TWIN FALLS, IDAHO, TUESDAY, JUNE 8, 1920

PRICE FIVE CENTS

LOGGERS FAVORED FOR PERMANENT CHAIRMAN OF G. O. P. SESSIONS

EMERT REQUESTS GOVERNMENT TO STAY FOR TIME

Early Election Returns Show Remarkable Defection from Present Coalition Parties Prompting Resignation

BERLIN, (AP)—The government today tendered its resignation to President Ebert, who requested it to remain in office provisionally.

The president also asked Chancellor Mueller to take over as the results of Sunday's parliamentary election can be established as soon as possible in order that the reichstag may be summoned at the earliest possible date.

Coalition Elects 156

Reports from nearly 350 districts on the results of the balloting for members of the new reichstag in Sunday's election, up to 11 o'clock tonight, showed that the majority, socialist, centrist and democratic, the parties making up the coalition block back of the present government, had elected 156 deputies.

The main parties of the conservative opposition, these figures showed, had elected 83 members, while the majority of the left and independent socialists had elected 57.

Government Runs Behind

Not sufficient returns had been compiled up to 3 o'clock yesterday afternoon for predictions concerning the complexion of the new government but already the results showed a remarkable defection from the present coalition parties, with a corresponding accession of votes to the Rightists and Leftists.

A prominent independent leader said yesterday that the independent socialists did not contemplate for a moment joining with the bourgeois parties and forming a government. On the other hand, the two socialist ranks probably will not be strong enough, even if they desired to combine, to form a stable administration.

Precipitates Difficult Situation

Chancellor Mueller reiterated during the campaign that the majority socialists on no account would combine with the people's party, and even should circumstances force the withdrawal of this promise, such a combination, owing to irreconcilability of political principles, would, it is pointed out, be unnatural and unwise. What may be the outcome, it can hardly be doubted that the country is faced with a difficult parliamentary situation.

Placate to Make Change

In completing the final result it is to be remembered that in Schleswig-Holstein, where demarkation of the frontier has not yet been fixed and in East Prussia and Upper Silesia, where a plebiscite has not yet been taken, the deputies elected to the national assembly hold the same seats as the new reichstag. These seats are now held as follows: Democrats, 2; centrist, 0; majority socialists, 18; people's party, 2; German national party, 4.

Spanish Speculators May Lose Their Home

MADRID, (AP)—The Bourse, in which speculation has reached enormous figures in recent years, is in peril of being sold over the heads of the brokers and devoted to other purposes. Two mortgages, one on the buildings, several years' interest on these mortgages has not been paid by the government. Unless the interest is paid in a certain period the building is to be sold.

IDAHO WEATHER

Tonight showers, Wednesday fair, cooler tonight.

Reds Make Claims of Progress Toward Kiev

LONDON, (AP)—Republic of Polish-Ukraine attacks in the Kiev region and further south is reported in Monday's official Bolshevik statement from Moscow, received by wireless today. An engagement to the east of Bobruisk in which the soviet forces were successful is also reported.

An official statement under Sunday's date also received today says: "Our troops have retaken the offensive on the left bank of the Dnieper and have regained all their positions. We have made further progress northward of Kiev."

Bolshevik Release British Prisoners

LONDON, (AP)—The Bolsheviks have released all the remaining British prisoners in Russia, said from ordinary criminals, at the request of the British labor delegation, which is visiting Russia, according to a Moscow dispatch to the Daily Herald.

SMALLER WHEAT CROP FORECAST

Department of Agriculture Issues Estimate on Principle Farm Production

WASHINGTON, (AP)—A spring wheat crop of 37,000,000 bushels, or 65,000,000 bushels greater than that of last year and 8,000,000 bushels greater than the average of the last five years, was forecast today by the department of agriculture from the condition of the crop on June 1. Prospects for winter wheat improved during May to the extent of 10,000,000 bushels, making a total estimated production of 781,000,000 bushels, or 160,000,000 less than that of last year.

WASHINGTON, (AP)—Total wheat production this year will be about 781,000,000 bushels, the department of agriculture forecast today from the condition of the winter and spring crops on June 1. Last year's total crop was 941,000,000 bushels.

Production of various crops forecast in today's monthly report from their June 1 condition follows:

Winter wheat 504,000,000 bushels.

Spring wheat 277,000,000 bushels.

Oats 1,315,000,000 bushels.

Barley 185,000,000 bushels.

Rye 40,000,000 bushels.

Hay 112,000,000 tons.

Apples 129,000,000 bushels.

Peaches 45,000,000 bushels.

The spring wheat area this year is 19,487,000 acres, or 85.5 per cent of last year's; condition, 89.1 per cent of a normal, compared with 91.2 a year ago. Condition of winter wheat is 78.2 per cent of a normal, compared with 94.9 a year ago, and 79.1 a month ago. Condition of other crops: Oats 87.8.

World News Events

PARIS, (AP)—Declines in the cost of necessities of life, which are general throughout France, are described by several newspapers today. Some say that the attitude of the public in buying only what is strictly necessary has much to do with a falling off in prices recently.

TOKIO, (AP)—A severe earthquake shook occurred throughout Formosa yesterday, according to advices received today. The center of the disturbance was near Wyalen on the eastern coast. There were some casualties and damage to buildings. Tai-Nain and Tai-Pei did not suffer greatly but other places were seriously affected.

PARIS, (AP)—According to information received at the foreign office today anti-semitic outbreaks occurred in Budapest around June 4, on which date the advices stated one man saw twelve Jews killed. The rioting continued for several days, during which many Jews were killed, the foreign office dispatches said.

NEWFOUNDLAND ASSUMES CONTROL OF SUGAR TRADE

Undertakes Regulation of All Sale of Product in Colony and Fixes Price at 30 Cents a Pound

ST. JOHN'S, N. F. (AP)—The Newfoundland food control board, in taking over control of all sugar sales in this colony, has fixed the price at thirty cents a pound. The price will be stabilized at this figure until the end of the year at least.

The board announced that its order was issued "to protect the public against the probable price of forty cents a pound in a few months which would have been inevitable if this step were not taken."

STRIKE BENEFIT COST A. F. OF L. \$67,912 IN YEAR

Auditor Reports \$164,074 Remaining in Defense Fund; the Steel Workers Organization Bids Farewell to Federation

MONTREAL, Que., (AP)—After a brief session today the convention of the American Federation of Labor adjourned until tomorrow to allow committees a full opportunity to work.

The defense fund of the federation now amounts to \$164,074, after payment of \$87,912 in strike benefits last year, according to the auditor's report read this morning.

D. J. Davis, assistant president of the Amalgamated Association of Iron, Steel and Tin Workers, declared today that his organization never would rejoin the national committee of the American Federation of Labor in its campaign to unionize the steel industry. Davis characterized the Amalgamated as the basic organization in the steel industry, and asserted that the federation's committee "probably will have to give up its task."

GALVESTON QUIET UNDER STATE TROOPS CONTROL

Freight Congestion Being Relieved by Employment of More Shop Workers

GALVESTON, Texas, (AP)—The situation was quiet here today with the city under martial law as a result of the prolonged longshoremen's strike. Freight congestion was being relieved by employment of additional shop workers. Approximately one thousand Texas national guardsmen were on duty throughout the city and environs.

LINDLEY GOES TO KANSAS

Idaho University Head to Be Chancellor of Southern State School

TOPEKA, Kas., (AP)—President E. H. Lindley of the University of Idaho, Moscow, Idaho, yesterday accepted the position as chancellor of Kansas university. It was announced by the Kansas board of education last night. He will succeed Chancellor Frank Strong, resigned.

MARKED BANDITS LOOT BANK NEAR PITTSBURGH

PITTSBURGH, Pa., (AP)—Masked bandits this morning entered the Hayes National bank in Hayes, Pa., ten miles from Pittsburgh, and after locking the cashier in the vault looted the bank. The band escaped in the direction of Pittsburgh.

LODGE MAY AGAIN DOMINATE G. O. P. CONVENTION

Henry Cabot Lodge recognized since 1895 as one of the most powerful figures in the Republican party and who, on two occasions, when the Republican party was confederated by a great crisis, has come forward and taken a stand as the acknowledged director of the policies of the party, may again dominate the G. O. P. convention, which opened in Chicago today. Henry Cabot Lodge was born May 12, 1850, at Boston, of a wealthy old New England family. His father was John Ellsworth Lodge and his mother Anna Cabot Lodge. He was educated in private schools until he entered Harvard from which college he was graduated in 1875. He studied law and was admitted to the bar in 1876. He was elected to Congress for his first term in 1886, was re-elected in 1888 and again in 1892. In 1893 he was elected by the Republicans of Massachusetts Legislature to the United States Senate, where he has been a power ever since.

LODGE SOUNDS TOSIN AGAINST WILSON IDEAS

CHICAGO, (AP)—The country must drive President Wilson and his "dynasty" from power and defeat the league of nations as he desires it, declared Senator Henry Cabot Lodge, temporary chairman of the republican national convention, in his keynote address here today.

Defending the senate's opposition to the treaty of peace as a high and patriotic duty, the senator flung down this gauntlet:

"We make the issue; we ask approval for what we have done. The people will now tell us what they think of Mr. Wilson's league and the sacrifice of America."

While emphasizing the point that around the league must be waged the 1920 presidential campaign, and devoting much of his speech to arraignment of the Wilson administration, the senator found time to lay before the delegates the stand of the republican party on other salient problems facing the nation.

Importance every other question and all immediate and dominant issues are bound up with it. Without that defeat every chance of the right settlement of the mighty questions before us, so sorely needed now and not later, will be lost.

"To maintain law and order and a stable government where justice rules and the right of all men, high and low, rich and poor, shall be protected, we must have a government of the people, duly chosen by the people, and never must there be permitted any government by a single man or by a group of men, or by an organized minority.

"We would Expel Free Traders.

"Many vital economic measures and especially protective tariff legislation

(Continued on Page Two.)

Watson Resolutions Committee Chairman

CHICAGO, (AP)—Senator James E. Watson of Indiana, today was elected chairman of the committee on resolutions, defeating Ogden Mills of New York, 41 to 3.

CAUCUSES PICK COMMITTEEMEN

California and Kansas Postpone Elections in Interests of Harmony

CHICAGO—John W. Hart was Monday re-elected republican national committeeman for Idaho, when two former service men delegates, convinced by Hart of his blamelessness of charges of which he was recently acquitted by Secretary of War Baker, withdrew their opposition and the vote was made unanimous.

At a prior caucus organization of the Idaho delegation was effected with the election of Stanley A. Eason, chairman; M. E. Yeaman, vice chairman; John P. Gray, member of committee on credentials; Henry N. Jones, permanent organization; Senator W. E. Borah, resolution; W. P. Guthrie, to notify presidential nominee; Harold Jemmes, to notify vice presidential nominee.

CHICAGO, (AP)—California and Kansas delegations today reported tacit agreements to defer elections of national committeemen until after the nomination.

Friends of Senator Johnson, in a

Blow to True Government.

"The return of the democrats to power with Mr. Wilson or one of his disciples still the leader and master of a great party, which before his advent possessed both traditions and principles, would be a long step in the direction of the autonomy for which Mr. Wilson years and a heavy blow to the continuance of the free representative government as we have always conceived and venerated it."

"Mr. Wilson and the autonomy he represents, and all which those who believe in his doctrines and share his spirit represent, must be put aside and consciously excluded from any future control."

"The defeat of the present administration and all it means, transcends in

KEYNOTE SPEECH STIRS CONGRUENCE TO ENTHUSIASM

Roars of Cheers and Continued Applause Mark Massachusetts Senator's Outline of Duty Before Party

COLISEUM, Chicago, (AP)—The republican national convention spent two hours in its first session, the principal business of which was to elect the temporary organization and hear the keynote speech by Senator Lodge of Massachusetts. A record crowd of delegates gathered at 11 o'clock tomorrow and thousands of committees went to work.

CHICAGO, (AP)—The republican convention today spent two hours in its first session, the principal business of which was to elect the temporary organization and hear the keynote speech by Senator Lodge of Massachusetts. A record crowd of delegates gathered at 11 o'clock tomorrow and thousands of committees went to work.

Senator Lodge spoke from his manuscript, and as he read, it was assured that the first hour of the proceedings and probably a little more would be devoted to it.

The temporary organization was quickly perfected by acclamation.

The general understanding was that an agreement would be made to accept the temporary organization and chairman as the permanent one, thus constituting the gavel in the hand of Senator Lodge. Chairman Lodge's address was punctuated by cheering and applause and most of the hour of the republican party of 1860 and declared it must again come forward for the service to the country.

Roars of cheers and continued applause marked Chairman Lodge's declaration that "every one connected with the dynasty of Woodrow Wilson must be driven from power by the republican party." He continued that they must be driven out "not because they are democrats, but because Mr. Wilson's theory of government is that America is a democracy."

"The defeat of the present administration," said Senator Lodge, "transcends every other question. The ground thus cleared, it comes our duty as Americans to relate several fundamental principles which have been both shocked and invaded."

Bryan's Poker Face

William Jennings Bryan from his seat on the press stand listened intently to Senator Lodge's denunciation of "Mr. Wilson and his associates" who he declared had "attempted to drag us from the path of Washington, Lincoln and the fathers of this country."

Mr. Bryan stroked his chin thoughtfully but maintained a poker face throughout.

The other another wave of laughter and applause when Senator Lodge referred to President Wilson as "a democratic free trader with socialist proclivities."

Speaker Scores Hit

Senator Lodge got one of his first hits when he referred to President Wilson's participation in the peace conference.

"He went himself," said Senator Lodge, "he went to the peace conference. The delegates laughed heartily and followed up with applause, as they did also when the senator in succession laid out the record of the government's operation of railroads, and the proposal to accept a mandate over Armenia. There was another burst of applause when he told of the senator's referring to the defeat of the peace treaty, said republican senators considered the difficult task of defeating the peace treaty, and that they "did not shrink from fulfilling it."

It took Senator Lodge exactly one hour and 18 minutes to read his prepared speech.

Conclude Board Approval

The convention evidently liked the keynote and broke into another roar of cheers and applause many of the delegates standing and waving flags. Senator Lodge bowed and smiled as he acknowledged it.

The temporary chairman then recognized National Chairman Hayes who presented a list of officers previously agreed upon. Secretary Mills of the committee read the list.

By a chorus of ayes the convention accepted the list.

General T. Coleman DuPont of Delaware presented a resolution proposing to have the convention act under the aprior rule of order. The resolution is effected. It was adopted. Other routine motions on procedure necessary to organization were offered and accepted.

Governor Morrow of Kentucky offered the resolution for a committee on permanent organization. The resolution was adopted. The committee members were quickly adopted.

First Woman Spoke

The first woman to speak in the convention was Mrs. Manley L. Fossum of Minneapolis, one of the Minnesota delegation. She offered a resolution which was adopted. "It would not be said Mrs. Fossum was the first woman to be elected to the convention."

(Continued on Page Five)

VILLAGE ALONE OUTSIDE FOLD OF NEW REGIME

Former Rebel Leaders Virtually
with Single Notable Excep-
tion Espouse Revolutionary
Cause

MEXICO CITY, (AP)—Francisco Villa is virtually the only notable exception to the list of former rebel leaders who have espoused the latest liberal revolutionary cause.

Guillermo Molinero, the Oaxaca leader, was in possession of the capital for a time after President Carranza and his followers evacuated the capital in accordance with the new movement. Manuel Pelaez, the oil district chief, entered Tampico, was fanned and toasted and interviewed to the effect that he was not a perpetual revolutionist and saw in the liberal revolutionary movement a united country. He said the Cédillo brothers and other former rebels in the Tampico district were with him.

Higinio Aguilar, Pedro Gabay and others between Mexico City and Vera Cruz, helped impede the advance of the Carranza train while the army supposed to be under the leadership of Felix Diaz, his name has not been mentioned in connection with the operation. The successors of Emiliano Zapata in Morelos, Genevieve de la O and Valentin Reyes came into the capital General Obregon. It is stated that on the Istmas south of Vera Cruz, trains are operating without guards for the first time in years.

Mr. E. W. Davis, attached to the American embassy, had the pleasure of meeting in the capital after the revolutionaries entered the city General Rafael Plutarco, the former army leader, who captured him, together with several other Americans, on the train leaving Cuernavaca, Morelos, for Mexico City, on March 25. By following the train, Major Burr managed to drop behind his guards and then made a successful dash for liberty.

Both he and the other members of his party, praised Plutarco's courtesy when they reached the capital. Plutarco, a slight and lanky man, with a few years of guerrilla life, now commands 1500 former Zapata adherents at Xochi milco, a suburb. He is conceded to be the brains of the army and has the full confidence, not only of Genevieve de la O and Valentin Reyes, but of General Obregon.

BURLEY FACES PROBLEM IN WATER SITUATION

Deep Well, Hope of People,
Gives Forth Undesirable
Supply, Test Shows

BURLEY, Idaho (Special).—Expansion of the town of Burley is threatened by the peculiarity of the water situation. The town must solve the question of providing an inexhaustible supply of water for domestic purposes before extensive plans for expansion can be considered seriously. The fact was brought to the attention of the city administrators when a report of water test from the J. E. Miller deep well was rendered by E. E. Leubach, engineer and state bureau of public health, showing the water to be undesirable as an addition to the city supply.

According to the report, the examination reveals too great an amount of solids, which runs 390. Nitrogen as nitrates is found in great quantity and chloride 164. Experts believe that as pumping progresses in the Miller well the water will become so highly alkaline as to render it unfit for domestic use. Hopes of the people of Burley had been laid in procuring an abundant supply of pure water from underground sources. This hope seems now entirely lost.

PLANNING PROTECTION FOR FIREMEN OF BURLEY

BURLEY, Idaho (Special).—Plans for the founding of a local benefit society for firemen are being worked out by a committee recently appointed by the municipal board. The committee is composed of O. A. Anderson, H. S. Cunningham, and Harry W. Smith. The purpose of the society is to provide protection for firemen in case of illness, disability, and for their families in case of death. The plan will be supported by weekly assessments and by funds derived from various social activities engaged in for the benefit of the firemen.

GAME WARDEN MAKES ROUND WITH CONSTABLE AND JUDGE

HEALDSBURG, Cal., (AP)—Making arrests and taking the constable and judge along with him to hold speedy trial right on the scene is the way Game Warden Levenson rounded up violators of the law on the coast near here last week.

The violators were all convicted of taking absences less than seven days and the first of a group pleaded not guilty and court was immediately convened on the bench. He was convicted and fined \$25, and other violators all pleaded guilty and paid their fines of a similar amount, on the spot.

Chamberlain's Colic and Diarrhoea Remedy

Every family should keep this preparation at hand ready for instant use when needed. Severe attacks of colic and cholera morbus often prove fatal before medicine is procured or a physician summoned. The uniform success that has attended the use of this remedy and the prompt cures which it has effected have made it a staple article of trade.—adv.

Will Open Republican National Convention at Chicago

Will Hays, of Indiana, chairman of the Republican National Committee, in the characteristic pose which he assumed today when calling the G. O. P. convention to order. Chairman Hays arrived in Chicago a few days ago and inspected the work on the convention arrangements at the great Coliseum. This specially-pose photograph of the Republican leader was made in New York before his departure for Chicago.

LODGE SOUNDS TOCSIN AGAINST WILSON IDEAS

(Continued From Page One)

to guard our industries, are impossible with a democratic free trader of socialist predilections in the White House. To accomplish such results, we must have as we intend to have, a republican president, in sympathy with a republican house and senate.

The rise of prices, the high cost of living which reach daily into every home, is the most pressing, as it is the most difficult and most essential problem which confronts us. Some of the sources of this trouble can be reached by legislation, although not all, but everything that can be effected by law should be done at once.

"Profiteering, charging of extortionate and unjustified prices, which is stupid as well as unlawful nor subject now to ample punitive laws. These laws should be enforced, either if necessary added, and the offenders both great and small should be pursued and punished.

Production Essential Remedy. "The most essential remedy for high cost of living is to keep up and increase production and particularly should every effort be made to advance the production of the home.

"Every phase of the government ownership means not only that the government shall own the railroads but also, it is to be feared, that the government shall own the government. General government ownership under our political system would inevitably bring about the mastery of the government by those who operate the machinery of transportation or of any other industry which come into government possession. The rights of the general public, for whom all industries exist, would disappear under this kind of ownership. There would be left to the people except the duty of paying taxes to support the roads.

"Over 600 Americans have to be deported in Mexico. Carranza insulted the American government in every possible way and still nothing was done. He was so low that an American was seized by one of the many bands of brigands and held for ransom, so that the government of the United States would be forced to pay the ransom for their citizens to the highwaymen who had seized them.

Enough Watchful Waiting. "We have watched and waited long enough. We need a firm hand at the helm. The time has come to put an end to this Mexican situation, which is a shame to the United States and a disgrace to civilization. If we are to take part in pacifying and helping the world let us begin here at home in Mexico.

"Let the American people choose their president some strong and upright man who is friendly to the United States and determined to establish order and then let the United States give him a moral and cordial support, and so strengthen and uphold him that he will be able to exterminate the bandits and put an end to the unending civil war. "When the armistice with Germany was signed the course to be pursued was clear. That course was to make the peace with Germany at once and then take up for reasonable consideration the question of establishing such future relations with our associates in the war as would make for the future peace of the world. This, Mr. Wilson prevented. He went to Europe.

Wilson's Sole Aim "He had apparently only one aim, to be the maker of a league of which he should be the head. He was determined that there should be a league of nations and that there in order to nullify the powers of the senate given by the constitution of the United States, he decided to make the league an integral part of the treaty of peace with Germany, he made it compulsory on the senate to accept with it the league of nations. "The republicans of the senate, per-

ceiving the dangers of the league, determined to resist Mr. Wilson's demand. The American people will never accept that alliance with foreign nations proposed by the president. The president meantime has remained inflexible. He is determined to have that treaty as he brought it back or nothing, and to that imperious demand, the people will reply in tones which cannot be misinterpreted.

Question Goes to People

"We have stopped Mr. Wilson's treaty and the question goes to the people. In 1916 Mr. Wilson won the election by the approval of the American people for his party and his administration on the ground that he had kept us out of peace.

"The league must be discussed in every district and in every state and we desire to have the verdict so clearly given that no man who seeks to represent the people in the senate, in the house or in any place or in any degree, can have the slightest doubt as to his duty.

"We make the issue; we ask approval for what we have done. The people will now tell us what they think of Mr. Wilson's league and its sacrifice of America.

"They (the people) will tear aside the veil of words woven to blind and deceive and come down to the essential and vital point—Mr. Wilson's plan on one side and the independence and safety of the United States on the other.

"All Americans must join together in their own way and with their own arguments defeat Mr. Wilson's league as he declares it, whether amended by him or in its pristine simplicity." Senator Lodge charged the democratic party with responsibility for the "perilous condition of the hour" and said, if the republican party fails to grapple it effectively, "the Russian descent into barbarism will begin to draw near."

Praise Record of Congress

A beginning had been made, he said, by a republican congress in restoring economic conditions, "working under all the difficulties and opposition imposed by a hostile executive." He enumerated various beneficial measures, adding that the estimates had been reduced over a billion dollars. He advocated enforcement of all laws against profiteering and said it was possible to check the advance of prices by law, by providing for "the control of credits in such manner as to give preference to the most essential products." He described the railroad act "as a single great law which in any period would be sufficient to distinguish a congress as one of high accomplishment."

NO CHANGES IN SITUATION WHEN SESSIONS OPEN

Star Managers Admit Ignorance
of Coming Developments as
Political Activities Move into
Coliseum

CHICAGO, (AP)—Hours before the doors were opened at the big coliseum today thousands of persons were waiting and hoping to get in for a look at the unbroken republican national convention.

Only a fraction of those who applied for seats could be admitted, however, despite the Coliseum's capacity of more than 10,000.

Political activities moved out of the hotel district and into the Coliseum itself with the assembling of the first session. It was the first opportunity for the various managers to meet the delegates all together and instead of buttonholing delegates singly and in groups they went after them in delegations.

Routine Proceedings Today. Today's proceedings in the hall had little to do with the actual nomination, they were merely a routine but indispensable preliminary to the sessions which are to follow.

True the preliminaries include the keynote speech by Senator Lodge, of Massachusetts, the chairman of the committee, and that is the really big business of the first day. Whether the temporary organization with Senator Lodge as chairman be made the permanent one was still undetermined today.

The crisp, cool weather which kept Chicago chilly all during pre-convention week suddenly disappeared today and the sun came out with a blistering blast and flooded the tent with a temperature which meant discomfort and bounding upward. Everybody agreed, however, it was better than the blanket of constant rainfall, which covered the city during the convention four years ago.

Still Waiting for Ballot

While last minute arrangements were being made no change in the lineup was disclosed and the star managers frankly admitted they saw no tangible evidences of which way the wind is going to blow. They were still looking for the first ballot, which will come during the middle of the week, to point the way to courses of action.

The convention actually opened its first session at 11 o'clock Chicago time.

Fog Blistering Day

When delegates and the other crowds here for the opening of the republican national convention today piled out of bed and scattered for breakfast, they faced a blistering hot day, uncomfortable warm in the morning hours and the temperature climbing. The weather sharps had predicted "generally fair, and not much change in temperature, but the crowds could not take that view.

There was an early start toward the Coliseum, many of the late night stragglers being a bit weary, with a long sleep ahead.

Across the hotels a few hikers offered tickets to the convention at fabulous prices, with few buyers. The crowd was wise, knowing today's session would supply no excitement.

Candidates Up Early

The candidates were up and about early. Campaign managers were on the job, taking stock, and hoping to find out if there had been any overnight changes in the lineup. In the rush to get to the Coliseum nobody paid much attention to the morning conferences with candidates and there was evidence that this method of obtaining publicity was wearing itself out, for some of the leading aspirants sat down word yesterday that there was nothing to say.

Everybody was still up in the air as to who would win the nomination, and from all sides there was a volley of inquiry as to when the job might be finished. Also, for many the weather

was of more vital interest than the nomings.

Less than a dozen state delegations had failed to hold a caucus, but the exception of Georgia and possibly one or two others there was no fight ahead, and little interest was displayed.

Borah Starts Talk

The main idea was to get to the convention hall, to see the break-away and hope thereby to get the right slant on the possible outcome. There was a lot of talk about the Johnson mass meeting and the declaration by Senator Borah that he would transfer the long senate treaty fight to the floor.

But in the general groping, the doubt about the future, all of the delegates except those fighting inch by inch for their favorite candidate, seemed to agree that the old days when leaders showed them the way were not so bad after all.

FORMER SAILORS ARE TO GET FEDERAL BONUS

Government Will Pay Ex-Navy Men and Reserves Month's Pay for Each Year

Ex-sailors who were honorably discharged and re-enlisted within one year from date of last discharge and not later than November 18, 1920, will receive a bonus of one month's pay for each year they re-enlist, according to word received here.

In addition, they will be granted thirty days' leave, be sent back to the ship from which they were last discharged if they desire, or be transferred to any receiving ship on either coast.

Reserves who have more than one year to serve and whose record entitles them to honorable discharge, upon re-entering active service will be given a bonus of four months' pay equal to the rating in which they are confirmed, continuous service pay, thirty days' leave, and be transferred to any receiving ship on either coast that they desire.

Men discharged since January 1, 1920, will be paid bonus as follows: Chief petty officers \$125; P. O.'s (first class) \$45; P. O.'s (second class) \$25; P. O.'s (third class) \$20; non-rated men (first class) \$45; non-rated men (second class) \$45; first class) \$80; firemen (second class) \$54; firemen (third class) \$48.

The above is only basic pay, full normal extra still allowed.

Any man who served in the navy during the late war upon mailing their discharge or inactive duty orders to the Navy Recruiting Office, Pocatello, Idaho, will be issued a Victory button.

BEFORE THEY GROW BIG AND ANNOYING, CLASSIFIED ADVERTISING WILL SOLVE THE LITTLE WORRIES. IF YOU FIND IT TO YOUR IMMEDIATE INTEREST TO ADVERTISE, CLASSIFIED ADVERTISING WILL ENABLE YOU TO CUT OUT THE WORRY WHICH LONG DELAY MIGHT OCCASION FOR YOU.

READ THE DAILY NEWS.

There was an early start toward the Coliseum, many of the late night stragglers being a bit weary, with a long sleep ahead.

Across the hotels a few hikers offered tickets to the convention at fabulous prices, with few buyers. The crowd was wise, knowing today's session would supply no excitement.

The candidates were up and about early. Campaign managers were on the job, taking stock, and hoping to find out if there had been any overnight changes in the lineup. In the rush to get to the Coliseum nobody paid much attention to the morning conferences with candidates and there was evidence that this method of obtaining publicity was wearing itself out, for some of the leading aspirants sat down word yesterday that there was nothing to say.

Everybody was still up in the air as to who would win the nomination, and from all sides there was a volley of inquiry as to when the job might be finished. Also, for many the weather

OIL STAMPEDE MARKED BY SECURITY OF OLD GOLD RUSH

ANCHORAGE, Alaska, (AP)—Alaskans stampeding to oil lands west of here, are as secretive and dark in their moves as when they rushed to the gold fields of the north over twenty years ago. Recently a launch left here with "sealed orders" carrying several Alaskans believed to be on a secret mission to locate oil claims. The destination was not made known before the party left here.

DEPENDS ON WHOSE FOOT THE SHOE FINISHES

Two locomotive engineers met on the street. Bill sang out to Jim: "We voted to strike at the meeting today, but I didn't see you there."
"No," replied Jim, "I couldn't get downtown on account of the streetcar men's strike. Those fellows haven't any consideration at all for the public."

BRITISH HORSEFLESH ADMIRERS TO REVEAL INTERNATIONAL SHOW THIS YEAR WITH PRIZES \$50,000

King George is Patron of Great Event to be Brought into Prominence after Six Years of Desuetude—"Handy Horse" and Coster Donkeys to be Featured Alongside of Thoroughbreds

LONDON, (AP)—After a lapse of six years the International Horse show will be revived at Olympia here, beginning June 16. Many new features have been added to the varied and lengthy program, and prizes amounting in the aggregate to \$50,000 will be awarded. In past years this annual function under royal patronage proved to be of absorbing interest to horse lovers all over the world and the year's exhibition gives promise of being even more attractive to foreign owners of high-class thoroughbreds and show horses.

His majesty, King George V, is again patron and the list of directors includes the Earl of Londale (chairman), Sir Gilbert Greenall, Bart., C. V. O. Sir James Buchanan, Bart., Messrs. Arthur E. Evans, O. B. E., Walter Lloyd, Walter Winans and R. G. Heaton (managing director). Judge Moore with Messrs. E. T. Stotesbury, Clarence H. Mackay and Lawrence Jones represent America; Canada being represented by Colonel Sir Adam Beck, George W. Beardsmore and Sir Montague D'Almeida. V. O. Mr. Frank F. Euren, as before, is secretary of the show.

In all there are 101 classes. One novelty will be a marathon drive for horses in single harness which will run over a course of 13 miles finishing in the arena at Olympia.

Another interesting event will be the military ride open to all British and foreign military officers on the active list, designed to bring to the attention of the public the qualities of a troop horse or charger, namely, steadiness, balance and stamina, handiness and, above all, unconditional obedience. The ride commences at Aldershot where the competitors assemble in dress uniform on the Aldershot steeple chase course. Here a circuit will be made in the course of which all the jumps, about ten, have to be negotiated. At intervals of two minutes the horses will leave, by squads, for Olympia where they will ride into the ring, at a pace of from 12 to 15 miles per hour, there to take all the obstacles, fences, posts and rails they may find at the commencement of the competition. The prizes will be awarded in the arena.

In the handy horse competitions the horses will have to take a short fence and then some rails after which the riders will dismount, pick up a polo ball and carry it to a basket some 25 yards away, each rider leading his horse from ball to basket. He then remounts, opens and closes a gate, jumps over a gate into a lane and out again over a gate and so to a finish.

Other novelties include prizes for the best trade turnout in which Costers poles, Costers donkeys, light trade vans, turnouts, vans and trade vans will compete. For the latter event Messrs. Alfred and George Vanderbilt (sons of the late A. G. Vanderbilt, a director of the show who was lost on the Lusitania) are offering a special cup.

The King Edward VII international challenge cup for teams of three officers of any nation having been won outright by Russia in 1914, the Prince of Wales is replacing it for the present and to be hidden for on the same conditions as before.

BROTHER FAILED BUT R. MITCHELL HAS CONFIDENCE

Bichie Believes He Can Stop Tender, Feat His Kin Could Not Perform

MILWAUKEE, Wis., (AP)—Bichie Mitchell, the Milwaukee lightweight, will attempt to win the British title, Pinkie, failed to accomplish when he clashes with Low Tender, the Philadelphia southpaw, in a ten-round contest here June 9. Tender, who lost to Pinkie Mitchell in a recent match, but the margin was close.

Bichie Mitchell, with a quick knock-out to his credit over the hardy Jimmy Hamilton of Denver hopes to be able to stop the flashy Philadelphia. Tender is one of the "franks" of the ring, facing a foe with his right hand extended instead of his left.

The match is expected to draw between \$35,000 and \$40,000. Tender has been guaranteed \$10,000, while Mitchell will draw down the same amount, more or less as he has accepted percentage privilege.

DOES QUICK JOB.

JERSEY CITY, N. J., (AP)—Gene Tunney, light heavyweight champion of the American expatriate force, knocked out Jeff Madden of Panama in the second round of a 12-round match last night. The club physician examined Madden's jaw after the bout and said he believed a bone had been broken. Tunney weighed 177 pounds and Madden 176.

Young Chaney of Baltimore, outfought Tommy Noble of England in all but one round of a 12-round bout.

VETERAN IS DEFEATED.

GLOUCESTER, Ariz., (AP)—Young France was awarded the referee's decision over Al Granun of Los Angeles in ten rounds last night at Midland City. They are lightweights.

Three Champions Attend Annual Bathing Costume Parade at Venice

Jack Dempsey, world's heavyweight champion, holding the two champion baby swimmers—Anna May Elliston, aged three, and Dorothy Morgan, aged five, at the annual bathing costume parade which was held recently at Venice, California. The three champions were the center of attraction during the annual parade.

Brief Bits of Sport

The Washingtons have stolen forty bases and lead the A. L. a mile in that detail, but they struggle trailing in the second division.

George Stallings predicted a month ago that by the first of June New York wouldn't be playing the outfield for the Dodgers.

Johnny Kilbane probably wishes another fight with "Kid" Brown of Philadelphia because he let the Kid stay six rounds and extra a draw. This is one of Kilbane's old tricks, making a man think he is just about as good as he is, if not a little better, then in a return match tear into him like a wildcat and set him back about a dozen fights. Brown carried the fight to Kilbane in the earlier rounds, but in the last was cut loose and the bout was called a draw. Fory old Kilbane.

Hugh Jennings, manager of the Detroit Tigers, is fairly well filled up with tiger claws. At present he has five, four of them belonging to a live mascot tiger cat and the other a luck piece, presented to him by Georges Clemenceau, former premier of France. Jennings says they can't lose now.

Joe Beckett, England's heavyweight champion, has announced that he will make a trip to America to meet Georges Carpentier and Jack Dempsey.

The Olympic stadium in which all events of the great Olympic games will be held was officially inaugurated Sunday afternoon with great ceremony. Six hundred men and girls, mostly Belgians, participated in gymnastic exhibitions. Members of the cabinet and other high government officials attended the opening. The stadium was completed three months ahead of schedule time.

Kid Gleason, of the Chicago White Sox, is reported as announcing that he will work his "big four" pitchers in turn. They are Williams, Gleason, Feller and Wilkinson. Note that Dicky Kerr is not included in the list.

Ed Miller, outfielder, who played under Charlie Donah with the Reading International for awhile last year and this spring has been playing independent ball, has been taken on by Connie Mack. He hails from Atlantic City.

Fred Hager, a young catcher recently out of the army, has been taken on by the New York Yankees. Before the war he played with Shoreport and Mobile, and Mobile sold him to Detroit in the fall of 1916, but he was shipped back early the next spring.

New men on first base are a feature in the national league this year. New York's Kelly, Pittsburgh has Grimm, Chicago has Barber, St. Louis has Foster, Philadelphia has Paulette, who is not exactly new to the league as a first

Prosperity Given as Birth Increase Cause

LOS ANGELES, (AP)—People believe they can afford more babies now than a year ago, according to physicians and psychologists, who are endeavoring to explain the large increase in births in Los Angeles.

Figures for April, 1920, just made public, show that 877 babies were born in Los Angeles in that month, as against 718 in April, 1919, an increase of 159. Of those born in April last year, a few months after the signing of the armistice, 371, or more than half, were boys. Of those born in April, 1920, fewer than half, 413 were boys.

"Why is it?" Part of the general prosperity, I guess? Dr. Roy H. Johnson said, "I think we can afford them and the American people are bound to have what they can afford."

SALT LAKE'S ENVIRONS FILMED FOR JAPANESE

Mormon Temple and Other Utah Scenes to be Photographed for Exhibition in Nippon

SALT LAKE CITY (AP)—Moving pictures of the Salt Lake Mormon temple and other local scenes are to be taken soon by Edward Tanka and Harry K. Kotani, of Tokyo, for exhibition in far-away Japan.

After taking pictures in Salt Lake the Japanese plan to go to Yellowstone National park and later return to Zion National park, southwest Utah, and take scenes there.

Mr. Tanka, who is connected with one of Japan's largest film manufacturing concerns says "movies are going ahead wonderfully in the Orient and that in Tokio erection of studios to cost about forty million dollars is contemplated. He says American moving picture experts are to be employed.

AUSTRALIA'S WOOL CLIP DECREASES ONE-FOURTH

Unusual Drouth Conditions Cause Heavy Losses to Livestock Industry of Antipodes

SALT LAKE CITY, (AP)—Australia's wool clip this year will total about 1,025,000,000 pounds, valued at \$375,000,000, or 25 per cent less than last season, according to Louis F. Green of Melbourne, with sheep interests in Queensland, who is in Utah to study American sheep methods. He plans to visit the entire intermountain sheep country before returning home.

Unusual drouth conditions caused heavy losses to Australian sheepmen and cattlemen, Mr. Green declared. He said on one ranch upwards to 15,000 cattle died because of water conditions and that sheepmen suffered accordingly.

The Australian clip last year totaled approximately 1,360,000,000 pounds valued at \$500,000,000, according to Mr. Green.

Why That Headache?

When you know the cause of a disease a cure may often be effected. This is particularly true of headaches. Headache often results from constriction of a disordered condition of the stomach, which may be corrected by taking a dose or two of Chamberlain's Tablets. Try it. These tablets are easy to take and mild and gentle in effect.—Adv.

"Probably the purchase you have planned to make today ought to be made now. Get light from the ad."

Directs Labor of France

Probably the most powerful man in France today is M. Joseph, president and general secretary of the Amalgamated Union of France. France, in the throes of a labor crisis which seriously threatens the life of the country, anxiously awaits the decision of Joseph. The "Samuel Gompers" of France is greatly admired throughout that country for his clear vision in labor activities and his pacifist attitude in labor troubles.

IDAHO GAME WARDEN ORDERS CO-OPERATION WITH FORESTERS

POCATELLO, Idaho, (AP)—Orders for all deputies to co-operate with forestry officials in every way for the protection of timber have been issued by O. M. Jones, Idaho state game warden. The state deputies are authorized to arrest and turn over to federal authorities any campers starting dangerous fires, or leaving camp fires burning and to prosecute any individual violating any of the forestry regulations, this being part of their duty as deputy game wardens. Through active co-operation of this sort it is hoped to keep forest fires in Idaho at a minimum during the coming summer and fall.

If it can be bought for less the fact will be advertised.

An Electric Range Means Kitchen Comfort

Less watching is required when you cook on an electric range. The radiated heat that is even and easily regulated causes small loss of moisture. There is no fear of burning—food may be left cooking for hours, if necessary—and stirring and turning are unnecessary.

You can save your meat bill by using an electric range, for you will find the radiated heat causes from 15 per cent to 25 per cent less shrinkage.

It is the ideal way of cooking from every standpoint—clean, cool and convenient. Let us tell you about the fireless cooker principle which is used in our electric ranges.

DEMPSEY GOES ON TRIAL OR EVADING DRAFT

United States District Court at San Francisco Takes up the Charges Against the Heavyweight Champion Pugilist

SAN FRANCISCO, (AP)—William Harrison (Jack) Dempsey, heavyweight champion of the world, was taken to the United States district court here today on a charge of evading the selective service draft. Dempsey's trial will be followed by the joint hearing of Dempsey and his manager, Jack Kearns, on an indictment charging them with conspiring to evade the draft.

Fine and Prison Penalty
The draft evasion charges against William Harrison (Jack) Dempsey, the heavyweight champion boxer of the world, and Jack Kearns, his manager, were filed here in the United States district court. The statute covering them carries a maximum sentence of three years and a \$2,000 fine. Dempsey's case is the event of a conviction. There are two charges against him, one an actual draft evasion and the other conspiracy to effect such evasion. The Kearns case is covered only by the latter charge.

Divorced Wife Figures
The indictments were returned February 27 following statements made to the federal grand jury by Maxine Mayne Dempsey, divorced wife of the pugilist, that he sought to evade the draft as to her dependence on him in order to avoid military service, and had given such testimony against her. Subsequently she retracted her charges in a signed affidavit submitted to the United States district attorney's office here, but despite this retraction the grand jury returned the indictments. The Dempseys were married in Salt Lake City, Utah. Following the divorce Mrs. Dempsey was employed as a dance hall in Wells, Nevada, and made her charges from that place. Dempsey was charged with having falsely sworn that his father, mother, and sister were dead and her two children were dependent upon him and that he had contributed \$20 a month to their support during 1917 and that he had lived with his wife and 18 months before being called up before the draft board.

Kearns' Alleged Oath
Kearns' part was alleged to have been the coaching of Dempsey in his supposed act of draft evasion. Both denied emphatically that they sought such evasion and introduced statements from draft board officials to substantiate their claims.

CAUCASIANS PICK

(Continued from Page One)
jority on the California delegation were reported to re-electing William H. Crocker as national committeeman until all ballots on president at least had been cast. The cause was that of insuring solidarity of the delegation's support. In the past Mr. Crocker has been prominent in the anti-Johnson wing of the party in California.

Say Johnson Favors Hearst
It also was reported that some of Senator Johnson's friends had urged supplanting of Dempsey by a friendly to William Randolph Hearst, whose newspapers are supporting the Johnson candidacy, but opposition was said to have caused abandonment of the move and the agreement to let the national committee election go over temporarily. Considerable feeling among the California delegates over the situation was reported. The cause was that of insuring solidarity of the delegation and Johnson faction today gave assurances that California's vote would be cast for Mr. Johnson and he should release them. In Kansas the contest between D. W. Mulvane and Fred Stanley, whose term on the national committee has just expired, also was put over until after balloting. Stanley is a Wood supporter.

Georgia Elects Negro
Henry Lincoln Johnson, an Atlanta negro who led the fight of the Lowden delegates before the republican national committee, was today elected national committeeman from Georgia, by the state delegation.

The Wood delegates, headed by Roscoe Pickett, the defeated candidate for national committeeman, announced that they would carry their fight to the credentials committee of the convention. Johnson, at the hearings had told the national committee he would forego his hopes of being national committeeman if the Lowden delegates were seated.

Bamberger Utah's Choice
Ernest Bamberger was chosen national committeeman by the Utah caucus today.

Other committeemen named are: Tennessee, John W. Overall; Maryland, William P. Jackson; Arkansas, H. L. Remmel; South Carolina, J. W. Tolbert; Kentucky, A. T. Hertz; North Carolina, John M. Morehead.

Your Big Left Foot.
Your left foot is larger than your right in 90 cases out of 100. Science explains it in many ways; but we accept the easiest one, which is that we are a world of left-footed loungers. We lean against posts and door jambs and we do most of our leaning on our left foot; consequently, through the years it has grown to support the weight that the lax foot doesn't. The next time you buy shoes, have your left foot measured first.

You can't guess your way to economy and thrift. Study the ads.

The KITCHEN CABINET

Show me a man who doesn't make mistakes and I will show you a man who doesn't do things—Theodore Roosevelt.

Thus do all things preach the indifference of circumstances. The man is all—Kearns.

QUALITIES OF COMMON FRUITS.

Every housekeeper who plans the meals should have a clear understanding of the qualities of fruit and teach these to her children. She should know that fruit is not a luxury but a necessity. The acid fruits are:

Lemon—Excessive citric acid, antibilious, potash salts, lime and magnesia.
Orange—Moderate citric acid, laxative, valuable.
Grapefruit—Excessive citric acid, bitter tonic, purifying.
Strawberry—Citric and malic acid, antibilious, potash, lime, soda.
Cherry—Tonic.
Cranberry—Citric acid, iron, tonic.
Currant—Citric acid.
Gooseberry—Citric acid and malic acid.
Blackberry—Iron, constipating.
Sub acid fruits:

Apple—Malic acid, phosphates, laxative, sugar.
Pear—Iron, potash salts, very laxative, sugar.
Peach—Acid—Laxative, and sugar.
Plum—Very laxative, nitrogen, sugar.
Grapes—Tartaric and phosphoric acids, potash salts, iron, excessive sugar.
Raisins—Dried grapes, more laxative than the fresh grapes.
Pineapple—Natural popsin, sugar.
Raspberry, loganberry, huckleberry—Mild, refreshing, moderate sugar.
Elderberry—Astringent and medicinal.

Banana and Sugar Fruits:
Banana—Constipating, excessive starch.
Fig—Very laxative, sugar, protein.
Date—Excessive sugar, protein.
Alligator pear—Oil, starch.
Melon—Refining, sugar, purifying.
Such fruits as water and musk melons contain upward of 95 per cent of water. The flavor is agreeable and in hot weather they are especially refreshing.

The value of fruits in season cannot be overestimated. Dried fruits compare with cereals, says Langworthy.

VIRGINIA COURT SEES FREE-FOR-ALL FIGHT

Congressman Flood and Half Dozen Lawyers Witness a Savage and Bloody Fight

MANASSAS, Va., (AP)—Congressman Flood of Virginia, and half a dozen lawyers and witnesses in the famous Porter will case engaged in a free-for-all fight today in the Prince William county circuit court. Most of the combatants sustained cuts and bruises about the face.

The fight followed an assertion by John S. Harbour, counsel for proponents of the will, that affidavits offered by contestants among whom is Mrs. Flood, were "all lies."
"No one but a bound would make such a statement," Mr. Flood shouted. Mr. Harbour advanced on the congressman and was said to have struck the first blow. Mr. Flood hit the lawyer with the back of his hand and William P. Meredith of Washington, whose wife is chief beneficiary under the will, struck Mr. Flood.
Mrs. Meredith's head and several others joined in the fight. When court officers finally had restored order Judge Porter lectured Mr. Harbour for a remark, but said he would not hold him or the others for contempt of court.
The Porter will dispute of an estate valued at \$1,200,000.

STANDARD OIL REDUCES PRICE OF PETROLEUM

NEW YORK, (AP)—The Standard Oil company of New York today reduced the price of petroleum 3-4 cents making refined in tanks 20-3-4 cents a gallon, refined in tanks 14-1-4 cents and standard in barrels 21-1-4 cents.

Strasbourg's Famous Cathedral.
Strasbourg, capital of Alsace, called the bulwark of the Holy Roman Empire by Emperor Maximilian I. It is famed for its cathedral and piteo fide gras and prized for its commercial and political importance. Its cathedral, whose building extended over four centuries, says a National Geographic society bulletin, typifies the diverse influences to which the city has been subjected. The facade especially presents a singularly happy union of the northern France and German style of cathedral architecture.

DADDY'S EVENING FAIRY TALE

FLY'S VISIT.

"I think," said the fly, "I will sit on your head. It looks like a nice, comfortable resting place, and almost as nice as a ceiling or window pane."

"Well," said Mrs. White Hen, whose head the fly was sitting upon, "you needn't do it on my account. I don't want you to sit on my head. I can't get you off even by shaking."

"I do not want my head around," said the fly, "but I am complimented by you and told that my head is a nice, comfortable resting place, and almost as nice as a ceiling or a window pane. This is, you said, before you actually sat on my head, and that was the way you thought it looked."

"Now you must think so because you're sitting there and don't want to move," said the fly, "that doesn't always mean so much. It is cold now, and I am here when I really shouldn't be."

"Well, you needn't stay on my account," said Mrs. White Hen again, who was much annoyed by the fly's visit.

"I'm not," said the fly, "on your account. Then, whose account are you staying on?" asked Mrs. White Hen.

"I'm not staying on anyone's account," said the fly. "I'm staying on your head."

"Oh, yes, oh, yes," said Mrs. White Hen, "but I mean that I don't want you and so you needn't stay because you're sitting there."

"Oh, yes," said the fly, "I understand that was what you meant when you said I needn't stay on your account, and then as I'm very sleepy and lazy and as I've not much more brain power left, I forget what it was you been saying and only know you were talking about staying somewhere. And of course I was, and still am, staying on your head."

"But you see this isn't the time of year for me, no, I folks say so. If they would say: 'Why look at the fly in the winter time. How strange it does seem to see him.'"

"It wouldn't be because they would be glad to see me, Gracious no. If I had to wait for invitation, Mrs. Hen, I would never visit anyone or anywhere."

"You see, I'm none too healthy a creature to have around, and I'm of little use, and so no one cares particularly for me, and I really don't care much either. I'm not very bright, and I don't feel but about it as some creatures would."

"One of the reasons I'm not leaving you is because I'm too lazy. If I could see some sugar around or something to eat I would blowly leave you and sit on the food instead."

"But I see no food around," said Mrs. Hen, still shaking her head. Finally the fly got off and went on top of a railing nearby.

"Why are the roosters over there and why are the hens at this side?" asked the fly. "Aren't you friendly?"

"Oh, yes," said Mrs. White Hen, "but the roosters were having a meeting about the coming spring season and what they thought the future outlook was as regards the market for worms in the ground."

"And we were squawking and sleeping and napping when they began their talk, so we didn't take part in it. You woke me up, you see."

"I'd be sorry for you if I were not a fly, but a fly isn't sorry for anything. And, too, I feel so tired there is so little life in me, for it is the winter, and I ought not to have come out. I feel warm weather."

"You'd better leave, then," said Mrs. White Hen, "for it gets even colder here at night."

"You'd better leave, then," said Mrs. White Hen, "for it gets even colder here at night."

"Good-by."

She winked slyly to Mrs. Gray Hen, who had just awakened and who saw that the fly still annoyed Mrs. White Hen, for she was afraid he would come back and land on her any moment.

"Good-by," said the fly, as at last it slowly flew off. "I'm never asked for visits. I'm never asked to stay longer, but then I don't care. After all, I'm only a fly!"

Also Extinguished.

Mother—Girls, you don't know how near President Culturalism came to running over me today.

Girls (disappointed)—Oh, mamma! You might have been so distinguished!

RAILROAD'S STOCK DROPS

Chicago and Northwestern Railway Company Stock Today Fell Approximately Ten Points Below Yesterday's Closing Figure.

NEW YORK, (AP)—Chicago and Northwestern Railway company stock today fell approximately ten points below yesterday's closing figure. The break came with the announcement of a 1 per cent cut in the company's semi-annual dividend, on the common stock and 1-2 of 1 per cent reduction in the semi-annual dividend on the preferred.

The common dividend declared was of 2 1-2 per cent placing the stock on an annual dividend basis of 5 per cent. Formerly the stock paid 7 per cent annually.

On preferred stock the dividend declared was 3 1-2 per cent, reducing the annual dividend from 8 to 7 per cent. An officer stated the reduction was because of present uncertainties in the railroad situation.

SMALLER WHEAT CROP

(Continued from Page One)

per cent of a normal; barley 87.6; rye 84.4; hay 88.9; pastures 88.8; apples 79.3; peaches 64.5.

The area planted to oats this year is 41,029,000 acres, or 98.8 per cent of last year's.

The area planted to barley is 7,487,000 acres, or 100.2 per cent of last year's.

SUFFRAGE AMENDMENT UP FOR ACTION IN LOUISIANA

BATON ROUGE, La., (AP)—The senate passed the federal suffrage amendment to the third reading last night after heated debate. It will come up for final action Thursday.

The action on the resolution came after the leaders of the state's rights party withdrew the senate resolution to take up the bill recently passed by the house thus displacing the state amendment resolution from the place on the state calendar and putting the federal amendment ahead.

SEVEN JOE LIVES IN AUSTRIAN FOOD ROTTING

GRATZ, (AP)—Seven persons were killed and 30 wounded today when German fired into crowds which were demonstrating against profiteering in food.

Toward the last, prices underwent a

TESTIMONY BAD FOR MAGEE AND PLAYER H. CHASE

Head of National League Says Former Cub Confessed Gambling on Games

CINCINNATI, O., (AP)—John Heydler, president of the National league, on witness stand in the United States district court here today in the suit of Lee Magee, against the Chicago National league club for \$50,000 claimed to be due him for salary and possible bonus under his contract of 1920, testified that Magee came to him and President Veck, of the Chicago club on February 10, 1920, and "confessed."

Heydler said Magee told him and Veck that Hat Chas had tempted him to gamble on the game and that Chas had forced money on him.

The testimony of President William Veck of the Chicago club was similar to that of Heydler's, relative to Magee's confession.

Today's Markets

New York Stock Market

NEW YORK, (AP)—Developments bearing upon the stock market continued to favor the short interest today after an early period of moderate strength in price. Sales approximated 375,000 shares.

Stocks were inclined to react at the quiet opening of today's session, yet today's late flurry in call loans encouraged the shorts to resume their recent aggression. There were a few exceptions, however. Reading, Harvester and Royal Dutch scored gains of 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

Liberty Bonds

NEW YORK, (AP)—Liberty bonds closed prices: 3 1/2's \$91.60; first 4's \$89.34; second 4's \$85.50; first 4 1/2's \$86.40; second 4 1/2's \$85.40; third 4 1/2's \$85.50; fourth 4 1/2's \$85.70; Victory 3 3/4's \$85.40; Victory 4 3/4's \$85.40.

Grains and Provisions

CHICAGO, (AP)—The corn market climbed today after a decline at the opening. The market for wheat, which ranged from 85c to 1-3-8 lower, with July \$1.70 3-4 to 1.71 and September \$1.60 1-4 to 1.60 3-4, were followed by a sharp rise to well above yesterday's finish.

Toward the last, prices underwent a

setback owing largely to severe declines in the value of silver and to cutting of the Chicago and Northwestern railway dividend. The club was made 1-3-8 to 1-3-4 lower with July \$1.70 5-8 to 1.70 3-4 and September \$1.71 1-4 to 1.71 1-8.

Cash displayed strength from the outset. After opening 1-4 off to 1-3-8 advance, including July at 96c to 96 1-4c, the market scored a material upturn.

Provisions were dull and easier in sympathy.

Cash Quotations

CHICAGO, (AP)—Wheat No. 3 red \$3.94.
Corn No. 2 mixed \$1.90 to 1.93; No. 2 yellow \$1.90 to 1.94.
Oats No. 2 white \$1.18 to 1.19; No. 3 white \$1.14 1-2 to 1.17.
Rye No. 2 \$2.16 to 2.27.
Barley \$1.40 to 1.53.
Timothy seed \$10 to 12.
Clover seed \$25 to 35.
Fork nominal.
Lard \$20.
Hides \$17.25 to 18.25.

Minneapolis Flour and Grain

MINNEAPOLIS, (AP)—Flour 35c lower at one mill. In carload lots, family patents quoted at \$14.50 to 15.25 a barrel in 98 pound cotton sacks.
Bran \$3.
Wheat, cash No. 1 \$2.80 to 2.95.
Oats \$1.81 to 1.95.
Cattle \$10.50 to 1.07.
Barley \$1.25 to 1.55.
Rye No. 2 \$2.12 to 2.14.
Flax No. 1 \$4.90 3-4 to \$4.97 3-4.

Chicago Livestock

CHICAGO, (AP)—Cattle receipts 8,000; beef steers mostly 50c higher, some 75c higher; hogs \$16.25; top yearlings \$16.50; bulk all weight \$15.50 to 15.60; fat cows and heifers 25c higher; canners and bulls strong to higher; yearling calves 50c to 75c higher, with bulk at \$14 to 14.50; stockers and feeders 25c higher.

Hog receipts 33,000; generally 15c to 25c lower; lights off most; top yearlings \$16.50; bulk all weight \$15.50 to 15.60; fat cows and heifers 25c higher; canners and bulls strong to higher; yearling calves 50c to 75c higher, with bulk at \$14 to 14.50; stockers and feeders 25c higher.

Sheep receipts 5,000; quality poor; lambs 50c to \$1 higher, in-between kind advancing most; sheep steady; best short lambs \$16.50; native spring lambs \$16.50; choice ewes \$7.50 to 8.

Potatoes

CHICAGO, (AP)—Potatoes weaker; receipts 40 cars; Northern White, sacked \$9 to 9.25; new, Alabama White \$10.50 to 11; red \$10.75 to 11; South Carolina barrels, Cobblers \$17.50.

vard Building, Chicago.

WATCHING THE WAR MAP

The general trend of the news from
Russia and Poland may account in part
for the reported cordiality between the
British foreign office and the representa-
tive of the soviet government at pres-
ent in London. The stronger the intima-
tion that the Polish armies have met
more than their match in the field, the
firmer the prospects that England and
Russia will meet some sort of "an un-
derstanding. Just what it will be no
one can guess, because no one outside of
the British chancellery knows the Eng-
lish plans, and just as certainly no one
outside of Moscow knows the Russian
program.

But what is too plain to be misun-
derstood is that the circumstances outline
defeat for the Polish armies. From
that to an agreement for trade recog-
nition with Russia, to British recognition
of soviet Russia, is a short step as di-
plomacy functions in Europe at present.
The Poles can make no call upon the
allies or league of nations for help if
they should be overwhelmed by the Rus-
sian steam roller, for Poland made war
upon the soviet against the advice and
warnings of the great powers.

And since the Polish war takes on
the outward form of territorial aggres-
sion, the situation is all the worse.

But the political point is that the
closer the Poles come to defeat the
closer England and Russia come in an
agreement which will result in trade re-
cognition and possibly diplomatic recog-
nition.

Things are happening and it will re-
pay observers of political and other
world events to watch the stage for de-
velopments from the London-Moscow
arena.

CIVIL WAR HARD TIMES

The Kansas City Star, for the sake
of comparison with present high prices,
gives a short resume of Civil War prices
and conditions. It says:

"Early in 1865 flour was selling at
\$22 a barrel; sugar had advanced to 35
cents a pound, butter to 75 cents, and
vegetables, canned goods, tea and cof-
fee had doubled in price. Pork had
moved up from \$20 a barrel wholesale
to \$60. Coal was selling for \$19 a ton,
kerosene for 90 cents a gallon, a spool
of cotton thread for 30 cents, and mus-
lin that had sold for from 6 to 7 cents
a yard in 1860 were hard to get at 75
cents a yard."

However, that paper goes on to in-
form us, immediately after the close of
the Civil War prices started to decline
—something that surely has not hap-
pened since the close of the World War.
By the time Lee surrendered in April
of 1865 there had been a decline of 27
points in the general plane of prices.
Prices went up again in 1866 and con-
tinued up for two years and four years
after the war a steady decline set in
and not until thirteen years after the
war was the pre-war level reached.

UNIVERSITY OF IDAHO WINS

SWEETSTAKES WITH 2008
MOSCOW, Idaho, (AP)—Eggs exhib-
ited by the poultry husbandry depart-
ment of the University of Idaho won
the grand sweepstakes, sweepstakes in
the "white" class, sweepstakes in the
experiment station class, two firsts,
one second and one third in Purdue
university's recent egg hold (twelve) an-
nual egg show. It is announced from the
office of Agriculture, U. of I. Idings of the col-
lege of Idings.

Plans are now being made by the
poultry husbandry department for a
university show which will give Idah-
oans the opportunity to try their skill
at selecting a dozen eggs for exhibition
purpose.

In a time when prices are unstable
it is important that women should keep
informed as to the latest fluctuations,
that they may solve their shopping
problems wisely.

Gould Daughter Third Member of Family to Elope

Miss Edith C. Gould, beautiful eighteen year old daughter of Mr. and Mrs. George Gould, eloped several days ago with Carroll W. Wolff, twenty-two, Yale undergraduate and son of Mrs. Carl P. Wolff, of New York City. The couple traveled to Philadelphia and were unable to get a license because of the bride's age. They then motored seventy miles to Elkton, the Maryland Gettysburg Green, and were married by the Rev. John McKinley, pastor of the Elkton Presbyterian Church, in the parlor of the manse. The only witness was the chauffeur of the hired automobile. Quick parental forgiveness came to the young couple. George J. Gould wired his "good wishes" after receiving a telegram from the elopers. Miss Gould is the third member of the millionaire family to elope. Her brothers Kingston and George Jay, Jr., were married within a few days of each other in 1914, causing a stir in society and separating themselves for a period from the bosom of their family.

BUY BEFORE MARRIAGE
CHICAGO GIRLS' IDEA

**Merchant Recounts Reasons
Given for Purchase of Ex-
pensive Fur Coats**

CHICAGO, (AP)—"You should hear
the reasons many working girls give for
buying fur coats," remarked a Chi-
cago merchant to the great number of
such purchases being made. "One of
the comment is, 'Well, if I don't get it
now before I get married, I never
will afterward.'"

The sight of so many handsome fur
coats coming to downtown office buildings
has led to the report that girls are buy-
ing them on the installment plan. Not
so in the main, according to inquiry
among merchants.

The fur that working girls buy on
installments, one house prominent in
this class says, are mostly of the cheap-
er grades, averaging in price around
several hundred dollars.

Now and then, said the proprietor of
this concern, a working girl making a
good salary comes in to buy a \$400 or
\$500 fur. Her first payment on a pur-
chase of this size is required to be \$150,
\$200 or perhaps more. She has then
four or five months in which to meet
the balance.

The run of the stores however ask
cash in advance. Too much, many
have their own installment plan, but
this is quite different from the deferred
payment system usually associated with
retail trade.

These deferred payments are "be-
fore" rather than "after" getting the
goods. The working girl who sighs for
a handsome fur can go to a number of
the big mercantile houses and select the
one she likes, make an initial payment
and have it laid away while she is com-
pleting a series of regular installments.
When she has made the last she gets
the coat.

Many of the expensive fur coats worn
by working girls are bought by girls
who live at home with their parents, it
is reported by furriers, and they add
that frequently assistance is given from
father's pocketbook.

"I know how never" may be the
reason that leads many young women
on a salary to a fur coat, some mer-
chants say that the high prices of eth-
er kinds of coats is a very important
factor in these purchases.

Traces Word "Booze"
to Honorable Origin

CLEVELAND, O., (AP)—"Booze"
has had its ancient and honorable
ancestry in the English language
uncovered here recently by Prof.
William H. Hulme of Western Re-
serve University.

Labeled for generations as an
etymological outlaw and branded
as such with quotation marks,
Prof. Hulme finds "booze" has a
pedigree longer than that of most
kings. Its earliest spelling, according
to Prof. Hulme, was "bowse."

The later writings show it was
"bouse" and finally "booze."
Both as a noun and verb the
word, Prof. Hulme said, "written
'bowse' in middle English litera-
ture as far back as 1300, had the
meaning 'to drink in excess.' About
1600 the word, in its honorable
character it had and became a slang
word. The particular 'bousing' is
recorded as early as 1529, and
'bouser' was used in English in
1611."

CHARACTER WITNESSES
TAKE STAND FOR DOG

Omaha Court Admits Testimony on Be-
half of Accused Beast over Ob-
jections of Attorneys

OMAHA, Neb., (AP)—Character wit-
ness testimony in behalf of a dog was
taken here recently before Judge Es-
telle in district court. City attorneys
objected to the admission of such evi-
dence but the judge ruled a dog has as
much right to it as a human.

The good character of the dog, which
had bitten and maimed a child, was
established to the satisfaction of the court
and he annulled the death sentence
which had previously been passed upon
the prisoner.

"Dick" belonged to 12 year old Mary
Schwartz. One day he ran along to the
grocery store with her brother and while
there he bit Lena Chisno, a miss of 13. The
police judge who first heard the case
meted out the extreme penalty. He did
not however pass on the extenuating
circumstances. Some youngster in the
store had stepped on Dick's tail.

To buy the right thing instead of
the wrong one may mean to buy satis-
faction instead of regret and vexation.

OLDEST MOUNTAIN PASS
TO BE OPENED TO AUTO

State of Colorado Co-operates
with County for Improve-
ment of Road

STEAMBOAT SPRINGS, Colo., (AP)—
Gore Pass road, probably the oldest
wagon road across the Continental Di-
vide but over which, it is said, no au-
tomobile has ever gone, soon will be
opened for motor traffic.

The state and Bent county have
each appropriated \$10,000 for the im-
provement of the road and work is
scheduled to begin soon. Only a small
portion of the road on top of the Di-
vide is in poor condition but that con-
dition makes the pass impassable for au-
tomobiles. Gore Pass road connects
Topsnake in the southern end of Egre-
ria park, with Kremmling in Middle park.

It has easy grades and is said to be
clear of snow a month later in the fall
and a month earlier in the spring than
any other road crossing the Divide in
this region.

Gore Pass road was first crossed with
wagons in 1856 when Sir George Gore,
an Irish nobleman, and an army of ser-
vants and retainers, traveling in thirty
wagons under guidance of Jim Bridger,
penetrated the wilderness beyond the
pass in search of game. Sir George is
said to have killed thousands of deer,
elk, deer and antelope during the three
years that he spent in the Rockies.
During that period his men built
roads for him into many portions of the
mountains.

In 1859, General Bela M. Hughes, pi-
oneer stage manager, opened a route be-
tween Denver and Salt Lake over Gore
Pass, taking advantage of the work al-
ready done by Sir George's men. A
stage company was chartered to operate
vehicles between the two cities but the
stages were never run.

FIXES POLITICAL DATES

Secretary of State Jones Gives Answer
to Inquiries of Politicians

BOISE—Idaho's primary election will
take place on August 3, the first Tues-
day in the month, said Robert O. Jones,
secretary of state, Saturday in reply to
a query from Sen. McCarthy, prosecu-
ting attorney of Nez Perce county, who
had been misled by fancied difference
between the wording of a statute in the
Session Laws of 1919 and the compiled
statutes.

The primary election statute as first
passed at the 1919 session named the
second Tuesday in the month. It was
soon after amended, however, and both
the original and amended laws are to
be found in the session laws.

The secretary of state announced the
following dates as authentic:

Primary election, August 3.
County central committee meetings,
August 14.
County conventions, August 17.
State central committee meeting, Au-
gust 24.
State convention, August 24.

SCHOOLBOY SAVES OWN LIFE

BY HER PRESENCE OF MIND

MINNEAPOLIS, Minn., (AP)—George
Friedman, 10-year-old schoolgirl of
Deephaven, a summer resort at Lake
Minnetonka, recently saved her life by
flipping a speeding trolley car with
her red sweater after her foot caught in
the "frog" of a switch.

The girl was on her way to school
when the heel of her shoe jammed in
the "frog" as she crossed the tracks.
In face of the speeding car, which was
coming toward her at a rate of 50
miles an hour, she tore off her red
sweater and waved it as a danger sig-
nal.

The motorman stopped the car a few
inches from the girl. When all was
over and her foot freed from the rail
she collapsed.

ITALIAN ORGANIZER LEAVES

REQUEST FOR MUNICIPAL PARK

EVANVILLE, Ind., (AP)—Joseph
Coppello, an Italian, almost every ev-
ening, would walk the streets of this
city, and for hours would enjoy its beau-
ty after he had completed his work in
a cigar factory.

In appreciation, Coppello, who died
recently, bequeathed \$5,000 to the city
for improving the park.

CHICAGO HOST TO REPUBLICANS IN
CONVENTION ON TENTH OCCASION

CHICAGO, (AP)—The republican na-
tional convention meeting here today
is the tenth to be held in Chicago.
Philadelphia has had the event three
times and Baltimore, Minneapolis, St.
Louis and Cincinnati once each.

Previous conventions with their nom-
inations make this list:

Philadelphia, 1856, John C. Fremont
and W. L. Dayton.
Chicago, 1860, Abraham Lincoln and
Hannibal Hamlin.
Baltimore, 1864, Abraham Lincoln
and Andrew Johnson.
Chicago, 1868, Ulysses S. Grant and
Schuyler Colfax.
Philadelphia, 1872, Ulysses S. Grant
and Henry Wilson.

COCONUT TREE CENTER OF
HEATED HONOLULU ARGUMENT

HONOLULU, T. H., (AP)—The co-
conut tree, described by Mark Twain
during his visit to the Hawaiian islands
as "a feather duster struck by light-
ning," is the center of a heated argu-
ment in Honolulu.

Recently the Outdoor Circle, a wom-
an's organization whose main aim is
beautifying the city, asked permission
to plant 500 more coconut trees in
Kapiolani park. Supervisor Eben Low
refused the request with the comment
that "A coconut tree is a blight upon
the landscape."

So far the Outdoor circle leads in the
controversy, for, despite Low's objec-
tion it has succeeded in planting a doz-
en or more new coconuts in the park.

You will find the ads of your fa-
vorite stores always interesting—which is
one of the reasons why it is your
favorite store.

GEO. H. DARROW

JAMES FITZGERALD

SIX YEARS AGO the advertiser signed a contract
or space with a sigh. He was gambling and he knew it

He suspected that often the dice were loaded and that
he would not get the circulation for which he was paying.

Today he buys advertising space with the same cer-
tainty that he buys any other commodity. It is measured
just as surely as the coal for his furnace is measured.

The measuring machine is the Audit Bureau of
Circulations and the A. B. C. report on a publication is his
certificate from an impartial weighmaster.

The best publications in the country supply A. B. C.
reports to their advertisers.

The NEWS is one of that honorable company.

MRS. ALICE GRESHAM DODD, mother of the first American soldier killed in France, who gives entire credit for recovery of her health to the well-known medicine Tanlac.

The following remarkable endorsement of Tanlac was given recently by Mrs. Alice Gresham Dodd, at the Gresham Memorial Home, Garvin Park, Evanston, Ill., which home was presented to her by the patriotic people of Indiana, as evidence of their appreciation of the services rendered to his country by her son, Corporal James B. Gresham, the first American soldier killed in France. Expressions of sympathy were received by Mrs. Dodd from all parts of the United States, and the newspapers of the country carried the story of the first "war mother."

The shock of her son's death resulted in the serious breakdown of Mrs. Dodd's health, but everyone will learn with interest and pleasure that she is now in splendid health again. When seen at her home recently she made the following statement, giving the entire credit for her recovery to the well-known medicine, Tanlac.

"After my dear boy's death, I had a general breakdown in health," said Mrs. Dodd. "At first it was just indigestion. My food used to upset me and I had to diet myself very carefully, which wasn't much hardship as I lost all desire to eat. Then I had an attack of rheumatism, with severe pains in my shoulders, back and arms. Sometimes I used to suffer a great deal, and my joints would get all swollen up and stiff. I was able to do very little about the house, and at times couldn't even cook a meal. I got very nervous and restless, and at night would lay awake for hours, and lost many a night's sleep as a consequence.

"A friend of mine had received a great deal of help from Tanlac, and it was she who advised me to try it. I am glad I did for it proved the best medicine I have ever taken. It soon gave me a good appetite and seemed to settle my stomach so that I was no longer troubled with indigestion. I don't know what it is to have rheumatic pains now, the swelling and stiffness have all gone out of my joints, and I am able to do the work of the house with the greatest ease. My nerves are now steady and strong, I sleep fine at night, and I feel better in health than ever before in my life. I shall always be grateful for what Tanlac has done for me, and shall recommend it every chance I get."

Tanlac is sold in Twin Falls by City Pharmacy and by the leading druggists in every city.—adv.

ROOSTER'S MATUTINAL CROW OUTSIDE COURT JURISDICTION

MINNEAPOLIS, (P)—The rooster's early morning crow cannot be restrained by court order.

Such was the decision of Judge W. W. Bardwell, in district court here, after hearing a petition from Dr. C. F. Dight, a former alderman of the city, seeking an injunction to restrain sleep-disturbing noises which, he said, came from his neighbor's house and yard.

Now Is the Time to Get Rid of Your Rheumatism

If you are troubled with chronic or muscular rheumatism buy a bottle of Chamberlain's Liniment and massage the affected parts twice a day with it. You are certain to be very much benefited by it if not actually cured. Try it.—adv.

If a woman hopes to become proficient in music she does not neglect to study music. If she hopes to become more and more efficient as a buyer for the home she will not neglect the regular and interesting study of the ad. For study is the price of knowledge; and to know is the first quality in buying.

Old Age Greatest in Serbia.

Serbia is the country of centenarians. One man in every 2,000 reaches 100 years. Ireland ranks next, with one in every 8,180. Out of every 43,000 Spaniards one is a centenarian. In England, Scotland and Wales one in 17,000; in France one in 180,750 and Switzerland, with all its reputed healthfulness, seems not to possess one.

Part of the Game.

A referee has lodged a complaint against the football club on whose grounds he was assaulted by several spectators who disagreed with his decisions. Although sympathizing with him we fear his attempt to rob our national game of its most sporting element will not meet with general approval.—Punch, London.

THE MOST CAPABLE person you could secure in the city for that position is probably a regular reader of the classified advertising on the alert for the right opportunity.

NOTICE TO BRIDGE CONTRACTORS

Notice is hereby given that sealed proposals will be received by the Director of Roads of the Piler Highway District at his office in Filor, Idaho, up to ten (10) o'clock a. m., June 10th, 1920, when all proposals will be publicly opened and read. The work contemplated is the construction of the following bridges:

One steel bridge 46 ft. 0 in. span across the High Line Canal between sections 14 and 35, T. 10 S., R. 15 E., B. M.

One steel bridge 75 ft. 0 in. skow span across the Low Line Canal between sections 10, 19, 18, 16, E. B. M., and 24 T. 10 S., R. 15 E., B. M.

One steel bridge 30 ft. 0 in. span across Cedar Draw between sections 7 and 15, T. 10 S., R. 16 E., B. M.

The plans and specifications may be examined at the office of the Director of Roads of the Piler Highway District or copies will be forwarded upon a payment of two dollars (\$2.00) per structure to the Director.

Each proposal shall be accompanied by a certified check, payable to Arthur E. Anderson, Treasurer, Piler Highway District, in the amount of 5 per cent of the bid, and the successful bidder will be required to furnish a bond in an amount equal to the contract price, to the approval of the Commission of the Piler Highway District, conditioned upon the faithful performance of the work in accordance with the profile, plans and specifications therein set forth, and conditioned also upon the payment by the contractor and all subcontractors for all labor performed and materials furnished in the construction of the bridges. Each bond shall be only on the form specified by the commission, copies of which will be furnished on request.

The right is reserved by the commission to reject any or all bids or to award on any combination of bids that in their judgment is most advantageous to the Piler Highway District.

PILER HIGHWAY DISTRICT,

By Jas. A. Byler, Director of Roads.

NOTICE TO CONTRACTORS

Sealed bids will be received up to and until 2 o'clock P. M., June 11th, 1920, by the Trustees of School District No. 31, Carey, Idaho, for the construction of a concrete school building, according to plans and specifications, prepared by Wayland & Pennell, Architects, Boise, Idaho.

Separate proposals will be received for the plumbing. All bids shall be accompanied by certified check as a guarantee that the accepted bidder will enter into contract forthwith with the above named district for the construction of the building, according to plans and specifications. Checks for the general construction shall be in the sum of 2 per cent of the amount of the bid. Check for the plumbing shall be \$200.00 and check for the heating shall be \$300.00. Checks shall be made payable to William G. Briggs, Clerk. Unsuccessful bidders' checks will be returned immediately upon signing of contract. Contractors figuring on this work shall be in a position to furnish a good and satisfactory Surety Bond in the sum of 60 per cent of the amount of the contract. Plans may be had from Parker Richards, Carey, Idaho, and from the architects, at Boise, Idaho, upon furnishing a personal check in the sum of Twenty-five (\$25) Dollars as a guarantee that the bidders will submit and return plans, upon the return of plans, checks will be refunded.

The board reserves the right to accept any or reject all bids submitted.

PARKER RICHARDS, Chairman.

WILLIAM G. BRIGGS, Secretary.

DADS' DISCUSS MANY MATTERS

Hard and Important Problems Come to Haunt Councilors at Weekly Meeting

Discussions of most municipal topics were abundant at last night's meeting of the town fathers. Questions of financing needed improvements mingled prominently with such problems as settlement of damage actions, handling of ash and rubbish accumulations, the detouring of an irrigation ditch, manner of pavement to be used on railroad approaches, the price of water mains, the probable early use of a large storage reservoir connected with the filtration plant, and like subjects.

Among the most important of the questions discussed was that of the removal of rails and ties of the old city street railway system, and how to finance the extra work entailed in this connection. The Helenecke Construction company has already removed old ties from two blocks on Second street north, but has not yet begun on the remaining three, two of which are paved blocks from Second avenue north to Second avenue west, will be done by the Warren Construction company. The heaviest portion of this work is the removal of the steel rails along the two paved blocks. Special machinery will have to be employed for this job. A bid will be submitted by A. J. Hill, superintendent for the Warren company next Monday night.

Explanation of the difficulties, which he said were responsible for the high cost of doing the work, was given by the contractor, said the ties in the open blocks were so far decayed that all the work had to be done by hand. The cost per block of this removal is \$175. Work on eight more open blocks is to be done, Mr. Helenecke having offered to do the work at a cost plus 10 per cent.

The remaining three, two of which are paved blocks from Second avenue north to Second avenue west, will be done by the Warren Construction company. The heaviest portion of this work is the removal of the steel rails along the two paved blocks. Special machinery will have to be employed for this job. A bid will be submitted by A. J. Hill, superintendent for the Warren company next Monday night.

Discussion of the question of what to do with an open ditch now placed on Kimberly road, which is said to be blocking curb space, took up considerable time. The best solution offered was the city engineer's plan to detour the stream through a pipe line. This will be done immediately. The plan can be obtained from the O. S. L. Railroad company.

The administration decided to require police on all walking on the streets. The paved areas until such time as the city finds a need for material of a more permanent character at such crossings.

Need Water Storage Tank

W. J. Pilgrimage, superintendent of the water department, discussed the question of the probable early need for additional water storage facilities at the filtration plant. He recommended a tank of sufficient capacity to costock the supply for one entire "peak load" day. This debate resulted in presentation of the question of extension of the supply lines for own, and the question of the inevitable, it is declared, as the town progresses. Mr. Pilgrimage gave a rough estimate of the amount of new pipe necessary to meet extension requirements, and then the question of payment for these supplies arose. A tentative decision to issue water bonds to improve bonds was arrived at. Hugh Gorman presented a claim for damages said to have been sustained when his automobile collided with a car above ground, which he said stood on a sidewalk, that it smashed some of the under-riding of his car. The bill of repairs is \$35.50, all of which he asks the city to defray.

Dr. C. D. Weaver asked permission to construct a concrete ash pit at the rear of his premises. This his engineers were instructed to investigate the plan.

Detour Board. Engineer E. V. Berg advised the council that partial plans have been made for opening a detour route of a mile to the south and east of the present Shoshone street bridge, as a means of entering the city when it becomes necessary to close the Rock Creek bridge temporarily on account of construction.

The city treasurer's annual statement shows total receipts of \$180,000 for the past year. This monthly statement showed receipts of \$41,500.94 in May. Twin Falls city property this year will be assessed at \$180,000, according to an estimate submitted by Clerk W. A. Minnick. The estimate is based upon improvements made in the past three years which have averaged \$500,000 annually. Mr. Minnick believes this a conservative estimate for the present year.

SWIM NAMED MEMBER OF AUTO DIRECTORATE

Local Man Will Represent District on Board of Import-ant Organization

At last night's meeting of auto owners and operators, with representatives of the Idaho Automobile association, A. L. Smith of Twin Falls was selected a member of the society's directorate. Much interest was displayed in the meeting, which developed enthusiasm for the purpose of the organization at the evening proceeding.

Today R. A. Davis, Eugene Smallwood and N. H. L. Niemeyer, officers of the association from Klamath, who organized last night's meeting, are conducting a similar campaign in Buhl. They will return to Twin Falls tomorrow and will attend the weekly meeting of the Rotary club for the purpose of placing before that body the plans of the organization and eliciting support.

COUNTY DEMOCRATS TO MEET

In the high school auditorium tonight a meeting of county democrats will be held for the purpose of selecting delegates to the state democratic convention to be held in Lewiston.

MORE PROPERTY OWNERS DEMAND STREET PAVING—KICK ON COSTS

City Administration is Asked to Assume Some of the Expense Burden Where Triangular Lots are Involved in Permanent Improvement—Petitions Well Signed are Presented

Paving progress in the districts already made has stirred residents in city sections not included in these districts, who have begun to apply the advantages to be derived from street surfacing improvements.

The fact was shown by the filing of numerous petitions with the city council at a meeting of the administrative body last night for the creation of new districts to include some of the important, though more remote streets, avenues and boulevards.

Many Avenues Involved. In connection with these filings there was lodged some objection, too, but nothing of a really serious nature. The districts, it finally authorized by resolution and ordinance, will include such streets, avenues and boulevards as: Broadway, Fifth, Sixth, Seventh and probably Fourth avenues east; Third avenue and Fourth street north and probably Third street south. Some of the thoroughfares mentioned already have some paving area, but the chances now are that those will be run through to the entire length of the city. Such appeals as have been presented to the city board are fairly well signed, in some more than 50 per cent of the property owners involved are signatories to the petitions.

The Objections. Such objections as have been lodged to this improvement proposal came from

MANY SCHOOL TEACHERS LEAVE BUT MANY OTHERS WILL RETURN

City Educational Institutions Lose Some Administrators of Merit—Sixty-four of the Old Corps to be Back Next Year—Others on Leave of Absence Sign Contracts—Cupid Shoots Some

By HAL G. BLUE.

An interesting fact relative to the school year opening next September is the return of 64 teachers employed in the schools. Last year 84 teachers were employed regularly in the schools. The return of 70 per cent of the teaching staff not only sets a high mark in the history of the local schools but gives an indication that the service has been as uniformly successful as the one just closed has been. There is a great deal of unrest and indecision in the teaching ranks, the entire country and Twin Falls is indeed fortunate that so many of its teachers have signed contracts for the next school year.

Two Principals Lost

The administrative forces in the schools will not see two changes that will be a keen loss to the school and to the community. Miss Rosa Murray, who has been here for four years of service as principal of the Bickel school, will not return. Miss Murray has had a splendid influence as a teacher and administrator. She has been an eminently successful and the closing days of her service revealed a well nigh perfect organization with respect to her school. She plans not to teach next year. Miss Ruth Hewitt, who has been connected with the Twin Falls schools for six years and who has closed her third year as principal of the Bickel school, will not return. Like Miss Murray, Miss Hewitt rose from the ranks of a teacher to a position as school administrator. She has been a most successful organizer and was especially successful in meeting and solving all sorts of needs and problems arising in her present position. She has accepted a position as principal of a grade school in Livingston, Mont.

Other Resignations

In the high school, George E. Denmar, head of the department of agriculture for the last three years, has resigned to accept a position as state supervisor of vocational agriculture in Idaho high schools. Another resignation which reveals a keen loss to the high school and to the community is that of Miss Ellen L. Gorbod, who has just closed five years of service. Miss Gorbod has been head of the department of modern languages as well as librarian. She is a woman of extraordinary training and wonderfully rich teaching experience. She hopes to obtain a position on the coast. Miss Nell Jones, who has been teacher of mathematics in the high school for the last three years, will not return. Miss Jones attained a rank as one of Twin Falls' superior teachers. She plans to secure a position near her home in Iowa.

In the seventh and eighth departmental grades—the intermediate school, there will be a loss of three teachers who have rendered three years of very effective service. Miss Elsie Shaw, teacher of history in the Lincoln school; Miss Eva Inglish, teacher of mathematics in the Bickel school; and Miss Nell Fowler, teacher of science in the Lincoln school, are planning not to teach next year.

In the elementary grades, the school and the community will suffer a loss in the services of Miss Pearl Cherry, for three years in the Lincoln school, the Bickel school. It will not be an easy task to fill Miss Cherry's place. She will not teach next year. Others who are leaving have given less than three years of service and no special mention is made of them.

These Are Coming Back

It is interesting to note that three teachers who have been on leave during the last year on leaves of absence will return next year. These teachers are

Hickman, mathematics; Alma Benoit, penmanship; Elementary Schools—Ethel Gray, sixth grade; Ruth Way, sixth grade; Florence Gustafson, sixth grade; Charlotte Bond, sixth grade; Rose Chase, sixth grade; Juanita Dean, sixth grade; Edith Croel, fifth grade; Eva Avant, fifth grade; Emma Smith, fourth grade; Bill Hampton, fourth grade; Clara Billar, fourth grade; Blanche Reiss, third grade; Eva Wenn, third grade; Edith Bond, third grade; Edna Hood, third grade; Alma Ludwig, second grade; Marae Manlove, second grade; Hazel Bishop, second grade; Elizabeth Jensen, second grade; Edna Swanson, second grade; Mamie Bayer, first grade; Judith Hequet, first grade; Eva Monahan, first grade; Myrtle Peterson, first grade.

DEPARTMENT STORE HAS NEW MANAGER

Frank J. Behrman, Formerly of Spokane, Takes Charge of Local Store

Frank J. Behrman, formerly of Spokane and North Yakima, today assumed the management of the Idaho Department store. Mr. Behrman was in Twin Falls ten days ago in company with R. C. Beach, president of the company, at which time arrangements were made for the change. D. D. Alvord, for years an official of the company, and in charge of the credits and accounting department has served as manager for some time but will hereafter devote his time to his former duties, leaving to Mr. Behrman the details of store management.

It is a matter of such pleasure to me as president of the Idaho Department store, to introduce Mr. Frank J. Behrman as manager and executive of our large establishment. Mr. Behrman was an official of the White House Dry Goods company of Spokane for nearly 15 years, also a partner in the firm of Callahan and Behrman of North Yakima. Being enthusiastic over the wonderful Twin Falls country and its prospects for the future, he is pleased to become a resident and will make his home here. He leaves his family to Twin Falls about September 1.

I can testify to Mr. Behrman's ability to strictly up to date merchant, and the hosts of friends he leaves behind in cities he has lived in. I might fill a large space describing his personality and his time to his former duties, but prefer to let his personality and his work, tell their own story. I feel that a new high level of department store excellence is in store for Twin Falls, and present his modern up-to-the-minute policies, for the approval of all the people of this great section.

Only District to Make Entire Quota Allotted for Near East Relief Fund

Of all the counties in Idaho Twin Falls alone made up the quota assigned for the Near East relief fund. Twin Falls county more than met the allotment by contributing \$5568.80. The quota assigned was \$5000.

These figures are shown in a compiled list from headquarters received by E. L. Ashton, county chairman for this campaign, which was conducted some weeks ago. In addition to the amount paid this county has \$308 unpaid pledges which, when collected, will bring the total to \$6068.80.

Of the counties in which the larger amounts were "assessed" the following are the quotas and cash returns: Ada county, quota, \$5000; received, \$3,123.74; Bannock quota \$4500, received \$2181.37; Bonanza quota \$5000, received \$1976.60; Canyon \$4500, received \$3270.20; Cassia \$2500, received \$2306.42; Bingham \$2500; received \$2600.42; Washington \$1500; received \$681.38.

BUILDING PERMIT

W. M. Krueger has taken out a permit covering the construction of a frame building, by 14 feet on Second avenue south. The building, it is estimated, will cost \$350.

Folks Perspire as Merc Rises to New Record

FOLKS did not profusely perspire yesterday for nothing; the day was a heat record breaker by three degrees. Prior to Monday the top for the season was 84; yesterday it was 87. Last night the mercury had a record, reaching 55 degrees for low.

It didn't rain last night, so the weatherman took another shot at the same mark, predicting showers and cooler tonight and Wednesday. The prevailing wind today is from the north, which may be preasing something and it may not.

JUDGE BARCOCK HEARS CIVIL SUIT TESTIMONY

Case Against Defunct Realty Company Prosecuted Against Directors

Attention of Judge W. A. Barcock, seated in the district court today, is directed to testimony introduced in the case of the Bank of Hollister against the Holland Realty and Investment company and others. The suit involves two promissory notes, which, together with costs and claims for disbursements, amount approximately \$2500, for which amount judgment is asked.

The Holland Realty company is a defunct corporation, but the case in court is being carried on against G. L. Peters and Stetten Box, former members of the board of directors, who are held liable as guarantors of the notes.

DOCTOR ON TRIAL

In the police court this afternoon, before a jury of six men, Dr. E. R. Van Cott is being tried on charges of violating the city traffic ordinance by exceeding the speed limit. Dr. Van Cott was placed under arrest last week by Traffic Officer Frank Molton and through his legal counsel, demanded a trial by jury.

IS GRANTED DIVORCE

Judge W. A. Barcock of the district court, this morning ordered a divorce decree issued in the case of J. H. Calvert against Ethel Calvert. The couple, with the severance of bonds, gets custody of a minor child. Cruelty was the allegation.

LICENSED TO WED

A marriage license was issued yesterday afternoon to Jess J. Froman, aged 33, of Caldwell, and Harriet J. Bruns, 30, of Appleton, Iowa.
