POLES DEMAND OUTLET TO SEA

Convention Signed with Ukrainians Provides Avenue to the Southern Port

WARSAW, (AP)—The military, economic and political convention signed by Poland and Ukraine just before the opening of the drive toward Kiev is understood to have provided for a Polish outlet to the Black sea. Such a southern outlet has been a Polish ambition dating far back in the national history, just as was a seaport on the Baltic.

PERMANENT OCCUPATION OF CONSTANTINOPLE BY ALLIED TROOPS STIPULATED

WASHINGTON, D. C., (AP)—Permanent occupation of Constantinople, which is left under the sovereignty of the sultan by small international force of allied troops, is provided for in the treaty which was handed today to the Turkish representatives at Paris.

WORLD NEWS EVENTS

HONOLULU, T. H., (AP)—Radicals are spreading Bolshevism in Japanese army posts, and the government has arrested leaders in the movement at Takata, a Japanese city in the prefecture of Niigata, according to the Tokyo correspondent of the Honolulu Pacific Commercial Advertiser. Further arrests are expected, according to the dispatch.

COBLENZ, (AP)—Allied military authorities were notified Monday by the German government that the number of troops in the Ruhr region would by tonight be cut down to the number of units authorized under the agreement reached at Paris last August. The Germans intimated they expected, in consequence, withdrawal of French troops from Frankfurt. An allied commission has been appointed to visit the Ruhr valley and investigate conditions.

WASHINGTON, (AP)—A neutral zone between the Japanese and Russian troops in eastern Siberia is being arranged by the military commanders on both sides, although there is no intention of erecting a buffer state or of taking any action that would amount to political recognition of the soviet government by Japan, according to advices to the Japanese embassy. To preserve order in the zone it is planned to establish Russian police force while Japanese troops will maintain their stations along the railroads.

DAILY FLIGHTS TO FEATURE AT AIRPLANE SHOW

Naval Board Display to Be One of Most Comprehensive at Coming Exhibition at Atlantic City

PHILADELPHIA, (AP)—One of the most comprehensive exhibits to be shown at the coming exhibition of aerial supplies and all types of flying machines at Atlantic City, by the Aero Club of America, from May 20 to May 30, is expected to be the display by the board of appraisal, survey and sale from the Philadelphia navy yard.

One feature of the exhibit will be the daily flights made by experienced aviators. The flights will be made in various types of machines that will be placed on sale by the navy department.

A center of attraction probably will be the Liberty motor, which will be set up in running order to demonstrate its efficiency and the horsepower that it can develop from a gallon of gasoline. It is intended to equip one of the F-5-L type of planes with a complete radio apparatus so that during the flights spectators may communicate with the machine. The machine will be equipped with complete ordnance equipment, including the Lewis and Davis types of guns.

There will be on view a complete assortment of the latest types of machines that are required in making extensive flights.

WASHERWOMEN'S DEMAND IS MET WITH LOCKOUT

Horseshooville, New Jersey, Has Soap and Suds War on Its Hands

MERCHANTVILLE, N. J. (AP)—Merchantville has a soap and suds war on its hands. Washerwomen want more money and housewives have declared a lockout.

When the negro women formed a union and posted a scale of \$3 a day for doing the family wash and \$3.50 for a day's housework, the employers became indignant.

The Women's club of Merchantville voted for a lockout and refused to pay more than \$2.50 a day.

So in face of the paper shortage, Merchantville has issued an emergency call for paper collars and cuffs and reversible paper shirt fronts.

TRANSMISSION LINES TO BECOME RIBBONS OF FIRE

New Inventions in Insulation Make Possible Carrying of Enormous Voltage Over Wires

NEVADA CITY, Cal. (AP)—Ribbons of fire will soon extend from the San Francisco bay region far into the mountains of northeastern California, according to electrical engineers.

New inventions in insulation, it is mentioned, will make it practicable to increase the load of power wires from less than 100,000 volts to 220,000 volts, with the result that the wires and probably the steel supporting towers will gleam brightly at night.

These higher power wires are first to be used in connection with the great hydro-electric project of the Pacific Gas and Electric company in the Pit river region of Lassen, Modoc and Shasta counties and will convey electrical energy upwards of 400 miles.

COMMUNISTS DENY INTENT TO OVERTHROW GOVERNMENT

CHICAGO (AP)—Twenty-six members of the communist labor party pleaded not guilty when arraigned before Judge Oscar Hebel Monday on charges of conspiracy to overthrow the government of the United States.

Clarence Darrow, attorney for the defense, failed to secure a continuance of the trial.

WOULD DISUADE WOMEN FROM BECOMING TEACHERS

PORTLAND, Ore. (AP)—Declaring that too many educated women become school teachers, Miss Herta K. Young, dean of women at Reed college here, has started a movement to establish bureaus in large western cities to find positions for professional women other than that of teaching school.

FORECASTS DEVELOPMENT OF ALASKAN OIL LANDS

Several New Companies Shipping Machinery North for Drilling in Newly Opened Fields

SAN FRANCISCO, (AP)—Drilling will be started this fall on Alaska lands recently thrown open by the government to oil prospecting and developers. J. J. Finnegan, Seward, Alaska, lawyer and oil man, said here recently. Several new companies are shipping machinery.

Successful operations on a small scale and oil seepages have caused government officials to believe that there are billions of barrels under approximately 1,000,000 acres of Alaska lands. One local company has been producing oil near Cape Sabine.

All of Alaska's oil country lies in the southwestern section, stretching along the coast from Cape St. Elias on the west to the Aleutian Islands on the east. There are five big fields, Cold Bay, Katalla, Yuktataga, Cook Inlet and the Alaska peninsula.

MORE PASSENGER SHIPS ARE PROMISED HAWAII

New Year Will See End of Shortage of Vessels Connecting Island with Outside World

HONOLULU, T. H. (AP)—January 1, 1921, will, in all likelihood see the end of the shortage of passenger ships connecting Hawaii with the outside world, according to Harold H. Ehey, assistant director of the United States shipping board at San Francisco. Speaking recently to the Hawaiian Tourist bureau, Mr. Ehey said:

"I think that by January 1, 1921, you probably will have a little cause for complaint about your passenger facilities as you now have about freight carrying capacity."

During the war and since the signing of the armistice Hawaii has been fighting a ship shortage which, according to shipping companies, a preventing thousands of tourists from leaving. One company recently announced that it had a waiting list of 3000 prospective passengers on its books in its San Francisco office.

DENIES DANCING PERMIT

San Francisco Police Commission Takes Adverse Action after Inspection

SAN FRANCISCO, (AP)—An effort to revive dancing in resort along San Francisco's "Barbary coast" has failed.

The police commission denied Tony Mastaine's application for a permit for dancing in the Thalia, one of the once notorious dance halls and saloons on that part of Pacific street extending back from the water front.

This action was taken after members of the commission personally inspected the place, were asked by the girls there to buy soda pop at \$1 a bottle.

CONGRESSMEN TO VISIT MONTANA INDIANS' HOMES

MISSOULA, Mont. (AP)—The house committee on Indian affairs in Washington expects to arrive in Missoula on May 31 for its first stop in Montana on its trip to Indian reservations, according to information sent here by Congressman John W. Evans. Two days will be spent here, during which the Flathead reservation will be visited. Billings and the Crow reservation will be visited soon after. The purpose of the investigation is to determine what shall be done in the matter of irrigation and future appropriations.

CROIR FROM HAWAII WINS INTER-ISLAND SONG MEET

HONOLULU, T. H. (AP)—In the revival of the annual inter-island song contests, held recently as part of the Hawaiian mission centennial, marking the hundredth anniversary of the landing of Christian missionaries in Hawaii, the choir from the Island of Hawaii took first place. Molokai came second with Maui third and Oahu choirs fourth, fifth and sixth. Kauai did not compete.

LONDON HORSE SHOW TO BE REVIVED AFTER SIX YEARS

LONDON, (AP)—Cash prizes totaling \$45,000 are to be awarded at the international horse show to be held in June at Olympia, London, the first to be held after a lapse of six years. There will be 101 classes. As Russia was outright in 1914 the King Edward VII international challenge cup for teams of three officers, the Prince of Wales is giving another cup for this event.

SCIENCE WAGES WAR ON COSTS

Stories of Successful Attacks on Soaring Prices to Be Told at Seattle

SEATTLE, Wash. (AP)—How science is successfully attacking the high cost of living will be told at the fourth annual meeting of the Pacific division of the American Association for the Advancement of Science 1920-21 to 10.

Some of the country's foremost scientists will attend the gathering and 14 affiliated scientific societies will hold meetings here at the same time. One feature will be a symposium of the combined affiliated societies on "The Plant and Animal Resources of the North Pacific Ocean."

"In this year of political activity, when personalities and the transitory issues of a presidential campaign are apparently crowding other interests from the public mind," said W. W. Sargent, of San Francisco, secretary of the association's Pacific division, in announcing the meeting, "it is reassuring to know that the fundamental are not being neglected; that the war against ignorance, the arch enemy of man, is being fought by these devotees of research, that plant diseases are being studied and insect life investigated, and chemical reactions are being noted in order that the productivity of our farms may be increased and our forests conserved."

"Astronomy, physics and chemistry will have ardent students who are seeking out new laws of nature, new stores of energy that may be adapted to the uses of man. Here indeed is an attack on the high cost of living, the results of which can confidently be predicted."

In a time when prices are unstable, it is important that women should keep informed as to the latest fluctuations, that they may save their shopping problems wisely.

STATISTICS SHOW SLIGHT DECLINE IN BIRTH RATE

Number of Infant Arrivals in Registration Area in 1918 Exceeds Deaths by 34.4 Per Cent

WASHINGTON, (AP)—Births in the registration area of the United States, which covers about 93 per cent of the country's estimated population, during the year 1918 exceeded deaths by 34.4 per cent. Statistics for that year just completed by the census bureau show a total of 1,368,649 births in the territory, which is a small decrease compared to 1917, while the deaths, 1,014,220, show a slight increase. Of every 100 infants born during 1918, the figures show, ten died before reaching the age of one year, a fractional decrease over 1917. Mortality rates among male infants was 23 per cent greater than that for female infants.

The birth of 15,342 pairs of twins and 147 sets of triplets were reported. The order in which the births were recorded ran all the way from 345,027 cases of first borns to 58 cases where the birth reported was the twentieth or more child.

PROFITEERS AND THIEVES THRIVE AMONG GERMANS

Robberies and Burglaries on Increase in Berlin Coincident with Activities of the Newly Made Rich

BERLIN, (AP)—In these disturbed days, when the "revolution profiteer"—the successor of the war profiteer—flaunts his newly acquired wealth in the face of an unrelenting populace, robberies and burglaries in Berlin increase at an abnormal pace. Street signs are full of announcements offering rewards for the return of stolen goods, and in one of the main business streets of Berlin a fancy goods store displays this notice:

"Gentlemen burglars are requested not to break open the shop front nor to tamper with the locks. There is nothing to steal here. All property is removed from the shop windows at night."

There have been scores of hold-ups, and the other day a man was stripped of his clothes, shoes and hat and left on the sidewalk in his underclothes. It is not safe for hotel guests to leave any portable property of any description in their rooms. Articles of clothing have a way of vanishing into thin air, and hotel proprietors decline all responsibility for the return of articles. It is estimated that the number of hotel robberies have tripled within the last five years.

To leave typewriters unattended is sheer culpable negligence on the part of the owner. The Berlin criminal police has been obliged to organize a special department for dealing exclusively with stolen machines.

Cases of housebreaking have quadrupled within the last three years. Articles of clothing, jewelry, watches and curtains are the objects most desired by the thieving fraternity. Dishonesty among factory hands has grown to a deplorable extent, the police say. Leather belting disappears wholesale; it is cut up and sold to shoe repairmen.

New air churches, cemeteries and museums immune from robberies, the booty carried off being mostly ancient gold ornaments and jewelry.

PIRATES HOLD UP FRENCH BOAT BOUND FROM BATUM

American Relief Workers Fleeing Before Bolshevik Advance Among Robbed

CONSTANTINOPLE, (AP)—Pirates held up the French steamer "Eugene" which left Batum on May 6 on route to Marseilles, and after robbing the passengers of the steamer went ashore in boats with their compelled members while the crew to man the vessel.

Among those on board the vessel were Mrs. Haskell, wife of Colonel William Haskell, director of the American relief in the Near East, and Mrs. Daly and Mrs. Booth, whose husbands are connected with relief work in Armenia. They were fleeing before Bolshevik advance and were forced man give up their valuables.

The pirates boarded the steamer at Batum, either as passengers or members of the crew. On the night of May 6, fifteen men sprang from various parts of the ship, and with their pistols and shotguns, they threatened the passengers with pistols and shouted warnings they would kill anyone who opposed them.

A French destroyer took the American women aboard and later transferred them to the American destroyer Cole, which arrived here today.

OFFERS ACCOMMODATIONS TO TOURISTS IN PARKS
Helena Provides Resort and Hotel as "Half Way Point" Between Yellowstone and Glacier

HELENA, Mont., (AP)—Automobile tourists making the trip next summer between Yellowstone and Glacier National parks will find here, at the "half way point," desirable accommodations for a break in their journey, according to the plans of local citizens.

Broadwater park and natatorium recently was purchased by a syndicate of local men under the auspices of the Helena Commercial club, and a part of its contemplated improvements provides for the erection of a tent city.

The resort, which also includes a large hotel, comprises what is declared to be the largest indoor plunge in the world, with dressing rooms to accommodate 1000 persons. The water for the plunge is taken from warm mineral springs.

The Park-to-Park highway is declared to be in excellent condition.

LIBERTY BONDS INTEREST RISES AS PRICES DECLINE
SAN FRANCISCO, (AP)—At present market prices Liberty bond interest is as high as 6.13 per cent interest, according to a compilation recently announced by the Wells Fargo Nevada National bank here.

The figures showed that 3 1/2 per cent bonds of the first issue were low, at with a yield of 3.90 per cent and that the others ranged from 5 per cent up to 6.13 for 4-5 bonds of the fifth loan.

Persons subject to bilious attacks at regular intervals know about when to expect an attack. They find that they have no desire for food when an attack is due but usually eat because it is meal time. Skip one meal and the three Chamberlains Tablets and you may be able to avoid the attack. Persons subject to periodic bilious attacks should not drink tea or coffee at any time.—adv.

PLANTATION WORKERS TO GET 294 PER CENT BONUS

Hawaiian Islands Planters to Share Profits with Loyal Employees

HONOLULU, T. H., (AP)—The April bonus to be paid to workers on the sugar plantations in Hawaii will be 294 per cent, according to estimates in sugar circles. Of this 220 per cent will be paid along with the monthly wages, and the remaining 74 per cent held until the end of the year.

The April bonus will be the largest ever paid to laborers on Hawaiian sugar plantations. Last year's bonus averaged 92 per cent and that of 1918 was 78 per cent.

In estimating the bonus the planters take the average price of sugar from March 16 to April 15 as a basis. The average price for that period was 14.06 cents per pound. The price of sugar in the market at the time the April bonus is calculated to be about three times the regular wages of the workers.

No change is reported in the Oahu island strike situation. The planters have reiterated their determination not to compromise and the Japanese Federation of Labor has just announced that its members are standing firm for their increased wage demand. The federation stated that only 70 of its members had broken from the ranks and returned to work in order to share in the heavy wage bonus being paid on the plantations.

BRITISH BARBER WOULD SHOOT FALLS IN BARREL

Follows Lead of Long Line of Notoriety Seekers at Niagara

BRISTOL, Eng., (AP)—Charles George Stephens, a barber of this town, has announced that he is going to try to shoot Niagara Falls in a barrel.

Stephens has broken from Liverpool to Quebec on June 18 and says he intends to make the attempt at the end of June or early in July.

The barrel will be 6 feet 2 inches and the middle 32 inches. Inside the barrel Stephens plans to be secured by straps and the barrel is to be weighted at the bottom with a hundred pound weight to keep it upright in the water. Special breathing apparatus is also being fitted.

Among the many other feats which Stephens claims to have performed are the following: Killing a lion in its den, shaving customers in a lion's den, being in a lion's den for 24 hours, being in balloons; for which feats he boasts three ribbons, give gold medals and six silver medals.

To shoot Niagara Falls in a barrel has been the ambition of numerous persons seeking notoriety but few have been able to do so.

Lang Edinger, Taylor who went over the falls in a wooden barrel about 1904 was severely injured but recovered. "Bobby" Green made the drop successfully and without injury in a steel barrel, in 1911.

STUDENTS SUPPORT SELVES

University of Oregon Reports \$7 Per Cent of Enrollment Pays Own Way

EUROPE, Ore., (AP)—Thirty-seven per cent of the students in the University of Oregon are wholly self-supporting, according to figures just made public by the university authorities. Sixty-seven per cent earn more than half of their college expense, the figures show.

The statistics tell another story concerning the women students. Many girls begin their college course and try to support themselves, but there is generally a falling off in the first year, the authorities said.

LIQUOR TRAFFIC DECLINES

Revenue Collector's Report Shows Falling Off in Philippine Islands

MANILA, P. I., (AP)—Production and traffic in distilled liquor in the Philippine islands decreased during 1919, according to the annual report of the collector of internal revenue, just made public.

The report shows that only 3,540,000 gallons of liquor were removed from the distilleries of the islands during the year, a falling off of 175,000 gallons, compared to 1918.

ENGLISH TRADE FAVORS CHINA'S SHANTUNG CLAIM

British Chamber of Commerce of Shanghai on Record in Line with Action Taken by American Organizations

SHANGHAI, (AP)—The British Chamber of Commerce of Shanghai, representing the bulk of British interests in the Far East, has put itself on record in favor of China's claims in the Shantung controversy. This is in line with action taken by American commercial organizations in China and is regarded as significant in view of the fact that a part of the English commercial enterprises in the Orient are linked with the Japanese.

"This chamber," declared A. W. Burkill, chairman of the British chamber's committee in his address at the annual meeting, "has very full sympathy with China in her very natural desire to have control of this province returned to her."

"When one takes into consideration that Japan in taking Tsingtao with the help of British troops, was only doing her part in the struggle, and that her attitude is hard to understand."

"She is taking deliberate steps to control the whole of the land surrounding the harbor, docks, wharves and rail road terminals, and every obstacle is put in the way of other nationals of acquiring any property in what undoubtedly is the business center. This policy can only be construed in one way, viz, that Japan is not going to allow any other nation to have an opportunity of trading on fair and equal terms with her own nationals. We, on our part, we want any special consideration; all we ask for is to be allowed to do business on an equal footing."

BLUE-ON FACULTY OF U. OF I. SUMMER SCHOOL

Twin Falls Educator is Chosen by Director for Important Place

UNIVERSITY OF IDAHO, Moscow, (Special)—Hal G. Blue, superintendent of schools at Twin Falls, has accepted a position on the faculty of the University of Idaho's summer school, according to an announcement made this morning by Dean J. B. Eldridge, who is to serve as summer session director. "It has always been the university's policy to obtain for our summer sessions faculty of men who are actively in touch with work in the schools of the state," said Dean Eldridge today. "We believe Mr. Blue will prove himself immensely valuable in linking summer school courses with practical problems which confront the Idaho teacher. His probable visit will offer an excellent administration supervision, curriculum and organization."

CALDWELL MAN REPRESENTS U. OF I. IN ORATORICAL MEET

UNIVERSITY OF IDAHO, Moscow, (Special)—Ralph Breakers of Caldwell, will represent the University of Idaho in a tri-state oratorical contest to be held in Eugene, Ore., under University of Oregon auspices May 28. MONEY OF STAGE, NOT PRIZE RING LURED GEORGES

French Fight Champion Quickly Contracted for Vaudeville When He Arrived

By RAY PEARSON.

When Georges Carpentier, heavyweight champion of Europe, came to this country, he did not do so with any intention of engaging in a battle for the world's title with Jack Dempsey, the man who leads the universe in punching. That much was made certain by the rapidly with which Carpentier and his manager, Francois Desamps, agreed up for vaudeville and moving picture engagements.

Where it will be held is a question that can't be answered at this time, but if one is to believe the word of James Cochran, the London promoter, it will take place in England. Present indications lead one to believe that London has the best chance of staging this championship.

While there seems little reason for doubting the generally expressed opinion that American fans are not to see Dempsey and Carpentier square in the title fray, one thing is certain, and that is that there are others of the fight class who are more likely to infuse a bit of action into Carpentier's visit than Jack Dempsey. Already Carpentier is being bombarded by challenges from overzealous promoters and ringers who are anxious to pit some titleless scrapper against the man from across the pond.

Tom Gibbons Books Bout.
Eddie Kune of St. Paul, manager of

Tom Gibbons, brother of Mike, is one of the first in the field with the bait for Carpentier. Kuno is working with Mike Collins, the St. Paul promoter, to inveigle the Frenchman into the ring with Tom Gibbons for a ten round session in the Minnesota city. Kuno has posted a certified check for \$10,000, which he says he is willing to allow as a side bet that Gibbons will win. To help Kuno's campaign Collins offers the champion of Europe a guarantee of \$40,000 for the contest. If one were to consider Tom Gibbons' chances against the Frenchman, the American view would be that it is a good match. Carpentier's real fighting class is an unknown quantity to those identified with the sport in this country, because he has not been seen in action here. Gibbons is little more than a middleweight, but everybody knows that he is a very classiest middleweight. If he met it might be one of the greatest scraps ever seen in any ring.

By RAY PEARSON.

But they are not likely to claim for the reason that Carpentier and his manager are too shrewd to be drawn into such a match at this time. The Frenchman will make a lot of money on the stage and in the movies, and probably will figure that he can afford to allow offers of \$40,000 with \$10,000 side bets to go unaccepted. If he can make enough money without fighting, the Frenchman probably will

LANE DEFENDS AMERICAN OIL MEN'S POLICY

Former Secretary of Interior Says Methods in Mexico are the Same as Would Be Used in United States

WASHINGTON, (AP)—Americans who have gone into petroleum development in Mexico "have done it with exactly the methods as they would use in the development in Pennsylvania or California."

Decides Lind's Statement. Americans are operating on lands purchased from private Mexican owners with rights to drill for oil in incorporated territory.

Points Out Extreme Need. Mr. Lane said there was tremendous need for fuel oil in the United States and that shortages already were here.

Not if Americans develop oil lying around the borders of the Caribbean sea as the British are developing around the mouth end of the Mediterranean sea," was the response.

Analyzes Mexican Laws. F. R. Kellogg, an attorney for the Pan-American Oil corporation, analyzed before the committee Mexican and Spanish laws concerning minerals.

ILLINOIS REPUBLICANS INSTRUCT FOR LOWDEN. State Convention Defeats Platform Plank of Principles Supported by Chicago Mayor

SPRINGFIELD, Ill., (AP)—Illinois republicans in state convention Monday elected ten national delegates at large, each to have four-fifths of a vote and unanimously adopted resolutions providing that the delegation vote for Governor P. O. Lowden of Illinois for the presidency until released by the government.

Delegates at large chosen were Senators L. Y. Sherman and Merrill McCormick, Congressmen F. L. Smith and Holdenbeck, Harold Jekes, Lieutenant Governor John O'Leary, Secretary of State L. L. Emerson, Mayor Thompson, Samuel Hittman and Fred Uthman.

Dean of American Letters Dies from Effects of Influenza Attack

NEW YORK, (AP)—William Dean Howells, the novelist, died here today. Mr. Howells returned a few weeks ago from Savannah, where he had spent the winter.

Lauded by Executive. At a dinner given in New York in 1912 to honor to William Dean Howells upon his 72d birthday, William Howard Taft, then president of the United States, lauded the guest as "the greatest living American writer and novelist."

At Boat of Mighty. When 23 years old he traveled to Boston to make the acquaintance of Longfellow, Hawthorne, Emerson, Holmes and Lowell.

Honored by Universities. Dr. Howells—had received degrees from Yale, Harvard, Oxford, and Columbia universities though he had never attended college—was a keen student of current events.

To buy the right thing instead of the wrong one may mean to buy satisfaction instead of regret and vexation.

THE LIBERAL CONSTITUTIONALIST party, except from Chicago, met at midnight April 12, disguised as a railroad brake man.

DANIELS MAKES COUNTER CHARGE AGAINST ADMIRAL

Declares Establishment of the North Sea Barrage Delayed by Sims and British

WASHINGTON, (AP)—A counter charge that establishment of the North Sea military barrage was delayed six months because of the opposition of Rear Admiral Sims and the British admiralty, was made before the senate naval investigating committee today by Secretary Daniels in presenting the second part of his reply to the chief charges that the navy department had unnecessarily prolonged the war through failure to cooperate fully at first with allied naval forces.

Admiral Sims attempted to rob America and the United States navy of the credit for initiating this great achievement and to give it the impression that it was a British plan, though it originated in the navy department, was proposed and urged by us for half a year before we could induce the British admiralty to approve it.

PUSH FIGHT FOR DICTATORSHIP OF LABORING CLASS

Illinois Delegation of Socialist Party's National Convention Opens Aggressive Fight for Radical Principles

NEW YORK, (P)—Demanding limitations of citizenship and dictatorship of the laboring classes, the Illinois delegation of the socialist party's national convention today opened an aggressive fight for the "radical principles" of international socialism in the 1920 platform.

Battle for Substitute
Four Chicagoans headed by J. Louis Engdahl battled to substitute their program for that given the convention yesterday by Morris Hillquit and his platform committee.

The keynote of the Illinois substitute platform was sounded in its preamble which read:
"The socialist party summons all who believe in the fundamental doctrine to prepare for a complete reorganization of our social system, based upon public ownership of public necessities, upon government by representatives chosen from occupational rather than solely from geographical groups in harmony with our industrial development, and upon a program based on service, that we may end forever the exploitation of class by class."

"This means the dictatorship of the proletariat," Engdahl said. "It means real, red, radical socialism such as our comrades in France, Germany, Russia and Italy are fighting for."
The platform itself as drafted by the Chicagoans remained closely in line with the one already suggested by the Hillquit forces excepting its introductory demands.

New York Wins Chairman
New York won the election of Algonzo Lee to be chairman of the convention for today, Lena Morrow Lewis, of California, was elected chairman of the committee on resolutions. When the question of the adoption of a socialist platform came up on the floor, Cameron H. King, of San Francisco, moved to refer the question to a committee to "put more pep in it."

"This platform," he said, "lacks a vital element. It has a catch phrase in it. It omits certain things which are vital issues. The whole tone is rather lifeless and without pep. I believe there should be more domestic issues in it."
The draft of the substitute declaration of principles as offered by Engdahl, besides the usual reference to the minority's program. This substitute declaration was largely a copy of the national platform preamble which was amended to contain a referendum last January, except for the introduction of paragraphs which state that all power must be in the hands of the workers in the industrial system in order to insure the successful overthrow of the capitalist system, and that the workers must train themselves now in the practice of control and management of industry.

Hillquit Defends His Declaration
Hillquit defended the declaration of principles as offered by his forces as radical enough. He said the Illinois substitute as a preamble to a socialist constitution was excellent.
Hillquit declared that in his opinion those who opposed his declaration of principles have not analyzed it.

Scott of Rupert, who had the role of "Sir Joseph Porter"; Henrietta Peasley of Boise, who played the role of "Marian Compton of Boise, who did duty as "Boo Begcket" and Phoebe Jane Hunt of Boise, who played "Tom Tucker," also handled their parts capably.
The opera was staged under the direction of E. O. Bangs, professor of music.

GERMANS MADE ADVANCES FOR GOOD WILL OF CHINA
Berlin Government Offers to Recognize All Classes in Treaty Recognizing Orient's Privileges

PERKING, (P)—The German government has made advances for re-establishment of commercial and diplomatic relations with China. The German government is still on good authority to have assured China that notwithstanding her refusal to sign the peace treaty, Germany is willing to recognize all classes in the treaty regarding privileges to China. On the other hand Germany indulges the hope that China will refrain from confiscating any German property in China.

WATSON DETAILS STORY OF LIFE

Confessed Murderer of Nine of His Wives to Begin Serving Sentence

LOS ANGELES, Cal., (P)—James P. Watson, junior life sentence for the murder of his wife, Nina Lee Delaney, who was confessed to the murder of nine of his wives, in expected, it was said today, to begin serving his sentence after Watson, in confessing to having killed the ninth wife also related to the district attorney his early life in the middle west.

Son of Kansas Farmer
He said he was a son of John Gilliam, a farmer and he was living near Paris, Kansas. He said he had been christened Joseph, but the first name he could remember being called was Dan Holden. He explained his father and mother separated and he took the name of the man his mother later married.
Holden declared he ran away from home when his mother forbade him to go to Sunday school. He worked on the name of Dan Holden at Met, Kan., at Verona, Exeter and Neosho, Mo., and Eureka Springs, Ark.
He told the district attorney he had traveled with a medicine show and later obtained a position with a mercantile agency in Chicago. He began work by representing his father's firm. "Using this name he was married for the first time he said about seven years ago to Maria Gallagher, with whom he lived in Kansas. The marriage was unhappy and they were divorced."

Travels Extensively
He traveled through Texas, Oklahoma, Colorado, Kansas and Missouri for a St. Louis stamp and seal company, marrying Olive Greenlee and then divorcing her. He then married Alice Freeman of St. Louis at Allen, Ill.
While conducting a mail order business he was indicted but before he could be arrested he went to Canada, he said. It was in Moose Jaw, Saskatchewan, that he met the woman Watson in 1912, and since then his activities were confined to western Canada and the Pacific coast states.

CONNECTICUT GOVERNOR REFUSES SESSION CALL

Replies to Suffragists: "Flying Squad" Not to Convene Legislature on Amendment Action.
HARTFORD, Conn., (P)—Governor Hobbins today refused the request made by the "flying squadron" of suffragists representing the 48 states, again has declined to call a special session of the Connecticut legislature to act on the woman suffrage amendment. His decision was given in a letter to Miss Katherine Ludington, president of the Connecticut Women's Suffrage association, made public last night.
Four times previously the governor has refused a similar request to consider the federal suffrage amendment, one occasion being after the republican state convention had passed a resolution calling on Governor Hobbins, a republican, to take action so that Connecticut might be the thirty-sixth state to ratify the federal amendment.

High School News

Yesterday was Recognition day at the high school. At a special assembly held at 1 o'clock, various forms of recognition were presented to those of the students who had aided during the year in inter-club activities.
Basketball letters were presented by Coach Nafziger to Ward Carter, captain and all state center, Sterling Newman, captain; Robert Putzinger, Walter Krengel, Clarence Taylor, Duane Hertz, Kenneth Yochem and Roy King. G. E. Deman, baseball coach, gave out the baseball letters to Captain Roy King, Ernest Tucker, Clifford Fix, Eugene Thometz, Kenneth Yochem, Duane Watson, Walter Krengel, Mervin Finneason, Jack Phipps and Robert Putzinger.
Miss Anderson, coach of the girls' basketball team, presented the letters to Lois Laylor, Fanny Humphrey, Ida Laird, Lola McCracken and Martha Stearns.

Six track men received letters from Coach Bobey. They were Gwon Watson, Sterling Newman, Norris Epler, Phillip King, Theodore Schwarz and Beau Hogg. Mr. Bobey also gave the boxing and wrestling emblems to the mat athletes, who were Jacob Irwin, Phayne McAtee, Robert Nicholson, Robert Hogg, Lambert Day, Cedric Seaver, Hector Rydahl, Chester Kerr, Edward Hodges, and Frank Schwarz. These letters were blue, or a white field enclosed by a blue circle and were the most attractive letters presented.
Miss Ida Brown, instructor of public

speaking, presented gold pins to each of the three decliners, Oregora Murray, Ida Hogg and Theodore Kenstall. Two silver medals were given by Principal Mitchell to Oregora Murray and Ida Hogg, who won places at the Flier sub-trial contest.

Six decliners, Glenn Schneider, Theodore Kenstall, Jacob Irwin, Glenn Wilkerson, Walter Krengel and Harold Porter, all received scarlet pins from Mr. Mitchell, debate coach, in recognition of their forensic work. Other students who have done work inside the school were mentioned at the assembly, which was the last student meeting of the year.

Final examinations are taking place at the high school today and will continue until tomorrow afternoon. Students having an average of 84 are exempt from the tests, as are also seniors who have an average of 82 or more.

Charles R. Frazier, president of the Idaho Technical Institute at Post Falls, will meet members of the graduating class personally Thursday afternoon at the high school at 4 o'clock. President Frazier will deliver the commencement address Thursday evening at the Laying the cornerstone, having as his topic, "Some Demands of Democracy."

"Mice and Men" is the theatrical offering of the High School students this year. It will be played tonight and it is sincerely to be hoped that all who can do so will attend. The performance promises to be well worth while. The cast has been carefully chosen and well drilled. The play is of a character to lend itself to first class amateur talent and there can be no question but that a thoroughly enjoyable evening will be the result.

"Mice and Men" will be one of the principal features of Commencement Week. It should command an attendance which will serve as an incentive to the very best effort of which the players are capable.

RULES AND THE GAMES

Veheement protest is being raised just now against the particular form of procedure for nomination and election of candidates for political office in vogue this year in Idaho.

Similarly dissatisfaction heretofore has been registered against the provisions of the state election law which were superceded when the rules prescribed for this year's campaign were adopted.

In a general way it would seem that either criticism missed essential factors. Each seem to be concerned with outward form rather than with spirit.

In no case is it truer than in American politics, that the people get no better nor worse than they deserve.

FARMERS RAP LABOR

The hollows of any alliance between organized labor and organized farmers is strikingly, even humorously, indicated by an indignant protest filed by stockmen with the board of the Tenth Federal Reserve District at Kansas City.

"Contractors and others engaged in public and private construction of such high cost as to be ruinous," the resolution hotly declares, "are not only securing credit but are, at the same time, paying such high prices for labor that they are taking away from the farm necessary help."

Baldly stated, this is an indictment of the city by the country for paying better wages to labor than farmers are able or disposed to pay.

Naturally, this excites the wrath of the agriculturist, who is an employer of labor at all times. He wants to change things, so there will be a labor surplus in the cities, which will drive people into the rural districts to find employment.

From his viewpoint, this is a logical contention—but how will this idea appeal to the city worker, including the organized laborer?

now any community of interest between organized labor and organized farmers. Attempts to get these opposed interests together are due solely to the ambitions of leaders in both groups, who unhesitatingly would sacrifice their duped followers in order to serve their own personal political ends.

DAYS OF VILLA AS BANDIT ARE REPORTED OVER

Leaders of Revolutionary Movement Display Visible Relief at Announcement of Hostilities Cessation

JUAREZ, Chihuahua, Mexico, (AP)—Francisco Villa's days of banditry and constant menace to all attempts to establish stable government in Mexico and to the relations between this republic and the United States are ended, according to reports reaching here.

Since the revolution swept out of Sonora with increasing momentum it was reported that Villa would seek to remain neutral and settle down on a plantation and still later that his preferred services to the revolution had been declined.

The announcement that Villa had laid down his arms and guided his followers into the ranks of the revolutionists came from General J. G. Escobar, commander of Juarez.

It was on this occasion that the Thirtieth cavalry gave chase to the bandit leader and killed 106 of his followers. A few days later General John J. Pershing and 4000 men in parallel columns marched 200 miles into the interior in pursuit of the Villa band.

When the constitutionalists, on whose efforts Carranza accorded to the presidency, were organized in January, 1914, Villa had Alvarez Obregon and Pablo Gonzalez, were aides to the

"first chief." On October 1 of the same year, however, Villa denounced Carranza as a traitor and on December 3 entered the capital, only to renounce his claims to the presidency and leave Mexico City on the following March 24.

PLYMOUTH PREPARES FOR PILGRIM FATHERS EVENT

Play Based on Story of Puritan Colonists in America Projected for the British Celebration

PLYMOUTH, Eng., (AP)—Preparations for the tercentenary celebration in September of the sailing of the Pilgrim Fathers are already in advanced stage here.

The program, as at present arranged, opens on September 3 with a civic reception. On the morning of September 4 a literary and historical conference is to take place.

An open air service is to be held at the Mayflower stone on Sunday morning, September 5. This is the historic spot on the Barbican from which the Pilgrim Fathers embarked in 1620.

A play based on the story of the Pilgrim Fathers is being written for production here. In all probability there will be a ball in the Guildhall.

From September 1 to 10 the Mayflower pageant is to be presented with Captain the Rev. Hugh Parry as the pageant master. This will later be produced in the provinces and subsequently taken to America.

DOES THE WORK SAYS EARLING

Has Gained Twenty-Five Pounds and Feels Fine Since Taking Tanlac

"I know what I am talking about when I say there is one medicine that will do everything they say it will, and that's Tanlac," was the enthusiastic statement made recently by Frank Waring, a well known ranchman living at Sunnyside, Washington, a town twelve miles from Seattle.

"I gave Tanlac a fair trial," continued Mr. Waring, "and I want to tell the world that it did the work. Several times ago my head ached so badly and since that time I suffered so much that I hardly knew what it was to be free from pain. I had indignation so bad that I did not care to eat, for I knew it did it would cause me misery afterwards. The little I forced down soured on my stomach and bloated me up with gas so bad that I felt nauseated and might be sick at any moment. The rheumatism in my arms and shoulders and right arm so that I had no use of my arm and it was impossible for me to pick up anything to work with.

"Several of my neighbors were taking Tanlac in such a result that I started taking it myself, and in no time I began to feel better. My appetite came back, and as everything I ate agreed with me I started gaining in weight and strength. My digestion was never better and the gas has stopped forming on my stomach. I am no longer constipated and don't know what it is to ever have that trouble. The rheumatism in my arms and shoulders has left me completely and I can use my arms as good as I ever could. My kidneys are in fine condition and the pains in my back have all disappeared, and I can now do as big a day's work as any man. My nerves are as steady as a clock and at night I sleep like a log, and when morning comes I get up feeling just fine. I have gained twenty-five pounds in weight, am in better health than I have been in years and I can never say too much for Tanlac.

"The Tigers blame their early season exhibitions of 'How not to play baseball and lose 13 straight' on the professional games with Boston.

"Kid" Gleason and Hugh Jennings had a fanning, and other day and talked over the old times with the Baltimore Orioles.

According to the stories you hear, a write-up of one of their games by innings went something like this: 'O'Rourke swung at the first pitched ball and when he missed he got sore and swung his bat on the opposing pitcher's head. The pitcher (Bombarier) then stole second and the umpire's watch also. O'goof fouled one over the grandstand and the Orioles' pitcher, who was opposing catcher's chin. When the catcher went after O'goof, the latter drew a knife on him. The opposing pitcher reached for the umpire's assistance and all the Baltimore players drew guns from their hip pockets and the game came to a sudden finish when they all started firing. O'Rourke brought out a machine gun from the club house. No runs, no errors, 1 hit (on the jaw).

A Ball Game. Oh it's nice to sit at the baseball park. And enjoy a nice old game. And when the ball is in the air, work cutting into the Hall of Fame. To see the sluggers hit the fence. Always reach for the outfield. And watch a well known twirler. Strike a grand and graceful pose. Oh, all this is the stuff I like. And it gives me a rare treat. A peanut vendor walking on my feet. Three shut-out games in the Coast league yesterday. Looks like their playing ball all right, eh? Beckett again lands K. O. on Bombarier Wells, says a sport item. Wonder he don't get tired of being the English champ's punching bag. But to the baseball manager. It brings hot and heart-rending tears. Pugilists. Lives of pugilists remind us To gather dough with all our might. And then to get ten million dollars Or not to get in a fight.

LIFTS BAN ON SALT LAKE TIE FOR ONE WEEK

Council Consents to Temporary Departure from Rule to Relieve Housing Situation in Twin Falls

With a view to relieving a situation said to be existing in Twin Falls where owners of new houses are prevented from occupying them because of inability to secure pipe for connection with the municipal sewer system, the city council at its meeting last night, gave heed to the plea of local plumbers as presented by William B. Wall and consented to a temporary departure from its ban against use of Salt Lake sewer pipe.

It was stipulated that the Salt Lake product would be admitted here for a period of one week to meet the existing emergency, but prohibition was laid against shipment of Salt Lake pipe from the factory in large quantity during this period. Whatever supplies were brought in should be secured from stocks in hands of plumbers in nearby towns, it was provided.

H. A. Brizeo and William Warner, leaders in a movement for improvement of second street east over a width of 40 feet instead of 30 feet as proposed, reported to the council that the property owners had agreed to have been enlisted in their undertaking, and that rather less than \$400 remained to be subscribed to meet the extra expense involved. The council left the matter in the hands of the petitioners and advised that raising of the balance within the next week probably would assure the widening of the street to 40 feet. Second street would be widened, if the undertaking were successful, over a distance of two blocks, from second avenue to fourth street.

Objection to the diversion of irrigation water through an open ditch along fourth avenue west was registered by Charles Stevens and other residents of the thoroughfare. Solution of the problem was referred by the council to the streets and public works committee and to the street commissioner.

Three ordinances prescribing the form of bonds to be issued by three improvement districts, which are needed for the purpose of carrying out the paving program were read and adopted.

CANAL ELECTION CONTEST OPENS

Plaintiff Stockholders Call for Court Determination of Legal Voters

Trial of the case of Frank DeKlotz and others against the Canal Company, involving validity of the last annual election last December, of directors, was begun this morning before Judge W. A. Babcock in district court here.

Plaintiffs in this action are attacking the validity of approximately 55,000 votes cast by proxy at the election, including the votes of stockholders for the municipalities of Twin Falls and Buhl. They claim that certain of those votes are invalidated by reason of the alleged fact that the voters in question are not bona fide stockholders within the provisions of the statute, having sold their lands and water rights to others but failed or neglected to transfer their Canal company stock certificates.

Plaintiffs are asking the court to determine who are bona fide stockholders and qualified electors in Canal company and in determining this question the court is asked to decide whether or not the last annual election should be set aside and to determine what some of the affected candidates for the directorate were not in reality and legally elected.

Legal status of nearly one-half of the contested proxies were presented by counsel to the court this morning. It is believed that the remainder will be sifted through today.

Spirited contest is anticipated when the subject of the validity of votes of municipalities is reached.

The proceedings are watched with interest by stockholders of the Canal company, many of whom are in attendance at the court session. James E. Bothwell is appearing for the Canal company, and Turner K. Hackman for the plaintiffs.

CROWDS THROUGH OPENING DAY OF FIRST TWIN FALLS AUTO SHOW

Dealers with Motors and Accessories on Display Express Gratification with Apparent Favor with Which Big Exhibition is Meeting; Trobadours and Band Contribute to Entertainment

Bing, Bang! Nay, nay Paulino, not a powder plant blow-up, but just the opening of the First Annual Auto show in Twin Falls. And Twin Falls' initial big automobile show opened with a crash and a bang that this fair to make it the most successful event ever staged in the city.

The Magel garage where the great event is being pulled off was both handsomely and brightly decorated Monday night for the occasion. Crowds thronged through the spacious new building looking over and admiring the attractive displays of the many dealers showing at the exhibits. The size of the crowd in attendance last night was especially surprising even to those who had hoped for the first night large attendance. All dealers with exhibits were pleased with the apparent favor with which the big show is meeting.

The interior of the mammoth building was artistically decorated on every hand. The Johnson Auto Sales company has a very attractively decorated space. Exhibiting a five-passenger Essex, Hudson sedan, Essex sedan and a Maxwell touring car and decorator with green and white streamers and lilac background, the display proved a very attractive one for the large crowd passing through the building. Another attraction of extreme interest to auto "fans" on hand was the Studebaker touring car with the California license. This machine is the property of the Barrett Auto Sales company. The top was built especially for the auto show exhibit and proved popular with the spectators. It is an artistic leather top lined with velvet and presents a beautiful spectacle.

Magel brothers have on display an Oakland six touring car, Hays touring car and Cadillac sedan. The display of Reynolds brothers also met with favor among those in attendance. Included in this showing are a Stephens touring car and also a roadster of the same make and an attractive array of Hoover tires.

An Interesting Demonstration. The Allen Oil company has an exhibit that will prove of extreme interest to every person interested in autos and their operation. The showing includes a vicinometer, Cleveland open flash and flame cup and a model of a distillation plant. The Allen company is also conducting demonstrations in the use of petroleum refining. Every instrument in this display is according to U. S. government regulations.

Other exhibits are Wright Auto company displaying Volvo and Cole 8 touring cars; Western Auto company, a Ford and Lincoln tractor; Browning brothers displaying Thompson tires; W. E. Smith Motor company exhibiting a Chevrolet touring car and sedan in a very artistically decorated space; Gooding Motor company, showing a Paige car, White truck and Paige coupe; Merrill Auto company, displaying Oldsmobile touring car, roadster and truck; Browning Auto company; Overland roadster coupe and chassis; Cutting Auto Paint company, exhibiting a machine painted by them; Gordon-Davis showing an Allen touring car; Idaho Automobile and Supply company, having on display a Leo sedan and roadster, Indiana truck and U. S. tires; W. E. Lovring company, exhibiting a Bethlehem delivery truck; Charles Dunn showing a Case touring car and tractor; Goodyear Tire and Rubber company, having on exhibition tire products and displays of tire construction; I. E. Stansell, distributor of Rumley and Brenner tractors; the Exide Battery Service station, Oliver Plow and Electric Service station also have exhibits.

Crowds Were Pleased. The large crowd attending the big show was entertained by the Bush Trobadours of Salt Lake City. They rendered "jazz" music and Hawaiian melodies that were appreciated by everyone present. The ten trobadours formerly played on vaudeville circuits throughout the east and their Hawaiian instrumental and dancing numbers were applauded time and again for encores. They will entertain the Auto show attendants each night with a change of program every day. All told the first night of the Twin Falls Auto show was
