## FRENCH TROOPS WITHDRAWING AS GERMANS LEAVE

### Vacate Ruhr Zone of Occupation with Removal of Reichswehr Forces in Excess of Permitted Number

## EXECUTION OF TREATY FIGURES AT SAN REMO

### Milerand Defends Policy of France in Dealing with Traditional Enemy Against Objection of Lloyd-George

BERLIN, (AP)—The Vostische Zeitung today points out that with the removal from the Ruhr region of the Reichswehr troops in excess of the permitted number, there are increasing signs of French withdrawal from the Frankfurt area. The French troops it says, are gradually being withdrawn, the new bridgehead astride the Main river established at the time of the recent French advance. The news already left the zone of occupation east of Frankfurt, the newspaper states, while there are now no foreign troops at Offenbach or Minchen.

SAN REMO, (AP)—The interallied supreme council has formal session today in the Villa Dovanahan, on the hills to the northwest of the main town. While the Turkish question was the program for first consideration by the conference today it develops that there already has been discussion over the question of enforcing the execution of the treaty of peace with Germany.

### Agree on General Policy.

Premiers Milerand, Nitti and Lloyd George, after their usual preliminary talks, signed the final communiqué of the conference today. The communiqué, which was signed by the French foreign minister, Earl Curzon, British foreign minister, and the German foreign minister, at the Villa Dovanahan, met again late in the afternoon at Premier Nitti's hotel.

They were agreed that a momentary discussion that Germany should be held in the most positive manner that she must observe the treaty.

Premier Lloyd George made an economic pressure depriving Germany of food, raw materials and intercourse with the allied countries should continue against Germany. Milerand is reported as having said that such pressure, without the use of naval or military aid, would be effective in no measure at all. The only warranty that would be respected, the only pressure that would be effective, he asserted, would be force—the application of such force as the military and naval services might deem sufficient.

### Italy Slides with Britain.

Premier Lloyd George, it is said, resented this conclusion. Premier Nitti inclined towards the British prime minister's view as the matter rests there for the present.

### ABOUT FOR BIG FRENCH ARMY FOR TREATY EXECUTION

PARIS, (AP)—France must maintain an army of 700,000 men in all the enemy countries "show their good will" by executing the terms of their treaties," in the opinion of government officials, according to newspaper news. Plans under contemplation call for 350,000 conscripts constantly under training 18 months service being required of each man.

### To Equalize Pay.

Wages equal to those paid industrial workers, less the cost of food and lodging will be paid to enlisted men in the service who are re-enlisted. It is expected bills to carry out this program will be introduced in the chamber some time in June.

### Relax relative to length of hair, mustache and beard, which since early in the war have been strict, have been relaxed. Old regulations must not be so lax as to hide collar and insignia.

### Labor Makes Demands.

Demands for withdrawal of French forces sent into German cities east of the Rhine, abandonment of new colonial expeditions, such as in Syria and Mesopotamia, and release of the class of 1918 from the colors are made in a manifesto issued by the general federation of labor in calling upon the government to join in a general strike. These measures should be adopted, it is said, to "show the world that France wishes for peace."

## Credit Poland with Stubborn Resistance

LONDON, (AP)—Hard fighting in several sectors of the Russian front is reported by the Russian government in its Sunday communique issued at Moscow today. An advance of 20 miles in the Black sea region, also is announced.

## Czechs Join Russian Attack on Japanese

HARBIN, Manchuria, (AP)—While Japanese were removing arrested workmen from the railway station at Khalhar, on the trans-Siberian railway near the trans-Baltic border, other Russian workmen threw a bomb to which the Japanese replied with rifle fire, according to reports received here. Czech troops, the advices say, then opened fire on the Japanese from an armored car. A fight followed which ended with both sides resulting in a number being killed or wounded on both sides.

## CARRANZISTAS IN CHIHUAHUA JOIN SONORANS

### Yaqui and Mayo Indians Backbone of Seceding State's Defense of Border Against the Federal Attack

AUSTIN, Tex., (AP)—Violent protest against the proposed movement of Mexican troops through Texas in a campaign against the rebels of Sonora were made by Governor W. P. Hobby in a telegram to Panhandle Colby, secretary of state.

AGUA PRIETA, Sonora, (AP)—Large Carranza forces in Chihuahua have revolted against the president of Mexico and aligned themselves with the Sonora revolution against his administration. It was announced here today by General J. M. Pina, commander of the Sonora forces in this district. General Pina said General Francisco Iriballe with 1,200 Carranza soldiers at Santa Rosalia had revolted and would take the field for the Sonora cause. A large part of Iriballe's command were Yaqui Indians. General Pina said he had reports, yet unconfirmed, of other Chihuahua forces joining the revolution.

### Depends on Indians.

Sonora's chief force to oppose President Carranza on the Chihuahua frontier will be Yaqui and Mayo Indians. Heavy concentration of the redskins is being made here to attack the forces of the Mexican president, according to the announcement today of General J. M. Pina, military commander of this district, where the Carranza forces are expected to gain their final fight to subvert the revolutionary state.

### More than a thousand Yaquis under Colonel Rodriguez and Aguirre are on route to the concentration camp here.

### Best Mexican Warriors.

The Mayas are among the most peaceful and industrious tribes of Mexico and it was not until the same time that the best warriors in battle. Maya Indians were President Carranza's chief force when he was in this district.

## DEATH TRAILS IN WAKE OF STORM IN ARKANSAS

### Messages over Demoralized Wire Service Tell of Casualties in Several Northwest Counties of State

## RELEASE FROM BLIZZARD IN SIGHT IN COLORADO

### Light Snow Still Falling in Denver but Winds Have Abated; Drifts Hamper Rail Traffic in Nebraska

LITTLE ROCK, Ark., (AP)—A score of people were killed and many injured in storms which swept several counties in northwest Arkansas last night, according to messages received over demoralized wire service.

At Harkey Valley, 12 miles north of Danville, seven people, six of them members of one family, were reported killed with many persons hurt and at Hokeville, 10 miles south of Clarksville, three persons were reported killed and many hurt.

## COLORADO CAPITAL IS BEHELD BY STORM KING

DENVER, Colo., (AP)—With relief promised by the weather bureau and slightly improved conditions in the city already apparent, immediate release from the grip of the blizzard which has bound Denver for the past 48 hours, was in sight early today. Light snow was still falling, but the wind which had been piling it into heavy drifts that blocked railroad tracks and city streets had abated. Heavy street sweeping machines and snowplows had taken up the task of opening the streets and tracks to traffic.

### Mail Service Tied Up.

Despite all this, it was feared this morning that the city might receive no mail today. The reports yesterday were light and dealers predicted that the supply would be exhausted today and no more would reach here. The situation in other respects was not yet serious, but a few more hours of the state of complete blockade which prevailed Sunday would have closed many retail stores and restaurants.

The downtown hotels were filled with people caught in the heart of the city during the storm and barred from their homes.

Several of the main downtown streets, closed to traffic by a proclamation of Mayor H. W. Hays, were being cleared as fast as possible.

Three ministers, among the passengers on a Union Pacific train stalled in the city, were expected to begin Sunday services in one of the schools.

### All Trains Ran Late.

Two trains will arrive over the Burlington line today, but all others were reported as being held up. Business here was running many hours late.

### Telephone communication was in better condition than telegraph, though crippled yet.

Because of the broken wires no details had reached here concerning the loss of cattle, but vague reports indicated that it was heavy. Rural roads were reported completely blocked in most sections.

## RAILROAD LABOR BOARD REFUSES TO CONSIDER COMPLAINTS OF STRIKERS

### Denies Hearing to Persons "Not Complying with Transportation Act" and Interrupting Traffic

## BROTHERHOOD OFFICIAL PROTESTS AT APPEARANCE OF RECALCITRANTS

### WASHINGTON, (AP)—The railroad labor board announced today that it would not consider complaints from striking railroad men.

The board's statement said it would not "receive, entertain or consider any application or complaint from any parties who were not complying with the transportation act or who were not adopting every means to avoid interruption of roads growing out of any dispute."

## BROKE PLEDGE BRINGS ARREST OF STRIKE HEAD

### Grunau Goes to Jail After Refusing to Give Bond When Arrested for Alleged Violation of His Promise

CHICAGO, (AP)—Eugene C. Eddy, until ten days ago a leader in the Chicago rail strike, was indicted by the state grand jury today charged with "influencing others to injure railroads." The offense is punishable with imprisonment for from one to ten years, if convicted.

Eddy was arrested several days ago after he was reported to have boasted at a union meeting that he procured I. W. W. assistance to wreck trains and "blow up roundhouses and bridges during a railroad strike at Minneapolis and St. Paul during a rail strike in 1910."

CHICAGO, (AP)—John Grunau, leader in the switchmen's strike, was summoned to the federal building and ordered arrested today by L. F. Mason, United States commissioner. Grunau was arrested and released on his own recognizance last Friday.

Reports that he had violated promises to resign his office as Chicago yardmen's association of which he is president, caused his arrest.

Grunau took the same stand as on the occasion of his first arrest and refused to arrange bonds. He was ordered taken to the county jail at Joliet, Ill.

### Organizer Also Held.

R. V. Miller, official organizer of the United Engineers' association, which is allied with the yardmen's organization, was also being held. Both Grunau and Miller came to the federal building and surrendered themselves.

District Attorney Clyde ordered warrants issued for about 25 union men who succeeded to the offices vacated by the men arrested. Mr. Clyde accused the striking yardmen of that any men who took the place of the strike leaders would be arrested.

### Coal Shortage Felt.

Coal shortage caused by the strike made itself felt in Chicago today. Elevator service in the federal and post-office building was temporarily curtailed when the reserve supply of coal gave out. More than 100 tons of the heat and light service of the building was averted by the timely arrival of a carload of coal.

School trustees announced that even when the school engineers who are now on strike, return, it will be impossible for some of the schools to open because of the lack of coal.

## FAVORS SALES TAX TO PAY SOLDIERS' BONUS

### House Republican Leaders Agree Tentatively on Finance Policy

WASHINGTON, (AP)—House republican leaders tentatively agreed today to raise the tax on soldier relief by a gross sales tax of not more than one per cent.

Under this plan, which it was decided to present to the house about May 1, the cash payments would be in quarterly installments, beginning January 1, 1921.

Strong opposition to the gross sales tax already has been expressed by some democrats and leading republicans and a bitter fight on this section of the bill is forecast.

Besides proposing adjusted compensation at the rate of \$1 for service men and women, the legislation will include alternate funds for soldier relief, a home building aid and extension of vocational training.

Tonight and Tuesday showers; warmer tonight.

## RAIL TRAFFIC THREATENED BY NEW WALKOUTS

### Eight Thousand Freight Handlers and 30,000 Clerks on All Lines Entering Chicago to Take Strike Vote

CHICAGO, (AP)—Threat of a new strike among railroad employes in the Chicago district today confronted the railroad district managers and brotherhood officials that the "insurgent" switchmen's strike had been broken and the situation rapidly was returning to normal.

Eight thousand freight handlers and 30,000 railroad clerks employed on all lines entering Chicago will take a strike vote today after a conference today with the railroad heads, George A. Worrell, chairman of the Chicago and Northwestern railroad clerks announced.

Worrell said he had been empowered to speak for all the clerks and freight handlers.

Disposed to Strike. Worrell did not announce demands to be presented after a conference and little chance of compromise and the men probably would strike Tuesday.

The switchmen's unauthorized strike continued improvement in traffic conditions throughout the central and far west was noted.

On the public coal railroads operated today for the first time since the strike without embargo on perishable freight.

As a result of a new federal descent on strike leaders at Chicago, ten men were arrested. Nine were released on their own recognizance to appear today and make bonds of \$2,000 each. Harold Reading, chairman of the board of directors of the United Engineers' association, was sent to jail when he would not attend himself to stay away from strike meetings.

## JURY OF WOMEN FOUND ILLEGAL

### Judge Duvall Sustains Motion Setting Aside Verdict Found by Feminine Panel

Although women of Idaho are enfranchised and entitled to equal rights with men at the polls, they have no rights as jurymen or jurywomen.

This is the finding of Judge O. P. Duce, in a recent case. Liberty morning sustained a motion, submitted by Homer C. Mills, counsel for P. R. Shriver and Elsie Hilder, accused by the state of having committed a violation of the moral code.

The case was tried several days ago in the probate court with a panel composed of twelve women. Liberty morning sustained a motion, submitted by Homer C. Mills, counsel for P. R. Shriver and Elsie Hilder, accused by the state of having committed a violation of the moral code.

## Overalls High Costs Causes Plans Change

FREMONT, Neb., (AP)—When members of a recently organized overalls club found the price of denim had advanced they decided not to buy overalls and changed the name of their organization to "The Patch Club," pledging themselves to wear their old clothes until the cost of wearing apparel comes down. Business men are joining.

FORTY STRIKING SWITCHMEN RESUME WORK IN SALT LAKE CITY, Utah (AP)—Forty striking switchmen of the Great Short Line railroad here returned to work today and increased freight movements are reported.

## FEDERAL CONTROL OF RAILROADS COSTS GOVERNMENT OVER \$1,129,000,000

WASHINGTON, (AP)—Total loss to the government growing out of federal control of the railroads was estimated today by the house appropriations committee at more than \$1,129,000,000. This includes the \$255,000,000 estimated as the cost of the railroads under the terms of the transportation act.

The actual loss during the 26 months of active government control was placed at \$99,000,000.

The committee was reporting on the emergency deficiency appropriation measure, in which \$300,000,000 was included for the railroad administration.

Director General Hines has asked for \$400,000,000 to wind up the administration's affairs, but the committee cut the total \$300,000,000 and recommended that the treasury be instructed to purchase \$100,000,000 worth of Liberty bonds held by the railroad administration, thus making available that additional amount for winding up the administration's affairs.

# COMPLAINTS OF PROFITEERING ALL INCLUSIVE

## Department of Justice "Flying Squadron" Chief Uncovers Surprising Number of Commodities Held at High Prices

NEW YORK, (AP)—A. W. Riley, chief of the "Flying Squadron" of the department of justice, whose campaign so far has resulted in the conviction of 307 profiteers with fines ranging from \$50 to \$2500 and imprisonment from one day to two years, has uncovered a number of surprising commodities for which dealers are said to be making exorbitant prices. "Complaints of alleged profiteering are coming in from all over the country, and from some of the most remote spots," Riley said. "I have seen a number of things that are being reported to me. Riley by New York consumers. One man who had paid \$125 for a restaurant for a fry steak and six small pieces French fried potatoes didn't stop to cut them but plucking his check, took a newspaper, and reading, wrapped up his meal," and brought it to the federal prosecutor.

### Some Amusing, Others Pathetic

Some of the latter complaint was amusing, others pathetic. All, however, showed the seriousness of the present era of high prices. One indignified citizen wrote: "I have been investigating the fish market in Brooklyn. He's a modern, Jesse James. What do you think of 90 cents a pound for salmon and 50 cents for a bass?"

The chief of the "Flying Squadron" has received complaints of such examples of alleged profiteering as follows: Drug store whiskey at 45 a pint and \$2 more for doctor's prescription; canary birds \$20 to \$25 and \$3 to \$4 for a cage; lemons, served at 10 cents a head and said to have been "wreck" \$1 a glass; rouge \$1 to \$3 a box for "imported" brands; fish drying sent out from 20 cents to 41 a pound in some New York markets; prunes, three for 10 cents in a popular restaurant; peanut oil, sold as olive oil \$6 a quart; but cost only 41c instead of \$9.50 a ton in Nyack, N. Y.; because the miners were granted a wage increase of 50 cents a ton.

### How Consumers Fought

Consumers complain to Mr. Riley that they have to pay 50 cents a pound for the same brands of coffee that would pay 21 cents a pound before the war and that wholesalers paid 11 cents a pound for some of these coffees three years ago and are now paying 15 cents. Milk they charge costs 10 cents a glass in restaurants which buy it for 12 cents a quart; that they have to pay 35 cents for linen collars costing at wholesale \$2.40 a dozen; pickles cost 4 cents each; cabbage at 10 cents a head; 75 cents a bunch for asparagus and 35 cents a head for lettuce.

A young woman, protested after having paid for a bag of flour at department store "bargain sale" which she discovered later, cost 75 cents to manufacture. She said that many big business houses were not satisfied with 100 per cent profit but were making, in some cases, 150 to 200 per cent. She suggested a "remedy" as follows: "Do not buy anything in the first store you visit. Ask the price and, if it seems at all excessive, say you will not pay it and walk out. Then go next door and you may buy it for less. At my rate these profiteers need to know that the public is wise to them. A tremendous volume of refusals to buy would make such merchants realize they must stop overcharging if they would not precipitate a general business boycott."

### Works Under Cover

Obviously the "Flying Squadron" is working with the utmost secrecy and names of complainants are withheld. Several big New York corporations, which have been accused of making unjustifiable profits on foodstuffs and clothing, are now reported under investigation. According to Mr. Riley, one convicted profiteer blamed the public for much of the high prices. "It's so easy to get what you ask for," the merchant confided to the chief investigator, "that few business men can resist the temptation to raise

prices. If I put two garments in my store window of exactly the same cut and materials but with a \$30 tag on one and a \$50 tag on the other, most persons would buy the higher priced one. It's a strange freak of human nature. People nowadays don't seem to concern themselves any more about what a thing costs."

Protests against profiteering are reported pouring into the federal building here from all over the country. When a complaint is received it is indexed and forwarded to federal prosecutors and "flying squadrons" operating in the United States judicial territory where the victim resides. Investigation follows and, if the facts warrant, arrests are made. The campaign, indicated by Attorney General Palmer, will go on according to H. L. Van Bliker, in charge of the New York office for Mr. Riley "until prices of food, clothing, fuel and food for livestock are brought to more normal levels."

## WOULD PREVENT COMING OF MEXICAN FARM LABOR

### Federation of Labor Asks Congress to Abrogate Order Permitting Temporary Admissions

WASHINGTON, (AP)—The present influx of Mexican and Canadian laborers into this country, the American Federation of Labor, through Frank Morrison, its secretary, asked congress today to "take any necessary action" to abrogate orders of the department of labor permitting temporary admissions of Mexicans and Canadians to work this year in the best sugar industry in Colorado, Wyoming, Iowa, Utah and Nebraska.

Mr. Morrison told the house immigration committee that the laborers "so imported" would over supply the general market. He added that there would be no shortage of labor in the best industry if "living wages" were paid the American workmen.

"Overwhelming pressure" from members of congress, Morrison asserted, prevented the recent order of the labor department suspending provisions of immigration laws so alien laborers might be admitted, but he argued that the situation had been "misrepresented" to congress. He submitted telegrams from central labor organizations in cities of the five states named and in California, Arizona, New Mexico, Nevada, Texas, declaring "every one claims there is no shortage of labor."

The committee adjourned without taking any action.

Mr. Morrison declared that "advocates of cheap labor want to draw on Mexico for help" and he announced that the American Federation of Labor did not propose to permit the effort to go unchallenged.

The store news is important to you—because it is important to the stores and the stores are extending themselves to serve you with the best merchandise at the very smallest possible margin of profit.

**Liberty Bonds**  
 NEW YORK, (AP)—Final prices today on Liberty bonds were: 3 1/2's \$83.50; first 4's \$90; second 4's \$86.50; first 4 1/4's \$89.90; second 4 1/4's \$86.40; third 4 1/4's \$91.40; fourth 4 1/4's \$86.40; Victory 3 3/4's \$95.14; Victory 4 3/4's \$95.04.

**Grain and Provisions**  
 CHICAGO, (AP)—Wet weather had a decided bullish effect today on the corn market. General buying which took place was based largely on the assumption that the "unwelcome" rains would result in further delay to spring farm work, and would tend to interfere with accumulation of supplies here and at other big centers. All deliveries rose to new high price levels for the season. Opening quotations, which ranged from 3-4 to 1 3/4c up, with May \$1.70 1/2 to \$1.71 1/4 and July \$1.65 1/4 to \$1.66, were followed by moderate additional gains all around.

The fact that seaboard exporters had raised their bids to \$3.64 a bushel for what excited a stimulating influence on speculative demand for corn. So also did a threatened strike of railway freight handlers and clerks. The close was unsteady, 1 1/2 to 3/4c net higher, with May \$1.71 3/4 to 1.71 7/8 and July \$1.66 to 1.66 1/8.

Gats ascended 1/4 with corn. After opening 5 1/4 to 1-1/4c including July at 88 7/8c, the market continued to climb.

The many friends of Ralph Glasgow will be glad to learn that he has returned from the University of Idaho at Moscow, where he succeeded in passing the necessary examinations to enable him to qualify for entrance at West Point. Here is an example of applied industry which should be of value to all young men. Mr. Glasgow is to be heartily congratulated upon the showing which he has made and the people of Idaho are to be congratulated upon the possession of an institution so well qualified to perform this sort of service for our young people. There is no more important feature in the growth and development of Idaho young manhood than the University of Idaho, and every boy in all the High Schools of the State should set Moscow as the goal of his ambition in the important matter of gaining an education for the work of life which all are called upon to perform.

**AMERICAN HANDICAPS**

There is no gaining the fact that America just now is not in the best position to take advantage of the opportunities presented in the process of re-viving world industry. Evidence of this fact appears from time to time in a variety of quarters. The following paragraph in a published speech by an executive of a well known New York bank is to the point:

"All the leading British and Continental workshops have been 'Americanized' since 1914, in the sense that they have adopted our machine tools and factory methods, and have learned how to meet us in our own province of quantity production. What chance, then, will American manufacturers have to win out against Europe's intensive competition in foreign markets and so retain full employment for our people, unless we adjust down immediately and recognize the inevitable relations between unit wages, unit production cost and final selling price? We are all consumers as well as producers, and we can't escape from the 'vicious circle' of higher prices until each of us contributes his part by increasing his personal efficiency and augmenting the volume of products which he turns out and by limiting his purchases to essentials. Therefore we can cut this unit cost of products, on the one hand, and on the other promote a normal replacement of stocks—both operating to reduce the high cost of living."

This statement is made in support of an argument for increased production on the part of American industries.

It reveals a situation which gives rise to another consideration. If Europeans, having adopted American industrial methods and equipment and so become more formidable competitors, are to compete with us in the export trade when the advantage is all on their side, they evidently will gain the trade and we shall lose it. If they are enabled through their improved machinery and methods to increase their production and have the added advantage of much lower wages and other production costs, it is evident that they will soon drive our own producers to the wall in our own markets. Imports in ever increasing volume are flooding into this country. Soon we will be flooded with foreign goods and our own mills must close their doors and our own workmen lie idle—unless—

But the remedy must be apparent to any person who has followed the history of economic legislation in this country.

There are two things to be done—Speed up American production, and by legislative enactment provide for protection of that production as against competition on a plane other than that contemplated by the American standard of living.

**OVERALLS**

Critics have not been lacking to predict the failure of the overalls pledge movement now sweeping the country as a protest against high price of clothing. Criticism has been based on various and sundry premises.

"Just as long as folks who work for wages demand fifteen-dollar silk shirts,

three-dollar silk neckties and two and one-half dollar silk socks, they will get them; and while they're buying that sort of stuff you may lay your heaviest bet on their also buying the best quality of clothing the market affords," says one of these prophets of failure for the demonstration. He may or may not have been wrong in his deductions; but developments tend to prove the accuracy of the opinion of those who predicted failure on the grounds that, just as the foregoing of the luscious pork-hoofe steak and choice rib roasts increased the cost of briquet, chuck and rump, the abandonment of silks and all-wool garments would raise the cost of denims and calicoes.

Just as New Yorkers today launched their campaign on the high cost of clothing by staging an overall parade on Broadway, says a press dispatch from New York, it became known that second hand army overalls sold by the govern-

ment for sixteen cents a pair were being offered for sale by dealers for three dollars.

The dealers in question may or may not have been culpable. A recent court decision holds that the dealer is justly entitled to the advance in value of wares in his stock. But assuming that the dealer should sell his overalls at cost figure plus his regular margin, his stock cannot last indefinitely, and when it is exhausted, providing the demand continues, there is an end altogether to low prices for this particular commodity.

The overalls pledge movement will have served its most useful purpose in proportion as it contributes to appreciation of the fact that the economic law of supply and demand is, still, for the most part, operative.

The boycott offers little, in the way of solution of existing economic problems; increased production offers everything.

"Mosquitoes" sit free 'em one vice anyway; they ain't stand for cigaret smoke."

Our dall headline—Speaking of Burley it says: "The Ovals of Idaho Extend Welcome to Elks."

Since we were not in the Cassia county center last Friday we will have to assume they've started investigating over there.

Eddie Christie seems to have demonstrated that his shins ball was either bluff or else he did not need to resort to freak deliveries to be a star twirler.

The White Sox wonder on Saturday evening the Tigers 4 to 0, allowing only 5 hits.

By the way the White Sox infield is playing errorless and scintillating ball. Jordan is going great at first base.

### SENIOR ATHLETES LOSE TO JUNIORS

#### Inter-Class Meet Goes to Underclassmen by Fair Margin Epler and Hogg Stars

By a 68-51 score, the juniors of the high school Saturday afternoon won the inter-class track meet at Lincoln park. The seniors started out strong and led for some time, but gradually lost out to the third year men, who, aided by Phillip King, endurance runner, and Norris Epler, all-around track star, carried off the honors.

Seniors took first place in the 220 hurdles, javelin, 50-yard dash, shot put and 100-yard dash. Juniors took first place in the remaining events, while the sophomores got a second in the 50 and a third in the 100-yard dash. Third place in the broad jump, the freshmen got one point.

Four times was made in all events due to short time for preparation, but the men will undoubtedly make better time before the Burley meet on April 30.

Results by events are as follows:

- 100-yard dash: Owen Watson, first; Norris Epler, second; Percy Watson, third. Time, 11.8.
- 50-yard dash: Owen Watson, first; Owen Watson, second; S. Newman, third. Time, 27.1.
- Shot put: Houben Hogg, first; Lloyd Garrison, second; L. Day, third. Distance, 38.8.
- 80-yard dash: Phillip King, first; Ben Hogg, second; Duane Heris, third. Time, 2:28.1.
- 50-yard dash: Owen Watson, first; Percy Watson, second; Davis Harpor, third. Time, 11.8.
- Javelin: Houben Hogg, first; Norris Epler, second; S. Newman, third. Time, 1:52.
- Pole vault: S. Newman, first; 7-1/2 feet; Norris Epler, second.
- Mile: Phillip King, first; Houben Hogg, second; Robert Douglas, third. Time, 2:29.1.
- 220 hurdles: Owen Watson, first; S. Newman, second; Theodore Schwarz, third. Time 5:14.
- 100-yard dash: Phillip King, first; Norris Epler, second; Percy Watson, third. Time 2:41.
- High jump: Norris Epler, first; Duane Heris, second; Theodore Schwarz, third. Distance, 4-10.
- Belay race: Junior team, first; senior team, second. Time, 2:56.

## MUNICIPAL CLEANUP 'HOLIDAY' NOT FAVORED BY BUSINESSMEN

### Merchants Will Not Close Stores Any Part of Tomorrow to Carry Out City Administration's Renovation Policy—Work Will Be Done, However, Such Forces as Can Be Spared Being Turned Loose by Storekeepers

Notwithstanding the decree of the city council there will be no official "Cleanup day" close up tomorrow.

The determination of the municipal administration has been overruled by the business men of the Twin Falls chamber of Commerce. So the plan to close stores from 4 o'clock p. m. on is off. Cleanup up the city will have to be conducted without concentrated effort during a short time.

That the proposal of the city administration to set apart two hours in the late afternoon tomorrow as a holiday from business when mercantile institutions were to close their places and all rig into the administration was sent out last week. Appoint was made to the chamber of commerce to take action for the annulment of the order, and through the assistance of Mayor W. E. Eldridge, with the sanction of the other members of the local legislature, decided to rescind the order. As the matter now stands Tuesday will be recognized as general "Cleanup day," but no part of the day will be declared a holiday for this purpose. The merchants have tentatively agreed to let off such of their forces as they can handle spare to engage with rake and shovel in reorganizing the premises. This operation will be carried on all day long. Henceforth, according to members of the city council, any request in favor of the administration for closing stores during any part of a day, will be handled through the chamber of commerce.

### ODDFELLOWS TO HOLD DISTRICT CONCLAVE

According to plans made by officials of the Odd Fellows' lodge District No. 1 will hold its convention in Twin Falls next Monday, April 26. The district includes, besides Twin Falls, Kimberly, and Buhl. It is expected that immediately upon closing this convention delegates will go almost en masse to Hazelton for an encampment.

With the district Odd Fellows the Rebekah lodges of the district will convene in Twin Falls next Monday. The Odd Fellows will meet in their own hall while the Rebekahs will gather in Masonic temple. The general program of the day's activities contemplate opening of a business session at 10 o'clock in the morning. Grand lodge officers will be present, as will also Past Grand Master A. E. Gibson, of Caldwell. Addresses will be given by Mr. Gibson and Harry D. Jackson of Rupert, brigadier general. A banquet will be served at Parish hall at 6 o'clock following which both organizations will repair to the high school auditorium for a social program.

### FRATERNAL AND AUXILIARY ORGANIZATION Will Be in Twin Falls Next Monday

According to plans made by officials of the Odd Fellows' lodge District No. 1 will hold its convention in Twin Falls next Monday, April 26. The district includes, besides Twin Falls, Kimberly, and Buhl. It is expected that immediately upon closing this convention delegates will go almost en masse to Hazelton for an encampment.

### MRS. BATTY SUES

Suing John C. Batty for divorce Mrs. Edith Batty alleges failure to provide, although the husband, she declares, is worth at least \$10,000. The pair, according to the complaint, which was filed by Guthrie & Myers, alleges the pair married in Missouri during the year 1900 and that there is a four-year-old child, the result of the union. Plaintiff asks the court to award her one-half the property, \$500 for counsel fees and \$75 per month alimony. Recently an action was started in the probate court by the defendant in the case accusing plaintiff and William Batty, defendant's brother, with an offense against the law. The case is pending.

### Old Man Gloom Kicks Over Our Cup of Ecstasy

FROM out the spacious firmament high the stars' resplendent orb started doting early this a. m., and continued with a lot of intensive concentration all day.

Sort of making up for time lost. Consequently we've got to be pretty decent to the weather boys; kinda kid him along and make him believe he is the uncrowned ruler of mundane and ethereal things, including the spangled heavens, the evening shades, fair Lams, and everything.

But there's always something happening to take the glow out of our glittering day. When we looked into the red face of Old Sol at early dawn we caught the contagion of his smile, and we smiled too. We had a sort of tickled feeling until a wheezer with a face so sanctimoniously long that he could eat oats out of an old-fashioned churn, bumped us with:

"Well, you grin! Like a dummed fool about!"

Yesterday the mercury mounted to 59 degrees, from 33 on Saturday. Low at night wasn't so worse, but it could be better.

In fact the weather man—kindly creature that he is—says "Warmer tonight." Also he breezes in with a promise of "mildest" weather for this eve and Tuesday. So take along the umbrella and galoshes.

### NEW RIOTING IN IRELAND

Unionists Clash with Sinn Feiners, Police Clinging Both Impartially.

BELFAST, Ireland, (AP)—There was renewed rioting in Londonderry Sunday evening between unionists and Sinn Feiners, the police clubbing both impartially. Revolvers were used freely. A youth named Matthew Deehan was shot in the lung and lies in a critical condition. The fighting was so fierce at Castle bridge that pedestrians were unable to return to their homes and were stranded for the night.

### PRODUCT SHIPMENTS AT FILER ARE HEAVY

#### Year's Business Far Outstrips Other 12-Months Periods in Community History

During the year ending February 1, 1920 there were shipped out of Filer a total of 1857 carloads of produce. In the same period 726 carloads of goods were received at Filer.

According to data obtained from the railroad company, elevator operators, buyers and growers exports and imports last year were: 423 carloads of potatoes, 240 carloads alfalfa, 288 carloads wheat, 105 carloads sugar beets, 85 carloads apples, 6 carloads alkali, 100 carloads alfalfa seed, 8 carloads wool, 263 carloads livestock, 20 carloads dairy products, 33 carloads miscellaneous produce.

The following figures show the average yield per acre during the past five years of the principal crops produced in the Filer section:

- Beans, 27 bushels; potatoes, 450 bushels; alfalfa hay, five tons; wheat, 60 bushels; sugar beets, 15 tons; grass seeds, 7 bushels; oats, 75 bushels; barley, 63 bushels; onions, 600 bushels.

The maximum yields per acre reported for last year's crops were:

- Barley, 115 bushels; wheat, 97 1/2 bushels; oats, 105 bushels; beans, 52 bushels; red clover seed, 14 1/2 bushels; white clover seed, 17 1/2 bushels; alfalfa seed, 16 1/2 bushels; sugar beets, 25 tons.

Our ancestors would have marveled if they could have looked upon any thing so wonderful and interesting as a modern store. Study our store. They are worth it.
