleeping porch, furnace, wired for electric cooking. Would take light car as part payment.

—P. O. BOX 648—

Pullet Does Best to Put Profiteer Out of Business

University Has Domestic Fowl that Lays Twice on Some Days

UNIVERSITY OF IDAHO, Moscow, (Special) — Profiteers in eggs would have their difficulties if all hens were as industriously prolific as Ida U, a white Orpington pullet owned by the poultry department of the University of Idaho. Two eggs a day on six different days and 52 eggs in 40 days is this extraordinary hen's carefully authenticated record.

Until February 17 Ida U was kept in a pen with a number of other pullets, but on that date she was separated and crapped in order that an accurate production record might be kept. The industrious pullet missed laying three days in the period of her test, but promptly made her deductions forgotten by producing two eggs on succeeding days.

All of Ida U's eggs have been saved for tests in the poultry department incubator. If it can be demonstrated that her tendencies are heritable there may be a tremendous demand for White Orpington chicks from the university flock.

PLAN WELCOME FOR WALES

Elaborate Reception in Expectance at Honolulu for British Prince

HONOLULU, T. H., (AP) — Elaborate preparations are being made here for the reception of the Prince of Wales, who, according to last advices, will reach Honolulu aboard H. M. S. Renown April 13. The prince is expected to spend 48 hours here before proceeding on his voyage to Australasia.

The date of the arrival of his royal highness falls in Centennial week, when all Hawaii will be celebrating the hundredth anniversary of the coming of the first Christian missionaries.

When the Renown enters Honolulu harbor a United States fleet of 36 vessels, headed by the Brooklyn, flagship of Rear Admiral Henry A. Wiley, will exchange naval courtesies, with the British battleship.

Governor Charles J. McCarthy is planning a reception and ball in the prince's honor, while the chamber of commerce, British club and other Honolulu organizations are preparing programs for the entertainment of the heir to the British crown.

The city of Hilo, on the island of Hawaii, also has extended an invitation to the Prince of Wales to visit there and view the volcano of Kilauca.

Any reasonably-priced house or apartment may be rented—through an inexpensive classified advertising campaign. Test the matter. The "risk" involved is so small that few people would dignify it by that name.

GENERAL STRIKE BEGINS IN IRELAND

Workers Quit Employment in Protest Against Treatment of Prisoners

DUBLIN, (AP) — The general strike declared in Ireland in protest over the treatment of the political prisoners who are on a hunger strike in Mount Joy prison here went into effect today and tumultuous shouting in the vicinity of the prison.

The crowd comprised 20,000 persons, among whom threatening demonstrations occurred. Three tanks and several armored cars, with a large force of police and military, were stationed about the prison.

It was announced that the strike, which originally was intended as a one-day celebration, would continue until the prisoners were released.

STRIKE CALL ELIMINATES NECESSARY INDUSTRIES

LONDON, (AP) — A general strike began in Ireland today in protest against the treatment of the political prisoners

in Mount Joy jail at Dublin who are on a hunger strike. Early reports to the Irish office here said that the strike had gone into effect, but the officials gave no details regarding the scope of the movement. The strike call eliminated employees of newspapers, those in the telegraph service, the humanitarian services, the bakers, and the necessary workers caring for cattle and horses. The latest official report given out here said that the hunger strikers all were weak and that some were nearing the danger mark.

WOULD PENALIZE RAIL STRIKERS

Senator Poindexter Proposes a Heavy Fine and Imprisonment in Traffic Block

WASHINGTON, (AP)—Legislation to deal with railroad strikes was proposed Monday by Senator Poindexter, republican, Washington. The bill proposes ten-year imprisonment and \$10,000 fine for any person who aids, abets, solicits or persuades others to join in strikes which interfere with interstate commerce. Persons using force, violence or threats against others remaining at work in moving interstate commerce would be punished by fifteen years imprisonment and \$15,000 fine. The measure also referred to the interstate commerce commission.

The Washington senator said the strike was nothing less than revolution.

"It is Bohemian pure and simple. It is backed up by every anarchist and revolutionist, alien or domestic, both of the open and the hidden variety."

"If the control of commerce is to be secured by the revolutionary means of cutting off supplies from the people then congress must be given all of its powers and free government is suspended."

Senator Thomas, democrat, Colorado, said he believed the control of the strike was to force government ownership of railroads.

"There is nothing haphazard about it," he declared. "It is thoroughly organized and systematized and designed to punish 110,000,000 people so severely as to compel them to acquiesce in any order which may be demanded by the extremists."

Senator Nelson, republican, Minnesota, declared Senator Poindexter's proposal could not be made effective unless executed in connection with court injunctions, adding that it was too late after the strike had begun to say that the man committing it should be placed in prison.

SUPPORTERS OF HERRERA HOLDING GUATEMALA CITY

Reports Indicate Revolution Spread Over Most of Interior of Country.

GUATEMALA CITY, (AP)—Troops supporting Carlos Herrera, who has been proclaimed president of the republic after a swift revolution, are holding this city, although it is closely besieged by the army commanded by President Estrada Cabrera. Shells from guns in the hands of these troops have fallen in many parts of the town.

Herrera's forces hold the principal railroad leading to the city and reports indicate the revolution has spread over most of the interior of the country.

FLOOD CALIFORNIA MINES TO EXTINGUISH FLAMES

AMADOR CITY, CAL., (AP)—The Argonaut and Kennedy gold mines in Amador county will be tied up for six months while water is poured into the shafts at the rate of more than 6,000,000 gallons a day in an effort to extinguish fire in the Kennedy workings. The first fire broke out in the Argonaut a year ago but was held by bulkheads until last month.

SLEIGH GIVES UP COACH

CORBOVA, Alaska, (AP)—Two express packages, containing \$2,200 each, which disappeared from a stage of the Brower line, on route from Chitina to Fairbanks last October, were found recently in a sleigh purchased from the company which formerly operated the line. The two packages had been hidden in a leather pocket of the sleigh.

CHARTING ALASKAN COAST.

SEATTLE, Wash., (AP)—Portions of Alaska's coast which have not been charted since Russia owned the territory are to be surveyed this year by the steamer Surveyor of the United States coast and geodetic survey. The Surveyor will work in dangerous waters between Kodiak island and Chignik, western Alaska.

WIRELESS PHONE SUCCESSFUL

ANCOUVER, B. C., (AP)—Wireless telephone experiments being carried on here and at Victoria, B. C., are successful officials of the provincial forestry department said, wireless telephones will probably be installed as a part of the British Columbia forest fire protection service.

BIG LEAGUE BALL CLUBS SWING INTO RACE WEDNESDAY

LITTLE FELLOWS FOLLOW LATER

Both National and American Circuit Fans Will See Their Favorites in Action Wednesday—Prospects of Great Year—Chicago Cubs Have Won Most Pennants in Old Organization

NEW YORK (AP)—Major league baseball teams swing into pennant action tomorrow with the formal opening of the 1920 season. Based upon the form exhibited in the spring training on southern diamonds, the sixteen clubs of the National and American leagues appear to be in excellent physical condition and baseball prospects forecast close races for the respective league flags as well as exceptional attendance and financial receipts due to the unusual interest in the game this year.

Eastern and western city clubs share equally in the allotment of opening dates. In the National league, Boston plays at New York while Philadelphia will make its initial appearance at Brooklyn. The western division teams of Chicago at Cincinnati and Pittsburgh at St. Louis. The American league schedule calls for New York to open at Philadelphia, Washington at Boston, Detroit at Chicago and St. Louis at Cleveland. The initial return contests are set for April 22 when the order of the major league will be reversed.

The games to be played in the National league tomorrow will inaugurate the 45th consecutive season for the senior major league in the country. Dates back to 1876 when the Chicago club won the first pennant. The teams of that city still hold the lead for since 1876 Chicago clubs have captured eleven championships. Boston comes second with nine and New York third with eight. The American league will celebrate its 11th annual opening and started its major career in the spring of 1900. Since that date the pennant has been distributed among four clubs, Philadelphia and Boston each having won six; Chicago five and Detroit three. The schedule of opening games for the 1920 season and the standing of the teams at the close of the 1919 season, follow:

National League			
Team	Won	Lost	Pct.
Chicago	83	52	.613
Cleveland	34	55	.384
New York	30	59	.337
Detroit	30	60	.333
St. Louis	27	67	.287
Boston	26	71	.268
Washington	25	84	.230
Philadelphia	20	104	.167

American League			
Team	Won	Lost	Pct.
Cincinnati	86	44	.688
New York	87	53	.621
Chicago	75	65	.539
Pittsburgh	71	68	.511
Brooklyn	69	71	.491
Boston	57	82	.410
St. Louis	54	83	.394
Philadelphia	47	90	.343

AS THEY WRITE BASEBALL

By HOWARD MILLER

The young man hailed the editor and said: "I want a job. I can produce that sort of stuff that makes a reader sob. Or I can write that funny junk that makes a reader laugh. And I'd like you to sign me as a member of your staff. I specialize on baseball yarns. I like to write of sport, golf, tennis, polo, golf, golf, Yes, games of every sort."

"But do you," asked the editor, "Use language that is plain? Do you use the common metaphors? And synonyms played in? For instance, how do you describe a ball game during in rain?"

The young man lamped the editor with cold, appraising eyes. "Than use that common word," he said.

"I would much rather die. I never speak of rain at all. The thought is quite absurd; The fans would never understand so commonplace a word. I always say 'J. Pluvius.' Uncorked the H-two-O."

And when it shines I say, 'Old Sol Beamed on the folks below.'"

"Young man," remarked the editor, "It's very plain to see that you possess a brilliant mind And much ability. Will you for fifty smacks a week Write baseball stuff for me?"

STRECHER GETS ANOTHER

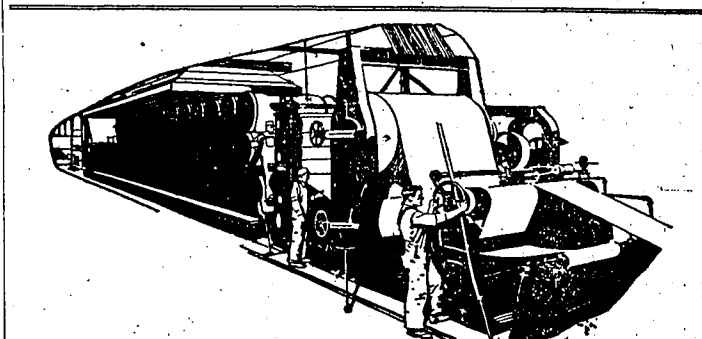

LOUISVILLE, Ky., (AP)—Joe Stecher, world's heavyweight champion, successfully defended his title last night by throwing Ivan Padounsky, Estonian champion, in two straight falls. He won the first in 50 minutes with a body scissors and bar arm hold and the second in 14 minutes with body scissors and double arm lock.

In a preliminary match, Ed "Strangler" Lewis scored two straight falls on Tommy Drank of Holland.

REALS GET SOUTHWESTERN

LITTLE ROCK, Ark., (AP)—Manager Elberfeld of the Little Rock Southern association club, yesterday announced the sale of their Baseman Wabak to the San Francisco club of the Pacific Coast league. He had refused to report here.

Let the ads help you to decide where to buy it.

RU-BER-OID and MALTHOID

READY ROOFINGS

This picture shows the "dry end" of a huge felt-making machine in one of our mills.

Felt is the "base" or body of ready roofing. Quality in roofing depends so much on the quality of this felt foundation that we manufacture in our own mills all of the felt used in making Ru-ber-oid and Malthoid Roofings.

In this way only can we be assured of securing the extra-tough, long-fibre wool-and-cotton felt necessary for building long-lasting qualities into Ru-ber-oid and Malthoid.

Ru-ber-oid and Malthoid Roofings are made by saturating this extra-quality felt with a highly waterproof asphaltic compound, after which the saturated felt is coated with a long-lived, weather-resisting compound. Both the saturating and coating compounds are refined in our own plant for this special purpose.

From rags to wrapper, Ru-ber-oid and Malthoid Roofings are made within our own organization—made to give lasting service. We have been making ready roofings for 35 years. During this time Ru-ber-oid and Malthoid have proved their quality under all sorts of trying conditions. They are sun, rain and fire resistant. The price is higher, but the cost is less, because they last longer and need fewer repairs. When you buy roofing, buy real protection.

ZBYSKO IS AN EASY MARK FOR EARL CADDOCK

Former Wrestling Champion Makes Huge Polak Want to Quit after Bout

DES MOINES, Ia., (AP)—Earl Caddock won a finish wrestling match from Wladk Zbyzsko here last night in two straight falls.

Caddock gained the first fall in 1:50:10 with a head scissors and wrist lock and the second with a head scissors and wrist lock in 1 minute, 60 seconds.

The match was full of action from the start. The first fall came shortly after Caddock had twice thrown Zbyzsko through the ropes and then kept him from falling from the platform. After the first fall the referee

announced, Zbyzsko would not return to the ring but would forfeit. Caddock refused to accept the ruling and when Zbyzsko returned threw him in less than two minutes.

AHI ENGLAND WINS

JACKSON, Mich., (AP)—Billy Holmes of England, won a newspaper decision over Eddie Barr, of Detroit, in a ten-round bout last night. Holmes won seven of the ten rounds and the other three were even.

WE DELIVER

Bad Teeth Make Backward Children

MANY diseases from which both old and young suffer are directly or indirectly caused by decayed teeth and diseased gums. Without good teeth, food cannot be properly chewed, and is therefore not properly digested. Indigestion, dyspepsia, constipation and other troubles are often caused by bad teeth. To effect a cure, the mouth must be put in good order.

The best time to begin is childhood. No boy or girl can make progress in school unless the teeth are in a healthful condition. Bad teeth keep anybody from going ahead.

Parents are invited to bring their children for free examinations and advice to Registered Dentists using the E. R. Parker System. A little work done early often saves a lot of work being done later, and keeps the child in better health. Neglect never pays.

The Fast Mail
By GENEVIEVE ULMAR

(Copyright, 1919, by the Western News-Press (Idaho))

The post office at Ferndale paid only four hundred dollars a year, and because Silas Moore, its incumbent in charge, was old and poor, the position had been awarded to him by common consent. It occupied a ragged old space in the general store of the village, and his stepdaughter, Emie, an orphan, kept track of things generally. The old man was selfish and exacting and would not appear upon duty until noon. As dusk he went back home, but Emie would remain to get the bag of mail brought down the line at eight o'clock.

After the morning mail Emie would double duty, hoping as clerk in the store to be able to save up from this, but her stepfather would borrow from her little store, and the purpose she had in view grew dimmer as time went on.

When Emie was eighteen she told her stepfather that she felt she had done her duty by him and asked him to consent to her going to the city where she could earn fair wages.

"Don't do it, Emie," pleaded the old man. "I know this isn't the life for you, but I couldn't get along without you. Wait for one more year. At its end I shall have paid off the last five hundred dollars I owe on the old place and then I could maybe afford to hire some one to take your place. Then there's Royden to get along with you, you like him? He can afford to get married and—"

"Never!" flashed out Emie decisively.

Emie was thinking deeply as she heard the fast mail train distant and went down to the depot. The train did not stop, the Ferndale mail bag being tossed out as it passed the depot. Emie watched it roll and land. She walked toward it and as the sleeping and dining cars rattled and curiously, walked over to where the object had landed. At her feet lay something wrapped up in a large silk handkerchief. As she picked it up there was a metallic jangle. From the handkerchief protruded one end of a watch and stick pin. It was its pointed end that had abraded her cheek. She heard approaching footsteps, made out the advancing figure of Royden and concealed the package under her cape.

"The dollar is coming to you home, Emie," spoke Royden, and he picked up the mail bag, which was left at the post office, and as soon as they reached home Emie left her stepfather to entertain Royden, pleaded weariness and went to bed.

"She drew the shades, locked the door, opened the mysterious package and stared down fairly aghast at a mass of bewildering richness. There was a diamond bracelet, a necklace of pearls, rings, earrings, for two or three days after that Emie was uneasy and sleepless. She watched the newspapers and made many guarded inquiries. One evening she chanced to overhear her stepfather and Royden conversing in low tones. The old man had come across the jewels. He and Royden were discussing their seizure and disposition.

That night Emie stole from the house at midnight and the next day was in the city. She had a small sum of money and located herself in cheap quarters, depleting her savings by advertising in newspapers for "the owner of some valuables found in a silk handkerchief at Ferndale."

Emie did not find work as hoped for. Finally all her money was gone. Then came foodless days. A letter came to her. It was in reply to her advertisement. There might be a possibility of "Dale Arnold, 22 Walsingham building, being interested. Would she please call?"

Emie had eaten nothing since the day before. When she reached the office designated in the letter she was told by a stenographer that Mr. Arnold would be down a little later, and Emie sat down to wait for him, wavering and excited. She had known nothing more for many hours, she awoke in a beautifully furnished room with a kindly-faced, motherly woman bending over her solicitously.

She was the mother of Dale Arnold, who had found his young sister in a dead faint and had learned from a physician hastily summoned that lack of food was the cause. Discovering the jewels he surmised that a poor and honest girl had gone without the necessities of life. In a moment, appropriate what did not belong to her.

Later Emie knew that the jewels had been stolen from his sister. The thief, tracked by detectives and suspecting their presence on the train, had sought to cast away the evidence of his guilt.

Mrs. Arnold and her daughter became at once attracted to the simple country girl. In the sunlight of their congenial companionship Emie entered a new existence of happiness and peace, and when Dale Arnold told them that Emie must stay with them always because he had learned to love her, they could not demur to his choice of a wife whose price had been proven by her simple native honesty as purpose to be "above rubies."

Political Confab Interrupted by Photographer

Assistant Secretary of State Frank L. Polk and Joseph Tumulty, secretary to President Wilson, chatting in front of the White House. Just then Mr. Photographer happened along and interrupted the chat long enough to take a good snapshot.

THE KITCHEN CABINET

The nose of pleasure seldom last long enough to assure the brow of him who plucks them; for they are the only ones which do not wear their sweetness after they have lost their beauty.—Jannah More

HOUSEHOLD ECONOMIES.

Making the dollar do the work of two has been a woman's problem for years; but now with a dollar stretched to the breaking point to meet the demands laid upon it, it is certainly the work of the whole family. Even in homes where there has always been a good income, women who are good managers delight in using absolutely everything edible and wearable. There is great satisfaction in making something worth while from food or clothing. There are many ways that a dollar thus saved may be used toward added comfort, or extra hospitality, or for some special treat which the household can all enjoy, for "the dollar is coming to you home, Emie," spoke Royden, and he picked up the mail bag, which was left at the post office, and as soon as they reached home Emie left her stepfather to entertain Royden, pleaded weariness and went to bed.

Do you scrape your molding board carefully after using it for pastry, bread, biscuit or cookies, and throw the waste into the garbage can? All such bits should be sifted to remove the flour, then add to the sour milk pitcher or "batter" when using of stuffed omelette, a dash or two of paprika and a sprinkling of parsley is added, just before taking up.

A bit of cooked ham of any kind put through the meat grinder adds flavor to a dish of Spanish rice or a white sauce.

A cut lemon or Bermuda onion may be kept fresh a long time by turning the cut side down on a plate and covering with waxed paper.

Preserved tomato pulp, a pint of it added to minced meat, makes a most delightful addition. If the citron is put through a grinder before preserving, it will be found more enjoyable and may then be used as a garnish for puddings, ice cream and such dishes.

Super Realism.
Employer (to clerk): "If that bore, Smithere, comes in, tell him I'm out—and don't be working or he'll know you're lying."

Ancient Football.
China played football long before Japan, so long ago that the football was stuffed with hair until the fifth century, when the ingenious Chinese thought of inflating it.

What Vanderbilt Means.
The name Vanderbilt (Van der Bilt or Bilt) means "of the hill." Cornelius Vanderbilt, therefore, means literally "Cornelius of the hill."

Table Pleasures Not for Them.
Tea, with fruit in summer and cheese in winter, constitutes the nourishment of the poorer classes in Focelia.

Especially the Goat.
"What is your pet peeve?" "My wife's pet."

Today's Markets

New York Exchange
NEW YORK, (AP)—Bullish in an early settlement the railroad strike encouraged pools and other professional interests to extend their bullish commitments in the stock market today. Sales approximated 1,000,000 shares. A rebreak of 16 points in General Motors and a 10 cent money rate gave the market a moderate setback later, but this was largely overcome in the final dealings. The closing was firm.

Liberty Bonds
NEW YORK, (AP)—Final prices of Liberty bonds today were: 3 1/2's \$90.50; first 4's \$90.50; second 4's \$87.70; third 4's \$87.70; fourth 4's \$87.70; fifth 4's \$87.70; Victory 4's \$97.

Corn and Provisions
CHICAGO, (AP)—Corn underwent a material setback in price today. The weakness was due more to lack of support than to any great selling pressure. Uncertainty of the railway traffic outlook tended to make traders go slow for the time being. Initial quotations which ranged 1-4 to 1 1/2 lower, with May \$1.06 to \$1.07, followed by transient rallies, but then by declines further than before.

Cattle and Hogs
CHICAGO, (AP)—Cattle and hogs were generally 25 to 50c higher than close of week, nothing of outstanding interest. Sheep receipts 1,400 direct to packers. Market steady.

Chicago Producers
CHICAGO, (AP)—Butter and eggs unchanged. Eggs 38c lower, 34c. Others unchanged.

Potatoes
CHICAGO, (AP)—Potatoes weaker; receipts 25 cars. Northern Round White, sacked \$6.75 to 7; bulk \$6.90 to 7.35; Kings, sacked \$6.75.

Steam Not Needed.
In Death Valley, California, the summer temperature in artificial shade scarcely to 125 degrees, with 1 per cent of humidity.

Cash Quotations
CHICAGO, (AP)—Wheat No. 2 hard \$2.76. Corn No. 3 mixed \$1.06 1/2; No. 2 yellow \$1.09. Oats No. 2 white \$1 to 1.01; No. 3 white \$1.02 to 1.03. Rye not quoted. Barley \$1.46 to 1.61. Timothy seed \$9 to 12. Clover seed \$40 to 55. Flax No. 1 \$4.71 to 4.76.

Chicago Livestock
CHICAGO, (AP)—Cattle receipts 4,000;

beef steers and butcher stock mostly 25c higher; bulk steers \$12.25 to 13.75; best heavy \$14.75; top yearlings \$18.25; most butcher cows and heifers \$9 to 11; causers largely \$5 to \$5.50; bulls steady; calves \$1 higher; bulk good and choice vealers \$13 to 14; stockers and feeders nominal. Hog receipts 5,000; market active, 25 to 40c higher; top \$15.80; rough \$14.75 to 15.50; medium to best pig \$12 to 14.75. Sheep receipts 7,000; market steady to 25c lower; best hand shorn lambs \$17.50 to 17.75; others and heavy \$16.75 to 17. Heavyer conditions developing in Chicago railroad strike situation.

Omaha Livestock
OMAHA, (AP)—Light supply classes of all stock due to the fact that the new crop of the embargo on Monday had not reached the country in time for loading. Hog receipts 1,200; market \$1 to 1.50 higher than close of last week; top \$16.15; bulk \$13.50 to 14.75. Cattle receipts 1,000; market on beef steers and butcher stock active, generally 25 to 50c higher than close of week, nothing of outstanding interest. Sheep receipts 1,400 direct to packers. Market steady.

Chicago Producers
CHICAGO, (AP)—Butter higher; creamery 40 to 45c; eggs higher; receipts 15,450 cases; first 40 to 40 1/2c; ordinary first 38 to 37c; at mark, cases included 37 1/2 to 39 1/2c; poultry higher; all; springs 38c; fowls 1 1/2c.

Kansas City Producers
KANSAS CITY, (AP)—Butter and eggs unchanged. Poultry hens 38c lower, 34c. Others unchanged.

Potatoes
CHICAGO, (AP)—Potatoes weaker; receipts 25 cars. Northern Round White, sacked \$6.75 to 7; bulk \$6.90 to 7.35; Kings, sacked \$6.75.

Steam Not Needed.
In Death Valley, California, the summer temperature in artificial shade scarcely to 125 degrees, with 1 per cent of humidity.

Cash Quotations
CHICAGO, (AP)—Wheat No. 2 hard \$2.76. Corn No. 3 mixed \$1.06 1/2; No. 2 yellow \$1.09. Oats No. 2 white \$1 to 1.01; No. 3 white \$1.02 to 1.03. Rye not quoted. Barley \$1.46 to 1.61. Timothy seed \$9 to 12. Clover seed \$40 to 55. Flax No. 1 \$4.71 to 4.76.

Chicago Livestock
CHICAGO, (AP)—Cattle receipts 4,000;

WILSON BELLOTS
(Continued from Page One)

Mr. Park is vice president of the Chicago Great Western railroad and is appointed for one year.

Employees' Representatives
Mr. Phillips is vice president of the Brotherhood of Locomotive Firemen and Engineers. He is appointed for three years.

Mr. Wharton, of Missouri, is an official of the railway employes' department of the American Association of Railway Wages and Working Conditions of the United States railroad administration. His term is for two years.

Mr. Forrester is president of the Brotherhood of Railway Steamship Clerks, Freight Handlers, Express and Station employes. His term is for one year.

Court of Last Resort
Under the transportation act this railroad labor board is the court of last resort in disputes between the roads and their employes. Its first work will be to consider the present strike which is to take up the whole railroad wage question which has been pending for nearly a year.

The board is to establish permanent headquarters at Chicago and its members will devote all of their time to the work. They will receive salaries of \$10,000 a year, each.

Moral: Take a Chance.
"One of the biggest mistakes you kin make," observed Shinnobe, "is bein' so scared o' makin' mistakes dat you don't do nuffin at all."

You can count upon the classified to sell your real estate—and the cost of the advertising will figure surprisingly small.

Martins Ferry, O., 11,034, increase 2301, or 21.4 per cent.
The Plains, Pa., 12,363, increase 2001, or 30.7 per cent.

TO BEGIN EXPERIMENTS FOR CORN DEVELOPMENT

Demonstrations are to be made for the Purpose of Finding Best Adapted to Idaho

UNIVERSITY OF IDAHO, Moscow (Special)—With the view of producing a high-yielding variety of corn particularly suited to the needs of southwestern Idaho, Prof. H. W. Hulbert of the University of Idaho farm crops department expects to begin in the near future at the Caldwell station experiment farm a series of investigations in corn breeding.

"Although it is undoubtedly true that there is a number of good local strains in southwestern Idaho," said Professor Hulbert today, "we believe that a well-adapted, well-bred variety will prove distinctly valuable. We will attempt to obtain a large number of local strains and grow them side by side for comparative silage and grain yields. Growers who wish to have their own particular variety included in the tests may do so by sending 10 typical ears to the university farm crops department before May 1."

WILSON CALLS

(Continued From Page One)

No change in the situation at Toledo was reported and a number of factories planned to close today.

Strike Reaches Cincinnati

The strike spread to Cincinnati when switchmen on the Baltimore and Ohio railroads went on strike last night. At Terre Haute, Ind., five hundred switchmen on the various roads voted to join the insurgents.

While a gradual improvement in the situation was reported from several railroads in Pacific coast states railway of "Yule" were confronted with refusal of Southern Pacific engineers and firemen at Los Angeles to man trains made up by "loyal" members of the brotherhoods hired to replace strikers.

Pittsburgh Trainmen Vote Against Strike

PITTSBURGH, Pa. (AP)—Members of the Brotherhood of Railway Trainmen on the Pennsylvania railroad east and west of Pittsburgh voted this morning against joining a strike of yardmen. An official announcement said the vote was "practically unanimous."

Philadelphia Sector Situation Serious

PHILADELPHIA (AP)—The railroad strike situation in the Philadelphia district appeared more serious early today than at any time since the men began leaving the city last week. Officials of the Pennsylvania railroad admitted the walkout was spreading and estimate that 1500 men many of them shopmen, joined the ranks of the strikers late yesterday and last night. This increased the number of Pennsylvania employees out in the district to 2000. Only 3750 were idle. Officials of the company said they did not look for any noticeable relief for three or four days.

Freight and express traffic virtually is at a standstill, while the curtailment of passenger service was increasing hourly. Of the 700 passenger trains originating daily passing through or terminating in Philadelphia, 105 were cancelled yesterday.

The strike has seriously interfered with coal movement and in some cases has caused the closing down of anthracite mines. Shortage of cars in the walkout caused all the mines of the Lackawanna Coal company in the Wilkesbarre district employing 20000 men, to suspend operations yesterday.

Gateway to South is Closed to Commerce

WASHINGTON (AP)—The gateway to the south through this city was closed to traffic today as a result of the spread of the "unauthorized" switchmen's strike to the Potomac yards across the Potomac river.

Superintendent Colver said the yards were paralyzed. The total number of strikers was placed by him at 200. Normally 2000 cars a day are handled through the yards, including all produce shipments from the south to the east.

The Southern railway reported that its fast mail and passenger trains were moving subject to some delay. The passenger line between the city and the Potomac yards is closed. Other passenger traffic was curtailed.

The single track bridge across the Potomac from this city into Alexandria where the Potomac yards are located, is the only railroad inlet into the south, east of Cincinnati.

New Jersey Strikers' Gains Cause Famines

TRENTON, N. J. (AP)—More than 2000 additional employees of the Pennsylvania railroad in this section today joined the ranks of 1500 switchmen who quit yesterday. A few clerks and telegraph operators now are at work on the various divisions passing through Trenton. The city is facing a food and fuel famine as industrial establishments are threatened with a forced shutdown.

1500 Railway Strikers Reported in Baltimore

BALTIMORE, Md. (AP)—Fifteen hundred or more railway workers were reported out in the Baltimore district of the Pennsylvania and Baltimore and Ohio railroads this morning in the "unauthorized" strike which began here last evening. In Baltimore the Pennsylvania railroad declared an embargo on all freight outgoing and incoming. About 100 John Hopkins university students volunteered for service and were accepted by railroad officials.

New England's Loyal Workers Holding Own

BOSTON, Mass. (AP)—Effects of the unauthorized strike of railroad employees were felt in all parts of New England today through further reduction and cancellations in all roads of traffic. The ranks of loyal workers remained unbroken on lines running through this section.

The second day in New England of switchmen to the cause of the strikers occurred early today at Providence but was as brief as the walkout at Worcester on Monday. Meetings in other cities the men voted to remain at work.

Railroad officials declared the situation was becoming serious through inability to bring in food, coal or raw materials. Many local passenger trains have been cancelled on all roads. Dealers in perishable foodstuffs have commenced shipment to New York and other points by motor trucks.

Commissioning of Superdreadnought Tennessee is Held Up

U.S. Tennessee Soon to be Commissioned.

After a thorough survey of the 32,000 ton superdreadnought Tennessee, building at the Brooklyn Navy Yard, it was decided to postpone indefinitely placing her in commission. The officers, it is said, did not think the ship, with her twelve 14-inch main batteries, was in shape to turn her over to her crew, which expected her to be commissioned several days ago. Lieutenant H. Wycherly (in inset is shown looking into the muzzle of one of the 14-inch guns). The Tennessee is one of the largest war vessels afloat, being 624 feet long. She was launched just one year ago.

Boats also are being utilized to capacity for passenger and freight service.

100,000 Workers Made Jobless in Michigan

DETROIT, Mich. (AP)—The predicted effect upon Michigan industry of the unauthorized strike of railroad switchmen, became a reality today, when power and fuel curtailment forced into idleness close to 100,000 workers in various industrial centers.

Rail Strike Cause of Ohio Mines Shut Down

COLUMBUS, O. (AP)—Soft coal mines in Ohio were nearly all closed down today because of the railroad strike and thousands of coal miners were thrown out of work. A few mines in some scattered sections were reported still working but all of the big mines were closed because of the inability of operators to get cars.

The Columbus, Delaware and Marion Traction company, operating traction cars between Columbus and Marion, announced today that it had taken off all its limited cars and reduced its normal one-half because of the coal shortage.

Cleveland Situation Grows More Serious

CLEVELAND, O. (AP)—The railroad strike situation in Cleveland took on a more serious aspect this morning when 200 car repairers and nearly 50 car inspectors employed in the Collingwood shops of the New York Central lines failed to report for work this morning following their walkout last night.

It was reported that 300 more shopmen at the New York Central shops and 1500 in shops of other roads plan to go out on Thursday afternoon as a result of a vote taken Monday night.

With the exception of the New York Central and Nickel Plate yards, where a few trains of freight were moved last night and early today, no freight was handled in Cleveland terminals.

Passenger, mail and milk trains were operated as normal. Regarding reports that some brotherhood of railroad trainmen members were dissatisfied with the present grand lodge officers and that several resolutions had been adopted by different locals asking for the resignation of President W. G. Lee and other grand officers, Mr. Lee today declared: "The present grand lodge officers will remain, but continue to carry on the work of the brotherhood in a business like manner, administer the more than five and a half million dollars in our insurance and benefit funds and will not be stampeded by the insurgents."

Social Notes

There will be a musicale and social Thursday evening at the home of Mrs. Emma L. Warren at 163 Maple avenue, East Lewis, to which all members of the Episcopal church are invited.

The Wimedonal club will meet tomorrow afternoon at the country home of Mrs. B. H. Kayler.

The R. N. A. club will meet Wednesday afternoon with Mrs. Opha Learner, 303 Fourth avenue west.

Local Brevities

License to Wed—A marriage license was issued yesterday to Gordon Graham and Hazel F. Smith, both residents of Buhl.

Dr. Shank Returns—Dr. J. Shank returned yesterday from Lincoln, Nebraska, and will spend some time here on business connected with estate matters.

Miscellaneous is Charged—Henry Nies was arrested yesterday on charges of having removed a water measuring device. He is at liberty on bond, and will have trial in the probate court Thursday, April 29.

Shriver Being Tried—Trial of D. P. Shriver and Elsie Hickey is being conducted in the probate court this afternoon. Charges of unlawful association have been preferred against the pair, the complaining witness being Mrs. D. P. Shriver.

Carver Held for Bond—Judge O. P. Duval yesterday ordered William Carver, Billis country farmer, held over to the district court trial on charge of killing Anastasia Billis, a sheep herder. Carver was heard in preliminary trial in the probate court yesterday afternoon.

Attending Church Meeting—Mrs. M. F. Umbile, Mrs. G. M. Simpson, Mrs. J. A. Johnson, Mrs. W. H. Johnson and Mrs. Charles Jones are leaving today for Burley, where they will attend the Presbyterian meeting of the Women's Missionary society of the Presbyterian church. This meeting will close Thursday.

Ask for Labor Sermon—At a meeting of the Christian church Men's Bible class yesterday members of the class addressed a request to the Rev. W. A. Moore urging a sermon for next Sunday in summary of the country's labor situation. The Rev. Mr. Moore has accepted the invitation, according to announcement.

Building Permit—T. J. Woods, realtor, has taken out a permit for the construction of a two-story brick building to be erected on property at the corner of Main avenue and Second street west. The approximate cost of construction is \$30,000. The building will have a 25-foot front on Main avenue and will extend 15 to the alley.

Bees Sugar Company—J. H. Wise, attorney acting for Henry Schwarz, has entered action in the district court against the Idaho Cooperative Bees Sugar company seeking judgment for \$24,000. The amount is claimed as remuneration for services said to have been given in the capacity of consulting engineer and for furnishing drawings and blue prints of plants proposed for Filer and Hansen. Mr. Schwarz says he was regularly employed by the company for five and one-half months.

HOUSE ADOPTS INDICTMENT OF WAR-WORK PROGRESS

WASHINGTON. (AP)—After nearly two days' debate the house today adopted a resolution directing that a committee be appointed to investigate the building of army camps to be turned over to the attorney general with the request that he seek indictment of persons guilty of criminal conduct, and institute civil suits for recovery of money fraudulently or illegally paid during the war-time emergency construction.

SWITCHMEN AT SPOKANE REFUSE TO JOIN STRIKE SPOKANE, Wash. (AP)—Ninety-six switchmen employed by the Northern Pacific railroad in this vicinity, at a meeting here today refused to go on strike or to affiliate with the "out-law" switchmen's organization.

PURE ORGAN REPTAL By Professor McClellan and Miss L. Leonard under the auspices of the Presbyterian church tomorrow night, April 14, at 8:30. Admission \$1.00; no reserve seats.—adv.

Classified Ads are cheap—effective.

There is good news to be found in the fact that the City Council is willing to co-operate with the Chamber of Commerce in an effort to provide camping site facilities for auto tourists visiting Twin Falls this season.

This is a necessary feature of civic life, here as elsewhere. Annually hundreds of families visit Twin Falls, stay from a few hours to a few days and move on with a distinct impression of the city based upon their welcome. They should be provided with a place to camp. Water should be available with such other simple facilities as are necessary.

IDAHO DEPARTMENT STORE Ltd.

In previous years no particular attention has been given this phase of our civic duty. This year something is going to be done about it.

MINNEAPOLIS, Minn. (AP)—In the face of a congested railway transportation situation, the United States grain corporation is confronted with the problem of moving before May 31 nearly 1,000,000 bushels of government owned wheat stored in Minneapolis elevators, Frank L. Carey, vice president of the grain corporation, said today.

Not more than 250,000 bushels of this wheat have been moved since last November, Mr. Carey said, and at the present rate of shipment the remainder will not be disposed of till next Monday.

See us at once for farm loans. Plenty of money yet at 7 1/2 per cent. Sanger-Robbins Realty Co.—adv.

Oswaware a Tidy State. John Randolph once described Delaware as "a state having four counties at low tide and three at high tide."

The Printing business of the Twin Falls News is second only in importance to the publication of the Daily News.

In the program of activity which the News has mapped out for itself the Daily News must come first. But,

The printing business of the News, always of heavy volume, grows steadily day by day—

This was the reason why The News found it necessary to double its floor space. The growth of the printing and publishing business of the Twin Falls News could no longer be confined to the quarters of the past four years.

In speculating upon the reason for this growth one fact stands out with startling clearness. It is this:

The product of the Twin Falls News, both newspaper and printing, is Quality Product. It is never cheap, never hurried, never slighted, no matter how few the dollars of actual cost to the buyer.

New products in the way of printing, vie with the Daily Editions of the Daily News in point of quality and workmanship.

We give the utmost for the money that it is possible to give, and we invite and compete for business on this basis and on this basis only.

Added to which, be it eternally remembered, "We Never Disappoint"

HOWAT'S CASE

Advisability of the action of the
Kansas sheriff in affording opportunity
for the imprisoned head of the
Kansas coal miners' union yesterday to
give expression publicly to his per-
sonal views of the court of which he
was adjudged in contempt and of the
governor and legislature given credit
for establishing this court, is by no
means certain.

Just one result might be expected to
result from the giving out of this ex-
pression. The lines between those who
stand with Howat, the prisoner-miners'
executive, in defiance of the law and
those who stand for enforcement of duly
enacted legislation are certain to be
drawn more sharply.

Howat improves his opportunity in
the manner characteristic of his ilk to
inevitably broadly and bitterly against
those individuals whom he deems his
opponents. In manner characteristic
of all those who "fan the flames of dis-
content" he hands out to his hearers
exactly what they want to hear and
would be disappointed if they didn't
hear. There is nothing new in any of
his allegations, and it is doubtful if
his utterance resulted in the conversion
of any new disciples to his opin-
ion.

On the other hand, each repetition of
Howat's sentiments adds to the indignation
of those who still cling to the
notion that laws are to be obeyed, and
contributes just so much to the severity
of the judgment that law-abiding
Americans will demand against Howat
and his associates.

In other words, the possibilities that
Howat is gaining strength through his
utterances are largely outweighed by
the probabilities that his activities in
this regard are pitting up judgment
against him.

And still, serious question exists
whether this development ought to be
permitted.

WHY NOT TRY IT?

Recurrent reasonable showers give
rise to the thought that is by no means
new or original but none the less worthy
of consideration, that use of the
road drag during the next few weeks
is a policy that will return handsome
dividends.

Advantages of the timely use of the
drag as well as the expansive field open
to improvement by this means are
too well known to require detailed elab-
oration or argument.

A stretch of what of necessity serves
as road at the west end of a strip of
graveled thoroughfare on the state
highway just this side of the county
general hospital is perhaps the most
conspicuous example of what a road
ought not to be that is to be found in
this section that is better known for
its excellence of things other than its
roads.

If use of the drag on this particular
piece of ground will bring it to a con-
dition where it may pass fair as a road,
then there can remain no question but
that use of the drag generally, offers
the one best bet until such time as the
program of providing more adequate and
permanent road facilities is carried out.

At last the experiment is worth try-
ing, and it is to be hoped that some
effort will be expended in this direc-
tion.

SETS NEW FARM RECORD

BYRONIA B. C. (P)—Agricultural
production in British Columbia during
1919 amounted to \$61,749,710, an in-
crease of 24.6 per cent over the pre-
vious year. John Hart, minister of fi-
nance, declared in his budget speech
before the provincial legislature.

SOUTH IDAHO LAND ESPECIALLY
ADAPTED TO TRUCK GARDENING

E. R. Bennett, Field Horticulturist of Univer-
sity of Idaho Extension Division, Expresses
Opinions Concerning Feasibility of Successful
Growing of Green Vegetables on Snake River
Areas

By E. R. BENNETT
The growing of truck crops has re-
cently been mentioned more than once
among notices in south Idaho. The pos-
sibility of growing these crops has al-
ways been here but the combination of
conditions that make such work a pos-
sible industry has but recently been
attained. The conditions that make such
work a congenial climate, sufficient soil
moisture at all times, a rich soil in a
good state of till, an abundance of
likely available fertility and a ready
market.

This district has always had the cli-
mate, and has had the water for a con-
siderable time, but the condition of the
soil till and fertility and the market
are recent developments. Yet there is
no more necessary condition—grow-
ers, gardeners, men who know how to
keep plants growing. On much of our
irrigated land we are past the "horso-
ack" stage of farming. Land has be-
come too high priced. Even so, not all
farmers can make a success of intensive
farming.

The grower must first appreciate the
important fact that only the best land,
and that under the best conditions of
fertility and culture, can be used profit-
ably for the growing of the high-
priced intensive crops. The reason for
this is that the cost of production per
acre is necessarily high. The produc-
tion of an acre of lettuce, celery or
other truck crop will cost from two
to eight hundred dollars per acre. If
big yields are not obtained, the crop
cannot reasonably be expected to pay
the cost of production.

Big yields of any crop are obtained
only when all the conditions for growth
approximate the ideal. The soil prepara-
tion had best be begun several years
previous to growing the garden crop.
If the land has been in alfalfa or clover
for several years preceding the garden
crop, so much the better. Soil can be
put in the best condition of till if the
garden crop is immediately pre-
ceded by a coarse cultivated crop as
beans or potatoes. Too much empha-
sis cannot be placed on the necessity
of good preparation of the soil for
these crops. The ordinary preparation
that is given for other crops will
not do. The land must be heavily man-
ured. Forty tons per acre of well-
rotted manure is not too much. This
manure must be well worked into the
soil by plowing, harrowing, disking
and leveling that is given the land.

One very successful lettuce grower has
made this statement: "When my land
is ready to grow lettuce crops, the
work of the crop is one-half done."
It is doubtful if it is expedient to use
any commercial fertilizer at this time
in south Idaho for these crops. But
the manure is essential for success.
It is probably unnecessary to say
that good seed and of the right vari-
eties must be used.
The next requirement of determinant
of production is thorough cultivation.
Cultivating to kill weeds is not enough.
The surface soil should be stirred at
least once a week during the growing
season. Mr. Tucker, a very successful
lettuce grower of the Boise valley, pro-
duced onions one year at the rate of
over eight hundred sacks per acre. For
a considerable time during the grow-
ing season he cultivated the onion
patch every day. Cultivation with ma-
nure makes plants grow.
The big advantage that the Idaho
grower has over his eastern competitor
is that the moisture factor can be con-
trolled. The most satisfactory growth
of plants is secured only when the
moisture content of the soil is just
right—neither too wet or too dry. A
few days of insufficient moisture will
check the growth of the plants. Some
crops will recover from such a check,
although the yield in such cases is
never great, but with such crops as
lettuce or celery a decided check is
 disastrous, and the crop will be seri-
ously injured if not raised. The truck-
er must be sure of abundant water at
all times if he is to be successful.
The possibility of controlling these
factors determines whether or not
truck gardening can be made a profitable
industry. Many farms in south Idaho
have the soil, climate and irrigation
water from which to build up a truck-
ing industry second to none in the
United States. Fine returns have been
secured both as to yields and financial
returns from crops of celery, onions,
lettuce and other truck crops in the
Boise and Snake valleys in the past
few years. This is the highest type of
farming—a step in advance of exten-
sive farming, and well worth the con-
sideration of our best growers.

BARS JAPANESE VETERANS

NEW WESTMINSTER, B. C. (P)—New
Westminster's Trades and Labor
Council, at a recent meeting, by a large
vote approved a proposal to at-
tend to Japanese members of the Can-
adian expeditionary forces the rights of
citizenship and the voting franchise.

PREDICTS MINING REVIVAL

ATLON, B. C. (P)—Revival of min-
ing in this district, famous placer field
of pioneer days, is predicted by engi-
neers. While placer mining here ap-
pears to be on the decline, lode mining
is assuming a larger importance and
some good claims are being worked.

High School News

"Jake" Irwin, high school star
grappler, has been elected captain of
the boxing and wrestling team for the
present year. For more than two
scholastic meets the club will disband
for the year.

Within a few weeks Sport will send
some high school athletes here to mix
with the local men, since a similar
team has been recently organized in
the high school of that city. Gooding
high school will also send a man or
two here soon and this event will prob-
ably close the mat athletes' work for
the year.

Boise has been defeated in two tourna-
ments by the local men and a rep-
resentative of Gooding went to a draw
with Hagie some time ago. No school
in this section has yet defeated Roboy's
mat men.

Track athletes in all four classes will
compete for class leadership in the
inter-class track meet Friday afternoon
at Lincoln park. The juniors have a
good bunch this year as have also the
seniors, and class championship honors
will undoubtedly go to one of the two
upper classes. All classes are handi-
capped because this will be the first
track meet held for three years, and it
has been necessary for the men to
develop inside of one season.

Brief Bits of Sport

Brian Zbyszko, big brother of the much beaten Wladek Zbyszko, says he will soon be in condition to take the wrestling title away from Joe Sticchi. In this country it is quite the custom to fight one rabbit before you enter it, you know. The Canucks have a new middleweight champion, and he is not a Canuck, either. The other night in Halifax Mike Tighe of New York, waded into Gene Brosseau, Canadian middleweight champion, and Mike, although he has no rating on this side of the line, knocked out the Canadian in the fifth round of what was to have been a 10-round bout. These Americans are no respecters of person or persons, do they? On July 28, an off day, the Cincinnati Reds play an exhibition game with the Cleveland Indians at Cleveland. Pat Moran says he wants to get acquainted with the Cleveland club in preparation for the world series next fall. Briefs would count that day, a failure were there no mention in the col of Jimmy Wilde. Therefore— James Wilde, flyweight champion of the whole world of pugilism has earned \$50,000 since he landed in this country a few short months ago. Of course we have earned that much, and more, in that length of time, but the blooming plute who lures our services, declines to pay out the cash. Benny Leonard is so busy looking into a moving picture camera that he won't have time to get into ring business until about May 15. But there's little chance that Benny will ever again engage in a mitt conflict for lightweight championship honors. His next title bout will probably be against Jack Britton for the welterweight crown. Leonard, his manager admits, cannot, without sweating, do a ten-minute 140 pounds, and he is more comfortable

in his mind and stronger with his hands at 145 pounds. Australia has another phenom of the ring. This is Jim Tracy, a heavy-weight, who is touted as the "boat stealer." Time was when the mere fact that a fighter came from the Antipodes meant the Hallmark of pugilistic perfection, but the day of Fitzsimmons, Goddard, Jim Hall, Frank Slavin, Peter Jackson, Young Griffins and Australian Billy Murphy has long since sped.

Headline—Coast experts pick Seattle to capture league honors. But guessing on the finish of the year during the first week of the season counts only for one man's opinion, and wins no games.

With the French and Belgians shooting the breeze and the American yet get a chance to display his vaunted courage in the face of the enemy.

NOTICE TO CONTRACTORS. Common School District No. 44 will receive sealed bids up to and until 8:00 o'clock p. m. on the 17th day of April, 1920, for the construction and completion of a Stone, Wood and Concrete Grade School Building, to be built on the property of the owner, near Wendell, Idaho. All general contractors, plumbers and the heating. All to be set forth in plans and specifications prepared therefor by Wayland C. Pennington, Architect, Boise, Idaho. All proposals shall be accompanied by certified checks, made payable to Gertrude Elson, Clerk, and shall be in the sum of 2 per cent of the amount of the proposal. These checks shall be given as a guarantee that the chosen bidder will enter into a contract forthwith, with the above list, and for the completion of the work, contemplated. Bidders' checks will be held until contracts are signed or proposals rejected. Plans may be seen at the office of the Gen. State Lumber Co. and Boise Payotte Lumber Co., and had from the architects. Contractor shall be in a position to furnish a good and satisfactory Surety Bond in the sum of 60 per cent of the amount of his contract. The Board reserves the right to accept any or no bid, or to reject all bids. GERTRUDE E. ELSON, Clerk.

DAY APPOINTED FOR 'CLEAN-UP'

City Administration Designates Period for Intensive Spring Renovation

Clean up! Twin Falls must be renovated; that is the order of the administrative force of the city.

The job must be done thoroughly, according to rote, and under a supervised system of operation.

TOURIST PARK PLANS HAVE BEEN COMPLETED

Chamber of Commerce, with City Co-operation, will Install Camping Site

Although only a temporary plan Twin Falls will have a tourist camp ground this year at least.

Contract to use the plot has been obtained by the chamber of commerce a committee from which body appears to be the city administration.

Contract to use the plot has been obtained by the chamber of commerce a committee from which body appears to be the city administration.

COMMISSIONERS NAME ELECTION REGISTRARS

Officials are Selected to Have Charge of Registrations for Coming Election

In preparation for the coming general election, and the primary election to be held in the city of Twin Falls in all the county precincts have been named by the board of county commissioners.

HOLD PIANO RECITAL

The piano pupils of Mrs. Vesta Deo Batley, assisted by Miss Helene Allen, will hold a recital Tuesday evening, April 13, at 8 o'clock sharp at the Methodist church.

FOR A SEVERE COULD

"Chamberlain's Cough Remedy" cured my daughter Ann of a severe cold and cough a few years ago and ever since then I have never missed an opportunity to recommend this medicine to those suffering from throat or lung troubles. I cannot speak too highly in praise of it. I write Mrs. D. J. Shalby, Earlville, N. Y. Chamberlain's Cough Remedy contains no narcotics and will be given to children with perfect confidence. It is a pleasant syrup so they do not object to taking it.

CHEMICALS ARE NOW REGULATED IN DISTRIBUTING OF PRODUCTS

Revised City Milk Ordinance Brings Big Institutions Under Regulation Along with Individuals and Small Concerns—Cream, Butter and Cheese Must Be From Tuberculin Tested Cattle

Outside of the adoption of a couplet of town ordinances last night's session of the city council was little more than a routine affair.

It was some prolix, though starting at 7:30 on an open discussion and closing along about 11:30.

The ordinance proposed was a 23½ page milk measure and a sprinkling district order for the year. The milk regulation is designed to correct the defects found in a former and similar measure which has been found inadequate to the local requirements.

The ordinance includes in its regulation the creameries of the city providing, along with other folks from distributing milk not necessarily pure.

MARK BUTTER WRAPPERS

The council recommends that such persons as are disposing in Twin Falls of butter made from the milk of tested herds so describe their products on wrapper.

The council last night ruled, in this connection, that all barn refuse and accumulations must be removed from the premises between the lines of the city.

New Garbage Schema

City Engineer E. V. Berg called attention to the fact that the garbage trucks are not doing their work.

The second ordinance sets out the plan for the collection of garbage and prescribes the boundaries for these sections.

Question of bettering the condition of city streets was brought before the city council last night.

Hogs Are Diseased

Following discussion brought about through the presentation of the revised milk ordinance, the city council discussed the matter of hogs.
