VOL. 3, NO. 47 TWIN FALLS, IDAHO, WEDNESDAY, JUNE 2, 1920. PRICE, FIVE CENTS

## GIVES SCHEDULE OF EVENTS FOR 6. O. P. SESSION

Nominating Speeches to Come on Thursday with Ballotting on Friday, Secretary of the Committee Announces

## WOMEN'S INTEREST SHOWS IN DEMANDS FOR TICKETS

Representatives of the Militant Suffragists Prepare to Picket Convention Hall for Platform Declaration

CHICAGO, (AP)—Nominating speeches in the republican national convention next week probably will come on Thursday, with balloting on Friday, L. W. Henley, secretary of arrangements committee, announced today. Following the keynote speech of Senator Lodge of Massachusetts, temporary chairman, and appointment of committees on Tuesday, Mr. Henley said the convention probably would adjourn until Wednesday for committee work.

## State Conventions Scheduled.

On Monday preceding the opening of the convention, caucuses of many state delegations are scheduled to select national committeemen and make committee nominations.

There are more than 150,000 applications for tickets for 13,569 seats, Mr. Henley stated, and 1100 applications for 570 press seats. Increased interest of women in politics was assigned by Mr. Henley as a reason for the ticket demands. Distribution of tickets is to begin next Saturday, through national committees.

Political forces are gathering slowly here, and while the pre-convention caucus has its usualing of good and prediction, no political leader of recognized importance has up to this time been willing to attach his name to a definite prediction of whom the convention will name as its candidate or when it is likely to do it. The end of the week with the probable adjournment of congress, however, will bring all the national leaders to Chicago and by Saturday or Sunday convention plans are expected to begin taking definite form.

## Suffragists on Ground.

Representatives of the militant branch of the woman suffragists are on the ground preparing to picket the convention hall to enforce their demand for a platform declaration calling on the states which have not ratified the woman suffrage amendment to do so at once. The national committee yesterday by unanimous vote called upon the republican states to meet promptly on the ratification. The national committee.

## MINNESOTA DELEGATES FAVORABLE TO JOHNSON SEATED BY COMMITTEE

Wood Men are Denied Credentials at Republican National Convention on First Roll Call Taken Since Beginning of Hearings in Contests; Claims of Louisiana "Lily White" Contestants Dismissed in Favor of Uninstructed Group

## Poles Take Offensive Against Russian Reds

WARSAW, (AP)—Poles troops have been attacking Russian forces between Borsuk and Dobruka at the center of the front, which is under attack by the Russian Bolsheviks, on May 27 occupied the line of the Borsuk river, according to an official statement issued at army headquarters here Tuesday.

## Adolfo de la Huerta Takes Oath of Office

MEXICO CITY, (AP)—Adolfo de la Huerta, elected provisional president of Mexico, took the oath of office at five o'clock Tuesday afternoon in the chamber of deputies. There was a great mill of excitement as the new provisional president appeared to be far from well.

Officials of the Chinese legation confirmed reports that their government had instructed them to extend de jure recognition of the provisional government.

## DEMOCRATS IN COMMITTEE DELAY VOTE ON MANDATE

Action of House on President's Request for Authority to Administer Armenian Affairs Put Off

WASHINGTON, D. C., (AP)—Democrats on the house foreign affairs committee today delayed immediate action on the senate resolution rejecting President Wilson's request for authority to accept a mandate over Armenia, Chairman Porter, however, announced that the resolution would be reported tomorrow and put before the house during the day.

The senate resolution declining to grant authority for an American mandate over Armenia as requested by President Wilson, which was passed yesterday by a vote of 52 to 23, was sent today to the house. The foreign affairs committee was expected to recommend its adoption and submit it to the house tomorrow. Leaders predicted it would be adopted decisively in the house as in the senate.

## BRAZIL OVERTS PREFERENCE TO AMERICAN IMPORTS

RIO DE JANEIRO, (AP)—Brazilian customs officials have been instructed to observe the presidential decree of March 10 which exempts preferential tariff rates during the current year on certain imports of United States origin as follows:

On wheat flour, 30 per cent; on condensed milk, manufactured rubber articles, watches, certain links, varnishes, typewriting machines, wire chests, ball bearings, cement, corsets and school furniture, 20 per cent.

## HOUSE COMMITTEE WOULD INVESTIGATE BOMBLOID ESCAPE

WASHINGTON, (AP)—The resolution ordering a congressional investigation of the escape of Grover Cleveland Bergdoll, rich Philadelphia draft evader, was favorably reported today by the house rules committee.

## World News Events

LONDON, (AP)—Diplomatic relations between Poland and Czechoslovakia have not been broken off, as some reports recently had it, according to an official dispatch received here from Prague today.

HAVANA, Cuba, (AP)—The Havana chamber of commerce Tuesday petitioned the Cuban government to take necessary steps to see that 400,000 sacks of sugar of the present crop be retained on the island and withheld from export. The chamber explained that unless this measure is taken the shortage of sugar in Cuba will be very acute.

WASHINGTON, (AP)—An Indian uprising at Oja Bamba, near Rio Bamba, Ecuador, has grown into a widespread movement and is attributed to the new government tax registration. Advances Tuesday to the state department said the police were reported to have been attacked and that many Indians were occupying dominant heights surrounding Rio Bamba.

## EXPLOSION KILLS MINERS WORST COTTON CONDITIONS

At Least Six Men Victims of Accident in Pennsylvania Coal Shaft

PITTSBURGH, Pa., (AP)—At least six men were killed by an explosion in the coal shaft of the Ontario Gas Coal company, near Newburg, Pa., today. The men were buried under tons of earth, and the foreman said he would not be able to tell the exact number of dead until the bodies had been recovered.

Soon after the miners went down the shaft today there was an explosion which disintegrated great masses of earth and buried every man in the shaft.

CHICAGO, (AP)—In its first decision affecting the Johnson forces in the convention, the republican national committee, by 36 to 15, voted to seat delegates from the tenth Minnesota district who are counted as favorable to the candidacy of the California senator.

The Wood delegates were denied seats on the first roll call the committee has taken since it began deciding contests, after a spirited discussion which brought out the charge which the committee accepted, that the Wood delegates had been chosen by a rump convention.

Give Reason for Boit

The attorneys for the Wood delegates told the committee they had left the convention because they were denied police protection. The attorneys for the Johnson delegates characterized that statement as "laughable and a falsehood."

Wood Men Accredited.

While a sub-committee was checking over the records in the Louisiana contests, the committee passed to the contest from the fourth district of Missouri, John B. Boyer and John Albus, of St. Joseph, were contesting for the seats for which C. H. Philley and L. C. Cottrell were reported.

The committee voted to seat Philley and Cottrell. They are unpledged but counted among the forces of General Wood.

Albus, one of the contestants, figured in yesterday's testimony before the senate committee investigating campaign expenditures. E. L. Morse, Missouri, who said he handled most of Governor Lowden's campaign fund in that state testified that he paid out \$2000 to Albus, who did not appear to put his contest before the national committee today.

Signed Mississippi Case.

In the Mississippi case the committee voted to seat the four uninstructed delegates from the state of Mississippi. J. Mulvihill, national committeeman, and disavowed the contest of the quartet pledged to Wood, led by W. C. Cigton and Perry Howard.

Dismisses "Lily White" Contest.

Resuming work on convention contests, the republican national committee today seated the 12 uninstructed delegates from Indiana headed by Emilio Kuntz of New Orleans, national committeeman, and dismissed the contest of the "lily white" group led by C. S. Herbert and Victor Loisel of New Orleans.

C. C. Robert of New Orleans, who figured in the committee's decision yesterday denying a rehearing in the challenge of Mr. Kuntz's seat, appeared for the contestants. He was confronted with a signed statement made in 1918 in which he and his associates agreed not to file a contest. Committee members said the case had been investigated thoroughly last year and declared the new contest violated the 1918 agreements.

Georgia Case Takes Time

Further time to check evidence in the Georgia case was given to the sub-committee headed by Charles B. Warren of Michigan, who said a contest of duplicate state convention rolls would take much more time. H. L. (Continued on Page Four)

ISSUES WARNING OF PROSECUTION IN FREIGHT JAM

Interstate Commerce Commission Declares Penal Provisions will be Invoked Unless Railroads Comply with Order

INSPECTORS REPORTING DELIVERIES NOT MADE

Procedure to be Governed by Results of Investigation to be Made into Circumstances, the Statement Says

WASHINGTON, (AP)—Warning that the penal provisions of the interstate commerce act would be invoked unless the railroads comply with orders designed to relieve freight congestion was issued today by the interstate commerce commission.

The commission in a letter to Daniel Willard, chairman of the Louisiana Railway Executive car service committee, said that inspectors reports had shown that deliveries of equipment are being delayed by railroads even though the railroads are not being investigated. The matter will be investigated, the commission added.

FEDERAL WHEAT STANDARDS HELD

Secretary Meredith Makes Decision with View to Benefiting Farmer

WASHINGTON, D. C., (AP)—Continuation of present federal wheat standards declared today by Secretary Meredith in an opinion covering hearings held to inquire into dissatisfaction in the central northwest with existing grades for hard red spring and durum wheats. Requests for lowering the present standards, the secretary announced, would tend to decrease the return to farmers, while substandard wheat would receive more money for his wheat.

Federal standards established in 1917 and revised in 1918 have been operative only under fixed price and war conditions, the secretary stated, and that the standards are not based on their merits or defects has not been afforded under normal marketing conditions.

COLUMBIA UNIVERSITY HONORS NOTED PERSONS

Present Call to Hasten Evolution Discussed by President Butler

NEW YORK, (AP)—Columbia university at its 160th commencement exercises today conferred 2639 degrees in honor. Honorary degrees of doctor of laws were conferred upon Henry D. Davidson, Herbert C. Hoover, Bishop Charles H. Brent, Rear Admiral William S. Sims and General John J. Pershing.

"A world in ferment has passed into a world perplexed," said Dr. Nicholas Murray Butler, president of the university, in his address before the graduates. "We are standing in a state of unstable equilibrium at the summit of a vast upheaval out of the political, the social, the economic life of the modern nations."

"If indeed these be times that try men's souls, then they are good times in which to live. Now but the weakling will turn his back upon the tremendous struggle to put civilization upon a new and yet sturdier foundation, the call to men and women of capacity and courage and of character is clarion-like in its clearness. It is not a call to revolution, it is a call to hasten evolution. It is a call to summon all the resources intellectual and moral, the resources economic and political—for a successful effort at reconstruction and civilization."

SOLONS PROPOSAL OFFENDS

Mexican Newspaper Denounces Recommendations for New Arrangement

MEXICO CITY, (AP)—Recommendations of a new treaty be arranged between the United States and Mexico, coupled with the advice that if Mexico refused to enter into an agreement to protect Americans the United States should intervene in this country, which were made on May 29 by a sub-committee of the United States senate foreign relations committee, are denounced by the newspaper Excelsior today.

IDAHO WEATHER.

Tonight fair; warmer south portion; Thursday fair and warmer.

CHARGES PALMER CAMPAIGN IN PENNSYLVANIA AN OPEN APPEAL FOR AD OF WETS

Supporter of McAdoo Candidacy Says Saloons Operate Under Eyes of Department of Justice

GIVES TACTICS OF PLUMB PLAN ORGANIZATION

Campaign Expenditures Investigators Hear League Manager Deny Contributions to Any Candidacy; Out for Fudd

WASHINGTON, (AP)—Charges that the campaign for the nomination of Attorney General Palmer as democratic candidate for the presidency had been conducted in Pennsylvania with an open appeal to the saloons and brewery interests in the state were made today before the senate investigating committee by Eugene C. Bonnell, of Philadelphia.

Mr. Bonnell, who distributed stickers during the primary campaign seeking the nomination of W. G. McAdoo, said that saloons and bonded warehouses in some parts of the state were now running "wide open" and that this was proceeding under the eyes of department of justice and prohibition enforcement officers of the federal government appointed "with Mr. Palmer's vice."

The witness charged that the Palmer campaign in Pennsylvania had been a "shabby and dishonest organization" and that the campaign was being conducted for Mr. McAdoo had been entirely the work of himself and his colleagues and against the specific prohibition of Mr. McAdoo to allow his name to be used.

Situation Bad at Scranton: Mr. Bonnell said that at Scranton, Pa., where the district attorney was Mr. Palmer's partner, the situation was particularly bad with relation to open violation of the prohibition law. He added that men directly connected with the liquor interests were among the Palmer delegates to the national convention elected at the recent primaries.

"I organized a campaign in opposition to Attorney General Palmer," Mr. Bonnell said, "and I know all about what was done in it, and a great deal of the other side did."

Failing to get permission from Mr. McAdoo to use his name, Mr. Bonnell said his friends had endeavored to get voters to write his name in "and we came within 200 votes of beating Palmer in Philadelphia."

"I was making a battle for national committeemen," Mr. Bonnell said, "and I'm going to say that the McAdoo work was a great benefit to me."

Says Palmer's Expense Heavy: Asked as to the use of money on the other side, he said: "My advice was that \$10 a committeeman was paid in Philadelphia. From Dauphin county, the chairman wrote me that the Pennsylvania fight cost the Palmer men between \$200,000 and \$300,000."

"This letter went to every federal official and member of the senate," he said, "turning over to the committee a document signed by Joseph K. Willing of Philadelphia. It was a solicitation for funds for A. Mitchell Palmer, the Fighting Pennsylvania."

Palmer Asks Hearing: Attorney General Palmer, candidate for the democratic nomination for president, asked the senate committee investigating campaign expenditures for permission to reply to hearings made by Eugene J. Bonnell, of Philadelphia, that prohibition laws were openly violated in Pennsylvania by Mr. Palmer's campaign in Pennsylvania.

"I'd like to be heard for a moment when the witness is through," said the attorney general, "and I'll say that I don't care to await the transcript."

Asails Bonnell's Word: Mr. Palmer briefly testified to state made by Mr. Bonnell, saying he did so only because his "good name is more to me than any office on earth." Had the statement been made in Pennsylvania by the witness, he said, he "would not have replied because in Pennsylvania Judge Bonnell's word is not evidence of fact."

Senate floor interrupted to ask that Mr. Palmer refrain from "personalities." The committee then decided that Mr. Palmer's statement would be made and he was sworn in.

The attorney general said that "Judge Bonnell" had dealt in "character assassination" in Pennsylvania for years and that his statements would not be dignified by a denial had they been made anywhere but to a senate sub-committee.

Candidate Wins.

Attorney General Palmer appeared in the senate campaign investigating committee room just before the afternoon session of the committee began. He was the first of the presidential candidates.

(Continued on Page Four)

GIVES TACTICS OF PLUMB PLAN ORGANIZATION

Campaign Expenditures Investigators Hear League Manager Deny Contributions to Any Candidacy; Out for Fudd

WASHINGTON, D. C., (AP)—California's presidential primary election and the circumstances made it by supporters of Senator Hiram Johnson and Herbert Hoover were given nearly a year's look at today's session of the senate committee investigating the subject. John H. Rosser, who headed the first finance committee organized for Senator Johnson and Manager Gregory of the Hoover organization, were the principal witnesses summoned by the committee.

Examines League Manager.

Before going into the California contest, the committee examined Edward Keating, former member of congress from Colorado, and now manager of the Plumb Plan league. He said the league had not contributed "a dollar" to the campaign of any of the candidates for the republic and democratic presidential nominations.

"It is taking no part in the campaign," he testified, "except as it is distributing information through its weekly paper, Labor."

"I've rather gathered the impression that your paper is supporting McAdoo for the democratic nomination and Senator Johnson for the republican," said Chairman Kenyon.

Admits Favoritism.

Mr. Keating replied that the paper had probably been more critical of the other candidates than these. He added that the sixteen railroad labor unions supporting the league had a campaign committee which he is a member, co-operating with the campaign committee of the American Federation of Labor and that this committee had taken no part in the presidential campaign.

"It's duty will be to convey information and money to the organizations principally about senators and congressmen," he said.

Mr. Keating said this committee might have sent out "information" to the attorney of presidential candidates, but that was all, up to date.

"You've got a plan as to the future that Senator Reed, democrat, Missouri."

Collecting \$10,000 Fund.

"Why, yes," Mr. Keating said. "We have reported to our organizations that to do future work in this campaign we will require \$10,000, and we have undertaken to ask for contribution of one cent from each of their members."

Asked to explain the Plumb Plan league was "sandy" in its efforts, he said there were 4000 railroad unions each paying \$10 a year and getting 10 copies of "Labor" and something like \$10,000, and "each of them" giving \$1 a year and receiving the paper. The surplus over the cost of getting out the weekly went to propaganda, he said, supporting six field men.

Glenn E. Plumb, he said, was on a salary of \$1000 a month about one-half of his usual income "as a lawyer in private practice, now abandoned."

FENROSE RE-ELECTED AGAIN AS COMMITTEEMAN

PHILADELPHIA, Pa., (AP)—Senator Hiram Fenrose was re-elected as a member of the republican national committee from Pennsylvania by the state committee which met here for its regular session today. The senator was not at the meeting, being ill at his home.

LAKES-TO-SEA MEET DELAYED

DENVER, Colo., (AP)—A meeting of the lakes-to-sea committee, scheduled for tomorrow in Denver, has been indefinitely postponed, it was announced here today.

DECLARES PALMER'S ACT IN FIXING SUGAR PRICE UNWARRANTED BY LAW

WASHINGTON, (AP)—The sugar inventory in Louisiana is a majority reported presented to the house today declared that Attorney General Palmer had used his power as chief prosecutor of the government "for the purpose of fixing maximum selling prices of sugar in Louisiana and in so doing acted wholly without authority of law and in violation of his own construction of his official duty."

# RIPE OLIVE IS REINSTATED IN PUBLIC FAVOR

**Government Chemists Report  
Destruction of Bacillus Botu-  
linus Responsible for Unde-  
served Loss of Popularity**

WASHINGTON, (AP)—Ripe olives have been restored to favor. It is again safe to eat them, according to government experts. The appetizing delicacy which, by reason of a few instances of imperfect packing, was brought into temporary disfavor all over the United States, has been officially restored to its place at the table and pleasures may breathe a sigh of satisfaction. Incidentally, the bacillus botulinus, that tiny organism responsible for the ripe olive's undeserved loss of popularity, has been utterly routed and destroyed, and, henceforth, must seek other fields.

Secretary Meredith, of the department of agriculture, in making public the result of a thorough investigation by government chemists of cases of poisoning due to the eating of ripe olives, said the trouble was not due to the containers in which they were packed but to isolated cases of inadequate sterilization. The chemists found, he said, that it was possible to sterilize completely both glass jars and tin cans. To eliminate all possible future trouble, he said, the packers have adopted the department's recommendation that the olives be subjected to not less than 240 degrees of heat to prevent the possibility of danger to the consumer. This increased sterilization, it is said, in no way affects the flavor or edibility of the relish.

**Industry Barriers Melt.**  
Owing to prejudice, due to the publicity given cases of poisoning from eating ripe olives, according to the packers, the ripe olive packing industry has been practically destroyed, the demand having fallen off 95 per cent. So widespread was this prejudice that the consumption of green olives was similarly reduced although no fatalities were traced to the use of them. It is believed that the action of the department of agriculture in restoring to the public the cause of poisoning was not due to either tin cans or glass jars, and in uniting the packers in a co-operative movement to standardize their product by absolutely safe methods of sterilization, will restore the olive industry to its former position in American trade.

"The bureau of chemistry of the department of agriculture," says Secretary Meredith, "authorizes the statement that it has met with a gratifying degree of co-operation on the part of packers of ripe olives in improving methods to such an extent that danger from botulinus poisoning in future packs will be eliminated. Five groups of deaths traced to poison produced by the organism known as bacillus botulinus have occurred in New York city, Detroit, Mich., Canton, O., Memphis, Tenn., and Kallispell, Mont. All of these cases were due to the consumption of ripe olives. No fatalities have been traced to green olives."

**Packers Olive Co-operation.**  
"Very extensive investigations have been made by scientists from the bureau of chemistry with the co-operation of the packers and the packers have also employed specialists to study the causes of botulinus poisoning and the precautions which should be employed to prevent further difficulty. The experts agree that the trouble is not inherent in the type of container used. Whether the olives be packed in glass jars or in tin cans they may be rendered absolutely safe if proper precautions are taken to prevent the infection with bacteria during handling and if the packages when filled are sterilized at a sufficient temperature and for a sufficient period of time. It is entirely practicable, say the specialists, to sterilize both glass containers and tin cans at a tempera-

ture high enough to insure absolute sterilization.  
"Unfortunately some packs of ripe olives put up in glass as well as some in tin during past seasons were not prepared with all the precautions now known to be essential and were not sterilized at a sufficiently high temperature and some of these goods in glass were responsible for the fatalities. It is probable that all of the ripe olives on the market but an extremely small number actually containing bacillus botulinus, more than 2000 individual packages collected and examined in the bureau of chemistry but eight were found to contain bacillus botulinus and seven of these were from the output of one manufacturer and from one batch of his output. In addition to these eight, the bureau has examined samples of some of the olives responsible for the fatalities and has also found bacillus botulinus in these specimens.

**Chemists Give Advice.**  
"Since there is a possibility of danger from any ripe olive which has been insufficiently sterilized the bureau of chemistry has suggested to the industry that all ripe olives in glass or in tin wherever located be carefully inspected and that any which show the slightest degree of decomposition be destroyed. It has further suggested that all ripe olives which have not been processed at a sufficiently high temperature be returned to the packers for immediate reprocessing at a sufficient temperature to insure complete sterilization."

"With few exceptions the olive packers have most heartily fallen in with all suggestions made in the interest of the public safety and by mutual agreement have entered into practically all of the packers they are now taking steps to withdraw from the market all ripe olives in glass containers which have not been sterilized at a sufficient temperature. Similar steps are being taken by some of the packers in the use of mixed olive relishes in view of the fact that one death due to the consumption of such a product has been reported.

A public concerted action to remove ripe olives packed in tin and processed at a low temperature has not been taken by the packers the fact that spoilage in tin has so consistently resulted in making a 'swell' out of the can constitutes a warning to the purchaser which is not often disregarded. There is no reason to anticipate danger from properly packed and processed ripe olives whether they be packed in tin or glass containers."

**CAR HURTTLES OFF MOUNTAIN**  
HEALDSBURG, Cal., (AP)—A peculiar automobile accident occurred near here a few days ago, when a party of four in a car touring car went off a mountain grade while speeding, the machine turning over four times completely, landing right side up among large boulders in a gully several hundred feet from the road.

When the dust cleared, it was found that a woman of the party was beneath the car, and the floor boards had to be removed to permit her to get out. She was unharmed.

The driver who remained in the car while it rolled, was the only one injured and he received a cracked rib. The car was later towed back to the road and it proceeded to a garage under its own power.

**COMPLETE PLANS TO MAKE HAWAII SCIENTIFIC CENTER**  
HONOLULU, T. H., (AP)—A plan of co-operation between the Bishop Museum, Honolulu, and the University of Hawaii, for making Hawaii a center for scientific research in the Pacific, has just been arrived at.

Under the agreement the museum, which was founded by Beatrice Pauchi Bishop, a Hawaiian princess who married into one of the missionary families of the territory, will be the center for scientific collections. Only such specimens which are required for instruction in the classes will be kept at the university.

The plans will permit graduate students seeking advanced degrees at the university to work under direction of the museum staff.

**THERE IS ONLY ONE EX-PRESIDENT LIVING**  
He will be in Twin Falls, Thursday. Hear him at the Lavington. Tickets at Majestic.—adv.

# ENGLISH LABOR CONDITIONS ARE STILL TROUBLED

**Jealousy Between Rival Trade  
Unions Rather than Dissatis-  
faction with the Wages and  
Hours to Blame**

LONDON, (AP)—Labor conditions still are unsettled in England, not so much because of dissatisfaction with wages, hours or working conditions as to jealousy between rival trade unions and particularly between skilled and unskilled labor, says the American Chamber of Commerce here.  
A crop of new wage demands from other unions is declared to have resulted from the settlement of the demands of the housewren by granting them a minimum wage of 10 shilling a day.

**Disregard Agreements.**  
The railway men are demanding an advance of one pound a week in disregard of an agreement they had made with the government only five days earlier which provided for an automatic adjustment of wages, according to cost of living. The engineers and firemen also have presented demands for large increases.

The cotton operators who had threatened to strike on May 1 to enforce demands for a 60 per cent wage increase have now accepted government arbitration. The employers offered them an advance of 22 1/2 per cent which was rejected.

Gas workers have demanded wage increases, more holidays an overtime pay. These would affect 100,000 men. The miners have voted to accept the government's offer of a flat increase of 20 per cent in wages. This advance is expected to cost \$2,000,000 a year.

**Advances Coal Prices.**  
Owing to this, the price of industrial coal has been advanced to two and one-half shillings a ton and of household coal 12 1/2 shillings a ton.

The price of a loaf of bread has been advanced from 9 pence, one penny to one shilling, owing to the decision of the government to reduce its subsidy on bread.

**2 CROWDS THURSDAY EVENING**  
One inside the Lavington, the other outside trying to get in to hear ex-President Taft. Which will you be in? Act now and be on the inside. Tickets at Majestic.—adv.

# DRY GOODS ASSOCIATION TO CONSIDER PRICES TEND

SAN FRANCISCO, (AP)—Price tendencies will be considered at the annual convention of the National Dry Goods association which opened for a two days' session here today.  
Some of the most prominent merchants of the country are here for the meeting, the first the national body has held west of the Rocky Mountains. Added interest is given the proceedings by the presence of a number of British dry goods merchants who are on tour of the United States.  
The California Retail Dry Goods association will hold its annual convention immediately at the close of the national meeting.

# JO DE JANEIRO COPIES WITH SHORTAGE OF DWELLINGS

RIO DE JANEIRO, (AP)—The municipal authorities has offered unusually favorable concessions to builders in an effort to overcome the shortage of dwellings which is called the most serious the city ever has faced. One construction company has offered to build thousands of wooden houses of a type heretofore unknown here.

**CULTIVATE BANK CREDIT**

Back of your success are three things, each one an essential:  
A Bank Balance,  
A Bank Acquaintance,  
A Bank Credit.

Cultivate a bank credit, for it is not a fixed thing. Bank credit is based in part on elements that are ever-moving—bank balance, net worth, business reputation.

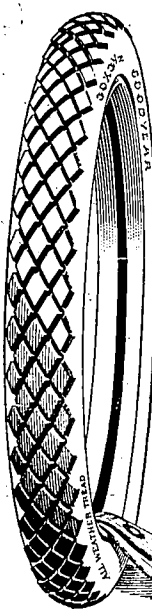

It is chiefly through personal acquaintance at the bank that a man's business record becomes known. Therefore, this institution invites you to become not merely a depositor but a business friend.

Then, your bank balance and the close acquaintance formed will influence largely your bank credit.

# Why a Majority of the Smaller Cars Come on Goodyear Tires

Last year more cars using 30x3, 30x3 1/2, or 31x4-inch tires were factory-equipped with Goodyear Tires than with any other kind.

This is plainly a result of the high relative value produced in these tires for the smaller cars by Goodyear's enormous resources and scrupulous care.

They represent the same intense endeavor to supply utmost satisfaction in tires that has laid the basis for the marked preference which exists everywhere for Goodyear Tires in the larger sizes.

This real Goodyear value in tires is available for your Ford, Chevrolet, Dort, Maxwell, or other car using one of these sizes, at our nearest Service Station. Go there for these tires and Goodyear Heavy Tourist Tubes.

30x3 1/2 Goodyear Double-Cure \$23.50  
Fabric, All-Weather Tread

30x3 1/2 Goodyear Single-Cure \$21.50  
Fabric, Anti-Skid Tread

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casing properly. Why risk a poor casing with cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3 1/2 size in water—proof bag. \$4.50

## RIFLE EXPERTS ARE PREPARING FOR BIG SHOOT

Twin Falls District Marksmen Tuning for Walla Walla Tournament

That Twin Falls marksmen will make a stern bid for top honors at the Pacific Coast Handicap tournament, to be held in Walla Walla this month, is assurance found in the generally high average scored at weekly meetings on the local range by Twin Falls district experts. It is expected L. T. Wright, A. O. Fisher, Ernest White, George Saylor and C. A. Bailey will represent Twin Falls at the big shoot.

The Pacific Coast Handicap tournament is the most momentous marksmanship affair held in the intermountain region. It is planned to gather together experts with rifle from all sections of the country. Records are expected to go before this coterie of keen-eyed shooters.

In the face of unpropitious conditions good scores were averaged at the Twin Falls shoot Sunday. C. A. Bailey led the field with 71 birds out of a possible 75. Ernest White followed with four below Bailey and was tied with L. T. Wright. Scores:

**Spion Kop Wins British Racing Classic, Derby**

Major Loder's Great Nag Leads Field of 19 Starters in the Race of the Year

LONDON, (AP)—England's greatest racing event, the derby, was won today at Epsom Downs by Major G. Loder's Spion Kop from a field of 19 starters, including Alenby and Testarossa, upsetting the predictions of the prophets which had made these two horses hot favorites.

Lord Derby's Archais captured second place but the third position was taken by a rank outsider, Sir H. Cupliffe-Owen's Orpheus. In the betting 16 to 1 was laid against the winner. Archais was quoted at 10 to 1, while 50 to 1 was freely offered against Orpheus.

## GOOD GUN SCORES

DES MOINES, Ia. (AP)—Frank Troob of Vancouver, Wash., W. S. Allen of Jewell and Frank Hughes of South Dakota each turned in scores of 103 out of possible 200 when yesterday's events of the Iowa state trap shooting tournament were completed. "Pete" O'Brien of Butte, Mont., and Joe Hardigan, Des Moines, turned in 194 each. L. B. Maytag of Newton broke 191 targets out of the 200. O'Brien made a score of 113 without a pass. Shooting in the 200 target events continued today.

## SHARKEY SHADED

MILWAUKEE, Wis. (AP)—Dick Leadman, eastern bantamweight boxer had a night about as advantageous as Jack Sharkey, New York, in a 10-round bout here last night, according to a majority of ringside critics. Several writers thought the bout was a good draw.

## HAGEN TO SHOW BRITISHERS HIS STYLE OF GOLF

Open Champion Off for Britain to Engage in Championship Tournaments on Links

NEW YORK, (AP)—Walter C. Hagen of Rochester, N. Y., the national open title holder, who has gone to England to take part in the British open championship competition which will begin at Deal, England, on June 23. The Kentish course is laid out over the sand dunes bordering the North sea and the pick of the best British professionals headed by Hagen, will have to compete.

In Hagen the United States has a real home bred professional golfer, who has learned everything he knows about the game on this side of the Atlantic ocean. Born at Rochester, N. Y., 23 years ago, Hagen was first attracted to the ancient game when as a school boy he spent his evenings on the local club's course working as a caddy. Although from his earliest efforts to master the intricacies of the links game Hagen gave promise of unusual proficiency it was not until the fall of 1913 that he jumped into public notice. That was the year in which Francis Ouimet tied with and subsequently defeated the British experts, Vardon and Ray, in the national open championship tournament at the Country club, Brookline, Mass. This season Hagen had scores of 80 each while there was a quadruple tie for fourth place between Hagen, Jim Barnes, Macdonald Smith and Louis Taylor, the French professional, with scores of 807 each.

In August of the following year, 1914, Hagen won the open title from a great field of players at the Midlothian Country club, Blue Island, Ill., with a score of 290, just one stroke under the famous amateur Charles "Old Chick" Evans of Chicago, who took second honors while Ouimet finished in a triple tie with the professionals M. J. Brady and James A. Dorr. After finishing in seventeenth and eighteenth places for the open championship in 1915 and 1916, Hagen won the title again last year after a tie with M. J. Brady at Boston. Each had a score of 291 and the British play off Hagen won with 77 to Brady's 78.

A short time ago at New Orleans Hagen gave a very fine exhibition of his great field of players at the Midlothian Country club, Blue Island, Ill., with a score of 290, just one stroke under the famous amateur Charles "Old Chick" Evans of Chicago, who took second honors while Ouimet finished in a triple tie with the professionals M. J. Brady and James A. Dorr.

After his arrival in England, Hagen will have about three weeks in which to get into shape for the big event. On June 21 and 22 the entrance to the open will have a test run over the St. George's Hill course near Weymouth Bury when it is to be hoped Hagen will be one of the 72 professional players who will qualify for the championship in this two days' play.

## NOV'S BEST BOXER

BOISE, Idaho, (AP)—Johnny Noye of St. Paul won a clear decision over Lee Morrissey of Idaho Falls in a 12-round match here last night. Noye was the aggressor all the way through and proved his superiority by punishing his adversary severely and coming through himself without a scratch.

## GANDADIAN WOMAN OUT

LONDON, (AP)—Miss Ada MacKenzie, women golf champion of Canada, was eliminated today from the Scottish women's golf championship contest. She was defeated by Mrs. Cruikshank of Nairn, one up.

## TAFT ON WAY TO TWIN FALLS

## Brief Bits of Sport

When will Jack Britton quit?

The welterweight champion is still howling over aspiring lads who want his crown.

Christy Mathewson expects to quit the Giant fold soon and engage in newspaper work.

Geel Has the baseball business got as bad as that?

Next Monday night the bantamweight championship of the world will be up for auction. Peto Herman, title holder, has promised to let Ray Moore have a fling at the crown.

New York promoters are dickering for a bout between Mike O'Dowd and Johnny Wilson, former middleweight champion and present title holder, respectively.

This is only co-incidental of course, but we are reminded that Joe Oeschger, who recently pitched a 26-inning game for the Braves against the Superbas, in 1919 pitched a 20-inning tie for Philadelphia against Brooklyn, Burrell Grimes was the Dodger pitcher.

## As Clean Cut as a Thoroughbred

The clean-cut businesslike design of the "Z" Engine results from efficiency in manufacture. A farm engine, to be efficient, must be properly designed—may also have graceful lines—free from gaudiness.

Immensely strong in every part—weight where weight is needed. Every strain foreseen—every contact part case hardened—all parts carefully, precisely made by accurate machine work—therefore interchangeable.

Looks like a thoroughbred—is one. Delivers a steady flow of power—runs smoothly—operates economically. Unit assembly, precision methods, and efficient design make it the perfect farm engine. A mighty pleasing engine to look at. Come in and see it.

Other "Z" features are: Runs on kerosene, coal oil, tops, as well as gasoline; built in Bosch high tension oscillating magnetos; more than rated power; every part interchangeable; long-lived endurance.

Factory Prices:

# AVIATORS END RECORD FLIGHT

Italians Land in Tokio, Completing Voyage of 12,000 Miles from Rome

TOKIO, (AP)—Marking a tempest that was raging in the Balkan mountains, 40 miles southeast of the metropolis, the Italian aviators, Lieutenant Masera and Ferrarri, arrived in Tokio Monday, completing a flight of 12,000 miles from Rome. According to local records this is the longest airplane flight in history.

The aviators left Osaka at 10 o'clock this morning and separated in the mountains where they were buffeted by a hurricane of rain, wind and thunder.

Three Japanese aviators, looping above the landing field, welcomed Masera, who arrived first and was furiously acclaimed with flowers. He was carried off on the shoulders of the crowd while champagne celebrated his flight.

Later he was greeted with gifts from the city, army and navy. The members of the cabinet, delegations from the army and navy, Italian embassy and 100,000 spectators had gathered at the landing field.

Ferrarri was lost in the storm and compelled to land. He resumed his flight shortly thereafter and arrived unscathed. He also was tendered a tremendous ovation and showered with flowers and gifts.

Masera's elapsed flying time from Rome to Tokio was 53 hours, 51 minutes, while Ferrarri's was 52 hours, 53 minutes.

Elaborate functions followed the arrival of the aviators and they were interviewed by a representative of the Associated Press. The aviators said they were simply volunteers who had substituted for Gabriele d'Annunzio, the post-aviator, and they were happy to be the mediums of Italy's progress in air flights. They suggested certain technical improvements of airplanes but the world would be easy. Aviation had been demonstrated as a practical science, they said. Birth of a hope to visit America.

League Officials EGGED

Townley Organizers Complain at State House of Mistreatment in Kansas

TOPEKA, Kansas, (AP)—Three non-partisan league officials, their clothing bespattered with eggs, attempted to tell state officials today how they had been beaten from Kansas yesterday by men dressed in soldiers' uniforms.

The men—Walter Thomas Mills, national organizer; J. A. Stovell, Topeka, state organizer, and M. L. Ames, Ellsworth, showed an American flag which they said they were carrying yesterday when the eggging took place. It also bore egg stains.

Without succeeding in getting an interview with any state official, they left the building. Mr. Mills declared "there appears to be no seat of government in Kansas."

Mr. Mills said that they were attending a farmers' picnic when men in soldiers' uniforms escorted them from the grounds, later throwing eggs at them and placing them in a stockyard.

MINNESOTA DELEGATES

(Continued from Page One)

Remmel, Arkansas, proposed that both Georgia delegates be seated with a half vote each, but this was voted down.

In taking up the tenth Minnesota district contest, between two Wood and two unpledged delegates, Secretary Miller announced that both claimed to be the regular delegates. Representative Schall, the blind congressman, was one of the unpledged delegates.

First Record Vote

Representative Schall of Minneapolis and L. M. Mithun of Buffalo, Minn., were seated as delegates from the tenth Minnesota district by a vote of 30 to 12. Their accompanying alternates also were seated.

The Mississippi contest, which followed Minnesota's involved 12 delegates pledged to Wood against 12 unpledged chosen and secured on March 23 and May 6, respectively. The Wood faction were led by Perry Howard, a Jackson negro, and W. O. Ligon, of Hattiesburg, while M. J. Mulvihill of Vicksburg, national committee member, headed the unpledged group.

Pivots on Regularity

The fight pivoted on the question of party regularity, each side charging the other with holding an unauthorized convention and with each side claiming to be the "regular" republicans.

In connection with the contest it was developed in the senate investigation that \$4,000 of Wood money had been sent to Mississippi, but Frank H. Hitchcock, Wood manager, testified that he had nothing to do with it and regarded the Wood delegation "ill-gal."

Wilson Urges Suffrage

WASHINGTON, (AP)—President Wilson has telegraphed three members of the Delaware legislature urging that every democrat in the legislature vote for the suffrage amendment.

"May I not as a democrat," the president said, "express my deep interest in the suffrage amendment and my judgment that it would be of the greatest service to the party if every democrat in the Delaware legislature voted for it."

NEBRASKA FLOODS RECORDED

HOMER, Neb., (AP)—Flood waters from Omaha crested high yesterday moved 50 residences from their foundations and caused heavy losses to retail stores, had receded today. A cloud-burst near here was responsible.

WILSON URGES SUFFRAGE ON DELAWARE DEMOCRATS

WASHINGTON, (AP)—President Wilson has telegraphed three members of the Delaware legislature urging that every democrat in the legislature vote for the suffrage amendment.

"May I not as a democrat," the president said, "express my deep interest in the suffrage amendment and my judgment that it would be of the greatest service to the party if every democrat in the Delaware legislature voted for it."

## GIVE SCHEDULE OF EVENTS

(Continued from Page One)

Mittelman are enjoying a joke at the expense of General T. Coleman Du Pont, of Delaware, who introduced the resolution. The general's motion called for prompt ratification of the eighteenth amendment, which is the prohibition amendment. The resolution was passed in that form but after the mistake was discovered it was corrected.

Plan Johnson Demonstration

The Johnson forces are counting on a burst of speed with the arrival of Senator Johnson here tomorrow. A street parade and demonstration have been arranged. A large delegation of service men who saw service with the American forces in Siberia, which the senator fought to have returned home, will be in the escort.

Senator Harding is coming also on Thursday. General Wood is here and at his headquarters at Fort Sheridan, and Governor Lowden already is here.

Thus after tomorrow four of the presidential candidates will be on the ground conferring with their forces in person and a more definite line of pre-convention speculation probably will be on the air.

Unpledged Groups in Power

In the coming convention the unpledged delegates are holding the balance of power and already plans for soundings out their preferences are being discussed. A census of the unpledged ones sometime after Sunday is one of the plans being canvassed.

Police irrespective of any decision by the national committee, may shake on the pending delegates, the unpledged delegates will remain in the majority and the managers of the various candidates are working on plans to bring them to their support.

Stock discussion of the platform

is in going on among the national committee members to indicate that a majority feel that the prohibition question may be regarded as one of the issues of the campaign.

The issue has been written into the constitution and has become the law of the land. Many committee members feel that the suffrage question is a parallel one in many respects, because it has been put before the states with the endorsement of the party and is awaiting ratification.

In the field of foreign relations there seems to be an agreement of opinion that the Mexican plank will follow the outcome of four years ago in which the democratic administration's policy was denounced, and as regards the peace treaty and the League of Nations, the plank adopted by the Indiana state republican convention may serve as a nucleus for the plank in the national platform. No one on the ground as yet presumes to venture what the labor plank will be but there seems to be a common agreement that it will probably be the most difficult one to frame.

McCormick Comes to Fore

The selection of a permanent chairman seems to have made no progress in the last three or four days. There is now less talk among national committee members of the selection of Senator McCormick of Indiana and more talk of an agreement on Senator McCormick of Illinois. Political leaders here who are supporting Senator McCormick claim to have the approval of Senator Penrose for their choice. If a contest should develop over the selection, there is always the possibility that the convention might revert to the plan it followed in 1912 and 1916 and make the temporary organization the permanent one.

CHARGES PALMER CAMPAIGN

(Continued from Page One)

nomination candidates whose campaigns are under investigation who has appeared at the inquiry.

Mr. Palmer took a seat among the spectators in the committee room and did not confer with any members of the committee. Mr. Bonniwell was again on the stand when Senator Spencer, republican, Missouri, acting for Chairman Kenyon, called the afternoon session to order.

## IMPOSES MAXIMUM FINE UPON CLOTHING DEALER

Federal Judge Promulgates Heaviest Penalty Under Law in Case of Convicted Profiteer

SYRACUSE, N. Y., (AP)—The John A. Roberts corporation, of Utica, dealer in wearing apparel, was today fined \$55,000 by federal Judge Harland B. Howe, following its conviction of profiteering on eleven counts.

In imposing the fine, the heaviest the law would permit, Judge Howe said: "I believe that convicted profiteers should be sent to jail. That would do more than anything else to impress the merchants who are doing business that they must confine themselves to fair and reasonable profits."

"That the defendant being a corporation in this case there can be no prison sentence. I believe it is plainly the duty of the court to impose the maximum sentence which is \$55,000 on each count or a total of \$55,000 and such is the sentence of this court."

RELEASES KATE R. O'HARE

President Commutes Sentence of Woman an Violator of Espionage Act

WASHINGTON, (AP)—President Wilson Saturday commuted to expire at the end of the five year sentence imposed on Mrs. Kate Richards O'Hare, of St. Louis, sentenced on April 14, 1919, to five years in the federal penitentiary at Jefferson City, Mo., for violation of the espionage law.

She was accused of having in a speech at Bowman, N. D., compared mothers who allowed their sons to become soldiers to "brood sows."

Mrs. O'Hare was one of the prisoners when the recent socialist national convention at New York asked to have released.

Secretary Tumulty later announced that the president had acted on Mrs. O'Hare's case on the recommendation of the attorney general and that the action had no relation to the case of Eugene Debs, socialist candidate for president, whose release also has been requested by the socialist convention.

Wilson CORRECTS MISTAKE BY SIGNING NEW RESOLUTION

WASHINGTON, D. C., (AP)—President Wilson today signed a joint resolution eliminating from the agricultural appropriation bill the Cramer amendment affecting cotton futures grades which through a clerical error was included in the original measure, signed yesterday.

GRAVES ASSIGNED TO ISLANDS

WASHINGTON, D. C., (AP)—Major General William S. Graves, who commanded the American expeditionary forces in Siberia has been assigned to command Fort William McKinley, Rizal, Philippine Islands.

dilemma in that section pointing to increased stringency. Losses averaging a point each were made by Inspiration, Copper, Goodrich Rubber, Coco Cola and several of the foreign issues. Bulls and standard industrials were comparatively steady.

The market rallied moderately later when the rate for call loans dropped to six per cent. Low priced rails and kindred equipments featured the rally. The closing was irregular.

Liberty Bonds

NEW YORK, (AP)—Final prices on Liberty bonds: 3 1/2's \$90.14; first 4's \$86.50; second 4's \$86.00; first 1-1/2's \$87.14; second 1-1/2's \$86.10; third 1-1/2's \$86.00; fourth 1-1/2's \$85.40; Victory 3 8-4's \$95.70; Victory 4 3-4's \$95.70.

Grains and Provisions

CHICAGO, (AP)—Active commission house demand for corn today found the market bare of selling orders, and led to a sharp upturn in prices. Failure of railroad measures to enlarge the receipts of corn here counted strongly as an incentive to buy. Moreover, advices indicated that the 1920 grain season was uniformly ten to twenty days late in the entire list of states that as a rule have a surplus yield. Opening prices, which ranged from 1-1/2 cent decline to a like advance, with July \$1.75 1/2 to 1.73 1/4 and September \$1.58 1/2 to 1.56, were followed by decided gains, all around.

Subsequently, word of liberal export business in wheat had an additional bullish effect on corn. The close was unsettled, 2 to 3-1/2 cent higher, with July \$1.75 1/2 to 1.73 1/4 and September \$1.58 1/2 to 1.56.

Oats like corn showed the influence of continued transportation difficulties. After opening unchanged to 3-8 higher, including July at \$1.78 to \$2.14, the market secured a pronounced general advance.

Provisions lacked support. Lard especially was weak.

Oats, notwithstanding comment that the stock of lard here is the second heaviest ever known, the provision market reflected the action of grain and hogs.

Cash Quotations

CHICAGO, (AP)—Wheat No. 2 \$2.90; No. 4 hard \$2.80; Corn No. 2 mixed \$1.92 to 1.93; No. 2 yellow \$1.94 to 1.95.

Oats No. 2 white \$1.10 to 1.12; No. 3 white \$1.07 to 1.10 1/2; Rye No. 2 \$2.10; Barley \$1.50 to 1.53.

# CONFEREES UNITE ON MARINE BILL

## Sale of Ships to Foreigners if Americans Do Not Buy is Provision

WASHINGTON, (AP)—Sale of American ships to foreign interests if after diligent effort to dispose of them has been unable to dispose of them to Americans is provided for in the merchant marine bill as finally agreed upon by senate and house conferees after virtually an all night conference.

### Eliminate Sale Limit.

The conferees eliminated senate proposals to limit the sale to foreign interests of ships more than ten years old and not exceeding 6000 deadweight tons. Under the bill, no ship less than five members of the board must vote for sale and the board must state as a part of its records the reasons for the sale.

The bill also would require that 75 per cent of the stock of companies engaged in coastwise trade be American owned.

The bill provides no time limit in which the board would be compelled to dispose of the government-owned merchant ships.

Americans would be given 15 years in which to pay for ships, but foreigners would be allowed only ten years and they would be required to pay not less than 5 per cent interest. The interest to be paid by American purchasers would be fixed by the board.

### Provides Shipping Board.

A permanent shipping board of seven members is provided for, two each from the Pacific and Atlantic coasts, and one each from the gulf, Great Lakes and central west regions. Not more than four members of the board could be members of same political party.

Senate provisions that no sale could be made at a price below the cost of construction at the time of making the sale with a proper reduction for depreciation were eliminated.

### SPROUT APPROVES UNIT RULE

PHILADELPHIA, Pa., (AP)—Governor William C. Sprout as a caucus of Pennsylvania's national delegates here today announced that his name would be presented to the national convention as a candidate for president but was opposed to the delegation taking any formal action as a unit.

The governor said: "My name will be presented to the convention, and I should much rather have the support of our delegates, as determined by their own individual convictions, than as representative of any caucus action or unit rule."

Despite the wishes of Governor Sprout that he be not formally endorsed, the delegation adopted a resolution "upholding the governor's official nomination and his solid support. The resolution adopted by a rising vote of Hampton Moore of Pennsylvania to make the nomination binding to present plans."

### DISCOVER SHORTAGE

TAKEN FROM OFFICE NEW YORK, (AP)—\$20,000, representing the pockets of undistributed city's morgue, was today by Commissioner of Health, Hiram Field and Public Health, who have reported to the district attorney for presentation to the grand jury.

### THEATRE

#### GEM

During the filming of "The Isle of Conquest," the select Norma Talmadge will appear in the Gem theater, the star will leap from the deck of a yacht, a distance of 30 feet to the dive with such ease that Director Edward Joseph renowned swimmer, was asked Miss Talmadge who quipped her mastery of the "Courage—that's it, it's the greatest obstacle to individual fear and not having ever known fear of water, it was comparatively easy for me. When Constantine were kiddies, we went to the beach and one day fell overboard. We, Connie and I, and swallowed tons of water, but we struck out bravely and paddled safely to shore. I love the water and spend as much of my time in it as the weather and exigencies of my work permit." Now at the Gem theater.

## BUHL VOTERS DEFEAT WATER BOND PROPOSAL

### West End Citizens Reject Plan to Get Money for Improvement Extension

BUHL (Special).—By a vote of 90 to 61 the proposed waterworks improvement bond issue was yesterday defeated. Voting was light considering the importance of the question to be decided.

The election was called for the purpose of deciding a question which has agitated this community for more than a year. It was proposed to bond the city to the extent of a further \$125,000 to improve the water supply system and to extend it. In the past few weeks decided opposition developed to the project.

## Social Notes

Mrs. E. A. Walters will entertain the Luncheon club Thursday afternoon at her home on Seventh avenue east.

Twin Falls Temple, No. 2, will hold a regular meeting Friday afternoon, June 7, at 2 o'clock in I. O. O. F. hall.

Thirty members of chapter "D," P. E. O. S. B. entertained the country home of Mrs. DeWitt Young on Addison avenue last evening where they enjoyed a picnic supper served cafeteria style. A short business session was then held. This was the last meeting for the season. Mrs. Carl J. Haher and Mrs. DeWitt Young were hostesses for the evening.

Mrs. R. C. Cole will entertain the Episcopal guild Thursday afternoon at her home, 746 Second avenue north.

The wedding of Miss Beulah Trueblood and Irwin F. Sweet was celebrated Tuesday, June 1, at the Presbyterian manse, the Rev. Asher H. Brand officiating. Those who witnessed the ceremony were Mr. and Mrs. W. J. Trueblood, parents of the bride, and Mrs. Lydia McElfatie, the bride's sister. Mr. and Mrs. Sweet will reside in Twin Falls.

Mrs. Wilbur Bolton entertained at a one-thirty luncheon yesterday at her home in Kimberly. The house was decorated with yellow and white spring flowers and vases of the same flowers graced the center of the tables. A color scheme of baby blue and pale yellow was carried out in nut baskets, ice cream cups, plate covers and tallies. After the luncheon "500" was played.

Mrs. Wilbur Bolton winning high score, and Mrs. Harry Benoit consolation. Miss Harriet Warner, as guest, was presented with a box of stationery. The invited guests were Mesdames W. M. Macaulay, Charles Macaulay, P. R. Taber, Frank Martin, Granville Haight, William McElfatie, Frank Magel, Martha Bailey, Wilton Peck, Lee Settler, Harry Alexander, Zack North, John Green, Harry Benoit, C. Benton Shaw, E. B. Johnson, Taylor Cummins, T. F. Warner of Twin Falls; Marion Betty of Rupert and Jack Chaborn, Jerry Higgins and George Nohie of Kimberly; the Misses Alma Benoit, Harriet Warner, Beatrice Osterander, Irene Warner, Florence Costello of Twin Falls; Margaret Gontley, Filer, and Charlotte and Neil McQueen of Buhl.

The Women's Missionary society at Kimberly will meet at the home of Mrs. E. C. Starks, 325 Harrison avenue, Wednesday afternoon at 2 o'clock. Mrs. J. C. Bentley will have charge of the program. Mrs. Francisville and Mrs. O. D. Shaffer will be the hostesses.

**WHEN MONEY IS ABOLISHED**

The ambition of the soviet rulers of Russia to abolish currency is nearing achievement, according to a special dispatch to the Sun and New York Herald from its correspondent, who quotes an interview with the soviet commissioner of finance, Georgievitch Tshitcherine.

Under the soviet plan, money will ultimately be abolished entirely, and in the future when a Russian wants a new hat he will be issued a government order on the hat maker. When he wants a pair of shoes, he will be issued an order on the shoe maker—maybe. Labor is to be paid in the future in boots, shoes, clothing, food, theater tickets, and probably tooth brushes, Bolshevik pamphlets, patent medicines, and snuff. Life under such a system would not be without interest. The Russian would find occupation for the long winter evenings in swapping "tickets." Bath tickets might fall alarmingly in value, for example, until they were quoted at 10 bath tickets for one bread ticket. The possibilities of barter in tickets would be almost unlimited. The workman might even find it profitable and quit work entirely and devote all of his time to swapping tickets with his fellows.

And what would the tickets be but an immensely complicated money system. Money is merely a medium of exchange. The shoemaker who wants to trade a pair of shoes to the baker for some bread, finds it much simpler to reduce both the shoes and the bread to terms of dollars and cents.

The difficulties of foreign travel were called to the attention of the Russian foreign minister, who was asked if a Russian would find it necessary to start on his travels abroad with enough supplies to last him until his return, and if he would have to anticipate every possible need.

The solution of that was simple. "If there was not particular necessity of your going abroad you would not leave Russia," he said. "If the motives back of your journey should interest the government, it would always have foreign currency in its coffers."

Pleasant people, the Bolsheviks, aren't they? And what a delightful thing this "new freedom" is. It puts

the individuals in the position of the negro before the Civil War with the state-taking the place of the slave owner.

**HANSON**

Ole Hanson resigned as mayor of Seattle because he would not apologize to the council after insulting it. Ole Hanson was admitted to membership in a Seattle real estate men's club by a bare majority vote, being opposed because of his reputation for moral obliquity in certain real-estate deals. Politically Ole Hanson has been for fifteen years a chameleon; economically he is a conglomeration of supple-jack and Punch and Judy, plus the cross-crooked threads of Emma Goldman's "crackpot" needlowork.

To this effect and without any apparent provocation, since the local panegyrist of hate in a recent obitulation.

Ole Hanson may be the greatest racial outside of prison walls; but acceptance of the whole damning indictment does not detract one iota from the fact that Ole Hanson stood four-square against the human powers of darkness in their effort to scuttle the ship of state in Seattle, and that the name of Ole Hanson among Americans pretty generally connotes sturdy Americanism and tested fidelity to law and order.

Ole Hanson may or may not have adopted the most palatable methods in dealing with the emergency with which Seattle was confronted. It is easy now for carpers to find fault. The fact remains that Bolshevism had pretty nearly gained a foothold in America, and Ole Hanson disengaged its tentacles.

The effort to discredit Hanson at this late date somehow does not ring quite true.

Would-be detractors from his reputation cannot efface the general conviction that in the hour of trial Ole Hanson stood true to the best principles of Americanism. In the long run the question of whether this person or that is entitled to the credit for a certain great and good achievement is not nearly so important as the achievement itself.

But Hanson's place in history and in the estimation of his countrymen generally is too well established to be affected by any such belated whisks off somebody's grindstone.

**HOLDS WILSON TO BLAME FOR SUGAR PRICES**

Representative Tinkham Makes Public Hoover's Cablegram Declaring for Consideration of Policies

WASHINGTON, (P)—Copy of a cablegram sent from Paris July 23, 1919, by Herbert Hoover to Julius H. Barnes, president of the United States Grain corporation, for transmittal to President Wilson, declaring that "determination of the sugar policies requires immediate consideration" was made public in the house today by Representative Tinkham, republican, Massachusetts.

Mr. Tinkham charged that responsibility for the high price of sugar "was placed squarely on the shoulders of President Wilson." The Massachusetts representative declared that the president could relieve the situation even now by following Mr. Hoover's advice and rationing non-essential consumers.

Mr. Hoover, in his message, said that it was necessary to take important decisions as to sugar control in this country in order to anticipate the market-

ing of a new beet harvest and to settle the policy with Cuba for next year.

Requires Act of Congress  
"Any continuation of control will require action by congress," Mr. Hoover said, "and it must embrace appropriations, the continuance of power and embargo, control of speculation, profiteering and distribution."

Referring to his recommendation in 1918, for purchase of the Cuban crop jointly with the allies, which was done, Mr. Hoover said at the time his cablegram was sent, the United States was the "only large nation possessing liberal supplies for the entire year and at a saving of four cents a pound under the world price."

"Decision must now be made," he added, "as to whether congress should be recommended to legislate authority for the continuation of these measures over the year 1920 providing again for purchase of the Cuban crop and the control of domestic production stabilization of price and distribution."

Mr. Hoover called attention to his

lack of intimate knowledge of affairs at home after an eight months absence on European relief work, and suggested that Mr. Barnes "request Professor Tausig, Mr. Zabriskie and other members of the sugar equalization board to present your recommendations in the matter independent of myself."

In the event they should decide to propose to congress that control be con-

tinued, Mr. Hoover urged that a chairman be named in his place.

Mr. Tinkham, author of the resolution for the sugar investigation, declared Mr. Hoover's warning was reinforced by a request from the sugar board "for executive approval and purchase of the Cuban crop" and that "both warnings were heeded by the White House."

## MASONIC CLUB IS UNDER WAY

Fraternal Organization Opens Recreational Department Over Booth's Store

Members of the Masonic fraternity have opened a club in a suite of rooms on the third floor of the McCormick building on Mala avenue. The rooms are over the Booth Mercantile company store and are fully equipped for recreational purposes. A lease covering an entire year for the entire upper floor of the building has been taken by the Masons.

The club department, which occupies the front section of the building, was opened yesterday evening informally to members of the fraternal order. The equipment for billiards, cards, chess, checkers, library and writing. There will be no formal program marking the opening of the club this summer, but in the fall a schedule of social activities will be inaugurated beginning with an opening ball. Dinners will be conducted throughout the season.

Every Mason is eligible to membership in the club, which is affiliated with the National League of Masonic Clubs of America. The plan is purely social and is designed to promote interest in the entertainment end of the lodge. The principal officers are: Harry Farrall, president; Don Henry, secretary-treasurer. The board of directors forms also a board of governors.

The club has equipped a lodge room at the rear of the building it occupies and sub-leases this to outside bodies.

## WOUND OF WORLD WAR TO HEAL BUT SLOWLY

William Howard Taft Declares Results of Cataclysm Must Be Felt Some Time

The wound made by the world war will heal slowly and from the bottom clear to the surface, according to form or President William Howard Taft, in a formal address to the Duluth Commercial club recently. The former president made a very fine address, presenting a rather optimistic picture of the conditions prevailing in the business men against dependency over the widespread unrest of today.

"I once had a serious operation," Mr. Taft said, "and the doctors kept the wound open. In that way it healed from the bottom by granulation so that it left only a slight scar."

"You men can make it serious for yourselves, however; long faces, dependency, depression, knocking—all these keep the sore open. The situation is serious—only as you make it so."

Duluth papers warmly praised Mr. Taft's address, both the noon luncheon talk, and his big lecture in the evening under the auspices of the American Legion. The press predicted that Taft is still a great power in American politics and that he has lost none of his former popularity.

He will be in Twin Falls Thursday, June 3.

## TWIN FALLS IS URGED TO HELP BUILD UP BIGKEL SCENIC PARK

Campaign for Membership in Idaho Game Breeders' Association will be Conducted Here Immediately if Conference Plans Work Out According to Present Schedule — Ranch Improvements to be Made

Thursday night in the rooms of the Twin Falls Chamber of Commerce members of the Idaho Game Breeders' association will gather for the purpose of receiving a report to date of the operation and progress of the association. On this occasion a Twin Falls member of the board of directors will be selected and arrangements will be made for a Twin Falls day at the Bickel ranch in the Hagerman valley.

In addition to transacting the foregoing business the association members will discuss various matters of deep importance to all persons interested in game breeding and the improvement of the Bickel ranch as a game preserve and a tourist point of interest. A scheme is to be laid for conducting a local campaign of several days to stir interest in this project and others of a similar nature in this state.

At the present time A. B. Hulit, general manager of the association, is in Twin Falls for the purpose of laying the groundwork for the proposed campaign. He has spent several days in conference with Twin Falls people on matters pertaining to patronage and support for the association, which has headquarters in Boise. J. H. Richards of Boise, is president of the association, and I. B. Perrine of Twin Falls is one of the directors.

Mr. Hulit explains that improvements on the Bickel ranch are as yet in pioneer stage, but he expects, with proper support, to bring about many changes designed to make the scenic farm-attractive to visitors and a place of popularity. These plans include the establishing of a club house, with all the necessary appointments, a golf course, tennis courts, ball park, rifle range, heating area and to add to the natural fishing area of the place.
