#### RAILWAY MEN ARGUE PROFITEERING PRIMARY CAUSE OF HIGH PRICES

Conclusions of Study Conducted Under Auspices of Brotherhoods is Submitted to Board in Support of Demands for Higher Pay and to Refute Charges that Increased Labor Costs are Responsible for Elevated Expense of Living

WASHINGTON, (AP)—A study of profiteering in American industry, made under the auspices of the railway brotherhoods, was presented to the railroad labor board today in support of the railway workers' demands for higher pay. It also refuted the charge that increased labor costs are responsible for the high cost of living.

#### Called Attention to the many war-made millionaires the study contends that the increase in the wealth of the wealthy is an "unanswerable" refusal to do anything to charge labor with profiteering.

Of the extraordinary increase in the price of sugar now amounting to 500 per cent, the study says, the increase in labor cost paid by the consumer was less than 15 per cent.

The result of advanced prices, according to the quoted reports of 12 years was pictured in the net profits of these concerns which it was said rose from an average of \$1,000,000 during the years 1912-1914 to \$24,000,000 in the years 1916-1918.

In the net packing industry where profits were said to have increased between 300 and 400 per cent, the labor cost was shown so small that a wage increase of 100 per cent would add less than 5 per cent to the total cost of the meat.

The increase in price index between 1914 and 1918 was about eight times the total labor cost and the 1918 price represented 25 times the total labor item.

#### Compare Factors in Price. Profits absorb approximately one-half the retail price of certain kinds of goods, the report declared, while the labor item amounts to from one-fourteenth to one-twentieth of the price.

Shoes, according to the study, furnished a splendid opportunity for profiteering in 1918. The profit item amounted to approximately three-fifths of the total price and over five times the total labor cost.

Reform bill. In the total price of bituminous coal were shown at four times the increase in labor costs while the proportion of the proceeds that inclusions in the total operator was shown as increased from 75 to 400 per cent.

#### Profiteering Continuing. Profiteering did not stop with the armistice, the report declared, presenting evidence that the average profits in 1919 were 110 per cent over the pre-war average which means, the study added, that 1919 profits were more than double the average for the years 1912-1914.

An average of \$1200 per family of five during the years 1918-1919 was declared to be a highly conservative estimate of the actual cost of corporate profiteering to the consumer.

#### Submit General Demands. Concluding his study, Mr. Lauck submitted the following general demands in the name of the railroad workers:

- "1. Labor in general, and railroad labor in particular, must have wages proportionate to advances in living costs.
- "2. In the present crisis, and for all time to come, producers and middlemen must refrain from income taxes and excessive profit taxes in their costs and passing them on to the consumer with an added profit.
- "3. The principle of a living wage must be accepted and established in order that normal production may be restored and increased production hoped for in all fields of industry."

General Galles expects to reach Juarez Monday.

JUAREZ, Mexico, (AP)—One thousand revolutionary troops already have started on their march from here to Mexico City, and 500 more will depart this afternoon, according to information given out at military headquarters here at noon.

The troops will march first to Torreon, Coahuila, and thence to the national capital.

Three hundred soldiers from the garrison at Casas Grandes arrived here this morning.

Some of the largest cities of Mexico, will fall into the hands of the revolutionists without a struggle, if it has not already been captured, according to the general Francisco R. Serrano, chief of staff of the revolutionary army, who arrived here today.

#### Agent of Reconstruction. As an agent of reconstruction rather than as a fighting machine, the army under General Plutarco Elias Calles, which is to be massed here within a few days, will be a triumphant sweep to Mexico City, General Serrano declared.

"Our chief work will be to rebuild what has been destroyed," he explained. "We do not expect serious opposition from the garrisons on the way to the capital. We believe that law will be maintained and others have done heretofore—without firing a shot."

# BUTTE'S LABOR TROUBLES CALL TROOPS OFTEN

## Military Forces Enter District Four Times Since Disruption of Federation of Miners by Extremists

### NON-PARTISAN LEAGUE WORKER STARTS TROUBLE

#### Period of Disaffection Begins when Radical Elements Organize Under Leadership of Socialist, Later Townley Editor

BUTTE, Mont., (AP)—The arrival here of United States troops, sent on April 22, 1920, to preserve peace following a strike called by Metal Mine Workers' union, No. 8, Indiana, which had called a strike during 33 years of its existence. Wages were comparatively high and living comparatively cheap. A large percentage of the miners owned their homes and they were conservative.

#### Duncan Starts Trouble

The period of disaffection began about 1910, when radical elements in the camp began to coalesce under the leadership of the Rev. Lewis J. Duncan, a socialist. Duncan left the pulp for the radical lecture platform and in 1911, ran for mayor and was elected overwhelmingly. Duncan was re-elected mayor in 1913, by a large vote, and, it is said, immediately began his battle for control of the Butte school union and through it of the Western Federation of Miners, which embraced almost all the metal miners in the land.

The conservatives in the union, backed by Charles H. Moyer, president of the federation, resisted. On June 13, 1914, the annual election of officers of the union was broken up by men said to be I. W. W. and Duncan followers.

Moyer came to Butte from Denver to investigate. On the night of June 25, he attended a conference in the miners' hall. A mob gathered outside. Deputy sheriffs were sent to the hall to protect Moyer who was there. Shots were fired. It became a full-scale riot and two men in the crowd were killed. One of them died. Moyer fled to Helena, where he appealed to Governor Sam Y. Stewart for protection.

#### Create Reign of Terror

Meanwhile, the hall was blown up and a reign of terror was created. A sort of soviet was established with "Mueckle" McDonald as dictator. McDonald chose a cabinet of 30 for advisers.

Buildings were dynamited. The militia broke into factions and a plan was made to assassinate Moyer. Moyer was killed by Duncan. The plan failed then, blow up Duncan's socialist printing press. People began to leave Butte in droves.

Then the governor sent the Second Montana guard—in the great war afterwards, the 103rd U. S. Infantry—to Butte. The troops quickly dissolved the "soviet." McDonald and several others soon after were sent to prison and the mayor was removed from office by legal proceedings instituted by the governor for failure to preserve the peace.

The election of 1915 was carried by the conservatives. Duncan left Butte and allied himself with the National Non-Partisan league, one of whose papers he edited. He is now, it is said, running an employment office in Minneapolis. McDonald was paroled by Governor Stewart. Later he was reported to have imitated the governor during a mass meeting in Butte in 1916. He went back to serve out his term but soon after gained his freedom.

Duncan and McDonald were succeeded by W. F. Dunn in his early youth a prize fighter and later an organizer for a union of electrical workers. Dunn came to Butte from Canada and with E. B. Smith of Butte, set up the Butte Bulletin, a weekly radical newspaper. In 1917 trouble again broke out and this time, federal troops went into Butte, because the war demanded that

### Mr. Borah, who has been supporting Senator Johnson, of Florida, for the republican nomination, offered his resolution after consultation with prominent republicans and democrats of the senate, but he did not make any statement on it in the senate.

Senator Borah in a recent address in the senate charged that the campaign managers of Major General Leonard Wood and Governor Lowden of Illinois, were expending large sums of money in the campaign for the republican presidential nomination.

### SEeks COMPROMISE WITH TURK NATIONALIST HEAD

#### Grand Visier Decides to Send Embassies to Mustafa Kemal Pasha, whose Influence Grows

CONSTANTINOPLE, (AP)—Damat Ferid Pasha, the grand visier, decided Wednesday to send Nazim Pasha, former chief of staff, and Noureddin Pasha, formerly governor of Smyrna, to Ankara for the purpose of effecting a compromise with Mustafa Kemal Pasha, the nationalist leader.

The efforts to induce Turkish troops to oppose Mustafa Kemal's forces appear to be becoming more difficult daily. Of three thousand recruits under training one-third drew a month's pay and asked to go home to say goodbye to their families, but failed to return. The remainder are now locked in the compound.

Doubt is expressed among observers here if the two emissaries the grand visier is sending to Ankara will ever return to Constantinople.

Georgia has refused to permit Armenian railroads to obtain oil, causing virtual suspension of railway traffic and interruption of the shipment of relief supplies.

Alignment of Georgia with the Bolsheviks is expected soon. If the allied forces do not take over control here, it is believed Armenia may form an alliance with the soviet.

TWIN FALLS IS VICTORIOUS IN RUPERT TILT RE PLETE WITH BAD FIELDING—FINAL COUNT RUNS 12-9

Denman's Ball Players Overcome Visiting Coterie but Game is Wozy Throughout with Errors Totalling as High as Scores—Locals Out-Bat Enemy but Mis-play at Critical Periods

Rupert and Twin Falls high school baseball teams yesterday played the most even game yet staged at Lincoln park, when the local crowd defeated the visitors, 12 to 9. Ragged fielding, due in part to the poor condition of the field, brought up the scores after the contest had started with the appearance of being a tight game. Every game played here this season has been won to a considerable extent on errors, and yesterday's was no exception. Several local scores were the result of clean hits but most of them may be chalked up to Rupert bobbles. Denman's men made more misplays than the visitors, but kept base runners from scoring in several instances. Two features of the encounter were a homer by slugger Fix and a fancy catch by Thomets. Thomets speared Bouse's long hit in the fifth base-handed. Fix dropped the pellet over the right field fence in the third, duplicating his stunt of the Buhl game. Another commendable feature of the game was that the backstops controlled the base runners much better than in the past. Heretofore, any player who got a first usually ran wild around the circuit, but yesterday some of the base stealing was eliminated. Captain King kept up his perfect batting record, getting three safeties in three trips to the plate. Fix came next with two out of five. Until the eighth frame, neither team had a very decided lead. The visitors led off in the first with one run, while the locals took two. Rupert came back and from then on except in the fifth, led until the last of the seventh when Twin Falls climbed out of the hole and began to put on full steam. Jameson started out and showed very good hitting, but poor support let in several tallies. Fix relieved him in the seventh and also baffled the visitors. McNeill and Remsburg, Rupert moundmen, had little on the ball and were saved by good work in the outfield. Twin Falls still claims the right to

play any high school team in the state for the championship. Denman's men have swept everything before them this year, and the only real baseball contest of the season locally will come off next Friday and Saturday, when Boise meets the local pride here. There is a very slight possibility of bringing a Salt Lake scholastic baseball team to Twin Falls, but the financial backing required has not been forthcoming. Should the junior Bees take a jaunt down this way, local fans will undoubtedly see some good games. Tomorrow's game at Buhl has been called off, and local men will have an opportunity to rest before the Boise series. The score: Rupert..... AB. R. H. PO. A. E. BOSTON FIGHTER CAPTURES CROWN FROM M. O'DOWD

St. Paul Middleweight Title Holder Falls Before New Englander

BOSTON, Mass. (AP)—Johnny Wilson of Boston won the middleweight boxing championship of the world when he was awarded a refereed decision over Mike O'Dowd of St. Paul here last night. The fight went 12 rounds. O'Dowd was the aggressor throughout the contest but Wilson, a left-handed boxer, scored repeatedly with his right. O'Dowd excelled in fighting but seemed unable to fathom Wilson's style of boxing. Eight of the rounds went to Wilson, two to O'Dowd, and two were even. The only knockdown in the bout came in the second round when Wilson caught O'Dowd with a straight right to the jaw, O'Dowd going down for the count of 4. Wilson surprised the followers of the game by scoring so

many times with his right, breaking through O'Dowd's defense often. The pace set by the man was fast and at the end of the twelfth round both were unsteady on their feet. A capacity crowd witnessed the bout. The St. Paul boy was a big favorite before the bout, the general betting being 10 to 2. Hector Macfain of Boston was referee. Wilson has participated in many bouts against second rate boxers in the last year and has appeared in many cities, principally in New England. Tonight's bout was his first against a leading boxer. O'Dowd won the title from Al McCoy in 1917. When the gong sounded for the end of the twelfth round and Referee Macfain pointed to Wilson's corner in token of the local boy's victory, O'Dowd protested the decision, claiming he was entitled to a draw at least. While Macfain, who was the choice of O'Dowd's manager as referee, was explaining why he had awarded the title to Wilson, the backers of the local boy rushed to the ring and carried the now champion away on their shoulders. Wilson's victory gave him the honor of being the first New England boxer to hold the middleweight title. Spectators said after the fight that O'Dowd's chance to retain his title went glimmering when Wilson sent him to the mat in the second round for the count of 4. The knock down was as complete a surprise to Wilson's back

# PLAN FOR OPEN WHEAT MARKET

**Federal Director Calls Conference on Steps After Guarantee Act Expiration**

CHICAGO, (AP)—Called by Julius H. Barnes, United States wheat director, representatives of boards of trade, country and terminal elevator associations, grain buyers, exporters and bankers gathered here today to plan for the re-establishment of an open market in wheat, at the expiration of the wheat guarantee act on June 1. The Chicago board of trade and other exchanges made known they were anxious to resume trading in futures. Grain dealers desired that the interstate commerce commission use its power to furnish an adequate number of cars to move grain in season.

## Today's Markets

**Liberty Bonds**  
NEW YORK, (AP)—Liberty bonds final prices today were: 3 1/2's \$91.90; first 4's \$85.90; second 4's \$85.10; first 4 1/4's \$86.60; second 4 1/4's \$85.25; third 4 1/4's \$83.00; fourth 4 1/4's \$82.70; Victory 3 3/4's \$90; Victory 4 3/4's \$90.04.

**New York Exchange**  
NEW YORK, (AP)—Today's stock market was dull, dealings falling far below recent daily averages. Sales approximated 600,000 shares. Sentiment among traders was evidently divided at the opening of today's stock market; initial transactions resulting in a mixture of gains and losses. Moderate selling was probably induced by the report of the local reserve bank urging further contraction of credits. Oil, excepting Texas company, made substantial gains with secondary steels and motors, but rails were irregular with shippings and textiles. Trading was light and again limited to the professional element. Firmness was shown by foreign exchange in the preliminary quotations.

Trading was dull during the noon hour except for an irregular spurt in low priced rails. Publication of the wage survey submitted by the railroad labor organization was without effect on transportation shares. Call money held at opening quotations on light demand.

The monetary of the later trade was occasionally relieved by another advance in shippings, minor rails also extending their gains. The closing was heavy.

**Grain and Provisions**  
CHICAGO, (AP)—Trading in corn and oats was very light at the start today, both markets being sensitive to the

mission house buying or selling. The market was easily influenced, the sentiment in many quarters being bearish. The transportation situation was understood to be a factor for this.

Opening prices of corn ranged from 1-4 to 5-8c lower, with July \$1.71 1/8 to 1.71 3/4 and September \$1.63 to 1.63 1/2. The downward tendency was soon checked and there was a rally on scattered buying, with May leading the upturn.

Deliveries of corn and July and September oats sold at new high figures on the crop as did all deliveries of rye. The high marks, however, were not retained. Lack of pressure and short covering and scattered buying caused the market to advance readily, but toward the close an overbought condition developed in corn and it slumped more than 5c from the early top. The market close strong, 1-8 to 3c net higher, with July \$1.78 7/8 to 1.78 1/8 and September \$1.63. May corn closed at \$1.03 1/2, then declined sharply, ending at \$1.01 3/4, with a sale just before the close at \$1.02 1/4.

Oats were dull and about steady at yesterday's close. This condition, however, was short lived, as the market after opening unchanged to 5-8c higher on the range, showed an inclination to advance. July started unchanged to 1-8c higher at \$2 3/4 to 2c, and soon touched \$3 7/8c, a new high figure for the crop. Provisions were slightly firmer.

**Chicago Livestock**  
CHICAGO, (AP)—Cattle, receipts, 10,000; supply largely beef steers; trade slow on all kinds; beef and butcher stock with bids unevenly lower; few early sales, medium she-stock to small killers and yard traders about steady; good and choice heavy cows and heifers; young bulls 15c to 75c lower than week's high level; calves steady with Thursday's close; bulk \$12(47)13.50; stockers unchanged.

Hogs—Receipts, 30,000; uneven, 10c to 25c lower than yesterday's average; top \$13.35; bulk, light, \$15 to \$13.35; bulk, 250 pounds and over, \$13.75 to \$14.50; pigs, steady; bulk, \$13.75 to \$14.75.

Sheep—Receipts, 9,000; strong to 25c higher; prime shorn lambs, \$19.10; bulk shorn, \$18.75 to \$19.10; Kentucky spring lambs, \$20; good shearing lambs, \$20.

**Omaha Livestock**  
OMAHA, (AP)—Hog receipts 13,500; first sale to shippers steady to 15c higher; general market steady to 25c

lower; bulk of sales \$12.50 to 14.50; top \$14.75.

Cattle receipts 5,000; beef steers strong, 15c higher; bulk \$11 to 12.50; butcher cattle mostly steady; best cows \$11; bulk \$8 to 10.50; veal lower; top \$12.50; stockers and feeders slow, weak.

Sheep receipts 4,000; lambs steady to 25c higher; best California lambs 65 pounds average \$20; clipped lambs

\$17.55 to 17.95.

**Potatoes**  
CHICAGO, (AP)—Potatoes firm; receipts 85 cars; Northern and Canadian Round White sacked and bulk \$7.35 to 7.50; Minnesota Red River Ohio \$8.15, new, weak; Florida Spaulding Rose No. 1 \$10 per barrel; No. 2 \$10 per barrel.

# MEXICAN CRISIS COMPLICATED BY THIRD FACTION

(Continued from Page One)

Mexico City via Laredo that Carranza had left the Mexican capital for Vera Cruz.

According to the message Carranza left Mexico City last night accompanied by a guard of troops under command of his son-in-law, Candido Aguilar, and that he ostensibly was headed for Vera Cruz.

**Predict Early Fight**

Analysis of reports yesterday on the Mexican situation had caused the revolutionary agents here to predict that President Carranza would abandon the capital soon. Their view of the situation found some support in official reports where the greater part of the reports received had indicated a steady growth of the rebellion.

Rebel agents declared Carranza's manifesto in which he insisted he would not surrender the presidency was not inconsistent with their belief that he would abandon the capital, pointing out that he might cling to the title of president from an office in Vera Cruz or from any convenient refuge.

A message to rebel headquarters here saying the president of the municipality of Mexico City was organizing a civilian guard for the protection of the city "in the event of its evacuation" was regarded by the revolutionary agents as significant and had prepared them for the announcement that Carranza had quit the capital.

**Details Killing of Americans**

Official advices from the American embassy at Mexico City said E. P. Greenlaw, the American, and his son who were killed last Saturday near Mexico City were robbed at the same time of a part of the company payroll, amounting to \$500 pesos. Greenlaw was 63 years old and his son 32. Mrs. Greenlaw and a minor child are in Mexico City.

official announcement by Mexican Consul Garcia this afternoon.

The consular detailed persistent reports that the mutineers had demanded the surrender of the federal garrison at Nuevo Laredo by 3 o'clock this afternoon. He said military trains carrying four hundred cavalry with mounts and full equipment would arrive from Monterrey late today to reinforce the loyal forces in Nuevo Laredo.

## Revolutionists Move Toward Texas Border

SAN ANTONIO, Texas, (AP)—A report considered reliable reached here at noon that Mexican revolutionary forces had captured Lampasas, just south of Nuevo Laredo, had cut wire communication to the south and were holding up a train en route from the border to Mexico City. The rebels were said to be en route to Nuevo Laredo where, the report said, the federal forces would surrender.

"If all who catch cold could be persuaded to remain in bed for the first twenty-four hours of such an attack," says a well known physician "there would be fewer cases dragging on with distressing symptoms for weeks and often ending in some more serious disease." **DR. BENNETT WILL PREACH**  
the Baccalaureate Sermon at the Methodist Church Sunday evening. Big Union Service—adv.

A trip into the country in the fine warm weather of the past few weeks is one of the best spring tonics on the market. A survey of the farms of Twin Falls county will pay dividends in the form of satisfaction with the section in which we live, to an extent which is surprising.

Never has the Twin Falls country looked better than at present, never were the prospects better at this time of year for everything which goes to make a successful farm, year, never were returns more certain upon intelligent and careful land cultivation.

The Twin Falls people as well as the farmers should be proud of the farms of Twin Falls county. In comparison with those of many other sections of the state, this section is in a class by itself. A trip over Southern Idaho will serve to convince the most skeptical of this; only those who are unable or who refuse to see this comparison will disagree with the statement that there is no better farming country in all the broad west, and no better farmers, than are to be found right here in the Twin Falls country.

**SUGAR**  
 Public opinion almost unanimously  
 supports whatever investigations there  
 may be that will shed light on the facts  
 in the situation resulting in existing  
 unprecedented high prices for sugar.  
 Verdict of an investigator or investi-  
 gators that will make plain the re-  
 sponsibility and harmonize apparently  
 conflicting scraps of information bear-  
 ing upon the situation is most urgently  
 needed.

One of the large beet sugar concerns  
 in the intermountain region the other  
 day announced increases from 13 to  
 23 3/4 cents per pound. The extent of  
 the advance provoked gasps of surprise  
 and scurrying among consumers that  
 quickly exhausted stocks in the hands  
 of retailers. But the most astounding  
 feature of the announcement was the  
 failure or neglect of the concern to  
 give any reason for its action. That  
 ought to be investigated.

Then, too, there is the matter of the  
 alleged refusal of President Wilson to  
 purchase the Cuban sugar crop along  
 last fall when it could have been  
 bought for around six or seven cents  
 a pound, it is said. That matter has  
 never been satisfactorily explained, and  
 it, too, ought to be investigated, along  
 with the action of the attorney gen-  
 eral at about that time in setting a  
 price of 18 cents a pound for the south-  
 ern states cane sugar crop.

The verdict of investigation must be  
 one to convince beyond question as to  
 its accuracy. It will make plain either  
 one of two things: That the supply is  
 inadequate to meet the demand; or  
 that speculators are in control of the  
 situation. If the supply is short, then  
 war-time conservation must be re-  
 invoked. If speculators are in control,  
 then some means must be applied and  
 applied to curb their greed.

It must be admitted that tactics of  
 the sugar interests thus far lend sup-  
 port to the notion that the present in-  
 tolerable situation is not the result of  
 unrestricted operation of the law of  
 supply and demand. But the investi-  
 gation must determine the truth, since  
 the truth seems to be available by no  
 other means.

In the meantime, there is cause for  
 rejoicing among sugar beet growers,  
 who under terms of their contracts this  
 year, are in position to be benefited  
 by advance in the price of sugar. Now  
 possibilities, too, are opened up to the  
 forerhanding speculator, who may well  
 push sale of his product on the ground  
 that it is a most desirable substitute for  
 sugar; and it is possible, too, that the  
 sorghum cane grower may be prompted  
 to larger efforts in the production of  
 "long sweetening" with which people  
 who went through Civil war days are  
 familiar.

The prospect is dark, though, for the

horticulturist and the makers and ven-  
 dors of jars for canning and preserva-  
 tion of fruit. With sugar at around 30  
 cents a pound, the home in which the  
 customary amount of fruit is preserved  
 this season will be the exception.

**PROTEST SOUTHERN DOMINATION**  
 Southern domination of their party  
 has irritated Northern Democrats, it is  
 noted on Democratic authority as one  
 of the complaints heard at the meeting  
 of the national committee of that party  
 in Chicago. The writer goes on to say:  
 "The only definite idea that crystal-  
 lizes in their minds is that stern re-  
 sistance should be made to the contin-  
 ued domination of the party by South-  
 ern influences. The bulk of the lead-  
 ers from the Northern Atlantic sea-  
 board and the west have been pretty  
 well fed up on Southern control, though  
 they abhor Mr. Wilson from any re-  
 sponsibility for the consequences re-  
 sulting from it. They concede his in-  
 ability to have prevented it. But party  
 sentiment in the sections noted is de-  
 cidedly opposed to nomination of a  
 Southern candidate, or one whose chil-  
 dren claim to recognize in the support of  
 that section."

Since the only hope of Democratic  
 success in a national election at any  
 time lies in the "Solid South" it would  
 appear that the protest of the North-  
 ern Democrats is against recognition of  
 the superior rights and privileges of  
 the section that is essential to party  
 victory. It seems to be overlooked by  
 these gentlemen that Southern domina-  
 tion is the price Northern men pay for  
 being Democrats.

Since the Southern states can be re-  
 lied on absolutely to provide a defi-  
 nite number of electoral votes for the  
 Democratic candidate, regardless of  
 whom he may be, and that section can-  
 not campaign warily, it is entirely  
 fitting that the lion's share of the  
 unmet need should go south of Mason  
 and Dixon's line. Under a Democratic  
 administration, the South believes that  
 on a fair division that section should  
 hold the federal offices and the North  
 should pay the taxes.

If Northern Democrats do not like  
 that they have a remedy. It will be  
 recalled that Northern Democratic con-  
 gressmen voted to fix a price on wheat,  
 but it would have been sacrilege to  
 have given cotton the same treatment.  
 We fail to see wherein Northern Dem-  
 ocrats have just ground for grievance.  
 Their calamities they brought on them-  
 selves.

**SUGGESTS SHIP BONDS AS SOLUTION OF BONUS**

Kentucky American Legion Post Com-  
 mander Proposes Method for Financing  
 Soldier Relief

LOUISVILLE, Ky., (AP)—Shipping  
 board ship bonds for soldiers and sail-  
 ors or veterans of the great war is sug-  
 gested as a solution of the bonus ques-  
 tion in a letter written by Samuel H.  
 McKinley, commander, Jefferson post,  
 Louisville, to the executive committee,  
 American Legion, at Washington.  
 Mr. McKinley's letter suggested fin-  
 ancing the bonus through issuance of  
 interest-paying shipping board ship  
 bonds, backed by several thousand  
 proffiting shipping board vessels.

In support of his plan, Mr. McKin-  
 ley said it would afford immediate fin-  
 ancing of the bonus question without  
 additional taxation as all interest ac-  
 cruing on the ship bonds would be  
 earned by the ships. Moreover, he  
 said, it would insure American own-  
 ership and operation of a vast merchant

**ACCUSES INTERROGATORS**  
 Youth Charged with Girl's Murder Says  
 He Confessed Under Duress

PONTIAC, Mich., (AP)—Blows and  
 profanity from officials forced the ad-  
 mission of guilt made on the night of  
 his arrest in connection with the mur-  
 der of Miss Vera Schneider. Anson Best  
 testified at his trial Thursday. He said  
 he denied his guilt when arrested, un-  
 til the officers filled him with fear.  
 From the stand he accused three offi-  
 cers with having abused him.

Best testified that he had never seen  
 Miss Schneider until he was asked to  
 look at the body when he was stopped  
 by officers near the scene of the crime  
 shortly after it was discovered. He  
 told a detailed story of his life spent in  
 small Michigan towns, of his service in  
 the marine corps and finally of his em-  
 ployment in a Flint automobile fac-  
 tory. He left his work there, he said,  
 the day before Miss Schneider was  
 killed and came to Pontiac to visit re-  
 latives. On the night of the tragedy  
 Best testified he had been in a moving  
 picture show and a short time later  
 he had his last scene of the crime.

Once during his testimony Best wept  
 for several minutes.

### THREE DEFRAY FINES IN MUNICIPAL COURT

#### Houskeeper at the Woburn Booms and Guests Found Guilty of Drunkenness

Mrs. Kate Weston, houskeeper at the Woburn, was fined \$5.00 for allowing a man to get drunk in the house whom Chief of Police William Taylor declares is a professional gambler. Weston paid fine of \$5.00 in the municipal court yesterday. They were arrested during the early hours of yesterday morning on charges of drunkenness and disorderly conduct at the Woburn.

The trio appeared in the police court after having spent the hours intervening following arrest in the county jail at 10 o'clock yesterday morning for arraignment. Each denied guilt and trial was ordered for 3 o'clock. At that time they were declared guilty and a fine imposed. Highest fine said to have had a large amount of money in his possession.

Mrs. Johnston, according to Chief of Police Taylor, was the widow of B. E. Johnston, who was found murdered in a Salt Lake hotel several months ago. They are from Jaxburg.

### \$400 RING IS INVOLVED IN SUIT AT LAW

#### John Wilson Says Young Woman Withholds Property He Allowed Her to Wear

John Wilson, once possessed a ring. It was a valuable ring, according to Mr. Wilson. He wants it back. Wilson accuses Olive Geas of withholding the ring, and has taken the matter into the district court for decision.

According to a complaint filed by John Wilson, Jr., and E. A. Myers, Wilson loaned the jewel to Miss Geas some time last February while she was in possession of some other jewelry. Wilson says he loaned the ring to her for a party and she has refused to return the property.

Plaintiff alleges that the defendant refused to return the jewelry, and he asks the court to compel her to make good either with the ring or its full value, together with \$250, which is considered a reasonable fee for carrying on the suit.

### WIFE IS MADE DEFENDANT IN DIVORCE SUIT

#### Joseph Cannon Complains that Spouse Entertained Men in Domestic Apartments

Joseph Cannon has a grievance against his wife, Iva Cannon. He wants to get her out of the house. The bill of particulars in this case alleges that Joseph and Iva entertained men in their domestic apartments on February 24, 1919, in Twin Falls county. Cannon then, it is stated, the wife has treated the husband in a cruel and inhuman manner through frequent inconsistency and contrary to the laws and customs of domestic women and the established rules of society.

Especially, the complaint recites, Mrs. Cannon has been guilty of entertaining in the absence of said plaintiff. This violation of society laws and domestic ethics occurred, the plaintiff says, "on June 16, 1919, and July 5, 1919, when she sat upon the lap of a man—David, and embraced him."

J. H. Sharkey filed the papers for Cannon.
