PRICE FIVE CENTS

ANARCHISTS IN
ANGONA WORSTED
BY CARABINERSDisorders in Widely Separated
Parts of Italy Seem to Corro-
borate Impression of Plot to
Overturn Social OrderRED FLAGS HOISTED ON
MUNICIPAL BUILDINGSStrikers Give Unemployment as
Reason for Rioting; Soldiers
and Police Attacked in Many
Places

BOMBE (AP)—Quiet was restored to-
day by Carabinieri in the central part
of Ancona, according to reports from
that city, the anarchists who have been
creating serious disorders there re-
turning to the suburbs.

One hundred and ninety-three per-
sons were placed under arrest. Three
have been killed in encounters with po-
lice. It is said women participated in
the rioting.

Two trains were attacked near For-
gacelo. On one train eight passengers
were wounded and five subsequently
died. The other train was carrying po-
lice, of whom one was killed and four
wounded.

Social Order Menaced
Reports of disorders in widely sepa-
rated parts of Italy appear to corrobo-
rate the impression that they are part
of a deep scheme to overturn social or-
der throughout the entire country. Un-
employment is the alleged reason for
the strikes now in progress and for riot-
ing.

At Oudore, Venetia, red flags have
been hoisted above the municipal build-
ings. Telegraph lines have been cut
and roads blocked with trees at Lanzo,
Caltanico and Domogio. Carabinieri in
armor, some have dispersed rioters at
Briatico. At Boncole an acqueduct has
been cut.

Discontent has burst out violently at
Piacenza and Ancona. Police have been
attacked with revolvers and hand
grenades and have replied with ma-
chine gun fire. Many on each side
have been killed and wounded.

DISORDERS AT BRISOLA

BRISOLA, Italy, (AP)—Socialists and
populists have clashed at Brisola.
One policeman was killed and it is be-
lieved there were other victims.

FIRE BARRACKS ATTACKED

PISA, Italy, (AP)—Barracks were at-
tacked yesterday but the assailants
were repulsed. Two of the rioters
were killed and several others arrested.
There were a number of casualties
among the police and soldiers.

ONLY GOLD WATER OBTAINED
DISCOVERED IN WYOMING

ODDEN, Utah, (AP)—Reports of a
gold war geyser near Odessa, Wyo.,
said to be the only one of its kind
in the United States have been received
at forestry headquarters here from
Charles A. Beane, superintendent of the
Wyoming forest.

According to Mr. Beane, the geyser
starts its intermittent action near the
first of September, flowing with force
and volume for twenty minutes, then
ceasing for twenty minutes. He says
this occurs with unvarying regularity.

BEAR LAKE COUNTY REPORTS
FLAUNT OF GRASSHOPPERS

MONTPELIER, Idaho, (AP)—Various
sections of Bear Lake county, Idaho,
are reporting a grasshopper plague and
the sections of Geneva, Benjamin, Sha-
ron and Bloomington are particularly
affected. The farm bureau at Solon
has been appealed to for assistance in
fighting the pest.

JAPANESE IN CALIFORNIA
SUBJECT FOR INVESTIGATION

SPOKANE, Wash., (AP)—To make a
study of Japanese conditions in Cal-
ifornia, for the house immigration and nat-
uralization committee will meet at San
Francisco, July 6. Representative Al-
bert Johnson of Washington, the chair-
man, announced here today.

Greeks Land Forces
on Marmara Coast to
Move Against Turks

LONDON, (AP)—The Greeks have
landed a force at Fandarma, on the
south coast of the Sea of Marmara,
according to a dispatch to the Ev-
ening News from Constantinople.
This force is intended to op-
erate southward against the national-
ist forces of Mustafa Kemal
Pasha, northeast of Smyrna.

BRYAN PROPOSES
COMMISSION TO
CURB PROFITEER

Declares for Elimination of Un-
necessary Middlemen and
Jail for Excessive Profits
Taking

SAN FRANCISCO, (AP)—State com-
missioners, similar to the federal trade
commission, to prevent profiteering,
are a feature of a plank on profiteering
proposed by William J. Bryan. It is as
follows:

"A democratic party pledges the
nation to rid it of the profiteer and
to close the door against his return.
It will endeavor to eliminate all un-
necessary middlemen by the encourage-
ment of organizations among produc-
ers that will bring those who sell and
those who buy nearer together. It will
enact and enforce laws that will ef-
fectively prevent excessive charges by
such middlemen as are necessary. To
this end it will demand legislation sub-
jecting to the penalties of the criminal
law all corporate officers and employ-
ees who give or carry out instructions that
result in extortion; it will make it un-
lawful for any one engaged in inter-
state commerce to make the sale of an
article dependent upon the purchase
of another article, and it will request
such corporations to disclose to custom-
ers the difference between cost price
and selling price or limit the profit that
can be legally charged as the rate of
interest is now limited. It will also
endeavor to create in the several states
trade commissions with powers as am-
ple as those of the federal trade com-
mission and to enact laws authorizing
each local community to create, as
needed, similar commissions for the in-
vestigation of local charges of profiteer-
ing."

Another plank dealing with the
treaty of Versailles and the league of
nations will be made public tomorrow
by Mr. Bryan.

Service Men Plan to
Get Bonus Endorsed

SAN FRANCISCO, (AP)—Service
men among convention delegates to-
day perfected plans for obtaining
the endorsement of the democratic
party for bonus legislation.

Richard Seelye Jones, chairman
of the Washington state delega-
tion; Major Bennett Clark of Min-
nouri, son of Representative Champ
Clark; Colonel Barry of Tennessee,
and E. W. Robertson, of Spokane,
Wash., were elected to appear be-
fore the resolutions committee.

GENOA, (AP)—The international conference of seamen
is deadlocked temporarily over the question of hours of
labor.

LONDON, (AP)—Two thousand British, Austrian, Ger-
man and Finnish prisoners of war were drowned when a
Bolshevik steamer was sunk recently in the Neva river, ac-
cording to a Helsingfors dispatch to the Central News.

VIENNA, (AP)—The Hungarian ministry has resigned,
said a telephone dispatch from Budapest. Count Apponyi,
former premier, is reported head of a new coalition gov-
ernment.

LONDON, (AP)—Two persons are dead and eighty
wounded as a result of food riots in Hamburg, according to
a Central News dispatch from Berlin. Many shops were
plundered. The dispatch says order has been restored.

UTAH AND IDAHO LANDS
TO BE OPENED TO ENTRY

Approximately 70,000 Acres of Agricul-
tural and Grazing Area to be
Designated

SALT LAKE CITY, Utah, (AP)—Ap-
proximately 70,000 acres of government
land, representing some of the best ag-
ricultural and grazing lands in Utah
and Idaho will be designated for entry
this summer, following an inspection
by Ralph B. Wooley, engineer of the
United States geological survey. Fully
50,000 acres of this land is located in
Idaho and about 20,000 acres in Utah.
Soon Mr. Wooley plans to leave for
northern Utah to begin his survey and
determine the feasibility of the land
there being opened under irrigation. Im-
mediately following his inspection of
the Utah lands Mr. Wooley will leave
for Blackfoot, Idaho, where the people
have petitioned that about 30,000 acres
be set aside for entry under the Carey
act. The other Idaho tract to be sur-
veyed lies in the Mud Lake district.

GERMAN LEADER
HODS GERMAN
TO PEACE TERMS

Chancellor Fehrenbach Declares
Nation, Having Accepted the
Treaty, Must Make Effort to
Execute Engagements

CALLS FOR DISARMAMENT
AND INDEMNITY PAYMENT

Excuses Non-Fulfillment on the
Grounds of Circumstances
Stronger than Tanton Good
Faith—Blames Adversaries

BERLIN, (AP)—Chancellor Konstan-
tin Fehrenbach, head of the new Ger-
man government, read in the reichstag
today the declaration of the govern-
ment's program.

"Germany, having accepted the
treaty of Versailles, cannot, so long as
the country's former enemies do not
make every effort to execute the en-
gagements taken in so far as that is
possible," he said.

Referring to the anniversary of the
signing of the treaty of Versailles, the
chancellor continued:

"Germany must fulfill the mea-
sures of disarmament and devote herself
to the work of reparations loyally and
unreservedly.
"If Germany has not fulfilled literally
all the clauses of the treaty it is
due not to bad faith but to circum-
stances stronger than our good faith,
among which is the deep distrust which
continues toward Germany among our
adversaries. It will be the duty of this
government, with the proofs in hand,
to show which side is in the right. Ger-
many has already done to fulfill its
obligations under the Versailles treat-
y."

HARDING SPENDS QUIET DAY
AT FELLINGHUYSEN'S HOME

RABBIT, N. J., (AP)—Senator W. G.
Harding, republican presidential nomi-
nee, had him a quiet day at an un-
eventful program today at the country
home of Senator J. L. Fellinghuyesen.
The only event planned for the day
was a picnic at the home of Sen-
ator Fellinghuyesen, of Maine and Kellogg
of Minnesota. The nominee expected to
leave late this afternoon for Washing-
ton.

SINGLE WORKMAN BREAKS
TUCSON ELECTRICIANS' STRIKE

TUCSON, Ariz., (AP)—One electrician
broke the strike today, and many industrial
plants through the walkout of electri-
cal workers yesterday. The city had
barely 30 minutes of supply left when
the workman returned. Volunt-
eers were obtained later and condi-
tions are approaching normal.

LEGISLATURE IN TENNESSEE
TO CONSIDER SUFFRAGE ACT

NASHVILLE, Tenn., (AP)—The leg-
islature will be called to meet August 9,
and the chief of the suffrage amend-
ment, it was stated today at the cap-
itol.

veyed lies in the Mud Lake district.

GLASS FRIENDS CONFIDENT

Managers Predict Virginia Will Head
Resolutions Committee

SAN FRANCISCO, (AP)—Confidence
that Senator Glass of Virginia will
more than enough votes to elect him
chairman of the resolutions committee
was expressed today by his managers
following work having nearly an early
hour today.

Friends of Senator Walsh of Mon-
tana brought out in opposition to Sen-
ator Glass, would not concede the Vir-
ginians lead, however and still claimed
a majority.
The resolutions committee was to
meet soon after adjournment of to-
day's convention session.

Cummings Champions League
Covenant in Keynote Speech

Declares No Blacker Crime on
Pages on American History
Than Senate's Defeat of the
Peace TreatyCALLS G. O. P. PLATFORM
REACTIONARY, PROVINCIAL

SAN FRANCISCO, (AP)—The league
of nations covenant was championed
as the "Morse doctrine of the world" by
Hon. Cummings, temporary chair-
man of the democratic national con-
vention, in his keynote address here
today.

Of the peace treaty's defeat in the
senate, he said: "No blacker crime
against civilization has ever soiled the
pages of our history."

He characterized the republican
platform as "reactionary and provin-
cial." "Filled
with platitudes and vague promises, it will be
searched in vain for one constructive
suggestion for the reformation of the
conditions which it criticizes and de-
ludes."

"The oppressed peoples of the earth
will look to it in vain. It contains no
message of hope for Ireland; no word
of mercy for Armenia; and it contains
a sword for Mexico. It is the work
of men concerned more with material
things than with human rights. It
contains no thought, no purpose which
can give impulse or thrill to those who
love liberty and hope to make the
world a safer and happier place for
the average man."

FRANKS PACE TIME RECORD.

He declared that the peace time re-
cord of the democratic party from
March, 1913, to the outbreak of the
war has been its credit "more ef-
fective, efficient and successful legisla-
tion than the republican party had
placed upon the statute books in a gen-
eration."

"Treating the administration's course
in the war he said: "We fought a
great war, for a great cause and we
had a leadership that carried America
to greater heights of honor and glory
than she has ever known be-
fore in her entire history."

Claims War Credit for Party.
"Let no one misunderstand us. These
great affairs were carried forward un-
der the stimulus of American patriotism
supported by the courage and spirit of
our people. All this is freely and glad-
ly acknowledged, but surely the time
has come when the republicans should
acknowledge criticism and premeditated
calumnies of the opposition, we are entitled
to attention to the fact that all of
these things were accomplished un-
der the leadership of a great democrat
and of a great democratic administra-
tion. If the republican leaders are not
able to replace the chiefs of the demo-
cratic party, they should have the grace
to remain silent, for it does not lie in
the mouths of those who conducted the
Spanish-American war to indulge in the
luxury of criticism."

Referring to congressional investiga-
tions by a senile committee, he said
that over 80 investigations have been
wasted and "the result has been de-
stroyed the trust of the people in the
past history of civilization."

Calls convention an Auction.

"The republican party became so
fixed in its incorrigible habit of con-
ducting investigations that it finally
found it necessary to conduct an auc-
tion of its own platform. They discov-
ered that graft and gross and inexcusable
expenditures. The revelations disclose
the fact that the republicans have
not a convention but an auction."
The highest bidder, however, did not
get the prize. The publicity which
the proceedings have attracted has
initial purpose. The Chicago conven-

LEAGUE'S CANDIDATE IS
DEFEATED IN MINNESOTA

Official Count Gives Frous S.
499 Plurality Over Dr.
Shipstead

ST. PAUL, Minn., (AP)—J. A. O.
Frous received the republican nomi-
nation for governor in the last of sev-
eral primaries in Minnesota by a plurality
of 8499 votes over Dr. Henrik Ship-
stead, the nonpartisan league candi-
date. The results of the election were
confirmed today by the official fig-
ures confirmed the results previously
announced from every state-wide and
congressional contest.

BERLIN LOSES TYPEWRITERS

BERLIN, (AP)—Twenty-four hundred
typewriters have been stolen from vari-
ous business offices in this city in the
past year, according to a report from
the German police. The thieves there
are special bands of typewriter thieves.
Insurance companies which cover type-
writer risks have been obliged to in-
crease their premiums 25 fold.

IDAHO AND MICHIGAN DELEGATIONS
FOR STRICT DRY LAW ENFORCEMENT

SAN FRANCISCO, (AP)—Delegations
in favor of the strict enforcement of
the Volstead act were organized and
addressed at the caucus of the Michigan
and Idaho delegations today. The Id-
aho delegation was organized on record
favoring the league of nations "with-
out multiplying reservations."
Senator John F. Nugent was named
for the Idaho delegation as a member of
the resolutions committee.
Senator King, elected Utah's member
on the democratic convention resolu-
tions, was elected today by the Id-
aho delegation to the committee to
vote for Senator Glass of Vir-
ginia as chairman of the committee
and James H. Moyle, Utah national com-
mitteeman, said that a vote for

BUGLE REPLACES GAVEL
AT CONVENTION OPENING

SAN FRANCISCO, (AP)—Fraternal
notes of opening the democratic con-
vention, as planned by the na-
tional committee were, briefly as
follows:
Bugle call by a detachment of ma-
rines at 12 o'clock noon.
Address by the color
bearing of the Star-Spangled Ban-
ner.

Call to order by Vice Chairman
J. Bruce Krumm, Montana.
Invocation by Monsignor P. L.
Ryan, vicar general of the Roman
Catholic archdiocese of San Fran-
cisco.

Reading of the call for the conven-
tion by Secretary B. G. Hoffman.
Address by Vice Chairman Krumm
announcing temporary organiza-
tion and presenting National Chair-
man Homer S. Cummings as tem-
porary presiding officer.

Keynote speech by Chairman Cum-
mings.
Announcement of committees.
Adjournment.

ISSUES RATHER
THAN MEN STILL
IN FRONT RANKOpposing Forces in Democratic
National Convention Declare
Brief Truce while Assembling
for Opening Session

SAN FRANCISCO, (AP)—Opposing
forces in the democratic national con-
vention declared a brief truce today
while they assembled in the opening
session, perfect preliminaries for the
week's work.

The big fight over prohibition and
the lesser fights over the league of na-
tions and the Irish question were laid
aside, but not forgotten while the party
chiefs and delegates met in the audi-
torium to hear National Chairman Cum-
mings sound the keynote.

Issues rather than candidates
continue to be foremost, but the
announcement that William G. Ma-
don would not reject his nomi-
nation put new life into his nomi-
nation and today they began where
they left off last night perfecting
an active organization.

Little change will be apparent in the
lineup of strength between the Cox and
Palmer forces and the Wilsons. The
Wilson forces are working to make the
best possible showing on the early ballots.
There was talk of a combination against Mc-
Adoo but it was the result of gossip.

Ignore Divorce Story.

The attitude of the Cox managers
toward publication on the eve of the
convention of a divorce case filed ten
years ago was to ignore it entirely.
Edmond H. Moore, manager for the
Cox candidacy, said he had no state-
ment to make a referred inquirers to
"anybody from Dayton." Governor
Cox's home town, to learn what Ohio
people most familiar with the circum-
stances thought.

(Cox delegates pointed out that in a
long and active political career against
the divorce case had never been brought
up in a campaign.)

Play on Sentiment.
Ohio leaders insisted that the pub-
lished story was an attempt to play on
any sentiment against divorce that
might exist among women delegates.
The Cox people today were seeking
for a link for government owner-
ship of railroads.

Assurances of election of Senator
Robinson as permanent chairman was
indicated today when William J. Bryan
met him at breakfast and extended
congratulations, stating that he was

(Continued on Page Four)

IDAHO WEATHER.

Tonight and Tuesday fair, except
showers or thunderstorms and cooler in
southeast portion.

IDAHO AND MICHIGAN DELEGATIONS
FOR STRICT DRY LAW ENFORCEMENT

Senator Walsh of Montana would be a
slap at President Wilson. "The ad-
visory vote favoring Glass was ten to
one."
W. J. Parker was chosen chairman of
the delegation and the election of James
H. Moyle as national committeeman was
contested.
Edwin W. Quinn, mayor of Cam-
bridge, was elected national committeeman
from Massachusetts by the delega-
tion from that state.
The sixth district of Columbia dele-
gates adopted a resolution pledging
their support to Attorney General
Vaughan.
Virginia delegates resolved to cast
a solid vote on the first ballot at least
for Senator Glass as presidential nomi-
nee.

GERMAN CRIME WAVE SHOWS NO ABATING SIGNS

Jails are Filled to Capacity with Thieving Fraternity from Those Guilty of Grand Larceny Down to Sneak Thieves

BERLIN, (AP)—The wave of criminality in Germany shows no sign of abating. Jails are filled to capacity with the thieving fraternity, from those guilty of grand larceny down to the thieves of the big city streets. Very often new arrivals have to be temporarily released from custody owing to lack of room in the penitentiaries. Here are some of the principal thefts and robberies reported in the last few days.

Burglars broke into the Berlin stock exchange and forced a safe open from which they took \$500 marks and five typewriters.

At Kreslau, the mausoleum of Field Marshal von Moltke was broken open and the silver wreaths and crosses stolen from the sarcophagus. The field marshal's sword was found broken.

A band of armed robbers forced their way into the burgomaster's house at Paaren near Nauen, appropriated 50,000 marks belonging to the village treasury and left the burgomaster tied to a chair.

At Fallersleben near Brunswick the author of a theft from a sealed freight car was traced and several carloads of stolen goods were discovered hidden there. The thief was a candidate for a town councilship.

At Spandau, a mortuary chapel was stripped of its stained window panes. Another mortuary chapel at Staaken was stripped of its zinc roof.

In a popular Berlin suburb, a woman who was shopping left her baby in a perambulator outside the store for a few minutes, the perambulator disappeared and the baby was found half naked in a doorway.

RUIN THREATENS VIENNA SCHOOLS

Subsidies Inadequate in Face of Falling Crown and the Enhanced Prices

VIENNA, (AP)—The universities and technical institutes of Vienna are on the verge of collapse according to a report of the chairman of the committee for education.

Their grants are still on the scale fixed in 1913 which the falling crown and enhanced prices make a mere pittance. For instance the entire subsidy of the Meteorological Institute does not suffice to subscribe for one English periodical considered essential to its work.

All of the colleges are five years in arrears of scientific publications and in debt for old materials. Laboratory materials have increased in price to more than 20 times pre-war cost while chemical and medical supplies have reached fantastic prices. Cocaine is sold at a strident example. Costing formerly 200 crowns a kilogram (of 2.20 pounds) it is now worth 48,000. Iodine is worth 3,500 crowns the kilogram. Platinum is practically unobtainable, the quotation being 650,000 crowns the kilogram.

Vivisection has been abandoned because of the cost of the animals, mechanical studies stopped for lack of machinery and throughout the list of technical schools the same conditions exist.

Formerly the government provided needy students with the necessary materials and equipment for scientific work, but now the enrollment is five times greater than before the war.

INDIANAPOLIS MANUFACTURER ANNOUNCES OBIT TO BERLIN

EVANSVILLE, Ind., (AP)—Adolph Meizer, retired manufacturer and philanthropist, has announced a gift of 100,000 marks to the city of Berlin, Germany, as a tuition fund for a monument to his brother Charles, deceased. Meizer said the gift had been made last fall and he had heard indirectly that it would be used for a public building, a library or a worthy cause.

The fund will be called "the Charles Meizer fund" in memory of Charles Meizer, who died in Denver in 1905.

CELEBRATED MONTANA TRAPPER LIES FOR IDAHO FUR

LIVINGSTON, Mont., (AP)—Donald Stevenson, well known in this section, has forsaken local hunting fields for Alaska, where he will breed reindeer with caribou, for the biological survey. Stevenson hunted wolves with a trap and a sharp stick. His method was to find their caves, enter, hold off the beasts with the stick and fling traps at their feet. He took the wolves alive for the biological survey.

You can't guess your way to ecology and thrift. Study the ads.

CONSERVATION OF CLOTH HAS LIMIT IN SKIRT LENGTH

WASHINGTON, (AP)—Conservation of cloth at the expense of womanly modesty will not be endorsed by the government, representatives of the National Garment Retailers' association, were told today. Howard Pigg, assistant to the attorney general in charge of the campaign to reduce prices.

The representative of the association told Pigg's inspection three living models dressed in knee length gowns designed as the extreme in womanly modesty. Mr. Pigg declined to indicate what he considered a proper length for skirts, but declared before visiting the extreme styles that skirts should "at least come below the waist."

ISLANDERS PAY MORE FOR RICE

Trouble is Feared in Philippines as Result of Commodity Price Jump

MANILA, P. I., (AP)—The price of rice, chief food of the Filipinos, has been raised by the council of state of the Philippine government approximately one cent a pound, effective June 1, making the price eight cents a pound for first grade Philippine rice. The lower grades were increased in the same proportion.

Since last September the government has fixed the price of rice and until the first of last April, rice cards were used. After that date cards were discontinued, but the retail price of seven cents a pound remained in force. Price fixing by the government will be continued until the first of next December when the new crop will have been harvested, it was announced.

Dealers already have begun to hoard rice, according to the Manila police department, and it is predicted that rice riots will result when the new prices go into effect. The labor congress of the Philippines adopted a resolution protesting against the increased price of rice.

A statement was given out at the office of the governor general regarding the increase in prices. It says: "The present price of rice, although higher than in previous years, is nevertheless, relatively low, if we consider the purchasing power of the people, in view of the fact that the other principal products of the Philippines cost much more than rice, comparatively. Besides, wages also have increased."

"It would be unjust, therefore, to prevent the rice producer from obtaining from his product the benefits which in accordance with the economic laws, he should secure in a free market, when the producers of other articles receive all the advantages of such a market."

STOCKMEN WILL TALK PROBLEMS

Grazing Lands and Other Topics Scheduled for Arizona Conferences

PHOENIX, Ariz., (AP)—Grazing lands and other problems of concern to western stockmen will be discussed at a meeting of the Arizona Cattle Growers' association and the Arizona Wool Growers' association at Flagstaff, Ariz., July 7 and 8.

Secretary of the Interior Payne, Secretary of Agriculture Meredith, and Clay Talman, commissioner of the general land office, have been asked to be present. Invitations have also been sent to forest service officials in Washington and in New Mexico and Arizona.

Three matters closely concerning the sheep and cattle raising industries are to be discussed. The first is a proposal to urge congressional regulation of grazing on the public domain, under which terms is included some 20,000,000 acres of range land. Stockmen argue that owing to inability to secure the leases they are restrained from putting improvements on open range land and that inability to establish an equity of any kind has resulted in friction between owners of herds and depreciation in production of range stock.

Division fences and wells are among improvements which stockmen say would be placed on grazing lands if leases were obtainable.

The second matter is endorsement or other expression concerning legislation for control of the packing industry. An investigating committee appointed at the last meeting of the Arizona Cattle Growers' association at Tucson last February is to report.

Stock grazing in national forest reserves will be the third issue. Expansion of pasture, building of division fences and decreasing of minimum permits will be phases of this issue to be discussed.

Matters for consideration also probably will include the financial condition of the country as it affects loans on sheep and cattle and present market conditions.

Census Bulletins

WASHINGTON, (AP)—Walla Walla, Wash., 16,993; decrease 3981 or 19.9 per cent.

Oklahoma City, Okla., 11,258; increase 27,033 or 42.1 per cent.

State of Delaware, 223,033; increase 20,681 or 10.3 per cent.

COOLIDGE URGES ACCEPTANCE OF WORLD PROBLEM

Declares Conflicts of Past Six Years Strengthen American Determination to Maintain Institutions and Liberties

BURLINGTON, Vt., (AP)—The American people were urged to accept the larger responsibilities of a world of greater economic and political freedom and to employ their moral force in solving the problems of the future in an address by Governor Coolidge of Massachusetts, republican candidate for vice president, at the University of Vermont commencement today.

"The conflicts of the past six years," Governor Coolidge said, "have strengthened the determination of all America's people now a sin the past to resist all aggression and support and defend her political institutions with whatever power may be necessary for their preservation and the maintenance of the larger liberties they bestow upon all her citizens."

Debt Evadon Impossible.
"It is absolutely impossible for the public to evade or shift the burden of meeting the cost of the war and paying the public debt. This is our part of the price of victory. Until this is met, a higher range of credit will be the price of prosperity. There has been and still is in some cases a range of artificially high prices which has not been caused by but has resulted in increasing."

There is but one sure remedy for this and that is an increase of production. "We have been preaching and engaging in a great crusade. Its purpose has been to destroy despotism and preserve freedom. There has been a new birth of freedom. There has been a new expression to the expression of the individual, a new realization of the worth of man. All this has set a new standard of value on human service, because it has given a new value to man."

No Satisfaction in Society.
"To some it has been disappointing, giving them unrest and dissatisfaction. If any expected to find satisfaction merely in an enlarged income, they were disappointed. Satisfaction does not come from achievement or indulgence. It comes from achievement. Greater than the achievement of less responsibility, it means more responsibility. If economically our citizens are to be no longer cheap they must be no longer without responsibilities."

"But if America is to lead, her people must be true to her ideals. "Whether we seek the opportunity to lead in a great advance depends solely on ourselves. We have the resources, the power, the material force. The only question concerns our moral force. What leadership shall we follow? We have come through adversity. Can we bear prosperity?"

MUST GROW MORE TREES.

Timber depletion has not resulted from the use of forests, but from their devastation. There are 469,000,000 acres of forest lands of all classes in the United States, including burned, cut, and over. Of this amount \$1,000,000,000 acres is an unproductive waste. Upon enormous additional areas the growth is so small in amount, of such inferior character that its economic value is negligible. These forest lands will produce the timber required by the country if they are kept at work full time growing trees. But unless timber growth takes the place of devastation from forest fires and destructive methods of cutting, our consumption of lumber must drop to the level of European countries, where wood is an imported luxury. —Secretary Merodith.

To buy the right thing instead of the wrong one may mean to buy satisfaction instead of regret and vexation. Study the ads.

Candidate for Sheriff of Twin Falls County subject to the Democratic primary election.

Social Notes

Mrs. I. B. Perrine entertained at dinner at her country home at the Blue Lake ranch Sunday. A chicken dinner was served on the large porch. The guests were Dr. and Mrs. T. O. Boyd, Louis Boyd, Eugene and children, Mr. and Mrs. E. B. Williams, Mr. and Mrs. W. H. Greenhorn, Dr. and Mrs. F. P. McAttee and family, Mr. and Mrs. Morgan G. Heap and children, and Sidney H. Graves. The afternoon was spent in swimming and walks through the rose gardens.

Local Brevities

Gone to Weiser—Mrs. Glenn Jenkins and children left this morning for Weiser, Idaho, with E. J. Jenkins.

Return to Illinois—Miss Adelaide Husted has returned to her home in Galesburg, Ill., after visit here with her brother, A. W. Husted.

From California—Mrs. J. D. Kauts and daughter, Ethel, and Miss Ruth Beauchamp returned Saturday from San Jose, Cal., where they have been attending college.

Gone to Yellowstone—Mr. and Mrs. Stuart H. Taylor left Sunday afternoon for Yellowstone Park, where they will spend the week. They were met at Pocatello by Mrs. Taylor's parents, who make the trip to the park.

Come to Meet Bishop Tourret—Dr. and Mrs. D. P. Albis of Rock Creek, and Mr. and Mrs. Earl Provost of Castleford were out of town guests at the reception tendered the visiting dignitaries of the Episcopal church Saturday evening.

To Lecture Here—Professor Kelly Miller of Howard university will lecture here July 13 at the Methodist church. He will lecture on "The Negro and the New Day." Professor Miller is the first negro to lecture in Twin Falls. He will speak in Pocatello July 12.

CHURCH ASSURED HIGH CLASS MAN

Bishop Tourret Announces Will Send Best Rector Obtainable to Twin Falls.

That Ascension Episcopal church will before long have an official church head is the assurance given members of the church vestry yesterday afternoon by the Rt. Rev. Frank Hale Tourret, bishop of Idaho. Bishop Tourret gave this promise when he received pledges from individual members of the church assenting to guarantee to full stipendary consideration for the employment of a first class man to fill the local pulpit.

Bishop Tourret, with Archbishop Howard Stoy, reached Twin Falls Saturday afternoon from the east. Yesterday morning was spent at the Sunday school and holding communion service. The bishop preached the morning sermon following baptismal office during the Sunday school hour when 15 persons were received into the fold of the church.

Talk of Salary.
Yesterday afternoon's meeting, although informal, was attended by some of the most prominent representatives of Ascension church. The matter of providing a clergyman for this church, and the problems with which selection is fraught, were amply, openly and frankly discussed. Three of those present pledged \$1,100 per year toward the necessary salary. At the conclusion of the session Bishop Tourret expressed gratification over the sentiment of enthusiasm and gave assurance that a man will be sent to this place as soon as hands can be laid upon the proper person.

This morning the bishop and Archbishop Stoy left for Jerome by automobile. Yesterday evening confirmation services were held in Buhl.

Two weeks hence Archbishop Stoy will hold a rallying service in Buhl, for choir from Ascension going to the west end town to supply music for this occasion.

To Honor Guest

Bishop Tourret was the honor guest on Saturday night at dinner served in the hotel dining room, with members of the vestry and others prominent in the conduct of affairs, seated. Bishop Tourret occupied a seat at one end of the table and Archbishop Howard Stoy at the other.

At this meeting the head of the Episcopal church in Idaho talked informally with the guests, who have a suitable clergyman for Ascension church pulpit. He told of his own efforts to get the right man for the place, and explained he had a number of rectors in mind, any one of whom he believed would eminently fill requirements here. He stated, however, that eastern parishes, since the war, have increased rates of stipend until it now seems almost impossible to move the men of clerical ability from eastern fields.

Following dinner a church reception was held for the guests in Parish hall with the Women's Guild in charge. Bishop Tourret made a short address in which he explained his plans for Ascension church parish, but made it plain that until he had found such a man as he has confidence will succeed here he will not contract to bring a rector to this field.

Personals

Wick, 907, W 1-3 lot 2, block 8, T. F. cemetery.

How Graphite is Mined.
The mining and purification of graphite used in lead pencils is unlike the process of silver-ore. It is generally found mixed with quartz, silica and mica. It is necessary to pulverize the rock with crushing machinery, which is followed by the extraction of the graphite. Before the graphite is mixed with the clay it is strained through very fine silk sieves so that all particles the least bit coarse may be removed.

Sure Signs of Storms.

A sudden and local motion of the air, not otherwise seen but in its whirling up the dust on a dry road to calm weather, in the manner of a waterpot, is a sure sign of a coming storm. When swallows fly low it is a sign of approaching rain. This is accounted for by the fact that before rain insects which are the swallows' food fly very low, and the swallows always fly where their food is.

OUR SUPREME COURT

The growth of Idaho along every line such as agriculture, reclamation, mining, lumber, stock, fruit and other branches of industry since its admission in 1890, has brought such an increase in the volume and importance of litigation coming for final determination before the Supreme Court (and the membership of the court under the constitution being limited to three justices who, notwithstanding their ability and industry, are unable to keep up with such growing volume of questions submitted for their consideration and by reason of which the present congested condition of the Supreme Court calendar, through no fault on the part of the court practically leads to a denial of justice in many cases by reason of the long delay incident to the hearing of cases and appeals, has brought the Gen. state to a point where a large court is unquestionably necessary to meet existing conditions.

By reason of the situation which confronted the last legislature, the question of amending the constitution of Idaho in a manner to increase the number of justices from three to five will be submitted to the voters at the coming election. To avoid the expense and inconvenience of a special election of the two added justices in the event such submitted amendment shall be adopted by the voters, the legislature provided that at the coming election two justices, in addition to a justice to fill the expired term of Justice Morgan, shall be elected. In the event the submitted amendment shall not be adopted, then the number shall remain the same notwithstanding such election.

In view of the foregoing situation and the importance of bringing the Supreme Court calendar up to date within as short a period of time as is consistent with necessary care, the public is very deeply concerned in securing for this important work the best trained legal talent possible. In a practical sense it is best to distribute such justices over the state, but it is important also that at least one justice should be a resident of the capital.

Looking the situation squarely in the face, unselfishly, and in the interest only of the public good, The News would suggest the name of District Judge Charles P. McCarthy of Boise as a candidate for one of the supreme justices. Judge McCarthy has stood the test of judicial responsibility in a district where the test is a strenuous one, and has not been found wanting. Judge McCarthy is eminently qualified for the position. He is an able jurist of ten years' experience, an administrator of the law without fear or favor and a man of the highest personal ideals.

So far as known, Judge McCarthy is not a candidate for this or any other elective position at this time, but that the supreme court of Idaho would be the gainer through the assumption of such position by this man is not likely to be gainsaid, and that the Idaho Bench and Bar as a whole and through them the whole state, would profit by such a move, would seem to be a foregone conclusion.

SLUMP IN PEANUT MARKET

It may or may not have special significance in a presidential year, but, according to department of agriculture statistics, the peanut market, in the face of curtailed crops, is in the throes of a decided slump.

The 1919 crop, according to the figures, was 45,000,000 bushels, dropping in 1919 to 33,000,000 bushels of yield. This is a great opportunity for the paragon.

Growers who were holding for a rising market have been disappointed. In the face of a probable further curtailment in the yield this year, the price paid growers has been steadily dropping since January 1. Says the Washington dispatch:

"The market on cleaned stock has been gradually growing weaker since the first of the year, owing to the severe winter months and the heavy importations of oriental nuts. This situation has in turn exerted a bearish influence on the farmers' market with the result that it gradually weakened from the middle to the end of February, when a range of 8 1/2 to 9 1/2 cents a pound was reached. The prices prevailed until the end of March, at which time the market was apparently considerably stronger, although the feeling on the part of the trade has not been reflected to any marked extent in the price being paid for farmers' stock."

THE RAINMAKER AGAIN

A decade or two ago we heard frequently about efforts to induce rainfall on the part of individuals who said they knew how to encourage Jupiter Pluvius to do his work, but of recent years the job of the rainmaker has fallen into innocuous desuetude. The reasonable presumption was that the rainmaker was a failure in this age of efficiency.

But it seems there is another chance for this individual. In the state of Washington just now there is dire need of rain, and it appears the farmers are willing to pay generously for a supply of moisture from the clouds. Agriculturists of Grant county, according to a Spokane banker, have deposited \$5,000 in his institution, with an agreement with a professional rainmaker that if his machinations bring down the needed irrigation he shall have the money. Another community has raised \$1,000 for the same purpose.

Nothing is said of what shall happen to the rainmaker if he fails to deliver the goods, but it would only be fair if he were penalized for failure, after raising such high hopes.

PEOPLE OF JEROME WANT DEPOT NEARER

Business Men Complain That O. S. L. Station is Too Far from Commercial Field

JEROME, Idaho, (Special).—Petition has been filed with the public utility commission of Idaho, by Jerome business men, urging an investigation of need of a downtown depot and loop from the present main line to the business district.

The O. S. L. depot, as at present located, is one mile and a quarter from the center of the commercial section. When the depot was established Jerome business men were required to donate a tract of nine acres of choice land to the railroad company in order to get station service.

OASIS COMPANY DRILLS IN RAFT RIVER SECTOR

Outfit is Set to Pierce Sands for Oil—Optimistic Note is Sounded

BURLEY, Idaho, (Special).—The Oasis Oil company has purchased a complete new drilling outfit and has established the drill in the Raft River district. In this section, prospects of a strike are said to have been heightened by developments in the Goose Creek field about Oakley. This is about ten miles from the Raft River area. Officials of the Oasis Oil company express confidence that oil sand will be reached at a depth not greater than 2000 feet. Development of the Raft river section is proceeding rapidly.

You can make your buying problems "come out right" if you study the ads.

RAILROAD AIDS CITY TO SOLVE WATER PROBLEM

Burley to Get Supply to Augment Present System from Corporation Well

BURLEY, Idaho, (Special).—For the immediate present Burley's water supply troubles are at an end. Augmenting the regular municipal supply water is to be taken from the O. S. L. Railroad company well at the station. The solution of the problem, however, is only temporary and sooner or later the municipality will have to face the issue of furnishing an adequate supply of water for fire protection and domestic use.

Recourse to the railroad well was granted by the officials of the line acquiescing to a request made by the city administration. The well at the station is 30 feet deep, 12 feet in diameter and is equipped with a high pressure pump.

The city council now has under consideration a plan to drill a deep well. It is estimated that to sink such a well, equip it with a pumping device and connect with the present system will cost \$20,000. Bonds may be voted for this purpose.

BURLEY BIG SHIPPER OF POTATOES IN 1919

Cassia County Center Holds Second Place in Spud Movement of the State

BURLEY, Idaho, (Special).—Burley has the distinction of being the second largest potato shipping point in Idaho.

Last year 1050 carloads of spuds were shipped from this point, each car averaging 35,000 pounds. The Twin Falls South Side irrigation project this year has 5500 acres planted to potatoes, a greater acreage than last year.

Prospects are much more favorable for a full crop than at this time in 1919. Water is abundant this year. It was 50 per cent short last year.

You will find the ads of your favorite store always interesting—which is one of the reasons why it is your favorite store.

MINIDOKA AREA CROPS PROMISE HEAVY RETURNS

Authorities Look for Immense Yield All Over District—Car Shortage Menace

Crop conditions on the Minidoka project, according to crop authorities, are at least 30 per cent better than ever before at this season of the year. Almost perfect stands of wheat, sugar beets, potatoes and similar crops have been obtained by the big majority of farmers on the project.

Weather conditions, generally speaking, have been favorable. While the acreage of alfalfa is slightly less than in 1919-20, the first crop is ready for the scythe. This promises to be heavier per acre and will, doubtless, equal in total yield crops of other years.

The question of water for late irrigation is disposed of in the abundance of supply stored in the Jackson lake reservoir. Neither is the shortage problem as serious as in other years. Farm help is plentiful and of better quality.

Probably the purchase you have planned to make "soon" ought to be made now. Get light from the ads.

Thor Electric Washer JULY ONLY

It Lasts a Lifetime

THOR

The Greatest Electric Washing Machine Ever Made

Now you can have a Thor! Now you can be forever free of the dread of wash day. No more weekly bills for washing that are such a big item in many households.

We have made it easy for you to have a Thor. Right now—July 1st—you can have this neat cabinet washer, that works so inexpensively and so easily, in YOUR HOME.

A Thor Does ALL The Work

Heavy blankets, curtains or rugs may be washed in a Thor. Put them in, start the machine by pressing a button and they are made fresh and clean by an ideal method of washing.

The most delicate fabric may also be washed in a Thor. The smooth, steady revolving and reversing cylinder lifts the clothes and gently drops them into the hot suds which carries away all the dirt. The clothes are constantly in motion. There is no rubbing. Rapid wear is avoided. Time and work are saved. The wringing is done by power, too.

Ask Your Husband To Give His Opinion On The Mechanical Features Of A Thor Electric Washing Machine

SPECIAL PRICES—SPECIAL TERMS

Thor (with swinging wringer) \$160—\$10 Down—\$15 a Month

Figure what your washing cost now. A Thor will save money for you years after years for it lasts a life time.

BALL SLUGGERS
SET HARD PACE
IN MAJOR LOOPBabe Ruth and George Sisler on
Fair Road to Set New Bat-
ting Marks

CHICAGO, (AP)—Babe Ruth, the New York slugger, today had 50 games in which to wallop out eight home runs to shatter the record of 29 established by himself last season when a member of the Boston Americans.

In his remarkable drive toward a new world's record, Ruth crashed out his twentieth homer Wednesday and hit two yesterday.

George Sisler, the St. Louis star who led the American league at the end of Wednesday's games, boosted his average to .416—eight points within a week. This Speaker of Cleveland managed to cling to second place with .384. Speaker tops the league in scoring, having counted 57 runs in 48 games. Ruth has crossed the plate 55 times in 54 games.

Rice of Washington is running away with honors in base stealing. He has stolen 25, while Bobby Roth, his teammate, is next in line with 19. Sisler is third with 15.

Other leading hitters: Johnson, Cleveland, .362; Milan, Washington, .359; Weaver, Chicago, .352; Felsch, Chicago, .343; Jacobson, St. Louis, .341; Judge, Washington, .339; Dick, Washington, .339; Hendrix, Boston, .338.

St. Louis which has been clamoring for baseball honors for years is finding solace in the batting performances of Sisler and Roger Hornsby. Hornsby is in no immediate danger of being ousted from the batting leadership of the National league the average of which Wednesday's game, giving him .361. Nicholson of Pittsburgh is trailing him in second place with .350. Roush of Cincinnati is third with .347.

Hornsby and Robertson of Chicago are giving Cy Williams of Philadelphia a close race for home run honors. Williams has belted out seven, while the St. Louis star and Robertson have made six each.

Max Carey of Pittsburgh is setting the pace for the busy fielders, having a total of 10. Roush of Cincinnati and Hellecher of Chicago are next with 14 each.

Other leading hitters:
Robertson, Chicago, .336; Darnett, Cincinnati, .333; Duncan, Cincinnati, .333; Kelly, New York, .317; Myers, Brooklyn, .317; Young, New York, .316; Groh, Cincinnati, .312.

LEVINSON GETS DEFECTION
CLEVELAND, O., (AP)—Battling Le-
vinson of Philadelphia, won a news-
paper decision over Sergeant Ray Smith
of New York, in a ten round bout Sat-
urday, the feature event of a box-
ing show for the Cleveland Olympic
games fund. The man is light heavy-
weights. Bill Brennan of Chicago
knocked out Ole Anderson of New
York in the eighth round of a scheduled
ten-round contest. The men are heavy-
weights.
HARVARD WINS SERIES
BOSTON, (AP)—Harvard's baseball
nine Saturday completed the athletic
seasons begun with the victory of
the Crimson crew by winning
from Yale 6 to 3 in the deciding game
of the series. Each had won a game
previously, making the play off neces-
sary.
WHAT NEW CRIME IS THIS?
PRESHNO CAL., (AP)—A. B. Montgom-
ery of Fresno has announced he had
matched Jack Johnson, former heavy
weight champion, to box 20 rounds at
Tijuana, Lower California, on the af-
ternoon of July 4 with Al Norton.
SHAME ON 'EM
CINCINNATI, O., (AP)—Admitting
that they threw up bottles at Umpire
William Klem during the Cincinnati
St. Louis National league baseball game
here Saturday, Joachim Renszgehausen
and Fred Reese, two fans, were fined
\$25 and costs each this morning.

Over Golden Rule Store"TUB" RESOLUTE
NAMED DEFENDER
OF YACHT HONORHerschhoff Racing Craft Wins
Right to Meet Shamrock IV
Next MonthNEWPORT, R. I., (AP)—The selection
of the ship Resolute to defend the
America's cup against the Shamrock
IV, has been announced by O. Oliver
Johlin, member of the committee on cup
defense of the New York Yacht club. It
was also announced that the first race
would be sailed off Sandy Hook on
July 15.
The decision was reached after the
committee had witnessed the last trial
race between Resolute and Vanitie in
their elimination series here today,
which was called off about 20 minutes
after yachts had passed the outer mark
with Vanitie a half mile in the lead.
Today's race was in a very light breeze
and was not started until late in the
afternoon. The course was a beat under
the lightest of airs. The time was Van-
itie start 3:47; outer mark 5:47.
Resolute start 3:47; outer mark 5:47.
The Resolute will be towed to Bristol
at once for a complete overhauling,
including the fitting of three new sets
of sails and small spars.
The cup defender was built in 1914
by a syndicate composed of J. P. Mor-
gan, Cornelius Vanderbilt, Arthur Wal-
lis James, George F. Baker, Henry Wal-
ters and several other prominent mem-
bers of the New York Yacht club. Two
other boats were fitted out at the same
time, the Vanitie by a syndicate of
Boston, New York and Philadelphia
yachtmen. The Defender was with-
drawn only in the season of 1914.

Brief Bits of Sport

Umpires seem to be in a bad way in
both American and National leagues.
Late last season the American league
was fined and suspended a bunch
of players for treating an umpire rough.
Last Saturday Pitcher Luque of the
Reds sprinkled Umpire Klem with a
peppering of punches about the face.
According to Luque and his catcher,
Allen, Klem's language was more of
an insult than an occasion to speak
to Pitcher Luque.
The St. Paul and Minneapolis clubs
and holding honors by 234 points over
a race for first place.
But it isn't much of a race with St.
Louis which has crossed the plate 55
times in 54 games.
Thought you didn't; but he has, just
the same.
Sim Smiley, agebush agent, says:
"Effon your watch don't run; it may
be sufficient 'f'm tick forever; might
try winnin' it."
As an added attraction (1) promoters
of the McKay-O'Dowd battle in Pon-
tiac, Mich., will have a name for the
to have Dempsey appear at the ring.
The Louisville team has a pitcher
named Totom, with a name like that
he should be seven feet tall at least.
In connection with this here pre-
dicting there's some talk of prosecut-
ing somebody, sometime, someplace,
mobba.
Tony Melchior, Chicago rock heavy-
weight fighter, was beaten Saturday
night by Gusman Smith in East Chi-
cago, Ind. The bout went ten rounds
with Smith out on heavy and through-
out.
The Yankees have acquired a pitcher
named Russell Collins who seems to be
the real material all wool and three
feet in breadth. The youngster held the
Red Sox to a lone hit Saturday, while
his teammates were gathering 18 blows
off Joe Bullitt, Bush and Tim Karr.
George Sisler is leading slugger in
the American league with a mark of
.416 to his credit.

COPPER SECTIONField Parties from State Mines
Bureau Will Have Parties
Out This SummerUNIVERSITY OF IDAHO, Moscow,
(Special)—Field parties from the state
bureau of mines and geology will be
at work in many parts of the state
this summer, according to a statement
issued by Francis A. Thomson, dean
of the university school of mines and
executive of the state bureau.
In Washington county, Prof. D. C.
Livingston and party are engaged in
a geological survey of the Heath cop-
per district, which has been attracting
considerable attention recently.
In the Snake River canyon, H. W.
Berry of the U. S. Geological survey
is completing the topographic map of
the Seven Devils area begun last year.
In the Payette-Wishner area, Dr. J.
P. Hurvill and assistants will shortly
be engaged in the study of stratigra-
phy of the Tertiary lake beds of west-
ern Idaho, with particular reference to
the geologic structure of the last two years
to the mining practice of the Coeur
d'Alene mines.
In Bonner county, assistance will be
given to the Idaho geological survey
of miners staff in carrying on co-op-
erative investigations in connection with
the application of the metallurgical in-
vestigations of the last two years to
the mining practice of the Coeur
d'Alene mines.
In Ouster and Blaine counties, an ex-
amination will be made of the ore de-
posits and metallurgical problems of
the Barstow and adjacent areas.
In Bonner county, assistance will be
given to the Idaho geological survey
of miners staff in carrying on co-op-
erative investigations in connection with
the application of the metallurgical in-
vestigations of the last two years to
the mining practice of the Coeur
d'Alene mines.
In Ouster and Blaine counties, an ex-
amination will be made of the ore de-
posits and metallurgical problems of
the Barstow and adjacent areas.
In Bonner county, assistance will be
given to the Idaho geological survey
of miners staff in carrying on co-op-
erative investigations in connection with
the application of the metallurgical in-
vestigations of the last two years to
the mining practice of the Coeur
d'Alene mines.

tly understood or appreciated by
one who would fail to keep in touch
with the little ads.
NOTICE OF SEBASTIAN'S SALE OF
REAL ESTATE UNDER EX-
ECUTION
The Bank of Commerce, a corporation,
Plaintiff,
vs.
G. E. Talbott,
Defendant.
By virtue of an execution issued out
of the District Court of the Fourth Ju-
dicial District of the State of Idaho, in
and for the County of Twin Falls, where-
in the Bank of Commerce, a corporation,
plaintiff, recovered judgment in the
Probate Court against G. E. Talbott,
defendant, on the 19th day of March,
1920, for the sum of One Hundred
Fifty and 47/100 Dollars (\$150.47)
together with interest thereon at the
rate of 7 per cent per annum from the
10th day of March, 1920, I have this day

and amended plat of Buhl Township,
now the City of Buhl, as the same is of
record in the office of the County Re-
corder of Twin Falls County, State of
Idaho.
Public notice is hereby given that I
will on the 7th day of July, 1920, at the
hour of 2 o'clock in the afternoon of
said day, in front of the Court House
of the County of Twin Falls, state of
Idaho, sell at public auction to the highest bidder
cash, lawful money of the United States,
all the right, title, claim and interest of
the above defendant G. E. Talbott, of,
in and to the above described real es-
tate to satisfy the plaintiff's judgment
with all costs that have or may here-
after accrue under my hand this 12th day
of June, 1920.

SPIRITED FIGHT IN PROSPECT IN G. O. P. PRIMARY

Popular Estimate Gives County
Division Leading Part in the
Sweeley-Seaver Contest for
State Senate

A contest in the Republican primary election August 3, which promises to be spirited because of the bearing it is commonly accepted as having on the county division issue became a certainty Saturday when a short time after former Senator M. J. Sweeley of Twin Falls, filed his certificate of nomination for state senator, Senator Joseph H. Seaver of Twin Falls, made formal announcement of his candidacy for reelection.

Stands on Expediency
Mr. Sweeley is understood to base his candidacy on a platform that makes no reference to the county division issue, but is credited with the statement that division of the county would make for representation in the state legislature of the territory included in the county boundaries as they stand by two delegations both seeking the post interests of their respective constituents and of the state, instead of by a single delegation whose chief business is to maintain watch over the county division issue.

Senator Seaver, who at that time was a resident of Castleford within the boundaries of the proposed new county, has elected to use his influence to defeat county division.

Another contest in the republican primary developments was noted when R. F. Redman, deputy sheriff, filed his certificate of nomination for sheriff. E. R. Sherman of Buhl, deputy sheriff in the west end, also filed his certificate for the republican nomination for sheriff some days past.

Frank L. Stephan, prosecuting attorney, today entered the lists for reelection on the republican ticket.

Two other aspirants for place on the Republican county ticket filed their certificates of nomination Saturday. They were Mrs. Emma Longley Warren, candidate for reelection as county treasurer, and Miss Edith Mary Wolfe, candidate for reelection as county superintendent of public instruction.

Tom Berrington's nomination for sheriff, subject to the Democratic primary election, also was placed on file.

Predict Committee Men File
Consequent upon a meeting Saturday afternoon of the republican county central committee the nominations of 11 precinct committeemen were placed on file, as follows: Wilbur S. Hill, Twin Falls 1; H. C. VanAusdela, Twin Falls 3; H. G. Dietrich, Twin Falls 8; B. J. Hornbrook, Twin Falls 7; E. V. Jackson, Twin Falls 2; B. J. Blount, Buhl, Twin Falls 5; W. R. Green, Buhl 1; J. O. Eastman, Buhl 2; C. R. Ulrich, Deep Creek; John H. Blum, Mena; Carl S. Miller, Castleford, Castleford.

S. L. Hodgins chairman of the county committee, filed his nomination for delegate to the republican county convention.

Brides of June are Many; Break Permits Record

Month Sees 35 Licenses Issued
Thus Far—Last Year 30
Days' Mark was 25

June, 1920, will be remembered in courthouse annals as the month when the record for the number of marriage licenses issued in a single month was broken. Thus far, with two days still to operate, the record is 35 permits issued. Last June, in itself a mark maker, only 23 licenses were written.

On Saturday five permits were granted. They are: Eugene B. Wilkerson, aged 37, of Twin Falls and Mabel A. Gormley, 36, of Omaha; Julia Popson, 27, and Lila Bell Grant, 27, both of Filer; Willard D. Craig, 26, and Lorena A. Gates, 19, both of Twin Falls; Winfield Stearns, 24, of Twin Falls and Mary Meyers, 20, of Rupert.

CIDER KNOCKED OUT MEXICAN; PAYS FINE

Home-Made Liquor Hits Imbibers
An Awful Kick—Wakes
to Jail Surroundings

A Mexican, whose name has to appear in court records as John Doe, because no one has yet appeared who can decipher the ciphers of the defendant wrote on the docket his set apart for the signature was served in the police court this morning on charge of drunkenness. He admitted the charge must be correct, and he paid a fine of \$10.

Doe was gathered in late Saturday night while enjoying deep slumber in an alley back of a Mexican lodging house on the south side. He did not awaken until 11 o'clock yesterday morning. Then he murmured "Where am I, or where is Mexican language to that effect."

The prisoner this morning stated he, with several other convivial spirits gathered in the Mexican rooming house, had been drinking beer and wine all night. He says he drank two glasses of cider. He knew nothing further until he awoke behind the bars of a cell in the county jail.

MUST CONTINUE PEST'S COMBAT

Horticulturists Warned to Carry
on Fight Against the
Coddling Moth

Urging the necessity for repeated applications of lead arsenate spray, in maintenance of warfare against the coddling moth in orchards of this district, a representative of a fruit house here today said, "Some fruit here has been injured by frost, but orchardists are given their trees thorough spraying with arsenate of lead for the coddling moth. If the amount of fruit it will pay the orchardist to protect it, because even a smaller crop of well developed fruit will yield a profit while a wormy fruit cannot be sold at any price."

"Most orchardists of this district have applied the calix spray, thus defeating the coddling moth in the first attack; but these attacks are repeated from time to time and it is necessary now to apply the spray again if the fruit is to be protected. Some orchardists in the canyon already have sprayed three times this year."

A fair crop of apples and peaches in this district is protected by this fruit man while, he declares, the crop of sweet cherries promises to be the heaviest in the history of the district.

LAD ACCORDED ANOTHER CHANCE TO MAKE GOOD

Buhl Boy Must Report to Juvenile Authorities Monthly while in Mother's Care

Elvy Van Gorden, 14 years of age of Buhl, was arraigned in the probate court this morning on charge of misdemeanor and incorrigible conduct. Complaint was made against the boy by Buhl residents Friday, and he was brought to Twin Falls for an investigation of his conduct. The case was considered sufficiently serious to warrant assignment to the state home, but it was decided to parole the lad to the custody of the juvenile officer, Young Van Gorden has been sent to his mother, who needs help in maintaining the family. He is to report to John R. Ault each month.

RATE HEARING FINISHED

Final arguments in the electricity rate hearing were submitted by the consumers' committee Saturday. Everett M. Sweeley, member of the state public utilities board, heard an testimony. The matter was submitted without debate and will be considered by the commission as a body for final action. Testimony was given by representatives of citizens of Buhl, Shoshone and Twin Falls.

DIVORCE GRANTED

A decree in divorce was this morning granted by Judge W. A. Babcock in favor of Minnie Van Gorden from Fred Van Gorden. They are residents of Buhl. Mrs. Van Gorden was given custody of three minor children.

WELSH GIRLS SING IN PLEASING MANNER

Two Concerts Sunday Satisfy
Audiences—Uplift Lecture
Heard—"Kindling" Today

Two especially pleasing concerts were given in the Chautauqua tent Sunday afternoon and evening. The performing company was the Royal Welsh Lullaby Singers. Their offering ranks with the best of this sort of entertainment ever given here, every selection finding hearty response from the audiences.

In the evening Judge George D. Alden gave a lecture on "The Needs of the Hour." This address was bound-up thought of a higher nature, all bearing upon requirements for the safety and up-building of the nation and world.

Tonight, after an afternoon of rest, the Maurice Browne Players will offer "Kindling," one of the greatest of latter-day dramatic successes.

SUES ON NOTE

Action has been initiated in the district court by the Twin Falls North Side Investment company against Edwin C. Thompson, his wife and others to obtain judgment for \$5,000 with costs and various disbursements. The action is based on a promissory note. W. D. Reynolds, Paul S. Haddock and E. A. Walters are the filing counsel.

BASKETBALL TRAVESTY

Yesterday afternoon on Roundup lot a bunch of players representing Twin Falls walloped another bunch of players said to represent Paul, 18 to 4. Twin Falls did all the hitting, while both sides accumulated numerous errors. Oliver pitched for Twin Falls, and about everybody on the Paul team pitched for the visitors. There was a fair crowd to witness the travesty. The game was so badly played it proved excellent burlesque and was entertaining on that account.

Candidate for re-election as county superintendent of public instruction on the Republican ticket subject to the primaries.

GEM

Norma Talmadge has troubles of her own in "She Loves and Lies," an adaptation of Wilkie Collins' famous novel, which opened at the Gem theatre today. Not only is she called upon to assume the roles of a young actress, a frequent of Greenwich Village, New York's famous Bohemian quarter, and an old lady of fifty-two, but she must play the latter part so well that she can land a husband of about half her age—and she gets away with it.

"She Loves and Lies" is one of those plays that interests at the start, grows in suspense and ends with a climax that contains a surprise. Miss Talmadge has the best opportunity of her career for comedy work, and shows that she is talented in this line as well as emotional roles.

Foretells Rain for This Area Next 24 Hours

APPARENTLY the weather man has not yet learned that his prognostications for this district get no place. That is except as he prophesies fair-weather. He predicts showers and thunderstorms for tomorrow. We shall see what we shall see.

A difference of 10 degrees was noted in yesterday's high temperature as against that of Saturday. On the latter day top of the day was 72. There was a decided difference in the nocturnal temperatures, too, but not as much as in the day time. Saturday night the mercury reached 42 for low while last night it was 60.

WILKINSON-GORMLEY

In the paragon of the Methodist church Saturday noon, the Rev. A. G. Bennett officiating, Eugene B. Wilkinson of Barger, was married to Mabel A. Gormley of Omaha. The double ring ceremony was observed. The groom is a Barger country rancher, and his bride a school teacher, of Omaha. The couple was attended by Mr. and Mrs. D. M. Konkel of Filer. Mrs. Konkel is a sister of the bride.

CRAIG-GATES

At the home of the bride's parents, Mr. and Mrs. Claude M. Gates, 711 Second avenue north, on Saturday evening the marriage ceremony for Miss Lorena A. Gates and Willard D. Craig was solemnized. The Rt. Rev. Frank Hale Turrent, bishop of the Idaho diocese of the Episcopal church, performed the ceremony. The young couple will reside in Twin Falls.

ALLEN-ALLEN

Daniel Allen and Esan M. Allen, both graduates of Filer, were united in marriage at the Methodist church Sunday afternoon. The Rev. A. G. Bennett officiated. The groom is a civil engineer. They will live in Twin Falls.
