POLES ALARMED OVER ADVANCES OF BOLSHEVIKI

Transfer of Control of Government to National Council of Defense Considered at Conference in Warsaw

WARSAW, (AP)—Control of the Polish government may be placed in the hands of a national council of defense under the terms of proposals considered by a council of war and extraordinary session of the diet Thursday night. Extreme measures are deemed necessary to meet the critical situation caused by the Bolshevik advance in Ukraine.

It is proposed that immediately military action be taken to check the Bolshevik.

During the meeting, Father Okono, a peasant member, offered a resolution providing for immediate peace negotiations.

The perturbation in Polish and allied quarters over the military situation of Poland, as shown in the dispatches from Warsaw and Brussels seems easily warranted by the reports of the progress the Bolshevik have made in the past fortnight against the Polish and Ukrainian armies. While the Polish front seems to have held fairly well in the north, along the Berezina, it has been pushed well back in Poland, to the west of Kiev, while further south the Bolshevik force appears to be carrying out a turning movement on a large scale and threatening the rear of the northern line.

It was seen reported through newspaper dispatches to London last night that the Bolshevik had captured Lemberg, in Galicia.

ONE THOUSAND TEACHERS TAKE UP WORK IN MANILA

MANILA, P. I. (AP)—One thousand teachers employed by the board of education will take up their work in the public schools of Manila when they open in June after a vacation of more than two months.

It is estimated by the board that the enrollment of pupils this year will be 40,000 which is an increase of more than 5000 over last year.

Out of the total number of teachers, about one-fourth are Americans, the remainder being Filipino men and women who have, in nearly all cases, received their education in the Philippine Normal school.

GENERAL WM. L. MARSHALL DIES IN ARMY HOSPITAL

WASHINGTON, (AP)—Brigadier General William L. Marshall, retired, discoverer of the Marshall pass across the Rocky mountains and constructor of Ambrose channel in New York harbor, died at an army hospital here last night after a short illness.

ELES BEGIN ARRIVING FOR CONVENTION IN CHICAGO

CHICAGO, (AP)—The Elks began arriving today for the national convention which officially commences Monday. Fred C. Robinson, Dubuque, Ia., grand secretary, expects about 200,000 members out of the 700,000 in the country to be here tonight with the 2000 delegates he said today.

BORAH AND DAVIS HERE

Word was received into this afternoon at the offices of the chamber of commerce that Governor D. W. Davis and Senator W. E. Borah would be in Twin Falls this evening for a short social and business call. It is understood they will drive over from Boise.

RESULTS OF THE BALLOTING AND ITS EFFECT ON DEMOCRATIC CANDIDATES

Dry Leader Promises Presidency to Bryan

LOS ANGELES, (AP)—A telegram thanking him for his "magnificent effort in behalf of righteousness" at the democratic national convention, and promising him election to the presidency on the prohibition ticket if he would accept the nomination, was sent from Los Angeles today to William J. Bryan by Charles J. Hall, secretary and manager of the bone-dry federation.

Democratic Platform Condemned by Gompers

SAN FRANCISCO, (AP)—The democratic platform is no more acceptable to labor than the republican platform, Samuel Gompers, president of the American Federation of Labor, declared in an address to the Labor temple here last night.

OBNOXIOUS GERMAN BOAT PATROLS OFF DUNGENESS

Persists in Unwelcome Operations Despite Publicity in Press and Parliament

LONDON, (AP)—In spite of the publicity given to her, a German press and parliament the obnoxious German pilot cutter continues to patrol and tout off Dungeness, and there seems to be no way of getting rid of her, says the Evening News.

"The pilotage fees quoted are high in marks, but very low in real money, the paper adds. The result is that practically all the neutral and American ships bound for the continent take a pilot from her instead of from the British Trinity cutter which patrols along side her. Many of the American skippers who were at sea during the German submarine campaign are very outspoken on the subject, but they have their direct orders.

But in blaming others for having done this, they do not seem to mention that certain British companies are also ordering their masters to patronize her on the score of economy, with the result that practically the whole of the submarine campaign are very outspoken on the subject, but they have their direct orders.

Idaho Delegation Casts Solid Vote

Voting its eight votes as a unit without a break the Idaho delegation at the democratic national convention in San Francisco has voted ten times consecutively for McAdoo for the presidential nomination. In the same manner it voted last night for Bryan's bone-dry plank, against Cockran's wet plank and against proposed plank for recognition of the Irish republic.

KNIGHTS OF COLUMBUS IN CONVENTION AT CHICAGO

CHICAGO, (AP)—The first national Knights of Columbus educational convention began here today to continue in session tomorrow and Monday. Plans for the K. of C. free night schools for former soldiers, sailors and marines were discussed.

CLEARING HOUSE CONDITIONS

NEW YORK, (AP)—The actual condition of clearing house banks and trust companies for the week shows that they hold \$35,425,650 reserve in excess of legal requirements. This is an increase of \$25,368,370 from last week.

POLES' PLIGHT STIRS ALLES TO DISCUSS POLICY

Marshal Foch and Head of the British General Staff Called in Consultation by Conference at Brussels

BRUSSELS, (AP)—The allied conference in session here, which has received alarming news regarding the progress of the Russian Bolshevik in their offensive against Poland, will consider the military situation of the new republic, it was learned here today.

Marshal Foch, the allied commander-in-chief, and Field Marshal Wilson, head of the British general staff, have been consulted by the conference on this subject.

Divides German Indemnity

An agreement has virtually been reached by the allied premiers in conference here with regard to the division of German reparations on the basis of 52 per cent to France, 22 per cent to Great Britain, 10 per cent to Italy, eight per cent to Belgium and five per cent to Serbia, it was stated here today. The remaining three per cent will be divided among the other allies, including Rumania, Portugal and Japan. Italy also will receive certain economic and financial advantages.

This tentative settlement was declared to have been arrived at in a conference of the French, British, Italian and Belgian delegates. The German delegation to the Spa conference would cross the frontier at 1 o'clock Sunday after reaching Spa at 5 p. m.

Italy Asks 20 Per Cent

Italian delegates to the allied conference here are understood to be standing firmly for the payment to their country of 20 per cent of the indemnity to be paid by Germany. Belgium has also been understood to be standing firmly for the payment to their country of 20 per cent of the indemnity to be paid by Germany.

DELABRES ALLIES WILL DEMAND THREE BILLION MARKS IN GOLD

PARIS, (AP)—The Matin in discussing the Brussels conference of the allied council declares the allies still adhere to the plan adopted at the London conference by which Germany would be called upon to pay three billion marks in gold and annuities to be determined later. Under this plan Germany would receive immediate aid for not, the various delegations will leave for Spa tomorrow morning, it being held that any disagreement is but a question of details and one in which Germany is not concerned.

Wilson Sleeps Soundly While Convention Ballots

WASHINGTON, D. C. (AP)—President Wilson slept soundly last night, while the democratic national convention in San Francisco adopted the party platform and took two ballots on candidates.

Early in the evening he read reports from the convention as transmitted to the White House by the Associated Press but shortly before 10 p. m. Dr. Grayson, his physician, announced that no additional reports were desired as the president had decided to retire. At this time the platform had not been formally adopted and no ballots on candidates had been taken.

PARIS WILL DECORATE FREIGHT TIEUP BETTERS

French Government Directs Display of American Colors on July 4th

PARIS, (AP)—Instructions have been given by the French government for the decoration of the principal public monuments throughout Paris with the French and American colors on July fourth and the minister of public instruction has asked the authorities of French universities to hold exercises that day, emphasizing the role played by France in the American war of independence.

REGISTERS MEMORIAL TREES

Lodi, Cal., (AP)—Mrs. May Crocker of the Lodi Women's club announced today that the American Forestry association has registered the memorial trees planted by the club on its national honor roll. The trees have been planted on the highway near here as the first unit in a Road of Remembrance.

M'ADOO'S NAME SEEMS TO BE IN ASCENDANCY AS DELEGATES GATHER

First Two Ballots Taken Before Adjournment Last Night Give No Candidate More Than About One-Third of Requisite Two-Thirds Votes to Nominate; Platform Comes Unscathed and without Amendment Through Furious Floor Fight

McAdoo, Palmer and Cox Leaders

SAN FRANCISCO, (AP)—Balloting for a presidential candidate was resumed when the democratic national convention met today.

The ballots were taken before adjournment last night without any candidate receiving more than about one-third of the requisite two-thirds votes to nominate, but as the delegates assembled for the second ballot today, the final session of the convention predictions were made that a nomination would come without a protracted struggle.

Meets Sunborn Opposition

Just as Harding's name filled the air as the probable republican nominee, three weeks ago this morning, on this final day of the republican convention, so Wm. G. McAdoo's appeared to be in the ascendancy as a democratic name today with this difference, that the Ohio candidate had been agreed upon by the elements in control of the situation at Chicago while the New York man's supporters here had still to fight a stubborn opposition with no definite assurance of success.

Friends of Attorney-General Palmer and supporters of Governor Cox entered into careful account the reported strength of McAdoo, but expressed no fear that he could win the nomination in the face of the strong opposition of the party leaders. The Palmer and Cox men as they entered the convention would concede nothing, but claimed they would pick up many delegates from the scattered candidates who "are expected" to fight a stubborn opposition with no definite assurance of success.

WILSON CONGRATULATES PARTY ON LEAGUE PLANK

Expresses Confidence that Declaration Will Insure Democratic Victories "Until Traditions of Republic are Vindicated"

Wilson Sleeps Soundly While Convention Ballots

WASHINGTON, D. C. (AP)—President Wilson slept soundly last night, while the democratic national convention in San Francisco adopted the party platform and took two ballots on candidates.

Early in the evening he read reports from the convention as transmitted to the White House by the Associated Press but shortly before 10 p. m. Dr. Grayson, his physician, announced that no additional reports were desired as the president had decided to retire. At this time the platform had not been formally adopted and no ballots on candidates had been taken.

McAdoo Sleeps Long Past Hour He Usually Rises

HUNTINGTON, N. Y. (AP)—William Gibson McAdoo, 28, who has not yet been named for the party, announced his intention of spending the day at his home here.

Mr. McAdoo manifested little interest in what the San Francisco convention had done during the night, learning the results of the two first ballots from the morning papers. He had returned to his home in the morning and had taken his breakfast before the first vote was announced.

McAdoo, Palmer and Cox Leaders

McAdoo, Palmer, and Cox were the leaders in the two ballots taken last night. On the first, McAdoo had 966 votes; Palmer 256 and Cox 134. Governor Smith of New York had 100 of which his own state gave him its full quota of minority votes. On the second ballot McAdoo received 289; Palmer 264 and Cox 159. Smith's vote dropped to 101. Reports that New York would throw its most, if not all, its strength to McAdoo were heard early today. Leaders in the empire state delegation, however, would not discuss this except to say they would stick to their governor until further notice.

Prevents Platform Alteration

The convention last night in quick and successive votes voted down by heavy majorities all attempts to amend the platform as reported by the platform committee and threw out all substitute proposals.

The democratic platform as framed in the resolutions committee, declaring for the peace treaty, expressing sympathy for the cause of the prohibitionists, prohibition, came unscathed through a furious floor fight yesterday and was adopted without amendment in a great assembly of applause.

Nothing to include in its platform any reference to the prohibition issue, the convention rejected both the bone-dry plank favored by W. J. Bryan; and the other wine and beer plank presented by the New York delegation. The vote was 155 1-2 ayes, 929 1-3 noes.

The plank offered by Bourke Cockran was defeated, the vote being 728 1-2 ayes, 1,000 1-2 noes. The Irish plank was defeated, the vote being 675 1-2 against and 402 1-2 in its favor.

McAdoo Slide Delayed

McAdoo led the gains on the first ballot but the slide to the republican side to him failed to materialize. Most of the original votes stood fast. The unofficial total for the three leaders was: McAdoo, 323 1-2; Cox, 177; Palmer, 256 1-2.

Unofficial McAdoo gain was 34 1-2; Cox gain 18 and Palmer showed loss of 11 1-2.

North Carolina furnished the first break to McAdoo, the delegates swinging from Governor Simmons. The change was expected.

The third ballot as officially announced was: Vote cast, 1084; necessary to elect, 722.

McAdoo, 323 1-2; Cox, 177; Palmer, 251 1-2; Gerard, 11; Cummings, 26; Owen, 28; Hitchcock, 16; Meredith, 28; Smith, 28; Edwards, 32 1-2; Davis, 33 1-2; Clark, 17; Harrison, 16; Marshall, 28; Clark, 7; Bryan, 1; Daniels, 1.

Leaders Make Small Gains

The fourth ballot in the democratic national convention today still found McAdoo, Palmer and Cox leading in that respective order, making occasional gains, but about evenly. The three were holding fast again and the opposition to McAdoo was small.

The fifth Nebraska vote for Hitchcock broke the gain to McAdoo and Meredith and Owen. Nevada switched her six from Cox to McAdoo.

The Gerard block in South Dakota broke, most of them going to Palmer. The fourth ballot announced as follows: Total votes cast, 1086. McAdoo, 325; Cox, 178; Palmer, 254; Gerard, 11; Cummings, 23; Owen, 28; Hitchcock, 16; Meredith, 28; Smith, 28; Edwards, 32 1-2; Davis, 33 1-2; Clark, 17; Harrison, 16; Marshall, 28; Clark, 7; Bryan, 1; Daniels, 1.

Palmer Loses in Fifth

McAdoo and Cox made all the gains up to the fifth ballot with Palmer losing most of their balance. The unofficial standing of the three leaders on the fifth ballot was: McAdoo three hundred and fifty-seven; Palmer two hundred and forty-four; Cox one hundred and eighty-one.

The fifth ballot as officially announced follows: Total votes cast, 1091. McAdoo 257; Cox 174; Palmer 244; Cummings 27; Owen 34; Hitchcock 16; Meredith 27; Smith 28; Edwards 31; Davis 32; Glass 27; Marshall 27; Clark 7; Clark 9; O'Leary 2.

Two Big Breaks to Cox

Two big breaks to Cox marked the seventh ballot in the democratic national convention. New York and New Jersey both gave the Ohio governor a big contribution from their delegations, sending the Cox total upward to the great delight of his supporters.

RENT PROFITEER RULES SUPREME IN BUENOS AIRES

Travelled Visitors Say Argentine Capital Yields to No City in Measure of Rental Charge Excesses

BUENOS AIRES, (AP)—Rent profiteering in Buenos Aires, which in the opinion of those who have travelled there, yields to no city in the world in the measure of the excesses it has reached, will soon be curbed if certain bills about to be introduced into congress meet with success.

The most radical of these measures limits the rent of houses to the equivalent of about \$10.50 United States money. Rents at twice this rate are not uncommon for the ordinary one-story house with which Buenos Aires abounds, rates of a year ago having been in some instances tripled.

The bill also provides that an owner shall not collect from any property a rent in excess of 8 per cent of its assessed valuation. Landlords cannot transfer their contracts for rent without the consent of the tenant nor can they evict a tenant on the ground that he has violated some municipal ordinance, except by court order. Such excesses have led to the formation of committees against tenants refusing to pay higher rent. Jail penalties are provided for violation of any of the provisions of the proposed law.

There has been but an insignificant amount of building in Buenos Aires since the beginning of the war. Only within the last few months has it been resumed and it is on a small scale compared with the building boom which the war halted.

GOVERNMENT EXPERTS ARE EMULATING "VALENTINE"

Rigid Tests Imposed in Effort to Decide Upon Type of Vault

WASHINGTON, D. C. (AP)—Government experts are emulating the "Jimmy Valentine" of the underworld in their effort to decide upon the type of vault to be selected for the protection of deposits of the federal reserve board. A number of vaults, embodying in their construction the latest and best ideas have now under way to determine if they are sufficiently "proof" to be entrusted with the millions of dollars which the board distributes among the members of the reserve system.

The specimen vaults are of concrete, reinforced with various materials guaranteed to discourage the most patient drill pusher. In some, of them sheets of case-hardened steel have been inserted between layers of concrete while iron rails, arranged in tiers, have been placed in others. A quantity of hard glass is to be tested in one vault, the opinion having been expressed that this material will dull the sharpest drill while fusing before an oxy-acetylene torch.

Dynamite and the more strenuous "soups" will be used by the government experts, as well as every mechanical method yet put forward by the masked cul.

CORN PRICES RANGE LOWER

Larger Receipts and Ideal Growing Conditions Affect Quotations

CHICAGO, (AP)—Enlarged receipts together with ideal conditions to benefit growing corn have done a good deal to make prices of corn this week average lower. Compared with a week ago, quotations this morning varied from 7 1/2 decline to an advance of 2 1/4. Oats showed a setback of 2 3/8 to 5 cents. In provisions, there were losses ranging from 10¢ to 47¢.

GOVERNOR OF VERMONT ACCEDES TO SUFFRAGE

Offers with Republican Presidential Nominee on Ratification

WASHINGTON, D. C. (AP)—Governor Clement of Vermont, after a conference here last night with Senator Harding, the republican nominee, indicated that he would immediately call the Vermont legislature in special session to act on the federal suffrage amendment.

The Vermont governor, while not stating definitely his course in the suffrage matter, was quoted in a statement from Senator Harding's office as saying that he "frankly confessed there was a preponderance of republican advice in favor of a special session called to consider ratification."

TO CURB WITHDRAWING CHURCH MEMBERSHIPS

Berlin Synod Votes Orastic Step to Meet Falling Off in the Congregations

BERLIN, (AP)—So great is the falling off in church membership here that the Berlin synod of the German Lutheran church has voted to take drastic measures against persons who withdraw. Reports read at a recent meeting of the synod showed that while in 1915 there were only 25 defections, the number last year reached 5,287. As many women as men withdrew, most of them being young, and the majority members of the social-democratic party.

The synod resolved that all those withdrawing should be excluded from the privileges of the church, their children to be denied baptism and to receive confirmation instruction only on certain conditions. To make these measures effective the synod voted to introduce cards to show that the holders are bona fide church members.

Escape from church taxation is said to be the principal reason for the withdrawal. Every German citizen is assumed to be a member of the state church, and is taxed for its upkeep. Formerly there were few withdrawals owing to the difficulties placed in the way of the unwilling to do so and also to the social discredit that accompanied the act. But under a new law all a person has to do is to appear before a designated official and state his desire to give up his church membership. Thereafter he is exempt from the payment of church taxes.

GENERAL GORGAS RALLIES

LONDON, (AP)—Major General William C. Gorgas, former surgeon general of the United States, who was believed to be dying early this morning, rallied slightly during the forenoon. His condition, however, remains critical.

SHOE FACTORIES SHUT DOWN BECAUSE OF TRADE COMMISSION

LYNN, Mass. (AP)—Shoe factories employing upwards of 4000 persons shut down today for two weeks because of market conditions. The principal plants affected were those of A. M. Clayton and Company and the A. E. Little company.

RESIDENTS OF JAMAICA PROTEST AT PROHIBITION

State Control of Trade or Alteration of License System Objectionable

KINGSTON, Jamaica, (AP)—Thousands of residents of this island, the home of Jamaica rum, have united in a protest to the government and legislative council against prohibition, state control of the liquor trade or alteration of the present licensing system.

A measure has been introduced in the legislature by the government providing for state control of the trade after the legislative council had been asked to consider also the questions of prohibition and licensing.

Those opposed argued in a memorial to the government that the manufacture of rum as a by-product of sugar had been carried on in the island for hundreds of years and formed a very important industry which would be seriously affected if prohibition were imposed. They objected also to state control chiefly on the ground of expense and risk involved.

STOCK TRADE AT LOW MARK

Transactions Smaller in Volume Than for Similar Period in Two Years

NEW YORK, (AP)—Trading in stocks this week was smallest in volume and scope of any similar period for almost two years, but the market was relatively active and variably higher on moderate mid-year investment buying.

The turn into the second half of the year witnessed a further lightening of credits. This was especially marked in the rate for commercial loans, which rose to 8 per cent for all but prime paper. This is the highest quotation for such accommodations in almost 18 years.

In conservative quarters there was further evidence of a tendency to continue reluctance to extend loans and to contribute to financing of any real estate.

THE UNIVERSAL CAR

Out of the more than 3,000,000 Ford cars now in use, about sixty per cent have been sold to farmers. Probably no other one thing has brought to the farm so much of comfort and profit as has the Ford car. It has enlarged the social life, doubled the facilities for marketing, brought the town next door to the farm, multiplied for the farmer the pleasures of living, and by the same token the Ford Touring Car has brought just as much pleasure to the residents of the towns and cities, because it is an every day in the year utility, answering the demand of quick transportation at low expense. A family car without an equal in low cost of operation and maintenance. We solicit your order for one. We have the full line of Ford cars. We carry the genuine Ford Parts, and assure you the best in mechanical service and the most reasonable prices.

O'DOWD-M'KAY TO DON MITTS FOR DECISION

Great Pair of Middleweights will Start Fighting at Two o'Clock Monday

POCATELLO, Idaho, (Special)—Mike O'Dowd and Gordon McKay will face on the stuffed gauntlets at 2 p. m. Monday, July 5 to step into the roped arena for their 15-round decision battle, according to the official program announced at the fight headquarters today.

Games to the mammoth open air stadium will be opened at 11 a. m. While the crowd is gathering, the fans will be entertained by one hour's airplane stunting. Hugh Buckley, considered one of the best stunt aviators in the United States, will loop the loop, sidle, nose dive, whirl and immelmanize for the delectation of the fans until 12 o'clock.

The first preliminary bout, between Billy Eastman and Young Lemming, 80-pound paper weights, will begin at 12 o'clock. Three one-minute rounds will be fought.

Spud Meyers of Pocatello and Jack Coster of New York, 122-pound bantam weights, will be the next four-round offering. Spud Meyers has won favor with Pocatello fans for his aggressiveness and Coster is considered a good match for him.

Darrel Jardine and Frankie Regan, Idaho Falls lightweights, each of whom has large followings in the intermountain west, will then step into the ring for six rounds.

In the semi-windup, Heido Kelly of Butte and Abio Miskind of Salt Lake will be an especial attraction in an eight-round go. Kelly and Miskind each have big followings in their territory and considerable money already has been bet on this event.

Every effort will be made by the fight management to start the main go promptly at 2 o'clock. If the big bout goes the full 15 rounds, the fight card will be ended at 3 p. m.

Just as soon as the fight is ended, the stadium and platforms made in 10-foot sections—will be snaked off the baseball diamond so that the decks will be cleared to start the baseball game between Rexburg and Pocatello about 4 p. m. At night there will be a big celebration at Meridoll park.

HORNSBY BANGS OUT 100TH HIT OF THIS YEAR

St. Louis Star Infielder Tops All Hitters in National—Sisler in American

CHICAGO, (P)—Roger Hornsby, the St. Louis star, bagged out his hundredth hit of the season in Wednesday's game against Cincinnati, the first player in the National league to reach the century mark. The St. Louis crack is topping the hitters with an average of .380.

Cy Williams, Philadelphia outfielder, slammed out another homer which gave him eight, and Robertson, Chicago, who was sharing honors with Hornsby last week, as runner up also belted a circuit drive, breaking the tie with the St. Louisian, and placing himself one behind Williams.

"Babe" Ruth, the home run king of the New York club, bagged a brace of homers in the double header with Philadelphia Wednesday which gave him a total of 24, only five behind the world's record he made last year. Ruth is steadily climbing to the top among the hitters of the American league who have participated in 35 or more games. He is hitting .374, just twenty points behind Tris Speaker of Cleveland and Joe Jackson of Chicago who are sharing the honor of runner up to George Sisler, the St. Louis star, who is hitting .413. Speaker and Jackson are hitting .394.

YANK WINS TITLE.

LEONARD-WHITE READY FOR TEN ROUNDS MONDAY

Chicagoan Tapers Off Hard Work, but Champion Will Continue to Train

BENTON HARBOR, Mich., (P)—Benny Leonard, lightweight champion of the world, and Charlie White of Chicago, challenger for the title, wound up their training today for their ten-round championship battle here Monday afternoon.

White practically finished his actual boxing work yesterday and today did only enough work to keep his muscles loosened. The challenger is in remarkably fine condition.

Leonard, however, may pull on the gloves for the benefit of his admirers tomorrow when he will continue to do his road work to sharpen his wind. He declares he is as fast as ever after his long lay-off and asserts he will defend his title in true championship form.

Officials of the state boxing commission made the prediction today that the receipts of the contest will likely reach \$95,000.

JOHN MCGRAW DISPOSES OF BENNY KAUFF

Star Outfielder of the Giants is Traded to-International League Club

NEW YORK, (P)—The trade of Benny Kauff, New York outfielder, for Outfielder Vernon Spencer of the Toronto Internationals was announced here last night by Secretary J. J. O'Brien of the New York club.

Kauff, who was one of the leading hitters of the former Federal league, came to the New York Giants from the Brooklyn Federals when the league was broken up. He became the regular centerfielder and this season has alternated in that position with King Kelly.

Kauff will be a defendant in a trial July 20 on a charge made in connection with the theft of an automobile. Two men who pleaded guilty after being indicted with John J. Brady, an attorney, charged with the theft, made statements to the district attorney which he said he expects to use in the trial of Kauff and Brady.

GOVERNOR GAINS STRENGTH

(Continued from Page One)

democratic forces opposed to McAdoo.

The seventh ballot as officially announced: Total votes cast, 389. McAdoo 384; Cox 295 1/2; Palmer 187 1/2; Cummings, 17; Glass, 25; Marshall, 12; Davis, 38; Glass, 27; Marshall, 14; Clark, 8.

The changes in the seventh ballot showed Cox gained one hundred and half votes; McAdoo gained fifteen and a half votes and Palmer gained two. This put Cox in second place for the first time. All the gains were made from the field.

Palmer More Than Regains Loss.

There was little progress toward a nomination on the sixth ballot. The leaders, unofficially, stood: McAdoo, 368 1/2; Cox, 195; Palmer, 295 1/2; McAdoo gained 1 1/2; Palmer, 1 1/2; Cox, 1 1/2; Marshall, 1 1/2, and Cox, 1 1/2.

After the sixth ballot the delegates got a welcome chance to stretch their legs and rest while the organ played and a tenor sang "Dear Old Pal of Mine." The real reason for the pleasant recess was to give several delegates an opportunity to caucus and decide what they would do on the seventh ballot.

All three of the leaders at the beginning of the seventh were stronger in votes than they had been at any time since the eighth. Palmer having more than picked up his loss of the fifth ballot.

The sixth ballot as officially announced followed: Total votes cast, 1090; McAdoo, 368 1/2; Cox, 195; Palmer, 295; Cummings, 20; Owen, 36; Smith, 98; Edwards, 30; Davis, 29; Glass, 27; Marshall, 13; Clark, 7; Colby, 21.

Virginia Goes Into Caucus

Between the seventh and eighth ballots the Virginia delegates went out of the hall to caucus and decide if they should leave Glass and to whom they should throw their twenty-four votes. The McAdoo forces were waiting and hoping for the break. The inevitable combination against McAdoo got a great deal of satisfaction over the gain of Cox, but was forced to concede that McAdoo still was leading. Iowa was expected also to break up on the next ballot, throwing a majority from Palmer to Cox and some votes probably to McAdoo. The delegation started out for Meredith. Iowa delegates at the conclusion of the caucus said they would stand solidly for one more ballot for Palmer, but if that failed they did not want any break to that candidate, McAdoo's first loss.

The close of the eighth ballot showed the three leaders standing: McAdoo, 380; Cox, 315; and Palmer, 202. After the shifting balloting showed Palmer losing 5 1/2; Cox gaining 10 1/2; and McAdoo losing 4.

The eighth ballot showed the first loss McAdoo has suffered. Cox during the whole balloting had shown a steady rise from 134 on the first to 315 on the eighth and his supporters were jubilant.

The Virginia delegation which had about decided to break to somebody decided not to "because conditions did not justify it."

Cox Lead Short Lived.

Cox took the lead in the race during the eighth ballot for the first time today, and passed McAdoo.

Cox held the lead only a short time, however, until Texas flopped in her 40 for McAdoo and put him ahead again. The eighth ballot as officially announced as follows:

Total votes cast, 1091. McAdoo, 380; Cox, 315; Palmer, 202; Cummings, 18; Owen, 36; Smith, 98; Edwards, 30; Glass, 27; Marshall, 12; Clark, 7; Gerard, 1.

Start Talk of Dark Horse.

Nine unsuccessful ballots in the democratic national convention aroused to day talk of dark horses.

Neither the Cox, Palmer or McAdoo forces showed any signs of giving way to one another but made steady but small fluctuations in the field.

Many state delegations continued casting their ballots for men they have no idea of nominating simply because their leaders were unconvinced at that stage that either of the big three could win and were holding back to get on to a compromise movement should one appear.

The ballot, as officially announced follows:

Total vote cast, 1090 1/2. McAdoo, 386 1/2; Cox, 321 1/2; Palmer, 257; Cummings, 18; Owen, 37; Smith, 11; Davis, 35; Glass, 25; Marshall, 7; Clark, 2; Gerard, 1.

As compared with the preceding ballot, the eighth, these changes were shown: Cox gained 6 1/2; McAdoo gained 6 and Palmer lost 5. The changes were inconsequential for purposes of progress toward a nomination and it was noticeable that an undercurrent of conferences were going on among state delegation leaders in the rather nebulous search for somebody on whom to coalesce.

Leaders Busy Through Night.

At 9:45 o'clock this morning the democratic national convention was called to order again and Chairman Robinson ordered the call of the states to be resumed for nominations for president.

The states of the McAdoo, Palmer and Cox forces conferred constantly throughout the night and during the early morning almost up to the hour of the meeting of the convention. At 9:40 o'clock, Chairman Robinson received the emptiness of the convention hall reflected the sleeplessness of the night for leaders and delegates, for all were slow in arriving. Despite that, the first day of the convention, if plans did not miscarry and everyone was trying to speed up, it was a slow start. The band and organ filled in during the wait.

There was conference after conference.

ICE CREAM SODA IS POPULAR IN PARIS

(Continued from Page One)

PARIS, (AP)—The ice cream soda has invaded Paris. With the arrival of the American tourists have sprung numerous shops which boast that within may be obtained "real American ice cream soda."

Prices for this American drink range from three to six francs according to the character of the shop. Paris has always had places where poor imitations of the great American drink could be obtained but not until this spring when the tourist trade revived, did the real thing make its appearance. An amusing feature of the French premier of the soda has been the popularity it has attained with the Parisians.

At first quite skeptical, the French later tried the drink and liked it. One large cafe on one of the famous boulevards serves more French people than Americans with ice cream soda.

This cafe has even attempted the sale of sundaes but they haven't achieved the success of the soda.

On the tenth ballot McAdoo and Cox were engaged in a tug of war record making slight gains at the expense of Palmer or the field, but neither making any concessions pointing to "the break" which would befall him. The results of the tenth showed not a change of vote for Palmer while Cox lost a half vote and McAdoo won a full vote.

McAdoo had retrieved his slight loss and Cox gained 3 1/2 units, the result of being made a stony gain on every ballot, since the beginning of the voting. The figures for the leaders on the tenth were as follows:

The tenth ballot was announced officially as follows: Total votes cast, 1091; McAdoo, 385; Cox, 321; Palmer, 297; Cummings, 19; Owen, 37; Clark, 7; Glass, 25; Marshall, 7; Davis, 30; Gerard, 1.

The eleventh ballot as officially announced follows:

Total vote cast, 1091. McAdoo, 385; Cox, 325; Palmer, 295; Cummings, 19; Owen, 35; Davis, 33; Glass, 25; Marshall, 7; Clark, 4; Gerard, 1.

Cox gained 1 1/2; McAdoo lost 5 and Palmer lost 2.

Illinois Breaks for Cox.

The break Illinois on the twelfth ballot, Cox 30 votes more to his string. The Cox people in the convention made a good demonstration. All the votes were taken from Palmer and Cox, but was retained for McAdoo.

Further breaks in the solid delegations were reported imminent. The state delegations standards which previously have carried votes to Cox were raised in the demonstration which the casting of the block of votes from Illinois occasioned and the parade for Cox started around the hall led by New Jersey, Illinois, Mississippi, Maryland, Louisiana, Florida, Kentucky, New Jersey and other states which had been casting Cox votes. Rhode Island also fell in.

Cox Gets Iowa's Vote.

The poll of the Iowa delegation showed 48 for Cox and 10 for McAdoo. Chairman of the Iowa delegation, Fred Under the unit rule cast 56 votes for Cox. An Iowa delegate challenged the vote on the ground that the unit rule had been abrogated despite the fact that the state convention placed them under it.

The ruling of the chair was that the unit rule stood and Cox got the 56 votes.

On the twelfth ballot the leaders stood:

Cox, 404; McAdoo 375 1/2; Palmer, 207.

These figures gave Cox a gain of 72 over his 332 of the eleventh ballot and McAdoo lost 54.

The twelfth ballot as officially announced follows: Total vote cast 1091; McAdoo 375 1/2; Cox, 404; Palmer, 207; Owen, 34; Clark, 31; Glass, 25; Marshall, 7; Clark, 4; Gerard, 1; Cummings, 8.

Thirteen ballots still found the democratic convention without a nominee. Cox continued to lead and Iowa delegation led from McAdoo and also the veto power of one-third which his opponent had held throughout the twelfth ballot. Steadily increasing on every ballot the Ohio governor took concessions from many of the large delegations and scattering votes from the smaller ones. Nevada went from McAdoo to Cox with her total of six votes.

On the thirteenth ballot Cox, McAdoo and Palmer stood as follows:

The thirteenth ballot as officially announced: McAdoo 368 1/2; Cox, 428 1/2; Palmer, 193 1/2; Cummings, 7; Owen 22; Davis, 29 1/2; Glass, 25; Marshall, 7; Clark, 4.

Despite the gain of Cox there seemed no prospect of enough of a break to nominate anybody when the convention went in the fourteenth ballot.

On the twelfth ballot today Cox passed the 400 mark and passed McAdoo for the first time an untouched 404 votes. McAdoo on that ballot had 375 1/2 votes and therefore a veto power under the two-thirds rule of the convention.

MILK WILL SPOIL IF CARELESSLY HANDLED

(Continued from Page One)

No matter how well milk has been handled up to the time it is delivered to the consumer, it cannot be expected to keep well if it is carelessly treated thereafter. It should be poured into a pitcher, pan or other vessel—freely scalded to remove any bacteria or mold spores—and kept in a cool, clean place free from dirt, flies, etc. New milk should never be mixed with old unless it is to be used at once, as the bacteria in the old milk will, of course, be added also, and the mixed milk will not keep as well as the fresh milk alone.

Bacteria are thickest where there is dirt and decay, and milk should therefore be stored only in clean, sweet places. It is safer to keep it covered, to exclude not only dirt and bacteria but also the flavors and odors which it so easily absorbs. If kept at a temperature of 50 degrees F. or less, good milk should remain sweet for 12 hours at least, after it reaches the consumer, and ordinarily for 24 hours or more, dairy specialists of the United States department of agriculture say. Sometimes in very hot weather housekeepers complain that in spite of all precautions it sours quickly, even in the ice box. This is often due to the fact that the air of the ice box, though it seems cold in contrast with the heat outside, is really not cold enough to check the growth of the bacteria; if a thermometer placed inside registers more than 50 degrees F. the fault is almost surely in the temperature of the ice box and not in the milk. In large cities, where most of the milk comes by morning trains from a considerable distance, it is often impossible to deliver fresh morning's milk in time for breakfast, and that milked the morning before must be given to patrons who insist on an early delivery. They would get their milk from 12 to 18 hours fresher if they would take it in the afternoon instead.

TEMPORARY APPOINTMENT WASHINGTON, (AP)—Colonel Jess M. I. Carter, who served as chief of the militia bureau throughout the war, has been appointed to that position pending the selection of a permanent head under provisions of the new army reorganization bill.

Today's Market's Grain and Provisions CHICAGO, (AP)—Opening corn prices, which ranged from 9-4 to 2c lower, with September \$1.85 1/2 to 1.86 and December \$1.33 to 1.33 1/2, were followed by a moderate reaction and then by a break to much under initial figures. After opening 1-8 to 7-8c off, including September at 82 7-8 to 83 1-4, oats hardened somewhat, and then sagged again. Provisions recovered a little from yesterday's acute depression. Chicago Produce CHICAGO, (AP)—Butter unchanged. Eggs unchanged; receipts 12,076 cases.

ANT-HOOKWORM CAMPAIGN SHOWS RESULTS IN JAMAICA KINGSTON, Jamaica, (AP)—Effects of the campaign against the hookworm conducted by the government and an expert for the Rockefeller foundation already are felt. In Verex, one of the largest sugar centers of the colony the laborers now work six days a week whereas formerly they were able to work but three. On account of their improved physical condition large numbers of these workers are leaving Jamaica to work in the cane fields in Cuba. Governor Pugh is sanguine that with the assistance of the Rockefeller commission the hookworm will be eradicated from the island.

Canal Company Estimates Show Increase of Planted Land—More Stock, Too

Estimates of grain, vegetable and fruit acreage, compiled by the water-master's department of the Twin Falls Canal company, and covering the Twin Falls South Side district of the county, show a small increase over last year.

The alfalfa acreage this year is 56,410 as against 46,618 last year. Alfalfa seed is 1937 this year. In 1919 it was 580. Red clover seed this year is 2489 as against 5548 in 1919.

Local Brevities

To Attend Funeral—Mrs. W. A. Howard left this morning for Greeley, Colo., to attend the funeral of her father who died suddenly at Long Beach, Calif.

Make Overland Trip—Mr. and Mrs. Roy Hunt arrived yesterday from Long Beach making the trip overland. They will visit at the home of Mrs. Hunt's parents, Mr. and Mrs. David Hunt.

Arranging Air Flight—E. D. Furcht, president of the Furcht-Barker Aircraft corporation, of Gooding, was in Twin Falls yesterday making final arrangements for bringing Pusyfoot Johnson here next Tuesday. The airplane will use the same site as formerly on the Kimberly road.

To Make Stock Purchase—Miss Blanche Hill and Miss Pearl Hagar have gone to coast commercial centers to make purchases of goods for the Twin Falls Mercantile company and the Big World store. Miss Hill is the former and Mrs. Hagar the latter.

Mrs. Behrman Arrives—Mrs. F. J. Behrman and son Frank J., arrived in Twin Falls today from Spokane, Washington. Mrs. Behrman joins Mr. Behrman here. He came to Twin Falls a month ago as manager of the Idaho Department store.

Return from Caldwell—Deputy Sheriff Robert Redman and Attorney W. P. Guthrie, who attended as witnesses the trial in Caldwell of Mrs. Berle Lee, have returned to Twin Falls. Mrs. Lee was bound over to the district court on charge of robbery. Bonds fixed at \$2000 were not provided.

Mrs. Sanderson Returns—Miss Minnie Sanderson, who has been studying voice in Chicago, for the past two years has also been music supervisor in the Urban, Ill. public schools, returned to Twin Falls Friday, and will spend the vacation with her parents, Mr. and Mrs. Thomas Sanderson on Tenth avenue north.

Operate on Hazel Lonsberry—E. E. Lonsberry received a telegram from Mrs. Lonsberry at Rochester, Minn., this morning saying that their daughter, Hazel, has successfully withstood her operation, but was suffering some pain, and would not be moved even to her room for three weeks. Miss Lonsberry was taken to Rochester recently for surgical treatment, which it is believed will enable her to walk.

Confers with Officials—City Engineer E. V. Berg went today to Pocatello to confer with railroad officials concerning a plan to operate an irrigating line along the railroad right of way here. The matter was taken up by correspondence some time ago but no definite word was received by the municipal department. It is the plan to divert the line from Kimberly road along the railroad. Paving operations on the road are being delayed on this account.

ASKS DISMISSAL

In the case of the State against A. M. Stangel, opened for trial in the probate court this morning, a motion was submitted by the defense for dismissal. Court adjourned after announcing the motion would be discussed at 10 o'clock next Wednesday morning. Stangel, who is a butcher at Buhl, is accused of tampering with a set of street scales.

GARAGE MAN UNDER BOND

Prod Genz, a local garage and auto repair man, is held under bond of \$500 for trial in a grand jury charge. Genz, with Ralph Cox, were arraigned in the probate court yesterday evening on a joint charge involving robbing an automobile of valuable parts and accessories. Cox proved to the satisfaction of the court that he was not implicated.

'WHAT I CAN SEE WITH MY GLASS EYE'

is Pusyfoot's subject on July 6th. Tickets at Majestic Pharmacy, 75c. adv.

COMMUNITY TO ENGAGE IN PATRIOTIC SERVICE

Special Religious Exercises Will Be Held in Public Park Sunday Evening

The community patriotic service, to be held in the park Sunday evening will begin at 7 o'clock. Mayor W. H. Eldridge will preside. The program follows:

"America"—Congregation. Scripture Lesson—The Rev. Asher H. Brand.

THE MAN AND THE JOB

Notwithstanding that employers are clamoring for help, there still are occasional complaints from individuals of inability to find jobs. It is probably true that the common jobs, the jobs that pay a moderate wage, are the ones that most have been obtained the most easily.

FRENCH VETERAN MAKES BIG WINNINGS AT RAQES

Genardines' Suspicions Aroused by Spectacle of Bagged Individual Counting Wealth in Public

PARIS, (AP)—Hagrod, hatless and practically shoeless, an elderly man was sitting in a park on the south side of the Seine a few nights since, muttering to himself, 50, 60, 70, the while he stacking thin little slips of paper one upon the other. He attracted the attention of two genardines for he had apparently been drinking too much wine. He was taken to the station.

The desk sergeant was bewildered when the ragged man explained that the little slips of paper he was counting were good bills of the Bank of France and that the figures he was mumbling represented their amount. He had 115,080 francs.

"I won the money at the races," explained the dozen of the park.

It developed that the man was, of course, a former colonial soldier, and that he had won the money at the races in Paris as "Father of Luck."

"Father of Luck" (the little fruit being known as "lucky") in the parlance of the Paris gambling circles as the emblem of luck.) He had run up 140 francs, the amount of his pension paid to him as an ex-soldier, into 115,080 francs. The police released him after giving him a little advice about counting his wealth in public parks while slightly under the influence of red wine.

Billiget invested 80,000 francs in a life annuity the next morning, bought a suit of clothes, shoes, et cetera, and before departing for Saint Cloud race track called on the friendly police sergeant and gave him a tip on the races for that afternoon. The horse won. The newspaper L'Elair has offered him 100 francs per day for his racing selections until the end of the season.

CELEBRATING ON THE SIXTH

With the Fourth falling on a Sunday many of the farmers are going to work Monday and make a half holiday to see Pussfoot Johnson.—adv.

ALLIES' DUTY TO SUPPORT GREECE

The allies are faced with defiance of no mean order in the near east. The revolt of Mustafa Kemal's Turkish nationalist forces brings the premiers face to face with decision whether they shall compel compliance with the treaty

CLEMENCEAU IS PUT ON FRONT LINE BY SCULPTOR

Monument Shows Former Premier of France at Edge of Trench with His Friends of the French

PARIS, (AP)—Clemenceau is shown at the front, standing at the edge of a trench, with his friends the French soldiers behind him. The monument to be erected in his native country, the Vendee, early next year.

Francis Sicard, the sculptor, is chiseling the group work out of hard Burgundian stone. Unfinished, the work is already said to visualize with great character, the scene so often pictured of the old "Tiger," montally and almost physically, fighting for France.

The premier's figure stands eight feet high. He is, as always in the war days, wearing the long, loose overcoat and the soft, slouchily crumpled hat, leaning on a cane. His face is toward the enemy, his eye watching the horizon, following indications given him by a seated officer with maps, beside him. On his right are grouped soldiers and in the trench below are more of the men in the ranks, looking with mingled astonishment and admiration at their minister of war.

STUDENT STRIKE MOVES GOVERNMENT OF CHINA

Protest Results in Disclaimer of Intention to Open Negotiations on the Shantung Problem

SHANGHAI, (AP)—A strike of thousands of students throughout China to compel the Peking government to discontinue all intentions of opening direct negotiations with Japan concerning a settlement of the Shantung problem has failed. Leaders of the national student organization in Shanghai attributed its failure to lack of popular sympathy and untimeliness.

Before going on strike student leaders called upon the government to issue a public disclaimer and demanded that the Peking authorities publish all secret agreements made with Japan. The government ignored the ultimatum. About 30,000 Chinese quit their classes in Shanghai and thousands of others went on strike in other of the 14 provinces. They remained out for a month or more and then called off the strike.

DEADWOOD TAKES LEAD FOR GOLD MINES ORGANIZATION

DEADWOOD, S. D., (AP)—The mining committee of the Deadwood Business club has started a movement to organize all of the gold mine operators in the United States and Alaska. The new organization is intended especially as a means of securing legislation desired by the gold miners.

The committee has sent a circular letter to the miners urging their cooperation in forming the organization.

STAGES A FLOATING FAIR

ROME, (AP)—A floating fair has been organized by the Italian government and will visit Tunis, Algiers, Tangier, Lisbon, Barcelona, Marseilles and Genoa. It will carry samples of all the products Italy can export and will remain from four to seven days at each port. Orders will be despatched to producers by wireless, this enabling the buyers to receive an answer the same day.

If the undertaking is successful, as it is confidently expected it will be, another floating fair will be sent to North America, another to Brazil, Uruguay and Argentina and a third one to Antille, Venezuela, Peru and Chile.

LARGEST CARGO OF HEMP GOES FROM PHILIPPINES TO LONDON

TWO G. O. P. MEN FOR LEGISLATURE

Miller of Castleford and Hornbrook of Twin Falls Would Be Representatives

Outstanding developments today in the political situation in Twin Falls county were the filing of the certificates of candidacy of Carl J. Miller, Castleford and E. J. Hornbrook, Twin Falls, for republican nominations for representatives in the state legislature, and the failure up to noon today of any democratic candidates for delegate to the county convention to file nomination papers.

A prominent democrat today declared that there would be "a double-headed ticket in every precinct" presented by members of his party, but as the time draws near to the closing hour the question of the filing of any nominations, so materialization of his prediction is evidenced.

Filing of the two republican candidates for the state legislature leaves the republican with still one vacancy on the legislative ticket. It is rumored that a woman is to be entered for the place.

Mr. Miller in filing his nomination declared today that he had been prevailed upon to make the race for reelection when he had become convinced by developments of the necessity for standing guard over the state constitution which he introduced at the last session and which is now law. This law in effect limits the transfer of some 40,000 shares of Twin Falls Canal company stock or other lands of the canal, to lands lying within the original segregation.

W. S. Mallory, Twin Falls today filed his nomination for re-election as justice of the peace on the republican ticket.

Candidates for republican precinct committeemen whose nominations were filed late yesterday and today include W. O. Taylor, Twin Falls precinct No. 2; C. W. Neal Thomot; W. A. Shear, Ellet; T. T. Rutledge, Murtaugh; Thomas Parks, Duncorne; M. J. Phillips, Ellet; W. M. Hines, Bogerson; W. F. Ecker, Kimberly.

Candidates for Murtaugh precinct of the republican ticket were filed today as follows: Justices of the peace, A. S. Hall and J. Marshall; constable, T. E. Whitworth.

Candidates for delegates to the republican county convention whose nominations were filed late yesterday and today include:

Twin Falls No. 2—J. E. DeWitt, Charles H. Burton, Robert Bogerson, J. McMillan, W. O. Taylor.

Twin Falls No. 3—F. C. Lynch.

Twin Falls No. 4—M. M. Holler, J. O. Ellet.

Twin Falls No. 5—E. V. Larson, Mrs. M. M. McMillan, W. M. Shotwell, H. W. Wray, E. W. Williams.

Ellet precinct—W. F. Miller.

Murtaugh—W. C. Hall, Frank Platt, T. D. Nass.

Lucerne—Thomas Parks.

Hollister—George F. Grover, T. J. Douglas, Lilo J. Bavington.

Bogerson—H. P. Gibbs, W. M. Hines.

Buhl No. 1—W. R. Green, Russ W. Allred, L. H. Johnson, D. C. Weaver.

Deep Creek—J. W. Weller, C. M. Miller.

Buhl No. 2—Jess O. Eastman, E. J. Beck, E. B. Brooks, G. M. Harding.

Maro—J. H. Blass.

Ellet—Arthur E. Anderson, W. T. Connor, C. A. Love, Elmer E. Haag, W. A. Lincoln, E. H. Snyder, W. A. Shear, H. H. Schindler, A. A. Newberry.

Castleford—Ed. S. Conner, John A. Noble, Kestis.

Clover—F. H. Sellers.

COUNTY'S AUTUMN EXPOSITION PLANNED ON EXPANSION LINES

Fall Fair, According to Manager J. M. Markel, will Present Some New and Extraordinary Features both in Buildings, Exhibits and Amusements — Premium List in Course of Preparation

"The Twin Falls county fair is going to be a hummer," said J. M. Markel, secretary, to a News man today. "Never has there been so much interest shown at this season of the year and as the time approaches for the big show, people are going to warm up to the proposition of making this the biggest and best county fair in all the intermountain country."

Mr. Markel today completed plans for the appearance of a stock dramatic company, which will be one of the attractions at the fair grounds at all times. This is comedy stuff, and should be a winning feature, Mr. Markel believes.

Of the fair in general and prospects for success, Mr. Markel says: "We are equipped to take care of a much larger exhibit than ever, having added to the housing facilities in every department the exhibits of the motor vehicles and machinery have had to provide for their own shelter from rain and wind. We have just completed 200 modulations. It is single roofed 20 feet from eave to eave. This is divided into 16 booths and they are separated by lattice partitions that add a pleasing effect. The booths will be lighted at night and water will be piped to convenient points. This shed fronts on to the main drive way and the back is left open so that autos and tractors may have easy access to the demonstration field. The booths will be rented for a very nominal price and the exhibitor who has the most artistically decorated booth will have his rental refunded.

The number of comfort stations are being more than doubled. A new office has been built which adds to the convenience in transacting the great volume of business necessary during the rush incident to the fair.

Premiums have been increased in every department, in some as much as 50 per cent. Specials have been secured from six associations and companies. These special premiums vary from trophies to \$400 contributions. Horsemen and farmers are asked to give special attention to the special \$100 premiums for the best team of grade horses. The \$400 Duroc-Jersey special has 28 entries and the swine show will be among the best in all the west. There are 875 in special premiums given by the American Cattle club to the farm bureau club members. This department under the supervision of A. L. O'Reilly will be bigger than the entire dairy show at many county fairs.

Among the interesting exhibits for which premiums are offered, is the \$50 that is offered for the best farm products exhibit. This money is divided \$25, \$15 and \$10 for the best farm exhibit. Exhibit No. 240 should claim the attention of every farmer.

The Amalgamated Sugar company is giving \$200 in specials.

The women's department, section A, will be in charge of Mrs. Stella Van Ripper and section B in charge of the farm bureau, home demonstration department, Miss Edna M. Ludwig in charge.

Amusements

There will be no carnival but the matter of amusements has not been neglected. Clean concessions, free musical attractions and plenty of racing will take the place of much that has been objectionable. These are all expensive features but with good weather and large attendance the fair can finance them. Forty applications for concessions that are objectionable, have been rejected.

"We are going to have one big, clean fair or blow up in the undertaking," said the secretary. "There is not another fair nearer than Helena and Walla Walla than that week. All roads lead to Ellet during the week of September 14 to 17. Persons going the other way will get run over. With Mr. Irwin in the field gathering exhibits, Mr. O'Reilly and Miss Ludwig organizing the forces and the secretary arranging the setting, why should we not have a fair that sets the pace."

RECORD BREAKER IS FIRED

Blaine Langford, auto driver, paid a fine of \$25 in the municipal court this morning and was ordered committed to jail for one day. Langford was arrested for speeding in connection with a time test made in a round trip run between Twin Falls and Buhl. At the same time and in the same court Ed. S. Johnson, employer of Langford, was fined \$25 on charge of being accessory to the fact.

SUBS FOR JUDGMENT

Taylor Cummings, attorney, appearing for the Bank and Hope Iron company has filed papers in an action for debt against Blron Brothers. The amount involved is \$175.50.

ESSEX MAKING RECORDS ALL OVER THE NATION

Referring to his remarkable drive in his Essex car from Twin Falls to Buhl and return last Thursday morning, Blair Langford of the Balladay Hardware company said: "Perhaps thirty-four miles in forty-six minutes does not seem very fast to some motorists, especially considering that there are no existing automobile records of approximately three miles per minute. However, if any of them imagine that forty-five miles per hour from a standing start with two complete stops and many right angle turns, and over the road to Buhl in his present condition, is not fast, let them try it. I'll wager that the best of them will admit that they have been somewhere if they do it."

The Johnson Auto Sales company report that hundreds of telegrams have been received by the Essex Motors company at Detroit, from all over the nation, telling of wonderful performances of the Essex car in this special "Watch the Essex Week," these telegrams setting forth both the speed, economy and wonderful endurance of this little car. Two splendid California records have been established according to the following wire: "San Francisco dealer makes Los Angeles and return with sealed hood, 33 hours, 843 miles, averaging better than 23 miles to the gallon of gasoline, oil consumed 3 quarts no water. At the same time Los Angeles dealer made San Francisco and return over another route, 878 miles, with high gear sealed, also hood and radiator, averaging 23 3/4 miles per gallon."

All of the cars used in all demonstrations are standard stock cars without special gear ratios or any other mechanical changes whatever, and all using standard, ordinary grade of fuel. Johnson Auto Sales company believes that the record made between Twin Falls and Buhl by Mr. Langford will remain unbroken for some time.

Wm. E. Johnson is a headliner all over the world; you will enjoy seeing and hearing him next Tuesday.—adv.

Mercury Makes High Mark for the 1920 Season

WEATHER records went to smash yesterday when the mercury went skimming to a new altitude.

The season's high mark up to yesterday was 91 in the shade. The new record is two points higher than that of '19. Indications are that today's best will eclipse that of yesterday.

Also folks who have been bemoaning unpropitious corn weather or have lost their point of contentment. Nights, as hot as they may be, are said to make corn. Last night the low mark was 63 degrees, torrid enough for Iowa and the rest of the corn belt states.

The weather man appears to be attending the Bourbon convention in San Francisco, at least he's not putting out any predictions.

PLAINTIFF GETS JUDGMENT

A jury impaneled in the probate court last night awarded G. Fletcher Dodd judgment for \$125 as damages. The suit was instituted against T. E. Davis and was to cover damage sustained to an automobile owned by the plaintiff when the car was struck by a machine driven by the defendant. The accident happened on Washington avenue near the city limits on June 18. Homer Mills appeared for the plaintiff and Walters & Hodgins for the defense. The original suit was for \$250.

PUSSYFOOT'S FIRST AIRPLANE TRIP
