VOL. 3, NO. 12

TWIN FALLS, IDAHO, WEDNESDAY, MAY 26, 1920

PRICE FIVE CENTS

## WOOD CAMPAIGN AVERAGE COST \$8,000 A STATE

Total Contributions to Fund for Furtherance of General's Candidacy is Less Than \$500,000

## INQUISITION DELVES INTO PALMER'S FUNDS

Attorney General's Friends Donate \$59,610 Toward Drive for Democratic Nomination for Presidency

WASHINGTON, D. C. (AP)—William C. Procter of Cincinnati has advanced \$50,000 to the campaign fund of Major General Leonard Wood, he testified today at the Senate investigation into pre-convention presidential campaign financing.

Mr. Procter said this advance was "more than the total contribution to General Wood's campaign. He added that he had contributed \$10,000.

Organization Needed. Branching off into state matters, Colonel Procter said that "the state organizations have been encouraged to raise and handle their own funds."

"General Wood was a man without political connections," continued the witness. "It was necessary to get a national organization and put his name before the people in every state where there were direct primaries."

## Palmer Campaign Cost is Placed at \$59,610

WASHINGTON, D. C. (AP)—Contributions to the fund for Attorney General Palmer's campaign for the democratic nomination for president were placed today at \$59,610 by former Representative C. C. Cavin of Virginia, his campaign manager.

The largest contributor was James McHugh Guffey, of Pittsburgh, who gave \$10,000, and who was identified as an oil man and prominent in democratic politics in Pennsylvania. Former Federal Judge J. Henry Covington, treasurer of the Palmer organization, gave \$2,000. Mr. Cavin said.

Frank L. Crocker of New York, was the second largest contributor, giving \$2500, Mr. Cavin said.

Identifications Asked. Mr. Cavin read from a list from contributors and frequently was interrupted to identify the men.

## Bolshevik Forces Retrieving Losses

LONDON. (AP)—Bolsheviks, while on the right bank of the Dnieper river, approximately 125 miles north of Kiev, has been occupied by Russian Bolshevik forces which are also advancing on the fortified outskirts of Bobruisk, on the Berezina river, according to an official statement received here by wireless from Moscow.

Attacks by Polish and Ukrainian troops southeast of Kiev, along the Kiev-Poltava railway, have been repulsed.

## British on Retreat Before Red Invasion

LONDON. (AP)—Bolshevik forces continue to sweep Persia and have occupied Rehat, from which British troops have retreated toward Teheran, says the Daily Sketch.

## Albania Pictured in Throes of Civil War

LONDON. (AP)—Messages from Durazzo picture Albania as in the throes of civil war, the ultimate consequences of which it is impossible to forecast, according to an Exchange Telegraph dispatch from Rome today.

## AMERICAN WOOLEN FIRM INDICTED AS PROFITEER

### Federal Grand Jury in New York Makes Accusations of Unjust Rates

NEW YORK. (AP)—The American Woolen company was charged with profiteering in an indictment returned here today by the federal grand jury.

## CLAIMS-ALTITUDE RECORD WITH THREE PASSENGERS

SAN ANTONIO, Texas. (AP)—What is said to be the world's record for an altitude flight with an airplane carrying three passengers and pilot was broken at Kelly field late yesterday when Lieut. Harry Weddington reached an altitude of 20,081 feet.

## World News Events

PARIS. (AP)—Marshal Petain will speak in behalf of the French government at the Memorial Day exercises to be held in Suresnes cemetery, near this city. Ambassador Hugh G. Wallace will represent the United States and both dignitaries will assist in decorating the graves of American soldiers.

ROME. (AP)—The dirigible airship R-34, which in 1919 flew across the Atlantic from England to New York and back, had a trial flight today and shortly probably will attempt a flight from Rome to Buenos Aires.

PEKING. (AP)—The foreign office has replied to Japan's proposition to enter into negotiations concerning a settlement of the Shantung question, saying that China's position had not changed since China's refusal to sign the peace treaty. The reply added that China would welcome restitution of the territory and always stood ready to accept responsibility for guarding territory which the Japanese vacate. It said, however, that the government sees nothing on which to enter into formal negotiations.

## G. O. P. ORATORS LISTED KREMER TO OPEN SESSIONS

Montana Man is Chosen to Call Democratic National Convention to Order

## HOLDS INVALID THREE SECTIONS OF LEVER ACT

Federal District Judge Anderson Quashes 12 of 18 Counts of Indictment Against Coal Miners and Operators

WILKESBARR, Pa. (AP)—The district court convention of Anthracite mine workers in session here today considering the disposal of their wage dispute adjourned until tomorrow after press dispatches of Judge Anderson's decision had been received by the delegates.

The motion for adjournment provided that John L. Lewis, international president of the mine workers, be asked to send at once to the committee his interpretation of the federal court's decision.

The delegates were unanimous in declaring that before proceeding to further business they were entitled to know whether Judge Anderson's ruling would permit them to strike in event an amicable settlement of the wage controversy was impossible.

INDIANAPOLIS. (AP)—Three sections of the Lever act were held unconstitutional by United States District Judge A. B. Anderson in federal court today and quashed 12 of the 18 counts of the indictments against miners and operators based on these sections in ruling on the motion of Charles E. Hughes to quash the indictment.

Holds Some Counts Valid. Counts 1, 2, 3, 4 and 17, based on section 9 of the Lever law, which the court held valid, were declared operative and were not quashed by the judge.

The twelve counts in the indictment, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15 and 18, based on sections 4, 25, and amended section 6 of the Lever act, were quashed.

The motion to quash the indictment was made by Charles Evans Hughes, former justice of the supreme court, on behalf of the miners May 7.

Count 15 of the indictment, based on section 17 of the criminal code, was also quashed.

Basis of Challenge. The motion by Mr. Hughes challenging the constitutionality of the Lever act principally on the ground that it is vague and indefinite and does not contain sufficient penalty provisions. The sufficiency of the indictment also was challenged on the ground that the coal business during the time covered by the indictment was governed by rules promulgated by President Wilson.

Section 4, which makes the purpose of enhancing prices unlawful, was declared insufficient to found a criminal charge because it did not contain any penalty for violation of the section.

Section 25, which deals with storing and holding of necessities to limit supplies and affect market prices was declared by the judge to be arbitrary legislation.

## REVOLUTIONISTS' COMMITTEE ADVISES INVESTIGATION OF CARRANZA'S DEATH

### ARDUOUS LABOR LIES AHEAD OF DE FACTO RULE

Advices from Mexico Indicate Many Difficulties to Be Overcome in Establishment of the Stable Government.

WASHINGTON, D. C. (AP)—Advices from Mexico indicate that the revolutionists have much to do before a stable government can be established.

Military leaders are reported in various parts of the republic with small forces of men under arms, either still loyal to the Carranza regime or for other reasons hostile to the de facto government.

These groups are recognized by Mexican observers here to be possible nucleus for the organization of new revolts.

Francisco Villa, whose force of men is variously estimated at from a few hundred to several thousand, is reckoned the most important of the independent units.

General Candido Aguilar, the late president's son-in-law who during the past five years has become a military leader of considerable reputation, still is in the field. He was last reported at Jalapa, on outskirts of Orizaba, with 400 men.

General Porfirio Salinas, accused of conspiracy against Cejudo in connection with which Obregon was ordered to Mexico City for the court-martial and was afterwards killed as his chief, is at Zongolica with 150 men, according to the latest reports.

With Betancourt, General Tello, also not Aguilar's subordinates, with a force of 150 men.

Arrieta Still Hostile. General Domingo Arrieta, Carranzista governor of Durango, is known to be still hostile to the revolutionists.

Trouble in Colima. Trouble is reported to have arisen in Colima where the Carranzista governor, Alvarez Garcia, is impeached by the legislature.

Partial Complications Give 9 to Senator as Against 6, 841 to Wood

WHEELING, W. Va. (AP)—Returns from yesterday's state-wide primary election in West Virginia, being compiled here by the Intelligence, showed early today that Senator Brewster and Sutherland continued to lead Major General Leonard Wood for the republican presidential preference.

Wood, 6,841; Sutherland, 6,751; William G. Webster, New York, 47.

No names were printed on the ballot for the democratic presidential preference, and the voters had the privilege of writing in the name of any candidate they favored, not a single vote for the office was reported from the 413 precincts.

Mr. Randolph J. Hersey, campaign manager for Senator Sutherland, issued a statement in which he claimed the state for Sutherland by fifteen thousand, but it is said, on return he had received from rural and mining districts.

ELVEN BERSIQUO HURT IN NEW MEXICO TRAIN WRECK. ALBUQUERQUE, N. M. (AP)—Eleven persons were seriously injured when Santa Fe passenger train, number 808, bound from El Paso to Albuquerque, struck a stretch of track undermined by high water near La Jara, 20 miles south of here last yesterday.

ALLEGED BANDIT IN HOSPITAL. ATCHISON, Kansas. (AP)—Harry Kelley, alleged bank bandit, wounded in a fight with Atchison officers near Beat Lake, Mo., last Friday night, was taken to the Nebraska penitentiary hospital at Lincoln today.

## Two Americans Taken Prisoner in Jimenez

WASHINGTON, D. C. (AP)—Two Americans, Homer Carr and a man named Macdonald, have been taken prisoner by Carranzista forces at Jimenez, according to a report to the state department today from the American consul at Chihuahua. No details were given.

EL PASO, Texas. (AP)—Homer Carr, an examining engineer for the American Smelting and Refining company is a prisoner of the forces of Francisco Villa coincidentally with new demands the bandit leader has presented to the de facto government of Mexico that he be made military commander of the state of Chihuahua.

## GIVES DETAILS OF CARRANZA'S FINAL EFFORT

Companion of Slain Mexican Executive Relates Occurrence of One Week in Flight for Refuge

EL PASO, Texas. (AP)—The flight of President Carranza from Mexico City for El Paso following the assassination was a last desperate effort to seek a place of refuge from where he could marshal his forces and try to save his faction from the hands of the Carranzistas.

Senor Ronquillo, in El Paso today, told in eye detail the occurrence of one week with the fleeing president, Carranza, he said, was not attempting to flee Mexico and the president in a last desperate effort to seek a place of refuge from where he could marshal his forces and try to save his faction from the hands of the Carranzistas.

Senor Ronquillo expressed the belief Carranza never knew the wide extent of the revolution and the fact he had been abandoned by practically all the federal soldiers.

Safe Conduct Not Delivered. The safe conduct which General Alvaro Obregon sent Carranza never reached him, said Senor Ronquillo.

General Roberto Cojudo and 15 other political prisoners were announced by revolutionists as having been assassinated by General Francisco Murguia.

It was the "cinco de mayo," Mexico's great national holiday, but gloom hung over the city. There was no celebration. It is the custom for the president to decorate in person the graves of the fallen.

Gloom Hangs Over City. It was the "cinco de mayo," Mexico's great national holiday, but gloom hung over the city. There was no celebration. It is the custom for the president to decorate in person the graves of the fallen.

Two days previously he had organized the great division of the valley which was to have been the command of General Francisco Murguia.

On the morning of May 6, said Senor Ronquillo, Carranza was announced that President Carranza would leave that day.

For the people these rumors were sufficiently confirmed by sight of truck loads of government documents in transit from the offices of the various departments to the national station.

Hours of Juarez Revolt. Carranza heard for the first time that afternoon of the revolt of Juarez. At 7 in the evening the presidential train was ready in the national station. The train consisted of eighteen cars.

The Pullman at the rear was the presidential special in which Carranza and his family were seated.

In another Pullman was General Juan Barragan, General Lauro Blanco, Dr. Jerardo Murillo (Dr. Atl), senatorial leader, and a number of senators.

## REPORT GIVES TRUE STORY OF RULER'S DEATH

Commission Named by Obregon and Gonzales Cites Ten Points of Agreement on the Tragedy at Tlaxcalantongo

MEXICO CITY. (AP)—Disposition of military officers and civilians who were taken captive at Tlaxcalantongo following the death of President Carranza will be decided upon when Adolfo de la Huerta, has presented his report to the commission.

MEXICO CITY. (AP)—Formal investigation for the purpose of clarifying the part taken in the death of President Carranza, both by Colonel Rodolfo Herrero and members of the Carranzista party, is recommended by the commission of four, named by Generals Obregon and Gonzales to inquire into the tragedy at Tlaxcalantongo.

Marial Leaves Fugitive. A summary of the commission's report, which is the first authoritative story of the death of Carranza, follows:

Colonel Herrero joined the Carranzista party at Puebla, state of Puebla, on May 20, following a conference with General Obregon and General Herrero, to whom he surrendered last March.

General Marial then left the Carranzista party and did not go to Tlaxcalantongo. He was captured by Carranzista forces on May 23, following a conference with General Obregon and General Herrero, to whom he surrendered last March.

General Marial then left the Carranzista party and did not go to Tlaxcalantongo. He was captured by Carranzista forces on May 23, following a conference with General Obregon and General Herrero, to whom he surrendered last March.

General Marial then left the Carranzista party and did not go to Tlaxcalantongo. He was captured by Carranzista forces on May 23, following a conference with General Obregon and General Herrero, to whom he surrendered last March.

General Marial then left the Carranzista party and did not go to Tlaxcalantongo. He was captured by Carranzista forces on May 23, following a conference with General Obregon and General Herrero, to whom he surrendered last March.

General Marial then left the Carranzista party and did not go to Tlaxcalantongo. He was captured by Carranzista forces on May 23, following a conference with General Obregon and General Herrero, to whom he surrendered last March.

# AMERICA WILL WEATHER STORM BRITON AVERS

### Head of English Delegation to International Trade Conference Gives Views on Political Situation in U. S.

LEEDS, Eng. (AP)—Sir Arthur Shirley Benn, who was head of the British mission to the International Trade conference at Atlantic City last fall, has just told the members of the Luncheon club that he believed the United States and Great Britain would continue to "pull together." If so, he said, he thought they and their allies would be able to reconstitute Europe and get back to former conditions of trade.

A great many people had said there was a chance of Great Britain and the United States pulling together, because they were too much alike—too impetuous and aggressive. He did not believe it. He had known America since 1877 and had never known a better feeling to exist between England and America than exists today.

There were in America, he said, pro-Germans, Sinn Feiners, and others—wild men who were trying to uproot the whole American constitution. There were people who were working with pro-Germans and Sinn Feiners, to do all they could against England. But they would not succeed, he said. The class of people in America who were drawn from Anglo-Saxon stock were not going to give up the government of the country to any "mixed cosmopolitan body of people like the Bolsheviks and their class who were making the trouble in America today."

The bulk of the people of the United States, he declared, had the most absolute faith in the honesty, courage and determination of John Bull. Great Britain, he said, owed America a big debt, but the allies owed this country a larger one.

# DISASTROUS FOREST FIRES PREVENTABLE

Most forest fires can be prevented by the use of a little care with fire in the woods.

Fires can be also prevented on their number and severity greatly decreased by the passage of strong laws and by a greater realization on the part of the public of the harm done by forest fires and the need for preventing them.

Among the provisions of law which have been found effective are those requiring railroads which pass through forest regions to use either airbraking locomotives or else spark arresters and safety ash pans, to clear their right of way of inflammable material, and to fasten or screen the windows of smoking cars. Other laws that have been successful are those requiring farmers, campers and others to secure a permit before lighting a campfire, and requiring lumbermen to construct fire lines in their timber, to pile and burn the brush after heavy operations, and to maintain a system of patrol on areas being logged.

Realization by the general public of the many harmful effects of forest fires is perhaps the first essential. Only in this way is it possible to secure individual care with fire by hunters, campers and other persons using the woods. A well-grounded public sentiment for preventive measures means a long step toward the solution of the forest fire problem.

# FRENCH PRESIDENT OWES LIFE TO RAILWAY STRIKE

### Walkouts Bring About Suspension of Train Due to Pass Spot Where Deschanel Fell at Time of Accident

PARIS. (AP)—President Deschanel will occupy rooms at the Clueta Ramboillet for at least ten days there to recover from his heavy fall from a moving train near Montargis. The club has not been occupied since President Fallieres was in office. The executive, says the Echo de Paris, owes his life to the fact that the railroad strike brought about a suspension of a Paris-bound train due to pass the spot where the president took his plunge from his car at almost the exact time of the incident.

The president spent a good night and his physicians this morning said his condition was as satisfactory as possible, although rest was necessary. He rose at 7 o'clock this morning and ate a hearty breakfast. He insisted upon passing at the cabinet session, but the doctors and the cabinet ministers eventually succeeded in persuading him not to attend the meeting.

# HONOLULU HOUSEWIVES TO OPEN BUREAU FOR DOMESTICS

HONOLULU, T. H. (AP)—The newly organized Honolulu Housewives' league recently decided to open an employment bureau for domestics.

# ARGENTINA SIMPLIFIES LAND SECURITY LOANS

### South American Republic Favors Colonists in Fight Against "Tendency Toward City Life"

BUENOS AIRES, (AP)—Argentina, like the United States, has difficulty keeping people on the farms and out of the cities. To combat the tendency toward city life, the minister of the interior, Ramon Gomez, has asked all the governors of the provinces and territories to urge people to colonize the public lands.

Under a new law colonists are enabled to borrow from the National Mortgage bank up to 80 per cent of the value on land they have purchased and under the homestead law the government is permitted to give to colonists small lots of land in some districts.

# WAR OFFICE TO GIVE BOOST TO DIRIGIBLE LINES

### Aerial Passenger Service Between New York and San Francisco Would Make Available Fleet in Case of Crisis

CAMBRIDGE, Mass. (AP)—A dirigible airship line to engage in regular passenger service between New York and San Francisco is a project in which war department officials would like to invest interest capital, with a view to having an air fleet immediately available in case of war, according to Professor Harvey N. Davis, of Harvard university.

Professor Davis is engaged in expert work on helium gas for the department, and is designing a plant to be built at Langley Field, Va., where the expensive gas after use in the military lighter-than-air craft, can be freed free of impurities and used again. Estimates by Colonel William N. Hensley of the war department, indicate that it will be possible for passengers to go by airship overland at a cost of about 5 cents a mile, at a speed of 68 to 70 miles an hour.

"The advent of the airship as a regular passenger carrier is much nearer than many persons in this country realize," said Mr. Davis. "I shall be surprised if by the coming summer we do not see a line of airships in operation by an English firm between the United States and the British Isles and I have no doubt whatever that a year from now will see regular weekly sailings."

By use of helium all danger of disaster from explosions, such as have wrecked big balloons filled with hydrogen will be averted. There will be no fear of ignition of the gas by bullets, lightning or sparks from the engine. In fact, it is pointed out, that the engines may be placed inside the outer shell of the dirigible, and that except for observation purposes no car need be carried outside the big bag."

While the present cost of producing helium is about 10 cents per cubic foot, Professor Davis believes that development of its manufacture will result in a cheaper product. Helium will be used to train the lifting force in the \$2,500,000 dirigible which the navy department expects to obtain from an English manufacturer soon.

# NEW LINES TO BE FITTED WITH GYROSCOPE STABILIZERS

SAN FRANCISCO, CAL. (AP)—Two new lines the Pacific Steamship company is planning will be equipped with gyroscope stabilizers, it has been announced.

The device, not yet used on the Pacific coast, consists of a great fly wheel operated by electricity and revolving on a horizontal plane. It tends to prevent the rolling of a ship.

If a woman hopes to become proficient in music she does not neglect to study music. If she hopes to become more and more efficient as a buyer for the home she will not neglect a regular and interested study of the ads. For ads in the Twin Falls Journal are planned to be equipped with gyroscope stabilizers, it has been announced.

# Beginning Thursday Morning A Special Sale of Ladies' Fine Undergarments

THIS time of year every woman is contemplating supplying her wardrobe with every manner of undergarments. The warmer days suggest the need of dainty underthings for the warmer summer days to follow. Just in time for this need, we are conducting a special sale of Underwear. Every garment offered involves a saving for you. Complete assortments of new filmy gowns, chemise, bloomers, underskirts and children's underwear will participate in this big event. We are placing at your disposal goods of the present at prices of the past. And you know what a saving that will mean to you. You can expect much in the way of reductions and we earnestly suggest that you come in during this sale and get your summer supply of undergarments.

# Chemise at Special Sale Prices

Exact in every detail, with special emphasis on fit and finish, which means so much to every woman who gives attention to these important details. This assortment is unusually attractive. Best quality materials. Prices reduced and exceptionally appealing to all women.

**Lot Number 1**  
**Special at \$1**

This special lot of fillet lace and embroidery trimmed chemise in white and pink include odd sizes. Attractively made garments.

**Lot Number 2**  
**Now \$1.50**

A dainty assortment of Philippine hand embroidered chemise. Including a few numbers. Now \$1.50.

**Lot Number 4**  
**Sale Price \$2**

Including Marcella chemise. A special lot of fancy garments. Also white chemise embroidered in colors. Bargains at \$2.

**Lot Number 6**  
**Reduced to \$3**

Best quality pink and white chemise. Lace yokes, fancy trimmed. Now selling for \$3.

**Lot Number 3**  
**Bargain Price \$1.75**

White, lace and ribbon trimmed chemise. The very best quality garments. Special at \$1.75.

**Lot Number 5**  
**\$2.50**

In this lot are Marcella chemise and plain white chemise embroidered in colors. All \$2.50.

**Lot Number 7**  
**Reduced 20 per cent in price**

Including values of \$5 and up. These garments will all be sold at a 20 per cent reduction during this sale.

# White Underskirts Reduced in Price

\$1.25—Finest quality white muslin underskirts. Reduced for this event to \$1.25.

Most of them pay 8 per cent. Correspondence solicited. No charges for collecting and remitting to the investor.

# Today's Sporting News

## McKay Signs for Second Meeting with K. C. Boxer

Middleweight Champ of Northwest to Fight Eastley in Pocatello June 3

POCATELLO, Ida., (Special).—Gordon McKay, middleweight champ of the northwest, has signed a return bout with Curley Eastley of Kansas City, to be held in this city on June 3. According to the terms made by the managers of the two fighters Eastley is to make 168 pounds at 3 o'clock on the afternoon of the mill. This still gives Eastley a 10-pound advantage over Gordon as the Pocatello enters the ring at 158.

Jack Davis, middleweight mauler of Malaga, has issued a challenge to Gordon McKay through the City Athletic club. In his challenge Davis appears to believe that he can send Gordon down the line to defeat under most any kind of circumstances. He writes that the mill be held in Ogden, Utah. Manager Stinor of the Gate City club stated last evening that there was a strong possibility that the bout would be staged in the Utah city shortly after the mill here on June 3.

## Carpentier Will Meet B. Levinsky in 15-Round Tilt

French Champion and New York Light Heavyweight to Fight July 28

NEW YORK, (P).—Georges Carpentier, heavyweight boxing champion of Europe, and Detroit fighter of New York, American light heavyweight title holder, have agreed to meet in a 12 or 15-round contest at 175 pounds ring-side on or about July 28. It was announced here tonight by Jack Curley, Carpentier's American representative. The time and place of the bout will be decided later.

Whether a decision will be given depends on the place selected, Curley said. It is thought probable that New York city would be the scene of the contest if Governor Smith signs the Walker bill, which provides for 15-round bouts to a decision.

## Jap Net Expert is Proving Sensation in Parisian Meet

Zeno Schmitzu, Oriental Tennis Champion, is Going Fast Against Europe's Best

PARIS, (P).—Zeno Schmitzu, Japanese tennis player, holder of the championship of Japan and India, is proving the sensation of the world hard court tennis tournament being played here. The oriental racket wizard reached the semi-final round yesterday by eliminating Nicholas Mishu, the Rumanian star, in a five set match, which the latter defaulted, due to exhaustion.

Mishu won the first and third sets while Schmitzu took the second and fourth. All English players had been previously eliminated and there were no American entrants.

## VALGER DISREPUTED

ST. LOUIS, Mo., (P).—The scheduled eight-round no-decision bout between Jack Lawler of Omaha and Honey Valger of New York were last night was stopped in the last round by the referee who declared Valger "refused to fight and held continuously." Lawler carried the fight to Valger throughout according to newspaper writers. The men fought at 128 pounds.

## MORAN'S LAID OFF

CINCINNATI, (P).—Manager Pat Moran of the Reds has been suspended by President Heydler of the National league, until he apologizes for remarks attributed to him in a newspaper article about the conduct of umpires in recent games at Redland field. Moran denies he made such a statement.

## WHAT'S THIS?

BOISE, Idaho, (P).—Boise's polo team has agreed to a match with the Spokane team at the Union Stock Show association in eastern Oregon the first week in June. Boise players representing Idaho are Charles Harringer, William Jenkins, Captain Wall and Harry Falk.

## Big Value in Tires for The Smaller Cars

Back of the manufacture of Goodyear Tires for the smaller cars is the same purpose to supply high value in the product that is behind the manufacture of the Goodyear Tires that equip the most expensive automobiles built.

This purpose is expressed by the enormous resources, extraordinary skill and scrupulous care applied to the manufacture of Goodyear Tires in the largest tire factory in the world devoted solely to the 30x3-, 30x3½-, and 31x4-inch sizes.

The effect of this endeavor is noted in the fact that last year more cars using these sizes were factory-equipped with Goodyear Tires than with any other kind.

It is also noted in the fact that if you own a Ford, Chevrolet, Dort, Maxwell, or other car requiring one of the sizes mentioned, you can secure Goodyear Tires and Goodyear Heavy Tourist Tubes at the nearest Goodyear Service Station.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread \$23.50  
 30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50  
 Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water-proof bag. \$4.50

RADICALS NOT APT TO WIN AT GERMAN POLLS

Leaders of Coalition Now in Control Profess Confidence in Continued Supremacy as the Elections Result

BERLIN, (AP)—Leaders of the coalition of three parties now in control of the German government profess confidence that these parties, the majority socialist, German democrat and Christian peoples' party, or clericals, will continue in control as a result of the general election to be held June 6. This election will close the career of the first regular national assembly under the republican constitution. These leaders concur in saying that probably the majority socialist, who now have 165 seats, will lose one-third of these to the independent socialist who are expected to win wholly intact the balloting with 10 members of the assembly, instead of 22 which they now have. The political leaders say the socialists probably will have five representatives in the new parliament, as the German bolsheviks are well supplied with money, although their party organization is not wholly intact. The ultra right expect to benefit through the recent rioting in the Ruhr and Saxon districts, while the democratic and clerical leaders say they expect to retain their present representation block.

GIVES DETAILS (Continued from Page One.)

thirteen other trains had been made up, and 22 engines were held in readiness. In one of these trains, the shortest of all, was the presidential train, which between eighteen and twenty-two million pesos—the gold bullion, not in square bars, but molded in cylinders. "President Carranza reached the national station with the secretary of state and General Barragan at six o'clock next morning. Three hours later the train movement began. The first of the series of trains, which extended over 10 kilometers of track carried the cavalry of General Heliodoro Pizarro. "The presidential train was the sixth in line; the last train carried the infantry cadets from Chapultepec.

People Seem Depressed.

"As we passed through Vin Guanajuato, a suburb of Mexico City, crowd lined the tracks. There was no demonstration. The people appeared depressed. "The train had passed beyond Vin Guanajuato when the first Obregonista attack occurred. The last two trains were captured. These had aboard the aviation section and the artillery. However, the president still had with him 3500 men, infantry and cavalry. "At four in the afternoon we reached Tepic, where we were joined by General Murguía's troops and the cavalry cadets from Chapultepec, one thousand strong. "At sunrise on May 9, when we were at Apexaco, our rear was again attacked by the troops of Ricardo Reyes Maquena, one of the Gonzalez generals. There were less than 500 in the attacking party and General Pizarro Sanchez, who had joined us at Apexaco, easily beat them off. "The train was destroyed in our rear."

BALKS AT DRY QUESTION

Republican Convention in Maryland Passes Issue on to Candidates

BALTIMORE, Md., (AP)—The republican state convention in session here today passed the prohibition issue to individual candidates and refused to go on record as a party on the question. The convention ratified the choice of General Leonard Wood as the party's choice in the primary. Wood getting 116 votes and Johnson 13.

WALKS IN MELBOURNE

MELBOURNE, (AP)—The Prince of Wales, who sailed from New Zealand on board the battle cruiser Bismarck on May 27, arrived in Melbourne today.

READ THE DAILY NEWS

STATE QUESTIONS MAKE CLAIM UPON DEMOCRATS

Texas Convention Settles Moot Issue with Endorsement of Wilson

DALLAS, Texas, (AP)—Texas democratic politics which for months had been at boiling point over questions of endorsement or repudiation of the administration of President Wilson and other national issues, reverted today to the normal routine with the closing of the state democratic convention, which unanimously approved the actions of the Wilson administration. The state delegates with one vote each, including three women, and 16 delegates at large with one-fourth vote each, and of whom four are women, were elected to represent Texas at the national democratic convention at San Francisco, June 28. These 40 votes go unopposed, although the convention adopted a resolution highly commending William G. McAdoo as a presidential possibility. The delegates will vote as unit on all questions. Postmaster General A. S. Burleson was elected as delegate from his home (fourth) district. The state's delegates were instructed to oppose any platform at San Francisco which proposes any change in the present prohibition law.

HITCHCOCK WILL NOT GIVE AID TO MANDATE PLANS

Administration Leader in Treaty Fight Says He Does Not Expect to Support Request Made by President

WASHINGTON, (AP)—Senator Hitchcock of Nebraska, administration leader in the treaty fight, said today he did not expect to support President Wilson's request for authority to accept a mandate over Armenia. "I understand that democratic members of the foreign relations committee also will not give their approval," said Senator Hitchcock. The senate committee plans to discuss the president's request adversely tomorrow. Whether the committee will make an adverse report to the senate or let the president's message go unadvisedly to the committee had not been determined today. Senator Williams of Mississippi was said today to be the only democratic committee member favoring assumption of a mandate. The meeting of the house foreign affairs committee called to consider the president's request for the mandate was postponed today because of the inability of Secretary Colby to attend.

TAFT HOLDS UNITED STATES OUT OF MANDATE

ABRIDEN, Wash., (AP)—The United States cannot undertake a mandate for Armenia under the league of nations since this country is not a member of the league, according to William Howard Taft, former president, here today. Mr. Taft said he was not certain whether the mandate should be undertaken under any circumstances.

Today's Markets

New York Stock Market NEW YORK, (AP)—Further improvement in a more varied turnover was registered by the stock market today. News bearing upon financial conditions was viewed with greater favor. Sales approximated 760,000 shares.

Buy in your home city—and buy advertised goods.

W.R. PRIEBE LEADING JEWELER TWIN FALLS, IDAHO

Trading was active with a stronger tone at the opening of today's stock market, many of the leading issues advanced materially to yesterday's gains. Oil, motors, steel, shippings and toxics rose 1 to 3 points. The prominent features were Mexican and Pan-American Petroleum, Studobaker, Chander, Crucible, United Fruit, American International, Consolidated Textile and National Paper. Among the ralls were especially strong, Reading gaining a large fraction and Baltimore and Ohio 1 3/8. Dealers in foreign exchange reported further extensive buying of remittances to central Europe. Crucible Steel became the central feature of the later dealings, rising 1/2 point on steady accumulation. Oil security specialties also made irregular gains. The closing was irregular.

Liberty Bonds

NEW YORK, (AP)—Liberty bonds final prices today were: 3 1/2% \$91.50; first 4 1/4% \$84.70; second 4 1/4% \$85.44; third 4 1/4% \$85.80; fourth 4 1/4% \$85.80; Victory 3 3/4% \$96.28; Victory 4 3/4% \$96.20.

Grain and Provisions

CHICAGO, (AP)—Although prices for May delivery of corn showed a downward trend today, strength continued to develop in the more active options: July and September. Weakness of May was due to a trade ruling that because of the breakdown of railroad transportation no penalty would be exacted from shippers on May contracts here. Persistent meagerness of receipts formed the chief bullish factor on the market otherwise. Initial quotations ranged from 1 1/2c to decline to 1 1/8c advance, with July \$1.05 to \$1.00 1/4 and September \$1.54 1/4 to \$1.55, were followed by a moderate setback for May and a decided gain for later months.

Scarcity of offerings later and statements by Herbert Hoover regarding the prospective food situation led to uncertainty on the part of shorts. July in particular bulged and May also advanced. The close was strong, 2 3/8 to 3 1/2c net higher, with July \$1.09 1/4 to \$1.09 3/8 and September \$1.57 1/4 to \$1.57 1/4.

Comulsion house buying made oats firm. After opening unchanged to 3 3/8 to 1 1/2c lower, the market scored a general upturn. Provisions were inclined to harden with grain and hogs. Demand, though, was not urgent.

Cash Quotations

CHICAGO, (AP)—Wheat No. 3, red \$2.85; No. 2, high grade \$2.87; No. 1, dark spring \$3; No. 4 Northern spring, dark \$2.85.

Corn No. 2 mixed \$1.96 to 1.97; No. 2 yellow \$2.07 to 2.08; No. 2 white \$1.96 to 1.99 1/2; No. 3 white \$1.95 to 1.97 1/2. Rye No. 2 \$2.08 to 2.09. Barley \$1.45 to 1.60. Timothy seed \$10 to 12. Clover seed \$25 to 35. Pork nominal. Lard \$29.60. Hibs \$17.20 to 18.25.

Chicago Livestock

CHICAGO, (AP)—Cattle receipts 7,000; slow, medium grades steady; heavy beef steers dull, with first bids lower; early sales of steers at \$11 to 13; bulk vealers \$12.50 to 13.50; top bologna bulls \$5.75. Hog receipts 20,000; market 10 to 15c higher; big packers doing little; lights active, others dull; \$14.95 paid; bulk light and light butchers \$14.65 to 14.25; bulk 250 pounders and over \$14 to 14.50; pigs steady to lower. Sheep receipts 7,000; steady to strong; quality fair; good California spring lambs \$10.85; good handy weight short lambs \$10.25, with bulk at \$10.25; choice fox owes \$11.50; cannon owes \$3.50 and lower.

Omaha Livestock

OMAHA, (AP)—Hogs: Receipts 15,000; generally steady to 10c lower, closing 15 to 25c lower; top \$14.25; bulk \$13.50 to \$14. Cattle—Receipts 5,000; beef steers steady to 25c lower; yearlings and handweight favored; best yearlings \$12.25; bulk of steers \$10.25 to \$12; other classes generally steady. Sheep—Receipts 2500; mostly 25c higher. No choice lambs included.

Chicago Produce

CHICAGO, (AP)—Butter lower; creamery 42 to 53 1/2c. Eggs unsoft; receipts 25,115 cases; firsts 39 to 40c; ordinary firsts 37 to 38c; at mark, cases included, 37 to 39c; storage packing of extras 42 1/2 to 43c; storage packed firsts 42 1/2c. Poultry alive lower; fowls 34 1/2c.

Minneapolis Flour and Grain

MINNEAPOLIS, (AP)—Flour 15c lower. In earload lots family patents quoted at \$14.60 to \$15 a barrel in 98 pound cwt. basis. Bran \$5. Wheat, cash, No. 1 Northern \$2.90 to 3.

Twin Falls Title & Abstract Co. ABSTRACT BUILDING Farm and City Loans

Potatoes CHICAGO, (AP)—Potatoes steady; receipts 30 cars; Northern White, sacked and bulk \$7.50 to 7.65; Irish Cobblers \$7.25; new, dull, unchanged.

# EPISCOPALS MEET THIS WEEK

## General Convocation of Idaho District to Start in Boise on Saturday Morning

The thirtieth annual convocation of the missionary district of Idaho will be held in Boise on the coming Saturday, Sunday and Monday. In connection with the convocation will be the annual meeting of the Women's auxiliary, which will be held on the same dates.

This will be the first annual gathering of the Episcopal church in response to call of Bishop Frank Halo Tourist, who came to Idaho the first of the present year to handle the diocesan affairs. St. Michael's church will be the scene of the greater number of the most important sessions of the convocation.

The three days will be replete with activity by both the church men in convocation and the auxiliaries. The sessions of the latter, except where conducted jointly with the regular convention, will be held in Bishop Tuttle church house. Besides Bishop Tourist the Rt. Rev. William F. Nichols, bishop of California; the Rt. Rev. William Moulton, of Utah; and the Rev. Frank E. Wilson, rector of Christ church, San Gabriel, Wisconsin, will attend the convocations. All are scheduled to deliver addresses or sermons.

A banquet will be served for the men and women delegates at seven o'clock on Monday evening, with the bishop of California leading in address on church work. Frederick S. Randall, a lay delegate of Lewiston, also is scheduled for an address on this occasion. The Rt. Rev. Bishop Nichols will occupy the pulpit at St. Michael's cathedral on Sunday morning.

On Monday evening Dean Chamberlaine will speak on "The Nation-Wide Campaign in Idaho," of which he is the directing head. Monday evening's session will be held in the Moque.

During the afternoon of Saturday Mrs. Tourist will preside over the Women's auxiliary on "The Church League for Service." On Monday morning Mrs. Howard Snow will preside over the general convention. Officers will be elected at the afternoon sessions Monday.

# Cavalry Troop to Be Divided

## Twin Falls Will Have Two Platoons and Filer One, According to New Scheme

Attending a general meeting of the chamber of commerce Tuesday night L. V. Patch, adjutant general of the Idaho National guard, told of the requirements for the new cavalry troop in Twin Falls. He explained, too, that this community will be at no expense for maintenance or establishment of the troop.

## Government and State Pay

The troop, according to Colonel Patch, will be fully equipped by the federal government and the state will pay for the army and navy salary expenses. He said that the community pay roll would be increased more than \$1000 through the acquisition of the troop. This amount is equivalent of the amount spent for food and supplies.

## Holds Invalid

(Continued from Page One)

## GOVERNMENT ASKS SUPREME COURT TO HALT DENIGRATION

WASHINGTON, (AP)—The supreme court was asked today by the government to expedite a decision on appeals from federal court decrees in Colorado holding unconstitutional a state law which never act designed to prevent profiting. The proceedings grow out of injunctions granted the A. T. Lewis & Son Dry Goods company, enjoining enforcement of statute.

"Some federal courts which have passed upon the legislation in question have upheld it, while others have ruled adversely there," the government motion said. "The result is much confusion and uncertainty to the embarrassment of the government and the public."

## AMUSEMENTS

ORPHEUM—"Youthful Follies; Pearl White in 'The Black Secret'; also two vaudeville acts.

GEM—"A Temperamental Wife," starring Constance Talmadge; also Hallroom Boys comedy, "They Do It on 48 Per."

## RANGES AT WHOLESALE COST

FOR A FEW WEEKS you may secure any CHARACTER OAK RANGE at wholesale cost at the COBBET'S FURNITURE STORE and be granted 90 days credit to pay for same. Same old location—adv.

# Personals

# Local Brevities

Licensed to Wed—A marriage license has been issued to Raymond T. Stone of Gooding, and Lotty Bryson, of Twin Falls.

Sewing Class—Miss Edna Lawliss, home demonstrator of the County Fair Bureau, is this afternoon conducting a girls' sewing class at Poplar Grove.

Permits to Build—The Western Auto company has taken out a permit covering the construction of a 50 by 72 foot sheetmetal warehouse to cost \$2500.

Brother is Ill—Mrs. J. W. C. Deake has gone to Hiram, New York, where she is called by the illness of her brother, Dr. C. Rice. Mr. Rice visited at the home of Mrs. Deake summer before last.

Taft Comes June 3—Announcement is made by local committees connected with the Taft campaign that former President William Taft will be in Twin Falls on June 3 to deliver a lecture scheduled on the Lyceum course. The address is entitled "Capital, Labor and the World."

Paving Progressing—Bituminous operations on the main course that connects are driving on with considerable rapidity. Two of the four blocks to be paved are about completed and work started this morning on the remaining blocks. Operations are being expedited with the same degree of expediency in the east and north end of town.

# Social Notes

The Blue Lakes Boulevard club will meet with Mrs. Frank Brown May 28.

The board of directors of the Twentieth Century club met with Mrs. Kenneth Nichols, president, at the home of the annual meeting. Officers were elected for the ensuing year as follows: Mrs. Kennedy Packard, president; Mrs. E. J. Deane, secretary; Mrs. M. D. Aiken, treasurer. The sum of \$1135.95 was reported by the treasurer as being on hand for the clubhouse building fund.

The Pythian Sisters will entertain Friday evening, May 28, at 8 o'clock in the Masonic Temple with a program. All knights with their ladies are invited.

Miss Clara Beamer of Hailer is the house guest of Miss Edith Ramsay. Miss Ramsay will entertain with a tea this afternoon at her home on Eighth avenue east in honor of Miss Beamer.

The Woman's Missionary society of the Presbyterian church will meet in the church parlors Wednesday afternoon at 2:30.

# MEMORIAL PLAN PARTLY DECIDED

## Next Monday's Observances Will Be in Accord with Nature of the Occasion

Deferring to the wishes of the merchants' committee in charge of the Memorial Day observance store will probably close all day next Monday. The request has been sent out by the chamber of commerce and has generally been accepted.

The program of the occasion, tentatively devised, starts with a street parade, headed by the national and G. A. R. units, and the city band. The parade is to form in front of the high school and will march along Shoshone street to Main, marching and counter marching along the paved area.

The marching order will be composed of the members of all patriotic bodies, both men and women, lodges, fraternal orders and Boy Scouts. The American Legion has been asked to participate in this parade along with the National War veterans. The Women's Relief Corps and the Ladies of the G. A. R. will have their usual places in line.

After the parade, the committee on the observance of the occasion will be picked up by volunteer automobiles for the trip to the cemetery, where the program of decoration of graves will be observed. A list of figures for this purpose will be prepared by the committee. This organization will also furnish the bugler and marshal for the day.

Speaker from Pocatello

The afternoon ceremonies will consist of a meeting at the high school with Captain C. L. Longley chairman in charge. A speaker of state wide reputation will be here from Pocatello to deliver the occasional address.

# LOUISE McMARTIN IS SCHOOL HONOR PUPIL

Miss Louise McMartin was honored student of high school last semester according to a credit list just issued by the school authorities. Miss McMartin led the high school graduating class in every subject.

In the junior class John Buchanan was high student; Raymond Dunham led the sophomores and John Owens, the four students named in the list of classes are:

Seniors: Louise McMartin, Iris Guthrie; Stanley Cairncross; Evelyn Gaskill, Marie Lewis; Edna Johnson; Erna Holmquist and Gollin Norris; Lois Taylor; Mildred Houston; Mildred McCall and Ann Gordon; Hazel Ormsby; Helma McKinney; Anna Mae Pordy.

Sophomore Class: Raymond Dunham, Eric Erickson and Helen Nier; Helen Hager; Lillian Laid; George Perin; Leslie Moran; Violet Holderman; Roy Mahaffey; Helen Voss; Wilson Jackson and John Wagner; The Juniors: John Noh; Lillian Ingvare; Anna Baker; Eltra Gehring; Lawrence Hubbard and Dudley Smith; Helen Keniston.

Freshman Class: John Owens; Una Stafford; Harriet Harris; Lowell Mickelwait; August Place; Sunshine Williams; Fern Poulson; George Leo Albert; Elizabeth Romero; Margie Bebe; Harriet O'Neal; Agnes Schuberger; Fern Egerton and Moroni Jameson; Alice Dill; Berdie King; John Koenig; Helen Varnsey; Margaret Dunlap; Arthur Goodrich; Charlotte Shears; Eula Duke and Verda McCarley; Eula Bauer; Dorothy Sheldon.

# VERMONT VOTE CANVASSED

Less than 6,000 Ballots Cast at Presidential Primaries Count Shown

MONTPPELLIER, Vt., (AP)—The official canvass of the vote at the presidential primaries of two weeks ago showed a total of less than 6000 votes cast throughout the state. In republican primaries, General Wood who, aside from William G. Webster of New York, was the only candidate on the ballot, led with 3475 votes.

The vote for other voters: Webster, 354; John F. Johnson, 32; O. P. Ledge, 33; Hughes, 37; Lowden, 29; Leidge, 12; Knox, 60.

The democratic primaries in which 107 ballots failed to cast at all showed McAdoo the leader with 137 votes.

President Wilson received 68 votes; Edward Cox, 38; Hoover, 32; Bryan, 65; Cox, 14; Debs, 8; Ford, 7; Palmer, 7; Marshall, 7; Johnson, 19.

# ASKS SUFFRAGE SESSION

Vermont Republican Convention Urges Governor to Convene Legislators

MONTPPELLIER, Vt., (AP)—The republican state convention declaring it self in favor of women's suffrage, urged Governor Clement to call the legislature in special session to make possible ratification of the eighteenth amendment.

Women's suffrage was favored by Major General Leonard Wood, candidate for the republican nomination for president, in an address. He said it would be for the better of the state.

The convention deplored what it termed the "autocratic conduct" of Governor Wilson in negotiating the treaty of Versailles.

# DANIELS COMPLAINS AT USE OF STEAM ROLLER

## Secretary of Navy Protests Against 'Unfair' Statement in Record

WASHINGTON, (AP)—Declaring that a recent article which had appeared in him, Secretary Daniels told the senate naval investigating committee today that he would appeal to the full committee if Chairman Hays insisted in putting into the record "an unfair and unfounded" statement as to conditions of American warships when the war began.

Before the secretary's announcement Senator Pittman, democrat, Nevada, warned Chairman Hays that he would protest on the senate floor against the character of questions which the chairman was asking Mr. Daniels.

# PRESIDENT DEBATE IN RECOVERING FROM INJURIES

PARIS, (AP)—President Deschanel is recovering from the injuries he received Monday morning when he fell from a train near Montargis, but must take complete rest which may extend until late in the summer, according to a statement by his private secretary today. The president will not go to Rambouillet, but to the estate of his former-in-law, Rene Brice, near Rennes.

# WOOD CAMPAIGN

(Continued from Page One)

ington got at the time caused public comment," Chairman Kenyon continued.

"I've only heard a little about that Mr. Carlin said.

Mr. Carlin gave the names of several other men in the east who gave amounts ranging from \$500 to \$1500.

Chairman Kenyon asked for the identification of each man, but Mr. Carlin said he had nothing in detail about any of them.

"Who does that?" demanded the chairman.

"Mr. Covington is treasurer," the witness replied.

Committee members sought to get details about the Pennsylvania party and \$2700 on "women's work," Mr. Carlin said he had not participated.

Too Much Ignorance.

"Let me tell you something, not in a personal way," said Senator Reed, democrat, Missouri. "This has had too many managers who have no information about things like this."

I would have known, but I was instructed to keep my name out of Pennsylvania because the men there would handle the situation themselves," Mr. Carlin replied.

Senator Eads, republican, New Jersey, asked about Georgia and Michigan primary elections. Mr. Carlin said that \$500 had been contributed to election expenses in Michigan by the Georgia, Clark Howell of Atlanta, he said, assisted in the campaign.

In Michigan, he said, \$1000 had been authorized by the national organization for advertising.

Having Love Feast.

"The democratic party is having a love feast and not a money feast," Mr. Carlin said, when the committee began asking state affairs.

"Perhaps there is nothing to contest about," Chairman Kenyon interrupted.

During a partisan fight within the committee ranks, Senator Reed declared "that in the history of the democratic party no man had started out to get a presidential nomination by the process of spending \$400,000 of his own money."

You are counsel for Mr. Du Puy, president of the Crucible Steel company?" asked Senator Kenyon.

"I am."

And the Crucible Steel company defrauded the United States government?"

# Classified

(TOO LATE FOR CLASSIFICATION)

FOR SALE—Singer sewing machine, in fine condition. 255 8th Ave. N. Phone 487.

FOR SALE—Used truck, newly painted, working parts as good as new, 2-ton capacity, 4 speeds forward; price and terms very reasonable to good party. Phone 75.

If it can be bought for less the fact will be advertised.

# meat out of \$10,000,000 didn't it, in income taxes?

"Something like that."

"It was the attorney general's business to prosecute defrauders of the government?"

"You know the Crucible Steel company? The government took \$10,000,000," Chairman Kenyon asked.

"It did not, it was \$0,000,000," Mr. Carlin answered, adding: "Mr. Du Puy was chairman of the board of directors and not president of the Crucible company."

"Well, you are attorney for him in this matter?" Chairman Kenyon continued.

Gives Belation to Du Puy.

"I am not," Mr. Carlin said. "I'm representing Mr. Du Puy in the matter of his own and his wife's income tax. The other officers of the Crucible were responsible for the other."

In a reply fire of questioning, Mr. Carlin said the government claimed a \$36,000 under-payment in the Du Puy private incomes.

"The Attorney General Palmer had anything to do personally with the Crucible Steel or the Du Puy tax matters?" Senator Reed asked.

Mr. Carlin said it had been taken up with Mr. Palmer's assistants, but that it was largely "up to the collector of internal revenue, who was Mr. Roger."

Returning to expenditures from the Palmer campaign fund, Mr. Carlin reported \$15,212 spent on salaries.

"When managed your Georgia battle?" Senator Reed inquired.

"I should say Mr. Clark Howell and Mr. Stovall, former minister to Switzerland," Mr. Carlin said, adding that "Mr. Dunbar, formerly of the alien property office," had been seen in Mr. Carlin said \$1500 was spent at the Chicago office on "men's office" and \$2700 on "women's work."

"What have you there?" asked Senator Reed.

"All sorts of things," the witness replied. "I sent some newspaper men there, stenographers and copyists."

Woman Gets Big Salary.

Mrs. Haley W. Wilson, of Minnesota, at \$1000 a month, proved to be the highest salaried employe on the list.

"Something like that," Mr. Carlin said. "It was the attorney general's business to prosecute defrauders of the government?"

"You've found some active symptoms of a campaign for W. G. McAdoo, as a democratic candidate against Mr. Palmer?" Chairman Kenyon asked.

"I've seen that, but I don't know if he was not a candidate," Mr. Carlin replied.

"Somebody got the votes out for Mr. McAdoo in Michigan. It doesn't seem to have any headquarters or tall quarters, though we have the literature."

Chairman Kenyon asked if Mr. Sterling, the Palmer manager in Pennsylvania, was not employed "by the Du Puy interests?"

"His firm is employed by some of the same steel interests," Mr. Carlin said.

"This other steel company was engaged in the same kind of stealing as the Crucible," Chairman Kenyon asked.

"I don't know exactly the issue there," he was the reply.

**GEM**

Miss Talmadge plays the role of Billie Billings, strongly determined to marry only a man who is avare to all women. She finds this person in Senator Newton of Nevada, a rather timid bachelor who is so bashful and of a type so exactly like her "ideal" that she determines to marry this solon regardless of cost. Unlike other courtships, Billie becomes the suitor and the bashful gentleman from Nevada does his best to keep from entangling domestic alliances.

"A Temperamental Wife" will be shown at the Gem today and tomorrow.

At least Gallant was only able to get a hair-line decision against the Mormon city man.

Perhaps those punches landed by Bill Woodhead and Ray Rose were flukes. There is only one way to find out positively.

Jesse Willard, former world champion, intimates he might try it again. But we rather imagine he will stay with his wood and oil game in Texas.

Johnny Wilson is said to be long lean and unhandsome. He is constructed along the general outlines of a piece of wrapping twine, but is said to have a kick and a hard one at that, in both mita.

Jimmy Wilder earned a few thousand more dollars Monday night when he went 10 rounds with Patsy Wallace in Toronto. Jim extended himself just enough in this affair in the earlier rounds to pile up a lead that Wallace, with all his efforts, could not overcome in the closing sessions.

St. Paul is making a runaway race of the flag chase in the American association. Mike Kelley's club has a lead of more than 100 points over the next contender.

Slim Smiley, nagebrush sage, says: "Not only do I not beat my night everbody else but my money air gone parted, with 't' prices ex air these here days."

Yes, the workmen at Lavington arena are free to those who care to watch them.

Last Sunday the Rupert club went out of its class to take a 9 to 5 beating. The Fratello club did the job.

GROTH QUITS ST. JOE

ST. JOSEPH, Mo., (AP)—Lefty Groth, first baseman for the St. Joseph team, was traded to the Chicago Cubs and returned to his home in Chicago. Groth gave as his reason for leaving that he had hit a slump and wanted to quit. Groth was obtained from the Chicago Nationals at the opening of the Western league season.

VET BALL PLAYER DEAD

ELMYRIA, N. Y., (AP)—Announcement was made here yesterday of the death of M. J. (Doc) Groth, a former minor and major league baseball player several years ago. He died at his home in Stuten county.

JAPS BEAT AMERICANS

TOKIO, (AP)—The Chicago university and Keio university baseball teams met again yesterday, the Keio team winning by a score of 2 to 1.

LIKES WILSON'S STAND

LONDON, (AP)—Cabled reports that there is change of the United States congress acting upon President Wilson's recommendation relative to an American mandate for Armenia are accepted by the Chronicle, which is generally supposed to reflect Premier Lloyd George's opinions. Urging the necessity of some mandate starting work in Armenia without delay, the Chronicle asks what nation will do this, and adds "who but American can?"

YOUNG WELSH COAL MINER ADMITTED TO ROYAL ACADEMY

HARBURF, (AP)—Vincent Evans, a young collier living here in Swansea, Wales, has had one of his drawings entitled "An Underground Scene," accepted for exhibition in the Royal Academy. Evans worked at coal his spare time until quite recently and spent his leisure time in painting and drawing.

SHINE BALL AND SIMILAR FREKS MYTHS 'SY' SAYS

Pitchers are Effective without Queer Deliveries, According to Sanborn

By I. E. SANBORN.

That the age after, shine ball and its brothers and sisters in baseball were 99 psychological myths has been demonstrated this early in the season, although the statistics count of have permitted only a little more than half the scheduled games to be played. Club owners, rule makers, and umpires put money in the water by laying ways and means to handicap the pitcher by abolishing all the freak deliveries for the last two or three years. Such restrictions were placed on the hurlers that they are subject to ten days' suspension if they do anything except maintain the ball with saliva previous to delivering it. And the spittal pitchers have to be duly registered and licensed.

Effective as Ever

There is no reason to doubt that the revised rules prevent the pitcher monkeying with the globe to produce freak results, yet they are just about as effective as ever, as the box scores show. The expected big increase in batting has not eventuated, and there's a reason.

The pitching is practically the same as last season. It still consists of 60 per cent brain, 35 per cent control, and 5 per cent mechanical ability. There is no way to legislate brains out of a pitcher's skull or control out of his muscles, even if that were desired. Without these no pitcher can get by in the major leagues, no matter how great his mechanical skill and no matter what he may be permitted to do to the ball.

Forgot Rudiments of Game

There never was much fact behind the freak ball furore. It really hurt more than it benefited the slammers. So players where it was impossible to ignore the rudiments of their art. They sacrificed inside stuff to outside stuff as a rule.

A number one pitcher who was sent into a game to relieve another with runners on first and third and his team one run ahead. He started in by winding up before pitching, after having spent some time "shining" or pretending to shine the ball. That, of course, allowed the runner on first to mow down to second, and a here hit right afterward lost the game, whereas it would merely have produced a tie if the runner had been hit on first base. This pitcher simply did not know there was a runner on first. He was so intent on getting the ball ready for a freak delivery that he failed to size up the situation when he went on the slab.

Make 'Em Believe It

Take a contrary example or two. The prime minister of the shine ball was supposed to be Eddie Cicotte of the White Sox. Constant kicking out one fist fight between Gundill and Spawker were caused by efforts to give Cicotte from shining the balls, frequent samples of which were taken out of play and shipped to President Johnson as "evidence." Cicotte without cracking a smile, zealously fostered this belief that he was doctoring the ball. It was all in his favor to have every Platoon who faced him believe it.

Robbed of all chance for that sort of ramage, Cicotte started out this year as good as even, and he required a broken finger to destroy his effectiveness. Even that will not be a permanent handicap, because it is on his left fist.

Also Bools Them

Grover Alexander never pitched a freak ball in his life, but one hot day last year he was wiping perspiration

off his hurling hand on his uniform, and the Giants, who were opposing him, began looking to knock the ball after it was pitched. Alex grasped the idea, and continued rubbing his hand and the ball on his suit. Before the next game he pitched he rubbed some wet dirt on his trousers so as to make a disclosed streak when he held the ball on his suit. During the game, producing great distress in the minds of opposing batsmen, but no change whatever in his well known style of breaking a fast curve over the corner or slipping a quick snort across just above the batsman's knees. "Let 'em see it, give 'em shine," an Asep once said.

CELEBRATION COSTS LIVES

Royal Guards and Students Clash on Anniversary of Italy's Entrance in War

ROME, (AP)—At least six persons were killed and more than 30 wounded in the clash between Royal guards and students which marked the close of Monday's celebration of the fifth anniversary of Italy's entry into the world war, according to reports from reliable sources. The number of dead at a still higher figure.

The police today took into custody all residents of Balnainia and Finne who were in Rome with the view of reprinting them or sending them to places where it was impossible to investigate disorders by urging their friends.

WILSON RECEIVES GEDDES

New British Ambassador Formally Presents Credentials at White House

WASHINGTON, (AP)—Sir Auckland Geddes, the new British ambassador, formally presented his credentials to President Wilson today at the White House.

Sir Auckland had been waiting since April 21 to be formally received. His predecessor, Viscount Grey, who came to Washington last October, departed again before presenting his credentials before the president.

NOTICE TO CONTRACTORS

Sealed proposals will be received by the Commissioner of Public Works of the State of Idaho, at the office of the State Engineer, Boise, Idaho, until 2 o'clock P. M. on the 12th day of June, 1920, for the construction and paving 27 miles Idaho Pacific Highway, Federal Aid Project No. 27, 9 miles East of Boise, Idaho, and 18 miles West of Boise, Idaho. This Guaranty may be in the form of: (a) cash; (b) a certified check; or (c) a bidder's bond. If a certified check accompanies the proposal the check shall be drawn on some bank in the State of Idaho and made payable to the Commissioner of Public Works. If a bidder's bond accompanies the proposal, the bond shall be conditioned to guarantee that the bidder, if awarded the contract, will enter into a contract, in accordance with the terms of his proposal, for the faithful performance of the work.

The Proposed Guaranty will become the property of the State of Idaho, not to be paid, but as liquidated damages if the bidder, upon acceptance of his proposal by the Commissioner, fails or refuses to enter into a contract in accordance with the terms of his proposal within ten (10) days, (not including Sundays and holidays) after the date of the contract to him for execution.

A bond with a surety company, authorized to do business in the State of Idaho, and satisfactory to the Commissioner of Public Works, will be required for the faithful performance of the contract, in the sum of sixty per cent (60 per cent) of the total amount of the contract price.

It is the purpose of the Commissioner to build the improvement in the shortest time consistent with good construction and complete and well designed equipment and effective organization will be insisted upon.

Dated May 26th, 1920. D. P. OLSON, Director of Highway.

WM. J. HALL, Commissioner of Public Works.

CULTIVATE BANK CREDIT
Back of your success are three things, each one an essential:
A Bank Balance,
A Bank Acquaintance,
A Bank Credit.
Cultivate a bank credit, for it is not a fixed thing. Bank credit is based in part on elements that are ever-moving—bank balance, net worth, business reputation.
It is chiefly through personal acquaintance at the bank that a man's business record becomes known. Therefore, this institution invites you to become not merely a depositor but a business friend.
Then, your bank balance and the close acquaintance formed will influence largely your bank credit.

## EXPLAIN DELAY IN ROAD WORK

State Highway Officials Tell the Chamber of Commerce why Building is Not Started

That there has been no delay of an unnecessary order in the procedure toward state highway construction through the Twin Falls district, and that what delay has been occasioned is now about at an end, was the assurance given last night, at a meeting of the membership of the chamber of commerce in Parish hall by W. J. Hall, commissioner of public works, and H. W. Gregory, engineer in charge of the state highway commission. Both these gentlemen made short but reassuring and enlightening statements.

**Channel Takes Stand.**  
The Boise representatives were convened late in reaching the convention hall and for some time prior to their arrival C. B. Channell, chairman of the Twin Falls highway district, addressed the assembly on local road matters. He explained that work on the home sections of the district is progressing satisfactorily under force means. He stated that the plan of procedure the district is being saved at least \$5000 per mile on construction.

**Situation Cleared.**  
With the arrival of Mr. Hall some questions were made concerning the awarding puzzle relating to delay in the coming contracts for the main highways. Mr. Hall explained the delays were due entirely to the difficulties encountered in awarding contracts at reasonable figures. He quoted at length from construction magazines and journals proving that such delays are in no way unusual in contracts of this magnitude. Mr. Hall gave assurance of early operations and announced that a tentative program for construction proposals will be for the Idaho-Pacific route appear in local papers without further delay.

**Route Changes.**  
Mr. Gregory spoke along the same lines covered by Mr. Hall, adding that some delay had been occasioned by the failure of the federal roads department to report on route changes necessary through this district. Those changes were authorized on a recent visit of federal highway officials to this district.

## CREDAL VOW QUESTION PUT UP TO CONFERENCE

Dea Motnes Methodist Conclave is Considering Vow Problem in Deliberations

The question of whether Methodist members shall be obliged to subscribe to a creed has been debated in the general conference now in session in The Malheur. A creedal requirement was declared unconstitutional.

Dr. A. G. Bennett will speak on this subject at the local Methodist church tonight at 8 o'clock. Bishop C. W. Burns, one of the newly elected bishops, has been assigned to Idaho conference. Twin Falls church will probably invite him to come here soon.

## CARVER IS SENTENCED TO PENITENTIARY TERM

Bliss Farmer Must Serve from One to Ten Years in State Prison

Devoing an application for suspension of judgment Judge W. A. Babcock this morning sentenced William M. Carver to serve a term of from one to ten years in the state penitentiary. Carver was recently found guilty by a district court jury of voluntary manslaughter. Ygnacio Bilbao, a sheepherder, being the victim. Carver, who is a Bliss district farmer, will probably be taken to Boise tomorrow by a representative of the sheriff's department.

## NO CELEBRATION FOR TWIN FALLS ON JULY FOURTH

Decision Reached to Defer Festival Until Later and Hold Fall Fete

There will be no official celebration of Independence day in Twin Falls this year. Instead the city will conduct a demonstration designed to combine in one big celebration several occasions.

This decision was reached at a general membership meeting of the chamber of commerce in Parish hall last night, the deferment plan being reached in view of the storm up condition of the city streets for paving operations. It is the plan now to combine the summer celebration with a harvest, or fall celebration of the form up condition of the city streets for paving operations. It is the plan now to combine the summer celebration with a harvest, or fall celebration of the form up condition of the city streets for paving operations.

## CENSORSHIP COMMITTEE TO PASS ON SCHEMES

Peddlers and Promoters Must Be "Blue Sealed" Before They May Operate

A secret censorship committee has been selected by the Twin Falls Chamber of Commerce for the purpose of passing upon all advertising, selling and soliciting schemes coming into place outside of the legitimate business of this city. The purpose of this committee is to decide upon the legitimacy of the plans offered to the community. The program will include a list of peddlers and promoters of various sorts, and will have direct bearing upon the regulation of operating promotion schemes. Hereafter, no people are allowed, nor agencies coming from the outside should be given patronage, unless it bears the "blue seal" of the chamber of commerce.

## THEFT IS CHARGED

Fred Grenz, a Twin Falls machinist and general repairer, was taken before Judge O. P. Duvall this morning to answer a charge of theft. He denied guilt and was released on his own recognizance. Grenz is accused by J. W. Bessie of stealing parts from an automobile left in his care. Grenz says he received the machine from a man, whose name is given as Cox, to make repairs upon it. He said the car is now just as he received it.

## LAUNDRY UP TO DATE

In the past week the management of the Twin Falls Steam Laundry has installed a set of new electrical machinery and other modern laundrying appliances bringing the institution to date in the latest design equipment. Included in the recent installations are ladies' garment presses, extractor to be used in connection with the wringing of clothes and new washers.

## RAMSEYER CASE LAWYERS SCRAP

Prosecution and Defense Counsel Engage in Sharp Wits' Battle During Trial

Rapid-fire exchanges between counsel for the prosecution and defense marked the second day of the H. F. Ramseyer trial on charge of murder. Legal counsel for each side watched with intense keenness the operations and questionings of the other, the morning session of the court being fraught with frequent witty exchanges. The sharpest attack came with E. J. Lyons on the stand for cross-examination. Lyons operates a farm near that of the J. R. Abel place. He was called by the state to relate some testimony pertaining to headgates and water flow in the lateral supplying the Abel, Ramseyer and his own farms. Sharp action on part of the defense tended to fix a different answer to the question put than was apparently designed by the state. This brought out some debate between the lawyers as to right of procedure in examination. The state finally won its point.

All witnesses this morning were neighbors of both Abel and Ramseyer, their testimony having to do largely with the flow of water from the supplying lateral on the date of the alleged murder and immediately prior. Among these was the ditch rider, A. G. Goff, who was called for cross-examination. John Bias told of an excessively low flow of water to his property on certain dates. Goff testified in contradiction to some statements alleged to have been made by Ramseyer.

Yesterday W. A. Flower, of Twin Falls, identified photographs he had taken of the scene of the affray, and K. D. Abel, a son of the dead man, identified maps showing the location of headgates and ditches. Hillary Abel and Otto Heiter gave testimony as eye-witnesses of the fight between Ramseyer and Abel. John R. Ault gave testimony as to the location of the place where the quarrel is said to have occurred.

## Jack Frost Made Social Visit in Twin Falls Parts

ROBUST hit all about Twin Falls last night but little damage of importance is reported. Tender buds and shoots got slightly nipped, but should recover, according to Local Observer Hammond.  
Last night's low temperature, the point of importance to producers hereabouts, was 28, or 4 degrees of frost. High yesterday was 51. The state observer, in his daily statement, speaks warmer tonight and Thursday fair.

## RAISE CAPITAL STOCK

Articles were filed yesterday with the county recorder showing an increase of \$35,000 in the capital stock of the Big White store. The original capitalization was fixed at \$40,000, the increase sets the mark at \$75,000. This was authorized, according to the papers, at a general meeting of stockholders on January 27, 1920.

## DEMOCRATS TO MEET

Arrangements have been made for a meeting of the democratic county central committee Saturday evening. The meeting will be held in the commissioners' chambers at 7:30 o'clock. A means of selecting delegates to the state convention, to be convened in Lewiston, June 15.

Dr. Evans, the optometrist, is at his office over Fisher's Drug Store this week, but will leave next week to be gone a few days. Eye trouble is real trouble so don't neglect your eyes. We fit glasses correctly and attend each case one year. J. T. Evans—adv.

## TO HELP SERVICE MEN

For the purpose of forming a working committee to aid former service men in procuring the consideration due them from the government for services rendered during the war, Lieutenant Robert V. Laughlin, of San Francisco, spent all of yesterday in Twin Falls. Lieutenant Laughlin selected a temporary committee composed of Newell E. Wight, chairman; R. H. Stevenson, Meslin's D. O. Boyd and W. F. Edwards. This board will probably become the permanent organization when a called meeting is held June 6.

## Consider the Comfort of Electrical Cooking

If in the kitchen of your home there was a handsomely designed electric range, how easy it would be to get meals—what a pleasure it would be to cook.

By simply turning a button the heater, into which the coils are built, becomes a glowing cherry red. There is no flame, no smoke, no injurious fumes or troublesome ashes.

Clean radiated heat does your cooking, and this heat can be regulated. A turn of the switch to a given position produces the right degree of uniform heat just when and where it is wanted.

There are many other interesting points about electric ranges that we will be glad to explain when you call.
