ALL AMERICANS IN KIEV SECTOR EMERGE SAFELY

Two Aviators Chased by Bolsheviki After Loss of Planes, Use Machine Guns and Finally Make Escape Through Woods

LONDON, (AP)—The Bolshevik forces in the Kiev region over which the Bolsheviki have swept in their westward drive, have safely emerged from that sector, according to word from the front, but several of them had narrow escapes.

Two American aviators were chased by the Bolsheviki after their airplanes had been lost. They made an emergency landing in a field where they were discovered by General Budeney's raiding cavalry. The airmen used their machine guns but finally set fire to the airplanes, ran for the woods and escaped.

WARSAW, (AP)—All the Americans who were in the Kiev region over which the Bolsheviki have swept in their westward drive, have safely emerged from that sector, according to word from the front, but several of them had narrow escapes.

ELECTRIC TRAIN RUNS RAMPANT

Brakeman Killed; Two Hurt when Too Much Current Causes Accident

ELLENSBURG, Wash. (AP)—A brakeman was killed, two other men were injured and 48 freight cars were destroyed today when a Chicago, Milwaukee and St. Paul railway train got beyond control near Boylston tunnel and ran wild down grade for 17 miles. Railway officials said over-generation of current on the electric locomotive caused the accident.

The train consisted of 46 cars with an electric locomotive ahead and a steam locomotive in front of the caboose at the rear. The steam engine, water car and caboose left the track first. Thirteen cars jumped the rails and were burned near Morris by contact with the electric lines.

Ten other cars were hurled from the track near Cohasset but later the remaining cars left the rails, knocked down the power lines and were burned. The electric locomotive was put under control at Beverly.

Railroad officials estimate the damage will run into hundreds of thousands of dollars. The cars were laden with valuable freight, hundreds of yards of track were torn up and the power lines were knocked down and burned in many places.

GOVERNMENT AGENCIES ATTACK FREIGHT TIEUP

Department of Justice and Interstate Commerce Commission Seek to Relieve Traffic Congestion

WASHINGTON (AP)—Department of justice and interstate commerce commission officials began working together today to relieve freight congestion on the nation's railroads and to restore coastwise shipping to normal, through settlement of strikes of marine workers. Failing through these methods to alleviate serious coal shortages, consideration will be given an embargo on coal exports.

Reports compiled by the railroad's car service commission today showed continued improvement in car supply. Only 125,606 cars were being held on sidings during the week ending June 4 as compared with 159,606 idle cars reported the previous week. When the freight jam was at its height 200,000 cars were tied up.

Britain Keeps Eye on American Naval Plans

LONDON, (AP)—Walter Hume Long, first lord of the admiralty, declared today in the house of commons that the admiralty was following important developments of the naval program of the United States with the greatest closeness.

Mr. Long said the admiralty would not fail to ask parliament for necessary powers if its members thought they were falling behind their proper naval standard.

WAR WITH U. S. GIVEN PLACE IN JAPANESE PACT

Kato Reveals Significance of Provision of British Alliance Agreement of 1911; to Remove Risk to England

TOKIO, (AP)—Japan inserted an article in the Anglo-Japanese Alliance pact of 1911 to remove the risk of England becoming involved in any dispute between the United States and Japanese, it was declared today by Viscount Kato, former foreign minister, in an interview urging renewal of the treaty.

Viscount Kato, who negotiated the treaty with Viscount Grey, said that both thought the United States should be specifically mentioned, but that the Tokio government preferred not to use the name.

The article in question of the Anglo-Japanese alliance of 1911 is as follows:

"Article IV—Should either of the high contracting parties conclude a treaty of general arbitration with a third power, it is agreed that nothing in this agreement shall impose upon such contracting party an obligation to go to war with the power with whom such arbitration treaty is in force."

Recent despatches from Tokio reported that the Japanese cabinet decided to open negotiations with Great Britain for a renewal and revision of the alliance.

DEFEATED CHINESE ARMY ATTACKS CHURCH MISSION

American Legation Learns of Killing of Missionary by Retreating Troops

PEKING, (AP)—The American legation here was informed Monday that General Chang-Ching-Yao's northern troops in their retreat from Chang-Sha, capital of Hu-Nan province, attacked the reformed church mission at Yo-Chow, 50 miles north of Chang-Sha and killed the Rev. Mr. W. A. Reinert of Lilling, on the Wu-Chang-Chang-Sha railway southwest of Chang-Sha was attacked. The foreigners in the town escaped to Ping Siang.

Chang-Sha, capital of the province of Hu-Nan, on the Siang-Kiang river, has been occupied by troops of the southern Chinese republic. Northern troops retired toward Yo-Chow, 50 miles northward.

PHILADELPHIA, (AP)—Dr. Reinert was sent to the reformed missionary field in China in 1902. At the time of his death he was serving as acting president of Huping college at Yo-Chow. His home was in New Tripoli, Pa. He was 44 years old.

He is survived by a widow and four children. The oldest child is a student at Mercersburg academy.

BOURBONS ARE CAPTIVATED BY WILSON'S NAME

State Democratic Convention Manifests Approval of President and His Administration; Endorses Hawley

LEWISTON, Idaho, (AP)—Declaration by Chairman R. D. Leeper of Coeur d'Alene that only by following the way pointed out by President Wilson would the world find a solution of its problems yesterday brought delegates to the Idaho state democratic convention here to their feet cheering.

Every reference by speakers to the president and his administration was cheered. The convention made permanent the selection of Mr. Leeper as temporary chairman and that of Miss Olive Petraschek of Washington county as secretary, in recognition of the debt Idaho owed former service men, represented by the chairman, and in remembrance of the Idaho's pioneer role in granting suffrage to women, represented by the secretary.

Nugent Predicts Success

United States Senator John F. Nugent in an address predicted democratic success in the coming elections, provided the democratic national convention came out squarely for ratification of the covenant of the league of nations without nullifying reservations. He said the republican platform plank on this subject "straddled" the issue.

Stands on Dry Law

The convention after some debate instructed its delegates to the national convention to "stand uncompromisingly for a clear and positive declaration in the national platform approving the eighteenth amendment to the federal constitution and pledging the party not to countenance the repeal or emasculation of the Volstead enforcement act."

Former Governor James H. Hawley over his own objection, was endorsed as a candidate for the vice-presidency.

Other resolutions adopted endorsed President Wilson's administration and the Versailles treaty with the league of nations, endorsed Senator Nugent's record and pledged him support for re-election, condemned the record of the present congress, recommended a national platform plank for "higher standards of social legislation for women and children and the creation of a separate national department of education," and favored "recognition of the services of ex-service men "by such proper legislation both state and national as shall be in accord with their wishes and the public welfare."

Elder is Re-elected

Another resolution adopted provided for the election of 24 delegates to the national convention each with one-third vote and the convention on motion of National Committeeman Robert H. Elder named by acclamation as four of the 12 delegates at large state Chairman Day, Senator Nugent and former Governors Hawley and Moses Alexander.

Mr. Elder was re-elected national committeeman without opposition.

As representatives of former service men in the party, C. C. Wilburn of Jerome county, and R. D. Leeper of Kootenay county were chosen delegates by acclamation, and in recognition of the women members Mrs. Mildred Rich of Cassia county, Dr. Susan E. Bruce of Nez Perce county and Hattie Morgan

PUBLIC SENTIMENT MAKES ISSUE, HARDING DECLARES

Republican Candidate for President Discusses Campaign Plans with Party Leaders

WASHINGTON, D. C., (AP)—Senator Harding, republican candidate for president, announced today that he had had a general discussion of his campaign last night at a dinner with a number of republican leaders. They included Senators Lodge of Massachusetts, republican leader in the senate; Smoot, of Utah; Brandegee of Connecticut; and Fall, of New Mexico.

"We discussed the state of the union, the prospects of the republican party and the platform which we adopted at Chicago," said Senator Harding.

Asked about reports that the peace treaty and league of nations would be the principal topics discussed in his speech of acceptance, Senator Harding said he had "the feeling that public sentiment makes the paramount issue rather than the judgment of any party candidate or party manager."

Reply to an inquiry as to whether he would take part in the coming primary campaign in Ohio, the nominee said he was the "farthest removed from a political boss of anybody in the world."

"That is the complaint that has been made against me in Ohio," he added.

The senator said he knew nothing of any plans for the formation of a third party and consequently had nothing to say on the subject.

The dinner last night was held at the invitation of Senator Lodge at his residence.

Senator Harding plans now to leave Washington Monday night after his conference with Chairman Hays, of the republican national committee. He is considering three places in the east not far from the Atlantic ocean where he and Mrs. Harding will spend their vacation before going to their home in Marion, O.

BIRTH OF NEW POLITICAL ORGANIZATION ANNOUNCED

LaFollette, Frazier and Others Mentioned as Favorite Candidates

NEW YORK, (AP)—The executive committee of the committee of 48 announced last night that formation of a new party on a platform of government ownership of transportation and national resources is overwhelmingly favored in replies received to its questionnaire from every state.

Taxation of idle land, labor's effort to share in the management of industry and the complete restoration of free speech, press and assembly were other planks endorsed, it was stated.

"Among those favored for the presidential and vice-presidential candidates for the new party," a statement said, "are Senator Robert M. LaFollette, Governor Lynn Frazier, Frank P. Walsh and Chief Justice Walter Clark of North Carolina."

Progressives "of all shades of opinion from both the old parties" will attend the convention in Chicago July 10, according to reports received from 48 state organizations of the committee.

WOOD BRANDS BUTLER'S STATEMENT AS FALSEHOOD

Declares Campaign Managers Men of "Extraordinarily High Character"

CHICAGO, (AP)—Major General Leonard Wood, in a signed statement last night characterized as "a vicious and malicious falsehood" a declaration by Dr. Nicholas Murray Butler of New York, that a "motley group of stock gamblers, oil and mining promoters, munition makers and other like persons," backed the general's campaign for the republican presidential nomination.

General Wood said that he regretted to make the statement but that it was necessary to "brand a fakir and to denounce a lie." Declaring that the men who managed his campaign were of "extraordinary high character," the general said that the attack upon them "is infamous" and that Mr. Butler's action was "an attempt to ingratiate himself with certain elements which exercised a determining influence at the convention."

COLLEGIAN IS SHOT AND KILLED BY SCHOOL MATE

HANOVER, N. H., (AP)—Henry E. Maroney, of West Medford, Mass., a senior at Dartmouth college, was shot and killed during a quarrel in his rooms in the Theta Delta Chi fraternity house early today by Robert T. Meads, of La Grange, Ill., a junior. Meads, after being arrested on a Boston bound train, admitted the shooting, said he had been drinking and claimed he fired in self-defense. He wired his father, A. H. Meads, to come here and defend him.

LABOR DEFEATS SOVIET FRIENDS

Convention Blocks Move to Call for Recognition of Bolshevik Regime

MONTREAL, (AP)—Movement to call upon the United States to recognize the soviet government or lift blockades against soviet Russia was blocked in the annual convention of the American Federation of Labor Tuesday after a heated debate.

James A. Duncan of the Seattle central labor council, led the fight in behalf of the soviet with the aid of representatives of the Ladies' Garment Workers, but the convention adopted by an overwhelming vote the report of the resolutions committee opposing any action.

Indictment Against Soviet

The committee report declared the federation would not be "justified in taking any action that might be construed as an assistance to, or approval of, the soviet government, so long as it is based upon authority which has not been vested in it by a popular national representative assembly of the Russian people, or so long as it endeavors to create revolutions in well-established civilized nations of the world, or so long as it advocates and applies militarization to labor and prevents the organization of and functioning of the trades unions and maintenance of free speech, free press and free public assemblies."

John Frey, chairman of the resolutions committee, said it had ascertained on the "highest authority that the soviet government is an "autocratic, militaristic government that does not believe in democracy," and is ruling by the "iron hand of the dictatorship." Extracts from Lenine's speeches which were read, showed, Mr. Frey declared, that Lenine believed in making "trades unions subservient to the soviet government and labor compulsory."

Opposition to the report, he said, "might indicate that the Bolsheviki had infested the ranks of organized labor in America with its propaganda."

Calls Report Camouflage

Mr. Duncan said the committee had made a "camouflage report" to deceive the workers of the country as to the true situation in Russia. Conditions there were much better than reported in this country, he said, and added that President Wilson and Premier Lloyd George approved recognition of the soviet government, "but had not the courage of their convictions to stand up and declare for it."

James Duncan of Washington, D. C., first vice-president of the federation, answered in defense of the committee report. He read a telegram from Secretary of State Colby which said the existing government did not "represent the will or consent of any considerable proportion of the Russian people."

America Good Enough

David Frangu, a New York delegate, said the greatest trouble in America was the Bolshevist plotters who are trying to disrupt organized labor.

"I don't care what President Wilson or Lloyd George have approved," he said, "but I do know we have a good enough form of government here in America for me and I am not going to take any chances with Trotzky and Lenine's Bolshevicki crowd. They are not any more the friend of labor than was the czar."

To Our Readers:

Notwithstanding the fact that The Twin Falls News has acceptances on orders for two cars of print paper, it appears at this time to be not unlikely that some time within the near future the Daily News will be forced to a temporary suspension of publication for an issue or two.

This may be avoided by a cut in the size of the paper from eight to four pages, or through the securing of temporary expressshipments of print, from various sources.

The suspension, should it come at all, will be of the most temporary character, and should not last longer than a few days at the outside. Our readers are asked to bear with us in a situation which is general over the whole country and which is entirely beyond our power to control.

LABOR DEMANDS EXCLUSION OF ALL ASIATICS

Federation Convention Calls Upon Congress to Cancel "Gentlemen's Agreement" and Bar Orientals

MONTREAL (AP)—The American Federation of Labor reaffirmed its stand for recognition of the Irish republic amid a great demonstration at its convention here today. Resolutions adopted urged that the military forces of occupation in Ireland be withdrawn" and "that the Irish people be accorded the "right of self determination."

MONTREAL, (AP)—The American Federation of Labor in convention here today called upon the congress of the United States to cancel the "gentlemen's agreement" with Japan and absolutely exclude Japanese and other Asiatic immigration into this country. The exclusion of "picture brides" also was demanded.

Federation departments and international unions are instructed to "co-operate and press" this legislation.

Condemns Secessionist Move.

Declaring that a band of "irresponsible agitators" are attempting the "recognized organizations in the railway service" the federation unanimously condemned the "secessionist movement" which resulted in the recent railroad strike.

The convention also instructed its affiliated organizations to "refrain from giving moral or financial support, or assistance of any kind, to any secessionist movement. Any federation organization giving such assistance is threatened with the withdrawal of its charter.

The executive council was instructed to investigate the desirability of forming an international union of building service employes of America, to include all workers known as janitors, janitresses, scrub women, window workers and watchmen.

The convention adopted a resolution urging the Panama canal commission to employ only American citizens in the operation and mechanical department in the canal zone.

Rejects Legal Department.

The convention rejected a resolution that would have established a legal department to accept and clear up labor for the defense of "all labor organizations against whom the use of the injunction is directed in the course of their legitimate trade union activities."

The plan proposed by E. L. Edgerton of Schenectady, N. Y., to have organized labor form with the employers and business interests of the country a "voluntary arbitration body" to "settle labor's grievances in the future" was rejected. Other legislation along this line will be brought before the convention later, it was announced.

Denounces Kansas Court.

The federation declared war on the Kansas court of industrial relations in adopting a resolution which condemned such legislation as "confiscatory of the liberty and property, and a denial of the human rights, of organized labor."

The federation instructed its executive council to take such steps as necessary to support organized labor in Kansas, Nebraska and Colorado in "fighting anti-strike legislation to a finish."

The Non-partisan political policy of Samuel Gompers, president of the federation, was unanimously endorsed.

COURT DROPS CONSPIRACY CHARGE AGAINST DEMPSEY

Indictment Charging Pugilist and Manager with Collusion to Evade Draft is Dismissed

SAN FRANCISCO, (AP)—An indictment charging William Harrison "Jack" Dempsey, world's champion heavyweight pugilist, and Jack Kearns, his manager, with conspiracy to evade the selective draft act, was dismissed in the federal court here today.

CARPENTIER ISSUES DEFI TO RECONQUER CHAMPION

WICHITA, Kan., (AP)—Georges Carpentier, who is here today, issued a challenge to Jack Dempsey heavyweight champion of the world, to meet him after October 10 at any time or place Dempsey will name. Carpentier is heavyweight champion of Europe. He will return to France in July and return to America in a few weeks.

"I am glad that Dempsey was acquitted of the charge of having dodged the military draft," said Carpentier.

KEARNS ACCEPTS CHALLENGE OF FRENCH CHAMPION

SAN FRANCISCO, (AP)—Jack Kearns, manager of Jack Dempsey, heavyweight champion of the world, accepted today the Wichita, Kansas, challenge of Georges Carpentier, European champ, for a fight any time after October 10.

COPENHAGEN (AP)—Boundaries between Germany and Denmark as fixed by the plebiscites held in Schleswig, have been definitely established by the international commission at Flensburg, and announcement was made by that body today that its authority in the plebiscite region would cease immediately. British forces which assisted in the policing of the plebiscite district have begun arriving here from Flensburg.

DULUTH IS CALM AFTER NIGHT OF WILD DISORDER

Guardsmen Find Few Visual Evidences of Activities of Mob which Swept Police Aside and Lynched Blacks

DULUTH, Minn., (AP)—A report received here early today from Virginia was to the effect that ten negroes were being rushed in automobiles to St. Paul to be placed in the Ramsey county jail for protection. A score of automobiles carrying members of last night's mob had been reported on the way to Virginia from Duluth in an effort to seize other negroes employed by a circus, whom they believed might have participated in the attack on a white girl here.

DULUTH, Minn., (AP)—Virtually normal conditions prevailed today on the Duluth business streets over which a mob of 5000 persons surged last night, sweeping the police from power and seizing and lynching three negroes held in connection with an attack on a 17-year-old white girl.

When two companies of Minnesota national guardsmen reached here at an early hour after a special train trip from St. Paul, they found only a damaged police station and littered streets as visual evidences of the mob's activity.

The 124 men and six officers went into temporary camp, preparing to patrol the streets.

Police Swept Aside.

Last night's lynchings were accomplished after the city's police force had been overpowered by bricks and streams from fire hose in an attack on police headquarters on the principal thoroughfare. For at least two hours the mob ruled, relinquishing its power only after the negroes had been lynched. Six negroes had been arrested in connection with the attack on the girl, which occurred on a circus ground Monday night. The negroes were circus roustabouts. The mob held a mock trial; declared three of the negroes guilty and acquitted the other three, who today still were in the hands of the police.

The three "convicted" negroes were hung within a block and a half of the police station, the mob hooting down pleas of two priests that the law be permitted to take its course. It took three starts to hang the first negro, as the rope broke the first two times.

Expect No Further Trouble.

After the mob had dispersed the police cut down the bodies of the negroes which had not been mutilated. The authorities did not expect any further trouble today.

There was no new information here early today in regard to the four negroes said to have been arrested at Virginia, where the circus appeared yesterday.

The injuries suffered by eight policemen and a newspaper man in the brick battle and fire hose attack on the police station were said to be trivial today.

An investigation of the action of the mob will be made, it was understood today.

URGE CANDIDACY OF COX

Ohio Democrats Redouble Efforts to Obtain Another Honor for State

COLUMBUS O., (AP)—Now that an Ohioan has been chosen the standard bearer of the republican party, Ohio democrats are redoubling their efforts to obtain another honor for the Buckeye state by having Governor James M. Cox selected by the San Francisco convention as the one to lead their party.

No sooner had Senator Harding's nomination been assured than former Governor James E. Campbell, an Ohio delegate-at-large to the democratic national convention, began preparation of a circular letter to all democratic delegates setting forth why Governor Cox should be nominated.

"Governor James M. Cox can carry Ohio. What other candidate can match this certainty with even a probability," the letter declares.

OBREGON'S MEMORY IS REMARKABLE FACULTY

Memorizing Each Card of Deck Dealt to Party of Seven One of Easy Feats for Mexican General

NOGALES, Ariz., (AP)—General Alvaro Obregon, leader in the movement that recently overthrew the Carranza government in Mexico, has a remarkable memory, according to H. Percy Meaker, an Englishman who has resided in Sinaloa for many years and who, during the recent war with Germany, acted in an executive capacity for the British government.

"One of the easiest things General Obregon does," said Meaker, "is to deal out a complete deck of playing cards to a party of seven, memorizing the cards each receives, then, beginning backward, tell each man correctly the cards he holds.

"He remembers whole columns of newspaper articles and, many days after reading them, can repeat an entire article verbatim. He remembers accurately incidents years back. A great deal of the book 'Eight Thousand Kilometers of Campaigning,' is written from his marvelous memory."

JAPAN IS AMBITIOUS TO GET SOUTH SEAS TRADE

Increased Importations from Islands are Urged as Means of Furthering Commercial Relations

TOKIO, (AP)—Japan is ambitious to obtain a larger share of the trade of the South Sea islands which is estimated at 2,000,000,000 yen a year. Of this Japanese exports amount to only 1 1-2 per cent but have increased rapidly since the war. Some Japanese commercial leaders are advising that in order to increase the sale of Japanese goods in the South Seas Japan must import from the islands rubber, sugar, chemicals, dye stuffs and spices in which these islands abound. President Kimura, of the Singapore Japanese Emporium urges that Japan establish direct trade agencies with Sumatra and Manila for expansion of Japanese trade in Malayala.

CHARITIES COST SOARING

Member of British Parliament Comments Caustically on Public Assistance

LONDON, (AP)—The cost of British charities has increased 1000 per cent in the last 20 years despite the enormous expenditure on insurance, unemployment, old age pensions and various other forms of public assistance. J. H. Marriott, member of parliament, has told the Charity Organization Society that he estimated the present charity total at 250,000,000 pounds for the last year as compared to 25,000,000 20 years ago.

"We are manufacturing pauperism at an appalling rate," said Mr. Marriott.

PHILIPPINE'S MILITARY GUARD IS AUGMENTED

Return of American Troops from Siberia Brings Total of Forces in Islands Up to 11,000

MANILA, P. I., (AP)—The return here of all of the 3000 American troops who went to Siberia during the year 1918, has brought the number of regular army officers and men in the Philippine islands to approximately 11,000.

In addition, the Philippine Scouts, composed entirely of natives under the jurisdiction of the United States war department, number close to 7500 men.

The Philippine constabulary, or the police force of the islands, is composed entirely of natives and is under the supervision of the Philippine government.

Major General William A. Graves, who was in command of the United States forces in Siberia and who returned here recently, is now at Baguio a mountain resort, 180 miles north of Manila, where he expects to remain while preparing a detailed report to the war department of the operations of the American army at Vladivostok.

After completing his report, General Graves will take command of Fort McKinley at the outskirts of Manila.

HAWAIIA'S PUBLIC SCHOOL TEACHERS TO BE AMERICANIZED

HONOLULU, T. H., (AP)—Hawaii's staff of public school teachers is to be Americanized, declared the commissioners of public instruction at a recent two-day session. The commission adopted a form which must be filled out by every teacher before the applicants's appointment is confirmed and which is as follows:

1. I swear allegiance to the United States of America.
2. I am a citizen of the United States by birth (by naturalization).
3. I am an alien eligible to citizenship.
4. If your reply to number 3 is in the affirmative, explain in detail why you have not become a naturalized citizen.

The Kirl Zeck Company, Inc., a subsidiary corporation of the Haddorff Piano Co., who have a paid up capital of ONE MILLION DOLLARS, will open a factory piano store in Twin Falls.

These pianos will be sold direct from factory to home, which means a big saving to the purchaser, as all middle men, commission men, and jobbing house, etc., are eliminated.

The ZECK PIANO is one of the best pianos made. It is the latest creation of Mr. Charles Haddorff, one of the oldest and most successful piano makers in the world. The tone is deep, rich and mellow. Not any of the so-called "tin-pan" tone is noticeable in the "ZECK."

PLAYER PIANOS

We are very proud of our player-piano. Most players have a common "player-piano sound," a sort of mechanical tone which spoils the effect of the music. But this is not so with the "ZECK". Many have mistaken the music played on the "ZECK" player for hand playing, so natural is the effect produced.

PRICES AND TERMS

The prices quoted on pianos, player-pianos, and baby grands, will be the same as in Chicago, or Rockford, where they are made. These prices are fixed by the factory, and all salesmen are placed under bond not to raise or lower those prices.

Terms can be made to suit the purchaser. Farmers may pay yearly, beginning this fall. Merchants may pay quarterly, while those receiving a salary may pay monthly.

LOCATION

We are temporarily located at the Warberg Storage Building until we can secure suitable display rooms on Main street, and those desiring to see the pianos must make appointments, excepting that we will be there all day Saturday to meet customers.

Brief Bits of Sport

That Georges Carpentier is perfectly satisfied with the good old U. S. A. is indicated in the articles of agreement he has signed to meet Bat Levinsky in October.

Going to stick around some time, according to that.

According to announcement from Boise—nothing has been said about it at home yet—Cliff Lewis of Twin Falls and Chet Camp of Boise, light heavyweights, are to wrestle in Twin Falls on the night of the coming Friday.

The bout, it is understood, is to be conducted under the auspices of the Twin Falls Athletic club.

Burley has decided not to disband its ball team. Business men are backing the bunch with bunches of boodle.

Merchants of the Cassia capital have subscribed $3,500 in actual cash to help the team get by the seasons exigencies.

About the only sort of baseball south Idaho fans will give proper support to is the regular league brand with regular players playing a regular schedule each week.

The day of meal-ticket ball games for a few meal-ticket ball players has gone by in this district.

Caldwell, Boise, Nampa, Twin Falls, Pocatello and Idaho Falls would make a corking circuit for a South Idaho State league.

Two times out of three tries Earl Caddock has bested Strangler Ed Lewis.

The first contest of moment between this pair was two years ago and lasted two and a half hours, the decision being awarded the Iowan by the referee.

If Gordon McKay beats Mike ODowd when the pair meet in Pocatello July 5 McKay will be in direct line for a match with Champion Johnny Wilson.

A federal jury has acquitted William Harrison Dempsey of the charge of evading the draft.

But will the fans of the fight game take that action as final?

Sim Smiley, sagebrush sage, says: "Those here strikes kinder knock th' brother outen brotherhood."

There may be a fistic bout here on July 5, but the match hasn't yet materialized.

WESTERN LEAGUE.

CHICAGO, (AP)—The official standing of the Western league, including games of Monday, June 14, was announced last night as follows:

	Won.	Lost.
Tulsa	36	16
St. Joseph	29	22
Joplin	26	21
Omaha	25	23
Wichita	24	25
Des Moines	23	28
Oklahoma City	22	28
Sioux City	16	34

HORNSBY INJURED.

NEW YORK, (AP)—Roger Hornsby, St. Louis National second baseman for whom Branch Rickey announced he recently had refused a $200,000 offer, was knocked unconscious yesterday by a ball thrown by Shortstop Lavan of the Cardinals in the contest with New York. The ball hit him on the back of the head. Hornsby was relieved by Janvrin and it is believed he may be out of the game for several days.

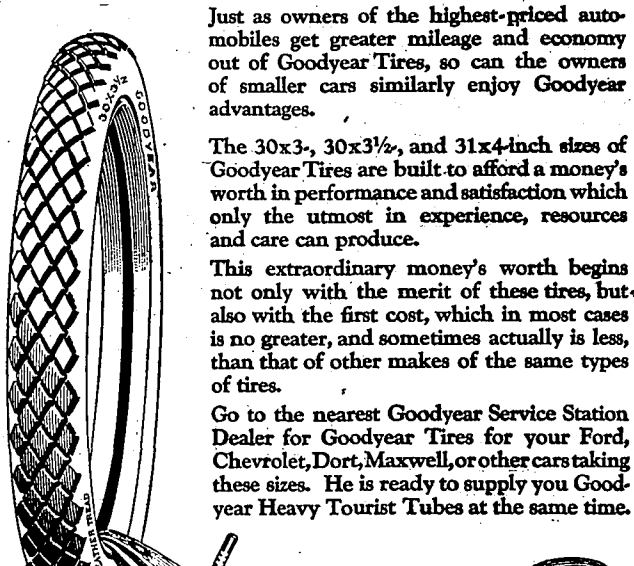
Get Goodyear Tire Economy for That Smaller Car



Just as owners of the highest-priced automobiles get greater mileage and economy out of Goodyear Tires, so can the owners of smaller cars similarly enjoy Goodyear advantages.

The 30x3-, 30x3½-, and 31x4-inch sizes of Goodyear Tires are built to afford a money's worth in performance and satisfaction which only the utmost in experience, resources and care can produce.

This extraordinary money's worth begins not only with the merit of these tires, but also with the first cost, which in most cases is no greater, and sometimes actually is less, than that of other makes of the same types of tires.

Go to the nearest Goodyear Service Station Dealer for Goodyear Tires for your Ford, Chevrolet, Dort, Maxwell, or other cars taking these sizes. He is ready to supply you Goodyear Heavy Tourist Tubes at the same time.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread — $23.50

30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread — $21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size *in* sealed-*proof bag* — $4.50

POLITICS AND PROGRESS

The masterfully complete way in which newspapers of all shades of political faith detailed the news and gossip of the Republican national convention gives evidence that interest is at high tide in the proceedings preparatory to the national election. It is an answer to those who bewailed public lethargy in the days of the primaries and contrasted 1920 with the exciting days of former years. The public is quiet, but not asleep. It is alert and thinking and demands the fullest information on every move of its delegated leaders.

If one were seeking evidence of the well-being of our national health, there would be no need to search farther. When the people are thinking, they cannot go far wrong. The right is nearly certain to be established.

Proceeding from the collective to the individual view, the man or woman who shows a lively interest in political affairs possesses one attribute of good citizenship. And no matter how conscientious, or upright, or intelligent a man may be, without active anxiety over government he cannot be a good citizen.

When you hear someone bewail that "There is nothing in the papers but politics any more," you may make up your mind that here is one who has not been awakened to the true meaning of America, and Democracy, and government by the people.

MURTAUGH

MURTAUGH, Idaho, (Special).—Rea Callen, who has been suffering with throat trouble, was taken to Twin Falls Thursday for treatment.

Jack Parker of Salt Lake City, who has been visiting Henry Johnson has returned home.

Miss Iverson of Buhl was the week-end guest of Elsie Williams.

J. W. Greenstreet of Mountain Home visited at the home of his sister, Mrs. P. J. Fahey, this week.

Mr. and Mrs. M. King and three children of Burley were Murtaugh visitors Wednesday.

Miss Ada Sweet and J. J. Byers were guests from Twin Falls at the Walter Taylor home Sunday.

Mrs. Lyman Bates and Mrs. M. Peck are attending the primary convention of the L. D. S. church in Salt Lake.

Mr. and Mrs. J. N. Davis of Kimberly were Murtaugh visitors Sunday.

Mr. and Mrs. S. H. Walton, Mrs. A. P. Thomas and Mrs. Larue Morrill returned last week from Utah where they motored on a pleasure trip.

Mr. and Mrs. Jesse Strong and children, and Mr. and Mrs. Earl Witt and baby motored to Twin Falls Saturday and spent the day.

A large crowd attended the "Children's Day" program at the M. E. church Sunday morning. The Flag day address was given by Oscar Cox.

Bessie Witt of Hansen spent Sunday with relatives here.

The W. A. R. class motored to Golden Valley Friday evening and were entertained at the Hoffman home. A most enjoyable time was spent and delicious refreshments were served. Those present were Ina and Nella Campbell, Susie and Velma Briggs, Elsie Summers, Emma Silvers, Dora Williams, Blanche Worrell, Derthy Sullivan, Mrs. V. R. Bell, Ralph Worrell, Lloyd Garrison, William Keller, Ed Durk, Myrl Taylor, Lloyd Jain, Francis Jain, Everett Jain, Ed Dudley and the Rev. V. R. Bell.

A baby and pre-school age children clinic will be held all day Sunday, June 20 at the school house. Dr. J. N. Davis will give a talk on "Baby's Foes." At 1 o'clock Miss Miller of Boise will talk and give a demonstration of proper food for children. At 3 o'clock Miss Rosetta McGrail, county nurse, will begin weighing and measuring the children which will continue throughout the afternoon.

Dorothy Doty of Kimberly spent Monday and Tuesday with Elizabeth and Margaret Hoover.

SOLDIERS ARE SOUGHT IN CONNECTION WITH KILLING

Wife of Army Officer at Rockford, Illinois, Shot to Death in Automobile

ROCKFORD, Ill., (AP)—Five soldiers of Camp Grant, near here, were sought today in connection with the shooting to death early today of Mrs. Maude Lucille Moss, wife of Captain Leroy H. Moss, camp utilities officer, and daughter of Colonel Bion J. Arnold, pioneer electrical engineer. The entire military intelligence force was seeking to establish whether Mrs. Moss was murdered or accidentally killed.

That Mrs. Moss had been shot was not known until the automobile in which she was riding with her husband and four friends had gone a half mile. The party had just passed the small group of soldiers, it was said, when a sharp report was heard. It was then thought the motor had misfired. Striking a bump in the road Mrs. Moss, who had been asleep on the rear seat between Mr. and Mrs. William V. McCreight, slumped forward. Mr. and Mrs. McCreight, believing her still asleep, reached forward to aid her, and then it was found that she had been wounded.

Captain Moss, who was driving, rushed to the camp base hospital but Mrs. Moss died a short time after reaching there.

Captain Moss said he believed the shooting was accidental.

In November, 1904, Mrs. Moss was lost 24 hours on Pike's Peak, and with her brother and a friend, was rescued from freezing only after a frantic search.

Doesn't It Sour Your Sweet Disposition?

When you have to push and pull—instead of sitting pretty—doesn't it sour your naturally sweet disposition?

There's no need for it. Standardize on *Conoco* and know what mileage a few inches in the tank will give.

Conoco Gasoline is as uniform as science and care can make it. It not only assures maximum mileage per gallon, but it also makes starting quick and acceleration prompt and strong. *Conoco* allows you to use a leaner, more economical, cleaner-burning mixture, that keeps carbon troubles down and gas-cost-per-mile low.

To protect your motor against wear, and to keep it powerful, there's no better oil than *Polarine*. Sold everywhere in the Mountain States where you see the *Conoco Sign*.

ISLANDS TRADE MAKES BIG GAIN

Exports of Month Exceeding Previous Years Less Than Imports

MANILA, P. I., (AP)—Despite the fact that the exportations from the Philippine islands last month were double those of the same period last year, the importations were so heavy that the balance of trade was against the islands to the extent of $380,000 for March.

The exports from the islands during last March amounted to $12,000,000 and the imports to $12,380,000.

There was exported approximately 32,000,000 pounds of hemp in March, valued at about $4,000,000 or nearly double that exported in the same month last year.

Although sugar exports fell off during March of this year, compared with the same month in 1919, the value of the shipments this year exceeded that of last year by $1,200,000. During March 1920, a total of 37,295,000 pounds of sugar was shipped out of the Philippines and its value was approximately $3,467,000.

Last month's exports of cocoanut oil amounted to 8,472,000 pounds, valued at $1,355,000 while the exports in March of last year were practically nothing, being only 220,000 pounds.

Cigar exports in March, 1920, reached 35,392,000, while in the same month a year ago, only 15,866,000 were shipped.

Throttling Governor Gives Steady Speed

Every "Z" Engine is equipped with a sensitive throttling governor. Regulates the amount of fuel and air admitted to cylinder—maintains uniform speed—summer or winter, regardless of work being done.

Throttling governor enables the "Z" to use kerosene as well as gasoline—saves you money.

Governor is a complete, high grade assembly unit—not a makeshift device. Its case-hardened contact-parts resist wear.

Has mighty important duties: Helps maintain uniform cylinder temperature—insures better lubrication—gives smooth, steady flow of power that saves wear and tear on driven machinery.

Other "Z" features are: Built-in Bosch high tension oscillating magneto; more than rated power; every part interchangeable; clean-cut, efficient design; long-lived endurance:

"MILLIONS NOW LIVING WILL NEVER DIE"
LECTURER, E. F. CRIST

In a free lecture in City Park next Friday evening it will be conclusively proven by many Biblical prophecies which have been fulfilled during the past four years, and from many others still in course of fulfillment, that thousands now living in THIS COMMUNITY WILL NEVER DIE.

"In this instance do not deceive yourself into believing that 'where ignorance is bliss 'tis folly to be wise,' because life everlasting on this earth as a perfect human being will depend upon the individual knowledge and understanding of, and acquiescence in the rules of conduct that are to govern the world in its reconstruction now in progress, and ever after."

In a startling and comforting lecture, "Millions Now Living Will Never Die," Lecturer Crist offers a reasonable and satisfying solution of the many questions raised by the conflicting claims of orthodox creeds, Sir Oliver Lodge, Sir Conan Doyle, Christian Science practitioners and the various faith healing sects. No matter what your present ideas on this great question may be, you should hear

ADULTERANTS IN SAUSAGE, CHARGE

Dr. W. A. Falcon, Meat Inspector, Accuses Makers of Using Cheap Substitutes

That much of the sausage manufactured in Twin Falls is adulterated is the text of a report made to the city administrative board by Dr. W. A. Falcon, city meat and abattoir inspector.

The report was rendered personally by Dr. Falcon Monday night. He has asked that legislation be enacted although prohibiting adulteration of this food stuff or compelling the plain branding of adulterated sausage so that consumers may be protected.

"Cereals in considerable proportion even running as high as 8 per cent starch, are being used in the making of sausage," Dr. Falcon stated. In subsequent sections of the report there is contained intimation that not only is the adulterant a substitute for meat food but it makes possible the use of much larger quantities of water in sausage. Heretofore consumers have been required to pay the limit price for this adulterated meat.

In an oral statement Dr. Falcon explained that during his inspections last month he found 60 tubercular hogs submitted for butchering, and eight head of cattle, all of which were condemned as food supplies.

VANDALS RUIN PRIZE ROSE IN HOME YARD

Attempts to Uproot High Grade Shrub Results in Almost Total Destruction

Maliciously inclined persons last night totally ruined a valuable rose bush at Dr. H. W. Wilson's residence last night. The bush, was of an especially high-grade and prized most highly by the entire Wilson family.

Through particular care Mrs. Wilson had brought the bush through to maturity and full bloom. Yesterday it was a solid mass of blooms. Today there is little more than a valueless shrub left. Apparently an attempt was made to uproot the bush, the attempt resulting in little less than utter destruction.

SEEKING ALLEGED FORGERS.

Attaches of the sheriff's office are seeking information that will lead to the arrest of two young men whose names are given in the complaint issued as John Doe and Richard Roe. They are said to be traveling west by automobile and are accused of giving bad paper for automobile supplies as they proceed. Bad checks have been found in Twin Falls and Kimberly. In each instance the checks were made for a small amount.

FILER BUTCHER MISSING.

Word has been received at the office of the county sheriff of the mysterious disappearance of a Filer butcher named Ackerly. The man has been missing since Monday. He is 27 years of age and stands 5 foot 9 inches in height. He failed to open his shop yesterday morning. Search of his room reveals the fact that he took none of his better clothes with him. Friends entertain fears that he has met with disaster.

DOE IS DEFENDANT.

Alleging that John Doe has obtained illegal possession of steel truck wagon, equipped with a California bed and canvas top Walter Williams, through his attorney, Frank L. Strphan, has instituted proceedings in the probate for recovery of the wagon or judgment for $75 in case of non-delivery.

SUIT ON NOTE.

Bringing action in the district court Ostrom & Green attorney firm of Buhl, has instituted proceedings for judgment in the amount of $6500 for C. H. Newton against B. B. Gilley and others. The suit is based upon alleged failure to liquidate a promissory note.

LAUBENHEIM FILES SUIT.

In the probate court C. N. Laubenheim has instituted proceedings to recover judgment for $70 against Hattie Gager. The amount is claimed as part of an account, alleged to be unpaid. S. V. Larson is attorney for the applicant.

MARRIAGE LICENSE.

This morning a license to wed was issued to Arthur G. Balsch, aged 21, and Beulah Clair Butler, 18, both of Kimberly.

GATHERING DATA FOR TWIN FALLS NEW DIRECTORY

Force of Experts now in Local Field Preparing Statistics for Polk Book

Tuesday morning a force of expert canvassers, directed by A. A. Eckstine, began operations for the assembling of data for a new Twin Falls city directory and census. The work is being done for the Polk directory people and starts after a lapse of two and a half years.

"We shall hasten the work as rapidly as is compatible with a thorough and reliable canvass. The completed book should be ready this fall," said Mr. Eckstine.

The supervisor of the canvass has blocked off the city area into five distinct sections. A man is working each of these and will continue to operate in his limit until all the required statistics are at hand. To assist in gathering every possible item of importance to the new book Mr. Eckstine is visiting all the business and industrial men with whom lists will be left to be filled out with data relative to employes. This information, when obtained, will be checked back against that procured by the regularly employed surveyors for the acquiring of additional data.

Mr. Eckstine has supervised the gathering of directory and census information in this district the past eight years and is well known hereabouts.

YOUNGSTERS MAKING SHOWING WITH COWS

Farm Bureau Club Lads Made Excellent Record in Matter of Milk Production

Reports from the farm bureau office indicate that the young dairymen of Twin Falls county are making an excellent record with their cows. It will be remembered that early in April 24 head of pure bred registered Jersey cows were shipped in from Oregon and distributed among the club members. Each member purchased a cow and agreed to care for her in good shape.

The members are required to keep an accurate record of the milk production by weighing each milking. Of the 24 head that were shipped in 16 are now milking. The club members' reports on file in the office show that for the six weeks ending May 31st these 16 cows produced a total of 17,411 pounds of milk. This is equal to 8705 quarts of milk. The price for which this milk is being sold is 15 cents, this shows a total income from 16 cows to be $1,305.75.

The junior members are very enthusiastic over their new enterprise and the interest is very keen among them. Willie Walton of Murtaugh holds the highest record for May. His cow "Valley Princess Rose" from whom he secured 1176 pounds of milk.

Charles Andrews' cow Nancy V's Violet stands second with 996 pounds and Dwight McHenry's cow Nancy V of Corvallis II is third with 929 pounds. Present indications are that the month of June will witness a change for first place as some newly freshened cows are coming along with a pretty fast record.

FARM BUREAU NEWS

R. H. Musser, assistant county agent leader of Boise, is spending a few days with the local farm bureau people. The chief mission of his visit is to assist Mr. Powers in acquainting himself with the details of the county agent work.

The farm bureau labor department is doing a "land office" business for this season of the year. Just at present the supply and demand seem to be about equal but with haying coming on within a few days it is possible that demand will exceed supply.

The new county agricultural agent, H. E. Powers of Ada county, reported for duty Tuesday. He intends to spend the major portion of the next few weeks in the fields and getting acquainted with people and general farm conditions.

HIGH WATER INJURES MALAD POWER PLANT

Flume of 200 Feet is Washed Away and Machinery Sustains Damage

Local officials of the Idaho Power company have information of a serious break in the Malad power plant of the company. The break occurred last Sunday when high water in the Malad river washed out the foundation from 200 feet of flume conducting water to the plant.

As a result of this condition the institution will be shut down for two weeks while repairs are being made to the flume and plant machinery. Electrical energy, meanwhile, is being procured through plants which tie up the Malad institution.

At the Theatres

GEM

J. Warren Kerrigan in "The Lord Loves the Irish," rated the best of the popular star's series of Robert Brunton productions, released by Hodkinson, is the attraction at the Gem Theatre, beginning today.

Besides affording Mr. Kerrigan the most appealing role he has had in months, the Monte M. Katterjohn story gives the members of the star's own company, including Fritzi Brunette, Joseph J. Dowling, Arvie Herring and Wedgwood Nowell, unlimited opportunities for performances of high order in keeping with their reputations as screen players of uncommon merit. Ernest C. Warde, who directed the star's recent successes, also held the directorial reins in the production of "The Lord Loves the Irish."

NO CELEBRATION.

The American Legion, at a meeting held Tuesday night, rescinded action taken a week ago looking to the staging of an Independence day celebration on July 5. Instead the legion will conduct an "Over the Top" outdoor exhibition later in the season. Inability to procure musical attractions resulted in the change of plan.

Today's Markets

New York Stock Market

NEW YORK, (AP)—Today's stagnant session of the stock market was again characterized mainly by the operations of bull pools in special issues. Sales approximated 325,000 shares.

Trading at the firm opening of today's stock market indicated a continuance of recent operations by pools in selective issues, particularly steels, equipments and oils. Crucible, U. S. Cast Iron at the outset, but immediately rallied three points. Barrett, one of yesterday's foremost features, extended its moderate initial gain to five points and General Chemical rose seven. Rails, especially the strong leaders of Northern Pacific and trans-continental group, were distinctly Union Pacific. Many early gains were substantially increased within the first half hour.

Trading was almost motionless in the final hour, a few leaders making progress while others reacted. The closing was steady.

Liberty Bonds

NEW YORK, (AP)—Liberty bonds final prices today: 3 1-2s $91.84; first 4s $85.40; second 4s $85.76; first 4 1-2s $85.70; second 4 1-2s $85.26; third 4 1-2s $88.90; fourth 4 1-2s $86.54; Victory 3 3-4s $95.48; Victory 4 3-4s $98.80.

Grain and Provisions

CHICAGO, (AP)—Corn advanced in price today until September delivery and touched the highest level yet this season. Absence of selling pressure was the immediate cause. Profit-taking on the part of longs finally checked the bulge, and brought about a reaction. Opening prices, which ranged from 1-4@3-8 off to 3-4 gain, with July $1.71 and September $1.93 3-4 to $1.93 7-8 and September $1.69 1-4 to $1.69 1-2.

Oats ascended with corn. After opening unchanged to 1c higher, including September at 85c to 85 1-4c, the market scored a general advance before beginning to react.

Strength of grain and hogs lifted provisions a little. At first, however, weakness prevailed owing to the unusually big stock of lard on hand.
