ALLEN DEFENDS KANSAS COURT IN FORENSICS

Governor Meets American Federation of Labor Head in Debate on Industrial Tribunal Legislation

NEW YORK, (AP)—The relations of capital with labor, the right to strike and its legitimacy as regards the effect on the public; the Kansas industrial court law and its significance to the future of the working man, were the subjects from all angles in a remarkable debate last night in Carnegie hall between Samuel Gompers, president of the American Federation of Labor, and Governor H. J. Allen of Kansas.

Argues Government's Right

Governor Allen's main contention was that the government has the right to protect the public against strikes when its welfare is imperilled, while Mr. Gompers held to the argument that no law can prevent a man from stopping work if by doing so he may benefit his family.

Cites Strikes' Benefits

In support of the right to strike, Mr. Gompers declared that most miners strike took boys out of the mines; that the textile workers strike brought children out of the mills and put them in schools; while the strike in the needle trades broke up the sweatshops when laws had failed to do so.

Denies Use of Shush Fund

Replying to Senator Edge, republican, New Jersey, the witness emphatically declared that a "shush fund" was spent in California by Senator Johnson or that any large sums had been spent that came into use through channels out of his control.

McAdoo Still Under Cover

Another effort was made by the committee today to learn something about the presidential boss of William G. McAdoo, democrat. Evan E. Harris, of Albany, N. Y., said he did not know whether there was a McAdoo campaign or a McAdoo fund. Asked if he knew Mr. McAdoo was a candidate he said he was informed so that he might be summoned before the committee.

HOOPER CLUB PRESIDENT SAYS JOHNSON SPENT MOST

SAN FRANCISCO, (AP)—A statement that "the Hoover campaign in California cost infinitely less than that which it received from 47 subscribers," according to McCabe's own figures, was made here today by Warren Gregory, president of the Hoover republicans in the United States, in testimony before the senate campaign managers in the state.

PARIS, (AP)—Premier Millerand, in answer to interpellations in the chamber of deputies on the San Remo and Hythe conferences, declared that no definite engagements had been entered into by the allies, the meetings being only preliminary conversations.

JOHNSON CAMPAIGN FUND APPROXIMATES \$200,000 INQUIRY DISCLOSES

Investigators Hear Charge of \$300,000 Spent in California by Hoover Supporters

CONTINUED INQUIRY FAILS TO SHED MORE LIGHT ON McADOO ACTIVITIES

WASHINGTON, (AP)—Inquiring into the Johnson-Hoover fight in the California republican presidential primary, the senate campaign investigating committee today heard evidence that approximately \$200,000 had been raised as a national fund for Senator Johnson's campaign for the republican presidential nomination and a charge that supporters of Herbert Hoover, republican, spent \$300,000 in the California fight.

Waits for Accounts

Alexander McCabe, California state insurance commissioner, and one of the suspects of the Johnson organization in that state, was the witness. He told the committee he was unable to give exact figures as how much was spent in the Johnson fight in California and how much of the money raised there for the senator was sent out of the state because he did not have his books. These he has telegraphed for, he said, and he was asked to remain here until they arrived.

Seeks Radicalism Ultimatum

RAIL OPERATORS TO COOPERATE IN UNWANTING JAM

Appointment of Committee to Work with Interstate Commerce Commission Announced by Executives' Chairman

APPOINTMENT OF FUND TROUBLESOME QUESTION

Variety of Opinion is Expressed as to Use to be Made of Money Provided for Loans by the Transportation Act

As Connecting Link

The committee is to serve as a connecting link between the commission and the roads, Mr. Cuyler said.

Considers Appointment

Proposals of the railroads for appointment of the \$300,000,000 fund provided for loans to enable the carriers to meet transportation needs were taken up today by the interstate commerce commission.

Urges Use as Entity

W. A. Colegrove, director of finance of the interstate commerce commission, declared that the revolving fund of loans to be provided, because of the amount of revenue received by carriers should have no bearing on the granting of loans to carriers, but that the weaker the road the greater its need would be for financial assistance.

SOLDIER RELIEF MEASURE WINS OPENING SKIRMISH

KULTUR FAILS TO LEAVE MARK UPON THE TURK

English Language is Beginning to Rank Next to French in Commercial Life of Levant, Despite German Effort

CONSTANTINOPLE, (P)—The Germans have failed in their effort to stamp their culture upon the Turk and, instead, the English language is beginning to rank next to French in the commercial life of the Levant.

In the war period German language schools were opened throughout Constantinople in which German pupils were required to teach and German papers were circulated by all possible means.

Since the war, however, there has been a great influx of American traders who know only English and the steady stream of American goods speaking to Constantinople with English-speaking words, as well as American Red Cross workers and American English relief workers of various sorts has created a greater demand for the English language.

English has maintained a boys' high school and girls' high school in Constantinople. Robert College and the Constantinople College for Women, both American institutions have done much to advance English as a medium for higher education.

FRANKIE REAGAN TAKES MARGIN OVER AL NELSON IN 12 ROUNDS; MORRIS GETS SLEEPING POTION

Main Mix in Friday's Fistic Soiree is More or Less Disappointing when Boise Man Plays the Clinching Game—Pueblo-Man Aggressor—Butte Boxer Has Nose Broken in Second Fray

A knockout and two decisions resulted from last night's fistic deluge at the Lavington arena last night. The card from curtain-raiser to windup was full of action and entertainment.

Eddie McKenna won a sure and popularity for himself when he slipped a brace of punches on Tom Norris' huge, one in the fourth and one in the fifth round of the six-framed argument, the last smack doing for Tom, who went down for a long count, to be picked up and carried to his bench for restoration.

That was the semi-windup, but it was the best match of the soiree and won McKenna the right to meet Frankie Reagan, winner of the ultimate affair.

Frankie Reagan demonstrated superior aggression against Al Nelson in his heavier opponent, and won the 12-round windup on points. Nelson used a stiff punch on occasion, but generally his efforts were confined to jabbing and running into clinches. It is estimated that half the time employed in running off this affair was spent in hugs for Reagan, and since hitting in clinches was taboo on this occasion the clinches gave Reagan to chance to wear Nelson down.

Reagan started off fast and landed some stiff blows to Nelson's beaver, from which he kept a constant stream of crimson flowing for three rounds.

McKenna-Norris was an "even" affair of this sort as could be desired. Both boys worked hard, fast, cleverly and willingly. One was as aggressive as the other, and the blows seemed to have the hardest kick.

McKenna-Norris was a "clean" affair of this sort as could be desired. Both boys worked hard, fast, cleverly and willingly. One was as aggressive as the other, and the blows seemed to have the hardest kick.

White "Tex" simply dates on the cattle business, for he has about the biggest ranch in the world in South America, ranch on which there are something like 20,000 head of cattle, it would take a great stretch of imagination to make one believe that his enormous domain over the said ranch is written or than for the boxing game. There isn't the gamble and there isn't the excitement (for Rickard) in the fistic business that there is in the glove game. And regardless of all the stories which reach print that Charles Cochran of London and other promoters of this and other countries are going to pit Dempsey against Carpentier one need not be surprised when the time is ripe to learn that the man who is dominating the international world's championship is none other than "Tex" Rickard.

CUBS TAKE TWO AND ROMP INTO NATIONAL LEAD

Chicago Team, by Beating the Cards Twice, Take First Place

CHICAGO, (AP)—Chicago went into first place yesterday by winning both games of a double header from St. Louis, 6 to 2, and 7 to 2, while Pittsburgh lost to Cincinnati. Incidentally the first victory gave Alexander his tenth consecutive victory while the second was Vaughan's sixth straight game.

Action His Keynote. As this was meant to be a word picture of Rickard, perhaps a few more paragraphs should be written about the man and his way of occupying his time. "Tex" has been called a "human dynamo." He's that all right, for he's always sprawling at length, doesn't sit long enough on one chair to warm it and talks or listens intently. But "action" is the one thing he must have and he has to it in doses larger than the average man is accustomed to take.

JOHNSON RECOVERS

ANN ARBOR, Mich. (AP)—Carl Johnson of Spokane, Wash. Pacific coast athlete and champion of the University of Michigan track team, has so far recovered from an injury which has kept him out of track events since the indoor season that he has been entered in four events in the Michigan-Ohio State dual which will be held in Columbus, Ohio, and will compete in the high jump and low hurdles. He has also been entered in the 100-yard dash and high hurdles, and will compete if his condition warrants.

game, because I don't really get enthusiastic over the game. Guss, I could say the same, too, for other sports."

Too Nervous for Baseball. The writer is of the opinion that "Tex" couldn't sit through nine innings of baseball. He's too loaded with nervous energy to permit it.

Would Draw Big Gate. That's about as close as any one can get to a definite opinion from Rickard on the outcome of a scrap. But Rickard is perfectly willing to be quoted that a Dempsey-Carpentier championship fight is an attraction of caliber to draw a big gate. He ought to know.

WISE MAN BUYS CLOTHING NOW SOUND ADVICE

The calamity which happened in this city last week, destroying great stocks of dry goods, ladies' ready to wear and shoes, affects not only the owners thereof, but every one in this community.

And on account of the shortage of merchandise all over this country, the merchandise that was destroyed is practically irreplaceable and is a great loss to the community as a whole.

Mr. Straus of the firm of Straus & Glausner says that the Wise Man will purchase his clothing and other goods now on owing to the present backward spring season, merchants all over the country are sacrificing their stocks to raise money to pay their bills and to purchase full merchandise. It is a general thing that merchants in doing their light purchasing are buying very light, on account of the higher prices they have to pay for their stock and thus will be in better financial condition and will not sacrifice some of their stock as they are doing now.—adv.

SHOULD CARRY SPARE TIRE, SAVES EXPENSE

A man came in here the other day, said Charles O. Black, of the Gem State Vulcanizing company, who had driven his car several miles on the run, a tire having been punctured some distance away from town. The walls of the casing were scored and scraped, while the fabric, which was torn and frayed, was broken away from the rubber, and the beads were badly damaged.

RUMELY DEAL

It's what you save that counts

It's not only the grain you raise—it's what you save that makes the profit. It's grain in the sack that you want—not in the stack.

The Rumely Ideal Separator, which we sell, and which we back with our reputation, is the most efficient grain saving machine on the market and we can prove it.

FOUR CONTESTS DECISIONS WILL SETTLE DISPUTE

Precedents in Major Rulings Will Govern Points Raised in All Cases Involving Seats of 122 G. O. P. Delegates

CHICAGO, (AP)—Decisions in four of the contests among delegates to the republican national convention probably will settle all of the disputes, which involve 122 seats, members of the national committee and today.

Charles B. Miller, secretary of the republican national committee arrived yesterday with the briefs. The national committee will begin consideration of them Monday and Tuesday, it is estimated, will finish all of them.

Explains Contests. At national committee headquarters it was explained that the contests national group themselves into four classes. The first complex fights for control of state organizations in the south.

Many from South. Aside from the contests in the tenth Minnesota (Minneapolis) and the fourth and fifth Missouri districts, the contests are from southern states. The calendar of contests, as prepared by Secretary Miller, follows:

- Arkansas—Fourth district, one delegate. Arkansas—At large, 4; first district, 1; fifth district, 2. District of Columbia—At large, 2 (three seats of contestants). Florida—At large, 4; first, second, third and fourth districts, 1 delegate each. Georgia—At large, 4; first to eighth districts inclusive, and tenth district, 1 each; ninth district, 2. Louisiana—At large, 4; first to the eighth districts inclusive, 1 each. Mississippi—Tenth district, 2. Missouri—At large, 4; first to eighth districts inclusive, 1 each. Missouri—Fourth and fifth districts, 2 each. North Carolina—At large, 4; first, second, third, sixth, eighth, ninth and tenth districts, 1 each; fourth, fifth and seventh districts, 2 each. Alabama—Second, fourth and fifth districts, 2 each. South Carolina—At large, 4; first to seventh districts inclusive, 1 each. Tennessee—Sixth and tenth districts, 1 each. Texas—At large, 4; third, seventh, eighth and seventeenth districts, 1 each. Virginia—At large, 4; first to eighth districts inclusive and tenth, 1 each; ninth district, 2.

Excess Delegates Problem. Another sort of contest to be handled either by the national committee or the state delegations involved in the elimination of 50 "excess" delegates from ten states where more than the allotted number of delegates were chosen with fractional votes.

Seeks Vice-Presidency. A full fledged vice-presidential boom was launched today with the arrival of Samuel Adams, of Greenwood, Va., editor of the American Fruit Grower. Mr. Adams is the first vice-presidential candidate on the scene.

Edward F. Callahan of Washington, national committee member for the District of Columbia arrived today.

FOODSTUFFS PRICES SHOW DECLINE IN OKLAHOMA CITY TULSA, Okla., (AP)—Foodstuffs showed a decline here today. Sugar dropped from 30 to 35 cents a pound to 22 cents a pound, and creamery butter declined about 20 per cent. Milk prices also tumbled.

REDONDO MAN GAINS 15 POUNDS

'Everything Agrees with Me Now,' Says Peyton—Able to Work Every Day

'Anybody that had received as much benefit from a medicine as I have from Tonic would be ungrateful not to tell others about it,' said William Peyton of 412 1/2 North Broadway, Redondo, Cal. Mr. Peyton is a motorman on the Redondo line of the Pacific Electric Railway running between Los Angeles and Redondo.

'For the past four or five years I have been in the worst sort of health, troubled with indigestion, disordered kidneys, nervousness, sleeplessness and a general run-down condition,' continued Mr. Peyton. 'Everything I ate soured on my stomach and caused gas to form. I often had faint, dizzy spells and everything would turn black before my eyes. I had such a poor appetite that I could hardly force myself to eat. I often had faint, dizzy spells and everything would turn black before my eyes.'

'One day I read a statement about Tanlac that described my case exactly and decided right then and there to give Tanlac a trial. Well, sir, after taking five bottles I am in the very best of health and have gained fifteen pounds in weight. I am enjoying my meals now, because everything I eat agrees with me perfectly. The gas has quit forming and I am not bothered with dizzy spells any more. My nerves are as steady as a clock and I sleep like a log all night long. My kidneys, too, are in splendid condition. My complexion is all cleared up and I have been built up in every way. I feel better and stronger than I have in years and I never miss a day from work now.'

Tanlac is sold in Twin Falls by City Pharmacy and by the leading druggists in every city.—adv.

FAVORS SPINSTERS TAX

PARIS, (AP)—The Women's Suffrage Union of France has congratulated Finance Minister Francois Marchal upon his rejection of the proposal made by certain senators that women should be exempted from the tax on baculators, on the theory that women who remained unmarried do so of their own choice. The suffrage organization holds that women should be equal before the law in all respects.

ALLEN DEFENDS KANSAS COURT

(Continued From Page One)

ployment service, we have provided an industry welfare commission, we have provided that no injunction, whether introductory or permanent, in any case between employer and employee or between persons employed, or persons seeking employment, growing out of a suit concerning the welfare commission, etc., shall be issued without previous notice and an opportunity to be heard in behalf of the party enjoined.

'We have established lions to protect workers, we have established the eight-hour day in mines, we have established everything that has been established in the history of the progress of this great industry.'

He denied that the Kansas law denied the workmen the privilege of collective bargaining. He said it gave the miners the right whether they were members of unions or not, and protects the sanctity of their contract.

A feature of the debate was Allen's efforts to get Gompers to answer this question:

Gompers Evades Answer. 'When a dispute between capital and labor brings on a strike affecting the production or distribution of the necessities of life, thus threatening the public peace and impairing the public health, has the public any rights in such a controversy or is it a private war between capital and labor?'

'If you answer this question in the affirmative, Mr. Gompers, how would you protect the rights of the public?'

The labor leader declined to answer it, asserting that it was a catch question.

Another time, while Mr. Gompers was referring to the poverty of some workers, a man in the gallery shouted:

Angered at Interruption. Gompers was plainly angered at the question. He demanded the man's name, and, about his discouragement from his followers, and when the labor leader had referred to the disturber's remarks as "cowardly, ungentlemanly insinuation," the labor man shouted with glee:

'One shouted: "You tell him Sammy, that's the stuff." Governor Allen, in conclusion, charged that Gompers' "remedy for war is more war."

"Mine," he added, "is peace conditions on the impartial judgment of responsible government."

Today's Markets

New York Stock Exchange. NEW YORK, (AP)—Prices rose and fell within narrow bounds during today's uneventful session of the stock market. Most of the very light trading represented week-end settlement of outstanding contracts. There was a moderate demand for rails, especially those traversing western and southwestern agricultural sections. In other quarters dealings became stagnant after the first hour. Movements among steels, equipments and oils were trifling, but not uncommon and specialties tended upward. The closing was firm. Sales approximated 225,000 shares.

Liberty Bonds. NEW YORK, (AP)—Liberty bonds fell in price today were 3 1/2's \$91.70; first 4's \$87.40; second 4's \$87.14; first 4 1/4's \$87.82; second 4 1/4's \$87.35.

third 4 1/4's \$91.30; fourth 4 1/4's \$91.25; 5 3/4's \$96.02; Victory 4 3/4's \$96.06.

Grains and Provisions. CHICAGO, (AP)—Receipts of wheat loadings in Argentina together with active export demand for wheat at ports in the United States had a demoralizing influence today on the corn market. Furthermore, receipts of corn today were much smaller than expected, and country offerings to arrive were light. With commission houses and shorts competing as buyers, the market rapidly advanced. Opening prices, which varied from unchanged figures to 3c higher, with July at \$1.65 to 1.50 and September 1.52 1/2 to 1.55, were followed by gains all around, and then something of a reaction.

Toward the last May delivery was easy, but July 4 September, and continued strength. The close was unsettled, 1 1/4 not lower to 3 1/2c advance, with July \$1.60 1/4 to 1.60 1/2 and September \$1.53 3/8 to 1.54.

Oats strengthened with corn. After opening unchanged to 1 7/8c higher, including July at 88 5/8c to 89 1/2c, the market steadied at a moderate general advance.

Weakness in hog values had a bearish effect on provisions, despite the upturn of grain.

Cash Quotations. CHICAGO, (AP)—Wheat No. 4 hard \$2.75; No. 4 Northern spring \$2.81; No. 2 mixed \$1.99 to 1.99; No. 2 yellow \$1.89 to 1.91.

Oats No. 2 white \$1.06 to 1.07 1/2; No. 3 white \$1.04 1/2 to 1.07. Bye No. 2 \$2.24 to 2.25. Barley \$1.45 to 1.56. Timothy seed \$1.10 to 1.15. Clover seed \$25 to 35. Pork nominal. Lard \$29.50. Ribs \$17.25 to 18.25.

Minneapolis Flour and Grain. MINNEAPOLIS, (AP)—Flour unchanged. Bran \$53. Wheat, cash No. 1 Northern \$3.05 to 3.10. Corn \$1.80 to 1.82. Oats \$1 1/4 to 1.02 1/4. Barley \$1.25 to 1.61. Bye No. 2 \$2.03 to 2.04. Flax No. 1 \$4.07 to 4.12.

Chicago Livestock. CHICAGO, (AP)—Cattle receipts 2,500; no trading today. Compared with a week ago: heavy beef steers steady to strong; other weights mostly 15c to 40c higher; calves 50c to \$1 higher; all other classes steady.

Hog receipts 12,000; mostly 15c to 25c lower; top \$15.10; bulk, light and light butchers \$14.80 to 15; bulk, 250 pounds and over \$14.30 to 14.65; pigs 25c lower, with bulk at \$12 to 12.60.

Sheep receipts 3,000; practically all of today's arrivals were direct. Compared with a week ago: best lambs 30c to \$1 higher; common and medium lambs \$1 to \$2 lower; sheep \$1 to \$1.25 lower.

Omaha Livestock. OMAHA, (AP)—Hog receipts 8,500;

market slow, 15 to 30c lower; top \$14.25; bulk \$13.25 to 13.80.

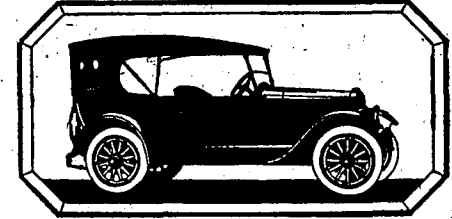

Cattle receipts 425, compared with a week ago: heavy steers 25 to 40c lower; yearlings and handy weight steers strong to 25c higher; cows 15 to 25c lower; light butchers steady; bulls steady to 25c higher; veals 50c to \$1 up; stockers and feeders 25 to 50c lower.

Sheep no receipts. Compared with a week ago: all classes generally steady.

Chicago Produce. CHICAGO, (AP)—Butter lower; cream-

ery 41 to 52 1/2c; eggs lower; receipts 22,654 cases; firsts 39 to 40c; ordinary firsts 35 1/2 to 36 1/2c; at mark, cases included \$7 to 8c; storage packed extra 42 3/4c; storage packed firsts 42 to 42 1/2c; poultry alive unchanged.

Potatoes. CHICAGO, (AP)—Potatoes steady; receipts 33 cars; Northern White, stacked and bulk \$7.75 to 8. New, steady; Alabama Bliss Triumphs \$9 to 9.25; Louisiana Burbank \$9 to 9.25; Florida No. 1 barrels \$14.25 to 14.75; No. 3 \$13.25 to 13.

# JARBIDGE MINE GOLD PRODUCER

### Good Assays Result from Tests of Ore Taken from Altitude Workings

Gold ore assaying from \$14.80 to \$27.85 per ton, found in the Altitude and Windy claims at Jarbridge, Nev., are being shown by J. C. Finch, secretary-treasurer of the Jarbridge Buhl Mining company, who has been in the Twin Falls district lately for the first time in several years. Mr. Finch is actively engaged in prosecuting the executive business of his company at Jarbridge.

**Owms 12 Claims.**  
The Jarbridge-Buhl Mining company owns twelve claims in the Jarbridge camp, and in the past two years has done a lot of prospect and development work. That Jarbridge is a real gold camp may be inferred by the fact that the Elkton mine produced more gold last year than any other mine in Nevada. The Jarbridge-Buhl properties lie at approximately 8700 feet above sea level. Numerous assays have been made of the ores taken out in development, showing high values in gold, with some assays on one face of the vein averaging \$26.59 in gold and 2.85 ounces of silver, making an ore running over \$20 in value. In a drift of 40 feet on the Altitude property the vein averaged \$14.80 in gold and silver, about 90 per cent of the values being gold. Assays of picket samples have shown as high as \$27.85 in gold, but, according to Mr. Finch, the company is not basing its hopes on ore in the open or pockets, relying rather upon immense bodies of comparatively low-grade ore.

**Fine Outcroppings.**  
The outcroppings in the Jarbridge camp cover a territory about seven miles long by four miles wide, a mining territory of 28 square miles. In this area the mother vein or lode can be traced, it is said, without a break for more than six miles, and virtually the entire territory carries the lode. The mother lode, a geological condition regarded with high favor among mining men in this section. There are many mines and prospects in the Jarbridge mineralized area all of which have demonstrated values that seem to justify further development.

**Altitude is High.**  
One drawback to this camp is the great altitude, which makes the year rather inaccessible most of the year, and particularly hard to negotiate in the winter months. The operating year, that is, for road transport, the rains about June 1, and until the freeze-up and heavy snows come, business carried on in the Jarbridge Jarbridge peak, the apex of the mountain, can be seen on a clear day 60 miles away. The Jarbridge-Buhl company has a considerable amount of machinery and material in storage at Buhl and is making preparations for hauling this out to the camp immediately. Roads to Jarbridge are being made as far as possible. The machinery to be hauled consists of compressors, a hoist and power drills. The power line into the camp is about completed and will be ready for operation by the time the machinery reaches there. To carry the electric power line into the Jarbridge-Buhl section from Rogerson has cost the company \$7000.

**The Officers.**  
The officers of the company are: R. R. Tillery, president; Jess Deemer, general manager; J. C. Finch, secretary-treasurer. The directors are B. R. Tillery, V. R. Laird, R. W. Allred, George C. Beach, H. Coleman and Jess Deemer. With the exception of Mr. Beach, who is a resident of New York, all the officers and directors are Buhl men.

**One unique feature of the development tunnel in the Altitude claim is that for a distance of 150 feet the tunnel passes through solid ice. The walls, ceiling and floor of the cave glisten in light reflected and refracted by crystals set in the hills ago by a giant glacier. The phenomenon has attracted widespread interest among excursionists.**

**VANDALS TURN ACTIVITIES FROM CEMETERY TO CHURCH**  
VIENNA, (AP)—Vandals and robbers have turned from plundering graveyards to robbing churches. Several famous Vienna churches have been robbed recently, among them the historic Mariahilf and Rochus churches, and robes and altar vessels of great value have been stolen. The police say there are about 40,000 persons in Vienna who may be classed as criminals.

They report 1405 burglaries in the city in the last 90 days with \$65,000 in loot and the recovery of loot to the value of 60,000,000 crowns.

# INJURIES RESULT FROM RIOT-STRIKERS STARTED

### Trouble Develops when Female Workers are Attacked by Women Assaultants

(BRISTOL, R. I., AP)—Two strike sympathizers were wounded with pistol shots and three factory guards injured with stones during a riot Friday outside the plant of the National India Rubber company. The trouble started with the arrival of women clerks, and other employees whose work had not been stopped by a strike. Women among the strike sympathizers pulled the stenographers hair and several of the latter were roughly handled.

# BILL WOULD AUTHORIZE BACK TAX SETTLEMENTS

### Legislation Asked by Treasury Officials to Dispose of Pending Cases Passed by the House

WASHINGTON, (AP)—Authority for the treasury to make final settlement under which back taxes estimated at \$1,000,000,000 will be paid the government provided in a bill passed Thursday by house and sent to the senate. The measure amends the 1918 tax law. The bill provides that treasury decisions accepted by the taxpayer, shall not be reopened, modified or set aside by any official or court, except on a showing of fraud, maturity affecting the tax law.

The legislation was asked by treasury officials to enable them to promptly and finally dispose of pending tax cases.

The bill would create additional liberty bond exemptions. Bonds to the value of \$2500 from one individual would be exempt from the income and tax, excess profits and war profits levies for two years after the promulgation of peace. The same exemptions on \$500,000 would be granted for three years after that proclamation.

# CHURCH ENDORSES TREATY

### Presbyterian General Assembly Urges Ratification of Pact and Covenant

PHILADELPHIA, (AP)—Resolutions urging that the United States ratify the peace treaty and the league of nations were passed by the general assembly of the Presbyterian church in the U. S. A., at its closing session Friday. The resolution asserted that the United States should realize its responsibility to contribute money and bring an end to the suffering in Germany and that it is time to disapprove of the criticism in Europe that this country has failed to keep faith with the allies.

# FORECAST OF GREATER 'VARSITY' ATTENDANCE

### President E. H. Lindley Sees a Bigger Year Ahead for the State University

UNIVERSITY OF IDAHO, Moscow, (Special)—Attendance at the University of Idaho from communities in the southern part of the state will be substantially increased in the coming collegiate year if reports recently made to President Ernest H. Lindley, who has just returned from a speaking tour through south Idaho, prove accurate forecasts.

"I found everywhere only the kindest feeling toward the university," said President Lindley today. "Our alumni have been consistently active in every community I visited and both from them and from other sources I received reports which indicate that the roll of southern Idaho students at the university will be materially increased next fall."

"One of the real features of my trip was the presentation at Buhl high school of a \$100 memorial for the student loan fund which had been donated by the graduating class. By a fortunate combination of circumstances, Mrs. M. J. Sweezy of Twin Falls, whose untiring efforts have accomplished so much for the loan fund, was present when the memorial was announced."

Weiser, where President Lindley spoke on the evening of May 16, turned out one of the largest audiences of his entire trip. At Boise on the following day he addressed a high school assembly at which the announcement was made of the awarding of two university scholarships donated by the college women's club of the capital city to Marguerite Newman and Elizabeth Barlett, members of the high school senior class.

Dr. Lindley delivered the Cour d'Alene high school commencement address Thursday evening. The Pioneers club, an organization composed of high school boys, elected him to honorary membership at a banquet which followed the commencement exercises.

# SOLDIER BELIEF PROPONENTS LAUNCH FILLIBUSTER IN HOUSE

WASHINGTON, (AP)—Proponents of soldier relief legislation launched their filibuster in the house Friday immediately after the speaker's gavel fell and it was 25 minutes before the chaplain, the Rev. Henry N. Couden, offered the customary opening prayer.

Supporters of the relief legislation have announced that they will prevent consideration of any matters until the relief bill is brought up.

# LEXINGTON TO BE GREATEST SHIP OF WAR

### Prospective Queen of United States Navy to Become Vessel Under Construction Instead of Ambitious Plan

QUINCY, Mass., (AP)—The keel of the world's biggest warship will be laid down here within six months. The battle cruiser Lexington, combining in a degree unequaled by any ship of war now built or building the qualities of powerful armament and high speed, has taken form in drawings and awaits the arrival of materials to be advanced from the hands of the architect to those of the builder. By fall, it is estimated that the prospective queen of the United States navy will become a ship under construction instead of an ambitious plan.

The Lexington is the name ship of a class of battle cruisers which will give Uncle Sam within four years a fleet of six big-gun fighting ships unmatched by any other fleet of cruiser ships, the Constellation, Saratoga, Hanger, Constitution and United States are also under contract. They bring mines out of the old days and are to develop for the first new capital vessels of the post-war fleet a traditional background of the old days.

With the others of its class, the Lexington will be a whole of a ship. It will displace 43,200 tons and will have the power of 140,000 horsepower installed in mechanical form. Its length of 874 feet is within 40 feet of the length of the Leviathan, monster passenger liner. The 124 feet width of the Lexington will make that floating gun platform broader than any passenger ship.

The Lexington, which is to be equipped with electric drive, will attain a speed of 35 knots. This cruiser speed, higher than that of many destroyers, is the object of much of the designing that entered into the creation of the Lexington class. Armor will be sacrificed to make the maximum speed—35 knots—the main belt being only five inches thick at its maximum as compared with the 12-inch steel belt on most battleships, but armor will be of tremendous power. The Lexington thus will have not only the strategic advantage of high speed but will be able to fire a heavier charge over a greater distance than any other battleship for which the plans are now known.

The Lexington in action will speak with a voice of 16-inch guns, of which she will have eight. The navies of Great Britain, France and Italy contain no gun greater than 15 inches and that of Japan includes 16-inch guns only on battleships of 24 knot speed which are new war construction. Unlike the dreadnaught class which on big guns exclusively, the Lexington will carry 16 six-inch guns as a secondary armament.

Taking a page from the naval lessons of the war, the designers of the Lexington have equipped the ship with four anti-aircraft batteries, four of which are submerged and four on deck and with means of defense against aerial bombs and aerial torpedoes. In addition, she will have torpedoes will be obtained through forward and aft torpedoes bulkheads, by which the stability of the vessel will be preserved no matter where she is pierced. Under any conditions but an explosion, it is claimed, the Lexington class of warship should prove unshakable.

### PROSPECTS FAVOR BIG APPLE CROP IN EAST

Record Production in Shenandoah-Cumberland District with 5,000,000 Bearing Trees Indicated

WINCHESTER, Va., (AP)—A record apple crop is indicated in the Shenandoah-Cumberland district, extending 2 1/2 miles from Staunton, Va., to Harriburg, Pa., which has approximately three million bearing trees. Weather conditions during the winter and spring were more favorable than in several years say expert growers. No damage from frost has been reported and the blooms have set well. The district, according to federal figures, is one of the most important apple producing sections of the country.

### COTTON MILL OPERATIVES STRIKE DECLARED ENDED

NEW BEDFORD, Mass., (AP)—The general strike of operatives in 13 cotton mills in this city which was begun four weeks ago in sympathy with the loom fixers who had walked out two weeks earlier because of dissatisfaction with orders requiring them to attend to more home than formerly, was declared at an end last night by the textile council.

### DISCUSSION OF TAX ON BACHELORS IS RIOTOUS

Sessions of French Senate are Suspended by Presiding Officer when Debate Waxes Warm

PARIS, (AP)—Discussion of the special tax on the bachelors and spinsters of France caused a scene so violent in the French senate Wednesday that the presiding senator, Alexandre Berard, in the absence of Leon Bourgeois, the president, was obliged to suspend the session.

Senator Dominique Delahaye, had proposed an amendment in which he asked that ecclesiastical, priests, doctors and nuns be excluded from the proposed law and not obliged to pay the tax. The original law proposes a tax of 25 per cent upon the income of unmarried or divorced citizens more than thirty years of age.

Senator Delahaye demanded especially a recall of the proposed law making a tax of 35 per cent on married people who have been wedded for more than two years and have no children. Senator Horsey commenced refuting Senator Delahaye's arguments while both the latter and his brother, Jules, left their seats and attempted to prevent Senator Horsey from proceeding. Delahaye was forced to place the symbolic top hat on his head, suggesting that Senator Horsey attempt to reach Dominique Delahaye to present him with his card with the view of settling the difference between them on the field of honor, but fields intervened and the challenge was not presented. Both Dominique and Jules Delahaye are married.

### TURKISH NATIONALIST LEADER DAMNS TREATY

Declares Unalterable Opposition to Pact Submitted by Allies; Blames Great Britain

ANGORA, Asia Minor, (AP)—Unalterable opposition to the treaty of peace the allies have submitted to Turkey was expressed here by Mustafa Kemal Pasha, leader of Turkish nationalist forces.

"The allied powers, led by Great Britain, condemned Turkey to death," he declared, "and began to apply their decision by the very direct material manifestation known to the world. The Turkish nation naturally has declined to accept such a sentence. Our Caliph and sultan, the Turkish parliament and the Turkish government, the members of which were never less than 100,000 of the Turkish nation, were unable to resist such a verdict and fell into the hands of the British by the sudden occupation of Constantinople."

### WOULD UTILIZE LIGNITE

Bureau of Mines Undertakes to Drive Off Moisture from "Brown" Lignite

WASHINGTON, D. C., (AP)—Lignite or "brown" coal of Texas, North Dakota and other western states, probably will be used extensively as fuel in experiments soon to be made by the bureau of mines in an effort to drive off the moisture which makes it an unserviceable power source. Initial experiments will begin at once at New Stanton, N. D. Congress has appropriated \$100,000 for the work. States with lignite deposits have been getting their coal from middle west states, necessitating an average freight haul of one thousand miles.

### ESTABLISH FLIGHT RECORD

HONOLULU, T. H., (AP)—Two army airplanes recently established a new Hawaiian record for a continuous record flight from the base at Hana, Maui bay, island of Maui, a distance of 109 miles, in one hour and forty minutes. The airplanes were under the command of Colonel John F. Curry, air officer of the department of Hawaii.

### All England Fears Queen Alexandra May Not Recover

Grave apprehension is felt throughout England because of the illness of Dowager Queen Alexandra, the "Queen Mother," who is suffering from an attack of bronchitis, according to reports from London. Queen Alexandra has passed her seventy-fifth birthday, and for advanced age the cause of the anxiety of the people. Queen Mary's accession to the throne did not in any way diminish the affection which the English people always held for the widow of Edward VII. Often in royal processions the Dowager Queen was greeted with cheers no less hearty than those with which Queen Mary was received. Queen Alexandra was the daughter of King Christian IX, of Denmark. She was born December 1, 1844.

### HOLLAND WILL RETURN DESERTING GERMAN BOAT

Dutch Naval Authorities to Restore Vessel to Minesweeping Fleet

THE HAGUE, (AP)—The Dutch naval authorities have decided to return the German minesweeper U-218, which was interned a few weeks ago, to the German minesweeping fleet, from which it deserted.

The vessel was taken by the German crew into the Zoltersee, at Muehlen, a little fishing town, the captain, mate and two members of the crew went ashore in order to find a buyer for their boat, but were arrested. The rest of the crew, who waiting in vain for their comrades, had grown impatient, were just going to leave the Dutch waters again, when they were caught by a Dutch torpedo boat.

### SALVATIONIST OFFICERS LOST IN SOVIET RUSSIA

International Headquarters of Army Sends Representative to Investigate Disappearance

CHICAGO, (AP)—Thirty Salvation Army officers have disappeared in Soviet Russia and have been given up by their superiors as lost, according to a telegram received by the Chicago headquarters from New York. The telegram said:

"Repeated efforts have been made by the International headquarters of the Salvation Army in London to communicate with the workers who remained to uphold the banner of practical Christianity in Soviet Russia but all attempts have failed. As a last resort, a high Salvation Army officer now traveling throughout Russia in an endeavor to learn the fate of the thirty missing officers. No information as to the result of his mission is expected until he leaves Russia."

### VOTES DOWN MEASURES TO SUPERVISE MINE ASSESSMENT

WASHINGTON, (AP)—Bills designed to suspend further assessments on mining properties in the United States and Alaska were voted down Thursday by the house mining committee. The law requiring to publish the list of hundred dollars worth of work on each project a year was suspended three years ago because of the labor shortage. The proposed law would have contemplated suspension of the tax for this year only, but another measure provided for permanent lifting of the tax, both in Alaska and the United States.

### SENATE GIVES APPROVAL TO WATERPOWER MEASURE

Long Pending Legislation to Bring About Development of Resources Goes to President

WASHINGTON, (AP)—The conference report on the long pending waterpower bill was approved Friday by the senate and the measure now goes to the president. The vote was 42 to 21.

The bill which is designed to bring about development of the waterpower resources of the nation under direction of a federal commission, has been before congress in one form or another for 12 years. Last session both houses passed a similar measure, but failure of the senate to adopt the conference report prevented final passage.

Action on the conference report followed a general discussion. Senators Morris, republican, Nebraska, and King, democrat, Utah, opposed the measure. Senator King predicted there would be "a rude awakening within a short time" and that supporters of the bill would regret its passage.

### BANDITS ATTEMPT TO ROB NEBRASKA BANK FALLS

OMAHA, Neb., (AP)—Four bandits made an unsuccessful attempt to rob the Citizens bank of Ralston, a suburb of Omaha, Friday. Ted Shanahan, president, and David Shanahan, auditor,

locked themselves in the vault with all of the bank's currency as the robbers entered the bank. The robbers shot up the place and departed without getting anything. The same bank was robbed of \$1000 several months ago.

### WIFE BIGAMIST, CLAM, DIVORCE

#### Briggs Gets Annulment of Marriage with Woman who Played Him False

A decree of divorce this morning was granted by Judge W. A. Babcock of the district court. Briggs is about 48 years of age and sought an annulment of a marriage brought about through correspondence procedure. The woman named in the complaint is Cora Briggs. A number of peculiar angles came out of the hearing connected with the divorce proceedings, the principal feature being that the woman was a bigamist. It appears that Briggs who lived at Marion, Idaho, made the acquaintance of a woman living in Colorado who stated she was widowed with three children. The pair met in Salt Lake in 1915 and engaged in a marital contract, going to Marion to reside. It developed, instead of having three children the woman was the mother of 12. This fact was overlooked by the new husband and domestic matters went along smoothly until one day there came a letter to one member of the family from a man in Colorado who proved to be the woman's divorced husband. Briggs, when he heard, said he urged Mrs. Briggs to get a divorce from husband No. 1 and remarry Briggs. While this was being done Briggs went to Burlington to work in a beet sugar factory and when he returned home he found his wife and children gone. The fact was a good deal of money had been taken and she had taken the money to pay expenses of travel for herself and family to some other place. It was not until 1918 Briggs had made no attempt to bring back the runaway family. Briggs, in his testimony, told the court he had always given a good home, doing her nothing, and a few days before the suspicious departure had bought her a set of stores teeth. Briggs expressed emotion in his divorce bill of particulars.

### Shriver's Three Convictions Not Enough; One More

#### Man Found Guilty on Trio of Occasional Appeals Again to District Court

In the district court this morning P. R. Shriver and Elsie Hilder, found guilty on Thursday of a statutory offense, were sentenced by Judge W. A. Babcock to pay a fine of \$100 and costs. Sentence was pronounced after the court had denied motion for arrest of judgment. Immediately afterwards a motion for a new trial was filed. Arguments in this will be heard during the coming week. Sentence for Homer F. Ramsayer, convicted this week of the killing of John R. Abel, Attorney Turner K. Hackman and Attorney F. Guthrie, all morning appealed to the district court for a stay of judgment pending action looking toward filing motion for a new trial or taking of an appeal from the verdict just rendered. Hazel E. Bennett and Wolfe & Martin, who conducted the defense, have withdrawn. Turner K. Hackman and Attorney F. Guthrie also remained in their stead. Judgment will be withheld to 10 a. m. Tuesday.

### MRS. KASTERMAN FINED ON AN UNUSUAL CHARGE

#### Filer Farmer Woman Admits Having Unlawfully Confiscated Mail Package

Judge O. P. Duvall, presiding in the probate court yesterday afternoon, announced a fine of \$50 against Mrs. M. Kasterman, who pleaded guilty to unlawful confiscation of property. The woman's husband was jointly accused in the complaint, but she was released by the wife intended to exonerate the man. The Kastermans occupy a farm near Filer and maintain a rural route box near their place. It appears, from the evidence submitted, that some time ago a package of goods was delivered, coming through the mails for another person, was by mistake delivered at the Kasterman post box. The package, it was shown in testimony, was also coming through the mails for another person, was by mistake delivered at the Kasterman post box. ### WRIGHTS OBTAIN ROOM FOR WATER-HURT STOCK

#### Will Occupy City Marketing Quarters to Dispose of Injured Merchandise

Arrangements have been made by the management of Wright's stock temporarily occupy the City Marketing company quarters on Main avenue east for the disposal of the stock damaged by water during the week of a week ago. It is the plan to take over the temporary stand immediately, the lease covering a period of about three weeks. By the end of that time, it is expected, the damaged stock will be disposed of and the old location be in condition to re-occupy. An entirely new stock of goods will be put into the re-modified room. The City Marketing store quarters are under lease to Schramm-Johnson, a big drug concern of Salt Lake. This company expects to put a drug store in the building about July 1.

## MEMORIAL DAY OBSERVANCES WILL BE ALMOST WORLD-WIDE

### Homage will be Paid American Soldiers Both at Home and Abroad on the Coming Monday-Twin Falls' Ceremonial will be Appropriate with Similar Observances in Other Years-Program in Afternoon

Observing Monday as Memorial day patriotic societies have planned elaborately the program. The program, which following along lines observed in other years for this observance, will be participated in by an added force of men who are now to swell the ranks of war veterans of this country—the American Legion. With the surviving remnant of the Grand Army of the Republic, the Spanish War Veterans, the Women's Relief Corps and the Ladies of the G. A. R., the heroes who went forth to fight the battles of our country, have come to fill the depleted ranks of those bodies who, in years ago, have made Memorial day a national holiday of great moment in this country, and have come to aid in the perpetration of the memories and traditions of the day.

Monday morning will be paid to those American fighters who have laid down the burdens and cares of the day and from those nerveless grand warriors who are still wearing the tools of life. Fresh wreaths will be laid on graves under whose green cover lie the remains of many whose memory is still cherished with the breath of remaining loved ones, and also on the sod of those whose deeds have been forgotten in history. The day is not one of national observance. It has come to be almost world-wide, for in foreign fields the heroes of our country are still being honored by the people of the country at large. ## Theatres

Lovers of good horseflesh are given a rare treat in Maurice Tourneur's new production for Paramount-Artcraft releases, "The Life Line," which is showing at the Idaho theater today. The big opening scene in the picture is an English country hunt. Scores of lords and ladies make pageant and ride fine looking horses, which hurdle high hedges with ease, ford deep streams, and show magnificent bursts of speed at times. They were the best bred animals that Mr. Tourneur could assemble and especially adapted for hunting purposes.

The picture "The Life Line" is one of the features of this really fine picture. Even more spectacular are the episodes showing a raging fire in a London theater and the thrilling rescue of the heroine by means of a breeches buoy from a ship that is being broken up by a storm on the rocks. Jack Holt, Secena Owen, Tubby Marshall, Lewis Cody, Pauline Stark and Wallace Beery form an excellent cast.

**TO PAN RIVER BAR.** Jasper Watermark today filed seven placer mining claims with the county recorder. The claims are designated as Liberty Place claims 4 to 10, inclusive. The sites are all along the Salmon river in the south end of Twin Falls county and include sand bars found in the channel and along the banks of the stream. They are located about ten miles below the Salmon river dam.

**AMUSEMENTS**  
GEM—Photoplay "Lace"; also comedy and Pathe Review.  
ORPHEUM—"The Face in the Watch" also two part comic riot and 2 feature vaudeville acts.  
LAVERING—"Temptation", featuring Violet Stanton and Doris Curtis.  
IDAHO—Maurice Tourneur presents "The Life Line"; also Folland Comedy "Shoot on Sight."

## Fair Weather and Cooler Promised for the Sabbath

FAIR and cooler is the notice contained in the day's weather announcement for tonight and Sunday, coming from Boise weather office. Yesterday's temperature was seven notches below that of the day prior, but the low of the night was the same, 45. High 77. Threats of rain were dispelled today when every vestige of clouds vanished as the breeze swung to the west from the east.
