RAIDS CONTINUE IN IRELAND ON LESSENER SCALE

Police Barracks, Court House and Postoffice in Limerick County Burned with Several other Attacks Reported

EXTENSION OF MILITARY ACTIVITIES IS FORECAST

Commander of British Forces Formulates Plan for Closer Co-operation of Authorities in Suppressing Disorders

DUBLIN, (AP)—Several additional attacks on government property and other incidents occurred in various parts of Ireland last night, but the reports indicated that the activity was nothing like the scale of Wednesday night's demonstration. The police barracks, court house and postoffice in Bureau, County Limerick, were burned, while a motor was continuing provisions for the police was burned near Sherrin. The plan of General Sir Nevill Macready, commander of the government forces in Ireland, looking to closer co-operation between the police and the military in Ireland, involves the establishment of military posts in isolated districts. It is stated here on apparently good authority. Previously the police have been largely occupied with work which is essentially of a military nature.

COAST PLANS INVASION OF ARGENTINE MARKETS

Ship Board Steamer to Transport Heavy Cargo of Merchandise and Provisions

SAN FRANCISCO, (AP)—One thousand tons of canned salmon, sardines, corn and evaporated fruits, plus various other foodstuffs, are being loaded on the Pacific coast to invade the Argentine market when the shipping board steamer Palms sails for Buenos Aires in July, according to Swayne and Hoyt, operators of the vessel, who said there had been a big demand for cargo space. The miscellaneous cargo in addition to a big consignment of lumber. No difficulty in obtaining a return cargo was reported. South American merchants having sought to ship linseed, quebracho extract, used in tanning, dyer and green hides, corn, beans from Argentina and Santos coffee from Brazil. The route of the steamer goes down the west coast and through the Straits of Magellan, returning by way of Brazil and the Panama canal.

Derivative and other products have had to travel across the United States by rail before going to South America, according to steamship men, while lumber from the southern states has been used in the southern continent instead of west coast lumber. Fire and insurance companies are expected to be reformed will be shipped later. The Zaphon, also a 7500-ton boat, will follow the Palms in July, and the shipping board expects to allocate a third boat for the Argentine route, according to the operators.

SAYS SUBAR SITUATION TO BE LONG ABNORMAL

Hoover Gives Measure of Credit for the Rapid Rise in Price to Palmer Agreement

WASHINGTON, (AP)—Two or three years will be required for the sugar situation to get back to normal, Herbert Hoover, former food administrator estimated today before the house committee investigating the sugar situation. Mr. Hoover, expressing what he said was an "off-hand opinion," asserted that there would have been a "less rapid" rise in domestic sugar prices had Attorney General Palmer could sell their crop at 17 and 18 cents a pound.

PROHIBITS REQUIREMENT FOR COMBINATION SUGAR SALE

ST. LOUIS, Mo., (AP)—The practice of some growers in requiring that a certain amount of other commodities be purchased with each pound of sugar is a violation of the federal trade commission act, according to instructions received from Attorney General Palmer by the local department of justice today.

England Offers Men's Clothing at Low Price

NEW YORK, (AP)—England is ready to sell to American merchants men's clothing, all wool, that can be retailed at a 20 per cent profit at \$39.40 each, according to J. C. Shannon, member of a London manufacturing concern. "We can produce suits, transport them to America, pay the duty and add them to the mill for \$32 each," Shannon asserted. "The same" quality suits are now selling here from \$50 to \$80."

SOCIALISTS CALL ON PALMER FOR RELEASE OF DEBS

Petition in Behalf of "Political Prisoners" is Presented by Committee Named by Convention

NEW YORK, (AP)—The socialist party of America at its national convention here today voted to reaffirm its allegiance to the third (Moscow) international, with reservations, including that of determining its own national policy. By a vote of 40 to 12 it rejected a proposal by J. Louis Engdahl of Chicago to pledge without reservation its allegiance to the third international, which was attacked during the socialist investigation in Albany as the organization that at the bidding of Lenin and Trotsky, had issued a call for violent worldwide revolution.

WASHINGTON, (AP)—Release of Eugene V. Debs, the socialist party's nominee for president, and all other political prisoners, was asked in a petition presented to Attorney General Palmer today by a committee appointed at the socialist party convention in New York with Seymour Seligman, the party's vice-president nominee, as chairman. The committee will see Secretary Tumulty at the White House tomorrow to present a similar petition to President Wilson, and on Monday another committee will call on Secretary Baker. A joint decision on the three petitions is expected.

Holds Out Small Hope Mr. Redman said the delegation did not believe that Mr. Palmer had been favorably impressed by the appeal for general amnesty. He added that the attorney general had told them that he would take under advisement the matter of releasing Debs. The memorial presented to the attorney general said that the "practice of prosecuting citizens for holding and expressing political views opposed to those of the administration in power, or for..." World News Events

FIFTH OF FORTH, Scotland, (AP)—The German raider Moewe, which sank so many allied ships during the war, has arrived here. It has been surrendered to the naval authorities.

LONDON, (AP)—Mustapha Kemal, leader of Turkish nationalist forces in Asia Minor, was condemned to death at an extraordinary court martial held in Constantinople on Wednesday, according to a dispatch to the Exchange Telegraph company. As Mustapha did not appear for trial, he was found guilty by default.

LONDON, (AP)—The German cabinet, after a full discussion with the ministers of the federal states, decided unanimously that Germany should not send representatives either to the Spa or Brussels conferences unless the French troops are entirely withdrawn from the main district by May 10, according to a Central News dispatch from Berlin today.

TRANSCONTINENTAL AIR LINE PLANS DEVELOPING

Daily Passenger Service Between Chicago, New York and San Francisco Announced

CHICAGO, (AP)—An aerial passenger line operating daily between Chicago and New York and San Francisco is now being announced by Blon J. Arnold, president of the Air Board of Chicago, at a meeting of the board yesterday. He said that ten ships with a carrying capacity of 20 persons each were under construction.

INDIANA G. O. P. BLAMES WILSON IN PACT DELAY

State Convention Approves Action of Republicans in Senate in Treaty Controversy; Instructs Delegates

INDIANAPOLIS, Ind., (AP)—Indiana will send ten delegates to the republican national convention in Chicago next month instructed for Major General Leonard Wood, four instructed for Senator Hiram W. Johnson of California, and sixteen unattached. "This was one of the net results of the republican state convention that adjourned last night after nominating state, ticket, adopting a platform and electing four delegates at large to the national convention.

The only contest of the convention came over the adoption of a qualified resolution instructing the "big four" to support General Wood, who won the plurality vote in the primary last week. The resolution was carried after a hard fight led by the Marlon county (Indiana) delegation by a vote of 763 to 740.

Holds Wilson Responsible The text of the peace plank incorporated in the party's platform charged President Wilson with being responsible for the delay in ratifying the peace treaty.

"The treaty of peace with Germany ought to have been made immediately after the armistice," the text reads. "If that had been done, the treaty would have been ratified many months ago. The president insisted upon making, and forced the representatives of the associated powers to adopt the covenant of the league of nations as an integral part of the peace treaty. This sacrificed peace to his own plan for the league of nations, seeking in this way through coercion to nullify the constitutional powers of the senate."

"As representatives of the republican party," continued the text, "in convention assembled, we declare our absolute opposition to the covenant of the league of nations as submitted by the president and we fully approve the action of the republicans of the senate in relating its adoption."

For Association of Nations The party favors an association of nations to promote the peace of the world, the text declared. "We favor the establishment of a world court to administer international justice and also earnestly support a general agreement among nations for a reduction of armaments; but we are unalterably opposed to any league or covenant which gives to foreign nations, in any way whatever, the slightest control over the military and naval forces of the United States or which gives foreign courts or tribunals the least jurisdiction over the domestic affairs of the American people."

Fugitive Executive Continues Struggle with Numbers of Antagonists Increasing

INTERNATIONAL INCIDENT FORECAST IN PREDICAMENT OF BRITISH CONSUL

(By the Associated Press)

Mexican rebel forces have apparently won the first phase of the battle against troops still loyal to President Carranza, which have been fighting in desperate battle north of San Marcos, state of Puebla, for the past four days. Advice from Vera Cruz indicate a break in the Carranza lines and an effort on the part of the president's men to break through the rebel lines and march northward.

The struggle is continuing and new rebel reinforcements are reported to have reached the scene, coming up from the south.

An international incident may be forestalled by the fact that W. A. Robj, British consul for Vera Cruz, has arranged for a Mexican naval lieutenant to go by special train to the battlefield and attempt to rescue the Englishman.

British warships have made their appearance in the harbor of Vera Cruz and four American fighting vessels are at anchor there.

Negotiations for the surrender of Matamoros, across the frontier from Brownsville, Texas, are under way and it is expected the Carranza forces there will surrender without fighting today.

Carranza's Surrender Predicted by Obregon

EL PASO, (AP)—Surrender some time today of President Carranza and his forces, said to be surrounded near Pinalone, Puebla, was predicted in a telegram from General Alvaro Obregon, former candidate for the presidency of Mexico, received today by Luis Montes de Oca, Mexican revolutionary "consul" at El Paso.

Calls for Naming of Provisional President

EL PASO, Texas, (AP)—Adolfo de la Huerta, supreme commander of the revolutionary movement in Mexico, has issued a call for the Mexican congress to come and name a provisional president, it was announced here today.

Situation Reported Serene at Mexico

CALEXICO, Cal., (AP)—A quiet night was reported from Mexicali, adjoining here but across the international boundary where there were rumors of revolution late yesterday.

Governor Estaban Cantu personally took charge of his troops last night, spending the night in the Quartz, where various suspected persons were taken under arrest and questioned at length.

The line, which was closed at seven o'clock last night, was reopened at six today, but it was announced that no persons would be permitted to cross after seven in the evening for the next five days.

American troops were watching with extra vigilance, having been requested to do so yesterday by Governor Cantu.

Matamoros Surrenders without Giving Battle

BROWNVILLE, Texas, (AP)—Matamoros, opposite Brownsville, quietly surrendered to Mexican revolutionary forces shortly before noon today. It was the last southern border port remaining in the hands of Carranza of friends and its surrender was in accordance with the terms of the treaty yesterday by General Rafael Canelas, Matamoros garrison commander and General Reyes, representing the revolutionary government.

ATTEMPT TO OVERRIDE VETO FAILS IN HOUSE

Five Democrats, Prohibitionists and Independent Vote with Republicans on Motion

WASHINGTON, (AP)—The house today failed to override the president's veto of the executive, legislative, and judicial appropriation bill. The vote was 219 to 217.

The only break in party lines on the vote was five democrats, Gallivan and Olney, Massachusetts; Sisson, Mississippi; and two independents, H. H. Nevada, who voted with the republicans to override the veto. Randall, California prohibitionist, and Keller, Minnesota, independent, also voted with the republicans.

HOOPER ARGUES FREEDOM NEEDS THE OPEN SHOP

Former Food Administrator Gives Views Before Senate Committee on Laws for Settlement of Industrial Unrest

DECLARES AMERICA FREE FROM POLITICAL STRIKE

Approves Plan of Wilson's Conference for Voluntary Adjustment of Labor Troubles by Agreement

WASHINGTON, (AP)—"The principle of industrial freedom requires the open shop," Herbert Hoover declared today in testifying before the senate labor committee at hearings on proposed legislation for the settlement of industrial unrest.

Opposed to Boycotts Mr. Hoover, who was a member of President Wilson's second industrial conference, said he did not believe the relationship between employer and employee should be settled "by any form of legal repression, whether it be by injunction, compulsory arbitration or industrial control."

"Fundamentally," he declared, "all such effort leads inevitably to the use of jails as a solution for disputes as to respective participation of labor and capital in industrial profits and proceeds swiftly toward compulsory labor, or compulsory wages, or martyrdom."

"No one doubts that the modern consolidation of the employees into large units of employees gives every justification and right for the organization of employees similarly into units for the exercise of equality in bargaining powers. Such organization has the right to present its own representatives in bargaining. On the other hand there should be no compulsion to join such an organization. The principle of industrial freedom requires the open shop."

Approves Conference Plan

Mr. Hoover heartily approved the plan of the second industrial conference for voluntary settlement of labor troubles. The principle of industrial freedom requires the open shop."

Butte Mining Companies Take No Men Since Announcing Ban on I. W. W.

BUTTE, Mont., (AP)—The Butte mining companies have not begun to take on men since the management recently announced that they would no longer employ members of the I. W. W. The members of that organization are holding daily meetings, but they have not been attended since action was taken declaring the strike off.

Because of the strike of the working men, it is now possible that it will be suspended in Butte. The strikers threatened strike will not come to a head until tomorrow and in the meantime there is some possibility that it will be averted. In other respects the labor situation in Butte remains without change.

POLYGAMY DIES OUT IN PERSIA AS COSTS RISE

Jealousy Characteristic of Eastern Wives with Permeation of Western Ideas

TEHERAN, (AP)—Polygamy is dying out in Persia—another result of greatly advanced living costs, together with jealousy, which is becoming more marked a characteristic of Persian wives with the permeation of western ideas and standards in the east.

With this change, has come another custom of having family names. A year ago the Persian government made it compulsory for people to adopt a surname. Before that \$125,000,000 had any common name in the family, the upper classes possessing only one. A man, for instance, might be called Qafar simply, and his son Hassan, with nothing to show their relationship.

OREGON WOULD MAKE DUPLICATE CANADIAN LINE

Revolutionist Leader Gives Ideal for Relations Between Mexico and United States; Would Withdraw Troops

MEXICO CITY, (AP)—The policy of President Carranza toward the United States was "nationalistic," General Alvarez Obregon declared Saturday evening to the Associated Press in his first exclusive interview given a foreign correspondent since he joined the revolutionary forces after fleeing from Mexico City, April 13.

"What strengthens the United States strengthens Mexico," he said, "and what weakens the United States weakens Mexico. My ideal for the relations between Mexico and the United States is to make the international border like the Canadian boundary, without troops, except customs officials."

"Carranza's interpretation of the Monroe doctrine was a mistake, although I believe Carranza was perfectly sincere in the belief his policy was best for Mexico."

Appearance Shows Strain

General Obregon plainly showed the strain under which he has been laboring for more than six months. He was talked, his voice was hoarse, a ten days' growth of beard heavily shot with white, covered his face. Outside the little hotel in Tehuacan, a suburb, where he was using temporary headquarters, the narrow street was jammed with automobiles and spectators.

At the entrance to the hotel, a small tent to keep the doorway clear. In squad of Yaqui Indian soldiers at side, a tiny party was crowded with visitors and officers. A white sentry who stood at the doorway of the first of two small rooms occupied by Obregon and his chief of staff, had difficulty preventing the crowd from pressing through the flimsy door.

Careful About Statement

Because of the importance he attached to any statement involving Mexican relations with the United States, General Obregon declined to be quoted except for a few generalities, promising to dictate a complete statement outlining his views later.

Regarding the liberal constitutionalist revolutionary movement, which reached a climax May 7, in the evacuation of Mexico City by the Carranza government, General Obregon declared he adhered to the plan of Agua Prieta, that he was obeying the orders of Governor Adolfo de la Huerta, temporary supreme commander of the movement, that he had no designs for becoming dictator and was operating in perfect accord with General Pablo Gonzalez, General Obregon and Gonzalez both were candidates for the presidency of Mexico before they joined the revolution.

The revolution was a moral and not an armed revolt, General Obregon said, and his followers had been given strict orders to respect private rights and to take nothing without the consent of owners and payment being made; that he had not named any provisional government officials and had issued strict orders that supporters of Carranza should not be harmed physically.

Gives Revolution Motives

The liberal constitutionalist revolutionary movement, General Obregon affirmed, was a nation-wide "moral protest" against the tactics of the Carranza regime in attempting to impose Ygnacio Bonillas, former Mexican ambassador to the United States, as the next president after having imposed state governments of its own choosing upon the people, notably in San Luis Potosi, Tamaulipas, Queretaro, Nuevo Leon and Guanajuato.

SPUDS PLANTING LITTLE LESS THAN LAST YEAR

Indications Point to 95 Per Cent of 1919 Acreage in Potatoes This Season

BOISE (Special)—The indications on May 7 were that the potato acreage in the seven states last year producing states would be 95 per cent of the acreage planted in those states last year, or 3,225,000. According to a telegraphic report received this morning by Julius H. Jacobson of the federal bureau of crop estimates in the Idaho building, New York growers planned to exceed 97 per cent of last year's acreage; Michigan 90 per cent; Wisconsin 95 per cent; Colorado 94 per cent; Minnesota 88 per cent; and California 110 per cent. In the Maine situation is uncertain, but farmers intend to plant as near a full acreage as possible depending on receipt of fertilizers. Idaho growers were planning on 95 per cent of last year's acreage, or 34,500 acres compared with 36,000 acres in 1919.

The above inquiry was made in response to numerous requests from farmers as to the outlook of the potato industry this year. It should be kept in mind that intentions of farmers on May 1 are reported. They may be changed as a result of depending conditions and the necessity of reseeding other crops. Here in Idaho the acreage is influenced by the sugar beet industry. Potatoes can be planted as late as May 31 in the upper Snake river valley. If sugar beets fall to the point of depending on potatoes. The possibility of good returns from sugar beets this year is another important competitor for potato acreage.

Bean Acreage

An inquiry made at the same time on the bean acreage indicates that New York will have 90 per cent of last year's acreage; Michigan 75 per cent; Wisconsin 70 per cent; Colorado 65 per cent; New Mexico 80 per cent and California 60 per cent. Idaho's acreage may be reduced somewhat, but May 1 indications were for an acreage equal to last year's.

DEWEY HOUSE TO BECOME MARKET

Gift of American People to Victor at Manila Give Way to Trade Spread

WASHINGTON, D. C., (AP)—Admiral Dewey's former home, gift of the American people for his victory at Manila bay, is being remodelled into a store, having given way, as have a number of other historical residences, to the spreading commercial section of the city. The Dewey house, at 1747 Rhode Island avenue, just off Connecticut avenue, was disposed of some years before Admiral Dewey's death. The house, with their old-fashioned gardens and high brick garden wall facing Lafayette park opposite the White House at the beginning of Connecticut avenue, soon will be used for a modern building for the Chamber of Commerce of the United States of America. Among the historical mansions holding their own in the march of commercial expansion are the famous Octagon house, residence of Colonel Taylor, which was occupied a year by President Madison after the White House was fired by the British in 1814.

INERTIA CHIEF ADVERSARY OF LEGION'S DRIVE

National Membership Push is Counted on to Supply Impetus that will Cause Enrollment of Procrastinators

INDIANAPOLIS, Ind., (AP)—Members of the American Legion, who will conduct a nation-wide campaign for new members, May 17-22, believe that their chief enemy will be none other than old General Inertia.

The legion now has approximately one and a half million members and seeks to get a million more. When it is remembered that four and a half million men and women are eligible for membership, by reason of active service in the world war in army, navy or marine corps, it does not seem that the legion's aim is an extravagant one.

Posts throughout the country, of which there are now about 6500, report that their chief obstacle in getting men to join has been more inertia. Thousands of men are convinced of the desirability of legion membership and are in hearty accord with its principles. But they have failed to "obey that impulse" and become active members. It is believed a national membership push will supply the additional impetus that will cause a majority of these victims of inertia to join the legion.

The legion has done enough beneficial things for ex-service men generally, whether they were members of the organization or not, to earn it a high place in the affections of these men. The legion has obtained from congress an increase of base pay for the disabled from \$30 to \$30 a month. It has adjusted thousands of claims for war risk insurance for service men and their dependents.

Until the legion took hold, the federal board for vocational training was not functioning properly in many districts. It is believed a national membership push between the legion and the board has been devised, that promises to speedily solve the rehabilitation problem for all the disabled.

The legion has helped to secure preference for ex-service men and their widows in civil service appointments and special preference for the disabled.

The four-fold compensation bill for all ex-service persons now before congress is familiar to all as being the handiwork of the legion. Back in those days just following the demobilization, the legion was an active agency for re-employment and co-operated with national, state and private organizations to speedily return service men to profitable and suitable employment.

A recent act of the organization has been to raise a fund throughout the nation, with which to decorate the graves of all the soldiers dead in France. To this purpose the money is being forwarded to the Paris post of the legion, and this post will superintend the ceremonies.

In all these activities the legion has acted for service men as a whole and not only for its members. A great many service men are expected to cooperate by joining the legion now.

PROPOSES MOBILIZATION OF BUGS TO CARRY GERMS

Novel Suggestion for Adding to Horror of Next War Advanced by Scientist

LONDON, (AP)—Mobilization of the mosquito, the housefly, the louse and various other disease-carrying pests for the dissemination of deadly germs in enemy territory is a possibility of the next war, pictured by Professor Maxwell Lefroy, a scientist.

"I foresee the mosquito from Brazil starting yellow fever in new lands, the housefly, duly infested with cholera, dysentery or typhoid and the typhus-laden louse doing their deadly work much more effectively than spies poisoning wells," said Professor Lefroy in a recent address.

"This would be part of the work of a war office of entomologists—the working out of strategic plans for the distribution of these pests by airplane. It seems that the world is intent upon furnishing an airplane service for these pests, many of which are now held somewhat in check by natural enemies in their native climes. This will give them just the means of transit they have required. It will be a peacetime danger as well as one that could be used very offensively in war. The danger of these winged battalions of death is more serious than one dare estimate."

AVERAGE SALARY FOR NEW MEXICO MINISTERS IS \$994

ALBUQUERQUE, N. M., (AP)—For ministers in New Mexico, according to statistics made public after a canvass of the state, the maximum salary is \$4500 a year and a parsonage free, while the lowest is \$420 annually, the recipient paying his own house rent. The average salary of all ministers is \$994 annually.

The man who receives \$420 a year is reported to be a college graduate, an excellent preacher and an untiring worker. He ekes out a living for himself and family by making window advertising cards.

Getting away with something

EVERYONE envies the fellow who always gets away first. Who never seems to take anybody's dust! He comes up behind you on the road, gives you a toot, and jumps by you as though you were tied.

That is you—sometimes. That's when your motor is extra lively. Ever notice that it happens just when you have filled up with *Conoco*?

Try out that suggestion. Next time you need gas, pull up at a *Conoco Service Station*, or at any garage that shows the *Conoco Sign*. Get your carburetor adjusted for the economical, powerful *Conoco* mixture.

Notice the quick, powerful pick-up *Conoco* gives your car—how easily you can jam on power for a quick getaway.

Polarine helps, too. It holds the force of hard-hitting *Conoco Gasoline* behind the pistons—makes it work hard. There's no better oil, at any price, than *Polarine*. Sold where you see the *Conoco Sign*.

Use a *Conoco Coupon Book* to buy your gasoline and oil. It is a great convenience—especially when you've left your roll at home and need oil or fuel.

TRAIN ROBBERY ENDS IN DEATH

Bandit who Looted Illinois Central Limited Falls in Battle with Police

CHICAGO, (P)—One of the most daring train robberies in the middle west in recent years ended this morning in the death of a lone bandit who has left behind a trail of blood and fear. The Illinois Central Limited train was held up near Chicago and the recovery of currency estimated to total nearly \$100,000.

One policeman shot by the bandit is dead and another is seriously wounded. The bandit was identified as Horace Walton, aged 32, of St. Joseph, Mo. He left four bullets in his body and was heard shouting in his agonized moments and fighting a pitched battle with more than 100 police.

Walton boarded the train a few miles from Kankakee last night. A leather pouch containing registered mail was taken on the train. As the flyer pulled out of Kankakee, Walton stepped into the mail car and announced the presence of the postal inspector. He then drew a gun and commanded "Hands up!" Four of the clerks were ordered to lay on the floor and the fifth was forced to bind their hands. Walton then tied the fifth man's hands and set about a leisurely sorting of the mail pouches. Armed with the clerks' keys, he picked up and rifled the bags which contained shipments of money, remarking that "It's easy when you have inside information." A traveling bag appropriated from one of the clerks furnished a receptacle for the money.

Walton kept up a running fire of banter with the clerks until the train reached South Chicago shortly before 1 a. m. There he leaped out.

Shoots Patrolman

Fifteen minutes later, Patrolman William A. Roberts and John Kendrick met Walton. Roberts stepped forward to question the man. Walton fired through his coat and Roberts fell, shot in the head and side.

Walton leaped into the arroyo of an apartment building, while Kendrick opened fire. After an exchange of shots the policeman ducked and Walton dropped the bag and fled to an apartment house a half block away. Police rifle squads surrounded the building and fired for an hour, pouring hundreds of bullets into Walton's apartment. He returned the fire steadily, using two guns, then suddenly stopped. Detective Chief Mooney found Walton on the floor, dead, with four bullets in his body.

Patrolman Roberts was rushed to a hospital where doctors said he could not recover. Patrolman Thomas Herrick also was wounded, but fatally. Walton had lived in the apartment where he was killed for several weeks, according to neighbors.

Folkman Roberts died later this morning. He is survived by the widow and five children, the eldest of whom is six years old.

Walton Former Mail Clerk

ST. JOSEPH, Mo., (P)—Horace Walton, the train robber who was killed by the Chicago police, was a St. Joseph high school graduate, 22 years old. His father is a clerk in the city's leading hotel. The youth was a railway mail clerk until a month ago when he resigned and left home without telling his parents where he was going.

VOTE ON VETO IS DELAYED

Debate and Demand for Quorum Postpone House Action on Move to Override

WASHINGTON, (P)—An attempt to pass the legislative, executive and judicial appropriation bill over President Wilson's veto was made today in the house.

The motion to override was made by Chairman Good of the appropriations committee but vote was delayed by an hour's debate and the demand for a quorum.

MONTANA GAME WARDEN TO DECLARE WAR ON HERONS

HELENA, Mont., (P)—The state game warden is about to declare war on the herons in the Yellowstone river, which are devouring fish at an alarming rate. There is one island alone at the mouth of Bridge creek on which, it is estimated 500 of these birds have made their nests. They are said to eat many thousand tons of fish a month and will soon strip the river and creek. It is feared.

The birds kill more fish than they eat, sportsmen say, for their method is to stab trout with their bills in the riffles, and many of them only to die, further down stream.

GIVES BUTTE MAIL CARRIERS PERMISSION TO WEAR BLUE DENIM

BUTTE, Mont., (P)—Butte mail carriers have been given permission to wear blue denim overalls, under a ruling from Washington. Permission had been withheld until it could be decided whether the postal regulations would permit the step, it is said.

SAYS SECRET SESSION WOULD DEFEAT CIVIL LAW

Vice-President Marshall Gives Intimate Impressions of Government

RICHMOND, Va., (P)—Vice President Marshall, speaking Thursday before the Virginia Bar association, declared that if national prohibition had been considered by the senate in secret session not 20 voices would have been cast against it.

Ascertaining that there should be lost in working with the constitution, the vice president expressed the opinion that the amendments should be "brought a very large measure of evil to the republic."

Mr. Marshall predicted that in the future the country should be faced by the question of government of law or of men, declaring that only two men—Samuel Gompers and Judge Elbert H. Gary—now are consulted on public issues.

By a rising vote the association favored the nomination of Mr. Marshall for the presidency.

OPPOSE FEDERAL MARINE CONTROL

National Foreign Trade Council Committee Reports to San Francisco Session

SAN FRANCISCO, Cal., (P)—An American maritime policy eliminating federal control is necessary for the success of American foreign commerce, it was stated today in a report in the merchant marine committee of the national foreign trade council, during the report said.

York, before the council's seventh annual session here.

"The merchants and mariners of the United States should be enabled to compete with their rivals in other countries without governmental intervention or supervision of transportation charges, the report said. "There should be no dictation as to trade routes, freight charges or methods of management."

"An unequivocal policy must be established promptly by a provision that sales will be made to responsible parties of all shipping board vessels at prices determined by present cost of construction of vessels of similar tonnage and specifications in the best of the American shipyards. The foreign trade council has already placed on record its conviction that American shipyards will be able to provide tonnage at rates and under conditions that will compare favorably with those obtained in foreign maritime countries."

He pointed out that where foreign countries have advantage of cheaper labor American shipyards are compensated by a greater efficiency of labor and steel-shipping material is still a ton cheaper in this country than abroad.

Brig spoke in place of William H. King of New York, who was unable to attend the convention.

HOLSTEIN COW MOTHER OF EIGHT LEGGED CALF

SALEM, Ore., (P)—A calf with eight legs, two bodies and all the six of an ordinary calf two months old was born at the state experimental farm, east of Salem, of a Holstein mother. The freak calf died fifteen minutes after birth.

The "main" calf was of normal shape, with red and white markings, body growing between the legs of the larger body, and on its stomach. All of the legs were fully developed.

It is being mounted at a local establishment.

REWARD FOR "HEALTH CHORES" TO BE CONFERRED ON TOTS

HELENA, Mont., (P)—Conferring of the "health chores" medals of the state fair here next fall.

The ceremony is to be under the auspices of the Montana Association for the Study and Prevention of Tuberculosis and those decorated will have performed during school hours, certain acts of household cleanliness as well as certain "health chores."

Governor Stewart will create the knights. Special costumes for the occasion will be devised by Mrs. Sara L. Morse, executive secretary of the association.

General Conference Adopts Report Recommending Election of New Bishops

DES MOINES, Iowa, (P)—The report of the committee on Episcopacy to the Methodist Episcopal church general conference recommending the election of fourteen bishops and establishment of seven new Episcopal residences was adopted by the conference today.

The committee's report recommends seven new residences. All except one are in the foreign fields, where the church has had an almost phenomenal growth during the past few years.

The new residence abroad are as follows: Sing Hai, China; Calcutta, India; Singapore, Malaysia; Mexico City, Mexico; Paris, France, and Copenhagen, Denmark.

In addition there are also seven bishops to be elected to fill existing vacancies. Vacancies in the United States which must be filled include Portland, Ore., and Helena, Mont.

Those abroad include: Peking, China, and Manila, P. I.

If the report of the committee is adopted it will mean that additions will be made in the foreign fields as follows:

In China: three bishops instead of two.

In Southern Asia: four bishops instead of two.

In Latin-America and South America: two bishops instead of one.

In Europe: three bishops instead of one.

TOWNLEY LEAGUE UNDER FIRE IN NORTH DAKOTA

Republican State Convention Endorses Langer to Oppose Non-partisan Candidate for Governor

MINOT, N. D., (P)—William Langer, attorney general of North Dakota, on Thursday was unanimously endorsed for the republican gubernatorial nomination over B. A. Nestor, minor, as the state republican convention here. He will oppose the candidate of the Non-partisan league at the June primaries.

In the platform adopted by the convention, the Non-partisan league state administration was attacked for "extravagance, unequal tax laws and promotion of socialism" and "autocratic powers" given the governor by the legislature were condemned.

The platform also proposes limiting the \$2,000,000 state investments in mill and elevator enterprises.

Today's Markets

New York Exchange.

NEW YORK, (P)—Stocks were fairly well supported in today's very dull market although money rates stiffened and out of town advices leaning upon general conditions were again regarded as unfavorable. Sales approximated 550,000 shares.

The stock market was active and firm at the outset of today's session, although overnight news bearing upon industrial and financial conditions was again unfavorably interpreted. Ship pings, equipments, steel and oils were higher by substantial fractions to one and one-half points under lead of Atlantic Gulf, Baldwin, Crucible, Vann

Grain and Provisions

CHICAGO, (P)—Corn sharply advanced in price today more as a result of lack of milling pressure than on account of any great buying.

Opening prices, which ranged from 1 1/4 off to 3/8c advance, with July \$1.75 to 1.77 1/2 and September \$1.62 to 1.62 7/8, were allowed by decided general gains.

Corn closed unsettled at 1 3/4 to 2 1/2c, not advanced.

Oats hardened with corn. After opening 3-8 to 1-2c lower to 1-4c up, including July at 91 3-8 to 91 5-8c, the market scored a moderate rise all around.

Weakness in hog values had a depressing effect on provisions. Foreign interests were said to have been free sellers of hogs.

Later the market rallied in sympathy with grain.

Declares Admiral Sims Criticism is Fully Refuted by His Own Testimony

WASHINGTON, (AP)—White House officials said today that President Wilson's war time address to the Atlantic City message to Rear Admiral Sims was laid before the senate naval investigating committee by Secretary Daniels with the consent and approval of the president.

WASHINGTON, (AP)—Rear Admiral Sims' "falsification" charges that the navy department unnecessarily prolonged the war four months unnecessarily by "practically the only charge of unfairness in the many alleged sins of omission and commission" the officer had ascribed to the department, Secretary Daniels today told the senate naval investigating committee.

Admiral Sims based his estimate of an unnecessary loss of 500,000 lives on an average loss for the allies of three thousand men a day, Mr. Daniels said.

The admiral based the charge on an assumption that there had been a million American soldiers in France by March, 1918, the war would have ended four months sooner, Mr. Daniels said.

It is not necessary to wander far into the realm of statistics or technical questions to show the absolute fallacy of Admiral Sims' claim, Mr. Daniels said.

CONFESSES TO KILLING OF NORTH DAKOTA FAMILY

Feeling Between Neighbors Culminates in Wholesale Crime

WASHTURN, N. D., (AP)—Henry Loyer, a farmer, has confessed to the killing and death of the wife and five children and a chore boy, Jake Hofer, on the Wolf farm three miles east of Turtle Lake, N. D., on April 23.

Loyer was charged with first degree murder and second degree murder before Judge Nusselt, pleaded guilty. He was sentenced to hard labor for life and arrived at the prison at 4 p. m. Thursday less than 48 hours after his arrest.

II feeling of long standing, culminating in a quarrel over injuries administered to Loyer's cattle by Wolf's dog, was responsible for the crime, according to Mr. Williams' version of the confession.

Loyer is married and has six children. He owns a farm and a half mile from the Wolf home.

According to Loyer's alleged confession to States Attorney Williams Loyer shot Wolf's dog on Thursday, April 22. Mr. Williams declared Loyer said an argument followed and Wolf demanded that Loyer leave the place.

Loyer refused, according to the alleged confession, and Wolf went into the house and returned with a double-barreled shotgun. Loyer declared he grasped the gun and attempted to wrest it away from Wolf.

One of the shots killed Mrs. Wolf and the other Hofer, 12-year-old chore boy, Loyer says according to Williams.

According to Williams, Loyer then said he ran to a barn and shot two of the girls while they pleaded for mercy in the kitchen.

SUGAR WORKERS STRIKE HEAD UNDER INDICTMENT

Grand Jury Charges President of Filipino Union with Embezzlement

HONOLULU, T. H. (AP)—Pablo Manlapit, president of the Filipino union and prominent in sugar plantation strike circles, has been indicted by the territorial grand jury on a charge of embezzlement.

Manlapit is accused of having accepted \$140 from two countrymen to buy steamship tickets for them and converting the money to his own use. He was released on \$1,000 bond.

Manlapit issued the order for the Filipinos to strike on the sugar plantations January 19 last, which was followed in a few days by the Japanese celebration of Labor day, calling on the Japanese. Later he charged sides and urged the Filipinos to return to work after attacking the Japanese for alleged failure to render the Filipinos aid.

Subsequently, he announced he had been indicted that the strike should be continued, planters say that despite, or because of Manlapit's numerous orders to his countrymen, nearly all of them are at work. Recently, however, he was quoted as saying the Filipinos were considering a general walkout in all the islands.

TWO MURDER CASES TO OPEN COURT TERM HERE

Trial of W. M. Carver to Be Followed by Court Inquiry into Ramseyer Case

THE PHILIPPINE JUNKET

The proposed junket to the Philip-
pines on the part of a large body of
congressmen appears not to be un-
derstandably opposed by the people of
the country. When the urgent demand
is for greater economy in government
expenditures a trip of this nature at
government expense is regarded as not
in harmony with the sentiment of the
times. It is true that the cost would
not be great compared with total gov-
ernment outgo, but "many a mickle
makes a muckle." Many small ex-
penditures totalled amount to a great sum.
The ostensible purpose of the pro-
posed trip is to look over our outlying
possessions in order to learn of the needs
of those islands. The plan to take in
Japan and China on the way is predi-
cated on the proposition, probably, that
since those lands are so near to a direct
line of travel, it would be a shame not
to visit them. Some members of com-
mittees having to do with affairs of our
island possessions might have good
cause for a visit, but the same reason
could hardly extend to congressmen in
general. Besides, a large party heral-
ded as an official one would have far
less opportunity to ascertain official
needs and conditions than half a dozen
men, or a lesser number, who might drop
in unannounced. Knowing a delegation
was coming those who might hope to
reap some profit from the visit of the
congressmen to the islands would have
the stage properly arranged to show
just what they would want seen.

No doubt a summer trip on a gov-
ernment transport with all expenses
paid would be highly enjoyable. Those
privileged to share in such an outing
would be envied, yet it is probably true
that no congressman who has to fight
for re-nomination or re-election would
care to accompany the party.

It is estimated that the junket, if
taken, will cost \$1,000,000. If such an
expenditure were necessary and in the
line of better service none would ob-
ject. If it is a summer excursion but
thinly disguised, it is unwarranted. If
it really is a business trip the circuitous
route planned, via the Panama Canal,
Japan, China and San Francisco,
would seem unnecessary.

This is no time for junketing at the
expense of the public till.

CANADA'S TREATMENT OF ITS
SOLDIERS

(Spokane Spokesman-Review)
Official denial was made recently that
the Canadian government had adopted a
general soldiers' bonus plan. The
government, it was added, continued
firm in its opposition to that method.
The Canadian method is to provide loans
for its ex-service men and to make dis-
cretionary loans. The soldier settle-
ment board has issued soldier grant en-
tries to 6,390 returned men. A soldier
grant entry covers 160 acres of free do-
minion lands but soldiers are entitled to
a homestead of 160 acres as well as the
soldier grant. The board has approved
more than 30,000 loans, totalling
more than \$60,000,000 to returned men.
Canadian soldiers, however, suffered
far more dreadfully than the soldiers of
the United States. Their losses in kil-
led and wounded were out of all propor-
tion to such losses in the armies of the
United States.

The Canadian plan is substantially
approved by the United States Cham-
ber of Commerce, which thus put itself
in record, at the Atlantic City conven-
tion the other day.

The chamber of commerce de-
plores any tardiness of generous
treatment of all persons in the
armed forces who were wounded or
disabled in consequence of their
service in the great war, as well as
for the dependents of those who lost
their lives, and advocates im-
mediate provision for them. The
small chamber approves such
constructive measures as may be
directly calculated to enable such
persons to cultivate the soil, build

homes or obtain vocational training.
It would however, against general
cash bonus given without discrim-
ination.
The grave objection to a blanket bo-
nus, voted alike to the men who have
employment and those out of work, to
the rich, the poor and the well to do,
lies in the fact that it will curtail the
country's ability to do full and con-
tinuing justice to the men most deserv-
ing of the nation's care—those wounded
or invalidated, and the dependents of
those who lost their lives in battle or
from disease. An outright bonus of
several billion dollars, imposed upon the
enormous war debt already borne, is
bound to impair the country's ability
to do full justice to the men who need
extraordinary and continuing help.

NOTICE TO PROPERTY OWNERS
Improvement Districts Numbers 34, 35 and 37

Your attention is called to the fact that the assess-
ment roll for improvements in these districts has been
spread and property owners have right to pay cash be-
tween April 29th, 1920, and June 2nd, 1920.
You can save 7 per cent interest on your assessment,
which on different property frontage would be as follows:
On an assessment running 7 years (average life of bonds),
at 7 per cent plus charge of County Treasurer Office of
1-1-2 per cent per annum for collection would equal on:

A \$ 200.00 Assessment \$ 81.12
A 300.00 Assessment 121.68
A 400.00 Assessment 162.24
A 500.00 Assessment 202.80
A 600.00 Assessment 243.36
A 700.00 Assessment 283.92
A 800.00 Assessment 324.48
A 900.00 Assessment 365.04
A 1000.00 Assessment 405.56
A 2000.00 Assessment 911.12
If paid in ten annual installments, you would pay:
\$ 281.12 instead of \$ 200.00
421.68 instead of 300.00
562.24 instead of 400.00
702.80 instead of 500.00
843.36 instead of 600.00
983.92 instead of 700.00
1124.48 instead of 800.00
1265.04 instead of 900.00
1405.56 instead of 1000.00
2911.12 instead of 2000.00

You do not have to pay now, but as a business proposition
by paying cash prior to June 2, 1920, you will save this
interest.

Brief Bits of Sport. On June 7, Jack Dempsey, much talked of champ, will have the first real battle he's ever participated in.

It'll be a fight to a finish all right and Jack will have his hands more than full.

Joe Wall, manager of the Newport News Virginia team, was recently released by the directors of the club.

The student of the ads knows prices, conditions, values. And such knowledge may always be "cashed in."

Same Old Story. "I thought you played in the major leagues," To the cast-off I did say; "You got a trial and were going good, How is it you're here today?"

Without, who last year burned up the Western league when he played with Wichita, is doing pretty well with Toledo in the American Association.

Between Alex and Babe Ruth it records to look as though some records might be smashed again this year.

Old Man Bain stepped in and saved the hides of a few American league teams yesterday.

Can't Be Did. Oh, I'd like to ramble on and on And write more of this junk; But in Sportdom things are quiet. And the news is all the bunk.

MANAGEMENT EXERCISES END WORK OF YEARS

Members of High School Graduating Class Receive Diplomas and Hear Inspirational Address of Educator

"Education is the ability to get a life, get a living and get along with other people," declared President Charles H. Frazier, in his address at the annual commencement exercises.

President Frazier contrasted in his address the dark side of life as it is at present, and the brighter as it may be seen by the optimist. He declared against the extravagance, indolence and spirit of unrest and revolution which mark the present age, and asserted that it must be the duty of high school and college graduates to help turn the world from this organization to the present age and to the future.

The stage was beautifully decorated in red and white, senior class colors. At the back of the platform the number 1920 was prominently illuminated figures. Educational officials seated on the platform were Hal G. Blue, superintendent of Twin Falls schools; Miss Bertha Wolf, county superintendent; Miss Alice Johnson, principal of the high school; M. T. Mitchell, principal, and Mr. Clark of the school board.

STATE HIGHWAY BUREAU DENIES CALL FOR BIDS

Plans for Improvement of Road in Twin Falls District Not Yet Acted Upon

Denying the accuracy of reports reaching the Twin Falls district office, the district officials yesterday stated to the effect that plans for the improvement of the state highway in this district had been approved and that work had been started. The highway bureau of public roads, in a telegram replying to an inquiry of Secretary N. S. Wright of the Twin Falls Chamber of Commerce, today declared that "no work was undertaken by the state bureau for early action on the plans in question with a view to calling for contractors' proposals by June 15."

RIGHTS OF MAN THEME OF SERIES OF SERMONS

Rev. A. H. Brand of Presbyterian Church, Announces Discussions of Timely Topics

Declaring that at this period in the post-war reconstruction of social ideals the discussion of individual rights is opportune and that the church as a social institution has a responsibility connected with the welfare of the individual and must frankly accept responsibility for leadership divinely entrusted to it, the Rev. A. H. Brand, pastor of the First Presbyterian church, announces a series of four Sunday evening sermons on "The Rights of Man." The subjects are: "The Religious Rights of Man"; "The Political Rights of Man"; "The Industrial Rights of Man"; "The Social Rights of Man." The sermons will be given on consecutive Sunday evenings. In addition to the usual musical program, the service will be made more enjoyable by the additional musical program of the new Presbyterian orchestra, which will play every Sunday evening.

Hilmerby M. E. Church, G. E. Mangus, 10:00 a. m.—Sunday school, 11:00 a. m.—Worship and sermon, "The Facts of Faith," 7:00 p. m.—Ephworth league, 8:00 p. m.—Song service and sermon.

Treatment of Common Colds

"If all who catch cold could be persuaded to remain in bed for the first twenty-four hours of such attack," says a well known physician "there would be fewer cases dragging on with distressing symptoms for weeks at a time, cutting in some more serious disease." To make sure of a prompt recovery you should also take Chamberlain's Cough Remedy, or well the bowels should move each day—adv.

IT'S HUMAN NATURE TO FOLLOW THE CROWD

It's only natural that people should desire to go where they see hundreds of others going. Follow the crowd on Sunday evening to the Methodist Church.—adv.

INCREASING NUMBERS OF VISITORS AT THE AUTO SHOW

Record Attendance Anticipated for Twin Falls Day with All Exhibits Complete and Special and Double Entertainment Program Billed

And will the crowds continue to pour through the doors of the new Magel garage to witness the displays and various attractions of the Twin Falls auto show. Although the weather conditions were rather unfavorable early in the evening, still last night's attendance was the largest yet. All dealers' displays are complete and the many attractive showings continue to draw and please auto "bugs."

The display of Browning Brothers including Willys-Knight and Overland cars draws many people to this attractive affair. Another showing of interest to both owners of autos and housewives as well is that of the American Electric company. Included in this array are Western Electric farm power and light systems and electric washers. The Oldsmobile car and truck and the Hippomobile touring car of the latter company present one pleasing to the through present. Of interest especially to agriculturists is the exhibit of the Western Auto company. All the latest and most popular features of the Oliver Plow and Fordson Tractor are shown here.

The display of W. E. Smith has an all-around appeal in the showing of motor accessories, implements and the Chevrolet, Chandler and Cleveland cars. Many people have been attracted to this attractively decorated space and the apparatus on exhibit by those when moving on speaks well for this exhibit. Magel Brothers' display has many interesting features. The most interesting perhaps is the Oakland chassis and the distinctive construction of the machine. Included in their exhibit are also Nash trucks, Cadillac sedan and Oakland six.

The Willard batteries, Bosch magneto and armature displays are of interest to auto owners. This is the showing of the Electric Service company, next to the display of the new Buick sedan and Buick touring car. I.P.E. Stansell featuring the Hummer Oil-Pull tractor and Beeman one-horse tractor, attract many tractor enthusiasts. The display of the new battery display of D. C. Watson has many distinctive features for a showing of this kind and the throngs never fail to flock to this exhibit.

Perhaps the most educational exhibit at the Auto Show outside of the actual automobile displays is that of the Twin Falls Dehydrating plant. Not only are the various processes of dehydrating explained, but the exhibits show the process of utilizing dehydrated fruit and vegetables. Being at the very entrance of the big show, few ever pass by without looking over the complete showing of this concern's display.

W. K. Lovering of Salt Lake, has a varied inquiry on the main floor of the mammoth show. Included in the showing are a Bobolink delivery truck, a Mitchell touring car and Universal electric light plants. The exhibit is a very complete and attractive one and has passed many of the throngs passing through. Other spaces of interest to everyone are the Gooding company's display of White trucks and Paige cars; Reynolds Brothers' showing of Stophel touring car or light and heavy duty tires; Johnson Auto company's beautiful showing of Hudson, Essex, Chalmers and Maxwell cars, and the Tunkin, Hays and Buick touring cars on roll-up bearings; Allen Oil company with a complete display of the oils sold by it and the actual process of petroleum refining; J. W. Hearup's display with a C. L. Best track laying tractor; Browning Brothers' showing of Thermoid tires; Chas. C. Dunn exhibiting a Case touring car and tractor; the Western Electric display of light and heavy duty tires and light systems; and the Wright Auto company with a Vellie and Cole 3.

But after all, what is an auto show without a band or vaudeville entertainers? The Twin Falls band pleased the large crowd with its music and song. The band numbers of Mr. Johnson especially never fail to draw applause for their concert. Today's program for "Twin Falls day" promises to be a most interesting one as a crowd over 3,000 more than those taking in the show thus far is anticipated today.

DEFENSE DRINGS COUNTER CHARGE OF VOTES FRAUD

Canal Company Argues Ballots Cast for Defeated Candidate for Director Also Susceptible of Contest

Introduction of evidence tending to show that procedure in connection with the December Canal company election identical with that attacked by the suit, was employed by persons interested in the prosecution of the action was begun late yesterday after Judge W. A. Babcock had overruled a motion for nonsuit urged by the defense in the case of Frank DeKoltz and others against the Twin Falls Canal company now on trial in district court here. Introduction of such evidence on the part of the defense is continuing today.

Motion for nonsuit was urged on the grounds that elimination of votes contested by the plaintiffs would not change the results of the election, provided the votes cast for Buhl, Glover and Twin Falls were held valid. Plaintiffs, besides seeking judicial determination of the qualifications of a bona fide stockholder and elector, are attacking the validity of certain votes cast in the December election, counting of which, they claim, is necessary to validate the election of F. A. Kennedy and Ivan G. Lincoln, two members of the directorate.

The defense is proceeding on the theory that application of a court ruling that would eliminate votes contested by the plaintiffs would be tantamount to certain votes cast for D. F. Detweiler of Filor, or other defeated candidates for the directorate. Approval of the suit by the court would be tantamount to the defense in pursuance of this theory.

Evidence so far adduced tends to show that many of the votes contested by the defense were cast by L. G. Hill of Filor as proxy.

No witnesses have yet been called by the defense, although it has prepared considerable number of subpoenas.

Theatro

IDAHO

Nazimova, the brilliant Russian star in her newest production, "Stronger Than Death," is at the Idaho theater. The presentation of this great article in a great photo-drama is described as a particular treat for motion picture-lovers.

In "Stronger Than Death," Nazimova returns to powerful emotional roles after her clever impersonation of the chorus wail in her picturization of Maude Fulton's Morocco stage play, "The Rat." Nazimova is cast as Sigrid, a London music hall dancer, who finds love in the almost wilderness of India, whither she goes for rest. The story is an adaptation by Charles Bryant of I. A. R. Wylie's brilliant novel of Anglo-Indian life. It is replete with thrills and compelling dramatic climaxes that grow out of an abortive mutiny and the massacre of the English planned by the fanatical Hindu natives.

FIVE SUNDAY NIGHTS IN SUB-OBSESSION

The Methodist Church has been jammed to the doors—be there next Sunday night and hear Dr. Bennett talk on "What Gives a Town a Black Eye?"—adv.

Periodic Bilious Attacks

Persons subject to bilious attacks at regular intervals know about when to expect an attack. They find that they have no desire for food when an attack is due but usually eat because it is meal time. Skip one meal and take three Chamberlains' Tablets and you may be able to avoid the attack. Persons subject to periodic bilious attacks should not drink tea or coffee at any time.—adv.
