SENATE CONFIRMS APPOINTMENT OF RAILROAD LABOR BOARD MEMBERSHIP

WASHINGTON, (AP)—The railroad labor board was confirmed today by the senate.

The vote on the nominations came after four hours' discussion behind closed doors. Only one roll call, on the name of G. Wallace W. Hanger of the public group, was demanded. It was reported to have resulted 31 to 24 in favor of confirmation, with some democrats as well as republicans voting in opposition. A few republicans were said to have favored his confirmation.

WAR'S LEGACY TO ITALIANS IS MUCH TROUBLE

**Military Authorities Encounter
Manifold Difficulties in Con-
trolling Slav Population in
Istra**

TRIESTE, (AP)—Italian military authorities here say they have inherited from the war a lot of difficulties and problems in controlling the Slav population in Istra and the region surrounding Gorizia. This territory constitutes part of the Adriatic coast which still remains unsettled by the supreme council. It passes under Italian control by the establishment of the armistice line at the end of the war.

In this territory there are more than 400,000 Slovenes who resent the surveillance of the Italian military police. Revolting Slav elements fired with socialism, communism and bolshevism, intermittently attack the Italian military patrols and carabinieri of the army of occupation.

In these districts there have been within a year 20 assassinations and 1000 arrests. Attempts have been made to set up a communistic regime at Dignano where large stores of ammunition which belonged to the old Austrian army had been collected and hidden beneath a building used as headquarters of a workers' committee. The plot was discovered by the Italian police who raided the headquarters and arrested 100 Slavavs. During the fighting with the communists the building was wrecked by bombs.

Bolshevik outbreaks alleged to have been organized by the Slavavs, have been taken place at Pola, and a large Italian garrison is maintained at this former Austrian port, now the eastern base of the Italian Adriatic fleet. Disorders by Slavs have been frequent near Gorizia.

STARTLES REVIVAL WITH CONFESSION OF MURDER

**Akron Man Goes to Church Altar
Praying Mercy His Soul for Death
of Little Girl**

STEUBENVILLE, O., (AP)—Harry Miller, aged 21, of Akron, was held in the Jefferson county jail here today after having publicly confessed to the murder of 11-year-old Frances South, during a revival service last night at a little church at Beach Bottom, W. Va., near here.

Miller went to the church altar and with his hands raised he prayed to God to have mercy on his soul for the death of the little girl. He said he found relief in telling all to God. Members of the congregation took Miller to Sheriff J. R. Litten of Brooks county, W. Va., who believes the man to be slightly demented.

Sheriff Litten said that during the night Miller confessed to beating the South girl over the head with a revolver at a lonely spot near the girl's home at Adeau, O. He told the sheriff he killed the girl because of something she had said while he was keeping company with her sister.

SAYS PRIGAL METHODS CAUSE PAPER SHORTAGE

**Situation Can Be Remedied Only by
Comprehensive Forest Protection,
Bison Declares**

NEW YORK, (AP)—Prodigal methods in American forests and paper mills have brought the industry and the consuming public face to face with an alarming paper shortage which can be remedied only by adoption of a comprehensive policy of forest protection, George W. Bison, president of the American Paper and Pulp association, declared in his address before the association's annual convention here today.

Mr. Bison deplored intimations from Canada that export of pulp wood from private lands might be curtailed, hinting that retaliatory measures might be sought by Americans in the event of such action.

"Canadian industry must have the coal," he said.

UNVEILS MONUMENT TO MARTYR BRITISH NURSE

**Ceremony Conducted by Queen
Mother Before Huge Lon-
don Crowd**

LONDON, (AP)—A monument to Edith Cavell, the British nurse who was shot by the Germans at Brussels, has been erected in Charing Cross road, just off Trafalgar square and almost under the shadow of the Nelson monument.

The unveiling ceremony was conducted before a huge crowd by the Queen Mother, Alexandra, being the first act of state she has performed in London since the death of her husband King Edward VII.

The monument is of gray granite and stands 40 feet high. On the four panels are the words: Humanity, Sacrifice, Devotion and Fortitude. On the back is the British lion trampling on a serpent, and above it are the words: "Faithful unto Death."

The statue, of white marble, shows Nurse Cavell standing erect in her nurse's uniform. On the base is the inscription: "Edith Cavell

BUHL, (Special).—By the bursting of an acetylene gas tank on the Buhl-Ellison farm, Casper, Ulrich and White Flynn were instantly killed. Flynn had rented the Ellison farm on the Idaho Farm Development project, Ulrich being employed as ranch laborer. The gas tank was located in the cellar of the farm house and contained a supply of gas for illuminating purposes. During the evening the flow stopped and while the men were investigating the cause the tank exploded. Both were killed instantly and part of the house wrecked.

Flynn is survived by his wife and four children. Ulrich was single. He served with the Twin Falls unit, Idaho regiment, on the Mexican border, and was a veteran of the world war.

DEPORTED GERMAN LAUGHS AT EXPENSE OF AUTHORITIES

COLORADO SPRINGS, Colo., (AP)—Somehow in Germany Carl Miller, also known as Charles Wagener and "Happy Dutch," is laughing up his sleeve at a little joke at the expense of Colorado Springs officers.

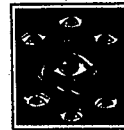

Miller was recently deported to Germany as an undesirable alien. Be-

fore leaving he turned over to federal officers a map of the region around the railroad trestle at Meaton, near here, where he said he had hidden valuables he had stolen.

A squad of officers with pick and shovel attempted to retrieve the treasure. They dug up considerable ground without result.

SAYS HOPE OF FREEDOM DIES WITH KOREANS

Japanese Governor-General of Subject Nation Gives Views on Aspirations; Would Improve Conditions

TOKYO, (AP)—Baron Saito, governor-general of Korea, says he believes the independence movement in Korea is dying out, although he admits that the Koreans still are making secret efforts to free themselves from the Japanese rule. The baron has been in Tokio lately to urge the Japanese government to provide funds to enable him to abolish the flogging of Koreans and substitute imprisonment as punishment.

The baron said that he was making efforts in Korea to put into effect the emperor's rescript that the Koreans be advanced politically, with the ultimate object of establishing local autonomy. Koreans, he said, were being trained to conduct the public service in Korea. In addition the government will establish a railway engineering school in Seoul to teach Koreans to operate their own railways.

Woman Becomes Lad Follower and Tortured by Older Fellow; Court Investigating

LANCASTER, Pa. (AP)—Police today were searching for five older boys who last evening attacked Charles Kneller, a 10-year-old newboy, bound him to a stake, plied kindling and paper about him and for starting a fire, 100 ft. in his face.

A small girl reported the incident to Mrs. A. F. Mowery, living nearby, and she rescued the boy, who was badly burned. Judge P. E. Acton of the juvenile court is making an investigation of the matter.

COALITIONIST RE-ELECTED

British Minister of Labor Returns to Parliament from Gamberwell

LONDON, (AP)—Dr. T. J. McNamara, recently appointed minister of labor, has been re-elected to parliament on a coalition liberal ticket for the north-west division of Gamberwell. Susan Lawrence, the labor candidate, ran second, and J. C. Carroll, an independent liberal, third. The election was necessitated by Dr. McNamara's elevation to cabinet rank.

In the Basingstoke constituency, Sir Arthur Holbrook, coalition unionist, was elected to the house of commons to succeed Sir Arthur Golden, new ambassador to the United States. The liberal and labor candidates were second and third, respectively, in the poll, with a difference of only 41 votes between them.

REFUTES SIMS ALLEGATION

Rear Admiral Strauss Says Navy was Well Provided with Ordnance

WASHINGTON, (AP)—Some side lights on the navy's preparation for war were given the senate investigating committee Tuesday by Rear Admiral Strauss, former chief of ordnance, who was in charge of laying and later removing the North Sea mine barrage.

Admiral Strauss said that as soon as the war started in 1914 the navy began laying in a large supply of ordnance equipment with the result that when the United States entered the war there was no shortage.

The witness told the committee that the navy deserved full credit for the North Sea mine barrage, as the British admiralty and Rear Admiral Sims felt obliged to approve the project when it first was suggested.

BOOST PAPER MAKERS PAY

NEW YORK, (AP)—Representatives of 17 of the largest newspaper manufacturing companies in the United States and Canada, at a conference with union officials here Tuesday, agreed to grant their employes a general wage advance of 20 per cent in renewing working agreements for the next year.

The action of the manufacturers, which, it is estimated, will affect approximately 30,000 workers, is said to eliminate any possibility of a strike. Companies represented at the conference are credited with a combined daily output of 30,000 tons and all are reported running at limit capacity.

Worn Miller Tires are often exhibited with some sign like above. Countless letters also reach us telling such mileage tales. These are very pleasing. But we don't want users in general to expect miracles from Millers.

What Our Tests Show

We run tires at our factory ten million miles a year to make these service tests. These are radical tests. Tires are run constantly, night and day, and under heavy load. We want quick comparisons.

Service to Expect

Expect from Millers greater service than from any like-type tire. And 19 times in 20 you will get it.

On our testing machines Miller Cords average 15,000 miles, and Fabrics about half that. But these are not mileage records. We are running Miller Tires against high-grade rivals to prove that Millers last best.

Expect it to outserve any tire you put opposite, and it almost invariably will. Expect twice the mileage tires gave a few years ago, and they will doubtless do still better.

Be Satisfied With This

You will get on a Miller an exceptional tread. It is by 25 per cent the best tread made.

Expect tread wear 25 per cent better than from others and you'll not be disappointed. Under all conditions, can match some exceptional mileage.

Note one Miller Tire, made under present methods, has ever come back with the tread gone. You will get uniform tires. Every Miller Tire is signed, both by maker and inspector. Every man knows that a faulty tire means a penalty for him. And faults are extremely rare.

Why Mileage Varies

A Cord Tire gives vastly greater service than a Fabric Tire. An oversize tire will vastly excel a tire that is undersize. Care, load and roads affect tire service greatly. Millers are uniform tires. That is a major reason for their supremacy. But uniform tires will vary with conditions.

You will get greater mileage than from any tire you put on the opposite wheel. That is so nearly universal that we will stake your favor on any single test. But you will get the best tire built today. There are hundreds of thousands who know that.

Tread Patented

Center Tread smooth with suction caps, for firm hold on wet asphalt. Grooved-to-the-Road side treads, mesh like cage in dirt.

When you buy a new car insist on Miller Tires. Twenty car makers now supply them and there is no extra charge.

The Automatic Electric Washer Makes Wash Hour from Wash Day

It's wash hour, not wash day, in the home where the Automatic Electric Washer does the work. The Automatic Electric Washer does your family washing in a hurry. The clothes come out spotlessly clean and are automatically wrung and ready for the line.

The automatic Electric Washer's mechanical principle is so well designed that it cleans clothes with the same gentleness as the human hands. Automatic Electric washed clothes wear longer.

A Small Payment Down Buys an Automatic Electric Washer

By making a small initial payment down you can buy an Automatic Electric Washer and end your hard work on wash day as many other women have done.

These Automatic Electric Washers are now on display at Idaho Power Electric Shops. Come in and see them in operation. Phone us and inquire about our Special April sale prices.

ASKS ALLIES TO LAUNCH ACTION AGAINST JAPAN

Head of Vladivostok Revolutionary Regime Holds World Powers Responsible for the Ousting of His Rule

VLADIVOSTOK, (AP)—All allied nations are held responsible for the "single result" of the Japanese attack which on April 5 ousted the Russian revolutionary government from control here, says a statement made public today by M. Beloff, head of the revolutionary regime.

He asks allied diplomats to propose to the Japanese that all Russians under arrest be released, that all government buildings held by Japanese be evacuated, that the Japanese government explain the attack and offer an apology to the revolutionary government, that Japanese troops cease searching buildings here, and that arms taken forcibly from Russians be returned.

JAPANESE CLAIM ACTION WAS PROMPTED BY ATTACK

WASHINGTON, (AP)—An official statement by the Japanese war office on recent events at Vladivostok reads today by Major General Inouye, military attaché of the Japanese embassy here, says the Japanese declaration to disarm the Russian revolutionary government at the Siberian port was reached only after the Russians had opened fire on Japanese sentries and patrol and attacked the Japanese marine supply train.

RAILWAY STRIKE FRONT

(Continued from Page One)

far west there were signs of improvement in the strike situation. At Central and Cheyenne, Ill., all striking switchmen returned to work. Only one new walkout was reported in Illinois. At Paris, Ill., 20 switchmen employed at the yard returned to work.

Federal Agent Dates Talk to Ohio Strikers

CLEVELAND, O., (AP)—Federal action in the strike of Cleveland railroad switchmen was announced this morning when W. C. Daily, treasurer of the Cleveland Yardmen's association, announced that the federal building at Washington is sending a telegram from the federal board of mediation at Washington saying that a representative of the board would address the strikers at a mass meeting scheduled for tonight.

The strike situation in Cleveland was considerably improved today. New York Central line officials announced that 95 per cent of the switchmen in the Collinwood yards had returned to work this morning and 75 men were working in the Pennsylvania yards this morning.

Erle railroad company officials reported all strikers returning to work. Industries here already affected by the lack of coal were today facing a more complete shut down in a few days.

Industrial Situation Worse at Pittsburgh

PITTSBURGH, Pa., (AP)—While passenger traffic in the Pittsburgh district was almost normal today, and railroad managers said they were working headway against the striking yardmen, the industrial situation continued to grow worse with scores of thousands of men out of employment because of the enforced idleness of mills and mines.

Cincinnati is Facing Strike Result

CINCINNATI, O., (AP)—As a result of the transportation situation today is a famine in sugar and potatoes. It was reported there was not a pound of sugar in the wholesale district and the price of potatoes in the city is without quotation.

Railroad executives said that with the exception of two roads, switching facilities in the yards here were virtually 100 per cent today.

M. T. & P. LINE AGAIN OPEN THROUGH ARIZONA

ALBUQUERQUE, N. M., (AP)—The majority of the striking switchmen at Winslow, Ariz., returned to work today and the lines of the Atchafalaya, Tropic and Santa Fe railroad to the Pacific coast again are open and all passenger trains are moving, it was announced at offices of the road today.

REPORTS INDICATE STRIKE COLLAPSE ALONG PACIFIC

SAN FRANCISCO, (AP)—The strike of railroad switchmen and yardmen was collapsing today according to reports received at railroad headquarters from all sections of the Pacific coast where freight traffic had been held up. The strikers, however, in their usual daily meetings insisted that at some points they were gaining ground.

MICHIGAN RAIL OFFICIALS OPTIMISTIC OVER PROSPECT

DETROIT, (AP)—Railroad officials professed today to see an early end of the strike of switchmen who began in the walkout a week ago of 40 men in the Michigan Central yards, spread until all local terminals and several in other cities of the state were tied up.

Palmer Treason for Campaign Says Foster

PITTSBURGH, Pa., (AP)—W. Z. Foster, former head of the steel strike, and mentioned in Washington yesterday as being in prison, today declared that he knew nothing whatever about the railroad situation, and charged the Attorney General of the department of justice with "making a bid for the support of big business in his campaign for president."

"Although not intimately posted on what is behind the charges made that the strike is an attempted revolution, I am sure in my own mind that the present railroad strike is a deliberate filibuster. This goes for high official or low. The fact is that I have nothing whatsoever to do with it in any shape or form. Nor do I know anything of the issues involved, save what I see in the papers, and, of course, I pay no attention to that."

FOSTER SAYS WHOLE TIME GIVEN TO WRITING OF BOOK

PITTSBURGH, Pa., (AP)—W. Z. Foster, leader of the late steel strike, whose name was brought out in Washington today as the prime mover behind the outlaw railroad strike, was located at his home here today. "I have only been out of Pittsburgh once in four months," said Foster. "My time is taken up these days writing a book on the steel strike. I may have something to say about the strike made in Washington later, but not now."

Headquarters of the committee for the organization of the steel strike are still maintained here, and it was there Foster said he would meet leaders this afternoon.

HOBOEN STRIKERS VOTE TO STAY WITH BROTHERHOOD

HOBOKEN, N. J., (AP)—Two thousand striking railroad workers meeting here today voted not to form a new organization, but to "stick by the brotherhoods." It was announced by the strikers press committee tonight. No vote was taken on the question of returning to work.

TOLEDO STRIKERS VOTE NOT TO RESUME EMPLOYMENT

TOLEDO, O., (AP)—Two thousand striking switchmen voted unanimously to stand pat and not return to work when a test vote was taken at the termination of a four hour conference here today.

STATE TROOPS IN CONTROL

Illinois Militiamen Take Charge at Keokuk, Iowa, Scene of Strike Riots

KEWANEE, Ill., (AP)—Five hundred Illinois reserve militiamen took over control of Kewanee streets at 10 o'clock this morning and dispersed groups of striking workmen loitering near the Walworth Manufacturing company's plant scene of yesterday's riot.

Patrols found crowds of strikers prepared to picket the plant. Under orders from General Dickson the soldiers broke up the groups and turned them back from the factory. No trouble was encountered.

Today's Markets

New York Exchange

NEW YORK, (AP)—Stringent credit, the railroad strike and weakness of Liberty bonds effected a partial reaction in the stock market today after a strong opening. Sales approximated 1,000,000 shares. Offerings became extensive when call money rose to 15 per cent, but prices rallied briskly when the rate fell to 12 per cent. The closing was irregular.

Liberty Bonds

NEW YORK, (AP)—Final prices today on Liberty bonds were: 1-2s \$94.50; first 4s \$90.40; second 4s \$88.88; first 4-1/2s \$91.50; second 4-1/2s \$89.76; Victory 3-1/2s \$90.78; Victory 3-3/4s \$90.68; Victory 4-3/4s \$90.68.

Grain and Provisions

CHICAGO, (AP)—Corn continued to show an upward tendency in price today with lack of selling pressure an outstanding feature. The absence of aggressiveness on the part of bears was ascribed mainly to strength in wheat values and to the demoralized railway traffic situation. Opening prices which ranged from 1-2c decline to 7-8c advance, with May \$1.07 7/8 to 1.08 1/2 and July \$1.00 3/4 to 1.01 1/8, were followed by market gains all around. Subsequently, brisk export demand for rye counted as an additional stimulus for the advance in the corn market. Except for May delivery, prices touched the highest point yet this season. The close was nervous, 1-2 to 1-3c higher, with May \$1.09 1-4 and July \$1.03 5-8 to \$1.03 7-8.

Delays to seedling gave independent firms to close. After opening 1-8 to 1-2c higher, including July at 95 1/4 to 96 1/4, the market continued to harden. Provisions were dull but firm. Grain strength was the chief bullish factor.

Saving Time At the Dentist's. PEOPLE with little time to spare can get their dental work done promptly in offices using the E. R. Parker System. The old idea that you had to do a lot of waiting, make a lot of visits and go through a lot of professional red tape, is all wrong. That idea is what made old-style dentistry so costly and unsatisfactory. Under the E. R. Parker System your teeth are examined without delay by an experienced dentist, who tells you at once what work your teeth need and what the price will be for doing it. If you decide to have your teeth cared for, the work can be done immediately. The work then proceeds without a single useless postponement, and is completed as soon as good dentistry can possibly be done. The result is not only a saving of time, but of money as well. And, best of all, you will be satisfied, for E. R. Parker System dentists are just as particular as you are. Examinations and advice free. Registered Dentists Using the E. R. PARKER SYSTEM. DR. M. E. A DELUGE COMING

Legislation to prevent 'dumping' in this country of foreign merchandise at less than its cost or its real market value is recommended by the majority of the senate finance committee.

The danger which the proposed legislation would counteract is not imminent, but the trend of our foreign trade shows that it is coming. Our imports increased from \$235,000,000 in February a year ago to \$474,000,000 in this last February.

Imports during the eight months' period ended with February, this year, amounted to \$3,325,000,000, against \$1,933,000,000 in a like period a year ago. On the other hand, our exports in the recent February, though larger than in February, 1919, were the smallest since October of last year, and were \$76,000,000 less than in January, 1920.

There is ample reason to believe that from this time forward our exports will fall off and our imports will increase rapidly. The day is coming when we shall be buying more foreign merchandise than we shall be exporting.

That will bring a slacking down in our factories, with resulting unemployment. Changing conditions will stimulate foreign industry and depress the American industry. The impaired value of foreign money gives European manufacturers an advantage recognized

by all economists. European labor will be employed more cheaply. European manufacturers will be eager seekers for world markets. As the United States is the most inviting field for the dumping of their goods, since we have more money than any other country, they will turn eagerly and aggressively to our markets.

The proposed safeguard is wise and far-sighted. If the American wage earners are wise and alert to their own welfare they will support the policy of the majority of the senate finance committee.

WASTE

The Chicago Tribune, one of the world's greatest newspapers offers this to its readers in its issue of last Sunday:

Owing to the switchmen's strike and the consequent further shortage of white paper, The Tribune is forced to cut the news sections of this Sunday issue to eight pages, eliminating all advertising.

It regrets the necessity and hopes to resume news sections of normal size in the near future.

We repeat our request to our readers:

Please don't buy a Tribune—borrow one.

All of which serves to indicate in concrete shape the seriousness of the print paper situation. Although there are a few conspicuous exceptions, newspapers as a rule do not waste paper. Perhaps the biggest item of waste is to be found in the efforts of the men who contribute to the two or three pounds of various propaganda per day which is thrown away in The News office alone.

NOBODY ADMITS CAR OWNERSHIP

While Agent and Operator Go to Law Over Payment Somewhat Steals Auto

BURLEY, (Special).—The anomalous situation of two persons contending emphatically that they are not, either jointly or severally, the owners of a touring car, almost as good as new, is that of the plaintiff and defendant in the case of A. A. Hall against E. S. Johnson now on trial before Judge W. A. Babcock and a jury in the district court. This peculiar state of affairs came about through negotiations for the sale of an automobile which the plaintiff desired to have in time for the bankers' convention which was held in this city in June, 1919.

Mr. Hall alleges that in the month of May of last year, he agreed to buy of the defendant a new touring car for the stated price of \$1785, the defendant promising to make delivery on or before June 15, and that he turned over to Mr. Johnson \$1400 in cash in part payment on the contract. He further alleges that the defendant failed to deliver the car as agreed and that he refuses to return the money.

On the other hand, while admitting the agreed purchase price of the car and the receipt of the part payment, the defendant denies that delivery was to be made on or before June 15, but alleges that at the time of the negotiations he delivered to Mr. Hall a slightly used car, to be used by him until the arrival of his new car, and that the plaintiff used this substitute car until about July 29, 1919, when he notified the defendant that if he failed to make delivery of the new car until noon of the following day he would keep the used car and apply the \$1400 now advanced by him as full payment. The defendant further states in his answer that he was unable to make delivery at that time, and that the plaintiff has retained possession of the used car in pursuance of his notice.

While these matters appear on the court record, peculiar interest attaches to the case by reason of the disappearance of the used car from plaintiff's garage some time before suit was instituted.

The defendant contends that at the time of the disappearance of the car he was merely holding it as security for the repayment of the money which he had advanced on the contract for the new car.

PROVIDES FOR PUBLIC USE OF NAVY RADIO SERVICE

WASHINGTON, (AP)—A substitute resolution providing for regulation and public use of the navy radio was reported Tuesday by the house merchant marine committee. It would permit the navy to handle at rates not lower than those charged by private concerns and at points where commercial facilities are inadequate, press and commercial messages and limit the navy's transmission of ship to shore business to government matter.

The right of the navy to handle outside business would terminate, however, in two years, or earlier, if in the judgment of the secretary of commerce privately owned and operated stations are capable of meeting the normal communication requirements.

SMITH IS SEEKING WRECKERS OF AUTO

Wants Clue to Persons who Stole Car and Spilled Its Looks—Will Pay Reward

Although the persons who on Thursday night stole George H. Smith's automobile have not been identified, Mr. Smith is willing to pay a liberal sum for information that will lead to establishing the identity of the culprits. Mr. Smith wants to catch the thieves as much to learn by what means the procedure demolished certain parts of the car as to have them officially punished. The Smith machine was left standing at the curb in front of one Methodist church during a musical recital Tuesday night. When the concert was concluded the machine was gone. It was found in the same position but not in the least in the same condition. It had been run over the curb on the walk, the top was torn to shreds, the motor broken, lights demolished and the car otherwise abused. According to the owner the damage cannot be repaired for less than \$100 and, perhaps, the culprits might be induced, under stress of the law, to help make this repair obligation, Mr. Smith thinks.

Social Notes

The regular meeting of the W. C. T. U. will be held at the home of Mrs. Elizabeth Hubbard, 204 Eighth avenue east on Friday, at 2:30 p. m. The subject is child welfare. J. J. Ault, probation officer, will give the address of the afternoon.

The meeting of the M. S. and S. club yesterday afternoon was a very enjoyable affair. Mrs. Foreman being a delightful hostess. After a luncheon by Mrs. C. L. Shipman on Salt Lake City, describing the struggle of the early settlers to reclaim the desert lands, they had a social hour, a glass of water and a toothpick. After a discouraging interval the second course was produced, a good meal. The social hour was held at 2 o'clock when refreshments were served consisting of animal crackers, sticks, a glass of water and a toothpick. CANAL COMPANY OF TWIN FALLS SIGNS FOR 100,000 WATER FEET

Local Concern Takes First Important Step Toward the Construction of Minidoka Reclamation Project Extension—Other Concerns in Line and Waiting for Opportunity—Guarantees Construction

Between the federal reclamation department and the Twin Falls Canal company an agreement has been entered into for the impounding and delivery of 100,000 more feet of water from the proposed American Falls reservoir. The agreement was made late yesterday, the water to be used to supply patrons of the Twin Falls Canal company. According to J. C. Wheeler, general manager of the Twin Falls Canal company, this is the final step of importance yet taken toward assuring the construction of the big government reservoir at American Falls. Other companies, all of like nature, interested in the impounding of the waters of the Snake river, are expected to engage in similar agreements immediately. The agreement with the federal company is expected to start the others making agreements for stated amounts of water annually. In addition to the local company the Idaho Irrigation company at Gooding and the North Side Twin Falls Irrigation company have already pledged their support to patronize the Minidoka extension project, and it is understood that many of the lesser reclamation companies are prepared to follow the steps of the larger companies. As soon as a sufficient number of guarantees are made preliminary steps to construction will be taken.

Graham Has Plan to Stop Demons; Must Try This

Z IP, dash! A smashing crescendo, a swish and a swirl and an automobile raced by and over the Shoshone intersection of Main avenue. The license number on the axle was there all right, but it was lost to view when the far end of the car suddenly departed in a rapidly diminishing spatio of a second, as it had come. Traffic Cop Robert Graham made a frantic attempt to stop the speeder, at his own peril, but—

No chance! "Many of those fellows" we asked the officer. "Not so many, but there's some," Bob replied. "Can't be stopped," we supposed to know when the officer replied. "Yes, it can," Bob cryptically rejoined. "What's the answer?" we questioned because we wanted to know. "Set the limit at 100 miles an hour and discourage 'em," Bob announced.

Nice little rain in the 24 hours ending at 8 o'clock this morning. The local observer, A. Hanson, announces a fall of .32 inch, which, with what has already fallen this week, gives the community a pretty fair lot of wet. Yesterday's high temperature was 52 with a 20 degree drop during the night. For tonight and tomorrow the promise is "Occasional rain."

OBJECTION LOGGED TO JURY OF WOMEN

Attorney Mills Tells Court Invention in Court is Irregular—Continued

Having been found guilty yesterday afternoon of an offense against the law P. H. Shriver and Elsie Hinder were taken into the court this morning for sentence. Announcement of penalty was not made due to interposition of objection by Homer C. Mills, counsel for the defendants. The case will come up for disposal next Monday morning.

Shriver and Elsie Hinder were tried yesterday before a jury composed entirely of women. The verdict of guilty was unanimous. It is to the impaneling of a jury of women that the defense based its objections this morning at the same time filing motion for a new trial. Attorney Mills contends that the impaneling in the case brought by the state against Shriver and Elsie Hinder was illegal, declaring that the panel should have been composed of men at least to the extent of 50 per cent.

Prosecuting Attorney Frank L. Stephan asked for time to consider the law in the matter. Meanwhile defendants are at liberty on bond. The store news is important to you—right now. For the stores are extending themselves to serve you with the best merchandise at the very smallest possible margin of profit.

High School News

Presentation of an original farce, "A Comedy on Manners," featured the Blue Triangle club meeting at the high school last night. The club also chose two of its members, Lois McCracken and Lillian Lind, to be delegates to the summer Y. W. C. A. camp at Payette Lakes next summer.

Twelve characters were in the cast of the comedy, with Loyce Lug and Lida Hogg in the leading roles. This comedy was written by Constance White, one of the club members. The rest of the program was as follows: Piano Solo—Mildred Tarsley Violin Solo—Wilma Farish Reading—Dorothy Frost Reading of a story, "The Red Blue Triangle Girls," written by Annabell McMaster, read by Miss Alice Johnson, club leader.

Girls of the physical culture class under the supervision of Miss Ida Brown, gave several folk-dances and other exercises before the student body yesterday morning. Hazel Witt gave a reading, "The Phenomenal Baby," and Lewis Herriman and Nat Williamson appeared in a clever comedy sketch.

Rain yesterday afternoon prevented playing of the Wendell-Twin Falls baseball game. A later date has not been set for the contest. The nine yesterday chose Ray King, first sacker, for this year's captain.

Today's inter-class track meet has been called off because of wet grounds and will probably be held some day next week.
