## TAFT POINTS TO NECESSITY FOR RETRENCHMENT

Former President Views General Situation with Optimism but Believes there is Great Need for Economy

## NATURAL CONTRACTION BULWARK AGAINST PANIC

Distinguished Visitor Recalls Earlier Trip Through Southern Idaho; Expresses Complimentary Surprise

Although optimistically inclined in his view of the general industrial situation throughout the country William Howard Taft entertains the belief that there is a great need for care and economy of administration, both as to national requirements, in the commercial field and in the home. He voices a note of warning against radical expenditures and radical acts, suggesting that conservatism both in act and in speech be observed.

Mr. Taft reached Twin Falls shortly after noon today and is to address a bazaar at the Laverling theater tonight on the general topic of "Americanism."

"There is a decided tightening of money throughout the east," Mr. Taft said to a newsman shortly after his arrival. He said he did not look with alarm upon this situation, expressing the belief that, following upon the events of the past few years, this condition is but natural. He admitted, however, that continuance of what might be termed an extravagant policy throughout the nation an industrial panic could result.

"I hope it is but a natural contraction to stave off possible panic," the former president of the United States declared.

Some years ago Mr. Taft passed through the southern portion of Idaho, but was not privileged at that time to stop in Twin Falls. He has noted, though, a great improvement in the country at large, and expressed complimentary surprise at the appearance of the famous canyon in the distance through on his way to Twin Falls.

## CONGRESS VOTES TO END SESSION

Senate Acts After Assured Wilson Does Not Intend to Re-Convene

WASHINGTON, (AP)—Congress will end its present session Saturday under a resolution of adjournment adopted today by the senate after assurances had been received from the White House that President Wilson did not intend to call a special session during the summer unless a grave emergency arose.

The vote on the resolution was 44 to 25. It came after two attempts to amend the measure so as to provide for a recess in the one case on July 12 and in the other to August 2 had failed.

Sharp criticism greeted an adjournment resolution already adopted by the house when it came up for debate. Senator Kenyon, republican, Iowa, moved to amend it so that the adjournment would be August 30.

An effort by Senator Kenyon, republican, Iowa, to amend the resolution so that congress would reconvene on July 12, failed.

## SUFFRAGE MEASURE REPORTED OUT BY LOUISIANA SENATE

BATON ROUGE, La., (AP)—By unanimous vote the senate federal relations committee today reported out a resolution providing for ratification of the federal suffrage amendment. The measure was passed yesterday after a proposed amendment to the state constitution giving women the right to suffrage.

## Persians Say Soviet Forces Enter Capital

CONSTANTINOPLE, (AP)—The Persian legation here has received a dispatch stating that the Bolsheviks had entered Teheran, the capital of Persia.

## Bolsheviks are Held in Center by Poles

LONDON, (AP)—Russian Bolshevik forces are being held back and of the Polish front but are being held along the Beresina river according to an official statement issued yesterday at Moscow and received here by wireless.

## British Deny Poles Have Asked for Help

LONDON, (AP)—Reports that Poland had requested British intervention in order to effect a Russo-Polish armistice were denied in British official circles today.

## Danes Start Early Delivery to Russia

COPENHAGEN, (AP)—Gregory Krassin, the Russian soviet minister of commerce and commerce, who is now in London, is expected soon to open negotiations with the international committee on the resumption of trade with Russia. Danish firms have recently sold large quantities of agricultural machinery, seeds and medical supplies for early delivery to Russia.

## Calls for Facts on British Flag Burning

WASHINGTON, (AP)—The state department today asked the District of Columbia commissioners for a statement of fact as to the burning of a British flag yesterday in front of the treasury by women sympathizers with Irish freedom. The department acted on its own initiative, officials said, no protest having been made by the British embassy.

The burning of the flag yesterday passed almost unnoticed as the banner burners at the treasury building had ceased to excite public curiosity.

## APPROVES CONSTRUCTION OF HOSPITAL FOR WAR VETERANS

WASHINGTON, (AP)—Construction of five hospitals, costing \$10,000,000 for use by veterans of the world war is authorized in a bill reported unanimously today by the house buildings committee.

The measure specifies the location of the hospitals in each of the following districts: North Pacific coast states; Rocky Mountain states; Southern California; Atlantic coast states and Great Lakes.

## MYSTERIOUS KIDNAPING OF INFANT IS STILL UNSOLVED

NORRISTOWN, Pa., (AP)—The mystery surrounding the kidnapping of 15 months' old Blakeley Coughlin, who was stolen from his crib early yesterday, was still unsolved today.

Apparently the kidnappers were well acquainted with the Coughlin house. They used a ladder to reach the nursery window.

## World News Events

ORK, Ireland, (AP)—It is reported that Sinn Feiners during the night attacked one naval station at Queenstown and five coast guard stations, being successful in all instances but one.

## OPENHAGEN, (P)—The National Tidende says to-day it learns that Norway refused to accept the mandate over Danzig when it was proffered by the supreme council and the mandate was then accepted by Poland.

ATHENS, Greece, (P)—Martial law in this country will continue as long as Greece is at war with Turkey and the peace treaty is unsigned, Premier Venizelos asserted in a speech in the chamber of deputies today. Opposition parties have taken advantage of the abolition of martial law to start a propaganda "for the return of King Constantine," he declared.

PARIS, (P)—The United States is likely to be unofficially represented in the coming conference with the Germans at Spa, through the presence of the reparations commission, of which Roland W. Boyden, of Boston, formerly connected with Herbert Hoover's organization, is an unofficial member.

## ARGENTINA HAS PROBLEM

Questions of Enhanced Products Value and Advance in Costs Varies

BUENOS AIRES, (AP)—Argentina has been facing one of the most complex problems of economic logic how to deal with the enhanced value of its products, and, at the same time meet the advance in costs to domestic consumers.

President Irigoyen, in his message to congress Tuesday asked for legislation imposing an additional excise duty on wheat. He declared public authorities cannot view with indifference the price to which wheat products have risen.

## PARRAL BEATS OFF ATTACK OF REBEL LEADER

Garrison Repulses Onslaught Launched by Villa; Chihuahua Commander Takes Up Pursuit

## OSUNA FORCES PRESENT LAST MILITARY PROBLEM

Estimates Place Number of Followers of Opponent to New Regime from 2,000 Down to Five

WASHINGTON, (AP)—Advices today to the state department said Francisco Villa, the Mexican rebel leader, was reported to have attacked Parral yesterday and to have been repulsed by the garrison with some loss.

Estimates place the number of followers of the rebel leader at 2,000 down to five.

## REPUBLICAN COMMITTEE TAKES STAND AGAINST NEGRO VOTERS' ELIMINATION

G. O. P. PLATFORM TO BE SACRED CONTRACT

CHICAGO, (AP)—The republican platform, Chairman Hays of the national committee declared in a statement today, will be a "sacred contractual obligation between the party and the people."

Full opportunity for hearings before the resolutions committee, Mr. Hays said, will be accorded in all pertinent subjects.

"The platform will deal, of course, with the great fundamentals," said Mr. Hays.

Arrangements to hear representatives of women, labor and agricultural interests already have been made and Mr. Hays is distributing voluminous information compiled by the republican committee on platform and policies.

## PRE-CONVENTION PERIOD FULL OF CROWDED HOURS

Arrival of Johnson and Harding Marks Beginning of Intense Activities Preceding Opening of Sessions; Forerunner of Discussion of Platform Issues Appears as Delegates Begin to Gather; Various Interests Line Up Influences

CHICAGO, (AP)—Two republican presidential candidates—Senator Johnson of California and Senator Harding of Ohio—arrived in Chicago today and their coming marks the beginning of the active days of the pre-convention period.

Five days remain before the republican party assembles in the coliseum to pick its candidate and those five days are expected to contain crowded hours of conference, last minute alignment of forces, and final decisions among the campaign managers.

Every one of the candidates except Herbert Hoover is expected here by some time.

Delegates Gathering  
The advance guards of the delegates are beginning to arrive and Sunday they will be coming in a steady stream.

The majority of them, to be sure, are technically unpledged but most of them have their leanings and very few of them are claimed by less than three campaign managers.

Some of the incoming delegates are announcing their preferences in prepared statements which breathe confidence of success, but the political managers stand aloof and make up their minds to give their support to no one until they have found the right man.

Consider the Women's Status  
The national committee's sub-committee to consider the part women are to play in the government of this party held a pre-breakfast session today but failed to reach definite conclusions.

Miss Helms of Cincinnati, mid-western woman, has been named to the national committee, was commissioned to present certain views to leading republican women and to advise the sub-committee so that a definite plan may be recommended to the full national committee next Monday.

The question is confronted with the task of harmonizing the views of two schools of thought among the women. One asks dual control of the party with separate organization of men and women. The other said that "adequate representation" of the women on the governing bodies of the parties would be wiser.

Women's Meeting Called  
A meeting of women has been called for Sunday afternoon and all feminine delegates and alternates to the convention, as well as other leading republican women, have been invited to attend. About 300 are expected to take part in the deliberations.

The sub-committee which met this morning consists of Coleman Duff, Delaware; Rudolph Hrynicky, Ohio; John T. Adams, Iowa; R. B. Howell, Nebraska; Ralph E. Williams, Ore.

The subcommittee of Governor Frank O. Lowden was so much improved today that his headquarters announced he would be able to see visitors tomorrow.

Mr. Lowden is expected to be in Springfield either Sunday night or Monday and will remain there during the convention.

Deschanel to Take Rest  
PARIS, (P)—President Deschanel left Paris this morning in an automobile for the Chateau de la Montellerie, at Lisieux, Normandy, where he will rest for several weeks. The president seemed very alert.

## PROHIBITIONISTS PROPOUND TWO INTERROGATIONS TO CANDIDATES

CHICAGO, (AP)—Virgil G. Hinshaw, chairman of the prohibition national committee, is expected to draw up two questions for presentation to the republican presidential candidates and said he was going immediately to their headquarters to ask an answer in person of each candidate or his representative.

"Do you believe in the 18th amendment as interpreted by the Volstead act, which act as you understand interprets intoxicating liquors to be anything containing more than one-half of one per cent of alcohol?"

"Do you favor your party adopting a plank in its national platform, to maintain the 18th amendment and its enforcement as interpreted by the Volstead act or some measure equally effective?"

Mr. Hinshaw declared he intended to call the whole country what answer each candidate made to those questions.

William Jennings Bryan will arrive here tomorrow, Mr. Hinshaw said, and the prohibition party chairman will have a number of conversations with him, including the prohibition party, the International Reform bureau, and church temperance organizations.

The subject of the meeting will be "the 18th amendment—what will the political parties do with it?"

Mr. Bryan had been invited to speak but owing to engagements in Wisconsin will not be in the city Sunday.

A committee appointed by the National Temperance council will walk as the platform committee of the republican party next week, and will also visit the democratic resolutions committee at St. Paul, the prohibition chairman said.

## DISCRIMINATION IN CONVENTION PUT UNDER BAN

Executive Body Directs Chairman Hays to Order Discontinuance of Drawing Color Line in Delegates' Election

CHICAGO, (P)—By unanimous resolution today the republican national committee directed Chairman Hays to notify all state organizations that they must discontinue holding local conventions for election of national delegates, in places where "it is the custom and practice to refuse admission to negroes."

Falls to Avoid Issue  
The committee attempted to avoid the race issue but failed. Aroused by the number of contests from the southern states in which it was shown that district conventions were held in hotels and other places where negroes are not admitted, Charles B. Warren, committeeman from Michigan, moved to have the committee "issue a warning to the south" that contests on similar grounds would be considered as coming up at the next national convention.

South Gets Amendment  
Southern committeemen headed by W. H. Jackson of Georgia protested that the resolution as framed was a slur on the south and contended that specific mention of the southern states should be eliminated and its terms broadened to refer to the entire country.

Colonel Warren accepted an amendment to the effect and it was unanimously adopted by a viva voce vote.

In support of his resolution Colonel Warren told the committee that he might, well, as the race issue is the main way for the party.

Committeeman Hirt of Kentucky supported the motion and declared that since Kentucky had of its own action admitted negro voters and delegates freely the republican electorate had been greatly increased.

The southern committeemen made no objection to the resolution as the southern states made specific reference to the southern states.

## PORT TURNS BACK WHEAT

Storage to be Found in Interior of the Grain Pile, Up at Galveston

GALVESTON, Texas, (AP)—Three hundred and twenty-five of the 2700 carloads of wheat in the yards here will be returned immediately to the interior for storage, according to the representatives of the interstate commerce commission here today.

Four British ships now in port will take on one million bushels of export wheat within the next few days, the officials here said.

British steamers are reported en route here to assist in relieving the wheat congestion.

## INTERNATIONAL RELATIONS OF CHILE CALLED MOST CORDIAL

SANTIAGO, Chile, (P)—Chile's international relations are most cordial, President San Fierro declared on Tuesday in opening parliament. The only exception to this rule, he declared, was the situation between Chile and Peru.

In dealing with Peru, he said, Chile was disposed to adhere strictly to the principles which she had followed in the past.

## EVANSTON ALDERMEN FRYER HAPPY CHILDREN TO LAWNS

CHICAGO, (P)—Aldermen of the city of Evanston, a suburb, today denied the petition of 100 residents who sought to prohibit children from playing in the suburb's chief park. The aldermen decided that "raising grass is secondary to happy children."

## SWISS HOSTS TO ACCUSED TURK

Former Ottoman Official Accused of Atrocities Finds Temporary Haven

GENEVA, Switzerland, (P)—In one of the most interesting bits of news in the Young Turk regime at Constantinople, a former Ottoman official, Djemal Pasha, named General Ahmed Djemal Pasha, former Turkish minister under the Young Turk regime at Constantinople and former commander of the Fourth Turkish army in Syria. He is the first upon the black list of the Arabian government for execution and punishment, being accused, says the Tribune, of the deaths of 70,000 Arabian, Syrian and Armenian families whom he is alleged to have ordered to be massacred or deported into the desert where they died of hunger and thirst. He has been sentenced to death after a hearing in Turkey.

Djemal Pasha who called himself the "Hero of Hama" admits, according to the newspaper, that he was "only directly responsible for about 200 deaths of heretics." By tyranny, it is charged, he obtained his vast wealth in Turkish gold always refusing bank notes. Once a week his wife or one of the members of his family traveled to Constantinople from Djemal's headquarters in Syria under military escort with small boxes of gold which were forwarded subsequently to Switzerland and Holland.

It was Djemal and David Pasha who were in Paris in July, 1914, and, foreseeing the war, bought the German warships, Goeben and Breslau, for their government by orders from Constantinople.

Djemal who has only a temporary permission to sojourn in Switzerland was recently requested by the Swiss government to leave this country, but he managed to procure a medical certificate proving that traveling would be prejudicial to his health and remain at Lausanne.

The Tribune demands his expulsion from Switzerland with several of his satellites. Djemal, however, cannot return to Turkey as the death sentence awaits him there.

## APPROVES OF REPEAL OF WAR TIME LEGISLATION

House Judiciary Committee Orders Resolution to Curtail Extraordinary Powers

WASHINGTON, (P)—By unanimous vote, the house judiciary committee today ordered a resolution to repeal all war time emergency legislation excepting the Lever food control act, the trading with the enemy act, and the District of Columbia anti profiteering measures.

Chairman Volstead told the committee that he would attempt to have the house adopt the resolution before adjournment Saturday. House action, he said, would be attempted under suspension of the rules which would permit only 40 minutes of debate.

The war time prohibition act also would be repealed by the resolution. "Wets" on the judiciary committee insisted on having this act included in the house that sale of liquor would be reopened through a supreme court decision holding the constitutional prohibition amendment invalid.

Congress, however, has gone on record against repeal of the act at this time through the passage of the Volstead enforcement law over the president's veto.

The resolution would become effective immediately upon its approval by the president.

## CHILE COOPERATES WITH BOLIVIA SEEKING OUTLET

Peru Will Have to Yield to Just Necessity Under Placable Rule, Diplomat Declares

BUENOS AIRES, (P)—Chile and Bolivia are co-operating firmly to find a solution of the problem by which Bolivia will obtain an outlet to the Pacific and Peru will have to yield to this just necessity, declares Dr. Emilio Bello, Chilean minister to Bolivia, in an interview. He is in favor of a free port or a strip of territory to be ceded to Bolivia with internationalization of the railroad, and has not been decided, he said.

With regard to Peru, Dr. Bello continued, "the only thing that would be able to do is to yield to necessity, which at the same time is justice, and I am convinced that as soon as a placidite is effected in the provinces of Tacna and Arica, which Chile will not oppose, it will be seen that not only the Chilean inhabitants but Bolivians and foreigners and even many Peruvian inhabitants will vote in favor of Chile."

Dr. Bello expressed the opinion that there is little likelihood of the league of nations intervening in the problem.

## CHURCH SEEKS PUBLICITY

Report Argues for Religious Organization Cooperation with Newspapers

CLEVELAND, O., (P)—Reports of the publicity and community commissions were presented at Wednesday's session of the church and community convention of the federal council of churches of Christ in America.

The founder of Christianity would have gotten along with reporters factually, the report of the committee on religious publicity states.

"Had there been newspapers in Jerusalem," the report continues, "every newspaperman would have protested in his heart against the crucifixion whether the policy of the paper allowed him to protest publicly or not." The report pleads for the intelligent co-operation of the churches with the newspapers, for the sake of presenting to the public the larger work of the religious organization but without glaring publicity.

## AWARDS PULITZER PRIZES

Reporter Shares with Playwright and Author in Distribution of Cash

NEW YORK, (P)—Award of the Pulitzer prize of \$1000 to John J. Leary, Jr., of the New York World, "for the best example of a reporter's work during the past year," was made Wednesday by the School of Journalism at Columbia university. The work which won the prize was a series of articles on the coal strikes last winter.

The \$500 Pulitzer prize for the best editorial written during the year was awarded to Harvey E. Newbranch, of the Evening World Herald, Omaha, Neb. The \$1000 prize for the best original American play written in 1919 went to Eugene O'Neill, author of "Beyond the Horizon."

Justin H. Smith was awarded the \$5000 prize for his "War with Mexico," printed last year. Ex-Senator Albert J. Beveridge of Indiana won the \$1000 prize for his "Life of John Marshall," judged the best American biography printed during the year.

## LEARNING TO CUT COSTS

Young Women Students Turn Training to Practical Account

AUSTIN, Texas, (P)—Young women students in the home economics department at the University of Texas are learning how to cut the cost of feeding a family. At the beginning the prime thing is to get a meal, but toward the finish of the course the young women have also to turn out the finished product cheap.

The university expects its young experts to cut about half off the cost of a lunch by switching deserts and leaving off biscuits. Here is a sample of the menu after college menus:

For 45 cents a plate for four persons: salmon croquettes, mashed potatoes, cold tea, tomato salad, biscuit, strawberries and ice cream.

For 24 cents a plate for four persons (toward the end of the course): creamed tuna fish on toast, French fried potatoes, apple and celery salad, hot tea, lemon pie.

## FOOLING ITS READERS

The "Independent" Nonpartisan Twin Falls Times hands itself a bouquet in the form of a bid for credit for having secured the publication of the legal notices of the City of Twin Falls to The Twin Falls News and The Twin Falls Chronicle for twenty cents per inch less than has been, up to this time, charged by The News.

The only trouble about the statement is that it isn't true.

If the Twin Falls Times were a business institution, run by a practical printer and publisher instead of an organization kept alive by the dollars of the Townley Nonpartisan League and its Idaho backers, in an effort to fool a lot of people by means of a giveaway circulation list backing the Townley schemes in Idaho, it would know that its statement was not true and could not be.

The News, for a long time now, much longer than the period of residence in Twin Falls of the present manager of the Nonpartisan Times, has charged the full legal rate, or eighty cents per inch, for all city printing in eight point type. The legal rate is one dollar per inch for six point type or eighty cents per inch for eight point type, for the first insertion, subsequent insertions to be charged at one-half this rate.

The News prints City legal notices at this rate, has in the past and will in the future. The bid of The News was for the full legal rate for such publication. The News has never charged the City more than this rate and does not expect to.

A bid for popular approval based upon deliberate misrepresentation is no new thing in the case of The Times.

## WRONG MISDEEDS

Reported use of eggs by certain unidentified Kansans in forcible expression of disagreement presumably with the policies and tactics espoused and advocated by certain more or less distinguished officials of A. C. Townley's "non-partisan" political organization rejoining in the Sunflower state, is a wholly regrettable affair from any standpoint.

There can be no justification for the incident, if the circumstances as reported are true. The alleged assailants may or may not have had provocation for expression of resentment at the activities of the Townley apostles; but they were certainly most woefully misguided when led into their reported manner of giving vent to their feelings.

The upshot of the affair is that somebody is out some eggs that at prevailing quotations are not at all to be despised; somebody has some clothes to clean, and the mistreated exponents of state socialism gain somewhat of the reputation of martyrdom. That these individuals are overlooking nothing of the advertising possibilities and are sparing no effort to turn the event to their own account is evidenced in their historic procession with protest in

## Starving Armenians Grasp Eagerly for Life-Saving Bread

This pathetic photograph clearly illustrates the terrible conditions existing in Armenia today. Thousands of starving folk stormed the commissaries of the American Relief Committee opened throughout the famished country and eagerly grasped for the loaves of bread issued. This picture tells its story.

## head to the doors of the state house.

It is to be noted that the movement under attack in this instance is one most likely to thrive under bombardment of eggs. The wrong missile was used by these misguided Kansans. Their efforts would have been to better purpose if they had laid down a barrage of facts. They would not have been lacking in this sort of ammunition had they been conversant with the record of the Townley regime in the state of its inception.

## SAGACIOUS WORDS

In these days, when the country is afflicted with so much loose thinking and foolish assaults on the age-old virtues of thrift, justice and individual rights it is good to turn to the sane and steady counsel of ex-President Taft. Thoughts like these, spoken by Mr. Taft at Pullman Friday night, are good to reflect upon:

The right of property is the right for each man to save that which he accumulates by his own efforts, to save that which he saves by denying himself enjoyments, in order to use it for the future. This, added to labor, increases the power of production and adds to industry, thrift, invention, a million fold.

And at another point in his sagacious address:

The right of property is a part of society and is absolutely essential to progress. The socialist says the desire for right of property is selfish, but then man is selfish, that is human nature. Man would never have developed if he had not had the right to take his own earnings and use it as he would. He is a selfish animal. Why try to do what we know to be a fact?

And at yet another point: "It was only after the beginning of the system of capital that comforts and opportunities to improve came."

The radical, as Mr. Taft added, "is

the man who wants a change and he wants it quick. He desires to take the ax and try a plundering method," the Russian method.

Mr. Taft's appeal is to the intelligent men and women. It will pass over the heads of the radical doctrinaires. That can be freely granted, for a mind that is still beset with a desire to exchange the glory of American progress, American justice, American liberty and American well-being for the wreck and ruin of Russia's mad venture and all the and equal of the soviet system is wholly beyond the reach of reason. The radical is hopeless in his stubborn contentiousness. But the confident prediction may be ventured that from this time forward he will harangue with waning influence in this country.

# DELEGATION MEETS TAFT AT SHOSHONE

Former President Greeted by Official Representation of Twin Falls at Train

At 6:45 o'clock this morning a delegation of Twin Falls business men departed by automobile for Shoshone, where they met William Howard Taft, who is to lecture here tonight.

Two automobiles were used for the trip, one containing members of the local committee, the other "volunteers" for the occasion. In the first car were W. E. Paine, H. G. Blue, Moose Finch and H. J. Kingsbury. In the second were Chad L. Hodgins, W. A. Babcock, P. L. Stephens, A. R. Hicks and John R. Boyce.

The former president of the United States, who is accompanied by his secretary, W. M. Schuler, left tonight for Shoshone. He will arrive early today for Twin Falls. From Shoshone the local delegation accompanied him to Jerome, where breakfast was taken at the North Side Inn. The meal being served by the Jerome Commercial club.

Following breakfast Mr. Taft addressed the people of Shoshone. On the way to Twin Falls he was shown various points of scenic interest, including Blue Lake.

On his tour of the country in the platform car William Howard Taft has been meeting with splendid receptions and has been greeted by record audiences wherever he has been. Last year his addresses were for the League of Nations. This year he is speaking on the broad subjects of peace, justice and the Soviet. This lecture is stated, is of interest to every class, and is reported to be a particularly illuminating exposition of the general industrial and political situation obtaining in America and other nations of the world at the present time.

# TAKES PRECAUTIONARY MEASURES FOR SWINE

L. S. Otto Has Entire Herd Inoculated Against Cholera and Mixed Diseases

As a means of protection for his swine herd, conceded to be the most valuable in Idaho, if not in the entire mountainous section, L. S. Otto of Piler, yesterday effected the entire inoculation of 60 Duroc-Jerseys, treated to triple immunization. This treatment is sure against hog cholera and mixed infection, which would be done by Dr. H. McMillen of Piler, with Dr. W. A. Sullivan of the bureau of animal industry in charge of hog cholera investigation in Idaho, supervising the administration.

This service, according to Dr. Sullivan, was given at the request of Mr. Otto purely as a precautionary measure. The herd is the first lot of swine in Twin Falls county to receive this treatment and makes the animals immune against cholera or any other disease communicable to swine. It is also a precautionary measure against infection. Mr. Otto makes inspection of the best animals of the herd in all of the leading fairs in this section of the country this year.

According to a report just received by Mr. Otto, from the National Association of Duroc Breeders, the Piler district is credited with having the largest entry of Duroc-Jerseys in this district history in the United States. The association has contributed \$400 to be awarded in prize for the best animals of this class in this section this fall.

# GAME PRESERVATION ASSOCIATION'S PLAN

Twin Falls is Asked to Participate in Protecting Wild Life in Idaho

A meeting of supporters of the game preservation movement in this state will be held in the quarters of the chamber of commerce beginning at 7 o'clock tonight. A. B. Hull, general manager of the Idaho Game Brevers association, will address the assembly and will explain the purposes of the meeting and of the association. The session is called early in order that business may be disposed of in time for the Taft address at the Lavering theater.

One of the principal subjects of discussion will be plans for the general improvement of the Paul Nickel scenic farm in the Hagerman valley. This farm has been taken over by the association and will be made one of its principal tourist attractions. The program of improvement includes construction of a club house, golf course, tennis courts, ball park, shooting range, with the added facilities of boating and ample fishing area.

Immediately after tonight's meeting, an intensive campaign for association members will be inaugurated here. A considerable number of representative local residents have already signified willingness to join.

No decision was reached at yesterday's trial of the action brought by J. B. Keel against T. H. Austin, for the recovery of commissions alleged to be due on the sale of realty. The case, which came up in the probate court before Judge O. P. Duvall, will come up for rehearing some time next week in the same tribunal.

# CARDROPS 70 FEET OVER CANYON; OCCUPANTS MIRACULOUSLY ESCAPE

Mrs. Donald Mackay is Pinned Under Wreck but, with Husband and Baby, Escapes Serious Harm — Accident Occurs when Attempt is Made to Avoid Crash with Opposing Machine on Wrong Side of Bridge

Although she was pinned under a heavy automobile after the car had dashed more than 70 feet over the rim of the Dead Man's gulch, Mrs. Donald Mackay sustained no injuries of a particularly serious nature. She is in the county hospital. Mr. Mackay and their 3-year-old baby, miraculously escaped injury of moment in the crash.

The accident occurred late yesterday afternoon when Mr. Mackay drove a heavy Kiesel car through the railing of the Dead Man's bridge. He was attempting to avoid collision with an opposing car occupied by two men. The Mackays, who reside on a farm and operate a small saw mill five miles north of Piler, were coming to Twin Falls. As the Kiesel car approached the bridge in question from the west side a light-colored machine rushed the structure from the Twin Falls side. The latter car was driven, it is stated, on the wrong side of the bridge, the occupants having been driven to avoid a bad hole at the east approach.

According to Mr. Mackay there was no time to stop and to have attempted to pass on the right side of the opposing car would have been to court a collision. Mr. Mackay further explains that in his attempt to hug the extreme edge of the west approach his brakes failed, the car dashing through the guard rail, going over to the water edge of the canyon floor.

In the fall both Mr. Mackay and the baby were thrown clear of the wreck, and alighted in a manner that caused them no particular injury. Mackay, however, was caught by the neck under a part of the damaged machine. The three men released her from her precarious position and an attempt was made immediately to obtain medical aid from the hospital. At that institution it was learned that no physicians were available at the time and a trip was made to Twin Falls to procure assistance. Dr. D. L. Alexander attended Mrs. Mackay, who was removed to the hospital for treatment. She will probably remain in the institution several days.

Mr. Mackay, besides operating a ranch in his own, is in partnership with Robert Rogerson in the sheep raising business.

# LICENSED TO WED.

Three marriage licenses were issued by the county clerk yesterday. One was to Roy Burr and Florence McMahon, of Twin Falls, another to A. Clyde Glasgow, aged 25, and Clara E. Damsel, both of Buhl, the third to Owen M. Pugh, 26, of Twin Falls and Laura M. Rutter, 20, of Piler.

The first couple later in the day appeared before Judge W. A. Babcock of the district court, and a marriage ceremony was performed.

# PERMITS TO BUILD.

According to a permit issued by City Clerk W. A. Minnick yesterday, W. H. Thompson contemplates the erection of a 12 by 20 residence addition on Seventh avenue east. The improvement is to cost about \$300. M. S. Hoover has taken out a permit for the construction of a garage to cost about \$200. The building will be placed on property on Sixth avenue north and will be 12 by 18 feet in size.

# PROPERTY OWNERS NOT FAVORING RAISED RATE

In the rooms of the chamber of commerce last night a mass meeting considered the proposal of the Idaho Power company to raise rates for electricity to be used in heating water and air. William M. Lambing was seated as chairman and Paul R. Tabor, secretary.

Attorney John W. Graham was the principal speaker of the evening, offering advice as to plans of procedure in waging opposition to the proposal. Tabor was made by a number of local people, most having to do with the contracts held for this service. Explanation was made that in many instances property owners had been put to extraordinary expense in equipping their homes with electrical apparatus for heating.

It is the contention of the service company that the present rate for electrical service for heating is below cost of production. A committee of three is to be named for the purpose of procuring legal advice in the matter. This committee will probably be named this afternoon.

# Clouds Feature Morns' Coming; No Rain, Though

CLOUDS, of a more or less threatening aspect, are getting a place on each day's weather schedule. They appear in early morning, usually, but dispel along toward noon.

Higher temperatures were recorded in the past 24 hours, with warmer weather promised Friday. The general condition, according to the diurnal statement, will be "fair."

High yesterday was 73, while low last night was 41, a safe distance from frost.

IDAHO.

One of the most pleasing features, outside of Tom Mix's great stunts, during in "The Terror," which William Fox presented at the Idaho theater last night before a capacity audience, is the beautiful scenic effects achieved by the director, Jacques Jacard.

"The Terror" reveals Mix at his best. From the opening scene until the final fadeout this daring star holds the attention uninterruptedly by his remarkable feats of horsemanship and sheer daredevilry. As Bat Carson, a deputy United States marshal sent to run down a gang of gold thieves in the Sierra, he is in his glory.

The story is rich in romance and in that kind of adventure which every red-blooded American likes to see. Beautiful Francella Billington, as leading woman, makes a very fascinating heroine. Others of importance in the cast are Charles K. French, Lester Cuno, Lucille Young, Joseph Bennett and Wilbur Higby.

# PASSES POSTAL WAGE BILL

House Adopts Measure Providing Increased Pay by Unanimous Vote

WASHINGTON (AP)—The postal pay increase bill was passed today by the house by the unanimous vote of the 343 members present.

The bill would become effective on July 1 and would approximately \$435,000,000 to the postal payroll the first year. It now goes to the senate where favorable action is expected before adjournment Saturday.

# SHANGHAI TAKES ACTION TO ABOLISH VICE INSTITUTION

SHANGHAI, (AP)—Under a systematized plan of licensing by which the number of permits issued will be decreased yearly it is intended within five years to banish disreputable houses from the international settlement of Shanghai. This recommendation was suggested by a vice commission which conducted an investigation through last year and has been adopted by the taxpayers.
