VOL. 3, NO. 28

TWIN FALLS, IDAHO, FRIDAY, MAY 21, 1929

PRICE FIVE CENTS

## APPROVES LOAN FOR PURCHASE OF RAIL EQUIPMENT

### Interstate Commerce Commission Takes Action Looking Toward Relief in Congested Traffic Situation

### ESTIMATES \$125,000,000 QUARTER OF SUM NEEDED

### Proposes Disbursement of the Funds Advanced Through National Corporation with

WASHINGTON, (AP)—A loan of at least \$125,000,000 out of the \$300,000,000 revolving fund to enable railroads to purchase equipment required to meet transportation needs of the public was approved today by the interstate commerce commission.

**Other Important Steps.**  
The commission in a few hours has taken three other important steps toward breaking the freight congestion. These were orders for:  
Forwarding of traffic without reference to previous routing, negotiation of all railroad rules governing car service; transfer of 32,000 coal cars from west to east, and of 29,000 box cars from east to grain fields of the west. These moves were expected within ten days, members of the commission said, but they expected that a much longer period would be required to "get the entire tangle straightened out."

Other recommendations for the disbursement of the revolving fund provided in the transportation act were as follows:  
Temporary reserve for claims and judgments \$40,000,000; appropriation for short line railroads, \$12,000,000; temporary reserve for materials, \$50,000,000; appropriation for railroads and betterments which will promote the movement of cars, \$73,000,000.

**Meets One-Fourth of Needs.**  
New equipment is estimated by the interstate commerce commission at 2000 locomotives and 100,000 freight cars, including 20,000 refrigerator cars. The commission estimated that equipment already ordered and to cost \$100,000,000 represented probably less than 25 per cent of that needed.

It is evident, the commission's statement said, that the equipment required cannot be secured unless the carriers themselves assume the burden of financing the remaining 75 per cent.

The commission said allocation of the \$125,000,000 for equipment would be made according to the percentage which the standard return of a company bears to the total standard return of all the railroads.

**Hearings on Applications.**  
Hearings to consider application for loans will be held here May 29 and the commission asked that applications embody detailed statements of the transportation needs which the carrier would be unable to meet and what service for the public could not be performed if the loan asked for was not granted. Statements of security offered and the carrying power of the applicants.

The \$125,000,000 in equipment might be disbursed, the commission said, "through a national equipment corporation."

## Persia Appeals to League of Nations

LONDON, (AP)—Persia has appealed to the league of nations to protect her against Bolshevik aggression. The appeal, which follows the handling of Bolshevik forces on Persian soil from the Caspian sea, was made through the Persian foreign minister, who is in Paris.

The appeal alludes to the presence in Enzeli harbor of warships belonging to the anti-Bolshevik forces of General Denikin, and maintains that Persia acted within her rights as a neutral with regard to these vessels.

## POLISH TROOPS COUNTERATTACK AGAINST SOVIET

### Bolshevik Forces are Forced Back Twelve and One-Half Miles at One Point on Northern Sector of Battle Front

WARSAW, (AP)—Polish troops, counter-attacking Bolshevik forces on the northern sector of the battle front, have driven the soviet army back 12 1/2 miles near Krzyzopol, according to an official statement issued here today.

The statement declares that on the middle Beresina sector the Bolsheviks were repulsed when they tried to force their way across the river.

**East Russian Soviet Objective.**  
General Alexis A. Brusiloff, former commander-in-chief of Russian armies, is understood to have assumed command of the Bolshevik offensive against Poland. In Polish military circles they say the soviet attack is designed to overrun Lithuania and extend the Bolshevik front westward to East Prussia.

**Claim Germans Aid Reds.**  
Information indicating some elements in Germany are determined to help the Russian Bolsheviks continues to be received here. It is said in military circles. The latest report is regarding upper Silesia, where German armed forces have been assembling on the borders of the polifacite area. News papers here today published dispatches stating that 4000 security guards had arrived in upper Silesia by special train.

For weeks, it is declared, Germans have been hauling ammunition into Silesia, hiding it beneath beets in railroad cars.

**BOLSHIEVS CLAIM SUCCES AGAINST POLES ON DVINA RIVER**  
LONDON, (AP)—Russian soviet troops are continuing their pursuit of the Poles in the region of Volhynia and the Dvina river, according to an official announcement issued in Moscow and received here by wireless.

## World News Events

**PARIS, (AP)—**The general federation of labor decided today to call off the strikes it had ordered in support of the railwaymen's walkout. The decision for the resumption of work was reached by a vote of ninety-six to eleven.

**MADRID, (AP)—**Martial law has been proclaimed here as the result of bread disturbances. Collisions occurred between police and crowds engaged in food riots in several districts of the city yesterday and for a time great excitement prevailed. In many instances mounted police rode in among the people to disperse those engaging in demonstrations. The situation here because of the lack of bread is apparently becoming worse.

**BERLIN, (AP)—**The strike in the Hamburg shipyards has been settled, it is announced in advices from Hamburg today, and the workers will resume their labors at once. Before the settlement, collisions occurred yesterday between strikers and security police as a result of which three persons were killed and ten others wounded.

## CATHOLICS TO OBSERVE PIONEER NUNS' COMING

Semi-Centennial Arrival of Sisters in Tucson to be Celebrated Throughout Arizona

TUCSON, Ariz., (AP)—Travel-stained and weary, the nuns who had braved hundreds of miles of sand and heat on the southwestern desert, rode into Tucson on the jolting stage from San Diego that was Indiana and white outlaws wore the perils of the road. On May 26 of this year, the semi-centennial of their coming will be observed here by Catholics from all parts of the state.

On the morning of that day, Rt. Rev. Henry Gray, bishop of San Diego, will celebrate pontifical high mass at St. Augustine's cathedral. Afterward a jubilee will be held at St. Joseph's academy, founded by the order to which the pioneer nuns belonged. These pioneers came from the mother house of Carmel, St. Louis. They had ridden down the coast to New Orleans, took ship around the Horn of San Diego and completed their long journey by stage.

## ASSERTS CLAIM TO CREDIT FOR LOWER PRICES

### Assistant Attorney General Declares Department of Justice Investigations Material Factor in Movement

### GOTHAM MERCHANTS MAKE DEMANDS ON WHOLESALERS

### Traders Express Opinion that Reaction is Bound to Follow Stimulate Buying without Increase in Production

WASHINGTON, (AP)—The wave of price reductions in wearing apparel which has spread to every important city, is due largely to public withdrawal from the market and to the investigation conducted by the department of justice, in the opinion of Assistant Attorney General Garvan. While he said he did not believe the department "deserved too much of the credit," Mr. Garvan refused to endorse claims of merchants that they were actuated solely by patriotic motives.

**PRICE CUTTING MOVEMENT REACHES N. Y. WHOLESALERS**  
NEW YORK, (AP)—The price cutting movement here today reached some wholesalers, when managers and buyers of prominent department stores announced their establishments would refuse to purchase from jobbers until substantial reductions were made. The department stores, which claim to offer reductions of from 15 to 50 per cent, now demand that wholesalers make concessions to them.

Some wholesalers of wearing apparel declared they believed the price cutting movement to be artificial and uneconomic, asserting that it has stimulated buying without a corresponding increase in production, and a reaction was bound to come.

The first reduction in food was announced yesterday when one of the largest eateries and restaurants in the city stated it had cut all items on its menu 30 per cent.

Henry P. Davison, of J. P. Morgan and company, today was subpoenaed to testify before the joint legislative committee investigating profiteering. His opinion on the cause of the present economic situation will be sought, it was stated.

**INDEPENDENTS PROTEST AT CHARGES AGAINST PACKERS**  
WASHINGTON, (AP)—Protestants against charges of profiteering being lodged  
(Continued on Page Four)

## REVOLUTIONISTS MOVE ON TORREON TO BLOCK VILLA

### Huertado Under Orders to Intercept Bandit Leader Purposing Seizure of Coahuila Wheat Crop

### EFFORTS CONTINUE TO BRING VILLA IN LINE WITH MEXICAN REVOLT AIM

PIEDRAS NEGRAS, Mexico, (AP)—One thousand liberal revolutionary troops under command of General Jose Huertado left here today for Torreon following receipt of advices that Francisco Villa and his band of rebels was heading toward Mazamitla, Coahuila, with the avowed object of taking possession of the wheat crop in that section. Huertado was under orders to block Villa's reported plans.

Rafael Zubaran Ocampo left here last night for Chihuahua City to confer with General P. Elias Calles. It was understood the question of an ambassador to the United States and other diplomatic subjects would be discussed. Senor Ocampo was well known as a Mexican diplomat under the regime of President Diaz.

Piedras Negras merchants were called upon today for a loan of thirty thousand pesos to help finance the new government. Twenty-five per cent of the customs duties collected at this port will be set aside to repay the loan.

**CHICAGO, (AP)—**Prices came down here after the close on the board of trade. All grain and provisions declined in the big tumble. Corn and pork underwent extreme breaks, respectively, 7 3/8 cents a bushel and \$2.05 a barrel, July delivery of corn touching an all-time low of \$1.64 1/4 and July pork \$34.55.

Belief that a drastic order would be issued for the railroads to move grain on a priority basis was largely responsible for a selling stampede that caused the smash in values. Much of the selling appeared to be in the nature of unloading by holders who no longer saw a chance for profits on the bull side of the market.

The downward sweep of the markets was so rapid that it was almost impossible to fill orders at blackboard quotations. Houses with country connections were especially active in the selling. Tightening of credit revived continued notice as a bearish factor and so too did extension of department store price cutting in widely distant cities.

Some indications of an adjustment were seen in the unofficial announcement that Manuel Palacios, commander in the oil region, was on his way to Mexico City after a conference. Oil company representatives have asserted that hesitation in payment of taxes was due only to the doubt as to whom they should pay a duty, that should be removed, it was said, by the conference between Obregon and Palacios.

**Rivals for Presidency.**  
Mexico City papers yesterday carried reports that revolutionary forces were closing in on Carranza. They also said the contest for provisional president to be named by congress May 24 would be between General Gonzalez and Alvaro de Huerta.

General Obregon has returned to Mexico City and troops for the inaugural parade are arriving. Huerta is expected to arrive Monday.

According to the press, provisional government troops from the states of Sonora, Chihuahua, Coahuila, Durango, Colima, Guerrero and Flores, were being moved to the states of Michoacan, Guanajuato and Jalisco.

**Huertado After Arrieta.**  
Border advices to the state department here today indicated that Huertado was preparing to leave Piedras Negras for Torreon on the Coahuila-Durango border to begin a campaign against General Arrieta, federal governor of Durango, who is said to have 500 men and holds the city of Durango for the Carranza government.

**Elimination of Villa is Believed Unlikely**  
CHIHUAHUA CITY, Mexico, (AP)—General P. Elias Calles, minister of war for the new revolutionary government coming into power in Mexico, left here tonight for Torreon on his way for Mexico City after conference with envoys from General Francisco Villa.

The conference, it was understood, did not result in the acceptance of conditions laid down by Villa, whereby he would retire to private life. Results of the conference, it was said, would be announced in the near future.

Elimination of Villa as a military or bandit factor in northwestern Mexico in the immediate future because of the conference, he believed unlikely. However, revolutionists announced means for his elimination were being considered. General Calles announced earlier that the revolutionists were ready to guarantee safety for his life and personal guarantee, but nothing which would give him a voice in the new government.

**WESTERNERS CLEAN UP.**  
URBANA, Ill., (AP)—The University of California tennis players made a clean sweep of the matches with the University of Illinois players yesterday.

## HOUSE ADOPTS RESOLUTION TO SEND WAR STATE

### Nineteen Democrats Join Majority in Endorsing Peace Proposal with Two Republicans Voting Against It

### INABILITY TO OVERRIDE VETO IS MADE EVIDENT

### Administration Party Members Vainly Oppose Acceptance of Senate Substitute for Original Measure

WASHINGTON, D. C., (AP)—The resolution which was adopted finally today by the house. It now goes to the president.

The house majority accepted the senate substitute for the original house resolution, democrats vainly opposing it.

**Veto Likely to Stand.**  
The vote approving the resolution was announced as 228 to 139, which was taken to indicate that a veto by the president could not be overridden.

Nineteen democrats joined with the republicans in opposing the resolution, while two republicans, Representatives Kelly, Michigan, and Fuller, Massachusetts, voted against it.

**Democratic Supporters.**  
Democratic supporters of the resolution included: New York, Caldwell, New York; Carey, New York; Cullen, New York; Dooling, New York; Evans, Nevada; Gallivan, Massachusetts; Gann, New York; Goldberg, New York; Hamill, New Jersey; Huddleston, Alabama; McKinley, New York; McLane, Pennsylvania; Mahler, New York; Mead, New York; O'Neil, New York; O'Neely, Massachusetts; Sullivan, New York; Tague, Massachusetts.

## OHIO JURIST PROTESTS LIMITATION ON EXPENSE

### State Auditor's Refusal to Pass \$40 Bill for Day's Meals Starts Discussion

COLUMBUS, O., (AP)—Expense accounts of public officials have come under discussion in Ohio with the refusal of the state auditor to pass an expense account turned in by several judges. When the auditor held that \$5.00 was too much for even a judge to pay for a day's meals, he told of the state's money, one of the jurists voted vigorously in protest.

Justice Willis Vickery and Judge T. S. D. were among the jurists who court at Cleveland, and State Auditor A. V. Donahoe are the officials concerned.

Replying to Donahoe's ruling, Justice Vickery requested that he be told on what authority the state auditor supervised his expense accounts. Donahoe answered: "Judge, when a man eats \$2.40 worth in one day to keep body and soul together, as auditor of this state I do not consult the law, as guardian of the taxpayers' money, I consult my common sense."

Justice Vickery wrote that he intended to live at a first class hotel "and I presume the auditor had the right to have the money necessary therefor, and if the state won't pay it, I'll either go without the money or know the reason why."

Justice Vickery said that regulations of the high cost of living \$5 is sufficient to cover both lodging and meals for any public official.

## LIBERTY BONDS ADVANCE

Heavy Buying on Stock Exchange Results in Substantial Recoveries

NEW YORK, (AP)—Heavy buying of liberty bonds on the stock exchange at the first hour of today's trading on the stock exchange resulted in many substantial recoveries for those issues from their previous declines.

Liberty second 4s rose to \$82.70, an advance of \$1.30, first 4s 1/4 to \$87.10, an advance of \$1.40, second 4s 1/4 to \$85.50, first 4s 1/4 to \$87.10, an advance of \$1.30, and fourth 4s 1/4 to \$82.30, were strongest of all at a gain of \$4.30. Liberty 3s 1/2 advanced 86 cents to \$86.00 and the 4s 3/4 gained \$1.30 to \$85.00. Dealings in these issues up to 1 o'clock approximated \$9,600,000 par value.

## PRICES DROP ON BOARD OF TRADE

### All Grain and Provisions Join in Tumble; Corn and Pork Make Extreme Breaks

CHICAGO, (AP)—Prices came down here after the close on the board of trade. All grain and provisions declined in the big tumble. Corn and pork underwent extreme breaks, respectively, 7 3/8 cents a bushel and \$2.05 a barrel, July delivery of corn touching an all-time low of \$1.64 1/4 and July pork \$34.55.

Belief that a drastic order would be issued for the railroads to move grain on a priority basis was largely responsible for a selling stampede that caused the smash in values. Much of the selling appeared to be in the nature of unloading by holders who no longer saw a chance for profits on the bull side of the market.

The downward sweep of the markets was so rapid that it was almost impossible to fill orders at blackboard quotations. Houses with country connections were especially active in the selling. Tightening of credit revived continued notice as a bearish factor and so too did extension of department store price cutting in widely distant cities.

Some indications of an adjustment were seen in the unofficial announcement that Manuel Palacios, commander in the oil region, was on his way to Mexico City after a conference. Oil company representatives have asserted that hesitation in payment of taxes was due only to the doubt as to whom they should pay a duty, that should be removed, it was said, by the conference between Obregon and Palacios.

**Rivals for Presidency.**

**VILLA HOLDS BRITISH CITIZEN PRISONER FOR \$50,000 RANSOM**  
WASHINGTON, (AP)—George Miller, a British citizen, is being held by Francisco Villa for \$50,000 ransom, according to official advices today to the state department from Chihuahua.

It was not stated whether Miller was captured in an attack on Parral, where he lived, or was kidnaped. He was superintendent of the Alvarado Milling and Mining company of Parral.

EL PASO, Texas, (AP)—George Miller, a British citizen, is being held by Francisco Villa for \$50,000 ransom, according to official advices today to the state department from Chihuahua.

It was not stated whether Miller was captured in an attack on Parral, where he lived, or was kidnaped. He was superintendent of the Alvarado Milling and Mining company of Parral.

Miller and another mining man visited the bandit's camp at Juquila, Chihuahua, several days ago and Miller was detained and held for ransom.

Miller was advised to make arrangements for the ransom, it was said. A correspondent of the Associated Press interviewed Villa at Boniquillas, Mexico, and had evidence of the presence of Miller was mentioned by him. Neither was mention made of Miller. Villa told the correspondent that he had foregoers he had molested who were held to wait his bid for the purpose of obtaining information about outside affairs.

## GENTLEMAN JIM AVERS LEAGUES AN EVEN MATCH

Corbett Sets Forth Figures to Prove National Equals American

By JAMES J. CORBETT.  
"Which league is better—the National or the American?"  
The moot question has come up again.  
Statistics are valuable guides to show the comparative strength of rivals—but statistics in certain cases are practically worthless in an effort to ascertain which is the better league—the National or American.

Not so long ago an article was printed on that subject. The statement was made that the American league was stronger in batting. The article declaring in substance:  
"The American league, as a whole, made 10,021 hits in 1919 in 37,409 times at bat, for an average of .269; the National batmen hit out only 9603 naticians in 37,204 times for an average of .258. That indicates that the American league is 10 points stronger in batting."

Compared with Minors.  
It doesn't mean anything of the sort. For, along the same line of reasoning, wouldn't the Dixie league or the Central league, hitting .275 as a whole, be considered a clotting outfit superior to the American?  
What a league hits within itself cannot be used as any basis for comparison. Maybe the American leaguers are better hitters in group form than those in the National. But maybe the reason that the Americans hit better than the Nationals is because the American pitchers are easier to hit.  
It's much the same as regards base running. The article points out that

while the Americans are better hitters, the Nationals are faster foot linemen as they pilfered 1165 bases in 1919 against 906 thefts by the Americans. But, on the other hand, can't the National league burglary supremacy be taken to mean that it's easier to steal on their catchers than it is on those of the American?  
Would the Nationals steal as many bases on American catchers? The situation brought up by the 1919 comparative presentation is as follows:  
Hits Runs B.B. E.O.  
Allowed.  
National . . . 9603 4071 2616 3286  
American . . . 10021 4385 3385 3559  
That indicates that the National pitchers were tighter with their hits and stungier with their passes than the American brethren. And, some would take that to mean that the National pitchers of 1919 were better. But, what do you make of the fact that they struck out nearly 300 less men than the American leaguers.  
Is it a greater achievement to strike out the most men—or to give the fewest bases on balls.  
Even in "Shagging."  
The fielding averages are about the only ones that are worth anything in comparing the strength of the two circuits. For the fields are about the same, the scoring rules the same and the situations about parallel.  
Men go from one league to another and either fatten or suffer a slump in

batting or pitching averages because of the difference in conditions and players they meet. But fielding is no more difficult in one circuit than another. So the following figures have some value inasmuch as they show that the two leagues are about 50-50 in fielding:  
P. O. Assists Errors. Av.  
National . . . 30161 15555 1579 .067  
American . . . 30125 14505 1017 .065  
But the discussion of which league is stronger started when the American came into being—and it will never end unless, someday, the American leaguers play among themselves for half a season, the National does the same and then, through the final three months they play inter-league.  
And then, perhaps, it won't end.  
ARMY OF ATHLETES  
STRASBOURG, France, (AP)—More than 1000 athletes from all parts of France will compete in the second of a series of French Olympic tryouts here Sunday and Monday. The contestants represent the winners of preliminary trials held in the chief cities and colonies of France during the last few months.  
EAST AGAINST WEST  
URBANA, Ill., (AP)—Baseball teams of the University of California and the University of Illinois will meet here this afternoon.

## OLYMPIC BOARD REVISES SCHEME FOR CONFLICTS

New Plan of Elimination Contests for Big American Meeting is Made Public

NEW YORK, (AP)—The American Olympic committee today made public a revised schedule of tryouts in the Olympic games elimination contests. These tryouts will extend over a period of more than two months. The schedule in part follows:  
Track and field tryouts: June 26; Coast, Pasadena; final cycling eliminations, July 1; swimming tryouts, men and women, July 3, 4 and 5; army final: track, wrestling, boxing, Chicago, St. Louis or Kansas City, June 30-July 3; wrestling tryouts, July 6 and 7; final tryout steppes, Decathlon and walk, New York Athletic club, July 9 and 10; final swimming tryouts, men, Chicago, July 10-11; final wrestling tryouts, New York city, July 13-15; final boxing tryouts, New York, Boston, Philadelphia or Pittsburgh, July 12-17; final tryouts, track and field, Harvard stadium, July 17; final rowing tryouts, Worcester, Mass., July 23-24; final swimming tryouts, women, Manhattan beach, July 24-28.

## QUITS THE OUTLAW

WILSON LACEY, (AP)—William E. Wilson, Dell who jumped his contract with Vernon 10 days ago to play independent baseball in Utah, returned to the Vernon club here last night. Dell pitched two games for the "outlaws."

Persons subject to bilious attacks at regular intervals know about when to expect an attack. They find that they have no desire for food when an attack is due but usually eat because it is meal time. Skip one meal and take three Chamberlain's Tablets and you may be able to avoid the attack. Persons subject to periodic bilious attacks should not drink tea or coffee at any time.—adv.  
FURNITURE AT WHOLESALE COST  
Crowds of people are taking advantage of the unusual opportunity to purchase their furniture and rug at actual wholesale cost at the CORBETT FURNITURE STORE and on terms of 90 days credit for all those who have not the ready cash.  
The Corbett Furniture store occupies the same quarters jointly with the Farmers Rochdale store and you are welcome to come and purchase at sacrifice prices.—adv.

# Exceptional Money-Saving Opportunity

AT THE . . . . **UNITED STORES** TWIN FALLS, IDA.

20% OR 1-5 OFF ON

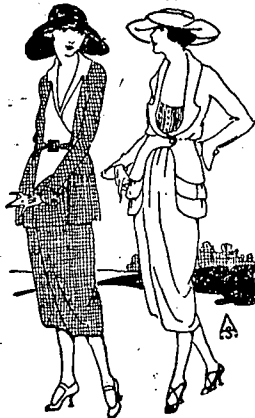

## Ladies' Suits, Coats, Dresses, Waists and Skirts

In our humble efforts to be a part of the general move throughout the country to bring down the high cost of living, and as a protest against the prevalent high prices, we heartily join hands and make this large reduction on the lines shown. We do not conduct special sales of any kind, our selling prices being marked on such a close margin that we cannot justly do so, but at these times we are gladly forgetting any selfish motive of operating for profits, and make these sacrifices that our patrons may benefit in this move. The United Stores has always been the last to advance the price and the first to reduce them. We are not overstocked—we are not attempting to move undesirable merchandise. We do not even urge our patrons to buy but simply offer this opportunity for them to save on needs in this line. The original selling mark is left on the merchandise, the reduction to be made at time of sale.

### Ladies' Suits

Suits for Spring and Summer. Strongest to Serges with a preference for Navy Blue. These you will find in a large showing, together with many lighter shades and colors. The materials are of the best, the styles the newest and at the following prices:

# URGES JUSTICE AS UNREST CURE

### Vice-President Delivers Key-note Speech to Indiana Democrats

INDIANAPOLIS, Ind., (AP)—"Equal and exact justice to all men" is a motto for unrest, as President Marshall in his keynote address before the state democratic convention. He also urged jail sentences for profiteers and increased production to relieve the high cost of living.

The vice president expressed the hope that President Wilson and the senate would reconcile their differences over the peace treaty and that it would be ratified, but said no man should be read out of the democratic party because of his opinion on the league of nations.

#### Argues for American Peace

"This was, as I understand it," the vice president said, "an American war. The peace should be an American peace. The war could not have been fought successfully as either a democratic or republican war. The peace cannot bring that real peace which the American people want if it is made either as a democratic or a republican peace."

#### For Law Enforcement

Anv let-up in the enforcement of national prohibition until legal change has been made in its provisions was opposed by Mr. Marshall.

"While the prohibition amendment remains it must be enforced in accordance with its provisions," he said. "Realizing public sentiment does not as the days go by get back of it, the people will find a way lawfully to lessen what some deem to be the rigid enforcement, but that in the end, in the end, of freedom of speech and of the press with punishment for those seeking to create disorder or disturb the government by any other than legal means was urged by Mr. Marshall who also advocated readjustment of taxation after government expenses have been reduced to a minimum, in order to place the burden upon those most able to bear them.

#### Mentions Service Men

While omitting any direct reference to soldier bonus legislation, the vice president said he would say to the former service men "sound of body and mind" that they can obtain almost anything they want from congress.

#### ASSETS CLAIM TO CREDIT

(Continued from Page One)

against the meat packing industry were presented to Vice President Marshall and Speaker Gillette today by sixty firms styling themselves "creditors of presidents." The signers of the protest offered to prove to congress and the public that average profits represent less than five cents on the meat bill of an average family.

#### HEAVY SELLING BEARS

PRICE ON SUGAR EXCHANGE

NEW YORK, (AP)—Heavy general selling in the sugar futures market here today broke prices a cent a pound, the full maximum decline permitted in any one day's sugar exchange trading. Continued agitation against the high cost of living, coupled with the threat of leading producing industries throughout the country to close rather than pay "exorbitant prices" for sugar, was attributed as the cause for the reaction.

#### OLD HI COST GETS A KNOCKOUT BLOW

The C-oup store is running for the benefit of those who trade there. No body else gets one cent of profit. All the directors are in it for the good of the community.—adv.

#### SHADES AT WHOLESALE

# DEMOCRATIC DELEGATES MAINLY UNINSTRUCTED

### Canvas of Situation with San Francisco Convention Little More Than a Month Away, Shows No One Man Has Received as Many as 100 Pledged Ballots; 242 Yet to Be Elected

CHICAGO, (AP)—With the democratic convention a little more than a month away a canvass of the situation shows no one man has received as many as 100 pledged delegates, while the uninstructed delegates thus far chosen number 587.

There are 242 delegates yet to be elected. Under the democratic convention rules a two-thirds vote is required to nominate, or 728 out of the 1,092 votes which will be cast in the convention.

"Governor James M. Cox of Ohio and Attorney General A. Mitchell Palmer have received the most instructed votes to date. Governor Cox has 74 votes, the solid delegations of Ohio and Kentucky. Mr. Palmer has a good many of the delegates, while the uninstructed delegates have been chosen. The names of three "favorite sons" stand third, fourth and fifth in the list; Governor Edward I. Edwards of New Jersey receiving his state's 28 votes; Senator Carter H. Gage having Virginia's 24; and Senator Robert L. Owen of Oklahoma, being the choice of that state's 20 delegates.

James W. Gerard of New York, former editor of the "New York Times," and a petition in South Dakota, will receive the state's ten votes.

#### Only One Contest to Date

Only one contest has appeared to date. In Georgia friends of Mr. Palmer, dissatisfied with the action of the state convention which was dominated by the Senator Hoke Smith and Phogson E. Watson forces, organized a separate convention and selected 28 Palmer delegates.

#### Oregon Expressing Nominee Preference

PORTLAND, Ore., (AP)—Preferential votes for candidates for nomination for president of the United States are being cast today in the primary election in Oregon. Three republicans are seeking the nomination and one democrat.

The republicans are United States Senator Hiram W. Johnson, Governor Frank Gowen and Major General Wood. The name of Herbert C. Hoover is on the republican ballot, but he has asked that his name be not voted on.

William G. McAdams, the only one on the democratic ballot. Delegates to the republican and democratic national conventions, vice-presidential candidates, candidates for United States senator, the house of representatives and for state offices are to be voted on also.

#### Maryland Democrats Urge Dry Law Change

BALTIMORE, (AP)—By a vote of 165 to 10 the Maryland democratic state convention Thursday approved a resolution committing the party to a modification of the Volstead act to permit the making and use of home-made wines and cider and the manufacture and sale of beer in the original package for home consumption. An uninstructed caucus endorsing the league with reservations and Senator Johnson is opposing a league of nations as at present constituted. United States Senator Charles McNair, seeking nomination on the democratic ticket, is opposed by Harvey G. Starkweather, who advocates President Wilson's league of nations.

## Indiana Democrats Dispatch Business

INDIANAPOLIS, (AP)—Although several political precedents were broken the business of democratic state convention moved with clock-like precision Thursday. Keynote addresses of Vice-President Thomas B. Marshall and Claude G. Bowers of Fort Wayne had been heard, delegates at large to the national convention had been named, a platform adopted and a complete state ticket nominated when adjournment time was taken at 2:30 o'clock.

For the first time in the history of Indiana a woman, Miss A. Steola Baylors of Indianapolis, nominated for state superintendent of public instruction, was given a place on the state ticket.

Women took an important part. Mrs. Alice Foster McCulloch of Fort Wayne was named a member of Indiana's "big four" to San Francisco and three other women were named alternate delegates at large.

#### Today's Markets

#### Liberty Bonds

NEW YORK, (AP)—Final prices on Liberty bonds today were: 3 1/2's \$91.70; first 4's \$84; second 4's \$84; first 4 1/4's \$85.50; second 4 1/4's \$84.10; third 4 1/4's \$88; fourth 4 1/4's \$85.04; Victory 3 3/4's \$96.20; Victory 4 3/4's \$96.38.

#### New York Exchange

NEW YORK, (AP)—Efforts of the government to relieve railroad congestion, may call money rates and material recoveries in Liberty bonds were among the favorable developments of today's restricted stock market. Sales approximated 775,000 shares.

Announcement that the government had virtually resumed control of the railroads as an emergency measure to relieve abnormal freight conditions was received with approval today in financial circles. This was not reflected in the movement of prices at the opening of the stock market, however, further substantial reactions occurring in shipplings, steel and food shares. Atlantic Gulf, Crucible Steel and the active sugar issues lost 1 to almost 3 points.

#### Gains of 1 to 3 Points

were made by General Electric, American Locomotive and Colorado Fuel.

#### Grains and Provisions

CHICAGO, (AP)—General selling forced the corn market sharply downward today. Support was lacking. Orders for unified railroad operation counted in a decided manner against the bulls, and no too widespread notice of merchandise price cutting and of moves to curtail banking credit. Opening quotations, which ranged from 1-2 to 4c lower, with July \$1.09 to 1.70 3/4 and September 1.09 to 1.59 1-2, were followed by moderate further setbacks in some cases, and then a little rally.

The rush of sellers became of a headlong character about the middle of the session, and there was an ensuing extraordinary rapid fall in prices. It was a widely accepted belief that grain and foodstuffs would be quickly given special preference in railroad traffic and that big receipts here were certain. The market closed excited, at the bottom figures of the day, 9 1/2 to 13 1/2 net lower, with July \$1.08 to 1.50 and September \$1.49 to 1.51.

#### Cash Quotations

CHICAGO, (AP)—Wheat No. 4 hard \$2.59; No. 3 northern spring \$2.95; No. 2 northern spring \$3.10.

#### Chicago Livestock

CHICAGO, (AP)—Cattle receipts 6,000; market slow; beef steers about steady; prime 1,340 pound steers \$12.25; bulk \$11 to 12.75; heavy beef cows and heifers lower; other c-h stock about steady to weaker; bulls, calves and fawns steady.

#### Omaha Livestock

OMAHA, (AP)—Hog receipts 11,000; market active, 10 to 25c higher; strong weight grades advancing most. Top \$14.40; bulk of sales \$13.75 to 14.25.

## Woman Elected Vice-Chairman of Socialist Convention

Lena Morrow Lewis, delegate from California, has been elected vice chairwoman of the Socialist National convention now in session in New York. Mrs. Lewis is a nationally-known socialist, and spent several years in Alaska in the interest of her party.

Cattle receipts 3,000; beef steers and butcher stock active, strong, few loads handy weight steers \$12; bulls and veals steady; stockers and feeders slow to 25c lower.

#### Chicago Produce

CHICAGO, (AP)—Butter lower; emergency 43 to 50c; eggs unsettled; receipts 23,600 cases; firsts 40 1/2 to 41 1/2c; ordinary firsts 37 to 38c; at mark, cases included 30 to 40 1/2c; storage packed extra 43 1/2 to 43 3/4c; storage packed firsts 43 to 43 1/4c; poultry alive lower; fowls 5c.

#### Minneapolis Flour and Grain

MINNEAPOLIS, (AP)—Flour unchanged. Bran 45c.

#### Kansas City Produce

COMMON SENSE OR FALSE SENTIMENT

It would seem that too much false sentiment and not enough common sense characterizes most of the agitation for the release from imprisonment of persons convicted of violation of the espionage act, who, for the purposes of these agitators, are quite often designated "political prisoners."

The facts are simple. A certain law known as the espionage act was passed by congress during the world war and approved by the president for the purpose of safeguarding the United States against internal attack.

It is idle to argue that remission of these sentences should result with the cessation of the emergency which called into being the law under which they were imposed.

Questions of whether or not Kate Richards O'Hare is quite the most demure little lady that ever spat out bromides and filth or entirely the opposite, or as to the personalities of any of the other persons convicted of violation of the espionage law are wholly beside the question of whether or not they ought to be given their liberty.

The question is one of law enforcement. Good citizenship can make but one reply.

Dog Highly Prized in Alaska. Nowhere in the world has the dog such unrestricted right of way as in Alaska.

Probably the purchase you have planned to make "soon" ought to be made now. Get light on the ads.

"You Can Depend on This" says the Good Judge

Real Tobacco for real satisfaction. The full rich taste of the Real Tobacco Chew lasts so long that you don't need a fresh chew so often. That's why it costs you less to use this class of tobacco. Any man who uses the Real Tobacco Chew will tell you that. Put up in two styles: RIGHT CUT is a short-cut tobacco, W-B CUT is a long fine-cut tobacco.

MISSIONARIES ARE UNDAUNTED BY HARDSHIPS

Presbyterian General Assembly Hears Report on Its Workers in Politically Storm-Torn Korea

PHILADELPHIA, (P) — American missionaries in Korea, despite the hardships and dangers incident to reconquest of the peninsula, are undaunted by the Japanese of the recent uprising, are planning to "Christianize every district in the country," according to the Korean general assembly, made public here today.

Regarding the attitude of the American missionaries toward the Koreans, the report says: "The result proved anew that Japan will not voluntarily grant Korean independence; that the Koreans cannot secure it by force and that other governments, having long ago recognized Japanese suzerainty of the peninsula, will not interfere. Costly too, was the movement to the Japanese against their critics, disbelievers, their friends, alienated the sympathy of allied nations and brought upon the ruthless militarists the opprobrium of the 'Huns of the Orient.'"

There is a general disposition to give the new administration of Korea a fair chance to remedy the undoubted abuses that exist," continues the report. "Americans," it says, "should distinguish between the Japanese and the Japanese government."

"Americans," it says, "should bear in mind that there is a considerable element among the Japanese themselves who are disgusted by the stern and iron-handed policy of the military party in dealing with the Koreans and who favor a wise and humane policy in dealing with them."

Presbyterian foreign missionaries increased in 1919 from 1364 to 1428 and the native workers from 6802 to 9556. In order to meet the high cost of living, which in some fields like Japan, has increased over 300 per cent, the living allowances for the Presbyterian missionaries have been increased from the former standard of \$1250 a year to \$1500.

New methods of dealing with sedition is declared to have made mission activities in India more difficult, "all non-British subjects desiring to engage in philanthropic, educational, medical or missionary work being required to obtain a license." This was modified cleared due obedience and respect to the sacred due obedience and respect to the government and carefully abstained from political affairs.

Just a few rolls of Inland Linoleum left. While it lasts you can get it for \$3.55 per running yard, 6 feet wide. This name inland linoleum sold formerly at \$5.50 per yard. No laying—ad.

Terrorizing Triplets Bolshevism, I.W.W., Socialism

(By Peter W. Collins.) (Editors note: Mr. Collins was for eight years international secretary of the Brotherhood of Electrical Workers and is a member in good standing of that union today. He has represented labor on various important commissions.)

We are living in America, not in Russia; and yet it is no mis-statement to say that the same minds that are determining today the political, social, economic and moral degeneracy of this nation have no small influence in the manufacture and direction of the revolutionary program that aims to bring us into the dust.

Even in this country we have many Bolshevik publications, printed in our cities and circulated by socialists in every state in our union by millions. To give some idea as to just how Bolshevik these publications are in name and material, we quote from the issue of "The Soviet Worker," of March 8, 1919:

"Shall the workers of this nation continue in slavery, while the workers of Russia live as free men and free women, owning the land and industry as common property?"

"Revolutionary Russia, sent out to the others here the clarion call for solidarity."

"Tollers of America, awake! March in solid millions against the institutions that oppress you, build for yourselves, upon the ruins of wages slavery, the new society of the producers. Under the dictatorship of labor."

"Awake, arise! Forward to the revolution!"

And the emphasized type in capital is not ours, but that of "The Soviet World."

And this sheet is printed in the city where the Liberty Bell rang out the glad tidings of American liberty; where Jefferson gave to the world the Declaration of Independence and where Benjamin Franklin at the end of his trip from his birthplace at Boston, settled down to live, and to help in making an enduring policy and laws of a young republic, that was to be the harbor of refuge for the weak and persecuted of all the nations of the world.

Under the very shadows of Independence hall, where these freemen met and gave to the world a charter of unyielding liberty, there is published literature hostile to the letter and spirit of that charter that our fathers wrote for posterity, a literature alive in thought, word and spirit to every citizen of this Republic.

Just as Lenin, the Bolshevik premier of Russia, in his letter addressed to the American workmen in August 1918, paid special tribute to Eugene V. Debs as an international leader of socialism, so, too, has he frequently paid tribute to another international socialist, the late Daniel DeLeon, who with Debs, Hayward and other American socialists, organized the I. W. W., the Industrial Workers of the World.

DeLeon is credited by Lenin with being the original force of the so-called vict form of government established by Trotsky and Lenin as the basis of the Russian Soviet Federated Socialist republic.

As DeLeon, who was considered the greatest American Marxian author, wrote the preamble to the I. W. W. declaration of principles when the I. W. W. was formed, it might not be out of place to quote from his address at Minneapolis, July 10, 1905. This address of DeLeon was delivered shortly after the close of the first I. W. W. convention in Chicago, he said:

"Industrialism (I. W. W. means) means impotence. All the plants of production, ay, even the vast wealth for consumption, is today in the keeping of the working class. It is

workmen who are in charge of the factories, the railroads, the mines—short, all the land and machinery of production, and it is they who sit at the wheel before the pantries, the cellars and the safe deposit vaults of the capitalist class; ay, it is they who carry the guns in the armies. But this place of vantage is of no avail to them under Grant Unionism (Trade Unionism)."

Census Bulletins

WASHINGTON, (P)—Denver, Colo., 257,569; increase 42,988, or 20.1 per cent. Tacoma, Wash., 96,993; increase 13,222, or 15.8 per cent. New London, Conn., 25,680; increase 4020, or 20.7 per cent. Elizabeth, N. J., 95,682; increase 22,273, or 30.2 per cent. Englewood, N. J., 11,917; increase 1693, or 17.1 per cent. Garfield, N. J., 19,381; increase 9108, or 89.8 per cent. Hamilton county, Ohio, containing Cincinnati, 493,872; increase 32,946, or 7.2 per cent.

Denver, Colorado's largest city which ranked as the twenty-seventh municipality of the country in 1919, has outgrown Louisville and St. Paul, which ranked twenty-fourth and twenty-sixth respectively, ten years ago. The census bureau today announced Denver's population as 256,369, an increase of 42,988, or 20.1 per cent over 1910. Louisville's population has been announced as 235,951 and St. Paul's as 234,295.

Theatre

Two men reached the summit of the mighty Pinnacle, the most majestic and inaccessible peak of the Alps range near the Austro-Italian frontier. One was an eminent American surgeon who had come to the Alps to find rest and to realize his ambition to climb the deadly heights, and the other was a returned Austrian army lieutenant whom the pursuit of women was almost a profession. Here is what Dr. Armstrong, the American surgeon, did when he discovered in the pocket of a weakening brigand a letter from his wife, is one of the intensely dramatic incidents in the unfolding of the story of "Blind Husbands," the Universal Jewel production, which is to be seen at the Gem theatre beginning today.

NOTICE TO CONTRACTORS

Sealed proposals will be received by the Commissioner of Public Works of the State of Idaho, at the office of the Commissioner, Boise, Idaho, until two (2) o'clock p. m. on the 5th day of June, 1920, for the construction of Federal Aid Project No. 8, Owyhee Bridge over the Snake River, Idaho, Pacific Highway between Jagerman and Buhl, in Twin Falls and Gooding counties.

Proposals will be opened and publicly read at the above stated hour. Plans, specifications, forms of contract, proposal forms and other information may be obtained at the office of D. P. Olson, Director of Highways, Boise, Idaho. A deposit of Ten Dollars (\$10.00) is required for each set of plans and specifications. The deposit will be refunded if the plans are returned intact.

All proposals must be made on the forms furnished, and must be signed by the bidder, with his name and post office address. The right is reserved to reject all proposals, or to accept the proposal or proposals deemed best for the State of Idaho.

No proposal will be considered unless accompanied by an acceptable Proposal Guaranty in an amount equal to five per cent (5%) of the total amount of the Proposal. This Guaranty may be in the form of, (a) cash; (b) a certified check; or (c) a bidder's bond. If a certified check accompanies the proposal the check shall be drawn on some bank in the State of Idaho and made payable to the Commissioner of Public Works. If a bidder's bond accompanies the proposal, the bond shall be conditioned upon the performance of the work. The Proposal Guaranty will become the property of the State of Idaho, not as penalty, but as liquidated damages, if the bidder, upon the acceptance of his proposal by the Commissioner, fails or refuses to enter into a contract in accordance with the terms of his proposal within ten (10) days (not including Sundays), after presentation of the contract to him for execution.

A bond with a surety company, authorized to do business in the State of Idaho, and satisfactory to the Commissioner of Public Works, will be required for the faithful performance of the work under the contract, in the sum of sixty per cent (60%) of the total amount of the contract price.

It is the purpose of the Commissioner to build the improvement in the shortest time consistent with good construction, and complete and well designed equipment and effective organization will be insisted upon.

D. P. OLSON, Director of Highways. W. M. J. HALL, Commissioner of Public Works. Dated May 20, 1920.

Not one of them is reserved. Select your frock now for 1-4 Less.

DADDY'S EVENING FAIRY TALE

By Mary Graham Donner

PETER GNOME'S STORY.

"I've a story I'd like to tell my friends," said Peter GNOME, "and then I'd like to have a supper party."

"Fine Pudding." "Gladly will I do as you ask, Peter," said Witty Witch, and was soon off.

Peter GNOME made great preparations for his party. He had not long ago, but this was a special one for his Every-Day-Is-Nice club.

He made a fine pudding all by himself, of jam and cake with a fine sauce. And then he made bread and butter sandwiches and some creamed chicken on toast, for he had to feed them to eat the chicken first with the sandwiches they'll never eat it. The jam and cake is all right for dessert.

He fixed a long table made out of pine greens which he spread upon the lawn. Then he took out a long roll of birch bark and cut it up with a piece of red ribbon. He looked at it carefully and then folded it up again. It was the story he wanted to tell his guests.

Well, they all arrived on time and they all were delighted because Peter GNOME said "I'm going to be the president of this club which I keep to its rules. None of you have complained of the weather lately, though there have been storms and blizzards and rain and what not. Instead you've had the good sun to know that every day is really nice and that there isn't a day when we can't have fun."

"So I'm having a party in honor of my members who are such fine members and who cause their president no trouble but much joy."

"I've a story I want to read to you. I've written it upon this great piece of birch bark."

He took the piece of birch bark, carefully untold the red ribbon and proceeded to read his own story in a great voice. This was his story: "There was a little girl, once named Peggy. She wanted to meet the Wishing Fairy, of whom she had heard a great deal."

"One day when she least expected it the Wishing Fairy went to call upon her late one evening when Peggy was in her beautiful little white bed."

"Peggy," said the Wishing Fairy, "I will grant you one wish. But be careful. Remember many mistakes are made. And I hope you'll choose wisely. I've only one wish to give to each person I'm visiting this evening."

"Peggy thought awhile and then she said: 'Dear Wishing Fairy, I'd like to be the sort of person who is always happy, who doesn't get into any little things and who doesn't feel like crying and who doesn't think everything is always going wrong. I'd like to be the sort of person who is happy— for then I'll have such a gorgeous, glorious, beautiful life.'"

"The Wishing Fairy smiled and said, 'Dear Peggy, your wish is granted. And sure enough, Peggy was the sort of person who was always happy after that. Oh, she was a wonderful person. And with-out a visit from the Wishing Fairy we're all happy because we enjoy each thing we do instead of waiting for the spring circus to enjoy or the autumn nutting party.'"

"But now we must go on with the supper, which is being kept warm in the hollow of yonder tree, and when we finish Witty Witch is going to sing to us."

"So let's on with the supper!" "How deliciously everything tasted and what a good time they all had. "And your story was mighty nice too, old Peter," they said when they left.

Clever Egg Trick

An egg may be put into a bottle which has a mouth much smaller than the egg. First soak the egg in vinegar until the shell becomes soft and pliable. It will then be easy to force the egg into the bottle. Then pour water into the bottle, and allow it to remain until the shell becomes hard again. The bottle can then be shown to friends, who are certain to be greatly mystified by the sight of an egg in such a place.—Popular Mechanics Magazine.

SENATE ENDORSES PROBE OF CANDIDATES' MOVES

Investigation Urged by Borah Meets with Approval of the Upper House

WASHINGTON, (AP)—Investigation of presidential candidate campaigns of both parties, including their contributions and expenditures or use of influence, was ordered today by the senate.

The resolution by Senator Borah, republican, Idaho, providing for an investigation by a privileged and elections sub-committee, was adopted without a record vote and with little discussion.

With the membership of the investigating committee already chosen tentatively, senate leaders said hearings would be begun late this week, if possible. It is proposed to request appearance of all presidential campaign managers with their books and vouchers showing contributions and expenditures.

The resolution also provides for inquiry "as to use of any other means or influence, including the promise or use of patronage and the providing of funds for setting up contesting delegations and any other facts that would not only be of public importance, but would aid congress in any necessary remedial legislation."

There is No Escape. Dartmouth, the great English prison, is so situated that escape is almost impossible. Indeed, no man has ever finally got away. For miles around stretches an expanse of wild moorland. The sight of an ordinary prison, lost on the moor, is not enough, but how much more pitiable must be that of an escaped convict who, like a hunted animal, finds himself assailed alike by the fury of the elements and by the united enmity of his fellow creatures. Often of man has slipped away during a fog, wandered about all night and at daybreak found himself within a stone's throw of the prison walls. There are many ways into Dartmouth prison, but only one way out—the broad highway which the discharged convicts tread when they leave the prison gate behind them.

British Coal Abundant. For her size, Great Britain has more and better coal than any other country in the world. The coal seams, lying one below another to an unknown depth, not infrequently cropping out at the surface, are proof that tropical conditions once prevailed in the latitude of these islands. The dirtiest which is now Great Britain was connected in primal times with the continent, and the coal of England doubtless runs under the channel and the southern part of the North sea, continuing in the coal fields of northern France, Belgium and Flanders.

Plant That Coughs. Botanists have records of carnivorous plants which eat even mice; there are laughing and weeping flowers; and now, according to the Journal de la Science, there is in the tropics a "coughing plant." Its fruit is like the common bean. It is easily aroused to anger, and what is more strange, has a horror of all kinds of dust. As soon as a few grains fall on the leaves the stomates or air cells, which are the breathing organs, fill with gas, puff out and throw off the dust with slight explosions like the cough of a child.

Avoid the Cynic. If you want to retain a wholesome view of life, if you want to hold your faith in mankind, if you want to have enduring peace of mind, keep away from cynics. Should any such be among your acquaintances, give them a wide berth. They may be bright, clever, entertaining people. Cynics often are. But they are poisonous people.—Chicago News.

Early Prejudice Retained. The prejudice about being the first occupiers of a new house is perhaps in the forefront of our prehistoric ancestors' attitude toward newly discovered areas. There might be wild beasts already in occupation.

The Hard Job. A butternut is about the toughest proposition in the world till it is cracked. Then he swears the most in. Hard jobs come to us all. They are rough and tough, till we master them. The most beautiful things in the world after that!

Kisses Were Sacred. Among old laws against kissing those of Iceland appear to have been the most severe. Banishment was the penalty laid down for kissing another man's wife, either with or without her consent, and the same punishment was enforced for kissing an unmarried woman against her will.

FOREIGN TRADE SHOWS DECLINE DURING APRIL

Both Exports and Imports Fall Off as Compared with March, Report Announces

WASHINGTON, D. C., (AP)—Exports of April decreased \$135,000,000, while imports fell off \$200,000,000 as compared with the trade figures of March, it was announced by the department of commerce.

Exports for the month were valued at approximately \$684,000,000 against \$820,000,000 in March and \$715,000,000 in April last year, while imports amounted to approximately \$1,050,000,000 compared with \$534,000,000 for the preceding month and \$573,000,000 for April, 1919.

Imports of gold during April, amounting to \$59,000,000, were the largest for any month in several years, exceeding the March figure by \$33,000,000 and comparing with \$7,000,000 for April last year. Gold exports amounted to \$11,000,000, approximately the same as for previous months of this year and comparing with \$2,000,000 in April, 1919.

Imports of silver in April amounted to \$1,100,000 and exports \$17,000,000, closely approximating figures for each of the preceding months of this year.

Chinese Jade.

Jade, known in India as "The Divine Stone," is becoming more popular as a luck bringer. According to old legends, jade has always been a very precious stone, and in China and India is said to possess a charm against evil. In India it is worn as an amulet to preserve the wearer from the bites of venomous animals. The Chinese Jade is the most precious of all and very difficult to obtain, as the Chinese do not export much of it. This may be due to its rarity, but more probably it is because the stone, which they call "Quintessence of Heaven," is considered too precious to send out of the country because of the charm attached to it. There are many other kinds of jade and they can be bought at almost any reasonable price, but nothing can equal the Chinese stone for color and transparency.

Paying on the Mail.

An expression with which everyone is familiar is "paying on the mail," which comes from the method of settling accounts. In the early day of trade and commerce, merchants on charge paid their debts by counting out their gold on to a copper "mail" or table, in the market-place. Written receipts are now almost unknown, and these mails are no longer used; but two splendid specimens still remain among the most interesting treasures of the ancient port of Bristol. They are each about four feet high, shaped like a gigantic hour-glass. There they stand in the busy street a lasting monument to the integrity of the old trading and merchant class, who paid on the mail and secured a receipt.

No Law Schools in England.

England today has no law school in existence. Her existing law schools are not only the oldest existing law school in the United States, but it is the oldest existing academic law school in the English-speaking world. They have a professor of law at Cambridge, and a professor of law at Oxford, in England, but they do not teach law in the manner of a professional school. They simply lecture upon law, or endeavor to give a scientific preparation for the profession of law, but do not give a scientific, professional training.

Classes Were Sacred.

Among old laws against kissing those of Iceland appear to have been the most severe. Banishment was the penalty laid down for kissing another man's wife, either with or without her consent, and the same punishment was enforced for kissing an unmarried woman against her will.

The Hard Job.

A butternut is about the toughest proposition in the world till it is cracked. Then he swears the most in. Hard jobs come to us all. They are rough and tough, till we master them. The most beautiful things in the world after that!

THE KITCHEN CABINET

Retreat upon your present breakfast, of which every man has many, not on your past misfortunes, of which all men have some.—Dickens.

SANDWICHES AND OTHER GOOD THINGS.

For the housewife who finds it necessary to pick a lunch for the dining schoolgirl, the husky lad or the business man, working outside or inside, the nature of the sandwich will vary. More satisfying and hearty fillings will be necessary for the man at the desk.

Of the first importance in the preparation of sandwiches is bread of a close texture, 24 hours old. White, entire wheat, Graham or brown and rye are all favorites. Nut bread is especially nice sandwich bread, either that raised with yeast or baking powder bread. The following is a baking powder bread which may be used when cold: Take one cupful of milk, one beaten egg, half a teaspoonful of salt, one-half cupful of sugar, three teaspoonfuls of baking powder, sifted with two and one-quarter cupfuls of flour. Bake in a loaf pan in a moderate oven 45 minutes.

Bread made of sweetened bread dough, with an egg, cinnamon or orange and lemon rind for flavoring, when sliced thin and spread with fresh butter, is most satisfactory and gives variety.

Bread for sandwiches should be sliced thin. The butter should be softened and creamed to spread without difficulty. The butter may be creamed with nuts, pounded mint or parsley, celery or any desired flavor.

Lettuce, tomato, cucumber and mayonnaise combinations should not be made long ahead of time. Such sandwiches are best made a few minutes before serving.

Sandwiches may be kept in a tight tin box near the ice, but not in it. Sandwiches ice cold are not good. If wrapped in waxed paper and kept in a cool place they will be in good condition for half a day, or longer. The removal of the crust is desirable when serving a dainty sandwich for an afternoon tea or luncheon; cut in fancy shapes and decorated with chopped vegetables in designs, they look very fancy, but for ordinary occasions the crusts are retained.

Nellie Maxwell

How Superstitions Arise.

The Friday superstition arose because the crucifixion is supposed to have taken place on that day. Some persons think it is un lucky to spill salt, because Judas Iscariot seems to be spilling it in Da Vinci's picture. Others think that it is because salt is a symbol of incorruptibility, and spilling it is, therefore, a sign of broken friendships and general ups.

URGES RAIL WAGE ZONES

Executives Association Representative Advocates Restoration of Former Plan

CHICAGO, (AP)—Re-establishment of the three zones of railway wages was advocated by E. T. Whiter, representing the Association of Railway Executives before the federal railroad labor board.

Under the zone system, established in 1910 and suspended by the railway administration January 1, 1919, pay in the three districts was based on the cost of living in each.

Mr. Whiter also suggested restoration of the practice of paying higher wages for night work than for day positions.

# URGES REFORM OF RAILROADS

## French Government Proposes Law for Reorganization of Transportation Lines

PARIS, (AP)—The government's proposed law for the re-organization of the state system of railroads and five systems operating under government concession, presented in the chamber of deputies Monday, provides for a director general, to be appointed by the minister of public works, the director in charge of a superior council which will control all the systems, unify the time tables and standardize wages, equipment, rates and operating methods.

Each system is to maintain autonomy under its present management, but is to be subject to control. The superior council will be composed of a director general with 18 members of a newly created managing committee and 25 members representing the public.

There will be financial solidarity through the creation of a common fund for surpluses, to make up deficits and losses. Each system will be allowed a fixed amount of net income and a bonus based on earnings above a predetermined minimum. This bonus will be divided, four-fifths to the personnel of the road and one-fifth to the management. This is proposed as a method of encouraging economy in operation and attainment of a maximum operating efficiency.

Total net income to be allowed the five systems is roughly: East system, 9,000,000 francs; Midl, 6,000,000; Orleans, 4,000,000; North, 2,000,000; Paris, Lyons and Mediterranean, 28,000,000.

Extensions of lines, which must be approved, will be loaned, four-fifths by the state and one-fifth by the railroads. If the systems fail to be profitable they may demand to be purchased by the state upon the valuation of the equipment in the original inventory, less one-fortieth depreciation for each year's operation. If the state-owned systems become a majority the others may compel the state to buy them on the same basis.

The government will reimburse the railroads for their losses during the war. Improvements will be financed through government guaranteed loans, to be repaid within sixty years. The common fund for surpluses and deficits, if exhausted, will be replaced by the state, but the state must be reimbursed within two years by the rising of rates. If the common fund becomes excessive, rates will be reduced.

## BURNS TO REVIVE PIONEER DAYS FOR STOCKMEN'S MEET

BURNS, Id., (AP)—Frontier days will be revived here May 24 and 25, during the convention of the Oregon State Cattle Horse Raisers' association. C. M. Faulmer, president of the Burns Commercial club, has announced that the town will belong to the cattlemen.

## Undeterred by Physical Ills.

Elizabeth Barrett, before she married Browning, spent long years in her coach. At the age of fifteen she met with an injury to her spine, which kept her in a recumbent position for several years, and from the effects of which she never recovered. During these years that she wrote those sonnets which are her greatest claim to immortality.

## Had Him Sized Up.

Robert's mother warned him to be careful not to offend the new boy who had a few days before moved into the flat in the rear, she saying: "He is a bad fighter." Robert replied: "I've tried him already. He has more bluff in him than the real stuff."

# POTATO ACREAGE IN IDAHO SHOWS DECIDED DECLINE

## With Six Other Big Producing Areas Gem State Shows Spud Planting Loss

A statistical report, issued by the federal bureau of crop estimates, indicated a 5 per cent decline in potato acreage for the state of Idaho. This means, according to the statement, 34,000 acres less this year as compared with 36,000 last year.

The report does not indicate, however, that Idaho is the only state in the union whose spud acreage shows a decrease over 1919. The condition obtains in seven of the principal producing states.

The information was given out on data received up to May 1, and may be changed depending greatly upon climatic conditions and the necessity of re-seeding other crops. Here in Idaho the acreage is influenced by the sugar beet industry. Potatoes may be planted as early as a newly sown sugar beet in Snake River valley, and if sugar beets fail to make a stand, potatoes are generally put in.

It is said that scarcity and high prices of seed and labor, coupled with a fear of overproduction, has caused Idaho farmers to hesitate in planting potatoes. The possibility of good returns from sugar beets this year is another important competitor for potato acreage.

# CONDITIONS GRAVE IN WESTERN JUGO-SLAVIA

## Land Full of Soldiers; Officers Believe Demobilization Temporary

VIENNA, (AP)—Economic and political conditions in the western states of Jugo-Slavia are very grave, according to Dr. C. N. Leach, of San Francisco, Cal., and Major Phillip Carroll, in Moscow, who just returned from an extended automobile trip in those regions in connection with American relief work. They covered Croatia, Bosnia, Herzegovina, southern Dalmatia, the vicinity of Spalato, the Dalmatian administrative zone and the Croatian coast.

The whole land is full of soldiers, and officers openly express the belief that demobilization is only temporary.

In Croatia they found food conditions fair, except along the coast, but bad in Bosnia and worse in Herzegovina. In Moscar they found actual starvation. Disaffection and unrest is widespread because the people realize the situation is due largely to lack of organized trade and the extended and growing smuggling and profiteering trade.

They do it down there by train loads," commented Dr. Leach. They were unable to find much actual communism but were led to believe it was growing.

## Bubble in a Sapphire.

There is exhibited in the British museum a sapphire weighing nine carats and containing a bubble that appears and disappears with changes of temperature. It is believed that a cavity in the gem encloses a quantity of carbonic acid gas under great pressure. When the temperature is such as to correspond with the "critical point" for the gas, under the particular pressure to which it is subjected in its brilliant prison house, it liquefies and becomes visible as a bubble.

# ALL THE PROFITS

are returned to purchasers at the Coop store. Trade at your own store. Don't forget that Saturday is the big day.

# HOLDS RACING AERONAUTS TO LATITUDINAL PARALLELS

PARIS, (AP)—Aviators and aeronauts taking part in the proposed around the world aerial derby will not be permitted to take advantage of the roundness of the earth and lay their courses far to the north. They must make their flights between the fifteenth and sixtieth parallels of latitude, and the prize will be given the flyer who covers the longest distance, according to rules laid down by the committee in control of the race.

Aviators will be allowed to start from any point they choose, providing they return to the starting point, and will have a year in which to complete their flight. Airplanes of all kinds, dirigibles and balloons are eligible for the race.

# New and Valuable Fertilizer.

"Nitratated peat" is the fertilizer produced by an Italian chemist from explosives containing ammonium nitrate. The explosive is placed in a measured amount of water, which dissolves out the nitrate, and after a short time is decanted as a saturated solution. This is mixed with peat powder and evaporated. The product contains about 45 per cent of ammonium nitrate, and has been shown to have fertilizing value nearly equal to that of sodium nitrate.

# Cats and Dogs at Peace.

There is one place near Philadelphia where cats and dogs dwell together in peace. It is a cemetery devoted to pets. It is at Francerville, and contains many handsome tombstones.

# WOOL HIDES PELTS

## TWIN FALLS HIDE CO.

248 4th Avenue So. PHONE 98

St. Rita. St. Rita was canonized in 1000. She is called the saint of the impossible, and is generally pictured holding a bunch of roses. When she was dying, it was in the winter and cold, and she asked one of the nuns at her bedside to go in the garden to pick her a rose. Those about her bed thought that her mind was wandering, but one of them, as a matter of form, went to the garden, and behold, on one of the bushes was a beautiful rose.

About Digestion It is claimed that only half as much food is required when it is thoroughly masticated. Digestion begins in the mouth and a thorough mastication of the food is of the greatest importance. When needed take Chamberlain's Tablets to strengthen the digestion and insure a regular movement of the bowels.—adv.

LEONARD SIGNS UP

CHICAGO, (AP)—Benny Leonard, lightweight champion, has signed to defend his title against Charlie White of Chicago, in a 10-round contest at Braden Harbor, Mich., on July 5.

DEPOSED CHAMP FIXING TO WIN BACK OLD TITLE

Mike O'Dowd Shows Class Against K. O. Brown, who's Knocked Out in 6th Round

Brief Bits of Sport

For some reason or other Chot Pittner has quit the Paul Ball club.

The twister genked up his duds and hit the trail for his eastern home early this week.

C. S. J. will kindly submit his (or her) query to the Heartstring department. Our personal office board has a game leg.

Apparently Connie Mack believes in regular work for pitchers. He has a line on K. Taylor, who appears in the lineup of the Athletics about every alternate day.

Salt Lake sports paragraphs are some jubilant over the showings of the Blues in the past couple of weeks. But pride is always due for a flop, according to the prophet.

But look what happened to 'em yesterday! Although the principals for the curtain raiser tilt at the coming athletic show have not yet been selected Matchless and McKinley says they will be hangers.

Which is by way of sufficient guarantee. J. Robb Brady, sportsman of Pocatello, advises he has posted \$7500 in the current court of the county for a match between Gordon McKay and Mike O'Dowd, deposed middleweight champion.

That isn't much of a sure luro, but it should be easy for St. Paul Mike if he cares to come west a bit.

By the way McKay whipped a scrappier named Eastley in Pocatello the other night.

Chet Lewis, who abides hereabouts, wants a grappling match with some other mat mixer of his neighborhood. Lewis would like to have the Twin Falls Athletic club stage the affair.

"Sarge" Clark, who has been a considerable figure in the field of sport at Bull the past eight months, has been compelled to seek a more salubrious climate. Clark's health is said to have suffered in this climate.

Continued slump by his Giants has caused Muggsy McGraw to become extraordinarily peevish of late. The other day Muggsy told an umpire of his bitter hate for the umpirical clan, and he was banished. Investigation of the case by the powers in baseball has caused the indefinite suspension of the New York leader.

But the next day the Giants returned to the fray and smothered the Cubs under a landslide of hits and runs.

Jack Dempsey is scheduled for a final fight with Uncle Sam next month. And may the best man win. Sam Smiley, agebrush sage, says: "With shortage of paper may be my effect of redaction it will supply of 'straw votes'."

MARTIN CRACKS ANOTHER CLARKSBURG, W. Va., (AP)—Bob Martin, champion heavyweight of the A. E. F., scored a knockout over Johnny Maston, of Clark, N. J., in the fifth round of a scheduled 10-round bout here last night.

NOTICE OF MUNICIPAL COUPON SPECIAL ASSESSMENT LOCAL IMPROVEMENT BOND ISSUE AND SALE BY THE CITY OF TWIN FALLS, IDAHO.

Public Notice is Heroby Given, That the City of Twin Falls, in the County of Twin Falls and State of Idaho, intends to issue and negotiate the Municipal Coupon Special Assessment Local Improvement Bonds of said city in the aggregate amount of Six Hundred Four Thousand Two Hundred Thirteen (\$604,213.00) Dollars, for the following purposes, to-wit:

(1) Municipal Coupon Bonds to the amount of Five Hundred Ten Thousand Seven Hundred Ninety-seven (\$510,797.00) Dollars, to be designated "Municipal Coupon Bonds for Streets, Avenues and Alleys" of the City of Twin Falls, Idaho, to provide for improving certain streets, avenues and alleys, all included in Local Improvement District No. 32 of said city, by grading, paving, curbing and surface draining said streets and parts of streets included in said Local Improvement District No. 32.

(2) Municipal Coupon Bonds to the amount of Eighty-two Thousand Three Hundred Thirty-three (\$82,333.00) Dollars, to be designated "Municipal Coupon Special Assessment Local Improvement Bonds for Streets, Avenues and Alleys" of the City of Twin Falls, Idaho, to provide for improving certain streets, avenues and alleys, all included in Local Improvement District No. 33 of said city, by grading, paving, curbing and surface draining said streets and parts of streets included in said Local Improvement District No. 33.

(3) Municipal Coupon Bonds to the amount of One Hundred Thirty-three and Eighty-three (\$113,883.00) Dollars to be designated "Municipal Coupon Special Assessment Local Improvement Bonds for Streets, Avenues and Alleys" of the City of Twin Falls, Idaho, to provide for improving certain streets, avenues and alleys and certain parts of streets, avenues and alleys, all included in Local Improvement District No. 37 of said City of Twin Falls, Idaho, to provide for improving certain streets, avenues and alleys and certain parts of streets, avenues and alleys, all included in Local Improvement District No. 37.

The Mayor and Council of said City of Twin Falls, will up to Monday, the 31st day of May, 1920, at the hour of 9 o'clock a. m. in the office of the City Clerk, in the Water Works Building at the corner of Second Avenue North and Second Street North, receive and file for record all bids for the purchase of said bonds, equal in amount to ten (10) per cent of the face value of the bonds bid for. Bidders shall state the rate of interest (not exceeding seven (7) per cent per annum) on which their bids are based. After ascertaining the best terms upon which the lowest rate at which said bonds can be negotiated, the bonds will be sold, but in no case for less than their par value and the general interest of the City of Twin Falls, Idaho.

By order of the Mayor and Council of the City of Twin Falls, Idaho. W. H. DIETRICH, Mayor. Attest: W. A. MINNICK, City Clerk.

# CARVER MURDER TRIAL FINISHED

### Day is Devoted to Arguments — Jury Due to Receive Case This Afternoon

It is eminently probable that before the sun sets today William M. Carver will know his fate. Arguments in the action in which Carver is accused of the murder of Virgilio Ribbo were opened this morning, testimony having been concluded yesterday afternoon.

Frank L. Stephan opened the arguments before the jury at 9 o'clock this morning, reviewing the case from the standpoint of the prosecution. Mr. Stephan spoke about one hour and was followed by W. Orr Chapman, for the defense. Mr. Chapman led the jury through a resume of evidence and testimony, and even retraced the steps of the accused to the scene of the fatal shooting and his subsequent movements.

Judge J. R. Bethwell closed for the defense, in an impassioned plea for consideration of a man "defending his home and family against an encroaching and devastating tide."

This afternoon Judge E. A. Walters, presiding at the prosecution, went before the jury to close the arguments for the prosecution. When this plea is completed the jury will be instructed and receive the case for consideration. Carver, the accused, followed this morning's proceedings with profound interest.

Considerable rebuttal testimony was received yesterday following the cross-examination of Carver. The general character and temperament of Carver was the subject of this testimony, most of this tending to prove him a law-abiding and peace-loving citizen, devoted to his family and industrious in carrying out plans for their provision.

# Buhl Revelry Riot UNBOUNDED SUCCESS

Twin Falls people who attended the May festival at Buhl yesterday, are being regretted and regretted. The affair drew a crowd from every section of the county and proved a gain event in the history of the town.

One of the outstanding features was the opening pageant in the morning, an affair which set the standard for the city's program. The revelry riot continued up to midnight.

# Social Notes

Miss Mary Bence entertained nine of her little friends yesterday afternoon at which time they organized the Sunshine club which will have 14 members. The club will meet every Thursday afternoon from 3 to 5 at the home of Mr. and Mrs. G. T. Bence with Mary as hostess and the time will be spent with sewing. Those present were Jean Berger, Lucille Bremer, Mrs. Bobbin, Eola May Holland, Flora Hancock, Marjorie Wurster, Josephine Bullen and Dorothy Parrish.

Mrs. Chester Gift was hostess to the Episcopal Guild at her new home in the Colonial apartments yesterday afternoon. After the business session the afternoon was spent socially and dainty refreshments were served.

All members of Primrose Rebekah lodge who wish to attend the services at the Methodist church Sunday evening are requested to meet at 10 O. P. hall at 7:30.

Mrs. I. W. Hunsaker entertained the H. W. T. club last evening at her home on Fourth avenue. Auctioneer E. B. Bence was slayed at which Mr. and Mrs. Hunsaker won the prize for high score. At the close of the games refreshments were served at which Mrs. Hunsaker, F. W. Brown, F. W. Donker, Miss Evans, A. H. Corbett, H. E. Shoshan, Mrs. R. Bobler and Mr. R. A. Heitler.

Mrs. L. C. Closs entertained the Wednesday bridge club last evening at her home on 10th street. Mrs. T. H. Hollister of Idaho Falls and Mrs. McLean who has recently arrived in this city to make her home. Bridge was played at which Mrs. E. G. Loring won high score and was given a dainty luncheon. The guests of honor were each presented with a gift.

Open house was held last evening in the new Methodist parsonage, 510 Second street east, just across the park from the high school. A number of friends called to express their best wishes for pleasant days to be enjoyed by Rev. A. G. Bennett and family in their new home. Dinner was served and the evening spent informally.

### The Facts About Rheumatism

More than nine out of ten cases of rheumatism are either chronic or muscular rheumatism, neither of which require any internal treatment. All that is required is to massage the affected parts freely with Chamberlain's Liniment. You will be surprised at the relief which it affords.—adv.

### INSTITUTION ALWAYS RECOVERS AS BIG AS MEN BACK OF IT

The ten directors of the Co-op store are:

D. H. Black F. Howman  
C. E. Eldred W. W. Parish  
C. W. Griggs A. J. Housa  
C. H. Hempleman E. W. Shanks  
Dr. J. E. White

Hence the Co-operative store must be the biggest thing in Twin Falls county. These men are working for the good of the cause—they draw no salaries.—adv.

# HIGHWAY DISTRICT OFFICIALS NOT RESPONSIBLE FOR DELAY

### Federal Investigators Exonerate Local Road Executives and Promise Early Awarding of Contract for Construction Through Filer Section to Cassia County Line—Some Changes in Route Ordered

That a contract will be awarded for the building of state highway stretching through this county, in extent 20 miles, on June 12 is assurance given members of the Twin Falls highway district commission yesterday. The assurance was given by District Engineer Kittredge of the bureau of public roads, at Missoula, and District Engineer Horneman, of the bureau of highways at Boise, during an official call here yesterday.

Proposals will be invited through advertisements made in regular and authorized publications next on June 1, the sealed bids to be returned for perusal on June 12, when contracts, it is expected, will be granted. The proposals should be fully completed by the time the working season closes this year.

Determination to proceed immediately with the construction of this highway was reached after a brief business session, held yesterday morning by the visiting federal officials with the local district highway commissioners. Queries propounded by the visiting authorities brought out facts tending to clear up what seemed to be unnecessary protraction in the matter of this construction. Responsibility for the delay, it is declared, was placed where it belongs, in the Twin Falls highway district representatives being fully exonerated.

Yesterday Messrs. Kittredge and Horneman, together with Mr. George Z of the state highway department at Boise, took a trip over the district in company of the members of the local commission and the visiting federal officials for the purpose of inspecting the route. Two line changes were made during this inspection, each being a straightening of the line to the benefit of the highway in travel. One of these changes is to be made at Kimberly, the line to pass along the north side of the river, thus eliminating two rail crossings. In the Marzough district, in the immediate vicinity of the Lavee itself, the most important and drastic change seemed to be unnecessary protraction in a distance of two and a half miles. Easy geometrical curves will be used to reduce the sharpness of these turns.

Following the visit here the federal officials departed for Mountain View, where they will conduct similar investigations of road work.

# Deaths

Funeral services were held this afternoon at the officiating church for Mrs. Lillian Bate. The Rev. W. A. Moore officiated. Burial was in Twin Falls cemetery with J. L. DeWitt in charge.

Robert Roy, 9-month-old son of Mr. and Mrs. H. S. Bents, died shortly before noon today.

**MRS. BICKFORD GETS DECREE**  
Judge W. A. Babcock of the district court yesterday afternoon announced the decree of absolute divorce granted to Mrs. Lillian Bickford against Charles A. Bickford. Plaintiff is granted a divorce with custody of the minor child being awarded to her. The decree also orders that to maintain a home, household furniture and \$75 per month alimony. Defendant is granted through work animals and machinery and to visit his children at stated periods. He is, however, restrained from molesting or interfering with the management, care or control of the children.

**RAMSEYER TRIAL MONDAY**  
Judge W. A. Babcock has announced the setting of the trial of H. F. Ramseyer, accused of causing the death of Mrs. R. A. Heitler, to Monday, May 24. Heitler and Abel were Filer district rancher neighbors. They are alleged to have quarreled over water rights, following which Ramseyer is said to have shot Abel in the thigh. Abel died a week after the affray from fatal wounds.

**ASKS CASE DISMISSAL**  
Denying all the important and material allegations contained in the complaint H. D. Kinney and the Capital Electric company have petitioned the district court for dismissal of the action brought by Ross L. Douglas on charge of slander. The answer and dismissal petition were filed by Judge, Edwin Glendon and Judd, a law firm of Salt Lake.

**FIRE DAMAGES CAR**  
A fire of small proportion was discovered in the Lind garage just before last midnight. The fire started in a cut in the garage, was temporarily smothered, but is presumed to have been caused by battery wiring. Damage was confined to this machine, and amounted to about \$25.

to trade at the Co-op. One-half the profits will be returned to all non-stockholders.—adv.

**MYSTERY BURROUNDS WOMAN FOUND DEAD IN OMAHA STREET**  
OMAHA, Neb., (P)—An unidentified woman, about 30 years of age, was found in the street in Dundee early today soon after a collision between the automobile of A. D. Compton, county commissioner, and Harry Montgomery, Council Hill. Montgomery was arrested but said he did not know the woman and that she had not been in his car. A suitcase containing women's clothing was found in the machine. Compton said a woman was in Montgomery's machine. Montgomery is married.

# Changed Weather on the Program is Announcement

JUST for what Jim Smiley said yesterday the weather promoter sends out the following information that there will be showers tonight and Saturday, with cooler weather subsequently.

The showers will be welcome, if only as an auxiliary help to the city street sprinkling department.

Yesterday's high temperature was 74 degrees with 46 low last night.

# BANBURY NATATORIUM to open Saturday, May 29, and Sunday, May 30

The swimming pool at Hot Springs on the bank of the Snake river, 8 miles north of Buhl, 12 miles southwest of Wendell and 12 miles up the river from Hagerman, was finished last fall. Other work has been done this spring and construction proceeded so far that we are able to open to the public on above dates.

Our bathing suits have been ordered for some time but under the present condition of the market there is no telling when they will reach us, so we advise with all candor for everyone desiring to swim to provide himself with his own suit.

As to eating, sandwiches, coffee, etc., will be served but that there may be no possible room for complaint or going hungry we humbly advise bringing your own picnic baskets and thus have a good time among your own parties.

An admission fee of 25 cents will be charged for each person, which gives him or her the free privilege of the swimming pool if provided with own bathing suit.

Of course, on this opening date we would certainly appreciate a big attendance but we want everybody to be comfortable. We would rather you should be surprised at the good start we have made than to expect a paradise or a finished project and then be disappointed.

Wishing you all to come, we remain, Faithfully,  
BANBURY NATATORIUM.

# DOLLAR A YEAR MEN

The directors of the Co-op store are working for the good of the community. They are big business men. What the big business men of the country did for Uncle Sam during the war they are doing for Twin Falls county. Back them up—they are working for your interests.—adv.
