PRISON FIVE CENTS

TROOPS BRING CONFIDENCE IN LONDON DERRY

Comparative Quiet Follows Protracted Reign of Terror Attending the Irish Factions Fighting.

SOLDIERS VARY ATTACKS WITH RESCUE OPERATIONS

City Faces Starvation if Hostilities Continue with None Daring to Venture Out of Doors in Business Section

LONDON, (AP) — Sir Hamar Greenwood, chief secretary for Ireland, today received another urgent telegram from the London-derry magistrates expressing their alarm that no action was being taken in response to the appeal they made early in the fighting there between nationalists and nationalists.

They consider the situation desperate and fear it will become worse.

LONDON DERRY, (AP) — More British troops have arrived in this city and their activity has had a quieting effect. Two snipers have been arrested. Besides actually attacking snipers with armored cars and machine guns, the troops have done much rescuing. When it was reported last night that the Sinn Feiners were about to attack a cluster of houses, the troops removed terrified women and children to a section where nationalists predominate. The gas works have also been protected by armed men.

Little Firing Today

Aside from an occasional shot by a sniper, there was no firing up to early this morning.

The gas supply ceased at 5 o'clock this morning.

Portions of the outlying districts are being patrolled by British volunteers, while nationalist volunteers are guarding their sections.

Many additional wounded reached the hospitals during the night.

A barber was killed this morning by a sniper's bullet. John McKinney, who was wounded yesterday, died today. The body of a commercial traveler, which was lying in the street where he was killed, yesterday, was recovered during the forenoon.

Wire barricades and trees have been thrown across the main road to Londonderry, apparently in an effort to hamper the troops. Some telegraph and telephone lines leading into the town have been cut.

Sinn Feiners Well Armed

A number of Sinn Feiners rounded up by the military had arms and plenty of ammunition. They were handed over to the police. Among those arrested was a priest, but he was released.

The destroyer, which arrived yesterday, was forced to change its berth day because snipers were firing upon it.

Terror held sway here yesterday and last night, rifle and machine gun fire sweeping the streets in the fiercest fighting thus far in the civil war which began last Friday between nationalist and nationalist forces. Hospitals are being taxed to their capacity in caring for those struck down by bullets fired by the opposing factions.

Extremists Stage Fighting

The men engaged in the actual fighting are the extremists of the contending factions and probably number only a few hundred. They absolutely terrorized the city yesterday, however, as the fired volleys down the streets from barricades, or, posted on roofs or in

Greek Army Begins Offensive Against Turk Nationalists

SMYRNA, Asia Minor (AP) — The Greek army has begun an offensive against the forces of Mustafa Kemal Pasha, the Turkish nationalist leader, according to a Greek official statement issued by Greek army headquarters Wednesday.

The Greeks are meeting with success, the statement says.

GOVERNMENT OF GERMANY OFFERS VEXED PROBLEMS

Situation Growing Out of Cabinet Crisis Drives Political Elements to Frantic Hunt for Solution

BERLIN, (AP) — Germany for the past 48 hours has been ruled by a chancellor without a cabinet and a cabinet without a chancellor. This anomalous situation, growing out of the present cabinet crisis continued through Wednesday, the greater part of which was devoted to party conferences in efforts to solve the knotty problems presenting themselves.

At 8 o'clock last evening the three German parties and the majority socialist adjourned their conferences until Thursday when it was expected that Philipp Scheidemann's party would have united on some agreement, which would satisfy the democrats that the proposed government would have sufficient recognition from the majority socialist to enable it to exist.

If the majority socialist decide to give the new ministry sufficiently lengthy support to enable the government to present itself at the Spa conference with the allies it is believed the coalition cabinet list, as decided upon earlier in the week, will represent virtually the makeup of the ministry.

RAIN WASHES OUT MILWAUKEE LINE IN SOUTH DAKOTA

MITCHELL, S. D., (AP) — Bridges and grades on the Chicago, Milwaukee and St. Paul railroad between Morden and Oacoma were washed out by a heavy rain storm which was general in western South Dakota yesterday. This line has been tied up since a heavy rain storm hit the area on Wednesday, June 15. A tie-up between Mitchell and Rapid City since that date, however, was broken last night with the arrival of a train from Rapid City.

IDAHO WEATHER

Tonight and Friday night, preceded by unsettled and threatening weather north portion.

World News Events

MADEIRA, (AP) — The next meeting of the council of the league of nations will be held at San Sebastian on July 27, it was announced today.

MEXICO CITY, (AP) — All mechanics in the railway shops of Tampico have struck, demanding higher wages, according to a dispatch to the Excelsior.

HONOLULU, (AP) — The Crown Prince Karol of Rumania has arrived at Tokio with the highest Rumanian decoration for the Mikado and was received Thursday by the Japanese crown prince, according to Tokio cable advices to Nippu Jiji, Japanese language paper here.

LONDON, (AP) — A wireless dispatch received from Moscow says Japan has agreed to recognize the far eastern Russian republic on condition that it shall have complete political and economic independence of the Russian soviet government and that it guarantees to a democratic form of government. The dispatch adds the foreign minister of the republic has declared that these conditions are acceptable.

HERRERA GOVERNMENT RECOGNIZED BY U. S.

State Department Announces Acceptance of Guatemalan Regime Succeeded that of Cabrera

WASHINGTON, (AP) — The Herrera government in Guatemala which succeeded that of Estrada Cabrera, has been recognized by the United States, it was announced today at the state department.

A careful study of the Guatemalan situation, it was the department announcement, "has disclosed the fact that no violent measures were used by the opponents of the former president, Estrada Cabrera. In fact the only violence indulged in was by the troops under the command of Estrada Cabrera, who bombarded the capital city, Guatemala City, in 1919. Inasmuch as every requirement of the Guatemalan constitution has been complied with, the government of Carlos Herrera will be regarded as the constitutional successor of the Estrada Cabrera government."

OIL COMPANIES AND BROKERAGE FIRMS INDICTED

Federal Grand Jury Charges the Use of Mails to Defraud Investors Out of Millions of Dollars; Agents on Trail

NEW YORK, (AP) — Four oil companies, ten brokerage houses and about 60 individuals have been indicted by the federal grand jury on a charge of using the mails to defraud investors out of millions of dollars, it was learned today when seals on the indictments were ordered broken.

Federal agents in cities throughout the country are now engaged in rounding up the men indicted. They are charged with having made gross misrepresentations regarding oil properties and with paying dividends out of money obtained from the sale of stock.

Indicted Concerns

The companies involved are the Ranger Oil company, W. P. Williams Oil company, Great Western Petroleum corporation and Crown Oil company. Brokerage concerns indicted were: Blackney, Rawlinson and Colough of Boston, and Curtis, Tacker and company, United Securities company, H. Kent Holmes and company, H. Morgan Pollok and company, Thompson, James and company, Crossman, Sherman and company, George A. Lamb and company, E. M. Fuller and company, and Greenbaum, Bigelow and Greenbaum, nearly all of them with headquarters in this city.

Some of the brokerage houses had connections in other cities.

Begins Nation-Wide Campaign

The roundup now being conducted is said to be the beginning of a nation wide campaign against alleged oil stock swindlers, who are credited with having cleaned up millions of dollars within the last few months.

Individuals indicted comprise officers and directors of the oil and brokerage companies and salesmen.

Postoffice Inspector Howard B. Mayhew, who with inspectors Clairman, Schrab and Williamson gathered the evidence on which today's indictments were based, explained that three of the defendants here accused of promoting sale of Crown Oil stock, recently indicted at Louisville, Ky., for alleged mail frauds in connection with another oil company.

MEXICO REMOVES CENSORSHIP

WASHINGTON, (AP) — Removal of all government censorship on cables was announced yesterday by the Mexican Telegraph company, the state department was advised today by the American embassy at Mexico City.

DEMOCRATS LAY PLANS TO ATTRACT WOMEN ELECTORS

National Committee Members Make Promises in Conferences with Suffrage Spokesmen

TWO SETS OF DELEGATES ELECTED IN GEORGIA AFFORD ONLY CONTEST

SAN FRANCISCO, (AP) — Officials of the democratic national committee are considering today the nature of the declaration "women suffrage" that they would like to see incorporated in the party platform. There have been several consultations with suffrage leaders here and members of the committee state that they are desirous of doing everything to complete ratification of the amendment and it is now only a question of what message should be adopted. That the convention will take some sort of a stand for ratification is a foregone conclusion.

Count on Aid in Tennessee

Suffrage leaders were encouraged today by the news that Governor Hester of Tennessee was planning to call a session of the legislature to act on the suffrage amendment. The declaration that it would aid the democratic campaign throughout the country.

Only One Committee Filed

The national committee, which meets tomorrow afternoon, to make up the temporary roll of the democratic national convention and dispose of other preliminaries, has only one contest officially before it, that from Georgia, where two sets of delegates were elected. The national committee membership also is involved in the Georgia contest.

According to Executive Secretary Hollister, of the national committee, no contest has been filed for the seat to which Senator James A. Reed, of Missouri was twice elected. He was first selected as a delegate from the first Missouri district, the state convention rejected him but the district re-elected him. Reed was elected to the party of a contest and perhaps a recommendation that James E. Bradshaw, Reed's alternate, would be recommended for the seat.

In Oregon, where a delegate at large died after his election, the temporary

roll as made up by the secretary of the national committee, shows the name of R. R. Hunter, chosen by the Oregon state committee to succeed the late G. T. Baldwin.

Seats for Excess Delegates

In the matter of states where more than the lawful number of delegates were chosen, it was said today the national committee probably would seat all those sent to San Francisco and give them fractional votes. These states include Arizona, Idaho, North Carolina and Tennessee.

For the first time in the history of political conventions the canal zone is expected to be represented by delegates. The democrats of the canal zone have elected two delegates and two alternates and their names have been placed on the temporary roll. The convention is expected to confirm this action.

DE VALERA ON HIS WAY TO ATTEND DEMOCRATIC SESSION

OMAHA, (AP) — Eamon de Valera, president of the Irish republic, spent today here with Archbishop Daniel Mann of Omaha, before he left for his way to attend the democratic national convention.

UTAH DEMOCRATS GREET BRYAN ON WAY TO CONVENTION

OGDEN, Utah, (AP) — William Jennings Bryan was here today for two hours on his way to the democratic convention at San Francisco. He was met at the union station by representative Utah democrats who were joined by others as trains from the east rolled in. He was to depart for San Francisco at 6 o'clock. Attorney General A. Mitchell Palmer was scheduled to depart from here about the same time.

Wilson Makes Public Text of Message to Rail Board

White House Accedes to Brotherhoods Urging Publicity to President's Efforts to Expedite Award

CALLS FOR PARTIAL OR TENTATIVE SETTLEMENT

WASHINGTON, D. C., (AP) — Surveys of foodstuffs and other necessities held up in transit as a result of the railroad stoppage, ordered today by Howard Figg, special assistant to the attorney general. Every effort will be made to get the railroads back in operation as soon as possible. It is found that any great quantities are held up.

WASHINGTON, (AP) — President Wilson has received a reply from the railroad labor board in Chicago, promising to expedite the award in the railroad wage controversy. The message was in reply to one sent by the president, in which he urged the board to expedite the award.

White House officials declined to make public the text of the board's message. Officials of the railroad brotherhoods went to the White House to urge that the message be given, contending that its text would serve to ally in a measure the unrest among railroad workers.

Later the text of the president's telegram to the board was made public. It follows:

"Reports placed before me show transportation situation growing more difficult and I am wondering whether it would not be possible for your board to announce a decision with reference to the pending wage matter. At least would it not be possible for your board, if it has reached no final conclusions relative to these vital matters, to state in a public report a settlement or even a partial settlement."

The president's telegram was made public after W. L. McKelmen, deputy president of the Brotherhood of Railroad Trainmen had called at the White House. Mr. McKelmen said that assurance of the president's efforts to expedite the award, in view of reports that no message had been received, would have a most helpful effect.

BOARD CHAIRMAN EXPLAINS MYSTERY ABOUT MESSAGE

CHICAGO, (AP) — The mystery surrounding the telegram sent by President Wilson to the railroad labor board here

JONES RAISES OBJECTION TO FISHERY PACT

Acceptance Would Drive American Flag from North Atlantic and Pacific Grounds, Says Marine Committee Head

WASHINGTON, (AP) — Should the proposed fisheries treaty between the United States and Great Britain be ratified, "it is beyond peradventure that within five years thereafter neither upon the north Atlantic nor Pacific will there be a vessel in the sea fisheries under the American flag," Chairman Jones, of the senate exchange marine committee, declared in a letter to Secretary Coby, made public today by the letter was sent to one from Mr. Coby regarding a proposed treaty between the United States and Great Britain, which would grant the Canadian fishing vessels preferential privileges in ports of the United States with freedom from port dues or charges, now exclusive prerogatives of vessels of the United States.

Sets Dangerous Precedent

"It should not be forgotten," Senator Jones said, "that the proposed treaty would open ports of the Great Lakes and the Gulf to foreign operations, and, as well, the ports of California. If these ports are opened by treaty to subjects of His British majesty, are they to be denied, if demanded, the privileges of Japan? On the Pacific coast it was with the greatest difficulty that the Japanese were eliminated finally from the deep sea fisheries of Alaska, and at the present time there are protests against the Japanese operations from California ports, notwithstanding operation being justified by reason of the order of secretary of commerce issued February 21, 1913, which remains yet in effect."

Senator Jones said he could not concur in the statement that the matters dealt with in the treaty "received the most careful consideration at the hands of the American-Canadian fisheries conference," or that "the fishing interests on both Atlantic and Pacific coast were given ample opportunity to express their views."

Calls for Protection

Senator Jones said that the statements in the hearing, "partial though they were," did not support the statement that the provisions of this treaty the government will promote the development of American fisheries.

"What is required for our fisheries," said the senator, "is some truly protective legislation, rather than a treaty, and certainly a treaty based upon a one-sided assumption of the subject as that accorded by the American-Canadian fisheries conference should not be further considered. If there must be treaty legislation, let us have had only after full opportunity to present all pertinent facts before an unbiased and representative tribunal of investigation."

Non-Partisan League in Montana Endorses Part Played by Debs

HELEN FALLS, Mont., (AP) — The Non-Partisan League of the state adjourned today decided to support the ticket selected in the democratic primaries for state and county offices. The suggestion of organization of a third party was voted down.

The convention passed a resolution endorsing Eugene Debs in his course and asking for his release from prison. The resolution also demands the repeal of all sedition laws in effect and the nation and release of all "political prisoners."

ATLANTIC CITY CHOICE FOR SHRINE CONVENTION

Imperial Council in Session at Portland Makes Headway with Scheduled Business

PORTLAND, Ore., (AP) — The imperial council of the Shrine selected today the Atlantic City for the 1921 convention. Charters were granted to Hahn temple, Greenville, S. C., and Karlem temple, Waco, Texas. Dispositions were made to Alamy temple, Pueblo, Colo.; Maahk temple, Amarillo, Texas; and Khiva temple, Waco, Texas.

TWIN BOYS ARE NAMED HARDING AND COOLIDGE

LANCASTER, O., (AP) — Twin boys born Wednesday to Mr. and Mrs. Debs White, farmers, living in Madison township have been named "Harding" and "Coolidge."

GERMAN JURISTS GO ON STRIKE IN UPPER SILESIA

International Plebiscite Commission Faces Difficult Problem as Result of Interference with Courts

OPPELN, Upper Silesia, (P)—A delicate and difficult problem which confronts the international plebiscite commission is the strike of Upper Silesian judges and court officials who resent what they term the commission's unauthorized interference with the German judiciary. All the courts of Upper Silesia are officiated by Germans.

The strike grew out of the commission's decree granting amnesty to political prisoners. Sitting on June 5, five Upper Silesian judges declared the decree unconstitutional. Judge Heidenhain, president of the court, was ordered to leave the district the day after the decision was handed down. Another judge, accused by the commission of negligence in the case of a German policeman who killed a Polish workman and of refusing to supply the commission with information regarding the case, also was deported.

Having gone on strike in protest, the judges sent an ultimatum to the commission demanding satisfaction for the treatment of the deported judge and declaring that the judiciary would not tolerate further interference from the commission. The Italian members of the commission are trying to adjust the trouble.

According to the treaty of Versailles the commission is given all the powers that were exercised in Upper Silesia by the German or Prussian governments with the exception of those powers having to do with the making of laws and levying of taxes.

The striking judges assert that the commission is attempting to make laws. One of them Dr. Hertel of Oppeln, told the correspondent that the judges did not oppose the commission's amnesty decree provided it was applied only to cases already disposed of or those awaiting trial.

"But we refused," he said, "to brook interference in those cases that were before the courts. Such trials must proceed. Not even the Kaiser himself would have attempted to stop them."

The German government, the correspondent understands, has informed the commission that it approves of the amnesty decree. Throughout Germany the newspapers are excitedly discussing the situation.

SUFFRAGISTS WILL NOT PICKET HARDING HOME

Women's Party Leader Explains Plans Made for Deputation to Gail—No Demonstration

MARION, O., (P)—Ohio suffragists today denied a published statement that members of the national woman's party, who picketed the republican national convention in Chicago, are planning to picket Senator Harding's home here this summer.

Dr. Gillette Hayden, state chairman of the party, said tentative plans have been made for a deputation of suffragists to call upon the senator at his home here in July with regard to ratification of the federal suffrage amendment, but the call is to take the form of a conference and there is to be no picketing.

POLITICAL ADVERTISING FAILS TO WIN IN CHINA

Creates Intestines and Subjects Energy into Campaign But Does Not Result in Victory

HONGKONG, (P)—Advertising methods employed by American political candidates failed to win a majority for J. C. Clark, candidate of the Kowloon residents' association, in his race against C. G. Alabaster, incumbent, for member of the sanitary board here.

Mr. Clark erected considerable interest and created an unusual amount of energy into the campaign by the circulation of postcards and handbills inviting the electorate to support him at the election. These cards and handbills bore the inscription "Vote for Clark, the practical man." "Vote for Clark, the architect," etc., but he was defeated for the office by a majority of 27 votes.

The election was regarded as a trail of strength between the newly found vigorous Kowloon residents' association and the representatives of the public bodies of Hongkong.

HARVARD GIVES DEGREES TO PERSHING AND LANE

Commencement Exercises in Which 1,000 Men Receive Degrees, Follow Traditional Form

CAMBRIDGE, Mass., (P)—Harvard university today brought within its fellowship General Pershing and Franklin K. Lane, former secretary of the interior, upon each of whom President A. Lawrence Lowell conferred the honorary degree of doctor of laws. They were the only men to be so honored by the university.

The commencement exercises in which 1,000 men received degrees in course, followed traditional form. The chief of Middlesex county, wearing his name of Lawrence Lowell, conferred his name of office, called the meeting to order; Governor Coolidge, like all the governors of the state before him, was present with his military escort; and the dean, faculty members, presidents of other colleges and other scholars whose subjects and degrees were marked by their very colored academic robes, lent a lively touch to the larger gathering of somber caps and gowns.

EAST SIDE FEARS GAS

Thousands Spend Sleepless Night when Defective Carboy Releases Chlorine

NEW YORK, (P)—Thousands of persons on the East Side spent a sleepless night on the steps of their homes unable to retire for fear of being overcome by chlorine gas that escaped from a defective carboy in a chemical plant. Deputy Fire Chief Henry B. Heim and four members of the rescue squad, who plugged the leaking cylinder, were overcome by the deadly vapor and are in a hospital.

KANGAROO AND EMU HUNT ARRANGED FOR PRINCE OF WALES

SYDNEY, Australia, (P)—Kangaroo and emu hunting have been arranged for the Prince of Wales while he is in Australia, also duck shooting. The emu is a large bird of the ostrich type and exceedingly swift of foot. The prince will spend several nights at noted sheep stations (ranches) and will be given an opportunity of seeing sheep "round-ups" and shearing.

NOTICE

The office of the Oasis Oil company, has been moved from Twin Falls, Idaho, to Burley, Idaho, Rooms 7 and 8, Bank of Commerce building.

adv. If it can be bought for less the fact will be advertised.

DENIES TURKISH PREMIER'S PLEA

Armenian in New York Takes Exception to Argument of Grand Vizier

NEW YORK, (P)—Vahan Cardashian of the American committee for the independence of Armenia takes issue with the recent statement of Damad Ferid Pasha, premier of Turkey and brother-in-law of the sultan, as cable from Constantinople. The Turkish premier stated that the provinces of Van, Bitlis and Mosul, which are claimed by the Armenians have only 5 per cent of Armenians and that the leaders of the Turkish nationalist movement were not really Turks but adventurers from other countries. Concerning this Mr. Cardashian says: "We do not claim Mosul. That is a part of Mesopotamia. In the provinces of Van, Bitlis and Erzerum there was in 1914, a Turk and Kurd population of 551,000 as against 51,000 Armenians. Today, there is a Turk and Kurd population of only 96,000 in those three provinces and possibly 4,000 or 5,000 Armenians. But there are 250,000 Armenians from these provinces who have taken refuge within the boundaries of the Armenian republic. And also over 75,000 Armenians from these provinces are to be found in other contiguous regions."

"Mustafa Kemal (Turkish nationalist leader) when the grand vizier presents as a few, was born a Turk and his parents were from Saloniki and were Armenians, that is converts, as were the parents of Talaat and Djavid. Mustaf, whom he presents as a Pole, is of Polish extraction as Enver. He is a Moslem, was the Turkish ambassador in Washington in 1913 and was the director of Turkish propaganda during the great war. Faud, I do not know who he is. But the majority of the Turks are of foreign extraction. Of the 33 grand viziers up to 1909 17 were of foreign extraction."

Mr. Land Buyer

Here is your opportunity to secure a home or make a good investment that will give a sure profit.

80 Acres—6 miles from town, all in crop but 10 acres. Good house, outbuildings and deep well. \$172.00 per acre with half crop to buyer.

120 Acres—All in crop. House and outbuildings. 3.9 miles from Jerome station. \$175.00 per acre with half crop to buyer.

Above prices are good only until July 1st. Crops have never looked better than now. These are good buys and will pay you to investigate.

WHEAT IDAHO'S GREATEST CROP

Grain Growing Schools Being Conducted by Experts in the State

BOISE, Ida. (Special)—Grain grading schools are being conducted by B. F. Sheehan, field agronomist of the University of Idaho extension division, in cooperation with the county farm bureaus, on the following schedule: June 21, Wilder; June 22, Nampa; June 23, Meridian; June 24, Gooding; June 25, Wendell; July 1, Jerome; July 2, Elmer; July 3, Kimberly. Dates for similar schools in the upper Snake River valley are to be announced later. School in north Idaho to be held by Prof. R. H. Bennett and H. W. Lambert of the farm crops department of the university.

"Idaho's wheat business is one of her greatest industries," says a statement by Mr. Sheehan, explaining the purpose of these schools. "We produce annually approximately 12,000,000 bushels. This means a value of about \$28,000,000. Yet the farmers are growing their crop without much attention being given to the conditions under

which it is to be marketed. The marketing question is a big one, and one that should be of interest to every wheat grower in the state.

"Recently the federal wheat standards were adopted by the state department of agriculture. These standards are to govern the sale and purchase of all wheat this coming year. The old system of basing the price upon the average quality of the crop in any community is a thing of the past.

"In many sections of Idaho the standards are not understood. Farmers in general are not familiar with the standards. Many dealers do not interpret them properly and the large percentage of dealers are not equipped with the necessary apparatus to arrive accurately at the grade.

"In order that these conditions may be overcome, demonstrations have been arranged through the various county farm bureaus. The standards and regulations will be taken up in detail. A fully equipped grading laboratory will be installed. Farmers should make every effort to attend one of these demonstrations. For them to learn how this grain should be graded is a business proposition and their knowledge of the standards may be of real cash value to them."

MOST OF TODAY'S CLASSIFIED ads will lead to "business." Sales will be made, jobs will be found. Some will discover, perhaps to their surprise, how economically advertising serves them.

AMUSEMENTS

ORPHEUM—"The Mists of Hell," starring William Desmond; also drama, "The Silent Avenger," Orchestra music.

GEM—Fotoplay, "The Virgin of Stamboul," starring Fritziella Danz. IDAHO—Best 107 ft. in "Alla Jimmie Valentine." Also Comedy—"Mary's Little Lobster."

S. P. REVENUES SHOW INCREASE

Higher Operating Expenses
Cause Decrease in Net Re-
turn for Year

NEW YORK, (AP)—Operating revenues of the Southern Pacific company and proprietary companies for 1919, as disclosed in the annual report published today, amounted to \$230,657,872, an increase of \$18,046,006, or 8.14 per cent over the preceding year.

An increase of \$24,205,111, or 14.88 per cent in operating expenses, however, caused a decrease of \$6,109,046, or 10.46 per cent in net revenues from the railroad returns. In effect, after paying 1919 operating expenses, there remained out of each dollar of revenue only 22 cents, compared with 23 cents remaining in the last year previous to federal control.

The company's balance sheet shows total investments of \$1,019,990,541, an increase of \$21,230,000 and current assets, including cash amounting to \$12,281,036, aggregating \$20,984,324, a decrease of \$2,107,770.

Capital stock of the parent company increased during 1919 by \$25,532,000 to a total of \$304,924,000 and current liabilities of \$17,740,421 represented a decrease of \$7,893,435.

Reference is made by Chairman Julius Kruttschnitt to the suits involving title to oil lands. The government, says Chairman Kruttschnitt, won the suit over non-productive oil acreage, while the company won the suit covering its productive and valuable oil lands.

Chairman Kruttschnitt also declares the federal railroad administration failed to maintain the company's property at its previous high standard and that a special investigation was conducted "during federal control is now being made."

DEMOCRATS LAY PLANS

(Continued from Page One)

BOUBON LEADER CONSIDERS
PERSHING STRONG CANDIDATE

LOS ANGELES, (AP)—A ticket composed of John J. Pershing for president and Governor Alfred Smith of New York for vice president "would sweep the country," according to John H. McCreary, democratic leader of Kings county (Brooklyn), N. Y., here today with New York delegation to the democratic convention. The delegation will depart tonight for San Francisco.

The New York delegation will be for Governor Smith for president as long as he has any chance of winning the nomination, McCreary declared.

"My personal opinion is that General Pershing is the strongest man we could nominate," he said. "The republicans are scared because they judged him by."

James Charles B. Lockwood of Stamford, Conn., delegate at large to the democratic convention who is here today, said he would nominate for the presidency Homer Cummings, chairman of the national committee, and Lockwood's law partner.

MEREDITH AND GERRARD TO
WORK ON COMBINATION

SAN FRANCISCO, (AP)—A new feature for political combinations was introduced today when a nomination fighting roll was jointly erected for Secretary Meredith and Ambassador Gerrard. It took the shape of headquarters at a local hotel presided over by L. T. Jones of Los Angeles. Meredith workers established in a connecting room on one side of central office and Gerrard supporters established on the other side. Speaking for both candidates, Mr. Jones said the situation was shaping itself encouragingly for one or both of them.

TROOPS BRING CONFIDENCE

(Continued from Page One)

windows, shot at almost everyone who dared to appear.

Bishop street, a long thoroughfare, has been the principal battleground during the past 24 hours. Sinn Feiners have concentrated near St. Columbkille's college, about three-quarters of a mile out this street, while the Volunteers have taken up positions near the center of town and have created sand-bag breastworks in Back street. Last night the fighting became severe for a time, and a company of soldiers was sent out from the barracks. Bursts of machine gun fire were heard at intervals during this encounter.

Between Bishop street and the River Foyle, to the east, there are a number of narrow crooked streets in which there have been fierce encounters.

City Faces Starvation

Londonderry is facing starvation if the fighting continues. It is impossible to deliver supplies to houses and no one dares to venture out of doors in the business section of town.

IRISH PRIMATE SAYS HE IS
WARNING HIS TIME IS SET

DUBLIN, (AP)—Cardinal Logue, archbishop of Armagh and primate of Ireland, declared while speaking at Maynooth college yesterday that he had "received warning his time was set."

No indication of the source of the warning was given by the aged cardinal.

OHIO DELEGATES SHAKEN UP
IN WRECK ON SALT LAKE

SALT LAKE CITY, Utah, (AP)—Six members of the Ohio delegation to the democratic convention at San Francisco sustained cuts and bruises last night when an electric car on which they were returning from Salt Lake resort was wrecked.

Miss Aileen Simmons, of Sidney, O., was the most seriously hurt and she was about to be taken to a hospital which brought the visitors to Salt Lake. She sustained cuts about the lower part of her body. The injuries of the other five were negligible. There were 20 Ohioans on the wrecked car.

Ohio's Favorite Son Boomed for Democratic Nomination

James Middleton Cox, three times Governor of Ohio, who will figure prominently at the San Francisco convention as a candidate for the democratic presidential nomination. James Middleton Cox started his active career as a school teacher in District 1, in Wayne Township, Butler county, Ohio, where he had earlier attended school. His evenings were spent as a printer's devil in the printing office of local publications and a few years later he was accepted as a reporter on the staff of the Cincinnati Enquirer. The next ten years were devoted to active newspaper work in almost every capacity on that newspaper. He later became private secretary to Congressman Paul Borg, of the Third Ohio District, and at the close of his service in Washington he purchased the Dayton Ohio, Daily News. He later bought the Springfield, Ohio, Daily News. In 1908 he was nominated and elected to Congress from the Third Ohio District and was re-elected for a second and third term. He has served three times as Governor of Ohio, was defeated for the office once, and is the only governor of Ohio to serve three terms, with the exception of Rutherford B. Hayes, who left his third term as governor to become president of the United States.

STAYED IN FOR FOUR MONTHS

Delaney Takes Tanlac and is
Now Back at Work Again
Feeling Fine

"When I began taking Tanlac I had been confined to my house for four months, but I never felt better in my life than now," said William Delaney, well known employee of the City Street of Ohio, and who lives at 427 Fairview Avenue, Seattle, Wash.

"I had stomach trouble and indigestion so bad that everything I ate disagreed with me," continued Mr. Delaney. "Gas would form after meals and cause me to have the worst sort of cramping spells. I actually suffered so I decided to eat at all and I never dared touch meat or anything heavy. I also had rheumatism all over my body and it was so bad in my arms and legs I could hardly get about at all; then my nerves went back and I could never get a good night's sleep."

"I heard so much good about Tanlac that I decided to try it and it just seemed to be made especially for my case, for every one of my trouble left me so quickly it was really amazing, and I am enjoying better health now than I have in years. I have a ravenous appetite, eat anything I want and sleep like a log every night. I have gained a lot in weight, too, and put in a big day's work on the job every day. I feel like a different man in every way and Tanlac deserves all the credit for it."

Tanlac is sold in Twin Falls by City Pharmacy and by the leading druggists in every city.

WILSON MAKES PUBLICZ

(Continued from page one)

asking that settlement of the wage controversy be expedited was cleared today when the White House announced the text of the president's message. Judge R. M. Barton, chairman of the board, said the telegram was received by him last Monday. It was marked personal and confidential and therefore was not communicated by Judge Barton to the other members of the board.

Judge Barton declined to make public his reply. He issued the following statement: "The only communication I have received from President Wilson was not addressed to the board, but to me and was marked personal and confidential. I replied to that. I shall respect to me the strictest confidence and I do not see any objection to the correspondence being made public but think the proper course for me to allow the president or Mr. Tumulty to make this course and I leave it to them."

In a time when prices are unstable it is important that women should keep informed as to the latest fluctuations, that they may solve their shopping problems wisely.

DETAILS SUGAR PURCHASE

Assistant Attorney General Claims
Credit for Department of Justice

WASHINGTON, (AP)—Howard Figg, special assistant to the attorney general, stated today that the 4,000 tons of sugar which Argentina has permitted to be exported to the United States "was purchased under the direction of the department of justice and representation made by the state department to President Frigoretti that no sugar was purchased and would be distributed under the direction of government agencies."

The purchase Mr. Figg said was made by an American trading company.

Today's Markets

New York Stock Market

NEW YORK, (AP)—Tendencies towards improvement in the stock market today were checked by firmer money rates with demand loans at the month's highest level. Sales approximated \$25,000 shares.

Specialties, as featured by chemical, sugar and tobacco issues, were firm at the outset of today's session. Shipments and equipments also hardened but oil was again irregular on further selling of Middle States and Royal Dutch. Representative steels and rails manifested no definite tendencies, recording only minor gains or losses. Early quotations for exchange on London were easier.

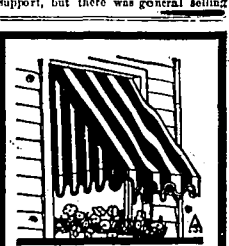

Lenders continued to fall back later when call money jumped to 14 per cent. A few stocks, however, notably Mexican Petroleum, Crucible and Baldwin rallied sharply. The closing was irregular.

Liberty Bonds

NEW YORK, (AP)—Final prices on Liberty bonds today were: 3 1/2's \$91.98; first 4's \$95.40 bid; second 4's \$85.30; first 4 1/4's \$95.20; second 4 1/4's \$85.25; third 4 1/4's \$95.12; fourth 4 1/4's \$85.74; Victory 3 3/4's \$95.53; Victory 4 3/4's \$95.58.

Grain and Provisions

CHICAGO, (AP)—Larger receipts than we looked for for a bullish effect today on the corn market. Values lacked support, but there was general selling.

Awnings and Tents

Made to Order

FIRST CLASS WORK

FRED FOSS

—PHONE 380-W—

In which eastern interests appeared active. Pressure from the bears, however, was not maintained. Opening quotations, which ranged from 1-1/4 to 1-1/2 lower, with July \$1.8 1-4 to \$1.80 1-3 and September \$1.70 to \$1.70 1-3, were followed by a moderate further set-back, and then something of a rally.

In the later dealings weakness became more acute, and attention focused to a considerable degree on an opinion from a leading authority that prevailing prices were 25c to 50c a bushel in excess of feeding value. The close was uneven, 3 1-2 to 4 1-2 net lower, with July \$1.76 7-8 to \$1.77 and September \$1.67 1-2 to \$1.67 3-4.

Oats were easier with corn. After opening at 1-1/4 to 1-1/2 net lower, advance, including September at 85 5-8 to 85 7-8, the market showed a tendency to average below yesterday's finish. Previous reports reflected the weakness of grain. Feck, though, was relatively firm, as compared with hard and ribs.

Cash Quotations

CHICAGO, (AP)—Wheat: No. 2 red \$2.35 to \$2.37; No. 3 hard \$2.15. Corn—No. 2 mixed \$1.80 to \$1.81; No. 2 yellow \$1.80 to \$1.81 1-2. Oats—No. 2 white \$1.18 to \$1.17; No. 3 white \$1.12 1-2 to \$1.15 1-2. Barley—\$1.48 to \$1.52. Timothy seed—\$10 to \$10.5. Clover seed—\$25 to \$25.5. Pork—\$20.07. Lard—\$20.07. Ribs—\$17.25 to \$18.25.

Minneapolis Flower and Grain

MINNEAPOLIS, Minn., (AP)—Flour unchanged.

Wheat, cash No. 1 Northern \$2.50 to 2.50.

Corn \$1.70 to 1.72.

Oats \$1.09 1-2 to 1.11 1-2.

Barley \$1.18 to 1.45.

Rye No. 2 \$2.13 1-4 to 2.15 1-4.

Flax No. 1 \$3.85 to 3.93.

Chicago Livestock

CHICAGO, (AP)—Cattle: Receipts 11,000; beef steers steady to strong; grades choice medium weight higher; early top \$16.85; bulk \$14 to \$16.00; fat cows and heifers strong to higher; others, bulls and calves, steady; stockers and feeders steady to strong.

Hogs—Receipts 12,000; best grades steady at yesterday's average, others steady to 15c lower; top \$15.05; bulk light and light butchers \$15.70 to \$16; bulk 250 pounds and over \$14.50 to \$15.05; pigs 25c to 50c lower, bulk \$13 to \$14.

Sheep—Receipts 11,000; active, steady; choice medium lambs \$17; bulk \$15 to \$17; good California lambs \$16.25; choice yearlings \$15; wethers mostly \$9 to \$9.25; choice ewes \$8; bulk \$7 to \$8.

Omaha Livestock

OMAHA, (AP)—Hogs: Receipts 12,000; market slow, uneven, 15c to 50c lower; closed at full decline; top \$15.05; bulk \$14 to \$15.

Cattle—Receipts 5,000; beef steers and butcher stock slow, 10c to 15c lower; best heavy steers and yearlings \$16.25; veals 50c to \$1 lower; stockers and feeders dull.

Sheep—Receipts 3,000; generally 85c higher. No choice range lambs here;

best native \$16.40; best ewes \$7.55.

Chicago Produce

CHICAGO, (AP)—Butter unsettled; creamery 45c to 50c.

Eggs higher; receipts 19,898 cases; firsts 38c 1-2c to 39c 1-2c. Ordinary firsts 38c 1-2c; at mark, cases included, 37c to 38c; storage packed extra, all 1-2c; storage packed, firsts 40c 1-2c to 41c 1-2c.

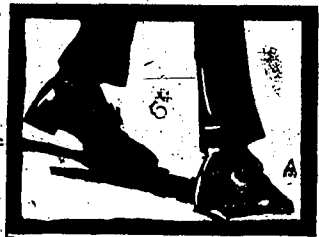

Poultry alive unchanged.

Kansas City Produce

KANSAS CITY, (AP)—Butter, eggs and poultry unchanged.

Potatoes

CHICAGO, (AP)—Potatoes firm; receipts 37 car; Southern Triumph, and 37 to \$1.75 cwt.; eastern bulk \$1.5 to \$1.75.

WOMEN LOOKING AT TENNESSEE

Governor's Decision to Convene Legislature Said to Mean Sure Victory

WASHINGTON, D. C., (AP)—Assistant Attorney General Frieron has advised Governor Roberts of Tennessee, that the legislature of that state could ratify the suffrage amendment without submitting the same to the people.

Based on Ohio Case Decision.

Mr. Frieron's opinion was based largely on the decision of the United States supreme court in the Ohio referendum case. In that case the court held that ratification of amendments could be had by state legislatures or conventions and that provisions of state constitutions that ratification be referred to a vote of the people conflicted with the United States constitution.

Mr. Frieron, who is a native of Tennessee, ruled that the supreme court decision made invalid that section of the Tennessee constitution which provides that any action on a federal amendment must be taken by a legislative body of the state which has been elected after the amendment was submitted to the state.

Predicts Certain Victory.

Miss Alice Paul, chairman of the woman's party, said today that Governor Roberts' decision to call a special session of the Tennessee legislature to act on the suffrage amendment "means certain victory." A recent canvass of both Tennessee houses, said indicated a safe majority in favor of ratification.

"This, of course, will be a triumph for the democratic party," Miss Paul declared, "and already has had the effect of pushing forward efforts to secure action in Vermont."

SUFFRAGE HOPES RALLY

WITH PLAN TO CONVENE SESSION

NASHVILLE, Tenn., (AP)—Suffrage hopes rallied today when it was learned Governor Roberts planned to call a special session of the legislature to act on the federal suffrage amendment following receipt of a telegram from President Wilson urging such action.

The governor, however, did not comment on the constitutionality of the legislature's act should a favorable vote be reached.

The question of constitutionality hinges on a clause in the state constitution, which provides that action on a federal amendment must be taken by a legislature, the members of which have been elected by the people. The amendment was submitted to the state. Members of the present legislature were elected previous to submission of the suffrage amendment.

HARDING LAUDS WOMEN'S POLITICAL ACTIVITIES

Republican Presidential Nominee is Praised with Farmers' Views on Leading Issue

PITTSBURGH, Pa., (AP)—Endorsement of women's participation in the republican party which was made today in a message from Senator Warren G. Harding, republican presidential candidate to a luncheon of the women's republican committee of Allegheny county here.

"I am saying you," wired Senator Harding to the chairman of the committee, "to convey a message of greeting and an endorsement of the enthusiastic activities of American womanhood in the republican party which is our most dependable agency of popular government. As a supporter of suffrage in the senate, I want you to know of my hope to see the suffrage amendment consummated in time to afford the women of America full participation in the presidential election."

GRANGE REPRESENTATIVE RECEIVED BY HARDING

Republican Presidential Nominee Addresses Luncheon of Farming Voters in Pittsburgh

WASHINGTON, (AP)—Senator Harding, the republican presidential nominee, spent another busy day today receiving callers and cleaning up an accumulation of mail and other matters.

Among his callers was T. C. Atkinson, Washington representative of the National Grange, who presented a memorandum giving the farmers' viewpoint upon leading issues.

"I do not think it would be improper for me to say that he stressed the desire to have the men who farmed the farms represented in the various boards and commissions of the government," said Senator Harding.

Elmer Doliver, of Tacoma, Wash., the former secretary of the Grange, came to offer his services during the campaign.

VETERAN SALT LAKE FIREMAN IS RETIRED ON HALF PAY

SALT LAKE CITY, (AP)—Reuben Simpson, a member of the Salt Lake City fire department for 50 years has been retired on half pay which amounts to \$67.50 per month.

Simpson, known to old-time Salt Lake residents as "Uncle Reuben" is 70 years old and joined the local force March 4, 1871. He has seen continuous service and was engineer on the first steam engine acquired by the department.

BOSTON CORPORATION BOOSTS WAGES AND LOWERS RATES

BOSTON, Mass., (AP)—An increase of 10 per cent in the pay of all employees, effective July 1, has been granted by the Boston Edison company, it was announced today. About 2000 workers will benefit by the increase.

At the same time the company will make a reduction of 5 per cent in the price of electricity for lighting to its 115,000 retail customers.

Trading Stops in Irkutsk as the Reds Take Rein

Scene of Tragic End of Kolchak's Efforts to Establish Rule in Siberia

IRKUTSK, Central Siberia, (AP)—Soviet rule has been thoroughly established in Irkutsk. All trading has been closed and a permit is necessary even to purchase a newspaper.

Food conditions are most serious and the population, which is estimated at 10,000 Chinese left Irkutsk during May to walk to the Chinese front, where they hope to find food and a permit to return to their homes.

Few Foreigners Remain.

Few foreigners, and no foreign consular officials, remain in Irkutsk. It is estimated that 10,000 Chinese left Irkutsk during May to walk to the Chinese front, where they hope to find food and a permit to return to their homes.

This city was the scene of the tragic end of Admiral Kolchak's efforts to establish supreme rule in Siberia. The Associated Press correspondent, in reaching Irkutsk, made a 2000 mile journey, which took two weeks from Vladivostok through China and Mongolia and across the 700-mile stretch of the Gobi desert. He was the first American to enter Irkutsk from the east since the collapse of the Kolchak empire. Crossing the Mongolian frontier, he entered the new border state of Outer Mongolia, and found it necessary to wait at Verkhne-Udinsk, for Bolshevik permission to enter soviet territory. It was necessary to enter Irkutsk through the hands of the soviet representative who was welcome.

Avoids "Black Spot"

The trip led over the old caravan route, in order that the correspondent might avoid what is known here as the "black spot of Siberia," a district where the Japanese and the Bolsheviks are at odds. The correspondent, who is a member of the Associated Press, was accompanied by a Japanese military force, and continued to block the Russian rail route.

The far eastern situation is of paramount interest to the soviet authorities. The fifth Bolshevik army, which broke the Chinese front at Khabarovsk, is stationed near here. The Bolshevik side of the Amur river has been recently entrenched and the soviet army is ready to invade Japanese territory.

Communication Lines Open

There is direct rail and wire communication from here to Moscow, and it is claimed trains make the trip in 14 days. All persons except high government officials are barred from the freight cars. Between Verkhne-Udinsk and Irkutsk, a regular train schedule is maintained. Further east toward the Chinese front only military trains are being run.

Newspapers here print the daily official statements relative to operations on the Kolchak front, and statements by Nikolai Lejnev, Russian Bolshevik premier, on the foreign affairs of the country.

Wilson's Telephone Talk to Convention Prediction Denied

WASHINGTON, D. C., (AP)—Reports from San Francisco that President Wilson would address the republican national convention on the long distance telephone were denied today at the White House.

FORESTRY GROWS FIGHTING FIRE IN ARIZONA AREA

ALBUQUERQUE, N. M., (AP)—A fire of considerable size was reported today in the forested area near Flagstaff, Ariz. A logging camp in the district lost some of its property. Special forestry guards are fighting the fire.

Worth-While Invitation

An invitation to a wedding in Cairo is an important event, because, instead of being asked to a routine church ceremony or a brief reception, the invitation reads "for three days." There is feasting during all this time, and the house and street are liberally decorated with flags and lanterns.—Brooklyn Eagle.

"Palmy Days"

The origin of the phrase, "palmy days," arises from a custom of the ancient Romans. A victorious gladiator received a palm branch as a symbolic reward for his brave deeds.—Brooklyn Eagle.

TOWN OFFERED PUBLIC PATCH

Triangular Piece of Land at the End of Shoshone Street to Be Given as Park

Donation of property valued by members of the city council at approximately \$2000 has been offered by A. L. Swim and J. E. White to the city of Twin Falls. The administration favors accepting.

The property is a triangular piece of ground located on Shoshone street, Addition and Eleventh avenues. It is directly opposite the Washington school; is unimproved but regarded as an available and acceptable site for public ground at park to meet the three sides, which are about 100 feet long each, will cost about \$200, but the administration considers the property fully worth the expenditure. The offer was made public at a meeting of the town legislative board last night.

Additional lights are required on the avenue to East Lewis street. According to Alderman C. B. McMartin, eight of these have been offered last night. Others will be placed at the approach to the school. The council has voted to let J. E. Gulliver take his water troubles into court for settlement. Mr. Gulliver claims the city is in duty bound to supply his garden patch on Fourth street west and Third avenue with a surface watering system, and has threatened to sue the city for not doing so. The administration says the service cannot be accorded in addition to the regular pipe system.

Folk residing on the other side of Rock Creek were isolated when the Shoshone street bridge was closed to traffic. They have asked for a temporary crossing during the period of constructing the new bridge. Arrangements have been made for throwing a span over the creek on piers supporting the water line.

HONOR AWARD IS ACCORDED HERO OF WAR

Department Orders Medal Delivered William Pierce's Mother

The local army recruiting office has received notice from the adjutant general of the army that a distinguished service cross has been awarded the late first lieutenant William O. Pierce of the 31st infantry, 91st division, for extraordinary heroism in action. The cross will be delivered to his mother, Mrs. Ellen Lindon, R. F. D. No. 4, near the city of Twin Falls. Below is a copy of the citation:

William O. Pierce, first lieutenant 31st infantry, 91st division. For extraordinary heroism in action near Eufontaine and Very, France, September 26 to 28, 1918. Lieutenant Pierce valiantly led his platoon in the attack on enemy positions before Eufontaine and Very. The following day he again led his platoon through ravines and approaches covered by enemy machine gun fire. He was killed by enemy fire while leading his men in this attack.

ORDINANCES ANNULLLED

Declaring two city ordinances null and void Judge Baum, presiding over the district court, has issued a restraining order enjoining the city of Twin Falls from attempting to assess taxes against property owners on Second avenue north and east for the proposed extension of the avenue to Judge Baum holds that the assessment is illegal and gives the plaintiffs judgment for costs and disbursements accruing from the action. The order, however, does not prevent the city administration from proceeding with the work of widening the street, but must assume the burden of cost for the improvement.

BOY GIVEN DIVORCE

R. D. Boyd has been granted a divorce decree against Etta Boyd on default of the latter. The decree was granted by Judge O. R. Baum in the district court, who also awards defendant the sum of \$25 per month as alimony for the support of a minor child.

Local Brevities

Make Overland Trip—Mr. and Mrs. John Smith returned yesterday from an overland trip to Nebraska.

Victor from Alaska—Mrs. L. P. Davie of Council, Alaska, is a guest at the home of her cousin, Mrs. R. A. Parrott.

Married—In the probate court chambers yesterday afternoon Wesley B. McKinney and Nel Turner were married, Judge O. P. Duvall officiating.

To Recuperate—R. P. Logan left Tuesday for Lava Hot Springs where he expects to remain a month with the hope of benefiting his health.

Come from North Dakota—Mrs. Lily Holland and graduate of Marmarth, N. D., are guests at the home of Mr. and Mrs. W. C. Randall.

Women to Meet—The Neighbors of Woodcraft will hold their regular meeting in the O. O. F. hall Friday evening at 8 o'clock.

Weekly Luncheon—The Rotary club held their weekly luncheon at the Hotel Rogers yesterday. Covers were laid for 100. A short business session was held in the hotel parlor.

From San Francisco—Miss Marjory Crow, daughter of Mr. and Mrs. H. H. Crow, has returned from San Francisco where she has been attending school for the past two years.

Commissioners Procure Right of Way—Members of the county board of commissioners yesterday concluded negotiations with Mary L. Orwley for the purchase of sufficient land to form an approach to the Orwley bridge, soon to be constructed.

Going to Convention—Judge J. R. Bothwell will leave today for San Francisco to attend the democratic national convention as a delegate from this state. Judge Bothwell entertained the sentiment that William G. McAdoo will be the party nominee for president.

Personals

Morgan G. Heap is spending the week in Boise on business.

A. Donnelly of Boise is transacting business in Twin Falls.

W. A. Wright of Ogden was among yesterday's arrivals in Twin Falls.

F. H. Monahan was in this city from Buhi yesterday legal business.

M. E. Shaw of Peacerville registered in Twin Falls yesterday.

John L. McQuinn of American Falls is in this city on business.

Ernest Frazer of Boise is spending a few days in Twin Falls.

C. D. Irwin returned yesterday from a day in Twin Falls on legal business.

Mrs. N. O. Thompson spent yesterday afternoon in Twin Falls from Buhi.

J. R. Duncan of Salt Lake spent yesterday in Twin Falls on business.

G. F. Francis motored over from Filz yesterday on business.

S. P. Atherton was a business visitor in Twin Falls from his home in Hazelton yesterday.

Mr. and Mrs. E. G. Renner of Jerome registered in Twin Falls yesterday.

Mr. and Mrs. Carl Miller of Castleford were in Twin Falls Wednesday on a combined business and pleasure trip.

Mr. and Mrs. C. S. Peck and child motored over from Buhi yesterday for a short visit.

Mr. and Mrs. S. B. Worthington are in the city from Oakley for a short time looking after business affairs.

J. E. Roberts made a business trip to Buhi yesterday returning in the evening.

Mr. and Mrs. Roy Dayley of Buhi motored to Twin Falls yesterday afternoon for a brief visit.

Mr. and Mrs. W. F. Day of Buhi were among the out of town arrivals in this city yesterday.

Frank Chase and William Jackson, who were out of town visitors, arrived in the city arriving yesterday from St. Anthony.

Mrs. E. A. J. Walters, Mrs. L. T. Wright and Mrs. E. B. McMartin, who were out of town visitors, arrived in the city arriving yesterday from St. Anthony.

Mr. and Mrs. W. F. Day of Buhi were among the out of town arrivals in this city yesterday.

Frank Chase and William Jackson, who were out of town visitors, arrived in the city arriving yesterday from St. Anthony.

Social Notes

The M. S. and S. club met yesterday afternoon at the beautiful country home of Mrs. George L. Day, Mrs. Day being assistant hostess. The president and vice president being away on a vacation, Mrs. A. J. Requa presided. After the business session an enjoyable musical program was given. At the close of the program the hostesses served fresh cherry pie a la mode. The next program will be given by the children three weeks from yesterday at the home of Mrs. W. Reed.

Mrs. D. R. Churchill entertained the Addison Avenue Kensington club yesterday afternoon. A short business meeting was held and Mrs. D. R. Churchill gave an interesting report of the council meeting of the Federated club at Gooding. At the close of the afternoon fairly refreshments were served. The attendance was small owing to so many being away. Mrs. G. M. Simpson was a guest of the club.

The members of the T. T. S. S. club who had low score for the season entertained those having high score at luncheon yesterday at the home of Mrs. H. B. Johnson. Yellow iris and red roses were used to decorate the table. Following the luncheon-bridge was played. Mrs. J. C. Moore winning the prize for high score, and Miss Adelaide Husted received the consolation. Those who had low score were Mrs. H. B. Johnson, Mrs. P. H. Crow, Mrs. W. Conover, Mrs. H. P. Barker and Mrs. J. A. Campbell. Those having high score were Mrs. H. W. Sawyer, Mrs. George Leopold, Mrs. A. W. Davis, Mrs. Ernest White, Mrs. J. C. Moore and Mrs. F. R. Cox. Miss Adelaide Husted, Mrs. E. B. Heinicke and Mrs. K. G. Putnam were guests.

Mrs. Lydia Boyd Koogh entertained Tuesday afternoon with a tea complimenting Mrs. George L. Day, who is a guest of her daughter, Mrs. D. R. Churchill. The afternoon was spent socially and the house was decorated with baskets and vases of peonies and magnolias. The guest list included Madeline D. H. Peck, Carl De Long, C. H. Burton, P. F. McAttee, J. W. Blyer, E. L. MacFarland, Mrs. A. W. Davis, John Costello, T. O. Boyd, W. H. Greenhaw, R. B. Lewis, L. B. Perrine, D. E. Davies and the Misses Martha Stevens and Cora Greenhaw. The Blue Lakes Boulevard club will meet Friday at the home of Mrs. James Campbell.

Mrs. R. J. Fryar on Tuesday gave a party.

Today is the opening day of the Twin Falls Chautauqua. They promise the best entertainment in good many years past. Twenty-one big events, those holding season tickets will be admitted to Bryan's lecture, Wednesday, July 14th.

Chautauqua dates—June 24, 25, 26, 27, 28, 29, 30.

DAY OF OPPORTUNITY

A writer in the Saturday Evening Post asks if the day of opportunity for the poor boy in America is past or if not that, if it is as great today as it was a few years back. Because there are more places at the top now and fewer qualified men to fill them, opportunities for advancement should be and unquestionably are greater today than ever before. Investigate the record of the first three successful men you come to and you will find that two of them started with nothing in a material way.

Indeed, most of the famous men of the world have started life under the handicap of obscurity and poverty. The following are striking examples of great men who had very poor starts, even after they were well along in life: Gladstone gave no evidence of unusual ability as a boy.

Napoleon died forty-second in his class at the military academy, but who overheard of the other forty-one!

Patrick Henry was a lazy boy, uninterested in study; he failed at business, at farming and again in business; then he tried law, and American history tells the rest of the story.

Darwin could never master any language; his father accused him of being interested only in dogs, shooting and rat catching and said he would be a disgrace to the family.

Henry Ward Beecher, as a boy, was a "poor writer, a miserable speaker, with a thick utterance and a bashful reticence which people took for stolid stupidity."

Booker T. Washington was born a slave, had an early life of most unusual struggle, and became one of the most valued educators of his time.

Grant was a dismal failure as a farmer and a farmer and found himself in distinguished military service.

These men struggled through difficulties to lives of real usefulness, and so can the boy of today.

PLENTY OF "GAB"

Fears in many quarters of a serious shortage in the supply of gasoline are premature, it is revealed by the figures just issued by the United States bureau of mines, covering the first quarter of the present year. While there has been a large increase in domestic consumption and our exports for the period were 13,000,000 gallons larger than in the corresponding three months last year, production keeps ahead, and during the quarter no less than 179,599,000 gallons were added to stocks on hand. On March 31 stocks in the United States were estimated at 628,393,000 gallons, as compared to 546,620,000 at the same time last year and 526,382,000 two years ago.

In 1918 war time restrictions on the use of gasoline were in force and the output of new cars and trucks were greatly reduced, yet during the first quarter of that year only 114,125,000 gallons of gasoline were added to available stocks. In 1919 the output of new cars was estimated at 1,974,010, and the present production is at a rate double that of 1918, yet additions to the stocks continue to be made. Of course the situation does not warrant extravagance in use, neither does it justify the gloomy forebodings heard just before an advance in price is announced, nor proposals for the regulation of consumption which were tolerated during war times.

PLAQUE IN GALVESTON

Death of a young man from typhoid plague in Galveston, Texas, emphasizes the need for the most exacting precautions to prevent the dread disease, which has broken out at Vera Cruz, from getting a foothold in the United

States. Federal, state, county and city health officials concurred in the diagnosis, made by a state medical college professor.

Care being taken at southern seaports is a guarantee that everything will be done which it is possible to do to keep the disease away, and to stamp it out if it should gain a foothold. Reports that the disease is decreasing in intensity in Vera Cruz are reassuring.

HOME CANNING TO SAVE PRODUCERS' MONEY THIS YEAR

Shortage of Labor on Farms Makes High Prices at Canneries Inevitable

Home canning, of utmost importance during the war, will be just as important this year, according to present indications as they are viewed by the United States department of agriculture. The shortage of labor on the farms makes it necessary for the canneries to pay high prices for the commodities which they can produce. During the season, labor in the canning factories is expensive and difficult to obtain. Everything, from cans to cartage costs, has increased in price, and transportation is slow and more expensive than it was in war times. All this increase must be paid by the ultimate consumer; and there is not even assurance that there will be enough canned products to go around. The solution is home canning.

That sugar is higher in price than it has been hitherto is advanced by some as a reason for canning either less fruit or nothing but vegetables; but unless one intends to give up sweets altogether, there seems no good reason for not using canned fruit on account of high prices. There are few desserts that do not take from one-half to one cup of sugar, and no dessert is more healthful than fruit. It is not necessary to use such thick syrup as was used in the days of plenty. A 10 per cent syrup made of one part sugar and nine parts water will make palatable any of the acid fruits. Such fruits as apples, pineapples and the like can be canned without sugar. In fact, ordinary glucose or corn syrup may be substituted for sugar in making jam. A palatable syrup is made by mixing one-half cup sugar, one cup of glucose and eight cups of water.

It requires about seven ounces of sugar for a pint jar. One cup of sugar will make ten cups of syrup. A pound of sugar will make 20 cups. The last amount will be sufficient for 30 pints of canned fruit. Where the 10 per cent syrup is used the cost of the sugar to can a pint jar is 1-1/2 cents with sugar at 20 cents a pound. It is not so expensive after all.

ROSE FESTIVAL IS OPENED

Portland's Annual Floral Show: Coincident with Visit of Shriners

PORTLAND, Ore., (P)—Portland's annual Rose festival opened today with a procession of more than two miles of rose-bedecked automobiles. Vancouver and Victoria, B. C. had entries in today's parade, giving the festival an international aspect. The "Madras Tournament of Roses" also was an outside state participant.

Entries in this year's festival came from scores of foreign cities and many came from Washington. None of the floral floats participating were of an industrial character. More than \$10,000 in prizes are to be awarded.

The Rose festival this year is being held during the visit here of several thousand members of the Myrtle Shrine.

HAWAIIAN DRAWS HEAVY SENTENCE UNDER DRY REGIME

HONOLULU, T. H. (P)—The heaviest penalty so far meted out in the Hawaiian Islands under the national prohibition law was that given the other day to Matsuno Tokumura, of Hilo, in the United States district court, when the defendant was fined \$750 and sentenced to three months' imprisonment. Tokumura was charged with having had in his possession 75 gallons of okolehao, a native liquor, still in operation, 300 empty demijohns ready for filling and 500 gallons of mash.

PICTURES TELL A. E. F. STORY

War Artists' Studies Detail Varied Phases of Army Life Overseas

WASHINGTON, D. C., (P)—The story of the American expeditionary force is told in pictures on the walls of the national museum here in a permanent exhibit just opened to the public. Drawn from life in paint, pen and ink or pencil by American artists commissioned and sent to the front for that purpose, the collection of nearly 500 oil paintings and sketches depicts the life in the army overseas as it is spread over the walls of half a dozen great, well-lighted rooms. It is a tale of stirring scenes which they depict.

Among the scenes depicted are ruined French villages made sacred forever to Americans because of American blood freely given to tear them from German hands. There are the homely, appealing scenes from behind the lines with happy-go-lucky youngsters of Pershing's army in billets mixing among the people of France, the very old and the very young people. Here and there are grim reminders of the great tragedy in groups of wounded dead in wrecked enemy trenches over which the tide of victory had poured. Again, half glimpsed through a downpour of rain, a trudging column in billets moving forward through a sea of mud as the artist saw it; or an endless line of weary gun teams dragging forward the batteries to blast the road to triumph.

At one point the artist caught and held for his fellow countrymen the breathless tenor of a forest outpost, peering through the leafy screen of his covert toward the enemy lines, his rifle hugged close with fingers clinched about the trigger; at another a slash of light from a half-open door has painted on the screen of night just a hint at a column, tramping on toward battle, not a young man in the line, weary, dirty but with jaws grim set with purpose. Again it is a hospital that has gripped the artist's imagination, a twisted, writhing form under the tumbled blanket with agony in every line and over it the steady-eyed surgeon or the merciful figure of an army nurse.

In the picture display are shown all the countless things with which the army and the navy dealt in the war: the guns, the bombs, the uniforms, the enemy skulls, captured weapons and German war gear of many kinds. These form a striking setting for the epic tale the war artists have pictured, probably the only such record ever assembled for it began with the army and runs on to the departure of the homeward transports at the close.

Artists who made the pictures, all of whom held the rank of captain in the American expeditionary force, include Wallace Morgan, Ernest Peisotto, Julius Andre Smith, Harry E. Townsend, Harvey Dunn, Walter J. Duncan all of New York city; William J. Aylward, Fairport, N. Y., and George M. Harding of Wynnewood, Pa.

DECADE OF REVOLUTION APPARENT IN RAILWAYS

Rehabilitation of Transportation Systems One of Greatest Mexican Problems

MEXICO CITY, (P)—Twisted rails, decayed cross-ties and worn-out rolling stock — products of a decade of revolution — militate against the efficiency of Mexico's railroads. No greater problem of reconstruction faces the country than the rehabilitation of her railway lines.

The average speed of a Mexican passenger train is 30 miles an hour. From Juarez to Mexico, a distance of 1205 miles, one has to travel 45 hours, running time, exclusive of lengthy stops at Chihuahua City and Torreon. The shorter trip to Mexico City from Nuevo Laredo, opposite Laredo, Texas, requires ten hours less.

Bandits in all parts of the country have wrought havoc with the nation's railway system. Even today one can see ruins of trains that were burned under by outlaws years ago. The roadbeds likewise have suffered. Derailments are frequent, being due to the improper repairing of tracks damaged by marauders.

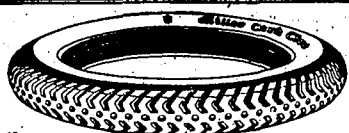

SHOWS DIVERSITY AMONG POULTRY BREEDS ON FARM

The diversity in breeds and varieties of poultry kept on farms in the United States is being shown with increasing evidence by the "Better Breeds—Better Stock" movement. The enrollment blanks of persons joining the campaign — which involves the use of purebred sires in all classes of live stock kept — indicate that Rhode Island Reds, Leghorns and Plymouth Rocks are the more favored breeds. Yet the less common breeds and the rare varieties of the popular breeds are listed to a surprisingly large extent. Black Leghorns, Bitches, Marriidge Rocks, and Indian Runner ducks were all mentioned among the livestock on eight Colorado farms.

The tendency toward improved poultry is even more noteworthy from the fact that the blanks do not call for the names of varieties, and in all the cases mentioned that information was volunteered. Incidentally flocks of poultry headed by males of pure breeding show a greater percentage of standard bred females and a smaller percentage of scrubs than any other class of farm live stock.

Pocatello Offers Air Route for Park Trip

POCATELLO, Idaho, (P)—An airplane company has been organized, landing and control fields arranged for, and machines are now on the ground to take tourists and other passengers from Pocatello to Yellowstone park. Train time between these two points now are about 12 hours but by the air route, the trip will be reduced to about three hours.

Tire Treads Improved 25%

The latest Miller triumph is a super-grade tread. It exceeds the best rival treads today by an average of 25 per cent. This has been proved, under careful watch, by many road comparisons.

The Miller Tire mileage is the talk of the day. But these new-grade treads outwear the balance of the tire.

Not one Miller Tire, built with this new tread, has ever come back with the tread gone.

These treads do not vary. Every day the Miller tread stock is vulcanized and tested in the laboratory. It must prove up to these new standards before a tread is made.

Miller Cord Tires, in the factory tests, now average 15,000 miles. Miller Fabrics from 8,000 to 9,000 miles. And these factory tests are extreme.

Watch your mileage on one Miller Tire. Compare it with any other and it will win you. You owe that to yourself in view of Miller records.

Tread Patented

CITY OPERATING EXPENSE HIGHER

Administration Will Require at Least \$73,000 More Cash the Coming Year

Cost of operating the city's business in the coming fiscal year will exceed that of the past year approximately \$70,000. The estimate of cash needed to defray expenses and liabilities during the year 1920-21 is \$73,254.25. Last year the budget called for an expenditure of \$295,948.43.

Last night the city council adopted a budget ordinance prescribing the amount needed for each separate department. These amounts are:

Administration, \$15,000; public safety, \$11,100; fire, \$21,000; public grounds and buildings, \$21,310; street department, \$53,300; engineering, \$3,500; water works, \$65,000; interest, \$52,152.25; retiring bonds, \$10,000; main trunk sewer, \$4700.

Included in these departments are such extraordinary items as complete new fire-fighting equipment, second auto street flusher, and \$2000 per year payment for the ordered curb lighting system. The first is scheduled at a cost of \$15,000, and the second \$9000. The sum of \$1100 also is set apart to cover the city personnel and operating expenses, such as three sides of the park, library site and the alley at the rear of administration building. Should the people vote bonds for the purchase of fire equipment the \$15,000 shown in the fiscal budget will be eliminated from the expense account.

The last assessed valuation of city property, upon which was based taxation last year, was \$4,637,891.53. This year it should be at least \$500,000 more than that figure.

DIOCESAN HEAD COMES SATURDAY

Bishop Tourret, of the Episcopal Church, to Make Parish an Official Visit

On Saturday of this week the Rt. Rev. Frank Hale Tourret, bishop of the Episcopal diocese of Idaho, will make his first call on the members of Ascension church parish. Elaborate plans are being made for the appropriate reception of the Episcopal prelate.

While Bishop Tourret has been in this state since the first of the year he has, until now, been unable to make a call here. On Saturday he will be accompanied by Archdeacon Howard Stoy of Postville. The church of officials will conduct the Holy Eucharist and morning prayer. Bishop Tourret will be attending the Sunday school session.

Plans for the entertainment of the prelate while here include a dinner at the Rogerson hotel Saturday evening. This dinner will be provided by the vestry of the church, honoring the distinguished church officials. Those called upon to attend are Captain C. L. Longley, George Sprague, V. H. Decker, D. D. Alvord, Fred W. Meach and Harry Barrett.

Under the direction of the Women's guild a public reception will be conducted in Parish hall beginning at 8 o'clock Saturday night. Refreshments and a musical program will be provided for this occasion. Bishop Tourret will visit Buhl while in this district.

MURPHY TO BE TRIED

Arrangements have been made for a jury trial in the case of the State against Mike Murphy in the probate court Friday morning. Murphy is held under bond on charge of assaulting his wife, Kate Murphy. They are residents of the Amsterdam district. Murphy maintains his wife attempted to do him bodily harm, using a carving knife with which she slashed his thumb. He declared that for self-defense he was compelled to knock her down.

SUIT ON NOTE

Action has been instituted in the district court by Guy Saunders and Orlbert J. White, doing business under the firm title of Saunders & White, against Raymond Berdot, seeking judgment for \$710, said to be due plaintiff on a promissory note.

ANNOUNCEMENT

Dr. J. P. Myers, recently connected with the Chicago Post Graduate Hospital, has opened offices over Booth Merc. Co. for the practice of medicine and surgery. Residence 419 Sixth Ave. E. Office 1005 S. 5th. Phone 458-J.

COUNCIL HAS AMBITIOUS PLAN FOR MORE STREET SURFACING

If Favored Scheme Becomes a Surety from 12 to 16 Miles of Paving Will Be on Program for Ensuing Year—Residents Urged to File Petitions Without Delay—Administration Agrees to Scheme

Another paving program, quite as ambitious and extensive as was formulated last year, and on which work is now in progress, is the contemplation of the Twin Falls city council for the new fiscal year.

If the program is carried out as now proposed from 12 to 16 miles more surfaced streets, avenues and alleys will be added to the paved area of the city. However, the proposal is but tentative, final prosecution of the plan resting with the property owners themselves.

These must present petitions for the improvement. The administration declines to outline a district which will have the effect of appearing to force paving upon the people.

With a view to obtaining a new paving district, which will include all the important thoroughfares not now in process of paving, the city council at an adjourned meeting held last night, ordered the city engineer to prepare data on which to base an intentional paving ordinance. This included all streets from east and north of Shoshone street, Blue Lakes boulevard, Addison avenue, Sixth avenue south, Fourth street, south to Seventh avenue to Main avenue, Fourth avenue west, and all the intersecting alleys and cross streets, together with such other lines of traffic as may be designated in filed petitions.

The intentional ordinance will be submitted and probably passed at next Monday's session of the municipal administration, and later on the regular ordinance, designating the entire area and parts of sections for the district, will be drafted. The plan at present purposes the paving of Addison avenue only 28 feet wide.

Petitions involving about eight miles more paving are already on file with the city clerk. The city at present has three miles of old paving and contractors are employed laying 18 more miles.

BALL ROOM AREA TO BE PATROLLED

Council Orders Police Present to Regulate Crowds—Lighten Dark Places

Because of many complaints against the actions of throngs attracted to the streets in front of the Lavering pavilion during the progress of dances every city council has decided to have the area complained about patrolled and regulated by police. In addition the district will be thoroughly illuminated, thus to discourage loitering or assembling in dark places.

The action of the council was taken last night following petitions lodged in person by two residents of the district complained of. There was no complaint against the manner of conducting the dances in the pavilion, all objection being toward the mob assemblies in the streets and alleys, where drinking, vulgarity, insanitary practices and rioting are said to be on the regular program.

The regulatory measures will go into effect immediately. Policemen assigned that territory will be fully uniformed and armed with badges of authority.

A petition, signed by 27 residents, was presented urging the closing of the dance hall as a nuisance. Testimony proved that the hall was not at fault except that it was the attracting object.

ANNOUNCEMENT

Dr. J. P. Myers, recently connected with the Chicago Post Graduate Hospital, has opened offices over Booth Merc. Co. for the practice of medicine and surgery. Residence 419 Sixth Ave. E. Office 1005 S. 5th. Phone 458-J.

JUDGMENT AGAINST DE KLOZE

Judge O. R. Baum, seated in the district court, has awarded the Filer Hardware company judgment against J. G. De Kloze in the principal sum of \$1139.00, claimed on a merchandise account. The judgment also carries the awards for attorney's fees and court costs amounting to \$250.30. The case was conducted by Hazel & Benoit for the plaintiff company.

KEEL GETS JUDGMENT

In the state court yesterday afternoon James B. Keel was awarded judgment for \$200 against T. H. Austin. The suit was instituted to recover commissions alleged to be due on a property transaction, carried on through the Keel agency for Mr. Austin. A week ago a jury impaneled in this case failed to agree, causing a second trial.

NOTICE

I have sold my interest in the American Market to Charles Dunn, who will collect all accounts and pay all bills. LEW. M. JAIN.
