DEMOCRATS OF GEORGIA BACK WILSON'S LEAD

Supporters of Hoke Smith and Thomas E. Watson Unite Forces and Gain Control of Convention

PUP SESSION ON RECORD AS OPPOSING COVENANT

Two Sets of Delegates, One Pledged to Palmer and Another Against Attorney General, Are Elected

ATLANTA, Ga., (AP)—Georgia democrats will send two sets of delegates to the San Francisco convention. After supporters of Senator Hoke Smith and Thomas E. Watson had united their forces and thus gained control of the state convention, delegates pledged to A. Mitchell Palmer last night elected a Palmer delegation and announced they would contest for seats in the national convention. Palmer obtained a plurality of county votes in the recent statewide primary over Watson and Smith, who finished in the order named.

The Smith-Watson forces put the convention on record by resolutions unalterably opposing the league of nations covenant and as refusing to endorse the administration of President Wilson. They also adopted resolutions denouncing the treaty, and asking repeal of all espionage, sedition and conscription laws passed during the war.

Nebraska Democrats Endorse Wilson Stand

OMAHA, Neb., (AP)—Nebraska democrats in their platform adopted last night unanimously called upon the United States senate to ratify the treaty of peace without qualifying reservations their action condemning the senators who have opposed President Wilson's position being expressed in the following words: "We warmly endorse the American pledge for a league of nations to end war publicly given more than two years ago by the president. We heartily commend him for his heroic efforts to establish such a league. We demand that the senate consent to and ratify the treaty of peace with Germany containing the covenant for the league without nullifying reservations. We uphold the action of democratic senators in refusing to accept nullifying Lodge reservations and we denounce republican senators for refusing to modify them so as to make ratification possible."

Endorsement Contest Feature in Michigan

GRAND RAPIDS, Mich., (AP)—The stand to be taken by Michigan democrats on a presidential nominee was the center of interest when the state convention opened here today. With H. Hoover as the leading contender for the republican nomination, the choice of the democrats at the April primaries there was much speculation as to whether William G. McAdoo, A. Mitchell Palmer, Governor Edwards or

ESTIMATES STRIKES CAUSE DIRECT INDUSTRIAL LOSS OF \$1,250,000,000

NEW YORK, (AP)—An incomplete list of direct losses due to strikes in 1919 places the cost to labor in wages at nearly \$725,000,000 and to industry at more than one and one-quarter billion dollars, Francis H. Sisson, vice-president of the Guaranty Trust company of New York, told the silver jubilee convention of the National Association of Manufacturers here today.

ESTIMATES STRIKES CAUSE DIRECT INDUSTRIAL LOSS OF \$1,250,000,000

NEW YORK, (AP)—The banker analyzed the effect of industrial unrest on the country's economic condition and blaming strike forces for high living costs and increased rents. "We have heard much about rent profiteers," Mr. Sisson said, "but organized labor does not realize or close its eyes to the fact that every time men employed in the building trades go on a strike or shirk at their tasks they penalize society which has to pay the cost of building, thus increasing rent and as a result make prices for goods and services higher."

WILSON STAND TROUBLESOME TO DEMOCRATS

Idaho Bourbons Experience Difficulty in Forcing Selves to Rack to Stand for Unaltered Treaty and Covenant

NUGENT LEAD INDICATES SIDESTEP INCLINATION

Party Leaders Believe Sentiment for President Still Strong in Gem State

BOISE, Idaho (Special to The News)—Democrats at the state capital, reflecting no doubt the sentiment of all Idaho, are having about as hard a time as the democrats of other states in forcing themselves up to the rack to stand "four square" in support of the league of nations as it came to this country from Versailles.

President Wilson's advice to the democrats of Oregon to fight the coming campaign on the issue of the league of nations without material change fell into the Idaho camp as a sort of bombshell. This is especially true of the democrats who consider their only mission in life to be the re-election of John F. Nugent to the United States senate.

This element of the party was making elaborate plans to aid the league of nations issue, making their cue from Senator Nugent; they had terminated to be for the league of nations, but—"That little word 'but'" was intended to mean anyone of a hundred different things.

A resolution was to be adopted at the Lewiston convention so elastic as to accommodate all sentiments of the democrats who favor the league of nations covenant as President Wilson brought it home, without the additional crossing of a "t" in the dotting of the additional "t" to the party men on the other extreme who would kick it out altogether. The latest action of the president upon this scheme makes it necessary for these Idaho democrats to come out from under cover. His veto of the peace resolution about to pass the senate—because every body takes it for granted that the president will veto the peace resolution—will make it still more difficult for the straddlers to fool the public.

All Things to All Men

The course pursued by Senator Nugent in the last days of the treaty fight in the senate, when he went almost to the extent of accepting the Lodge reservations, is a pretty clear indication as to how far some of the democrats are willing to go to save their political hides. On the peace treaty issue, as on many other issues, they are willing to be all things to all men in order to garner votes. Now, it seems, President Wilson is determined to make them face the music and survive or perish on this issue. As a result the Boise party leaders are perturbed and unhappy. No doubt if the real sentiments of Senator Nugent could be obtained they would be found to sizzle.

Like many other democrats throughout the land Senator Nugent feels that the president's day is done, that his sun has set, that he is tied to a post while the world moves on without him. And feeling thus the junior senator from Idaho argues that it is high time to desert the president and the issues he has raised and cast about for other leadership. Naturally his eye turns to William J. Bryan. In some things, prohibition and free silver for illustration, Bryan is uncompromising. On the league of nations he is more than ready to give and take. And it is felt that in pursuing this policy he is actuated, not so much by conviction as by a desire to wrest the party leadership

from the man in the White House. All these movements that affect the whole country find reflection here in the state capital of Idaho. The conviction of the real thinkers among the Idaho democrats, and there are many, is that President Wilson will be his way, and that the Wilson sentiment is still strong enough in the Gem state to sweep aside all others, not excepting the desire of Senator Nugent to succeed himself by taking an equivocal position on the league of nations issue.

Everybody for Economy.

There are many who feel that there is no other real issue separating the parties at this time. Everybody is for economy, everybody is for reducing the cost of living, everybody is for getting down from a war to a peace basis, everybody is for development of natural resources, everybody for recognition of the services and sacrifices of the men who fought the world war, everybody is for "Americanism." Men may differ as to detail but there is no general line of cleavage on any of these and many other domestic questions of the league of nations it is different. Some republicans favor the league of nations, and some democrats oppose it. The democrats Wilson the parties are pretty well fixed. They will be still more firmly fixed in their positions as the campaign progresses, but while the crystallization is going on there will be grief for hosts of the party atoms, and this grief is clearly indicated in the words and actions of many Idaho democrats at the present time. Every indication now points to much hot talk and a worth while display of fireworks at the coming state convention at Lewiston.

Still Hunting Candidates.

Outside of this seething and bubbling among democrats over this league of nations issue there is but little political activity, on the surface at least, and around the statehouse these bright spring days. Democrats are still groping around for candidates. Senator Nugent will have no opposition for re-nomination. It seems equally certain that E. C. Boom of Moscow, at present prohibition director for the state, will be the chief candidate for the seat on the supreme bench to be vacated by Chief Justice William M. Morgan, also of Moscow. Boom admits that he is a candidate and so far as present expressions may be taken as an indication, the nomination is conceded to him. He is a lawyer of considerable practice and was pretty thoroughly shot up in the big war. These factors added to his geographical location are thought to make him a strong candidate.

There has been some talk here of a union between democrats and republicans to nominate a member of each party for the other two positions on the supreme bench, the two that are dependent on the adoption of the constitutional amendment that provides for the enlargement of the supreme bench to five members. This talk has not arisen above gossip as yet and the

PITCHER CULLOP JUMPS BACK TO PACIFIC LEAGUE

Nick Cullop Returns to Boss After Hopping Contract for Outlaw Organization

SALT LAKE CITY, Utah (AP)—Nick Cullop, former New York American pitcher, who jumped his contract last week with the Salt Lake club of the Pacific Coast league, to play with an independent club, returned today. The Salt Lake club was granted an injunction last week against Cullop which prevented him from playing with any other club and when the papers were served on him he deserted the independent team and returned to Salt Lake. He was in uniform yesterday.

Brief Bits of Sport

Now we know that Middleweight Champion Johnny Wilson is left-handed. He has offered to fight Mike O'Dowl again.

Paul, Buhl and Burley ball fans may be having a lot of fun at the expense of Twin Falls just now, but wait; there may be a day of reckoning.

We still entertain a hunch that the going will not be quite as hilarious for the members of the Southern Idaho ball league along about July 5.

Do you remember the time you wore shirts that slipped over the head and had to be buttoned in the back, and had an amber plate front with a useless dingbat at the end of the bosom?

Just want to know if you are that old, is all.

The White Sox have lost the services of "Swede" Rihberg for an indefinite period.

The cocky shortstopper of the former world champions was spiked in last Saturday's game with the Indians when he slid into the plate against Catcher O'Neill's armorplate shoe.

Rihberg was badly slashed in the re-

gion of the knee and had to be carried from the field.

For the immediate present "Duck" Weaver is sitting at the short position, while McMullan is working at third base for the Hoos.

Jim Smiley, sagebrush sage, says: "It's about time somebody organized a search party for Cal. Hooten, who ain't been heard of for high order some time."

Jim Driscoll, former featherweight champion boxer of England, recently thought he was good enough to meet the best of Europe's crop of little bats, but he soon learned different, and now his friends are passing the hat for the former great 'un.

For the first time in many a moon Johnny Dundee was forced to fight a long-range battle when he went against Willie Jackson recently.

Willie seems to have quite soaked Johnny's mysterious manner in the ring, and when the Scotch Wop came at him was ready with the right sort of ammunition to ward off the attack.

Walter Carlisle, who played baseball

in the big minors as long ago as 1903, is again in uniform. He is playing regularly with the Minneapolis club of the American association and, according to records, is going fairly well.

Ollie O'Mara, formerly a Union association and Coast league player, is leading the American association bat-

ters. He has compiled a mark of .382 in 19 games.

KRIO DEFEATED.
TOKIO, (AP)—The baseball team of Chicago university yesterday defeated Kolo university, 1 to 0. The game went 10 innings. More than 10,000 spectators witnessed the game.

If you own a Ford, Chevrolet, Dort, Maxwell or any other car using 30x3-, 30x3½-, or 31x4-inch tires, you can well take advantage of the high relative value built into all Goodyear Tires.

You can well do so because you can secure in the smaller Goodyear Tires the results of such skill and care as have made Goodyear Tires the preferred equipment on the highest priced automobiles of the day.

You can well do so because these smaller Goodyear Tires are easy to obtain, being produced at the rate of approximately 20,000 a day, and because their first cost usually is as low or lower than that of other tires in the same types and sizes.

Go to the nearest Goodyear Service Station Dealer for these tires, and for Goodyear Heavy Tourist Tubes. He supplies many other local owners of the smaller cars.

30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread **\$21.50**

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in waterproof **\$4.50** bag.

The course pursued by Senator Nugent in the last days of the treaty fight in the senate, when he went almost to the extent of accepting the Lodge reservations, is a pretty clear indication as to how far some of the democrats are willing to go to save their political hides. On the peace treaty issue, on many other issues, they are willing to be all things to all men in order to garner votes. Now, it seems, President Wilson is determined to make them face the music and survive or perish on this issue. As a result the Boise party leaders are perturbed and unhappy. No doubt, if the real sentiments of Senator Nugent could be obtained they would be found to sizzle.

Like many other democrats throughout the land Senator Nugent feels that the president's day is done, that his sun has set, that he is tied to a post while the world moves on without him. And feeling thus the senator from Idaho argues that it is high time to desert the president and the issues he has raised and cast about for other leadership. Naturally his eye turns to William J. Bryan. In some things, prohibition and free silver for illustration, Bryan is uncompromising. On the league of nations he is more than ready to give and take. And it is felt that in pursuing this policy he is actually, not so much by conviction, as by a desire to wrest the party leadership

from the man in the White House. All these movements that affect the whole country find reflection here in the state capital of Idaho. The conviction of the real thinkers among the Idaho democrats, and there are such, is that President Wilson will have no way, and that the Wilson sentiment is still strong enough in the Gem state to sweep aside all others, not excepting the desire of Senator Nugent to succeed himself by taking an equivocal position on the league of nations issue.

Everybody for Economy.

There are many who feel that there is no other real issue separating parties at this time. Everybody is for economy, everybody is for reducing the cost of living, everybody is for getting down from a war to a peace basis, everybody is for development of natural resources, everybody for recognition of the services and sacrifice of the men who fought the world war, everybody is for "Americanism." Men may differ as to detail but there is no general line of cleavage on any of these and many other domestic questions. On the league of nations it is different. Some republicans favor the league of nations, and some democrats oppose it. The President Wilson will have no pretty well fixed. They will be still more firmly fixed in their positions as the campaign progresses, but while the creation of going on there is no grief for hosts of the party atoms, and this grief is clearly indicated in the words and actions of many Idaho democrats at the present time. Every indication now points to much hot talk and a worth while display of fireworks at the coming state convention at Lewiston.

Still Hunting Candidates.

Outside of this seething and bubbling among democrats over this league of nations issue there is but little political activity on the surface at least, in and around the statehouse these bright spring days. Democrats are still groping around for candidates. Senator Nugent will have no opposition for re-nomination. It seems equally certain that E. C. Boom of Moscow, at present prohibition director for the state, will carry at the present time. Every indication now points to much hot talk and a worth while display of fireworks at the coming state convention at Lewiston.

There has been some talk here of a union between democrats and republicans to nominate a member of each party for the other two positions on the supreme bench, the two that are dependent on the adoption of the constitutional amendment that provides for the enlargement of the supreme bench to five members. This talk has not arisen above gossip as yet and the

SALT LAKE CITY, Utah (AP)—Nick O'Connell, former New York American pitcher, who jumped his contract last week with the Salt Lake club of the Pacific Coast league, to play with an independent club, returned today.

Brief Bits of Sport

Now we know that Middleweight Champion Johnny Wilson is left-handed. He has offered to fight Mike O'Dowd again.

Paul Buhl and Burley ball fans may be having a lot of fun at the expense of Twin Falls just now, but wait; there may be a day of reckoning.

Do you remember the time you wore shirts that slipped over the head and had an armor plate front with a useless dingbat at the end of the bosom?

The White Sox have lost the services of "Swede" Ribberg for an indefinite period.

The cocky shortstopper of the former world champions was spiked in last Saturday's game with the Indians when he slid into the plate against Catcher O'Neill's armorplate shoes.

MAY DO IT, TOO. BOSTON (AP)—Attempts to swim the English channel are to be revived. Henry F. Sullivan of Lowell, who has made several notable long distance swims, today applied for passports and announced his intention of again attempting the feat this summer. In 1913 his efforts fell short of success by two miles.

For the immediate present "Buck" Weaver is sitting at the short position, while McFallan is working at third base for the Hoos.

Jim Driscoll, former featherweight champion boxer of England, recently thought he was good enough to meet the best of Europe's crop of little battlers, but he soon learned different, and now his friends are passing the hat for the former great "un."

For the first time in many a moon Johnny Dundee was forced to fight a long-range battle when he went against Willie Jackson recently.

Willie seems to have quite solved Johnny's mysterious manner in the ring, and when the Scotch Wop came at him was ready with the right sort of ammunition to ward off the attack.

Equip Your Smaller Car With Goodyear Tires

If you own a Ford, Chevrolet, Dort, Maxwell or any other car using 30x3, 30x3 1/2, or 31x4-inch tires, you can well take advantage of the high relative value built into all Goodyear Tires.

You can well do so because you can secure in the smaller Goodyear Tires the results of such skill and care as have made Goodyear Tires the preferred equipment on the highest priced automobiles of the day.

You can well do so because these smaller Goodyear Tires are easy to obtain, being produced at the rate of approximately 20,000 a day, and because their first cost usually is as low or lower than that of other tires in the same types and sizes.

Go to the nearest Goodyear Service Station Dealer for these tires, and for Goodyear Heavy Tourist Tubes. He supplies many other local owners of the smaller cars.

30x3 1/2 Goodyear Double-Cure Fabric, All-Weather Tread \$23.50

30x3 1/2 Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce castings properly. Why risk a good casting with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3 1/2 size in waterproof \$4.50 bag.

WILSON STAND TROUBLESOME

(Continued from Page Two.)
 probability is that it will amount to nothing. Since the election of judges has been thrown back into politics it is reasonable to expect that each party will make a fight for everything in sight. Judge Robert N. Dunn of the most northern district is practically conceded the republican nomination for the supreme position to be filled on the regular bench.
No Governor in Sight.
 State capital democrats are still at sea over their candidate for governor. No doubt there will be much shuffling of the cards before this point is decided. Evans Whitaker of Pocatello, Evans of a former Idaho Governor, Bothwell of Twin Falls, Judge Ed Bryan of Caldwell and former Senator Pettibone of Idaho county are the men most talked of in connection with the nomination at this time veering in the direction of Judge Bryan. James R. Bothwell could have the nomination if he were in contact with the republican men at the Coeur d'Alene convention and in his travels over the state since this willy candidate for the senate has had the conviction driven in upon him that the former service men mean business in their opposition to Hart, and that Hart's success at the Chicago convention will simply add fuel to the fire.
 Gooding knows that the young soldiers lack skill in the game of practical politics, but he also knows that they possess that quality known as "pep" that wins victories. Their own political idealism and their loyalty to principles are assets that no political party can afford to spurn. American Legion delegates from this community admit that they would have been overwhelmingly beaten on the floor of the convention had they succeeded in getting their fight against Hart before the convention. But they say a smashing defeat would have been much easier to swallow than to be choked off altogether—treated like lit-

Children who must be seen and not heard.

Gooding is especially worried because his campaign manager, John Thomas, the chairman of the republican state committee, is a delegate to the Chicago convention and as such must vote for the re-election of John W. Hart. He must be a party to the retention of Hart as a member of the republican national committee over the vigorous protest of the American Legion. And this vote of John Thomas brings the responsibility directly home to Frank R. Gooding, candidate for United States senator. Do you wonder that he is worried?
 By the way, the report is going the rounds at the state capital that Frank R. Gooding has been named by the powers that be in the republican organization. The story is that notice has been served on the would-be senator that he is to keep still if he is to be considered a candidate; that by his intemperate talk he is alienating voters, farmers especially, and that the party cannot stand it. It is true that Gooding has been making no stump speeches and giving out no stump interviews lately.
After Borah Support?
 Colonel E. G. Davis has aroused no enthusiasm with his announcement so far as surface indications go. Some of the colonel's best friends feel that he made a mistake in taking such an extreme stand against the league of nations—he seems to be diametrically opposed to the principle of the league, and goes to the extreme limit in expressing his opposition. It is felt by many that in this the colonel expresses the regular army idea, the idea that no international difficulty can be settled except by resort to the sword. Others hint that in taking this stand the col-

on is making an admit political move,

that he is making a direct bid for the support of Senator Borah. In this latter class are to be found supporters of Frank R. Gooding.
Hoover's Stock Drops.
 Since the result of the California primary became known local supporters of Herbert C. Hoover for the presidency have practically thrown up the sponge. It was generally felt that the California primary would eliminate either Johnson or Hoover, and Hoover seems to be the man. Democrats here dropped the food administrator like a hot potato when he came out unexpectantly as a republican, and now it seems certain that he does not appear in the rank and file of republicans. From the

forgetting it must not be assumed that

this community is for Johnson. The Johnson sentiment here is negligible in spite of the attitude of William E. Borah.

FUTILE WISHES

Some observers at Washington profess to believe that as one result of the selection of Senator Underwood as minority leader in the upper branch of congress the president will re-submit the peace treaty. Grounds for this conception are not apparent. Elevation of the Alabama senator to the leadership vacated by the death of Senator Martin can hardly be expected to change the attitude of anyone toward the treaty, least of all the president. It does not point to any change of sentiment among democratic senators.
 Mr. Underwood was one of those who voted against the republican reservations, standing as firmly as Mr. Hitchcock in support of the White House. As leader of the minority he gains nothing of authority over the handling of the treaty, save as he may be more influential in formulating party policy, and we have had no indication that President Wilson intends to abdicate his own leadership. Senator Hitchcock, as ranking democrat on the foreign relations committee, will continue to manage the treaty business for his side in the senate.

Gooding a Visitor.

Frank R. Gooding was at the capital last week in a very unhappy frame of mind. To some of his insidic enemies he confided the opinion that the boys played hell at Coeur d'Alene. In this he was referring to the John W. Hart episode particularly. By coming in contact with American Legion men at the Coeur d'Alene convention and in his travels over the state since this willy candidate for the senate has had the conviction driven in upon him that the former service men mean business in their opposition to Hart, and that Hart's success at the Chicago convention will simply add fuel to the fire.

If the peace treaty is re-submitted it can only be with a distinct understanding that the president has receded from his position, held from the first. He forced the rejection of the vote, compelling his followers to pass, some of them contrary to their judgment, against ratification with the reservations which a majority of the senate had adopted. It is to be hoped that he has changed. Certainly any reasonable man would be satisfied with the demonstration that has been made of public sentiment so far as there has been a "solemn referendum" in the primary elections of several states.
 But Mr. Wilson never has given evidence that he is possessed of that quality of reasonableness which should distinguish a great man. Wherefore there will be few to believe that he will send the treaty to the senate again with a statement that he will be content to accept the judgment of the ratifying body on how the interests of this great country should be protected. As the rumors arise in democratic quarters it is to be assumed they represent simply thoughts fathered by an earnest wish for some action that might benefit their party at the election.
