G. O. P. LEADERS IN CONFERENCE UPON PLATFORM

Digest of Data and Opinions Collected Through Elaborate Machinery of Policies Organization Basis of Discussion

WASHINGTON, D. C., (AP)—Conference which may develop many important angles bearing on the platform declarations of the republican national convention were begun here today among republican leaders, headed by Will H. Hays, the national chairman, and Ogden L. Mills, chairman of a newly created executive committee of the committee on policies and platform.

Boats Opinion Consensus.
The basis of the discussion was a digest of the data and opinions collected through the elaborate machinery of the policies and platform organization. There was apparent a general feeling that important decisions on platform declarations probably would hinge on the views brought out in the meeting today and those which are to follow. That prediction was strengthened by the presence here of several prominent members of the resolutions committee, who, with Chairman Hays, attended the session of the executive committee. At this session collected information was given a preliminary survey, and the work of whipping it into platform form was begun.

Work on Treaty Plank.
It became known that actual work was in progress on the plank relating to the Venustiano Carranza. To these subjects groups of senators and representatives have given detailed consideration, and their recommendations will be reviewed during the conference here so as to be ready for presentation when the national convention organizes in Chicago three weeks from today.

Topics Considered.
The data collected by the policies and platform committee was in the form of 21 reports, each covering the work of a special sub-division of the committee of 113 and given detailed consideration of the following specific subjects:
Railroads; agricultural policies; economy; military and naval affairs; tariff; international trade and banking; merchant marine; regulation of industry and commerce; law and order; pensions and war risk insurance; industrial relations; limitations of federal and state control; high cost of living; conservation; civil service; judicial possessions; social problems; review of democratic administration; taxation; postal reform and immigration.

Regular Democrats in Control in Nebraska

OMAHA, Neb., (AP)—The state democratic convention opened at noon today with two sets of delegates from Douglas, Lincoln and Lancaster counties seeking to be seated. Charles W. Bryan of Lincoln headed one Lancaster delegation, and said if it were not seated he would control the convention, his name being upon both delegations.

Former Congressman Ashton C. Shallenberger, delegate at large to the national convention, an temporary chairman, delivered an address praising the (Continued on Page Four)

EVIDENCE SHOWS SOVIET RULE STRIKE'S PURPOSE

French Police Seize Documents in Possession of Socialist Editor and Federation of Railroad Men Secretary Indicating Aim of May Day Strikes to Overthrow Existing Government

PARIS, (AP)—Soviet rule in France was to have been established if the revolutionary strikes inaugurated May 1 had succeeded, according to the French police, who said today they had obtained complete evidence of this from documents they have secured.

The police declared the bulk of this evidence was found among the papers seized at the residence of Boris Souvarine, a socialist editor who was arrested yesterday on the charge of having plotted against the safety of the state. Other evidence, they stated, was found at the home of Etienne Leveau, a secretary of the federation of railroad men, who also was arrested.

The police claim that soviets had been established and were ready to assume control in Orleans, Tours, Brest, Bordeaux, Marseilles, Strasbourg and Paris.

Charles Rappoport, one of the leaders in the extremist movement, who was a candidate for the chamber of deputies in the November elections, said today he expected to be arrested, and declared it was true that the aim of the May day strikes was to overthrow the existing rule in France.

Moscow Dispatch Declares Poles Forced Back on Northern Front

LONDON, (AP)—Successes against the Poles in the fighting on the northern part of the front reported by the Russian soviet government in an official message from Moscow, dated Monday. The Poles were forced back over the Beresina at one point, it is claimed. Fighting is still in progress in the Kiev region, with the battle line drawn some 14 miles to the east of the city, according to the statement.

DANIG RADICALS ELECT 40 AS AGAINST CONSERVATIVES 34

BERLIN, (AP)—Returns from the elections recently held in the free state of Danzig show that conservatives captured 34 seats and the radicals jointly won 40. All the bourgeois parties will hold 73 seats, while the independent socialists scored a slight lead over the majority socialists.

Tot's Walls Touch Hearts of Bandits

HANKOW, (AP)—Chinese bandits recently had up and robbed the missionary families of the Church Mission society traveling by houseboat on the Yang Tze from their post in Sheehan to Shang Hai. The robbery occurred in Hupeh province near Ichang.

The victims were Mr. and Mrs. Caldwell and Mr. and Mrs. White, who were compelled to bring their craft to land by firing from the shore. About 20 robbers boarded it and looted everything that took their fancy. A celluloid doll belonging to an infant was restored only when the walls of the child touched the hearts of the robbers.

GERMAN CHANCELLOR MAKES PARTISAN CAMPAIGN SPEECH
BERLIN, (AP)—For the first time in the history of the country, a German chancellor has appeared before the voters to deliver a partisan campaign speech. The existing parliamentary system made it possible for Her Mueller to meet his constituents at Nuernberg on Sunday and freely discuss issues involved in the present election campaign.

Her Mueller declared the majority socialists would not enter a coalition line in which the nation liberals were represented and rejected the soviet scheme of government.

AUTHORITIES SEND EFFORTS TO END TIPOP

Interstate Commerce Commission and Federal Reserve Board Undertake Solution of Freight Blockade

WASHINGTON, (AP)—Progress in the handling of the freight jam was reported late today by the interstate commerce commission which announced that the movement of empty box cars from grain loading had begun in large volumes westward from New England and the Atlantic seaboard.

The interstate commerce commission was working today on details of a program which it hoped would overcome the rail freight tipto, the federal reserve board met with its advisory council and reserve bank officials to discuss the freight blockade from another angle.

The menace of a traffic tieup assumed a full front position in the session. It was planned to return to the nation's commerce and banking with the economic danger the financiers saw in the freight jam, it was said.

The bankers explained that even immediate restoration of adequate transportation service would not wholly remedy the damage. Reserve bank directors were asked to suggest to the board means to relieve their localities.

Favors Longer Loan Term

During the day considerable of the Cummins amendment to the transportation act designed to help the car shortage situation began before the senate interstate commerce committee. A favorable conclusion was understood to have been reached on the proposal to extend from five to fifteen years the period for repayment of loans made by the government for improvements.

Should the provision to extend the repayment period be enacted, Walker D. Hays, director of the interstate commerce commission, told the committee in a letter to Senator Kellogg, an additional appropriation of about \$350,000,000 would be needed to enable the railroad administration to liquidate pending claims.

Investigators Busy

Responding to telegraphic appeals, state railway and public service commissions through the country today are working in conjunction with the interstate commerce commission in an effort to relieve practically nation-wide freight congestion. Hundreds of investigators were at work securing data on congestion, a most of which was expected to be received tonight.

GOVERNOR OF STATE AND MILITARY COMMANDER FLEE

Fugitive Mexican Executive Succeeds in Moving Southward to Mountains West of Jalapa

WASHINGTON, (AP)—Adhesion of Yucatan to the provisional government in Mexico City was reported today both in state department advices and in a cablegram to the agents here of the revolutionary government from a special commissioner sent to Yucatan some time ago.

The commissioner said Governor Castro Morales and General Pablo de la Garza, military commander under the Carranza government, were in flight, presumably to Ouba.

The revolutionary agents attach particular importance to the report from Yucatan because they said it meant that Ugrogress, principal port of the state, the last important port held by Carranza authorities had now been surrendered to the provisional government.

Carranza, who fled before the de facto government's troops into the mountains just west of Jalapa, had succeeded in moving southward into the state of Puebla on May 16, according to the Mexico City newspapers published yesterday.

About 800 delegates attended.

GONZALES SIDES WITH OBREGON IN REVOLUTION

Mexican Military Commander Seeks Overthrow of Carranza without Interrupting Constitutional Order

MEXICO CITY, (AP)—That he saw no reason for the plan of Agun Prieta, in which are embodied the aims of the new revolution, was the declaration made by General Pablo Gonzales, in an exclusive interview given May 11 to the Associated Press, which was the first granted by him to any foreign correspondent.

"General Obregon and I are holding daily conferences with a view to bringing about a moral revolution against Carranza to a successful finish, without interrupting constitutional order," General Gonzales said.

CORN PRICES TUMBLE ON CHICAGO MARKET

Indications of Financial Strain and Talk of Drastic Measures to End Congestion Reasons Given

CHICAGO, (AP)—Seasonal breaks in the value of corn took place today. There was a general rush to sell and a dearth of buyers. July delivery in the bottom figures of the day, Kansas bank failures which were said to be connected with extensive loans on the grain had much to do with starting the selling flurry that finally smashed values.

PRESIDENT ROW PREPARING FOR FINAL WIND-UP

Chicago Headquarters of Republican Committee and Candidate for Nomination Scene of Busy Industry

CHICAGO, Ill., (AP)—'Presidential Row,' an institution unique in American politics, is preparing for the final drive that will culminate the week of June 8 in the nomination of a republican candidate for president of the United States.

The 'How,' which each year is in the center of national pre-convention politics, is now through the biggest season in its history.

'Presidential Row' includes parts of two Michigan boulevard hotels, that are connected by a pedestrian passageway, and along the row every leading republican presidential candidate has established or will establish his headquarters.

Since the republicans began holding their conventions here regularly in 1904 the 'How' has become an institution of the party.

National headquarters of Governor Frank O. Lowden and Major General Leonard Wood were the first to open this season. Theory Wood delegation has been active on the 'How' since early last winter and the Lowden camp has been on the ground since January 1.

Later arrivals included western headquarters for Herbert Hoover and Attorney General A. Mitchell Palmer, and the regional offices of the National Personal Liberty league working in the interests of Governor Edwards, democrat, of New Jersey.

Reservations have been made for Senator Hiram Johnson, Senator Miles Poindexter and Governor Colidge of Massachusetts. They will open offices several days before the convention.

The republican national committee has had offices on the 'How' for several months. The committee will move to convention headquarters at the Collins about May 24, and there will be hearing contests for convention seats on May 25 or 26, according to present plans.

Following the convention the republican committee will occupy an entire floor, including the ball room, in a downtown hotel and also establish work rooms in a loop office building.

Will H. Hays, chairman of the committee, is expected to spend considerable time during the campaign here, and one of the large hotel parlors is being prepared for his private office.

FOUR RECORDS LOST IN UPSET AT TRACK MEET

'Wes' Doe of Burley is a Figure in Tenth Interscholastic Affair at Moscow

UNIVERSITY OF IDAHO, Moscow.—Four state records of long standing were shattered and a fifth mark was equaled in the final and preliminary events of the University of Idaho's recently held tenth annual interscholastic track meet.

Wesley Doe of Burley who equaled the national interscholastic record of 5 and 2-5 seconds in the 50-yard dash, tied the state mark of 10:11 in the 100-yard dash and paced a fifth of a second from the former record of 2:24 in the 220, was the meet's individual star.

Young Doe went home with four first prizes and the medal for high point winner, his leap of 20 feet 5 inches in the broad jump outdistancing all his competitors in that event.

Bob Johnson of Orofino and Curtis Lewiston were tied for second individual honors with 16 points each. Johnson qualified for finals and placed in six of them, taking points in the discus throw, high jump, pole vault, 440, 100 and 220.

Lewiston's well balanced team raced away from the other high schools early in the meet, scoring 50 points, while the Burley team placed second, with 37 points.

Genevieve, who was third with 18 and Orofino, represented by a single brilliant athlete, Johnson, was fourth with 10. Other teams scored as follows: Moscow, 11; Coeur d'Alene, 10; Kellogg, 2; Parma, 1; Potlatch, 1; Nampa, 1; Sandpoint, 1.

CHICAGO, (AP)—The latest victim of Chicago labor feuds is John Kiklusk, head of the stockyards labor council, was today in a hospital suffering from wounds regarded as probably fatal, was beaten and shot last night on his way home from a labor meeting. He named two other officials of the stockyards labor council as men he thought were his assassins. Recent charges and counter-charges of embezzlement were said to have caused bitterness among stockyards labor leaders and were believed responsible for the attack.

CONFERENCE IS DEADLOCKED ON NEW ARMY BILL

Senate Provisions to Reorganize Nation's Military Force Causes Breach, Throwing the Question to Vote of House

WASHINGTON, (AP)—A deadlock on the army reorganization bill was reached today by the senate and house conferees. Senate provisions to reorganize the force caused the breach and the house for a vote. Chairman Wadsworth of the senate managers said, "I am unable to offer from the senate side to strike out the senate provisions for voluntary military training of youths between 18 and 21 years old. Under the senate bill the national guard would become a part of the United States army as federal troops in militia. The house conferees divided evenly on acceptance of the plan. Representative Kahn of California, chairman of the House committee on military affairs, Illinois, republicans, favoring the senate provisions, but Representative Anthony, republican, Kansas, and Dent, democrat, Kansas, refused their approval and the disagreement resulted.

NITRATE POLICY REPORTS THEME

Republicans Charge Rockless Waste While Democrats Defend Record

WASHINGTON, (AP)—Two reports, one by republicans condemning the government's entire wartime nitrate program and charging reckless waste and extravagance and the other by democrats defending it and charging partisanship by the majority, were presented today to the senate committee which took up the investigation nearly a year ago.

Along with its 41 general condemnations of the government policy, the republican majority comprising Chairman Graham, Illinois, and Representative Jeffries, Nebraska, submitted recommendations for future disposal of the Muscle Shoals properties, which Representative Garrett of Tennessee, the democrat member, declared was beyond its province. Mr. Garrett indicated he would make a report of order against the report on that ground. Mr. Garrett said this would open the way for the biggest political fight in the house since the war investigating committee was created.

In the two reports, embracing 75,000 words, every detail of the nitrate program was discussed. In the first of its kind the majority charges that the nitrate program cost the government \$116,199,974 and that no nitrates were produced prior to the armistice and that it contributed nothing toward winning the war.

SMITH AND WATSON SCORE FIRST VICTORY OVER PALMER

ATLANTA, Ga., (AP)—Supporters of Senator Smith and Thomas E. INVOLVES SOLO IN NAVAL SCRAP

Daniels Declares Penrose and Not Sims Originated Basic Charges

WASHINGTON, (AP)—Senator Penrose, republican, Pennsylvania, and not Rear Admiral Sims originated the basic charges against the navy department contained in the admiral's letter of January 7, Secretary Daniels asserted today before the senate committee investigating the naval conduct of the war. Mr. Daniels recalled that the senator in a speech in the senate August 24, 1918, declared that procrastination on the part of the secretary delayed the termination of the war for three months, cost \$15,000,000,000 and many lives.

The words used by Senator Penrose were almost identical with those used by Admiral Sims more than a year later Mr. Daniels said. Either Admiral Sims is a plagiarist and appropriated his views and charges from Senator Penrose or by the science of mental telepathy the views of the senator were telegraphed to Admiral Sims," declared Mr. Daniels. "Penrose comes from Pennsylvania and Sims was appointed to the naval academy at Annapolis, Md., in 1892. "It is also worthy of note," he said, "that at the very time Penrose was making this speech, Sims was writing to Captain Pratt that he is under investigation of the conduct of the war." "Mr. Daniels said he would not answer the Penrose charges at length, because he has another hundred things to say on the matter fully. He devoted the rest of the day to a resume of the navy department's war construction activities in the Muscle Shoals plant, which has nearly three times as many as there were in the entire navy when the war started.

HYDRO-ELECTRIC POWER FAVORED

Considerations of Uses of White Coal Figure at Pasadena Convention

PASADENA, Cal. (AP)—Consideration of the development of all the hydroelectric energy of the United States as rapidly as construction can be financed is one of the chief subjects of the convention of the National Electric Light Association, which opened here today and will continue until May 22.

Other subjects to be discussed include the interconnection of the lines of power and the generating companies; the utilization of all modern methods for making the greatest use of electricity by steam reach the highest production for the amount of fuel consumed; and the electrification of steam railroads.

In addition to reports of committees, and studies on special electrical subjects, the convention program will contain about 85 speeches.

The reports will include those of the public policy committee by John A. Britton of San Francisco, water power development, by Franklin T. Griffith, Portland, Ore.; steam railroad electrification, Frank M. Keer, Butte, Mont.; electrical uses of the reservoirs, M. S. Sloan of Brooklyn, N. Y.; service, S. M. Kennedy, Los Angeles; safety rules, W. C. L. Egan, Philadelphia; public information, John P. Gilchrist, Chicago; and co-operation, Leo H. Newbert, San Francisco.

MISSING GIRL IS FOUND

Daughter of Wealthy New York Cigar Manufacturer Discovered in Los Angeles

NEW YORK, (AP)—Henrietta Bulle, 10 year old daughter of a wealthy Cuban cigar manufacturer, who disappeared from her home here April 11, has been found in Los Angeles, Cal., after a nationwide search, according to information received today at police headquarters. The girl's parents had been once for the Pacific coast to bring her home.

LOS ANGELES, Cal., (AP)—Henrietta Bulle of New York, was brought to justice here yesterday by Capt. Williams of the Chicago police department. She was held for safe keeping only, it was said.

Champion Swimmers Injured in Taxi Smash

Three athletic champions, who were to leave for Belgium May 20 to contest in the Olympic Games in Antwerp, were seriously injured in a taxicab smashup in Long Island City while returning from a dinner given to members of the American swimming team by the New York Athletic Club. Ted Cann, formerly champion swimmer of the world, and Arthur McAlenan, holder of the 250-yard swimming record, were so seriously injured they will not be able to take part in athletics for months to come. Late reports from the Roosevelt Hospital were to the effect that McAlenan, who suffered a fractured skull, was at the point of death. Cann suffered a fracture of the left leg and lacerations. Stephen Buddy, of New York City, was able to go to his home after his lacerations had been dressed, and it is believed he will be able to sail with the team. McAlenan is a graduate of Yale, was a first lieutenant in the flying service during the war, acting an instructor at the flying school in Texas.

administration of President Wilson in peace and war. Chairman Shallenberger praised the work of Senator Hitchcock and his efforts in defense of the treaty and the league. The league of the convention apparently is in the hands of the "regular" democratic forces under the leadership of Senator Hitchcock, who arrived this morning and was expected to be chairman of the committee on resolutions. W. J. Bryan is not in attendance. The convention is to adopt a platform, nominate electors for president and vice president and select a state central committee.

Pennsylvania Holding State-Wide Primaries

PHILADELPHIA, Pa., (AP)—Seventy-six delegates to the republican national convention and an equal number to the democratic nominating assembly are being elected in Pennsylvania today at state-wide primaries. Socialists and prohibitionists are also holding their primaries, but they have no contests. Electors in Pennsylvania have the privilege of indicating their presidential preference, but only one name, that of Edward Randolph Wood, a retired business man of Philadelphia, appeared on the republican ballot, and only that of Attorney General A. Mitchell Palmer is on the democratic presidential preference ballot. The faction opposing Attorney General Palmer has asked his supporters to write the name of William G. McAdoo on the ballot.

Small Interest Marks Primaries in Vermont

MONTPELIER, Vt., (AP)—Vermont's presidential primary was held today with little display of interest manifested in the result. No petitions were filed for a place on the republican ticket. On the republican ballot three appeared only the names of William Grant Webster of New York, and Major General Leonard Wood as candidates for the presidential nomination. Voters, however, had the privilege of writing on the ballot the name of any other candidate.

NEBRASKA G. O. P. MEETING

LINCOLN, Neb., (AP)—Republican delegates from all parts of Nebraska assembled here today in state convention.

Today's Markets

Liberty Bonds (AP)—Final prices on Liberty bonds today were: 3 1/2's \$90.00; first 4's \$83.30; second 4's \$83.30; second 4's \$82.50; first 4 1/4's \$84.50; second 4 1/4's \$83.20; third 4 1/4's \$85.00; fourth 4 1/4's \$83.10; Victory 3 3/4's \$94.02; Victory 4 3/4's \$85.20.

New York Exchange (AP)—Trading on the stock exchange today fell to the smallest proportions of any full session this year. The only noteworthy feature was the further heavy liquidation of Liberty bonds and Victory notes. Sales of state securities approximated 350,000 shares. The uneven course of petroleum shares measured the irregular movement of prices at the quiet opening of today's stock market. Mexican oils were 1 to 2 points higher, while European issues of the same class as represented by Royal Dutch and Shell transport lost about that much. Sugar shares were firm to strong with several of the independent steels, popular motors and American Woolen, but United States Steel, United States Rubber, and the copper re-

acted fractionally. Nominal changes occurred in the railroad division.

Although call money fell to 1/2% per cent by five o'clock, the market continued its sluggish course, aside from additional gains in sugars and related specialties. The closing was steady.

Grains and Provisions (AP)—General selling of corn resulted today from declines in Liberty bonds, the failure of a Kansas bank and from belief that railroad labor difficulties would be settled shortly. The Kansas bank failure attracted special attention owing to reports that special collages were due to burdensome loans on wheat. Notice that the Chicago and Northwestern road had cancelled all restrictions against grain shipments to Chicago counted also as a bearish factor. Opening prices, which ranged from 3-8 to 1-1/4 lower, with July \$17.5 to 1.70 and September \$12.2 to 1.25, were followed by a material further setback.

Subsequently assertions that radical steps to break the railway traffic jam would be taken quickly by the interstate commerce commission led to big additional tumbles in corn prices, and so likewise did reports of industrial establishments laying off large numbers of employees. The close was somewhat mixed, 3 1/8 to 3/4 net lower, with July \$16.9 3/4 to 1.70 and September \$16.0 1/4 to 1.00 3/8.

Oil weakened with corn. After opening 1/8 to 1/2 to 3/8 down, including July at 91 7/8 to 92, the market continued to sag. Lower quotations on grain had a demotting effect in the provision market. Support was lacking.

Cash Quotations (AP)—Wheat No. 4 red \$3.05; No. 2 hard \$3.07; No. 2 Northern Spring \$3.25 to 3.32; No. 4 Northern Spring \$3; No. 4 Northern Spring, hard, \$3.10. Corn No. 2 mixed \$2.05; No. 2 yellow \$2.06 to 2.08. Oats No. 3 white \$1.13 to 1.14 1/2. Eye No. 3 \$2.18 1/4. Barley \$1.71 to 1.68. Timothy seed \$1.50 to 1.15.00. Clover seed \$25 to 35. Pork nominal. Lard \$22. Hibs \$17.25 to 18.25.

Minneapolis Grain

BANBURY NATATORIUM

To open Saturday, May 29, and Sunday, May 30

The swimming pool at Hot Springs on the bank of the Snake river, 8 miles north of Buhl, 12 miles southeast of Wendell and 12 miles up the river from Hagerman, was finished last fall. Other work has been done this spring...

Our bathing suits have been ordered for the time being under the present condition of the market there is no telling when they will reach us...

As to eating, sandwiches, coffee, etc., will be served but that there may be no possible room for complaint or going hungry we honestly advise bringing your own picnic baskets and thus have a good time among your own parties.

An admission fee of 25 cents will be charged for each person, which gives him or her the free privilege of the swimming pool if provided with own bathing suit.

Of course on this opening date we would certainly appreciate a big attendance but we want everybody to be comfortable. We would rather you should be surprised at the good start we have made than to expect a paradise or a finished project and then be disappointed.

Wishing you all to come, we remain. Faithfully, BANBURY NATATORIUM, adv.

Treatment of Common Colds. "If all who catch cold could be persuaded to remain in bed for the first twenty-four hours of such an attack," says a well known physician "there would be fewer cases dragging on with distressing symptoms for weeks and often ending in some more serious disease." To make sure of a prompt recovery you should also take Chamberlain's Cough Remedy. "Whether or not the bowels should move each day."-adv.

To Motorists==

The Idaho theater will show an automobile picture on Wednesday and Thursday of this week in which the heroine (or heroines) actually drive a car into the famous Devil's Punch Bowl.

And that car, we all feel absolutely certain, was an Essex!

So we respectfully suggest that Essex owners and any others who may be interested in knowing what an Essex will stand visit the Idaho theater Wednesday or Thursday and watch for the picture entitled "The Trail of the Arrow."
