THREE STATE CAPITALS FALL INTO REVOLUTIONISTS' HANDS

SOCIALIST CALLS WILSON TRAITOR TO RADICALISM

Hillquit, as Temporary Chairman of National Convention, Plays Administration and Predicts Party Gains

SESSIONS OPENED WITH HYMN OF FREE RUSSIA

Keen Interest Centers in Formulation of Platform to Be Begun Next Week with Nominations at Close

NEW YORK, (AP)—The socialist party of America opened its 20th national convention here today with the singing of the Internationale, the Marseillaise and the Hymn of Free Russia. Two hundred delegates were present. Formulation of the party's platform, in which there is exceptionally keen interest, will not be begun until next week. The nominations for president and vice president, it is expected, will not be made until near the close of the convention, possibly next Friday. In addition to the 200 delegates attending the convention, a number of fraternal delegates are present representing sympathetic international labor bodies. The latter are permitted to participate in the debates, but will have no vote in the convention.

NEW YORK, (AP)—An attack on the administration of President Wilson and a prediction that the socialist party would poll more than two million votes in the presidential campaign were made today by Morris Hillquit, temporary chairman of the socialist national convention, at its opening session here. Hillquit said that the party would survive the concerted attack "unparalleled in ferociousness and lawlessness," made on it in the last year. "The socialist party," he declared, "has been the target of the most striking and abhorrent pieces of the fallacy of the 'good man' theory in politics."

Destroys Workers' Faith. "If there remained any large sections of workers who put their trust in old party Messiahs, these would be destroyed their naive faith. For it is remembered that in 1916, Woodrow Wilson was a radical among the short-cut of the democratic party and thousands of radicals throughout the country voted for him because they threw away their votes on the hopeless candidates of the socialist party."

"One-half of the normal supporters of the socialist party ticket cast their vote for Hillquit, the democrat, as elected over Charles E. Hughes by the vote of socialists. In California alone the defection in the normal socialist vote determined its victory in the presidential contest."

Details Charges. "Wilson, the pacifist, drew us into the world's most frightful war. Wilson, the antimilitarist, imposed conscription upon the country in war, and urged universal military training, a large standing army and a huge navy in peace. Wilson, the democrat, arranged to himself autocratic power grossly inconsistent with a republican form of government. Wilson, the liberal, revived the medieval institution of the inquisition of speech, thought and conscience. His administration suppressed radical publications, razed homes and destroyed the lives of political opponents, destroyed their property and assaulted their persons. Wilson, the apostle of the new freedom, infested the country with its stool pigeons and spies and filled the jails with political prisoners."

Score: Chicago 4 7 2 Pittsburgh 5 0 0 Batteries: Vaughn and Killefer; Hamilton and Schmidt. At end of fourth inning: Cincinnati 2; St. Louis, 4. All other games postponed.

Wheat Prices Rise Boosts Flour Cost

MINNEAPOLIS, Minn., (AP)—A rise in wheat prices yesterday was the principal factor in a advance here today of 25 cents a barrel on standard flour, bringing it to a new high level. In 1918, one bushel of soft winter wheat, standard flour was quoted at \$16.25 a barrel, 83 higher than the lowest price this year.

HOOVER OFFERS PROPOSALS FOR SUGAR RATIONS

Former Food Administrator Makes Suggestions for Relieving Present Situation in Reply to Inquiry

WASHINGTON, D. C., (AP)—Rationing of sugar of manufacture of non-perishable goods in response to the United States and foreign countries not to bid against each other for this commodity were suggested today by J. Edgar Hoover as means for relieving the present sugar situation. Mr. Hoover's suggestions were contained in a telegram to Senator Caperton, republican, Kansas, in response to one of inquiry from the senator. Mr. Hoover said the government was primarily responsible for the present situation through the failure to purchase the Cuban crop.

Due to Bad Business. "The present sugar position is due simply to bad business administration," said Mr. Hoover. "Last September the administration could have bought the Cuban sugar crop at 1.5 cents per pound, for raw sugar. This would have given 10-cent sugar to our consumers. The result of failure to do so is that we are subject to unparalled speculation and profiteering. The farmers in the United States are getting about 450 per acre per annum. "The profiteering is international. The present situation cannot be remedied by the attorney general's conception that forces of this character can be handled by putting a few people in jail. Some relief could be had in emergency matters if our government even now entered into negotiations with the large European governments, to stop hoarding against their trade. They would no doubt co-operate again."

Reduces Consumption. "The first thing that could be done to break this gigantic bubble of speculation would be to reduce consumption through immediate rationing of the non-essential consumer. Over one-third of our sugar is used by the candy, sweet drinks and other manufacturers of non-essentials. During the war there was patriotic co-operation in public interest in such reduction and themselves found substitutes of other sweetening materials for the main part of their trade. They would no doubt co-operate again."

World News Events

PARIS, (AP)—The council of ambassadors today decided to give Turkey a month to consider the peace treaty which will be presented to the Turkish plenipotentiary next Tuesday.

OPENHAEGEN, (AP)—Thirty-six thousand people of the second plyciste zone of Schleswig have signed a declaration against the proposal to internationalize Flensburg, according to Berlin advices. This declaration has been sent to German representatives attached to the international commission for Schleswig.

COBLENZ, (AP)—American doughboys will be given an opportunity to visit points of interest in the former battle zone of France through the efforts of army authorities who have arranged for ten different tours of two weeks' duration for men on leave.

SAN FRANCISCO, (AP)—Presided by a parade in Chinatown in which hundreds of Chinese participated, a huge bonfire was made last night of thousands of dollars' worth of imported Japanese goods. The merchants carted the Japanese goods, including silks and other fineries from their stores to the street, and with a ceremony the torch was applied.

NOMINATIONS OPEN FOR QUEEN OF GOLDEN GLOW. HELENA, Mont., (AP)—Young women here are being nominated for "Queen of the Golden Glow," the most beautiful to be chosen by ballot and some time later in May, the formal coronation will take place. The Golden Glow is Helena's official flower and is being widely planted. The queen, during the year of her reign, will have a prominent part in various civic activities which will be a leading figure at the Montana state fair next fall.

POST DEFENDS HIS RECORD IN DEPORTATIONS

Assistant Secretary of Labor Claims Justification for Reducing Bail and Release of Alien Radicals

WASHINGTON, D. C., (AP)—Contending his defense of his conduct in alien deportations, Assistant Secretary of Labor Post told the house rules committee today that the many cases involving the release of radicals on bail was justified by the department of justice so as to keep aliens locked up and that in reducing the amount bail had only followed the constitutional prohibition against excessive bond. By placing the amount at \$1000 instead of \$10,000, he said, the government was able to obtain the appearance of the alien when they were wanted.

Reviews Cases. Deportation cases presented before the rules committee as the basis of attacks against Mr. Post were reviewed by him. The evidence in these cases, he said, had not been presented to the committee and he read portions of it, contending that no proof to warrant deportation was disclosed. "The whole matter has been prejudged for newspaper use in the last six weeks," he declared. He testified that he cancelled the deportation of several members of the Flores Magón, a Mexican, because the evidence showed Magón "did not believe in anarchism in any accepted sense of the term," although he admitted was a "communist anarchist." Mr. Post interpreted the evidence in the case to mean that Magón believed in changing the form of government only by a majority vote. Referring to the release in New York last fall of several members of the I. W. W. on their own recognition after they had been transferred from Seattle, Mr. Post said this action was taken because a trial judge had informed the department of labor that he would be compelled to free the men through habeas corpus proceedings. By releasing the men he said, it was possible to continue their cases and hold hearings later.

Modifies Allegation. At the request of Chairman Campbell, the assistant secretary explained further that some newspaper men were influenced in their writings regarding deportations by reasons of salaries received from sources other than their newspapers. He told the committee that he "spoke entirely from hearsay" and that his reference had been to publicity men who work under the guise of newspaper men. Mr. Post named Thomas F. Logan, a former Washington correspondent as one newspaper man who had received pay from outside sources. Mr. Logan, the witness said, a few years ago received money from meat packers while "getting much more than legitimate salary from his newspaper."

Commanders of Carranza Garrisons in Coahuila, Zacatecas and Aguas Calientes Revolt with Troops

UNCONFIRMED REPORT SAYS CITY OF MEXICO IS CAPTURED BY HILL

EL PASO, Tex., (AP)—Three state capitals in Mexico fell into the hands of revolutionists today through the revolt of Carranza garrisons coincidentally with an unconfirmed report given out by revolutionists here that Mexico City, capital of the republic, had been taken by General Benjamin Hill.

Saltillo, capital of Coahuila, President Carranza's home state, Zacatecas, capital of the state of Zacatecas, and Aguas Calientes, capital of the state of the same name, came revolutionary territory when General J. Augustin Castro and General Castro, Carranza commanders of the garrisons at the three points, revolted with their troops. Torreon, Coahuila, one of the most important strategic positions in Mexico, also revolted. It was said that all rail and wire communication between the United States boundary and Mexico City had been cut. The report of the fall of Mexico City to the troops in several garrisons from Chihuahua by revolutionists here. "The convention which named President Carranza provisional president of Mexico met at Aguas Calientes. Developing Too Rapidly. The rapidity with which the "bloodless revolution" is sweeping Mexico is not altogether to the liking of the revolutionary leaders, according to General F. M. Serrano, chief of staff to General J. Elias Calles. "The many Carranza leaders are revolting," said General Serrano, "that we find included in their number many whom we would rather have remain uncommitted."

Saltillo, capital of the state of Coahuila, which borders on the United States, revolted last yesterday, revolutionists here reported that it was announced that General J. Augustin Castro, and General Castro, Carranza leaders, had revolted with the troops in several garrisons towns including Saltillo.

General Epitacio Miraflores, Carranza governor of Coahuila, which is usually cut off from communication with the president, fled with all the public funds to Monterrey, Nuevo Leon, where Carranza's troops were reported concentrating to resist the revolutionists, it was announced.

Carranza troops at Las Vacas, across the international border from El Paso, Rio, Texas, revolted, according to local rebel leaders. Coal mines and towns in northern Coahuila were reported in the hands of the revolutionists. "Piedras Negras, across the boundary from Eagle Pass, Texas, will fall today," the announcement said. "General Carranza's representatives in communication with President Carranza asked him to resign and said he was holding Lerdo notwithstanding the fact that he was not a member of joining the revolutionary movement."

All railway and telegraph communication between the garrisons of Zacatecas, Torreon and Saltillo was reported cut. "The fundamental cause of all economic instability, all industrial unrest, all interruptions of production and distribution, has been high price and profiteering by organized capital and middlemen and retailers." In concluding the brotherhood speakers requested that the board curtail its examination of wage data and proceed immediately to the determination of the question of what constituted a living wage.

LEGION MEN DISAPPROVE POLICE SERVICE POLICY

Representatives of Northwestern States Posts in Conference on Anti-Radical Campaign

SPOKANE, Wash., (AP)—Sentiment that the American legion must in no way constitute itself a military police organization in its efforts to control radical organizations was expressed by representatives of legion posts of Washington, Oregon, Idaho and Montana, meeting here Friday in conference. The rebel leader was reported at Mequi, near Ortiz, 20 miles southeast of Chihuahua City, with 200 men. The agreement to suspend hostilities was made upon the condition that Villa agreed to remain in the vicinity of Mequi until his relation to the revolutionary movement should be defined.

Calles Not Surprised at News from Capital

AGUA PRIETA, Sonora, (AP)—General P. Elias Calles, commander of the troops in northern Sonora, stated to the local press today that he had just received a telegram from Torreon informing him of a revolutionary attack being made upon the suburbs of Mexico City and expressed surprise at news the capital had fallen.

Mexico City Cut Off from Communication

WASHINGTON, D. C., (AP)—Mexico City is believed here to have been virtually cut off from communication with the outside world through the destruction of the wire lines by the revolutionists. The state department has received reports that the city has been cut off from communication with the outside world through the destruction of the wire lines by the revolutionists. The state department has received reports that the city has been cut off from communication with the outside world through the destruction of the wire lines by the revolutionists.

IDAHO WEATHER. Tonight and Sunday probably rain, cooler tonight except southeast portion.

FALL OF KIEV IS ANNOUNCED BY BOLSHEVIKI

Success Crowns Efforts of Polish and Ukrainian Troops in Advance toward the Ukraine Capital

WARSAW, (AP)—Polish army headquarters received word today that the Polish cavalry, which had been in the Ukraine, had captured Kiev, the Ukraine capital, on Thursday night. The statement said that the advance continuing virtually unopposed resistance by the Bolsheviks. The statement said that the Bolsheviks are retreating on various parts of the front.

REDS CLAIM DEFENDERS OVERPOWERED BY ENEMY

Advices from Soviet Side Seem to Leave No Doubt that Attackers Win Campaign for Possession of City

LONDON, (AP)—Polish and Ukrainian troops captured Kiev on Thursday night, according to an official statement issued at Moscow yesterday and received here by wireless. The text of the statement says: "The Kiev region, during the night of May 6-7, our troops engaged Soviet enemy forces northwest and southwest of Kiev. Toward evening the enemy broke into the outskirts of the town, but was held up by our counterattacks. Later our troops, in accordance with orders, started to withdraw in order to the left bank of the Dniester. "In the direction of Pylatoff our troops repulsed an enemy advance 28 miles south of Kranyy. In the direction of Igumen (east of Minsk) the enemy attempted to cross the Beresina river near Beresina village, but was driven back across the river."

ATTACKERS WIN OVERSIEGE WITH ENHANCED MOVEMENT

WARSAW, (AP)—Pushing northeastward towards the Dniester, the Polish and Ukrainian Friday crossed the Bas river and captured Babiarstok, forty miles from Kiev. The capture of the city was taken in hand to hand fighting. The newspapers of Warsaw say it has been ascertained that half of the 350 Ukrainian officers who surrendered to the Poles were German.

Reports that Kiev had fallen were current in Warsaw on Monday of this week, but subsequent advices showed these reports to have been erroneous. Today's advices from the soviet side, however, seem to leave no room for doubt that the Polish campaign against the Bolsheviks in Kiev has been at least temporarily successful.

The latest advices from Warsaw on the Kiev campaign received this morning were filed in the Polish capital at 3:30 p. m. Thursday. It indicated that the fight for the city was still in progress.

Kiev, a city of 250,000 before the war, is the capital of the Ukraine. The town has changed hands several times during the fighting between contending forces in the Ukrainian territory and the conflict between the Polish and the Bolsheviks. The latter have been in possession of it since the collapse of the Denikin army in southern Russia last December.

STRIKERS MAKE DEMAND ON GRUNAU FOR ADVICE

CHICAGO, (AP)—A demand that John Grunau, head of the Chicago Yardsmen's association, inform striking switchmen how they can get their seniority rights restored was made public today in a letter sent to Grunau by R. S. Murphy, publicity chairman of the association. "Great numbers of the members of the C. Y. A. are asking: 'When do you expect to be filed in the Police court at 3:30 p. m. Thursday?' The letter read: 'It is impossible to conclude the labor board will not give our members recognition or consideration until we return to work. What have you to offer us?'"

GENERAL STRIKE CALLED ON PARIS CAR SYSTEMS

PARIS, (AP)—A general strike order effective Monday morning on all Paris subways and metropolitan traction lines was sent out today. Many striking railwaymen are re-organizing their efforts to control the traction lines, and the service has improved. The laborites, however, asserted that four-fifths of the railwaymen are on strike. The police have made three raids and arrested five persons in connection with circulation of a revolutionary pamphlet.

What was supposed to be a bomb was found on the subway tracks today.

Disrupts Switchmen Manifest Concern Over Preservation on Their Seniority Rights

CHICAGO, (AP)—A demand that John Grunau, head of the Chicago Yardsmen's association, inform striking switchmen how they can get their seniority rights restored was made public today in a letter sent to Grunau by R. S. Murphy, publicity chairman of the association. "Great numbers of the members of the C. Y. A. are asking: 'When do you expect to be filed in the Police court at 3:30 p. m. Thursday?' The letter read: 'It is impossible to conclude the labor board will not give our members recognition or consideration until we return to work. What have you to offer us?'"

# BANDITS RULE CHINESE STATE

### Populous and Rich Province is Torn with Strife of Opposing Factions

SHANG HAI, (AP)—Szechuen, most populous of China's provinces with extensive and varied resources and almost unlimited areas of soil of the greatest productivity, is bandit-ridden and is torn with the strife of five opposing governing factions that seemingly are beyond the control of the Canton government to which Szechuen is supposed to pay allegiance. This is the report brought to Shanghai by foreigners who have recently been traveling in the province.

The country along all the main highways, according to these reports, is overrun with bands of armed outlaws and it is only possible for the foreigner to travel these by-ways in any degree of safety by first buying protection and immunity from molestation from bandit leaders who control the various areas. When the traveler asks for an armed guard this is provided for a consideration. This guard must be changed when the traveler enters the area controlled by another military official.

By following this procedure, travelers from the province say, the wayfarer is ordinarily safe, but it happens sometimes that the spheres of control of the leaders overlap and travelers who have bought protection in one area are at times attacked by bandits whose leaders have not been reported.

The consideration required to provide a guard for a traveler is not particularly heavy, as it is said to be about 50 cents a day per guard. Ordinarily travelers who do fall into the hands of outlaws do not suffer bodily harm, but it is not uncommon for native servants to be murdered and ransom exist in which foreigners have been taken and held for ransom.

Chengtu, capital of the province of Szechuen, is reached by a journey of about 2500 miles up the Yangtze river from Shanghai to Hankow and Ichang, thence through the famous Yangtze gorge to Chungking and finally by a sedan chair ride of from 10 to 14 days through the high mountains of the country lies between Chungking and Chengtu.

### FAVORS METRIC SYSTEM

Conference to Discuss Adoption of the Universal Standard of Measurement

SAN FRANCISCO (AP)—World adoption of the metric system of weights and measures will be discussed at a conference here May 17, 1920, of the world metric standardization conference recently formed under the auspices of the American Metric Association, the World Trade club of San Francisco and the London and Manchester Decimal associations.

Speakers at the conference probably will urge that steps be taken to secure exclusive legality of metric weights in the United States and Great Britain. The delegates also will form a permanent body to carry on their fight.

John J. Arnold, San Francisco banker and member of the National Foreign Trade council, will preside at the conference. Many of the delegates expected will be here during the week of May 10-16 attending the seventh National Foreign Trade convention.

### JOHNSON WILL NOT TAKE SECOND PLACE ON TICKET

Supplement Authorized Statement Denying Any Thought of Entering Race for Vice-Presidency

WASHINGTON, (AP)—Senator Johnson of California has supplemented the authorized statement of two weeks ago by one of his campaign managers, Representative Nolan of California, that in no circumstances would he accept a nomination for the vice-presidency, by making a formal and direct statement to that effect himself.

Senator Johnson has issued the following: "Under no circumstances will I accept the republican nomination for the vice-presidency. It is amusing to me that the men who are suggesting me now for vice-president are those who are most horrified at the thought of my nomination for the presidency."

### Vanderbilt Heiress Reported to be Engaged to W. C. Chanler

Miss Grace Vanderbilt

The engagement of Miss Grace Vanderbilt, daughter of Brigadier General and Mrs. Cornelius Vanderbilt, to William C. Chanler, son of former Lieutenant-Governor and Mrs. Stuyvesant Chanler, of New York, is reported. Miss Vanderbilt made her debut two summers ago at Newport. Mr. Chanler, now a law student at Harvard, is a descendant of the first John Jacob Astor.

### PUTS AMERICA IN VAN OF MILITARY AERONAUTICS

Development of Cannon-Motor for Battle Cruisers Revolutionizes Aerial Fighting

SAN FRANCISCO, (AP)—Development of a cannon-motor for high-powered battle cruisers of the air for the ordnance department of the United States army places America in the vanguard of military aeronautics and revolutionizes aerial fighting, it was announced at the recent aero show here with the sanction of Major General Clarence S. Edwards of the ordnance department of the army.

The special 300 horse power army motor is built around a 37 millimeter cannon, which is housed in the crank case of the motor. It fires an inch and a half armor piercing shell, the cannon muzzle projecting through the propeller base. It has a fourteen-inch recoil.

For ground-strafting of tanks, breaking up of battle formations of airplanes, and destruction of helium dirigibles the shells will be loaded with buckshot, according to John M. Rogers, aeronautical engineer of New Brunswick, N. J.

### FAVOR SALARIES INCREASE

HONOLULU, T. H., (AP)—Auditors of the Japanese government have strongly recommended raising salaries of government officials to enable them to cope with the high cost of living, according to a recent Tokio cable to the Nippon Jiji, a Japanese vernacular paper here.

### COMMENCES HEARINGS ON ST. LAWRENCE WATERWAY

International Joint Commission in Session in Ontario to Consider Views on Project

NORTH BAY, Ontario, (AP)—The International Joint Waterways commission Friday opened hearings here on proposed St. Lawrence deep waterway. Interests favoring and opposed to the project were represented at the initial meeting. Sessions will continue through June at various Canadian and American centers.

The plan of joint development by Canada and the United States of the St. Lawrence ship canal is supported by the former country, with the exception of the city of Montreal, and by fourteen western and middlewestern states south of the border. New York is leading the opposition, seeing in the scheme a menace to the New York state barge canal and possible rivalry to the port of New York.

### VERY GOOD

TERRE HAUTE, Ind., (AP)—Twins were born to The Harvester and Queen Worthy at the Forest Park stock farm here Friday. The Harvester is Paul Kuhn's \$35,000 stallion. Queen Worthy is a \$10,000 brood mare. Veterinarians say such dual births are rare.

Some prices quoted in one of today's ads may mean a saving for you—even today.

### URGES NEED OF BETTER INDUSTRIAL RELATIONS

Dr. Henry Van Dyke Speaks in Honolulu at Hawaiian Missions Centennial

HONOLULU, T. H., (AP)—Need of a better adjustment of the relations between capital and labor was urged here recently by Dr. Henry Van Dyke, formerly United States representative at The Hague, in an address delivered under the auspices of the Hawaiian Missions Centennial, commemorating the hundredth anniversary of the landing of Christian missionaries in the islands.

In an allegorical setting, Dr. Van Dyke delivered "Tomorrow's Message to Today," in which he made the former say:

"At an awful sacrifice of blood and treasure you defeated the Potsdam gang. You made the vital friendship of the three great democratic peoples, Britain, France and America, effective and victorious over fierce autocracy, but now you are sliding back into the trough. You have forgotten the great thing for which you fought—Peace on Earth. Three things America needs most: First, she must bring some kind of reason and consistency into her foreign and domestic policy; second, she must begin to restore a normal relation of currency and credit, to practice economy in public and private expenditures; third, she must obtain a better adjustment of the relations of labor and capital.

"The right of life are above the rights of property," Dr. Van Dyke continued, "but unless property is protected life is hard to preserve. Invent some better machinery of arbitration that will gradually deliver the world from the destructive warfare of the strike and the lockout. Accept collective bargaining, for it has come

to stay, but remember that a bargain implies two parties, equally responsible for keeping it. Track capital that in a human force; track labor that property is not theft. Have fewer laws, but wiser and more consistent."

Probably the purchase you have planned to make "soon" ought to be made now. Get light from the ad.

RANGERS LOOK FOR EGG: FIND KEG OF "MOONSHINE" PHOENIX, Ariz., (AP)—Hearing a hen cackle a short distance from their place, two rangers here went out to the roadside to look for the egg. Instead of an egg they found a keg of "moonshine" whisky which they turned over to the sheriff's office. The keg had been hidden in brush growing beside the road. Officials hazard a guess that it had been placed there by illicit distillers and was to have been taken away by bootleggers. Value of the keg's contents was estimated at \$500.

## STATE POSITIONS ON LEAGUE ISSUE

### Senator Johnson and Herbert Hoover Make Clear Attitudes in Statements

NEW YORK, (P)—Senator Hiram Johnson and Herbert Hoover have issued statements making clearer their positions on the league of nations, regarded in some quarters as a leading issue in the coming presidential campaign.

Senator Johnson, speaking of the recent California primary had this to say in Washington:

"I am very glad Mr. Hoover accepts so philosophically the result in California. Mr. Hoover says his friends 'introduced no personal issue' but registered their protest at my 'extreme opposition to any league to prevent war and reduce armament.' Neither statement is correct. His friends introduced into the campaign every conceivable issue, including personal abuse, and I have never expressed opposition to any league to prevent war and reduce armaments. My opposition has been Mr. Hoover's English league which did neither of these things."

Herbert Hoover authorized the following statement:

"Senator Johnson is quoted as stating that he has never expressed opposition to league to prevent war and reduce armaments. This indication of a change of heart is a matter of great satisfaction. He states that he does not want an English league. None of us do. But does the senator mean that

the covenant with the Lodge reservations is an English league? This is the covenant and these are the reservations which I have supported since they were first proposed by the majority of the senate last November. Will the senator speak out plainly on this subject so that the people may know where he stands and what he stands for in this matter?"

## DISLIKES AMERICAN FOOD

Duchess of Clermont-Tonnerre Writes Book on Trip to New World

PARIS, (P)—American food, as served in restaurants in that country did not favorably impress the Duchess of Clermont-Tonnerre, who visited the United States last autumn and has written a book on her trip. The only American foods that appear to have made an appeal to the duchess were red bananas, California apples and oranges and "hams of Virginia."

"One must admit," she says in her book, "that food in America is not good. To a Frenchman, the word 'meal' cannot be applied to the boiling down of a club sandwich in five or six bites and reduce armament." The necessity of eating seems to have become for Americans a sort of monotonous and obligatory annoyance and they are lending all endeavors toward simplifying the performance."

The duchess says she "is unable to comprehend why an American should require less time for his whole luncheon than one of her countrymen needs to merely scan the wine list."

## PERMITS CAPITALIZATION HIRE

OTTAWA, Ont., (P)—The Bell Telephone company of Canada has been granted permission by the railway commission of the house of commons to increase its capital stock from thirty to seventy million dollars, it was announced today.

## BROWNING AUTO CO. TO HAVE EXHIBIT

The Browning Automobile company were very fortunate to receive a carload of cars containing one of the new type Model 20 five-passenger Willys-Knight touring cars. This car will be on exhibit at the show during the entire week. They will also have an exhibit a cut-away model showing the simplicity of the sleeve valve motor as incorporated in all Willys-Knight cars. This undoubtedly will be a very interesting exhibit to all automobile owners.

## RULER'S CONDUCT OFFENDS

Inhabitants of Liechtenstein Threaten Dethronement of Prince John

GENEVA, (P)—Inhabitants of the tiny principality of Liechtenstein, situated between the former Austrian crownland of Vorarlberg and the Swiss cantons of St. Gallen and Graubunden, are indignant over the conduct of Prince John, their ruler, and there is evidence of a movement to bring about his dethronement, according to advices received here.

Complaint is made that the prince, although a reputed multi-millionaire, has done nothing since the armistice to assist his people, and has been living in Vienna.

## ANNOUNCES PARK OPENING

SALT LAKE CITY, Utah, (P)—Yellowstone national park will be officially opened to the public this year, June 10, according to announcement today by H. M. Albright, park superintendent, who is in Salt Lake. In former years the opening date has been June 15.

## LOWDEN'S MAJORITY IN ILLINOIS ELECTION IS 80,083

SPRINGFIELD, Ill., (P)—Governor Frank O. Lowden received a majority of 80,083 votes over Major General Leonard Wood at the Illinois presidential preferential primary April 13, according to the official totals.

The official totals were: republican party: Lowden 230,802; Wood 150,719; Johnson 64,231; Hoover 3,401; Thompson 1,028; scattering 1,648.

Democratic party: Edwards 6,933; McAdoo 3,838; Bryan 1,968; Wilson 931; Champ Clark 548; James M. Cox 266; James Hamilton Lewis 40; scattering 6,921.

## MAKES INVESTIGATIONS OF DEATH FROM ANTHRAX

Auto Cushion Stuffing Factory Closed During Search for Germ in Imported Raw Hair

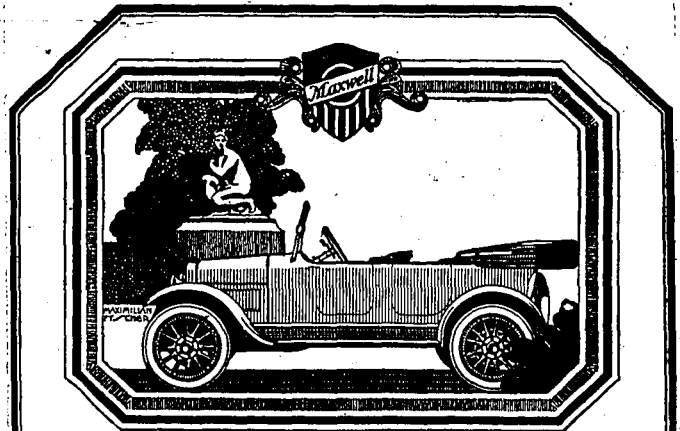

CHICAGO, (P)—Three deaths from anthrax, two reported by the coroner and one by the county hospital, were being investigated here by Health Commissioner Robertson following discovery that all three victims were employees of the Chicago Curled Hair company, manufacturers of automobile cushion stuffing.

The factory of the company was ordered closed pending investigation of whether the anthrax germ was imported in raw hair.

Officers of the company say 5 per cent of their raw material is imported from the Argentine.

Bernard Horwich, president of the company, said today the cases were the first he had heard of in 25 years in the business. Anthrax, he said, was a sheep disease, and the company handled no sheep wool.

You will find the ads of your favorite store always interesting—which is one of the reasons why it is your favorite store.

## Every MAXWELL is built of special steels

There are few "stock" steels in a Maxwell. Nearly all the steels are special, made to Maxwell's own formulae, and developed in the Maxwell laboratories.

All the experience gained from the building of nearly 400,000 Maxwells, and the study of their use in nearly every country of the world, has been put into these special steels.

They made it possible to build the Maxwell lighter in weight and to increase its strength.

Superfluous pounds thus eliminated from the chassis have resulted in increased ability in performance.

At the same time more endurance has been developed.

Thus it becomes obvious why Maxwell has climbed very rapidly into favor the world over.

Nearly 400,000 are now in use; and 100,000 more are being built this year.

# Overland

## Summer Reasons For This Sedan

Triple Springs Leisure Riding Comfort on All Roads.  
Overland Four-Door Sedan Insures Comfort in All Weather

THE SUPERIORITY of the Sedan for autumn, winter and spring is even more emphasized in the wide range of summer motoring. It's thick permanent top is a cooler shield from boiling sun. Breezes are freely admitted or entirely excluded at will. Rain, dust and sudden cold, are shut out at your command by heavy plate glass which never cuts off your vision or leaves you feeling "Shut in." Now the Overland Sedan adds to all this convertible convenience, the riding comfort of Triple Springs, and extraordinary light weight economy.

Touring, \$985; Roadster, \$985; Coupe, \$1525; Sedan, \$1575

# SONORA REJECTS VILLA PROPOSAL

### Mexican Revolutionary Agents Make Public Some Incidents in Farleys

ELZ PASO, Texas, (P)—Mexican revolutionary agents here made public today some of the incidents of parleys between envoys of Francisco Villa, the bandit, and rebel leaders. Villa, they said, offered to join the revolution with what forces he could muster, but the offer was refused. He was reported to have asked that after the revolution he be allowed to go to Sonora or another western state to settle down.

Fear of complications with the United States government led to refusing Villa's aid, it was said, and revolutionary leaders were frank in saying they believed Villa a menace to any Mexican government. However, it became known that negotiations are underway looking for the elimination of Villa from Mexican politics and affairs by offering him a ranch in northern Mexico with the proviso he does not leave certain well defined limits.

Some Mexican observers said the present revolution would eliminate Villa because of the strength it has gained and pointed to the smugling of a command he has been able to muster during the past 11 months since his failure to capture Juarez in June, 1919, with General Felipe Angeles.

### MRS. GOMPERS IS DEAD

Wife of Federation of Labor President Dies after Long Illness

WASHINGTON, (P)—Mrs. Samuel Gompers, wife of the president of the American federation of labor, died at her home here Friday night after a long illness. She was 60 years of age and had been married for more than half a century. Funeral services will be conducted here and the body will be taken to New York for burial Sunday.

Mrs. Gompers was born in London and came to this country with her parents when 8 years old. Three years later she began work as the smallest stripper in the factory where Mr. Gompers was employed as a cigar maker. She was married in 1867 at the age of 16.

Mrs. Gompers is survived by three sons, Henry J., Samuel J., and Alexander J. Gompers.

### TWO PRIESTS ARE ACCUSED OF THEFT OF DELLA BOBBIA BUST

FLORENCE, Italy, (P)—Two priests have been arrested on charge of having stolen a bust of Antonio Canova, the celebrated Italian sculptor an Altar by Luca Della Robbia, the fifteenth century sculptor and other art treasures from the abbey of Arcovin. Copies of the original treasures were substituted by the thieves. The police have recovered the altar.

# INJUDICIOUS USE OF BRAKES DAMAGES TIRES

Charles O. Slack of Gem State Vulcanizing Co., local selling agent for the Michelin Tire company, says the effects of sudden use of the brakes day after day is found to damage tires by wearing the tread too fast and straining the beads and side walls. The layers of canvas in the casing are thus overtaxed, and little by little reach the breaking point. Brakes should always be applied gently, and unless it is absolutely necessary to pull up your car within a short distance, the car should be stopped as gradually as possible.

Another important point in driving is the proper manipulation of the clutch. In starting never slip in the clutch suddenly, with a jerk, but quietly and easily, in this way protecting the mechanism of the car as well as the tires.

Drivers should always be taken carefully at reduced speed, regulating the speed to round the turn with little or no use of brakes. As a last word, it should always be remembered that tires are rubber and canvas, and not steel, and that to get the maximum tire service the tires should be treated properly.

### UNIVERSITY OF CALIFORNIA OFFERS COURSES IN RELIGION

BERKELEY, Cal., (P)—The University of California is offering courses in religion and religious education for the first time at its summer session this year.

The courses will deal with the philosophy of religion, a study of portions of the Bible, primitive religions and ethical and religious ideals of the nineteenth century.

# TRUCK IMPORTANCE GRADUALLY GROWING

The growing importance of the motor truck in the transportation field is shown by figures recently compiled by the B. F. Goodrich Rubber company. According to the company's figures the 975,000 trucks now in use haul approximately 1,100,000 tons daily, or 330,000,000 tons in a year of 30 working days. It is estimated that if the tonnage carried in trucks had been carried in wagons as formerly, the extra cost would have amounted to approximately \$10,000,000, the cost of truck hauling being figured at 18 cents per ton mile and wagon hauling at 24 cents per ton mile. This saving is approximately the total amount available for new road construction throughout the United States during 1920.

### MISSOURI G. O. P SENDS UNINSTRUCTED DELEGATES

KANSAS CITY, Mo., (P)—Eight delegates at large to the republican national convention, uninstructed as to presidential preference, were elected by the republican state convention which adjourned late Thursday after having been in session since Wednesday.

Resolutions adopted by the convention included motions condemning the league of nations covenant without reservations; denouncing the national administration and demanding that all laws be strictly enforced.

Two delegates at large are women. In addition, 8 alternates, all women, were named. Two presidential electors at large and 16 district electors at large and 16 district electors also were elected.

### BASEBALL MAN DEAD

NEW YORK, (P)—Harry L. Sparrow, secretary of the New York Ameri-

can league baseball club since 1915, died suddenly at his home Friday. He was 45 years old and became secretary

of the club when it was purchased by Messrs. Rupert and Huston from Frank J. Farrell.

# REPUBLIC GRANDE CORD TIRES

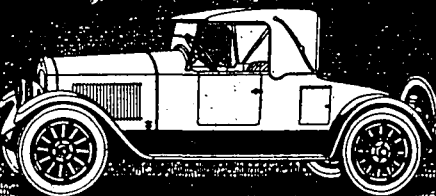

Everywhere the Republic Grande Cord Tire is being accepted without question—because of the good name it bears.

And people are finding that it is true to its name; that it, also, actually does last longer.

The reasons, of course, are the toughened tread of Prodium Rubber, and the rugged cord construction with specially strengthened side-walls.

LIND AUTOMOBILE CO. Buick and Dodge Bros., Dealers BIGGEST and FINEST GARAGE in the WEST PHONE 299

# Cole Aero-EIGHT

BALANCED TO ZERO

Why does the Aero-EIGHT pick-up so swiftly and have so great a fund of reserve power?

An aviator can tell you the moment he takes the wheel and feels the car respond to the touch of the accelerator.

It's the minute balance of every unit that enables the mechanism to respond without effort or resistance when under way.

Aerotype engineering has increased the limits of speed as possibility, and Cole engineers have been the first to apply these principles to the automobile. Aerotype balance is one of the characteristics which the name of the Aero-EIGHT implies. It is balanced to zero, so that every unit is able to function 100 per cent.

THE LATEST "NEW DEAL"

The mask is off and camouflage is  
dropped. The Twin Falls Times has  
given up its labored "independence"  
of the past several months, and, according  
to announcement made yesterday of a  
change in management, it will hereaf-  
ter "represent and earnestly espouse  
the political thought of a considerable  
group of citizens of this locality" and  
"will no less sincerely and ardently ad-  
vocate all of the economic features  
which go with the working of that pol-  
itical party." In this manner is con-  
fessure as to its political leanings made  
certainly, and The Times comes out  
for what it is, an avowed organ of the  
so-called Non-partisan league.

D. F. Detweiler, who for some time  
with others prominent in affairs of the  
Townley organization here, has been a  
stockholder, has secured the control-  
ling interest in the Times, according to  
the announcement, and this interest  
"will be distributed among the farm-  
ers of southern Idaho." Question might  
arise as to whether such distribution  
has not already taken place, and a com-  
munity of interest established among  
subscribers to a major portion of a \$25-  
000 county campaign fund lately pro-  
jected at a meeting of members of the  
Townley league in Ellor.

W. W. Wiegand, who became general  
manager of The Times, is already gen-  
eral manager of the Co-operative Pub-  
lishing company of Nampa, publishers  
of the Idaho Leader, the "official pub-  
lication of the Non-partisan league in  
Idaho." Evidently Wiegand will not  
sever his connection with the Nampa  
institution, because it is announced, he  
will have as his personal representa-  
tive here H. V. Townner, and the editor-  
ial department will be under the su-  
pervision of Ross Parker, "who has been  
associated with Mr. Wiegand for some  
time."

It is hardly to be expected that there  
will be any radical departure in the ed-  
itorial policy pursued by The Times for  
some months past. Probably denizens  
of the "little North Dakota" here will  
be accorded a more generous measure  
of comfort, and the praises of Townley's  
adaptation of state socialism will be  
sounded through all the changes.

Significance primarily attaches to  
this new development in so far as it  
may indicate the purpose of Townley  
organization and its sympathizers here  
to enter the coming political campaign  
as a third party. In this event, the  
course of the two established political  
parties must be determined in accor-  
dance with the strength developed by  
the newcomer. It is hardly to be  
doubted that differences between the  
two established parties, so far, at least,

as county, and perhaps state issues  
concerned, are so great as to prohibit  
joining of forces to resist the invading  
socialist from North Dakota and Min-  
neapolis.  
The new management doubtless, is as-  
sured of its most hearty welcome here  
among those already committed to the  
policies which it proposes to serve. For  
the rest, and by far the larger part,  
popular attitude toward the Times from  
now on is likely to grow colder rather  
than more sympathetic.

PUPILS MAKING RECORDS  
AT STATE INSTITUTION

Probation Officer Tells of Visit with  
Boys and Girls at St. Anthony  
School

J. R. Ault, probation officer, returned  
yesterday from a trip to the state  
industrial school at St. Anthony, where  
he had taken Ralph Gibson, age 16.  
The boy was sent to the school for  
breaking into a store. According to  
Mr. Ault the boys and girls there from  
Twin Falls county are getting along  
well and many of them are in high  
school. One is driving a tractor. They  
are farming 200 acres of land and have  
a 25-acre garden.  
According to the probation officer,  
one girl there taking nursing, is now  
offered a position upon the completion  
of her school work at \$140 per month.  
Mr. Ault states the records show that  
85 per cent of all the boys sent to St.  
Anthony make good while only 78 per  
cent of the girls are classed as suc-  
cessful.

BRINGS POTENTIAL WEALTH  
Idaho Co-operative Beet Sugar Company  
Urges Increased Planting Here

Announcement was made today by  
the directors of the Idaho Co-operative  
Sugar company that a car of sugar  
beet seed, now in transit, will prob-  
ably arrive here Tuesday. This seed is  
sufficient to cover 2000 acres when  
planted. This acreage will yield ap-  
proximately a million dollars' worth  
of beet sugar, according to Oswald  
Wilson, vice president of the company.  
He estimates the sugar content of one  
ton of beets is worth \$50 at prevailing  
prices.  
With more farmers raising sugar  
beets, it is the intention of the com-  
pany to push work on the completion of  
the factory at Ellor as rapidly as possi-  
ble and have the plant in operation  
so that within a reasonable period of  
time it will be able to handle a large  
beet crop this season and thus increase  
the sugar output of the Twin Falls  
tract.

NEW JERSEY GIVES WOOD  
16 DELEGATES, JOHNSON 12

TRENTON, N. J., (AP)—Revised lists  
of New Jersey's 28 delegates to the  
republican national convention at Chi-  
cago June 8 show that Major General  
Leonard Wood will have sixteen and  
Senator Johnson of California, twelve.  
Secretary of State Martin announced to-  
day. Several unpledged district dele-  
gates chosen at the recent primaries  
since have decided to be guided in their  
choice for the presidential nomination  
by the preferential vote cast in their  
respective districts.

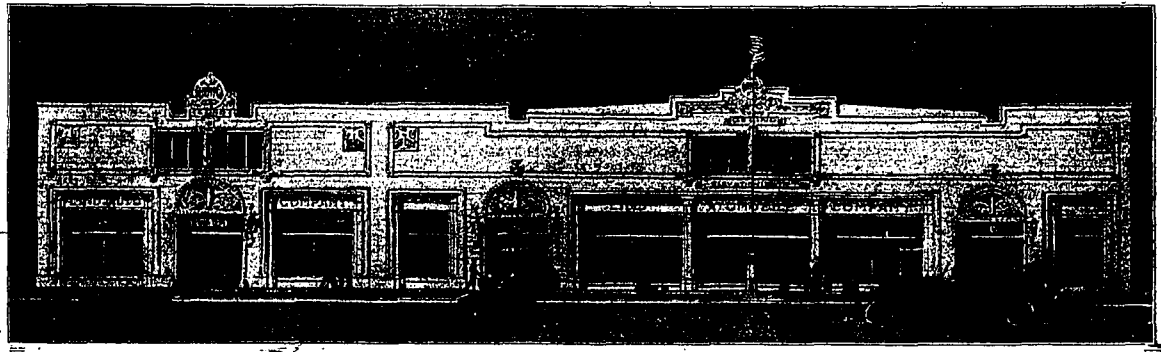

SEWING CLUB ENDS WORK  
Entertainment Marks Completion of  
Year's Program in Poplar Grove

At Poplar Grove yesterday afternoon  
Miss Laura Lynn, leader of the sewing  
club of that community, completed the  
work of the year with a sewing club  
fair and club entertainment at the  
school house. The program, dedicated  
to Mother's day, was enjoyed by a  
small number of people.  
Winners of the sewing prizes were  
Beale Blackwood, first, and Isabelle  
Foreman, second, in first year sewing;  
Winifred Oliver, first, Joy Draper,  
second, and Estelle Johnson, third, in  
second year sewing.  
Preparations are being made by the  
club to participate in the county fes-  
tival, which will be held in Buhl,  
May 22.  
The program given at yesterday's  
entertainment consisted of several  
songs and recitations which were given  
by members of the club. Miss Lynn is  
credited with having repeated her rec-  
ord of last year by procuring finish  
work from every girl of the club.

Don't Forget the Automobile Show

We are pleased to say that this exhibit will be  
larger and better than anything ever before seen in  
Twin Falls.

On account of the recent freight strike we are  
unable to exhibit in this show as we have no cars either  
on hand or en route that could possibly arrive in time  
for the event.

Although there will be no new Buick and Dodge  
Bros. cars on exhibition at the show, at an early date  
we expect to receive several carloads of these popular  
cars and their sterling value is so efficiently demon-  
strated daily that they are the best known business  
and pleasure combination on the market. Further-  
more, they are still lower in price than any other cars  
that begin to compare with them in performance and  
durability.

During show week we cordially invite you and  
yours to come in and look over our garage and make it  
your headquarters, for although we have no new cars  
to show you we have several new features added to our  
equipment.

Be sure and see our new machine shop, light,  
airy and exceptionally well appointed for fast and effi-  
cient repairs.

Inspect our new stock room and let us show you

the most complete line of parts and accessories in  
Southern Idaho. We believe in giving a home to the  
cars we sell worthy of the car. Not a place accessible  
for a few hours per day but a real home open both day  
and night. Let us show you the home of the Buick and  
Dodge.

On the second floor will be found the top and  
upholstering department. There we can upholster  
your old furniture or put a new top on your car that  
will be so reasonable in price as to agreeably surprise  
you.

BRING THE LADIES ALONG

Our lack of cars enables us to turn our spacious  
showroom into an ideal rest room so necessary for lad-  
ies and children, enabling them for a moment to es-  
cape the excitement of the crowds.

While in town let us liven up that old motor by  
draining out the old oil and refilling with Verdol. On  
account of buying in carload quantities when we buy  
we are able to furnish this excellent product at the  
nominal figure of 25 cents per quart or \$1 per gallon.

During show week and the remainder of May  
we will give a discount of 10 per cent on tires. You will  
find in our stock most any of the standard brands.  
Here is your chance to save some money.

# ESTIMATE CUTS WHEAT OUTLOOK

**Production of Winter Crop is Figured at 33.8 Per Cent Less than 1919**

WASHINGTON, (AP)—Winter wheat production this year was forecast at 85,647,000 bushels, or 33.8 per cent less than last year's crop by the department of agriculture today.

The condition of the crop May 1 was 7.9 per cent of a normal compared with 75.9 on April 1 this year, 100.6 on May 1 last year and 87.1 the ten year May 1 average.

The area remaining to be harvested is about 84,000,000 acres or 119 per cent less than planted last fall.

**Exceeds Expectation.**

A slightly larger production of winter wheat than had been expected was forecast today by the department of agriculture on the basis of the condition of the crop and acreage on May 1. Total production was estimated at 48,647,000 bushels, or 1,000,000 more than was forecast as of last April 1. This total, however, is about 287,000,000 bushels less than last year's crop. There was an improvement of 3.5 per cent in the condition of the crop during the month. During the winter 11.9 per cent of the acreage planted was abandoned, the total acreage remaining to be harvested being placed at 34,100,000 bushels.

Production of rye is forecast at 79,750,000 bushels compared with 88,473,000 last year and 91,041,000 in 1918. The condition of rye was 85.1 per cent of a normal compared with 86.8 on April 1st, 90.4 on May 1 last year and 90.5 the ten-year May 1 average.

The condition of meadow (hay) lands was 89.4 per cent of a normal, the expected high yield with 71,752,000 acres and the production forecast 111,831,000 tons compared with 108,600,000 tons last year.

Stocks of grain on May 1 were 11,375,000 tons against 8,550,000 tons last year on May 1.

Spring plowing was 60.1 per cent completed and spring planting was 50.2 per cent completed on May 1.

Acreage of winter wheat May 1 and the forecast of production based on May 1 condition and acreage by important states, follows:

State	Acres	Bushels
Pennsylvania	1,541,000	255,000
Ohio	2,000,000	328,000
Indiana	1,705,000	216,000
Illinois	1,971,000	27,800,000
Michigan	814,000	14,000,000
Iowa	431,000	778,000
Missouri	2,348,000	29,037,000
Nebraska	2,546,000	47,586,000
Kansas	7,767,000	129,000,000
Texas	7,009,000	11,813,000
Oklahoma	2,446,000	27,310,000
Washington	725,000	15,765,000
Oregon	1,144,000	14,440,000
California	656,000	10,863,000

**ORDER PREVAILING AND CONDITIONS NORMAL AT HYDER ABYD, Alaska.** (AP)—The United States coast guard cutter Algonquin, which was ordered here April 29 on reports that radicals were active here, found order prevailing and living conditions normal. The Algonquin will proceed to the Bering sea.

## SOCIALIST CALLS

(Continued from Page One)

Wilson, the champion of labor, restored involuntary servitude in the mines and on the railroads, and answered the demands of the workers by jailing their leaders.

### Atavistic Political Types.

"Wilson, the idealist and humanitarian, has inaugurated a reign of intellectual obscuration, moral terrorism and political reaction, the like of which this country had never known before. The morbid national psychology which he has helped to create has produced such atavistic political types as Palmer, Burdick, Sweet and Lusk. It has advanced to places of honor political mountebanks like Ole Hanson, but has put into prison strikers, the best and truest types of American manhood, persons like Eugene V. Debs, and many of his less conspicuous fellow prisoners. The pitiful collapse of Wilson's liberalism was nothing accidental."

"Woodrow Wilson was probably inspired by the best of intentions when he set out for reelection. But he did not voice the sentiments, convictions or interests of the class he represented or the political party to which he owed allegiance. When that crisis came and he was forced to choose between the people and the party to whom he belonged and the workers for whom he professed a platonic affection, he rallied to his class and party interests."

### Middle Class Falls.

"Nor was Wilson's fall purely personal. With few notable exceptions the entire structure of middle class capitalist liberalism crumbled with him, never to rise again."

"Today there is not throughout the length and breadth of the United States a single liberal or radical political group of any importance outside of the organized socialist movement. The attempt of some unscrupulous and hard workers to form an independent political party of labor on a national scale has so far foundered upon the rocks of conservatism and the narrowness of the American Federation leadership, and the efforts to create a progressive middle class party have met with little response."

### Predicts American Graduated.

Mr. Hillquit, elected chairman for

## Twin Falls Girl Tennessean's Bride

Mr. and Mrs. Richard Shelton Patton, whose marriage took place on May 1, in Jackson, Tennessee. Mrs. Patton was formerly Miss Evelyn Azalia Krongel of Twin Falls.

The wedding of Miss Evelyn Azalia Krongel, daughter of Mrs. E. E. Krongel of Twin Falls, to Richard Shelton Patton of Jackson, Tenn., took place on Saturday last at Jackson, according to announcements which have just been received here. The ceremony was performed at 8 o'clock in the evening in the Baptist church, an uncle of the bridegroom being the officiating clergyman.

The bride is a graduate of the Twin Falls high school of the class of 1913. She continued her studies in Chicago where she became acquainted with Mr. Patton, a graduate of Purdue university, who was taking post-graduate work there, the friendship culminating in the wedding Saturday.

Mr. Patton is a civil engineer and is associated with his father, F. F. Patton, in a contracting engineering firm at Jackson, where the young couple will make their home.

The day over J. Lewis Engdahl, of Illinois, by a vote of 91 to 29 declared that war passion dying, sobered America would look back with gratitude to the small band of socialists who had nothing for which to apologize in their stand on the war but who had been persecuted and jailed.

He declared that the political conditions for the task of socialist revolution had been created and that "this time it will not be merely the vague and abstract spirit of socialist socialism but the definite and organized socialism of the socialist party, which will lead the light of the workers."

"Who and what again," he said, "the common people believed in the false prophet and voted him into power, only to reap a heavy harvest of bitter disillusionment."

"Let us remain socialists, and no Palmerism, Luskism or Sweetism can prevent or even retard the day of our ultimate victory."

**Mr. Hillquit Is Frequent**

Mr. Hillquit was cheered. Indeed, there was frequent applause from the opening of the meeting, when with the singing of the Internationale, Marsell and hymn of "Proletaria, delegates and spectators saw unveiled a life sized portrait of Eugene V. Debs, now serving in a federal penitentiary for violating the espionage act. The portrait was framed in black and in front of it was placed a bunch of roses.

"Today it is becoming increasingly clearer that if the treaty of peace is not written all over, the war will have to be fought all over unless the world-wide triumph of socialism overtakes both the treaty and the war."

George Hempel of Milwaukee was vice chairman for the day over Cameron H. King of California, and Walker M. Cook, of New York was chosen secretary.

**Introduces Australian.**

Prime Minister Edward G. Theodore of Queensland, Australia, who has been visiting in the United States the last month, was introduced by Chairman Hillquit as "a prime minister of labor."

William Z. Foster, leader of the steel strike, told the convention the fight would be continued until the workers were successful.

"When the big strike comes out there," said Foster, referring to the next steel strike, "we want railroad men, miners and everybody."

"The unions themselves are responsible for the loss of the last strike," he continued.

## Today's Markets

**Liberty Bonds**

NEW YORK, (AP)—Final prices on Liberty bonds today were: 3 1-2's \$91.86; first 4's \$99; second 4's \$85.00; first 4 1-4's \$93.50; second 4 1-4's

100 to 125-pounds \$13.75 to \$14.50. (Sheep—Receipts 2,000; strong to higher; prime 90-pound shorn lambs \$19.10; compared with week ago: shorn lambs 75c to \$1 higher; wool lambs around 50c higher; sheep unevenly lower.

**Omaha Livestock**

## SENSE IS REQUIRED AS WELL AS TALCUM

"Life is not all talcum to the heavy tourist tube that cushions his every

when the car spins along a road with wheels turning several times a second," declares A. C. Coburn, manager auto department Reynolds Brothers, local Goodyear dealer.

"More than salt is needed to smooth the rough and stony life road of tubes that stand heat and cold, neglect and abuse."

"No motorist can imagine the care with which tubes are made. Laminated tubes such as the heavy tourist are made from thin sheet rubber by rolling over a mandrel of proper size until the required number of layers have been built up to the desired thickness. Special care is taken in placing the reinforcing patch around the valve. This valve base is built into the tube

which is then completed by buffing, cementing and vulcanizing walls every operation is watched by keen-eyed inspectors.

"Proper inflation is essential if tubes and casings are to give maximum service. Abuse by bumping curbs, driving at a high rate of speed over sharp rocks or ruts tends to shorten the life of both tube and casing. Care must be used in placing tubes in casings to see that the tubes are not pinched and that not too much or too little tale is used."

In the interest of having tubes and casings deliver maximum mileage, the Goodyear Tire and Rubber company has issued a series of educational bulletins that can be obtained on request at their local dealer.

**THE NEW OAKLAND SENSIBLE SIX FOUR DOOR SEDAN**

# OAKLAND

## SENSIBLE SIX

EVERY essential convenience, from mechanical lift for the windows in its double-latch doors to an inconspicuous heater for use on cold days, has place in the equipment of the new Oakland Sensible Six four door Sedan. And being of solid body construction, and built upon the standard Oakland chassis, its range of activity is fully as great as that of the open car.

**MAGEL BROS. DEALERS PHONE 95**

# Allen

## A Finer Type of Service

The ideal of the makers of the Allen is to build into a moderate sized car all the finer automotive qualities which until now have been obtainable only in the high-priced, big-car field.

Quality, rather than size, is the Allen keynote.

And in many respects a fine medium sized car is the most desirable—is more economical, is easier to drive and control (therefore safer) and it costs so much less to buy and maintain.

For the average American family, the Allen represents the finest type of motor car service.

Always glad to demonstrate.

EMPLOYMENT SERVICE ADOPTS ZONE SYSTEM

Divides Country into Districts for Purpose of Improving Means of Supplying Labor

PHOENIX, Ariz., (AP)—In order to be able to cope with labor shortage, the employment service of the United States department of labor has reorganized and a zone system adopted, according to F. W. Berkshire, supervising inspector for the department of labor.

Requests to fill labor shortages would be directed to district headquarters in San Francisco. Mr. Berkshire said it was expected that this plan would be valuable this summer and fall when it was estimated 54,000 cotton pickers would be needed to harvest the crop from 285,000 acres in Arizona and 40,000 acres in the Imperial valley of California.

EDUCATOR BECOMES MONK

Mysterious Disappearance of Japanese Pedagogue is Explained

TOKIO, (AP)—Kanno Ikeda, director of the Middle School of Kure, suddenly disappeared a few weeks ago leaving a letter stating that he was dissatisfied with the recent state of social affairs, and determined to lead a hermit's life. Now he has been discovered in a famous Buddhist monastery leading the life of a monk.

FIFTEEN YEARS AGO IN TWIN FALLS

Taken at random from The News like this date

The news that the railway will surely reach Twin Falls by July 1 is gratifying to residents and property owners in this city. Once the steel bands reach the end of Shoshone avenue Twin Falls will begin its second growth and the engineers will be driven out of the neighborhood.

William Ashton, chief engineer of the Oregon Short Line arrived in Twin Falls on Thursday. He came for the purpose of going over the grounds and yard. The railway grade reached the city early in the week and the work of grading the side tracks and station grounds will follow immediately.

The townsite company will shortly install a water tower plant which will take the place of the gasoline engine now used to pump the city water supply. The water will be taken from the ditch and sent to a new station pumping station where the wheel will be located.

The opening of the Burley townsite was held the first of May. 524 people drew for lots and 509 made purchases. On the day following the opening the total sales aggregated \$87,000.

I. B. Perrine has received the gold medal awarded him for his individual fruit exhibit at the world's fair.

Mrs. G. E. Harlan and family arrived from Acon, Ill., last Monday. Mr. Harlan met them at Shoshone.

P. J. Costello and family have arrived from Illinois. Mr. Costello's residence is completed and he is no longer a member of the "Homeless Twenty."

Addison T. Smith has arrived from Washington accompanied by his son, Hugh. Mrs. Smith and the rest of the family went on to Boise where they will visit at the Shoup home. Mr. Smith has an excellent farm near the city and he came out for the purpose of establishing his residence and proving up on his land.

NOMINATES POTTER FOR COMMERCE COMMISSION

Wilson Appoints Railroad President for Eleventh Place on Transportation Board

WASHINGTON, (AP)—Mark W. Potter, of New York, president of the Carolina, Clinchfield and Ohio railroad, has been nominated to the Commerce Commission by President Wilson to be a member of the Interstate commerce commission.

The appointment will bring the commission up to the newly authorized strength of 11 members if all three nominations now before the senate are confirmed. Mr. Potter is a democrat.

PROPOSES REGULATING FARMERS ASSOCIATIONS

House Committee Reports Compromise Bill; Denies Request for Anti-Trust Law Exemption

WASHINGTON, D. C., (AP)—A compromise bill to regulate co-operative associations of farmers, dairymen and other food producers was reported on Thursday by the house judiciary committee as a substitute for the Capper-Phillips measure.

The bill proposes that no such organization may earn more than eight per cent.

Requests of such organizations that they be made wholly exempt from the Clayton anti-trust act were denied. Exemptions would be granted only to the extent of permitting individuals to form an association for distribution of food products. Combinations of such organizations would be illegal.

You may learn something of value to you about values and prices of merchandise by devoting a few minutes to reading the ad.

In the Matter of Trip of Inspection to Owsley's Ferry.  
The Board having received a call from Owsley's Ferry in connection with the landing of a ferry, as reported in a letter to the Board, and on returning deferred a recess until 10 a. m., April 14th.  
**T. E. MOORE, Chairman.**  
**Attest: C. C. SIGGINS, Clerk.**

**Twin Falls, Idaho, April 14, 1920.**  
10 A. M. Regular April Session.  
The Board convened at this time pursuant to recess. Present all members and the Clerk.  
In the Matter of Filling Vacancy in the Office of Stock Inspector.  
In this matter, it appearing to the Board that there is a vacancy in the office of Stock Inspector for Twin Falls, Idaho, and that therefore, it is the duty of the Board to fill said office for the ensuing year by furnishing a bond in the sum of \$1,000.00.  
In the Matter of a Request of the Assessor for credit in the sum of \$9,555.58 on account of uncollected personal taxes for the year 1919.  
Comes Geo. W. Wilcox, County Assessor and files his written report for credit in the sum of \$9,555.58 on account of uncollected personal taxes for the year 1919. After due consideration

and inspection of the claim, same is approved and ordered referred to the auditor.  
In the Matter of Approving Quarterly Reports of the County Officers.  
Reports of C. C. Siggins, Clerk of the District Court, A. N. Sprague, Sheriff, E. L. Warren Treasurer, and O. P. Duvall, Probate Judge, received and approved and ordered filed.  
In the Matter of a Petition for Abatement of Nuisance by E. M. Herriott and others, against certain lands owned and occupied by one J. Wall as a hog yard, before the Board at this time dismissed owing to the fact that said Wall had removed his hogs and has had the land in question cleaned and plowed and that there remains no cause for action.  
In the Matter of Fixing County Officers Salaries for the period commencing on the Second Monday in January, 1921.  
In this matter, said salaries are here by fixed as follows, to-wit:  
Clerk of the District Court, ex Officio Auditor and Recorder, \$3000.00  
Probate Judge, \$2000.00  
Treasurer and Tax Collector, \$2000.00  
Sheriff, \$2000.00  
School Superintendent, \$2000.00  
County Attorney and County Commissioners Salary being fixed by statute are left undisturbed.  
Coroner \$200.00 and County Surveyor \$200.00.  
Such changes to be in effect from and after the second Monday in January, 1921.

In the Matter of Transferring Funds.  
Comes Geo. C. Siggins, County Auditor, and advises that there is, as of April 10, an amount of \$8704.57 in the County Warrant Redemption Fund, and that the said County Auditor has Current Expense Warrants outstanding. Now, therefore, be it ordered that the auditor is hereby authorized to transfer to said April 10, \$5704.57 from the Warrant Redemption Fund to the Current Expense Fund, to be used in the redemption of outstanding Current Expense Warrants. The suggestion was approved by the Board and a check of Transfer was made and delivered to the Auditor.  
There being no further business to come before the Board at this time a recess was taken until 10 a. m., April 15th.  
**T. E. MOORE, Chairman.**  
**Attest: C. C. SIGGINS, Clerk.**

**Twin Falls, Idaho, April 15, 1920.**  
10 A. M. Regular April Session.  
The Board convened at this time pursuant to recess. Present all members and the Clerk.  
In the Matter of the Appointment of Justice of Peace, Kimberly Precinct.  
A petition signed by Geo. W. Meador and others, all residents of Kimberly Precinct, was presented, and the Board appointed Justice of the Peace for Kimberly Precinct, was presented, considered and granted, and clerk was ordered to notify said Ward of his appointment and to issue a check for official bond in the sum of \$500.00.  
Remainder of the day was occupied by routine business and at 5 o'clock p. m. a recess was taken until 10 a. m., April 16th.  
**T. E. MOORE, Chairman.**  
**Attest: C. C. SIGGINS, Clerk.**

**Assessment Local Improvement Bonds of the City of Twin Falls, Idaho.**  
to provide for improving certain streets, avenues and alleys and certain parts of streets, avenues and alleys, all included in Local Improvement District No. 37 of said City of Twin Falls as said district is created by Ordinance No. 284 of said city, by grading, paving, curbing, and surface draining said streets and parts of streets included in said Local Improvement District No. 37. Said bonds will be issued in conformity with the provisions of a certain ordinance of said city yet to be adopted and approved by the Council and Mayor of the said City of Twin Falls, Idaho.  
The bonds will bear date the 1st day of July, A. D. 1920, and will be redeemable at the option of the city at any time or before ten (10) years from date thereof, and shall be absolutely due and payable at the expiration of ten (10) years from the date thereof. Said bonds shall be issued in denominations of One Thousand (\$1,000.00) Dollars, Five Hundred (\$500.00) Dollars and Twenty Five (\$25.00) Dollars and the principal of said bonds and the interest thereon shall be payable at the office of the City Treasurer of said City of Twin Falls, Idaho, at the Guaranty Trust Company in the City and State of New York, at the option of the holder. Said bonds will bear interest at a rate not exceeding seven (7%) per cent per annum, payable semi-annually on the 1st day of January and the 1st day of July in each year.  
The Mayor and Council of said City of Twin Falls, will on Monday, the 31st day of May, 1920, at the hour of 8 o'clock p. m., in the office of the City Clerk, in the Water Works Building at the corner of Second Avenue North and Second Street, Northwest, receive sealed bids for the purchase of all bids must be without condition

as to legality and must be accompanied by an unconditional certified check on a national bank or trust company, equal in amount to ten (10) per cent of the face value of the bonds bid for. Bidders must state the rate of interest (not exceeding seven (7%) per cent per annum) on which their bids are based. After ascertaining the best terms upon, and the lowest rate at which, said bonds can be negotiated, the bonds will be sold, but in no case for less than their par value and accrued interest at the time of disposal by the City Treasurer under the general supervision of the Mayor and Council.  
The Mayor and Council reserve the right to reject any and all bids. By order of the Mayor and Council of the City of Twin Falls, Idaho.  
By W. H. ELDRIDGE, Mayor.

### NOTICE TO PROPERTY OWNERS

#### Improvement Districts Numbers 34, 35 and 37

Your attention is called to the fact that the assessment roll for improvements in these districts has been spread and property owners have right to pay cash between April 29th, 1920, and June 2nd, 1920.  
You can save 7 per cent interest on your assessment, which on different property frontage would be as follows: On an assessment running 7 years (average life of bonds), at 7 per cent plus charge of County Treasurer Office of 1-1-2 per cent per annum for collection would equal on:

A \$ 200.00 Assessment	\$ 81.12
A 300.00 Assessment	121.68
A 400.00 Assessment	162.24
A 500.00 Assessment	202.80
A 600.00 Assessment	243.36
A 700.00 Assessment	283.92
A 800.00 Assessment	324.48
A 900.00 Assessment	365.04
A 1000.00 Assessment	405.56
A 2000.00 Assessment	911.12

If paid in ten annual installments, you would pay:  
\$ 281.12 instead of \$ 200.00  
421.68 instead of 300.00  
562.24 instead of 400.00  
702.80 instead of 500.00  
843.36 instead of 600.00  
983.92 instead of 700.00  
1124.48 instead of 800.00  
1265.04 instead of 900.00  
1405.56 instead of 1000.00  
2911.12 instead of 2000.00

You do not have to pay now, but as a business proposition by paying cash prior to June 2, 1920, you will save this interest.

### The Possession of Valuables

entails the responsibility for safeguarding them.  
One may go to great pains to hide his stocks, bonds, records, receipts—or an endless variety of other things—about the home or place of business, and yet go unassured of their safety.

This institution, on the contrary, with its superior safe deposit equipment, is able to positively guarantee their protection and preservation.

And at a cost within the means of all!
