Illinois Delegation to Socialist National Convention Declares for "Dictatorship of Proletariat"

TENTATIVE PLATFORM IS TOO CONSERVATIVE

Hilquit Forces Defeat Move to Submit to New Committee; Convention to Consider the Subject

NEW YORK, (AP)—Declaring for the "dictatorship of the proletariat" and a "workers' council in the government," the Illinois delegation to the socialist national convention today announced it intended to fight to make the 1920 platform "genuinely radical" and representative of the workers.

World Cancel War Loans

Under the head of "Political," it was recommended that the party demand repeal of the espionage law and other repressive legislation; release of all political prisoners; repeal of the arbitrary power to deport aliens by administrative order; abolition of the power of the federal government to strip citizenship; election and recall of federal judges; direct popular election and the recall of the president and vice president of the United States; equal and unrestricted suffrage; "in fact as well as in law" and constitutional amendment to remove all obstacles to industrial and social reform and reconstruction, including socialist party aims.

VETOES GRAIN EXCHANGE PLAN

Federal Wheat Director Meets Trade Representatives on Open Market Plans

CHICAGO, (AP)—Suggestions of grain exchanges that the United States government invoke the embargo privileges of the Lever act, if necessary, to prevent the pool of foreign governments from manipulating American wheat markets were vetoed Friday by Julius S. Barnea, wheat director, who told the grain men that the proposal presented "untold difficulties."

Mr. Barnea met 400 board of trade representatives, grain dealers, flour millers, terminal and country elevator men and bankers to discuss restoration of open markets and future trading after June 1, when the wheat guaranty act expires.

The conference decided to submit the question of future trading to the exchange.

"Crop yields and home consumption do not lend themselves to exact calculation, and in whose judgment should a decision rest as to when an export movement begins to exceed that upon home consumption," Mr. Barnea said in discussing the embargo proposal.

"Moreover," he added, "any form of embargo is a limitation upon the producer's right to a free world market. If that producer be deprived of that natural advantage, then justice dictates that he should be protected against the collapse which might follow a surplus crop confined to insufficient home consumption."

Mr. Barnea criticized the subsidy plan under which the allies sell American grain to their people at less than cost, and also the power of the foreign buying pool.

There are unusual hazards in the way of the return to an open market, he said.

"First, there is the totally inadequate inland transportation facilities of the country. . . .

"We perhaps may expect a measure of transportation improvement, if there should develop a slowing down of general business. A fair solution of labor interruptions and some measure of new construction would also help."

RUNS FOR CONGRESS ON PRETENTIOUS PLATFORM

Lexington-Concord Minute Men Make Debut in Montana; Butte Politician First Candidate

HELENA, Mont. (AP)—A most elaborate program is that of the "Lexington-Concord Minute Men" party, which has made its debut in Montana. The first candidate to file is Paul McNeely, a Butte politician, who seeks a seat in congress from the first district.

McNeely filed what he declares is the national platform of the party, with his formal declaration of candidacy. The principles include:

A bill making the constitution superior to any court decision; a bill for government ownership of "large industries that menace the liberties of the people"; a bill creating "government banks"; a bill "restoring all water power to the people"; abolition of the standing army; abolition of the office of president and vice president of the United States; recognition of the "republic of Ireland"; soldiers' bonus.

USES CONCRETE FOR ROAD FROM BUTTE TO ANACONDA

BUTTE, Mont. (AP)—To construct the concrete paved road between Anaconda and Butte, extending a distance of 26 miles, it will require 450 carloads of cement, 870 carloads of sand and 137 of crushed rock. For this project the state highway commission has placed an order for 87,000 barrels of cement, which is probably the largest single order of its kind ever given in the state.

This will be the first rural paved road constructed in Montana, will be 15 feet wide except at the curves, where the width will be 20 feet. It is estimated the road will cost at least \$250,000, one-half of which will be provided through federal aid.

CHINESE PHASANT STOCK IS BOUGHT FOR MONTANA

ANACONDA, Mont. (AP)—The state game and fish commission at a meeting here decided to purchase 200 Chinese pheasants and a large number of eggs of the same fowl with which to stock portions of the Missouri and Blackfoot river valleys. An effort was made a number of years ago to stock these districts but adverse conditions rapidly thinned out the numbers until today none remain.

REAL DIAMOND EXPERTS JUST CAN'T BE HELD

Ohio's Fraser is Wealthy and Still Coining Money on Farm—Has Ball Club Now

You can't keep a good baseball player or who leaves the sport out of the game any more than you can keep a squirrel on the ground. That's one reason why the annual crop of holdouts never worries anybody except the fans who aren't big to human nature.

Incidentally, the player to whom baseball is work never can be so good as the one to whom it is play. The loss of a star performer who is in baseball simply for what he can get out of it is never as serious as the passing of a great player through accident or age. The holdout who quits never is worth as much as he thinks he is or he would get it.

Schang and Schalk Compared.

For instance, there have been attempts to compare Walter Schang with Ray Schalk, peer of backstops. Schang is sulking in his automobile shop because Boston won't pay him a \$25,000 salary. Schalk isn't getting that much, but he comes nearer to earning it than Schang ever did or will. And when the White Sox star is plucked by Father Time he probably would be willing to give \$12,500 a year to be able to keep on playing.

But what we started to say is that you may be interested to know our old friend Chic Fraser is still in the game. He is managing the Jerome team in the Southern Idaho league and expects to develop a crop of players suitable for major league consumption along with a lot of aristocratic wealth. This isn't in baseball out there because he has to be, but because he can't stay out.

Old Time Cub Flinger.

It's a long, long trail back to the days when Fraser was one of the regulars on the Cub pitching staff. After the big league bats got too big for him to miss, Chic graduated into the ranks of scouts, acting as ivory hunter for Pittsburgh. He did not have to do that either.

Before he was through as a slabman,

Fraser staked out a future homestead in Idaho, getting in on the ground floor of a new irrigation district. While he was still in apogees or wearing gum shoes, Chic devoted his acres to raising potatoes, considering that the crop which would yield best to absent treatment. He was settling up the original and genuine special club the former star hurler has specialized in cereals.

Maltese Pedigreed Wheat.

Moreover, he has been as successful as he was in baseball, in witness whereof we have before us some clippings from Idaho papers supplied by a friend on the exchange desk. Fraser has set a record for harvesting a crop of pedigreed wheat and selling his surplus for \$3 a bushel.

This is considerably more than Uncle Sam guaranteed the farmers, but Chic did not sell his wheat for food. He sold it for seed and his neighbors bought it because it averaged 63 bushels to the acre. Instead of being a profiteer he is a benefactor, conspiring to increase the food supply.

This crop was raised on land which Fraser himself developed from a sage brush desert during the winters when he was winding up his career on the diamond. His conversion from a big league pitcher to a major league farmer was not a matter of luck but of good honest sweat.

Small Town Magnate.

With his combined profits from baseball and farming, Fraser also has an interesting in an electrical and sporting goods firm on Main street, in Jerome, where his baseball team will try to annex the championship of the Southern Idaho league this summer. His farm is seven miles from town, but Chic always carries an extra wire wheel and a few loose inner tubes. The foregoing does not prove Fraser is a squirrel because he won't stay on the ground he tills, although he does wear a fur coat in winter.

MOSCOW LAYS PLANS FOR TRACK AND FIELD MEET

Idaho's Ablest High School Athletes to Assemble for the State Contest

UNIVERSITY OF IDAHO, Moscow, (Special)—Plans for the highest high school athletes to honor on the elder path will assemble at Moscow May 13 and 14 for the university's annual track and field meet...

Already large, the list of entrants is expected to grow substantially in the coming three days. Physical Director W. C. Himmert...

If marks made in high school meets held in different parts of the state may be accepted as criteria, the 1920 intercollegiate may prove the speediest high school classic university students have witnessed in many years.

Cashelet of Genesee is being counted on to equal or surpass the record of five and three-fifths in the one mile dash made eight years ago by Carley of Boise...

Stanley Phillips of Lewiston, a holder of Idaho's 100-yard dash record, is expected to perform seasonally in the event...

Finals in the dashes, hurdles, jumps and weight events will be run throughout Thursday afternoon and the finals will be staged Friday.

CHARGES EXCESS PROFIT TAKEN IN SUGAR TRADE

Federal Agent Files Complaint Against the Utah-Idaho Company

SALT LAKE CITY, (AP)—Federal investigators here today issued the Utah-Idaho Sugar company with headquarters here, by selling sugar at 22 1/2 cents per pound...

SALT LAKE CITY, Utah, (AP)—A complaint charging the Utah-Idaho Sugar company of Salt Lake with profiteering in sugar was filed for the government here Saturday...

Filing of the complaint by Mr. Jackson is the outcome of nearly a week's investigation into the rise in sugar prices from 13 to 22 1/4 cents per pound...

Merrill Nibley, vice president and assistant general manager of the Utah-Idaho Sugar company has been arrested and released on \$5000 bond to answer the complaint.

Three instances where the company sold sugar to local wholesale grocery concerns at a price of approximately 12 1/2 per hundred pound sack are cited by Mr. Jackson in the complaint.

For several days Mr. Jackson has been examining the books of the company and he says in his complaint that over 177,000 hundred pound bags of sugar are stored at their warehouses and refineries in Utah.

Heber J. Grant, president of the Mormon church, is president of the Utah-Idaho Sugar company, said to be one of the largest producers of beet sugar in the United States.

FRENCH STRIKE TACTIC FAILS TO ADVANCE AIMS

Tie-up of Street Traffic in Paris in Move for Nationalization Incomplete

PARIS, (AP)—Leon Jouhaux, master spirit of the French Federation of Labor, has failed apparently to strengthen the movement for nationalization of public utilities by ordering a strike on transportation lines, subways and tramways in Paris.

Frequent clashes occurred during the afternoon between taxi drivers and strikers, but did not enter the suburbs. Auto buses continued to circulate.

The strike is complete at Marseilles and St. Etienne and is effective at Lyons.

Interest now centers on whether Leon Jouhaux desires gas and electrical plant workers shall be called out. The executive committee of the labor federation is in continuous session.

The general federation of labor has issued an appeal to the united socialist party, says the Echo de Paris.

Certain socialist deputies are reported to have invited Millerand for an interview for the purpose of discussing resumption of work.

PREDICTS VICTORY OF LEAGUE IN MINNESOTA

NEW YORK, (AP)—Labor conditions and high prices have discouraged the farmers of North Dakota and as a result the wheat and potato crops will be considerably below normal this year, according to Governor L. J. Frazier, who arrived here Friday.

Governor Frazier will deliver an address Monday on the work of the Non-partisan league which supported his election. He is confident, he said, that the league will carry the state of Minnesota this fall, but, so far as the national campaign is concerned, it will confine its activity to the states in which it already has a foothold.

Defends Tentative Platform. The document was prepared, he added, after a careful survey of the points of interest of the program of the international German socialist party, the socialists of France and Italy and the communists of Russia.

"Unless you have reasonable grounds to object," added Mr. Hillquit, "you are not radicals, but obstructionists."

The "radicals" first succeeded in defeating their opponents on the question of submitting the platform and declaration of principles to a new committee.

Seek Prisoners' Release. A committee of five to confer in Washington on Friday and Saturday with Attorney General Palmer and Secretary Taft...

It is planned to have the committee report back to the convention and to stage a mass meeting in Washington which will be made a part of the convention. Sessions will be adjourned here today and reconvened in the national capital Saturday night.

The convention instructed its committee also to call on Secretary of War Baker on behalf of conscientious objectors who are now serving terms in federal prisons.

Revolutionists. (Continued from Page One)

Oaxaca Joins Revolt. The state of Oaxaca joined our movement under the command of General Luis T. Merelas on the second instant. I ordered General Merelles at once to advance on Tehuacan in the state of Puebla and to Maltrata in the state of Vera Cruz. This movement

was so rapid and successful that on the 6th General Merelles occupied the railroad station of Esparranza and Maltrata heights in the state of Vera Cruz, placing at my disposal there a powerful Carranza's convoy proceeding to the state of Vera Cruz.

Congressman Sanchez and others at Puebla organized our movement and General R. Reyes Marquez occupied Puebla, the capital of the state of Puebla, and I placed at my disposal myself and his forces under my orders. The states of Tamaulipas, Tabasco and Tlaxcala have also espoused our movement.

Diogenes Bottled Up. "Michoacan forces invaded the states of Jalisco and Guanajuato and the Carranza forces which operated in this last state revolted and joined us."

General Manuel M. Diezguis with a sparse number of troops is completely bottled and his condition is critical.

"General Francisco Murguio before leaving Mexico City, ordered a massacre in the Santiago Tlatelcoico penitentiary. Among the victims of the crime were 15 generals, Triana, Lechuga, Artigas, Cejudo and others."

ing troops to France was the paramount naval duty until I felt impelled to enable him temporarily that such was our mission."

Regrets Promotion. Secretary Daniels testified that had he known that in October, 1918, Sims had made statements reflecting upon the constitution of the United States army and navy to winning the war to members of congress visiting abroad, he would never have recommended his promotion.

Credible Steel which forfeited a part of its recent substantial rally. Balls, shippings, motors and coppers shared almost equally in the early gains which obtained from 1 1/2 to 2 1/2 points. Oils were hesitant, reflecting latest news from Mexico.

Most gains were materially reduced or altogether cancelled in the final hour, when call money tightened and adverse reports of industrial conditions were current. The closing was heavy.

Liberty Bonds. NEW YORK, (AP)—Final prices today were: 3 1/2's \$91.70; first 4's \$87.70; second 4's \$85.14; first 4 1/4's \$85.00; second 4 1/4's \$85.00; third 4 1/4's \$85.00; fourth 4 1/4's \$85.04; Victory 3 3/4's \$95.90; Victory 4 3/4's \$96.

Grains and Provisions. CHICAGO, (AP)—Notwithstanding that the corn market today opened somewhat easier, strength soon developed as a result of commission houses buying. A big advance in Canadian wheat prices seemed to be more or less responsible for renewed bullish sentiment regarding corn. Trade, however, was not large.

Opening prices, which ranged from 5-8 decline to 1-8c advance, with July \$1.71 to 1.71 1/2c and September \$1.60 3/4 to 1.61 1/4c, and then by a moderate general advance followed by decided upticks all around.

Trouble in obtaining corn here available for immediate use led subsequently to further pronounced gains, and so likewise did renewed talk of a Argentine embargo on wheat. The close was firm, 1 1/2 to 4 1/2 net higher, with July \$1.78 7/8 to 1.78 1/8 and September \$1.62 7/8 to 1.63.

Oats awayed with corn. After opening 1-8 to 5-8c lower, including July at 91 3/4c to 91 7/8c, the market secured a quick rally.

Provisions were dull and weak. The market lacked any aggressive support.

Cash Quotations. CHICAGO, (AP)—Wheat No. 2 hard \$3.01 to 3.08. Corn No. 2 mixed \$2.00 to 2.09; No. 2 yellow \$2.08 to 2.10.

Oats No. 2 white \$1.14 1/2 to 1.10 1/4; No. 3 white \$1.13 to 1.15. Rye No. 2 \$2.25 3/4 to 2.28. Barley \$1.05 to 1.06. Timothy seed \$19 to 11.50. Clover seed \$25 to 25.

BOWER VICTIM IN MOTOR ACCIDENT

Twin Falls Man Loses Life when Car Leaves Bridge and Overturns

James M. Bower, aged about 45 years, a plasterer, resident for several years on a suburban property on Owen street, three-quarters of a mile north of Twin Falls, was instantly killed at about midnight Saturday when his car in which he and three other persons were driving, catapulted off a bridge set at an angle with the highway over an irrigation ditch five miles southeast of here. James Odell, a neighbor, and Mrs. Bower are patients in the county general hospital suffering from injuries sustained in the accident. Odell's jaw and several ribs are fractured and his shoulder dislocated. Mrs. Bower is prostrated by shock. The car was driven by Mrs. Odell. Mrs. Bower occupying the front seat with her. The men occupied the rear seat. The party was returning from a visit with friends. Although the car was crossing the bridge was unsuccessful. The car swerved off to the side and overturned. Mrs. Bower was thrown clear of the car. The others were pinned underneath it.

Arrangements for funeral service for Mr. Bower have not been completed. The body is now at the coroner's undertaking establishment and probably will be taken to the former home in Illinois for interment, it is stated.

MINISTER PROTESTS AT VIOLATION OF SABBATH

Dr. A. G. Bennett, in Sermon, Appeals for Discontinuance of Sunday Work by Municipality

"Let us have no more municipal violation of the law of Sabbath observance. When I came to this church this morning to conduct the services of worship, I found the crew of men putting in the curbing in front of this church. I do not believe the paving contractor intended to insult this church nor the other churches that preach Sabbath observance," said Dr. A. G. Bennett, in the M. E. church yesterday morning. A large audience was assembled at the three o'clock service.

"I raised a firm protest to the young man in charge of the laborers and he courteously responded by taking off his laborer's cap and bowing respectfully. But this violation of the Christian sentiment of this community by Sunday work on municipalities jobs went on many Sundays this winter in work on the viaduct along Eighth avenue.

"I appeal to the paving contractors and others doing city work, and to the municipal authorities, that no more municipal work of this public character be carried on on the day of God, the day set apart for divine worship. Sabbath observance is one mark of how far we are living above paganism."

CELLIST VISITS SHUTIN

Steindel Learns of Lad's Predicament and Carries Cheer to Young Admirer

Inability, because of his broken leg, to attend a recital given Saturday evening by Bruno Steindel, at the home of Mr. and Mrs. W. Zenas Smith, resulted to the advantage of Robert Steindel, 13-year-old son of Mr. and Mrs. E. H. Dooley, when the noted cellist, learning of the predicament of his youthful admirer, volunteered to visit the boy in his own home and after playing several numbers gave the lad some instruction in the use of the instrument. Robert has been taking cello lessons for a year past. He broke his leg about two weeks ago when his pony slipped and fell with him on a slippery pavement.

HIGH SCHOOL GRADUATES TO PRESENT CLASS PLAY

Members of Student Cast Offer "Mice and Men," Four-Act Comedy Drama

"Mice and Men," a four-act comedy drama, will be presented by a cast from the class of 1920 of the local high school at evening theater tomorrow evening. Members of the cast have been rehearsing steadily for several weeks and the play is now ready for presentation.

A cast of 16 persons has been assembled by Miss Ida Brown, directress of the play, all of whom are expected to show ability and training during the progress of the drama. Tickets for the performance have been selling rapidly and a full house is anticipated tomorrow night.

The plot of "Mice and Men" contains many humorous complications and developments. Mark Embury, a man of 40 years, attempts to raise a girl from the founding husband to be his wife, but obstacles which arise are sufficient to prevent him from carrying out his intention. Dwight Kuhns as Captain George Lovell, and Dorothy Kenworthy as Peggy, are leading characters. Other members of the cast are: Helen Brown, Eunice Levy, Friedella Minson, Carl Edwards, Nat Williamson, Theodore Schwarz, Henry Willis, Crystal Kelly, Marcia Giffon, Victor Strubeck, Florence Latta, Helen Latta, Lewis Herriman and Eleanor Finch.

Social Notes

Mrs. Cook will be hostess and Mrs. A. J. Regu assistant hostesses to the M. S. and S. club on Wednesday, May 12, at the home of Mrs. Cook.

Mr. and Mrs. John Wood Dodge Smith entertained at a musical last evening at their home in East Lawn in honor of Bruno Steindel.

Mrs. Charles Conover and Mrs. Fred Ruchik entertained at a surprise party on Friday evening in honor of their mother, Mrs. Florence Brown, at the home of Mrs. Rudolph. Mrs. Brown and son, William, and Mrs. Ruchik were morning for Nebraska to spend several months. About 25 guests were present.

Mrs. Roy E. Hansen entertained Friday afternoon at a linen shower complimenting Miss Vivian Buchanan, a bride of this month.

Miss Buchanan was led blindfolded to the lawn where a clothes line was placed upon which the gifts were suspended. The hostess assisted by her sister, Miss Arzella Sawyers, served a delicious luncheon at the close of the afternoon. Fifteen guests were present.

Mrs. P. W. McRoberts of this city, grand matron of the Eastern Star, who is making an official visit to a number of southern Idaho chapters, was the honored guest at a number of social entertainings here in Boise. Mrs. Dana E. Binck was hostess at a luncheon of ten covers for Mrs. McRoberts. The centerpiece was a large bouquet of sweet peas with a corsage boutonnet at each place. Thursday a luncheon was given in her honor by Miss Irwin and Miss Warrington and Friday evening Mr. and Mrs. Curtis P. Pike entertained at dinner for Mrs. McRoberts, covers being laid for eight.

A most delightful, informal musicale was enjoyed by some thirty of the friends and neighbors of Mr. and Mrs. Zenas Smith Saturday evening when they were invited to the Smith home to meet Bruno Steindel of Chicago, who is their guest. Mr. Steindel, accompanied by Mrs. O. P. Davall, played a number of cello solos, and vocal numbers given by Miss Helene Allmondinger, Mrs. V. H. Dwight and Mrs. Zenas Smith.

STORY OF SCHOOL YEAR TOLD BY "THE COYOTE"

Students' Annual Publication Takes Elaborate Form; Makes Appearance Today

Surpassing all previous editions in material, illustrations, editing and general handiwork, and published at an expense of \$1,700, the 1920 issue of The Coyote, official annual publication of the Twin Falls high school, was put on sale today. No magazine in one which may be considered one of the best high school annuals ever published in the state, if not in the entire Northwest. This year's edition contains 184 pages, bound with high quality paper. The cover bears in embossed lettering the title and seal of the high school. Individual pictures of members of the senior and junior classes are printed, as well as those of the faculty, and are followed by groups of the lower classes and their officers. The edition is from the press of The Twin Falls News. Various activities in which the school participated during the year are represented. Interesting writups of the different school courses are given, with

Those who attended the Junior Prom at the Lavering Friday night will not be likely to soon forget the occasion. In comparison to previous events, he said, Friday night's party was the best yet. First class music added life and gaiety to every minute. The decorations were among the finest ever employed in Twin Falls, while a delightfully arranged supper lent zest to the evening for all concerned.

Practically all the Seniors and Juniors were present and those who were not simply couldn't get there. All in all it was an event long to be remembered and one of which the school should be justly proud.

McADOO'S RECORD

Undisputed estimates put the loss involved in federal government control and operation of the railroads during the war emergency at least \$1,275,000,000, which must be paid by the people through taxation. Neither is it to be forgotten that during the period of government control, the people patriotically put up with all sorts of curtailment of service, all kinds of inconvenience and all manner of disarrangement of their affairs which would not have been tolerated if the railroads had been under private management.

One man was put in control of the railroad administration at the beginning of the period of government control and operation. That man is William G. McAdoo, who also held at the same time the position of secretary of the treasury. He remained in control of the railroad administration during a greater portion of the period covered by government control, at least long enough to inaugurate the various policies adopted by the administration. Then he resigned to recupe his private fortune, he announced when he went into the "movies."

McAdoo may be excused for his part

in the failure of the experiment with government control and operation of the railroads. A good many people will acquit him of entire responsibility on the ground that government control and operation is impracticable from beginning to end and that no human being could be expected to make a success where success is an impossibility anywhere along the line.

But the fact that McAdoo quit, and quit leaving his work in a mess, is not so readily to be disposed of. Americans for the most part have small affection for a quitter. Outside of these considerations, and perhaps some others, it is possible that Mr. Wilson's son-in-law might be presented a most likely candidate among Democratic aspirants for the presidency.

BUT HOW ABOUT NOW?
(National Republican)

You do not have to scratch your head and engage in long, deep thought to remember the enthusiasm that you and all the rest of us exhibited over the American soldier when the war was on, how you threw up your hat and shouted yourself hoarse as the brown ranks marched along with the banner of the Union floating proudly at the head of the column; how you stood up over time the Star Spangled Banner was played or sung; how you bared your head when the color guard went by; how you stopped your automobile wherever you might be in order to see that the man in uniform might ride instead of walk; how you and your families went to the railroad stations laden with food for the strange soldiers that might be passing through; how you shed tears of pride when your own boys went marching away to the ports of embarkation while the bugles played, the bands blared forth their patriotic tunes and the drums rolled their soul-stirring marches.

That was all very fine and all very commendable, wasn't it? Any everybody was exalted, lifted far out of himself and lived upon a plane of high thought and lofty idealism.

Then nothing was too good, nothing even was good enough to offer these brave young men who were giving up their positions in life, their families and friends and offering in sacrifice their very bodies upon the altar of patriotism and of humanity. O, we were

greatly moved, those days, and we meant it, too.

But how about now?

Paul Jones Winner Over Largest Field in Kentucky Derby

Result Bears Out Prediction for Most Open Affair in Turf History

LOUISVILLE, Ky., (AP)—Paul Jones, in the stable of Hal Parr, the Maryland turfman, and ridden by Jockey T. Dier, won the forty-sixth renewal of the Kentucky derby at a mile and a quarter here Saturday over the largest field that ever faced a Kentucky derby favorite. The winner, given a position second from the rail, sprang into the lead at the start and was never headed. Harry Payne Whitney's Upset, with J. Rodriguez up, finished second, being a head behind the winner. Former Congressman George W. Loft's On Watch, ridden by N. Barrett, four lengths behind Upset, was third. Danmak, piloted by Jockey E. Ambrose, was fourth under the wire, two lengths behind On Watch.

The result of the race bore out the prediction that it would be the most open affair of the kind in derby history. Donorans went to the post the favorite and failed to finish in the money. Pari mutual \$2 tickets on the winner paid \$34.00 to win, \$12.50 to place, and \$6.00 to show.

Seventeen horses lined up for the start. At the quarter mile, Paul Jones was least and Benzaghi was here. At the half Paul Jones was a length and a half in front of Golly and Upset close up, at the three-quarter pole, Paul Jones had maintained his lead with Willard a head in front of Upset. After a mile had been rooled off Paul Jones had increased his distance in front to two lengths and Upset was being extended to stave off On Watch a half length away. In the stretch the real struggle began. Paul Jones barely was a head away from the on-coming Upset which was leading On Watch by the same margin.

The stake, the richest on the American turf had a total gross value of \$36,925. The net value to the winner was \$30,375. The owner of the second horse received \$4,000 and the third \$2,000. Camacho saved his stake which included \$25 to nominate and \$250 to start.

Thieves attracted by the prospect of a harvest from the crowd were plentiful and by the middle of the afternoon more than thirty charged with theft from the person had been taken into custody.

ANNOUNCING

—Opening of—

The ALEMITE Greasing and Washing Station

MONDAY, MAY 10, 1920

This business will be devoted entirely to the washing, polishing and greasing of automobiles. Isn't it a fact that greasing your car is the most disagreeable thing you have to do about the garage? We have put that question to hundreds of car owners and almost invariably they answer with a prompt affirmative.

We propose to relieve Twin Falls motorists of the entire bother and burden of greasing their own cars. In offering an efficient and inexpensive greasing service we are confident that we are catering to an almost universal demand.

Those who register for our service will be entitled to four greasings a month, a frequency of service that is approved by best automobile engineers. The car may be greased either at our Alemite Greasing and Washing Station, 145 2nd Avenue North or one of our men will attend to the job at the owner's parking place in the business section of the city.

To be eligible for the service a car must be equipped with the ALEMITE system of lubrication, which we sell and install. That is, all old grease cups and plugs are replaced by the Alemite nipple connection fittings, through which grease is forced with our 500-pound pressure compressor or "gun". Alemite can be installed on any make or model motor truck or pleasure car.

Enroll for our greasing service today and try it out for at least a month—a service card, entitling you to four greasing can be purchased for \$5.00. Write or call us at our station for further details or, you name the time and place for one of our men to call on you.

However, we do grease cars equipped with the old style grease cups.

Our automobile laundry is ready to deliver the very best of work and we are prepared to wash and polish your car at any time of day or night. Quality of work and service will be our watchword for we are specialists.

We will have storage space for a large number of cars.

COLLEGE TRACK MEETS
MOSCOW, Ida. (AP)—Washington State college won its annual dual track meet with the University of Idaho here Saturday, 65 1-2 points to 62 1-2.

SEATTLE, (AP)—University of Oregon won the annual dual track meet with University of Washington on University field here Saturday, 65 points to 64.

STANFORD UNIVERSITY, Cal. (AP)—Stanford defeated the Oregon Agricultural college track team here Saturday, 68 to 63.

IOWA CITY, Ia. (AP)—University of Iowa defeated Minnesota 73 1-2 to 12 1-2 in their dual track meet here Saturday. Iowa did not have the service of Colby, star sprinter, who was barred because of class room standing.

STANFORD UNIVERSITY, Cal. (AP)—Stanford defeated the Oregon Agricultural college track team here Saturday, 68 to 63.

THE JUDGES gave a decision that the crowd began to shout, "Rotten, punk and awful, Throw those cock-eyed robbers out."

THE longest fight on record is that between Jack Jones and Patsy Tunney in 1925 at Chesire, England, when the two pug battled for 274 rounds.

ANOTHER long-winded record states that Edith Johnson swam continuously for 31 hours at Blackpool, England.

TO DARKEN HAIR APPLY SAGE TEA

Look Young; Bring Back Its Natural Color, Gloss and Attractiveness
Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray.

But as a typically polite gentleman of France he bowed and says, "After you, my dear U. S. Government."

What's in a Name?
Is it Carpenter or Corporette? Well they say that either's right. But I just call him Carpenter.

Which is quite right, but he made many a team sweat blood to play in the water's series for him.

Which is just as easy as fanning Ty Cobb in a pinch or making the eighth hole in one.

And further shows that the rooster makes never get into that kind of a fix.

It's a good thing there were no unions then or they'd have been S. O. L. for fair.

Another long-winded record states that Edith Johnson swam continuously for 31 hours at Blackpool, England.

Speaking of long windiness and records; Cy Young won 508 games during his major league career—Honus Wagner led the National League for four consecutive years in willow wielding and Ed Delahanty in a double-headed way was 9 times and hit safely each trip up to the rubber.

So the British don't have all the endurance records.

Shoulders All Baking Care
When CALUMET comes in, all baking troubles talk to quick leave. You go right ahead and mix up baking materials, for biscuits—cakes—anything without fear of uncertainty. Calumet makes you forget failure.

HIGHEST QUALITY HIGHEST AWARDS
CALUMET BAKING POWDER
is the most popular because it does give the most perfect results. It has the biggest demand because it is most dependable. The fact that it is the biggest name in baking powder is no accident. It will convince you that there is no other baking powder that is so good as Calumet. Calumet contains only such ingredients as have been approved officially by the U. S. Food Authorities.
