THIRD PARTY PROMOTERS STRUGGLE TO KEEP FUSION OFF ROCKS

Lloyd-George Assures German Envoy the Allies Are Not Bluffing

TREATY OPENS WAY TO POLAND TO BOLSHEVIKI

Peace Between Lithuania and Soviet Russia Reported Signed in Moscow Strikes Severe Blow at Poles

LONDON, (AP)—Peace between Lithuania and Soviet Russia has been signed in Moscow, according to a wireless message from Moscow today.

THROWS LITHUANIA OPEN FOR INVASION OF POLAND

COPENHAGEN, (AP)—The peace treaty recently agreed upon between Lithuania and Soviet Russia gives Russian troops permission to invade Poland through Lithuania, according to reports in circulation here.

The special military correspondent of the Berlingske Tidende at Kovno says that the military pressure of the Bolshevik forces and the moral pressure of the advancing Lithuanian army makes the Poles ready to evacuate Lithuanian soil.

Conditions at Vilna are reported hopeless. The Poles, without food and panic-stricken, are said to be organizing volunteers to garrison the town when the regular troops leave, probably tomorrow. The correspondent says this is likely to lead to fighting with the Lithuanians.

WOMEN TAKE UP ARMS FOR DEFENSE OF VILNA

WARSAW, (AP)—Women are reported to be taking up arms for the defense of Vilna toward which the Bolsheviks are driving along the railway from the northeast.

The capture of Vilna would give the Bolshevik communists a rail route to East Prussia and sever Poland from the Baltic states.

Minsk is in the hands of the Bolsheviks. Fighting in the Minsk region continues.

BRITAIN PROPOSES ARMISTICE WITH ANTI-BOLSHEVIK LEADER

LONDON, (AP)—Great Britain in its recent note to the Russian soviet government has been proposing an armistice between the Bolsheviks and Poland, also.

INTEND SERIOUSLY TO COMPEL OBEDIENCE TO MODIFIED COAL TERMS

Series of Informal Conferences Staged in Effort to Compose Differences and Prevent Break-up of Negotiations at Spa; Both Sides Apparently Disposed to Stand Firm; Ruhr Likely to be Surrounded if Enforcement is Undertaken

SIMONS DECLARES GERMANY STANDS BETWEEN CIVIL WAR AND INVASION

SPA, Belgium, (AP)—Premier Lloyd George received Dr. Walter Simons, the German foreign minister, at the latter's request this afternoon and told him emphatically the allies were not bluffing. The allies, Mr. Lloyd George declared, intended seriously to take measures for enforcement of execution of the Versailles treaty unless the Germans meet the allies' modified terms regarding coal.

SPA, (AP)—The members of the German cabinet held a meeting this afternoon. Dr. Walter Simons, the German foreign minister, just before going into the meeting, said: "Germany is between civil war and invasion."

SPA, (AP)—In an effort to compose the differences between the Germans and the allies over the question of coal deliveries by Germany and prevent a break-up of the conference here, a series of informal conferences was arranged early this afternoon.

First the British premier and the German foreign minister will confer and later Premier Lloyd George and Premier Millerand of France will meet.

No Disposition to Yield

No disposition was shown by Chancellor Fehrenbach and Foreign Minister Simons this morning to yield to the allies on the question of coal deliveries. "The German delegation regrets that the conference may be dissolved without further agreement," said Dr. Simons to the correspondent, "but we have done as much as we could, and await the action of the allies."

The allied ministers appear equally firm in their decision that Germany shall deliver 2,000,000 tons of coal monthly.

In well informed circles it is the opinion that if enforcement is undertaken the Ruhr will be surrounded rather than occupied.

Commanders to Confer

Field Marshal Wilson, of Great Britain, who was summoned here yesterday by the supreme allied council, after the German delegates engaged in the conference in this city had rejected the allied solution of the coal delivery

Foch Comes from Paris

Marshal Foch and General Weygand, his assistant, arrived here from Paris at 3:30 o'clock this morning, and with the entire French delegation, called on Premier Millerand to present their respects on the occasion of the French national holiday. Later the delegates held a consultation before going to the conference.

Constantin Fehrenbach, German chancellor and head of Germany's delegation here, and Dr. Simons, German foreign minister, suggested to the allied governments that they send a commission composed of ministers and experts to Essen to meet working men and their representatives for the purpose of talking over the urgency of increasing coal production. This proposal was made yesterday afternoon, but the premiers have not replied as yet.

AMERICAN EXPERTS DECLARE GERMANY ABLE TO MEET TERMS

WASHINGTON, (AP)—Experts of the United States government, who have examined the capacity of Germany to deliver coal allotted to the allies have concurred in the allied estimates made at Spa of a 2,000,000 tons delivery of coal a month by Germany.

Officials who made this known today declared that while none of the demands made of Germany by the allies might have been unreasonable, there was no doubt of Germany's ability to deliver in excess of 1,400,000 tons of coal a month as a counter proposal to the allies' demands.

World News Events

BERLIN, (AP)—An unknown person removed the French flag hoisted today over the French embassy in honor of the anniversary of the taking of the bastille. Several mobs previously had been dispersed. M. De Marcilly, the French charge d'affaires in Berlin, formally protested to the German government. Another flag was raised.

LONDON, (AP)—The hangmen of Germany have gone on strike for increased wages, says a Berlin dispatch to the Exchange Telegraph today, quoting German newspapers. At Meiningen, according to the dispatch, the execution of a murderer could not be carried out, as the Halle and Munich hangmen refused to work.

MEXICO CITY, (AP)—Ten thousand workers in the petroleum field around Tampico have struck, according to reports received by the department of labor, industry and commerce, and private advices state the number of men idle is nearly twice that figure. The men demand a wage increase amounting to seventy-five per cent. The strike will affect United States interests more seriously than Mexican, according to interviews with workers printed in the Excelsior.

CONSUMING MORE COTTON

Census Bureau Makes Announcement of Comparative Statistics

WASHINGTON, D. C., (AP)—Cotton consumed during June amounted to 535,521 bales of lint and 33,960 of lint-free, the census bureau announced today.

During June a year ago 474,330 bales of lint and 15,983 of lint-free were consumed.

June imports were 19,835 bales compared with 17,269 in June 1919, and exports were 241,450 bales, including 3860 bales of lint-free, compared with 690,169 of lint and 3710 of lint-free in June last year.

Cotton spindles active during June numbered 34,694,754 compared with 33,956,355 in June a year ago.

GOLD OUTPUT DECLINING

Geological Survey Reports Indications of Smaller Production

WASHINGTON, D. C., (AP)—Less gold was produced throughout the world last year than in 1918 and indications are that the 1920 output also will show a reduction, according to the geological survey which on incomplete returns places the 1919 production at from \$345,000,000 to \$350,000,000.

World production in 1918 was almost 381,000,000 of which the United States produced \$55,285,190. Returns for the first six months of this year indicated the United States production for 1920 probably will be less than \$50,000,000.

The reports showed shortage of water for placer mining and many stamp mills closed.

HARDING FEARS NO TELL EFFECTS FROM NEW PARTY

Republican Presidential Nominee Expresses Opinion that Third Organization will Draw Wilson Supporters

MARION, O., (AP)—For the second day in succession, Senator Harding today secluded himself from visitors and continued the writing of his speech of acceptance. Satisfactory progress it was understood, is being made in the preparation of the speech and he hopes to have it completed within a few days.

In order that he can give his complete attention to it no engagements are being scheduled for the next few days.

Preparing for Crowd

Plans are actively under way for the feeding and lodging of the enormous crowds which are expected to visit Marion on Wednesday, July 22. D. D. Crissinger, chairman of the local committee in charge of these plans, announced today that arrangements had been made with churches and lodges to serve meals while numerous quick lunch stands will be erected under the committee's supervision. It is estimated the restaurants can feed from eight to ten thousand persons a day while a local sausage manufacturer has agreed to turn out ten tons of Weinerwurst for the visitors' consumption if necessary.

While housing facilities here are inadequate to care for all visitors expected, a canvas shows 1000 rooms in private homes to be available.

Many delegations are expected to motor to Marion and arrangements have been made for closing certain streets for parking purposes.

Confers With Publisher

After devoting the forenoon to his speech, Senator Harding today conferred with P. M. Marz, publisher of the Pittsburgh Leader, who said he thought the nomination of Governor Cox, as the democratic presidential candidate, assured the senator's election.

He also had his first no. 11 efforts from the formation of a third party, declaring, in his opinion, its strength would be drawn principally from supporters of President Wilson.

Sees No Call for Reply

Senator Harding, when shown a copy of Governor Cox's statement issued today in which reference was made to the senator's plan for a front porch campaign, said he saw nothing in the statement "that justified any response." He also said he was inclined to enter into a "wire debate" with the democratic nominee.

"Some day I will deliver myself of an address in which I will give my views as to the desirability and timeliness of a front porch campaign," Senator Harding added.

PLANS FORMULATED FOR WHEAT FUTURES TRADING

Probable Opening Price at Resumption Ranges from \$2.50 to \$2.75

CHICAGO, (AP)—Plans for the resumption of trading in wheat futures, commencing tomorrow morning, were announced today by the directors of the board of trade.

The probable opening price for December wheat varies from \$2.50 to \$2.75 in the opinion of traders. Deliveries will be quoted for December and November.

Members were notified that, as the lever act continues in force until the termination of a state of war with Germany, the war time supervision of contracts for future delivery in wheat by grade alone will be continued and applied to such trading in wheat.

Recognizing that the attempt to re-establish the open market is being made under unusual conditions, the attention of members is called to the fact that responsibility for the market's conduct rests with them.

OLYMPIC BOXING HEATS

NEW YORK, (AP)—Edward P. Eagen of Yale and William Spengler of New York last night won in the finals of the Olympic boxing bouts in the 175-pound and heavyweight classes, respectively, as the finals of the other heats will be decided tomorrow night. Eagen was awarded the judge's decision after a lively bout with Sergeant Ted Schneider, U. S. A., while Spengler, member of the New York Athletic club, won in the same way over Lieutenant Sam Stewart, U. S. A.

LA FOLLETTE DENIES WISH FOR NOMINATION

World War Veterans Leader Starts Demonstration with Demand for Draft of Wisconsin Senator

SAYS "BOSS RIDDEN CONVENTION" CONCEALS ACCEPTABLE PLATFORM

CHICAGO, (AP)—Senator La Follette does not "deem himself available as a candidate" for the new party presidential nominee. He sent word to the convention that he did not want the nomination.

Immediately after Chairman Walker had announced La Follette's decision not to accept a nomination, Lester Barlow, leader of the World War Veterans, demanded that La Follette be drafted despite his wishes.

Barlow charged that the convention was "boss ridden by a secret intriguing clique," and that its leaders were concealing La Follette's platform for fear the convention would adopt it. His appeal started an uproar and delegates demanded the platform be read.

Leaguers Start Parade

Someone swung a large photograph of the Wisconsin senator before the convention and draped it in an American flag. The Non-partisan Leaguers from the Dakotas started a parade with the state standards and state after state fell into line. Pandemonium reigned for thirty minutes and was punctuated with cries of "read that platform" and "let's adopt it."

J. A. La Follette and Robert M. Buck of the platform committee which Barlow had accused of concealing the La Follette draft, shoved a copy into the speaker's hands and told him to read it when the demonstration subsided.

Chairman Denounces Barlow

When the demonstration subsided Chairman Walker scathingly denounced Barlow for stampeding the convention by a subterfuge, denied the charges of secret proceedings and refused to permit the reading of the La Follette platform.

Convention Resumes in Critical Period

CHICAGO, (AP)—Little progress was made by the new fusion party during the first two hours of its convention today and an undercurrent of dissatisfaction was in evidence throughout the meeting. It once more required the pleas of the leaders and constant conferences to keep open breaks from crop

The platform was not ready for presentation and the convention was kept occupied with minor details of business.

Forty-Eighters to Caucus

The Committee of 48 at an early morning caucus decided to continue its state and national organization regarding the action of the present convention and to meet separately tonight to consider the convention action.

Senator Robert M. La Follette, of Wisconsin, was still being represented in platform conference.

At 11:45 a. m. the platform conference ordered the typing of a third version of a fusion party platform, and announced that "into this breath step amalgamated groups of men and women who perform useful work with hand and brain."

The first plank, entitled "100 per cent Americanism," called for repeal of laws against espionage, criminal syndicalism and sedition, and demanded "restoration of civil liberties and American doctrine."

Election of federal judges, and establishment of the initiative referendum, and recall, the referendum especially applying to war issues "except in cases of actual military invasion."

Favorite Soviet and Sinn Fein

The second plank headed "abolish militarism at home and abroad" demands "withdrawal of the United States from further participation under the treaty of Versailles," and offers recognition to "sovereign governments in Russia and Ireland," "with refusal to go to war with Mexico at the behest of Wall Street."

It asks also for "withdrawal from the dictatorship over the Philippines, Hawaii, Haiti, Dominican republic, Porto Rico, Cuba, Samoa and Guam."

Defies Democratic Control

On "democratic control of industry" the platform declared that "the right

(Continued on Page Four)

CONNECTS COMMUNIST LABOR PARTY WITH THE BOLSHEVIKI AND SPARTACI

CHICAGO, (AP)—Testimony that the communist labor party was affiliated with the Russian Bolsheviks and the German Spartak was introduced by the state today at the trial of William Brock Lloyd, millionaire member of the party, and other communists charged with conspiracy against the government.

A letter said to have been written by Edgar Owens of Moline, Ill., one of the defendants, to Ralph Thacker of Mason City, Ia., declaring that the communists were in line with the Russian and German groups was introduced during the testimony of A. J. Flynn, a

court reporter at the party's convention here a year ago.

Judge Hobel ruled that the letter should be considered as evidence only against Owens.

"The revolution calls you," "Told the letter," "Will you heed that call?" "The letter also declared that 'Munich was the first step toward the revolution' and that the communist labor party and that the remainder of Iowa would take the same step."

A large red flag said to have been confiscated in Owens' home, also was introduced as evidence.

AUTOGRAPHS ON SCENERY UNDER OFFICIAL TABOO

Unthinking Tourists who Deface the Geyser Bowls and Hot Springs of Yellowstone Meet with Quick Discipline

YELLOWSTONE PARK, Wyo. (AP)—Unthinking tourists who deface the beautiful natural formations of Yellowstone National park by writing their names and crude sentiments in geyser bowls and on hot springs terraces are meeting with quick discipline this year. Under an effective system of registration, every tourist entering the park now is being checked in on arrival and checked out on departure and his method of travel noted. If in his automobile, the state number of the machine is recorded. With such information available, conversations like the following sometimes are heard over the park telephone system:

"Hello, hello. Is this the north entrance? All right, Chief Ranger's office speaking. John Q. Blank, traveling in automobile with state license No. 12345, wrote his name yesterday in Old Faithful basin. Hold him when the car checks out."

And when the automobile arrives at the north gate, or any other of the park's four entrances, Mr. Blank or Mrs. Blank or Miss Blank if they should offend, for women are not exempt—is fetched back to headquarters and told politely but firmly that such vandalism will not be tolerated. If he—or she—is willing to remedy the damage by erasing the writing, the incident may be allowed to end there. Otherwise, the law takes its course before a United States commissioner resident in the park. Heavy penalties are provided by statute for injuring the formations in any way.

In all justice to American tourists, however, Yellowstone officials say they have a minimum of difficulty in enforcing the regulations.

JEW TO RESTRICT SALE OF NATIONALIZED LAND

Rights of Development and Inheritance Vouchsafed Under Proposed Plan

NEW YORK, (AP)—While the Jewish people will be permitted to develop and reap the harvest from land purchased in Palestine by the Jewish National fund and also be privileged to leave it to their children, they can never sell it. This is in accordance with the plan of the fund to nationalize the land in Palestine by the Jewish National fund as announced here by Dr. Baer Epstein, the fund's special commissioner, who has just arrived from England.

The fund, he said, will spend \$1,250,000 during the next year for the purchase of barren land which must be reclaimed and made fit for settlement by Jewish renters.

More than 7,000,000 French francs Dr. Epstein added, have already been spent in buying and cultivating 6000 acres of what now is fertile Palestine land and in developing six agricultural colonies and a dozen individual farms. "The fund not only has purchased land for farming," he said, "but it has made extensive purchases in Jerusalem, Tiberias, Haifa, Jaffa, Safed and the other principal cities of Palestine. This city land is used exclusively for public buildings."

GARDEN PLANTS—Early kinds such as celery, Golden Self Blanching and cabbage Copenhagen Market may be planted as late as July 15th with satisfactory results, we have large quantities of them as well as all other plants and flowers. City Tower Greenhouses, Twin Falls. Established for over—adv.

SUPPOSED WIDOW HEARS FROM HER FIRST HUSBAND

Man Reported Killed in Russo-Japanese War Writes after Seventeen Years

TOKIO, (AP)—A letter has been received from a man reported killed in the Russo-Japanese war in North Manchuria by his supposed widow, who has been married to a second husband for nearly ten years.

A sergeant named Jankichi Onishi has been missing since the battle of Liao-yang. The authorities as well as the family of the soldier concluded that he had been killed in the field, and funeral ceremonies were observed. His "widow" subsequently married again, two children being born by the second husband. Now, nearly 17 years since the "death" of her first husband was reported, she writes reporting himself alive in a hospital in Petrograd.

According to his letter, at the time of the Russo-Japanese war, he was taken prisoner and has since been imprisoned in a dungeon, which he was never allowed to leave until, after 17 years confinement, he fell ill and was removed to a hospital in Petrograd.

LENINE DETAILS HIS SCHEME TO REFORM RUSSIA

Asserts Harmonization of Capitalism and Socialism Most Important Problem Confronting Soviet Government

TOKIO, (AP)—Nikolai Lenine, soviet premier of Russia, asserts that the most important problem confronting the soviet government today is how to harmonize capitalism and socialism. He made that statement in an interview in Moscow with the correspondent of the Nishi Nishi. The correspondent quotes him as saying:

"For that purpose, the soviet drew up a special understanding which was made public in America some time ago. Some of the powers mistook the concessions made as a sign of weakness and dispatched expeditionary forces to Russia. The result was a complete failure on their part, financially, militarily and morally."

Hardest Part Done. He admitted that there were yet many difficulties to be overcome before the soviet government was established on a solid basis, but he believed that the hardest portion of the work had been already accomplished.

"It took Russia," he said, "no fewer than 30 years to pass from feudalism to capitalism. There is nothing extraordinary in that. Old systems may be overthrown in a day but it takes a long period to erect a new one. In fact, the longer the period involved, the surer will be the basis of reconstruction."

"The development of a state," Lenine declared, "depends very much upon the education of the rising generation and it is the policy of the Russian soviet to pay every possible attention to the training of the youthful mind."

Would Destroy Landowners. "In regard to the economic prospects of new Russia that is being constructed we believe that efforts should be directed first of all to the destruction of the position of landowners in Poland. This is an essential preliminary to the establishment of a permanent peace and therefore, to the improvement of economic conditions."

CLUB OWNERS CONSIDER BAN ON POP BOTTLE

Used as Missile Soft Drink Container Has Become Menace to Folks on Field

By I. E. SANBORN.

Much as it pains them to admit it, promoters of professional baseball are being forced to consider the abolition of the pop bottle from their grand stands hereafter. The pain is not due to thoughts of the consequent thirst in the throats of their patrons so much as to fear that a stray dime or quarter will escape the "butchers" who peddle the stuff.

For a couple of decades the pop bottle in the hands of the ivory pated patron has been a weapon to be used against umpires, after its contents had been imbibed. More recently visiting ball players became targets for these handy missiles, as the low standard of sportsmanship among baseball fans developed, including at objects of derision the athletes as well as the umpires.

Danger of Injury Grows.

Always a menace to the game, the danger of injury from bottles thrown on the ball field, either carelessly or venomously, has been greater this year than ever before and there have been one or two occurrences that have led to serious consideration of adopting a "dry" amendment to the league constitution whereby the thirty patron refreshment into the stands inside his skin or not at all, thereby reducing him to the level of the camel.

There would be no harm in pop bottles if they could be made out of soft material which could be bounced off the head of an arbitrator or opposing player without injury to the target. But there is a great objection on the part of many patrons to the annoyance of having their view of the combat intermittently cut off by pillars of pop passing or pausing in front of them to vend their sloppy wares or to make change for twenty dollar bills, tendered them by street sweepers off watch. There is also a considerable cost in having one's clothes cleaned and pressed after being the receiver general for a trayful of soft drinks "just off the ice" and consequently dripping dirty water.

Can Abate Nuisance.

These nuisances can be abated and at the same time the danger to the game from the use of pop bottles as weapons can be removed if the club owners will get together and abolish all peddling of soft drinks in hard containers. Let the fans choke to death during a double header if could easily be arranged to sell thirst quenchers at conveniently located booths under the different stands, under something like the old Massachusetts saloon law which provided that nothing liquid could be taken from the place except inside the purchaser. In that way the fans would be deprived of their favorite weapon and would have to tote to the game bricksbats or

gats to use whenever an umpire or player is offended. These would be even more dangerous weapons, of course, but a turnstile could be provided which would "frisk" each patron's hips as he passed through enabling the turnstile expert to ascertain by sense of touch whether anything contraband was concealed on said hips.

Revenue Real Reason.

There is no reason except tradition for the peddling of pop at ball games so far as the fan goes. He or she could become accustomed to that sort of prohibition as easily as the country has to the other. The real reason for the continuance of the peddling in the face of annual narrow escapes from accident, due to crazy bugs hurling the bottles into the field, is the additional revenue that accrues to the club owners. But in these days of high prices of seats the club owner no longer needs the small change derived from the leases or "privileges" which include the peddling of soft drinks in bottles through out the stands.

They probably will go on tempting fate until somebody is killed by one of these missiles and then it will be too late to undo the damage.

Brief Bits of Sport

Big league club owners are on the verge of banning the present sort of pop bottle.

Seems some have recently been broken on the concrete pates of umpires. It is probable that the rubber sort will be used hereafter.

Out of Portatile comes the statement by Associated Press that "Chick" Gandil, White Sox first basing star, was recently "purchased" from Comiskey.

That's a funny one for the steamed A. P. to fall for.

Gandil quit the Sox cold and took up with the outlaws on his own hook. There never has been and could not be any dinkering between Comiskey and the outlaws for the sale of the player.

Anyhow, Gandil is said to be a very sick man, and will shortly have to submit to the knife for the removal of the appendix.

The Burley club lost again Sunday, dropping the game at Buhl to the west-enders.

Wonder how long the Cassians will stand for that sort of thing?

Recently the Caldwell club of the Alcatraz league went over to Boise and literally mopped the earth with the Boiseites.

But that did not prevent Manager Cordes' team winning the pennant for the season, and now Caldwell wants to play a game for the decision.

Sam Smiley, sagebrush sage, says: "Effin' ye save enough daylight ye won't need so much o' th' night light stuff."

Jess Barnes, who thus far this season has won 25 games for the Giants, is getting all sorts of hammering now.

Jess' good right wing seems to have lost its cunning.

And while the Giants are losing games they are also losing favor with the patronizing public, while on the other hand the fast-coming Yankees are gaining in favor.

Report now comes from Portland to the effect that O'Dowd declined to go

on against Ortega recently because the house was small.

First reports said it was because Mike wouldn't stand for Ortega's choice of referee.

Harvey Treckel, formerly of the Minn. club of the old Union association, has been caught in the back tide of baseball and has re-entered the fold of organized ball. He has signed to pitch for Cliff Blankenship's Spokane Athletics.

Treckel started out as an inflied, and was one of the shortstopping sensations of the last days in the Union association. Blankenship started him along the pitching path and finally sold him to the St. Louis Cards.

In the death of Parson Davies sport circles have lost one of the most picturesque characters. He got his name from King Edward, who dubbed him "parson" because he always wore a suit of funeral black.

RIFLE GRENADE HANGS UP NEW TRACK RECORD

Direct's Time for Mile Pace
Clipped 1-4 Second by Mc-Donald Stable Gelling

TOLEDO, O., (P)—A new world's record for 3-year-old pacing geldings was hung up at the Port Miami track yesterday afternoon when Rifle Grenade, carrying the colors of the Lon McDonald stable, paced the first mile in 2:08 1/4, cutting a quarter second off the record held by Direct the Work, made at Lexington, two years ago.

King Watts, owned by George E. Dudley of Youngstown, O., and driven by Lon McDonald, won the Tecumseh 2:12 trot \$5000 stake.

In going away in the first heat Drive Hyde, who was driving Eliza Dillon, was thrown in a collision and slightly cut about the head. Calgary Earl won the 2:07 pace in straight heats while Charlie Red captured the 2:07 trot.

Rifle Grenade won the 3-year-old pace in one, two, three order.

JACK JOHNSON MAY BE AGAIN KIDDING FOLKS

Report Comes from Coast Telling of Black's Intention to Surrender

LOS ANGELES, Cal., (P)—Jack Johnson, former heavyweight champion of the world and now a fugitive from United States justice at Tijuana, Mexico, is expected to return to the United States and surrender without conditions in a few days, according to United States District Attorney O'Connor here.

Mr. O'Connor said tonight he had just received a report from a federal investigator that led to this belief and had accordingly abandoned his announced intention of going to Tijuana to make a personal investigation of the situation there regarding Johnson.

BRITISH SERVICE MEN MAKE CLAIMS FOR AID

Debate in Parliament Discloses 192,000 Former Soldiers and Without Employment

LONDON, (P)—Debate in parliament has disclosed that 192,000 former service men are unemployed and have made claim to government aid for that reason. Of these 24,000 are disabled.

Approximately 140,000 disabled soldiers and sailors have found employment among the 10,000 firms which engaged with the government to help them.

Although many trade unions have volunteered to assist the government to reduce the number of unemployed, Field Marshal Lord Haig has bitterly attacked other unions for alleged discrimination against former service men, particularly those who were disabled in war.

Lord Haig has issued an appeal to employers and others to help him find employment for his former comrades in the field.

How Much is a Million?

The moment you mention a million dollars to some people, they are antagonistic.

They imagine that a million dollars represents a tremendous part of the national wealth.

Instead it represents only one penny for each inhabitant of our country.

Swift & Company last year had an output of 5,500,000,000 pounds. A profit of one cent per pound would have resulted in \$55,000,000.

The actual net profit was \$14,000,000 or one-fourth of what we would have made had the profit been at the rate of 1 cent a pound.

An average profit of only a fraction of a cent per pound indicates a highly competitive condition in the industry and also proves our assertion that packer profits have practically no effect on prices.

Swift & Company, U. S. A.

Goodyear Skill—as Represented in Tires for Small Cars

The high relative value built into Goodyear Tires, of the 30 x 3-30 x 3 1/2- and 31 x 4-inch sizes, results directly from the extraordinary skill and care applied to their manufacture.

To make their quality available widely, Goodyear operates the world's largest tire factory devoted to these sizes.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking one of these sizes, you can equip it with Goodyear Tires at our nearest Service Station.

Go there for the exceptional value in these tires, made possible by Goodyear's resources, experience and demonstrated expertness in tire manufacture.

30 x 3 1/2 Goodyear Double-Cure Fabric, All-Weather Tread, \$2350

30 x 3 1/2 Goodyear Single-Cure Fabric, Anti-Skid Tread, \$2150

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3 1/2 size in \$450 waterproof bag.

GOOD YEAR

COX DEDICATES HIS CAMPAIGN TO NEW DAY CAUSE

Democratic Presidential Nominee Replies to Harding's Charge that Wilson Administration Dictates Issue

COLUMBUS, O., (AP)—Charging that Senator Harding, the republican presidential nominee, has made his "front porch" listening tour, Governor Cox, the democratic nominee, today issued a statement replying to Senator Harding's statement of yesterday that the Wilson administration had saddled the league of nations upon him as the chief campaign issue.

Would Create 'New Day.'

Governor Cox's statement said his campaign will be dedicated to the task of "bringing peace with honor, or adjusting the affairs of civilization and of creating a new day out of which we will make the best of the lessons of the past."

The governor declared the things Senator Harding believes vital and pertinent, "from his isolated perspective will not, in all probability, be so regarded by me."

The governor's statement, given to the newspaper correspondents at the morning conference, followed the "front porch" listening tour of the gentlemen of the press who are assigned here to develop news copy daily. "I have no disposition to discourage that enterprise, but at the very outset it is well that we have this understanding of a very fundamental phase of the present situation."

"Senator Harding has made two definite announcements; that he purposed to hark back to the days of 30 years ago, and that he will make of his front porch a listening post. This means that he will be as far removed from the running current of progressive thought as the senatorial oligarchy of Lodge and Penrose and Snoot has been removed from the heart beats of the American people for a year or more."

Gives Campaign Alma.

"My campaign will be dedicated to the task of bringing peace with honor, or adjusting the affairs of civilization and of creating a new day out of which we will make the best of the lessons of the past. Therefore, things that the senator believes vital and pertinent; from his isolated perspective will not, in all probability, be so regarded by me. His last statement is but a reiteration of what has been said in the past at one time after time so that if this campaign on the one hand develops into mere morning sessions of the senate, you will very readily perceive the uselessness of daily response."

Roosevelt Defends Position on League

HYE PARK, N. Y., (AP)—Franklin D. Roosevelt, replying at his home here today to the charge of Senator Harding that President Wilson had forced the democratic presidential and vice-presidential nominees to accept his view that the league of nations should become the dominant campaign issue, declared he was "quite willing as I know Governor Cox is, let the American people decide whether there will go on to the conditions of 1914 or whether they will join with civilization and humanity in this great step forward."

"The attempt by Senator Harding yesterday," he said, "to bring the true league of nations issue by dragging in the name of President Wilson is merely further evidence of the historical fact that a certain type of senatorial mind cares more about squaring an ancient grudge against an individual than it does to consider the true welfare of the nation."

"History will take care of the great part Woodrow Wilson has played. But the democratic party enters the campaign with the clear cut purpose of proving that the world war has not been fought in vain. Senator Harding says: 'Should the democrats win the treaty and the league will be ratified.' He is right. No one, probably not even Senator Harding himself, knows what would happen should the republicans win. One branch of his supporters, such as Senator Hiram Johnson, assures the nation that a republican victory means no league of nations. Another branch, led by such men as former President Taft, assures the nation that a republican victory means the acceptance of the league with certain undefined reservations."

"One of the prominent issues is thus becoming early and clearly drawn. A democratic victory means ratification

of the treaty and the league of nations, which, as the world knows, is already constituted. A republican victory means that the United States with Russia, Mexico and Turkey shall remain outside. The election of Harding means that in case of future war the United States will enter the war after the conflict has begun. The election of Cox means that the United States in participation with the other civilized nations of the world will, through the league of nations, solve international difficulties and prevent a recurrence of the holocaust of 1914-1918.

PLATFOM DRAFT

(Continued From Page One.)

of labor to an increasing share in the responsibility and management of industry; application of this principle to be developed in accordance with the experience of actual operation."

"Public ownership and operation with democratic control of all public utilities and natural resources, including large abattoirs, stockyards, grain elevators, water powers and cold storage and terminal warehouses," was declared in the fourth plank. It also asked for "government ownership and democratic operation of the railroads, mines, oil lands, pipe lines and tanks, telegraph and telephone lines and electric power." It also asked for "a permanent public policy that no land shall be held out of use for speculation or to aid monopoly, granting of credit to individuals or groups according to regulations laid down by congress, which will safeguard deposits."

Urges Soldier Bonus

"Promotion of agricultural prosperity" by extension of rural credits, reduction of farm tenancy, and legislation to provide co-operation was advocated. On government finance the platform urged bonuses to soldiers, steeply graduated income and inheritance taxes, opposition to consumption taxes, and land value taxation in local affairs.

"A 'bill of rights for labor' ended the document. It criticized congress sharply for failing to satisfy labor, asked recognition of "unqualified right of workers to organize," repeal of the Esch-Cummins transportation act; old age and unemployment pensions eight years and 14-hour week; government control on housing, road building, etc., in times of unemployment; a federal department of education; abolition of private employment agencies; attention to immigration; and enforcement of the women's act."

Presents Minority Report

George L. Record, of New Jersey, one of the committee of 48 assigned to the platform conference, read a minority report after the majority platform had been heard. It attacked the republican and democratic parties on the ground of alleged monopolistic control and attacked congress for failure to tax income; for passing the Esch-Cummins transportation act and for laws limiting the freedom of speech."

RAINBOW DIVISION MEN

NAME TINLEY PRESIDENT

Veterans' Association Concludes First Re-Union in Birmingham; Goes to Cleveland Next Year

BIRMINGHAM, Ala., (AP)—Colonel Alma A. Tinley of Council Bluffs, Ia., commander of the 1918 Iowa regiment in the world war, was elected president of the Rainbow Veterans' association at its first reunion here today.

Cleveland, O., was selected as the next convention city. Other officers included Colonel W. E. Talbot, Texas, first vice president; Sergeant John Hirsching, California, third vice president; and a number of other officers. George Leach, Minnesota, treasurer; Rev. Father Francis P. Duffy, New York, chaplain.

After an hour's parade through flag bedecked streets to Woodrow Wilson park, the delegates enjoyed a watermelon feast and picnic lunch, which closed the reunion.

TREATY OPENS WAY

REVOLUTION IN BOLIVIA MAKES BASIC CHANGES

Political Opponent of President Reported Ousted, Gives His Views on Causes Leading to Revolt

BUENOS AIRES, (AP)—The revolution in Bolivia, according to a dispatch to the Nation from La Paz, took place quietly, with the aid of the army. The deposed president, Guerra, took refuge in the United States, the message stated. President Salvador was declared the official diplomatic corps of his assumption of power.

BUENOS AIRES, (AP)—Dr. Jose Maria Escalier, chief of the republican party of Bolivia, but resident here for several years, which is reported to have overthrown the Guerra government, told the Associated Press Tuesday that he planned to return to Bolivia within a week, having received dispatches that the revolution had been successful in three of the principal Bolivian cities, La Paz, Oruro and Potosi. Dr. Escalier was presidential candidate of his party in 1917 and opposed Jose Gutierrez Guerra, who has been ousted from control and imprisoned.

The revolution in Bolivia, if successful, seems likely to change the complexion of South American international politics.

Dr. Escalier explained the status of affairs relative to an outlet for Bolivia by declaring that, while the Guerra government sought a Pacific outlet through Arica, the title to which is in dispute between Chile and Peru, the republican party claimed the outlet should be through the Chilean port of Antofagasta. This was one of the points that Bolivia lost to Chile in the war of 1880. He asserted the new government purposed to withdraw the claim for the Arica outlet which was presented to the league of nations, and present instead claims for Antofagasta. He indicated Bolivia, which recently has been on the verge of hostilities with Peru—necanting of the former's aspirations regarding Arica would now draw closer to that country.

He said the Bolivian national policy would be American, and that he would follow the lead of the United States regarding the league of nations.

"This is fundamentally a popular uprising for the restoration of the freedom of the press, fair elections and other liberties. It is not merely an army mutiny," he said.

OUTBREAK OF SMALLPOX

DISCLOSES HOSPITAL STOLEN

CONNELLSVILLE, Pa., (AP)—An outbreak of smallpox here yesterday resulted in disclosure that the municipal hospital, a half mile from the city line, had been stolen. As a result the victims of the disease are being quarantined in tents.

MARTENS' EMBASSY TO BE DEPORTED FROM ENGLAND

LONDON, (AP)—Santari Nuorteva, recently arrived embassy of L. C. K. Martens, Russian Bolshevik representative in the United States, has been run to earth by the authorities and will be deported. He was admitted to England through a mistake of Liverpool officials, it was stated.

EVANS AND WARD WIN

MEMPHIS, Tenn., (AP)—"Chick" Evans, Chicago, and James Ward, Kansas City, were winners in the first two matches completed today over the Memphis Country club course in the opening round of match play for the amateur championship of the western golf association. Evans won over B. L. Hickey, Atlanta, 4 up and 3 to play. Ward clubman Tom Prescott, another Atlanta player, one up.

Today's Markets

New York Stock Market

NEW YORK, (AP)—Uncertain financial and industrial conditions continued to weigh upon the stock market today, further price recessions resulting from professional pressure. Sales approximated 600,000 shares.

A firm undertone prevailed at the opening of today's stock market, although trading was less active than at the outset of yesterday's session. Favorites in the equipment, oil and railway groups were particularly short covering, especially American Oil, Mexican Petroleum and Reading in which initial advances extended from 1 to also 2 points. Tobacco, sugar and rubber shares also strengthened.

Shippings were among the weak stocks of the final hour when the shorts removed the aggressive tactics in the equipments and steel. The closing was heavy.

Liberty Bonds

NEW YORK, (AP)—Liberty bonds final prices today were: 3 1/2's \$91.00; first 4's \$89.20 bid; second 4's \$88.40; first 4 1/4's \$86.40; second 4 1/4's \$85.60; third 4 1/4's \$89.00; fourth 4 1/4's \$85.70; Victory 3 3/4's \$95.00; Victory 4 3/4's \$95.00.

Grain and Provisions

CHICAGO, (AP)—Heavy selling by a big elevator interest led to a decided setback of prices in the corn market today. The aggressive selling began after an initial bulge which appeared to be due chiefly to demand from pit speculators and commission houses with eastern connections. Bull support was lacking, however, when the market commenced to drop. Opening prices, which ranged from 1-1/2 to 1-7/8 higher, with September \$1.00 1/2 to \$1.05 1/2 and December \$1.03 1/2 to \$1.05 1/2, were followed by a tumble in some cases to four cents under yesterday's flash.

Subsequently, cool weather retarding black rust together with increased tension as to money had a further bearish influence. The market closed nervous, 3-4 to 3-1/2 net lower, with September \$1.02 3/4 to \$1.03 1/2 and December \$1.00 5/8 to \$1.01 7/8.

Oats gave way with corn. After opening unchanged to 7-8 higher, including September at 70 to 72 1/2, the market hardened a little more, and then underwent a sharp decline.

SAYS JAPANESE LOBBY AGAINST CALIFORNIA LAW

Witness Tells Congressional Committee of Collection of \$100,000 Fund for Campaign Against Legislation

SACRAMENTO, Cal. (AP)—Assertions by V. B. McClatchy, publisher of The Sacramento Bee, that the Japanese in California were collecting a \$100,000 fund for a campaign against anti-Japanese legislation, by the state board of control, that Japanese here never lost their allegiance to Japan were made today at the session of the immigration committee of the house of representatives. The committee is conducting an investigation of immigration conditions on the Pacific coast.

Names Collector of Fund. The collection of the "emergency fund" Mr. McClatchy said, was in the hands of George Shima, president of the Japanese Association of America, but its use was to be directed by K. K. Kawakami of San Francisco, who Mr. McClatchy declared, was the chief representative of the Japanese government on the west coast.

Mr. McClatchy had several tiffs with Congressman King Swope and Isaac Siegel. Mr. Swope charged him with attempting to prove by general statements that the Japanese were a non-assimilable race, while Mr. Siegel disputed Mr. McClatchy's figures that 5000 American born Japanese from California were completing their education in the far east.

Says Buddhist Teach Children. Mrs. Bradford Woodbridge of Rossville, a member of executive board of the state federation of women's clubs, told the committee that in Placer county Japanese pupils in the public schools were taught after hours by Buddhist priests in Japanese schools. She said 17,000 acres of orchard in Placer county were controlled by Japanese.

Mr. Benedict's assertion was made in opening his explanation of the board of control report on immigration. He cited as proof a dispatch from Honolulu to the effect that an American born Japanese who had served in the United States army had received a summons from Tokyo to return to Japan for military service.

DAVIS PINS HOPES ON CONGRESSMEN'S VISIT

Idaho Governor Predicts Renewed Efforts to Get Reclamation Fund

SALT LAKE CITY, Utah, (AP)—The western state interests will renew their efforts to obtain a quarter of a billion dollars from congress for reclamation work next Saturday, Governor D. W. Davis of Idaho, announced at a luncheon here Tuesday. On that date he said a congressional sub-committee is expected to visit reclamation projects in Idaho.

"The government must adopt a national reclamation policy if America is to feed herself," the governor declared. "Unless we secure the water of the farmlands and the amount of production America will be importing wheat within four years."

WILSON IN TOUCH WITH COAL SHORTAGE PROBLEM

Report Showing Present Movement About 50 Per Cent of Normal Sent to President

WASHINGTON, (AP)—President Wilson has kept fully advised as to efforts by the railroad administration, the interstate commerce commission and the coal operators' association, in dealing with the coal shortage situation, and especially at lake ports.

A report by D. M. Eldred, assistant to the director general of the railroad administration, showing the present movement of coal about 50 per cent of normal was sent to the president today with other documents.

Discussing rumors of the possible appointment by the president of a fuel administrator, White House officials warned against intimations that such an official would not be named, explaining that an emergency might arise later to make the appointment necessary.

COX CAMPAIGN MANAGER LEAVES COAST FOR HOME

SAN FRANCISCO, (AP)—Edward H. Moore, campaign manager for Governor James M. Cox of Ohio, democratic presidential nominee, departed for his home at Youngstown, Ohio, today, with Willbur Marsh, treasurer of the democratic national committee. Mr. Moore recently experienced a nervous attack but recovered quickly. Mr. Marsh will attend the meeting of the democratic national committee at Dayton July 20.

JAPANESE NAVY ESTABLISHES WIRELESS TELEPHONE SERVICE

TOKIO, (AP)—The Japanese navy has established a wireless telephone service between warships and airplanes on the wing. According to the naval authorities improved wireless telephone apparatus is now installed on board all the warships belonging to the first squadron and will be extended to all the other warships within the present year.

LIONS CLUBS IN DENVER

DENVER, Colo., (AP)—Representatives of 200 Lions clubs of the United States and Canada opened their annual convention here today. Officers will be elected Friday.

LETTERS FIX BLAME FOR IRISH PLANK FAILURE

Confiscated Communications Declare Cohan Group is Responsible

LONDON, (AP)—William Barry, an Irish electrician, sentenced yesterday to two months imprisonment for bringing arms and letters from America for Sinn Feiners, declared they were given him by an unknown man for delivery to a Liverpool address which he claims was lost.

The magistrate sentencing the prisoner, said he appeared to be part of a system regularly employed to convey communications between the Sinn Feiners in Ireland and their agents and sympathizers in America.

The letters presented to the court included a covering letter signed "John" and addressed to "Michael" who, the police say, presumably is Michael Collins, Sinn Fein member of parliament for Cork.

The letters reported failure of the Sinn Feiners to obtain inclusion of their plank in the platform adopted at the republican national convention in Chicago and comments on the split between the Cohan and De Valera groups.

The letters stated that efforts to get the Irish plank into the republican platform were thwarted because "ground undermined by Cohan group by introduction of resolution of more sympathy" and said Cohan, De Valera, Diarmuid Lynch and Richard Dalton were identified with this group.

LA FOLLETTE DENIES

(Continued from page one)

Fusion party were at the time of the all-night conference of the new body's resolutions committee dragged along today in an effort to get together on a platform acceptable to Senator La Follette.

The extreme left, which yesterday controlled the amalgamation and forced its platform dwellers on the more conservative elements in the convention, the more radical elements of the radical party of the probable presidential nominee of the new party. Forty-eighters, who constitute the right wing group of the fusion movement are bitterly opposed to the more radical ideas of the radical party. In this stand, they have the support not only of La Follette, but of several minority organizations subscribing to the political combination.

Single Taxers Withdraw. The first evidence of a possible breaking up of the new party movement followed last night's session when the Single Taxers withdrew, adopted their one plank platform and nominated presidential candidates. For president they chose Robert C. Macaulay of Philadelphia, and for vice president they selected R. C. Barnum, of Cleveland. They quit the new party, Jerome C. Reis, a single tax leader, said, because it was only apparent they could not obtain their platform desired and a candidate committed to them but also because they "could not stand the socialist ideas" of the dominant labor group.

Tumult from Start.

The birth of the new party yesterday, after five days of conferences, was attended by tumultuous scenes involving jealousies and group antagonisms. In the very beginning, the labor party organization took control and steered the course until consideration of the platform resolutions was begun. Several planks had been read, and approved when Forty-eighters began to interpose strenuous objections to their relegation to the background.

They followed quickly demands for revision of the procedure by which the resolutions were being passed. In an effort to placate the angry delegates, the chairmen suggested the chairmanship to Parley Christensen of Utah, who presided over the original Forty-eight convention.

Laborite Concession Falls.

The concession failed utterly, however, to iron out the widely divergent views on party planks. As a result, the fusion movement was again placed in practically the same position in which it has been during more than 50 hours of backing and pulling in conference committees.

Leaders of both factions are eager to avert a breach but yesterday's prolonged session showed plainly that their ability to control and direct the convention's action has been strained to the breaking point. The slightest appeal to prejudice and passion, the leaders feared last night, would start a stampede that would undo all they had accomplished.

Forty Minutes Late.

The convention was 40 minutes late in convening today. An hour and a half was consumed in selection of teller and determining how the delegations should vote. It was decided that a state's vote should equal its electoral vote.

Relations were becoming strained between the labor party leaders and the representatives of the Committee of 48. During the long delay in getting down to action an agreement was reached among the Forty-eighters to hold a separate meeting in their former convention hall, at 7 o'clock tonight.

They will decide then whether or not the fusion convention action has been satisfactory to their followers.

To buy the right thing instead of the wrong one may mean to buy satisfaction instead of regret and vexation study the ads.

FIRST SCALING OF PIKES PEAK IS CELEBRATED

Colorado Springs Observes Anniversary of Feat of Dr. Frank James with Ceremonies on Serpentine Highway

COLORADO SPRINGS, Colo., (AP)—One hundred years ago today Dr. Frank James, the famous outlaw, was the first to scale Pikes Peak, 14,110 feet above the sea. Since that time two million persons have made the trip and today Colorado Springs is celebrating the anniversary with ceremonies along the 18-mile serpentine highway to the summit.

Lieutenant Harold M. Pike is credited with the discovery of the mountain in 1806. As hardly a year was the discovery, he declared the peak was inaccessible and none dared to doubt it until July 14, 1820, when Doctor James, a member of the Major Long expedition, succeeded in the attempt.

Major Long christened the mountain James peak but the pioneers and plainmen persisted in giving it the name of the discoverer and Pikes Peak it has remained.

The history of tourist travel to this most famous spot of the Rockies has been that of the development of highway transportation. First came a bridle path, in 1829 two years later a wagon road and in 1910 the present motor highway, winding around the mountain in devious curves, with precipitous rock walls flanking the road on the one hand and deep ravines on the other, was completed at a cost of \$300,000. It has an average grade of 7 per cent and a maximum of 10 1-4 per cent. It has 20 feet wide except at the curves which were extended to 50 feet for the greater safety of the motorist.

Pikes Peak is eight miles in an air line from Colorado Springs and the greater part of the mountain is capped by Colorado Springs to safeguard the city's water supply. In April 1919 a government war tank attempted to climb the peak but was blocked by snowdrifts. A month later a caterpillar tractor made the ascent. Walking races, burro races, motorcycle and automobile races have been held on Pike's Peak. The first airplane to cross the peak was flown over the mountain on August 3, 1919, piloted by Alexander H. Lindrum of Colorado Springs.

The record for motor over the 12 miles from Crystal creek to the summit is held by Ralph Mumford, who made it in 18 minutes 26 seconds.

Next September the automobile hill-climbing contest, discontinued during the war, will be resumed. An airplane race from Denver around Pikes Peak and return will feature the event.

STORM ISOLATES TOWN OF MOSCOW

Numerous North Idaho Communities in Path of Violent Weather Disturbance

SPOKANE, Wash., (AP)—The town of Moscow, Idaho, in the heart of a rich wheat and orchard farming district, and the seat of the Idaho university, was cut off from the outside world last night by the effects of a combined electrical and wind storm, that brought in its wake a deluge of water which had assumed cloudburst proportions.

The storm struck at about 6 o'clock, and four hours later no word had come from the stricken community as to the extent of its damage, although reports from Lewiston, Idaho and Genesee, Idaho and Pullman, Wash., and other points about Moscow indicated clearly that the Idaho town was at the approximate center of the storm disturbance.

Lewiston in Storm Path.

First word of the storm came from Lewiston, Idaho, down the valley of the Snake river from Moscow and about 20 miles due south on an air line but considerably further by road. At Lewiston, the reports said, heavy rain and lightning had put a local power plant out of commission, marooned an outbound passenger train and caused damage to buildings and crops. There had not a report from Genesee, Idaho, south and east of Moscow, reporting a severe storm there but without details of damage. Pullman, eight miles west of Moscow, next reported that a storm including an intense electrical cloudburst of very brief duration had left havoc behind it there and Wavayal on the Snake river and outlying points at Pullman similar reports were received.

In none of the definite reports was there mentioned loss of life, although property damage seemed to be heavy judging from first accounts.

Communication Re-opened.

When communication was finally re-established with Moscow at a late hour last night it was learned that while there had been a heavy rainfall with electrical disturbance and the property damage reported from other sections had extended into that vicinity, the town had not suffered any more than other places which were not cut off from communication. It was reported that a train had left for Lewiston, Idaho and would arrive there about midnight, with full information about conditions in the Moscow district.

FARM FIRE'S TOLL

Of 38,266 fires involving farm property in the United States last year, 70 per cent were due to negligence and preventable, according to figures compiled by the National Board of Fire Underwriters. Uninsured buildings or those insured in local mutual companies destroyed by flames are not included in the total. The loss is estimated at \$19,166,701.

Analysis of the loss shows that lightning was the principal incendiary and that not one building fitted with lightning rods properly wired was destroyed by fire this year. Years ago the farm building without its lightning rods was an exception; today the reverse is true. Defective chimneys, which a little care would remedy, come second as a cause.

A farm house is not often set afire by lightning, but barns are its especial prey. Being filled with material that is readily inflammable they quickly ignite and usually nothing can be done to check the flames. Since the means of fighting fire once started in the farm buildings is so limited, due to isolation, it would seem that regard for one's welfare would demand careful inspection of fire hazards. A heavy charge is made against neglect by entirely preventable farm fires, with a loss last year of \$6,000,000. High cost of replacement would seem to make it the part of wisdom to exercise the proverbial ounce of prevention.

LONDON HONORS PERISHING

Presentation of a sword to General Pershing by the city of London was buried in the news dispatches of the day, but it was a handsome acknowledgment of the part American soldiers played in winning the victory and helping to make amends for the grudging way in which a British military leader mentioned our troops' part in the war. Every veteran who went from these shores to save Europe and America from German rule was thus honored through their commander.

A sword presented by the people of the British capital to a distinguished American soldier passes almost unnoticed, but it is an event whose importance is not to be minimized. It is not an expression from one Englishman, or a little group of Englishmen, to an eminent citizen of the United States, but a gift from millions of Britons whose sentiment for America it expresses.

HEROES ON PARADE

The democrats are hero-worshippers in a nation and where they have a man of their own whose achievements they regard highly there is no amount of noise they are not willing to make for him. Many years ago when Horace Boies was governor of Iowa the Iowa democrats made him a candidate for president and in democratic circles it was easy to secure three cheers for Boies. In those days there were a lot of enthusiastic young democrats in Iowa who had to do something to avoid being lonesome. At their state conventions they

had one fad, unveiling a picture of Governor Boies. This tableau pleased them greatly. The young fellows never grew weary of unveiling the ropes to lower the Boies picture.

This was not altogether an Iowa fad. When the democratic national convention met in St. Louis William Jennings Bryan was the idol. They did not unveil a picture of Colonel Bryan but had a large bust of him in the center of the great convention hall. It was white and apparently made of a wax. The worshippers were so intense that the bust had to be turned around in order that the Colonel might face toward everybody at some time during the session.

It was a regular Buddhist style of worship. The dispatches state that this old spirit of hero-worship still remains in the democratic party. It has been doing some stunts at San Francisco. When everything lagged and when Colonel Bryan was about to take control of everything against the world-hero and the builder of large and small nations, they lowered a picture of Woodrow Wilson. Then the cheering gang broke loose and it is related that by this means Woodrow Wilson captured the convention practically insuring the nomination of his son in law for the presidency. This dramatic effect might be charged to the spirit of the movies in which son in law has been engaged for a year, was it not for the fact that other pictures and other tableaux and other busts have aroused the democrats to action in times past.

Up to the time the string was pulled and the picture was unveiled it was difficult to arouse genuine enthusiasm for Woodrow. After that it was easy.

We find no fault with these happenings. The democrats have a right to be happy over on the other shore. They bought their own railroad tickets; they are playing for their own food, unless perchance some of the candidates are someone. We shall be glad to see the democrats when they return and permission will be granted for more pictures and more strings and more unveilings.

AWAKENING PEOPLE
TO DUTY OF LOYALTY

Twin Falls Will Be Scene of a Mass Gathering of the United Americans

With 3,000 people attending the loyalty meeting at Nampa under the auspices of the United Americans, 2,000 at Emmett, 1,000 at Payette, 600 at Weiser and at Caldwell the first week of the campaign of that organization conducted to re-arouse interest in patriotism and in the duties of citizenship proved most successful.

During every part of present week meetings were held at Glenna Perry, Gooding and Shoshone and are scheduled for Rupert on the 16th and Burley on the 17th.

A big meeting is scheduled for Twin Falls on July 19, followed by meetings at Buhl on the 20th, Ellettsburg on the 21st and Jerome on the 22nd.

For southeastern Idaho the schedule so far as outlined is as follows: Pocatello July 23; American Falls July 27; Soda Springs July 28; Montpelier July 29; Shelley July 30th; Blackfoot July 31; Idaho Falls Aug. 1 and 2; Rigby Aug. 3; Rexburg Aug. 4; St. Anthony Aug. 5.

Dr. Frederick Vining Fisher is accompanying Secretary Manager Frank A. Chase on this tour. His addresses on Americanism arouse intense interest and his illustrated talks prove most entertaining. Mr. Chase is also a most convincing and interesting speaker.

We are sowing seeds of loyalty and good citizenship, said Secretary Chase. That is our whole mission. We are not interested in politics or sectarianism but merely in delivering this message of Americanism.

Secretary Meredith Announces Ban is Still on Against the Australian Cattle

The embargo against the importation of Australian cattle and sheep into the United States will not be lifted until the Australian authorities succeed in eradicating contagious pleuro-pneumonia in that country, according to a statement made by Edwin T. Meredith, secretary of the department of agriculture, in a recent letter to an inquirer upon this subject.

The inquirer called attention to an article published in an Australian trade paper purporting to contain a statement by the chief inspector of stock of New South Wales to the effect that there is no foot-and-mouth disease in Australia, and that as contagious pleuro-pneumonia is purely a disease of cattle, and can be carried only by them, its existence in Australia is not a good reason for the embargo against sheep.

While agreeing that sheep are not subject to pleuro-pneumonia of cattle, the secretary pointed out that "there is no positive evidence that they may not serve as carriers." The disease, he said, was "only finally eradicated from this country in the early nineties, after the inauguration of methods of operation which included the elimination of possible indirect sources of infection, one of which was believed to consist in the possibility of sheep carrying the infection in their fleeces."

"The department, therefore," the secretary said, "having in view the responsibility imposed upon it by law of protecting the cattle interests of the United States, has felt compelled to decline to issue permits for the importation of cattle, sheep, or other ruminants from countries in which either foot-and-mouth disease, dinderpest, or contagious pleuro-pneumonia of cattle exists, and it is considered that until such time as the Australian authorities succeed in eradicating contagious pleuro-pneumonia from such commonwealth, favorable consideration cannot be given to the importation of either cattle or sheep from Australia."

CALL FOR COUNTY WARRANTS

The following county warrants will be paid upon presentation at the County Treasurer's Office, Twin Falls, Idaho. Current Expense Warrants Nos. 864 to 1,392 Inc., 1920 Series. (The above Current Expense Warrants includes all outstanding warrants.) County Hospital Warrants Nos. 189 to 302 Inc., 1920 Series. Interest on the above warrants ceases July 20th, 1920.

Dated and posted July 10, 1920.
E. L. WARREN,
County Treasurer.

ENLIST PHYSICIANS' AID

Medical Associations of United States Inaugurate Campaign for Education of Afflicted Ones

WASHINGTON, (AP)—Medical associations of the United States have inaugurated a nation-wide campaign for the treatment and education of children who are deaf or dumb or both. A joint committee including members from each organization has been appointed to draw up plans.

Assistance of state medical societies, state boards of health and from congress will be sought in order that the campaign may be quickly made effective. It is planned to list all children suffering from defective oral or auditory organs; to establish day schools throughout the country for the instruction of these special pupils and finally, to standardize the course of instruction, according to the most modern methods.

FREE kindling wood at the Warren Construction company. Next the Sterling Creamery.

Store competition operates now as a way to keep prices low. Goods are down to the lowest possible basis. This law of trade is considered so essential in our business life that laws are made to prevent combinations whose object is to gouge the public through agreement. To profit fully through the competition of the stores you must keep in close touch with store advertising.
