SEVERE BREAKS
DEVELOPMENT IN
GRAIN TRADING

Reported Closing of Large Motor Enterprise Because of Inability to Sell Product Knocks Bottom Out of Market

CHICAGO, (P)—Severe breaks in the grain and provisions markets today accompanied the disturbing financial and industrial developments especially of reports of the closing down of a large motor enterprise on account of inability to sell its product. Wheat dropped as much as 8 cents a bushel and corn 5-6 cents.

Finish at Low Mark

Optimistic bank reports about crop conditions and started the grain market downward, but lowest prices came after word had been circulated of weakness in the stock market and of industrial difficulties. Prices on change were highest at the lowest point of the day, with December delivery of corn down to \$1.28 in some cases, as against \$1.37-58 at this close on Saturday.

Wheat Drops Eight Cents

Extreme declines in wheat amounted to 8 cents a bushel at \$2.51 for March delivery. Pork fell \$2 a barrel and lard more than \$1 a hundredweight. Much of the selling pressure built in grain and provisions came from distressed holders. There was also heavy speculative selling and unusual lack of buying support.

HOME RULE BILL TO STAND

Government Has No Intention of Withdrawing Measure, Says Premier

LONDON, (P)—The British government has no intention of withdrawing the bill for home rule for Ireland, Premier Lloyd George stated in the house of commons today. It would press the measure forward with all possible speed, he said, when he returned after the holiday recess, he added.

Reports that the government was opening negotiations with representatives of the Sinn Féin for the purpose of reaching a compromise as to the future rule of Ireland were set at rest in the house by the premier. He was asked by Lord Robert Cecil as to whether the government was opening negotiations with Sinn Féin with any action of Ireland and answered in the negative.

NEFF GAINING ON BAILEY

Former Senator Drops Behind in Run for Gubernatorial Nomination

DALLAS, Texas, (P)—Pat M. Neff of Waco gained slowly on Joseph W. Bailey, former United States senator from Texas, in the contest for the democratic gubernatorial nomination when 25,000 votes from Saturday's primary had been tabulated today by the Texas election bureau but it became increasingly evident that neither would secure a majority and would be opponents in a run-off primary August 28. Bailey, who ran on an "open shop platform" had 115,336 votes, according to the unofficial tabulation which included returns from 220 counties. Neff's votes totaled 111,447.

STRIKERS IN IOWA GYPSUM INDUSTRY ACCEPT TERMS

FORT DODGE, Iowa, (P)—The strike in the gypsum industry here ended Saturday night and the mines and mills are being operated today. They have been idle twenty-one days. Settlement was a basic offered by the operators. The advance was fifty cents per day, one dollar advance being demanded.

PRairie FIRE DESTROYS RICH PASTURES AND CROPS IN MEXICO

EAGLE PASS, Texas, (P)—Many square miles of rich pasture and crops are being destroyed by prairie fires which have been burning in Mexico ten miles from here for several days and which are spreading rapidly.

FINISH WITHIN LIMIT
RENDERED IMPOSSIBLE
BY LUFFING AIR CURRENT

Only Nine Miles of Course Covered when Regatta Committee Declares Fifth Contest for Cup No Race; Challenger Speeds First Across Starting Line with Rival Following a Minute Later; Loses Lead in Luffing Match

ABOARD STEAM YACHT VICTORIA, OFF SANDY HOOK, N. J., (P)—Sir Thomas Lipton today stated that if he failed this year to capture the America's cup he would challenge again next year for 1922, with a new boat.

SANDY HOOK, N. J., (P)—With Resolute two miles in the lead, the fifth international yacht race was declared off at 5 o'clock today because a dying wind made it impossible for the cup sloops to finish within a six hour time limit.

Only Nine Miles Covered
Resolute was six miles from the outer mark on the first fifteen mile leg of today's thirty mile windward and leeward course, having covered only nine miles when the regatta committee called off the race that will decide whether the America's cup is to leave its home in the United States for one in the British Isles.

Shamrock lost a short lead she obtained at the start when, in a long luffing match, during which both skippers fought for possession of what wind there was, she got too close into the Jersey shoals.

In this luffing fight for the wind, which carried the yachts many miles off their course, the American sloop captured the lead which she held and had increased during the rest of the drifting match.

Crawl Slowly Over Course

So slowly did the yachts slide over an oily sea, that neither of them had any white water under their bows. Shamrock at one time even had her sailmen perched along the lee rail with their legs in the water, in an effort to bring the challenger to her true racing line.

Shamrock IV, the big green sloop with which Sir Thomas Lipton hoped today to lift the America's cup, sped first across the line today at the start of the fifth international yacht race which will decide the 1920 series.

Official Starting Time

Starting on the first 15-mile leg of her 30-mile course, a run south by west half west out to sea, Shamrock passed over the starting line at Ambrose channel light at 12:30:28 official time and her rival followed at 12:31:25, after the starting signal had been sounded at 12:30.

In the luffing which carried the sloops far off their course toward the Jersey shore, Shamrock kept on to the far toward the beach when the yachts finally had gybed around and started toward the outer mark. Resolute slipped into the lead at 1:50 and a few seconds later was about 10 seconds ahead of the Lipton craft.

At 2:20 Shamrock hit an air pocket and dropped back. Proving a better driver in the faint airs, Resolute at 2:26 had a clear lead of about 200 yards. There was almost no breeze off

to the westward were seen threatening black clouds.

Fight Against Time Limit

At 3 o'clock, two hours and a half after the start of the fifth race of 1920 for the America's cup, Resolute was leading Shamrock IV by about three quarters of a mile on a beat to the outer mark of a 30-mile windward and leeward course.

Although they had actually covered nearly a dozen miles of a luffing match for possession of the wind—a battle of skippers that took the racing sloops far into the Jersey shore, the racers had covered less than half of the first 15-mile leg.

With scarcely a breath of air wafting across the racing lane, the contest fast developed into a fight against the six-hour time limit which expires at 6:30. Working further to weather, Resolute, by 3:20, had drifted out into a lead of about a mile and a half.

Both Virtually Becalmed

The yachts were virtually becalmed at 4:15. Resolute almost got in iron at one time in tacking. Shamrock continued her course seaward making hardly any headway.

At 4:20, Resolute, maintaining her lead of a mile and a half tacked to port and seemed to be almost able to hold her mark.

Resolute had a lead of about two miles at 4:27 when both sloops were searching for a breeze.

SOLDIERS PROTEST AT
HEALTH SERVICE ORDER

Two Hundred Disabled Service Men Organized to Combat Proposed Move to Sanatoriums

SARASAC LAKE, N. Y., (P)—Two hundred disabled soldiers undergoing treatment at the Home Sanatorium here for tuberculosis contracted while in service, today are on strike against the United States public health service.

This action was taken upon receipt here of an order from the New York office of the health service directing that all disabled men be transferred to service sanatoriums in other sections of the country.

Out of 215 disabled men here, 200 have voted to disobey the order. The former soldiers have formed an organization to combat the proposed move. Committees have been appointed to work out some plan of reorganization of the health authorities that will be acceptable to authorities at Washington.

AMERICAN LEON CHAPLAIN
KILLED BY AUTO ACCIDENT

ST. LOUIS, Mo., (P)—Rev. Father Francis Kelly of Albany, N. Y., national chaplain of the American Legion, who was the fighting chaplain of the Twenty-seventh division overseas, was injured seriously in an automobile accident here today.

STRIKES UP
INDIAN'S COAL
MINE INDUSTRY

Industry Partially Paralyzed as Result of Walkouts of Day Laborers and Drivers; Conference Urged

TERRE HAUTE, Ind., (P)—Indiana's coal field today is partially paralyzed by an unauthorized strike of day laborers and drivers following a similar action in the Illinois field. Fifty mines near Terre Haute are idle.

President Ed Stewart of District No. 11, United Mine Workers of America, this morning wired President Lewis, urging a conference of miners and operators of the states in the competition field, for the purpose of presenting the matter to the proper authorities for settlement. The day laborers claim they were discriminated against in the recent wage award.

REPORTS FROM KANSAS COAL FIELDS ARE IN CONFLICT

PITTSBURGH, Kan., (P)—Returns from over the Kansas coal fields at noon today were in conflict. Alexander Howat, president of the Kansas miners, said that half of the district is on strike, 4000 miners being out. At operators' headquarters it was said that materially fewer miners than half were idle.

The strike which started Saturday is a protest against the deduction of fines from the pay of miners for refusal to work on Saturdays.

Howat said that miners who were working today would clean up the mines and be idle tomorrow.

"Governor Allen and Attorney General Hopkins should do something," Howat said. "Half of the miners of Kansas are on strike. This simply illustrates again that you can put men in jail but you can't force men to work."

ADRIANOPEL IN
HANDS OF GREEKS

King Alexander Plans to Enter Captured Turkish City on Monday

ATHENS, Greece, (P)—Adrianople in the hands of the Greeks Sunday evening, according to an official statement issued last night.

King Alexander intends to enter Adrianople Monday, the statement says. Greek troops have forces, according to Saturday's official statement on the situation in Thrace, advanced and after dispersing the enemy easily occupied Lule-Burgaz, 35 miles southeast of Adrianople and Chirak, 10 miles farther.

"Much material and undetermined number of prisoners were taken, and the enemy's horses were heavy," the statement says.

FRENCH BRING TANKS INTO PLAY AT ADANA

CONSTANTINOPLE, (P)—Since July 4, Adana, in the southeast part of Asia Minor, has been in a state of siege. The French have brought tanks into play and changed management on the railway in an effort to restore order. Railway communication has now been re-established between Adana and Mersin, about forty miles southwest of Adana.

There are rumors in Constantinople that the Turks are directing a big movement against Adana.

ASSEMBLYMAN ACCUSES
SOCIALIST ASSAILANTS

New York Lawmaker Says Strong Arm Squad Seeks Revenge for Legislative Activities

NEW YORK, (P)—Assemblyman Louis Cavillier charged today in the Harlem court that he had been attacked and assailed by a "socialist strong arm squad" seeking revenge on him for his legislative activities last winter in the ousting of the five socialist assemblymen at Albany. Mr. Cavillier said he lost two teeth and that his eyes were broken.

The assemblyman described the alleged attack which occurred two weeks ago when he appeared in court to defend a client who claimed to have been assaulted by a socialist.

The Finnish Socialist society headquarters in Harlem, was described by Mr. Cavillier as "a nest of Bolsheviks who have formed strong arm squads to patrol the districts and beat up democrats and republicans in revenge for the ousting of their representatives at Albany."

Assemblyman Cavillier said he might lay the matter before the attorney gen-

SOVIETS SEIZE OPPORTUNITY
PRESENTED IN ALLIED DEMAND

Lloyd George to Meet with Millerand at Boulogne to Discuss Russian Proposal for Conference

WASHINGTON REGARDS PARTICIPATION OF UNITED STATES AS IMPROBABILITY

PARIS, (P)—The proposal by the Russian government for a conference in London with all the allies, as reported in last night's dispatches, will be the subject of an exchange of views between France and Great Britain. It is probable that Premier Lloyd George and Millerand will meet during the present week for a discussion of the reply to be made to Moscow.

As viewed here, the soviet government has seized the allied demand for an armistice with Poland as a pretext for a return to the original soviet campaign for official recognition of the Moscow government, and political circles in Paris regard the maneuver as a skilful one which has placed some of the allies, particularly France in a delicate position.

France has not ceased to consider the soviet government as an irregular one, not supported by the free will of the people.

It is pointed out that Premier Lloyd George spoke for all the allies, however, when he communicated with the soviet authorities, demanding that they stop the forward movement on the Polish frontier.

Thus it is admitted now for the first time in political circles here that France may be forced into a position where she will be brought to recognize the soviet, but it is declared she will do so only after due guarantees are given that the Russian foreign debt will be paid.

PREMIERS TO MEET FOR
DISCUSSION OF PROPOSAL

LONDON, (P)—Premier Lloyd George will meet Premier Millerand of France at Boulogne tomorrow (Tuesday), to discuss the Russian proposal that the allies hold a conference with the Russian soviet government.

Mr. Lloyd George will return to London Tuesday night.

Confirms Proposal Receipt

Premier Lloyd George, in the house of commons today, confirmed reports that the allies have agreed to meet in a peace conference in London between the belligerent powers engaged in hostile action against the soviet, or supporting such action.

Mr. Lloyd George said the soviet had also suggested that representatives of the belligerent powers attend the conference. The premier added that Great Britain was conferring with her allies on the subject.

Hopeful of Peace

Mr. Lloyd George, replying to questions about the Russian proposal, said: "I am very hopeful of peace, and that is what the world wants."

He also stated that since the Russian government had agreed to the Polish armistice, Great Britain had withdrawn her objections to the soviet trade delegation proceeding to London.

AMERICAN PARTICIPATION
IN CONFERENCE UNLIKELY

WASHINGTON, (P)—Participation by the United States in any conference of representatives of Russia and the allied governments looking to a restoration of peace between Poland and the soviet government, was regarded here today as improbable, but in the absence of all but the scantiest of official information, most officials declined to discuss the matter.

President Wilson is understood to be keeping in close personal touch with the new European crisis and the question of American participation in the proposed conference will be for his determination.

The only official information the state department had today was that negotiations were in progress regarding the time and place of the conference between the Russian and Polish representatives. No intimation had come from the American embassy at London or the British foreign office that Russia had suggested a conference of allied governments.

However, in the light of Premier Lloyd George's announcement in the house of commons that Great Britain had withdrawn her objections to the soviet's suggestion that the allies be represented, an official communication

POLES IN GREAT
HOPES ON RESULT
OF CONFERENCES

Crowds Greet Members of Special British and French Missions on Arrival in Warsaw to Study Situation

LONDON, (P)—The peace conference between the Russians and Poles will begin at Baranovitch, 85 miles southwest of Minsk, on July 30 and the armistice will start the same day, the Associated Press learned today.

The Lloyd George boundary line will hold in the north, and the actual military line on the south on July 30 will be observed.

VIENNA, (P)—It is reported in apparently reliable quarters here that the first step in the negotiations will require of the Poles before entering into peace negotiations completely so that the negotiations might not be used to gain time or to await the arrival of French or British reinforcements.

WARSAW, (P)—Nineteen members of the special British and French missions sent here to look into Poland's military situation and to confer with the Polish authorities arrived in Warsaw early Sunday, and the remainder of the day was taken up in official calls and conferences.

The missions, which are headed by Lord Jellicoe, French ambassador to the United States who is in Europe on leave of absence, and Lord D'Abernon, British ambassador to Germany, were met by representatives of the Polish government. Vask, who had been reading the newspaper accounts of the allied negotiations in Poland's behalf assembled and showed they entertained great hopes on the outcome of the deliberations of the missions.

The British and French delegates were received officially by M. Skulski, minister of the interior in the new cabinet, at the governor's palace, where the heads of the mission met Premier Witos. One of the first questions placed before the missions was that of the disposition of war materials for Poland which have just arrived at the port of Danzig and which the working men are refusing to unload in order to prevent Poland getting them. The dock laborers and soviet emissaries in Danzig are distributing anti-Polish propaganda.

AVIATORS AT SASKATOON

Alaskan Flight Expedition Arrives at Control Station in Canada

SASKATOON, Sask., (P)—Four United States army aviators, in flight from Minneapolis, N. Y., to Nome, Alaska, arrived at Saskatoon at 12:30 p. m. today.

PORTAL, N. D., (P)—Four United States army airplanes, on route from Minn. N. Y., to Nome, Alaska, left Portal at 10 o'clock this morning, entering the Dominion of Canada with Saskatoon, Sask., their first scheduled stop. The planes' route to Alaska, leads through northwestern Canada.

NO-HIT, SHUTOUT GAME

JEROME (Special).—"Speed" Anderson, pitching for Jerome, yesterday put over the first and only no-hit shutout game of the season in the Southern Idaho baseball league. The game was with Burley, the locals getting 17 hits for 14 runs off Crane. Jerome has beaten the pennant but will play two more games with Burley.

LOS ANGELES QUIVERS FROM SHOCKS
OF QUAKES IN EARLY MORNING HOURS

LOS ANGELES Cal., (P)—A sharp quake was knocked down, dishes broken and windows rattled. A second and much lighter shock was

SPEED UP WORK ON WATERPOWER ADMINISTRATION

Officials Bend Efforts to Put Legislation Which Was Ten Years in Making, into Early Execution

WASHINGTON, D. C., (AP)—Regulations for the administration of the federal waterpower resources to private development are now being drafted. As soon as they are completed the waterpower commission, composed of the secretary of war, interior and agriculture will hold hearings on them.

The commission, of which Secretary Baker has been appointed chairman by President Wilson, will hold its first meeting immediately upon Secretary Payne's return from Alaska about August 2. The hearings on the regulations will be pushed as speedily as possible so that the waterpower legislation, which has been ten years in the making can be put into effect without undue delay.

Committees Prepare Draft

The legislative regulations are being drawn up by a special committee of the war, interior and agriculture departments. It is composed of Major General Enoch H. Crowder, representing the war department; C. C. Merrill, waterpower expert in the forestry service, who has been designated executive secretary of the commission and H. A. Stahler of the interior department.

Members of the committee said the regulations will be announced in series, with open hearings on each group before they are made final. Those relating to form and method of application for survey permit or licenses will be the first announced. The most difficult problem involved in drawing up the regulations, members of the committee say, is that of establishing a uniform system of accounting for licenses as required by the act.

Under the waterpower bill the commission is empowered to issue licenses for a period not exceeding 50 years. The licensee will pay to the government reasonable annual charges in an amount to be fixed by the commission. Upon the expiration of any license the government, if two years' notice in writing has been given by the commission, will have the right to take over and operate any water power development after payment of the net investment of the licensee in the project or projects taken not to exceed the fair value of the property plus such reasonable amount as, in any, to property of the licensee may be caused by the severance therefrom of property taken.

Government Retains Rights

In cases where such notice has not been given the government also will have the right to take over upon mutual agreement with the licensee any property developed under the terms of the bill subject to the payment of the net investment.

CONGRESSIONAL RECORD COST SHOWS NO INCREASE

Public Printer Inclines to Notion Congress Talked Most in 1917

WASHINGTON, (AP)—The cost of publishing the Congressional Record, the government publication recording daily everything that is said and done in congress, as well as something out of it, was \$537,640,000 last year, practically the same as for 1918, but about \$300,000 less than the 1917 cost.

These figures were recently by Russell O. Beene, comptroller at the government printing office in answer to an inquiry of Representative Mager, of New York, as to the possible saving that would result from the discontinuance of the record. Mr. Beene gave the cost for 1917 as \$830,170.88 and for 1918 as \$537,640.

Cornelius Ford, the public printer, was asked for an explanation of the high figure in 1917, but confessed his ignorance, unless it happened that Congress "did more talking" that year. Mr. Ford said that in 1917, Congress was in session 259 days, in 1918 207 days, and in 1919, 279 days.

The printed pages in the Record for these years were 552,511,064 in 1917; 532,072,587 in 1918; and 455,130,450 in 1919. The cost of printing the record greatly within the past three years, but the use of a lighter and less expensive quality has helped reduce the aggregate cost of the paper used. For 1919, the paper cost was \$130,000, as compared with \$162,000 in 1918 and \$300,000 in 1917.

DRINK BOTHERS ISLANDERS

Hawaiian Chamber of Commerce Asks for Prohibition Agent

HONOLULU, T. H., (AP)—The chamber of commerce on the island of Kauai recently voted unanimously to ask federal officials to station a prohibition enforcement agent permanently on Kauai to stem the wave of illicit drunkenness, which was described as "notorious."

Colonel E. H. W. Broadbent, manager of Grove farm, told the Kauai chamber that "moonshine" everywhere on the island was handled openly. Women, Colonel Broadbent charged, were most of the "moonshine" while their husbands and sons were at work.

Ex-Tammany Chief and Wife Sail for Europe; Calls Children Ungrateful

Before sailing for Ireland several days ago, Richard Croker, the aged ex-chief of Tammany Hall, referring to his position in the recent tangled family controversy, declared that his children were ungrateful. He declared that the reason for the trouble was nothing else but money. The Croker's trip to Ireland was delayed some time in Palm Beach, Fla., by the trial of the suit brought by Richard Croker, Jr. The ex-Tammany chief, however, won a notable victory in the case, clearly proving his competence to manage his property. This photograph shows Mr. and Mrs. Croker as they sailed for Ireland.

Today's Sporting News

SPEAKER, INDIAN BOSS, TAKES FIRST PLACE FROM GEO. SISLER, IN AMERICAN LEAGUE'S HITTERS

Star Outfielder of Cleveland Club, by Tremendous Spurt with Stick in the Week, Passes Browns' Best Bet in Race for Honors — Joe Jackson of Sox is Third, Tarzan Ruth Fourth

CHICAGO, (AP)—Driving out 13 hits in eight games, Tris Speaker, manager of the Cleveland Americans, today is leading the race for the batting championship of the American league with an average of .416. George Sisler, star first baseman with St. Louis, the batting leader a week ago, is second on the list with .405. Joe Jackson of Chicago is third, with .403.

"Babe" Ruth, the home-run king, boosted his average 5 points as a result of cracking out thirteen hits, including a quartet of home runs and is in fourth place, with an average of .387. Ty Cobb, the Detroit star, signified his return to the game with a hitting drive that boosted his average from .318 to .331.

Ruth is setting the pace for rungetters, having scored 94 times with Speaker, the runnerup, with 82 tallies. Ruth also has scored 249 total bases in hitting, while his closest rival is Sisler, with an even 200.

Rice of Washington pilfered three bases during the week and is showing the way with 38 thefts. Sisler replaced Ruth as one of Washington's runnups, having stolen five bases in his last seven games. He has 24 to Ruth's 20.

Other leading hitters: Rife, Washington, .369; Mousch, New York, .351; Weaver, Chicago, .344; E. Collins, Chicago, .344; Hendryx, Boston, .337; Miller, Washington, .332; Cobb, Detroit, .331; Johnston, Cleveland, .329; Anderson, St. Louis, .328; Felsch, Chicago, .323; Chapman, Cleveland, .322.

Edwin Evers, the Boston pitcher-pinch hitter-outfielder, strengthened his hold on first place among the National league hitters. He has an average of .404, attained in 57 games, in which he was at bat 94 times and cracked out 34 hits. Roger Hornsby, the St. Louis star, however, has played in 80 games in which he has gathered 122 hits in 340 times to bat, for an average of .359.

J. Smith of St. Louis made the best showing among the regulars during the past week, boosting his average from .319 to .332, and is in third place, with Smith of New York in fourth position, with .322.

Bancroft, the former Philadelphia, now with New York, is the best runner in the league. He registered 53 times. Hunter, the Oakland, being the runnerup with 54 tallies. Williams of Philadelphia failed to increase his home-run record, but continues to lead the circuit drive hitters with nine. Robertson of Chicago has eight. Max Carey of Pittsburgh did not reach any bases during the week, but his 32 thefts remain high.

Other leading hitters: Roush, Cincinnati, .327; Knechtly, Brooklyn, .327; Haller, Chicago, .319; Higbee, Pittsburgh, .316; Cobb, Cincinnati, .314; Williams, Philadelphia, .312; Myers, Brooklyn, .310; Sock, St. Louis, .309; Daubert, Cincinnati, .307; Young, New York, .307; Clark, Chicago, .307; Nichols, Pittsburgh, .307; Kelly, New York, .303; Twine, Chicago, .303; J. Wheat, Brooklyn, .300.

THIS WINS AGAIN.

PARIS, (AP)—In the 5000 kilometer bicycle race today, Thys, who with Dupuy won the six-day race at Brussels in 1919, finished first.

Brief Bits of Sport

"Tarzan" Ruth appears to have been a paying investment for the New York American league club.

The owners of the Yankees are arranging for the erection of a new stadium, that will accommodate 50,000 baseball patrons.

The plant will be on Manhattan island, according to reports thus leaving the Giants in sole possession of the Polo grounds.

Speaking of this bambino persons remind that on Saturday he crashed out his thirty-fourth homer of the season, which is five more than he made all told in 1919.

A police magistrate in Dubuque, Ia., the other day, in passing sentence against a joyriding youth, who was mixed up in an accident, advised the young man to teach the girl to drive the car so he would be free to put both arms around her.

Nine circuit punches featured the twin-bill between Salt Lake and Seattle at Salt Lake Saturday.

This speaker, sturdy leader of the Cleveland Indians, has assumed the lead of American league hitters, displacing George Sisler, of the Browns, who has been the leader all summer.

Spunker has chalked up a mark of .416 while Sisler is batting .405. Jackson of Chicago is third slugging of the Johnsonian circuit with .400, while Babe Ruth, greatest of all hard hitters, is batting .387.

Poor old Connie Mack seems destined to again this year occupy the last position on the American league.

The recreational of the Athletics resulted from the passing of Babe Wadell, Jack Combs, Eddie Plank and Chief Bender. This was a quartet of pitchers who have ever been able to duplicate on its roster.

You may dope out baseball with precision and scientific exactness, but just as sure as you do some roughneck like Babe Ruth comes along and spills the beans.

K. O. Romoff, on Saturday in a match with Jack Harbison at Salt Lake.

Romoff, who was banished from this section of the country because of inherent qualities which have made the wrestling game the most suspected of all sports, went 40 minutes with the Ogden heavyweight, and when the latter gave him a beating he claimed to have sustained a broken rib.

This claim was not justified on physical examination or in his later actions. He walked from Laguna park, it is said, without showing any evidence of injury.

Harney Kerns, infielder who quit the Burley club to become leader of the Pocatello team, has resigned the latter position.

Kerns has gone to Tacoma in the International Northwest league and will play short for that outfit.

The departure of Kerns from Pocatello caused the defection of catcher Ernie Fallentine, who is seeking work in other teams. Bill Rose and Kid Gleason of the Jerome club have joined the Pocatello Indians.

You can't guess your way to economy and thrift. Study the ads.

FOR SALE

Brand New Nash 4-Passenger Speedster, Wire Wheels

Will discount 20c for Each Mile Driven—Need Cash Address BOX 162 FILER, IDA

FULTON-WILLS TONIGHT.

NEWARK, N. J., (AP)—Fred Fulton, Minnesota heavyweight, will box 12 rounds with Harry Wills, Kentucky negro heavyweight, here tonight. Fulton's weight today was reported as 216 pounds and Wills 214. Other bouts will include Jack Britton, world's welterweight champion and Marcel Thomas, French fighter, for 12 rounds.

YANKEE BEATS BRITON.

LONDON (AP)—R. Norrie Williams of Boston defeated J. C. Parks of the British Davis cup team, in the finals of the Norwood lawn tennis tournament Saturday, 6-3, 6-4, 7-5. Williams qualified for the finals by winning over William M. Johnston of California in a close contest, 1-6, 8-6, 7-5.

ST. PAUL MAN IS CHAMP.

MINNEAPOLIS (AP)—Joe Armstrong of St. Paul Saturday became singles champion of the Northwestern Tennis Association by defeating Paul Bennett, Winnipeg, in the finals at the association's annual tournament at Deephaven courts. The scores were 7-5, 7-5, 4-6 and 6-0.

MAKE IT A DRAW.

CHICAGO, (AP)—Frankie Mason of St. Paul Saturday night, and Jimmy Kelly of Chicago, fought a round bout to a draw at East Chicago, Ind., Saturday night. It was Kelly's first appearance in fast boxing company.

Fraternal Friendship.

A curate of a very nervous temperament was constantly making awkward remarks intended as compliments. Having distinguished himself in an unusual degree during a gathering of clergy at the bishop's palace, he was taken to task for his failings by a senior curate who was one of his companions on the way home. "Look here," said the senior decisively. "You are a donkey! Why cannot you keep quiet instead of making your usual remarks? Mind you, I am speaking to you as a friend."

Palestine's Rainfall.

Palestine has a remarkable advantage in putting through engineering projects to store the rainfall, which occurs five months of the year, because the Mediterranean is at a higher level than the main water basins of the country. The River Jordan and the lakes, and therefore little of the total rainfall runs off directly to the sea.

Cement-Coated Nails.

Approximately one-tenth of the wire nails manufactured are now cement coated, according to H. A. Knight, who writes on the subject in the Iron Age (New York). The nails are coated by shaking them up in a hot tumbling barrel with a compound consisting mainly of resin, from which they issue with a thin, tough coating which greatly increases their holding power. The friction of the driven nail with the wood melts the cement and forms a glue, which makes fast the nail.—Literary Digest.

City Could Use More Cats.

It is estimated that there are in Paris 240,000 cats. The "official cats" which keep the museums and offices free of rats and mice, cost the state \$3 a head a year for upkeep, so that if the private cats cost an equal amount the total would be about \$750,000 a year, says the London Mail. But, judging by the number of rats one sees in the streets of Paris before dawn, feeding from the refuse boxes, several thousand more cats would be a good investment for the amount of damage done by rats must be enormous.

In a time when prices are unstable it is important that women should keep informed as to the latest fluctuations, that they may solve their shopping problems wisely.

TWO FACTORS determine the value of a paper's circulation

to the advertiser—quality and quantity.

The quality may be judged by the methods of obtaining subscriptions.

The quantity may be known absolutely by an independent and expert audit of the circulation records.

Both points are covered by the reports of the Audit Bureau of Circulations.

The advertiser who buys space on a business basis asks for an A. B. C. statement and studies it.

If an advertiser who does not demand an A. B. C. statement conducted the other branches of his business on the same method, he soon would not have any business to conduct.

An advertiser is entitled to the facts. An A. B. C. paper has nothing to hide.

The A. B. C. report of The News will be sent to advertisers on request.

DECISION FOR OR AGAINST AMERICA CAMPAIGN ISSUE

Subordination of Constitution to Covenant is Big Question Before Voters, Hill Tells New York Convention

SARATOGA SPRINGS, N. Y., (AP)—Accepting the league of nations as the dominant issue in the coming political campaign, David Jayne Hill, temporary chairman of the unofficial republican state convention, today called upon voters to decide between American nationalism and the political internationalism of Wilson.

He characterized this as "the most far reaching decision since the founding of our government."

In his address, which was devoted largely to the treaty of Versailles, Mr. Hill declared "the real control of Europe is vested not in the league, but in the supreme council of the allied powers, a separate organ of action. It alone has armies at its command. Its voice alone is heard in Europe."

"The league of the league's ability for peace," he declared, "is in a change of its centre of gravity from a military to a judiciary organization."

He criticized the work of Elihu Root, in his efforts at establishing a world tribunal at The Hague, "for the purpose of substituting in our relations with Europe judicial action for political action for political expediency and military force."

"To imagine," he continued, "as Mr. Wilson does—or did before he discovered Europe—that the war has produced a fine sense of unity or mutual sympathy and understanding between the powers, is an error that would wreck any business enterprise based upon that supposition."

"The large question is shall we subordinate the constitution to the covenant, or shall we state frankly to all the world that we will never, in the least degree, compromise the constitution of the United States?"

CLUE FAILS IN TRUNK MYSTERY

Detroit, Mich. (AP)—Detroit police believed today that the mystery surrounding the disappearance of a woman in a trunk from this city to New York was near solution.

Trumbull will go to Chicago at once, it was announced, to assist in identification of a man held by the police there and who gave the name of Roy Millen.

According to Patrolman Trumbull, his wife, who was acquainted with the Leroy, Mrs. Leroy formerly was Miss Katherine Jackson of Starkville, Miss, and was married to Leroy a year ago.

TURKISH ENVOYS DELAYED ON WAY

Apologetic Note Explains Inability of Delegates to Arrive in Time

ANGOR, Turkey, (AP)—The Turkish national congress adopted today, in resolution, the peace terms accepted by the Constantinople government and declaring the nationalists will oppose the terms militarily to the bitter end.

LONDON, (AP)—The Turkish delegates will not sign the peace treaty tomorrow owing to their inability to reach Paris in time. A rather apologetic note from the Constantinople government to the British foreign office today said that traffic interruptions which probably were the result of Turkish operations, precluded the delegates arriving within the time limit given Turkey which expires tomorrow.

BARBIE TO RATIFICATION

CONSTANTINOPLE, (AP)—Since the departure of Turkey's peace delegates for Paris with instructions to sign the treaty, the means of ratification have been eagerly discussed in Constantinople. Under the Turkish constitution the chamber of deputies must ratify treaties. That is impossible under the present circumstances as a majority of the chamber is composed of nationalists, many of whom are in Angora.

SEVERE IS CHOSEN FOR SIGNING OF PEACE TREATY

PARIS, (AP)—Sever, four miles north of Versailles, was chosen today for signing of the Turkish peace treaty after a long search for a place which would give the treaty sufficiently dignified and historic name, there already being treaties named Versailles, St. Germain, Paris, Grand Trianon and Fontainebleau.

Signing of the treaty, it is expected, will take place in a magnificent building of the famous national porcelain manufactory.

SOVIETS SEIZE OPPORTUNITY

(Continued from page one)

on the subject from the British foreign office was expected.

The soviet's motives in seeking such a conference were not altogether clear to officials and diplomats. The situation created is such, it was said, that an excellent opportunity has been offered the soviet to obtain a quasi recognition by all of the allies and a more complete resumption of trade relations.

Great Britain was believed here to be well disposed toward the suggestion of a joint conference. France, it was assumed, by those who have been studying the situation, might find it embarrassing to remain aloof, while Italy probably would offer no serious objection to participation.

America's peculiar interest in the welfare and perpetuity of the Polish government, it was argued, might make it difficult for her to remain outside the conference notwithstanding the constant manner in which she has refused to enter into relations with the soviet regime.

JACK JOHNSON SCHEMING FOR HIS LIBERTY

Black Man, Convicted Under Mann Act, Starts Legal Procedure

CHICAGO, (AP)—Jack Johnson, former heavyweight champion, began a legal fight to escape serving a one year prison sentence as a Mann act violator today when his attorneys appeared before Judge Alschuler of the federal circuit court of appeals and made a motion that he be released for his release pending appeal for a new trial.

Johnson, who has been a fugitive for eight years, is being held in jail at Joliet, Ill., pending the outcome of his fight to obtain bail.

Attorneys for Johnson planned application today for bail for the negro who was taken from a train yesterday and placed in Joliet penitentiary, following a reception here by nearly 2,000 negroes. Johnson was brought back from California after his surrender at the Mexican border to begin sentence of one year for violation of the Mann act. He hopes for a new trial and a return to the arena.

When Judge Alschuler learned that Federal Judge Carpenter was in the city, he refused to hear the motion and suggested that it be made before Judge Carpenter, who heard the negro's bail hearing shortly before Johnson fled to Europe in 1914, forfeiting his \$50,000 bail. Judge Carpenter, in recovering from a minor operation at his home and efforts will be made by Johnson's attorneys to have him hear the motion.

They propose to furnish him up to \$50,000, but their efforts will be opposed by the district attorney.

Federal Judge Carpenter was in the city, he refused to hear the motion and suggested that it be made before Judge Carpenter, who heard the negro's bail hearing shortly before Johnson fled to Europe in 1914, forfeiting his \$50,000 bail. Judge Carpenter, in recovering from a minor operation at his home and efforts will be made by Johnson's attorneys to have him hear the motion.

They propose to furnish him up to \$50,000, but their efforts will be opposed by the district attorney.

CLUE FAILS IN TRUNK MYSTERY

Detroit, Mich. (AP)—Detroit police believed today that the mystery surrounding the disappearance of a woman in a trunk from this city to New York was near solution.

Trumbull will go to Chicago at once, it was announced, to assist in identification of a man held by the police there and who gave the name of Roy Millen.

According to Patrolman Trumbull, his wife, who was acquainted with the Leroy, Mrs. Leroy formerly was Miss Katherine Jackson of Starkville, Miss, and was married to Leroy a year ago.

CHICAGO, (AP)—All efforts to capture Roy Millen, a former army aviator with the mysterious Detroit trunk murder, failed today when Patrolman Roy Trumbull of the Detroit police department, was unable to identify Millen as the missing "Eugene Leroy."

Ten prisoners, including Millen, were taken to the police station today for identification. He walked from one end of the line to the other, scanning the faces of the men closely. Then he announced that "Leroy" was not in the line.

JACKSON, Miss. (AP)—Inquiry at Starkville, Miss., has failed to establish the identity of Katherine Jackson, said by Detroit police to be the victim in the trunk murder mystery.

PROBES INSURANCE FRAUD

Grand Jury Begins Inquiry in Charges Against War Risk Employees

WASHINGTON, (AP)—The District of Columbia grand jury today took up investigation of an alleged conspiracy of certain employees of the war risk insurance bureau to defraud disabled service men and their dependents of compensation legally due.

Ten persons already have been arrested and it was indicated by secret service operatives today that additional arrests might result from the revelations before the grand jury.

CUMMINGS CONFERS WITH WILSON ON CAMPAIGN

WASHINGTON, (AP)—Illomer S. Cummings, former director of the democratic national committee, spent half an hour with President Wilson today, discussing the league of nations and other questions. The former chairman said he expected to make the league issue the chief topic of the speeches he will deliver in the interest of the democratic presidential ticket.

Expressing the opinion that the league would be a determining issue in the campaign, Mr. Cummings said that in recent travel he had found less interest in prohibition than had been expected.

\$150,000 to lend on the best of terms only; cheapest money in town. Henry J. Wall—adv.

Army Flyers Off on Long Flight to Nome, Alaska

Starting on one of the most picturesque flights ever undertaken by the United States Army Air Service, four big army planes took to the air at Mitchell Field, Minn., on the first leg of their long journey to Nome, Alaska. The planes will cover approximately 9,000 miles, and it is estimated the trip will take forty-five days. The primary object of the flight is the establishment of an aerial military route to northwesternmost America. Photographs will be made of the route. No attempt at speed will be made, the planes flying under a schedule which calls for one stage of the flight from 200 to 350 miles a day. In the photograph from left to right are: Captain St. Clair, commanding officer; Lieutenant Clifford C. Nutt, flight commander; Lieutenant Ross C. Kirkpatrick, lieutenant; E. H. Neen and Lieutenant C. E. Crumie. Sergeants English, Henniques and Vienna will also make the flight.

BUMPER CROPS OF CORN AND WHEAT PROMISED KANSAS

TOWNSHIP, Kan., (AP)—An all night rainfall ranging from an inch to three and a quarter inches fell over the northern two-thirds of the state last night, practically assuring a full corn crop in the heaviest corn producing portion of the state. According to S. D. Flinn, official meteorologist, this is the first year on record in which the state will yield bumper wheat and corn crops the same year.

TUAN CHI-JUI FOILED IN ATTEMPT AT SUICIDE

LONDON, (AP)—General Tuan Chi-Jui, leader of the Chinese military faction, which recent dispatches indicated had been won in the struggle with the Chi-Li party, has made an attempt to commit suicide by shooting, according to a dispatch from Shanghai to the Central News, filed July 24.

The attempt was frustrated, says the message, and Tuan is being closely watched.

POSTPONES HEARING ON PEACE MEASURE DEMAND

WASHINGTON, (AP)—By agreement of counsel, chief Justice McGray of the district supreme court postponed hearing on the request of Harry A. McCartney, a Chicago lawyer, for a mandamus order to compel Secretary of State Culler to declare officially that a state of peace exists between the United States and Germany. The hearing was set for Wednesday.

NEW YORK MAYOR OBJECTS TO WAGE BOOST DISTRIBUTION

NEW YORK, (AP)—Mayor John F. Hylan today sent to the board of aldermen a message vetoing a 50 per cent increase in the salaries of city employees voted by the board on July 13. He said that he is "convinced that a more equitable distribution can be made of the increased salary which aggregated more than \$5,000,000."

Today's Markets

NEW YORK STOCK MARKETS
NEW YORK, (AP)—Traders experienced little opposition today in their further efforts to depress the stock market. Lending issues recorded extreme declines of 2 to 6 points. Sales approximated 475,000 shares.

Shorts became more aggressive later as call money's rise to 100 per cent. Oils, equipments and steels led the active reactions. The closing was heavy.

Trading at the dull and uneven opening of today's stock market reflected continuing developments over the weekend. Further improvement in the foreign situation and a slight strengthening of federal bank reserves was offset by the deficit in the budget clearing house statement. Reading was the only noteworthy feature, rising almost one point, with nominal gains in other rails. There were signs of renewed pressure against steels, equipments, oils, motors and kindred specialties.

Liberty Bonds

NEW YORK, (AP)—Final prices today were: 3 1/2% \$91; first 4 1/4% \$85.80; second 4 1/4% \$84.00; third 4 1/4% \$85.80; fourth 4 1/4% \$85.80; Victory 3 3/4% \$95.70; Victory 4 3/4% \$95.74.

New York Stock Market

Grain and Provisions
CHICAGO, (AP)—Sharp setbacks in the value of wheat took place today largely as a result of federal reserve advice indicating that black rust would not cause any large impairment of yield in the spring crop yield. It was said that cutting of northwest early wheat would start in five days and that the harvest would be general in three weeks. Opening prices, which ranged from 3c to 4c lower with December \$2.51 to \$2.52 and March \$2.55 to \$2.56, were followed by material further declines.

Financial and industrial conditions counted later as radical bearish factors. The market closed weak, 7 3/4 to 8c net lower, at \$2.47 1/4 December and \$2.51 March.

Excellent weather conditions and liberal receipts had a bearish effect on corn. After opening 1c to 2 1/4c net lower, including September at \$1.49 1/2 to \$1.50 1/2 and December \$1.42 1/2 to \$1.43, the market continued to descend. Depression in the stock market led subsequently to much liquidation and short selling of corn, and to a severe fall in values. The close was heavy, 7 1/2 to 9 5/8c net lower, with September \$1.43 5/8 to \$1.44 and December \$1.28 to \$1.28 1/2.

Oats sympathized with the weakness of corn, initial quotations were 1 1/2 to 3 1/4c down, and decided further gain ensued.

Lower prices on hogs and grain brought about a general decline in provisions.

Cash Quotations

CHICAGO, (AP)—Wheat: No. 1 red \$2.80 to \$2.83; No. 2 red \$2.78 to \$2.80. Corn—No. 2 mixed \$1.51 1/2; No. 2 yellow \$1.52. Oats—No. 2 white 83 to 87c; No. 3 white 81 to 87c. Rye—No. 2, \$2.14 to \$2.16. Barley—\$1.00 to \$1.15. Timothy seed—\$0 to \$1.175. Clover seed—\$0.50 to \$0.55. Pork—\$17.80. Lard—\$17.80. Hides—\$15.50 to \$16.50.

Minneapolis Flour and Grain

MINNEAPOLIS, Minn. (AP)—Flour unchanged. Bran—\$4.00. Corn No. 3 yellow \$1.49 to \$1.51. Oats No. 3 white 84 1/4 to 87 1/4c. Barley 82c to \$1.12. Rye No. 2 \$1.90 3/4 to 2. Flax No. 1 \$3.22 1/2 to 3.26 1/2.

Chicago Livestock

CHICAGO, (AP)—Cattle, 120,000; opened slow; quality poor; early sales best yearling handyweight steers and good butcher cows steady; all others lower; stockers slow; bulk beef steers \$12 to \$16; she-stock \$6 to \$11; canners and cutters \$4.25 to \$6; veal calves \$10 to \$16.50.

Hogs 42,000; opened 15 to 25c lower, later fully 25c lower; one load sold early at 16.25; bulk light and light butchers \$15.10 to \$16.10; bulk packing sows \$13.75 to \$14.10; pigs steady; bulk \$14 to \$15.50; slow, steady to 25c lower; quality fair; good western lambs \$15.25 to \$15.50; good native lambs \$14.75; choice held higher; choice heavy ewes \$7.50.

Omaha Livestock

OMAHA, (AP)—Cattle: Receipts, 9,500; steers and she-stock 25 to 50c lower; bulls weak; veal calves 25 to 50c higher; stockers and feeders dull. Hogs: Receipts 5,500; generally steady; choice light hogs, heavy, stronger; bulk \$13.75 to \$14.25; top \$15.25.

Sheep—Receipts 16,500; lambs strong to 25c higher; bulk range lambs \$15 to \$15.40; sheep steady, 15 to 25c higher.

Chicago Produce

CHICAGO, (AP)—Butter unchanged; creamery 45 to 50c. Eggs unchanged; receipts 135,240; firsts 43 1/2 to 44 1/2c; ordinary firsts 40 to 42c; at mark, cases included, 42 to 43 1/2c; storage packed extras 40c; storage packed firsts 45 to 45 1/2c.

Poultry alive steady; fowls 31c; broilers 40 to 45c.

Potatoes

CHICAGO, (AP)—Potatoes weak; receipts 120,000; Virginia \$7.50 to \$8.25 per barrel; Kansas and Missouri Early Ohio \$3 to \$3.25 cwt.

LAWSON CHOSEN DISTRICT AGENT

Shorthorn Breeders' Association Sends Men to Look After Cattle Interests

"Twin Falls has gone into the Shorthorn cattle business with the same dispatch and degree of thoroughness that it has done everything else," remarked A. E. Lawson, western field representative of the American Shorthorn Breeders' association to The News this morning. Mr. Lawson, in company with Ray W. Follen, field editor of The Idaho Farmer, has been on the Twin Falls tract two or three days, inspecting Shorthorn herds and getting acquainted with the breeders.

Notes Big Change.

"I was through the Twin Falls country four years ago," Mr. Lawson continued. "And the changes this country has made in all lines of development, are remarkable indeed. Naturally I am most interested in the splendid progress of the Shorthorn cattle breed. It didn't take Twin Falls long to grow up, both in the rural districts and from the standpoint of city development. The city speed has been shown in the determination of breeders to build up first class herds. One seldom finds many good herds in a small western area as are to be found in Twin Falls. Great credit is due the men who have brought in the good foundation stock and as long as good standards are maintained the breeders and buyers generally should continue their support."

Placed with Clubs.

Mr. Lawson, who has headquarters in Spokane, had a conference with A. J. O'Reilly, club leader and farm bureau. He was greatly pleased over the showing made by the Shorthorn club, backed by the Idaho State bank. The visit to Twin Falls work has been extended over the entire tract from Bald to points further east. Mr. Lawson and Mr. Follen are traveling by car and while they will not be able to see as much ground as the breeders desire, they are making as many calls as possible within the time limit available. The Shorthorn association, which Mr. Lawson represents, is the record association for the breed as well as the institution maintained for the purpose of aiding Shorthorn breeders in disposing of their cattle advantageously and otherwise giving counsel and assistance in the breeding and sale of Shorthorns. The association this year is contributing liberally in prize money for the Twin Falls county fair.

TUBERCULOSIS COMMUNICABLE

Dread Disease Reaches Every Animal in Herd Unless Speedily Checked

The extent to which bovine tuberculosis, if uncontrolled, runs its course through a herd of cattle is shown in a report received by the United States department of agriculture from one of its field inspectors in Illinois. Every animal in a herd of grade Holsteins and Jerseys reacted to the tuberculosis test. The herd consisted of 14 cows, two calves and two bulls. Upon post-mortem examination six of the animals showed such extensive lesions that the entire carcass was condemned and destroyed. All of the other reactors likewise showed lesions though not of such an extensive nature as to necessitate destruction of the carcass. The fact that every animal in the herd reacted and showed lesions makes the case one of the most striking ever recorded.

Cautious Hog Owners.

The danger of tuberculous cattle to swine was further demonstrated by the sale of hogs from this farm early in the year. The first lot of 21 hogs sold showed such extensive lesions of tuberculosis upon post-mortem that the purchasing company refused to accept the remaining 50. These were subsequently sold to a local shipper and their identity and destination are not known. If this swine are still alive they are undoubtedly a menace to other stock. The bureau of animal industry cautions swine owners against purchasing stock from farms where other tuberculous cattle or swine are kept.

Bad Practice.

The bureau inspector also reported that a week after the shipment of hogs had been made, a milk cow—a chronic coughler—had died and the younger stock was allowed to devour the carcass. Such a practice is responsible for a great deal of tuberculosis among swine in the United States. According to bureau officials, the facts stated should cause any livestock farmer who shows tuberculosis among his hogs or whose shipments of hogs are refused because of extensive lesions of the disease, to have his herd of cattle tested promptly. Unless the origin of infection is known and removed, tuberculosis is liable to run its course among all the cattle and swine on the farm.

FUNERALS

Funeral services were conducted yesterday afternoon at the Presbyterian church by the Rev. Walter H. Brown, for Owen Owens. Burial was in Twin Falls cemetery with J. E. DeWitt in charge.

COVERED MANY MILES

C. C. Higgins, county clerk, and recorder, returned Saturday evening from a trip about the county delivering election supplies in various precincts. A distance of 300 miles was covered in this week. Only two precincts were missed on this trip, they being Butte and Shoshone.

Local Brevities

Births—Born to Mr. and Mrs. H. C. Alexander, July 24, a daughter.

Visit in Wallace—Mrs. Anna Smith left Saturday morning for Wallace to visit her granddaughter.

Hears of illness—Called by reason of the illness of a near relative C. R. Shaw left Saturday afternoon for New Lexington, O.

To Visit on Coast—Miss Corinne Sides has gone to San Francisco for a fortnight's visit with her aunt, Mrs. Grace Gleason.

Home from Outing—Dr. and Mrs. Charles R. Scott and sons returned Sunday from a week's outing at Quiver, Hot Springs.

Home from Vacation—Mrs. W. L. Hoffeldt and daughter, Elsie, have returned from the coast where they spent the vacation period.

Will Visit Buhl—John R. Ault, county juvenile officer, left today for Buhl where he will investigate some cases of juvenile delinquency.

Blue Returns—Hal O. Blue, superintendent of city schools, has returned from Moscow, where he spent some weeks as a member of the faculty of the summer school.

Patient Recovering—Mrs. Robert Stillwell of Rupert was on Saturday discharged from a local hospital after four weeks of treatment. She is reported to be well on the road to recovery.

Pays Heavy Fine—Louis Ulrich, farmer, was fined \$100 by Judge O. P. Duvall of the probate court Saturday. Ulrich was arrested on charge of diverting irrigation water to his own use. He pleaded guilty.

No Council Session—Due to the absence from the city of a majority of members of the city council, Mayor W. H. Eldridge announces no attempt will be made to convene a regular session of council tonight.

Concert Postponed—Owing to the absence from town of a number of the soloists there will be no band concert this week, the management believing the public would prefer a good concert by the entire band at a later date.

Licensed to Wed—Two marriage licenses were issued by the county clerk Saturday as follows: To Ralph E. Hott, aged 25, of Twin Falls, and Wanda Duke, 24, of Twin Falls; to Harry Clinton McGrew, aged 23, and Dora Marie Towser, 20, both of Twin Falls.

Gone to Yellowstone—Mr. and Mrs. A. J. O'Reilly and Miss Edna Ludwig left today for Yellowstone National park to spend the vacation. Mr. O'Reilly is leader of club work connected with the farm bureau. Miss Ludwig is home demonstrator.

McGrath Makes Short Call—D. Harold McGrath, proprietor of the Jerome County Times, is here today from Jerome for a short visit. Mr. McGrath looks hopefully upon the democratic prospects at the polls this fall. He is a candidate for the legislature on the democratic ticket.

Social Notes

The Addison Avenue Kensington club met last Friday with Mrs. Hammond, for the purpose of electing officers for the club year. The following were elected: President, Mrs. W. A. Howard; vice president, Mrs. DeWitt Young; secretary-treasurer, Mrs. A. B. Hutton; rural federation directors, Mrs. Howard and Mrs. Evans, with Mrs. Hammond and Mrs. Young, alternates. After the business session, the hostess served refreshments.

The M. S. and S. club will meet Wednesday, July 28, at the home of Mrs. J. Laughlin.

The ladies of the Long Bench club entertained at the home of Mrs. H. W. Clonchek Saturday honoring Mrs. Anna Clift on the occasion of her birthday. The afternoon was spent in playing bridge. Those present were Mesdames H. O. Milner, P. J. Costello, John Costello, R. E. Bobier, Mary Kelso, Ruth Brice, Fred H. Chester, J. Clift, A. H. Vincent, L. G. Vincent, H. W. Clonchek, P. D. Near, P. R. Cox, H. B. Johnson and Charles Hart.

Miss Bernice Babcock entertained a number of friends yesterday afternoon in honor of her house guest, Miss Bernice Harding of Buhl. At the close of the afternoon delicious refreshments were served by the hostess. Those present were Mildred Amshary, Margaret Bennett, Frances Ripley, Joris Guthrie, Esther Melchers, Albertine Bennett, Myrtle Clann, Ethel Reed, Ruth Brice, Frances Field, Berrie Newman, Helen Roberts and Mrs. Harry Benoit.

The Foreign Missionary society of the Methodist church will meet Thursday afternoon at the home of Mrs. H. W. Clonchek at 510 Second street east. This is to be in the nature of a relaxation meeting, the usual lesson being replaced by games and music, and by hospital sharing of gifts of jewelry, wash cloths, thread, tape, needles and phonograph records are acceptable.

Personals

Mr. and Mrs. J. M. Maxwell and children, Jane and Jim, returned Saturday from California. Mrs. E. J. Shoenberger and daughter, Phyllis, returned Saturday from an extended visit in the east. Miss Stella McElfish of Bedford, Ia., spent the week-end as a guest of Mrs. J. A. Flynn returned today to Murtagh where she is visiting Mrs. William B. Landau.

New York Kiddies Find New Way to Escape the Sweltering Heat

Hemmed in on all sides by towering tenements and unable to escape the sweltering heat which has had New York in its grip for several days, East Side kiddies donned their bathing suits and hid to the nearest fire house. There the kind hearted firemen rigged a swimming hose on a tripod, which in the opinion of the children from left to right: Capt. St. Clair Street, commanding officer; Lieut.

FOUR MEN ARE SHOT IN BATTLE WITH ROBBERS

Two Bandits, One Company Employee and Express Messenger Wounded in Chicago Holdup

CHICAGO, (AP)—Four men were shot, one probably fatally, when five bandits held up the paymaster of the Hart, Shaffner and Marx Clothing company today, escaping with \$10,000 in cash. Two of the wounded were bandits who were carried away by their companions, and the other victims were a company employee and an express messenger. More than 50 shots were fired. Later two bandits held up Albo Nelson, a saloonkeeper, as he was entering the Peterson Machine works on the west side and took \$15,000, the company's payroll. They escaped in automobile.

Everywhere Expresses Contempt. The tongue has a single gesture, and everybody knows what it means. It is thrust out to express contempt. The little girl who "sticks out her tongue" does not realize that her action, so unladylike, harks back to the prehistoric. It is undoubtedly a most ancient mode of conveying the idea of intentional disrespect. Everywhere in the world, among savage and civilized people, the tongue gesture has the same recognized significance.

Children and Books. It does the child no harm to make the acquaintance of books which were not written for children. In a home where great book that have inspired or amused successive generations are accessible, an active-minded child is likely at some time or other to get at them. If we want our children to fall in love with the better kind of books, let us provide them with opportunities for meeting such books without too much formality.

Two Causes of "Eye Spots." Spots before the eyes are of two kinds, namely floating and stationary. The former is a normal effect from natural imperfections of the eye, more noticeable in case of digestive disturbances. The stationary spots are a symptom of cataract or opacity of the crystalline lens.

Standard English Pound. The original English pound was derived from the weight of 7,000 grains of wheat taken from the middle of the ears and well dried. This remained the standard from the time of William the Conqueror to the time of Henry VIII, in whose reign the avoirdupois pound of 7,000 grains came into use. This was established as the standard pound during the reign of Queen Elizabeth and has been continued to the present day.

The Tricolor. This really owes its origin to Mary Queen of Scots. It was she who, according to tradition, gave the tricolor device to Paris—the white to represent the house of her royal husband, the daughter, the blue for Scotland, and the red for the red-coated Swiss of the royal bodyguard. The Revolutionists in 1789 adopted Mary's colors for their own.

To Open new books. Teach the children early how to handle the bindings of their new books. Don't let them crack the binding open, to the ruin of the book. Rest the book back down on a table and, holding the body of the leaves firm, open first a page or two at the front, then a few at the back and so on till the volume lies evenly open to the center. A book so opened is a fair chance of long life.

Uncivilized People Led. The Indian mind is called imitative rather than initiative, but in the employment of designs it is stated on authority that every known wave has been first used by uncivilized people.

When News Is Not News. The supreme court has held that news is property. Some of it is, and that some is "improvements thereon."

A remarkable record in this section has been established by the members of the Farm Bureau Junior Boys Club. Twelve boys each raised a field of Dicklow Wheat which tested 99 per cent pure.

C. B. Ahlson of Boise, assistant to the State Seed Commissioner, made the test as to the purity of the wheat and stated that the wheat grown by the boys is the finest he has ever seen, standing well up to an average man's shoulder and will run from 65 bushels to 90 bushels an acre.

There are 1,000,000 persons in India engaged in the production of silk. Caterpillars and moths of the gummy silk industry of India are entirely domesticated creatures.

ESTIMATE OF EXPENSES. For All Purposes, to Be Raised by the Village of Kimberly for the Fiscal Year Commencing May Fourth, 1920, and Ending May Third, 1921

Presidential Nominee of Farmer-Labor Party

First picture of Harley Parker Christensen, a Salt Lake City, Utah, lawyer, who was nominated for the presidency by the Farmer-Labor party at Chicago. Max Hayes, a Cleveland labor leader, was named as his running mate. Mr. Christensen was elected on the second ballot after all other candidates had been withdrawn, with the exception of Dudley Field Malone, of New York. The third party nominee is a former republican, a former progressive and a former forty-eight. For several years he was secretary of the republican state committee of Utah. Practically unknown to the labor group and but little known to the forty-eighters upon his arrival in Chicago he was chosen as permanent chairman of the convention and rapidly became popular. He is one of the earliest advocates of a "third party coalition." He is forty-nine years old and unmarried. He was graduated from Cornell University in 1897 and has practiced law in Salt Lake City in the third party coalition. This photograph of Mr. Christensen was made at Chicago during the third party convention.

ford Building, Chicago.

ROUNDING UP VULTURES

As much as by anything all individ-
uals the world over are moved by a de-
sire to lay something by for a rainy
day, more particularly for old age. Ir-
respective of creed or color or sex,
through all walks and stations of life,
all men and women, except the consti-
tutionally shiftless and indolent, look
forward to the day when by virtue of
thrift and hard work they may have
laid away a surplus on which to live
at reasonable ease in their declining
years. This hope, even though we
know that in some cases it is not to
be realized, is one of the most inspir-
ing things in human endeavor.

It is because this trait in human na-
ture is so general and so much to be
desired that to all citizens it will come
as encouraging news to learn of the in-
dictments of four oil companies, two
brokerage houses and 51 individuals, in
the United States district court presid-
ed over by Judge Hand, of New York.
These indictments are the result of evi-
dence collected by inspectors of the
postoffice department during the last
six months against dishonest brokers
and individuals who promised large di-
vidends and quick profits on oil stocks.

Varied and appetizing is the litera-
ture sent out by these concerns. Every
new and old device is made use of to
lure the speculator on. One oil com-
pany president had himself photo-
graphed near the "gusher" of a legiti-
mate oil property, and this picture
proved attractive bait. Nor are the
oil evils of this get-rich-quick busi-
ness confined only to the countless vic-
tims whose savings are sunk in such
ventures. The honest broker who deals
fairly with his client, and in a measure
all business, is injured by these swin-
dlers who create distrust and suspicion.
The interest of the public demands that
exemplary punishment should be in-
flicted on the perpetrators of these
frauds.

KEEPING PRIORS UP

Public sentiment against strikes and
labor disturbances runs higher than usual.
Indeed so vital does one state consider uninterrupted production to
the nation's welfare that it recently
passed a law aimed at the evil of
strikes. The worker himself seems more
inclined to this view than he was formerly.
In Kansas, the state that has the
drastic anti-strike law, the business of
striking has struck a decided slump.
It is not without surprise then, that
we read the American Woolen company,
which recently announced it made 110
per cent profit last year, closes down
its mills because of "cancellation of orders."

On the heels of closing of the mills,
associations of clothing manufacturers
and dealers announce higher prices for
this fall and winter because of "short-
age of woolsens." The American Wool-
en Company had better take another
look at its books. Perhaps it has some
orders it overlooked.

It is interesting to note that the Am-
erican Woolen Company recently nar-
rowly escaped prosecution by a judicial
ruling that cloth is not clothing in the
meaning of the Lever act. A narrow
escape, but the woolen trust got away
with it. Is closing down of its mills
intended, among other things, namely
keeping up prices, also intended as a
gentle warning against further govern-
ment interference?

Locked-out mill operatives can easily
find work elsewhere. It is the public,
not they or the owners of the mills, who
will suffer. And the public ought to
be given the assurance that it is to
pay more for clothing this fall and win-
ter, it will not be because mill owners
have been forced to raise their prices.

Relic of Ill-Fated Lusitania Found in Delaware River

LUSITANIA LIFE BELT. CONT.

After five years this relic of the ill-fated Lusitania vividly recalls the most
horrible tragedy in the history of the sea. Covered with seaweed, with one arm
strap broken, this lifebelt from the Lusitania drifted into the Delaware River.
The Lusitania was sunk by a German E-boat on May 7, 1917. The belt was
found floating off the Race street pier, Philadelphia, by T. L. Deland, a railroad
detective.

RETRIBUTION

Although he escaped punishment for
his crimes in a court of his fellowmen,
William Hohenzollern, broken in body
and spirit, a refugee from the land he
once ruled with an iron hand, is not to
make retribution entirely in the here-
after.

A grief-stricken father, he was not
even permitted to visit the bier of a
dissolute, weeping son who died by his
own hand, bearing his sorrow at the
bedside of a dying wife. It must be
apparent not only to those who see in
every misfortune of the unrighteous the
hand of God that the Hohenzollerns
family is harvesting the wages of its sin.
They are reaping as they sowed.

FILER

FILER — J. L. Parsons has gone to
Montana where he will remain some
time.

Mr. and Mrs. William Black and
daughter, Hazel of Twin Falls, were
visitors at the J. L. Parsons home Wed-
nesday.

Charles Baker of Twin Falls was in
Filer on business Friday.

Howard Skinner and family left Fri-
day overland for the national park.
They expect to be gone two weeks.

F. E. Drain returned Wednesday
from a business trip which took him
to Salt Lake.

Mr. and Mrs. W. T. Doyle are the
parents of a baby boy, born Monday.

D. H. Davis, Charles Bodell, Jack and
Edwin Johnson married to Artesian
City Thursday evening.

Miss Lucille Brookbeck of Twin Falls
spent Friday here, visiting Miss Edith
Williams.

Miss Edith Dille is spending the
week end at the E. D. Williams home
in Twin Falls.

Clarence Clark of Twin Falls was in
Filer Friday on business.

Mrs. A. Peltum and baby daughter
left Friday evening for Parlatello. They
will remain indefinitely.

THE FORUM

AN EXPLANATION.

Editor News:
In your report of my address at the
city park Friday evening is a state-
ment which might lead to the conclu-
sion that I criticized former Governor
Gooding for his part in creating the
county of Jerome. I am sure that those
who heard the address did not get that
impression for I had no intention of
creating it. What I said was for the
purpose of calling attention to the in-
fluences that created the county over
the protest of the people of Rupert and
which led our senator and representa-
tives to support a measure in which
we had no concern and which was di-
rectly against the policy we have been
contending for here at home.

I have high regard for Governor
Gooding and just at this time particu-
larly, when he is seeking public favor,
would not purposely say anything that
could be construed as a criticism of
his activities.

M. J. SWERLEY.

JAPANESE BANKS PROTEST
INCOME TAX BILL REVIVAL

TOKIO, (P)—The associated banks
of Tokio have filed a formal protes-
tation with the government against a pro-
posal to reintroduce the income tax bill,
which was killed in the last diet. The
protest is based on a contention that
the tax will increase the depression in
the business world.

The project calls for a graduated
rate in the tax which the government
believes imperative in order that the
navy may be strengthened.

JAPAN EXPECTS 800 VISITORS
AT SUNDAY SCHOOL CONVENTION

TOKIO, (P)—Approximately 800 vi-
sitors are expected to come here to at-
tend the International Sunday school
convention to be held in Japan. When
the convention was first announced,
3000 foreigners were expected.

The Milwaukee
The Milwaukee wheat that has a
much longer name than that, but one
which would not be nearly as attrac-
tive for us to use, is especially well-
known in America. In the autumn
when the pods have opened and there
is a brisk breeze, the wind carries
their seeds far and near. Then the
downy seeds are seen flying like tiny
creatures almost everywhere, in search
of a homelike growing place, where
they may appear in the spring as tall,
slender stalks.

Unappreciative Guest.

Ralph, three years old, was spend-
ing the day with his aunt. Thinking a
custard would appeal to him, she in-
quired if he liked them, at which he
answered "Oh, my, yes." However
upon being served it fell short of his
expectations. He ate a little and
passing it to his aunt said: "You can
have it Aunt Myra. I am so full, and
if you want some water to wash it
down, here's my glass."

SEARCHLIGHT PARTY.

"All up and down a big river," said
Daddy, "searchlights were playing
from the different boats. They were
being played on the city houses and
upon each other and upon the shores.

"A boat went along which was to
take a long trip up the river and up-
on that boat there too was a search-
light. As the boat with the search-
light went along there went too the
Searchlight Gnome. I will have to
tell you about him as I am sure you
have never heard about him before.
The Searchlight Gnome is a little crea-
ture belonging to the Gnome family
who loves lights and searchlights
above everything. He wears such a
dazzlingly bright suit that people can-
not recognize him and so he goes ev-
erywhere where there are searchlights
without being seen.

"If they do see him they do not
know him because he is so much like
the light of the searchlight. Well, in
his little air boat he had been flying
from one of the boats which had a
searchlight upon it this evening to
one of the other boats and then to still
another.

"From one searchlight to another
had he gone and such a good time
as he had had! He had seen so many
things from the different searchlights.

"He had seen different houses, dif-
ferent ships, different carriages and
automobiles driving along the road
which edged the river which was a fine
city driveway and he had thought the
light of the city looked very thrilling
under the bright searchlight.

"But when he had heard that this
special boat was making its trip up
along the river, past towns and far up

From One Searchlight to Another.

the river, so that a great deal along
either shore could be seen, he decided
to be wanted to go.

"He had taken the trip before, but
not nearly often enough. He was such
a busy little gnome and there were so
many searchlights and searchlight
parties he wanted to go on that he
hadn't half the time he wanted to have
for all the things he wanted to do.

"You know," he said, "I cannot un-
derstand how it is when people say
they wish the time would fly and that
they wish the time would pass and all
that sort of thing.

"I simply cannot understand. Why
I never have half enough time. I'm
never trying to kill time either. That's
a dreadful thing to do.

"Of course I know it is merely an
expression meaning that the time pass
in a hurry because they want some-
thing else and more exciting to turn
up.

"I can see how folks are anxious
to have great days come like Christ-
mas and so forth, but I don't just see
how any one can say they want the
time to pass quickly just because
they're tired of things.

"It's not appreciating time and time
can be so nice. It can have so much
within it to enjoy. I mean all the
moments are such fun to enjoy as we
go along.

"As I don't believe in being unhap-
py. I am happy enjoying the time and
in not letting it pass me by without
enjoying it in some way, in merry-
making, or rest so that I can enjoy
more merrymaking.

"Ah, now my fine air boat has
brought me to this fine boat. And now
I shall see the sights."

"The Searchlight Gnome had a
beautiful time. He watched every-
thing that was going on. He saw the
houses light up all along the way. He
saw the shores and the beautiful
gardens looking so strange and yet
so beautiful in the bright light.

"He saw people along the shores
and he saw beautiful scenery of fields
and mountains and little hills and lov-
ely trees. After awhile he heard some
voices. 'Well, he said, 'If here aren't
all my searchlight gnome relatives.
Are you coming on the searchlight
party?'

"Indeed, we are," they said, "if you
do not mind."

"I am so glad," said the Search-
light Gnome, "to have others enjoy
these beautiful sights with me. Oh,
aren't searchlights the most wonderful
things? They're like great secrets of
beauty being shown to us."

"Where it is dark and where other-
wise we couldn't see the searchlight
lets us see all the beauty that would
otherwise be hidden there!"

"This is a gorgeous searchlight
party," they all said, as they rode along
upon the searchlight with Searchlight
Gnome."

Simple Explanation.

Why is it that fishes make no dis-
turbance when swimming through the
water, although there is a rushing
noise when a stone is flung in? This
is explained by the fact that in the
water there is the filling of the cavity
that is made, rather than the mere
impact, which causes the noise, where-
as the body of the fish is so shaped
that when it moves through the water
it leaves no such cavity behind it and
therefore there is no disturbance.

The KITCHEN
CABINET

Fame is the scentless anemone,
With gaudy crown of gold;
But friendship is the breathing rose,
With sweets in every fold.
— Oliver Wendell Holmes.

TIMELY TIPS FOR HOUSEWIFE.

Of all our food, cheese is the most
compact and concentrated. It con-
tains no connect-
ive tissue, bone
or other waste so
that a pound of
cheese is without
waste. It is
highly nutritive,
containing twice
as much food
value per pound as meat, and is much
more economical to buy.

Cheese has been called hard to di-
gest, because being rich it slips down
with little mastication and being in
hard lumps in the stomach does often
cause distress. This same compac-
tiness which gives us such valuable food
in small compass, makes it harder of
digestion unless it is eaten with coarse
food, such as dry crackers or vege-
tables, which need good mastication.

Other meat substitutes which will
lend variety to the diet are whole
wheat, dried beans, peas and lentils,
peanuts, walnuts, pecans, eggs, but-
ter, cream, olive oil, milk, macaroni,
and rice. Dried fruits as well as fresh
are indispensable in a well balanced
diet. These foods in various forms
and in combinations with others will
give a sufficient variety.

Crunching, chewing and suffering
with swollen gums, will be great-
ly refreshed by cool fruit juice or
scrapped apple. A worrying baby is
often suffering for frequent drinks of
pure, cool water. It is well to remem-
ber that young children and animals
cannot tell us what they need, and
often suffer because of the careles-
sness of those who should be responsi-
ble.

Foods which must be denied chil-
dren should not be placed temptingly
before them—a strong reason for
having the children eat alone. Their
food should be palatable and attracti-
vely served. Table manners may be
learned very early which will never
have to be relearned.

Currents and raisins may be cleaned
by rubbing them with flour, then shake
it off to remove all dust.

To get the flavor of orange for tea,
sauce or for any other dish, rub a
cube of sugar over the rind to absorb
the essential oil. One orange will
furnish flavor for two or three cubes.

NEW CITY LIES AT BUHL'S DOOR

McCullum, Addition to West End Town, Cuts Loose and Gets Incorporation Rights

Through obligatory action by the board of county commissioners late Saturday afternoon incorporation of the town of McCullum was authorized and a council chosen.

Embs. Towns.
McCullum towns were formed of an addition to Buhl. It lies directly south of the original townsite of the west-end metropolis and owes its being as a town to contention and controversy relative to amalgamation with the original town of Buhl. Authority for incorporation was granted by the commissioners upon request of citizens of the addition presented between 4 and 5 o'clock Saturday evening at the courthouse by Attorney J. W. Taylor of Buhl. The application was presented in legal form and according to law there was for some time a discussion by the commissioners to pursue other than to grant the request, according to County Attorney Frank L. Stephan, to whom all documents were submitted for perusal before being acted upon.

Demands Declined.
According to persons signing the petition Mr. Stephan, resident lawyer, entertained a willing disposition toward amalgamation with Buhl city, but application was accompanied by certain demands which the Buhl administration declined to accede to. The addition demanded participation, it is said, in all the improvement privileges of the original town, without accepting any responsibility for taxes upon the bonded indebtedness of Buhl city proper.

The new town boasts between 400 and 500 residents and will be administered by its own officers and will have no part whatever in the municipal activities of Buhl.

EPISCOPAL MINISTER FAVORABLY RECEIVED

The Rev. J. C. Donnell, of Newark, N. J., Creates Fine Impression on Visit Here

Services at Ascension Episcopal church, conducted by the Rev. John C. Donnell of Newark, N. J., assisted by the Very Rev. Archbishop Howard, were exceedingly well attended. Music by the choir was of an especially high order, and artistically rendered throughout.

The Rev. Mr. Donnell came to Twin Falls on the invitation of Bishop Tourtel and the vestry of Ascension church parish for the purpose of looking over the local ground with a view to possible acceptance of the parish as a new territory.

The minister left yesterday afternoon for California, where his family is spending the vacation period. He will visit the family and will also call upon Bishop Tourtel while in the west. The visit with the head of the Idaho missionary diocese will be to do largely with the possibility of Mr. Donnell's filling the local charge permanently.

MISS LANSEBERRY WALKS.
Word has been received in Twin Falls of the most gratifying results coming to Miss Hazel Lansberry from an operation performed by Mayo brothers at Rochester, Minn. The girl, who has been a cripple from childhood, is said now to be able to walk short distances with the aid of a stick.

DOGS ARE DECLARED TO BE A NUISANCE

Neighbor Complains in Police Court Against Watson's Kennel of Hounds

Proceedings have been instituted in the municipal court against Bruce Watson, who is alleged to maintain a dog nuisance at 219 Third avenue north. C. Longley, a neighbor, is the complaining party.

Allegation is made that defendant herds a large number of barking and howling dogs in a barn, or corral, at the rear of the Gulliver premises, the noise made by the quadruped denizens of the place constituting an intolerable nuisance and a menace to the peace, dignity and general comfort and quiet of the neighborhood.

Speaking with respect to the complaint Captain Longley, chief witness, states he has asked the defendant on several occasions to abate this nuisance, and on each occasion the defendant has refused to do so. He has also said to have charged Mr. Watson with the duty of ridding the premises of the dogs. Mr. Watson maintains a breeding kennel near the rear of premises at the corner of Fourth avenue north and Second street.

FIGURES REFUTE ROAD STATEMENT

District's Records Show Much Permanent Work Has Been Accomplished

Refuting statements recently made in public to the effect that progress in highway construction is slower than conditions warrant, officials of the Twin Falls highway district today announced that three and one-half miles of highway have been fully completed; rock base has been laid on seven more miles and is waiting for oil which is due here today; a distance of 14 miles has been graded and gravelled, six other miles have been graded and concrete structures have been built on an additional 10-12 miles of road in this district.

This statement contradicts an announcement made by a public speaker in the city park last week, when it was announced that the district has laid only one mile of completed highway.

The records of the district provide the foregoing statistics. Officials of the district explain that in ability to get steady shipments of oil to be used on the penetration macadam districts has caused delay in laying it.

LEGION DANCE.
Twin Falls post, No. 7, American Legion, will conduct its regular fortnightly dance at the Lavering pavilion on Wednesday night. This affair is part of a scheduled program for raising a fund for the construction of a legion memorial hall. The committee in charge is composed of Paul R. Taber, Harry Benoit and Ray Brown.

NOTICE!

Ominous Clouds Gather Off, But Rain Comes Not

ITHINK the weather provider is incompetent or he holds a grudge against Twin Falls and immediate district.

With all the grand and glorious possibilities for a good shower Sunday only a mere trace of precipitation was noted at the local observatory.

On three different occasions heavy, black clouds gathered on the horizon, spreading over the greater portion of the azure canopy, only to pass harmlessly by, indeed on one occasion a shaft of lightning crashed close by, but it availed naught.

The top temperature Saturday was 91, with 88 yesterday. Low on Saturday night was 51. Last night 48.

Tonights and Tuesday fair, is the prognosis.

BANK CLEARINGS

Bank clearances last week amounted to \$81,208.28 in excess of the week prior. The total for the week ending July 24 was \$987,993.62, while that of the prior week was \$786,785.36.

Wednesday, July 14, was the best day of the week just closed, the total being \$230,816.16, while the week's business day was Friday, \$95,490.54.

Daily clearances last week were: Monday \$230,816.16; Tuesday \$196,073.80; Wednesday \$98,921.12; Thursday \$151,454.53; Friday \$95,490.54; Saturday \$115,232.42.

THE SIX BEST CELLARS

A Paramount Artcraft Picture

He boasted the "best stocked wine cellar in town." Then Prohibition set in, and he turned the social elixir to sample his rare old vintages. When they came, with their mouths watering, he went down stairs and found—every bottle empty!

"HER PRIVATE HUSBAND"

A Sunshine Comedy

DUKE-ELLIOTT
Miss Wanda Duke of Hotchkiss, Kan. and Ralph Elliott were married Saturday evening by the Reverend Asner H. Brand. The ceremony was performed in the new home which has just been finished for them at 129 Jackson street, the only guests being the immediate family of the groom. Mr. and Mrs. Elliott left at once for a brief wedding journey.

TESSIER-McGREW
Miss Doris Tessier, daughter of Mr. and Mrs. T. Tessier and Harry McGrew were married Saturday evening in the Catholic church, Father Remi S. Keyser performing the ceremony. The immediate relatives of the bride and groom, the only guests and the attendants were Mr. and Mrs. Harvey Tessier.

A GOOD PLACE TO TRADE

New Merchandise

New Merchandise is arriving daily. It is a pleasure to make a selection from the new, fresh, crispy stock. Too, as we have said before, there are lots of bargains for we have taken over some stocks from jobbers who were anxious to "Clean Up". You are going to be the one to benefit from these special buys.

Attractive Waists

Not one of these waists has been shown before. They are all attractive new stock, showing some of the newest models. We have bought quite a few large sizes in crepe de chine, georgette and pongee. In fact, we have sizes up to 18. All are reasonably priced.
