LEGATIONS WARN CHINESE NOT TO FIRE ON PEKING

Forces Commanded by Former Premier and Minister of War Surround the City; Deposed Commander to the South

PEKING, (AP)—Warning has been given the government by the diplomatic corps here that in case of an uprising, there must be no fighting in this city and that Peking must not be subjected to bombardment. Forces commanded by Tuan Chi Jui, former premier and minister of war, are surrounding Peking.

General Wu Pei Fu, who has been relieved of the command of government troops in Chih Li, is near Pao Ting Fu, 30 miles south of here, but whether fighting occurs there will depend, it is said upon the acceptance by Wu Pei Fu of his dismissal.

General Tuan Jui's threatening attitude is a result of the government's dismissal of General Hsu Shun Cheng, as recent commissioner for Inner Mongolia. He is a leader of the Anfu element which received a defeat when the appointment of Chow Shum to the premiership was announced.

WASHINGTON, D. C., (AP)—American forces now in Peking consist of a legion guard of 275 marines, commanded by Colonel Mason Gulick. The Fifteenth infantry, the only American army detachment in China, is at Tien Tsin, about 80 miles from Peking, and could not be brought up to the capital on short notice, officials said today.

No report of a threatened attack on Peking has reached either the war department or marine corps headquarters.

The American marine guard is the largest at Peking. The total strength of the entire international force there is estimated at 1400 men. In the event of an attack, this force probably would be commanded by Colonel Gulick. Japan's guard at Peking is only slightly smaller than that of the United States, while England's force is the third. Other countries which have armed guards there are France, Italy, Holland and Belgium.

Poles Withdraw from Brest-Litovsk Before Bolshevik Offensive

PARIS, (AP)—Polish forces are withdrawing from Brest-Litovsk. Vilna and Pinsk, as a result of the great Russian Bolshevik offensive, according to a telegram received by the newspaper L'Information this evening.

The Paris report of a withdrawal movement by the Poles from Brest-Litovsk, Vilna and Pinsk is not confirmed from any other source. Pinsk was not far back the last reported Polish-Bolshevik fighting line, but the other places named are far removed from it.

Polish Government Not Leaving Warsaw

WASHINGTON, (AP)—The Polish government is not leaving Warsaw, declared Prince Casimir Lubomirski, the Polish minister, in a statement today denying a report cabled from Germany yesterday and it was the intention of the Polish government to move her out of government from Warsaw.

The statement declared that news was received by the legation today from Poland to the effect that the Polish army was holding back the Bolshevik forces, that the entire nation as well as the army was full of patriotic enthusiasm, and that all the parties are united in an unbroken front.

Germans Contend for Cut in Criminal List

SPA, Belgium, (AP)—German contentions, that the list of Germans accused of violations of the laws of war made reduced if the collapse of the Berlin government was avoided were discussed by a commission which met here this afternoon, according to an official announcement.

Berlin Receives News of Agreement Quietly

LONDON, (AP)—News that the German delegation at Spa had signed the agreement to accept the allied demands relative to disarmament was received quietly in Berlin yesterday, officials said today.

A dispatch to the London Times, filed by the German capital late yesterday. The people, the message says, generally recognized Germany must accept the allied demands, and there was much activity in political circles and some popular feeling against the disbanding of the security police.

World News Events

LISBON, (AP)—The cabinet of Antonio Maria De Silva resigned Friday because of lack of sufficient parliamentary support. The cabinet was formed June 27.

LAREDO, Texas, (AP)—The military and civil officials of Nuevo Laredo, Mexico, have issued a joint order requiring all civilian residents of that place to turn in arms and ammunition and receive in return official receipts. It became known today.

TOKIO, (AP)—One hundred persons are thought to have been drowned and four thousand houses flooded in Seoul, Korea, by the overflowing of the river Han, according to advices from Seoul today. Considerable other damage was caused and troops have been called out to protect the city, the advices say.

BATUM, Transcaucasia, (AP)—The British and French turned the city and province of Batum over to the Georgian republic Wednesday. All the British and French warships saluted the Georgian flag. The Georgian shore batteries returned the honors. The day was celebrated as a great holiday.

PALMER DENIES CHARGES

Declares Testimony of Miss Bruggeman Absolutely False

WASHINGTON, (AP)—Howard Figg, special assistant to the attorney general in charge of the highest cost of living campaign, issued a statement today denying charges of Miss Olivia Bruggeman before the senate campaign investigating committee at St. Louis yesterday that the highest cost of living campaign had been used to further Attorney General Palmer's campaign for the presidency. He also denied that Miss Bruggeman had been dismissed from the Missouri living cost campaign bureau because she was a republican.

VILLA PUTS OUT TERROR THREAT TO BACK TERMS

Bandit Chief Declares He Will Overrun Northern Mexico if New Government Rejects His Proposals for Peace

EL PASO, Texas, (AP)—Francisco Villa, the Mexican bandit and revolutionist, sent word to the border today by one of his agents that rejection of his terms by the new government in Mexico would cause him to start a new reign of terror in northern Mexico. Villa, it was said, has discontinued his operations until July 15 as the result of an armistice arranged in negotiations last week.

The agent said Villa had received renewed pledges of support from other revolutionists who were also against the new government, and now are either actively at war or planning campaigns against the De La Huerta regime. All of these leaders were declared opposed to Villa's terms, and will seek to have a government set up in Mexico that will restore the constitution of 1857.

An American returning to the border from a trip through Mexico said today there is a wide undercurrent of dissatisfaction in Mexico and that the former federal officers ousted by the new regime are creating dissension. Southern Mexico leaders, he said, are particularly bitter because they declare most of the government agencies have been filled by Sonorans. Mexico City itself, he said, is filled with 12,000 soldiers, principally Yagui and Maya Indians, who were taken there by General P. Elias Calles, minister of war and marine, and these have supplanted all other soldiers in the capital whether former federal or troops of other leaders in the recent revolution.

RESOURCES OVERBORE

SEATTLE, Wash., (AP)—Fiva men forming the mine rescue team of the Pacific Coast coal company's mine at Black Diamond were overcome by gas today during a practice drill; two are probably dead and three others rescued in a serious condition will likely recover, according to advices received in Seattle shortly after noon.

BUTTE TEAMERS OUT

BUTTE, Mont., (AP)—The teamsters union Friday called out the men in the employ of the concern handling the garbage and ashes of the city, giving as the reason inability of the men to cash city warrants in which they are paid.

LA FOLLETTE APPEARS TO BE ALONE IN RACE

EACH DELEGATION COMES TO CHICAGO WITH OWN PET PLANK FOR PLATFORM

CHICAGO, (AP)—After two hours of argument over rules and permanent officers, the convention of the committee of 48 adjourned at 3 p. m. for lunch, to meet again at 5 p. m. and complete organization.

CHICAGO, (AP)—The Committee of 48—assisted by National delegates representing a half dozen liberal and radical organizations—launched the third party movement today.

Senator Robert M. La Follette of Wisconsin, who will lead the movement taken by the party to determine the most popular candidate for the party's presidential nomination, appeared to have no opposition. Nearly every one of the 500 or 600 delegates were a La Follette badge.

Today's session was given over largely to keynoteing, and organization work. Allen McCurdy of New York City, temporary chairman, condemned republican and democratic platforms and candidates in his keynote address.

Conferees Delay Start

The convention was delayed over an hour in starting, by conferences between representatives of the committee, labor party, Nonpartisan league, single tax party, triple alliance of the north and west and several other organizations which are flitting with the third party combine.

Each group came to Chicago with some pet plank for the third party platform and the task of continuing all elements in a satisfactory fusion; proved complicated.

Before adjourning to attend the conference of the Committee of 48 the single tax delegates took a definite stand as to the grounds upon which they could fuse with the new group. These included an "unequal and biased stand against 'socialistic and paternalistic' policies."

They also instructed their steering committee to demand peremptorily the single tax plank in the event of fusion.

Single tax delegates advocates also made an attempt to combine with the national labor party which opens its national convention in Chicago.

While the leaders conferred in committee rooms members of several of the groups, equipped with soap box platforms and temporary tables set up-shop in the corridors to expound their platform.

In the convention hall a band played the national emblem march and a patriotic melody while workmen completed last minute touches on the hall by draping an American flag from the speakers' stand.

Above the speakers' stand an American flag done in electric lights, was turned on at 7 A. M. Hopkins, national chairman of the Committee of 48, hoped into the platform.

He was greeted by three cheers and a banner bearing the name of the nonpartisan league representatives assisted the Wisconsin delegates in singing "On Wisconsin."

Proclaims Opportunity

Hopkins told the delegates in opening the convention that they were "here to strike the shackles of slavery and opportunity to break."

"The essential job is to unite our forces behind a common program and a common candidate," he said, and the convention broke into the song of demonstration which was renewed again when Hopkins added:

"But we do not depend upon any single candidate. We do not necessarily believe in a third party." McCurdy said in his address, "but we deny that the republican and democratic parties represent a two-party government."

Flays Administration

McCurdy drew prolonged applause when he declared there was a large difference between the words and acts of the present administration.

He added that "such things only give us strength" and urged the delegates to take advantage of the present hour of opportunity to break "the bondage of economic privilege."

Mention of the name of Attorney General Palmer drew hisses and boos from every direction. When the speaker turned to the name of the department of justice as "a persecutor and not a prosecutor" he was loudly cheered. He added:

"And we abolish without any reservations whatever, the use of injunction in labor cases."

At the conclusion of McCurdy's address there was a demonstration of some length which ended with a march around the hall by the single tax group. The convention immediately began the work of permanently organizing.

A recess of 15 minutes was taken to permit state delegations to make committee selections.

Friends of Ireland got under way the Friends of Irish Freedom arrived set up a booth on the sidewalk and un-

THREE TICKETS TO BE ENTERED IN COUNTY RACE

Delegates of the Non-partisan League and Organized Labor Combine for Capture of Legislative and Court House Jobs

Nomination of a third ticket for legislative and county offices, combined by the Non-partisan league and organized labor union is the principle business before this afternoon's session of the county convention of the Non-partisan league meeting in conjunction with representatives of organized labor in the Parish hall here today.

Decision to appoint a committee of three representatives of the league and as many representatives of organized labor to determine upon a division of the nominations as between the league and organized labor was reached as the final order of business before adjournment of this morning's session. The only voice cast on this proposition. It stood nine against and ten in favor of the motion.

S. A. Dickey, Buhl, chairman of the league county committee, is presiding as chairman, and O. G. Zuck, Kimberly, acting as secretary of the convention.

Hall Gives Advice

O. G. Hall, organizer for the league in Twin Falls county, was the first speaker to address the convention after its organization. He declared it the sentiment of the people as he found them in a vote cast on this proposition, that a third ticket should be placed in the field in this county. A policy of endorsement of any of the candidates running on either the republican or democratic tickets would not command the support of the people with whom he had to deal, he stated, and proposed the nomination of candidates from the league and organized labor.

He predicted victory at the polls for the coalition ticket, promising the solid support of the American legion and of "every American citizen who has red blood in his veins."

Blanks to be filled in with the names of the persons nominated for the several offices were left by Mr. Hall in the hands of the secretary. He also called attention to the necessity for the circulation of petitions or "temporary memoranda" as a requisites for securing a place on the ballot for the third ticket. This procedure was made necessary, he stated, because the election law passed by the last session of the legislature had "disfranchised us."

Not All Harmonious

The motion proposing a committee to divide the nominations as between the league and organized labor was offered by Luke V. Sonner, Buhl. Discussion on this motion afforded the first rift in the proceedings. Two or three delegates voiced opposition to the motion, and the question was raised as to whether labor delegates would be entitled to propose names of league's candidates and vice versa.

This morning's session was open to the public. Mr. Hall suggested in the course of his remarks that it might be found advisable this afternoon "in the interests of facilitating business" for the convention to adjourn all but accredited delegates.

ORDER TO RELEASE ALIENS

ST. LOUIS, Mo., (AP)—The United States district attorney's office here today received orders from Attorney General Palmer to release from parole next Thursday all enemy aliens, except in an informal talk to newspaper men and were not to be considered as emanating from the committee itself, he said.

The committee concluded its hearings here today.

HARDING HOLDS CABINET PLACE FOR COOLIDGE

Republican Presidential Nominee Declares if Elected, Vice-President will be Invited to Councils

MARION, O., (AP)—In order to benefit by the judgment of his "chief partner," Senator Harding announced today that if he is elected president on the republican ticket the vice president would be invited to participate in all cabinet meetings. It is the senator's view that this would bring about greater co-operation between the executive and legislative departments.

County Would Profit

"Senator Harding believes," the statement said, "the country would greatly profit through his participation by the vice president in the cabinet conference of the administration. It not only would elevate the office of the vice president, but would give to the president the sound advice and able assistance of his chief partner in handling the nation's affairs."

"I sincerely believe," said Senator Harding later to the newspaper correspondents, referring to his earlier statement, "that the art of government have in mind ought to take into consideration the ability of the vice president in the cabinet council. I think it is a big thing to have a vice president who has not been here before."

Richland County to Fore

Announcement was made today that the first delegation from outside of Marion to greet Senator Harding would be the Richland County Harding and Coolidge club.

He will be received here on July 31. The delegation will be received on the front porch of Harding's home.

Nominee Faces Busy Day

Another busy day faced Senator Harding, republican presidential nominee, when he reached his office today. In addition to his official duties, he will have to confer with Major General Leonard Wood, who was a contestant for the Coolidge nomination, and the general have to make the "farmers" nomination and the conference is being watched with interest.

While unable so far to estimate the length of his forthcoming speech, Senator Harding said today he hoped to hold it within three printed columns. It was also understood that while the speech would deal with the senator's interpretation of the republican platform and the more important issues involved, it would not be an "omnibus" affair, the senator desiring to leave certain subjects for more complete discussion in subsequent speeches.

While the front porch campaign continued the delivery of limited number of set speeches during the campaign Senator Harding said today his plans

(Continued on Page Four)

DEMANDS REPEAL OF APPROPRIATION GIVEN PALMER FOR HIGH COSTS WAR

ST. LOUIS, Mo., (AP)—Repeal of the appropriation granted by the last congress to the department of justice to fight the high cost of living will be demanded by Senator Kenyon on the floor of the senate today.

Senator Kenyon pointed out that the investigating committee was instructed by congress also to investigate presidential campaign expenditures by the republican and democratic nominees.

He said he felt convinced from the testimony presented before the committee that the manner in which the department of justice had used the high cost of living appropriation had been "a great misuse of public funds." The appropriation totaled around a half million dollars, Senator Kenyon thought.

The senator's statements were made in an informal talk to newspaper men and were not to be considered as emanating from the committee itself, he said.

The committee concluded its hearings here today.

Senator Kenyon has telegraphed Senator Pomeroy in San Francisco asking him to stop here on his way east and conduct the questioning of Goltz and Davis. Senator Pomeroy is not expected for several days and will not be with Senators Reed and Spencer.

Senator Kenyon pointed out that the investigating committee was instructed by congress also to investigate presidential campaign expenditures by the republican and democratic nominees.

He said he felt convinced from the testimony presented before the committee that the manner in which the department of justice had used the high cost of living appropriation had been "a great misuse of public funds." The appropriation totaled around a half million dollars, Senator Kenyon thought.

FORDS PURCHASE RAILROAD

Automobile Makers Buy Detroit, Toledo and Ironton Lines

DETROIT, Mich., (AP)—Purchase of the Detroit, Toledo and Ironton railroads by Henry Ford and his son, Edsel B. Ford, was announced today by E. G. Leibold, secretary to Henry Ford. The purchase price was not disclosed.

Mr. Ford took up negotiations primarily to assure his Detroit factories an adequate fuel supply but through contemplated extension of terminals, industries generally in Michigan cities are expected to benefit by the deal.

Some 2000 employees of the railroad, Mr. Leibold added, will immediately receive the benefits of the Ford wage bonus plan.

BORAH TO MAKE OPEN FIGHT ON ELECTION LAW

Political Gossip at Capital Says Senator Will Endeavor to Put His Party on Record for Repeal

CONNOR MAY BE DRAWN FROM SENATORIAL RACE

Story of Frame-up to Defeat Judge Dunn as Candidate for Supreme Bench Comes from the North

By PHIL REAMS.
BOISE, Idaho (Special to The News).—Senator William E. Borah will make an open fight on the present election law in the republican state convention. This is one of the interesting political developments of the week at the state capital. The information is going the rounds among the political leaders of Senator Borah that he proposes to denounce the present law, and if possible, place his party on record in favor of its prompt repeal and a return to the primary system which the present law displaced.

In Gooding's Interests?

In this connection the assertion is often heard that the present law was enacted in the interest of Frank R. Gooding, to insure him the republican nomination for United States senator. Whether this is the motive for Senator Borah's determination to fight the law is another of those matters that must be left to conjecture.

But in making this fight Senator Borah will be consistent. He was largely responsible for the enactment of the primary law in the first place. He defended it against bitter assaults on more than one occasion, and it is not surprising that he should now undertake to rescue it from the junk pile. It is well remembered that Senator Borah early in his political career was made the victim of the old caucus system—that he was made to taste the bitterness of defeat through the adroit manipulation of the Heyburn machine. It is fair to assume that all this is still fresh in the memory of the present senator.

Sentiment on Borah's Side.

And aside from all this it must be admitted that public sentiment is heavily on the side of Senator Borah in the matter. The present law has not worked at all well there. In some of the counties there are scarcely any candidates in the field for nomination, and not many delegates to the county convention provided by the primary law. This condition will leave the manipulation of politics largely in the hands of the professionals, the experts, the men and women who make their living by politics. It is certainly not in the interest of the general public.

In making this fight against the present law and in making it in the republican party and the republican state convention Senator Borah will be in the position of the bull in the china shop. It will upset many carefully laid plans; it will break up a number of intricate little political machines; it may blast the political ambitions of many aspiring politicians. This will make it all the more interesting, especially since the general public will not suffer greatly should the senator win.

Cuts Into Democrats' Plans.

What immediate effect will it have as between the parties? It is well understood that the democrats had determined to make an assault on this same election law. They were counting on it as one of their best cards for the coming campaign. This program of Senator Borah is likely then to cut into democratic plans also. But the fact that the democratic party organization was practically ruined for the time when the Nonpartisan league moved into their domicile and took possession under the former primary law will certainly make the democrats anxious to plug up the loop holes in the old law and render any such looting impossible in future.

World Story from North.

A weird story comes down from the

north in which the Day brothers, the millionaire miners of the Coeur d'Alene are said to play important parts. The first element of the report is that the Day brothers are "poisoned" against Judge Robert N. Dunn who sits on the district bench and they are determined to eliminate him from public life. The way this is to be accomplished seems complicated, it involves both political parties in the first place, according to the story, Judge Dunn is to be nominated for the supreme bench as a republican. Then Captain A. H. Connor is to be switched from his candidacy for the kind of a senator and put up as candidate for the district judgeship to succeed Dunn. Then E. C. Boom of Moscow, the present prohibition director for the state, is to be nominated for the supreme bench by the democrats and is to defeat Judge Robert N. Dunn at the polls.

It does not seem possible that a scheme of this kind could be carried through in all its ramifications, but it does come with pretty good authority that Judge Dunn is to make the race for the supreme court nomination and that Captain Connor is to succeed him on the district bench.

Connor Holds His Piece.

Captain Connor gives no intimation that this is his program. He came to Boise in the past week from his home in Sandpoint and talked only as a candidate for the senate. He claimed all the delegates to the republican state convention from all the north Idaho counties with the single exception of Shoshone. This county he conceded to E. C. Boom. The captain gave out a big talk on reclamation and insisted that all western states must get together and force congress to take favorable action on irrigation legislation. He equally advocated the use of the club meaning, of course, a deadlock on eastern and southern legislation until those sections came to time on legislation for the west.

Moore Figures in Gossip.

Another interesting bit of gossip going the rounds this week is the report that C. G. Moore, the present lieutenant governor, is being carefully groomed as the coming compromise candidate for governor on the republican ticket. Some republicans are insisting that Governor D. W. Davis cannot possibly win on his record, and that if the party is to be saved from defeat at the polls it must sidetrack the governor. On the other hand there are large numbers bitterly opposed to the candidacy of John W. Englemann. Many of them go to the extent of saying they will not vote for him if he is elected because they insist he is tainted with Nonpartisan virus. And as for M. A. Kiger, his name is never heard in the political discussions at the capital.

Democrats Talking Alexander.

Among democrats there is more talk of Moses Alexander just now than any other possibility. This is hard to understand, but it is true. It goes to show that the democrats are in a losing game in the world, and that politicians will make wonderful sacrifices to win a few jobs. The democrats are expected to make a surprising comeback in the delegates to the national convention at San Francisco. It will be interesting to watch Senator John P. Nugent, Senator Borah's repeated assailant on the league of nations since his return home has thrown a challenge squarely in the teeth of Senator Nugent. Will that challenge be accepted? That is the most interesting question of the local campaign to date.

UNFILLED ORDERS FOR STEEL GREATLY SINCE LAST JULY

NEW YORK, (AP)—Unfilled orders of the United States Steel corporation for the month ending June 30, were 10,987,817 tons; it was announced today. This is an increase of 31,251 tons from the previous month, when the figures were 10,946,566 tons.

FIGHT CALLED OFF.

PORTLAND, Ore., (AP)—Mike Dowd, ex-champion middleweight, and Battling Oregon failed to fight their scheduled 10-round match at Milwaukee pavilion last night. After the crowd had gathered announcement was made from the ring that the match was off owing to a disagreement over selection of a referee.

ONLY WEIGHED NINETY POUNDS

Takes Tanlac and Now Weighs Exactly One Hundred and Fifteen Pounds

"When I first began taking Tanlac I only weighed ninety pounds, but I now weigh one hundred and fifteen," said Mrs. E. J. Straw, of 710 Crocker street, Des Moines, Iowa.

"I really thought I was not going to ever get well," she continued, "so my wonderful recovery has made me one of the happiest women in Iowa and I believe Tanlac saved my life."

"A year ago I had influenza which left my kidneys all out of order and my stomach in such bad condition I could not eat without suffering terribly afterwards. I also had neuritis so bad in my right shoulder that I had not been able to comb my hair for six months. I tried everything to get built up again and got worse all the time and I add to my troubles my nerves gave way. I could not do any of my housework and had to spend most of the time in bed."

"When I began taking Tanlac I had been in bed three weeks, but before I finished the first bottle I was up and about. Now I have taken seven bottles and every one has been worth its weight in gold to me. The stomach trouble, neuritis and nervousness are entirely gone and I am as strong I do all the housework without the least trouble. In fact, I am enjoying the best of health and I can't praise Tanlac enough."

Tanlac is sold in Twin Falls by City Pharmacy and by the leading druggists in every city.—adv.

OVERLAND SEDANS AND COUPES ARE DEMANDED

By H. B. HANPKER.

A house with a canvas roof is a little better than a tent, but not much. But if the occupant of the house wanted to remove the roof every few hours, he would be compelled to use canvas or other light fabric.

The first motor car buyers bought cars without tops paid extra for them—and seldom used them. The first railroad train didn't look like a Pullman.

The motor car rider took everybody's dirt, for he had no protection. The top was only for a rainy day and invariably he got wet for the rain does not always advertise its coming—even when it does, it is a temporary nature to wait until the last minute.

It is a question whether any motor car owner now drives with the top down more than 5 per cent of the time. Why, then, use a temporary cover permanently? I knew an old lady who always carried an umbrella over her head because it might rain.

A motor car is a unit of transportation destined to become the most important unit. What other unit has one type of car for summer and one for winter?

There is no argument against closed cars for winter—everyone admits their superiority.

There may be a few occasions during the summer when a car with top down is desirable. Supposing there are ten such occasions—that's three hundred and sixty-five against ten.

A sedan keeps out heat and cold, dust and rain, wind and bugs. The ordinary top keeps out some of the rain.

A sedan top looks good all the time. The fabric, collapsible top looks good only when it is folded out of sight and the more it is so folded the worse it looks when you have to put it up.

The wide-awake wholesale houses would profit by providing salesmen with sedans, so improving clean looking, neat appearing representatives in place of dusty, dirty, tired salesmen.

Brief Bits of Sport

Didja ever hear of bush league sports
writer who didn't say it was the "fast-
est game ever played here" if his team
won?

The contest "may have consumed a
couple of hours or even more, but just
the same if the home club finished best
it was the fastest game all right.

Kinda amoozin', ain't it?
Anyhow it does not appear as though
Duggan and Carpenter will get to
gether anyway soon.

But one never can judge from what a
press agent says about a thing, can one?
Tom Berrington says there was no
knockout at the O'Dowd-McKay meet
ing, but he does admit it was a bum
show as far as the main event is con
cerned.

The Salt Lake club is to strengthen
its twirling staff, which to most folks
way of thinking, needs some bracing.

Al Gould, one of the premier twirlers
of the Coast League last year, and a
member of the Bors, is on the way
from the east to join the old club.

Sim Smiley, sagebrush sage, says:
"Nine times outen ten th' things a
feller craves ar th' things he don't
need a-tall."

Of course the Cincinnati Reds still
have a lead in the pennant race and are
still in first place, but the lead isn't
anything like what it was a year ago.

And Moran's club isn't showing the
stuff it did this time last season.

Joe Willard says the lure of the
ring is gone, and he is devoting all of
his attention to the oil game.

Fat is we never did hear that the
prize ring had any lure for the former
champion—what we have always un
derstood was it was the clink of the
coin that caught his ear.

When Joe Stecker isn't flopping
Strangler Lewis, he first buses for a
ball club in Dodge City, Neb.

Mrs. Ruth attends every game the
Yankees play on the home ground, and
she stands up and pats her paddles ev
ery time her caveman husband slams
one into the bleachers or over the bar
rier.

Ban Johnson puts the skills under a
plan to put Ollie O'Mara and Pitcher
Bill Evans in good standing in the
American league. Johnson declined to
let negotiations proceed with the
"grasshopper" players.

Ty Cobb has rejoined the Tigers, all
right. He is getting back into his
place in the baseball sun, too.

During the recent Buhl-Jarome ball
game at Buhl a row started and a
"fly cop" reached forth with a big
gun in his mitt to quell the riot.

Now, just for that, Buhl deputes
will not be allowed to pass a gun, a
ruling just made by the town adminis
tration of that place.

*Babe Ruth yesterday slathered out
his twenty-fifth homer of the season.

Got five more to make before the
1919 season record is broken.

GRAND CIRCUIT RACES

CLEVELAND, O., (P)—The Ohio
stake of \$5000 for 2:03 trotters, the
feature of the week on the grand cir
cuit program at North Randall track
went on Wednesday afternoon when
Peter Coley, driven by Charles Valen
tine of Columbus, won in three straight
heats, all hotly contested. E. Colorado,
driven by W. R. Cox was second, and
Peter June driven by Ed Gears was
third. The best time of 2:08 1-2 was
made in the second heat.

Peter Coley won the first heat in a
slashing drive from Peter June took
the second from E. Colorado in a stretch
sprint and won the third from Gordon
Spier in a hard drive.

Brusloff, equal favorite in the auc
tion betting with Peter Coley, was a
keen disappointment to his backers. Hu
was never prominent, finishing eighth
in the first and third heats, and fourth
in the second.

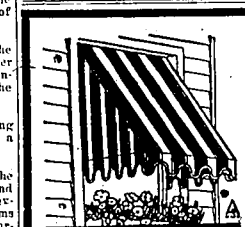

The Tavern stake for 2:14 class trot
ters, another \$5000 purse event was
won by Alta Donovan, driven by Tom
my Murphy, which took the second and
third heats after finishing third in the
first. Arion McKinney driven by Er
kine, was second and Ed Gears' Wilki
Wiki was third. Best time 2:08 3-4
was made in the second heat.

The 2:18 class trot went to Walnut
Frison, when he captured the second
and third heats after finishing second
to Norman Dillon in the first. All
three heats were hard fought between
Walnut Frison, Norman Dillon and
Alvada; the latter finishing second in
the second and third heats. Best time
of 2:11 1-2 was made by Dillon in the
second heat.

Ethel Chimes, second choice in the
betting won the 2:14 class pace in
straight heats; James Albert, the favor
ite, finished second. Best time of
2:07 3-4 was in the first heat.

BROWNING AUTO COMPANY

TWIN FALLS, IDAHO IDAHO FALLS, IDAHO, OGDEN, UTAH
SALT LAKE CITY, UTAH

There are more than 3,000,000 Ford cars in daily service throughout the
world, and fully eighty per cent of these are Ford Touring Cars. There are many
reasons for this, not the least of which is the simplicity in the design of the car,
so easy to understand; likewise it is easy to operate, and mighty inexpensive,
compared to other motor cars. The maintenance expense is low, and it has won
an unparalleled reputation for satisfactory service during the past sixteen years.
On the farm, in the city, for business and for family pleasure, it is the car of the
people, and the demand is increasing every day. Let us
have your order promptly if you want one. We can supply
you with most everything in motor car accessories, and we
assure you genuine Ford Parts and skilled workmen in our
repair service. Be fair—with your car and it will give you
full value.

COX TO CONFER WITH ROOSEVELT

Democratic Standard Bearer to Have First Meeting Since Convention

DAYTON, O., (AP)—Governor James M. Cox and Franklin D. Roosevelt, the democratic standard bearer will have their first meeting since the San Francisco convention, in the executive office at Columbus next Monday afternoon.

The governor received a telegram from Mr. Roosevelt today stating that he will leave St. Louis tomorrow evening and will be in Dayton about noon Monday. He will go direct to the executive office at the capital where the presidential nominee will be awaiting him.

Cox will motor to Columbus either Sunday evening or early Monday morning.

Governor Cox will get first hand information on the San Francisco convention tomorrow from Judge T. C. Ashberry, of Washington, D. C., who was a delegate from the District of Columbia and one of the governor's leaders in the campaign.

Gold will claim the attention of the candidate this afternoon. He will play at the Dayton Country Club course. His next move will be to meet Leo Warren James and I. G. Kummer, local friends of the governor.

"Keep a level head" was the greeting sent by Harvey C. Garber, an Ohioan and close friend for many years was the governor's bitter political enemy. Garber wired from Denver.

Governor Cox today corrected published statements that he is of English-German extraction. He stated that his parents were of English and Scotch descent.

Governor Cox today received an invitation from J. Hamilton Hamilton, Ontario, to attend a luncheon there, August 9, given by Southern in honor of the imperial press delegates including Lord Burmah and Northcliffe and other leading journalists of England and Canada. The invitation suggested that Governor Cox speak on international relations or on the league of nations. The governor has not yet decided whether he will accept the invitation.

LA FOLLETTE APPEARS TO BE ALONE IN RACE

(Continued from Page One)

furled banners urging the third party to elect Eugene V. Debs for president.

Charles P. Hoffman, of Florida, presented to the convention a committee report on rules and credentials which occasioned much debate and some amendments were adopted.

It, the vote in the convention was fixed at 239, a majority of 270 being declared as sufficient to nominate or carry a motion.

Miss Lillian Ascoug, of Missouri, presented the report of the committee on permanent organization, naming Harley P. Christiansen of Utah for permanent chairman, Will H. Stevens, of Delaware, secretary; Mrs. I. P. Williams, Washington state, assistant secretary.

Charge "Packed" Committee.

Speakers said the convention must guard against charges being spread that all work done here was by "packed" committees.

At times while the western delegates continued to demand representation on the procedure committee.

Resolution by Mr. Frank Page, Massachusetts, to name the committee member from each state, was defeated overwhelmingly.

Get Together in Preliminaries.

Delegates summoned to Chicago by the Committee of 48, and representatives of the single tax movement got together today in the preliminary sessions to attempt to nominate a fusion third party presidential candidate, to run on a platform satisfactory to both elements.

All night long the delegates and the active heads of the national labor party, looking for further amalgamation, had not brought about agreement, however.

The first work on the convention program, was the election of the committee on platform and upon political procedure.

The convention planned to adjourn on Sunday, when the labor party convention proper will assemble. Representatives of the labor party and Non-partisan league conferred last night, and the labor party met this morning with the committee of 48.

Difficulties SUB ACUTE.

Difficulties between the program of the Committee of 48 and the labor party remain acute where they touch on the railroad problem. Leaders of both groups said today. Both groups stand for government ownership, but differ as to the amount of "democratic management," which would attack to the transportation systems if taken over by the government.

Non-partisan representatives who were reported to have pledged their aid in organizing the farmers of the northwest behind the new party, announced today that they were attending the conferences in a personal capacity only.

The labor party is insisting that the word "Labor" must be preserved in any party name adopted.

Single Taxers Face Division.

The single taxers today faced a division in their own ranks. The announcement Thursday by some officials that the single tax delegates would bolt the combine if Senator La Follette was the presidential nominee, followed by a declaration from some delegates that they would stick to the new party regardless of the nominee.

You can make your buying problems "come out right" if you study the ads.

FEAR OF DOUBLE CROSS PROMPTS VILLA ENMITY

Mexican Bandit Chief Parleys with New Regime until Reward is Offered

EL PASO, Texas, (AP)—Revenge, pride, jealousy and fear are given in various stories being told along the Mexican border, as the motive that led Francisco Villa, the bandit, to refuse to make peace with the new government.

The most pretentious version was told here recently by Fernando Palacios, Mexican journalist, who told the recent parley was arranged by Villa for Pablo Gonzales, candidate for the presidency of Mexico.

According to the journalist, negotiations were going smoothly between Villa's emissaries and representatives of the government when the provisional governor of the state of Chihuahua, Tamaso Gameros, offered a reward of 100,000 pesos for Villa's head.

Governor Gameros according to Palacios, offered the reward to revenge himself against Villa for the death of a son the bandit is said to have killed, and prevent peace being made with the bandit.

Villa, it was said, was advised of the reward and refused to negotiate for his own head, but "double cross" it.

Another story being told that Frida Villa from making terms. This story is to the effect Villa was ready and willing to go with General P. Elias Calles, minister of war and marine in President de la Huerta's camp refused to meet Villa personally at Villa's camp. Villa sent envoys to Calles but refused offers made by the government officials, because his pride was touched by Calles' refusal to deal personally.

Jealousy of military leaders and fear of Villa were also given as reasons for his refusal for previous attacks on him was still another story in circulation here which he did not enter the fold.

CAR SHORTAGE MENACES JOBS

Suspension of Work in Many Steel Plants Threatened, Manufacturer Says

WASHINGTON, D. C., (AP)—Suspension of work in many steel plants, threatening thousands of workmen out of employment, is threatened because of car shortage, the interstate commerce commission was told today by J. F. Townsend, representing more than a score of steel manufacturers in Pennsylvania and Ohio.

"The steel mills are blocked with products," said Mr. Townsend, "and many are closed while others will be before July 20 unless some relief can be had."

Approximately 1,500,000 tons of steel products, requiring 28,300 cars to move them, are piled up at the mills awaiting transportation, the interstate commerce commission was told today by J. F. Townsend, representing more than a score of steel manufacturers in Pennsylvania and Ohio.

"Over 20 blast furnaces are idle in the great steel producing section," continued Mr. Townsend, "but all are ready to be put in operation as soon as transportation is restored."

"The steel mills are blocked with products," said Mr. Townsend, "and many are closed while others will be before July 20 unless some relief can be had."

SUGAR SKY HIGH

And Scarce at That—Is it a Forerunner of a Real Food Famine, or an Evidence of the Profiteer?

By C. L. LONGLEY.

Old Mother Hubbard used to be her cupboard.

Because she had no sugar, but when she got there and looked everywhere.

There wasn't no sugar to see!

People are just beginning to fairly sugar about the importance of the fact that right now, at the very beginning of the season for canning and preserving fruit, the indispensable adjunct, SUGAR, is from 27 to 30 cents per pound with a limited and uncertain supply at any price!

A recent visit to some eight or ten of the 24 grocery stores in Twin Falls resulted in dialogues of which the following is a fair example:

"Have you any sugar?"

"Yes, part of a sack; you can spare you 50 cents worth."

"Well, how much will that be?"

"Nearly a pound and three quarters."

The trip netted a trifling over eleven pounds of sweetened at a cost of three dollars—one shilling being fished which still had a little of a "revert" ("allotment") of alleged beet sugar at 17 1/2 cents—this in itself being a strange anomaly. Two of the stores had nothing in stock except powdered or lump sugar—the former at 30 and the latter at 33 cents per pound.

Such a situation raises two questions: "Where are we at?" and "how did we get there?"

It is probable that several answers might be given, none of which would be without relevance. As to the first query, it may be said without hesitation that the situation that we are in is an eddy of a world-wide shortage of sugar.

Our usual and main sources of supply have been unable to fill the demand for our sugar and we have been shorted imports from countries shorter than we are, but also poorer and more economical, including Spain, Holland, Belgium, Java, China, Japan, and some of the South American countries.

So at least says a very exhaustive review of the situation in a recent New York "Times," which furnishes statistics that in 1919 this country consumed, including both foreign and domestic sugars, 4,067,671 tons. As to the imports from unusual sources, this year's supply promises to be about 600,000 tons short of last year's actual consumption. This, however, is but 18 per cent of shortage, comparatively easy to meet by general and systematic rationing.

There is, however, an additional explanation of the over 100 per cent increase in prices.

As to the how or why, especially as regards prices in this western country, and for all that, our country is in the grand mistake made one year ago by President Wilson's sugar equalization board when it failed to take the advice of Herbert Hoover, secretary of commerce, who had proposed to pay the common Cuban crop for 6 1/2 cents per pound.

We are justified in this connecting the action—or, rather, the inaction—of this board with the president, since the matter was referred to him with a note calling attention to a prospective world shortage. In reply Mr. Tumulty wrote that the president was giving the matter "careful attention" of the president or of the board brought action has added over a billion dollars to the living expense of the people of this country for the current year. Says the "Times" article:

"The sugar which then could have been bought for 6 1/2 cents a pound in the raw state and retailed in this country, refined, at not more than 19 cents, now costs around 21 1/2 cents in Cuba, which means a little more than 23 1/2 cents in this country," it said.

But the administration is taxed with the otherwise adding to the present high cost of Cuban sugar. Says the "Times":

"This was by the action of Attorney General Palmer in fixing the selling price of raw Louisiana sugar at 18 1/2 cents. The average price for 96 degree centrifugal Cuban sugar during the 15-year period preceding the war was slightly above 18 cents. The price of this 6 1/2 cents looked big to the Cuban planters until 18 1/2 cents was paid for the Louisiana sugar. After that there was no holding them down. The worst part of the whole affair, it was said, is that the Cuban planters now have the high-price germ in their blood once and for all and that as the demand recedes in raw sugar prices in the next few years, at least, is likely to be met with a curtailment of production to keep them high."

While the bulk of our sugar supply still comes from the West Indies, sugar (which should be rapidly gained) begins to eat a figure. This crop was 674,892 tons in 1918, and is estimated at about the same for the

Today's Market

Speculative favorites were again in the foreground at the opening of today's brief session. Houghton Oil, yesterday's spectacular feature, rose three points and advances of one to two points marked the early trading in Vandium Steel, Stromberg Carborundum, National Amalgam and United States Rubber. Unfavorable conditions in the textile trade probably accounted for the pressure against American Woolen, which soon forfeited 3 points. Union Pacific, Norfolk and Western, Baldwin Locomotive, Studebaker, Retail Stores and Republic Iron were fractionally lower.

Grain and Provisions

CHICAGO, (AP)—There was a general rush of buying by commission houses at the start of the corn market today which showed smaller figures than the trade had expected but otherwise the report was constructed generally as yesterday. Reports of black rust in the northwest also helped boost prices. On the bulge there was some selling by strong local professionals. Initial quotations ranged from 1 1/2 to 1 3/4 cents. The corn market continued active, with rather firm undertone although the selling against offers could not be

action. The black rust scare in the northwest carried the market upward and the close was firm with advances ranging from 1/4 to 1/2 cent, with September \$1.59 3/4 to \$1.59 7/8 and December \$1.43 3/4 to \$1.44 1/8.

oats followed the upward trend of corn, the opening being 1-8 to 1-4 higher, with September at 78-5/8 to 78-7/8.

Provisions were dull but firm.

Cash Quotations.

CHICAGO, (AP)—Wheat: No. 2 hard, \$2.35; No. 4 northern spring, \$2.75. Corn—No. 2 mixed, \$1.62 to \$1.62 1/2; No. 2 yellow, \$1.62 to \$1.63.

450,000 HOUSEWIVES

Use the THOR Electric

WASHING MACHINE Every Week

NOW IT IS SOLD AT A REDUCTION. This wonderful machine that lasts a lifetime can now be bought for only \$10 down. And the total price has been reduced for the month of July only.

Take advantage of this offer. Have the pleasure and comfort that this beautiful cabinet washer provides. Over 450,000 women are enjoying it every week. It runs smoothly and silently, all moving parts are inclosed. The swinging power wringer is another advantage of the Thor. By having one sent out tomorrow you can be forever free of the burden

CANADIAN ROADS ASK INCREASE IN FREIGHT CHARGE

Association Representing All Lines in Dominion Applies to Commission for Thirty Per Cent Rate Advance

MONTREAL, (AP)—The Canadian Railway association representing all lines in the dominion today applied to the railway commission for a 30 per cent increase in freight rates.

The association announced that the application was based entirely on present cost of railway operation, including labor and materials. These increased costs, according to the application, exceed by enormous sums increased revenue obtained from the rate advance granted in August, 1918.

That time wage increases were given applies based on increases in the United States under the so-called McAdoo award. The new rates added only \$43,000,000 to the gross revenue of the railways as against \$80,000,000 additional wage costs.

This discrepancy, instead of shrinking is daily growing greater, according to officials. Prices of coal, rails, engines and other materials also have risen, they assert, more than 100 per cent since the beginning of the war.

DRAFT PLANS FOR DEBS' 'FRONT CELL' CAMPAIGN

National Executive Committee of Socialist Party Meets in Detroit

DETROIT, Mich., (AP)—Plans for the "front cell" campaign of Eugene V. Debs, presidential candidate of the socialist party and who now is serving a sentence at the Atlanta federal prison on a charge of violating the espionage law, were drafted here today at a meeting of the national executive committee of the socialist party.

George Roever of Massachusetts, a member of the committee, charged that United States department of justice officials in Portland, Me., had notified socialist party leaders that the party would not be permitted to organize or carry on a campaign in Maine this year.

The committee meeting, presided over by Otto Branstetter of Chicago, national secretary of the party, will continue through Monday.

NEW REGIME IN MEXICO UNEARHS DEFALCATIONS

MEXICO CITY, (AP)—At intervals since the taking over of the government by the de facto administration, the newspapers of the capital have published reports of "Panama" discovered in the federal departments. "Panama" is the charitable journalistic term for defalcation. Few of these "Panamas" attributed to Carranza officials run under seven figures.

Funds from the national railways are declared to have been used for propaganda, in support of the candidacy of Ymario Bonillas for the presidency. None of the papers, however, has mentioned who might have profited from the proceeds of the alleged frauds in retiring and burning depreciated paper currency. The latest "Panama" reported to have been discovered in the treasury department is estimated to involve from 5,000,000 pesos up, and to have resulted from an issue of revenue stamps in 1915.

Recalls Harding's Volunteer Aid to Newspaper in Iowa

BOONE, Ia., (AP)—The nomination of Warren G. Harding for president has recalled that he once time helped to publish the issue of the Boone News-Republican when he was lieutenant governor of Ohio.

Senator Harding was scheduled to make a speech in Boone. While waiting for the hour he went to the newspaper office and said to the city editor, "My name's Harding." He explained he owned a newspaper and enjoyed being around the office. He was asked if he had a copy of his speech and when he said he did not have it was suggested he could use a typewriter and make an abstract. Senator Harding did. He then asked "Is there anything else I can do?" A handful of proofs was shoved to him and the presidential nomination read and corrected them. He remained in the office the greater part of his stay in Boone, and when he left with a copy of the paper he carried published, remarked, "See you again, maybe."

CLEANUP IN SONORA

ANITA PRIETA, Sonora, (AP)—Following orders yesterday from the governor of Sonora, a cleanup was begun against vice of all sorts and subsequent closing of open saloons and gambling houses last night, officials today began raiding opium dives, arresting several Americans, Mexicans and Chinese.

RAIL DESTROYS CROPS

DAVENPORT, Ia., (AP)—Terrific hail storm swept through the northern end of Scott and the southern part of Clinton counties late yesterday afternoon and did a quarter of million dollars damage to growing crops.

ADMIRAL FISHER, FATHER OF DREADNAUGHT, DIES

Undergoes Serious Operation and Falls to Rally, Succumbing at Home in London

LONDON, (AP)—Admiral John Arbuthnot Fisher, first baron of Kilverston and former first lord of the admiralty, died this morning.

Lord Fisher underwent a serious operation yesterday and failed to rally.

Lord Fisher began his naval career in 1854, and took part in the Crimean, Chinese and Egyptian wars. He was first lord of the admiralty in 1892, and first sea lord of the admiralty in 1904, which post he held for six years. He emerged from retirement in October, 1914, to direct the naval warfare against Germany. His vigorous policy caused him to be termed "the Kitchener of the British navy," and chief credit has been claimed for him in the bottling up of the German navy. Cabinet disputes led to his resignation in May, 1915, but he continued to serve the British government by various capacities.

Lord Fisher was for many years a popular idol in Great Britain. He was known as the "father of the dreadnaught" because he was the first to realize the vast power of this type of warship.

NEW IS CHIEF OF G. O. P. SPEAKERS

National Committeeman Hays Announces Position for Indiana Senator

CHICAGO, (AP)—Republican national headquarters today announced that Senator Harry S. New, of Indiana, will head the republican campaign speakers bureau.

National Committee Chairman Hays gave out the following outlines of the speaking plans:

"The speakers' bureau will be headed by United States Senator Harry S. New, of Indiana, as chairman. Senator New directed the Roosevelt campaign of 1904 from western headquarters. Associated with him in charge of the eastern division, with headquarters in New York, will be Congressman Thomas B. Miller of Delaware, eastern manager for General Wood in the pre-convention campaign. Congressman J. W. Good of Iowa, chairman of the appropriations committee, will be in charge of the western division headquarters, Chicago. All these men will give all of their time to the work, with a full corps of assistants.

"The speaking campaigns of the senatorial and congressional committees have been consolidated with the national committee's work, and there will be but one speakers' bureau for national activities. Senator New will keep in close touch with the campaign in his own state. He is taking up this national work not only because of his deep interest, but at the earnest personal request of Senator Harding and Chairman Hays."

Without favoring her arguments in any way, David L. McKay of Ogden, commissioner of schools for the Church of Jesus Christ of Latter Day Saints, obtained for Miss Hale an extension of the five minutes time allotted each speaker. He did this, he said in the interest of a "fair deal."

Formal meetings ended Friday.

SHEPHERD RECOUNTS FIGHT IN OWYHEE HILLS

Morrow Gives Account of Death of Spaniard in Altercation Over Range

BOISE, Ida., (AP)—Weak with loss of blood and recovering from an operation which removed a bullet from his head, Morrow, a shepherd, has given his first account of a running fight in the hills of Owyhee county in which Joe Sinis, a Spaniard, was killed and Jim Stevenson, a camp tender, wounded.

In an altercation over the right to a range, Morrow says the Spaniard drew a revolver and fired at Morrow, striking his arm. Morrow, armed with a rifle, tried to bring it into play but before he could the trigger was shot again. He then fired at Sinis, wounding him, and went down with a bullet in his head.

Stevenson, the camp tender, seized Morrow's gun and turned upon Sinis, firing. He too, was wounded by the other but Sinis was picked up dead and was said to have three bullets in his body.

BOISE, Idaho, (AP)—In his first public speech at Idaho's capital city since his return from the east, Senator Borah declared that "international courtesy" dwelt upon in the democratic platform would prevent the United States if a member of the league of nations, from making any decision for itself on questions of the rights of small nations or self-determination of peoples even if the deliberations of the bureau could not forbid such action. It was his first public mention of the democratic platform.

EDUCATORS END FORMAL SESSION

Women Members Compensated for Vote for President by Election of Miss Jones

SALT LAKE CITY, Utah, (AP)—With election by the new directors of the National Education association late Friday of Miss Olive M. Jones as member of the board of trustees the plans framed by leaders of the association Friday were accomplished. Miss Jones is president of the New York State Principals' association. Concession of her election, it was said earlier this week, was one factor in obtaining the vote of the women members for Fred M. Hunter, of Oakland, as president of the association.

Mr. Hunter was elected president, Miss Cornelia S. Adair of Richmond, Va., was chosen treasurer and 22 vice presidents and 48 state directors were elected at Friday's business meeting. The directors at their first meeting in the afternoon, voted a preference for Philadelphia as the next meeting place, 24 to 17 over Des Moines. Philadelphia carried on almost no outward campaign. The executive committee will decide which of the two cities shall entertain the 1921 convention after visiting both places.

The directors also elected T. E. Finnegan, Pennsylvania state superintendent of schools, as member of the executive committee.

Friday's business meeting was the scene of a bitter and prolonged fight against the plan to reorganize on a "delegate plan," which eventually carried by a heavy vote. Miss Margaret Haley of Chicago led the opposition to the plan and D. H. Christensen, formerly superintendent of the Salt Lake City schools, gave her what she characterized as "important" aid. Mr. Christensen called the arrangements made at Thursday's meeting of the Utah teachers an attempt to use a "delegate plan." The Utahans pledged themselves to vote solidly for the re-organization plan. Miss Sarah Fahney of New York City, said the methods used in securing this vote were "unfair."

Without favoring her arguments in any way, David L. McKay of Ogden, commissioner of schools for the Church of Jesus Christ of Latter Day Saints, obtained for Miss Hale an extension of the five minutes time allotted each speaker. He did this, he said in the interest of a "fair deal."

Formal meetings ended Friday.

Local Brevities

Mrs. Stockburger in Hospital—Mrs. George Stockburger was operated on yesterday at a local hospital.

Gone to Mines—Kennedy Packard left yesterday for Jarbridge, where he will spend some time looking after matters of business importance.

Cavalry Unit Incomplete—Dr. Herbert C. Deane, organizer, announced there is still a shortage of applicants to complete the Twin Falls cavalry troop.

Has Operation—Miss Hazel Heartfield on Thursday underwent an operation for appendicitis at a local hospital. The patient is reported showing rapid recovery.

Cavalry Men Wanted—Thirty-three men are wanted from this district for the regular cavalry, according to information received at local headquarters of the army recruiting branch.

Signs for Army Service—Con. Ellisworth, a legionnaire, yesterday reorganized for army service at the local recruiting office of the army. He will leave immediately for Presidio, Cal.

Patient Improves—St. John Skinner, who has been in a local hospital some days, has been removed to his home. Mr. Skinner has suffered largely from a nervous breakdown and has been ordered to the coast for recuperation.

Committee Meets—The executive board of the Home Service committee met last night in the office of the chamber of commerce to consider some matters having direct bearing upon service men's claims against the government.

Alimony is Ordered—William J. Kunkle has been ordered by Judge W. A. Babcock, of the district court, to pay to his wife, Lizzie Kunkle, alimony of \$35 per month during the pendency of a divorce action recently filed. The plaintiff must also pay \$150 as attorney's fees.

Divorce Granted—In the district court yesterday afternoon a bill of particulars was filed by Attorney Turner K. Hackman in divorce for Elizabeth M. Huffman from George P. Huffman. Testimony was immediately submitted and a divorce decree order signed. The principal allegation was cruelty and non-support.

O'Older Coming—Officers of Twin Falls Post No. 7, American Legion, have word of the coming to Pocatello on July 27, of National Commander Franklin D'Olier. Arrangements are being made for a state gathering of legionnaires during the commander's stay in the state, which will be two days.

Purse is Snatched—Police officers were advised last night of a highway robbery transacted on Sixth street east, between Main and Second avenues. Miss

Beale Smith filed the report saying two men had waylaid her as she was going home about 10:30 o'clock accompanied by her mother. One of the men snatched Miss Smith's purse. The rescuer contained no money.

Congressman Smith Here—Congressman and Mrs. Addison T. Smith arrived in Twin Falls today and are registered at the Perrine. They will spend the greater part of the next few months here although Congressman Smith expects to be absent at intervals between now and the election.

AFTER MANY YEARS

Alleging failure to provide Cora L. Dean has filed an application in the district court for divorce from David H. Dean. The pair, it is stated in the bill of particulars, married in Illinois in the year 1882. Divorce and cash to defray costs of action, together with fees and disbursements, is asked. The action is in the hands of Bothwell & Chapman.

BEYAN COMES WEDNESDAY

Direct from San Francisco, where he attended the recent democratic national convention, William Jennings Bryan will be in Twin Falls next Wednesday. During the afternoon of that day he will give an address in the Lavering Theater on "Pending Problems."

TO BUILD HOUSE

W. H. Boavercumbe has taken out a permit covering construction of a \$5000 residence to be erected on Fifth avenue east, in Olden addition.

COME and pick 'em. Strawberries, \$1 per gallon; goose berries, 15c per gallon; currants, 25c per gallon; plums, 1-2 mile E., 1-2 N. Washington school, Ed Vance, adv.

WEATHER FORECAST

WASHINGTON, D. C., (AP)—Weather predictions for the week beginning on Monday are: Upper Mississippi and lower Missouri valleys: Local thunder showers Tuesday or Wednesday; generally fair thereafter. Nearly normal temperatures.

Northern Rocky mountain and plateau regions: Generally fair, although occasional local thunderstorms; probably early days. Seasonal temperatures.

Southern Rocky mountain and plateau regions: Generally fair; temperatures above normal.

BANK GETS JUDGMENT

Judgment for \$892 has been awarded the First National Bank of Twin Falls against G. G. Seymour. The action was tried in the district court yesterday and was based upon failure to liquidate a promissory note for the amount indicated.

REGISTRATION VOTE REQUISITE

Three Weeks Remain for Listing of Those Taking Part in Primaries

Persons otherwise entitled to vote, who are not registered at the close of Saturday, July 31, will be ineligible to vote in the primary elections of August 3. The new law prohibits the swearing in of voters on election day, and makes it necessary that every citizen shall register for the election this year without regard to whether or not registration was made in previous years.

Registration books will be reopened after the primary elections to permit of registration to qualify for voting in the November elections, but it is incumbent upon the citizen who wishes to participate in the nomination of candidates for county offices at the primary elections to register on or before July 31—three weeks from today.

Registrars have been appointed for each precinct in Twin Falls county. In most cases these registrars are attempting a house-to-house canvass for the purpose of enrolling voters, but 100 percent perfect results, even with the utmost diligence, through such procedure is practically impossible. The law provides that registrars shall remain at a designated station, either at their homes or elsewhere, on Saturdays for enrollment of voters.

Names of the registrars and their residences or places of receiving registrants as designated in county records are as follows:

Twin Falls No. 1—Mrs. E. B. Williams, Bonnet flats, corner Sixth avenue and Second street.

Twin Falls No. 2—Mrs. Mary Gillette, 354 Main avenue north.

Twin Falls No. 3—Mrs. G. W. Bice, Saturday at Burkholder furniture store, Shoshone street west.

Twin Falls No. 4—Mrs. Herman Rixson, 180 Kimberly road.

Twin Falls No. 5—Mrs. Dorothy Thompson, 242 1/2 Main (formerly Togo) street, first street east of Blue Lakes boulevard between Fourth and Fifth avenues east.

Twin Falls No. 6—Mrs. Effie N. Watkins.

Twin Falls No. 7—Mrs. H. P. Wirth, Heyburn avenue east, near Dewey, Golden-Tulsa addition.

Twin Falls No. 8—Mrs. William Stark.

Twin Falls No. 9—Mrs. Thomas Fletcher.

Twin Falls No. 10—Mrs. Dora M. Shaffer.

Twin Falls No. 11—Mrs. Florence Brecher.

Twin Falls No. 12—Mrs. E. C. Bove.

SECOND UNION PARK SERVICE SUNDAY P. M.

The second of the summer series of union church services in the city park will be held Sunday evening at 7:30 p. m. It is planned that these meetings shall be only one hour in length. The young people's meetings of the various churches will be held at 8:30 p. m. following in the order of service for tomorrow.

Congregational singing, "Rock of Ages."

Prayer by the Rev. C. W. Rank.

Announcements by the Rev. A. H. Brand.

Solo by Paul McKinley.

Benediction by the Rev. W. A. Moore.

THIS DISTRICT HAS NO WEEVIL

Twin Falls County Alfalfa Fields Exceptionally Clear of Pest, Report Shows

The alfalfa weevil has been found in every county in southern Idaho in which alfalfa is grown extensively with the exception of Twin Falls and Gooding counties, according to Ralph H. Smith, entomologist of the Idaho experiment station, who is spending the spring and summer in carrying on experimental work on the control of alfalfa weevils and tracing out its exact distribution within the state. The weevil was found to be very abundant and doing injury to alfalfa in the Minidoka project east of Rupert and Burley. It was also found to be fairly established and doing more or less injury to the Dietrich district tract northeast of Shoshone. It occurs in small numbers on Oakley tract south of Oakley and Churchill. A very small number of weevils was found on the extreme north side of the North Side Twin Falls district northeast of Jerome. All of the wheat east of Twin Falls and west of Elmore county is badly infested. The pest has not been found north of the mountains.

Results in Loss.

"The infestation of a county by the alfalfa weevil does not mean that the alfalfa crop will be abandoned," Mr. Smith says, "but it does mean that alfalfa cannot be successfully produced with the same ease that it is at present. In sections where the weevil has become thoroughly established, the loss amounts to from one-third to one-half of the total yield of alfalfa when control measures are not practiced. By spraying with fields with arsenical solutions two weeks before the first crop is cut, the loss can be reduced to a small amount."

"Experiments in controlling the weevil by means of a dust poison were carried on by the entomologist during the spring in Payette county. The dust consists of calcium arsenate or arsenic of less than one per cent arsenic and is applied with a light traction duster which is capable of covering from 60 to 80 acres of alfalfa in one day. The results of these experiments were highly satisfactory and show the use of a much cheaper and more practical control for the weevil than has been before discovered."

May Be Some.

Mr. Smith stated that although he was unable to find the weevil in Twin Falls county in the course of the survey which was made, this only means that it does not occur here in large numbers, because it was impossible to survey fields on which the pest was more than likely that a small number of weevils are present but it will probably be two or three years before they will have increased enough to cause much loss in the fields in which they may now occur.

Persons who wish to familiarize themselves with the habits and methods of controlling the alfalfa weevil, are recommended to send for circular No. 23 of the University of Idaho extension division, and farmers' bulletin 741 of the U. S. department of agriculture.

LINGERIE FOUND CACHED ON FARM

Package of Apparel Located in Secret Place on Hansen Farm—Miss Dunn Identifies

Following information provided by two girls a farmer at Hansen yesterday located a quantity of clothing and underwear stolen from a room in Twin Falls occupied by Miss Nannie Dunn, a waitress. The package was found cached in a remote section of the farm's place which has been delivered into the custody of Deputy Sheriff R. E. Redmon. Clarence Snow is held on a charge of having stolen the goods.

The robbery occurred only this week, it is reported, the clothing being missed after Snow, who is now in the county jail, had visited the young woman's apartments in company of other persons.

According to information possessed by the Sheriff Snow, while carrying a bulky package concealed beneath his coat, conversed with two young women near Hansen last Wednesday. It is related the girls watched Snow hide some goods, facts concerning which and the location of the cache, being conveyed to the farmer who made the recovery.

Without seeing the property, Miss Dunn, it is claimed, has identified nearly everything contained in it. The parcel was composed of silk lingerie, a dress, several silk waists and a mantle set.

Snow is to be arraigned in the probable court this afternoon on charge of theft.

Social Notes

Miss Julia Woods entertained at a dancing party at her home Friday evening. The house and lawn were beautifully decorated with flowers and yellow and white streamers. Punch was served during the evening and at midnight a delicious supper was served.

The invited guests were: Misses Troia, Dennis, Evelyn Wick, Maurine Slifer, Elsie Bowen, Marjorie and Hester Joyce, Faith DeWitt Helen Ennold, Mildred Sam, Helen and Greta Brown, into the White, Goldie Nelson, Hazel Smith, Irene Hall, Hazel Heartfield, Irene Costello, Bonnie Herzman, Mildred Holman and Margaret McKee. FARM EXPERTS WILL VISIT THIS SECTION

Fifty-one County, State and Federal Agriculturists to Arrive Monday

More than half a hundred state, county and federal farm agents will be in Twin Falls next Monday evening and Tuesday. They are making a tour of the state by automobile and are visiting all the important farming sections. On Monday morning they will visit the Minidoka irrigated district, Cassia county in the afternoon and will arrive in Twin Falls during the evening.

Upon arrival in Twin Falls the agents and representatives will be the guests of the chamber of commerce at dinner. Local business men have been invited to join in this complimentary affair.

After inspecting the Twin Falls section Tuesday the party will go to Jerome and Gooding, Canyon, Ada and counties farther north.

FLOW IN RIVER DECLINES FAST

Report Tells of Necessity for Drawing Upon Impounded Supply at Jackson

That the natural flow of water in the channel of the Snake river is so rapidly and permanently declining that recourse to the use of water impounded at Jackson lake has become necessary, according to a statement just sent out from the office of the Twin Falls Canal company.

In this report the statement is made that while on the morning of July 8 there was a wastage of 1000 second feet over the Miller dam the draft of water during that day was so great that by midnight the river had lowered so that all gates had to be closed and are now being calked tight so as to permit no leakage.

At the present time there is a total stage of 780,000 acre feet of water in Jackson lake belonging to the South Side Canal company. It required a period of six days for this flow to reach the Miller dam. This water, however, by several days, as the gates were opened at Jackson lake on July 7. When the extra water reaches the canal it is expected the stream flow will be steadily maintained at 3500 second feet, which has been the flow for the past 40 days.

Deaths

Funeral services for Mrs. C. E. Munson will be held at 3 o'clock Sunday afternoon at the residence. The Rev. Asher H. Brand will officiate. Burial will be in the cemetery under direction of J. E. DeWitt.

Nathan Barahall, aged 70, died at his home in Kimberly this morning. The body is at Grossman's awaiting completion of details for the funeral. This awaits on the arrival of relatives from the east.

DIVORCE BY DEFAULT

Judge W. A. Babcock yesterday granted Earl Anderson a divorce from Anna May Anderson. Cruelty was the charge.

Happy Jack Percy, the professional chimney sweep has been doing good work in Twin Falls fixing up the hospitals and schools and just a few houses he leaves for Shoshone to fix up the courthouse and hospitals on Monday.

H. JACK PERCY.

PROFESSOR KELLEY MILLER of Howard University, Washington, D. C., will lecture here July 13 in the Methodist church at 8 o'clock. The lecture is free and everybody is welcome.—adv.

UTILITY SLOGAN OF COMING FAIR

Worth-while Goods, Produce and Stock Will Be Displayed at Fall Exposition

"Utility is the slogan for the county fair this year. If it's worth making or raising, it will be on exhibition at the fair in September," Secretary J. M. Markel says. "We have some regard for the artist but more for usefulness when it comes to assembling the products for an agricultural exhibition."

Five of the superintendents of departments have already been to the grounds in consultation with the secretary as to the arrangement for space for their respective displays. The women's building has all its available space taken. Division "A", which is the department of fancy work will occupy all the west half of the building except the booth reserved for the Idaho Power company display of electrical appliances. The entire east half will be occupied by the farm bureau home demonstration department. The floral exhibits section will be moved to the booth in the east wing of the produce building.

"I have just turned in the last copy for the nearest list premium list of the secretary announces. The printer has promised to have copies for distribution about the 16th." Then my campaign will begin. The board has just had a permanent office on the grounds where the secretary may be seen busy with correspondence when not out superintending the construction of new buildings or the repair of the old ones. Horses are coming in numbers to train until the racing season gets under way. Attractions are being arranged for what will surely please the crowds."

A business man, whose name is withheld, offered a cash donation to help the fair. "Nix," said the secretary, "this is not a charity institution. We want your money at the gate." The gentleman said he would buy \$100 worth of season tickets when they were on sale.

ANNOUNCEMENT

Dr. J. P. Meyer, recently connected with the Chicago Post Graduate Hospital, has opened offices over Booth Meyer Co. for the practice of medicine and surgery.

Clothing Clings Tight as Humid Condition Holds

ALTHOUGH yesterday's heat was sweltering no high altitude marks were cracked. In fact, suffer though one did from excess of humidity, the top temperature of the day was two degrees below the season's record, which is 92 Fahrenheit.

Low for the night, however, was one mark higher than on the night prior, being 61 degrees. Ominous clouds developing south, west and north-west yesterday afternoon and evening, brought no results; not even relief from the heat. No precipitation was recorded at the government kiosk.

Promise of fair weather, with high temperatures, is given for tonight and Sunday.
