Soothsayer Depicts Next Chief Executive

BUDAPEST, (AP)—Is there in America a man who is blonde, slightly bald, wears glasses, is "surrounded by fine children", and who is an aspirant to the presidency? If there is, he is the "man of destiny," according to the revelations of the next American President, which the Hungarian national prophetess, who was asked recently to apply her gifts to the task of determining who the next American President would be. In addition to the foregoing distinguished peculiarities, Mme. Sybilline declared he was "the most popular man in America," and one whose election is demanded by the masses of the people. She adds that an astrologer was made to assassinate him within the last two years. The next president will be a "good man, successful and popular," she predicted.

COURT UPHOLDS RATIFICATIONS BY LAW MAKERS

Decides Federal Constitutional Amendments Cannot Be Submitted to Referendum Vote of Electors

WASHINGTON, (AP)—The supreme court held today that federal constitutional amendments cannot be submitted to referendum in the states having referendum provisions in their constitutions.

The court declared inoperative the Ohio state constitutional referendum amendment used in its ratification of federal amendments.

OPINION IS UNANIMOUS

Justice Day in rendering the court's opinion, which was unanimous in its part: "The constitution of the United States was ordained by the people, and, when duly ratified, it became the constitution of the people of the United States. The states surrendered to the general government the powers specifically enumerated in the constitution, and the constitution and the laws of the United States are the supreme law of the land."

ONLY ONE QUESTION

"The only question for determination is: What did the framers of the constitution intend by requiring ratification by 'legislatures'? That was not a term of uncertain meaning when incorporated into the constitution. . . . There can be no question that the framers intended that the amendment be clearly and carefully used the terms in which that instrument referred to the action of the legislatures of the states. . . . What the framers intended that the people should do, and they were no less accurate in the use of parliamentary language to carry out such purpose."

HISTORIC HALL FOR CONGRESSES OF REPUBLICANS

Record of Chicago Coliseum where G. O. P. National Convention Meets, Rich in Political Interest

CHICAGO, (AP)—The Chicago coliseum where the republican national convention of 1920 will be held, beginning June 8 has a history rich in political interest.

Every four years since 1804 the republican party has met in the coliseum to nominate its candidate for president and vice-president, and in 1912 the progressive party also met there to nominate Colonel Theodore Roosevelt for president.

On Prison Museum Site The coliseum was completed in 1890. It was designed as a museum, and was built and erected on the site of the old Libby War Prison museum at Wabash avenue and Fifteenth street, less than a mile from the hotel and retail shopping district.

The castellated walls of the old war prison were used for the Wabash avenue side of the building. The walls are of stone, brick, steel and brass and is 403 feet long, 170 feet wide. It cost nearly \$1,000,000. It has a wide balcony extending around three of the walls, and this has been awarded to the republican party's convention by the addition of a second balcony on the north side.

As a result the seating capacity, 12,167, is the greatest ever awarded to a political history. Only 12,400 were seated at the 1916 convention.

Veterans Called into Service The main floor of the coliseum will seat 9,400 delegates, alternates, press representatives and spectators. There will be 10 dormitories for 20,000 sergeants-at-arms. All the ushers and doorkeepers will be overseas soldiers, sailors and marines, working with military discipline under the direction of former army officers. By this system the national committee hopes to avert the overcrowding of four years ago when hundreds of persons stormed the doors, forced their way into the trained doorkeepers and preempted seats for which they held no tickets.

The speaker's platform at the south end of the building will be elevated for the officers of the convention and members of the republican national committee. Behind this is a raised platform with 2,000 seats for the use of presidential candidates and other distinguished guests. On either side of the speaker's platform, extending across the building, is a press section containing 375 seats for working newspaper men.

Ball Holds Back Crowds Facing the speaker are the seats for the 64 delegates and an equal number of alternates. This section is enclosed by a heavy rail to hold back the crowds of frenzied spectators who, during moments of intense enthusiasm, attempt to storm the speaker's stand. The rest of the main floor and all the balconies will be open to citizens.

Tickets for spectators have been divided among the national committee from each state, in proportion to the state representation in the convention with the exception of a block of about 2,500 seats, which go to the Chicago convention committee, which financed the convention arrangements.

With less than 2,000 tickets available to be distributed, the committee had received more than 75,000 requests for tickets well in advance of the convention.

The Chicago convention committee of which Fred W. Upham, republican national treasurer, is chairman, raised \$150,000 to bring the convention to Chicago. The high cost of everything has hit the convention. Much which cost \$2,800 for the entire convention in 1916, costs \$1,000 a day for a band of 5 pieces this year. Other expenses are in proportion.

Committee Opens Offices The republican national committee moved its executive offices to the coliseum several weeks in advance of the convention. Adjoining the main building is an annex connected with the coliseum proper by several broad arches and entrances. Here are located the executive and administrative offices, a temporary hospital in charge of 100 Chicago physicians, and in the basement, a telegraph and telephone room where scores of special wires have been installed for the use of the news-gathering associations and newspapers which will cover the convention.

The annex also boasts a branch post-office to facilitate speedy collection and distribution of mail to the convention officials, and numerous committee rooms for the national committee and various committees of the convention.

Flags Only Decorations In the decoration of the convention hall the managers have abided by the long-established custom of decorating exclusively on profuse display of the American flag. Two years ago this custom was departed from when the use of gold and white bunting, but the use was found excessive this year. C. B. Hall, superintendent of the coliseum, who is in charge of the decorations, has arranged to completely cover the girders and iron framework of the building.

KIMBERLY SERVICE MEN HEAR SERMON

Score of Legionnaires Attend Services at Suburban Church

KIMBERLY, Idaho (Special).—About a score of members of the American Legion met Sunday for Memorial services in the Methodist church. The meeting was in charge of the Rev. G. E. Manly, pastor of the church.

In a general sermon on Memorial day and its purpose the Rev. Mr. Manly predicted the American Legion would take a high place in the national life of the country. "The Legion," he said, "will be an inspiration to the youth of America to imitate high ideals of patriotism. The younger generation is bound to find its conception of true Americanism by the standard of the American Legion, just as G. A. R. has been dominating influence nationally, since the Civil war."

At the close of the services the Legionnaires stood at attention as a poem in tribute to the 75,000 Americans who rest in Flanders fields, was read by the minister.

CUMMINS' RACE CENTER OF INTEREST IN IOWA

Colonel Brookhart Enters Lists Against Slogan who is Target for Attack on Record

DES MOINES, Ia. (AP)—The race between U. S. Senator Albert B. Cummins for re-nomination against Col. Smith W. Brookhart, a candidate for the senator's seat, furnishes the most interesting feature, nationally of Iowa's primary election, June 7. There is no presidential preference at stake in this election.

It is shortly before the list of candidates for the primary closed Senator Cummins had no opposition. Since Col. Brookhart entered the race, however, he has been the target of active campaigns in all parts of the state. The opposition to Senator Cummins has attacked the railroad bill and other work of his. He has been equally vigorous in his attack on the Brookhart campaign. The democratic candidate for United States Senator is Claude H. Porter of Centerville.

CHICAGO IS AGAIN LINKED BY DIRECT LAKE FRONT ROUTE

CHICAGO, Ill. (AP)—Ten thousand tons of steel, Chicago's new boulevard link bridge settled into place recently with a bang. A second bridge will be built in 1917 years north and south Chicago were connected by a direct lake front route.

The new bridge, a double deck barrel-culvert or "jack knife" type, is a triumph of engineering skill. When the draw is opened for passing ships the two immense "leaves" lower 150 feet into the water. A second horizontal viaduct leads to the upper level, reserved for pleasure vehicles only, while trucks and drays rumble over the lower passageway. The bridge cost \$16,000,000 and more than twenty years was spent in its planning and construction.

ARMY TRANSPORTS MAY BE USED TO CARRY PEDAGOGUES

HONOLULU, T. H. (AP)—The Territory of Hawaii has enough mainland teachers engaged to fill the bulk of the vacancies in its school staff next term, but, owing to the shortage of steamer accommodations it is doubtful if they could be landed in the islands, according to Vaughan MacCaughy, superintendent of public instruction.

One hundred and fifty mainland teachers have accepted appointments. A plan is being considered to appeal to the government for a special army transport.

FARRAGUT'S FLAGSHIP - NOW MASS OF WRECKAGE

Famous Wooden Warship Used During Three American Wars is Burned for Copper in the Hull

EASTPORT, Me. (AP)—A mass of twisted metals and charred timbers lying on Coney Beach here is all that remains of the frigate Richmond, once the pride of the United States navy. The famous wooden warship, built in 1857, was used during three wars in capacities varying from admiral's flagship to receiving ship and finally was burned for the copper in her hull.

The Richmond was Admiral Farragut's flagship during the civil war and was in several famous engagements in southern waters and along the Mississippi river. It is said that the Richmond was one of the first American ships to be camouflaged. During the bombardment of New Orleans, Farragut ordered the man-o-war camouflaged and not having the necessary paint, the frigate was smeared with mud, partly obscuring her from the enemy's view.

A few years later the Richmond was retired but was put in commission again in 1890 for the Spanish-American war, when she was used as a receiving ship at the Philadelphia navy yard. Then for almost 20 years she was held idle in a Norfolk navy yard but was put into use again in the world war as receiving and training ship. The once great warship's days of usefulness were over and a short time ago she was towed to Eastport. The torch was applied to her by Captain John F. Turner, of Newburyport, Mass., holder of the navy's deep sea diving record. After lighting several fires from bow to stern, Captain Turner hauled down the American flag from the frigate and jumped into Passamaquoddy Bay. He was picked up by part of the ship's crew in a dory for the next driver cannot speak.

The beach on which the Richmond was burned is the most eastern point on the Maine coast and is where four other of the navy's great ships were burned by junksmen in other years.

BANKERS' ASSOCIATION TO CONVENE IN MOSCOW

Sixteenth Annual Convention of Idaho Financial Organization Scheduled for Northern Town

MOSCOW, Idaho. (AP)—Idaho bankers will hold the sixteenth annual convention of the Idaho Bankers' Association here this year, June 4 and 5, and addresses by prominent financiers of the state and from other states have been placed on the program.

Among the speakers will be Dr. E. H. Lindley, president of the University of Idaho; Guy E. Bowerman, general manager of the American Bankers' association; Lyle Baker, president of the Pacific Bank; G. C. Painter, Middleton, Idaho; F. R. Coan, Spokane; A. L. Freshwater, president of the public utilities commission of Idaho; Rollin P. Grant, New York; J. Merrill, Seattle; and Dr. Frederick Y. Fisher, assistant director of the United Americans, who will speak on "True Americanism."

HOUSING SITUATION DISCUSSION TOPO FOR REAL ESTATE DEALERS

KANSAS CITY, Mo. (AP)—The nation-wide housing situation, its causes and remedies; how builders of homes are to cope with present-day prices and shortages; better homes as an aid in keeping young people on the farm; and state laws restricting real estate dealers are among the subjects to be discussed at the annual convention here June 2 to 6 of the National Association of Real Estate Boards.

Other matters to come before the convention, according to officials will concern the financing of home building on a large scale restricted somewhat at present because of most stringent credit regulations imposed by banks; and a campaign to show the public the benefits of owning homes.

AMERICAN INVASION OF ANTWERP MAKES CHANGES

Belgian Port Undertakes to Make Yankee Sailors Feel at Home

ANTWERP, (AP)—The cafes of Antwerp, where American "jazz" music resounds nightly until the early morning hours, are now closed. The port is continuously at 50 to 100 francs a pop and so crowded even now with tourists, sailors in for a shore celebration, the sailors' "estaminets" down near the docks, that the noise and dancing know no bounds.

Some of the dock saloons have been especially recruited since Antwerp became the chief American port of the continent, to catch the trade of the American sailors and make them feel at home as if they were down by the docks at home in the anti-prohibition days. One finds American sailors reaching out for the first drink since they were in "Dirty Dick's Place," or "Sailor Jim's" down by the docks, consuming huge schooners of beer that look like the foreign trade convention here, to take the place of the cafes, but they tell the correspondent, there seems as yet no way of doing it.

American consular and other Antwerp authorities are awake to the need of establishing some sort of recreation halls for the merchant sailors here, to take the place of the cafes, but they tell the correspondent, there seems as yet no way of doing it.

"Big recreation halls, with plenty of music and light beer would serve the purpose splendidly, one consular official said. "Jack is bound to spend his money when ashore."

COAST BUSINESS INTERESTS CARRY ON TRADE PROPOSALS

SAN FRANCISCO, Cal. (AP)—A conference of leading business men of the Pacific coast has been organized as a result of the foreign trade convention held here recently. Unity of action on matters pertaining to trade and industry is its objective. Conferences will be held from time to time in San Francisco, Seattle, Los Angeles, Tacoma and Bellingham. The conference hopes to obtain assistance in national legislation of establishing some sort of Chamber of Commerce on affairs concerning the Pacific coast. All members of the conference belong to the latter body.

CAMBRIDGESHIRE FORESTERS WOULD PRODUCE SQUARE TREES

CAMBRIDGE, Eng. (AP)—The Cambridgeshire Forestry Association School of Forestry believes that "there is no reason why trees cannot be made to grow square and produce wood of better quality and in greater quantity" if the excessive wood production in certain trees can be controlled. The association believes that this can be done and if so "there will be no more slabs, nor wavy planks."

AMERICAN CONCERN WAIVES TRADE WAR IN ARCTIC

KETCHIKAN, Alaska. (AP)—Along the northern rim of the continent, a new American trading firm, the Lamson and Hubbard company, is waging a bitter war against the old Hudson Bay company for the fur trade, according to word brought out of the Arctic. The Hudson Bay firm, a British concern, has operated in the north for scores of years.

New trading posts have long established by the American firm along the Arctic coast and in the Mackenzie river valley, where the white and native trappers for years have sold their furs. The new company has announced higher prices for furs and is holding down the prices of supplies it gives the traders in return for the skins.

Royal Canadian mounted police constables who recently returned to Dawson from the Arctic report a poor fur catch during the first year of the trade war.

BOHEMIAN-ORIENTAL FESTIVAL SWELLS FUND FOR MEMORIAL

SAN FRANCISCO, (AP)—A Bohemian-oriental festival was recently held in Chinatown here to swell funds for the proposed \$300,000 San Francisco war memorial building. It presented a gala appearance to the American coming to the Chinese quarter, with its gay lanterns, gaudy bunting, firecrackers and rich business.

Chinese artists were performing on a platform erected in Waverly Square, while in another corner a Chinese band was playing its world music. Strolling Italian musicians mingled with the crowds and the gay attire of a number of art students added to the animation of the scene.

Fan-tan, bangle and other games of chance, fortune telling, Chinese cabarets, where noodles, tea, savory cakes and rich preserves were served, were offered to the amusement seeker. The prominent California artists made quick sketches and sold them to augment the fund, part of which will be

devoted to a building for the art department of the University of California.

POST IS USED BY ALIEN REDS PALMER AVERS

Attorney General Charges Assistant Secretary of Labor Has "Perverted Sympathy" for Criminal Anarchist

WASHINGTON, D. C., (AP)—Charging that Louis F. Post, assistant secretary of labor, had a perverted sympathy for the criminal anarchist, Attorney General Palmer today told a house committee today that he was taking personal viewpoint of the obligations of the public law.

Shows Militant Activities

Regarding Mr. Post's assertion that with all of these sweeping raids, only three radicals have been found, Mr. Palmer named a dozen cities, in which he said the raids had disclosed preparations of the aliens to employ both guns and bombs.

CHARGES BY JACKSON H. BALDWIN

Charges by Jackson H. Baldwin counsel for Mr. Post, that the department of justice had prosecuted a lawbreaker who was engaged in forming new communist local organizations against raids could be directed, were characterized by the Baldwin family as "deliberate and unwarranted falsehoods."

CANCELS WARRANTS FOR DEPORTATION OF WOMEN

Assistant Secretary Post Acts in Case of French Girls and Mother Charged with Illicit Mission.

WASHINGTON, (AP)—Warrants for the arrest and deportation of Madeline Babine and her mother and sister on charges that they entered the United States from France for improper purposes were cancelled today by Assistant Secretary Post.

Evidence in the case presented at hearings at the department of justice said the women came to the United States on invitation of Leo Shippey of Kansas City, Mo., formerly a Y. M. C. A. worker in France. Shippey, it was testified, lived with the Babine family overseas and "an attachment arose between him and the oldest daughter."

"Upon his return to the United States," it was added, he and his wife became estranged and are now living apart in Los Angeles and she in Kansas City.

Evidently he wishes her to institute proceedings for a divorce and she refuses. Evidently also, if he were divorced he would marry the alien, who is about to be, if she has not already become the mother of a child.

From testimony, Madeline Babine came to the United States to accept a place as teacher at Portland, Ore., which Shippey had obtained for her. On her way to Portland she stopped at Kansas City, the report said, "with the expectation of marriage to Shippey if he were lawfully free to marry her."

FORMER BANK CLERK JUMPS IN FRONT OF MOVING TRAIN

OMAHA, Neb., (AP)—Walter Hansen, former bank clerk, jumped in front of a passenger train today and was killed. A list of debts totaling \$363 was found in his pocket. Members of the crew saw Hansen spring from behind a clump of trees and stand himself in front of the train. He was 21 years old and unmarried.

STEAMER FROM PORTLAND MAKES DOCK AT LEWISTON

LEWISTON, Idaho, (AP)—The steamer Northwestern, from Portland, Ore., by way of the Columbia and Snake rivers and the Celilo canal, docked here Monday on the first trip of a regular freight and passenger service between Portland and Lewiston, 500 miles inland.

WIFE DANGEROUSLY WOUNDED; HUSBAND UNDER ARREST

OMAHA, (AP)—Mrs. Marie Buckley was found dangerously wounded in her home at 4 o'clock this morning. She had been shot twice through the head. Her husband was arrested. He was found cleaning his revolver. He said his wife attempted her own life. Surgeons said she cannot recover.

VERA CRUZ IS CUT OFF FROM MEXICO BY PLAGUE

President Wilson Offers to Assist in Combating Dangerous Epidemic

VERA CRUZ, (AP)—President Wilson has offered to send hospital ships, doctors, nurses and medical supplies to Vera Cruz, Mexico, to assist in combating the bubonic plague which has made its appearance here, 11 authenticated cases having developed to date and five deaths resulting therefrom.

The history of the outbreak appears to date back to May 15 when the first case is believed now to have developed. The victim in this case died on May 22 and the second victim on May 24. It seems to be established that the focal point of the outbreak is the warehouse of the dock company.

COMMITTEE PLUNGES

(Continued from Page One)

Anderson faction to elect a state executive committee in 1918 under law. Mr. Warren reported that there was doubt whether the Anderson faction could be recognized as a de facto organization as the undisputed evidence showed that in the primary only 19 state committee members had been elected from 84 counties.

Seats Regular Delegates

In the District of Columbia contest, the committee voted to seat the regular reported delegates, Frank J. Hogan and James A. Cobb, of Washington, D. C. Committee member Howell of Nebraska, characterizing the whole contest as a "disgraceful affair," sought to have all three delegations rejected from the contest.

Hogan and Cobb are unopposed but are said to favor the candidacy of General Wood. The committee then rejected the delegates from Florida contest. Committee man Warren, of Michigan, made the report of a subcommittee on the law and the facts of the case at the time.

Johnson, who had been elected by his faction national committeeman from Georgia, argued that the convention of his faction was the regular one in all respects, and that the Pickett faction were the bolters.

He assured the committee that he was campaigning only for the seating of his delegation and not for a place on the national committee.

Governor Hooper in his reply characterized Johnson's argument as "the most remarkable distortion of facts," he had ever heard. Johnson appealed to the chair and a lively exchange from committee members followed.

POSTAL EMPLOYEES SALARY INCREASE BILL REPORTED OUT

WASHINGTON, (AP)—A bill providing for the general salary increase of postal employees, recommended by the joint congressional commission, was reported out today by the house postoffice committee. Chairman Steenerson said effort would be made to pass the bill before adjournment.

COURT OPINION KNOCKS OUT OPTICALS INCOME TAXES

WASHINGTON, (AP)—The supreme court today declared unconstitutional provisions in the war revenue act of 1919 requiring the president of the United States and all federal judges, including members of the supreme court, to pay an income tax on their salaries.

DID YOU EVER SEE A PRESIDENT?

Now is your chance to see a man who has been president of the United States. Wm. Howard Taft will lecture at the Lavering Thursday.

New York Stock Market

NEW YORK, (AP)—Tightening credits as indicated by the action of the federal reserve banks furnished the basis of another general reversal in the stock market today. Sales approximately 550,000 shares.

Heavy selling accompanied the resumption of trading on the stock exchange today. Offerings for both long and short account were precipitated by further credit contraction. This was indicated by the higher discount rates on stock market today.

Grain and Provisions

CHICAGO, (AP)—Corn prices went up with a rush today. The chief reason was that receipts were not nearly so large as had been expected. Besides, possibilities of further railway labor difficulties acted as a stimulus to buyers, who meauswhile appeared to ignore any chance of bearish effects from an increase in the federal reserve discount rate.

Declines in the price of hogs weakened provisions. Most of the dealings were in lard.

President Signs Bill Holding in Force Provisions of Present Trading Bill

WASHINGTON, (AP)—President Wilson today signed the annual agricultural appropriation bill which continues in force the present cotton future contract under which trading on the cotton exchange is carried on.

Provisions in the wheat control bill of 1918 restricting delivery of cotton on exchanges to ten grades, were made permanent by the bill. These provisions would have terminated today under the original legislation.

Memorial Day has come and gone in Twin Falls and throughout the rest of the country and another year is added to the record of the men in whose honor Monday's ceremonies and program were arranged.

Grand Army men are to be congratulated upon their showing of yesterday, so, too, for the matter of that, are the members of the various other institutions and associations who by their presence helped to make the day a success.

Social Notes

Mrs. Frank Brown was hostess to the Blue Lakes club on Friday. The guest of honor on this occasion was Mrs. J. M. Kincaid, mother of the hostess, who is soon to leave for Britland, Columbia, to spend the summer of the social period, daily refreshments were served.

Miss Alberta and Mr. George Simons entertained at dinner Sunday, complimenting Dr. and Mrs. T. L. Cartney, Mr. and Mrs. John Gourley, Miss Margaret Coulter and Mr. Jancus Shinn, all of Ellier.

The members of the S. N. T. club were the guests of Mrs. Bernard Stricker Sunday. The guests motored to Rock Creek and journeyed five miles by the canyon where a picnic dinner was served.

Those present were Mrs. and Mrs. DeWitt Young, Mr. and Mrs. Earl Feit and children, Mrs. Ethel Gray, Miss Edith Dargert, Miss Edna Fols and Miss Grace Bryant, and Miss Alice Taylor.

Miss Edna Ludwig of the farm bureau will be at the home of Mrs. Frank Foreman Friday afternoon instead of Thursday as previously announced, to assist in the military class of the M. S. and B. club.

The ladies of the Eastern Star at Ellier entertained at a garden party Friday afternoon at the home of Mrs. Fred Shaffner, complimenting Miss Margaret Coulter, a bride of the week, and Miss Gourley was presented with an electric coffee percolator.

Chapter "D. D." P. E. O. Sisterhood will be entertained at a picnic this evening at the home of Mrs. DeWitt Young on Addison avenue.

There will be no meeting of the Federation Wednesday at the high school as Mrs. Sweeney was suddenly called to Oregon.

Primrose Rebekah lodge No. 76 will hold a regular meeting this evening at 8 o'clock in L. O. O. F. hall. All visitors welcome.

Miss Pearl Hagar gave a six course dinner Monday evening at the Rogerson cafe honoring Miss Lena Eckert, who leaves this evening for a six month trip to European countries. Decorations were pink buds, and favors were pink corsage bouquets of buds. The latter part of the evening was spent at the Gem theatre and playing 500. The guests were Mesdames Bruce Watson, G. A. Miller, Mrs. Lena Eckert, Irene Visser and Ada Winkington.

DEMOCRATIC STATE COMMITTEE NAMING ARKANSAS DELEGATES LITTLE ROCK, Ark., (AP)—The election of the 18 delegates from Arkansas to the democratic national convention was before the state central committee here today. Election of the delegates by the committee was necessitated through an oversight of the last session of the legislature, which changed the date of the state primary from March to August and neglected to provide for the popular election of convention delegates. The committee is without authority to instruct the delegates, according to J. W. House, Jr., Little Rock, chairman of the committee.

GETTING NOWHERE

It is difficult to see where any good purpose is being served by the continuing investigations of pre-convention campaign expenditures of presidential candidates.

Not one scintilla of evidence has been adduced tending to show corruption in any of the activities of candidates or their supporters so far called on the carpet; and proof alone that greater or lesser amounts of money have been raised and expended in the interests of any candidate cannot be accepted as disparagement upon that candidacy.

It is hardly to be argued that effort to obtain the nomination of one of the great political parties for the highest office within the Nation's gift is in itself, a blameworthy activity. No stigma attaches to the name of Lincoln because of his admitted seeking after that high office.

Effort of this nature necessarily implies the making of friends; and friendships are based upon acquaintance. Extension of acquaintance on the part of any candidate—and especially under the primary elections system—involves the expenditure of effort, either through personal meeting with the voters or through use of the printed word. Either involves the expenditure of money, and when it is taken into consideration, as was brought out by a member of the senate inquisitorial board, that it would require \$1,250,000 to give national circulation to a single platform pamphlet for a candidate, the expenditure of the sums that have been bandied about in the investigation's disclosures does not seem unreasonable.

Question perhaps remains as to the personnel of campaign contributors. There must be always a possibility that the contributor may be seeking to advance his own interests and that he may be attempting to attach strings to the candidate. But the likelihood that honest personal admiration for a candidate may serve as the contributor's motive is also entitled to consideration. This should apply as well to the millionaire who advances \$1,000 or \$500,000 as to the wage earner who donates a dollar. Bigness itself, cannot be regarded as criminal.

NEGLECTED OPPORTUNITY

Governor Allen of Kansas, in his debate the other evening against Samuel Gompers, propounded an immense question when he asked:

"When a dispute between capital and labor brings on a strike affecting the production or distribution of the necessities of life, thus threatening the public peace and impairing the public health, has the public any rights in such a controversy or is it a private war between capital and labor? If you answer this question in the affirmative, Mr. Gompers, how would you protect the rights of the public?"

In consideration of Mr. Gompers' relation to the question under discussion in this debate, it is not strange that the veteran labor organizations leader decried it the better part of valor to evade and refuse to answer this specific inquiry. At the same time, Mr. Gompers and those who coincide in his publicly expressed views on the subject, certainly passed up right here a wonderful opportunity for occupying a place

Allied Leaders Attend Conference at San Remo

The first photograph received here showing leaders of the Allied nations attending the recent conference at San Remo, Italy. The conference was held at the Castle of Devecanin, and the Adriatic and other important questions discussed. From left to right in the photograph—Premier Lloyd George, of Great Britain; Lord Curzon, of Great Britain; Millerand, French Premier, and Premier Nitti of Italy.

In the front rank of civilization's advance. Governor Allen, in propounding this question, was stating a situation with which he had been called upon to cope in his own state during the coal miners' strike of last winter. Governor Allen's answer was the dispatch of volunteers to the coal mines and the Kansas industrial relations court law.

Mr. Gompers opposed the employment of volunteers in the coal mines, and denounced the industrial court law which is designed to prevent recurrence of similar emergencies. But Mr. Gompers had no answer for the question. His attitude brands his policy as one of reaction and negation. Besides his monumental failure in this respect, his platitudinous allusion to the patriotism of the laborer who does not seek to better his condition, and his reference to benefits that cannot be disputed that have been won by industrial strikes pall and shrivel miserably.

It is difficult indeed, in consideration of both sides of the argument as presented by the governor and the labor leader, to escape conviction that the Kansan was quite right in his conclusion that "Gompers' remedy for war is more war; mine is peace conditional on the impartial judgment of responsible government."

CRANE DECLARES CHINA MORAL VICTOR AT VERSAILLES

HONOLULU, T. H., (AP)—That China may have suffered a political reverse, but that she gained a great moral victory by the withdrawal of her peace delegates from the Versailles conference was the statement made here recently by Charles B. Crane, now minister to China, who spent a day in Honolulu en route to Peking.

Chamberlain's Colic and Diarrhoea Remedy

Every family should keep this preparation at hand ready for instant use when needed. Severe attacks of colic and cholera morbus often prove fatal before medicine can be procured or a physician summoned. The uniform success that has attended the use of this remedy and the prompt cures which it has effected have made it a staple article of trade.—adv.

YELLOWSTONE PREPARES FOR NUMEROUS VISITORS

Conventions on Coast are Expected to Make Travel Heavy This Year

LIVINGSTON, Mont. (AP)—Travel to Yellowstone National park during the first few weeks of season, which opens June 20, is expected to be heavier than usual at that time of year. Special trains to the Shriners convention at Portland, the National Education association meeting at Salt Lake and the democratic convention at San Francisco have already arranged to stop at the park, either on their way to or from these meetings. Considerable work has been required to open the roads and trails for early travel, but government and concessionary employees have completed all preliminary work and travelers, it is declared, are assured that tourist accommodations and comfort will be the equal of midsummer conditions when the park opens. Special provisions have been made for automobile camping parties, traveling independent of the transportation and camp companies. Water has been piped to all camp sites and the camps and hotels are prepared to offer accommodations to all such parties if they desire meals or sleeping quarters at any time.

MANY HONOR STUDENTS AT MONTANA STATE COLLEGE

Graduating Class of 64 Includes Nine who Complete Studies with High Prizes

BOZEMAN, Mont. (AP)—The class of 1920 at Montana State college here includes the greatest percentage of "honor" students ever graduated in one class at this institution. With a total membership of 64 in the class, nine are graduated with honors.

Honor graduates will be Genevieve Hall, Vera Harris, Thona Hollister, Lella M. Lindfield, L. Stone and R. Parker Stone, all of Bozeman and Kenneth M. King of Whitehall, Ladimir Mashin of Chicago and Russell Pickett of Huntley.

Commencement week at the state college will open with the baccalaureate services on Sunday, June 13. The baccalaureate address will be by Chancellor E. C. Elliott. Senior class day and "leavers' days" will be on Monday with a music recital in the evening by the college musical department. The president's reception will be held on Tuesday evening. The twenty-fourth annual commencement exercises will be held on Wednesday morning, June 16. The commencement address will be delivered by George Irving Christie of Purdue university. The alumni banquet will be held Wednesday evening.

WOMAN AWARDED PRIZE FOR COINAGE OF WORD

SAN FRANCISCO, Cal. (AP)—The World Trade club of San Francisco has announced that Mrs. D. L. Stephens of Bakerfield was the \$1000 prize offered for the best word coined which would denote United States and Britannia. "Ultantia" is the word which Mrs. Stephens submitted.

MOTHER OF FIRST AMERICAN SOLDIER KILLED IN FRANCE

Mrs. Alice Gresham Dodd, First War Mother of the Nation, Gives Entire Credit for Recovery of Her Health to the Well Known Medicine, Tanlac

The following remarkable endorsement of Tanlac was given recently by Mrs. Alice Gresham Dodd at the Gresham Memorial Home, Gaiter Park, Evansville, Ind., which home was presented to her by the patriotic people of Indiana, as evidence of their appreciation of the services rendered to her country by her son, Corporal James B. Gresham, the first American soldier killed in France. Expressions of sympathy were received by Mrs. Dodd from all parts of the United States, and the newspapers of the country carried the story of the first "war mother."

The shock of her son's death resulted in the serious breakdown of Mrs. Dodd's health, but everyone will learn with interest and pleasure that she is now in splendid health again. When seen at her home recently she made the following statement, giving the entire credit for her recovery to the well known medicine Tanlac.

"After my dear boy's death, I had a general breakdown in health," said Mrs. Dodd. "At first it was just tedium. My food used to upset me and I had to diet myself very carefully, which wasn't much hardship as I lost all desire to eat. Then I had an attack of rheumatism, with severe pain in my shoulders, back and arms. Sometimes I used to suffer a great deal, and my joints would get all swollen up and stiff. I was able to do very little about the house, and at times couldn't even cook a meal. I got very nervous and restless, and at night would lay awake for hours, and lost many a night's sleep as a consequence.

"A friend of mine had received a great deal of help from Tanlac, and it

Brief Bits of Sport

Babe Ruth is positively irreplaceable.

The Yankee player drove out his twelfth homer yesterday.

New York and Cleveland, in the American, and Boston in the National league, won double headers yesterday.

In the Coast League, Sacramento, Vernon and Salt Lake took two games each.

Early in the year announcement was made that ball fans in southern Idaho were "hungry for baseball."

They must be starved into unconsciousness when they sit through a game wherein 15 errors are made by the contending teams.

It is said an effort has been made to get the Oakley franchise transferred to Twin Falls.

Baseball in Twin Falls is peacefully slumbering and should be allowed to remain at sleep this year. Next year, perhaps.

The effort to resurrect baseball here seems to be supported by a certain coterie of local players who seek an opportunity to gather in a little remuneration for their pockets and some self-aggrandizement.

The Bull club has dropped four players during the past few days. The men are said to have displayed indifference to the job in hand.

It is said Dempsey has been offered \$300,000 for a fight with Georges Carpentier.

That is more money for 30 minutes activity than Cobb and Hans Wagner combined made in 2000 ball games.

Jack Reed, an Australian, has decided he is a better manager of boxers

than a boxer himself. So he has arranged to assemble a string of American battlers for a trip to the Antipodes.

Pitchers Evans and Johnson, together with "Bunny" E. Hyman, who recently joined the Kansas City Blues for independent company. The K. C. club is now taking court action against them to prevent their playing with any other ball club.

Johnny Wynn, new middleweight champion of the world, is said to have retained but \$100 of the \$4000 he got for winning the title. The remaining \$3900 was divided among attaches of his training department.

Johnny is a southerner, all right.

Sam Smiley, angelbrush sage, says: "Nobody ain't got nothin'." The fellow that seems to be air a good horrible example."

Jacques Fournier, former Angel first baseman, now employed in a like capacity for the St. Louis Cards, is said to be the sensation of all the "youngsters" breaking into the big circuit this year.

Sensation Jacques may be, and probably is, but never a youngster. This Frenchman was doubtless playing ball when the chap who penned the eulogy was wearing skills in a kindergarten.

SOLDIERS SEE K. O.
ROCKFORD, Ill., (AP)—Leo Patterson, negro lightweight champion of the A. E. F., knocked out Jeff Howard, colored, in the sixth round of their bout to be the sensation of all the "youngsters" breaking into the big circuit this year.

GETS DRAW.
SPRINGFIELD, Ill., (AP)—Immie Hanlon, of Denver, outpointed Peto Starlow of Duquoin, Ill., in ten rounds here last night. Hanlon drew the Duquoin boxer off his guard several times and landed some hard blows.

CROSS TAKES BEATING.
CINCINNATI, O., (AP)—Bryan Cross of Cleveland defeated Marty Cross of New York in a 10-round boxing bout here last night.

IRRIGATORS ARE NOT WORRYING

Low Stage of Water in Jackson Reservoir Means Nothing; Hills Full of Snow

Although the amount of water contained in the Jackson lake reservoir at this time is 60 per cent less than a year ago neither reclamation authorities or farmers are displaying any indication of worry over the situation. The stage of water at the last official report, May 22, was 204,790 acre feet against 305,480 acre feet on the same date in 1919.

No Anxiety. That there is no feeling of anxiety is due, it is said, to the fact that the spring "run-off" in 1919 came more than a month earlier than this time, thus depleting the hills of snow and filling the reservoir above of the usual annual volume. The fact that the "run-off" has been retarded by unusually cold weather in the hills, but, it is said, there is vastly more snow now in the Jackson valley than there was in the spring of 1919. This supply has not yet started to thaw to any extent, and authorities express the belief that the "run-off" will be greater, thus insuring a steady inflow at the lake throughout the summer.

The Supply. Addition to the supply of water in the reservoir last week amounted to 49,970 acre feet, while the inflow last year at this time was 69,000 feet. The total deficit this year, as compared with the same period last year, is 240,122 acre feet.

Precipitation in the watershed last week was .04 inch; while a year ago it was all. For the 1919 season, the total for the year to May 22, 1920, is 19.07 inches, while for the same period a year prior it was 11.04 inches.

Following is the weekly report from the Moran, Wyo., outlet at Jackson lake:

POWERS IS SELECTED COLEMAN'S SUCCESSOR

Meridian, Idaho, Man Will Take Position of County Farm Bureau Agent

At a meeting of Twin Falls farm bureau executives, held Saturday afternoon, H. E. Powers, of Meridian, Idaho, was selected bureau agent. He will come to Twin Falls about June 15, it is expected. The new man will take the place vacated by L. W. Coleman about two months ago, when the former resigned to take a position as agricultural expert with the Amalgamated Sugar company here. He is a graduate of the University of Idaho college and is said to have been selected on a record that was unequalled by other applicants for the position.

GETS HER OWB BACK

In the probate court Saturday Mrs. Katherine Smith Murphy was awarded judgment against E. Olin Olin, in a case involving possession of a cow. The animal was given to Mrs. Murphy's husband, now dead, by his father, who recently died. Immediately following the death of the husband trouble arose between the woman and her father-in-law, who took possession of the cow, later Mrs. Olin's testimony was introduced to show that Olin knew the animal was the subject of controversy. He has been instructed to return the animal to Mrs. Murphy's possession.

CASE IS ON APPEAL

This morning testimony was introduced in the district court in the appeal action of H. J. Failing estate against M. W. Johnson. The case which involves partnership claims against the falling estate amounting to between \$12,000 and \$15,000, was tried some time ago in the probate court, judgment being rendered in favor of the falling estate. J. H. Wise is counsel for the plaintiffs and Bothwell & Chapman for the defendant.

WARREN CONSTRUCTION COMPANY GETS OVER \$600,000 OF MUNICIPAL SECURITIES ON A PAR VALUE BID—ONLY OTHER PROPOSAL SUBMITTED FAR TOO LOW—STREET ESTIMATE SUBMITTED

Members of the board of city administration met this morning in time to change their clothes and go to work at their own business. They spent last night and a fair portion of this morning discussing municipal matters. It cannot be said, either that a great lot of business was transacted at the prolix party, but such matters as were considered and disposed of were of great importance to the city in general. Mainly the matters contemplated were the sale of improvement district bonds, ordinances of one kind or another, and a few departmental and individual items.

Disposal of some \$604,213 worth of street paving improvement bonds took up the greater portion of the morning. The board of city administration, with technical matters to consider, a contract was entered into between the municipality and the purchasing concern. Paraphrasing of the contract, extending the sale of the bonds, in order to make the sale, a hard and fast contract, occupied much time in discussion. Other matters of equal gravity were given a similar amount of attention and consideration.

QUIET MARKS MEMORIAL DAY

Little Ostentation is Noted in Ceremonies Connected with Commemoration

Quietly and with little ostentation Memorial day was observed in Twin Falls yesterday. There was no mark of boisterousness during any portion of Monday, sports especially being conspicuously absent. The ceremonies of the day began shortly after 10 o'clock yesterday morning, with a procession of patriotic bodies, assisted by two or three fraternal orders. This parade formed at the high school and proceeded along Shoshone street to Main avenue, where it disbanded. Most of the participating bodies went to the cemetery for the decoration of graves, and the services connected with that ceremonial.

Joseph Hester of Pocatello, former attorney general of the state, delivered a stirring Memorial address, before a considerable concourse in the high school auditorium, during the afternoon. The program at this function was especially pleasing, both as to the addresses made and the musical numbers furnished. The city band assisted during the parade, while the American Legion male quartet was one of the features at the afternoon session.

RAMSEYER UNSTIRRED AS HE HEARS PENALTY

Ten to Twenty Years is Sentence—Convicted Farmer Displays No Emotion

In the district court this morning H. F. Ramseyer, convicted recently of the killing of J. E. Abel, a farmer neighbor, was sentenced to ten to twenty years in the state penitentiary. A motion for a new trial has been granted. Ramseyer was represented in court by W. P. Guthrie and Turner K. Hackberry, his new counselors. Mr. Guthrie made an urgent plea for arrest of judgment, which was denied. Ramseyer exhibited no emotion when sentence was pronounced. He was immediately remanded to the custody of the sheriff to await completion of plans for taking him to Boise.

TROUBLE LOOMS FOR IRRIGATORS

Administration Orders Procedure Against Citizens Displaying Wasteful Habits

Contractors at work on street paving last night lodged righteous and indignant protest with the city council against a number of residents who stand accused of thoughtlessly and carelessly retarding paving operations. The indignation was voiced both by C. W. Heinicke, of the Heinicke Construction company and A. J. Hill of the Warren Construction company. The former's complaint was the more vehement of the two.

Mr. Heinicke accused Twin Falls property occupants of "incessantly flooding their lawns to a point where the water flows to the street prepared for paving. Surfacing operations cannot be carried on over a wet base, Mr. Heinicke explained, and he asked that action be taken against citizens who flood the streets. The contractor also lodged a protest with the night fire-guards; those people, he said, who allow water to run through the hose all night long. To certain such violators in particular along a certain north side avenue he made his bitterest complaint.

INCREASED PAY IS AWARDED TO CITY FIREMEN

Raise of \$15 Per Month All Around is Granted Fire Department Employees

Application made by firemen in the employ of the city, submitted several weeks ago, at that time temporarily held in abeyance pending investigation of the merits of the demand, was last night favorably acted upon. All men in the fire department, from chief to hose man, get an increase of \$15 per month.

The new schedule becomes effective June 1. The old schedule of pay was \$140 for the chief; \$120 for engineers; the Deas or hose men. They will now be \$155 for chief; \$135 for engineers and \$125 for hosemen. Application made by City Health and Plumbing Inspector A. W. Murray for an increase in pay was denied for the present. The question will probably be brought up again at a later meeting of the council for discussion.
