BOLSEVIK PROFFER OF PEACE TO POLAND AVERTS WORLD CRISIS

JAPAN LOOKS TO CONFERENCE ON CHINESE CRISIS

Foreign Minister Suggests Interested Parties May Be Prompted to Give Fuller Attention to Situation

PEACE ENVOYS GET COOL RECEPTION AT TIEN TSIN

Advance of Feng Tien Troops on Way to Peking Continues Although Fighting South of the Capital City Ceases

TOKIO, (P)—The holding of a conference by interested parties at Tokyo to discuss conditions in China may become necessary, according to a statement by Viscount Gihda, foreign minister, to the house of peers, made in reply to an interpellation concerning Japan's Chinese policy. He said, however, that the time for such a conference had not arrived yet.

Personally, the foreign minister did not fear the present civil war in China would spread throughout the country. Japan, however, he declared, was fully prepared to act according to what developed.

TIEN TSIN, (P)—Peace delegates have arrived at Tien Tsin, but were coolly and suspiciously received. Former Premier Chin Yang Peng, who left for Mukden to confer with Chang Tso Lin, governor of Feng Tien with a view to bringing about an early peace.

Cholera Outbreak Feared.

Indescribable confusion exists on the railway at Yang Tsi and at the Feng Tien rail head. The militarists are intimidating the railway men with the consequence that the lines are badly congested. Everything is becoming complicated and with the neglect of sanitary precautions, an outbreak of cholera is feared, unless drastic measures are taken immediately. The international red cross is working at Tien Tsin today, but otherwise the congestion continues.

While fighting to the south of Peking has ceased, the advance of Feng Tien troops on their way to Peking continues. The Feng Tien troops are approaching Bengtong from two directions and the Anfu-tes already have evacuated Bengtong, retreating along the Kalgan railway.

Some trouble was experienced Friday near Taku, southeast of Tien Tsin when an attempt was made to disarm 2000 Kwang Tung troops on their way to Peking. The troops refused to disarm and a thousand of them escaped into the country with their rifles, while the remainder were disarmed after a fight from which a number of casualties resulted.

Airplane Attack Confirmed.

Reports that an airplane was used for bombing Feng Tien troops are confirmed. "It appears the plane was taken up by a Swiss mechanic who had never flown before, and that 45 bombs were dropped from a height of 9000 feet."

REPORTS INCREASE IN FRUIT AND TRUCK SUPPLIES

WASHINGTON, (P)—Fruits, vegetables and all forms of garden truck are now on markets in supplies here 10 and 15 per cent greater than during the same period in 1919. The United States bureau of markets reported today. The movement to consuming markets by railroad, the bureau estimates is now 2000 cars a day, and as much more normally comes to the larger centers by truck and local haulage.

Turkish Commander Sends Non-Fighters Out of Adrianople

ATHENS, (P)—Colonel Jafar Tavar, Turkish nationalist commander at Adrianople, has evacuated the non-combatants from that city, according to dispatches from Thracian Friday.

The Greeks are crossing the Maritima river under heavy fire from cannon and machine guns, which the dispatches say the Turks planted on top of the mosque.

LENINE VOICES HIS VIEWS ON WORLD ISSUES

Bolshevik Dictator Says Economic Crisis and League of Nations Failure Promote Internationale's Aims

MOSCOW, (P)—Nikolai Lenin, the soviet premier, speaking at the opening session of the third international, Monday, stated that the world's economic crisis and the failure of the league of nations to realize and unite the interests of capitalistic governments were the most important factors promoting the aims of the third international, one of which was to consolidate and organize world revolution.

Calls for Blockade of Poland.

After Lenin's address, in which he declared among other things that the entire capitalist system of the world was threatened with collapse and that the league of nations contributed to communism, the international adopted a resolution calling on the workers of all nations to institute an economic blockade of Poland. Lenin pointed out that even in countries where there were the most favorable conditions, such as America, Japan and England, the increase in the cost of living was disproportionate to the rise in wages, and declared that those who benefited in all countries were an infinitely small proportion of the population.

Internationals Prefer Revolution

The deportation of 500 communists from America would not help the capitalist regime while used among the laboring classes were ripe for a broad revolutionary movement and the task of this international was to consolidate and organize world revolution, he said.

The collapse of the entire capitalist system was threatened, Lenin said, owing to the impossibility of settling war debts without involving many countries in economic ruin and because of the hopelessness of reconstruction under a capitalist regime. English economists such as Kent, he declared, had already advanced the idea that annulment of war debts was necessary for the re-establishment of international credit.

League Aids Communists

The league of nations, a prey to an-

World News Events

ROME, (P)—The general strike declared in Rome early in the week in consequence of fighting between tramway workers and street crowds has ended. Work has been resumed in all industries.

BILBAO, Spain, (P)—Twenty-five thousand metal workers struck Friday, demanding a 110 per cent increase in wages.

PARIS, (P)—The German peace delegation here has asked the supreme council for authorization to reinforce the troops in eastern Prussia with volunteers and to occupy Marienweder and Allenstein where the recent plebiscites gave a large majority in favor of German sovereignty.

LONDON, (P)—The judicial committee of the privy council has dismissed the appeal of the American trans-Atlantic company from the prize court judgment condemning three ships claimed by the company, originally they were really the property of Hugo Stinnes, the German coal magnate.

ARRANGE HUNT FOR WALES DIAZ WILL LEAVE MEXICO

Hon. to British Throne to Pursue Kangaroo by Motor in Australia

MELBOURNE, Australia, June 28.—A kangaroo hunt by automobile is one of the entertainment planned for the Prince of Wales when he visits the country districts of Australia. The hunt will take place upon the sheep station (ranch) of Lee Falkner at Bora, New South Wales. Mr. Falkner said here today: "The kangaroo drive in which the prince will take part will be neither child's play nor cold-blooded murder but as fine a sport as is to be had in

MEXICO CITY, (P)—General Felix Diaz, erstwhile revolutionary leader in the state of Vera Cruz, is ready to leave the country, considering the revolutionary movement ended, according to an announcement last night by the war department. Most of General Diaz's forces have been disbanded, it is stated, and the remainder are being paid off under the war department's supervision.

REIGN OF TERROR CONTINUES SWAY THROUGHOUT ERI

Quiet in Belfast is Regarded as Lull Before Storm; Military Reinforcements Arrival is Expected

POLICE CHARGED WITH WRECKING OF VILLAGE

Cork Dispatch Reports Numerous Injuries Resulting when Civilians are Fired on in Burning Homes

LONDON, (P)—Kilmaleck, 19 miles south of Limerick, was wrecked by a band of police last night, according to a Cork dispatch to the Evening News. Several persons were injured. The police are reported to have fired volleys while the citizens were trying to put out fires which were raging in the houses.

LITTLE FIGHTING REPORTED

BELFAST, (P)—Beyond a few cases of isolated fighting, the city was quiet this forenoon although this was regarded generally as merely a lull in the storm. Military reinforcements were expected to arrive today.

The police have created a sensation by alleging that the Sinn Feiners on Thursday night employed explosive bullets which terribly wounded their victims.

UGLY SITUATION AT DRAMORE

DRAMORE, Ireland, (P)—The situation here assumed an ugly aspect last evening following the disorders Thursday night in which the house of a prominent Sinn Feiner was attacked and burned, and shops belonging to nationalists were in turn attacked and badly damaged, military reinforcements finally being sent to aid the police. The more serious development occurred when a crowd burned the Catholic club to the ground and badly wrecked the parish house.

When the police arrived on the scene of this outrage they were unable to disperse the crowd by ordinary means and used their pistols, one man being shot dead.

Caucasus Musselmans Turn on Bolsheviks

PARIS, (P)—The musselmans of the Caucasus have turned against the Bolsheviks, according to news received Friday by the foreign office and have reached an agreement with the Cossacks to drive the Bolsheviks from the region. The union of Cossacks and Musselmans is said to have been provoked by excesses of the Bolsheviks who are accused of persecuting the inhabitants.

ARMY ENVOY TO BERLIN LEAVES ON MISSION TO MOSCOW

BERLIN, (P)—Victor Kopp, Russian soviet diplomatic agent in Berlin, left for Moscow today on a mission to the government acceleration of the return of German prisoners from Siberia with the approach of winter.

It is believed here that his mission has directly on the Russo-Polish situation.

MILLERAND PLEDGES REWARD FOR POLES' EXPECTATIONS

PARIS, (P)—The role of the French mission now on its way to Warsaw, said Premier Millerand to the senate today. "It is to get an accurate idea of the situation, to support the army march with its power as newly formed Polish military and to advise us as to the army's needs in material, munitions and instructors."

MEXICAN ARMY OFFICERS TO BE PAID 75 PER CENT CASH

WASHINGTON, (P)—High army officers and government officials in Mexico will be paid their salaries on a basis of 75 per cent in cash and 25 per cent in scrip under the decree recently signed by President de la Huerta the state department was advised today. Civilian employees of the Mexican government have been on the 75-25 per cent basis for some time.

FIRE SWEEPS TEXAS TOWN

POURTA, TEXAS, (P)—A bank, the hotel and two dry goods stores were destroyed by fire which swept three blocks of the business district of Pourta, in the Texas oil fields. The loss was estimated at half a million.

SOVIET GOVERNMENT ORDERS NEGOTIATION FOR ARMISTICE

Red Army is Entrusted with Preparations for Future Peace Between the Warring Nations

RUSSIA'S REPLY BRINGS IN SIGHT POSSIBLE WAY OUT OF SITUATION

PARIS, (P)—A wireless message from Moscow today, says the Havas agency, announces that the Russian soviet army is falling back, on the order of the soviet commander.

LONDON, (P)—The soviet government of Russia today notified Poland that the soviet army command had been ordered to begin immediately negotiations for an armistice, it is announced in a wireless dispatch from Moscow today.

The following telegram was dispatched by General Tschiborin, Russian soviet foreign minister, to Prince Sapieha, the Polish foreign minister, at Warsaw, at 1:15 o'clock this morning:

"The Russian soviet government has given orders to the supreme command of the red army to commence immediately with the Polish military command negotiations for the purpose of concluding an armistice and preparing for future peace between the two countries. The Russian command will advise the Polish command as to the place and date for commencing negotiations between the military commands of the two sides."

Military Takes Action

Another message, signed by Vasileff and Khvostovskiy, for the chief headquarters staff and the revolutionary military council, was sent to the higher military command in Warsaw, marked "very urgent", and acknowledged receipt of the soviet government's order to begin negotiations with the Poles.

The message reads:

"The supreme command of the red army has received the order of the soviet government to enter into negotiations with the Polish military command on the question of an armistice and peace between Russia and Poland. The supreme command will send representatives furnished with full powers to a place which will be designated by the command of the Russian front, who will inform you of the place and date when the Polish representatives will be invited to attend."

Russia's reply to Poland's application for armistice negotiations brings in sight a possible solution of one of the most serious crises which Europe as a whole and the nations in particular have had to face since the conclusion of the armistice with the Germans in November, 1918.

The official world of allied Europe has been stirred to its depths and the soviet armies through territory held by the Poles to the very borders of Poland proper, with a menace to Warsaw and the virtual wiping out of Poland as a nation. The Poles are expected to be fighting to stem the momentum of the southerly drive which is swinging the reds toward Poland's new capital, but in many places the tired Poles are compelled to withdraw, without much resistance, in the face of overwhelming numbers of fresh Bolshevik troops.

POLES ANNOUNCE FURTHER SUCCESSSES ALONG NIEMEN

WARSAW, (P)—The Poles and Bolsheviks were fighting Friday for possession of Grodno. In a counter attack the Poles captured two of the Grodno forts and the southern part of the town, which was taken in hand-to-hand fighting.

A communication issued by the war office Friday announces further Polish successes along the Niemen, where the Bolsheviks have been pushed back at several places, the Poles capturing two cannon and some prisoners. The fighting is continuing.

The Bolshevik thrust in the direction of Bialystok, west of Grodno, has carried them past the Polish boundary line set by the council of ambassadors. Along the railroad in this region the Poles are reported to be fighting to stem the momentum of the southerly drive which is swinging the reds toward Poland's new capital, but in many places the tired Poles are compelled to withdraw, without much resistance, in the face of overwhelming numbers of fresh Bolshevik troops.

SUGAR SELLS AT 22 CENTS POUND IN NEW YORK

NEW ORLEANS, (P)—Granulated sugar was being extensively retailed at 22 cents a pound here today. One dealer announced he would sell as high as 100 pounds to a customer.

The Japanese liner Yefuku Maru arrived yesterday from Java with 19,000 pounds of Java raw sugar consigned to the American Sugar Refining company.

KANSAS MINERS CHIEF ASSERTS STRIKE IMPENDS

Howatt Says Coal Diggers will Start Cleaning Up Mines Preparatory to Walkout in Protest of Fines

REVISION OF IOWA WAGE SCALE FORMALLY ASKED

Eight Hundred Men Ordered to Resume Work in Arkansas Fields Following Signing of Mutual Agreement

PITTSBURGH, Kansas, (P)—A strike of the Kansas coal miners next week is impending, Alexander Howatt, president of the Kansas miners asserted today. He said the miners would start cleaning up the mines Monday preparatory to a walkout. The strike, it was explained, will be in protest of fines levied against the miners for refraining from working on Saturday.

It was intimated at the headquarters of the Kansas miners today that at least half of the miners of the district would be affected by the deduction from their pay today. The miners will be short \$1 and \$2. Some of them worked one Saturday in the last two months and worked neither one.

Officials of the operators organization say that the contract provides for the fines and it has been deemed necessary to follow the contract.

The deduction from the pay of the men is denounced as "outrageous" by Howatt. In a large number of cases, Howatt says the men were given no work during the week and objected to going to work on Saturday.

Ask Scale Revision

DES MOINES, Ia., (P)—A formal request for a joint conference to consider revision of the wage scale for bituminous miners in Iowa is contained in a letter written today by J. C. Lewis, president of District 13, United Mine Workers of America to D. C. Cushing, president of the Iowa Coal Operators' association.

ARKANSAS STRIKE ENDS

INDIANAPOLIS, Ind., (P)—Eight hundred coal miners in the Hartman and Spadra field in Arkansas were ordered to work today following the signing of a mutual agreement reached here today.

JAPANESE PAY TRIBUTES TO AMERICAN MISSIONARY

Notable Reception Staged in Tokio for Rev. Clay MacCauley on Eve of Return Home

TOKIO, (P)—A notable reception was held recently for Rev. Clay MacCauley, of Boston, who after 31 years of missionary effort in Japan, as the representative of the Unitarian church, will return to his home country in July. Dr. MacCauley was hailed as an American who had labored "for the promotion of religion, liberalism in Japan, a better understanding and good will between the United States and Japan and the furtherance of international co-operation and peace." Among the organizations which joined in the public tribute were the American-Japan society, the American association, the American Peace society, the Asiatic Society of Japan and the Association of Concord.

Dr. Sakamoto presided and the speakers included Viscount Kaneko and other prominent Japanese who voiced appreciation of Dr. MacCauley's long and helpful work for all things for the bettering and uplifting of mankind.

ARMY FLYERS REACH FARGO

Planes on Way from Minnesota to Nome Arrive at Fourth Control Station

FARGO, N. D., (P)—Four army airplanes, en route from Minnola, to Alaska, departed at 10:45 a. m. today for Fargo, N. D., the next scheduled stop. The aviators expected to reach Fargo this afternoon.

FARGO, N. D., (P)—Four army airplanes on their flight from Minnola, N. Y., to Nome, Alaska, arrived at 1:15 p. m. today from Fort Snelling, Minn.

DECIDING RACE FOR CUP POSTPONED BECAUSE OF 25 MILE SOUTHWESTER

SAND HOOK, N. J., (P)—A 25 mile southwest, under which both Shamrock IV and Resolute, staggered about the starting line under the shortest possible sail, called calling off today of the 15th and deciding race for the America's cup.

A couple of early morning squalls brought up the stiff breeze that has swept lower New York harbor in two way out to the lighthouse, where they found a terrific sea running and each skipper notified the regatta committee that they were willing to postpone the contest, which now will be sailed next Monday.

This was the first postponement on account of too much breeze since the contest between Resolute and Shamrock III was called off 27 years ago.

COOLIDGE ON VACATION AT FATHERS FARM

Massachusetts Governor and Nominee for Vice-Presidency Gets Close to Nature at Old Homestead

PLYMOUTH, Vt. (AP)—Governor Calvin Coolidge of Massachusetts, republican nominee for vice president, is on a rest of his vacation at his father's farm in the hills of Vermont. He finds the best way to rest is to rise early and help his father do the farm work.

The farm, a hilly one situated at the top of Plymouth notch, consists of over 200 acres, partly wooded and partly cultivated. Long meadows and hay fields are bordered with fruit trees, heavily laden with sweet Vermont apples and juicy plums.

Cosy New England Home.
The farm house, sandwiched between the Plymouth cheese factory and the home of Governor Coolidge's father, J. J. Wilder, is a cozy New England home, white with awning green blinds. The governor has risen at 6 o'clock every morning since his arrival on his forty-eighth birthday, July 4. He usually puts on his grandfather's toga, consisting of an old flannel shirt, denim trousers and old fashioned cowhide boots made at the Plymouth tannery in 1853.

He recites with interest the history of the boots. They were made for his grandfather when he was elected to the legislature at 35 in 1853. He wore them continually throughout the season. Governor Coolidge wears them now when he "thinks" around the farm.

Wears Grandfather's Frock.
A frock which the governor wears when he works in the fields, is a relic of his grandfather's days. It is of denim and slides over the head like an army shirt and is not unlike the frock worn by artists. In it, the governor portrays an entire different being from the one who sits in the Boston capitol, immaculately attired.

By way of adding to his hearty appetite for the splendid country cooking prepared by his father's housekeeper, the governor frequently goes into the meadows before the mist has cleared and moves a good sized corner of the field before the breakfast bell rings. He says it is much more invigorating than golf and fully as remunerative, although he humorously adds that "some chaps make more at golf than what I would at farming."

Storms Wood Pile.
J. C. Coolidge has a large wood pile in front of the house. Most of it was originally chopped for stove wood but several chunks were left for the open fireplace. When the governor, who is 75 years old, returned from a fishing trip recently, he found all the larger pieces scattered to kindling and learned that "Cal" had spent a part of the forenoon lustily swinging the axe. The old gentleman said nothing about the wood being intended for the fireplace, but smiled, went into the kitchen and prepared an appetizing "meat" of brook trout from the Ottaquechee.

The governor's father has been town constable for forty years and a member of the legislature nearly as long. His aunt, Mrs. J. J. Wilder, who is past 80 years, lives in the adjoining house. She and "Cal" sat all of one afternoon on the steps of the house when the town was snow-bound and traffic impassable.

Reserves Political Comment.
Governor Coolidge first learned of the nomination of Governor Cox and Franklin D. Roosevelt for the democratic ticket, the day after the nominations were made. The stage driver, driving the old fashioned stage from Ludlow to Woodstock, brought the news from Ludlow. It was nearly a day after the governor had to make the selection. When asked for one he said significantly that he was preparing his speech for the notification ceremonies at Northampton, July 27.

John and Calvin, the governor's two sons, are ardent anglers like their grandfather and recently caught 22 speckled trout. The governor himself is not a fisherman.

BRITISH JOURNALISTS MEET

Canada to Entertain Newspapermen from All Parts of Empire

VANCOUVER, B. C. (AP)—Newspaper men from all parts of the British empire are to attend the imperial press conference to be held in Ottawa, October 4-7. After the meeting they will journey across Canada to the Pacific and back as guests of the Canadian government and newspapermen.

Sixty delegates are expected from the British Isles, 14 from Australia, seven from New Zealand, six from South Africa, four from India, three from New Zealand, one each from Jamaica, Ceylon, Egypt, the Straits Settlement, Hongkong and Malta. Twenty Canadian delegates will attend.

ARMY REORGANIZATION BILL IS REVOLUTIONARY

America's Military Establishment in Process of Far Reaching Change Under Provisions of New Legislation; Contemplates Rapid Expansion in Time of Emergency

WASHINGTON, (AP)—America's military establishment is being practically revolutionized under the terms of the new army reorganization bill which became effective July 1. Army officers say the work will not be completed for some months because of the broad scope of the measure passed at the last session of congress to place the land forces on a permanent peace basis.

While the regular army will contain only 105,000 officers and men, scattered over the country and the insular possessions, it will be so arranged in conjunction with the national guard and the reserve that rapid expansion of the nation's fighting forces in time of emergency will be possible.

Short Term For Veterans
The national guard will have about 440,000 officers and men, but the strength of the reserve has not yet been worked out, but will depend largely on an enlistment of eligible. The regular army reserve as it formerly existed composed of former enlisted men furloughed to the reserve to complete their enlistment period, and to exist as such on July 1. In its place there is established the enlisted reserve corps and the officers reserve corps. The members of the former except veterans of the present war, are required to enlist for three years. Veterans of the world war may enlist for only one year.

The officers' reserve corps is composed of officers who held temporary or reserve commissions during the war emergency and graduates of the student officers' training school.

Reserve Reorganization
To accomplish the reorganization of the reserve, the army bill provides for a general committee to be composed of regular army general staff officers and an equal number of reserve or national guard officers. In addition, 32 other committees, representing each state and territory will arrange the national guard organization in each state and territory. Some of these committees have not been appointed by the governors and consequently this work has not yet been put under way.

While no full plan of organization has been made public, a tentative plan to be placed before the committee would divide the country into nine districts with an army corps in each. This corps would consist of one regular, one national guard and two reserve divisions, so organized that in an emergency, the two reserve divisions, which theoretically would be the only ones much below war strength, could be filled up with selective service men. A full quota of officers drawn from the officers' reserve corps would be available for these divisions at all times.

Reserve Officers on Duty
The new regular army strength provides for approximately 17,500 commissioned officers. To provide this number about 7000 reserve and temporary officers have been kept on duty and it is the plan to reach the full officer strength by commissioning about 7000 such officers and enlisted men in the permanent army. Officers and men to be so commissioned will be selected by a board, known as the Furlough Board, headed by General Pershing and including six other officers.

The bill broadens the scope of the reserve officers training corps at the various educational institutions over the country, provides instructors and material for the schools and also authorizes summer camps to last six weeks for advanced training of the student officers. Graduates of the training corps may be commissioned in the organized reserve.

Militia Bureau Head
The reorganization measure further provides that the head of the militia bureau of the war department, which under the reorganization has jurisdiction over national guard and reserve affairs, shall be a national guard officer not below the rank of major who will receive the pay and allowances and have the rank while on duty of a major general in the army. The office of second and third assistant secretaries of war are abolished by the measure and their duties absorbed by the assistant secretary of war, who will be charged with the procurement of all military supplies and plans for the mobilization of material and industrial establishments needed in time of war.

To buy the right thing instead of the wrong one may mean to buy satisfaction instead of regret and vexation. Study the ads.

AMUNDSEN BIOS FAIR TO WIN UNIQUE DISTINCTION

Norwegian Explorer Likely to be First to Traverse Northern Waters

SEATTLE, Wash. (AP)—First circumnavigation of the globe through the narrow waters between the Arctic ice peak and the northern edges of Europe and America can be claimed, it has been pointed out, by Roald Amundsen, Norwegian explorer, when he arrives at Nome, Alaska, this summer.

Amundsen cannot claim a continuous journey around the northern rim, however, for the trip was not completed in 1906 when he discovered the long-sought Northwest passage around America from the Atlantic to the Pacific. On that journey he sailed westward from Norway and ended his trip at Nome.

The second leg of the journey is being completed this summer. In 1918 he again left Norway, but sailed east, around Europe and Asia. He is expected to arrive at Nome soon on this trip. Amundsen is going to Nome to outfit for a dash to the North Pole, according to Captain George Thompson, one of the explorer's lieutenants, who arrived here recently after leaving Amundsen in the northern seas off the Siberian coast.

Amundsen is the discoverer of the South Pole. He hopes to reach the North Pole to refute or confirm the claims of the late Rear Admiral Robert E. Peary to the discovery of the northern tip of the world.

AUSTRIA BARS COMMUNISTS

Bela Kun and Associates to be Accommodated Temporarily in Germany

LONDON, (AP)—Austria will refuse to allow the re-entry into the country of the party of communists, of which Bela Kun is a member, according to a wireless message received here from Berlin. Consequently, it is said, the communists, who were removed on Wednesday by German authorities from a steamer on which they were to go from Stettin to Russia, will be temporarily accommodated at Stettin. Their future treatment will be decided when it is ascertained whether the Austrian government will persist in its refusal.

You can't guess your way to econ-omy and thrift. Study the ads.

EXPLORERS WANT HUSKIES

British Expedition to Antarctic Puts in Call for Alaskan Dogs

SAN FRANCISCO, Cal. (AP)—Alaska dogs are wanted by a party of British explorers who are planning an expedition to the Antarctic according to a letter received by C. E. Drilling, of Berkeley, Cal., former Nome, Alaska, dog raiser, from Captain G. H. Williams, a member of the proposed expedition.

John L. Cope, surgeon and biologist of the Sir Ernest Shackleton expedition to the South Pole, is to lead the party, the letter said. The start, it added, will be made from Wellington, New Zealand, next fall.

Dogs of the breed wanted by the British expedition are from the same stock as the animals sent to France from Alaska during the war by Darling and A. A. ("Scotty") Allan, another Nome dog breeder. The two men developed a team that won the annual Nome all-Alaska sweepstakes dog derby four times.

MOONLIGHT JOINS PRICE RISE

LOS ANGELES, Cal. (AP)—Moonlight, too, has advanced in price here. Recently the park commission recommended to the city council that moonlight twosomes in rowboats and canoes on the lakes in Westlake, Echo, Lincoln and Hollywood parks here be increased from twenty-five to thirty-five cents an hour.

RESORTS GUARD TOWELS

LOS ANGELES, Cal. (AP)—High cost of towels has caused authorities of Santa Monica, Ocean Park and other nearby beach resorts to issue an order that "souvenir" hunters must stop taking towels from the municipal bathhouses. In the future arrests will be made when bathers are found taking towels.

WOULD CHANGE NAME OF STATE OF NEW MEXICO

Promoters of Alteration Base Claims on Confusion Existing in Minds of Easterners

ALBUQUERQUE, N. M., (AP)—New Mexico residents have started another move to change the name of the state, in order, they say, to convince easterners that New Mexico is one of the United States and not a part of the republic south of the line. Promoters of the scheme hope to carry it to the state legislature.

Many easterners evidently do not know where New Mexico is on the map. Often, when there is trouble in Mexico, miles below the border, New Mexico residents receive telegrams and letters from eastern relatives and friends asking if there is danger. Eastern officials say letters sometimes arrive from the east bearing foreign stamps and marked "By Way of the Panama Canal."

Native born citizens may oppose the move to change the name as they fear the step would destroy the state's rich history.

Some price quoted in one of today's ads may mean a saving for you—everybody.

RENO MAKES PROVISION FOR FEDERAL MINES STATION

RENO, Nev., (AP)—Construction of a building to house the federal bureau of mines experiment station in precious metals, recently ordered moved here from Golden, Colo., will be started next month. The building will be near the Mackay School of Mines.

Members of the station staff will be established here before the first of the coming year, it is expected.

WILL REPLENISH IDAHO STREAMS WITH GRAYLING

State Fish Commissioner Goes to Montana to Get 500,000 Stock Fish

State Fish Commissioner George Isaacs of Boise has gone to Anaconda, Mont., for the purpose of securing a half million grayling fingerlings, and these are to be planted in Idaho streams.

This information will prove of pleasure to Idaho sportsmen, who have longed for the gamey habits of this splendid fish, which is already available in several of the streams of the state. The grayling, in the estimation of many, is a superior table fish to trout, and is nearly as gamey in taking the fly, and while he cannot fight as long, makes it sufficiently interesting while he is at it, and the interesting part of his system is the rapidity and accuracy with which he can snap a dry fly, as this mouth is exceptionally small.

A wire was received by the fish commissioner recently, from Anaconda, announcing that the state authorities will supply the young grayling. Mr. Isaacs has made special preparations for their transportation, as the little fellows must be handled with a great deal of care than trout. He will take them to the Island Park country, which is about the quickest trip he can, make and get them into suitable water. A good many grayling streams already exist in that section and the conditions are probably better than elsewhere in the state. It has been ascertained that grayling cut-throat trout and white fish can largely tolerate, and as grayling are now found in the Madison, Grayling creek, and some in Big Springs and the Upper Snake, the other streams will be tried out, and a number will be placed in Meadow creek, where the conditions are fine, and the fish should prosper.

Fish hatchery employees met Mr. Isaacs at Ashton this morning and accompanied him to the park country. It is probable that some of the fish will be placed in Buffalo creek.

In return for the grayling received from Montana it is planned by the state department to take red fish fingerlings from the lakes over in the Hailey country. This is another species of the salmon and is regarded as a very new denizen, and Montana has several lakes for experiment.

The fish commissioner states that he is also in touch with various government agencies for the purpose of securing a supply of sun perch and cutfish for planting in local waters as soon as the proper sort of conditions can be provided.

The state fish and game department is making a fine record, and it is probably the only time in the history of the state when the department is working in perfect harmony with sportsmen in the improvement of game affairs.

DENVER HOME BUILDERS PURPOSE USE OF ADOBE

House Shortage and High Cost of Material Results in Change in the Building Restrictions

DENVER, Colo., (P)—Adobe houses may soon be seen in Denver. House shortage and the high cost of building material recently resulted in a change of the city regulations permitting adobe construction. Several requests for permits have already been filed.

"House of adobe can be made durable and attractive," F. M. Leidi, city building inspector, declared in commenting on the changes. "If they are constructed properly we will not oppose their construction."

Three conditions were named in the issuance of permits. They will be permitted only in frame residence districts, advice of city building inspectors as to making adobe bricks and construction must be followed and the buildings, when completed, must be given coats of stucco.

GOVERNMENT EXPEDITIONS ARE HEADED FOR ALASKA

SEATTLE, (P)—Seven government expeditions will visit Alaska soon to investigate mineral resources of the territory. Col. Alfred H. Brooks, geologist in charge of Alaska work of the federal bureau of mines, announced here recently.

A recent congressional appropriation of \$75,000 will defray expenses of the work. All parts of the territory will be visited.

LEGION'S ARRANGEMENTS TO DISTRIBUTE MEDALS STAND

INDIANAPOLIS, Ind., (P)—The American Legion's plans to assist in the distribution of victory medals now being issued by the war department remain as outlined in press dispatches published throughout the country on July 5, it was announced at legion national headquarters here today.

Formal presentation in a series of simultaneous ceremonies will be made under legion auspices armistice day.

JAPANESE TRADE WITH GERMANY IS REVIVING

OSAKA, Japan, (P)—Trade with Germany at Osaka, which was stopped during the war, with the exception of a few imports of aniline dye through neutral country, is gradually reviving. The export trade is still paralyzed but the imports are steadily picking up, the figures for last April showing considerable increase.

HOOSIERS' RISE DATES BACK TO O'MARA'S GOING

May Be Only Coincidence but Indianapolis Has Improved Since Player Left

INDIANAPOLIS, Ind., (Special).—From last place, and apparently a confirmed seventh or eighth place club, Indianapolis started a sensational spurt on June 16 that has carried the team to the first division. Before that drive, everything seemed to be going wrong with the team. When the batters hit, the pitchers failed to pitch, and vice versa. But something happened and the team began to play ball and the pitchers began to pitch in co-ordination with the hitting.

Last Friday the Indians invaded the first division for the first time during the season, and although still many games behind the leading St. Paul club, the spirit is such that most any obstacle can be overcome. The members of the team have their eyes focused on second place before they return home, and they hope to get there at the expense of St. Paul and Minneapolis. The drive of the Indians has been made in spite of the fact that injuries have been playing havoc with the lineup. Jess Petty is out of the game with a sprained ankle, Duke Rellay has an injured knee, and Tex Covington is limping around on a bad ankle. None of these obstacles has lowered the daubers of the Indians. Manager Hendricks has been fortunate in having Herb Hunter and Louis Wolfe to fill in when needed. Herb Hunter has played the outfield, third base and first base since he got in shape and has proven a valuable man, not only in fielding but also in hitting. His batting has been of the pinch variety.

O'Mara's Absence Has Helped. The strongest part of the spirit of the Tribe was that it started when Ollie O'Mara made his presence scarce in the camp. At that time O'Mara was the only member of the team who was hitting the ball with any consistency. Whether his leaving had any effect on the playing of the team can be left to one's imagination. We merely submit what has happened.

Reports were heard about that owner Smith was going to make a try to have O'Mara returned to the Indianapolis club. These reports served out Mr. Smith in a big light. He is strong against the jumpers and says he will never turn a hand to help any of his jumping players back into the game.

O'Mara has begged every one he knows to lend a hand in getting him back into organized ball, admitting that he pulled a bender, and that he is sorry. His appeals came too late and he will have to suffer with the rest of the "high-priced" jumpers, unless some one has a change of heart.

O'Mara was probably the highest priced ball player in the American Association and it is said he jumped the team for a contract calling for very little more than he was getting with the Indianapolis club. It is said his reason for jumping was to force the local club to make a deal with a major league club for his services. This the Indianapolis management would have been glad to do, had it been wise to the situation, but it didn't learn of it until too late. O'Mara was bent on going back to the majors, and would have gotten the chance at the end of the season had he waited his time.

Helms Due to Advance. There is one member of the Indianapolis team who is playing great ball and seems about ripe for major pickings. He is Butch Henline, the young catcher. Henline has been catching great ball, but his hitting has been his asset. Several critics around the association have said he looks like the best natural hitter in the league this season. He is sitting up in the select class and one of his blows have been of the stinging variety.

Charley Whitehouse, bought by the Indianapolis club from the Millers, is proving himself one of the most effective hurlers in the league. After a bad start with the Indians he has gained control of the ball and has won five games for the team. Every time Pongo "Antlion" looks at a ball score in which Whitehouse is the pitcher, he wants someone to "kick him."

The coming series with the Millers and Saints will give the dopsters a better chance to rate the Indians for the season. Kansas City, Columbus and Milwaukee seem to be hopelessly second division teams in the association race, while Toledo doesn't look overly strong, although the Heat have been sticking up in the race thus far. Indications point to St. Paul, Minneapolis, Indianapolis and Louisville being the contenders in the first division. St. Paul, of course, has the edge, but if ever a slump overtakes the Saints some other team is going to be in a position to take advantage of the break.

Appeal is Again Taken in Case of Pitcher L. Smith

U. S. District Court Order Not Satisfactory to Baseball Clubs' Head

CINCINNATI, O., (P)—Appeal from the order of United States District Judge McCall, Memphis, directing John D. Martin, as president of the Southern Association of Baseball Clubs, to approve the contract between Luther (Coney) Smith, pitcher, and the Little Rock Baseball association, has been filed in the United States circuit court of appeals here.

The appeal is taken by Martin who claims he withheld his approval of the contract for the good of baseball. The records intimate that the discharge of Smith by the San Francisco club was responsible for the refusal of Martin to permit him to play in his league.

GET READY FOR FALL. PORTLAND, Ore., (P)—Summer vacation time has come for Portland boxing, and, as a result, there will be no more bouts until early in September, according to the Portland boxing commission. George Moore, manager of the arena at Milwaukee, near here, where many bouts have been held recently, has announced that the arena will remain dark until Labor day. Matchmakers are trying to induce Bob McCormick, English heavyweight, to appear here in the fall. McCormick was here several months ago. At present he is in England.

AIRPLANE RATES DROP

LOS ANGELES, Cal., (P)—Airplane passenger rates dropped 50 per cent here recently and, according to the manager of one of the airplane companies, will continue to fall until they are lower than taxicab fares. Before the drop pilots charged \$10 a passenger for short flights. Now the rate is \$5.

HARDING PLEASED WITH RECEPTION ACCORDED SPEED

Republican Presidential Nominee Evidences Particular Satisfaction over Praise Given by Senator Johnson

MARION, O., (AP)—Senator Harding today declared he was well pleased with the reception given his speech of acceptance of the republican presidential nomination, and he evidenced particular pleasure over the remarks accorded it by Senator Johnson of California.

"I am gratified," said Senator Harding, "over the many expressions of approval which have been spoken. It is very pleasing to be assured that I have correctly spoken the republican interpretation of the platform."

"Of course, it is good to be assured of Senator Johnson's cordial approval. There never was any doubt in my own mind about the ultimate commitment of progressive republicans to the republican cause this year. Under the republicanism to party government, it is one special business to make the republican party expressive of the best thought of the American citizenship which composes it."

JOHNSON GIVES ENDORSEMENT TO STAND TAKEN BY HARDING

SAN FRANCISCO, (AP)—Senator Hiram W. Johnson of California declared in a statement issued yesterday that Senator Harding in his speech of acceptance of republican presidential nomination took an unequivocal stand upon "paramount issues in this campaign, the league of nations" and that his position has "made republican success certain and his election assured."

FAVOR STUDY OF CO-OPERATIVE MARKET PLANS

American Farm Bureau Federation Authorizes Committee to Determine Methods Following Stormy Debate

CHICAGO, (AP)—A resolution endorsing appointment of a committee to determine means of organizing a co-operative plan for marketing grain and livestock to the best interests of producer and consumer, was adopted today by the American Farm Bureau federation.

The resolution recommends that Chairman J. R. Howard, president of the bureau, appoint a committee of 17 which shall devise a plan, subject to the approval of all co-operative co-operative marketing through one or more central organizations. Another resolution endorsing the Great Lakes-Erie-Lake Superior waterway and an aid to marketing was also adopted.

A stormy debate followed presentation of the co-operative marketing resolution.

The resolutions were drawn by C. M. Gustafson, Lincoln, Neb.; Benjamin Drake, Minneapolis, Minn.; A. L. Middleton, Eagle Grove, Ia.; J. C. Bailor, Glenview, Ark.; Ill. and B. Needham, Lancaster, Kansas.

BRITISH TOWN CELEBRATES DEPARTURE OF MAYFLOWER

Southampton Stages Pageant at Opening of Four Days' Observances

SOUTHAMPTON, England, (AP)—Seven hundred years ago the little boat of adventurers known to history as the Pilgrim fathers were re-enacted today in a pageant inaugurating a four days' celebration of the centenary of the sailing of the Mayflower. The pageant was preceded by a luncheon tendered by the lord mayor. There were 400 guests at the luncheon, including prominent persons in American and British official life and the heads of various Anglo-American societies.

By staging today's pageant, which is entitled "John Alden and the Mayflower," the city has made the celebration a road to the past, and garbing the performers in Puritanical dress, an attempt was made to have the reproduction as historically faithful as possible. The gate has remained throughout the intervening centuries as a veritable monument to the pilgrim voyagers.

Outstanding even in American history, including the Boston tea party, Lincoln making his address at Gettysburg and American intervention in the recent world war were depicted in the pageant.

EXPRESSMEN FIND BODY OF NUDE WOMAN IN TRUNK

Mystery Surrounds Growsome Discovery in Unclaimed Baggage

NEW YORK, (AP)—Chemical analysis today of the brain of the unidentified body of an unidentified woman, which was found in a trunk yesterday, shipped from Detroit on June 30, has revealed the only vital organ left after internal organs having been removed before the trunk was shipped to "Mr. Douglas, New York City."

The trunk had been received here from Detroit, June 17. Believing that the trunk contained perishable merchandise, one of the expressmen, who found the woman's body, had been jammed into the trunk and the clothes apparently had been removed in after-ward.

There were no marks of violence on the body, express employees said. The police immediately took possession of the trunk and its contents for investigation. The trunk was shipped through the American Railway Express company to this city by a man giving the name of "A. A. Tietum, of 105 Harper street, Detroit," according to the records accompanying the baggage, the police say. It was addressed to "Jas. Douglas, New York City," they declared.

The body which had been covered over with feminine wearing apparel of good material, had been crammed into the trunk, which is two and a half feet high and three feet long. The trunk was bound with a cloth and was so crowded by its contents that it bulged at the side. The woman was apparently 25 to 30 years old, the police say, and weighed about 130 pounds. She had blue eyes and had been fairly good looking. Two upper teeth of her left jaw slightly protruded but this is believed to be a natural deformity.

NO CLUE IN DETROIT.

DETROIT, Mich., (AP)—Police here today were without a clue as to the identity of the body of a woman found in a trunk in an express warehouse in New York today. Neither could they throw any light upon the identity of the person who shipped the trunk from here on June 17. There is no such number on Harper street as "105" or no name of "A. A. Tietum" in the city directory.

LENINE VOICES HIS VIEWS

(Continued from page one)

nial discussions, had furnished no protection to small nationalities, he asserted, and the imperialistic governments were placing the "hated" nations in the position of colonies. Lenin cited the differences that had arisen with regard to the fate to Turkey. Thus, he said, the activities of the league of nations, and facilitated the work of the communist international.

The premier pointed to the representation in the international for the first time of colonies, dependencies, and "oppressed nations" which he declared was significant. Experience was proving, he added, that non-capitalistic countries, such as those of Asia, were fertile fields for soviet doctrines.

Social Demagogue Barrier Regarding international organization, Lenin asserted that the social democrats were the most serious obstacle to the development of revolutionary power as a means of service to all countries as it had been shown they were enemies of the working class.

TIMBER WORKERS CALL OFF STRIKE FOR SHORT DAY

MARINETTE, Wis., (AP)—By a unanimous vote last night, the Timber Workers' Union of Marinette and Menominee, having over 1,200 members, called off the strike for an eight hour day which has been in progress since May 3. This lumber center is about the last to resume operations, and the timber workers' strike in Wisconsin, Minnesota and upper Michigan appears to be over.

BOGUS PROHIBITION AGENTS BOB ST. LOUIS RESIDENCE

ST. LOUIS, Mo., (AP)—Six men, who it was said, represented themselves as federal prohibition agents, today entered the home of W. S. Ireland, a local manufacturer, and after blowing the safe, crept with cash, jewelry and papers valued at \$13,000. Mr. Ireland, according to police, said the men forced their way into his home on the pretext that they had come "for that whiskey."

INSURANCE POLICY WRITING SHOWS INCREASE FOR YEAR

NEW YORK, (AP)—Life insurance companies throughout the country wrote new policies amounting to \$2,700,000,000 during 1919, according to figures made public today. This shows a gain of \$2,787,000,000 over the year 1918, representing a percentage gain of 40 per cent, the report said.

W. R. PRIEBE JEWELRY TWIN FALLS, IDAHO

FOREIGN TRADE CLIMBS TO NEW RECORD LEVELS

Experts Show Big Gain for Fiscal Year but Increased Imports Smash Not Favorable Balance of Trade

WASHINGTON, (AP)—Reports from the United States department for the fiscal year ending June 30, reached a new high record of \$5,111,000,000, but as all records for imports have been smashed the net trade balance in favor of this country was only \$2,873,000,000. This, compared with a trade balance of slightly more than four billion dollars the year before.

The figures were made public Friday by the department of commerce. Imports for this year were valued at \$5,238,746,580, an increase of more than \$2,000,000,000, compared with the year before, and \$3,000,000,000 during the year ending June 30, 1918. The exports for the year compared with \$7,232,282,086 the year before, an increase of \$878,893,445.

There was a sharp drop in exports during June and an increase in imports with the result that the trade balance in favor of the United States that month was only \$74,000,000, the lowest of any month since before the world war. Exports were valued at \$511,000,000, and imports at \$553,000,000. The imports reached a new record, exceeding by \$30,000,000 the previous record made last March.

Gold imports during the fiscal year amounted to \$151,000,000, but imports of \$467,000,000, against exports of the precious metal in June exceeded exports by \$21,000,000, the figures being \$20,700,000 for imports and only \$5,300,000 for exports.

Silver exports last month totalled \$1,500,000 and exports \$1,400,000, an excess of imports of \$200,000. Total silver imports for the 12 months ending June 30, were \$102,800,000 and exports \$179,000,000.

URGES QUICK ACTION ON ATLANTIC-LAKES ROUTE

Hoover Suggests New Governmental Department in Message to Conference

DETROIT, (AP)—After passing a resolution urging the United States congress to act quickly for a waterway connecting the Atlantic with the Great Lakes, the Great Lakes-St. Lawrence tidewater congress adjourned today. Call for the next congress was left with the expectation of the committee of the tidewater association, which has a membership of 14 states.

A telegram from Herbert Hoover, in which the former food administrator urged building of the proposed Great Lakes-St. Lawrence waterway under direction of a consolidation of the construction and engineering departments of the government into a single public works department, to reduce the present department of interior, featured the closing session of the congress.

CHRISTENSEN AT SESSIONS OF FARMER-LABOR PARTY SALT LAKE CITY, (AP)—The farmer-labor party in Utah opened its first state convention shortly before noon today. The opening hours of the "oppressed nations" which he declared was significant. Experience was proving, he added, that non-capitalistic countries, such as those of Asia, were fertile fields for soviet doctrines.

Parley P. Christensen, the party's nominee for president, whose home is here, attended.

Today's Markets

New York Stock Market

NEW YORK, (AP)—The brief session of the stock market today was dull but firm in most essentials, with some slight inducing short covering. Cables offered hope of early settlement of the situation in Central Europe and this was reflected in the better tone of foreign exchange. The usual speculative favorites led an early irregular advance, especially oils, steels and several of the high grade equipments. Later pressure against some of the secondary auto-

bile issues, notably Maxwell and Hupp, caused a setback in which automobile industrials were materially reduced. The closing was steady. Sales approximately 1,750,000 shares.

The week-end session began with a resumption of yesterday's late selling movement, which again centered in oils, steels, equipments and food shares. United States Steel, common and preferred, lost half a point each, Crucible Steel 3/4 and the active petroleum half to 1 point, while Massey Sugar fell 3 points. This was offset by a 2 point gain in Sugar-American Sugar and an advance of almost 2 points in Houston Oil. Rails also were inclined to harden, especially transcontinentals. Preliminary exchange rates on London rose 2 1/2 cents to the pound on reports of improvement in the central European situation.

Liberty Bonds

NEW YORK, (AP)—Fiscal prices were 3 1/2-4 \$100.00; first 4 \$85.80; second 4 \$84.00; first 4 1/4 \$80.40; second 4 1/4 \$84.94; third 4 1/4 \$88.88; fourth 4 1/4 \$85.10; Victory 3 3/4 \$95.74 bid; Victory 4 3/4 \$95.72.

Grain and Provisions

CHICAGO, (AP)—More favorable weather conditions which prevailed in the northwest today gave the wheat market a tendency toward lower prices. Black rust reports which continued to come from the northwest had little effect. Opening prices ranged 1/2 to 1 1/2 lower with December \$2.57 and March \$2.60.

Continued favorable weather conditions and lack of outside buying carried prices down, the close being weak, 2 1/2 to 3/4 lower, with December \$2.55 and March \$2.59.

Corn was easier at the start because of cooler weather over the corn belt. There was rather a mixed sentiment with the local elements disposed to press the selling side. Initial prices varied from unchanged to 5/8c lower, with September \$1.51 1/4 to 1 1/2 1/4. The corn market continued its downward course in sympathy with wheat and closed weak at the low point of the session. Prices were half cent to 2 1/4c under yesterday's final figures, with September \$1.51 1/2 to 1 1/2 3/4 and December \$1.37 1/2 to 1 1/2 5/8.

Oats followed in the wake of corn, opening 1/4 to 3/4c lower, with September \$1.10 to 1 1/4c, and closed lower, with September \$1.07 to 1 1/4c.

Provisions were weak with initial prices from 1 1/2 to 10c lower.

Cash Quotations

CHICAGO, (AP)—Wheat No. 3 red \$1.57. Corn No. 2 mixed \$1.50; No. 2 yellow \$1.57. Oats No. 2 white \$1.20 to \$1.25; No. 3 white \$1.00 to \$1.05. Rye No. 2 \$2.23. Barley \$1.00 to \$1.10. Timothy seed \$9 to \$12. Clover seed \$30 to \$35. Pork nominal. Lard \$18.82. Hibs \$16 to \$17. Minneapolis Flour and Grain MINNEAPOLIS, (AP)—Flour 25c

higher, in carload lots family patents, quoted at \$14.50 to \$14.75 a barrel in 98 pound cotton sacks. Bran \$48 to \$49. Corn No. 3 yellow \$1.53 to 1.55. Oats No. 3 white \$1 to \$1.05. Barley \$1.00 to \$1.05. Rye No. 2 \$2.10 to 2.11 1/2. Flax No. 1 \$3.30 to 3.34.

Chicago Livestock

CHICAGO, (AP)—Hog receipts 5,000; desirable light and light butcher hogs steady, others weak, mostly 10 to 15c lower than yesterday's average; bulk of sales \$14.10 to 15c; top \$10.40; heavy weight \$14.35 to 15.85; medium weight \$15 to 16.40; light \$14.25 to 15.60; heavy packing sows, smooth \$13.85 to 14.30; packing sows rough \$13 to 13.75; pigs \$12.75 to 15.

Cattle receipts 1,500; compared with week ago; good to best yearling and handy weight steers about steady; yearling beef 25 to 35c lower; grass steers very uneven, averaging 75c to \$1 lower; fat handyweight steers slow to 25c lower; heavy cows 30c to \$1.50 lower; in between grades full dollar sales; canners slow, steady; bulls slow to \$1.25 lower; calves sharply higher; vealers showing \$2 advance; stockers generally higher.

Sleep receipts 7,000; practically all today's receipts direct and through compared with week ago; western lambs steady to 25c lower; better grades native lambs mostly 25c lower; other grades 50c to 75c lower; yearlings 50c sales; wethers 25c to 50c lower; killing and breeding ewes 50c to \$1 lower; feeding lambs steady to strong.

Omaha Livestock

OMAHA, (AP)—Hogs: Receipts 5,700; few early sales of light butchers to shippers steady; general market 25c lower; close slow, 40 to 50c lower; quality common bulk \$13.50 to \$14.50; early top \$15.50.

Cattle—Receipts 300; compared with week ago: Good and choice yearlings strong; others and heavy steers weak to 25c lower; grass steers and butchers cattle uneven, 25 to 75c lower; bulls steady; good choice feeders steady; others 2 1/2 to 75c lower.

Sheep—Receipts none; compared with week ago: Lambs 75c lower; sheep and feeders mostly 25c lower.

Chicago Produce

CHICAGO, (AP)—Butter steady; receipts 12,800; creamery extras 54c; others unchanged.

Egg steady; receipts 11,060 cases, unchanged.

Poultry alive steady; fowls 31c; springs 30c.

Potatoes

SWEETLEY TELLS WHY HE FAVORS DIVIDED COUNTY

Candidate for Nomination as Senator Declares Continued Fight is Too Costly and Doomed to Failure

M. J. Sweetley of Twin Falls, candidate for the nomination for state senator from Twin Falls county, if nominated and elected, will vote for division of the county if a bill to this effect is introduced at the next session of the legislature.

Mr. Sweetley made this plain in his address last evening in the city park before an audience of between 200 and 300 persons. His remarks were interspersed occasionally with moderate applause.

Criticizes State Expenses.

The major portion of the address was given over to argument in favor of county division, but the speaker also took occasion to criticize state expenditures and to repeat his recommendation proposed at a meeting of the Idaho Reclamation association last February in Burley, to the effect that funds and credit of the state should be used for reclamation of arid lands of the state. He blamed the legislature for making possible whatever measure of extravagance might be charged against the state administration. He was particularly bitter in his arraignment of the legislature's appropriation of \$800,000 for completion of the state capitol building, declaring that the legislature at the same time had contributed nothing to the development or preservation of resources of Twin Falls county.

Counts Cost of Fight.

Mr. Sweetley charged the recurrent county division fight with occupying the attention of voters and of the county's delegation in the legislature to the exclusion of consideration of any measures beneficial to the county, and he declared that sooner or later "county division is going to be forced on us whether we want it or not," because the legislature is getting tired of the continual strife from this source.

Mr. Sweetley ascribed to the division fight the defeat by Idaho of the \$250,000 county road improvement bond issue, and declared as a result of this defeat organization of the Twin Falls highway district to include a major portion of the less productive area of the county and the voting of \$1,250,000 bonds for the district last year had been made necessary. He charged the additional expenditure of \$250,000 for roads against the division fight, and continuing to show additional cost of the division fight, he startled his audience with the statement that the county had increased the \$250,000 voted for roads in the district had been expended.

Admits Single Argument.

The only argument against county division, Mr. Sweetley declared, was the possibility of extra expense to the counties affected.

"If there is anything wrong in county division," he asked, "why, in the 10 years during which the number of counties in Idaho has been more than doubled, have there been no protests that division has not worked out to the benefit of the localities affected, and why is it that members of the Twin Falls county delegation in the state legislature have helped by their votes to create every new county created in Idaho since this county started in 1913?"

Mr. Sweetley argued that Twin Falls county labored under handicaps in the legislature in refusal to accept county division. He pointed out that other sections of the state, through creation of new counties, increased their representation and influence in the legislature while Twin Falls county refused to avail itself of such advantage.

Says Brunson Jeopardized.

He declared that reclamation of the Brunson project was jeopardized by continuance of the county division fight through creation of new counties and extension of its legislative influence. He had gained disproportionate power which it has joined with influences of Boise and the Mountainhome district to divert water from the proposed American Falls dam and to divert it away from the Brunson. He predicted that the diversion to the north would never be realized because of the inadequacy of Snake river water supply.

Attacks Gooding Policy.

He charged former Governor Frank R. Gooding with the exercise of political influence to advance interests of the North Side in the destruction of Twin Falls county and declared his own

conversion to the cause of county division had resulted after the creation at the last session of the legislature of Jerome county, which, he said, had been effected solely because "Gooding wanted another county."

CANAL COMPANY LOSES IN WATER RIGHT CASE

A contest extending over a period of some three years, involving transfer of a water right from a rough 80-acre tract near the Little Lost Lake, was finally decided in the district court yesterday afternoon.

This decision, rendered by Judge W. A. Babcock, upholds contention of A. L. Swim and W. M. Fritzel, and sustains a decision given some time ago by James A. Bybee, an irrigation engineer, allowing the transfer, which was opposed by the Twin Falls Canal company. Walters & Hodgins represented Swim and Fritzel in this case.

ORDERED TO PAY.

On hearing of a motion in the divorce action of Donald D. Humphrey against Janet L. Humphrey, Judge W. A. Babcock, in the district court, commanding the plaintiff to pay, before August 15, the sum of \$105 as attorney fee. In case a minor child of the litigants is delivered by the defendant to the latter's parents, plaintiff is ordered to pay the monthly sum of \$25 for its support.

MUST PAY DAMAGES

In the police court S. Henry Bolton has been ordered to defray all damages caused by the overflowing of water from his premises on Second avenue west to the use of next door neighbor. The damage is to be computed by the paving construction engineers. Complaint was filed against the west side owner by a representative of Warren Brothers after it is asserted, defendant had repeatedly been warned not to permit water to reach the pavement base on the street.

ALIMONY RAISED.

In the case of F. H. Squires against Euphrasia Squires, for divorce, a motion was entertained yesterday by Judge Babcock for raising the monthly alimony from \$50 to \$60. The motion was sustained.

Digest on Registration

1. Each voter must be a citizen of the United States.
2. Must have resided in the state six months, immediately preceding the election.
3. Must have been a resident of the county 30 days.
4. Must be registered in the precinct where he desires to vote.
5. Your name, age, place of birth, and present post office address are asked at the time of registration.
6. Registration may be made during each Saturday both before and after the primary election.
7. Naturalized citizens should take their naturalization papers with them when they go to register.
8. Remember: That the registration books will close at 9 o'clock p. m. on Saturday, July 31, and will open again at 9 o'clock a. m., on August 7, and will remain open until 9 o'clock p. m. on Saturday, October 30, 1920, preceding the general election.
9. If otherwise qualified a citizen of the United States can vote at the primary election though he or she may not have been in the state six months at the time of primary election will have been before the general election on November 2, 1920.
10. Remember: Your vote cannot be sworn in at either the primary or general election.
11. One registration is sufficient to cast your vote at both the primary election on August 2 and the general election in November.
12. Remember: When a registered voter changes his residence he should go before the registrar before he has changed his books and have his name stricken from the register and get a transfer certificate. This certificate will entitle him to register in any other precinct in the same county, if filed at any time before the close of the last day of registration, which is Saturday, July 31, 1920.

Local Brevities

Births—Born to Mr. and Mrs. Fred W. Harder, twin boys at the Boyd hospital this morning.

To Robinson Bar—O. E. Lind and family left this morning for a few days outing at Robinson Bar.

Home from Coast—Miss Harriett Warner returned Friday from a visit with her grandparents in Long Beach, Cal.

Going to Park—Mr. and Mrs. C. D. Thomas and Mr. and Mrs. J. G. Thorpe will leave Sunday for Yellowstone National park.

Gone to Yellowstone—Mr. and Mrs. Jack Claiborn of Kimberly, W. B. Wall and Mrs. McCall left this morning for Yellowstone park.

Fined for Speeding—On arraignment in the police court yesterday afternoon W. H. Lowe was fined by Magistrate W. H. Minnick \$10 for speeding.

Licensed to Wed—A marriage license has been issued by the county clerk in favor of Albert C. Victor, aged 24, and Helen Bond, 23, both of Twin Falls.

Return from Coast—Asher R. Wilson returned Friday from a visit of several weeks in Los Angeles where Mrs. Wilson and children are spending the summer.

Comes from East—The Rev. A. M. Crabtree arrived in Twin Falls today from Logan, W. Va., for a visit of several weeks with his brother, E. E. Crabtree.

For An Outing—Mr. and Mrs. Granville Wright, Mr. and Mrs. L. E. Stetter and Mr. and Mrs. Willard McMaster have gone to Robinson Bar for an outing.

Vacation Concluded—Leonard Smith reached home from Los Angeles on Friday. Mrs. Smith is spending the summer there and will not return until the conclusion of the warm weather.

To See Land of Totem—Miss Edith Jennings, who has been visiting at the D. R. Churchill home, left yesterday for Seattle where she will be joined by her sister for a trip to Alaska.

Making Western Junkie—Mr. and Mrs. J. S. Chapman, formerly of Twin Falls, are here for a few days on a trip to Yellowstone park and the coast.

On Fortnight Trip—Mr. and Mrs. W. E. Adams, Miss Blanch Adams, Mr. and Mrs. C. E. Adams, and Mrs. T. H. Hoyer and Miss Daphne Graywell will leave tomorrow for a two weeks' trip through Yellowstone park.

Released on Bail—Carlos Hernandez has been released from the county jail on bond. The man is said to have been implicated in a recent holdup and was ordered held to the district court after trial in the probable court.

Department Gets Call—Yesterday afternoon a call, sent from 600 Third avenue west, resulted in exercise for the fire department horses only. Smoke resulting from charring lantern on an electric lighting wire, caused by short-circuiting in the socket, created some alarm.

WITHDRAW CANDIDATES

The following persons, who have signified intention of being candidates for nominations at the coming Democratic primaries, have asked the withdrawal of their names: J. A. Keefe, candidate for county clerk; George C. Brown, No. 2; F. G. Laehle, same for precinct No. 1; Tom Berrington, committeeman precinct No. 2; U. N. Leete, delegate from precinct No. 3; H. W. Sawyer, committeeman precinct No. 3.

DESEDITION IS CHARGED

That a little more than one year of wedded life his wife Katie May Holmes deserted him and has remained absent is the plea of Robert Holmes, who asks the court to sever the bonds of matrimony existing between the pair. Holmes, in his bill or particulars, avers that he and Katie Holmes were married in Twin Falls in January, 1918, and is said to have left his home in February, 1917.

SUNDAY SCHOOL.

Announcement is made by the superintendent in charge that the adult department of the Methodist Sunday school meets at 10 o'clock Sunday morning in spite of the fact that the church is more or less torn up. Classes are conducted in the auditorium. The first classes for young married people, for men and for the adult bible students.

SEEKS TO QUIET TITLE.

In the district court Kellogg B. Williams has instituted an action against John Thurbald, in which the court is asked to issue an order compelling the defendant to show cancellation of mortgages which are said to have been satisfied. This order is urged so that title to land involved may rest in the plaintiff.

NOTICE.

The office of the Oas Oil company, has been moved from Twin Falls, Idaho, to Burley, Idaho, Rooms 7 and 8, Bank of Commerce building.

OASIS OIL CO.

Social Notes

Not Williamson and Theodore Schwarz entertained a number of friends at a dancing party Friday evening at the Schwarz home on Second avenue east.

Honoring Mrs. J. S. Chapman of Baxter Springs, Kan., Mrs. H. B. Johnson entertained Friday afternoon at a bridge tea. The high score was won by Mrs. F. R. Cox and Mrs. Chapman was presented with a guest prize.

Mr. and Mrs. C. A. Voorhees and son Edward, of Edgar, Neb., are guests at the home of their daughter, Mrs. J. S. Johnston.

Mrs. C. D. Weaver has returned from a two months visit with friends and relatives in Pomona, Cal.

Mrs. P. S. A. Bickel is the house guest of Mrs. I. B. Perrine.

Miss Frances Ripley entertained at a miscellaneous shower Thursday evening in honor of Miss Hazel Holman who is to be married soon. The decorations were sweet and charming, and light refreshments were served late in the evening. Those present were Misses Lucille Breckenridge, Thelma Banks, Frances Magel, Marian Farrar, Avis Bunkin, Margaret Fickett, Virginia Reynolds, Dorothy McMill, Esther McRoberts, Mildred Ambrosy, Myrtle Claff, Frances Field, Albertine Benoit, Bernice Babcock, Ruth Beauchamp, Ethel Knut, Sarah Treadwell and Bernice Harding of Buhl.

Mrs. Frank Baldwin entertained on Friday afternoon at 500 in honor of her guest, Mrs. Wilbur Stein of Grand Island, Neb.

Deaths

Typhoid fever, contracted while on an automobile pleasure trip from Chicago west, caused the death here last night of Charles D. Oldendorf, aged 44. Deceased, with Mrs. Oldendorf, arrived in Twin Falls Friday, July 10, for a visit at the home of Mrs. Charles E. Bruggeman, a sister, living one mile east on Addison avenue. Death came at the county general hospital. The body, which is now at Grossman's will be forwarded tomorrow morning to Chicago for burial. The bereaved wife and local relatives will accompany the remains.

FUNERALS

Funeral services were conducted at 2:30 this afternoon at the Christian church for Morse Handrenbrock, brother of Mrs. C. H. Lantz. The ceremonies were conducted by the Rev. A. A. Moore of the Christian church. Burial, directed by P. J. Grossman, was made in Twin Falls cemetery.

The funeral of C. E. Ritching of Hansen who was killed in a runaway accident during the week, was held this afternoon at the Grossman chapel, the Rev. C. E. Evans, formerly minister of the Christian church, officiating. Burial was in Twin Falls cemetery.

Services for the dead will be conducted at 2 o'clock this afternoon at the First Presbyterian church for Owen Owens, who died yesterday morning from injuries received in an accident. The Rev. A. H. Brand will be the officiating minister. Burial will be in Twin Falls cemetery with Undertaker J. E. DeWitt in charge.

ANNOUNCEMENT

Dr. G. F. Baker announces the reopening of his dental office in the Idaho Department Store building. Dr. G. L. Weir, formerly of Chicago, will handle the practice until Dr. Baker is able to use the arm injured in an automobile accident several weeks ago—adv.

DAIRYMAN GIVES HIS SIDE IN CONTROVERSY

William Cleveland Tells of Struggle to Attain Ideal; Welcomes Public Inspection

In relation to the reference to action of city authorities in barring his dairy product from consumption in Twin Falls, William Cleveland, dairyman, today submitted to The News the following statement setting forth his side of the case:

Dear Sir:—I beg to correct to the statement of the dairy inspector quoted in your columns in which was stated that I, William Cleveland, had distributed the products of my dairy herd, to the extent of 64 gallons of milk per day to the people of Twin Falls city. This statement in a way will stand for correction. I have never distributed or offered to the retail trade any of my product. But since November 17, 1919, have furnished nearly the entire output of the "Blue Ribbon Dairy" to the hotel and restaurant trade.

My barn and dairy herd are open for public inspection at any and at all times and I will be pleased to welcome any visitors.

(Signed) WM. CLEVELAND.

GARAGE INVOLVED IN SUIT

Mr. and Mrs. Conrad Magel, the Coast Lumber company and Bert Gibson are made defendants in an action by Magel Brothers' garage on Thursday, in the district court today. The amount involved in the judgment, is \$43,849 and is said to be due for materials furnished and contract work done on Magel Brothers' garage on Third avenue north. Plaintiff asks that the claim be considered a mechanics' lien and that an order issue for the sale of the garage premises to satisfy the claim. Interests, costs and \$5000 are asked in settlement. J. H. Wise and Guthrie & Myers are counsel for the plaintiff.

CALLING TURK'S BLUFF

The average American who long ago came to the conclusion that the Turk should be driven from Europe, finds satisfaction in the allied reply to the Turkish objections to the peace treaty. "Sign there, or you will be driven back to Asia, where you belong," is in effect what the reply says. And the Turk, if he is wise, will sign.

The Ottoman government is reminded of the Turkish atrocities which have startled and shocked the conscience of mankind. It is estimated that since 1914 the Turkish government has "massacred on the mendacious pretext of alleged revolts, 800,000 Armenians, including women and children." The allies are "resolved" to emancipate from Turkish rule all areas inhabited by non-Turkish majority.

It is probable that the allies have conceded all that they really intend to give. The Turk must sign within the allotted 10 days or take the consequences. He will see that there is no hope of gaining anything more by risking still further the displeasure of the allies. To cast the Turks out of Europe would be but merited punishment and highly pleasing to the Christian world, though it might have a different effect on the Muslim millions. In fear of the latter lies the reason for retraction of the promise to expel the Turk.

GERMANY RECOVERING TRADE

Germany is withholding statistics of her trade with foreign countries from publication. Figures, announced in Berlin, showing that Germany's trade with England in February and March left a balance in the former's favor, adds significance to this. In view of the plea for raw materials which Germany has been making almost since the signing of the armistice, it became expedient to prevent comparisons of her imports and exports being made for the present.

Germany came out of the war with her manufacturing plants intact, and it is reasonable to assume she will have a rapid recovery, if given the chance. Consequently it is little wonder no further comparisons in her trade with England are made, in the light of her constant plea for raw materials.

It is likely that in the near future Germany will become a considerable factor in commercial competition with other nations in the sale of her goods. Germany is better off today, regardless of the indemnities she must pay, than France or England, for instance.

But having lost the war and been punished, she will seek in some way to pay the debt, whether by fair means or otherwise. Her struggle to come back will be watched with interest by all nations. Whatever she does she must do fairly.

HOW FRANCE DOES IT

France has been more successful in abolishing profiteering than any other country. The reason is interesting.

A convicted profiteer in France is required to post a notice on his place of business for one year, telling of his offense and the punishment.

The French do not proceed on the principle, "let the buyer beware," but give him warning that he is dealing

with a dangerous character and needs to be wary.

This penalty, together with prison sentences, has very effectively curbed the profiteer's activity in France. And there are no restrictions on adoption of the plan by other countries, notably the United States.

THE FORUM

WM. J. BRYAN'S ADDRESS

A Partial, But Unofficial and Altogether Friendly Review of a Great Talk by a Great Talker.

By C. L. LONGLEY

It was a critically characteristic address which Hon. Wm. J. Bryan delivered last week Wednesday afternoon, in the park, to a large and moderately enthusiastic audience. He made the powerful words of the speaker to the nine lepers who departed with no manifestation of gratitude for their healing; his text; and as a philanthropic he instructed his hearers as to their duty to themselves, their country and their God!

His strictures were deserved and his advice good—apparently! But along with his most impassioned pleas for the uplift of humanity in general and the American citizen in particular, obtruded the thought that the blessed old Commemorative always capitalized his attraction of the sale of tickets for the "concert" which followed the ring show. This money is for the benefit of widows and orphans of whom (pointing to his manly bosom) I am chiefest among 10,000 and the one altogether lovely.

Nevertheless and notwithstanding many things were said and uttered which deserve remembrance and consideration by every American citizen who loves his country. His appeal to a higher and more active appreciation of the rights of citizenship, as well as to his duties and responsibilities, was magnificent, and points to a need so great as to be almost a crime, as well as a duty, to the citizenry of this western city with a population of over a hundred thousand, a bond issue of hundreds of thousands was sanctioned by a total vote of less than 5000. But even in his most serious words Mr. Bryan's sense of humor shone with him. So while most savagely lambasting the voter who stays away from the polls, he passed to intimate that there had been at least three divisions where the absence of a few more republican voters could have been condoned.

He was quite impartial in criticizing upon the late national convention for certain faults either of timidity or ambiguity in their platform utterances. Indeed, all of his address touching upon the field of current political issues seemed quite fair and objective, and which was devoted to league of nations. In this matter he was absolutely distinguished, and must have forgotten his own efforts to secure from the San Francisco convention a more definite dictum from the one finally put on record there.

It would not be profitable to attempt to follow his creed about how much more difficult it is for one government to make peace than to make war. If this meant anything it was an argument against the very wide constitutional safeguard that requires a two-thirds senatorial vote to ratify and validate a treaty with a foreign nation. His real offense was deeper than that. It consisted in carefully and intelligently making the case for the Versailles peace pact was nullified by the failure of the United States to ratify; and that, therefore, we are responsible for such war or wars, as exist in the future. Europe and Italy, find that, by action of the council there, by erected Germany is about to be invaded if necessary to enforce redemption of her pledges, was both cheap and dishonest. America has one and will do her full part. Let me quote from the magnificent but little known speech of Hon. Warren G. Harding, made in the senate during the league of nations debate.

"We do not mean to hold aloof. We choose no isolation. We shun no duty. I love to rejoice in an American conscience and in a big conception of our obligations to liberty, conscience and civilization. Aye, and more; I love to think of Columbia's helping hand to new republics seeking the blessings of peace and progress. But I have a confidence in our America that needs no council of foreign powers to point the way of American duty."

"We wish to counsel, co-operate and contribute; but we arrogate to ourselves the keeping of the American continent and every concept of our moral obligation. It is fine to idealize, but it is practical to make sure that our own house is in perfect order before we attempt the miracle of world stabilization. Call it the selfishness of national pride, or what you will, but I think it the inspiration of patriotic devotion."

"To safeguard America first, 'To make America first, 'To prosper America first, 'To exalt America first, 'To live for and serve America first."

"Let the international dream and the Bolshevik destroy. God pity him for whom no monster rapture swell." In the spirit of the republic we proclaim Americanism and again America."

FIFTEEN YEARS AGO IN TWIN FALLS

"Railroad Day" will be celebrated in Twin Falls on Monday, August 7. The special excursion train will arrive in the city at 10 o'clock in the afternoon and leave at 10 o'clock at night. The celebration committee is working industriously and will have a magnificent program for the occasion. The excursion camp will be established at Kimberly, six miles from Twin Falls, on Saturday, July 22. On Friday the rails were within a mile of that point and if nothing happens they should reach Twin Falls not later than the end of next week.

Edward B. Williams of Twin Falls has the distinction of being the only one who received the first final certificate which entitles him to a patent for his land.

The fixtures in the Twin Falls post office have been sold to Postmaster Thomas J. Hatch of Hanes. They will be moved to the new town and installed as soon as the new fixtures for the local office arrive from Boise.

Cashier J. M. Maxwell of the First National Bank of Hanes is enjoying a vacation in north Idaho.

Cashier J. M. Maxwell of the First National Bank of Hanes is enjoying a vacation in north Idaho.

President F. D. Kimball of the Commercial Club is in Salt Lake City conferring with the railroad officials in regard to the celebration of "Railroad Day."

Mrs. M. M. Murtugha, who has been visiting with relatives in Salt Lake for several weeks past, returned to Twin Falls Sunday. She was accompanied by her sister, Miss Katherine Ford. The Hotel Kimberly was rapidly assuming shape, the roof now being on, the electric wiring, heating and plumbing forces are hard at work. The owners are considering the problem of the disposal of the sewerage and as the city is not ready to put in a sewerage system it may be necessary to dig a private sewer to Rock Creek. (This is the Hotel Perrine which was to have been called the Kimberly until the town of Kimberly was started.—Ed.)

BERGER

NOTICE OF TIME AND PLACE FOR FILING AND HEARING PROTESTS FOR ASSESSMENTS FOR THE CONSTRUCTION OF SIDEWALKS IN LOCAL SIDEWALK IMPROVEMENT DISTRICT NO. 36 OF TWIN FALLS, IDAHO.

Notice is hereby given, that the Committee on Streets together with the City Engineer did on the nineteenth day of July, 1920, file in my office the assessment roll against property, made for the purpose of constructing sidewalks in Local Sidewalk Improvement District No. 36 of the City of Twin Falls, Idaho.

And, Notice is further hereby given, that the Mayor, and Council of the City of Twin Falls, will on the ninth day of August, 1920, at the hour of 8 o'clock p. m. of said day at the Council Chambers of Twin Falls, hear and consider objections to said assessment roll by any and all parties aggrieved by such assessment. The owner or owners of any property which is assessed by such assessment roll, whether named or not in the said roll, may within ten days from the last publication of this notice file with the clerk his objections in writing to said assessment.

The date of the last publication of this notice will be Monday the 26th day of July, 1920. The assessment roll is now on file in my office and any person desiring to ascertain what property is assessed can do so by calling at my office and examining said roll.

Dated this 23rd day of July, 1920.

W. A. MINNICK, City Clerk.

DIGNITY

The man of dignity, when a bill is contested, does not relish being placed in a position where he has to talk himself out of breath to prove its payment

—and in the end prove nothing at all! He appreciates the pay-by-check method which, in such a contingency, requires nothing more than the presenting of the cancelled check—mute but eloquent evidence.

We invite your Checking Account.

Twin Falls Bank & Trust Co.

TWIN FALLS, IDAHO

"Member Federal Reserve System"

WHEN EVERY PUBLISHER has a complete and efficient

system of records and knows positively the facts regarding the circulation of his paper—

And when every publisher is willing to give these facts to advertisers without dissimulation—

It will be because every publisher is a member of the Audit Bureau of Circulations.

But all publishers have not an efficient system of records and all are not guileless.

To protect themselves against unfair competition and to inform advertisers in regard to their business methods, the "above board" publishers join the Audit Bureau of Circulations. Advertisers know that no unfair publication can qualify for membership.

Every straightforward paper may belong to the A. B. C.

Most of them do belong.

The News is one of them.

Don't Be Mislead

You cannot afford to have your eyes examined by everybody who claims to be an eye specialist.

Examining eyes is not a side line with me. I, being a graduate of one of the best optical schools in the country, devoting my whole life to optical work exclusively, and having the best equipped optical offices in this part of the country, you are not taking any chances when you come to me for expert advice.

I have been permanently located in Twin Falls for the past ten years.

BOXER IS DEAD
FOLLOWING HARD
RING ENCOUNTER

"Frankie Mahone," Feather-weight, Succumbs after Battle with Willie Davis

ELIZABETH, N. J. (AP)—Francis Mahone, of Newark, known as Frankie Mahone, a feather-weight, died here today, following a boxing bout with Willie Davis, last night in which he was knocked out with a blow on the temple.

Mahone was beaten and knocked down in the fifth round, but he refused to allow his seconds to throw in the sponge. The boxers were in a midget when Mahone fell from a severe blow and his seconds carried him to his corner. When they were unable to revive him, he was taken to the hospital.

An autopsy will be performed today to determine the cause of Mahone's death.

RED SOX SIGN
BUCKEYE GIANT
PITCHING STAR

Al Clayton is Six Feet Seven Inches and Hasn't Lost a Game in Two Years

BOSTON, (AP)—"Al" Clayton of Dayton, O., who is 6 feet 7 inches in height and weighs 215 pounds, has been added to the Boston Americans' pitching staff. Manager Barrow announced today that the young giant who has been playing semi-professional ball would report to the team at Cleveland next Wednesday.

Clayton is 21 years old and has not lost a game in two years, it is reported. His most recent accomplishment was the winning of four games in one week in a throwing match a short time ago Clayton hurled a baseball 397 feet.

GRAND CIRCUIT RACES

KALAMAZOO, Mich. (AP)—Racing in a gale of wind that roared down the stretch, the grand circuiters staged four events on the Gateway day card yesterday afternoon. It was a season of discomfort to horses, drivers and audience, and fast time was out of the question. Totals Two won the 2:12 trot from a field of ten starters after the first heat to Thine's High Valentine, boxed his fourth stake race here by capturing the event for 2:05 paces with Edna Enry. John Henry won the first heat in this event. The 3-year-old pace was a hollow victory for Lon McDonald's Rifle Grenade, while Geers took the 2:16 pace with Leeco Granit.

OFFER CHAMP \$20,000.

BOSTON, Mass. (AP)—Tex Rickard has offered Johnny Wilson of this city, holder of the world's middleweight boxing title, \$20,000 to meet Mike O'Dowd, the former champion, in a title battle to be fought in Madison Square garden, New York, in September.

SUSPENDED AND FINED.

SALT LAKE CITY, Utah, (AP)—Second baseman Marty Krug of the Salt Lake club of the Pacific Coast league, who jumped the team Thursday, was indefinitely suspended and fined \$100 yesterday by Manager Ernie Johnson.

MATCH CANCELED.

SAN FRANCISCO, (AP)—The proposed four-round fight here on August 1 between Pete Herman, bantamweight champion of the world, and Bud Ridley of Seattle, claimant to the coast championship, has been called off. It was announced yesterday.

THESE MUST BE SPOCKS.

SAN FRANCISCO, (AP)—"Whispering," boxers weighing from 65 to 85 pounds, are appearing on all boxing cards in the Philippine islands, according to recent arrivals from Manila.

DRAWN OUT.

PHOENIX, Ariz. (AP)—Pete Sauer of Lincoln, Neb., and Tom Grant of Seattle, Wash., wrestled two hours and 15 minutes without a fall here last night. They are light heavyweights.

Brief Bits of Sport

Another Southern Idaho ball star has answered the call of faster company.

This is "Uch" Reip, infielder who has been playing third base for Rupert. Reip has gone to Des Moines in the Western League.

Now Black Jack Johnson says he is sorry he didn't "lay down to Jim Jeffries."

After getting a chest of silver from the fans Ernie Johnson, skipper of the Salt Lake Bees, rammed a couple of hits off a healthy demoralization, but that didn't win the game for the Salt Lake outfit.

Lee Magee, former Red first baseman is playing that bag for a factory team in Kenosha.

Surely the way of the baseball transgressor is a rocky one.

The former champion, Jack Johnson, offered pathetic pleas against being put in the common jail after he surrendered to the federal authorities in California the other day.

Johnson wanted to have a berth in a high class hotel to stay until the trip was started for Chicago.

"Ah don't want to be lodged with common crooks," the black pleaded.

The White Sox yesterday demonstrated that they did not put even when the odds seem overwhelmingly against them.

Comiskey's men let the Red Sox get three runs to the good and then beat them out.

Carl Tremaine one of America's prize bantamweight boxers, is said to play a corking game at shortstop.

Tris Speaker, who is mentoring the Cleveland batter, says the kid shines around the infield like Donie Bush.

HAD TO FIGHT
FOR HER BREATH

Mrs. Cheever Gains Twenty-Five Pounds and Ends Troubles by Taking Tanlac

"Since taking Tanlac I have gained twenty-five pounds and feel better than I have in years," said Mrs. Mary A. Cheever, who lives at the corner of 35th Ave. and 102nd street, Portland, Oregon. Continuing she said:

"I suffered twenty years with rheumatism and stomach trouble and a few months ago had to give up completely and take to my bed. I had pains all over my body and my muscles would draw up so tight I could hardly keep from screaming. At times I felt like a thousand needles were sticking in me and I had a pain over my kidneys nearly all the time. Nearly everything I ate seemed to turn to gas and caused my heart to palpitate so bad I feared I had heart trouble, and I thought every breath would be my last. I was badly constipated, too, and had simply terrible headaches that would last a week at a time. I was so nervous I felt like I was going to faint every time I spoke and I lost so much weight I only weighed seventy-five pounds.

"A friend advised me to take Tanlac and it was simply wonderful. The way I improved right from the start. I have now taken four bottles and my indigestion is entirely gone. I eat anything without the slightest trouble, my rheumatism has just about left me, I never have a headache and my nerves are steady as a clock. I am never impatient any more and my general health is so good I want to tell the whole world about what a wonderful medicine Tanlac is."

Tanlac is sold in Twin Falls by City Pharmacy and by the leading druggists in every city—adv.

WEATHER FORECAST.

WASHINGTON, (AP)—Weather predictions for the week beginning Monday, are:

(Up) Mississippi and Lower Missouri valleys: Showers probably Monday or Tuesday and again toward end of the week; fair middle of the week. Temperatures will average somewhat above normal.

Rocky mountain and plateau regions: Generally fair, although occasional scattered showers probable. Nearly normal temperatures.

NOTICE OF STOCKHOLDERS MEETING.

Notice is hereby given that by a majority vote of the directors of the Lyman Water Registry Company a corporation there has been called a meeting of the stockholders of the corporation to be convened for the purpose of increasing the capital stock of the corporation to the amount of \$250,000, and that such meeting, for the purpose designated, will be held at the Boggs hotel, in Twin Falls, Idaho, on the 14th day of August, 1920.

Signed this 9th day of July, 1920.

TEAMSTER HURT WHEN TEAM RUNS

Heinecke Employee is Between Life and Death from Hurts Received in Runaway

Unconscious and suffering from a supposed fracture of the skull Charles Ritchie lies at the Boyd hospital hovering between life and death. The man, a teamster employed by the Heinecke Construction company, is the victim of a runaway accident.

According to statements made by fellow workers and officials of the employing company Ritchie early this morning left the company barn in charge of a draft team attached to a large wagon. The horses were being driven through an alley at the rear of the barn and became frightened for some unknown cause. The teamster, in an effort to control the team, fell into the alley, the driver being thrown from his seat against the pole by the collision. He was picked up in a bleeding and unconscious condition and hastened to the hospital for care.

Ritchie is about 27 years of age and single. He has been in the employ of the Heinecke Construction company some time and is known to be a reliable and careful workman.

BAPTIST MINISTER RESIGNS PASTORATE

Rev. Conrad Owen, Through Ill-Health, is Compelled to Leave Work

Because of ill health the Rev. C. L. Owen, who for several years has been pastor of the Twin Falls Baptist church, has resigned the pastorate and left during the week for Colville, Wash. He was accompanied by his eldest son, Lloyd. The remaining members of the family will leave here about September 1.

The Rev. Mr. Owen has been suffering from ill health some time, and several months ago went to his farm in Washington to recuperate. Climatic conditions in that state seemed to aid him and after a time he returned to renew his ministerial duties here. Recently, however, health failed again, the preacher's condition becoming so alarming that although his resignation was not effective until August, he was compelled to change his plans, leaving here July 20. Mr. Owen's ranch is in the heart of a pine forest region and at present timber is being cleared from the place.

Until a permanent pastor is chosen for the local pastorate the pulpit will be supplied by such ministers as are available for the work. Following the Rev. Mr. Mills of Boise will be here to conduct services.

CHURCHES DECIDE TO HOLD SERVICE ON THE OLD TIME

Ministers and Other Ecclesiastical Authorities Decline Change

Notwithstanding the fact that a time change will become effective at midnight most local churches will not change the time for morning services according to announcement made by a considerable majority of the local churches.

Those who have gone on record as favoring adherence to the present time are: The Rev. A. G. Bennett, First Methodist church; the Rev. A. H. Brand, First Presbyterian church; the Rev. A. Moore, First Christian church; Fred W. Meach, layreader and clerk of Ascension Episcopal church; G. C. Maloney, of the First Baptist church; the Rev. John Gibbons, Lutheran church.

This plan of the churches, however, holds good only for tomorrow morning's service, unless the church administrations determine otherwise. It is probable that announcement will be made of a definite conclusion to govern further services during the meetings tomorrow.

SEVENTH PRECINCT VOTERS ATTENTION

Voters residing in the Seventh Precinct may register at the Washington School Building, July 24th and Saturday, July 31st, between the hours of 9 a. m. and 5 p. m. Voters may also register at the residence of Mrs. Herbert Wirth, on Heyburn Ave., the third house east of the C. E. Booth residence.—adv.

CHANGE OF TWIN FALLS TIME BECOMES EFFECTIVE TONIGHT

Overwhelming Sentiment for Mountain Time Causes Chamber of Commerce Bureau Officials to Make Request Conforming to Universal Desire—Railroad and Western Union to Remain as Now

Overwhelming sentiment favoring change of time for this district has caused officials of the chamber of commerce to send out requests to all business men, commercial and industrial institutions and residents, to set clocks ahead one hour beginning Sunday 12:05 a. m. It is believed there will be no opposition to this move locally, as the change will give all concerned a better and more enjoyable working day, as well as making Twin Falls district time more consistent with the position of the sun.

The plan, therefore, is to turn the hands of clocks forward at the coming midnight marking the time at that hour read 1:05 o'clock.

By this scheme one hour of daylight will be added to the end of the day, bringing darkness at something like 9:15 o'clock, instead of 8:15 as at present.

The arrangement above noted was definitely decided upon at a meeting of the Twin Falls Chamber of Commerce vice bureau held last night. Petitions bearing nearly 300 signatures, favoring and requesting that a change in time be made, were submitted, those coming from representatives of the city and rural districts.

The petitions are the result of a survey made during the week at Secretary Newell S. Wright of the Chamber of Commerce, dealing with the advisability of time change. It was found that common sentiment was favorable to the proposal and, as a matter of fact, a true record index of the feeling petitions were circulated for signatures. These were submitted at the bureau.

SATISFACTORY CROP WEATHER PREVAILED DURING THE WEEK

Heat and Generally Good Conditions Advanced Farm Product Growth over the Entire State—Statistical Statement Shows Most of Idaho was Rainless, However

Settled summer weather prevailed during the week over most of the state. There was abundant sunshine and the temperatures by day registered well up in the 80's generally and in some of the warmer districts passed the 100 mark. The nights, also, were unusually warm and, as a matter of fact, the most of the state was rainless but in the Panhandle thunderstorms accompanied by fairly copious rainfall occurred and moisture conditions in that section were now very favorable. In the Idaho county the storms were attended by high winds which did considerable damage to grain, trees, and poorly constructed buildings. This information is supplied in a weekly summary of weather and crops, compiled by Clinton E. Nequest of the crop reporting service.

The weather was very favorable for

council last night and are filed for record with the chamber of commerce for reference.

Plan Satisfactory

The plan seems eminently satisfactory to bankers and city officials as well as business men. It will not affect railroad clocks, which are to remain at their present status. The same applies to the Western Union and may be continued in vogue at the county courthouse as a matter of conforming to a legal phase. At the depot and the Western Union, as well as other places where time may not be legally changed, it is proposed to have supplementary, or secondary clocks installed, these to show the new time, while the regular chronometers will remain showing Pacific time. The new scheme will give Twin Falls and district something more nearly approaching Mountain time.

Discusses Permanence Later

Although this scheme will become effective tonight here the legal status will be thrown out in Boise by submission of arguments favoring the new time, instead of taking the debate to Washington. It is deemed likely that through a sentiment for the new time crystallized by the movement in this district Washington may be brought to see the need for putting this entire section back to Mountain time permanently.

Following the effectiveness of the change trains will arrive in Twin Falls one hour earlier than their devices scheduled according to Twin Falls clocks. For some time the railroad has endeavored to keep dual time and have their clocks marked "Local" and "Railroad" time.

farm operations. Wheat harvest is in progress in the earlier districts with very good yields reported generally. In the upper Snake River valley the first cutting of alfalfa is just about up while in the lower Weiser valley and in the lower Boise-Pay Valley the second cutting is getting under way. The second crop of alfalfa has come on very rapidly and a record crop is indicated. It was fine harvest weather. The hot sunshine hastened the ripening of all the cereal crops.

In all sections where ample soil moisture obtains crops made fine progress but in a portion of the dry farm area of the eastern counties it is very dry and crops are suffering well. In the irrigated sections crops made phenomenal growth. Corn, potatoes, sugar beets, field peas, truck crops—all did well. In the common potato district

July 23rd, 1920.

To the Stockholders and the Friends of The United Silver Mining Company of Twin Falls, Idaho.

Our Company invites you to its "open house" until Monday, July 26, Room 16, Perrine Hotel, to inspect large blueprints, just out, of the property of the Company. Also to view a panorama photo, four feet long, and other pictures taken on the property last week, and last but not least, to read the report on these mining claims showing the development made since April 1st. Work has been continuous with four men under the direction of Mr. George H. Marshall, our President and Superintendent.

The report referred to was made by Walter Hovey Hill of Boise, Idaho, and includes his field work which required 13 1/2 days. He is a United States Deputy Mineral Surveyor and Mining Engineer of High Standing in his profession.

We have numbers of letters from satisfied stockholders who have inspected the property and in every case the visitors to the property increase their holdings from 100 per cent to 500 per cent.

We leave Twin Falls with at least three autos on Tuesday, July 27th, at 5 a. m., with some of our prominent citizens. The trip requires three days and is always enjoyed.

All stock sold has been placed with our own people. All our directors are home folks. The property has real merit. It will pay you to investigate fully. Our officers are all men of large mining experience. Such men as J. T. May, Theodore Parks, George H. Marshall and S. Henry Bolton, who need no introduction in Twin Falls County. Proof is abundant that this company will make a success and that their five claims are all heavily mineralized. Assays have been taken as high as 665 oz. silver with some gold.

You are each and every one invited to see specimens of the ore and our overwhelming proof that we are a going concern. Only a small block of stock is for sale at 25-cents per share, par \$1.00. The price will be advanced to 50c or \$1.00 without notice in a very short time.

If interested call at Room 16, Perrine Hotel, any time prior to Tuesday July 27th.

S. Henry Bolton, J. T. May.

P. S.—If you cannot come in, write. You will receive in return our printed matter by early mail without charge.

around Idaho Falls the plants are beginning to bloom.

Apples and prunes are growing fast. Late cherries are being picked and raspberries are coming in fast. The only upward conditions reported are the activity of the codling moth and the continued heavy drop of apples in the Kootenai district.

Pastures are good and the range is holding up exceptionally well. Live-stock are generally in excellent condition and are thriving.

FILER BOARD SAVES ON ROAD CONTRACT

Highway District Economizes by Re-Award for Building of Highway Stretch

According to official announcement contract for the construction of seven miles of concrete highway pavement in the Filer district has been awarded to F. E. Phelps of Salt Lake. The bid was \$309.12 per square yard, work to begin August 1.

This bid, which it is said, saves the district a very substantial sum in total, is half cent per yard lower than the bid of Robert Payson, submitted and accepted last June, but which was at the time withdrawn by the contractor because of inability to conform to some of the required specifications.

The type of road to be constructed is the "B" type, which is solid concrete 12 ft wide, 6 1/2 inches thick in the center, and 3 1/2 inches thick on the side, composed of 1:2:3 mixture; that is, one part cement to five parts sand and gravel.

The cost of the road will be \$33,200.43 per mile. The total cost of the paving will be \$302,773.85, which includes 10 per cent engineering and construction charges, assessed by the state. Federal aid totaling \$140,000 will be deducted from this amount and about \$500 will be refunded from the state.

ARGUE MOTION

In the case of T. M. Atkin against Kate Weston, filed some time ago in the district court, a motion, submitted by the defense, was argued before Judge W. A. Babcock to set aside the order of the court, the court took the question under advisement.

Respite Ended, Mercury Again Pole Vaulting

AFTER a period of vacillation, extending over several days, the weather works has restored the time-honored and much work daily system and prediction.

"Tonight and Sunday, fair," he offers for the coming 24 hours.

For the first time in a fortnight the temperature fell yesterday to reach the 80 degree mark, top being 78. Low last night was 50, but promise today is for higher top and bottom for the next diurnal period.

There was a trace of rain yesterday, according to the observer, but the water wagon did not get stuck in any mire caused by the natural sprinkle.

MISS TAYLOR IS MADE VICE COUNTY CHAIRMAN

Harry Benoit Announces Appointment of Assistant for Junior G. O. P. Club

Miss Julia Taylor has been appointed vice county chairman of the Young Peoples' Republican club by Chairman Harry Benoit, and the following have been appointed precinct committeemen: No. 1, P. R. Taber; No. 2, L. C. Olm; No. 3, J. W. Heller; No. 4, A. Willen; No. 5, E. Phelps; No. 6, J. E. Brown; No. 7, J. G. Thorp. The committeemen for precinct No. 4 and those for the out of town precincts will be announced later.

Vice precinct committeemen, to be composed of young women, will be appointed by Miss Taylor at a later date. The young people are especially urged to register before next Saturday so that they may be qualified to vote at the primaries, and again requested to consult the committeemen of their precinct relative to becoming members of this organization which will without a doubt prove to be one of the big things politically for the young people of Twin Falls county.

FIRST MORTGAGE INVESTMENTS. Arthur L. Swim.—adv.

DENIES GUILT.

L. A. Wheaton, recently brought here from Salt Lake on a warrant issued at the instance of the prosecuting attorney, was yesterday afternoon arraigned in the probate court to answer a charge of issuing false checks. The defendant denied guilt and was held under bonds of \$1000 for further hearing, date of which has not been set. Wheaton is alleged to have written false checks amounting to \$700 in Twin Falls.

CASE IS DISMISSED

Yesterday afternoon an action recently filed in the probate court charging H. Van Eaton with larceny of irrigation water, was dismissed, the case having been settled without resorting to legal procedure. It is explained the settlement was effected when it was shown that there were extenuating circumstances connected with the case.

LOUIS L. ALLEN FOR STATE SENATOR

And a Few of the Reasons Why Twin Falls County Should Elect Him

Some Facts Voters Should Know About Louis L. Allen.

"Following that judgment and opinion arrived at after a wide counsel has been expressed, I will, if elected, faithfully and impartially discharge and perform the duties of state senator for Twin Falls county in the light of an obligation which is not personal."

Here are Salient Features of Allen's Platform Policies.

FARMING AND LIVE STOCK Every encouragement should be extended to the farmers and live stock industry, in particular the keeping of domestic animals should be stimulated. Our efforts should be directed to the prosperity of the men on the farms in this day of reconstruction. It is fundamental that the way to assist an enterprise is to assist the people engaged in the enterprise. Make the

With this pledge, Hon. Louis L. Allen has sounded the keynote of his campaign for the upper branch of the state legislature. Fulfilling a promise of a policy statement, made at the time his candidacy was announced, Mr. Allen outlined his platform, at the same time reviewing the highlights of his past career for the benefit of Twin Falls county voters.

VARIED EXPERIENCE

Mr. Allen is a normal trained graduate, and has experienced seven years of school teaching. He was born and reared on a farm and has practiced all phases of farm industry. In his earlier years Mr. Allen has earned credit for reclamation achievements. It was through his efforts that a water right was secured for his home city and he represented the people as first director in the company. Mr. Allen also served several terms as justice of the peace in his home town.

STUDIED ABROAD

During the years of 1910, 1911 and 1912, Mr. Allen was in Europe, studying and lecturing.

LAW GRADUATE

He is a graduate in law and is associated with Judge S. D. Davis, attorney and counselor at law in Twin Falls.

Mr. Allen is at the command of the people. He will lecture or speak in any part of the country.

SUBJECT TO REPUBLICAN PRIMARIES, AUGUST 3rd

farmers succeed and the success of farming is established. Let a continuing appropriation insure their continued functioning. This is no gospel of ease and selfishness nor class distinction but a gospel of effort and service, of universal application we must advocate and practice thrift and industry. We must require unswerving loyalty to our Country.

CORRECT STANDARDS

Motherhood should be honored, childhood protected, I would earnestly recommend the extension of this relief.

The law that builds up the people is the law that builds up industry. Let us recognize the source of this fundamental principle and not hesitate to assert it. Let us frown upon greed and selfishness and also condemn envy and uncharitableness. We should strive to realize the dream of democracy by a prosperity of industry that shall mean the prosperity of the people. The strengthening of our material resources that shall mean a strengthening of our character by a merchandising that has for its end manhood and womanhood, the ideal of American citizenship.

HEALTHFUL CONDITIONS

Our Government belongs to the people, the taxes are paid by the people; therefore the benefits of Government must accrue to the people—not to one class but to all classes, to all the people. The functions, the powers, the sovereignty of the Government must be kept where they have been placed by the constitution and laws of the people. Not private but that public will which speaks with a divine sanction should prevail. By prescribed law, by authorized publicity, by informed opinion, the Government should strive to provide that all conditions under which her citizens live are worthy of the highest estate of man. Healthful housing, wholesome food, sanitary workings, reasonable hours "AND A FAIR WAGE FOR A FAIR DAY'S WORK."

Opportunity full and free justice speedy and impartial and at a cost within the reach of all are among the objects not only to be sought but made absolute certain and secure in this day of reconstruction.
