## SECRET SERVICE ON GUARD AGAINST MAY DAY DISORDERS

### COMPLETION OF SOLDIER RELIEF BILL REACHED

Five Optional Plans for Payment of Adjusted Compensation are Provided in Measure Now Up to Conference

### PRESENT PLANS PROVIDE FOR IMMEDIATE ACTION

Four Plans Proposed for Raising Revenues to Meet Expenditures Estimated at \$1,800,000,000

WASHINGTON, (AP)—The soldier relief bill finally was completed today by a majority of the republican members of the house ways and means committee and will be considered tonight at a conference of house republicans. Present plans are to bring it up Monday for immediate passage.

### Five Optional Payments

Five optional plans for payment of adjusted compensation are provided as follows:

"Adjusted service pay at \$125 for each day's service in excess of 90 days between April 5, 1917, and January 1, 1920.

Extension of vocational training at \$175 for each day's attendance on a course of instruction declared suitable by the federal board for vocational education.

Purchase or improvements of city or suburban homes with compensation at the rate of \$1.75 for each day's service.

Issuance of paid up insurance at the rate of \$1.75 for each day's service. Such insurance will be payable twenty years after maturity of the policy.

Loans could be obtained at any time after two years.

### Create Settlement Board

Establishment of a "national veterans settlement board," composed of the secretary of the interior and four members to be appointed by the president, at least three of whom shall be former service men, which would be authorized to make loans to service men not exceeding \$1000 for the reclamation of their lands.

### BRITISH TROOPS SUPPORT SULTAN

Prepare in Many Ways for Enforcement of Terms of Treaty with Turkey  
CONSTANTINOPLE, (AP)—British troops, it is believed, plan to support the sultan's forces in the movement against Turkish separatists in Asia Minor and even join in an aggressive offensive against Mustafa Kemal. Elaborate preparations are being made by the British along the Anatolian coast of the sea of Marmora. The Circassians who have been fighting in various parts of Anatolia, especially in Cilicia, are being ordered to support the sultan's forces as well as the troops of Mustafa Kemal. In many other ways the British are preparing for enforcement of the terms of the treaty with Turkey, the announcement of which is awaited here with considerable uneasiness.

### German Troops Again to Enter Ruhr Region

LONDON, (AP)—German state defense troops will march into the southern Ruhr district for the protection of public order and industry, says a wireless message from Berlin today.

### KANSAS COURT ACTS AGAINST WALKOUT CALL

### Declares Industrial Relations Tribunal Law Constitutional and Issues Injunction Against Miners' Union Leaders

PITTSBURG, Kan., (AP)—Following announcement of his decision that the new court of industrial relations law is constitutional, Judge Andrew J. Curran in the Crawford county district court this morning granted a temporary injunction enjoining Alexander Howard and other district and local union officials of the Kansas district of the United Mine workers from calling a strike. Judge Curran did not make the injunction mandatory as the state had asked, stating that it had been above the Kansas mines now largely are at work, Judge Curran said that he would make the injunction mandatory if a showing were made in the future, during the life of the injunction, that the mines were idle. The temporary injunction will be in effect until May 12, when the application of the state to make the injunction permanent is set for hearing. Judge Curran declared the industrial court law constitutional in a lengthy decision on the demurrer offered by the defense to the application of the state.

### DRAGNET RETAINS FEW

Only 23 Out of 600 Extrajurisdiction Bound Up are Held for Deportation

NEW YORK, (AP)—Only 23 alleged extrajurisdictionals finally have been held for deportation at Ellis island, out of 600 rounded up in raids by the department of justice last January, according to a statement today by James Beasly, counsel for many of them. Hearings in all their cases had been completed, he said.

### CLAIMS RECORD PRIZE FOR TEAM EDMONTON, ALTA.

EDMONTON, Alta., (AP)—What is thought to be a record prize for a team purchased in the sultan's provinces was paid recently when a fine team of registered percheron mares at Beaver Falls sold for \$1975.

### WOODS GIVEN LEAD OF 1,207 IN NEW JERSEY

Complete Figures in State Presidential Preference Primary Increase the General's Vote; Johnson to Ask for Recount

NEWARK, N. J., (AP)—Complete and corrected figures in the New Jersey preferential presidential primary gave Major General Leonard Wood a lead of 1,207 votes over Senator Hiram W. Johnson. The vote stood: Wood 62,608; Johnson 61,401.

Formal application for a recount of the vote in New Jersey's presidential preferential primary last Tuesday may be made here late today, according to supporters of Senator Hiram W. Johnson, of California, who, on the face of unofficial returns from all but our districts, were defeated by Major General Leonard Wood by 1,207 votes.

Harry Kalisch, former city attorney of Newark, who has been released by Johnson, was to initiate the recount proceedings, would not indicate whether the recount would cover the entire state or only certain sections. Charges of manipulation of the ballots, made by Johnson supporters, were ridiculed by Wood adherents who pointed out that the vote, as reported, was entirely official. The four districts yet to be heard from are in Hunterdon county, which has given Wood a majority in the complete returns. The total vote today was: Wood 62,607; Johnson 61,377.

### Harding Loses One Delegate at Large

COLUMBUS, O., (AP)—By a margin of but 30 votes, Harry M. Daugherty of Columbus, national campaign manager for Senator Warren G. Harding, was defeated in Tuesday's primary for delegate-at-large to the republican national convention at Chicago, complete returns from the state showed last night. The vote was: Daugherty 107,355 votes and his rival, W. E. Boyd of Cleveland, a Wood delegate, 107,325.

The other three delegates at large elected are Harding men. The other votes were: Myron T. Herrick (Harding), 132,368; Frank B. Willis (Harding), 128,109; John Galvin (Harding), 120,106; Edward C. Turner (Wood), 108,134.

Senator Harding probably will have 49 of the 48 Ohio delegates to the Chicago convention pledged to him. (Continued on Page Four)

### Department of Justice Officials Bend Efforts to Protect Lives of Persons Marked for Slaughter

### PALMER SAYS VIOLENCE PURPOSED TO WIN SYMPATHY FOR BOLSHEVIKI

### ACTIVITIES OF ALIEN AGITATORS RESULT IN DISPATCH OF COAST GUARD OUTRIGGER TO ALASKA

WASHINGTON, (AP)—Activity of alien agitators in the vicinity of Hydrus, Alaska, resulted in the dispatch today by the coast guard cutter Algonquin from Port Townsend, Wash., to that place. Announcing the departure of the Algonquin, the coast guard service said the vessel would co-operate with the local officials in maintaining order. The Algonquin carries a crew of 71 and is equipped with four 3-inch rifles and two machine guns. Dispatches to the coast guard service did not give details as to the situation at Hydrus.

Radical agitators have been active in Alaska and complaints of the situation there have been made before congressional committees by Alaskan officials and others. Governor Riggs recently announced that he would ask congress to provide for a constabulary to curb the radicals, who, he said, threatened to demoralize industry.

### WASHINGTON, (AP)—Federal agents have been instructed to "go as far as the law will allow" in breaking up May Day radical demonstrations.

In making this announcement today, Assistant Attorney General Garvan said department of justice officials were concentrating on efforts to protect the lives of officials, federal and state, who have been marked for destruction and to prevent violence generally.

Warning that they had been selected by radical elements for assault or assassination as part of a May day demonstration had been received from department of justice agents today by more than a score of federal and state officials. Announcement of the discovery of the plot by government agents was announced last night by Attorney General Palmer.

The assassinations and assaults were to have been a part of the May day program planned by the communist labor party and other radical groups, Mr. Palmer said, adding that the contents of the plot by government agents were being kept secret to bring about strikes in all the basic American industries in behalf of space with soviet Russia.

Mr. Garvan has received copies of an appeal by the executive committee of the communist labor party urging the workers to lay down their tools "in behalf of political prisoners who are martyrs to the cause." These circulars were distributed yesterday in at least eleven large cities. Department agents reported. Their contents were described as highly inflammatory.

### Appeal to Workers to Show Their Strength

BOSTON, (AP)—An appeal to workers to show their strength by a unit strike on May 1 is contained in posters purporting to be the "May day program of the central executive committee of the communist party of America," which are being circulated here. The appeal is headed "Hail to the soviets."

### Spokane is Plastered with Radical Posters

Spokane, Wash., (AP)—Stickers, posters and circulars, printed in red ink and purporting to be signed by the communist labor party and urging a general strike on May 1, have been freely distributed in Spokane, according to police reports. No other activities have been reported.

### Miners to Join French General Strike Move

PARIS, (AP)—Miners throughout France will continue the May day demonstration into a general strike in accordance with the resolution of the general labor federation, according to an announcement made today by the secretary of the federation. Other unions still are awaiting orders from the federation. The headquarters of the civil union organization is recruiting volunteers to insure the functioning of indispensable public services. Many people are offering their services and were crowded into the hall before the meeting. It was known that a general strike had been ordered.

### One Day's Strike is Called in Argentina

Buenos Aires, (AP)—All trades affiliated with the regional workers federation will take part in a 24-hour strike on Monday. By the cap of the May 1 labor demonstration here. Other organizations will cease work for a day and a half on Monday. The strike will stop all trains at noon for five minutes.

### RIVAL FORCES CLAIM CONTROL OF CHIHUAHUA

### Mexican Federal Authorities Dispute Declaration of Obedience Junta of Supremacy in Northern State Capital

### CHINESE WOULD CROSS BORDER IF THREATENED

### Rebels in State of Guerrero Proclaim Sympathy with Sonora Movement and Co-ordinate Aims in Revolution

EL PASO, Texas, (AP)—With Chihuahua City still cut off from telegraph communication, both the Mexican federal authorities and Obregonista forces today claimed their forces controlled that city.

Confirmation of the capture by the Obregonista troops of General Emilio Salinas, northern leader of President Carranza and acting governor of Chihuahua was claimed to have been received by the Sonora rebels. It was reported that a held prisoner, the report stated, by General Eugenio Martinez, who it is claimed is in possession of the city. A small federal force through Chihuahua today claimed that it is done in the capital city, the Sonora managers said today. They claimed a large part of the troops were ready to over to the rebels, irrespective of their officers.

Report was said to have come from Casas Grandes by courier last night that the Federal Mexican troops here were heard shouting: "Viva Obregon."

Additional forces are still being drawn into Juarez. Colonel Uvalde Garcia, arrived today with 200 cavalrymen from San Ygnacio Thursday.

WASHINGTON, (AP)—Fifty thousand Chinese were being sent to the United States for military protection, have petitioned the state department for permission to cross the border in case they are threatened as a result of the present revolutionary activities in that country. The matter is under advisement at the department.

### Through Official Channels it is Learned today that federal forces will hold the port of Frontera, the only part of that section of Mexico not controlled by the rebels.

General Epifanio Mireles, governor of Coahuila, who has been visiting relatives in Los Angeles, has hurriedly returned to his state. He announced on his return that the state was quiet and that there was sympathy with the rebel movement there.

### INDICATES RECOGNITION OF SONORA BELLEGEREJO

DOUGLAS, Ariz., (AP)—The United States government will allow payment of customs duties by American firms or citizens to the de facto authorities in Sonora and being made such payments as a result of the further obligations, according to a telegram received by Douglas today from Douglas. The telegram was today from Douglas, Colby, secretary of state. The telegram was today sent as recognition by the state department of the belligerency of Sonora.

The telegram was in answer to a request from the state department on the payment of customs duties. American government issued a statement that duties paid to Sonora would have to be upon agreement with the Sonora government when the state "again came under federal control."

The ruling, it was said by local bank officials, would mean a cessation of business with the revolutionary state, which had slackened because of the revolt.

### CARRANZA POLICY CONSISTENT WITH PURPOSE TO DRIVE OUT AMERICANS

WASHINGTON, (AP)—W. W. Canada, American consul at Vera Cruz for 20 years, told the senate Mexico investigating committee today that Carranza's policy was to drive out Americans as far as possible. Carranza had announced in 1914 that the present president of Mexico in launching his successful revolution had a primary object of his ultimate objects the driving of Americans out of Mexico and the taking of their property for Mexicans.

Mr. Canada said Carranza's statement was made to foreign consuls who had assembled at Vera Cruz at his invitation at a time when Carranza was making a statement that Carranza should triumph. Since that time, Mr. Canada said Carranza has carried out a policy of driving out Americans. "No American has been in Mexico since 1914 that the present president of Mexico has ever been considered," he declared. "I would report to the department an American note would be upon agreement with the Sonora government when the state would discontinue and, and nothing would be done. Every plantation owned by Americans has been ruined, except on two where great paid officials has protected them."

# RESOLUTION IS ALTERED TO SUIT HEAD OF LEGION

### United States Chamber of Commerce Modifies Formal Expression of Sentiment on the Subject of Soldier Relief

ATLANTIC CITY, N. J., (AP)—Franklin D'Oller, national commander of American legion, Thursday appeared before the resolutions committee of the United States Chamber of Commerce in convention here to examine a resolution opposing a soldiers' bonus, which goes before the convention for adoption late this afternoon. It was learned that modifications of the resolution had been made to meet the approval of the legion colonel in charge. The resolution as modified advocates proper governmental care of wounded soldiers and urges some system, by which on a business basis could be extended former service men, it was understood.

**Oppose Cash Bonus**  
President Homer L. Ferguson, of the chamber said there is doubt the resolution would be passed. "I am unalterably opposed to a cash bonus, or any other kind of charity, or any hand out," he said. "It would be bad for business and bad for labor and worse for the soldiers themselves. I am in favor of direct relief on a cash basis, and extending other business aid to them on a business basis."

When the convention's "labor session" begins, Matthew Wolf, vice president and member of the executive council of the American Federation of Labor, discussed "labor's part in industrial production." He was frequently cheered until he began an attack on Governor Allen of Kansas, who was sitting in the audience at the foot of the stage. Some one began hissing and crying "time," and others took up the cry, until the labor leader announced he would make his closing remarks and sat down. He had spoken for nearly two hours.

## "ELECTRONIC JAG" IS DOCTOR'S DISCOVERY

### Possibilities of Producing All Symptoms of Alcoholic Intoxication on Electricity Attracts Attention

SAN FRANCISCO, (AP)—Possibility of producing all the symptoms of alcoholic intoxication on electric "juice," attracted a good deal of interest here recently when Dr. Albert Abrams, of San Francisco demonstrated to medical men the use of an electrical device he has invented.

This "electronic jag" discovery was purely incidental, Dr. Abrams said. "The discovery," he said, "is based on the theory that the unit energy of the electron and that every material thing is simply a manifestation of different rates of vibration. I have used the vibrations of ether to produce the effects of chloroform itself."

The test of the subject are placed on a sheet of zinc, an electrode is placed upon the head, and, when the current is turned on, one newspaper writer said: "John Barleycorn is with you again. The 'kick' comes slowly and without any appreciation of the fact on the part of the subject until he finds himself unduly loquacious, happy or sleepy."

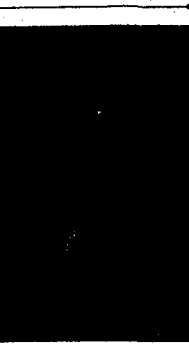

## WEDDING HOLDS ATTENTION OF NEW YORK SOCIETY

NEW YORK, (AP)—The eyes of New York society were focused Thursday on the wedding in St. Thomas church of Miss Rachel Littleton, daughter of the late Mr. and Mrs. Thomas J. Littleton of Chattanooga, Tenn., to Cora Van Velsor Vanderbilt, jr.

Five thousand invitations were issued to friends and relatives, including several hundred of former doughboys who served with young Vanderbilt in France with the Twenty-seventh division. A wedding cake, said to be the largest in the world, was provided for the guests. Gifts valued at nearly a million dollars have been received.

**For a Sore Throat**  
"Chamberlain's Cough Remedy cured my daughter Anna of a severe cold and cough a few years ago. I have since then I have never missed an opportunity to recommend this medicine to anyone suffering from throat or lung troubles. I cannot express too highly a praise of it," writes Mrs. D. J. Shelby, Earlville, N. Y. Chamberlain's Cough Remedy contains no narcotic and may be given to children with perfect confidence. It is a pleasant syrup so they do not object to taking it.—adv.

## BRUNO STEINDEL

## CHICAGO MUSICIAN IS WARMLY PRAISED

### Bruno Steindel Accorded Eminent Position Among Artists of This Country

Bruno Steindel, America's most eminent violinist, will appear in Twin Falls on Tuesday night, May 4. His concert will be given in the school auditorium under the direction of local admirers of the great artist. Speaking of Bruno Steindel a critic in Musical America, says: "Few violinists of the day have the comprehensive musical vision that Mr. Steindel possesses. He never keeps above his times not only in his own particular branch, but his knowledge of sympathetic music, and his general musical acumen, are wide and eclectic."

In Winnipeg recently this artist seems to have won decided favor; for a critic says of him and his work: "Mr. Steindel often played solo works, among them the Beethoven Theme and Variations, a work which he places very high as an exhibition number for the violinist. He also played a number of smaller works, which he himself has transcribed for his instrument and which found much success and appreciation among patrons of his concert."

## ISLANDERS AFFECT "PILLS"

### Cigarette Smoking on Increase in the Philippines, Revenue Reports Show

MANILA, P. I., (AP)—Cigarette smoking in the Philippine islands is on the increase, while the consumption of cigars showed a decline last year, according to the annual report of the collector of internal revenue. The number of cigars during 1919 fell off approximately eight million. There were manufactured in the islands during 1919, 499,000,000 cigars as compared with 485,000,000 in 1918. The production of cigarettes reached a total of 5,947,000,000 last year, as against 4,929,000,000 the previous year. Of the 300,000,000 cigars exported from the Philippines last year, 261,000,000 went to the United States, a decrease of approximately three million from the record of 1918.

## EPIDEMIC CLOSES SCHOOLS

### Influenza Widespread on Island of Molokai in Hawaiian Group

HONOLULU, T. H., (AP)—Epidemic influenza recently closed every school except one on the island of Molokai, according to T. H. Gibson, of the department of public instruction who has just returned from a trip to the island.

There are very few Caucasian children in the Molokai schools, the rolls being filled almost entirely with Hawaiians. The influenza epidemic in Honolulu and throughout the island of Oahu has run its course, according to the board of health, which reports no cases and no deaths recently from that cause.

## PACKER CURB REJECTED BY COMMITTEE IN HOUSE

### Proposals to License and Enforce the Laws Regulating Industry are Turned Down

WASHINGTON, (AP)—Proposals to license meat packers and create a commission to enforce laws affecting the industry were rejected Thursday by the house agricultural committee. With these eliminations agreed upon, a subcommittee headed by Chairman Houghton was appointed to draft compromise legislation for the regulation of the packers.

## AMERICAN UNIVERSITY UNION INVADERS LONDON

### Prepares to Assist New World Students Through Headquarters Capital of Great Britain

SANFORD UNIVERSITY, (AP)—The American University union has opened headquarters in London and is prepared to aid American university people, according to information received here today, through George E. MacLean, director of that office. The union, which is situated at 50 Russell square, will afford a place where American university men and women can make appointments, address their mail, make their headquarters. The object of the union is to serve as a bond between the universities of the United States and those of the European nations, especially by encouraging the attendance and advancing the welfare of American students at the universities of France, Italy, and Great Britain. The London headquarters maintain close relations with the American embassy and consulate and itself has become a sort of educational embassy and consulate.

## WAX RECORD CAPTURES VOICE OF WIRELESS TELETYPE

LONDON, (AP)—Experiments which have been carried out here have resulted in the making of a talking machine record on wax of a voice transmitted by wireless telephone forty miles away. While the voice was speaking in the county of Essex, where there is a high power instrument, the equipment at the receiving plant in the Strand, London, was attached to a recorder, which caught the messages in soft wax in the same way an ordinary disc is produced. The record was perfectly audible, though a trifle "patsey."

# SEEKS TO SOLVE DIFFICULTIES OF U.S. AND JAPAN

## Representatives of Both Nations Meet in Conference in Tokio to Establish Basis for Harmonization

TOKIO, (P)—The conference just concluded here by the Japanese-American relations committee "made so plain a picture that may lead to a possible solution of some of the international difficulties between Japan and the United States," the committee announced. This conference was an outgrowth of an initial meeting of representatives from both countries in Tokyo in April, 1919. The Americans at the present conference, representing the Japanese relations committee of the San Francisco chamber of commerce, included Wallace M. Alexander, chairman; Dr. Benjamin Ide Wheeler, president emeritus of the University of California; William T. Sweeney, Walter R. Moxley, Loyall A. Osborne, Walter L. Clark and Captain Frederick H. Randall.

**Studies Burning Questions.**  
After meeting for several days with the Japanese representatives, headed by Baron Shibuya, the committee summarized the results accomplished as follows:

"Japanese ownership of land and immigration—These are the two vital questions which deeply concern the two peoples. Therefore the joint committee gave the most careful attention to these subjects and after several days freely exchanging views on them, and finally reached the conclusion that the committee on both sides will use their utmost endeavors for the solution of these burning questions."  
"Co-operation of capital—The best way to cement the relations of the two countries is to enter into economic relations. Such enterprises have already been started in Japan and the results are most satisfactory although there is plenty of margin for improvement and development."  
"Cable communication—Cable communication falls far short of our expectations. No satisfactory communication on diplomacy or commerce can be carried on if it is left as it is now. Exchange of professors—Great benefit comes from exchange professorships. In order that this enterprise can be satisfactorily conducted it is important that in universities be selected where the professors shall be established and the exchange of professors can be carried on. In connection with the enterprise a method of publicity should be devised."  
"For Trade Arbitration. There is danger that the good relations of the two countries may be jeopardized on account of disputes between the two countries. Therefore it is highly desirable to create an agency for arbitrating such disputes."  
"Industry—The labor question has a direct relation to industry and it is of an international nature. It is highly important that one country should learn from the experience of the other in dealing with the labor situation."  
"After eight days of the conference, the joint committee was dissolved with mutual expressions of great esteem and satisfaction over the work accomplished. It was the general sentiment that a beginning had been made by the conference that might lead to a possible solution of some of the international difficulties between Japan and the United States."

**LIVES FOR SIX DAYS IN AIR EXCLUDING CABINET**  
British Physiologist Makes Unique Experiment to Calculate Amount of Oxygen in Blood  
CAMBRIDGE, Eng., (P)—Joseph Barcroft, a reader of physiology at Kings college here, has lived for six days in a hermetically sealed glass box.  
The experiment arose out of a 20-year-old controversy as to whether it is possible to calculate the amount of oxygen in the blood from a knowledge of the amount of oxygen in the breath. The test was also made to demonstrate whether it was necessary that attention should have oxygen apparatus when fighting at great heights. It proved that oxygen was necessary to flying men but it did not prove to what height they could fly with safety.  
While in the box Barcroft kept a record of his sensations and made scientific observations. He said he suffered from sleeplessness but otherwise did not experience much inconvenience except on the last day when the atmosphere became extremely stifled. He suffered from headache and nausea. He was watched continually while in the box. He took food and slept in two small compartments fitted up with wicker chairs, a table, a small bed and a bicycle on which he exercised every morning.

Tokio Prefecture Takes Steps to Adjust Prices of Commodities  
TOKIO, (P)—Fifty more public markets to sell food and other necessities will be established here and in the suburbs by the Tokio prefecture. Similar markets opened last year to adjust the price of commodities having shown satisfactory results.  
A general slump in prices of stocks occurred today on Tokyo exchange. The drop was most noticeable in the cotton spinning companies. Prices of rice and silk also declined, but it is believed that the tightness of the money market. For the past week prices of various rice have had an average decline of 6 per cent.

## WOODHEAD WILL FIGHT ROSE IN BURLEY TONIGHT

Bill Woodhead, of Twin Falls, and Ray Rose, of Boise, featherweights, are billed to put on the main event in a boxing congress at Burley tonight. Woodhead is a local favorite and his opponent is a brother of Al Nelson of Boise who recently declared Woodhead in a battle here. Nelson on that occasion outweighed Woodhead eleven pounds.  
In addition to the Woodhead-Rose bout the Burley Athletic club will stage several goes of minor importance.

## Brief Bits of Sport

Apparently Dickie Kerr hasn't warmed to his task as yet.  
But the same cannot be said of "Lofty" Williams and Eddie Cicotte. Williams held the slugging Indians to a brace of bumps yesterday, and one of those was a mere scratch, while Cicotte's Ace is doing almost as well.

The reversed A. P. says Wait Johnson was knocked unconscious but kept right on pitching.  
Sort of second nature, eh!

"Buck" Weaver and Joe Jackson; White Sox players par excellence, were leading the American league hitters at the end of last week.  
Weaver's mark up to that time was 533 for four games and 15 times at bat, while Jackson's record was .500 for 14 times up in four games.

Eddie Collins is third hitter of the Sox with a mark of .400. But there is an awful slump of White Sox batters between Eddie and the next man.  
Ray Schalk comes trailing along with a record of .250. Jordan, who is sitting in on Chick Gandill's job, is batting .200 and Risberg is down to .087.

Cleveland players are hitting most consistently so far. Speaker, .478; Johnston, .437; Gardner, .370; Smith, .368; Gramy, .367; O'Neil, .333; Jameson, .333; Chapman, .304; Covelack, .300.

If they can hold that gait they will win the flag on almost clean smacking.  
The Red Sox club has six players batting .300 or over.

One of our most prominent picture stars has announced the intention of quitting the screen and becoming a useful citizen.

The Butte man is losing regularly and yesterday was battered from the box by the Bees who gathered a win, 8-0.

# FEDERAL POWER COMMISSION IS BILL PROVISION

### Chairman Jones of Senate Commerce Committee, Discusses Measure as Agreed Upon in Conference

WASHINGTON, D. C., (AP)—Described by Chairman Jones of the senate commerce committee, as legislation affecting every citizen of the United States, the waterpower bill as agreed upon in conference would create a federal power commission, composed of the secretary of war, agriculture and interior. This commission would have authority over all matters pertaining to the development of waterpower in which the federal government has jurisdiction or in which it may be interested as an owner of lands or other property necessary to such projects.

**Preference to States.**  
The commission may issue preliminary permits allowing applicants three years in which to make examinations of waterpower projects, prepare plans and make financial arrangements. The commission also may issue licenses for a period of fifty years or it may reserve such projects as should be undertaken by the federal government. Preference must be given by the commission to states and municipalities if they are equally adapted to utilize water resources.

The bill also would encourage the building of head-water storage reservoirs to equalize power production, prevent floods, and obtain water for irrigation purposes after being used for generation of power. Provision is made for construction of locks in power dams in navigable streams so as to extend navigation into the upper reaches of rivers.

At the expiration of the 50-year license, the government under the bill is given the option of purchasing the hydro-electric plants by paying the licensee his net investment, or it may issue a new license to the original licensee or to a new licensee who shall pay the original owner his net investment. Licenses are placed under the supervision of state public service commissions as to rates and regulation of service.

**Reserves War-Time Operation.**  
The federal government, the bill provides, may take over and operate any water power under license in time of war for manufacture of explosives or any use conducive to national safety. Senator Jones in a statement said he was informed that waterpower developments to be undertaken in enactment of the bill would have a capacity of more than 4,000,000 horsepower and would open up to navigation more than 40,000 miles of the upper reaches of streams.

# BRYAN URGES DEMOCRATS VOTE FOR RATIFICATION

### Party Must Share Blame for Consequences if Aid to Treaty is Refused

PITTSBURGH, Penna., (AP)—William J. Bryan, in a statement issued here last night, declared that the recent primaries were a warning that democratic senators should lose no time in voting for the ratification of the peace treaty.

"Delay in ratification may deluge the world in blood and flood our country with war," said Mr. Bryan. "The recent primaries should be a warning. In Georgia, less than one-third of the democrats stood for the treaty without reservations. Two-thirds were divided almost equally between ratification and rejection of the treaty. In Nebraska, Senator Hitchcock's vote would not have been counted had he been compelled to rely on those who endorsed his attitude on the treaty.

"My fight was made on a platform declaring for ratification with reservations already agreed upon by a large majority of senators. Senator Johnson's vote is largely a protest against the treaty and against the blundering of the senators who talk for the treaty but quarrel over reservations. "A campaign in favor of ratification without reservations would result in overwhelming defeat, but what is infinitely worse, it would prevent the consideration of pressing domestic problems and leave the world to chaos. Our counsel and advice today may contribute more to world peace than an army of a million men would a year from now.

"If our party refuses to aid ratification now it must share, even if it does not fully assume responsibility for what follows."

# DIRECT DEMONSTRATIONS AGAINST JEWS AND REDS

### German Students in Vienna Include Socialists as Objects for Attack in Anti-Semitic Raids

VIENNA, (AP)—Anti-Jewish demonstrations by German students continued in a more serious form Tuesday and were also directed against other students recognized as socialists. Cries of "down with the Jews" mingled with "down with the reds." Jews were attacked violently when they entered lecture rooms and were compelled to leave. A Jewish war kitchen also was raided for the disorderly behavior of some of its workers. During the course of the war kitchen attack today, it being conducted partly under American auspices. The government is considering closing the University of Vienna unless the situation improves.

# SUSPECTED BURGLAR HELD TO HIGH COURT

### Earl Lee, Suspect, Fails to Furnish \$3,000 Bonds for Appearance at Trial

Unless Earl Lee, alleged burglar gang leader, can find friends who will post \$3000 for him he will remain in jail at Gooding until his case is called for hearing in the Gooding district court. Lee was yesterday bound over to the higher court for trial soon. He is held on charge of burglary. Bonds, not yet provided, have been fixed at \$3000.

Mrs. Leo, wife of the defendant, was found guilty of a misdemeanor in the Gooding county probate court, fined \$50 and given a sentence of 60 days in jail. Appeal was taken and she was released on bail of \$500 supplied by a brother from Colorado.

Lee was tried on a preliminary examination at Gooding after expert authorities had dismissed their case, instituted on similar grounds, several days ago.

With the coming of the warm weather of the past few days the farms of the Twin Falls country are taking on added evidence of the activity incident to the getting in of the crops. Good hard, healthy work, this, of the kind which produces of the real things of life, and valuable not alone because of this fact but because such work symbolizes man's highest duty well performed—that of working at the useful things and thereby adding to the world's store of the things which the world needs and must have.

No better element of men and citizens is to be found anywhere than upon the farms of Twin Falls county, and no better farms.

The farm land of this section is the biggest single factor in the continued growth and progress of Twin Falls and every other town from Gastford to Milner. The part of the farmer in the upbuilding of this section should never be forgotten for a minute. With prospects of an ample supply of water and good weather, may our farmers prosper this year as never before.

When the farmer prospers we all prosper. Let's not forget this.

# THE GEM THEATRE Today and Tomorrow Matinee and Night

A Hint Worth Remembering. See Oliver Curwood's Wonderful Story. A Big Event in the Local History of the Screen.

# "The River's End"

"You win or lose the minute he first sets eyes on you!"

That was the thought pounding through Keith's brain. He meant to tramp back to civilization—back to face the chief of the Northwest Mounted Police. His uniform, his figure, his face even to the peculiar scar on the forehead—everything about him would not be Keith the fugitive from justice but Oomistion, the officer of the Royal Mounted who lay dying before him, under the Arctic stars.

Soon he would stand before the chief "whose eyes could see through boiler plate"—and before the girl supposed to be his sister—and, then, before Shan Tung, the Chinese mystic who had known the dead officer and who never forgot a face.

In "The River's End," James Oliver Curwood has written a tale of such fire, such romance, such vigor and intrigue and charm—and Marshall Neilan has so vividly transferred it to the screen that those who see it will long remember it as one of the brilliant achievements in photo-dramatic literature.

On the edge of civilization there are no traditions. Men meet life with all the strength of soul within them. That is why the great stories have always been written, not of the atrophied emotions of society, but of the virile people nearest the great outdoors. There men may be good—or bad—but whatever they are, they are strong.

"The River's End" is a story of the Royal Mounted Police—a story of adventure and a story of a wonderful love.

It is Mr. Neilan's best and Mr. Curwood's finest novel.

MUST SETTLE DOWN

The word served on Germany that country which refuses to carry out the treaty provisions will be recognized as dictated by common sense. Not only is it right, but it has been demonstrated that the German leaders who have been declaring that the people cannot be brought to submit to the terms are bluffing.

The people of the district entered recently by France were less disturbed over French occupation than they were over some of the military movements at home. A strong stand by the Allies at this juncture is of service to the German people against those at home, who, by holding out false hopes to them could only make their condition worse.

A vacillating policy is a breeder of unrest.

AMERICAN PAINTERS RANK HIGH IN ART EXHIBITION

The First International Exhibit Since Outbreak of War Opens at Carnegie Institute

PITTSBURGH, Pa., (AP)—American painters ranked high in the international art exhibition which was formally opened in the galleries of the Carnegie Institute here Thursday, the first since the outbreak of the world war. Announcement of honors was made at the Founders day exercises as follows:

GIVES VIEWS ON PAPER SHORTAGE RESPONSIBILITY

Lack of Understanding Between Publishers and Manufacturers Factor in Situation, Witnesses Declare

WASHINGTON, (AP)—Lack of satisfactory understanding between the publishers and print paper manufacturers was held to be responsible in part for the present paper shortage by Paul Patterson, one of the publishers of the Baltimore Sun, in testimony today before the senate manufacturers sub-committee investigating the paper situation.

Exceeds Mills Capacity: The present shortage, the witness told the committee, resulted from increased consumption beyond the capacity of the paper mills. Saying that in 1917, he said that while about three years ago, he asserted that the producers failed to take the publishers into their confidence at that time, he said that an agitation was started against increased prices and for public control of the paper industry.

Mr. Patterson expressed the belief that the universal practice of curtailing the use of paper, which he said was being observed by the newspapers, would result in "a marked effect on the market by fall." He said that to expand the plant is not complicated unless there is a definite curtailment in the amount of advertisement to be used.

NATIONAL LABOR PARTY TO SELECT CANDIDATES

Convention in Chicago to Make Nominations and Formulate Platform

CHICAGO, (AP)—The national labor party convention will be held in Chicago July 11, 12 and 13, to nominate candidates for president and vice president and draft a platform. It was announced today by Frank J. Esper, national secretary.

The national labor party was formed here last November by 1200 representatives of farms and labor organizations. The declaration of principles adopted at the convention included thirty-two planks, a majority of which, according to Esper, will be repeated in the political platform to be adopted in July.

Nationalization of all essential industries. Nationalization of unused land. League of workers to "destroy anarchy, militarism and economic imperialism and bring about world-wide disarmament."

British Clergy Argue Necessity of Sermons

LONDON, (AP)—Are sermons indispensable? This is one of the questions on which a decision may be taken by the bishops of the Anglican church at their meeting in Lambeth in July.

A section of churchmen are declared to hold that if a man has not the gift of preaching, it would be better for everyone that he should not preach. The "two sermons each Sunday" custom, they say, imposes a great strain on the clergy—a strain equally if not more heavily felt by the laity.

OHIO'S TIMES CONFUSING

Five Different Standards Govern Habits of People of Buckeye State

COLUMBUS, O., (AP)—After May 1 five recognized times will govern the habits of the people of Ohio. Never in the history of the state has there been such an occasion for confusion in time in the state.

This great difference in time is due to the fact that Ohio is the dividing line between Eastern and Central time and the efforts of towns and cities to "save an hour of daylight."

HOUSE CUTS ESTIMATES IN SUNDRY CIVIL BILL

Appropriations Committee Reports Last of Thirtieth Expense Measures.

WASHINGTON, (AP)—The last of the thirteen annual appropriation bills—the sundry civil measure, carrying approximately a half billion dollars—was reported to the house Thursday by the appropriations committee.

Representative Mondell, the republican leader, in a statement said the total savings under final estimates on all appropriations bills amounted to \$1,899,084,115, with the sum cut from the original and supplemental estimates was \$1,529,094,402.

This saving, he declared, "is one and one-half times as great as the total annual expenditures of the government before the beginning of the war."

Total amount carried by the sundry civil bill is \$225,000,000 or \$200,100,188 less than the original estimate. The committee thus cut more from the original estimate than it authorized.

Approximately two-thirds of the total appropriations are for the treatment or rehabilitation of former service men.

# TRAINING EFFICIENCY NOTED IN SCHOOL VOCATIONAL DISPLAY

## Student Handicraft Exhibit at Academic Institution Remarkable in Extent and Skill Shown in Constructive Genius—Demonstration Embraces Extensive Fields of Training

Marked by the most varied and extensive display ever boasted by the Twin Falls high school, the annual vocational exhibit was held in the recent rooms of the high school building yesterday afternoon and evening. Unusual interest was manifested in the exhibit by the large numbers of people who visited the school.

Beginning at 2:30 o'clock, and continuing until 5 o'clock, and during the hours from 7:30 to 9 o'clock, a host of the students for the past year, was open to inspection by the public. Students assisted the instructors in showing their varied work. In the afternoon a musical program was furnished by the orchestra of the high school, and in the evening an hour of music was provided by the students. Both programs being under the direction of J. T. Bainbridge.

Sixteen departments of the institution exhibited past accomplishments which showed preparation, knowledge and skill. The English room in particular presented the most complete and the greatest volume of work displayed. Scores of themes, all bound in artistic covers, paid tribute to the work of the English department during the past eight months.

Perhaps the most interesting exhibit took a mechanical point of view, was the physical department, headed by E. F. Nafziger. In this room were several microscopes, two siphons illustrating a law of physics, optical illusions, a demonstration of catenary curves, a small telegraphic system, in addition to several other displays. This room attracted many visitors during the evening.

In the chemistry room, numerous themes and written experiments were shown, together with the process of chemical action. This was also a very interesting exhibit.

Latin, French, Spanish and history rooms showed and read papers and forms of composition work, as did also the commercial department. Posters calling attention to serious questions of the day were presented in the biology department, while similar placards explained various laws of psychology in a very attractive manner. The musical department exhibited a composed of written problems enclosed in covers.

A center of attraction was a generator of static electricity, the work of a science room. A steam engine and an x-ray photograph were also on display there with themes covering branches of the science of physics. The themes were the chief features of the biology and physiology classes.

The space reserved for the public speaking department contained two medals won by students of this school. One was won last year by Dorothy Kenworthy, at the state contest, and the other by Oregina Murray at the district contest at Burley a few weeks ago. "Testimonials" recommending the course in forensics were numerous.

Examples of grains, a milk testing outfit, a cream separator and composition work featured the agricultural department's display. In the manual training rooms, articles ranging from mechanical drawings to ironing boards and an office desk were exhibited, drawing favorable comments from the visitors.

Contests were held in the commercial department last evening. Dora Wilson winning first place in addition work of 50 numbers, and Jack Phillips second in multiplication. Jack Phillips' first place and Dora Wilson second.

**NOTICE OF SALE OF ESTRAY ANIMALS**  
Sheriff's Office, County of Twin Falls, State of Idaho, Estray Sale.

## Ah! Mother Dear, We're no Fairy, so Wake Us Not

**TOMORROW'S MAY DAY**, but our salutation to mother is to wake and call us early for we'll dance about no may-pole in the early dawn.

Not us. In the first place we're no dancesters, and asking early has never become a habit with us. We shall loiter between the sheets as usual giving, perhaps, more or less contemplative attention to the gallivanders' merry, light, gaily tripping around the mullberry-bush yard-around the maypole, winding or binding up the attenuated stick in a colorful scheme of ribbons and lace, while boys on the breeze lay of the lark, and the chirrup of the sparrow mingles with the ruckus of the singers, as ever and anon.

But there's a doubt that these dancers and laywers will enjoy their mutual devotions as much as we shall enjoy our part in the play.

The predding genius in Bolsh in stirringly strident tones ukaseeth thus: "Cooler."

Critic, to be sure, but meanful, is it not? Nice day yesterday, with its 65 maximum. Growing weather at night, too, at 41 degrees. Signs and symptoms of rain but no precipitation.

**WILL THE CHURCHES GET TOGETHER?**

## SALE OF SUITS

Crowds of buyers have already taken advantage of this exceptional suit sale. When it was told you that nothing could be had worth wearing under \$75 and \$100, it is indeed a surprise to find that the best can be had for one-half that price.

Every suit in the department with one exception, noted below, has gone into one of three divisions—\$32.50, \$47.50, \$62.50. In many cases these prices represent but one-half the real value.

**Only Three Prices**  
Dozens of women who had given up the idea of buying a suit this year, have changed their minds after seeing these values.

**Only Three Prices**  
There are now but three prices in the entire stock. No matter what the former price, the garment has gone into one of three groups—  
**\$32.50 \$47.50 \$62.50**

**Conditions of the Sale**  
Since these suits in most cases are selling at a loss to us, there must be a small charge for needed alterations. There can be no approvals, no exchanges, no returns for credit; after the sale is made it must be considered final.
