

PRESBYTERIANS WRESTLE WITH SEX PROBLEMS

Church Commission Advises Submission of Admission of Women to Ordination as Elders to Referendum

PHILADELPHIA, (AP)—Admission of women to ordination as ruling elders of the Presbyterian church is a question that will be submitted to a referendum vote of the entire denomination in the United States if the recommendation of a commission which has been studying the subject for the past year is approved by the Presbyterian general assembly which opens its annual sessions here today.

Minority Opposes Change

"That the scriptures did not forbid either women elders or women preachers, that three times to national ordain women to the ministry but that few women avail themselves of the privilege; that four other denominations did not have women preachers and are not inclined to have them; that the evidence shows is favorable to women as elders but unfavorable to women as ministers; that of the Presbyterians canvassed 60 per cent favored women as elders, 48 per cent favored women as ministers, while 31 1/2 per cent opposed any change in the present usage of the church."

An elder in the Presbyterian church occupies a spiritual office but does not preach. He assists the minister in religious duties and, as a presbyter, is a member of the governing body of the church and votes in the national assembly, among other things, on doctrinal and administrative discipline. For centuries the office has been filled exclusively by men.

Presbyteries Make Overtures

Last year three presbyteries, it was said, made overtures to the general assembly. One from the presbytery of Columbia river asked that women be made eligible to ordination both as ministers and ruling elders. Another from the presbytery of Dallas, Texas, asked that a committee be appointed to investigate the whole question of enlarged opportunities for women in the church and the presbytery of Saginaw, Mich., urged that they be ordained as ruling elders. The moderator thereupon appointed a committee to inquire and report, composed of the Rev. S. Hall Young, chairman, the Rev. Edgar W. Work and Russ Tuggart, all of New York, the Rev. William Barrett of Bellfontaine, Ohio, and John T. Manning of New Haven, Conn.

The commission now found that the Methodist, Protestant, the Congregational and the Christian churches ordain women to the ministry but few avail themselves of the privilege. Four other denominations, the Lutheran, a Baptist, Episcopal and Methodist Episcopal, it was said, "do not have women preachers and are not inclined to be any particular inclination in their churches to accord them this office."

"In practically all of these seven churches," said the report, "women are admitted to every other official position in the church except the ministry. They serve on official boards, are trustees, deaconesses, etc., and there is a growing tendency to admit them to official quality with men in the matter of council and oversight in the government and service of the church."

Fear Feministic Movement

Those opposed to any change in the present usage in the Presbyterian church were quoted by the commission as arguing that ordination of women would lower the dignity of the office, afford an excuse for men to shirk their duties, retard or defeat the union of Presbyterian churches in the United States, keep men from the church and countenance and accelerate a "dangerous feministic movement."

Arguments quoted in favor of the change included statements that it would accord with the spirit of the age and with women's civil equality, that women and girls composed the majority of the membership of the church and did more work than the other sex and that they were "entitled to the honors as well as the labors."

The commission declined to express any opinion on the merits of the question, stating that it was divided, "a majority having expressed themselves as conservatives."

In a time when prices are unstable it is important that women should be informed as to the latest fluctuations that they may solve their shopping problems wisely.

JAPANESE BEND EFFORTS TO GET GERMAN TRADE

Claim that Shantung Railway is Private Property Given Consideration

BERLIN, (AP)—Japanese commercial firms are making great efforts to resume business with Germany. One Japanese shipping company has opened its offices in Hamburg and a regular steamship service is running to Japanese ports. Copper and silk are the main exports from Japan to Germany, while potash is the chief article demanded from Germany by Japan.

According to the Tagoblat, the Japanese government is making a claim submitted by Germany that the Shantung (Taingtau-Tsianfu) railway is private and not state property. In the latter case the railway would become forfeited to Japan, in accordance with the terms of the peace treaty.

Japan proposes to release all German property under her control up to the value of 10,000 yon. Property worth more will be subject to a deduction of a certain percentage to indemnify Japanese who have claims against Germany for war damages.

An inquiry into emigration possibilities from Germany to Japan shows, the Tagoblat says, that although feeling in Japan has become generally favorable toward Germans again, the prospects are not favorable, except for engineers and practical scientists. Foreign manual laborers especially are not wanted in Japan.

ORGES LOWERED IMMIGRANT BAR

Senator Edges Declares for Temporary Act to Meet Labor Shortage

NEW YORK, (AP)—Temporary modification of the immigration laws to permit an influx of desirable immigrants to meet America's labor shortage, was urged here Tuesday by United States Senator Walter E. Edge of New Jersey in an address before the National Manufacturers' association. He also advocated a "process of Americanization to prevent new immigrants from falling under the spell of "world-wide anarchists and Bolshevists."

Quoting Commissioner of Immigration Cannetti as stating that the radical have "a wonderful organization for capturing each immigrant, almost at the moment of landing, and bringing him under their influences," the senator said that less than six weeks is needed to prepare "this mind for welcome reception of communist doctrines."

America needs common labor in all of its industrial fields, Senator Edge declared, adding that "industries of all kinds are handicapped and in some instances almost crippled" by the shortage of workers. He said that this was mainly due to "the graduation of elemental American workers to higher spheres of work."

There need be no fear of immigrant labor lowering the American wage scales, Senator Edge asserted, adding that "it seems more likely that those newcomers quick-witted will be enlisted in the ranks of those who periodically demand higher and still higher wages, without regard to the stimulating effect on the high cost of living or the welfare of the millions of citizens not combined to coerce employers into frequently advancing their pay."

ROUGH TREATMENT FAILS TO COOL JESUS ORTEZ' ARDOR

AUSTIN, Texas, (AP)—Being led ten miles with his hands behind his failed to cool the ardor of Jesus Ortez for his cousin, Louisa Ortez.

"Louisa and I gonna be wife soon, anyhow," Ortez told officers at the police station after the judge had informed the girl's brother that he had violated a law by attempting to elope with twenty-year-old Louisa.

WOULD INSPECT INCOME TAXES

Senator Walsh Calls for Facts in McAdoo Charges and Gives Other Examples

WASHINGTON, D. C.,—Recommendations not embodied in pending legislation were included in a bill introduced Tuesday by Senator Walsh proposing investigation by a special senate committee of the "relations between high priced necessities and the concentration of wealth." The measure also would request the president to authorize inspection of corporate and partnership income tax returns.

Senator Walsh cited a recent public statement of former Secretary McAdoo concerning coal mine profiteering. "Mr. McAdoo heralded around the United States an assertion that coal mining profits were particularly exorbitant," Senator Smoot, republican of Utah, replied, "and that one corporation in 1917 made 2000 per cent profit on its capital. The public is entitled to the facts about this."

"I have here the official report which does not give me the name of the company, but does show it under a code number. Its capital stock was \$10,000 and in 1917 it made 2004 per cent profit on that sum. But it had invested in addition to its capital stock according to the treasury \$473,000, so that its net profits on investment were 37 per cent."

"It is another one, of about the same capital, so listed, that made 5513 per cent on its stock, and I wonder Mr. McAdoo didn't mention that. It had invested capital of \$1,274,000, and the treasury reports its net profits at 34 per cent."

RIDER LUCKILY ESCAPES WHEN STRUCK BY TRAIN

BARTLETT, Texas, (AP)—Hugh Morrison contends that he is lucky. Morrison was riding a horse and did not see an approaching Missouri, Kansas & Texas passenger train. The train hit the horse, killing it instantly. Morrison, sitting erect in his saddle. When the train stopped about a hundred yards away, he, having suffered only slight injuries, stepped from the engine.

ART MUSEUM DIRECTOR CUTS OUT ADAM'S BEARD

BUDAPEST, (AP)—Adam did not wear a beard, according to the dictum of M. Teray, director of the Hunarian art museum, who eliminated the great ancestor's hirsute adornment in restoring Jordeus' famous picture of "Adam and Eve." Examination of the canvass has shown the beard was not a part of the original picture, but was painted on during the last century when beards were popular. In the restored work, therefore, Adam is shown clean shaven.

This canvass was one that escaped the fury of the communists. It was the property of Count Karaszonyi, who gave it to a leader of the red guard for having aided in saving a valuable collection. Later the picture was sold to the museum for three million crowns.

Dr. G. F. Baker will be away from Twin Falls on a trip to California until July 5, when his office here will be reopened.—adv.

Older

A gallon can of thoroughly sterilized elder, made from carefully selected Utah apples. This can be diluted and when served cold makes a refreshing drink. The gallon can 49c

RAILWAY OWNERS TENURE OF TRIAL WILLARD OPINIONS

President of Baltimore and Ohio Company Expresses Confidence in Successful Operation Under Private Holding

NEW YORK, (AP)—Confidence in the future successful operation of the railroads of the United States under private ownership control was expressed by Daniel Willard, president of the Baltimore & Ohio Railroad Company, in an address here today, made ready before the National Association of Manufacturers. If the new railroad law is applied as Congress intended and if the railway managers so operated the properties as to fairly meet the requirements and expectations of the public, he said, "they may reasonably expect that private ownership and operation of the railroads as an economic policy will continue in this country. If private ownership should fall the only alternative I am able to see is government ownership and operation, with all that the policy implies. Railway managers must for a time at least keep constantly in mind that private ownership is on trial and they must be determined that it shall win. They must study the needs of the public for transportation and make every reasonable effort to satisfy them. They must treat all alike and without discrimination."

Repeats War-time Advice.

Mr. Willard repeated his recommendation made to the council of national defense in 1917 that "a nation should have a national transportation system and such a system should embrace and make proper use of all available and suitable agencies." He added that in his opinion, this country would be better off if made as a war measure is equally pertinent and important in time of peace.

"We are fortunate in actually having in this country the essential elements of such a national system of transportation as I have in mind," said Mr. Willard. "There should, in the public interest, be the fullest cooperation between the several transportation agencies and in all cases that agency should be preferred which can render the required service at the lowest total economic cost. If this policy is followed I feel confident that the future success of private ownership and operation of the railroads."

Having described the difficulties of the railroads in obtaining funds necessary for improvements, extensions and equipment which he said had been estimated at from \$500,000,000 to \$1,000,000,000 a year, Willard said Congress by enacting the Esch-Cummins bill had corrected the "poorly contrived system of regulation which has brought about a steady decline of the railroads" but that "the patient is still weak and unable to stand alone." Personally, he said, he was in favor of the government assuming the rate of return upon the value of the properties which the railroad shall be permitted to earn, but he declared that "the railroads must be self-supporting before they can be expected to show signs of renewed vigor."

Problem of Rates.

"First of all," declared Mr. Willard, "the railroad rates and charges must be as adjusted as to measurably meet the increased operating costs resulting from conditions created by the war. Congress has given definite instructions that this be promptly done. After that he said it would remain for the railway managers to give effect to the problem as to satisfy the reasonable requirements of the public. People in this country," he went on, "in the past have had the cheapest transportation in the world. I think they are entitled to it in the future; at any rate I believe that under private ownership they will have it. They are also entitled to adequate transportation, and there is an imperative obligation upon the carriers to furnish it. Inadequate transportation facilities would check production and tend to increase the cost of living."

Predicts Power Strikes.

Mr. Willard predicted that strikes upon the railroads would become less and less frequent as time went on since, in his opinion, congress had provided a definite and workable arrangement that should secure justice to the railway workmen.

"The public," said President Willard, "is entitled to expect an uninterrupted operation of railway properties. I believe the railway managers and the employes will be able satisfactorily to solve this (labor) problem. Perhaps, not immediately, but within a reasonably near future. If not, then to my mind, it will be the clear duty of congress to pass some kind of a new law that will end the stoppage of railway trains because of labor disputes, impossible."

\$1,000 TO \$6,000 TO LOAN

I will lend \$1,000 to \$6,000 on first class real estate security. The rate is reasonable.

AL NELSON SAYS WOODHEAD FEARS LITTLE RAY ROSE

Twin Falls Boxer is Accused of Dodging Match with Fighter of Burley

Is Bill Woodhead of Twin Falls afraid of Ray Rose, the boy he defeated in the county arena last night? Al Nelson, brother of Rose, says Bill is, and Nelson declares he will back this judgment to the extent of \$200. The facts in the case, developed since the recent battle between Woodhead and Rose, when the latter was dropped for the count in one round, include a designated desire on the part of Woodhead, according to local promoters of activities, to sidestep a "rubber" match with Rose.

Boys Are Tied.

As the situation now stands between Woodhead and Rose Rose is nothing to choose between them, each holding a decisive victory over the other. Rose knocked out Woodhead in two minutes during a Burley bout a month ago. Woodhead cracked Rose for the count in two minutes in a return engagement here a fortnight back.

On the two results there is absolutely nothing to choose between the boys, and a third battle should be staged to clear the matter up. Matchmaker Harry McKinley of the Twin Falls Athletic club has attempted to bring the two boys together for a decisive bout and offered the lady an eight-round battle on the program to be staged May 29 in Lavering theater. During a Burley bout a month ago, Woodhead cracked Rose for the count in two minutes in a return engagement here a fortnight back.

Because of Woodhead's attitude Matchmaker McKinley has eliminated that boxer from the coming program and has matched him against Tom Norris of Butte. These boys will go on for a six-round show at from 118 to 120 pounds. Frankie Regan of Pueblo, Colo., and Al Nelson will provide the windup affray of 12 or 15 rounds.

Nelson Writes.

With reference to the attitude assumed by Woodhead, Al Nelson, acting for his brother, has written the following letter addressed to Matchmaker McKinley: "I have been told that Bill Woodhead declines to meet my brother Ray Rose, using as an alibi that he is entitled to a match with me. I wish to state in behalf of my brother that he met and defeated Woodhead in two minutes at Burley. A week later the boys met at Twin Falls and Woodhead turned the tables, winning in the first round. Now that is a victory for each boy and by no means proves the best man. We are however, inclined to the extent of \$200 to believe Ray is best. We must not forget it is myself that Bill desires a match with. Far be it from me to dissuade any of the boys seeking battle. First though, Woodhead must meet Ray and even if he loses I will not deny him his match with me. The straight forward truth is that Woodhead is afraid to meet this 118 pound boy. Our money says he is all we ask of him in a sportsman privilege. That of giving a chance to lose or win when matters are even. So if Woodhead will meet the boy who stands shoulder high to him, I will give him a chance to redeem his defeat which I hold over him."

MANY ATHLETIC ENTRIES.

PHILADELPHIA, (AP)—A total of 747 entries was made in public today by Elmer C. Slagle, manager of the forty-fourth annual track and field games of the Intercollegiate Association of Amateur Athletics of America, to be held here May 28 and 29. Twenty-seven colleges and universities are represented.

BRITISHER WRITS BOUT.

MONTREAL, (AP)—Tommy Noble, English featherweight, held the London belt, outpointed Joe Leonard of Brooklyn in a 10-round bout here last night.

PERMIT ISSUED BY THE WARDEN FOR GAME FARM

Breeder's Association Officials Given Consideration in Plea for Preserve

BOISE, Idaho, (Special)—Otto M. Jones, the state game warden, has issued the permits requested to the Idaho Game Breeder's association, headed by Judge J. H. Richards of Boise. These permits run to the swamp land and in the Hagerman valley established as a demonstration farm and recreation park for the benefit of those interested in the propagation and conservation of wild animals and fowls, as well as domestic ones who desire the real "country club" where to sojourn occasionally for rest.

Every request of the association was granted with the exception of that as to beaver. It will now be possible for the association to proceed with its plans, which are recognized as being of far-reaching importance to the state and more especially to those sections having a large area of swamp land and over land, portions of which may be used profitably for the propagation of valuable fur-bearing and other animals which reduce big game.

This industry gives promise of becoming one of the leaders in Idaho. The conditions here lend themselves to the raising of fur-bearing animals and water fowl and there is ready market for both. With the Idaho game farm at Hagerman to set the pace and to furnish demonstrations and breeding stock a large number of farmers will shortly have a most profitable side line that can be conducted without much time or labor. Already the skunk business alone has assumed considerable proportions. One man, merely existing for years on a few acres, will this year turn off over 700 skunks at a contract price of \$10 each, or more than \$7000 for the year's crop. This will enable him to buy a tractor, etc. for the better cultivation of his land, and, besides, giving him a steady income on the side.

30,000 FOLKS SEE MAN-O-WAR WIN BIG RACE

Sam Riddle's Prize 3-year-old Leads from Barrier in Pimlico Classic

BALTIMORE, Md., (AP)—In the presence of a crowd estimated at close to 30,000 persons, Samuel D. Riddle's prize 3-year-old Man-o-War won the Preakness, Pimlico's historic race yesterday afternoon. He led from the barrier and won by several lengths. Harry Payne Whitney's Upset was second and his Willard third. Commander J. K. L. Ross' King Thrush was fourth. The time for the mile and a furlong was 1:51 3/4. The race was worth \$25,000 to the winner, who took the Woodlawn challenge cup. The governor of Maryland, A. C. Ritchie, and prominent sportsmen from many states were present.

WOMAN IN SHAMROCK CREW

NEW YORK, (AP)—A woman will be a member of a crew in America's cup race for the first time in history, it was learned today. Mrs. W. P. Burton, wife of Captain Burton, skipper of the Shamrock IV, has been appointed by Sir Thomas Lipton as a member of the after-guard of the challenger. Mrs. Burton won many prizes in regattas of the Royal Corinthian Yacht club.

Brief Bits of Sport

Judging from the way the Boston Sox hammered his offerings yesterday Eddie Cicotte must be a sick man.

Reporters has said that Eddie suffers from an ailing finger, but one would imagine the trouble was more serious than that.

Bill Woodhead after knocking out Ray Rose, thus evening up the licking Rose administered him in Burley, now declines to stage a "rubber" battle with the Burley featherweight.

What's the answer?

The Cleveland American league club is batting .290 for the season, which is a considerable clip, to be sure.

The White Sox club is 14 points below this mark and New York with the mightiest slugger of last season, is 20 points back of the Indians.

Do you know that Ty Cobb is hitting only .243 thus far this season?

Injunction proceedings appear to have brought both Pitcher Nick Cullop and the people backing the Wellsville, Utah, independent "ball" club to their senses. Cullop has jumped back to organized baseball after being restrained from playing with any club other than the Salt Lake Sox.

Perhaps Charlie Comiskey will take the tip from the Salt Lake people and injunctive Chick Gandil from playing ball with St. Anthony, at least during the period for which he is under contract to the White Sox.

"He's a Jolly Good Fellow" Tommy (Tex) Lipton has signed a woman to help skipper Jim Shamrock against the American defender of the championship.

That should put Tommy's yacht proper to the bad.

Slim Smiley, sagebrush says says: "It's either he that whether or not a fellow drank booze depended on his raising. Now it depends on his raising."

Soldier Bob Martin tackled probably the toughest of all the fighting men in his career the other night when he went against Tom McMahon. But the A. E. F. whipped the Newcastle batter.

Every Tire Is Signed

Two men sign every Miller Tire—the maker and the inspector. Both are penalized if a tire comes back.

Under this method, defects have become extremely rare. Not a tire came back for adjustment to many Miller dealers last year.

Over 1,000 tires yearly are worn out in Miller factory tests.

All the best rival tires are constantly compared with the Miller, with these results:

Millers now excel all rivals, both in average and in uniform mileage.

Miller treads outwear rival treads by 25 per cent on the average.

Miller Cords average 15,000 miles—Miller Fabrics from 8,000 to 9,000 miles—in rear-wheel tests under extreme conditions.

You will gain a new idea of modern tires when you test a new-type Miller. Get one now and watch it.

The super-service of the Miller Tire is now everywhere discussed.

Tread Patented

Center tread smooth, with suction cup, for firm hold on wet asphalt. Geared-to-the-Road side treads, mesh like cog in dirt.

NO CANDIDATE TO ENTER CONVENTION IN CHICAGO

Campaign Managers for Various Aspirants Agree There Will Be No Nomination on First Ballot; Wood, Johnson and Lowden Men Each Expect to Win on Third or Fourth Vote

CHICAGO, (P)—With the republican national convention only 18 days away and 899 of the 984 delegates already elected, the situation facing the republican candidates is that no candidate will enter the convention with enough votes pledged to him to give him any decided advantage over his opponents. Forty-seven of the 53 states and territories have chosen their delegates and are sending to Chicago 537 unattached delegates, 44 more than a majority of all those who will sit in the convention.

Wood Strength Greatest

Major General Leonard Wood, on the face of returns to date, shows the most strength on the first ballot, for of those delegates who have been instructed, the republican strength is 146 and he is pledged to him. In addition, he carried the preferential primary in Vermont, but that state's eight delegates have not yet been chosen by the state convention.

Senator Hiram Johnson of California

who commands an even hundred votes, while Governor Frank O. Lowden of Illinois, with 78 votes pledged to him, is third. Senator Warren J. Harding of Ohio, has 39 votes from his home state.

Several Contests Pending

There are, however, contests pending in 12 states and the district of Columbia, involving 104 delegates. Thirty-five of the contests are on Wood delegates; six on Lowden men and 63 among unattached delegates. The credentials committee will meet here May 31 to hear these contests.

Campaign managers at Chicago

for the various candidates agree that there will be no nomination on the first ballot. The complimentaries vote for the large list of "favorite sons" may, in fact, they say, be so large that it will destroy the usual significance of the first ballot as an indicator of the strength of the various candidates.

Among "Favorite Sons"

Among those candidates who are expected to divide the unattached vote on the first ballot, in many cases commanding all or part of the delegates from their home states, are Governor Sprout, Pennsylvania; Governor Coolidge, Massachusetts; Governor Rutherford, West Virginia; Senator Chamberlain, Washington; Senator La Follette, Wisconsin; Dr. Nicholas Murray Butler, New York; Herbert Hoover, California; and Judge Trichard, North Carolina.

Senator Pinckney has 14 instructed votes

from Washington; 30 from Prichard 17 from North Carolina; Governor Coolidge 33 from Massachusetts, and the other candidates have, or expect to have, varying numbers.

Campaign managers use of the three candidates

who are leading in delegates actually instructed have made definite plans as to the votes they expect to receive in the convention. Major General Wood's headquarters has issued a statement claiming he will have from 297 to 302 votes on the first ballot, that he will gain from 12 to 20 on the second ballot; and that he will be nominated on the third or fourth.

Johnson Managers Confident

The Johnson managers here say reports from their workers throughout the country show they will have 335 votes on the first ballot and that the senator will be nominated on the third or fourth.

Governor Lowden's managers

give no estimate of how many votes they expect to have on the first ballot, but in a published statement have assured the governor he will win the nomination with 522 votes. They predict the break in his favor will come after the third ballot.

Marshall Heads Off Boom for Presidency

INDIANAPOLIS, Ind., (P)—A boom started for Vice-President Thomas R. Marshall at the democratic state convention here today for the presidential nomination of Senator Charles McNamara, was nipped in the bud by the vice-president. Indiana democrats met in state convention here today to name a state delegate, adopt a platform and select delegates to the national convention at San Francisco.

Few contests were expected to materialize today. The thirty delegates to the national convention—26 districts and four at large—will go unattached, it was said. There were no candidates for the democratic nomination for president in Indiana this year.

Virginia Democrats Favor Carter Glass

ROANOKE, Va., (P)—Virginia democrats in convention here elected eight delegates at large to the national convention, pledged to support Senator Carter Glass for the presidential nomination, endorsed the Wilson administration, advocated adoption of the peace treaty without reservations and unalterably rejected the Volstead amendment.

Two attempts to place the convention on record as favoring an amendment to the Volstead prohibition act were defeated. A resolution recognizing the right of state to permit the manufacture and use of light wines and beers, and the use of ardent spirits for medicinal purposes, was carried by a large majority. A substitute which sought the same end was also tabled.

Michigan Democrats Endorse Wilson Stand

GRAND RAPIDS, Mich., (P)—Support of the league of nations covenant and the Versailles treaty, with an amendment and "unflinching support of President Wilson, who has given all

but life itself in the service of his nation and the world," were pledged in resolutions adopted by the Michigan state democratic convention here. Thirty unattached delegates to the San Francisco national convention, elected by the convention and 26 by district caucuses. The delegation will observe the unit rule.

The convention came to a close after heated debate over a resolution on the prohibition question. It drew the attention of the national convention, a national prohibition "a constructive act of the Wilson administration." An amendment was passed, 195 to 209, which pledged the national convention delegates to work for a permanent prohibition plank in the democratic platform.

Carolina Bourbons Oppose Women's Vote

COLUMBIA, S. C., (P)—South Carolina democrats in convention elected delegates to the San Francisco convention who go unattached but who must vote as a unit, unqualifiedly endorsed the Versailles treaty and the league of nations, declined to agree to permit women to vote in the South Carolina primary and voiced approval of the election of the South Carolina department of the American Legion in opposing a cash bonus to soldiers.

Prohibition Problem Confronts Democrats

BALTIMORE, Md., (P)—The attitude of the democratic state convention should assume on the prohibition issue was the principal problem which confronted the party leaders prior to the opening of the national convention here today for the purpose of selecting delegates to the national convention and adopting a platform. Conferences which lasted until a late hour last night failed to reach an agreement and a "wet" plank may be offered in the convention.

It was practically agreed that a double delegation of 32 will be sent to San Francisco, each with half a vote. The plan was to send an unattached delegation of those having been no democratic candidates at the presidential preference primary.

ALABAMA G. O. P. DENOUNCES EXTRAVAGANCE

BIRMINGHAM, Ala., (P)—Four unattached delegates at large to the Chicago convention were named as a platform for the Alabama branch of the party adopted at the state republican convention here Wednesday. The platform denounces extravagance and the extravagance of the present administration and placed the party on record as unalterably opposed to the league of nations.

LAYS INDUSTRY SINS TO PUBLIC

(Continued from Page One)

The only party considered in the conflict is this so-called innocent third party, while as soon as we who work like some act for our own welfare they only want to put us in jail."

"Newspapers and legislators to some extent have protested about plumbers' wages, but there is one man in the United States who makes \$125,000 a day. Why not attend to that?"

P. J. McNamara, vice president of the Republic of Baltimore, said the bill "made orphans and slaves of men."

"Congress couldn't pass a law providing regular pay for the president," Chairman Pinckney interrupted him.

"Well, if it is passed, it will be something the radicals can use to stir up more unrest among our men," McNamara responded.

STATE POLICE AT WEST VIRGINIA

(Continued from Page One)

shooting affray at Matewan last night. The statement declared a man named Hatfield entered into an argument with A. C. Felts, a detective employed by the operators and a shot was fired and Felts fell dead, and the shooting became general.

"An eye-witness who reported to our offices in Bluefield this morning stated that after the detectives fell to the ground they were trampled with bullets," said the statement. "One man with a pistol in each hand walked up to their dead bodies and emptied his pistol into the river and then he took everything of value was taken from their bodies and they laid in the street for an hour or more before the miners would allow their bodies to be approached."

"The statement that A. C. Felts shot the mayor and that some of our men saw the river and went to the river in a lie out of the whole cloth, and was evidently inspired by sympathizers of the striking miners."

POSTPONES HEARING OF SUGAR PROFITEERING CHARGES

SALT LAKE CITY, (P)—Hearing of charges against Merrill Sillito, vice president and assistant general manager of the Utah-Idaho Sugar company of Salt Lake, accused of profiteering in sugar, scheduled for today, has been adjourned by United States Commissioner H. V. Van Pelt until June 4.

You may learn something of value to you about values and prices of merchandise by devoting a few minutes to reading the ad.

HEBREW SOCIETY AIDS EMIGRANTS FROM POLAND

Completes Arrangements for Transportation of 2,000 Persons Weekly

WABSAW, (P)—Arrangements have been completed for the transportation of 2000 persons weekly from Poland to the United States by the Hebrew sheltering and immigrant aid society of America, which recently opened offices in Warsaw. The Polish authorities estimate that a quarter of a million persons already have applied for passports about 95 per cent of these being women and children, dependents of persons now in America.

The first shipment of 800 emigrants left Danzig two weeks ago. Jacob Wassel of New York, chairman of the society's committee on work in foreign countries, estimates that the movement will continue for two years.

The American consulate here has created a special department to issue the passports in connection with this movement. These now are averaging some 1300 weekly. Crowds of elderly women and young children are assembling daily in front of the consulate.

Some applicants are virtually camping on the spot, waiting sometimes several days and nights to obtain the visas enabling them to go to the promised land.

Liberty Bonds

NEW YORK, (P)—Liberty bonds final prices today were: 3 1-2s \$98.82; first 4s \$83; second 4s \$82; third 4 1-2s \$84.00; fourth 4 1-2s \$82.70; Victory 3 1-2s \$84.40; Victory 4 3-4s \$95.04.

New York Exchange

NEW YORK, (P)—Stocks continued under pressure during the greater part of today's active session, the country-wide strain upon credits causing an extension of the recent liquidating movement. Sales approximated 1,350,000 shares.

Heavy liquidation of stocks was resumed at the week opening of today's session. The urgent character of the selling was accepted as further proof of the effectiveness of the policy of credit deflation adopted by the federal reserve board with the cooperation of banks in all parts of the country. Initial losses in the various groups of industrial and special issues ranged from 1 to 3 points. United States Steel, which suffered severely in yesterday's sharp break, forfeited only a fraction. Bells also resisted only a fraction. Early quotations for Liberty bonds indicated new low records for those issues in the course of the day.

Selling halted abruptly in the last hour when another rally in oils, steels and sugars effected recoveries of 1 to almost 10 points. The closing was firm.

Grain and Provisions

CHICAGO, (P)—Weakness in the corn market continued today, although liquidation on the part of holders appeared to have greatly diminished. Credit difficulties and the strenuous efforts of railroads to furnish cars were tending to bearish factors. On the other hand, there was more disposition apparent to use caution in trying to press for fur-

ther radical declines. Opening quotations, which ranged from 1.68c lower to 2.4c advance, with July \$1.65 to \$1.67 1-4 and September \$1.60 3-4 to \$1.57, were followed by a moderate general rally.

Persistent commission house buying, together with wet weather and talk of a renewal of export demand for breadstuffs, led subsequently to a sharp advance in corn prices. The close was strong, 3 1-2c to 4c net higher, with July \$1.71 1-4 to \$1.71 1-2 and September \$1.61 1-8 to \$1.61 1-4.

Ons awayed with corn. After opening 3-4c to 5-8c down, including July at 30 to 80 1-2c, the market sagged a little more, and then began to recover. Provisions, like grain, tended downward. Aggressive buying was lacking. Later the provision market ascended as a result of foreign buying of lard.

Cash Quotations

CHICAGO, (P)—Wheat not quoted. Corn No. 2 mixed; 1.98 to 2; No. 2 yellow \$1.98 to 2. Oats No. 2 white \$1.18 to 1.14; No. 3 white \$1.10 to 1.12. Timothy No. 2 \$2.10. Lard \$20.52. Pork nominal. Hibs \$17.50 to 18.50.

Minneapolis Flour and Grain

MINNEAPOLIS, (P)—Flour unchanged. Bran \$53. Wheat cash No. 1 Northern \$2.95 to 3.00. Corn \$2 to 2.01. Oats \$1.03 1-4 to 1.05 1-4. Barley \$1.35 to 1.08. Rye No. 2 \$2.03 1-2 to 2.05 1-2. Flax No. 1 \$4.40 to 4.45.

Chicago Livestock
CHICAGO, (P)—Cattle receipts 11,000; handy weight and yearling beef steers steady to strong; heavies slow; bulk all weight \$11 to 12.75; top light yearlings \$13.55; low heavy steers above \$12.50; heavy cows and heifers lower; steady; veal calves steady to higher; other sheekesteady; bologna bulk with bulk at \$11.25 to 13.25; feeders steady.

Hog receipts 25,000; lights weak; others strong to 10c higher; top \$14.00; bulk light and light butchers \$14.40 to 14.80; bulk 250 pounders and over \$12.75 to 14.25; pigs steady to lower. Sheep receipts 12,000; good, about steady; good to choice 72 pound shorn lambs \$17; medium California spring lambs \$16.50; good to choice ewes \$11.50 to 12; late yesterday top shorn lambs was \$17.50 and California spring lambs \$17.75.

Omaha Livestock
OMAHA, (P)—Hogs: Receipts 9,500; opening 15 to 25c higher to shippers, general market to packers strong to 25c higher; top \$14.30; bulk of sales \$13.50 to \$14.10.

Cattle—Receipts 4,500; best steers and sheekesteady to 25c lower; best yearlings \$12.40; choice fat cows \$11.60; bulls, veal, stockers and feeders steady. Sheep—Receipts 3,000; market slow, big quarter lower; clipped lambs \$15 to \$15.75; best ewes \$9.75.

Chicago Produce

CHICAGO, (P)—Butter: Lower; receipts 40 to 55c; eggs lower; receipts 19,850 cases; firsts 40 1-2 to 41 1-2; ordinary firsts 37 to 38c; at mark cases included 38 to 40c; storage packed firsts 43 to 43 1-2c; poultry alive lower; fowls 85 1-2c.

Potatoes
CHICAGO, (P)—Potatoes stronger; receipts 80 cars; Northern white, sacked and bulk, \$7.50 to \$7.65; new, unchanged.

DANIELS DENIES LACK OF EFFORT

Declares Possible Errors Result of Following Precedents in Office

WASHINGTON, (AP)—Only drastic action on the part of Secretary Daniels presented the naval reserve force from becoming a "blackberry paradise" early in the war, Mr. Daniels today told the senate naval investigating committee.

WASHINGTON, D. C. (AP)—Secretary Daniels today replied to criticisms of naval officers that he did not make adequate steps to secure efficient personnel for the navy before the United States entered the war.

He had been criticized by Rear Admiral Tiele and the committee because in 1914 he only asked congress for enough men to fill the peace complements of the ships, Mr. Daniels said.

Mr. Daniels said the committee at "what the navy did in enrolling and training young men during the war was not in precedent in any navy before the last of any previous war."

In May, 1916, the general board recommended 100,000 men as the number necessary for the navy.

Mr. Daniels paid tribute to the work of Rear Admiral Victor Blue, formerly chief of the bureau of navigation and read a letter from that officer denying emphatically Rear Admiral McKean's statement to the committee that navy personnel was largely due to an error made by Admiral Blue in 1915 in estimating the complements of ships.

STOCK DIVIDEND TAX IS MADE BONUS LAW CLAUSE

House Committee Approves the Moot Proposal for Financing Soldier Relief

WASHINGTON, (AP)—The house ways and means committee today ordered a favorable report on the soldier relief bill, with a provision taxing a 10 per cent stock dividend tax retroactive to last March 15 included.

Efforts to eliminate the stock tax provision were made by Mr. 15, 12, the same vote by which the provision was adopted earlier in the day.

The vote approving the bill as a whole was understood to have been 15 to 10, eight yeas and two nays.

Opponents of the bill in the house Saturday was accepted by republican leaders.

WASHINGTON, D. C. (AP)—A 10 per cent stock dividend tax retroactive to last March 15 was approved today by the house ways and means committee as a part of the 1920 scheme for financing soldier relief legislation.

Adoption of the tax provision by a margin of one vote, precipitated such a fight in the committee that favorable report on the bill was delayed, with opponents of the stock tax seeking reconsideration.

The committee also refused by a strict party vote to accept an 80 per cent retroactive tax provision proposed by democratic committeemen.

SENATE STANDS PAT ON NATIONAL GUARD CLAUSE

Votes to Insist on Its Provisions for Federalization of State Military Organizations

WASHINGTON, (AP)—The senate voted today to insist on its provisions as to the national guard but returned the army reorganization bill to conference for further negotiations.

Without a record vote, the senate supported its conferees in the dispute with the house, despite the latter's two to one vote yesterday.

Without a record vote, the senate supported its conferees in the dispute with the house, despite the latter's two to one vote yesterday.

DISCUSSION OF TREATY FLARES UP IN SENATE

Borah Declares Attractiveness of U. S. Treasury Only Reason for Continued Enticement

WASHINGTON, D. C. (AP)—Discussion of the German peace treaty and the league of nations flared up again in the senate Wednesday, Senator Borah, republican, of Idaho, asserting that the league's influence in Europe should be supplanted by that of the supreme court.

The attractiveness of the United States treasury as a source of revenue for the financing of future European war, Mr. Daniels today told the senate naval investigating committee.

"The great moving power behind the league from the beginning has been international finance," Senator Borah said.

Senator Thomas, democrat, Colorado, said the league seemed to be "getting along splendidly" without the United States and added that he knew the "United States treasury, the source of temptation to the rest of the world" and would make this country an "attractive member."

FRUIT PACKERS AWAIT REDUCED PRICE OF SUGAR

Association Representing 65 Per Cent of Jelly Makers Announces Purpose to Ban Too Costly Sweetening

NEW YORK, (AP)—The National Producers and Fruit Products association announced here today that its members will stay out of the sugar market until the price of sugar comes down from its present high level.

The association claims to represent 85 per cent of the manufacturers of the country who make jams, jellies and preserves.

Danels Shortage Exists "The so-called shortage of sugar does not exist," read a statement by Marcus Blinckmore, president of the association, who has investigated available supplies with the help of the department of justice and representatives of the refining industry.

"I said that with the sugar that has already been received in this country and the amount on order, and available on the Cuban market, an excess of more than 500,000 tons over last year's total consumption is in sight."

Utah Industry Affected OODEN, Utah, (AP)—The preserving of fruits in Utah will be curtailed considerably by reason of the high price of sugar, according to H. P. Olson, secretary of the Utah Cannery association.

DEPARTMENT OF JUSTICE TO REOBTAIN SUGAR DEALERS WASHINGTON, (AP)—Another series of conferences between sugar dealers and the department of justice will be held today.

WASHINGTON, (AP)—Another series of conferences between sugar dealers and the department of justice will be held today.

SOVIETS PUSH OFFENSIVE POLKA RETREAT CONTINUES PANICKY IN SOME PORTS. Moscow Advises Declare

LONDON, (AP)—The offensive begun last Friday by the bolsheviks against the Poles along a fifty-mile line on the northern front was continuing successfully up to Wednesday, according to an official statement from the soviet government received by wireless from Moscow today.

H. McDonald, master of a fishing smack.

ANNOUNCEMENT Dr. J. P. Myers, recently connected with the Chicago Post Graduate Hospital, has opened offices over Bookers. Co. for the practice of medicine and surgery.

COULDN'T RAISE HAND TO HEAD

Does Own Housework Since Taking Tanalo—Gains Over 20 Pounds

"For the first time in a whole year I am able to do all my housework," said Mrs. C. Likko, R. F. D. 4, Box 50, Tacoma, Wash., when a special Tanalo representative, who had heard of her remarkable recovery, called to ascertain the facts recently.

"Tanalo is certainly the greatest medicine in the world," she continued, "and I just wish I could tell everybody personally what it has done for me. Why, my troubles have been completely overcome, and I feel better than I have in years and have actually gained over twenty pounds in weight besides."

"I don't believe anyone ever had a much worse case of stomach trouble and indigestion than I did. My food would invariably sour and I would just starve for agency after meal from gas on my stomach. I had no appetite and really dreaded to eat on account of the misery it caused me. Then I had an attack of neuritis in my right hand and knee, and I simply cannot describe the awful pain I went through. I could not use my right hand at all and for six months I could not even raise it for what it was hair. I was badly constipated and would get so weak and dizzy I could hardly walk across the room. My nerves were all shattered and I would often lie awake all night suffering. I could not sleep. Then the rheumatism got in my feet and ankles and I could hardly get around. No kind of treatment or medicine helped me and I got so discouraged and downhearted I almost gave up hope."

"At last I got Tanalo and I will never get through stating it for what it has done for me. My stomach never bothers me at all now and I am eating just anything I want, and I think it the most wonderful thing I ever heard of. I have not done my housework for a whole year and I am able to get around and do my housework. I have also been relieved of nervousness and dizziness and can sleep every night just like a child. Before I got Tanalo I was in such a bad fix that I really thought I couldn't get well, but here I am feeling just fine, so I have the best of reasons for praising Tanalo."

"Tanalo is sold in Twin Falls by City Pharmacy and by the leading druggists in every city.—adv."

BANBURY NATATORIUM to open Saturday, May 20, and Sunday, May 21

The swimming pool at Hot Springs on the bank of the Snake river, 5 miles north of Buhl, 12 miles southwest of Wendell and 12 miles up the river from Hagerman, was finished last fall. Other work has been done this spring and construction proceeded so far that we are able to open to the public on above dates.

Our bathing suits have been ordered for some time but under the present condition of the market there is no telling when they will reach us, so we advise with all candor for everyone desiring to swim to provide himself with his own suit.

As to eating, sandwiches, coffee, etc., will be served but that there may be no possible room for complaint or going hungry we honestly advise bringing your own picnic baskets and thus have a good time among your own party.

An admission fee of 25 cents will be charged for each person, which gives him or her the free privilege of the swimming pool if provided with own bathing suit.

Of course, on this opening date we would certainly appreciate a big attendance but we want everybody to be comfortable. We would rather you should be surprised at the good start we have made than to expect a paradise or a finished project and then be disappointed.

Wishing you all to come, we remain, Faithfully, BANBURY NATATORIUM.

AMUSEMENTS

ORPHEUM—"Three Mounted Men," starring Harry Carey; also two vaudeville acts; orchestra music.

GEM—"Blind Husbands"; also special musical score and Topics of the Day, Comedy, Pathé Review.

IDAHO—William Farnum in "The Orphan." Added attraction, Nell Shipman in "The Trail of the Arrow."

Classified Ads are cheap—effective.

THE BIRTH OF THE CO-OPERATIVE MOVEMENT IN TWIN FALLS

On a beautiful summer evening last year four farmers accidentally met at the same country home a few miles from Twin Falls.

They sat on the porch and watched the sun go down. As was natural the conversation soon drifted to the problems confronting the farmer of today — how they grow beets at a price set by the purchaser, regardless of the cost of production, and then bought the sugar made from those beets at a price which represented an abnormal profit; how they sold their wheat at a low set price and then paid a high price for their flour; how they sold their wool and hides at a comparatively low price and paid a very high price for their clothing and shoes. They received no money for their eggs and butter—simply a credit memorandum.

They decided that the only remedy for this situation was for the farmers to take things into their own hands; to operate an up-to-date store in Twin Falls where the profits would return to the purchaser, thus helping to reduce the high cost of living; where cash would be paid for everything bought from the farmer. They agreed that 100 many middlemen were non-producers and lived at the expense of the producers and consumers—that an organization of farmers should meet with an organization of consumers.

It was late in the night when these men separated, with the determination that lasting good should come to Twin Falls county from their deliberations. Dr. John E. White was approached and asked to push the movement. For several months he has been working hard organizing the forces. A thorough investigation showed that the Rochdale Plan was the one best adapted to local conditions. A meeting of stockholders was recently held and the following influential men were appointed directors: F. H. Black, C. E. Eldred, C. W. Griggs, C. H. Hempleman, F. H. Homan, W. W. Parish, A. J. Requa, E. W. Shanks, and John E. White.

The Corbett building, near the post office, was purchased and on Monday the doors of the institution were thrown open. The most optimistic could not have foreseen the avalanche of business which immediately came its way. All the week the clerks have been busy waiting on the supporters of the co-operative movement. Time and again the shelves have been replenished with new goods from the plentifully supplied store-room.

An option has been taken on a warehouse and several lots opposite the Southern Idaho Wholesale Grocery Co. Here it is proposed to deal on a large scale in Lumber, Coal, Sacks, Binder Twine, etc., etc., etc. Important announcements in this connection will shortly be made.

Saturday will be the big day. Every person in Twin Falls county is invited to come and see the store of the Twin Falls Rochdale Co-operative Association. Many extra clerks will be added to the regular force to take care of the enormous trade.

When you make a purchase at the Co-operative Store you not only get the best value for your money but you uphold the principle underlying this movement.

The good wishes of the whole community will attend upon this honest effort to increase the buying power of the dollar. The standing of the men who comprise the Board of Directors is sufficient guarantee that the enterprise will be run with integrity. These men are giving their time for the good of the community at large, with no remuneration to themselves, and the community will show its appreciation of their efforts by making this institution the biggest in Twin Falls county.

PARTLY TRUE.

Mr. Townley's Non-partisan league "kept press," wherever it has found root throughout the country here and elsewhere, has burst into simultaneous bloom with an article eulogistic of the nine months' record of the Bank of North Dakota, which, with some propriety has been denominated the cornerstone of the structure of state socialism reared in that state.

The article, with minor exceptions, is to be accepted as veracious—as far as it goes.

The claim that the bank "has set aside a surplus of \$40,000," or, to be exact, and in accord with prior declarations from the same source, "showed a profit for the first five months of its organization of \$47,522.17," might be disputed upon a showing which may be easily verified, that in order to arrive at this profit the bank included among its earnings an item of \$40,719.61 as accrued interest on the bank's bonds. These bonds were issued by the state of North Dakota and the proceeds from their sale was to become the capital of the Bank of North Dakota.

On the other hand, there can be no dispute over the accuracy of the statement that the bank pays four per cent upon time certificates of deposit and two per cent on the average daily balances. The inspired article in question, however, does not assert the fact that funds which pass through the bank can only be loaned at eight per cent. It contents itself with the declaration that it "has reduced the average rate of interest paid on farm loans more than two and one-half per cent."

Disposition to wonder what the prevailing rate of interest in North Dakota prior to the organization of the state bank must have been is perhaps to be excused in connection with consideration of those seemingly opposing statements. If both be true then North Dakota interest rates must have been something in excess of ten and one-half per cent.

It is barely possible that further abolitions of the North Dakota dictatorship may clear up these questions, and may even go so far as to explain somewhat of the organization plan of the state bank. In the meantime and before jumping immediately to the conclusion that a twin sister of the Bank of North Dakota would be a desirable thing in Idaho, it is to be recommended that consideration be given this side of the question as presented by the Red Flame, a North Dakota publication, whose assertions in this respect are based upon matters of record and easily to be defended or disproven.

"The bank is governed by three men—the Governor, the Attorney General and the Commissioner of Agriculture and Labor. These men hold office for two years and must be nominated at the primaries and elected at a general election. The bank is foredoomed to a political career.

"It is not governed by the usual system of banking laws which have been developed since the establishment of modern banks at the time of William and Mary, but by rules made by this political governing body. We venture

the assertion that it is the only bank doing banking not governed by laws but by rules made by the governing body.

"The bank is not required to keep a reserve. State banks must keep a reserve on hand equal to twenty per cent of their demand deposits and ten per cent of their time deposits, a national bank keeps fifteen per cent of its notes in reserve. This bank, however, can loan all of its money and keep nothing to pay its depositors.

"The bank can loan all of its money to one individual and overdrafts are not forbidden. State banks may not loan more than fifteen per cent of their capital stock to an individual and all overdrafts are forbidden.

"This bank may not be declared insolvent except by the legislature. All public treasurers must deposit public funds in it under penalty of ninety days in jail and \$100 fine. Yet, while such deposits are being made, the bank may be insolvent and refuse to honor the warrants of the political subdivisions marking the deposits. No penalty is attached to the mishandling of the funds. If they are squandered or embezzled, the people can only gracefully kiss them goodbyes and submit to a tax to make good the deficit."

BERGER

BERGER, Idaho.—Mrs. A. A. Parrott is seriously ill and has been taken to Twin Falls for treatment.

School closed Friday. The teachers and pupils had a picnic dinner in the school house. Miss Pauline Ripley returned to her home in Twin Falls Saturday and Miss Laura Kiefer will remain in her home in Twin Falls this week. It is reported that Miss Ripley has been hired again for next year.

A farewell reception was given in the school house Friday evening to Mr. and Mrs. H. O. Lammer. It was a complete surprise to them, those being a large crowd and a beautiful supper was served late in the evening. Mr. and Mrs. Lammer and daughter, Mrs. Mabel Young and children, are moving this week to their new home in Twin Falls.

Mrs. J. M. Pierce and son, Howard and Lyle, returned from Twin Falls Friday where the boys had been attending school the past year. Howard Pierce graduated this year.

Miss Fie Thomas has been home from Twin Falls over Sunday where she is attending business college.

Mr. and Mrs. Fred Morkle and children and Mrs. George E. Pyle were at the H. G. Lammer home Sunday.

Mr. and Mrs. R. E. Lammer made a business trip to Hallister Monday.

Mr. and Mrs. Elias Clevinger have arrived from Lay county, Mo., and are visiting at the home of their daughter, Mrs. Emmett Craven.

Mrs. G. L. Warner arrived last Saturday from Springfield, Mo., and is visiting with Mrs. Frank Zell, three miles east of town. Mr. Warner came about two weeks before her arrival.

Attorney E. R. Danler has returned from a business trip in Great Falls, Mont.

Miss Emily Sirokey of Paul returned home Saturday after spending a few days here visiting her sister, Mrs. O. L. Waggoner.

James A. Parish, brother of Mrs. Lloyd Nelson, arrived this week from San Antonio, Texas, and will spend the summer here with his sister.

Miss Wanda Duke, who taught the sixth grade in the Peralta school, went to Twin Falls last Friday, where she will spend a week visiting friends, later going to her home at Hotakias, Colo., to spend the summer with her parents. She has not planned on returning here to teach next year.

About 23 members of the freshman class, chaperoned by Miss Burke and Miss Prater, made a trip to Artesian City last Friday after receiving their report cards. They went in open trucks and were caught in a hard rainstorm.

Mrs. Elmer White has arrived from Salt Lake and will spend about three weeks here visiting her mother, Mrs. V. V. Kaufman and other relatives.

Thomas Martin and wife departed on an extended trip in the east. They will spend the summer visiting a son in Nebraska and another son in New York.

J. Nugen arrived the last of the week from Spokane, Wash., and expects to spend most of the summer here visiting his daughter, Mrs. Z. J. Small and son.

Mr. and Mrs. G. A. Nelson and son, W. C. Nelson, wife and two small children, arrived recently from Los Angeles, Cal., where they are again located on their farm five miles north of town.

Mrs. C. Hunt and daughters, Mrs. Caddie Smith and Mrs. W. A. Pierce, were the guests of T. E. Clark in Paul last Friday.

Misses Florence, Helen and Marion Condy departed Saturday morning for Comper, Alberta, Canada, where they will spend the summer with their brothers, Henry and Fred Condy, who are farming there. Miss Florence Condy has been bookkeeper for the Rupert Book and Milling company for the past two years and Miss Helen Condy taught in the Rupert school last year.

Mr. Condy is in California, where he will spend the summer. Mrs. C. King, who was operator in the Western Union telegraph office here for some time, moved his family to his farm near Milner, Idaho, the last of the week to spend the summer.

MURTAUGH

MURTAUGH.—Mr. and Mrs. J. L. Silvers and family, Mr. and Mrs. E. Steinhorn, Mr. Doll Hinman and Miss Mae Hill motored to Kimberly Friday evening for the high school commencement exercises.

Mr. and Mrs. William Landau were Twin Falls visitors Thursday.

Miss Mary Sheffer who has been teaching at Moran, is visiting at the home of her sister, Mrs. E. Steinhorn.

Mr. and Mrs. Diggers of Oklahoma are visiting at the home of Mr. Diggers' brother, D. D. Diggers.

Miss Elsie Summers of Noocho, Mo., is visiting Miss Susie Briggs.

Mrs. Carl O'Harbo and baby of Twin Falls, who have been visiting at the Mellafie residence, returned home Sunday.

Mrs. Ethel Kandel of Twin Falls visited at the Jessa George home last week.

Mr. and Mrs. E. F. Walker spent Thursday in Twin Falls.

Mrs. P. J. Fahoy and daughter, Katherine, are visiting relative and friends at Pocatello and Idaho Falls.

Mrs. R. H. True left Saturday morning for Boulder, Colo., where she was called by the illness of Mr. True's sister.

Mrs. T. D. Nash and sons, Paul and Howard, left Friday morning for Pocatello, Idaho, where they will visit two months at the home of Mrs. Nash's parents.

Mr. and Mrs. Thomas McFallio and family are visiting in Twin Falls.

Mr. and Mrs. J. H. Fahoy and daughter, Katherine, are visiting relative and friends at Pocatello and Idaho Falls.

Mrs. R. H. True left Saturday morning for Boulder, Colo., where she was called by the illness of Mr. True's sister.

Mrs. T. D. Nash and sons, Paul and Howard, left Friday morning for Pocatello, Idaho, where they will visit two months at the home of Mrs. Nash's parents.

children left Tuesday morning for Tennessee where they will make their home.

Mr. and Mrs. B. F. Jain and sons and Mrs. Ed True attended the high school commencement exercises at Twin Falls Thursday.

Anna Thompson entertained the Red Five Girls at her home Thursday afternoon. The afternoon was spent in games. Refreshments were served.

The W. O. W. lodge gave a dance at the lodge hall Saturday evening.

HAVE DARK HAIR AND LOOK YOUNG

Nobody Can Tell when You Darken Gray, Faded Hair with Sage Tea

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. When over her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

By asking at any drug store for "Weyth's Sage and Sulphur Compound" you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost.

This simple mixture can be depended upon to restore natural color and beauty to the hair. A well known down town druggist says everybody uses Weyth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful.

MOTOR CARAVAN GOING TO BUHL

Every Available Auto to Be Lined Up for Triumphant Entry to Carnival City

Every available automobile will be lined up immediately after 6 o'clock this evening near the Hotel Perin to form a motor caravan for a trip to Buhl. The train will be Twin Falls' representation at the Buhl open-air carnival, being staged today by the chamber of commerce of that place. The Twin Falls Chamber of Commerce has made plans for the assembling of a train of machines to carry celebrants from this place to the west end metropolis this evening. It is the purpose to make the train as extensive, elaborate and impressive as is possible. The cars will be suitably decorated with streamers pertaining to this city and vicinity, and the occupants will be equipped with all manner of myth and joy-making instruments. The program contemplates a stop of all the cars on the outskirts of Buhl to line up in parade form and then make the entry of Buhl impressive and inspiring. Secretary Nowell S. Wright of the chamber of commerce, will be in charge of the affair.

The festivities at Buhl began at 10 o'clock this morning with an impressive street parade in which there were decorated autos, floats, horse-drawn rigs of various sorts, bicycles, marching bands, including clowning and juggling, and a variety of sports at intervals; coteries of city officials, business men, lodges, trades unions, boy scouts and school children.

At 11 o'clock a program of athletic sports was provided in the city park and noon luncheon was served in the park. This afternoon's amusement features include more athletic contests, such as sprints and longer races for boys, girls, men and women, attractions on the Midway Pleasure. During the entire afternoon there will be a series of aerial flights. The carnival will continue throughout the night.

BOY PLEADS GUILTY. John R. Ault, of the juvenile department, led by Buhl, accompanying a 15-year-old lad who was recently taken in charge after formal complaints of theft had been lodged against him. The boy pleaded guilty before Judge O. P. Duvall to the theft of a bicycle, which has been recovered and returned to the proper owner. The lad will be returned to his father's farm.

Deaths

Funeral services were conducted at St. Edward's Catholic church this morning for Joseph Kelly, 10-year-old son of Mr. and Mrs. C. J. Kelley of the Kimberly district. Burial was made in Twin Falls cemetery. The boy was drowned in Rock Creek last Sunday.

CARVER COLLAPSES AS HE TELLS HIS STORY

Farmer Accused of Murder Experiences Physical Breakdown while on Stand

Displaying unmistakable signs of great agitation as well as mental and physical exhaustion William M. Carver this morning took the stand in cross-examination on charges of murdering a sheepherder, Bilboa. Carver testified on direct examination yesterday afternoon, being on the stand from about 4 o'clock to nearly 5. At that time he collapsed and was unable to proceed with his testimony. The cross-examination of Carver was conducted by Judge E. A. Walters and dealt with features relating to the circumstances leading to the alleged altercation subsequent to which Bilboa was shot at Illas into in March. He also told of personal attempts to get aid to Bilboa. It is not expected the case can be completed before late tomorrow afternoon as there are still many witnesses to call. Interest in the trial is decidedly keen, there being many men and women in attendance at all sessions, some of these having been present from the early moments of the trial. All the testimony is followed closely and with rapt attention.

Plans for Club Resort Are Rapidly Ripening

Guyot Hotel Property May Soon Be Turned Into Privately Owned Institution

Plans for the transfer of the Guyot Hot Springs hotel above Ketchum to a company composed of southern Idaho business men together with a large acreage adjoining, are developing rapidly according to word received in Twin Falls this week. The proposition of establishing a privately owned resort through the organization of a stock company to put the money for the purchase of the hotel and necessary grounds was first broached here by E. W. Shubert, for some seasons past manager of the property and a host of many years experience. Mr. Shubert spent some days in Twin Falls about a year ago and at that time secured pledges or subscriptions amounting to several thousand dollars. Since that time he has succeeded in interesting others in southern Idaho towns and it is expected that definite steps for the closing up of the proposition may be taken within the next several weeks. In the general way the plan has been to organize a company consisting of as many as cared to join, to buy the hotel property to be used as a clubhouse and a sufficient acreage in addition to permit of the erection of individual cottages for all who cared to have them. A private electric plant run by water power on the premises will be used to supply both electric lighting and cooking in the cottages and other modern facilities will be provided. The project was with considerable favor in Twin Falls at the time of Mr. Shubert's last visit.

ORGANIZING OF TROOP PROCEEDS

Dr. Deane Commended by the State Adjutant on Cavalry Organization Progress

Expressing gratification with the progress being made toward the organization of a cavalry post in Twin Falls L. V. Patch, state adjutant general, has written Herbert C. Deane, chairman of the committee in charge of the organizing effort explaining requirements and telling of his personal interest in the troop project. The adjutant general also commends Dr. Deane in highest terms for the effort he is extending in this respect. "Am very much pleased at the progress you are making and especially the quarters you have procured for the horses," Adjutant Patch writes. "Continuing he vests Dr. Deane with entire authority to proceed with the work. In this regard he writes as follows: "As to your authority for organizing this troop would state that I gave you this authority when I called on you in Twin Falls and this letter which I am now writing you is also authority for you to proceed with the organization of this troop."

Here follows a paragraph dealing with the generalities of interest chiefly to the recipient of the letter. The final paragraph deals with necessary requirements and reads as follows: "Just as soon as you have a list of 80 names kindly wire me and we will proceed immediately to Twin Falls and muster in the organization. Experience has taught us that it requires some 60 days to get equipment for an organization after it has been federally recognized. However, we may be able to get it sooner." Dr. Deane is in personal charge of the membership list and reports that more than one-half the number of members required have signed for enrollment.

MOTOR TRUCK TRAIN COMES HERE MAY 24

According to a schedule of running the motor truck train, which has started on a trip through Utah and Idaho, will reach Twin Falls next Monday, and will make a stop of considerable length in this city. The train left Salt Lake last Monday and has already passed the border of the state of Idaho, reaching Preston yesterday morning. It will arrive in Idaho Falls tomorrow. Following is the itinerary from that place: Arrive Idaho Falls tomorrow, May 22; arrive American Falls evening, May 22; arrive Burley afternoon, May 23; arrive Teton Falls afternoon, May 24; arrive Juntura evening, May 25; arrive Gooding evening, May 25; arrive Bliss, noon, May 26; arrive Mountain Home afternoon, May 26; arrive Boise morning, May 27.

READ THE CLASSIFIED ADS

PYTHIAN KNIGHTS PLAN BIG FROLIC

Contest Losers Arrange Elaborate Entertainment for the Victorious Squad

A frolic of considerable importance is planned by the Knights of Pythias for tomorrow night. The affair will be in form of a penalty to be paid by the losing squad in a membership drive to the winners. A. L. Meyer, as captain of the losers, is in charge of the affair and has lined up a program of merit for this occasion. The carnival will be held in the Masonic temple beginning at 8 o'clock. Music and various light sports will engage attention, the festivities closing with the serving of refreshments. The program includes the following numbers: Prayer by the Rev. W. A. Moore; solo by Wilton Peck; reading by Hal G. Blue; violin solo by J. L. Blackmore; soldier talk by M. B. Jack; "One Year in Germany and Escape"; American Legion quartet; comedy comedians; mock marriage and shower, Blain and Patton; men's soap-sating and needle-threading contests; ladies' card driving contest; children in paper rolling races; ladies' luncheon drive. Fortune telling with jail and court scene. In the latter W. A. Minnick will be installed as presiding judge, the trial having some unique and entertaining features.

BOYS SENT HOME. Juvenile Officer John R. Ault yesterday evening picked up Bert Haggel and Wallace Bink, 15-year-old lads of Hanson who are said to have started yesterday on a hike to California. The boys were returned to their parents this morning.

To Quiet Title. Suit has been instituted in the district court by Swooley & Swooley, attorneys representing Milton J. Murray and Hannah B. Murray, against J. W. Stansbury and Anna Stansbury. The action involves title to a lot in Twin Falls owned by the defendants claiming an interest in the property.

MEETING IS CALLED. Announcement is made that on Friday night this week, a meeting of the World War Veterans will be held in the basement of the Christian church.

If you want first class auto top work you don't have to go out of town for it. We have a Los Angeles trimmer. See us. Fred Foss—adv.

Sim Smiley Sings in Poetic Rhythm an Uplifting Lay

SIM SMILEY, sagebrush singer always optimistic, takes charge of this department on one brief day with: When a bit o' sunshine hits yo, Arter th' partin' o' a cloud, When a bit o' laughter gits yo, An' yer spine is follin' proud, Don't forget to up an' fling yo, At a soul that's a-follin' blue— For th' minute the yer ailing it, It's a boomerang for you.

Tonight and Friday air ter be warmer, often yer kin place confidence in what th' head o' th' weatherworks has ter say about en it. All o' th' days, an' nights too, fer that matter, air purty much th' same just now. But it's fine weather for th' farmer folk.

Social Notes

Mrs. V. H. Ormsby entertained the Wednesday Bridge club at her home on Second avenue last yesterday afternoon. Miss Cora Greenhow was successful in winning high score and received two dainty handkerchiefs. Fourteen members were present and Mrs. T. C. Hollister of Idaho Falls was a guest of the club.

Mr. and Mrs. L. C. Closs entertained at dinner last evening complimenting their house guest Mrs. T. C. Hollister of Idaho Falls and Mr. and Mrs. P. C. McLean who have come here recently from that city to make their home.

The final meeting of the season of the Current Events department will be held at the home of Mrs. London, 229 Fourth avenue east on Friday afternoon at 2:30.

Mrs. Jack Shreut was hostess to the M. C. B. club yesterday afternoon at the country home of her sister, Mrs. T. A. Reed. Seven members were present and Mrs. J. F. Coughlin was a guest of the club. Mrs. Reed won the honors for high score.

Mrs. J. C. Moore entertained the T. S. S. club yesterday afternoon at her home in South Park addition. A deli-

icious two-course luncheon was served. Nine members were in attendance and Mrs. A. C. Putnam, Mrs. Cashin and Mrs. W. H. Karis were guests of the club.

Mrs. Irene Kellogg was hostess to the Ninth avenue club yesterday afternoon. Roll call was responded to with a poem. Those present were Mesdames T. C. Murray, Anna Patrick, R. M. Sordifre, Elizabeth Hubbard, Edna Tolbert, C. L. Bowen, Combs, B. E. Higdon, P. L. Sheneberger, G. D. Howard, E. F. Miller and Miss Hubbard. Mrs. Churchill and Mrs. Carroll were guests of the club. Dainty refreshments were served at the close of the meeting.

Mrs. J. B. Steele entertained Monday evening complimenting Miss Ida Bartholff, Miss Hazel Bishop and Miss Eva MacDonald. Cards and dancing formed the amusement for the evening. Kenyon Green winning the prize for high score. The rooms were beautifully decorated with yellow wild flowers. Lunch was served throughout the evening and at midnight a three-course luncheon was enjoyed. Those present beside the guests of honor were the Misses Nell Jones, Dolly Hagan, Inez Ormsby and Mary Daley. Messrs. Kenyon, Green, Charles and Don Meyer of Kimberly, Cleve Costello, N. S. Wright, Ray Donahue, Dr. Cutler and Mr. Anderson. The honored guests were each presented with a dainty gift.

The Leap Year dancing party given by the Ekka last evening was a most enjoyable affair. Punch was served throughout the evening. This was the last dance of the season.

HOLLAND TAKES NEW NAME MINNEAPOLIS, Minn., (P)—Sverre Holland thought his name suggested too much profanity, so he petitioned the district court here to allow him to change his appellation and selected Lewis Moore as his title. His petition was granted.
