HUERTA NAMES PERSONNEL OF CABINET POSTS

Iglesias Calderon of the Liberal Party Conservative Group to be Minister of Foreign Affairs. Ad Interim

ADVICES INDICATE VILLA IS THREATENING PARRAL

Consul at Torreon Reports General Arrieta, Loyal to Carranza Until Death, Joins Revolutionary Program

WASHINGTON, (AP)—Iglesias Calderon, of the more conservative group of the Mexican liberal party and prominent during the administrations of Diaz and Madero, will become minister of foreign affairs during the administration of the late President Carranza. The cabinet of the new government is expected to be announced today. Other members of the cabinet, the Mexican papers added, will include General Arrieta, former generalissimo; Salvador Alvarado; public works, Ortiz Rubio; agriculture, Enrique Estrada; industry and commerce, General Plani; and interior, Rafael Zubaran.

Prohibition of gambling, war on alcoholism, assistance to foreign capital, investment in Mexico, increased powers of congress and increase of executive power, the papers said, would mark the La Huerta's policy.

DIAX BALIESTRER REBELS LOYAL TO CARRANZA GOVERNMENT

VERA CRUZ (AP)—Rebel forces commanded by Felix Diaz and operating along the coast of the state of Vera Cruz, near Nautla, are combined with other rebels and the troops still remaining loyal to the Carranza government, according to advices received here. As yet there is no official confirmation of this.

PRINCIPAL CANDIDATES ARE ALL CONFIDENT OF SECURING NOMINATION

General Wood Will Enter Chicago-Convention with More Instructed Votes Than Any Other Aspirant but His Total of 153 Is Less Than One-Third Number Necessary to Win; Johnson Has 109 and Lowden 74; Contests May Upset Campaign Manager's Predictions

CHICAGO, (AP)—Candidates for the republican nomination for the presidency today opened their final drive to capture the 493 votes that spell victory in the convention which opens here one week from next Tuesday. The last of the 984 delegates who will sit in the convention were selected yesterday. Some 2000 republican choice eight delegates.

Major General Leonard Wood, present returns show, will enter the convention with more instructed votes than any other candidate, but his total of 153 is less than one-third of the number necessary to win the nomination. No Choice at First.

The division of strength among the large field of "favorite sons" practically precludes any possibility of a nomination over the heads of the most optimistic campaign managers here are not claiming victory before the third ballot, and the more conservative party leaders predict the break will not come before the fifth or sixth at the earliest.

One big factor which may upset campaign managers' prediction is yet to be dealt with. One hundred and forty-five contests have been or will be filled, more than one-seventh of all the seats in the convention being at stake and the national committee which meets here today to decide these contests and prepare the temporary roll may materially alter the prospects of several candidates.

The principal contests are between supporters of Major General Wood and Governor Frank O. Lowden. Senator Johnson and other candidates are not directly interested in these contests, but may raise questions regarding primary contests in New Jersey, New Jersey, Indiana, Michigan, Nebraska and other states.

Surplus Delegates Issue. In addition to the 493 controllable, 64 surplus delegates, with fractional votes, have been elected in 14 states and the republican national committee's rules provide that their right to seats shall also be contested. The convention will sit in the states and the delegates should be seated and no seats have been provided for these 64.

Senator Hiram Johnson and Senator Howard Sutherland of West Virginia were the principal gains in primaries and conventions held in four states during the past week. Senator Johnson, returns indicate, will get nine of Oregon's 10 votes and Senator Sutherland 10 from West Virginia. The official count in no case completed in Oregon and West Virginia. Texas publicans split into two factions, each of which elected an unopposed delegation to the national committee.

Division of Vote. Figures compiled here show the following division of the convention vote: Major General Leonard Wood, 153; Senator Hiram Johnson, 109; Governor Frank O. Lowden, 74; Favorite sons and uncommitted, 648.

In the favorite son group, Senator Warren G. Harding has 39 votes from Ohio; Senator Sutherland 16 from West Virginia; Senator Max Baucus is expected to receive Washington's 14; and Judge Pritchard of North Carolina is expected to get 17 of his state's 22 votes. All Claim Victory.

Campaign managers here of the three leading candidates all claim victory to statements issued last night. The Wood backers claim the first ballot, the Johnson supporters as to their first ballot vote, the supporters of the general enlisting 385 votes and those of the senator 236. In the while, while professing their confidence, are not prepared to quote exact figures.

"Leonard Wood," says a statement from his headquarters, "has an increase of his votes in the last week that a first ballot prohibition of 385 votes was being voted at head headquarters here. This is combined with the increased attractiveness of all other candidates. On the first ballot, he will be a big winner. He will be the first to increase his vote to the majority of 236." Johnson Men Politicians.

The Johnson headquarters which are now in charge of Hiram Johnson, Jr., the senator's son, announced with quiet confidence that Johnson will win on the first ballot will be equal if not greater than that of any other candidate and by the fifth or sixth ballot, he will be the first to increase his vote to the majority of 236. "We are going to win," said the statement from the Lowden camp, "and we have had no time to sum up, and figures therefore are unavailable, but we are going to win and the situation looks even better than it did last week."

Push Work on Hill. Work on the convention hall is progressing rapidly and Charles R. Hall, superintendent of the Coliseum, has had the hall ready for the convention more than 14,000 seats will be in place 24 hours before the convention is called to order by Chairman Will H. Hall of the national committee. Extra balconies are being erected to provide nearly 1000 more seats than were available at any previous convention. The speaker's platform and seats for 2000 distinguished visitors already have been erected.

CAMPAIGN COST TO TRAINING MEN THIRD LARGEST

Total of \$113,109 Raised in Interest of Ohio Senator's Candidacy, Representative Tells Senate Inquisitors

WITNESS DENIES USE OF MONEY IN MADDO DRIVE

Delegate Selected to Nominate Former Railroad Administrator Pays Own Expenses to Washington Conference

WASHINGTON, (AP)—A total of \$113,109 has been raised for the campaign of Senator Harding, republican, of Ohio, and \$107,794 spent, the committee was told by Harry M. Daugherty, representing the senator. This is the third largest campaign fund collected to date for a republican candidate. Daugherty opened his testimony by reading a prepared statement declaring that Senator Harding had "expressed a desire that no highly financed or expensive campaign should be made for him" and that "no contest was expected in Ohio, but later one developed."

Forced to Campaign. "We were compelled to make something of a campaign," he said. "The neighboring state and there were many indications for Senator Harding to prevent his candidacy there. In all of the other primary states we notified them that we would not enter the primaries on account of the expense of conducting a primary campaign."

Butler Spends \$40,500. Dr. Nicholas Murray Butler's candidacy for the republican presidential nomination has been financed to the extent of \$40,500. Justice John R. Davies, of New York city, testified today before the senate committee of inquiry.

Five men, including W. C. Butler of Everett, Wash., gave \$5,000 each, the witness testified. The contributions ranged from \$500 to \$2,500 per individual. The entire fund was spent on general publicity, the witness testified.

Denies McAdoo Financed. The committee then went into the question of the campaign for W. G. McAdoo. The witness testified that it would cost \$1,250,000 to give national circulation to a single platform pamphlet for a candidate.

WILSON VEToes MEASURE TO DECLARE END OF STATE OF WAR AGAINST GERMANY

Declares Proposed Method of Making Peace Ineffable Stain on Honor of the United States

INTENTION REGARDING TREATY IS NOT DISCLOSED IN PRESIDENT'S MESSAGE

WASHINGTON, (AP)—The republican peace resolution was voted today by President Wilson.

Such a method of making peace with Germany, the president said, "would place an ineffable stain upon the gallantry and honor of the United States."

Without announcing his intention regarding the treaty of Versailles, the president declared that the treaty embodied the important things omitted by the resolution, and said that by rejecting the treaty the United States had declared in effect that it wished "to draw apart and pursue objects and interests of our own."

Omits War Purpose. The president added that the peace resolution omitted mention of many important objects for the vindication of which the United States entered the war.

Reading Is Delayed. When the White House messenger arrived, the house was sitting in the committee of the whole and the reading of the message was delayed more than an hour.

After the reading the house voted to postpone consideration of the message until tomorrow. There was no discussion. The democrats voted solidly against the motion to defer action.

There was a full attendance of the house members and the reading was followed closely, the democrats at the end making an cheering. The president's statement that the peace resolution made no reference to the freedom of the seas was greeted with laughter from the republicans side.

CONFEREES AGREE UPON \$436,000,000 Navy Bill

Compromise is Reached in Conference Between Senate and House Plans

WASHINGTON, (AP)—Next year's navy bill, the first of about \$436,000,000, under a complete agreement on the naval appropriation bill reached today by senate and house conferees. The original bill carried \$425,000,000 and the senate about \$467,000,000.

The conferees agreed on twenty million dollars for navy aviation, a compromise between the \$18,800,000 voted by the house and \$25,000,000 by the senate.

In lieu of the senate appropriation of \$1,000,000 to begin work on the new Pacific coast base in San Francisco bay, the conferees authorized a congressional commission of five senators and five representatives, to investigate available sites on San Francisco bay and report to congress not later than December 31.

Virtually all increased aviation items were for Pacific coast projects.

STRIKE LEADERS INDICTED. Federal Grand Jury Charges Conspiracy to Obstruct Interstate Commerce.

NEWARK, N. J., (AP)—Ten leaders of the railroad strike in New Jersey were indicted by the federal grand jury here today under the Lever act. They were charged with conspiring to obstruct interstate commerce.

World News Events

LONDON, (AP)—Twelve thousand workers on the great Indian peninsula railway have struck demanding increased wages, says a Bombay dispatch to the Exchange Telegraph company. Yesterday the men stoned workshop windows and disorganized traffic in Bombay, the dispatch says.

MADRID, (AP)—An industrial bank for the development of Spanish industries has been formed by the government which will furnish eighty per cent of the capital, the remainder to be provided by Spanish banking institutions. The object of the new bank is to grant loans for the purpose of starting construction works, mines and railroads, opening new sources of trade and preventing them from falling into the hands of foreigners.

NEW YORK, (AP)—Belgium will celebrate American Memorial Day by placing flowers on the graves of the American soldiers, sailors and marines who lie buried in Belgian soil. This information was contained in a cable received by Baron de Cartier de Marchienne, Belgian ambassador, and made public here.

OLD ORDER BROTHERN BAN TALKING MACHINE

Proposal for Forbidding Use of Automobile is Voted Down at Church Conference.

LOGANSPOET, Ind., (AP)—Bailing against the use of prohibition delegates yesterday held the members of all talking machines, phonographs and graphophones at the annual conference of the Old Order branch of the Brethren Church came to a close last night after a five-day session on a farm 12 miles east of here.

Some members sought to obtain from the council action forbidding the use of the automobile and the talking machine, but the opposition was great in the minority.

MINERS PLEAD NOT GUILTY

Coal Diggers and Operators Deny Violation of Labor Act Provisions

INDIANAPOLIS, Ind., (AP)—Fifty-seven outminous coal miners and operators today pleaded not guilty to charges of violating section 9 of the Lever act in federal court here yesterday will be tried November 8, 1920. The men were charged with conspiracy to limit the production and distribution of coal and to enhance the price thereof.

PROHIBITIONIST ENDORSES CAPPER AND SHEPARD. CHICAGO (AP)—Virgil G. Hinshaw, chairman of the prohibitionist national committee, today issued a statement endorsing Senator Arthur Capper of Kansas for the republican presidential nomination and Senator Morris Sheppard of Texas, author of the eighteenth amendment, for the democratic honor.

URGES CREDIT TO POLES

Baldwin Locomotive Works President Argues for Aid to New Nation

NEW YORK, (AP)—The most pressing need in Poland is raw materials to enable the people to go to work, declared Baldwin Locomotive works at the inaugural luncheon of the Polish-American Chamber of Commerce and urged congress to treat them for a period for such machinery as will enable them to work. "If you think this new government of Poland is weak, forget it."

MR. YACULAIN said American business men should grant the Polish government all credit possible. Implements and tools must come largely from the United States. "These people do not want charity," said Mr. Yaculain. "What they pray for is your confidence in them and a willingness to treat them for a period for such machinery as will enable them to work. "If you think this new government of Poland is weak, forget it."

HIGHER FREIGHT MARKET IS BEING REFINED. MINNEAPOLIS, (AP)—A higher wheat market the past two days was reflected in an advance of 25 cents a barrel for flour at one of the mills here. The family flour in carload lots in 98-pound cotton sacks were quoted at \$14.85 a barrel at this place.

ARMENIANS ACCEPT INVITATION OF BOLSHIEVIKI TO SEND DELEGATES

PARIS, (AP)—The Armenians have accepted an invitation from the Russian Bolsheviks to send delegates to Moscow, according to information received by the French foreign office. A Tiflis dispatch to the foreign office says the Georgians have already reached an agreement with Moscow in which the Tiflis government undertakes to prevent Georgian territory being used as a base for attacks against the Bolsheviks.

TAKES STEPS TO OPEN FOREST TO MAKER OF PAPER

Federal Government Bureau Advertiser Offer to Sell Merchantable Timber on Two Tracts Near Juneau, Alaska

JUNEAU, Alaska, (AP)—First actual government step toward opening Alaska forest lands for merchantable pulp and paper makers was taken when the United States forest bureau recently advertised in Alaska papers offering for sale all merchantable timber on two tracts near here.

POLL SHOWS HOOVER IS FAVORITE OF IDAHOANS

BOISE, Idaho (Special).—According to the Literary Digest poll, J. Edgar Hoover is leading in Idaho. He stands 1480 as against 1316 for Wood and 1291 for Johnson second, with Wood first and Johnson second, and all three close.

HIGH COSTS AND DRY LAW BULL DANDELION'S STOCK

WINCHESTER, Va., (AP)—Prohibition and the high cost of living has elevated the lowly dandelion to lordly estate in this section of the country. Residents this spring are seeking the little yellow blossoms everywhere, scoring lawns where the dandelions have been considered a pest.

Asks Honest Work in Return for High Pay

CHICAGO, (AP)—The railroads of the United States are asking in return for a fair increase in wages for their employees if the employees guarantee that they will give honest, conscientious work in return.

JAPANESE LEAVE HAWAII HONOLULU, T. H., (AP)—During the first four months of 1920 a total of 2026 Japanese left the Hawaiian Islands for Japan, according to figures published by the Nippon Siji, a Japanese newspaper here.

DON'T BUY YOUR SACKS until you have called at the Co-op Store and get a no-profit price. You will regret it if you do—adv.

About Digestion It is claimed that only half as much food is required when it is thoroughly masticated. Digestion begins in the mouth and a thorough mastication of the food is of the greatest importance.

Birds Must Sing Sweetly. In hum-dinging contests, birds are scored against birds introducing "rough song" notes into "pleasant song" and vice versa.

Brief Bits of Sport

Seat sales are on for the Friday fight fest.

All the battlers are showing class and physical fitness and Friday looks like a big night.

Deals Becker, Kansas City outfielder, has been sold to the Seattle club of the Pacific Coast league.

Becker declined to return to the A. A. fold this year, declaring he preferred either Coast league company or a little mercantile job in the San Joaquin valley. He was offered for sale to Salt Lake but the money looked too big to the Bee management.

The late Blue goes to Seattle for a hunk of money and an infielder, Shortstop Hartford, being the player.

Down in Chattanooga the other day Luther Baker, 13 years of age, was struck in the Adam's apple by a pitched ball. He died shortly afterwards.

The Giants have buried the hatchet and have extended the Yankees' lease on the Polo grounds for baseball purposes.

Jack Doyle, veteran infielder, has been signed by the Cubs to scour the bushes for ivory.

Joe Jackson's batting average to the close of last week was .384.

Joe leads the American regulars. Hap Felch and Buck Weaver, on the other Bop players in the coveted class.

A bunch of ministers got in on the boxing law for New York hearing the other day and went on the books as favoring a resumption of regulated fist fights.

Bobby McLean, skater, lost the world's championship title while he was in Norway but he boosted his bank roll \$57,000.

Bobby might still have been champion but he could not understand the Norse wig-wag language and made a wrong turn in the going.

Bill Hutchinson, a star twirler for the Chicago club under Cup Amos 30 years ago, is still keeping in good condition. Bill plays indoor ball and does the pitching generally. He is located in business in Kansas City.

The Cleveland club isn't the hardest batting aggregation in the American league. Fact is the Indians are third in the list, being led by St. Louis with .298, and Washington with .287. The Indians are hitting .285 and the White Sox .274. These are the four leaders in order.

The Cincinnati Reds lead the National clubs in hitting with .291. This

is 30 marks ahead of Philadelphia, the next best batting club.

Every good sportsman helps to prevent forest fires.

The humble Mackmen beat a lot of conceit out of the White Sox again yesterday. Ten to two, is all.

But then, the Senator did pretty much the same thing to the league leaders, Washington 13, Cleveland 9.

Sim Sniffly, age-brush sage, says: "Effen you're poor an' honest you'll be respected—but that's about all."

MAGEE STARTS AGAIN.

CINCINNATI, O., (AP)—Leo C. Magee, Cincinnati, ball player, yesterday filed in United States district court a petition for an order of court requiring the Chicago National league club, defendant in his suit for \$5000, alleged to be due as damages for alleged breach of contract, to make its allegations relative to "dishonest ball playing" on his part definite and certain.

EVANS GOES UP.

KANSAS CITY, Mo., (AP)—William Evans, a pitcher who left the team recently and went to Oil City to play with an independent team, has been released to the St. Louis National, it was announced by George Nuebach, president of the Kansas City team. A cash consideration was involved in the deal, and Evans has an agreement to report to St. Louis Saturday.

NET TOURNAY IN AUDELAND

WELLINGTON, (AP)—Auckland has been chosen as the scene of the Davis cup tennis tournament by the New Zealand Lawn Tennis association which recommends that the tournament be held December 20 to December 24.

The Original Hearse.
A hearse originally was a metal grubbing or spike fence with upright spikes for the reception of candles for illumination of the hanging of decorative draperies around a tomb or at a gate-way.

SIMS DECLARES HIS CRITICISM SUBSTANTIATED

Navy Department's Witnesses Reveal Condition More Distressing Than He Had Imagined, Admiral Says

WASHINGTON, (AP)—Rear Admiral Sims, appearing before the senate naval investigating committee today in rebuttal testimony, declared that "the navy department's witnesses" had revealed a condition in the navy "even more distressing than I could have imagined and constitutes a much more severe criticism of the deplorable conditions referred to than I myself have submitted."

"A very careful review of the evidence submitted by the navy department witnesses," said the admiral, "shows that in no single instance were the 13 points raised by me in criticism approved. On the contrary, most of them were freely admitted."

Secretary Daniels' testimony, Admiral Sims declared, had been remarkable "in that it mistakes and misinterprets and for its overstatement assault upon my services during the war."

"I wish to state very clearly and once and for all, that in all the comments I shall have to make," Admiral Sims said, "I do not desire in any way to imply that they were intentional or that the secretary was not sincerely convinced of the fairness and correctness of his conclusions."

Admiral Sims said he would make no attempt to answer the "personal reflections and aspersions contained in the testimony of the secretary."

Personals

A. J. Hall of Boise is in the city on a business trip.

THE GEM THEATRE LAST SHOWING TODAY Constance Talmadge In a Matrimonial Comedy Drama—'A TEMPERAMENTAL WIFE' Billie Billings had a jealous disposition and she knew it. She caught her fiancée flirting with his stenographer—BANG—He became an EX-Fiancée. Later Billie met timid, modest, bashful Senator Newton of Nevada and decided that HE would never give her cause for jealousy. They married and—well, when she was temperamental and he was not—what could you expect? Go your best—you can't guess all the fool things that can happen to compromise a compromise and still have it come out all right in the end. See Constance Talmadge and Learn How It Is Done Just as though this were not enough, we have added the two-part 'HALLROOM BOYS' comedy, entitled—'THEY DO IT ON \$8.00 PER.' MATINEE AND EVENING.

ORDINANCE NO. 16

An Ordinance establishing Local Improvement District No. 4 for the purpose of constructing certain sidewalks in the Village of Kimberly, Idaho, defining the boundaries of said improvement district and providing for the payment of the expense thereof by special assessments to be levied against the abutting, contiguous and tributary property and defining the duties and powers of the Street Committee in connection therewith.

Be it ordained by the Chairman and Board of Trustees of the Village of Kimberly, Idaho, as follows: Section 1. That there be, and hereby is, established within the Village of Kimberly, Idaho, Local Improvement District No. 4 consisting of the streets and parts of streets in said Village as follows, to-wit: Madison Street in front of lots one to eleven, inclusive of block 25.

Madison Street in front of lots nine, ten and eleven of block 26. Madison Street in front of lot one, block 28. Monroe Street in front of lots twelve to twenty-two, inclusive, of block 9.

Monroe Street in front of lots twelve to twenty-two, inclusive, of block 10. Monroe Street in front of lots twelve to twenty-two, inclusive of block 11. Monroe Street in front of lot twelve, of block 12. Van Buren Street in front of lots two and twenty-two of block 12.

Madison Street in front of lot twelve to twenty-two, inclusive of block 24. Madison Street in front of lot eleven to sixteen inclusive of block 22. Madison Street in front of lots eleven and twelve of block 21. Monroe Street in front of lots eleven and twelve, block 13. Madison Street in front of lot twenty-one and one of block 29.

Madison Street in front of lots one to eleven, inclusive of block 32. Chestnut Street in front of lots nine and ten in block 30. Birch Street in front of lots eleven and twelve of block 31. Section 2. That sidewalks be built of concrete four (4) feet in width along

the said sidewalk spaces in front of the streets heretofore described and the said sidewalks be built on a grade to be furnished by the Village Engineer and to be constructed of concrete. Section 3. That the said improvement be made within the cost and expense thereof be assessed to and against the lot and lots within said improvement district, provided, however, that the owner of any lot within said improvement district, have the opportunity of constructing his own sidewalk in front of said lot or lots, at the expense of the Village Engineer (30) days after having received notice by the Village so to do.

Section 4. That said Village of Kimberly shall pay the expense of the construction of sidewalks across the streets or alleys within the said improvement district and shall pay for the same out of the proper fund.

Section 5. That in the event the owner of any lot or lots within said improvement district shall fail to construct the said sidewalk in the manner and of the material heretofore specified upon receiving notice from the Village Clerk so to do and for a space not exceeding thirty (30) days after receipt of such notice, the Village may construct such sidewalk and assess the same against the abutting and contiguous property, and in the event that it becomes necessary for the Village to construct such sidewalk, the Village Clerk is authorized to do so, may bond itself in accordance with the laws of the State of Idaho, in such case made and provided.

Passed by the Village Board of Trustees of the Village of Kimberly, Idaho, this 26th day of May, 1920. Approved by the Chairman of the Board of Trustees of the Village of Kimberly, Idaho, this 26th day of May, 1920.

J. M. STEELSMITH, Chairman. W. W. BRACKEN, Village Clerk.

CHILDREN INVITED.

Parents are asked to send their children to the story hour, held in the high school library Friday, May 28. First and second grades, and children five years old meet at 10. Third, fourth and fifth grades meet at 11.

Three shifts on street paving these days! In an effort to beat the time limit the Warren Construction company has set for itself, from now on paving operations will begin at 3:30 a. m. and continue to 9 o'clock at night. This is an effort to get through the work as far ahead of the first of November as possible. This means intensive prosecution of the paving program during the good weather of summer and early fall. It means fast work of the hardest kind. Three shifts of men will be employed and every daylight hour will be taken full advantage of.

Co-operative Movement Sweeping the Community

Last week the Twin Falls Co-operative Association commenced operations in the Corbett Building, opposite the post office. From the very start its success was assured by the way people flocked to make purchases. On Saturday afternoon the store was jammed. The floors by hundreds of co-operators. For a time it was more than ten people could do to wait on the avalanche of trade and the cash register came near having a hot box. Scores of people from all over the county took out membership and 'twas a happy bunch of directors that met at ten o'clock Saturday night.

The Rochdale Plan started away back in 1844, when 23 persons met at Rochdale, England. Charles Howard had called his neighbors together. He said: "This is my plan; we will buy for cash and we will sell for cash; we will divide the profits in proportion to the amount of goods we buy." For 76 years this has been done and today the Rochdale Co-operative Associations are doing a gross business of over \$750,000,000 a year; millions of dollars are paid back to their members, running from 10 to 15 per cent. It is a business revelation to see what has been done by working together. What has been done can be done again.

Right now the co-operative movement is sweeping the world—it is fundamentally correct. The difference between the great trust organizations and the co-operative movement is that one is an economic plutocracy and the other is an economic democracy. One exploits the many for the benefit of the few; the other is doing business for all concerned. Co-operation builds up a community—keeps more money at home. As an illustration, take the present sugar situation. The farmers of Twin Falls county grow beets last year at a very heavy loss; they worked early and late all last summer on their beets for nothing; they donated thousands of dollars as they were paid much less for them than they cost to produce. Did the consumer get the benefit of it? Sugar is now being sold from 20c to 35c a pound—that is, the beets which the farmers sold at a tremendous loss for about \$400,000 now have a ready market at \$2,400,000 in the refined state. Had this been a co-operative movement, and the farmers received their share of what the poor consumer was forced to pay, about \$1,000,000 additional money would have been distributed in Twin Falls county last winter. And everybody would have got some benefit from the additional money spent. It would have been scattered among the many instead of putting multi in front of millionaire for the privileged few.

If you think this is right, you are out of tune with the spirit of the times and won't be interested in the co-operative movement. But if you think this is unfair and desire to change conditions, join the Twin Falls Rochdale Co-operative Association and help the good work along. On Monday the large warehouse and seven lots opposite the Southern Idaho Wholesale Grocery Co. were purchased. Here lumber, coal, sacks, twine, etc., will be sold. Over 500 families are now back of the movement and a gigantic enterprise will soon be running—for the good of all and not for the favored few. Join the Co-op. Adv.

A VITAL QUESTION

Eventually, of course, a satisfactory solution will be found in emergency in the American educational field, which is by no means the least of emergencies now confronting the nation. But no solution can be reached for this or any other problem, until first the essential features of the existing situation are grasped fully. It is impossible to fight a winning fight against a vague objective.

An effort toward betterment in the educational situation must be based upon a clear conception of its missing elements. A little study of these facts and figures compiled by Fred A. Richardson, secretary of the commission on the emergency in education of the National Educational Association, should serve to throw into clear relief just what is lacking and what must be supplied to provide the way out.

There are today 25,000 less teachers than are needed to fill present positions in the United States.

Sixty-five thousand makeshift teachers are now employed. Therefore the real shortage of experienced teachers is 100,000.

In 1920 there will be 50 per cent less graduates from teachers' colleges and normal school than in 1917.

Cost of living has increased at least 80 per cent in the past six years; teachers' salaries have increased only 30 per cent since 1914.

Overcrowded, half-day sessions and the use of portable and temporary school buildings are common, due to the building programs which have been or are held up.

The situation, as it is thus presented, must bring not only a higher appreciation of the needs to be met, but a serious question also to each and every individual at all concerned with the American public school system touching upon individual responsibility for the emergency and upon individual readiness to meet the evident demands. Each must answer it in his own way and to his own satisfaction.

HOMEBIOK (Wallace Press Times)

Emma Goldman who as confessed anarchist stirred up considerable trouble for the United States government during her long career in this country before she was deported as an undesirable alien, writes from Russia she is homesick for the United States. Thus she finds that the government she so abused has many advantages she misses in Russia, a land she praised so highly.

She laments that the soviet rule which she so strongly advocated for the people of the United States does not work so well in practice. She longs to be back in the United States.

Here she prospered exceedingly well. In Russia she finds conditions far from inviting and no longer are her radical ideas a source of revenue. No longer can she abuse the government. Were she and her followers to take the same course there they did here they would be shot without even the formality of a trial.

There is a lesson in the sad plight of Emma Goldman. It is the old, old story of the "green fields afar." It is the lesson of soul government, peace and prosperity for the whole people, being built on a substantial structure and not by reason of the decrees of dictators.

While theorists may talk of internationalism there is a longing in every heart for a "home land." It is easy to scoff at "home," yet in every human being who has not suffered a change that has stamped out the human element there is a warm spot hidden away for the "home."

Those who preach the doctrine of "internationalism" and those who advocate abolishing the "home," only talk

Not Bugaboos, Just Mile Posts You Meet Touring Korea

Korean "mile posts" is what the photographer who filed 'em calls 'em. Well be that as it may, Korea is a long way off, American investigators have plenty to probe at home. However, wouldn't they make excellent signposts for speeding automobilists, though, wouldn't they?

that way. There is no substitute for love of country and love of home and the person who preaches otherwise is spreading a false doctrine. Emma Goldman's experience should be a lesson to all radicals. The fight the aliens put up against being sent out of the United States is but evidence that each and everyone knows that nowhere else in this whole world is the individual member of society afforded the same rights and the same protection as in that land over which floats the Stars and Stripes.

The KITCHEN CABINET

Cheerfulness, looking always on the bright side of things, determined to always stand in the sunshine, rather than the shadow—this it is that makes life with its knotty problems, continually easier. It's the "oil of gladness" that helps in doing the work.

REASONABLE FOODS.

Thrift has become the slogan, and to practice it we must increase our knowledge in regard to suitable substitutes for costly foods which we have been used to regard as common and cheap. Meat is the great expense in many households. Try using: Baked, Calf's Liver.—Wash and carefully remove the tough portions and lard with small strips of salt pork. Dust with salt and pepper and brown in hot pork fat. Cover with one cupful of hot water and put into a hot oven, basting twice during the half-hour baking. The last basting use one tablespoonful of flour with two tablespoonsful of thick sour cream; season well and serve.

Spiced Sauce for Suet or Bread Pudding.—Mix well two tablespoonfuls of cornstarch and one cupful of sugar; add one pint of boiling water, the juice and rind of a lemon, one tablespoonful of vinegar, two tablespoonfuls of butter and one teaspoonful of mixed spices. Cook well before adding the butter, lemon and vinegar.

Squash Muffins.—Mix together three cupfuls of flour, two tablespoonfuls of sugar, four teaspoonfuls of baking powder; add one cupful of dry sifted squash with half a cupful of milk, one egg and another half cupful of milk. Add two tablespoonfuls of finely-chopped suet, melted. Beat thoroughly and bake in well greased muffin pans in a hot oven 25 minutes.

Peach Bird's Nest Pudding.—Put a layer of canned peaches in a well-buttered pie plate and pour over them a one-egg cake mixture. Bake in a hot oven until the cake is done. Remove the cake from the oven and turn upside down on a hot plate. Sprinkle with sugar, dot with butter and finish with a grating of nutmeg or cinnamon. Serve hot.

Cod and Codfish.—Soak one pound of codfish in cold water to freshen. Boil one minute in fresh water and drain. Boil and mash a few potatoes and mix with the codfish. Heap on a platter and surround with boiled onion and small beets, covered with a rich white sauce.

WOMAN BANKER PREFERS TO MAKE LOANS TO MEN

Tennessee's Only Feminine Financier Gives Impressions on Business

MEMPHIS, Tenn. (AP)—Tennessee's woman banker, the only woman bank president in the country, while here attending the Tennessee State Bankers' convention, declared she would lend to men in preference to some women but first-class security was an essential.

She is Mrs. F. J. Runyon, wife of a physician, whose financial institution is located at Clarksville, in north central Tennessee. She and the cashier, the wife of the state's attorney for the county, are the only officers. All the directors are women.

"Men come to me, tell me their business and borrow money," she said. "Our bank is only seven months old. Its purpose is to aid young people who want to save and that was the prime motive for its foundation. The idea was carried out solely by women; but a man suggested it."

The bank has a capital of \$15,000 and its first six months' deposits aggregated \$53,000.

When called upon to address the convention, Mrs. Runyon declined with thanks, saying she never had talked to so many men.

PORT SAID MOST SINFUL

British Chaplain Tells Soldiers Egyptian Town Wickedest in World

CARDIFF, (AP)—"Port Said still is the wickedest place on earth," said Brigadier General J. H. Bateson, principal of Wesleyan chaplain, in an address to soldiers. "I know Calcutta, Bombay and Madras, better than I know London," he continued. "I have had to live in the east for a quarter of a century, and I know what Cairo and Jerusalem are; but I have seen more sin and appearances of sin in one hour in Port Said than in all the rest of my experiences."

CORNER ON EGGS

The Co-operative Store has cornered the egg market—paying cash for them is the reason.—adv.

S. M. HENDERSON Phone 292-M Twin Falls, Idaho

FIFTEEN YEARS AGO IN TWIN FALLS

Taken at random from The News files this date in year 1905

Dust will fly in Farmer Bickel's potato patch on Saturday afternoon when the Albion and Twin Falls baseball teams clash for the first time. Bomb proof shelters have been provided for the umpire and spot screens for the spectators.

A Catholic church is shortly to be erected in Twin Falls. At the conclusion of the mass celebrated in the school building last Sunday morning it was decided to appoint a committee to take up the question at once. As the townsite company has set aside eight lots for church purposes no trouble will be experienced in getting a site.

The ladies of the Episcopal Guild met with Mrs. Harley Milner on Wednesday afternoon.

A. N. Sprague has returned from Pocatello with his family. The "Homeless Twenty" sang "One by One the Roses Fall" when he arrived.

Mr. and Mrs. T. E. Moore and Miss Moore, have arrived from Phoenix, Ariz. Mr. Moore's farm is a short distance west of Twin Falls. He will establish his home there at once and do considerable cultivating this year.

Dr. W. F. Pike is building a pretty residence on the south side of Shoshone avenue. The house is quite commodious for a bachelor and it is presumed Dr. Pike intends to rent it. Some of his friends insist however, that he has no such intention.

The card club met at the home of Mr. and Mrs. Truman O. Boyd last Friday evening. There were three ladies and after a number of games had been played Mrs. James Baker was awarded the prize. Later dainty refreshments were served. The club will meet with Dr. and Mrs. Clouchek next week.

Old-Time Court Costume. A court lady in the time of Queen Elizabeth wore a low dress with a long stomacher, an immense ruffe around her neck, a small hat, crinoline, a large fan of ostrich feathers with a mirror attached, highly scented gloves, and frequently a velvet mask. Her feet were shod with pumps of accented Spanish leather, her hair was dyed red in imitation of the royal locks, and her face was painted and rouged.

OVER \$500 CASH was paid by the Co-operative Store to farmers for eggs and butter last Saturday.—adv.

SUGGESTS CONGRESS TO DEFINE MONROE DOCTRINE

Chilean Publicist Would Convene Journalists of Western Hemisphere to Make Topic Plain

VALPARISO, (AP)—A Pan-American congress of "internationalists," evoked by leading journalists of North, South and Central America, whose duty it would be to define the meaning and scope of the Monroe doctrine, is proposed by Juan Ignacio Galves a Chilean publicist, writing in El Mercurio.

The members of the congress would be chosen, according to his plan, by the newspaper publishers of each country, including Canada, five from each and would meet this year, preferably in Buenos Aires. The definition arrived at would be presented for official adoption by the next Pan-American congress which will meet in Chile.

ABANDON SPELLING BOOKS

Philadelphia Public Schools to Compile Own Lists of Words

PHILADELPHIA, (AP)—Philadelphia public schools have no spelling books. And spelling books have been dropped, say local educators, because they start with "cat" and "rat" and include similar words seldom used in correspondence and business.

Until a spelling book has been compiled that uses the words that are most frequently used in business and private correspondence, Louis Nusbaum, associate superintendent of public schools, announces that public schools here will compile their own lists of words.

The spelling vocabulary taught an average public school pupil is 2500 words. This is 500 more than was found in an investigation of words used in 100,000 business and personal letters.

GOVERNMENT IS MADE RECIPIENT IN STOCK DEALS

Brokers' Licenses and Levies on Transactions Net More Than \$50,000,000 Annually to the Federal Coffers

NEW YORK, (AP)—The government derives more than \$50,000,000 annually in revenue from brokers' licenses and stock transactions in New York, says William H. Edwards, collector of internal revenue for the state.

Of the 4000 commission brokers, those who are members of the exchange where products or other wares are traded in pay a yearly tax of \$50. A two-cent tax on shares traded in on the stock exchange and the government several thousand dollars daily. Unlisted corporations having a home office in the United States are subject to the original tax of \$100 or \$150 on each share on all stocks valued at \$100 or fraction thereof.

The monthly sale of documentary stamps averages over 100 million more than half of which is in stamps of \$1000 denomination, or approximately 1,500 \$1000 stamp sales for stock transactions. Mr. Edwards says the government demand a reserve supply of stamps valued at \$10,000,000 always is maintained in the custom house vaults.

PHILADELPHIA TO USE CENTURY OLD REQUEST

Legacy of Benjamin Franklin is to Be Employed in Erection of Public Comfort Stations

PHILADELPHIA (AP)—A bequest of \$1000 by Benjamin Franklin to the city of Philadelphia in 1790 to be used after 100 years "to make living in town more comfortable for the more agreeable to strangers" is to be applied by the board of city trusts to the erection of public comfort stations. The bequest now amounts to \$66,323 with a similar legacy from John Scott of \$3000 in 1816 has increased to \$14,085. The board decided to apply both funds for the purpose stated, upon recommendation of Mayor Moore.

BE PRETTY, TURN GRAY HAIR DARK

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur

Almost everyone knows that Sage Tea and Sulphur properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to go to the drug store, which is messy and troublesome. Now, today, by asking at any drug store for "Weych's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, one strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

CROWN PRINCE OF JAPAN MAY PAY VISIT TO AMERICA

HONOLULU, T. H. (AP)—The crown prince of Japan will pay extended visits to European countries in 1921 and probably will visit the United States in his itinerary, according to unofficial announcements in Tokio, says the Tokio correspondent of the Nippon Jiji, a Japanese language newspaper here.

Traveling aboard the Kongo, one of the largest of the Japanese navy's battleships, and escorted by two other cruisers, the crown prince first will go to Great Britain, according to the Nippon Jiji's correspondent, and later to several other European countries and America.

You can't guess your way to ocean and thrift. Study the ads.

ORDINANCE NO. 16

An Ordinance Establishing Local Improvement District No. 3 for the purpose of grading, paving, curbing and surface draining certain streets and parts of streets within the Village of Kimberly, Idaho; providing for the making of said proposed improvements; providing for the payment of the expense thereof by special assessments to be levied against the abutting, contiguous and tributary property and defining the duties and powers of the Street Committee in connection therewith.

Be it ordained by the Chairman and Board of Village Trustees of the Village of Kimberly, Idaho, as follows:

Section 1. That there be, and hereby is established within the Village of Kimberly, Idaho, Local Improvement District No. 3, consisting of the streets and parts of streets and alleys in said Village as follows, to-wit:

Main Street commencing at the northern boundary line of the Village limits to the northern boundary of the original township 1322 1/2 feet in

length and 18 feet in width along the center of said street;

Main Street commencing at the northern boundary of the original township limits to the intersection of Jefferson Street 1075 feet in length and 60 feet in width along the center of said street; thence south to the Village limits 1125 feet in length and 18 feet in width along the center of said street;

Center Street commencing at Main Street thence west to Oak Street 650 feet in length and 18 feet in width, along the center of said street;

Center Street commencing at Main Street, thence East to Jackson Street 115 feet in length and 18 feet in width along the center of said street; thence east along said Center Street to the Village limits of the original township, a distance of 100 feet in length and 18 feet in width along the center of said street.

And including all the property fronting the abutting or contiguous or tributary to said streets and alleys between the points above specified and to the distance back from such streets and alleys if the lots abutting to the center of the block; if platted in lots, to the center of the lot; and if not platted, to the distance of 125 feet.

Section 2. That said streets, avenues and alleys in said Local Improvement District No. 3 be graded, paved, curbed and surface drained and the same as hereinbefore provided, the said paving to be done with some suitable pavement, according to the general plans on file in the office of the Village Engineer and Village Clerk, and the curbing to be done by the construction of a concrete curb along the side of said portion of the street and where not herebefore specified, where a concrete curb is not already constructed, extending the concrete curbs which are already constructed along the said portion of the said streets downward where they are found to be not deep enough for the purpose of paving except across roadways and at existing streets.

All such improvements to be made under the supervision of the Village Engineer and Board of Trustees of the Village of Kimberly, and in accordance with the provisions of Ordinance No. 12, passed by the Board of Trustees of said Village on the 10th day of April, 1920, and approved by the Chairman of the said Board of Village Trustees on the 10th day of April, 1920, providing for the establishment of said Local Improvement District No. 3, and according to the plans and specifications for said improvement on file in the office of the Village Clerk.

Section 3. That said improvements be made and the cost and expense thereof be assessed upon and against the lots and lots within said improvement district.

That upon the passage of this ordinance the committee on streets of said village, together with the Village Engineer, shall make out an assessment roll in accordance with the provisions of said ordinance and with Title 32, Chapter 103, of the Idaho Compiled Statutes, 1919, relative to the organization and powers of cities and villages and the laws amendatory thereof, and shall certify the same to the Board of Village Trustees of the Village of Kimberly.

The said street committee shall organize by the selection of a chairman and their deliberations shall be governed by the rules governing the Board of Trustees.

Their meetings shall be called by the Chairman and the Village Clerk shall act as clerk of the committee and shall keep a record of the proceedings.

Section 4. Said street committee shall ascertain the total cost of making said proposed improvements and shall make an examination of all the property within said district as aforesaid, and the said assessment shall be in accordance with and in proportion to the front footage abutting, contiguous or tributary to the streets or parts of streets to be improved and included in said improvement district, except that the expense of the improvement in the space formed by the junction of two or more streets where one main street intersects or crosses another main street and also necessary street crossings or crossways at corners and intersections of streets and the expense of making an existing street shall not be included in said assessment but shall be paid for by the Village of Kimberly.

Where any work or improvement is done by virtue of this ordinance on one side of the center line of any street, the property on that side only shall be assessed.

Section 5. The said assessment roll prepared by said street committee shall

contain, among other things, the names of the property owners affected by the proposed improvement, the description of each piece of land or parcel of land, and the amount assessed against the same.

On receiving the assessment roll, the Village Clerk shall give notice by three successive publications in the official newspaper of said village, that said assessment roll is on file in his office, the date of filing same, and said notice shall state the time at which the Board of Trustees will hear and consider objections to said assessment roll by parties aggrieved by such assessment.

The owner or owners of any property which is assessed in such assessment roll, whether named or not in such roll, may within ten (10) days from the last publication provided herein file with the clerk his objections in writing to said assessment.

Section 6. That all assessments heretofore specified shall be known as special assessments for improvements, and shall be levied and collected as separate taxes in addition to the taxes for general revenue purposes, to be placed on the tax roll for collection in the same manner and collected in the same manner as other village taxes.

Section 7. That the Chairman and Board of Trustees of the Village of Kimberly may in their discretion, provide for the payment of the expense of making the improvements herein ordered in installments by the issuance of improvement bonds of said district, said installments being in equal annual payments at not to exceed seven per cent per annum interest and to be payable on or before ten years.

Such bonds shall not be issued in any amount in excess of the contract price of the proposed improvements, except that the installment coupons shall include interest on such installments to maturity thereof. Such bonds may, at the discretion of the Mayor and Board of Trustees of the Village of Kimberly, be issued to the contractor, who shall construct the proposed improvement, or be sold at not less than their par value net, and the proceeds thereof be paid to the contractor. The Village of Kimberly, Idaho, in any event, as the Chairman and Board of Trustees shall deem proper.

For the payment of installments on such bonds, the Chairman and Board

of Trustees of the Village of Kimberly are hereby empowered, and they shall levy annually special assessments against the specific property abutting, contiguous and tributary to the proposed improvements as hereinbefore provided, sufficient to redeem the installments of such bonds next thereafter maturing, with interest thereon not to exceed seven per cent per annum from the date of issuance of such bonds and the date of the installments next thereafter maturing.

Section 8. The owner of any piece of property liable for any special assessment chargeable against his property, may redeem his property from such liability by paying the entire assessment chargeable against his property in written or printed notice thirty days before the issuance of the bonds or after the issuance of the bonds by paying all the installments of the assessments which have been levied, and also the amount of unlevied installments, with interest on the latter at the rate of seven per cent per annum from the date of the issuance of the said bonds to the time of maturity of the last installment.

All such assessments shall be paid to the Village Treasurer.

The funds arising from all assessments levied for the redemption of the bonds shall be applied solely toward the redemption of said bonds.

Section 9. The bonds herein provided for shall have printed thereon (among other things) substantially the following: "The holder of this bond shall have no claim against the Village of Kimberly, Idaho, in any event, except from the collection of the spe-

cial assessments made for the improvement for which the same was issued, but his remedy in case of non-payment shall be confined to the enforcement of such assessment."

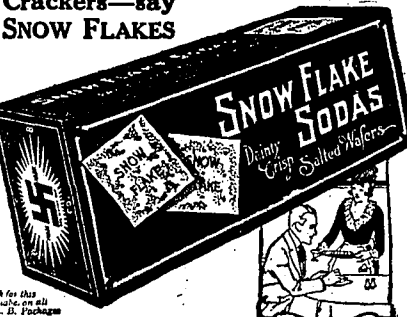

Section 10. The procedure for carrying out the provisions of this ordinance shall be governed by the provisions of Title 32, Chapter 103, Art. 6 of Idaho Compiled Statutes, 1919, and the laws amendatory thereof and supplementary thereto.

Passed by the Board of Village Trustees of the Village of Kimberly, Idaho, this 26th day of May, 1920.

Approved by the Chairman of the Board of Village Trustees of the Village of Kimberly, Idaho, this 26th day of May, 1920.

J. M. STEELSMITH, Chairman.

(Seal)
W. F. BECKON, Village Clerk.

Tire Prices

Some False Ideas About Them

Should an extra price buy an extra grade tire?
It should not. Any first-grade tire should be built as well as a tire of that type can be built.
Cord Tires cost more than Fabric, and are worth the extra price. Men who figure cost per mile are coming to Cord Tires.
But any tire, Cord or Fabric, should be built for the utmost service which that type can give.

We insist on This
There are three requirements which Miller Tires must meet.
First, they must average greater mileage, type for type, than any rival tire.
We constantly prove this. Eight machines in our factory run two tires each under rear-tire conditions. Each tire is run 650 miles daily by running extra-fast.

Some Men Over-Pay

Some men pay extra prices, expecting extra mileage. Some pay under prices for an under-grade, and hope to save in that way.

Both are wrong. There may be exceptions—there are always freak tires. But countless tests have proved that Miller Tires at Miller prices, on the average, give the lowest cost per mile.

And Miller Tires, both Cord and Fabric, cost about the standard prices.

Tread Patented
Center tread smooth with spongy cushion cap, for firm hold on wet asphalt.
Guarded-to-the-road side tread mesh like cap in det.

Won Over 21 Makes

The Eldorado Stage Co. of Los Angeles tested 21 other makes against Millers on 12-passenger Packard Buses, weighing 8,600 pounds loaded. In this supreme test Millers won by long odds, on long-distance uniformity.

Here we constantly compare the best other tires with Millers. Also, in ceaseless road tests. Thus, day by day and week by week, we are guarding the Miller supremacy.

Miller Tires

Winners in Million-Mile Test

Cords or Fabrics
Guarded-to-the-Road Registered U. S. Patent Office

GORDON AUTO COMPANY

227 New Foss Building, 2nd Ave. So. Phone 593-W

Every Tire Signed

We insist that Millers must be uniform. Each tire is signed. A record is kept of the maker, the inspector and the process.
If a tire comes back for adjustment we learn the reason. If the workman is at fault he is penalized. If the inspector overlooked a flaw he is held responsible. If any process or material is at fault, we correct it.
After years of this checking we've attained uniform tires. There are whole large cities from which not a Miller Tire came back last year.

Treads Must Endure

Miller Treads, by our standard, must outwear the balance of the tire. We have attained a tread which outwears rivals by 25 per cent.
Every day our tread stock is vulcanized, then tested, in our laboratory. We permit no variation.
Not a single Miller Tire with these new-grade treads has ever come back with the tread gone.

Not 20,000 Miles

Countless reports come to us on Miller Cord Tires showing 20,000 to 28,000 miles of service. And tales of that kind are told everywhere, we learn.

But mileage depends on conditions—on size, care, load and road. Millers are uniform, but they are not used under uniform conditions.

In our factory tests we average 15,000 miles on Cords.
But a Miller Tire will outlast—almost always—any tire that you place opposite, no matter what it costs. Compare them under like conditions, and see what mileage modern tires can give.

You will gain a new criterion. When you buy a new car insist on Miller Tires. Twenty car makers now supply them and there is no extra charge.

AMATEURS HAZY ON RULE POINTS NOW BEING USED

Sanborn, Baseball Expert, Gives Correct Information on Diamond Code

By I. E. SANBORN.

From the contents of queries received and from other direct sources it is apparent that in spite of, or perhaps because of, the revisions made in the baseball rules last winter considerable perplexity still exists in the minds of semi-pro and sand lot players and umpires.

Some of the haziness is due to the fact it is impossible to get an idea through a few skulls without the aid of dynamite or acetylene gas, some of it is due to faults in the rules themselves, and a lot in the result of failure to read the code.

When Wild Pitch Hits Bat.

One of the changes that seems to be giving non-professionals trouble is that concerning a wild pitch which accidentally hits a batsman's bat while he is in the act of dodging. In drafting the rule it was necessary to leave a lot to the umpire's judgment and interpretation, otherwise it would have required a page or two of instructions and diagrams to make the purpose of the rule clear.

The new rule operates only when the umpire's judgment the ball is pitched so wildly that the batsman is unable to get both himself and his bat out of the way. A great many think the rule is intended to apply in cases where a batter starts to swing at a ball, changes his mind at the last minute, and does not get his bat out of the way in time to avoid contact.

Frequent in Big Leagues.

That happens quite often in the major leagues, at least, but it is not the intent of the rule to protect the batsman from that kind of contact by awarding him a "ball" in such cases. In those instances the batter is penalized with a strike—unless he already has had two strikes—he can be thrown out if the ball rebounds fair. It is just the same as it used to be.

Of course, it is a matter of interpretation by the umpire, and it is possible for the officials and umpires of any minor, semi-pro, or amateur league to get together and agree to interpret the rule so that any time the ball hits the bat accidentally it shall be called a ball.

But the foregoing is the way the rule is interpreted by the major league umpires, and all decisions regarding baseball rules made by the Tribune are as they would be made by a National or American league umpire. Where the two major leagues conflict in interpreting the rules, the National league system is given, unless otherwise requested.

May Not Touch Runner.

There's another rule that bothers the amateurs a lot—the one penalizing a catcher at third base for attempting to help a base runner by physical contact. This is not intended to prohibit the catcher from stepping on the back of a batsman who has hit the ball over the fence for a home run. The penalty is intended to apply only when the catcher interferes with a possible play that might result in retiring that base runner.

The safe and sane way to avoid all dispute is to refrain from patting a

successful runner or batsman on the back until he has scored, but there also be no penalty attached to doing so in the major leagues unless there was a chance for a play on the runner either at third or home plate. In such cases the catcher must not touch the runner.

No Hit on a Force Out.

The purchase and pursuit of a rule book would save some fans the cost of the book in postage stamps. For instance, a recent official score got into an argument over this play:

Runner on first, batsman hit a Texas league fly which fell safely back of the infield, but the fielder threw the ball to second in time to force out the man on first, who was a slow or home-lead runner. It was argued the batsman ought not to be deprived of his base hit because of the fault of the base runner.

That's all right, but it doesn't prevail in the face of the clear and concise paragraph in the rule book which says that "in no case shall a base hit be scored when a base runner is forced out on the play."

There is a lot of interesting information in a baseball rule book, but it requires concentrated thought to extract the information. Most folks concentrate only on the out-of-board or the h. c. o. l.

MURTAUGH

MURTAUGH—Mr. and Mrs. Hyram Pickett and daughters, Zina and Madeline, and Mrs. J. W. Rawlings and two children visited relatives in Burley Thursday.

Mrs. James Boyle entertained a number of ladies at her home Friday afternoon in honor of her sister, Mrs. Spang who will leave soon to make her home in Twin Falls. A social time was enjoyed. Delicious refreshments were served. Those present were: Mesdames Sam Cox, Elbert Whitte, M. Woods, Brose Hill, J. E. Steinhorn, G. L. Besterly, F. L. Johnson, Ivan Stark, V. R. Bell, A. M. Hoover, C. A. Dillon, C. Buchanan, W. C. Hall, William Saake and the guests of honor, Mrs. Spang.

Ronald Lee, 6-year-old son of Mr. and Mrs. A. D. Lee underwent a critical operation at a hospital in Twin Falls Saturday.

A. D. Lee and Mrs. Lyman Bates motored to Twin Falls Saturday to be with little Ronald Lee during the operation.

Annapolis Crew May Go To Olympic Games

Midshipmen at Annapolis are delighted with the news that, should the Naval Academy crew demonstrate that it is the strongest of the college eights, it will be permitted to compete in the Olympic games at Antwerp. The races at Annapolis and Princeton on May 15 will do a great deal toward pointing to the champion. The midshipmen will row Syracuse, while Princeton, Cornell and Yale will meet. Should the Navy win from Syracuse, as it has from Harvard and Columbia, and Princeton win from Yale and Cornell, a final decision will be reached when Princeton and the Navy meet at the American Lenox Regatta at Philadelphia on May 29.

Monday from the White Cross hospital.

Mr. and Mrs. E. L. Molla were business visitors in Twin Falls Saturday.

NOTICE TO PROPERTY OWNERS

Improvement Districts Numbers 34, 35 and 37

Your attention is called to the fact that the assessment roll for improvements in these districts has been spread and property owners have right to pay cash between April 29th, 1920, and June 2nd, 1920.

You can save 7 per cent interest on your assessment, which on different property frontage would be as follows: On an assessment running 7 years (average life of bonds), at 7 per cent plus charge of County Treasurer Office of 1-1-2 per cent per annum for collection would equal on:

A \$200.00 Assessment	\$ 81.12
A 300.00 Assessment	121.68
A 400.00 Assessment	162.24
A 500.00 Assessment	202.80
A 600.00 Assessment	243.36
A 700.00 Assessment	283.92
A 800.00 Assessment	324.48
A 900.00 Assessment	365.04
A 1000.00 Assessment	405.56
A 2000.00 Assessment	911.12

If paid in ten annual installments, you would pay:

\$ 281.12 instead of \$ 200.00
421.68 instead of 300.00
562.24 instead of 400.00
702.80 instead of 500.00
843.36 instead of 600.00
983.92 instead of 700.00
1124.48 instead of 800.00
1265.04 instead of 900.00
1405.56 instead of 1000.00
2911.12 instead of 2000.00

You do not have to pay now, but as a business proposition by paying cash prior to June 2, 1920, you will save this interest.

WARREN CONSTRUCTION COMPANY
By A. J. HILL, Supt.

I hereby certify above figures are approximately correct. April 29th, 1920.

W. A. MINNICK,
City Clerk.

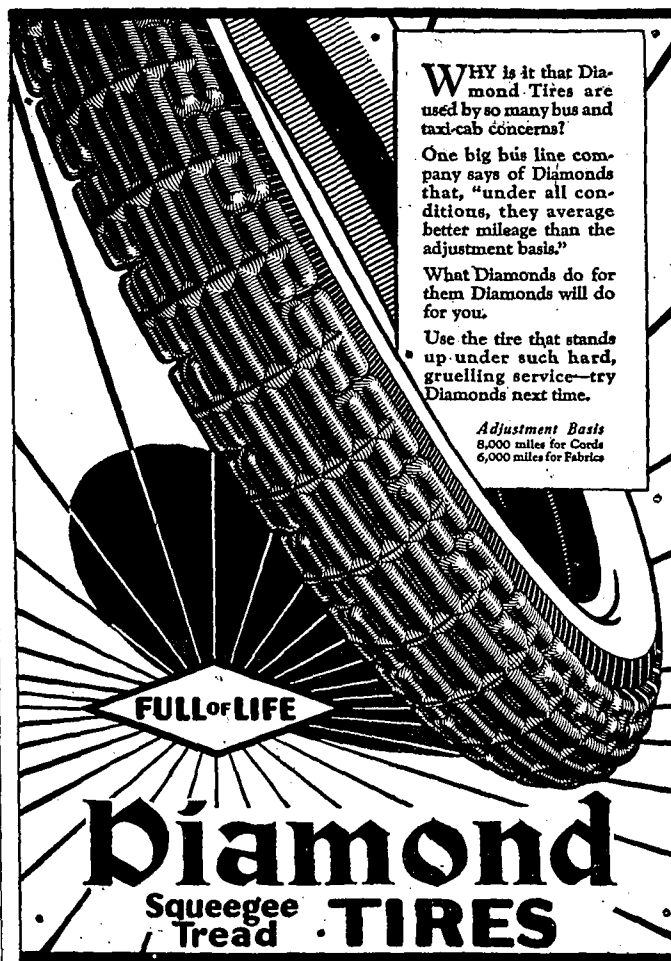

THE BIG FIRE!

Good fortune favored the Dentists using the E. R. Parker System.

The fire stopped when it reached 116½ Main Ave. North where their offices are located.

Lucky for the Twin Falls people and the dentists.

Business going on as usual.

WHY is it that Diamond Tires are used by so many bus and taxi-cab concerns?

One big bus line company says of Diamonds that, "under all conditions, they average better mileage than the adjustment basis."

What Diamonds do for them Diamonds will do for you.

Use the tire that stands up under such hard, grueling service—try Diamonds next time.

Adjustment Basis
6,000 miles for Coeds
6,000 miles for Fabrics

JURY DECLARES FARMER GUILTY

Homer F. Ramseyer Must Serve Term in Penitentiary for Killing J. R. Abel

Finding Homer F. Ramseyer guilty of murder in the second degree, a district court jury shortly at 11 o'clock last night brought in a verdict after deliberating about five hours.

Sentence Saturday

Judge W. A. Babcock, upon the reading of the finding, ordered the convicted man brought into court on Saturday morning to receive sentence.

Homer F. Ramseyer, on the evening of April 29, employing a 42 caliber revolver, shot and killed J. R. Abel, through the upper part of the right leg.

Yesterday's testimony in the main trial to show that Ramseyer and Abel had been on bad terms some time.

PLENTY OF PEP IS ASSURED AT FISTIC SOIREE

Tomorrow Night's Battles Promise to Be Full of Action

Tomorrow night at the Lawvering theatre the Twin Falls Athletic club will stage its first fistic carnival.

Rencan has been in town a couple of days and has been doing hard training work in the theatre arena for the coming battle.

The second big event on the schedule is a battle of featherweights, Young Ray Rose and Tom Young.

Opening the program, and sure to provide 15 minutes of rare sports entertainment will be a battle royal with four sturdy kids pitted to fight to the elimination of all the others.

LARSON SPENDS BRIEF TERM IN COUNTY DONJON

Attorney Breaks into Jail and Has Bad Time Convincing Folks He is Not Guilty

Attorney E. V. Larson was jailed yesterday but is at liberty today.

There was no real offense committed, at least none as far as can be officially learned.

Larson went, he avers, to have and to hold county with silent and he declares, was advised that while he was inside the outer door would be left unlocked but safely and securely guarded.

Only by dint of superhuman howling and shouting did the lawyer finally attract the attention of John R. Aull, juvenile officer on the floor below.

Now there are lots of Larsons in the county and Aull supposed this was no particular one of them, so he simply appeared the prisoner with the statement that he would see the sheriff.

"What do you want?" inquired Aull.

"I want out of here damned quick," came the reply.

"Now there are lots of Larsons in the county and Aull supposed this was no particular one of them, so he simply appeared the prisoner with the statement that he would see the sheriff."

Somebody had inadvertently locked the steel door on the outside.

MUCH-TRIED ACTION IS IN COURT AGAIN

Shriver - Hinder Misdemeanor Suit is in District Tribunal for Third Hearing

After two convictions in the probate court the case of the State of Idaho against P. R. Shriver and Elsie Hinder, accused of disorderly conduct, is today being tried in district court.

Following is the jury impaneled to hear the testimony:

A. J. Wilson, E. P. Yantis, B. A. Gillette, J. J. Dewey, A. C. Bradley, W. C. Kearley, William A. Gill, D. P. Clark, P. H. Williams, George Leopold, J. M. Steep.

Shriver and Elsie Hinder were originally placed under arrest early in April on charge of misconduct in the Corcoran rooming house.

Following is the jury impaneled to hear the testimony:

E. B. Johnson appeared in the municipal court this morning on a charge of exceeding the speed limit.

FRUIT COMPANY IS DEFENDANT.

In an action filed by E. V. Larson for A. J. Minn, the Carl Fruit company is sued in the district court for \$7760.44, alleged to be the amount due from the fruit company on the sale of the apple crop last season.

BANK SUES DAVIDSON.

Alleging a promissory note is unpaid C. A. McMaster, cattleman of Twin Falls, has entered suit in the district court against L. A. Warner.

COMPANY FILED ARTICLES.

Articles of incorporation have been filed with the county recorder for the Southern Idaho Brick and Tile company, which will have headquarters in Twin Falls.

WATER RIGHTS INVOLVED.

H. N. Knip and C. A. Armstrong have applied to the district court for an order restraining U. G. Nee from disposing of water to which the plaintiff claims some right.

BUILD WINS.

Yesterday's game between Buhl and Jerome in the football game which basketball league, played at Buhl, resulted in a score of 9 to 7 for Buhl.

RECRUITING OFFICERS RECEIVE HIGH PRAISE

Following an inspection of the local recruiting station yesterday Captain Charles P. Cadore, station inspector of Salt Lake, expressed high commendation for the "condition of the station and the efficiency of work accomplished by the officers in charge."

The recruiting department at Salt Lake has organized a ball team which will travel through Utah and Idaho this summer in the interest of recruiting for army service.
