DEVELOPMENT OF SUGAR INDUSTRY GRAVE PROBLEM

Lack of Labor Handicaps Exploitation, of Possibilities in Philippine Islands by Use of Modern Methods

MANTLA, (AP)—The sugar crop of 1919-1920 in the Philippine Islands, now being harvested, aggregates 225,000 tons for export, and between 75,000 and 100,000 tons for home consumption, according to figures compiled by chambers of commerce, and manufacturers and exporters.

Centrifugal sugar, 90 per cent pure, forms only a small percentage of the production of the islands, the bulk of the sugar produced being muscovado, in which a large percentage of molasses remains after being produced by the open boiler process.

Of the 225,000 tons estimated available for export this year 75,000 tons are centrifugals and 150,000 muscovado. Practically none of the latter variety is exported to the United States, China and Japan taking the most of it.

Introducing Modern Methods.
Growers and manufacturers, however, predict that within a short time the ratio of centrifugals to muscovados will be reversed, by reason of the modern methods of manufacture being introduced.

There are at present 20 sugar central mills in operation in the Philippines, and six others are under construction or are planned for immediate development.

The labor problem is becoming serious, according to producers and manufacturers. Many of the natives have left the island. Some have gone to the Alaska fish canneries, others have taken up a seafaring life, while a number have migrated to the Hawaiian sugar fields.

The tractor has replaced the caraban in some localities. Producers and manufacturers assert that double the present output could be cared for, if a supply of common labor could be obtained to plant and harvest the cane.

Efforts are being made to induce the government to render assistance along the line of more intensive cultivation of the soil. According to statistics, the yield per acre has been stationary for many years, at little more than three quarters of a ton, while in some cane producing countries five tons an acre are obtained.

In the island of Formosa under Japanese methods of intensive cultivation, a yield of one and a half tons an acre is obtained, and growers claim that the soil and climatic conditions there are inferior to those in the Philippines.

Local Consumption Low.
While figures on local consumption of sugar are not given as exact, various authorities place the quantity at between 15 and 20 pounds per capita

a year, as against a consumption of sugar per capita in the United States.

"The introduction of 50,000 Chinese into the sugar industry of the Philippines, would, through the application of more intensive methods of agriculture, which are not possible under existing conditions, double the present sugar production from the area presently under cultivation for cane," Geo. H. Fairchild, a large exporter, in a review of the sugar situation, published in the April Bulletin of the Philippine Chamber of Commerce.

CHINESE-AMERICAN BANK SYSTEM IS DEVELOPING

SHANGHAI (AP)—A system of Chinese-American banks with proposed branches in the United States is now being put into operation in a number of Chinese cities. The new institution, the Chinese-American Commercial and Industrial Bank of China, has grown out of a recent interchange of visits to America and China of leading American and Chinese financiers. Following the opening in February of the main bank of the system in China at Peking steps were taken in March to open a branch bank at Shanghai and others, it is said, will be started with out delay in Canton, Hankow, Tientsin and Chungking.

J. A. Thomas, formerly managing director of the British-American Tobacco company in Shanghai, and Hsu Euyuan, a Chinese financier, are vice presidents of the institution. Mr. Thomas said the new system would be in operation by May 10.

CHILE ADDS TO WAR FLEET

Accepts Offer of Great Britain of Dreadnaughts, Destroyers and Torpedo Boats

SANTIAGO, Chile, (AP)—Five warships will be added to the Chilean navy as a result of negotiations between the Chilean and British governments. Chile has decided to accept the offer by Great Britain of one dreadnaught, three torpedo boat destroyers of 1800 tons each, and a transport.

Previous dispatches have indicated that the dreadnaught in question is the Canada, one of two battleships originally built for Chile in England, both of which the British requisitioned for the war. The other vessels are taken by Chile to replace the second dreadnaught.

OIL PRICES LOW LEVEL CUTS DOWN PRODUCTION

Non-Profit Concern Issues a Comprehensive Statement on Situation

BAKERSFIELD, Cal. (AP)—In a comprehensive statement made here today, R. B. Robb of Los Angeles, secretary-treasurer of the Independent Oil Producers agency, a non-profit concern, explained the resolution passed by the agency at its session here recently urging co-operation.

"With the exception of the recent increase of 25 cents per barrel in the price of crude oil the war the price has been stationary since May, 1917, when an increase of 25 cents per barrel was posted at the request of the oil division of the fuel administration," said Robb.

"The absence of an increase in price to cover the increased expense has had the effect of discouraging the develop-

ment work and, with the exception of the activities of the larger marketing concerns, has totally arrested exploitation work, with the result that the production of oil has not kept pace with the demand."

"Sufficient crude oil to supply the requirements of the Pacific coast trade for fuel oil and gasoline is not being produced, and were it not for an accumulated reserve tanked during the time of excess production the present supply would not satisfy existing demand. These reserves are rapidly being exhausted, and unless the development and production of crude oil and gasoline must shortly be restricted to essential usage. This will mean in the case of fuel oil that all consumers thereof who can secure some other fuel will be compelled to do so, regardless of cost or inconvenience. In the case of gasoline, it will mean the curtailment of the use thereof to business and industry, thus depriving the owners of pleasure care the enjoyment of these facilities.

MALTHOID and RU-BER-OLD READY ROOFINGS

Ten years from now

You can judge the quality of ready roofing only after it has been tested in actual use. When you buy it, you must rely for your selection upon the experience of others and the reputation of the manufacturer.

The ideal of The Paraffine Companies is to make Malthoid and Ru-ber-old the best ready roofings that can be made. The Company has succeeded, as has been proved thousands of times under widely varying conditions of climate and use.

If you roof your farm buildings or home or factory with Malthoid or Ru-ber-old, in ten years from now you will know why it has become the recognized standard of ready roofing. Malthoid and Ru-ber-old are made to last. They will not dry out or rot and they are particularly fire-resistant. If painted every two or three years, they will give good service indefinitely. Malthoid and Ru-ber-old have met successfully every test of time and service to which they have been subjected.

The reputation of the Paraffine Companies stands back of Malthoid and Ru-ber-old. They are the best ready roofings that we know how to make.

TOO CROWDED AT UNIVERSITY

Housing Lack is Great Problem at State's Educational Institution

UNIVERSITY OF IDAHO, Moscow, (Special)—Decided overcrowding in both class rooms and laboratories has caused no little difficulty at the University of Idaho in the course of the present year, according to a statement made today by President E. H. Lindley. "This lack of space is particularly burdensome in the administration building and Woodhill hall where the departments of zoology, botany, physics, geology, home economics and the agricultural sciences have long struggled against unfortunate conditions arising from overcrowding," said President Lindley. "The enrollment in several of these departments has increased more than 100 per cent in the past three years, necessitating improvements in the way of augmented facilities and increased room which have been made until the limit of available space has been reached. "If this increase in enrollment had been confined to the administration building adjustment might have been made, but other departments in the college of letters and science have grown proportionately. The most phenomenal increase has been in the department of general economics, which is now 750 per cent larger than it was three years ago. "Although the situation will be somewhat relieved by the completion of the new south wing of the administration building which will be ready for occupancy before the next college semester opens, but even this additional space will not meet adequately the needs of several of the larger departments. Substantial increases in the undergraduate body expected next fall will further complicate our problem. "In order to make room for both for the present and the future the state board of education will be asked to recommend to the legislature that the university be granted a science hall which will house the departments of zoology, botany, geology, physics, home economics, bacteriology and forestry."

D'ANNUNZIO INCLINES TO COLORFUL CEREMONIALS
Poet-Aviator Maintains Interesting Court as 'Liberator' of Fiume
Fiume, (AP)—"This is the most interesting court in Europe," said one of D'Annunzio's secretaries, at the inncheon today held on the city of Fiume's day, when the "Liberator" of Fiume acted his part with courtiers, soldiers, and "king's guards" and the populace acted as "king's guard" and the arms of the "king's guard" announced his every entrance and exit. He is always accompanied by a long line of aides and functionaries and wears a happy countenance himself. At meals all the courtiers center their attention upon him and listen to the stories he tells, laughing sometimes and crying at others. D'Annunzio's whims in food are always complied with and religious zeal marks the efforts of the entourage to please him. His uniform is always epic-and-span. There is not a blemish on his clothing from head to crown. His long Italian cape sometimes calls to mind the familiar garb of the fallen William II in his German military cape. On public occasions in theaters, his place is reserved with much attention and when he enters cheers are given by the men and women who follow him. Where he gives a concert in the palace, his place in the front row is respected with the reverence due to a religious chief. His apartments are bedecked with all sorts of presents from the townspeople. Italian and Dalmatian flags make up the color scheme. On his name day, he was the recipient of bouquets of flowers from admirers in the city. The royal march greets him when he makes his appearance on the balcony of the palace.

MRS. KIRKLAND GIVES PRAISE

Was So Run Down at Times the Could Not Walk—Gains 20 Pounds by Taking Tanlac

"I have not only gained twenty pounds by taking Tanlac but it has rid me of the nervous indigestion which made my life miserable for three years," said Mrs. Mattie Kirkland, of 2247 Benton Boulevard, Kansas City, Mo. "During those three years," she continued, "everything I ate disagreed with me and I entered for hours after every meal with gas, indigestion, stomach. My head ached all the time and I would often get so nervous and dizzy that I would have to lie down. I lost weight and I got down to only one hundred and ten pounds and my housework was simply a burden to me. I was so run down and weak I could not walk at times and when I tried almost everything I heard of nothing did me any good. "I read so many testimonials for Tanlac from our own Kansas City people that I decided to try it and the very first bottle improved me wonderfully. I have now taken seven bottles and I can eat what I want without any least trouble afterwards. My appetite is splendid and my nerves are so calm I sleep like a child every night. In fact I feel as strong as well as I did before my troubles started three years ago. I am glad to make this statement for Tanlac, for if I hadn't seen similar testimonials from others I probably would still be a sick, miserable woman. "Tanlac is sold in Twin Falls by City Pharmacy and by the leading druggists in every town.—Adv.

OVER TEN YEARS WORK TO RESTORE RUSS RAILWAYS

Home Development and Importation of Rolling Stock Chief Needs
MOSCOW, (AP)—Russian railroad shops, working at a maximum of peace time capacity, will require more than ten years to restore normal traffic with the present facilities. The chief needs are shown to be the importation of rolling stock and the home development of the transportation industry. The survey shows that in 1914 the number of locomotives was about 10,000 with 50 per cent of commission or in need of repairs, and the number of cars 250,000. Lines in operation have also diminished by 50 per cent. The maximum pre-war production in the Russian shops was 1800 locomotives and 40,000 cars annually, and the number of rolling stock was 13,000 locomotives and 300,000 trucks. The present need is for 15,000 locomotives and 450,000 cars.

JOHNSON NOT TO ENTER MASSACHUSETTS CONTEST

Statement Defines Attitude of California Senator in Bay State Primary Campaign
SPRINGFIELD, Mass. (AP)—In a statement given out here today at the request of Angus McSwain, manager of the Johnson eastern headquarters in New York, announcement is made that Senator Johnson will not enter the primary contest in Massachusetts. The statement defining the senator's attitude in the Bay state primary campaign is as follows: "Senator Johnson after careful consideration of the situation in Massachusetts, decided not to enter the primary contest there. He has not authorized nor has any person authorized in his behalf the endorsement of any candidate in that contest. Senator Johnson recognizes that the men who are being voted for are in many instances of national prominence and that their views upon public questions are understood by the citizens of the state. He does not desire to take part in the contest, nor to have persons who have generously formed organizations in his behalf attempt to influence the election of delegates who have not expressed a preference for his nomination."

HONOLULU TO ENTERTAIN CONGRESS OF SCIENTISTS

Solution of Problems of Lands in Pacific Ocean Prime Purpose of the Assemblage
HONOLULU, T. H. (AP)—Invitations have just been issued by the Pan-Pacific Union here to a Pan-Pacific scientific congress to be held in Honolulu, August 2 to August 20. Prof. Herbert E. Gregory, director of the Bishop museum, Honolulu, sent out the invitations as chairman of the congress. The purpose of the congress, it is pointed out, are to outline scientific problems of the land in the Pacific ocean and to suggest methods for their solution; to make a critical inventory of existing knowledge and to devise plans for future study; to formulate for publication a program of research which will serve as a guide for cooperative work for individuals, public and private institutions and governmental agencies. Representative scientists from the countries whose interests in whole or in part center in the Pacific will be present. The program for the gathering is in the hands of the committee on Pacific exploration of the national research council, which consists of John C. Merriam, University of California, chairman; William B. Davis, United States coast and geodetic survey; E. A. Dally, Harvard university; William M. Davis, Harvard university; Barton W. Evermann, California Academy of Science; E. B. Mearns, National Geographic society; George F. McEwin, Scripps institute; Herbert E. Gregory, chairman of the congress.

ATHLETES TO MEET YANKEES

PHILADELPHIA. (P)—The Oxford-Club team which will meet America's best in the two-mile college relay championship at the United States Saturday, was selected today by Coach Shrub. They are Tatham, Stallard, Budd and Milligan. All British entrants were on the track yesterday.

The relay team from Redlands university, Cal., entered in the two-mile championship, arrived today.

SOMMERS BEATS GILLUM.
LEWISTON, Idaho, (P)—Al Sommers, San Francisco, light-heavyweight won a decision tonight over Harry Gillum of Boise after 12 rounds of furious fighting, the contest being directed by the state boxing commission. Cliff Gillum of Boise and Battling Barnes of Spokane fought eight rounds to a draw.

LIGHTWEIGHTS REAGAN-RYAN FOR NEXT SHOW

Classy Butte Man May Be Matched with Kentuckian Here May 8

If success attends negotiations pending the make event at the Twin Falls Athletic association's next fight carnival will be between Frankie Reagan of Butte and Jack Ryan of Kentucky. These men are classed lightweights, fighters first and boxers second, they make an even match. Such a go, it is expected, will be a slasher from start to finish.

"We are negotiating with Reagan and Ryan and expect to close with the pair in a day or so," said Matchmaker Harry McKinley of the local club today. He also stated that a definite date has been fixed for the coming fight show, the date being May 8.

In addition to Reagan and Ryan the association matchmaker is figuring on a bout between Bill Woodhead and Young Slaughter and also a battle for the title of welterweight champion between a couple of worthy men on the strong for the Wallace contest, and as soon as Matchmaker McKinley decides which man will give the weaker the best battle articles will be signed. Wallace's lightweights, who wallowed Frank Pierce of Burley into submission at the last carnival held here. The Reagan-Ryan go will probably be scheduled for 15 rounds, with the other two fights and either six or four.

"We are looking for men who will give us action; no stalling will be permitted, and only boys whose record proves them to be signed for the coming entertainment," says Matchmaker McKinley.

Young Slaughter, who is scheduled to go on with Bill Woodhead, is a heavy featherweight, and is rated a fast young-man, with a kick in either hand. He is a Britisher and was with the British expedition to Bagin and Franca. His record indicates he will make Woodhead go some.

A scrap between Bill Woodhead and Young Base, bid for Goodrich for last Friday night, was not staged, it seems that no regular articles of agreement were ever signed, and neither battler took the proposal seriously. Neither showed up for the bout.

DEVORE LOSES.
DES MOINES, Ia. (P)—Homer Smith of Kansas City in a pointed Bob Devore of Kansas City in a 12-round boxing bout here last night in the opinion of ring-side critics. Devore was floored three times in the tenth round. The men are heavyweights.

GRAMP GETS VERDICT

CANTON, O. (P)—Jack Britton, welterweight champion, won the newspaper decision over Jack Malone of St. Paul in a 12-round bout here last night.

Brief Bits of Sport

Buccion has already started in the Yellowstone Outlaw league.

The Boxing club has canned Bert Williams as manager, and replaced the former Union association man with Ed Willett, formerly a twister with Detroit and the Bee.

Get 'em fighting among themselves and the league will outlive itself out of existence.

Charlie Comiskey must have made a most satisfactory settlement with "Buck" Weaver. The quondam rook-investor is leading not only the White Sox club but the whole American league at bat.

Also Rube Marquard has won every game he has appeared in since his wife started a suit for divorce against him.

Can't say whether or not Earl Sheely, Bee first baseman, is slipping, but he's neither fielding nor batting in form this spring.

Little kiddie from a local farm was asked how many kinds of cattle he had down on the place. He replied: "Two; minorkneys and heffers."

The White Sox-Cleveland game wasn't played yesterday, rain preventing the Spiders taking a licking.

Tris Speaker, manager of the Cleveland Americans, is worried because it is the unanimous opinion of the home town critics that the Indians will win.

Speaker takes it as a sort of unlucky jinx for his club.

Leslie (Joe Buller) Bush went in against Washington the other day after his complaint on the Boston mound Jones, had lost the game. Bush pulled the thing out of the fire and set the Senators back without a hit in two innings. He fanned four Washingtonians.

Jimmy Wilde, the British lightweight who made the world's atoms of the ring, says he is willing to take on Pat Moore, Jack Sharkey, or Pete Herman, but says they must conform to his amateur rules as they prevail in this country.

That means that each and every man who will agree to make 125 at the ring-side, is at his own risk.

It is improbable that any one of the trio will agree to make 125 at the ring-side, so there is slim possibility that Jimmy will entertain any of them very early.

At that the Britisher would be handicapping himself 10 pounds.

On the blacklist goes the name of Wally Schang, Red Sox holdout catcher. Wally is one of a very small coterie not in active baseball service.

The holdout now has passed from view. He's joined the merry slugging crew, just as the holdups always do.

Sam Smiley, agebrush sage, says: "Kiplin's said a woman was a rag, an' a bone an' a hank o' hair, but that's a

lot o' women who'll make affidavit that the world's full o' men, what aise a rag an' a drone an' a tank o' hot air."

NOTICE

Of Municipal Coupon Special Assessment Local Improvement Bond Issue and Sale by the City of Twin Falls, Idaho.

Public Notice is Hereby Given, That the City of Twin Falls, in the County of Twin Falls, and State of Idaho, intends to issue and negotiate the Municipal Coupon Special Assessment Local Improvement Bonds of said City of Twin Falls, Idaho, for the following purposes, to-wit:

(1) Municipal Coupon Bonds to the amount of Five Hundred Ten Thousand Seven Hundred Ninety-seven (\$510,797.00) Dollars, for the following purposes, to-wit: (a) Municipal Coupon Special Assessment Local Improvement Bonds of the City of Twin Falls, Idaho, to provide for grading, paving, curbing and surface drainage of streets, avenues and alleys and certain parts of streets, avenues and alleys, all included in Local Improvement District No. 34 of said City of Twin Falls as said district is created by Ordinance No. 282 of said city, by grading, paving, curbing and surface drainage of streets, avenues and alleys included in said Local Improvement District No. 34.

(2) Municipal Coupon Bonds to the amount of Eighty-two Thousand Three Hundred Eighty-three (\$82,383.00) Dollars, to be designated "Municipal Coupon Special Assessment Local Improvement Bonds of the City of Twin Falls, Idaho," to provide for improving certain streets, avenues and alleys and certain parts of streets, avenues and alleys, all included in Local Improvement District No. 35 of said City of Twin Falls as said district is created by Ordinance No. 283 of said city, by grading, paving, curbing and surface drainage of streets, avenues and alleys included in said Local Improvement District No. 35.

(3) Municipal Coupon Bonds to the amount of Twenty-five Thousand and Eighty-three (\$25,083.00) Dollars to be designated "Municipal Coupon Special Assessment Local Improvement Bonds of the City of Twin Falls, Idaho," to provide for improving certain streets, avenues and alleys and certain parts of streets, avenues and alleys, all included in Local Improvement District No. 37 of said City of Twin Falls as said district is created by Ordinance No. 284 of said city, by grading, paving, curbing and surface drainage of streets and parts of streets included in said Local Improvement District No. 37.

Said bonds will be issued in conformity with the provisions of a certain ordinance of said city yet to be adopted and approved by the Council and Mayor of the said city.

The bonds will bear date the 1st day of July, A. D. 1920, and will be redeemable at the option of the city at any time on or before ten (10) years from date thereof and shall be absolutely due and payable at the expiration of ten (10) years from the date thereof.

Said bonds shall be issued in denominations of One Thousand (\$1,000.00) Dollars, Five Hundred (\$500.00) Dollars and One Hundred (\$100.00) Dollars each and the principal of said bonds and the interest thereon shall be payable at the office of the City Treasurer of said City of Twin Falls, or at the National City Bank, in the City and State of New York, at the option of the holder. Said bonds will bear interest at a rate not exceeding seven (7%) per cent per annum, payable semi-annually on the 1st day of January and the 1st day of July in each year.

The Mayor and Council of said City of Twin Falls, will up to Monday, the 31st day of May, 1920, at the hour of 8 o'clock p. m., in the office of the City Clerk, in the Water Works Building at the corner of Second Avenue North and Second Street North, receive sealed bids for said bonds.

All bids must be without condition as to legality and must be accompanied by an unconditional certified check on a national bank or trust company, equal in amount to ten (10) per cent of the face value of the bonds bid for. Bids

shall state the rate of interest (not exceeding seven (7%) per cent per annum) on which their bids are based. After ascertaining the bona fide terms upon, and the lowest rate at which, said bonds can be negotiated, the bonds will be sold, but in no case less than their par value and accrued interest at the time of disposal by the City Treasurer under the general supervision of the Mayor and Council.

The Mayor and Council reserve the right to reject any and all bids. By order of the Mayor and Council of the City of Twin Falls, Idaho.

By W. H. ELDRIDGE, Mayor.

W. A. MERRICK, City Clerk. (Seal)

ORDINANCE NO. 296

An Ordinance Approving and Confirming Assessment Roll for Local Improvement District No. 34, Filed in the office of the City Clerk on the 15th day of March, 1920, covering the cost and construction of the grading, paving, curbing and surface-drainage certain streets, avenues and alleys in Local Improvement District No. 34 of the City of Twin Falls, Idaho, said district is laid out and defined by Ordinance No. 282, and levying the said assessments upon the owners of lots and property fronting or abutting, contiguous or tributary to said improvements, and included in said improvement district, and in proportion to the benefits derived by said improvement.

Whereas, it appears that proper notice has been given by the City Clerk of the City of Twin Falls, Idaho, to the owners of lots fronting or abutting, contiguous or tributary to the improvements to be constructed by the City of Twin Falls, and included in said improvement district and in proportion to the benefits derived by said improvement, to the benefit of the said owners, and certain persons having appeared and filed their protests and objections to said assessments, and the City Clerk having reported that there were certain protests and objections to the said assessments filed with him, and he at this time having presented said objections and protests, and each of them, and said objections and protests and each of them, and having been duly considered, and it appearing to the Council that the assess-

INJURIOUS REPORT

The statement is freely made in certain quarters in Twin Falls, by inference at least, that as a result of the controversy now going on in connection with the effort to establish the American Plan or open shop system there, empty houses are the order of the day, business depression has the city by the throat and bankruptcy lies in wait around the corner for those merchants who have seen fit to endorse the program of the Southern Idaho Employers' association.

Nothing could be further from the truth. For a good many months now, houses for rent have been snapped up at a premium and new ones cannot be built fast enough to supply the demand. Within the past few months serious thought has been given to the problem presented through the rapid growth of the City's population. Today the thing Twin Falls needs most is houses, and from all indications houses will continue to be the crying need of the community for some time to come, notwithstanding the fact that building is going steadily forward with the owners taking possession almost before the paint is dry.

Business generally in Twin Falls is facing no period of depression other than that which comes of the season and the growing difficulty of securing certain lines of goods at short notice. Yet there is no particular shortage of goods nor will there be, beyond the same trifling inconvenience attendant upon the processes of business in every town in the country.

It is unfortunate that publicity of this nature should go out to create an impression not based upon facts and calculated only to work inconceivable harm upon Twin Falls. There is never any advantage in spreading tales of business depression, even when true; when wholly false, such action becomes doubly aggravating.

The News would suggest an investigation into the truth of these statements by the Chamber of Commerce, with a written report to be given the widest publicity as a means of overcoming as far as possible the harmful effects of these misleading statements. If there is the least foundation in fact for the assertions made Twin Falls people should know it and should know it authoritatively, so that no time may be lost in getting at the cause and the correction.

TO UNFURL PENNANT

CINCINNATI, O., (AP)—May 23 was announced yesterday as the date when the American League baseball club as the date on which the 1919 world's championship pennant will be hoisted at Redland field. The National league banner, the first ever won by a Cincinnati club, will be raised May 11.

THE FORUM

A NEW RICHMOND IN THE FIELD. A postal card mailed at Washington, D. C., significantly bearing on one side a picture of the White House and addressed to "The House of Representatives, Idaho," makes the modest but important announcement, as follows: "Sir—I am a favor of you to tell the publishers of the... date for nomination for Republican U. S. President, Chicago, June 1, 1920. The House of Representatives is too old and statesman. He advocates an expensive idle army. He did not win in Idaho primary election."

In copying the above fulmination the name of the would-be candidate was left blank where it first occurred for the reason that, printed in capital letters it was impossible certainly to tell whether it was LOUIS A. BAIRD or LOUISA BAIRD. But it seems chivalrous to give Louisa the benefit of the doubt and call her as the coming presidentess! If a similar card has been sent as seems probable to every city, town and hamlet in the land, and Mr. Harrison's machine has not been used badly out of gear, most of them will have "got there"—and Louisa should be likewise.

Then halt the day—the great good day! Why, Louisa! You are to blame the way! No more more man the roost shall hold! No more shall congress go to school! Congress and quess have long been known—then woman really finds her own when the hand that rocked this trade shall be laid upon the handle Of the White House big front door! —LAWRENCE.

SYRIANS CHARGED WITH CONSPIRACY TO DEFRAUD

Loss of Millions of Dollars Revealed in Co-operating Investigations

NEW YORK, (AP)—Federal indictments similar to those which have been returned in Washington, North Carolina, charging 28 Syrian merchants with conspiracy to defraud, soon will be sought in many other parts of the country. It was announced here today by the National Association of Creditors, which has been co-operating with federal agents in an eight months investigation said to involve the loss of millions of dollars.

Charles D. Wooten, manager of the association's investigation and prosecution department, declared that the association has discovered the use of a nationwide plan, engineered by educated Syrians, to defraud clothing and textile jobbers and wholesalers. The plan was to set up certain Syrian merchants in business, show them how to operate small stores and to build up credit. The "higher ups" obtained the merchandise and disposed of it. According to Wooten, New York merchants alone lost \$250,000 in the last six months, while other centers affected were St. Louis, Chicago, Cincinnati, Detroit, Cleveland, St. Paul, Milwaukee, Seattle, Portland, Ore., San Francisco, Los Angeles and New Orleans.

Breaks into Prison to Beat High Costs

—JOLIET, Ill. (AP)—Robert Needham, 34, who was sentenced to the workhouse for a year for breaking into the prison last night—scaled them from the outside and sneaked back into the penitentiary. Needham was paroled April 2. He had been sent here from Whiteoak county on a charge of burglary. "The only way to beat the high cost of living in to be in prison," said Needham, when asked his reason for returning to the prison.

CALIFORNIA CARPENTERS TO BOYCOTT OVERALLS CLUBS

MARYSVILLE, Cal., (AP)—Members of the Marysville carpenters' union, it was announced today voted to boycott all businesses which permit or permit their employes to participate in the movement to wear overalls as a means of reducing clothing costs. The action was taken it was said because the "movement tends to increase the prices of overalls and makes their purchase prohibitive for mechanics and artisans."

KANSAS COURT LAWS PUT TO JUDICIAL TEST

Opponents Centered Around Miners' Leader, Attack Validity of Act Creating Industrial Relations Tribunal

PITTSBURG, Kan., (AP)—The law which created the Kansas court of industrial relations was put to a test in the Kansas judicial machinery today. Opponents of the law, centered around Alexander Howat, chief of the Kansas coal miners, this morning attacked it as unconstitutional when the injunction hearing in the case instituted by the state to prevent the calling of a mine strike came up before Judge Andrew J. Curran in the Crawford county district court.

On March 30 Judge Curran granted an order restraining Howat and other union officials from calling a strike. The following week the industrial court convened to investigate the injunction. Howat and other officials ignored subpoenas and the order of Judge Curran for them to appear as witnesses. Judge Curran found them guilty of contempt and sent Howat and three other officials to jail. After a week of confinement the officials gave bond and liberty pending an appeal to the Kansas supreme court.

Counsel for the miners announced yesterday that they would make a complete attack on the new law although it is unconstitutional, so as to send the law to a test as speedily as possible. They deny allegations of a conspiracy made by the state. The Kansas miners walked out when Howat was sent to jail and the production of coal for the period from April 10 to the present has been practically nothing. Yesterday four-fifths of the mines were reported working. Fewer mines are working today.

DENY UNION GARDS TO TEACHERS AND FIREMEN

SAN FRANCISCO, (AP)—Members of the teachers' and firemen's unions, recently organized here, received notices by mail today from the board of education and the board of supervisors that they must give up labor union affiliations or lose their positions.

BIRBE DEPORTATION TRIAL

DRAWING NEAR CLOSE TOMBSTONE, Ariz. (AP)—The defense in the trial of Harry E. Wooten, charged with kidnaping in connection with the Birbe deportations, rested today. The prosecution expects to end its testimony before night.

BAMPHON OUTLASHED

PHILADELPHIA, Pa., (AP)—Mike O'Dowd, middleweight champion, outboxed Bamphon of Philadelphia last night with a margin which the police ordered the referee to stop the fight in the fourth round. The bout was scheduled to go six rounds. The informed shopper will find just as attractive an outing in a period of high prices as when prices are low. For price, after all, is a relative thing—value is a fundamental thing.

Today's Markets

New York Exchange NEW YORK, (AP)—Fears of drastic federal tax legislation and revival of bear activity contributed to the irregular closing of the New York stock market, which approximated 1,250,000 shares. Call money rose to 8 per cent in the later trading, provoking reactions of 2 to 10 points with many actual losses of 1 to 5. The closing was heavy. Liberty Bonds NEW YORK, (AP)—Final prices today on Liberty bonds were: 3 1/2% 903.02; first 4-4s 886.80; second 4-4s 885.80; third 4-4s 890.00; fourth 4-4s 893.94; Victory 3 3/4s 896.80; Victory 4 3/4s 898.80.

Grains and Provisions CHICAGO, (AP)—Fresh advances in the corn market today resulted from continued rally weather and from indications that Europe was still after rye and wheat. Both France and Great Britain were said to be out of the market, but other trans-Atlantic countries appeared to remain anxious buyers. On the upturn in the corn market, however, profit-taking on the part of holders was much more in evidence than was the case yesterday. Opening quotations which ranged from unchanged to 1/4 cent higher, closed at 1 1/4 to 1 3/4 and July \$1.60 to 1.67, were followed by a moderate reaction and then by new rallies.

Wreckage of sterling exchange and of the New York stock market had a bearish effect later. The close was nervous at 1 3/8 to 1 3/4 and 1 1/4 to 1 1/2 and July \$1.74 to \$1.74 1/4 and July \$1.64 78 to \$1.65. Oats climbed to new high record prices, but then sagged as a result of sales advance, with July \$1.74 to \$1.74 1/4 and July \$1.64 78 to \$1.65. ELECTORS PICK CANDIDATES IN TRIO OF STATES

Primary Elections in Progress in Ohio, Massachusetts and New Jersey for Expression of Preference; Name Delegates

COLUMBUS, O., (AP)—Ohio voters today were expressing their preference for presidential candidates and electing delegates to both the republican and democratic national convention.

The principal primary fight was that between Mayor Otis Leonard Wood and Senator Warren C. Harding, Ohio's "favorite son" for the republican presidential endorsement and for control of the 48 delegates to be elected for the national convention at Chicago.

BAY STATE VOTERS BALLOT ON CONVENTION DELEGATES
BOSTON, (AP)—Massachusetts voters balloted today to elect four delegates at large to the republican and democratic national conventions and 31 republican and 31 democratic delegates for either Senator Hiram W. Johnson or Major General Leonard Wood. Democratic voters were not asked to indicate a direct preference.

One Man Killed, Three Missing and Five Injured in Accident in Engine Room; Repair Work Progress

DES MOINES, Iowa, (AP)—One man was killed, three were missing and five were injured in the explosion in the engine-room of the Des Moines city gas plant early today. The explosion shook buildings all over the city. All independent underground gas lines are at a standstill and thousands went breakfastless. The cause of the explosion has not been announced.

NEBRASKA FARM LANDS DAMAGED BY FLOOD WATERS
NORFOLK, Neb., (AP)—Recession of flood waters of the Elkhorn river near Norfolk, Neb., has done some damage to farm lands. West of Norfolk the flood is receding, but it is rising east of here. The river, out of its banks for several days, is interfering with traffic on the Chicago and Northwestern railroad.

OUTLINES POLICIES OF NEW POLITICAL PARTY

National Convention to Carry Out Program Committee of Forty-Eight

CHICAGO, (AP)—A national convention of the committee of 48 to form a new political party will be held here on July 10 to 13, it was announced Monday by M. Harrison, a divisional director of the organization.

The new party, "representing the needs and hopes of average American men and women," has an aggressive, wide campaign against both republican old parties and in support of a constructive program of economic, social and political progress," an announcement said.

The committee of 48, which adopted a platform and a statement of aims at a convention in Chicago last week, has a membership of 50,000, Mr. Harrison said.

The organization's platform includes: public ownership of transportation, including stockyards, large abattoirs, grain elevators, terminal warehouses, pipe lines and tanks. Public ownership of other public utilities, including the principal natural resources, large water powers and large commercial timber tracts.

A heavy republican and a light democratic vote was in prospect at the opening of the polls today.

Theatres

IDAHO

In these days of widely-heralded artistic motion pictures, casts so often fail to materialize into the screen. It is a relief to find a picture like "Everywoman," showing at the Idaho theatre, that the director, in this case, is presenting an array of film favorites that has seldom been duplicated in one picture before.

RIGOLETTO

Those who are so fortunate as to have heard Rigolletto, sung by the Sorbonne Italian Grand Opera company at the Layington theatre last night were the recipient of a most interesting picture which probably not soon be forgotten.

Only a fair sized house greeted the singers but this was due for the most part to the fact that a majority of the company were "Il Trovatore," which is the offering for tonight. It was a sympathetic audience, however, and in every respect the response of the company was whole souled and sincere.

DETAILS OF GUARDIAN TO PRESERVE ORDER AT TRIAL OF NEGROES IN TENNESSEE

NASHVILLE, Tenn., (AP)—A detail of 60 state guardsmen from Memphis and Jackson were ordered today by Governor Roberts to go to Savannah, Tenn., to preserve order at the trial of four negroes accused of the killing of Harry Allen, a Hardin county merchant.

ORIGINS RECORDS PRODUCED IN CONTRACT INVESTIGATION

PORTLAND, Ore., (AP)—The United States district court today ordered the Columbia River Shipbuilding corporation and the Northwest Steel company to turn over to a federal grand jury all of their records for examination. The grand jury is investigating alleged frauds in connection with the construction of vessels for the emergency fleet corporation.

Best of good wishes to the High School baseball team which goes to Wendell tomorrow. On Friday night this team will engage Rupert. The hearty support of Twin Falls goes with them.

A healthy interest in sports is one of the characteristics of the Twin Falls High School students and not the least important part of the training which young men receive in our schools is to be found in this devotion to outdoor recreation which comes commonly under the head of sports. Good sportsmen make good men and while Twin Falls does not often lose, to be good losers is just as important as to be good winners.

Help the boys and the schools of Twin Falls. Get behind both of them. They are worth it.

A GOOD PLACE TO TRADE

Best Suit Sale in Years

The Alteration Sale of Suits has already attracted crowds of buyers. Women who expected to pay from \$75 to \$100 for suits find what they want at half the price.

Every suit in the department has gone into one of these divisions: \$32.50, \$47.50, \$62.50. In many cases these prices represent but one-half of their real value.

Dozens of women who had given up the idea of buying a suit this year; have changed their minds after seeing these values.

ONLY THREE PRICES

There are now but three prices in the entire stock. No matter what the former price, the garment has gone into one of these three groups:

\$32.50
\$47.50
\$62.50

Conditions of the Sale

Since these suits in most cases are selling at a loss to us we must charge for needed alterations. There can be no approvals, no exchanges, no returns for credit; after the sale is made it must be considered final.
