**Begins Thursday, April 22, 9 A. M.
and Continues Fifteen Days**

Price Reductions Surpass Any Ever Offered Before

Word recently came to me from the Gem Garment Company, 9 W. 31st St., New York City, with which I am connected to reduce my immense stock at once, at greatly reduced prices. They want money and I must have it—hence I am putting on a STUPENDOUS MONEY-RAISING EVENT—the first sale of this kind ever held by us during our three years of business in Twin Falls. This is a BONA FIDE CUT PRICE SALE.

Due to the disagreeable weather early in the Spring merchandise has been selling slowly so we are greatly overstocked for this time of year.

We are compelled to sacrifice much in order to convince you that our SPRING MERCHANDISE MUST BE TURNED INTO CASH NOW. The New Price Tickets showing prices marked away down will readily do that.

We can give you only a faint idea of the scope of Reductions made on Distinctive Garments—all authentic New York Styles—in this advertisement. A most cordial welcome awaits you to come to our Shop and discover the surprises that await you. Early Thursday we shall be ready for you.

COMMERCE CLUB AN ACTIVE BODY

Many Matters of Importance
-Attended to at Important
Business Meeting

At a well attended meeting of the membership of the Twin Falls Chamber of Commerce held last night at the Cotton hall a number of important matters were up for discussion and steps were taken for the definite furtherance of several projects, chief among which is that of providing a camping site for auto tourists here.

A one-year lease on the locust grove at the end of Fifth and Sixth avenues has been taken and the decision was reached to set aside next Thursday as a day when the work of cleaning up the ground, installing necessary water mains and similar improvements is to be undertaken by volunteer workers. All citizens are invited to contribute as much of their time as possible during next Thursday for the prosecution of this work.

To Aid G. A. R.
A resolution was passed pledging the hearty co-operation of the club to the G. A. R. in the matter of Memorial day services and a committee will be appointed by the president, Asher B. Wilson, to assist in the work of arranging a suitable program for the day, which is today, came in for a share of attention as did the matter of the creation of a cavalry troop in the county with headquarters in Twin Falls, which topic was introduced by Dr. Dean who has charge of the project under the direction of the adjutant general's department. Plans will be furnished by the government together with all necessary equipment and the county fair grounds at Filer will be used to stable the horses.

Help for Legion.
State Commander Leo P. Bracken of the American Legion offered a plan for the financing of the operation of the state headquarters which is now at Twin Falls, whereby subscriptions of \$2 will be asked to defray the expense of rental of the necessary rooms, the salary of the adjutant general and other necessary expenses. The plan was endorsed and hearty approval given the project. Letters asking for subscriptions will be mailed out in the near future.

Newell S. Wight, secretary of the chamber, offered some interesting figures of comparative activity as between this city and Boise and outlined the advertising campaign now under way under his direction. Further literature bearing on the advantages of this section is now being prepared and will be ready for distribution by the first of May, Mr. Wight told his hearers.

W. R. Priebe addressed the gathering at the close of the session on behalf of the plan to finance the Twin Falls advertising plant by popular subscription. He gave an illuminating talk on the possibilities of the enterprise and between \$500 and \$1000 was subscribed for these present for stock in the enterprise.

FARMER-LABOR MEETING
Arrangements have been made by the Central Labor Union to hold another farmer-labor assemblage. This meeting will be held in the Tavoring theatre on the night of Wednesday, April 29. The principal speaker of the occasion will be Mayor Van Lear of Minneapolis. Local speakers will also address the meeting.

SPECIAL FEATURE INCREASES INTEREST IN THE CONTEST
Last week the Carton Contest being conducted by the Ensign Idaho Agency became doubly attractive through the "losing" of cartons and offering a reward for their return. This enabled a number of boys and girls whose parents and neighbors do not use the Ensign Remedies to share in the benefits.

The returning of but 60 cartons out of 140 "lost" seems to indicate that there are many boys and girls who do not know what they look like, or that they do not know where to bring them. All cartons are to be taken to 300 3d Ave. North, Boys and girls desiring to know what an Ensign carton looks like will be shown one if they call at the same address.

To Alton Dadd goes the honor of bringing the largest number of cartons the past week. The prize of \$1.00 in addition to the sum he received for the cartons brings his total to \$2.25. Alton says he is determined to stay in the lead, and we must admit from the efforts he is putting forth that it will be difficult for any one to take the lead from him. Alton has that characteristic of having others work for him. It is due to this that he attributes his high number rather than his ability to find more than anyone else.

Lois Paquin's number is noteworthy because she obtained all of her cartons from home. Such a large number shows

- the high esteem with which her parents regard the Ensign Remedies.
- The names of the contestants and the number of cartons returned to us follows:
- Alton Dadd 45

QUIET PREVAILS FOLLOWING RIOTING IN LONDON
LONDON, (AP)—Quiet prevailed here last night, notwithstanding fears that the rioting of Saturday and Sunday evenings would be renewed. Police were removed from the neighborhood of the rioting and two precincts took their places. They remained on patrol all night, urging the people to go home and to bed. The plan worked admirably.

WILSON MEETS WITH CABINET
WASHINGTON, (AP)—President Wilson met with his cabinet today for the second time since his illness interrupted the regular schedule of meetings last fall. It was said that matters of a more or less routine nature were considered.

POWDER HOUSE GOES
Caused by a fragment of rock penetrating the roof of the powderhouse at the highway district quarry a quantity of black powder, with some dynamite, exploded demolishing the structure. The fragment was thrown through the building when a charge was exploded by workers in an open flame in the side of the quarry bank. About 1700 pounds of powder exploded.

If you are a little uncertain about it, read the ad.

There is good news for all contained in the activity apparent on every hand in connection with the work of laying the new hard surface streets in Twin Falls. This is an improvement which has been needed for some years and its coming at this time may be said to mark a new era in the development and progress of the city.

For some months now people may expect to see their streets torn up, many of them rendered impassable for varying periods, but before snow flies again it is hoped to have all the work done and the new paving complete on every street embraced within the paving program. When this time comes people will soon forget the trifling inconvenience occasioned through the progress of the work during the next few months.

Twin Falls must move forward with the march of progress, and Twin Falls will.

There is no better recommendation for a City than well paved and well kept streets.

HARRY McAVOY, well-known Los Angeles hotel man who says he spent a small fortune and tried every treatment money could buy without getting relief, until he tried Tanlac. Says he suffered for twenty years.

"In 1900 I suffered a general breakdown and during those 20 years I spent a small fortune searching for health," said Harry McAvoy, with the Alexandria Hotel of Los Angeles, one of the largest and finest hotels in southern California.

"I went to the best specialists in New York, Chicago, New Orleans and Seattle. I tried every medicine and treatment money could buy but the best I could do was to get a little temporary relief. Finally I gave up completely and returned home and quit work altogether. I was terribly discouraged over my condition and felt that I would be an invalid for the rest of my days."

"I had a great deal of relief in my very worst form. In fact, I was a confirmed dyspeptic; nothing agreed with me and I suffered from all the terrible symptoms of indigestion. I began to feel that so badly I thought I had heart trouble and I would get so weak and faint at times I would stagger and several times I fell flat on my tracks before I could support myself."

"I was absolutely afraid to eat, for it meant nothing but suffering afterwards and I had to have awful pains and burnings on the stomach and chest. Sleep? Why, I didn't know what it was to get a night's sleep! I would lie in bed a while and then get so restless I would have to get up and walk the floor. I was almost a nervous wreck and couldn't even sit still and write a letter. I lost so much weight and strength I was almost too weak to walk and I honestly believe no man in this world suffered any more than I did."

"Last September I realized I could hold out no longer, and as I had read a great deal about Tanlac, I made up my mind to give it a trial. Well, sir, it was the greatest and happiest surprise of my life. For I began to feel better right away. My appetite improved. I began to sleep better and my strength gradually returned. So I kept right on taking the medicine and in only a few weeks time my troubles had all left me and I found I had gained 15 pounds in weight."

"From that day to this I have positively been in the best health I ever enjoyed in all my life. I never have an ache or pain. I eat anything I want and don't suffer any bad after effects at all in the night. I feel just like a new man and have plenty of strength and energy. My nerves are steady and strong. I never have a dizzy spell and my sleep is restful and refreshing."

"Tanlac has been worth its weight in gold to me and all the money on earth could not buy the good it has done me."

Tanlac is sold in Twin Falls by City Pharmacy and by the leading druggists in every town.—adv.

Chairman Cummings of the Democratic national committee, on his arrival in San Francisco yesterday to open convention headquarters, took occasion to contribute somewhat to the propaganda being directed just now against one of the three primary branches of the American government—a propaganda, incidentally, to be met with a volume of refutation proportionate only to the extent of ignorance in respect to the exact facts prevailing in the premises.

Comment on this observation is perhaps uncalled for. It represents the notions of a steadily diminishing minority. It is supported no longer even by the redoubtable leader of the administration forces in the Senate, Senator Hitchcock of Nebraska, whose statement Sunday to this effect, is remarkable both in consideration of his past attitude and now in contrast to the declaration of Mr. Cummings.

Of course, Woodrow Wilson would make a mistake; he made a mistake when he proceeded to negotiate a treaty of peace without taking a few leading members of the Senate into his confidence. He made a mistake when he hurt the feelings of proud senators by ignoring them until after he had negotiated the treaty. He made a mistake when he consulted with those senators, he would have had an easy time with ratification. He lacked the tact and foresight to know that the constitution placed in his hands the negotiation of treaties and he unwisely assumed that if he performed his duty, the Senate would do his duty and consent to ratification.

PICKETS AGAIN PARADE STREETS OF WASHINGTON

Women espousing cause of the Irish independence latest to adopt system introduced at Capital by Suffragists

WASHINGTON, (AP)—Political picketing, often of the peaceful sort, and more often of the military variety, is running epidemic in Washington again and the thousands of women who make the national capital their home are not at all deterred by the fact that the streets are now slowly parading about the streets bearing banners with a wide variety of inscriptions.

Seemingly, every cause which wishes to impress its demands, arguments or protests on the powers that be, ultimately adopts the picketing system which was first introduced in the capital by a branch of the woman suffragists about ten years ago. The latest to adopt the method are women espousing the cause of Irish freedom and there have directed their protests against the British embassy. Their pickets all wear round caps and many of them carry signs which are identical with those which were first introduced in the capital about ten years ago.

Word was received here, the last of the week by the Irish ambassador, that the wedding of his son, Edgar Davis, Wednesday, April 14, to a young lady whom he met while stationed at Paece, Wash., during the war. They will make their home at Paece.

Mr. and Mrs. F. G. Butler and two children returned to their home at Jerome last Friday. Mrs. Butler and her guests spent the week here the guests of Mr. and Mrs. W. W. Brinkman. Mrs. Mattie Collins and son, Joseph, were called to Pocatello, Idaho, on the former's serious illness of the father's mother, Mrs. J. S. Barker of the Jackson country, who is suffering from consumption of the lungs. Little hope is entertained of recovery.

With the adoption by congress of the resolution for the woman suffrage amendment to the constitution the suffragists laid off, but they had fired an example in a local association of the negro women in emulation picketed the streets surrounding the school administration building hearing banners. Their picketing, however, was intermittent, and the negro educator to whom they objected still holds his job.

British Humor Evoked. British humor all but broke up the picketing of the British embassy, with only possible exception of disagreeable incidents of an international flavor, when on the first day, the embassy officials sent out and invited the pickets in to afternoon tea. It probably was a temptation for a cold raw wind was sweeping the city, but the leaders pulled stone faces and declined the invitation.

The embassy is on Connecticut avenue in the heart of the downtown business and residence district not far from Dupont circle. The neighborhood

might be compared to Fifth avenue in New York in the fifties. Thousands of shoppers, tourists and government clerks, officials on their way to office pass by and for days there was always a small crowd watching the pickets and hoping for a serenade. The old and decrepit Austrian embassy, once the scene of social gatherings in the prosperous days of the Republic, stands grim, alleys and dusty just across the street. Nobody knows who owns it now, it is a highly valuable piece of property and the hope is that it will be sold to the house James G. Blaine occupied while secretary of state, Dolly Madison's house is not far off in another direction. Practically every building in the vicinity has housed some notable at some time or other and the neighborhood is a playground for the light-weight wagers. The pro-Irish pickets select a battle ground where there will be plenty of onlookers.

Officer Ben of Rtn. The first arrests of the Irish picketers were not unaccompanied by elements of humor. The police captain who took them in was Robert Emmott Doyle, Irish checked and blue-eyed, who could not possibly deny he was an Englishman. All the policemen on the job were O'Connell's and Rogans and Flaherty's or bore names unmistakably neither Greek nor Latin. The conduct of the picketing was very neutral and humorous. The whole proceeding was conducted in the highest of courtes and in the most formal. There was no "come along, you're plucked." Instead, Captain Doyle raised his cap, and with an under-the-nose smile, said to the pickets: "The policeman who will place you under arrest." Then the men stepped back and the women did the job.

RUPERT

RUPERT—About 30 business men of Rupert took dinner at the banquet given for them by the ladies of the Baptist church last Wednesday noon in the interests of the Inter-Church fund. Following the banquet a social gathering on the women's society was given. Word was received here, the last of the week by the Irish ambassador, that the wedding of his son, Edgar Davis, Wednesday, April 14, to a young lady whom he met while stationed at Paece, Wash., during the war. They will make their home at Paece.

Mr. and Mrs. F. G. Butler and two children returned to their home at Jerome last Friday. Mrs. Butler and her guests spent the week here the guests of Mr. and Mrs. W. W. Brinkman. Mrs. Mattie Collins and son, Joseph, were called to Pocatello, Idaho, on the former's serious illness of the father's mother, Mrs. J. S. Barker of the Jackson country, who is suffering from consumption of the lungs. Little hope is entertained of recovery.

Brief Bits of Sport
The Salt Lake Bees lose about every game they play in 10 days and then turn around on Sunday and wallop their opposition two games.

You just simply can't tell about baseball form, can you?
Incidentally Manager Ernie Johnson of the Bees seems to have gathered the class in twister in young Thurston, who flung Sunday's first. The kid displayed everything and beat the Till-Hums 14 to 4.

Also "Butch" Byler appears to have won the first-thing place behind the Bees' log. Jenkins isn't showing the class Ernie has displayed thus far this season, and Manager Johnson is working the former Montanaan pretty regularly.

The fact is pretty well established that there will be a boxing sorrie here on or about May 1.
And the program will be constructed about Walloping Walkack of Buhl and a local lad.

Tomorrow night Jimmy Wilder, world's champion flyweight boxer, will step right rounds against Battling Murray at Coanden, N. J.

George Papa is the latest French boxer to reach the States. Papa is in France's lightweight class, and is said to be able to set the pace for any of them.

Benzy Leonard is said to be contemplating quitting the ring for the movie game.

CONORBT REHARRSALS
UNIVERSITY OF IDAHO, Moscow, (Special)—Special rehearsals are now being held by the University of Idaho Chorus and orchestra. All rehearsals expected to be one of the features of the university's campus day. Now music recently selected for the program to be offered includes selections from "Faust" and several other of the classics, numbers from "Pinafore" and other light operas and several ultra-modern selections.

WATER RECORD
HONOLULU, T. MOTORCYCLE COP TO BE EMPLOYED

City Administration Decides to Bring to Account Sidewalk Riders and Demons

A contentious note addressed to the city council, read at last night's meeting, spelled action designed to bring to justice all speed fiends, sidewalk riders on a similar malfeasance playing illicit vocations requiring rapid movement to bring about apprehension.

The city administration, by unanimous consent, ordered the employment of a motorcycle-mounted policeman whose duty it will be to patrol the residence district as well as loiter about the business section. He will be put to work as soon as the necessary equipment and other town executives find the man best qualified for the position.

The note upon which this action was based came from John E. Auld, juvenile officer, who complained that as long as the city police continue a policy of dereliction in the matter of enforcing the law against adults who ride bicycles on the sidewalks it would be useless for his department to attempt to enforce corrective measures against juveniles who follow the same path of infraction.

Scrutiny of the police records for the past three years, according to Police Magistrate W. A. Zimke, show only three arrests of adults for riding their wheels on the walks. Henceforth, the magistrate stated, the police will endeavor to detect violators as often, and that rigid search will be made to chase down both sidewalk riders and motor speed demons.

POLICE STATION WITH SERGEANTS IS NEW SCHEME

Council Orders Action Expatriating Ovens from Town in Fly Time

Because the county sheriff has refused to accept city prisoners taken in at night by the police, without warrant and the necessary commitment papers the city administration has been compelled to consider a new scheme of police operation at night.

Also from this time forward Twin Falls city will have regular police headquarters where a policeman can be found when wanted.

Call phone 87 night or day; night month.

It is the plan of the administration to deputize two night policemen as desk sergeants, working with authority to make out commitments and arrest warrants. The two sergeants will split the night shift, one being duty at the station while the other tramps a beat. Police headquarters will be maintained at the municipal hall.

Home Workers to Get First Consideration

Warren Construction Will Exhaust City Supply of Laborers Before Importing

Workers residing in Twin Falls will be given first consideration by the Warren Construction company during the paving operations here this season and top wages will be paid at all times, according to Superintendent A. J. Hill, who is here in charge of work.

The statement was made to the city council members last night, Mr. Hill stating that laborers in this city would be employed by his company, and when this source of supply is exhausted men would be imported.

"Do not construe this to mean that the Warren Construction company plans to reduce wages by importing labor; that is not the intention," Mr. Hill assured. "Wages will be maintained at peak throughout the year, but it is self-evident that Twin Falls will not be able to supply all our demands for workers when we get going at peak capacity. When that time comes we will have to bring in workers."

Denim and Aged Garb Chosen by School Students

In Apparel Worn High School Classes Lodge Silent Protest Against Coats

Beginning today most of the students came to school attired in old clothes as a protest against the high cost of clothing. Overalls and any old clothes to be had were worn in the classes.

The seniors adopted the idea and other classes took it up, some of whom will wear their present attire throughout the year, while others will continue the practice probably the rest of the school year.

Deaths

Fred Leister, aged 42, died last night at his home on Blue Lakes boulevard. Death was due to tumor of the brain, resulting from aneurysm, suffered several years ago. The body is at Dr. Witt's, awaiting arrival of William Leister, from Lehigh University, who is now on his way home.

Funeral services for Mrs. Dora Weatherly will be conducted at the church of the United Brethren at 2 o'clock tomorrow afternoon. Burial will be made at Elmwood cemetery of Undertaker J. E. De Witt tomorrow afternoon.

RAILROAD STRIKE RESPONSIBLE FOR PAVING OPERATIONS TIE UP

Pipe for Underground Systems and Materials for Operation of Bitulithic Plant Delayed in Transit, Superintendent A. J. Hill Says, Telling of Delay in Beginning Surfacing of City Streets

Why are not paving operations commencing?

The question, according to members of the municipal legislature, is the burden of complaint lodged by scores of Twin Falls residents daily.

And, according to these city authorities and those connected with the paving contracting company, is an easily answered one if it is asked.

The railroad strike is the responsible factor.

A. J. Hill, superintendent for Warren Brothers Construction company, which has the contract for laying the street pavement in Twin Falls last night appeared before the members of the city administration and, informally, volunteered information concerning the delay in paving operations.

"First," Mr. Hill declared, "our work is held up because of lack of sewer main pipes; second, because of delay in transport of a large shipment of bitumen and other material necessary in the operation of the bitulithic mixing plant. This is all due to the railroad strike being held up in terminal railroad yards or on outlying sidetracks. When it will start moving again is a question that time only will be able to tell."

Explaining the failure of the water department to lay the supply mains ahead of the paving company's operations, Superintendent J. P. Plummer, superintendent of the water department, declared that a full carload of pipe, designed for use in some of the main arteries of the city, is at present somewhere between the coast shipping point and Salt Lake. There is no telling, Mr. Plummer declared, when it will begin making its way. He stated that attempts to get wire tracer action through the railroad company made in the past week, had utterly failed.

Superintendent Hill stated that the policy of his company is to speed up operations to the limit just as soon as freight conditions will permit. As a means of expediting the work when material arrives Mr. Hill recommended an organization of forces for pushing the advance work which, he said, can be done now. This, he explained, includes staking setting by the special paving engineering department, so that there will be no occasion for delay from this end. He also recommended the organization and employment of a force to cut out the surfacing and concrete bands who will have to be made in damaged and depressed pavement. City Engineer E. V. Berg was instructed to proceed with this organization and prepare the way for the laying of a new base and surface.

Questioned relative to probable "tie-up" of city streets and arteries during the paving process Mr. Hill stated that operations would be conducted with a view to the elimination of all unnecessary street blockades, and he assured the council that most of the main arteries leading to the city would be open to traffic at all times.

The city administration assured Superintendent Hill that at all times the board would accord the paving company and its forces the heartiest cooperation in carrying out a "speed-up" policy in the context of street work this season. Mr. Hill said his company had pledged itself to a completion of all the work by November 1.

Higher Wages Lure Laborers to Other Jobs

The City Administration Loses Workers when Contractors Offer More Money

Lured by "golden glitter" workers connected with laboring segments of the municipality, are daily being deflected to contractors' jobs, leaving the city "flat."

"We are facing a serious problem just now," said City Engineer E. V. Berg, last night, while the city administration contemplated the need for getting men to fill the vacancies caused by the "jump" to other employment.

Mr. Berg attributed the general defection to the advanced daily wage paid by construction contractors, explaining that the city might have to meet this raise in order to hold present forces, or engage new.

It now appears that the minimum day's wage paid by contractors for common labor is \$5, while the maximum paid by municipal administration is \$4.50. To cope with this exigency Engineer Berg was authorized to meet the contractors' wage where necessary and the city is offering \$4.50 for steady listing on the municipal payroll, which means work the year around, the old scale of \$4.50 per diem will continue in operation.

IMPROVEMENT TAX MAY BE DEFRAYED IN CASH

Paving Construction Contractor Makes Special Offer to the Property Holders

That city property owners, affected by assessments for paving operations, will be afforded an opportunity to save 10 years' interest is the assurance held out by The Warren Construction com-

pany, contractors in charge of the work, through the company's representative, A. J. Hill.

Mr. Hill at a meeting of the town legislative board last night, explained that his company had adopted a policy of offering to accept payments in full of the assessment against all property where the owner chose to take up the burden placed against his property, in an immediate payment in cash rather than pay interest on the assessment for a period of one decade.

The company, according to Mr. Hill, will submit its proposal to the improvement district taxpayers for approval, the proposal to appear in regular advertisements, to which will be a statement showing the amount of in-

terest to be saved, subscribed to by the city clerk.
