## ANOTHER NIGHT OF TERROR LOT OF LONDONDERRY

Two Hour Pitched Battle Between Nationalists and Unionists Subsidies when Solliery Takes Hand

**SMALL POLICE FORCE RENDERED POWERLESS**

Armed Parties of Both Factions Control Large Areas in Various Parts of City During Fighting Period

LONDON, (P) — Premier Lloyd George declared to the railway delegation with which he conferred yesterday with regard to the sending of troops and munitions to Ireland that the government would never agree to an independent Irish republic unless absolutely beaten to the ground. This statement appears in the official report of the conference.

The premier drawing an analogy between Ireland and the United States, said that President Lincoln faced a million times as great a task as the government would do the same thing if necessary.

LONDONDERRY, Ireland, (P) — This city spent another night of terror last night as a result of violent pitched battles between Nationalists and Unionists. There was a two hour pitched battle at the riverside. Comparative quiet was finally restored by the soldiery.

Many of the unionists engaged in the hostilities were ex-soldiers. The small police force was powerless and the military ultimately had to be called out. Comparatively tranquil conditions were restored by midnight, although firing continued several hours.

The reports received by the authorities during the morning showed that several men had been wounded. During the day, armed parties of both factions controlled large areas in various parts of the city. These parties stopped all pedestrians, whom they searched for arms.

Londonderry was the scene of violent rioting on Saturday night. May 15, unionists and nationalists clashing for hours. A policeman was killed and rioters and many persons were wounded. The rioting was renewed on Sunday, and hundreds of troops had to be brought to the scene. It was not until well into the week that the city was fully quieted down.

## NEW WAR IS THREATENED IN TURKISH SITUATION

Representatives of France, Great Britain, Italy, Japan, Belgium, and Greece to Meet in Conference for Survey of Developments Imperiling State of World

### Fall of Warsaw is Regarded Probable in German Reports

Surrender of Large Bodies of Polish Troops Following Reverses is Anticipated

BERLIN, (P) — Alarming reports of the military situation on the Polish-Bolshevik front are received by the Tagesspiegel from Breslau. The Poles have suffered important reverses, it is said, and in some places large bodies of the troops may surrender.

The fall of Warsaw is expected, it is asserted, and the front from Danzig to Lodz is yielding gradually, and belief is expressed that Warsaw may be occupied by soviet troops.

### Moscow Says Afghans Will Attack British

LONDON, (P) — A wireless dispatch from Moscow today declares that Afghan troops are concentrating at the Indian-Afghan frontier in order to attack the British in India.

### Japanese Return Fire of Chinese Soldiers

HONOLULU, T. H. (P) — Reports of a battle between Peking and Canton government troops at Changsha are contained in Tokyo cable advices to Nippon Jiji. The dispatches stated that the Canton troops fired on the Japanese warship Fusui, which returned the fire, killing scores of Chinese.

### GERMANS MOBILIZE CREDIT

New Reichstag to be Asked for 3,000,000 Marks for Emergency Expenses

BERLIN, (P) — Approval of a credit amounting to 3,000,000 marks will be asked of the new Reichstag next week according to an official news bulletin issued today. This money would be used to meet urgent emergency expenditures.

## World News Events

MEXICO CITY, (P) — Establishment of a monthly steamship service between Amsterdam and Mexican Pacific ports is reported in advices received by the secretary of industry, commerce and labor. The Dutch royal mail service of the West Indies will be in charge of the new line.

WASHINGTON, (P) — Reappearance of German tonnage was noted in the monthly report of acting Governor Morrow of the Panama canal, to Secretary Baker today. During April, the report showed, four German ships aggregating 25,000 tons traversed the canal, paying \$20,872 in tolls.

MONTEVIDEO, Uruguay, (P) — To aid in solving the high cost of living the chamber of representatives has approved a project authorizing municipal councils to expropriate articles of necessity and sell them to the public at cost.

BRUSSELS, (P) — The measure permitting women to be elected to parliament has been adopted by the chamber of deputies, 141 to 10. Belgian women, with the exception of widows of combatants are not yet electors except in communal elections.

### HARDING STAND BAFFLES DRY INTERROGATORS

Nominee Once Owned Brewery Stock but Voted for Volstead Act Over the Veto

CHICAGO, (P) — Senator Warren G. Harding, republican presidential nominee formerly owned a stock in a brewery in Washington two years and a half ago. The statement is that Harding had sold the stock to a friend of his, who had been given the stock by the brewery.

The statement is that Harding later voted for the federal prohibition amendment and voted for the Volstead act over the president's veto. "It was difficult to tell from Mr. Harding's speech just where he stood or in which direction his sympathies lay," Hineshaw added.

### BUDAPEST IS CONCERNED OVER BOYCOTT THREAT

BUDAPEST, (P) — The national assembly and people generally are concerned over the proposed international boycott by the transportation workers against Hungary, set for Monday, because of alleged persecution of Hungarians in this country.

Count Apponyi pointed out that the boycott would affect the Hungarian workers themselves most injuriously. Count Apponyi denied charges that 50,000 Hungarians had been interned under the alleged "white terror regime" and that 5,000 had been sentenced to death.

WINNIE TITLE LONDON, (P) — Johnnie and Winnie the doubles championship in the London lawn tennis tournament today by defeating R. Norris Williams of Philadelphia and C. G. Garland of Pittsburgh, in straight sets and in 50 minutes to death.

## DETERMINED FOR NEXT YEAR A. F. OF L. MEET

Colorado City Defeats Birmingham for Convention and is Made Unanimous Choice on Southerners' Motion

BACKS CO-OPERATION TO BEAT HIGH LIVING COST

Pledges Assistance to Local and Central Bodies for the Establishing and Operating of Own Stores

MONTREAL, (P) — Denver, Colo., was selected by the American Federation of Labor here today for its 1921 convention.

Birmingham, Ala., was the only rival under discussion. Denver defeated Birmingham for the convention by 24,000 to 12,011 votes, when the motion of the southern delegates Denver was declared unanimously selected.

W. G. Shea, of the Painters, Decorators and Paperhangers, was unanimously selected as fraternal delegate to the Canadian trades and labor congress.

Levy for Co-operation The federation decided today it would fight "criminal profiteering" and the high cost of living by the co-operative movement. It pledged its assistance to local and central bodies in forming co-ops and establishing and operating co-operative stores.

A levy was approved of \$1 on every local union to establish a bureau of co-operation for "promoting and advancing the cause of true co-operation in the United States and Canada."

The federation also will urge a federal law to permit the incorporation of co-operative societies organized on the Rochdale system.

The workers recognize clearly, "that the report approved by the federation, 'that they will not only operate their own retail and wholesale stores honestly and efficiently, patronizing the local business, but will reduce the cost of living and aid and protect the private retail merchant and middleman has been profiting upon them.'"

Deplores the "un-American condition" in the District of Columbia, "the federation pledged support to the residents of the national capital in their fight to obtain a voice in the affairs of our government."

The condition of disfranchisement in the states was deplored. The resolution "indefinite to the best interests of manhood and womanhood." The executive council and international union will aid and protect the school teachers from being discriminated against before of their association with organized labor.

Samuel Gompers, president, was authorized to appoint a committee to investigate the feasibility of establishing a national labor university. Missouri (Kansas City) district at the representation to residents of the Panama canal zone in a territorial delegate to the national government.

Looks to Control of Press The executive council was also instructed to consider a plan which ultimately would result in labor producing control of a number of daily newspapers in the United States.

Congress was called upon to give representation in matters in which labor is concerned. The federation adopted a resolution urging congress to amend the ten percent law on child labor employees when the present law expires in December, and urged the enactment of "more effective" child labor legislation.

## HARDING GIVES UP VACATION

Republican Nominee will Remain in Washington until Official Notification

WASHINGTON, (P) — Senator Harding, republican candidate for president, announced today that plans for his forthcoming vacation had been abandoned. Senator Harding would remain in Washington until time to return to his home in Marion, O., to receive official notification of his nomination.

While not finally agreed upon, this event, he said, would take place about July 15. Among those who will confer with Senator Harding next week are former Senator Charles McNary of Indiana, Theodore Roosevelt, Jr., and "other prominent men in the progressive wing of the party."

Asked regarding his conference last night with Chairman Hays of the republican national committee, Senator Harding said it was a "purely little informal, preliminary conference."

## ENDORSEMENT OF WILSON CONVENTION CERTAIN

Democratic Leaders Declare Stand on League of Nations Will Approve President's Course

DEFINITE AND FINAL DECISIONS ON ALL IMPORTANT ISSUES PROMISED

SAN FRANCISCO, (P) — Whatever stand is taken by the democratic national convention on the League of Nations it will be an endorsement of President Wilson's course in the opinion of leaders in the democratic national committee here today. The statement was given out "without fear of successful contradiction."

The resolutions committee of the convention will make clear on decisions on prohibition, the Irish question, woman suffrage and labor proposals, these leaders said. "There will be no equivocation," they stated. "All attempts at evasion will be avoided and the decisions will be definite and final."

The proposed conference of western governors and delegates will be held a few days before the convention and will discuss conditions relating only to the west, it was announced today. Among these will be mining problems, the further disposition of mineral and oil lands, Colorado river flood control and kindred issues.

COLBY DENIES CANDIDACY FOR PERMANENT CHAIRMAN WASHINGTON, D. C., (P) — Bainbridge Colby declared in a statement today that he was not even "a remote possibility" for permanent chairman of the democratic national convention.

Mr. Colby said: "The report persists that I am to be permanent chairman of the democratic convention. This report has no foundation. The organization of the convention and the choice of its officer are matters which the convention itself will decide."

Colby has not over a receptive candidate for the position of permanent chairman. There are many members of the party with much stronger claims upon its recognition and who richly deserve an honor in its gift. I am going to the convention with no other thought than to co-operate heartily with my fellow delegates from the District of Columbia and to participate in no deliberations of the convention modestly and I hope, helpfully.

Senator Reed's District Endorses Him as Delegate KANSAS CITY, (P) — United States Senator James A. Reed today was unanimously re-elected to represent the fifth Missouri (Kansas City) district at the democratic national convention at San Francisco. The district delegation re-elected Senator Reed after his rejection by the state convention which endorsed the district to name another delegate.

SEEKS BOND FOR MARTENS Department of Labor Would Prevent Departure of Soviet Envoy

WASHINGTON, (P) — The department of labor was asked today by the district of Columbia to place bonds on C. A. K. Martens, self-styled ambassador of soviet Russia under \$100,000 to prevent his departure from the United States pending a decision in deportation proceedings.

This action was taken, department of justice officials explained, because of the fear that Martens might follow the example of Sanford Novitsky, his secretary, who recently slipped out of the country.

DENIES WILHELM ATTACKED DOORN, Holland, (P) — M. Perreboom, private secretary to the former emperor, assured the Associated Press this morning that no attack had been made on Wilhelm II. He said that the emperor's name had been used in a speech made at 5 o'clock Wednesday afternoon.

IDAHO WEATHER Tonight and Sunday fair; warmer Sunday south portion.

## CONGRESSMAN TO VISIT PARKS AND RECLAMATION PROJECTS OF WEST

CHICAGO, (P) — Members of the appropriations committee of the house, headed by Congressman James W. Good of Iowa, and accompanied by officials of the reclamation and national park service, will leave Chicago tomorrow night on a tour of 18 national parks and reclamation projects in the west. The party expects to be gone six weeks. This is the first time in five years that members of the committee have made a personal inspection of these districts. The parks and projects to be visited are: Nebraska: North Platte reclamation project. Colorado: Rocky mountain national park. Nevada: Nevada national project. California: Yosemite national park; Owens lake and Owens river project. Oregon: Crater Lake park and Columbia river highway. Washington: Mt. Rainier park; Yakima river and Yakima project. Idaho: Boise and Mikulov project; and Arrow Rock dam. Wyoming: Yellowstone park and Shoshone park. Montana: Glacier park and Huntley and Milk river projects.

## SUSPICIONS TWO IN MURDER CASE

Housekeeper and Chauffeur of Elwell to be Detained as Witnesses

NEW YORK, (AP)—The first legal attention in the mysterious case of the murder of Joseph B. Elwell, wealthy sportsman and whisky expert who was shot to death in his home here last Friday, was focused today by the district attorney's announcement of intention to have Mrs. Marie Larson, housekeeper, and Edward Rhodes, chauffeur of the dead man held, by the court as material witnesses.

"Both of these people know a great deal about this case," said Mr. Joyce, "and before the mystery is cleared I am sure that they will tell everything they know."

"I feel certain now that a man shot Elwell, and that a woman was the cause of the shooting. No one has been eliminated from the case and we will continue work at every angle."

Mr. Joyce said that a short time after the murder was discovered a young woman called the Elwell house on the telephone. She said she had had an appointment at the Pennsylvania station with Elwell and wanted to know why he had not kept it. She was told that Mr. Elwell was ill and was asked to go to his house, Joyce said. She did so and was notified of the tragedy.

A "Miss Wilson" is the woman to whom belonged the pink silk lingerie found in the bedroom of Elwell on the morning of his murder. Mrs. Larson told District Attorney Swann today. Although the identity of "Miss Wilson" is said to have been known to Mr. Swann, nothing further concerning her was revealed.

District Attorney Swann later said he knew the full name of the woman mentioned as "Miss Wilson" and where she could be reached. He said she had been described as short and dark.

"It appears," he said, "that this 'Miss Wilson' was indiscreet and what ever mental uneasiness she is suffering now, she is suffering as a result of her indiscretion. However, I do not think she was in any way connected with the crime."

### Appearance and Performance Make Sport Model Desirable

For social use, to and from the country club, for matinees, for drives about the city or into the country in summer, the Nash Six four-passenger sport model is especially suited. It combines the utmost in style with unusual comfort. Its Nash perfected valve-in-head motor gives it exceptional power, quietness and economy of operation.

Perfected Valve-in-Head Motor

Five-Passenger Touring Car, \$1490

Seven-Passenger Touring Car, \$1640  
Four-Passenger Coupe, \$2350  
Seven-Passenger Sedan, \$2575  
Price f.o.b. Kansas

## MOUNTAINEERS TO VISIT WILD OLYMPIC REGIONS

Trackless Cams in Far Northwestern Corner of State of Washington the Tramping Club's Goal

SEATTLE, Wash., (AP)—Wild country of the "trackless" Olympic peninsula, in the far northwestern corner of Washington, will be visited this summer by members of The Mountaineers, a tramping club with members in Seattle, Everett, Tacoma and other Washington cities.

Across the backbone of the peninsula, from Idewater on Puget sound to tidewater on the Pacific ocean, the Mountaineers will journey. Trails will carry them into regions seldom visited by outsiders, into sunny plateaus, along the mountain rivers, across glaciers and into the home of the elk, bear and cougar.

Mount Anderson, 7500 feet, the highest peak in the Olympics, will be climbed. Camp will be established at the Dosewallips Basin, in the central section of the peninsula. Summits of Mount Seattle, Mount Olympus and Mount Meany, other peaks of the section, also will be attempted.

Indian canoes will carry the Mountaineers 35 miles down mountain streams on the last leg of their journey, from Lake Quinalt, in the mountains, to the Pacific ocean. On the canoe trip there will be rapids to shoot and the log jams around which the club members will portage their way.

Pack horses will carry some of the bedding and food and the tramping will knapsack as much as they can. Between 75 and 100 members are expected to make the trip. They leave July 31 and will remain away three weeks.

### LEAGUE MEETING.

MEMPHIS, Tenn., (AP)—John D. Martin, president of the Southern association, today called a special meeting of the league directors in Memphis next Monday to consider the situation brought about by the refusal of five of the clubs in the league to play the Little Rock club with "Casey" Smith, in the lineup.

## Tobacco Men Have No Liking for Defensive

ATLANTIC CITY, N. J., (AP)—Plans for placing the anti-tobacco organizations on the defensive were launched at the opening sessions of the nineteenth annual convention of the United States Tobacco associations here today.

"We do not intend to be placed on the defensive, as were the liquor men," said T. M. Carrington, of Richmond, Va., president of the associations.

Reports were made showing that there has been a great increase in cigarette smoking, while the consumption of cigars has remained stationary.

## SPANIARDS LAY CLAIMS TO TANGIER POSSESSION

Extension of National Influence in Morocco is Demanded by Mass Meeting in Madrid

MADRID, (AP)—Extension of the zone of Spanish influence in Morocco so that it would include Tangier, now under an international regime with a French resident general, was demanded at a mass meeting attended by thousands here last night. Addresses were made by leading politicians.

Some Madrid newspapers argue outright for Spanish possession and others demand a friendly arrangement by which the interests of both France and Spain would be preserved.

## BOLSHEVIKI QUIT ENZELI

LONDON (AP)—All Russian Bolshevik troops have left Enzeli, the principal Persian port on the coast of the Caspian sea, according to a dispatch to the Herald from Copenhagen quoting advice from Moscow. The dispatch declares the republic of Georgia has issued a protest to the powers against action of the British in assuming control at Enzeli.

## RECORD LONG HAUL MADE WITH INDIANA

Recently Edward H. Chase, made what was probably one of the longest trucking tours, ever made by motor truck in the east.

Chase is a packer, shipper and long distance mover by motor truck of household goods. He is located at Burlington, Vt. Chase is a very busy man, trucking practically all the time, hauling all over the New England states.

On this long trip Mr. Chase's truck, in charge of Samuel Turshaw, driver, left Burlington with the household goods of Thomas Howley of 39 Hickok place, delivering them to Washington, D. C., where Mr. Howley is employed in the congressional library.

The truck then went to Baltimore and picked up a load of furniture of Edward L. Allen and delivered the furniture directly to Mr. Allen's new home in Boston, Mass. From Boston the truck pulled on to Portsmouth, N. H., where it

took on a load of household goods belonging to Mrs. William Mead and delivered this load to 214 King street, Burlington, Vt., the new home of Mrs. Mead.

Chase uses an Indiana truck, equipped with big pneumatic cord tires which protects the loads carried and has proven a valuable asset in securing moving jobs. It is said that the pneumatic tires, reduce the upkeep and operating cost of the truck and contribute much to the longer life of the machine.

Also it is said that pneumatic tires make it possible for the truck to maintain a higher average of speed, thus increasing the daily mileage limit.

New and augmented facilities for its manufacture account for a part of the popularity of Golden Vesta butter. The rest comes from the purity and goodness of the things from which we make it—advt.

## PROPOSES CHINA FOR UNION WITH ANGLO-JAPANESE

Pekin and Tien-Tsin Times Argues the Oriental Republic Should Be Admitted Member of Triple Alliance

PEKIN, (AP)—China should be admitted as a member of the Anglo-Japanese alliance, thus making it a triple alliance for the Far East, according to the conclusions reached by the Peking and Tien-Tsin Times in a lengthy series of articles dealing with the approaching renewal of the Anglo-Japanese pact. The paper says:

"The treaty should be modified inasmuch as necessary to make China parity. It is a serious departure from the usual practice in international relations for two powers to enter into an agreement respecting the interests of a third power without the latter's assent, and one which in our view, ought not, in this instance, to be perpetuated. The inclusion of China in what would then become a triple alliance for the preservation of peace in the Far East and the maintenance of her integrity and independence and of the principle of equal opportunities for the commerce and industry of all nations, would constitute the most effective guarantee that nothing affecting her welfare would be done by either of the other parties without full and frank consultation with her."

**Proposes Other Conditions**

Besides the admission of China to the pact, the Times proposes a series of conditions in the renewal of the alliance, by which China shall be safeguarded. One of these would bring about the restoration of China's sovereignty over the Liao Tung peninsula, including Port Arthur, and the return of the South Manchuria railroad to Chinese control, at the expiration of a definite period. Other conditions proposed are summarized as follows:

"The independence of China today is violated by the presence upon her soil of foreign garrisons other than the troops provided for under the 1901 protocol and the limited number of railway guards permitted for the guarding of the South Manchuria and Chinese Eastern railways. Great Britain should insist, therefore, as condition precedent to the renewal of the alliance upon the withdrawal of all Japanese troops on Chinese soil whose presence is not provided for treaties or agreements in operation on July 13, 1911.

"Although Tientsin was forcibly occupied by Germany in 1900, her administration of the port and leased territory aroused no serious opposition until 1914, when Tientsin became a base for warlike operations against allied shipping. The German methods of administration were liberal compared with those of the Japanese, who are aiming to make it a closed port. The restoration to China of Tientsin, under conditions which guarantee equality of treatment to all the powers should therefore be insisted upon by Great Britain.

**Shantung Railway Problem**

"The Shantung railway which is at present being used mainly to exploit Japanese interests and as a pretext for the presence of Japanese garrisons in Shantung, should become a Chinese government state railway, operated by a Sino-Japanese administration, on terms similar to the state railway operated under British supervision.

"The practice of treating the nationality of members of the customs service employed in the higher branches of the service at Tientsin and Dairen as a test of fitness, which in effect places the heads of the customs in these ports

under the jurisdiction of an interested power, should be discontinued.

"Britain and Japan should mutually agree to withdraw their post offices from China as soon as France, Italy and the United States are prepared to do likewise."

## MEXICAN INVASIONS OF BEET DISTRICTS BEGINS

High Wages Offered Because of Scarcity of Help Proves Attractive

EL PASO, Texas, (AP)—Three railroad coaches carrying 150 Mexican laborers for the sugar beet fields of Colorado, Wyoming and Kansas left here Friday. The Mexicans are part of 800 who arrived at Juarez last Thursday night and will be sent to the sugar beet farms of the north.

Scarcity of labor in the sugar beet fields is said to be acute and the Mexicans, men, women and larger children, will receive \$5.50 a day for their labor. It was also said that it costs \$50 a head to import Mexican laborers into the United States, which includes head tax, railroad fare and feed.

Mexican laborers have been moving into the United States in large numbers for three months. Mexican officials said the migration was alarming because railroad employes and other necessary laborers were being hired by American employers. The sugar beet industry, it was said, offers employment for entire families and many women and children are in the lot which left here.

## MEXICO WORKS ON PLANS TO STOP EMIGRATION MOVE

MEXICO CITY, (AP)—Plans are being made to stop the emigration of Mexican laborers to the United States, according to Gilberto Valenzuela, sub-secretary of labor in an interview published in *Excelsior* Friday.

## SOLDIERS' MAIL IS UNDELIVERED

More than 100,000 Parcel Post Packages Unearthed in the French Ports

PARIS, (AP)—More than 100,000 American parcel post packages have been found by the Y. M. C. A. investigators which have been lying in French ports undelivered for many months. This discovery was brought to light by the posting in French ports of a request by Otto Fraeger, second assistant postmaster general of the United States, that the French accelerate deliveries.

Owen O. MacGill, postmaster of the Paris Y. M. C. A., said today that the investigators found 40,000 American packages at Havre and "nearly all of a hundred thousand packages still in the original sacks in which they arrived from America."

Other packages are at Brast, Bordeaux, St. Nazaire and Cherbourg.

Mr. MacGill explains that the French have no parcel post system and American packages are handled as freight.

According to estimates by the investigators, one per cent of the parcels were addressed to service men, 20 per cent to American civilians and the remainder to French citizens, many of the latter packages being gifts from soldiers who have returned to the United States.

Cherries are ripe at Crystal Springs Orchards. Come and fetch your boxes—adv.

## GATES OF PARK ARE FLUNG OPEN

Yellowstone Reserve, America's Playground, Given Over to 1920 Tourists

YELLOWSTONE PARK, Wyo., (AP)—Yellowstone National Park, "America's Playground," formally opened its 1920 season today, with more than 800 tourists from all states in the union entering the gates as they were thrown open to the public. Officials of the park, automobile associations and railroad officials claim the season will be the biggest in its history.

Reservations for accommodation have been made by thousands of people intending to tour the park between June 24 and 26. Sentimental chapter of the Shriners, with 125 members was the first large delegation to enter the park. Special trips were taken to all of the prominent formations and scenes.

One of the thrilling features encountered by the early tourists entering the park at the Cody entrance, was a mile stretch in Sylvan Pass where drifts of snow 10 to 20 feet deep lined each side of the road. A large tractor with a heavy snow plow was used to open the pass to the park June 23.

Reservations have been arranged for 100 members of the Chicago Kiwanis club for a tour of the park June 21 to 24. They will be followed by 250 Shriners of the Alvarado Temple of Texas, June 26. One hundred persons from Atlanta, Ga., have secured accommodations to tour the park June 29.

Government forces have completed the installation of free public auto camps for the tourists traveling in their own cars, with their own equipment, at Old Faithful, the Grand Canyon and at Yellowstone Lake. Cold, pure spring water, piped from the hills to the camping grounds; large wood piles, and comfort stations have been placed for the convenience of the motorists at these resorts. Throughout the summer, the engineers of the National Park Service, will direct their attention to the improvement of camp sites along the park highways. Forty-six of these from automobile camps will be constructed in the early future.

An added feature to the many antique buildings of the park, is the new, large, log structure for the "Camp Way" tourists at Yellowstone Lake. The building is said to be the only rival in the United States to Old Faithful Inn at the Upper Geyser Basin, which is claimed to be the largest log building in the world. Old Faithful Inn is eight stories high and is constructed of especially cut timber from the neighboring forests.

The Lake Hotel, closed to the tourists for the past two years, was opened June 18. New equipment installed has made it one of the leading resort hotels in the United States. More than 100 persons are employed at the resort during the park season.

A permanent resort called Camp Roosevelt has been erected at Tower Falls for tourists who desire to spend several days in that region fishing and riding horseback. This camp is near the site of President Roosevelt's camp of 1903.

New store buildings, of rustic design have been constructed at Grand Canyon and Yellowstone Lake by parties holding store privileges. An additional store has been opened at the Thumb of Yellowstone Lake, between Old Faithful and Yellowstone Lake.

### POSTPONED AGAIN.

NEWPORT, R. I., (AP)—For the third successive day weather conditions today forced postponement of the ninth race between the Scowle and Vanitie for the right to defend the America's cup against Shamrock IV next month.

## 650,000 MOTOR CARS IN 'COMMERCIAL USE'

Of interest to the average car owner is the total number of motor driven vehicles in the United States and the comparative number of passenger cars and motor trucks. Out of approximately 7,000,000 motor vehicles, 650,000 are used for commercial purposes—passenger cars outnumbering motor trucks by more than ten to one. About 375,000 trucks are equipped with pneumatic tires, showing the tremendous strides made by the pneumatic in the few years since its development. That 275,000 trucks are running on solid tires indicates that this and the cushion type will always have a certain field where superior traction and cushioning powers are not necessary.

### COOLIDGE ANSWERS DRYS

Submits Message Vetoing Bill Authorizing Sale of 2.75 Beer

BOSTON, Mass., (AP)—Governor Coolidge, republican candidate for vice president, sent a letter Friday to Virgil G. Hinshaw, chairman of the prohibition national committee, acknowledging receipt of a telegram asking whether the governor favors increasing the percentage of alcohol in beverages to above one half of one per cent. With the acknowledgment was enclosed a copy of the governor's message to the legislature some months ago vetoing the bill authorizing the sale of 2.75 per cent beverages.

## Your Auto

A glossy, lustrous automobile is a thing of beauty—a source of immeasurable pride and satisfaction to its owner.

A motor car whose finish has lost its lustre, has cracked or "checked," is dull and unattractive. It never wins a glance of admiration, no matter how high-priced a model it may be.

LET US REHAUFF YOUR CAR WITH A NEW FINISH

## MICHELIN UNIVERSAL CORD

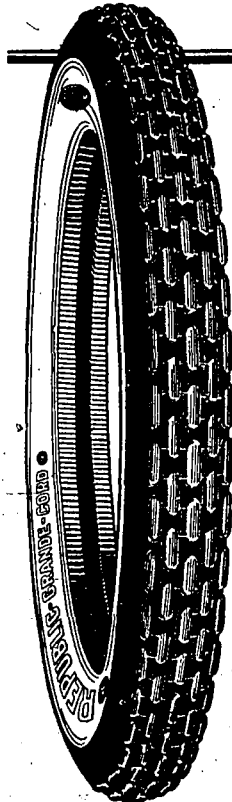

It is now some time since we first introduced the Michelin Universal Cord to local motorists. We then said that this new super sturdy oversize cord would set new standards for supreme durability and freedom from skidding. Since that time many car owners have bought Michelines of us and have proved for themselves the truth of our statement. Let us tell you more about the exclusive Michelin advantages.

## REPUBLIC GRANDE CORD TIRES

Everywhere the Republic Grande Cord Tire is being accepted without question—because of the good name it bears.

And people are finding that it is true to its name; that it, also, actually does last longer.

The reasons, of course, are the toughened tread of Prodium Rubber, and the rugged cord construction with specially strengthened side-walls.

## Ford THE UNIVERSAL CAR

To the business man, retail or wholesale; to the manufacturer; to the commission man; to the trucking company, the Ford Model T One Ton Truck makes an irresistible appeal because it has in its chassis all the merits of the original Ford car; the wonderful Ford Model T Motor, the dependable Vanadium steel chassis, and the manganese bronze worm-drive. A strongly built truck that serves satisfactorily and lasts in service. If these statements were not true, the demand for Ford Trucks wouldn't be so constantly on the increase. We will be pleased to take your order for one or more Ford Trucks, we see that you get reasonably prompt delivery, and will give you an after service that insures the constant service of the Truck. But don't wait too long. Get your order in promptly.

# WOMEN'S CLUBS RAISE BARRIER

By-Laws Change Requires Committee's Approval for Affiliation

DES MOINES, Ia. (AP)—Changes in the by-laws of the General Federation of Women's clubs pertaining to membership so that applications for affiliation must be approved by committee of five members at large instead of by the chairman of the membership committee alone, as at present, were adopted today at the biennial convention. An originally introduced proposal of a majority of the committee only would be required, but on objections by that form by delegates from Utah and southern states unanimous approval was substituted.

The question of a club house in Washington was deferred until later in the session.

Five sets of resolutions were introduced today, but no action taken on them.

**Declares for One Tongue.**

English shall be the only language of instruction in public schools of the country, according to resolutions which had been prepared today by the Americanization committee of the general federation of women's clubs, in biennial convention. The resolutions are ready to be presented to the conference.

In addition to the language in the schools, the resolution requests that there be independent citizenship for women, and that children of aliens may become naturalized when they reach their majority by appearing in court and taking a test for literacy.

The future of the general federation magazine is being given considerable attention by delegates. Mrs. Joseph Evans Cowles, president of the federation, has recommended that a committee be appointed to consider ways and means of continuing its publication. A number of delegates, however, advocate substitution of monthly bulletin or leaflet.

**Goes to Christiansia.**

Mrs. L. G. Winter of Minneapolis, will represent the General Federation of Women's clubs at the international council of women at Christiansia, Norway, next fall, it was announced at the biennial.

## "JAY BEE" CLARK OPENS AUTO ACCESSORY STORE

"Jay Bee" Clark's new automobile accessory store opens today at 843 Main avenue west. "Jay Bee" Clark is here today personally to supervise the formal opening.

This store is one of a string of five stores, the other stores being operated at Salt Lake City, Ogden, Logan and Provo, Utah.

## WRIGHT AUTO COMPANY TAKES WOODS BUILDING

The Wright Auto company will occupy the T. J. Woods building next door to The News, lately vacated by the D. C. Watson company, and are engaged in fitting up the building for their use.

The company handles Cole 8 and V-8 cars and are putting in an up-to-date work shop as a means of providing service to users of these and other cars.

**KIRKBY MONTIE SEARCH FOR ALLEGED ANARCHIST ENDS**

LOS ANGELES, (AP)—Alfonso Cordoba, 35, said to be wanted in New York to answer charges of anarchy, was arrested here today on a charge of criminal syndicalism. His arrest followed a search of eighteen months throughout southern California by city, state and federal officers, it was said.

## McADOO REFUSES TO BE BOULDER TICKET LEADER

(Continued from page one)

actionaries and those who would shut their eyes to the great and swelling voice of humanity which cries aloud for the restoration of peace and good will at home and in the world and for opportunity to live in an atmosphere of justice, progress and prosperity.

"I feel sure that my friends will appreciate the sincerity and propriety of my position and that they will do everything in their power at San Francisco to assure the continuation of the enlightened principles and liberal policy of democracy. These are more than ever essential to the security and well-being of the American people."

## FIGHT TO NOMINATE GLASS RESULTS FROM M'ADOO MOVE

WASHINGTON, (AP)—The refusal of William G. McAdoo to allow his name to be presented to the San Francisco convention will result in the waging of an active fight for the nomination of Senator Carter Glass of Virginia, declared Assistant Secretary of Treasury Shouse last night.

Mr. Shouse expressed his views relative to the candidacy of Senator Glass after receiving Mr. McAdoo's telegram. Testimony recently presented by the senate campaign expenditures investigating committee identified Mr. Shouse as one of those participating in a conference here several weeks ago at which the candidacy of Mr. McAdoo was discussed.

**Move Already Frightful**

Mr. Shouse declared that the movement for the nomination of Senator Glass "has already reached formidable proportions, and his supporters assert that he will occupy from the first ballot a commanding position in the race at San Francisco."

"Senator Glass has been among the most enthusiastic of the McAdoo supporters," said Mr. Shouse. "It is true that the Virginia delegation was instructed to support its senator, but it was understood that Senator Glass expected to withdraw his support to Mr. McAdoo."

"News of the McAdoo withdrawal in Washington was immediately followed by an announcement on the part of a number of the most loyal McAdoo men that they would exert themselves to the limit on behalf of Senator Glass. They reject the suggestion of Senator Shouse will meet with instant response and favor not only in the south, but in many sections of the east, north and west."

**Gains Wide Repute**

"The senator was brought prominently before the public by his work in the victory loan work. Previous to his appointment to the cabinet position he had already achieved a national reputation through the authorship of the federal reserve act and the federal farm loan act. He has been regarded as one of the most loyal and one of the ablest of the administration's supporters in the senate."

**BUBONIC PLAGUE EXTENDS INTO CAPITAL OF MEXICO**

MEXICO CITY, (AP)—A case suspected of being bubonic plague has been discovered in this city, according to the Demarcate today.

VERA CRUZ, (AP)—Two new cases of the bubonic plague were reported here yesterday.

## WATER POWER BILL MEETS WITH WILSON'S APPROVAL

President Falls to Sign Resolution Repealing War-Time Legislation

WASHINGTON, (AP)—The water power development bill, 10 years in the making, finally has become law.

Announcement that President Wilson had signed the measure prior to June 11, was made Friday at the White House. At the same time it was announced that he had failed to sign a joint resolution repealing most of the war time laws and the Underwood resolution providing for negotiations with Canada relative to the embargo on the shipment of wood pulp to the United States.

Another bill which failed to receive the president's approval would have authorized the war department to transfer motor equipment to the department of agriculture for road construction and other work.

Besides the water power measure, the president signed 7 bills, passed in the closing days of the recent session of congress. They included an act authorizing the enlistment in the naval and army service of non-English speaking aliens, an act paying a navy yard worker for loss of a set of false teeth and 5 bridge bills.

No explanation of the delay in announcing the president's approval of the water power measure was made.

## LEJEUNE WINS PROMOTION

WASHINGTON, (AP)—Appointment of Major General John A. Lejeune as major general commandant of the marine corps, to succeed Major General George Barnett, was announced today by Secretary Davis.

General Lejeune commanded the famous second division when it broke the German line in the Meuse-Argonne offensive and the secretary said his appointment to command the marine corps was in line with the policy of the department to reward the officers who served with distinction during the war. General Lejeune will take charge of the corps next week.

## Today's Markets

New York Stock Market

NEW YORK, (AP)—Stocks pursued their customary week-end course, a firm opening giving way to irregularity. Bulls hovered after early dullness but steel, equipments and affiliated issues lacked definite tendencies. Chemical and food specialties were higher on buying of Industrial Alcohol and Corn Products and low priced oils and motors improved with copper. The closing was easy. Belco approximated 225,000 shares. A reaction in Anglo-French 5 which fell almost 1 point under the week's high quotation, was the only feature of the bond market.

Higher prices prevailed at the opening of today's stock market, further covering of short contracts on prospect-

ive gold imports giving impetus to the advance which embraced every important division of the list except rails. The independent steels, notably Crucible and Vanadium; also oils, motors, equipments, leathers and chemicals averaged gains of 1 to 1 1/2 points. Chicago Premiums to Pool was the strongest feature, rising 2 1/2 points.

**Liberty Bonds**

NEW YORK, (AP)—Liberty bonds final prices today were: 3 1/2's \$92.25; first 4's \$89; second 4's \$88.50; first 4 1/4's \$86.05; second 4 1/4's \$85.64; third 4 1/4's \$89.35; fourth 4 1/4's \$88.50; Victory 3 3/4's \$93.70; Victory 4 3/4's \$95.70.

**Grain and Provisions**

CHICAGO, (AP)—All deliveries of corn today reached a new high price record for the present crop. Absence of selling pressure smoothed the way for the ascent. Besides, gossip was current that farmers were refusing to let go of their holdings, that the size of country elevator stocks had been exaggerated and that no corn was being loaded other than straggling cars. Initial prices, which ranged from 1 1/4 to 1 1/2 higher, with July 11-12 1/2 to 1 1/2 7-8 and September 1 1/2 to 1 1/2 1/2, were followed by decided further gains, and then something of a reaction.

Prospect of a falling off in receipts after Monday led to fresh gains in the last hour. The close was unsettled, 1 1/2 to 2 1/2 net higher, with July 11-12 1/2 to 1 1/2 7-8 and September 1 1/2 5-8 to 1 1/2 1-2.

Subsequently, the market became easier as a result of scattered selling. Commission house buying lifted oats. After opening unchanged to 5-8 higher, including September at 86 1-2 to 86 3-4, the market rose further, and then reacted somewhat.

**Oats Quotations**

CHICAGO, (AP)—Wheat not quoted. Corn No. 2 mixed \$1.85; No. 2 yellow \$1.89 1-2 to 1.90. Oats No. 2 white \$1.19 1-2; No. 3 white \$1.14 to 1.15 1-2. By the bushel \$2.27. Barley \$1.55. Timothy seed \$10 to 12. Clover seed \$25 to 35. Pork nominal. Lard \$20.40. Ribs \$17.50 to 18.02.

## Idaho Game Breeder's Association Membership

For the Farmers of Twin Falls County

To the Farmers of Twin Falls County—Greetings:

From the rapidly with which the memberships in the Idaho Game Breeders' Association are now being sold it will be but a short time until every one of them is disposed of. In discussing these matters with Mr. A. B. Hull, General Manager of the Association, and who recently conducted the campaign for membership in Twin Falls, I learned that the reason why the Association was not visiting the farmers with a view of selling them memberships was because of the amount of time and expense that would be involved in conducting such a campaign. Conditions which we can all appreciate. Nevertheless, the farmers should be given an opportunity to join so that they and their families can better enjoy the benefits to be derived through the ownership of these memberships in this Association, and, as a result, I opened up negotiations with the Association for the purchase of one hundred memberships at par on condition that I would personally guarantee that they would be sold exclusively to the farmers of Twin Falls County, and was successful in securing them. They will be on sale at my store at exactly the same price that I paid for them. Interested parties should send me their applications accompanied by Ten Dollars at their earliest possible convenience for even this supply will not last long, and it is very doubtful if any more can be had.

Yours very respectfully,

Fisher Drug Company  
BY ALLAN G. FISHER

**Minnesota Flour and Grain**

MINNEAPOLIS, (AP)—Flour unchanged. Bran 50 1/2.

Wheat, cash No. 1 Northern \$2.90 to 3.00.

# IDAHO WEATHER MUCH IMPROVED

State Meteorologist Issues a  
Qualifying Report on the  
Growth of Crops

General improvement in weather and growing conditions was observed during the past week, according to a report issued by Clinton B. Norquist, meteorologist in charge of the bureau of weather connected with the United States department of agriculture at Boise. The report for the week ending June 15, follows:

"Although the average temperature for the week was a little lower than normal the weather was warmer than that of last week and with light to steady rains in many localities growing conditions were greatly improved. Really it was the best growing week of the season so far. There was some cloudiness but the sunshine was sufficient for good growth."

"The weather was quite favorable for all crops, which generally show improvement and good growth, and for the most part there was little interruption of farm activities, although the showers did interfere with haying to some extent in a few localities. Wheat, barley, rye and oats are all doing well; the early sown wheat and rye are heading, and oats and barley are reported in the boot in several localities. Grass made the best growth of the season and pasture as a consequence are looking better. Where rains occurred the range forage improved, but in portions of Owyhee, Gooding and Bear Lake counties, where the rains did not reach, the range is drying badly. For the most part, however, range feed is fair to good and range stock are generally in thriving condition. Corn grew but slowly; it needs more warmth."

"Alfalfa harvest is becoming general. The weather was only fairly favorable for this work as rain was threatened on several days, and showers did occur in some localities, and cloudiness interfered with rapid curing. The yield is only light to fair. Some damage by weevil is reported in several districts. It was a good week for all fruits. Growth was rapid. The prospect for a heavy crop of apples and pears has not deteriorated. Strawberries are plentiful and of excellent quality. Cherries are coloring rapidly and will be ready to pick."

## Local Brevities

From Seattle—Ambur Pilgerim returned yesterday from Seattle where he has been attending the University of Washington.

To Visit in Utah—The Misses Burt and Anne Wheeler and the Rev. Mr. For points in Utah, where they will visit relatives and friends.

Home from Journey—C. A. Bailey returned from Walla Walla, Wash., where he attended the shooting tournament which took place in that city.

Read Gets Contract—W. G. Reed, local contractor, has been awarded contract for a new school to be built at Carey, Idaho, at a cost of \$42,850.

Attended Convention—Captains and Mrs. P. W. McRoberts returned Thursday from Sandpoint, where they attended the meeting of the Grand Chapter of the Eastern Star.

Will Visit Brother—T. G. Brewer, an attorney of San Francisco, is expected here next week for a visit with his brother, Paul H. Brewer, formerly of the Idaho department store.

Attended P. E. O. Meeting—Mrs. T. F. Warner, Mrs. Zenas Smith, Mrs. W. E. Nixon and Mrs. Frank S. Bell returned Thursday from Caldwell where they attended the P. E. O. state chapter convention. Mrs. Bell was elected state treasurer.

Baird Body Cremated—George Baird returned yesterday from La Jolla, Cal., where he was called by the illness and death of Chester Baird. Services were conducted Monday afternoon at the funeral home of the Johnson-Saun company in San Diego under the auspices of the Elks, the body was cremated and the ashes will be taken later to the old home in the east.

## Social Notes

Announcements have been received here of the marriage of Miss Edith Leona Boyd, daughter of Mr. and Mrs. John A. Boyd, to Walter P. Graham of Twin Falls, which took place on Tuesday last at the home of the bride's parents in Hamilton. Mr. Graham formerly was employed in the Twin Falls post-office.

Mrs. G. C. Huffman entertained Wednesday afternoon at the home of her mother, Mrs. W. H. Howard, who is visiting her from Long Beach, Cal. The afternoon was spent socially and dainty refreshments were served. Those present were Mrs. H. O. Milner, Mrs. Augusta Clouche, Mrs. H. H. Gasser, Mrs. J. D. Wiseman and Mrs. G. A. Jungel.

Miss Fern Ems, entertained at a line party Wednesday evening at the Idaho theater, complementing Miss Zita Helms of Fremont, Neb., who is her home guest. Following the theater refreshments were enjoyed at the City pharmacy. The guests were Mesdames Howard, Mrs. Jack Clouche, Bruce Watson, F. L. Miller, the Misses Florence Hill, Louise Wells, Mrs. C. W. Zeller, Mrs. Visser, Eloise Spafford, Ruth Glasgow, Edna Beauchamp and Bydell Horst.

The War Mothers held their regular meeting Friday afternoon in the Presbyterian church parlors. War Mothers Mrs. C. S. Higgins was appointed delegate to the state convention to be held at Idaho Falls in October. Several subjects of interest were discussed and Mrs. T. O. Boyd, president of the Women's Auxiliary of the American Legion, gave an interesting talk along the line of work planned by the Auxiliary. Following the business meeting a social hour was spent, the program being in charge of Mrs. M. C. Futum, two vocal selections were given by Mrs. W. H. Dwight, entitled "The Birth of Morn" by Franco Leoni, and "The American's Come," by Foster, two readings by Mrs. John Green, "Motherhood" and "Innocence." Piano selections by Mrs. Fred Beckwith, "Lacrima Borgia," and "Les Sylphs." Thirty-five members were present and refreshments were served. The next meeting will be one month from today at the country home of Mrs. C. T. Burt, and will be a picnic.

HARDING GIVES UP VACATION  
(Continued from Page One)

Announcement was made at Senator Harding's office today that a search of the files there failed to disclose record of any letter written by the senator to Frank P. Walsh expressing sympathy with the demand for the independence of Ireland. A copy of a letter on this subject said to have been written by Senator Harding after the senate action on the Irish question early in the year, has been published by the Westminster Gazette, of London.

Senator Harding himself declared he had no recollection of having written such a letter.

Without Comment  
Senator Harding has said that he would make no statement on the Irish or any other question until he delivered his address in reply to the formal notification of his nomination.

The letter to Mr. Walsh, as published in the Westminster Gazette, was dated March 20, 1920, and acknowledged receipt of a book from the pen of Michael O'Donohue. It expressed sympathy with the movement to bring about independence of Ireland and deprecated the "insane demonstration in the senate recently in this regard."

Allen Felicitates Nominee  
Senator Harding today received a letter of congratulation from Governor Henry J. Allen of Kansas, who nominated General Wood at the Chicago convention.

"I wish to extend to you," Governor Allen said, "my sincere congratulations on your nomination and my very best wishes for your success in the campaign for the presidency. It will be a pleasure to do anything I can at any time to further the cause of your election."

## PROFITTEERING CHARGE IS FILED AGAINST CLOTHIER

Officials of New York Department Store Arrested by Federal Agents

NEW YORK, (AP)—Frederick Gimbel, first vice president of the Gimbel brothers department store with branches in many cities, was arrested today by department of justice agents on a charge of profiteering in clothing. Gimbel is head of the New York store.

J. J. Dowdell, general merchandise manager of the store and C. D. Slawter, clothing buyers, also were arrested on similar charges. All three are charged with making profits in clothing of from 90 to 275 per cent.

One of the highest profits alleged to have been made was at an advertised sale of men's clothing. It is charged a suit costing \$33 was sold for \$75. Other charges were that a \$5.50 Mohair suit was sold at \$20; a \$15 suit was sold for \$33.75, and another suit costing \$3.50 was sold at \$15.

According to Agent John J. Mitchell, Mr. Gimbel plotted the responsibility for the alleged mark up in prices on Mr. Slawter and "threatened to discharge him."

Gimbel, Dowdell and Slawter were released in \$1000 bail each when arranged before Commissioner Hittcock July 8 was set for their preliminary examinations.

J. J. Price, special agent investigating the Gimbel firm, said that the specific charges upon which warrants were served today represented a selection out of 185 which have been laid before the grand jury.

Charges of profiteering in the sale of foodstuffs are pending against the firm of Gimbel brothers in Philadelphia, Mr. Price said.

RUSSELLITES ARE REHOMED  
OF ESPIONAGE ACT VIOLATION

NEW YORK—Officers of the International Bible Students association, commonly known as Russellites, who were indicted in May, 1918, and sentenced by a federal court to 30 years imprisonment for an alleged violation of the espionage act, have been exonerated through action of a federal district attorney in dismissing charges against them after reversal by the circuit court of appeals of the original judgment. Charges were based on publication and circulation of "The Finished Mystery,"

RESOLUTE AHEAD AGAIN  
NEWPORT, R. I., (AP)—Sailing in light airs, Resolute won a sixth victory today in the ninth of the trial races with Vanitie to determine which shall meet Shamrock IV in defense of the America's cup. As seen from shore, Resolute crossed the finish line 12 seconds ahead of her rival on elapsed time, which would give her a margin of 25 minutes 8 seconds over the time. The greater part of the race, which was arranged as a leeward and windward affair, was a reach, in which Vanitie first went astern.

BUT CAN'T STOP HIM  
CHICAGO, (AP)—Babe Ruth was knocked out of action for five minutes during the second inning at White Sox park this afternoon when he was hit on the head by a ball. He refused to leave the game after being revived.

Ruth opened the second inning with a single. Mussel grounded to Weaver, who touched second, forcing Ruth, and then attempted to double Mussel at first. The ball struck Ruth on the side of the head.

## Personals

C. J. McCormick is in the city from Mrs. Kate Bryson's trip.

Miss Kate Bryson of Gooding was a Twin Falls visitor yesterday.

O. W. Tenney of Gooding was among yesterday's arrivals in Twin Falls. H. T. Rice and mother, Mrs. McGlinchey of Bush arrived in this city yesterday.

Mr. and Mrs. Asa Galvert moved to their home on Hansen Butte yesterday.

Mrs. D. M. Hatch of Victor, Colorado, is the guest of her daughter, Mrs. Chas. Hulka.

Mr. and Mrs. William Lytle motored in from Hollister yesterday for a short visit.

Mr. and Mrs. O. M. Gant returned Thursday from a visit to Lava Hot Springs.

Mrs. W. H. Spence motored over from Kimberly yesterday afternoon for brief visit.

Mr. and Mrs. Wilbur Bolton of Kimberly were in Twin Falls visitors yesterday afternoon.

Mrs. B. F. Train of Kimberly was among the out of town visitors in Twin Falls yesterday.

Mrs. Rosa M. Allen of Elmer spent yesterday in Twin Falls on a business and shopping trip.

Dr. and Mrs. Frank Dwight motored over from Elmer yesterday for a visit at the home of relatives.

Mrs. W. S. Mallory and Mrs. C. W. Grimes returned yesterday from Lava Hot Springs where they have been for the last two weeks.

Frank C. Smith arrived yesterday from Long Beach, Cal., and will remain for some time looking after his numerous business interests.

Miss Bertha Sullivan is visiting friends in Twin Falls where she will remain until next week when she will return to her home in Portland.

Miss Laura McIlvaine is leaving Monday for Portland on a three months' vacation, her niece Miss Peggy Wall, will accompany her for a month's visit.

Mrs. Charles Neoley and children have arrived from Pocatello and for the present are at the R. B. King residence, 417 Seventh avenue north. Mr. Neoley is manager of the Idaho Power company.

ENTERTAINMENT WANTS ONE  
SPRINGFIELD, Mo., (AP)—Josiah Sharick, 103 years old, said today that he wanted just one more "thriller" and arranged to make an airplane flight Sunday afternoon with a local aviator at a Springfield park. He was born near the present site of Effingham, Ill.

NOTICE  
I have sold my interest in the American Hotel to Charles Dunn, who will collect all accounts and pay all bills.

IDAHO DEPARTMENT STORE Ltd.

Our great Stock Reduction Sale is offering many excellent values in our Men's Store. Open this evening until 9 o'clock.

## Wear the Fabric that wears well and looks good on you

In the spring you turn consciously to the lightweight wearing apparel. This is the time when it is a relief to get into a suit that is comfortable. We want you to notice our window displays this season. If we can impress you with a suit model in our window display, we should be gratified. We would like to impress you with the idea, however, that we shall have a suit model that is adapted to your build and a pattern and color that is becoming to you.

Price Range from  
**\$20 to \$45**

We have certain ties to go with our suits that you will appreciate. We also believe that every man should consider the right hat to wear with the model suit he buys.

**Ties 75c to \$4.50  
Hats \$3.00 to \$12**

As you pass our store look in the window and find time to come in and look over our line.

## RUMELY IDEAL

### Keeping the Straw on the Move

WHEN we designed the Rumely Ideal thrasher we knew "where we were going"—We knew that the biggest trouble in threshing always has been bunching, winding of the cylinder, choking up. We knew that anything that impedes the flow of straw prevents perfect threshing.

So we designed the Ideal on the principle of a steady even flow of straw through the machine—from the time it enters at the cylinder until, free of all the grain, it leaves the machine through the stacker.

Follow the straw through an Ideal. Notice the size and weight of the cylinder and the relative position of the grates,—that in the Ideal the grates are not placed half way up around the cylinder but right behind and beneath where they allow the cylinder to relieve itself of the straw at the most natural point—the bottom—before the cylinder starts on its upward turn.

Then see how that patented Ideal traveling rake works—taking the straw from the cylinder and delivering it to the straw rack in that same steady even flow—all the while separating the grain from the straw because the rake is slatted.

You'll find the Ideal straw rack different from others—instead of relying upon shaking alone there are sets of lifting fingers that tear the straw open—rake it—beat it from beneath.

And to guarantee perfect cleaning there is a chaffer in the cleaning shoe as well as in the grain pan—no overloaded shoe and a cleaning system that not only delivers clean grain but takes care of the big capacity for which every Ideal is noted.

We have a catalog for you that tells everything about the Ideal, which is built in five sizes, 22 x 36, 28 x 44, 28 x 48, 32 x 52 and 36 x 60.

## MISSING A GUE

A Republican state convention was  
held last month at Coeur d'Alene. It  
was more or less turbulent affair, and  
its difficulties suffered nothing in the  
telling.

A Democratic state convention was  
held the other day in Lewiston. It was  
marked by most serene harmony.

The Republican convention was held  
in various quarters as a horrible ex-  
ample of the convention system. There  
is no such comment in those quarters  
with respect to the Lewiston session;  
and yet, these commentators almost in-  
variably have been those who were the  
most insistent upon their political "in-  
dependence."

It may be, from their viewpoint, that  
the appearance of harmony justifies a  
political convention, although they or-  
tunately have their hawks of protest  
against the convention system as an in-  
stitution, because, they say, it defeats  
the will of the people.

If the will of the people or of any  
element has been defeated by either of  
the Idaho conventions, which is the  
greater offender?

Take for instance the case of the  
former service men. Returned soldiers  
in the Republican party had two defi-  
nite objectives in the Lewiston conven-  
tion. They sought adequate represen-  
tation on the delegation that went to  
Chicago; and they sought the removal  
of John W. Hart as national commit-  
teeman or an explanation from him that  
would satisfy their questions as to his  
conduct during the war. In the latter  
aim they won their case when Hart ap-  
peared before the delegation in Chic-  
ago and succeeded in exonerating him-  
self in the sight of two service men de-  
legates and two other delegates who held  
with them on this issue.

The Coeur d'Alene convention gave  
former service men two delegates to the  
national convention, each with one en-  
tire vote, or two votes out of the eight  
allotted to the state. They were made  
a power in the delegation.

The Lewiston convention also elected  
two former service men as delegates,  
but it gave each of them one-third of a  
vote in the national convention, and  
made them two among twenty-four de-  
legates to attend the San Francisco ses-  
sion. They are rendered helpless in the  
delegation. Harmony is purchased  
cheap at the price paid for it at Lew-  
iston; but the transaction cannot be  
said to make for full and free expres-  
sion of the will of the people.

Some self-heralded opponents on gen-  
eral principles of the convention sys-  
tem seem to have missed their cue.

## A FRIEND OF HUMANITY

Humanity lost a friend in the death  
yesterday of George Walbridge Per-  
kins, who was for ten years a member  
of the firm of J. P. Morgan and Com-  
pany.

Perkins was reputed to have first sug-  
gested to and persuaded "big business"  
to adopt profit-sharing, insurance, ser-  
vice bonuses, sick benefits and old age  
pensions.

It was Perkins who was also said to  
have inaugurated the plan which per-  
mitted employees of the United States  
Steel Corporation and the International  
Harvester company, in both of which  
he was at one time an executive, to pur-  
chase stock on installments and at less  
than market value on the assumption that  
"individual justice is the most  
profitable of investments, that justice  
promotes peace, peace promotes  
prosperity and that the workmen's prop-  
erty is necessary to the prosperity of  
the business man."

Perkins is dead, but the institutions  
he fathered still live and will continue  
to send to the insoluble benefit not  
only of wage earners directly affected

by them but to society as a whole.  
Perkins comes near fitting the most  
satisfactory definition of the true phi-  
lanthropist. His example is one which  
is likely to be emulated by the most  
successful of his successors in the in-  
dustrial world from now on.

## PRESENT DAY CLAMOR IS NOT NEW

"There are persons who constantly  
clamor! They complain of oppres-  
sion, speculation and parasitism.  
Influence of accumulated wealth.  
They cry out loudly against all banks  
and corporations and all means by  
which small capitalists become united  
in order to produce important and  
beneficial results. They carry on mad  
hostility against all established insti-  
tutions. They would choke the fountain  
of industry and dry all streams. In a  
country of universal poverty, they de-  
mand equal rights, or against oppression.  
In a country of perfect equality, they  
would move heaven and earth against  
privilege and monopoly. In a country  
where property is more evenly di-  
vided than anywhere else, they demand  
the air shooting agrarian doctrines.  
In a country where wages of labor are  
high beyond parallel, they would teach  
the laborer that he is but an oppressed  
slave."

The above paragraph sounds as  
though it might have been written by  
some wise man describing present day  
conditions.

—But this is not so. The Ladies' Home  
Journal quotes it from the sayings of  
Daniel Webster and his remarks were  
made nearly one hundred years ago, in  
1833.

We are too prone to think that this  
turbulence is a new thing, that it never  
was heard of before. But the clamor  
ers have been with us always. Those  
who stirred the world in 1833 are for-  
gotten and we remember only those who  
stirred the world today. Each generation  
carries with it a class of disgruntled  
citizens who destroy everything and  
build nothing.—Des Moines Capital.

## HOLLISTER

HOLLISTER, Idaho.—Mrs. O. Hull  
was taken to Twin Falls Sunday, evi-  
dently ill, latest reports are that she is  
somewhat improved.

The Sunday school teachers are drill-  
ing the children for the Children's day  
exercises, Sunday, June 20.

Mrs. C. Hatch and Mrs. L. Townsend  
went to Twin Falls Tuesday, returning  
Wednesday.

Reports are received that Mrs. Holla  
Mort and little daughter have recovered  
from an attack of influenza at Twin  
Falls, and expect to leave for Mrs.  
Mort's old home in Illinois.

The Rev. Mr. Young of Hazelton has  
been engaged as pastor of the Hollister  
and Rogers Presbyterian churches for  
the coming year.

T. Strickland and family have moved  
into the Holla Mort home in East Hol-  
lister.

The Salmon tracks first run of water  
close down this week; crops are look-  
ing fine and prospects are for good  
crops of grain and seed.

The Christian Endeavor society is be-  
ing re-organized. Miss Helen Pomeroy  
is temporarily at the head of this part  
of the country.

## FOREMAN TELLS ABOUT TANLAG

**Had Suffered for Twenty Years  
Gained Eleven Pounds and is  
Restored to Health**

"For two years before I began taking  
Tanlag my health was so bad I lost two  
or three hours from work every day,  
but since taking five bottles of the  
medicine I am in as fine health as I  
ever was in my life," said C. H. Melton,  
construction foreman for the Western  
Union Telegraph Co., living at 3336  
Tracy avenue, Kansas City, Mo.

"I had stomach trouble and nervous  
indigestion twenty years," he con-  
tinued. "Five years ago I got in such  
bad shape that everything I ate caused  
me terrible suffering from gas and at  
times I could hardly breathe. I had a  
stuffy feeling all the time and was so  
constipated I had to keep taking laxa-  
tives. My head ached sometimes like  
it would simply burst and I became so  
weak and run-down it looked like I  
would have to give up my work entirely."

"A friend of mine had tried Tanlag  
and recommended it to me. I decided  
to take it, too, and, believe me, I  
found it to be a real medicine. In three  
days' time my appetite began to im-  
prove and my stomach got better. I  
kept on improving rapidly and now I  
eat anything I want, have gained eleven  
pounds and never have stomach trouble,  
headache or constipation any more.  
I never felt better in my life and it is a  
real pleasure to recommend Tanlag."  
Tanlag is sold in Twin Falls by City  
Pharmacy and by the leading druggists  
in every city.—adv.

benstock); anthem, "Now the Day is  
Over" (Speaks); offertory, "Enchant-  
ed Bell" (Haverberg); solo, Miss  
Gladys Carlson. Organ postlude, "Pro-  
cessional March" (Verne).

**FIFTEEN YEARS AGO  
IN TWIN FALLS**

Taken at random from The News this date  
in year 1905

Thomas J. Rauch has been appointed  
postmaster of Hansen the new town-  
site eight miles east and one mile south  
of Twin Falls.

The ladies of the Presbyterian church  
have recently organized an aid society  
with 25 members.

James McMillon of Kimberly went  
to Shoshone on Friday to meet his fam-  
ily. He has built a snug home on his  
farm and has placed the latch string  
where it can easily be reached.

Among next week arrivals will be  
Mrs. Paul S. A. Bickel and children,  
who are coming from Helena, Mont.

Chairman Bickel has erected a comfort-  
able home and is preparing to forsake  
the "camp" in which he has been the  
leading spirit for so long.

W. A. Childers is marketing a quan-

ty of lettuce, grown on his farm one  
mile north of the city. The lettuce  
attained a wonderful growth and is as  
tender as a mother's love. Mr. Childers  
had a hard time preserving it from  
the jackrabbits. He said the rabbits  
destroyed 700 cabbage plants for him  
in a single night.

A construction outfit, belonging to  
Silch brothers of Salt Lake, passed  
through Twin Falls Friday en route to  
Angeles Falls where the contractors were  
to begin work for the Shoshone River  
company, the Salt Lake corporation.  
The owner of the land on the south side  
of the river refused to allow the outfit  
to pass through the property. Sheriff  
Hansen was appealed to and refused  
to permit the outfit to pass through the  
gate without an order from the district  
court. After waiting for several days  
the order not being forthcoming Silch  
brothers disposed of their supplies and  
removed their outfit.

**NOTICE OF SALE OF ESTATE**

Sheriff's Office,  
County of Twin Falls—Estray Sale.

State of Idaho.

I, A. N. Sprague, Sheriff of the Coun-  
ty of Twin Falls, State of Idaho, have  
this day taken into my possession at W.  
M. Dye's Ranch, 4 miles northwest of  
Twin Falls the following described es-  
tray animals, to-wit:

1 brown gelding, about 7 years old,  
weight about 1300 pounds, branded J E  
on left hip and U S A on left shoulder;

1 brown gelding about 9 years old,  
weight about 1300 pounds, branded J E  
on left hip and U S A on left shoulder;

which estray animals I will sell in pur-  
suance with Section 3000, Compiled  
Statutes of Idaho, at public auction, to  
the highest and best bidder for lawful  
money of the United States on July  
23rd, 1920, at 11 o'clock a. m., at W.  
M. Dye's Ranch, 4 miles northwest of  
Twin Falls, County of Twin Falls, State  
of Idaho.

Dated June 11th, 1920.

A. N. SPRAGUE, Sheriff.

By BEN J. BROWN, Deputy.

First publication June 12, 1920.

Last publication July 10, 1920.

## NOTICE OF SALE OF ESTATE

Sheriff's Office,  
County of Twin Falls—Estray Sale.

State of Idaho.

I, A. N. Sprague, Sheriff of the Coun-  
ty of Twin Falls, State of Idaho, have  
this day taken into my possession at  
Mike Murphy's Ranch, 3-4 mile north-  
west of Amsterdam, Idaho, the follow-  
ing described estray animals, to-wit:

6 Holstein steers, 3 years old, waddle  
on left jaw, all freshly dehorned, ear  
marked with half crop on left ear,  
branded O left hip.

1 dark red halber, same age, waddle,  
ear mark and brand.

1 Holstein heifer, same age, waddle,  
ear mark and brand;

## 'FIGHTINGEST FIGHTER' TITLE WON BY MIKE O'DOWD, FORMER WORLD MIDDLEWEIGHT CHAMPION

Demon Scrapper who Meets Gordon McKay for "Next-to" Title July 5, Credited with Being Man of Business in the Ring—Depends upon Fighting Instinct to Win Him Battles

The "fightingest fighter" of them all. That's the title that Mike O'Dowd, middleweight champion, who fights Gordon McKay at Pocatello, July 5, has gained throughout the country, and the Harp rightly in honor.

Mike is not one of those Gibbons boys when it comes to science nor does he depend upon ring strategy to win, but rather on his good old right hand wallop that has put some of the best boys in the business to sleep. The Harp has scored countless knockouts in his short career and every one of them has been dealt by his trusty right hand wallop.

Mike O'Dowd's middle name is Fight. He comes from one of the "tough" sections of St. Paul where he took great pleasure in winning the "tough guy" championship of the neighborhood.

Mike carried just as much of his right hand in the old days that he does now. Several weeks ago, O'Dowd technically lost his title to an unknown named Pug Wilson. The fight championship was made questionable by a decision which is said to have been one of those "home town affairs" of Boston, but there are very few fight men in this country who are willing to hand Mr. Wilson anything on St. Paul's great middleweight fighter, who is now refused a return match.

Born with a fighting face that has beaten many of his opponents before he has entered the ring, O'Dowd took to fighting naturally. He became embroiled in neighborhood "kid" fights and at once started a grand cleanup that made him the leader of the gang.

It was back in 1913, when Mike was only 18 years old, that Jack Reddy, a promoter in St. Paul, "discovered" O'Dowd scuffling in a back street. Reddy saw great possibilities in O'Dowd. He signed him up and then Mike was started.

Under the wonderful tutoring of Mike Gibbons, the famous phantom, the Harp was broken into the professional business. Two months after Reddy found him, O'Dowd had his first professional fight. It was a "snack" affair because the game wasn't legalized at the time. He won easily by "knock out" in one round. Mike had six fights that year and won them all by knockouts, his most important victory being inflicted on Mike Brown of Minneapolis, who in those days was pretty good.

## WEIGHTS FIXED BY CLASSES FOR ARMY'S BOXERS

Military Glove Tournament will Determine Champions by Sections

WASHINGTON, (AP)—Authority has been given by the war department for the holding of a military boxing tournament in the Philippine department, July 1 to 5. The tournament will be divided into seven classes by weight, one enlisted man being selected from each military post in every class. Elimination contests will begin soon at the posts to determine the best available candidate.

Athletic directors of the tournament have fixed the following weight limits: 115 pounds and under, bantam weight, 125 pounds and under, featherweight, 135 pounds and under, lightweight, 145 pounds and under, welterweight, 155 pounds and under, middleweight, 175 pounds and under, light heavyweight. Over 175 pounds, heavyweight.

The winner in each class will be awarded a gold medal and the title of champion of the Philippine department. Right to the medal will be permanent, but claim to the title will be lost to his ability to successfully defend same at the next tournament.

## YALE WINS GAME

NEW YORK, (AP)—By defeating Princeton in a boxing match, Yale won an exciting pitcher's battle, Yale gained the long end of its annual series against the Tigers. Both teams played errorless ball.

To buy the right thing instead of the wrong one may mean to buy satisfaction instead of regret and vexation. Study the ads.

## Brief Bits of Sport

Such fans as are interested want to know what became of the wrestling match scheduled for this week.

That was sure a queer bit of publicity.

Georges Carpentier accepts William Harrison Dempsey's acceptance, but only on condition that the proposed bout takes place early this fall.

On the other hand Dempsey says it is impossible until after October 10.

They may talk about Babe Ruth's record but in the meanwhile look out for Sam Rice of the Senators. Sam is out to set a new base-stealing record. To date, according to the last compiled records, Rice has swiped 22 bases this season.

Twin Falls fans are promised a flat encounter for the night of July 5, but the principals are being kept in the dark for some reason.

Meanwhile local fans of the flat art are making plans to go to Pocatello for the McKay-O'Dowd show on that date.

An admirer of Tris Speaker in Philadelphia has promised the Cleveland manager a touring car and a tractor, the latter to use on his farm, if the Indians win the pennant, and Tris beats out Ty Cobb in batting.

To him that hath shall be given, and from him that hath not shall be taken away that which he hath.

Take us, fraternalists; we ain't got nothin', never did have and nobody gives us nothin'.

Guya of the Mystic Shrine who attended the Portland convention next week will be afforded an opportunity to see Champion Benny Leonard in flatie action.

And it seems pretty well assured that the bout will draw a capacity throng. Benny is a "Noble" himself, and he will have a lot of moral support in the battle against Frankie Calahan on the afternoon of Tuesday.

Rug-the-battle looks like a "set-up" for the champion.

George Burns had an odd experience as a pinch hitter in the Cleveland-Detroit game of June 1. George pitched a single in a single inning. He was sent in to bat for Myers and started a rally that sent all of his pals to bat, coming up twice himself.

They mostly all do this—Johnny Shovin, infielder, umpired the St. Louis Browns three weeks ago for a fat salary with an independent club. Now he is knocking for re-admission to organized baseball.

Until organized ball lets these grasshoppers stay out once they have jumped there will always be jumpers.

"Sim Smiley, sagebrush sage, says: 'I can't tell a romantic young girl that love isn't ever 'thing, an' ya can't tell a married woman it is.'"

Ollie O'Mara, shortstop for the Indianapolis club, looks due for another trip to the majors.

The former Brooklynite is battling 380 in the American association and is fiddling like Roger Hornsby.

The American Market announces choice steer beef for the Saturday trade—adv.

## Mr. Land Buyer

Here is your opportunity to secure a home or make a good investment that will give a sure return.

80 Acres—6 miles from town, all in crop but 10 acres. Good house, outbuildings and deep well. \$175.00 per acre with half crop to buyer.

120 Acres—All in crop. House and outbuildings. 3 1/2 miles from Jerome station. \$175.00 per acre with half crop to buyer.

Above prices are good only until July 1st. Crops have never looked better than now. These are good buys and will pay you to investigate.

## SHINERS OFF FOR PORTLAND

Men of Red Fes, Crescent, Star and Scimitar, Leave Today for Imperial Council

Seventeen Twin Falls Nobles of the Mystic Shrine, leave here this afternoon for Boise from which place on Sunday evening the real start will be made on a pilgrimage to Portland, the Mecca of the Imperial Council, A. A. O. N. M. B. The national ceremonial will be held June 22 to 24, inclusive.

At Boise the Twin Falls delegation, which occupies a special Pullman coach, will be augmented at Boise by 10 other members of the order, who have been in the Capital city attending a ceremonial at El Korah temple. Two ladies, Mrs. J. N. Clear and Mrs. W. F. Parish, will accompany their husbands on this trip.

### Personnel

Those who leave here this afternoon are: W. J. Young, president; H. H. and Mrs. J. N. Clear, Grant Wright, Leonard E. Smith, J. McMillan, Frank Hall, Ed Webb, Thomas H. Irwin, C. A. Irwin, C. A. Green, F. E. Chamberlain (who will be chamberlain in charge of the party), Dr. Wallace, J. M. Martin, Mr. and Mrs. W. F. Parish, W. H. H. and Mrs. P. Newman, Dr. F. P. McKeon.

The Twin Falls special coach will be attached to the regular train leaving here at 4:45 o'clock Sunday morning. At Minidoka the car will connect with other special equipment for Boise where all will be attached to the Portland shrine special, leaving Boise Sunday night for the convention city. This train will be equipped with every possible appurtenance for the convenience of the travelers, and will have beside three bands from various Shrine temples throughout the country, a steam callopie. Shower baths have been installed on this train.

### Entertainment Starts Early

The entertainment program at Portland starts Sunday night with special services in all churches, an organ recital in the temple auditorium, musical sessions of Jesters, hand concerts and visits to important points of interest.

On Monday visitors will be received at the stations, there will be trips over the Columbia river highway and through the city, the opening of the annual Rose carnival, hand & concert, cowboy patrol in escort work, dancing on the streets, Indians and free street car trips to the sawmills.

On Tuesday the Imperial council opens session. There will be a parade at 9 o'clock a. m., boxing contests, with Benny Leonard and Frankie Calhoun, the main event at 10 p. m. in the baseball park; Portland Electric band, trips over the highway and through city, trip to Vancouver and lighting of steel ship, reception of visitors, distribution of roses, hand concerts, Imperial Potentate's ball, Indians in tribal dances, circulating band concert, free street car rides.

**Night Parade.**  
Wednesday, Shrine parade at 8 p. m., morning and afternoon trips, sea food luncheon at the Oaks for patrol, bands and ladies, water sports, all-day trip through Willamette valley to the state capital at Salem, dancing, dedication of new rose, "The Imperial Potentate," leave for Astoria Rose garden.  
Thursday, Rose decorated vehicle parade 3 p. m., patrol drills, massed bands concert, parade by massed bands and concert on principal corners, trips, free rides and dancing.  
Friday, train leaves for Astoria and Seaside. Trips through the city, hikes through Mackay park, climbing Mt. Hood and the glaciers and for Larch mountain, closing events of Rose festival.

### NEW BAGS 10 CENTS

## 1920 CITY STREET IMPROVEMENTS COST AGGREGATE OF ONE MILLION

Council Saves Municipality \$60,000 by Manner of Disposing of Contract by Payment Improvement Bonds—Paving, when Completed, will Give Twin Falls Many Miles of Surfaced Avenues

When the paving now in progress is completed Twin Falls will have surfaced streets equal to 30 miles of paved road 17 feet wide. These improved streets, covered with bituminous material over a solid crushed rock base, will reach the city limits at 17 different points. The work is being done at slightly less cost than similar contracts were awarded for ten years ago. Total cost of street improvement in Twin Falls, covering all departments, and classes of work, for 1920, is approximately \$1,000,000.

Figures attesting these facts have been compiled by A. L. Elm, local business man, who presented them at a recent important meeting in Boise. In part they are as follows:

The paving now being laid in Twin Falls covers all of the business district previously paved and a considerable part of the residence section. It is doubtless the most ambitious program of street improvement ever undertaken in any Idaho city. It was planned to reach the city limits at 17 points, making connection with all the roads leading into Twin Falls. The cost of paving this district contracted for is approximately 300,000 yards, or the equal of 30 miles of road, 17 feet wide. However, the streets are generally being paved with 30 feet and the avenues 40 feet wide, except Main, which is 50 and Shoshone street 52. Near the city limits, several streets are to be paved 18 feet wide without curb.

All the paving is bituminous, laid on a crushed rock base.

Cost Recedes in Decade.  
It is noteworthy that the cost per yard is slightly less than was paid ten years ago for the same firm for the same kind of paving. This is due in part to the fact that the Twin Falls highway district is supplying crushed rock at a lower price than the Warren Construction company was able to obtain this material formerly; partly because it is a big contract and was ordered by the city at a most profitable time, that is, last fall, before contractors had taken on much business for 1920.

Contract Granted.  
There was also a favorable feature in the contract for which credit is due the city council to the effect that the contractors were obligated to take the bonds elsewhere if a better price should offer. Bond prices subsequently dropped to such an extent that this provision in the contract proved to be worth at least \$60,000 to the city.

The total cost of Twin Falls street improvements for 1920, including curbs, sidewalks, culverts, drainage, concrete, laterals, Rock Creek bridge and the paving is approximately one million dollars.

### HIGHWAY DISTRICT ENJOINED IN WORK

Canal Company Gets Court Order Stopping Concrete Abutment Construction

The Twin Falls Canal company was this morning granted a temporary restraining order against the Twin Falls highway district, enjoining the latter from making certain changes in a water lateral operated by the company. The application was made in the district court, Judge W. A. Babcock signing the temporary injunction. Hearing will be held on July 10.

According to the complaint and injunction application highway district engineers, at the instance of the manager, board, proposes to build certain concrete abutments for a bridge crossing the lateral ditch in question. The company alleges that these abutments are planned at an angle designed to impede the flow of water.

Classified Ads are cheap-effective.

## WARREN FIRM IS GIVEN CONTRACT

Portland Bitulithic Patenteers Will Construct 14 Miles of Highway

Word reaches Twin Falls today from Boise to the effect that, acting upon the recommendation of the Twin Falls highway district commission, contract has been formally awarded the Warren Construction company for the building of 14 miles of state highway in the Twin Falls district.

The recommendation was forwarded several days ago following a decrease in the contract price submitted last Saturday at a meeting of the public works commission in Boise. At that time the Warren Construction company offered to construct the road for \$3.35 per square yard. Later the company through its special representative in this city, A. J. Hill, reduced the figure three cents per square yard. The type of construction will be one and a half inches of rolled bitulithic material on top of a five-inch concrete base. This new contract, with the contracts already operating in Twin Falls city by the Warren company, will establish that concern in headquarters in Twin Falls for the next year or more, according to Mr. Hill.

## JAVAN DEVELOPMENT PROCEEDING RAPIDLY

Reports from Contact Tell Interesting Story of Progress on Mine Property

Some interesting reports are reaching Twin Falls as to the progress of development on the property of the Javan mine near Contact. A drive of 200 feet has been run on the strike of the ore on the hundred foot level, which has been cross-cut at 68-foot intervals showing a maximum width of vein of 50 feet.

It is stated that 25 feet of the vein will average 22 1/2 in. gold, silver and copper. Four feet will average 880 and the balance lesser values.

A new shaft is being raised out from this level and work on this and the development of the property is going steadily forward. Prospects are regarded by the officers as highly gratifying.

### BANK CLEARINGS

For the week ending today Twin Falls bank clearings amounted to \$691,313.34 as against something more than \$1,000,000 last week.

Friday's clearings were \$169,348.32 and yesterday \$136,481.12. The best day's business was recorded on Monday when the clearings totaled \$195,900.44. The lowest day was Thursday, with \$114,524.44.

Today closed the first month of clearing house operations with a total for the month of \$4,384,285.56.

### FOOTBALL AND PREACHING

FOR GEEK THROUGH COLLEGE  
DENVER, Colo., (UP)—Owen M. Geer of Longmont, Colo., who graduated this month from the University of Denver, played football on Saturday, preached on Sunday and on week days earned enough to pay his way through college. He was president of the student body, a member of a fraternity, and active in half a dozen clubs as well as pastor of the Jefferson Avenue Methodist Episcopal church.

## Mercury During 24-Hour Period Extremely Busy

YESTERDAY and last night's temperatures showed a range of activity of 30 degrees for the 24 hours. High was 69 with 30 low at night.  
Warmer weather is guessed for Sunday in the southern portion of the state.

## CONSERVE WOMAN POWER

Department of Agriculture Urges the Modernization of Farm Homes

WASHINGTON, (AP)—Modernization of farm homes and general usage of labor saving devices as a means to prevent wastage of woman power, are urged in a report made public today by the department of agriculture, agents of which recently conducted a survey of farm homes.

A reasonable amount of planning and well directed investment in modern farm home equipment, the report asserts, would prevent a large part of the present wastage of energy on the part of the nation's rural home makers.

### CARUSO OFFERS REWARD

EAST HAMPTON, N. Y., (AP)—A reward of \$10,000 "with no questions asked" was offered today for the recovery of the \$500,000 worth of jewels recently stolen from the boudoir of Mrs. Enrico Caruso here.

A GOOD PLACE TO TRADE

## WANTED A NEW STORE

Had a new and larger store—in the right location been available—we should have been glad to move into it at once and to completely restock it with fresh merchandise.

For it is a fact that in our old location, space was at a premium, the growing business was constantly calling for more room.

The remodeling of the old store will give us an opportunity to use the space to better advantage—to arrange the departments for better display, more comfortable shopping.

In the meantime we are disposing of these damaged stocks entirely, while our large and efficient organization is planning complete new stocks for when we move "back home again."

For a While We're at 135 Main St.
