

SEPARATION OF WEST HUNGARY PROTEST CAUSE

Conflicting Claims are Urged with Respect to Boundaries Set by Peace Conference in Central Europe

ODENBURG, German West Hungary (AP)—Red, white and green posters with legends of protest against the separation of this pro-Hungarian city from Hungary, and its accession by Austria as the price for peace is ratified, appear in nearly every house and shop window.

Two Austrian commissioners, sent here to receive the administration of the town, upon their arrival were hooted and jeered by a great crowd, vegetable and black flags hung from most of the public and other buildings. They seem powerless, it is said, and are now virtually interned in their offices here.

This little city, which the Hungarians call Sopron, is the metropolis of that strip of territory which at the peace conference took from Hungary and gave to Austria on economic, ethnologic and racial grounds.

The Hungarian government has endeavored, it is charged, to create the impression that this region is preponderantly Hungarian in race, tongue, and by predilection. The Austrian government, on the other hand, has related this with counter claims that the people are dominantly Germanic by blood, language and faith.

Of late weeks there has been considerable publicity given semi-official Austrian statements that, pending the withdrawal, the Austrians charge, of the Austrian population, requisitioning material of all kinds and generally wreaking their revenge in which the same was the Hungarians did to them. It was even stated in high Vienna quarters that farmers' horses were being taken away.

These reports were so persistent as to lead the correspondent for the Associated Press to attempt a first-hand investigation. This was covered in typical villages, exclusive of this little capital, with talks here and there with peasants in the fields or along the roads.

It is fair to say that in the region visited no evidence in support of the alleged Hungarian oppression or requisitioning was to be had. The impression gained was that the majority of the population in the localities covered are in favor of union with Austria. One reason assigned by the peasants was because the Magyars, they said, had never given them proper schools. Their children were poorly taught, if taught at all, and they at least knew the Austrians had good schools. Then, Vienna was their market. Budapest was a long way off. The Hungarians and their claims were "unsympathetic with the farmer" and so on. This was echoed in other towns. Naturally, there was dissent. There were here men who favored the Vienna communist government, with which they wanted nothing to do.

Here in Odenburg at present an all-British commission composed of British, French and Italian officers, watching over affairs until the Austrians take hold.

This is a vine country. It has always looked to Hungary for its grain supply and fear exists that this may be cut off. Thus the whole problem assumes a very vital phase for Austria which must supply at least as much grain as this region has received heretofore.

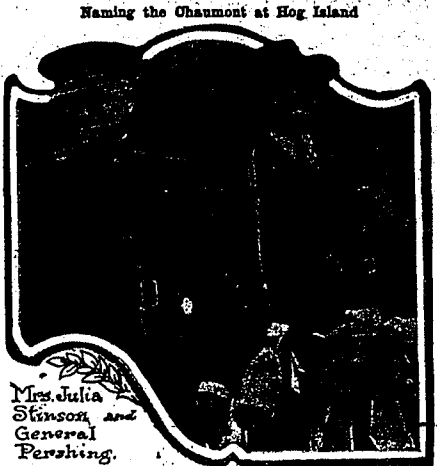

While the territory involved is small and the population only about 300,000, the strategic aspect of this area probably is its most important one. Austria's present frontier is regarded as dangerous in that Vienna and Wiener Neustadt, as well as many other industrial centers lying along the main line of the railway, are but a little distance from Hungary, easily open to attack from that more powerful neighbor. The acquisition of German West Hungary is thus a defensive terrain for Austria.

AMERICAN EDUCATOR CALLED TO STRASBOURG UNIVERSITY

NEW YORK, (AP)—Charles Dower Hays, author and Professor of history in Columbia university, has been granted leave of absence for the academic year beginning July 1, to lecture at the University of Strasbourg. Hays is the first American scholar to be called to Strasbourg since the historic Alsatian invitation reverted to French control as an incident of allied victory. He will begin his work there in September.

MILLERAND TO CONFER WITH BRITISH PREMIER

Agreement on Execution of the Treaty Reparations Clause is Expected

PARIS, (AP)—Premier Millerand is going to London next week to confer with David Lloyd George, the British prime minister, regarding financial questions. It is expected an agreement will be reached with regard to execution of the reparations clauses of the treaty of Versailles.

The premiers will also agree on the basis of the discussions to be held with the German representatives at the Spa meeting on May 23. The French viewpoint is that they will not discuss the principle of any clause of the reparations clause with the Germans until the manner of applying the treaty's terms.

What practically amounts to a modification of the reparations clause will be discussed in the form of proposed minimum and maximum totals of reparations.

The French probably will not accept a lower minimum than 100 billion marks gold, but are likely to consent to fixing the maximum reparation payable by Germany at 150,000,000,000 marks, which was the limit the American experts reported they found Germany able to pay.

The minimum sum may be divided into annuities of 3,000,000,000 marks, as discussed at San Remo.

THRONGS CROWD FURNITURE SALE

Hundreds of people are taking advantage of the LOW COST on FURNITURE at the close out sale of the Corbett Furniture Store. The store was overwhelmed with purchasers from the time the doors opened, and all were amazed to see the drastic cuts that were made on every article. It is a case of get out quick and the prices indicated every word of it. People came from the four corners of the county which speaks well for the medium of advertising.

Early Paper Making. Papyrus from which the word paper is derived, is not paper at all, and the beginnings of the paper industry are not traced back to it, but to the genuine paper made by the Chinese, from whom it spread to other races and then to Europe in the twelfth century. About the year 1150 a paper mill was started at Fabriano, Italy, which became the principal center for paper making, continuing to the present day. From Italy the art spread to France and Germany and somewhat later to England.

DEBS FAVORED AS CANDIDATE OF SOCIALISTS

National Convention of Red Card Carriers to be Held in New York for Naming of the Party Standard Bearer

NEW YORK, (AP)—The socialist party of America will open the first national political convention of 1920 when 200 delegates from various sections of the country assemble here next Monday. May 8. They will continue their deliberations for a week. According to party officers nomination of candidates for president and vice-president of the United States and construction of a platform will be the chief business before the delegates.

Socialists are expected to have importance to this year's convention, because of attacks made on the party's attitude during the war and during the investigation of an alleged spy ring led to expulsion of the entire socialist delegation of five from the New York assembly. Unusually by the house of representatives of the United States and conviction of violating the espionage act, also is likely to come up for discussion.

Certain Debate Topics. Representative socialists also declare that rights of free speech, free press and free assembly of the party officials assert have been endangered by "gag legislation" passed during the war, are certain to receive attention. The other major question now at measures designed to prevent strikes also is scheduled for debate.

A committee which Edwin Hill, quin, once candidate for the New York majority, is chairman, is now at work drafting recommendations for the party platform. Adoption of new platform is considered of prime importance this year, because of efforts by federal and state officials to ally the party with "industrial Workers of the World, communists, bolsheviks and other elements—which its leaders assert has been dropped during the past year or so.

It is believed that the platform may make clear the party's attitude not only toward these "ex-comrades" but toward the present Russian government. During the socialist trial at Albany, party leaders made it plain that while they held a sympathetic feeling for socialists because it presented a field for a great social experiment, they did not consider themselves allied with the communist party, from whose philosophy they said they differed.

Debs Widely Favored. According to present plans, the party will nominate only two candidates for national office. Eugene V. Debs, now serving a term in Atlanta penitentiary for violation of the espionage act, has been repeatedly advocated for the presidency by prominent party leaders. At the socialist investigation of Albany, those leaders on the stand raised the cry of "from prison to White House" asserted that Debs had been convicted for work, and not deed during the war and compared him to Jesus of Nazareth.

The convention will be limited to 200 delegates, it has been announced, appointed to the various states in conformity with their socialist membership. Each state will have at least one delegate, New York, with 27 delegates, is said to be the largest delegation. Pennsylvania with 21 is said to be second.

Otto Branstetter of Chicago, national secretary, will call the delegates to order in the auditorium of the Plaza Workers' Educational association. Leading socialists from Atlantic to Pacific will be present, including Mr. Hill, quin, who is now at Saratoga Lake; Seymour Stodman, Chicago lawyer, who has defended many prominent socialists caught in the mesh of war legislation; Victor L. Berger, of Milwaukee and Mayor Hoan of the same city.

While most of the delegates will be held in the Plaza Hall, Madison Square garden will be the scene of a mass meeting Sunday afternoon, May 9, where Mr. Hill, quin, Mr. Stodman and Mayor Hoan are scheduled to speak.

Another Royal Suggestion

BISCUITS, BUNS and ROLLS

From the NEW ROYAL COOK BOOK

BISCUIT! What delights this word suggests. So tender they fairly melt in the mouth, and of such glorious flavor that the appetite is never satisfied. These are the kind of biscuits anyone can make with Royal Baking Powder and these unusual recipes.

Biscuits

- 1/2 cups flour
- 1 teaspoon Royal Baking Powder
- 1/2 teaspoon salt
- 1 tablespoon shortening
- 1/2 cup milk or half milk and half water

Sift together flour, baking powder and salt, add shortening and mix very lightly; add liquid slowly; roll or pat on floured surface to about one inch thickness (handle as little as possible); cut with biscuit cutter. Bake in hot oven 15 to 20 minutes.

Royal Cinnamon Buns

- 1/2 cups flour
- 1 teaspoon salt
- 1 teaspoon Royal Baking Powder
- 2 tablespoons shortening
- 1 egg
- 1/2 cup water
- 1/2 cup sugar
- 2 teaspoons cinnamon
- 2 tablespoons seeded raisins

Sift 2 tablespoons of measured sugar with flour, salt and baking powder; rub shortening in lightly; add beaten egg to water and add slowly. Roll out 1/4 inch thick.

Parker House Rolls

- 1/2 cups flour
- 1/2 teaspoon salt
- 1/2 teaspoon Royal Baking Powder
- 1/2 tablespoon shortening
- 1/2 cup milk

Sift flour, salt and baking powder together. Add melted shortening to milk and add slowly to dry ingredients stirring until smooth. Knead dough with cut edge on well-greased pan sprinkle with a little sugar and cinnamon. Bake in moderate oven 20 to 25 minutes; remove from pan at once.

STEALING THIRD MOST DIFFICULT OF BALL STUNTS

Odds are All Against Runner Going Over from Figure—Players Fall to Second

By I. E. Stanbell

One of the most effective and easiest offensive plays in baseball is one of the most difficult for modern ball players to master...

The chief objection, made by the players to stealing third is the cost of failure. The runner on first knows he cannot reach home on a single, so it is willing to try to put himself within striking distance of the plate...

Why Not Tried Often? If the play is so good the fan may want to know why the manager of a team does not pull it often...

Even a foul bunt protects the runner at the slight cost of a strike, while a fair bunt in such circumstances is likely to upset a team unless the pitcher is a very quick and good fielder...

LODGE TO MAKE KEYNOTE SPEECH AT CONVENTION

Agreement on Massachusetts Senator as Temporary Chairman Reached at Conference of Leaders and Chairman

WASHINGTON, D. C. (AP)—Division of honors of presiding over the republican national convention at Chicago, between the regulars and the progressives, appeared probable as a result of negotiations today in the conference of leaders and members of both wings. Information from party sources was that an agreement virtually had been reached to have Senator Lodge of Massachusetts, as a representative of the regulars, chosen temporary chairman and a progressive as permanent chairman.

WASHINGTON, (AP)—Senator Lodge of Massachusetts is to be temporary chairman of the republican national convention at Chicago and will deliver the keynote speech, according to republican leaders in congress who have conferred recently with Chairman Hays of the republican national committee.

Republicans in congress are expected to have virtually unanimous in urging the selection of Senator Lodge by the committee on arrangements which will meet at Chicago May 10. No contest over the chairmanship is anticipated, although some friends of Senator Hiram Johnson have been urging substitution of Senator Borah of Idaho, and reports have reached here that Senator Borah of Idaho has also aspired to the chairmanship. Republican platform propositions will be considered here May 23 by the general platform committee appointed by Chairman Hays. Many questionnaires on paramount issues have been turned in by the platform committee and the list of questions which will be extended to outline some of the general principles, at least, to be recommended to the Chicago committee on resolutions.

Although May 23 also has been set for a meeting of the republican national committee at Chicago to take up the contest of delegates from a number of states to be held here next week, reports here this week to postpone the meeting. Prominent republicans here said they felt confident that the meeting would be put over until about June 1. In use of the word "postpone," republican leaders told Mr. Hays that several senators on the national committee and others who desire to attend probably could not hold their own week of May 23 by the peace resolution and important legislation.

WATSON RETURNS TO CELL

Alleged Bigamist and Murderer Executed After Beheading Body.

LOS ANGELES, (AP)—Walter Andrews Watson, alleged confessed bigamist and murderer, returned to his prison ward in the county hospital today after his trip to El Centro during which he aided officers to bury the body of Nina Lee Delony and testified at an inquest that he had killed her. Watson was weak from the exertion and excitement and had to be almost carried from the train to an ambulance. It was announced that an inquest charged with the murder would be returned, and that he would be taken to court to plead to the charge as soon as the necessary steps could be taken. According to Watson's previous statements, he will plead guilty in the hope that he may escape capital punishment. The body of Nina Lee Delony probably will be buried to day in the home in Kentucky. Instructions are being awaited from his brother, C. A. Noyes, of Louisville.

Electric Ranges Revolutionized Cookery

From the time that our forefathers cooked over open fireplaces, improvements in the methods of cooking have been devised. This progress has been constant until today we have perfected the electric range.

Cooking has been work—hard, unpleasant work, attended by inconvenience, uncertainty, loss of time, uncleanliness, waste and risk.

But those conditions have been supplanted in thousands of homes by the cheery, bright and easy way of cooking—the way of the electric range.

And—but we will wait until you call, for there are many things you'll want to know about these splendid ranges. And remember, we also have a full line of electrical appliances.

Member Audit Bureau of Circulations

REGISTER TODAY

Idaho election laws require that every
qualified elector casting a ballot at the
polls next November for election of
national, state and county officials
shall be registered sometime between
now and the Saturday before the elec-
tion. There are no exceptions to this
rule. The fact that the elector may
have registered and voted in the elec-
tions four years ago or two years ago,
or that he may not have changed his
residence since that time will not qual-
ify him for participation in the elec-
tions next November unless he shall
have re-registered this year. So say
the officials whose duty it is to carry
out this provision of the election law.

Registrars have been appointed and
registration books and supplies have
been furnished in each precinct within
Twin Falls county. Registration books
have been open in each precinct since
Saturday last and will remain open un-
til the Saturday preceding the primary
elections which will be held this year
on August 3. They will remain closed
for one week and will again be opened
for the convenience of electors until the
Saturday before the general election.

Registration on the last day is, of
course, as effective as registration on
the first day, but it is a good idea to
register early and avoid chance of over-
clocking it until too late. Why not
register today?

Names of the registrars and the places
for registration in each precinct may
be learned upon application to the
County Recorder's office, or The News
will be glad to furnish this informa-
tion.

COLLAR BUTTON MINDS

Now it is a movement originating in
Chicago against the collar button, and,
we read, its promoters have become so
earnest in it that they have requested
presidential candidates to take a stand
on the subject. Not alone is the collar
button to be hit, but several styles
of shirts. Here is the "clarion" call:
Wanted: Ten thousand slaves of the
collar button to rise and not only man-
ipulate themselves from its despotic
yoke, but to forewarn the white starched
collar and the "billed," the silk, the
linen, the pongee and all other costly
shirts.

Were it not that telegrams have been
sent to presidential candidates inviting
their support for the movement, the
whole thing might be treated as a bur-
lesque on some of the other projects for
reducing prices. Carrying it to the
point of making its inclusion in politi-
cal platforms, however, shows it is an
absorbing thought—the "big idea"—
of those proposing the policy. It re-
calls that in one of the darkest crises
of the war a childish delegation visited
Washington to protest against the send-
ing of cigars to our fighting forces.
That was their "biggest idea" of how
to help.

So with the collar button minds that
would work into platforms expected to
deal with the greatest questions ever
presented to the race something about
shirts and their fastenings. They would
see no unfitness in it if an expression
of horror at the human toll taken in
the world war would be followed by a
similar expression against the collar
button, or would they have the latter
placed first?

There is a time and a place for all
things. A time when the people are
called upon to contemplate their sacri-
fices for great principles is not the time
for the introduction of trivial matters.
Fads as our political conventions may
fall from their ideals in practice, they
are not the place for consideration of
the collar button joke—let that be sub-
mitted to some nursery department.

There is enough childlikeness at best in
politics without pattering the candidates
with things so palpably babyish as this
latest from Chicago.

Thus, while it takes all kinds of peo-
ple to make a world—and we have
them—it remains that childish minds go
too far they have to be suppressed. If
these Chicago gentlemen cannot settle
the collar button question for them-
selves, then it will have to be the hook
for them.

High School News

Precommencement activities began
today with the series of events planned
by the senior class taking place. This
morning in the basement of the Metho-
dist church members of the graduating
class enjoyed a senior breakfast. Fol-
lowing the meal, short speeches appro-
priate to the day, were made by Glen
Wilkinson, Marjorie Baker, Iris Guthrie,
Theodore Schwarz, Theodore Keniston,
Dorothy Kenworthy, Miss Ida Brown,
Miss Alice Johnson and M. G. Mitchell.

From the breakfast the graduates went
to school and furnished the assem-
bly program for the student body. Mem-
bers of the class participated in the
various activities in which the class
participated the past year, and music
was furnished by the senior band and
orchestra. At the close of the program
the class prophecy and will were read.

At noon a hayrack parade was staged
on the main street, and lunch was
served in the city park. This evening
the seniors are to hold a dance at the
Parish hall. All seniors were advised
in sailor costume during the day, with
red and white, class colors, being pre-
dominant.

Bruno Steindol, who appeared before
the Twin Falls public last evening, en-
tertained students of the high school
yesterday afternoon with a special as-
sembly with several "cello" selections.
Visits of such artists are appreciated
by the student body.

Miss Permel French, dean of women
at the University of Idaho, will be
in Twin Falls tomorrow and Friday,
it has been announced at the high
school. Miss French will visit the
school and will meet parents who de-
sire to send their young men and wom-
en to the state university.

Tomorrow afternoon at 4:15 o'clock,
the seniors and juniors will determine
class supremacy by staging a flag rush
on the high school campus. A flagpole
will be erected and the seniors' flag
hoisted at 4:15. The juniors will at-
tempt to take down the flag within a
stipulated time while seniors are de-
fending their ganton. A committee
is working out details of the flag rush.

Tickets for the senior class play,
"Mice and Men," which will be pre-
sented at the Loring theater Tues-
day evening, May 17, will go on sale
for the public Saturday at the Majestic
pharmacy. Seniors will be permitted to
buy their tickets Friday. Prices of
seats are \$1 and 75 cents, with all seats
reserved. Max Goodrich has charge of
the ticket sale.

Members of the play cast are putting
finishing touches on the play, and have
it in good shape at present. The cast
consists of 17 characters, of whom
Dorothy Kenworthy and Dwight Kuhns
have the leading roles.

TO RECOGNIZE MARATHON
NEW YORK, (AP)—A Marathon race
at the regular Olympic games distance,
which will receive official recognition
as a tryout for the international event,
will be held here June 5, by the New

**IF KIDNEYS AGT
BAD TAKE SALTS**

Says Backache is Sign You have
Been Eating Too Much
Meat

When you wake up with backache and
dull misery in the kidney region it gen-
erally means you have been eating too
much meat, says a well known author-
ity. Meat forms uric acid which over-
erworks the kidneys in their effort to
filter it from the blood and they be-
come sort of paralyzed and lousy. When
your kidneys get sluggish and clog you
must relieve them, like you relieve your
bowels; removing all the body's uric acid
waste, else you have backache, sick
headache, dizzy spells; your stomach
sour, tongue is coated, and when the
weather is bad you have rheumatic
twinges. The urine is cloudy, full of
sediment, channels often get sore, wa-
ter scale and you are obliged to seek
relief two or three times during the
night.

Either consult a good, reliable phy-
sician at once or get from your phar-
macist about four ounces of Jad Salts;
take a tablespoonful in a glass of water
before breakfast for a few days and your
kidneys will then act fine. This
famous salt is made from the acid of
grape and lemon juice, combined with
lithia, and has been used for generations
to clean and stimulate sluggish kidneys,
also to neutralize uric acid in the urine so
it no longer irritates; thus ending bladder
weakness.

Jad Salts is a life saver for regular
meat eaters. It is inexpensive, cannot
injure and makes a delightful, efferves-
cent lithia-water drink.—adv.

**GOODING COLLEGE IS
HOST TO ASSOCIATION**

GOODING, Idaho, (Special)—Good-
ing College was host for the reception
tendered to the Idaho State Parent-
Teachers' Association Tuesday evening
and now preparations are well under-
way for the meet of the Southern Idaho
Inter-Collegiate athletic association,
which will be held on the Gooding Col-
lege athletic field, May 31.

A fine quarter of a mile track, with
baseball diamond and football gridiron
in the center has already been graded,
smoothed and covered with clay. This
will be rolled, and a coat of cinery
added so that everything will be in first
class shape when the visitors from the
Albion State Normal, the College of Ida-
ho and the Idaho State Technical Insti-
tute come to town.

One of the features of the Gooding
Field is the hillside right between the
building and the track, which will en-
able the college to care for 2,500 visitors
on Field Day and to guarantee a posi-
tion where each and everyone can have
a full view of each and every event.
This athletic contest will be the first

of the events leading up to commences-
ment, which will be held June 21 this
year. The following Monday the sum-
mer session for grade pupils, high
school students, teachers and others,
who wish to review or to take up pre-
cedent work in music, art or commercial
branches, will be started.

PREPARE TO QUALIFY
Every man should have a personal
checking account if his income war-
rants it, or a savings account until it
does. In either case, he will be in a
better position to get ready for the busi-
ness opportunities that are sure to
come.

Honest advice from the bank is an
advantage to any young man before he
decides to engage in an enterprise new
to him. Who is better equipped than
the young man's banker to say a good
word in his behalf when a reference is
wanted; or perhaps extend the use of
bank credit when conditions require
and warrant it. Young man, you
should begin to qualify right now.

**Unusual Value—In Tires
for the Smaller Cars**

Not only is characteristic Goodyear merit
conspicuous in Goodyear Tires for the smaller
cars, but ordinarily the first cost is found to
be not greater than that of other tires; often
it is actually less.

The combination of unusual value in first
cost and very low final cost, of course, is a
result of Goodyear experience, expertness
and care employed as insistently in the mak-
ing of 30x3-, 30x3½- and 31x4-inch tires
as it is in the construction of the famous
Goodyear Cord Tires used on the highest-
priced automobiles.

For this reason more cars using these sizes
were factory-equipped last year with Good-
year Tires than with any other kind.

Get this UNUSUAL tire value to enjoy on your
Ford, Chevrolet, Dort, Maxwell, or other
car using one of these sizes, at the nearest
Goodyear Service Station. Get these tires
and Goodyear Heavy Tourist Tubes at this
station.

30x3¼ Goodyear Double-Care
Fabric, All-Weather Tread... \$23.50

30x3½ Goodyear Single-Care
Fabric, Anti-Skid Tread... \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that
reinforce castings properly. Why risk a good casting with a
cheap tube? Goodyear Heavy Tourist Tubes cost little more
than tubes of less merit. 30x3½ size in section... \$4.50
proof bag.

DEATH REVEALS ARREST MADE IN BOMB OUTRAGES

Italian Detained by Department of Justice as Witness Against Implicated Radicals, Commits Suicide

NEW YORK, (P)—Tony Tazio, 30 years old, detained by the department of justice as an important witness against a number of radicals involved in the bomb outrages last June, committed suicide Monday by hurling himself from a window on the fourth floor of a Paris office building where the department headquarters are located.

One of Several Taken. Chief William J. Flynn, of the department said Monday that Tazio was one of several anarchists who were arrested in connection with the bomb explosions of June 2 last, and had been detained at headquarters as a government witness for six weeks at Washington.

The June bomb attacks included the homes of Judge Charles C. Nott, of general sessions court in New York and Attorney General Palmer at Washington. The explosions resulted in the death of two persons.

Tazio's suicide revealed for the first time that any important arrests ever had been made in connection with the case.

Chief Flynn said the man's real name was Andrae Salsedo.

He admitted, according to Chief Flynn, that it was he who printed the bomb circulars, copies of which were found in the vicinity of homes wrecked by the bombs.

Salsedo was a printer and writer. He was sleeping with another government witness when he got up, went to the washroom and jumped from the window without rousing his companion.

Confess Participation. Mr. Flynn admitted that several other men had been arrested in connection with the plots, that they had confessed to participating and that they had agreed to turn government witnesses.

He declined, however, to give the names or to explain what part they had played.

From Chief Flynn and N. C. Donah, Salsedo's lawyer, it was learned that the circulars had been printed in an Italian printing establishment in Brooklyn where Salsedo was employed.

According to Donah, his client's employer asserts that Salsedo must have done the work in his spare time without his knowledge. He admitted, however, that the circulars headed "Plain Words" and signed "Anarchist List Figures" had been turned out on his presses.

RESTRICTS LAND SALES. PRAGUE, (P)—The government is framing a measure restricting the acquisition of land or securities by aliens owing to large acquisitions of property of every kind in Austria during the period when the crown is so low.

In a time when prices are unstable it is important that we should keep informed as to the latest fluctuations, that they may solve their shopping problems wisely.

ATTACK ADMINISTRATION OF FEDERAL RESERVE ACT

State Bankers Urge Coercive Methods in Testimony Before Committee

WASHINGTON, (P)—Attacking the administration of the federal reserve act, state bankers told the house subcommittee Tuesday that federal employees by coercive methods were seeking to force state bankers into the reserve system.

The rules committee was asked to act favorably on Representative King's resolution proposing investigation of the administration of the federal reserve act, while the banking committee was requested to report an amendment of the act authorizing a charge for exchange.

H. Flood Madison, a state banker of Bastrop, La., testified that it was not an uncommon practice for federal reserve banks to accumulate checks against a state bank calling for twice as much as the cash reserve required of the bank under state laws and then to present the checks for payment at one time.

Describing similar practice, Representative King, republican, Illinois, and Reavis, republican, Nebraska, said such actions were "the conduct of a high-minded man."

States represented at the hearings included Texas, Nebraska, Idaho, Iowa, South and North Dakota and Colorado.

HONOLULU, T. H. (P)—The emperor of Japan, whose illness recently necessitated a visit to the winter palace at Hayama, returned to Tokio Sunday, according to a Tokio cable to the Nippon Jiji, Japanese vernacular newspaper, here.

RUSSIAN REFUGEES LOSE LIVES IN STORM AT SEA

Fourteen Ships Laden with Bourgeoisie Fugitives to Asia—Minor Lost

LONDON, (P)—A considerable number of Russian bourgeois who fled from south Russia to Asia Minor perished during a storm in the Black Sea, according to a wireless dispatch from Moscow. Fourteen ships laden with refugees were lost.

The remnants of the Russian volunteer army in the Stetochy region of the Black sea coast, numbering several thousand, have surrendered to the Bolsheviks, the statement continues. The volunteers were headed by General Morozoff and Ushreff. All were then granted life and liberty with the exception of the leaders of the rising.

The capture of Stetochy was announced in an official statement issued by the soviet government at Moscow on Sunday last.

URGES SALE OF GERMAN SHIPS SEIZED BY BRAZIL

President Pessoa Reviews Negotiations with France Relative to Possession of Vessels

RIO JANEIRO, (P)—Sale of former German ships which were seized by Brazil during the war was urged by President Pessoa, in his message to congress Monday.

Twenty-eight of these steamers were borrowed by France, and the president said France was non-committal when asked by Brazil if she desired to purchase the ships on the same terms offered by North American firms. He said France requested a renewal of the loan agreement between the two countries and suggested that the ship question be settled by the reparations commission.

Brazil replied, the president said, that the ownership of the steamers was settled by the Versailles treaty and refused to renew the loan to France. At the same time she asked that country to return the ships to Brazilian harbors.

No response has as yet been received from Paris.

Ten miles used to be a long way

WHAT a difference in these motor-car days, when every point in the county is hardly more than "just around the corner."

People's ideas are changing, too.

They're beginning to figure out how much it is costing them to keep a car. And the man who is doing the greatest amount of figuring is the man with the moderate-price car.

There still seems to be a notion in some quarters that any tire is good enough for a small car.

That's not what the man who owns it thinks.

In recommending and selling U. S. Tires we are trying to see his side of the propo-

sition—finding out what he wants in a tire and giving him that.

Large or small, U. S. Tires are built to only one standard of quality—the standard that produced the first straight side automobile tire, the first pneumatic truck tire.

Every tire that bears the name "U. S." is built the best way its makers know how. It isn't the car, but the man who owns the car, that counts with the oldest and largest rubber concern in the world.

As representatives of U. S. Tires in this town, we offer you the benefit of our experience and advice in settling your tire problem.

Select your tires according to the roads they have to travel: In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby. For ordinary country roads—The U. S. Chain or Usco. For front wheels—The U. S. Plain. For best results—everywhere—U. S. Royal Carc.

NOTICE TO PROPERTY OWNERS

Improvement Districts Numbers 34, 35 and 37

Your attention is called to the fact that the assessment roll for improvements in these districts has been spread and property owners have right to pay cash between April 29th, 1920, and June 2nd, 1920.

You can save 7 per cent interest on your assessment, which on different property frontage would be as follows: On an assessment running 7 years (average life of bonds), at 7 per cent plus charge of County Treasurer Office of 1.1-2 per cent per annum for collection would equal on:

A \$ 200.00 Assessment	\$ 11.12
A 300.00 Assessment	121.68
A 400.00 Assessment	162.24
A 500.00 Assessment	202.80
A 600.00 Assessment	243.36
A 700.00 Assessment	283.92
A 800.00 Assessment	324.48
A 900.00 Assessment	365.04
A 1000.00 Assessment	405.56
A 2000.00 Assessment	911.12

If paid in ten annual installments, you would pay:

\$ 281.12 instead of \$ 200.00
421.68 instead of 300.00
562.24 instead of 400.00
702.80 instead of 500.00
843.36 instead of 600.00
983.92 instead of 700.00
1124.48 instead of 800.00
1265.04 instead of 900.00
1405.56 instead of 1000.00
2911.12 instead of 2000.00

You do not have to pay now, but as a business proposition by paying cash prior to June 2, 1920, you will save this interest.

F. A. Kennedy Suffers from a Bullet-Shattered Arm—John Harms Accused

F. A. Kennedy, a painter, is in the county hospital suffering from a shattered right arm. John Harms, a trooper and former policeman of the Twin Falls city force, is held under bonds of \$1000 on a charge of assaulting Kennedy with a deadly weapon. Harms has entered a plea of not guilty to the charge, claiming self-defense.

The alleged attack occurred late last night in a tent on the rear of a lot at 455 Fifth avenue west. Harms, it is claimed, charged Kennedy with undue force for firing a shot. The latter occupied a cottage on the front part of the lot at 455 Fifth avenue west. In the assault, Kennedy was wounded in the upper portion of the arm. Examination this morning showed one of the bones to be shattered. The bullet was removed by Dr. H. W. Wilson about one hour after the shooting.

Harms recently was made defendant in a suit for divorce filed by Mrs. Harms, who alleges her husband has failed to provide a living for her. He gave himself up to the sheriff immediately after the trouble in the tent and was held for arraignment in the county court this morning. Represented by E. V. Larsen, attorney, Harms entered a plea of not guilty. Preliminary examination will be conducted in the county court this afternoon commencing at 10 o'clock. This hearing was held back one week in order to provide time for such developments as might possibly arise in the condition of Kennedy.

STEINDEL RECEIVED WITH ENTHUSIASM

Chicago Cellist, Assisted by Mrs. Zenas Smith, Gives Wonderful Concert

The Bruno Steindel violin and cello concert last night in the high school auditorium, drew a fair attendance. The Chicago artist was ably assisted in the recital by Mrs. W. Zenas Smith, contralto, who sang two numbers and responded to encores on both appearances.

That press announcements laudatory to Bruno Steindel, appearing in advance of the concert, are in no way extravagant was amply demonstrated in every number the artist submitted last night. He is a master of his instrument, has a delicacy of touch unexcelled and an interpretative mastery that brings out all of the impulses of the composers' moods. The program was well received and set a new mark locally for high class music.

RAMSEYER PROVIDES BONDS ON NEW CHARGE

Murder Accusation Against Farmer who Must Be Tried by District Judge

Following the filing of a plea of not guilty to a charge of murder H. F. Ramseyer, Florist district farmer, was last evening released from custody of the county sheriff on bonds of \$10,000. He is held to the district court for trial, the charge being causing the death of John Abel, also a Florist district farmer.

Ramseyer was preliminarily examined by W. S. Malroy, justice of the peace, in the probate court yesterday afternoon. Bonds were almost immediately supplied. The defendant is accused of shooting dead during an altercation over ditch water supply the respective farms from the same source. Abel was shot through the right thigh a few days ago and died Monday morning from blood poisoning.

Deaths

William Taylor, aged 60, died at a local hospital last night following an operation for removal of the appendix. No arrangements have been made for the funeral. The body is in the Grossman undertaking establishment.

The body of James Maloney, aged 59, is at Grossman's undertaking establishment from relatives in an eastern state relative to funeral arrangements. Death occurred last night at the home of Mrs. Ed. Wilbur at a little over five miles northwest of Twin Falls, the cause being apoplexy.

JUSTIN ALVORD DEAD
Mr. and Mrs. C. A. Alvord were called to Spokane on Friday to see their son, Justin, who had been in a military hospital there for several months, having contracted tuberculosis while overseas. Word came this morning that he was dead. Mr. and Mrs. Alvord will start home with the body today, probably arriving Friday. As yet no funeral arrangements have been made.

GIBSON TO ST. ANTHONY
Ralph Gibson, aged 16, recently arrested in Opaon, and who has admitted having broken into a local clothing store from which goods were stolen, has been ordered committed to the state industrial institution at St. Anthony. He will take the train this afternoon by Jewellville Officer John R. Auld.

"You will find the aids of your favor its store always interesting—which is one of the reasons why it is your favorite store."

UTAH TRADE REPRESENTATIVES TO COME THURSDAY AFTERNOON

Special Train Bearing Emissaries of Commercial Life in Salt Lake will Visit Twin Falls—Scheduled to Arrive 2:10 Tomorrow Afternoon—Junket Includes All Towns in Lower End of Idaho

Representing practically all of the most important commercial and industrial concerns of Salt Lake more than 100 business men of that center will reach Twin Falls tomorrow afternoon for a junket visit. The delegation consists of about 100 men and is scheduled to reach this place at 2:10 p. m. The junket has been planned and is under the direction of the wholesale trade department of the Salt Lake Commercial club. Twenty towns of greater or lesser importance in southern Idaho are listed in the itinerary. The slogan of the excursion is: "A Greater Salt Lake Means a Greater Idaho."

The excursion, according to the O. S. L. schedule, departed from Salt Lake at 10:30 p. m. last Sunday. The first stop was in Ashton on Monday. Including that place the itinerary will make ports of call before Twin Falls is reached. After this place 17 towns, villages and cities will be seen before the train turns back for the home journey.

Following is the list of places scheduled for calls:
May 4—Shelley, Blackfoot, Pocatello.
May 5—Arden Falls, Rupert, Burley.
May 6—Buhl, Filer, Twin Falls, May department of the Salt Lake Commercial club. Twenty towns of greater or lesser importance in southern Idaho are listed in the itinerary. The slogan of the excursion is: "A Greater Salt Lake Means a Greater Idaho."

Upon arrival in Twin Falls tomorrow morning the excursionists will be met by members of the Twin Falls Chamber of Commerce with a train of automobiles in which the itinerants will be brought to town and, after a brief pause in the business center, will be taken on a tour of the wholesale district here. The party will be officially conducted under the auspices of the chamber of commerce to Shoshone Falls and other points of scenic interest in the Twin Falls, the Blue Lakes, Hansen suspension bridge.

The party will remain in Twin Falls until daylight on May 7 and will then proceed on the way to Jerome bringing up at night at Halley.

Throttling Governor Gives Steady Speed

Every "Z" Engine is equipped with a sensitive throttling governor. Regulates the amount of fuel and air admitted to cylinder—maintains uniform speed—summer or winter, regardless of work being done.

Throttling governor enables the "Z" to use kerosene as well as gasoline—saves you money.

Governor is a complete, high grade assembly unit—not a makeshift device. Its case-hardened contact-parts resist wear.

Has mighty important duties: Helps maintain uniform cylinder temperature—insures better lubrication—gives smooth, steady flow of power that saves wear and tear on driven machinery.

Other "Z" features are: Built-in Bosch high tension oscillating magnets; more than rated power; every part interchangeable; clean-cut, efficient design; long-lived endurance.

Cryptic Report Tells of "Fats" Weather Thurs

"It's a sensational story the weather-master tells today with: 'Tonight and Thursday fair.'"

Can you imagine anything more cryptic than that, except "Please, don't say that!"

Does it even append the usual addenda: "Heavy frost in the morning."

There was a trace of frost this a. m., but not of a sort to damage tender spring shoots. One degree is all. The high mark for Thursday was 68, a sort of springfrosty temperature. Looks good for the coming excursions from Salt tomorrow, and the circus Saturday.

BRUNO STEINDEL

Perhaps one of the most thoroughly artistic musical programs ever given in Twin Falls was that of the famous violinist Bruno Steindel, assisted by Mrs. W. Zenas Smith, contralto, and James Campbell, Jr., at the piano, at the High School auditorium last night. The entire program was written by the violinist and music lovers. Every number was musically pleasing while the willingness of Mr. Steindel to contribute in every possible way to the pleasure of the evening through encores constituted one of the most delightful features of the evening.

The piano work was in a thoroughly capable hands while that of Mrs. Smith was of a high order of artistic merit. In fact, the general sentiment appeared to be that Mrs. Smith had never been heard to better advantage in Twin Falls.

Mr. Steindel is equal to the recommendations with which his appearance was heralded here. Last night's program proved him an artist of rare talent and a cellist of remarkable versatility. His power to entertain lies largely in his music of course but to this is added a personality which puts him in warm friendly touch with his audience and which adds much to the popularity of his work.

REED GETS CONTRACT
W. G. Reed has been awarded the contract for building a new school-house at Jerome. His proposal was for \$110,000. The site of the new institution is to be 200 by 200 feet on the foundation. It will be two stories. Materials used in construction will be brick and reinforced concrete.

Social Notes

Miss Permel French, dean of women at the Idaho state university arrived in Twin Falls today, while here she will be entertained by the former students of the university.

Miss Isa Drakell and Miss Myrtle Anderson will be hostesses to the Past Noble Grand's Thursday evening at the Drakell home, 128 Eighth avenue east.

Little Miss Edith Kaufman celebrated her sixth birthday Monday afternoon at the home of her parents, Mr. and Mrs. Charles R. Kaufman. The guests were seated at a table decorated with pink and having as a centerpiece a beautiful birthday cake with six pink candles, a white May Day was placed at each cover. Those present were: Joseph Hays, Helen Cliff, Helen Wilson, Katharine Harrison, Edith Wick and Charles Anderson.

The regular meeting of Twin Falls chapter D. A. B. was held at the home of Mrs. Oliver Harstad on Monday afternoon. The topic "Americanization" was well handled by the leader, Mrs. M. F. Gamble, who gave an excellent paper on the subject, which was followed by an interesting discussion. Mrs. Helderma, state chairman of the re-organizing committee, read a paper on "Branch warfare" written by the new state regent, Mrs. Huddleston of Gooding. Light refreshments were served by the state vice regent, Mrs. Kennedy Puckard, presiding at the table. A luncheon will be given at the next meeting Monday, June 1.

The Women's Missionary society of the Baptist church will meet with Mrs. Henry Heartfield, 347 Second avenue west, Thursday afternoon at 2 o'clock. Mrs. E. C. Mahaffy is leader for the month and has prepared an interesting program. The hostess will be assisted by Mrs. J. C. Beatty, Mrs. J. Dowers and Mrs. C. H. Wheeler.

The Ladies' Aid of the Presbyterian church will meet Thursday afternoon at 2:30 with Mrs. H. W. Wilson, 210 Eighth avenue north. Hostesses for the day are Mrs. H. W. Wilson, Mrs. H. W. Clouche, Mrs. Stuart H. Taylor, Mrs. James Fitzgerald, Mrs. M. G. Ripley, Mrs. J. W. Eppler and Mrs. W. A. Babcock.
