PRICE FIVE CENTS

Bolsheviki Delaying Armistice Negotiations; Push Advance to Within 60 Miles of Warsaw

TO INVESTIGATE AVIATOR'S DEATH

Los Angeles Authorities to Inquire into the Fatal Accident

LOS ANGELES, Cal., (AP)—An investigation was started today by the coroner's office of the death of Lieutenant Omer Locklear and Lieutenant Milton Elliott, aviators, whose airplane last night crashed to the ground in the Hollywood section without having righted from a tail spin started at a height of 1000 feet.

The tragedy came during an exhibition for a motion picture production. Spectators said Locklear attempted to right the machine at a height of 200 feet but failed and that the machine burst into flames at the same time. They said it appeared as though the plane was ignited by a rocket.

Five searchlights played upon the airplane as it started into the spin, and Lieutenant Locklear and the pilot dropped a rocket which he followed with the nose of his machine.

Both aviators were dead when motion picture employees reached them a few seconds after they struck the ground. The bodies were badly burned and mangled.

The lieutenants were in the United States aviation service during the war and for a time were stationed together at Fort Worth, Texas. They took up commercial flying after the war, Locklear going in for "stunts." He was said to be the first aviator to leap from one machine to another in the air. He was born 27 years ago at Coma, Texas, and leaves a widow residing at Fort Worth. Lieutenant Elliott was 24, a native of Gadsden, Ala.

PORT WORTH, Texas, (AP)—Ormer Locklear, stunt aviator who was killed in Los Angeles last night made his first one hour solo flight here today. He was four years ago piloting a plane that he and his brothers had made. Until war days, Locklear was an automobile mechanic. Enlisting in the air service he was given a pilot's commission in a few weeks at Barron field here.

PREDICTS WHISKEY WILL BE HARDEST THING TO BUY

NEW YORK, (AP)—Whiskey will be one of the hardest things in the world to buy here before another month is over, according to John F. Kramer, United States commissioner of prohibition, who arrived here from Washington today personally to discover if liquor can be bought as easily as reported.

British Column on Euphrates is Hard Pressed by Natives

LONDON, (AP)—Further troubles for the British in Mesopotamia were reported by the war office today. A strong British column on the lower Euphrates was attacked and roughly handled by tribesmen, it was announced, but succeeded in cutting its way back to Hillah, near the site of ancient Babylon, after sustaining 300 casualties and the loss of one gun and 12 machine guns.

HUERTA SEEKS TO AVERT WAR IN CONFERENCE

Representatives of Mexican Federal Government Meet with Refractory Governor of Lower California

MEXICALI, Lower California, (AP)—General Angel Flores and Senor Juan Pratt, representatives of the De La Huerta provisional government, early today were on the way to Los Angeles, where they expect to telegraph to Mexico City the results of a conference held here with Governor Estaban Cantu of Lower California. An effort was made in the conference to compose the differences which have arisen to break off relations with the federal government.

The De La Huerta representatives and Governor Cantu declined to make statements after the conference beyond saying the matters discussed would be referred to the national capital. The conference was the first step taken which indicated that armed conflict might be avoided and the fact that negotiations were actually held caused friends of both parties to hope there would be a peaceful settlement. On the other hand, doubts were expressed whether either side had made concessions acceptable to the other. Governor Cantu in a recent proclamation disclaimed allegiance to the provisional government, which on its part requested him to resign.

GRAYSON TAKES VACATION.

WASHINGTON, (AP)—Rear Admiral Carey T. Grayson, President Wilson's physician, started on his vacation today, explaining that he was going by direction of the president. Dr. Grayson said the president had shown such marked improvement of late that it was not necessary to put him in the care of another physician.

JAPAN GIVES NO INDICATION OF ALTERED PLANS

Forthcoming Note to Washington is Expected to Set Forth in Full Policy with Regard to Siberia

TOKIO, (AP)—There is no indication that Japan will refrain from carrying out military arrangements she has made in dealing with the problems arising out of conditions in Siberia. The government some time ago outlined to the world powers its policy regarding Siberia, and in its forthcoming note to Washington will amplify statements it has sent to European capitals. This note, it is understood here, will point out the purely temporary character of the occupation by Japanese troops of points in the Sughlan district. Possible misunderstandings abroad are apprehended here because of the fact that city of Nikolaievsk, on the Siberian national coast, will be under control of Japanese military detachments. Nikolaievsk was formerly a part of the administrative districts of Primorskaia, which was in turn, under the jurisdiction of the Russian maritime province.

Japanese officials have been careful to explain to foreign newspaper correspondents here that the United States is within her rights in asking Japan to define her policy regarding Siberia, as the two nations sent troops to Siberia under an arrangement made at the suggestion of the Washington government.

COAL COMMISSION MEETS

Appointees of President Start Readjustment of Wage Schedules

WASHINGTON, (AP)—The anthracite coal commission, appointed by President Wilson to adjust wage schedules in that industry, met here today and started at once on the preparation of its report. The commission has just concluded hearings which extended over a period of several weeks. The report probably will be ready for submission to President Wilson in ten days or two weeks, it was said today.

CANADA'S CROP CONDITION IS REPORTED EXCELLENT

OTTAWA, (AP)—With the danger period already passed and cutting started in several western areas, the crop situation from end to end of Canada today is in excellent condition, according to Dr. J. H. Grisdall, deputy minister of agriculture, who has just returned from the west.

SITUATION IN POLAND APPROACHING CRISIS

Polish Delegation Is Sent Back by Soviet Authorities to Obtain Mandate to Take Up Peace Parleys

REDS SET UP BOLSHIEVIK GOVERNMENT IN PORTIONS OF INVADED TERRITORY

All advices today indicate that the situation in Poland, from the Polish-Alleed standpoint, is approaching a crisis. The Polish delegation which went to Baranovitch for an armistice agreement not only failed to obtain terms from the Russians, but was sent back to Warsaw by the soviet authorities, who demanded that emissaries obtain a mandate to enter into negotiations. This will delay even the beginning of the armistice negotiations until tomorrow at the earliest.

Meanwhile the resistance of the Polish army, which apparently had been stiffening has again relaxed under the tremendous pressure of the Bolsheviki armies. Warsaw, from which the Russians now are only sixty miles distant, seems critically menaced. If not done to capture, Americans remaining there have received official intimation that they stay at their own risk. Councils with the soviet military developments came an announcement from Moscow that a soviet government had been set up in the portions of Poland which the Bolsheviki have overrun.

FRANCO-BELGIAN ALLIANCE TERMS ARE MADE KNOWN

Belgium Pledges Military Support to All in Future Armed Conflicts if Made Victim of Aggression

WASHINGTON, D. C., (AP)—General terms of the defensive military alliance between France and Belgium as drawn up by Marshal Pich of the French army and the Belgian chief of staff, were received here today in official circles. Military support of France by Belgium in future armed conflicts is pledged upon condition that France prove not to have been the aggressor. Belgium also reserves the right to remain neutral in all disputes between the interests of France and other nations in France's colonial possessions. Details as to France's pledge to Belgium have not yet been received. Attempts of Belgium to induce Britain and Japanese governments in advising the league in order to bring its provisions in conformity with the aims of the league. Attempts of Belgium to induce Britain to join with France in the defensive alliance, the official advices stated, have so far been in vain.

Brest-Litovsk Falls Before Red Onslaught

WARSAW, (AP)—Brest-Litovsk, the last great fortress guarding Warsaw from the east, has apparently fallen before a tremendous assault by the Russian Bolsheviki. North of that place, soviet forces have smashed their way forward to the city, which is at a point only 60 miles east of this city.

Over a front of 120 miles Polish armies are being pounded to pieces before the rush of Bolsheviki hordes which are being hurled into the battle in a desperate attempt to capture Warsaw before the conclusion of the armistice conference at Kobryn.

An official statement issued late last night showed the soviet armies had reached a line running from Kossaki to Ciechanow, only thirty miles from this city, with which it is connected by an excellent automobile highway.

NAVY LOOKS TO ALASKA FIELD FOR OIL SUPPLY

WASHINGTON, D. C., (AP)—Navy and geological survey officials are investigating recently discovered oil supplies in Alaska, Secretary Daniels announced today upon his return to Washington after a tour of Alaska and the west. It is hoped, he said, that the Alaskan oil lands eventually will yield a large part of the oil supply necessary for the Pacific fleet. Coal deposits totalling between 400,000 and 500,000 tons are already in sight in the navy's coal reserve lands in Alaska, Mr. Daniels said with good prospects for a very much larger supply. Arrangements are being made to mine and wash the coal for the use of the Pacific fleet, the secretary said, adding that the interior department also would develop large deposits of coal on government land for commercial use.

TONOPAH EMERGING FROM FLOOD FOLLOWING CLOUDBUST

TONOPAH, Nev., (AP)—Tonopah residents today were clearing the city of debris carried in last night's when, after a cloudburst, water from the surrounding hills flowed down the main street. At one time the street was three feet under water. Houses were flooded and several automobiles were carried along by the water. Thunder and lightning accompanied the cloudburst.

Bolsheviks' Demands Delay Negotiations

LONDON, (AP)—Negotiations for an armistice between Poland and soviet Russia have been delayed according to a wireless message received here from Moscow. It says the Polish delegation led by Baranovitch for Warsaw on Monday to present to its government the soviet demand that the Polish delegation should accept the terms of the

TALK OF WAR IN EUROPE BOOSTS PRICE OF WHEAT

Chicago Market Registers Steep Advance and Closes Nervous at Day's Top Quotation of March at \$2.23 1-2

CHICAGO, (AP)—Wheat made a steep advance in price today as a result of increased speculative buying stimulated by European war talk. In a little more than a single hour an extreme upward swing of 15 cents a bushel had taken place, March delivery touching \$2.30 as against \$2.15 at yesterday's closing.

Later the market jumped still higher, and before midday had scored a total of 24 cents gain, December delivery reaching a top level of \$2.29 3/4, compared with \$2.13 1/2 at yesterday's close. Then a setback of more than 6 cents ensued.

Something like old-time spirit was shown in the trading pit, with transactions at a much livelier rate than has been the rule since business in future deliveries was resumed. The most significant bullish factor as viewed in some quarters was a statement that the British royal commission was asking exporters to offer wheat in any position possible.

Closes at High Point

The market bounded upward again at the last, and closed nervous at virtually the topmost point of the day, with March at \$2.32 1/2, a net advance of 17 1/2 cents a bushel during today's session. The closing at \$2.32 1/2, but finished at \$2.29, an almost sheer ascent of 15 1/2 c.

RICKENBACHER FALLS IN PLANE

Resumption Aerial Mail Route Blazers Flight Delayed by Accident

OMAHA, Neb., (AP)—Resumption of the flight of the all-metal airplane blazing a trail for an aerial mail route from New York to San Francisco was delayed temporarily today when one of the blazers attempting to take off failed to rise from the ground and crashed into an unoccupied house. The radiator of the machine was carried in the propeller broken and a wing section was damaged. Eddie Rickenbacher sustained a slight bruise on the head, but none of the other occupants of the plane was injured. The house was demolished.

The plane, piloted by Captain H. E. Hartney, was the last to start, the other two machines having made a safe ascent. After the accident they returned to the field but again hopped off on their westward flight at 12:30 p. m. Captain Rickenbacher occupying a place in one of the planes. The damaged machine will be shipped back to Mitchell field, La. 1, for repair. It was announced that the office of the air mail service here.

HEAVY VOTE IN MISSOURI

ST. LOUIS ELECTION JUDGE ARRESTED ON CHARGE OF STUFFING BALLOT

ST. LOUIS, (AP)—Reports reaching here indicate a heavy vote is being cast in the Missouri primary election today. In the 1918 primary the vote polled for United States senator exceeded 300,000. Aaron Goldstein, a democratic election judge in the fifth ward, was arrested on a charge of "stuffing" the ballot box, and later released on bond.

BOY IS ACCUSED BY HIS FELLOWS OF SLAYING SODDY

BUFFALO, N. Y., (AP)—Confessions made to the district attorney here today by three boys allege that Norman Kelley, 15 years old, was the slayer of Edward Tokran, a boy seven years who was shot dead in the woods near Ebenezer on Sunday. The boys, the confessions allege, were in camp when Tokran and a companion ran into on a bicycle. Kelley, it is alleged, first shot the tires off Tokran's bicycle and when the boy turned to turn fired another shot that killed him.

World News Events

WASHINGTON, (AP)—The gross national debt was reduced a total of \$76,404,453 during July according to the treasury statement today. This leaves the public debt at \$24,222,917,013. The reduction was accomplished by the retirement of that amount of treasury certificates of indebtedness.

GALVESTON, Texas, (AP)—Health officers from cities along the Gulf coast, state health officers from a number of interior states and surgeons of the United States public health service assembled here today for a conference on methods of combating bubonic plague.

SAN JUAN, Porto Rico, (AP)—Telephone service on the island stopped at nine o'clock Monday morning when operators and other employes walked out after a rejection of their demand for a fifty per cent increase in wages. An offer of a thirty per cent advance was refused by the strikers.

LAREDO, Texas, (AP)—The governor of Tamaulipas has been ordered by President de la Huerta to suppress gambling in that state, according to a message from the president to Arturo Saracho, consul here. Such action was requested by citizens of both Laredo and Nuevo Laredo.

CAR LINES ARE STILL IDLE

Denver Traction Company Falls to Make Good Promise of Service

DENVER, Colo., (AP)—Although the traction company had declared strike-breakers would start moving "armored" cars at 5 o'clock this morning, not a car was running today.

Large advertisements signed by union officials were exhibited in the newspapers today charging the company with importing "thugs and toughs" with intent to "terrorize the community. The city has been without car service since early Sunday morning when strikers voted to strike for higher wages.

SIX MEN HOLD UP BANK

Robbers Make Escape after Taking \$20,000 and Shooting Barber

DAVENPORT, Ia., (AP)—Shortly before noon today six men hold up and robbed the Commercial Savings bank of Moline, Ill., of a sum estimated at \$20,000, according to the police. The robbers made their escape in an automobile.

The robbers shot Charles Mohler, a barber, when he ran out of his shop across the street to give the alarm and may die. Police arrived as the bandits were leaving and a revolver battle ensued on the streets, but the bandit car got away.

(Continued on Page Four)

LEVANT TRAVEL IS DEMORALIZED

Strikes, Train Shortage and Thfts Drive Travelers to Water Lines

CONSTANTINOPLE, (AP)—Travel in the Levant has become so difficult that hotels in nearly all the larger cities are crowded with persons waiting for steamer and railway accommodations. Strikes in Bulgaria, Serbia and Italy together with the lack of through trains and the impossibility of getting baggage checked through because of strikes, have forced travelers to rely chiefly on steamers to French ports. The steamer lines have also been badly disorganized by labor troubles and most ships are unable to begin their regular schedules.

Although the United States shipping board has many ships into Constantinople and the other large Near Eastern ports, it has no regular passenger sailings and women are not permitted to travel on most shipping board boats unless they are in government service. Consequently Americans have great difficulty in getting through sailings to America. Major E. E. Booth, who was formerly with the shipping board in Paris has been transferred to Constantinople as director of shipping board affairs in the Near East and is endeavoring to get changes effected which will make travel easier to and from America.

SPANISH LIVESTOCK MEN OBJECT TO IMPORTATION

Institute Campaign Against Proposed Introduction of Gold Storage Meat from Argentina

MADRID, (AP)—Live stock breeders in Spain have begun a campaign against the suggested introduction of extensive quantities of cold storage meat from the Argentine and Australia. They are in force with the rapidly increasing number of refrigerating vessels available the probability of importations on a large scale from the two countries named, and the result of this is that the tendency to vanishing point of the huge profits they have been making ever since the outbreak of hostilities in 1914.

Spain is not a great consumer of meat, the average consumption attaining only approximately 45 pounds per capita annually. For this the consumer pays dearly, probably even more than France. Hence the industry has been diminished to a large extent by exportations at high profits during the war.

JENKINS TO BRING SUIT

American Consul Imprisoned in Mexico to Seek Damages Recovery

MEXICO CITY, (AP)—William O. Jenkins, former United States consul general at Puebla, Mexico, will institute a damage suit for his recent imprisonment, according to a Puebla dispatch today to El Universal. The identity of the defendants is not disclosed. Mr. Jenkins is said to have copies of alleged false testimony and other documents. The trial against Jenkins for alleged false declarations will be speeded up, according to the dispatch.

MAKES SUNSHINE RECORD

Stanford University Instructor Perfecting Unique Instrument

STANFORD UNIVERSITY, Cal., (AP)—An autographic sunshine recorder designed to measure the relative amount and quality of sunshine at different parts of the globe is being perfected here by Harold G. Hampton, an instructor in the botany department of the university. The instrument will be used, Hampton announces, for the purpose of measuring light in connection with the manufacture and production of foodstuffs. It is also being used in determining whether the climatic conditions in various places is favorable to the growth of certain plants.

WOMEN BEST SOLDIERS

Polish Was Ministry Commends Feminine Guards at Barracks and Hospitals

WARSAW, (AP)—Women make the best soldiers for guard duty at barracks and military hospitals, according to the Polish war minister. An appeal for women volunteers asserts that women are especially noted for their trustworthiness and honesty. Poland's Volunteer Legion of the army already has more than 600 members and nearly 2000 applications awaiting to be passed upon.

Ocean's Floor an Advertisement

The floor of the ocean is used for advertising purposes in southern California. The water of the vicinity is traversed by glass-bottomed boats that enable tourists to see the submarine landscape.

Cured of Stomach Trouble and Constipation

Bachel Cribble of Beaver Dam, Ohio, was sick for two years with stomach trouble and constipation. He had medicine after another with only temporary relief. "My neighbor spoke so enthusiastically of Chamberlain's Colic, Cholera and Diarrhoea Remedy that I procured a bottle of them at once. I took a few days treatment and was cured. I had never felt what I needed. In fact, they were just what I needed. In fact, they were just what I needed.

Kidnapped by Coolies, Beautiful Girl is Rescued By American

To have been kidnapped by four Chinese coolies who were about to sell her to Chinese pirates and then being rescued by an American was the dramatic experience told by Miss C. E. K. Nelson, of Copenhagen, who recently arrived in San Francisco from the Orient. Miss Nelson, while visiting in Canton, China, engaged a sedan chair carried by four coolies. By a roundabout way the coolies carried Miss Nelson to the Canton waterfront. An American friend, worried through Miss Nelson's long absence, notified the police, who arrived at the waterfront just as she was being placed on a pirate junk.

FRANCE MAKING QUICK RECOVERY

Ironmaster Supports Optimism with Figures on Reconstruction Gain

PARIS, (AP)—France is on the way to recovery," Eugene Schneider, the ironmaster, told the delegates to the International Chamber of Commerce at its biennial session in the Sorbonne. He supported his optimism with figures from the reconstruction of the devastated regions. These showed that 2,342 factories employing 255 persons were operating in the invaded departments. This, however, was compared to 3,363 factories employing 369,000 before the war. He gave two general indications of growing industrial force. First, the diminishing excess of imports over exports, and second, the increasing excess in various taxes over the receipts estimated by the government.

Reclamation of the war-torn farm land, necessary to reduce the country's onerous importations of foodstuffs, was said by M. Loucheur to be encouraging. He said the devastated regions would produce two-thirds of a normal crop this year.

Several phases of Germany's failure to fulfill treaty requirements to France were cited by M. Loucheur. He said that instead of the Philippines delivery of one and two-third million tons of coal monthly, France has received in seven months only an average of 671,300 tons.

BRITISH SHIPS HANDLE MUCH OF ISLAND'S TRADE

Nearly Half of Philippine Foreign Commerce Carried on English Vessels During Month of May

MANILA, P. I., (AP)—British ships carried nearly one-half of the total foreign trade of the Philippine Islands during the month of May, according to figures given out by the bureau of customs. Out of the total foreign trade of \$20,830,000, exports and imports, for the month, vessels flying the British flag handled shipments valued at \$9,830,000, while cargoes carried in United States bottoms amounted to \$9,027,000.

The Japanese were third, their ships carrying merchandise valued at \$1,400,000. The balance of the foreign business was done by vessels under Dutch, Spanish, Chinese and Philippine registry.

JAPANESE WOULD SOLVE PLANTATION STRIKES

Reconciliation of Hawaiian Planters and Nipponese Laborers Called the Island's Greatest Problem

HONOLULU, T. H., (AP)—That his most important mission to Hawaii is the reconciliation of the sugar planters and the Japanese laborers was the message sent by G. Yada, newly appointed consul general of Japan at Honolulu, who has just arrived from Tokio.

Mr. Yada, who formerly was consul-general at New York and at Ottawa, the Canadian capital, said he hoped leading men in the sugar and other businesses in Hawaii would make a trip to Japan and indulge in frank discussions with Japanese businessmen on labor and industrial problems.

VISHNU GRAIN SUPPLY. NEW YORK, (AP)—The visible supply of American and bonded grain shows the following changes: Wheat increased 986,000 bushels; decreased 259,000 bushels; oats increased 226,000 bushels.

TRADE BALANCE IS NOT FAVORABLE TO ISLANDS

Philippines Imports Exceed Exports by \$500,000 with Heavier Volume Reported for May

MANILA, P. I., (AP)—A balance of trade against the Philippine Islands amounting to about \$500,000 was registered for the month of May in the foreign trade, according to figures issued by the bureau of customs.

Exports amounted to \$10,136,000 and the imports for the month were \$10,636,000. The exports and imports were more than 30 per cent larger than for May last year.

The most important items of importation and exportation in May this year are their value were: Imports—Cotton cloth, \$2,383,014; iron and steel, \$1,020,870; manufactures of cotton, \$713,081; automobiles and parts, \$599,234; dairy products, \$432,698; meat products \$199,234; vegetables \$131,112; wheat flour, \$116,058.

Exports—Hemp \$2,599,622; cocoanut oil \$1,506,821; embroideries, \$777,349; cigars, \$620,299; embroideries \$440,069; leaf tobacco \$395,729; hats \$24,882.

MISS BUSH TAKES CHARGE Indianapolis Woman to be Leader of Republican Women's Activities

CHICAGO, (AP)—Miss Adah Elizabeth Bush, of Indianapolis arrived today to take charge of the republican campaign throughout the country as republican women's activities.

Mrs. Manley L. Fossen of Minneapolis, Minn., a member of the executive committee, has been appointed joint chairman of the speakers bureau with Senator Harry S. New of Indiana, it was announced today.

Major E. H. Williams of Chicago, has been appointed regional director of republican clubs including a territory of 17 states, it was also announced today.

ROOSEVELT GIVES ROUTE Democratic Vice Presidential Candidate to Tour Western States

NEW YORK, (AP)—The complete itinerary of the western speaking tour of Franklin D. Roosevelt, democratic vice presidential candidate, beginning in Chicago August 11 and ending in Indianapolis August 31, was announced at democratic headquarters here today. The tour will be made in a special car.

Mr. Roosevelt will speak daily except Sundays. He will be accompanied by two speakers of national reputation, one a "distinguished and forceful woman speaker of the west" who has not been named.

UNIVERSITY WOMEN OF CANADA PLAN CONVENTION WASHINGTON, D. C.

WASHINGTON, D. C., (AP)—The first triennial meeting of the Federation of University Women of Canada will be held in Toronto August 25, 26 and 27. Winnipeg's delegates will include the Dominion president, Mrs. E. F. McWilliam, Mrs. Luther Lennox, Miss Elsie Moore and Miss Josephine Parin. It is expected that the meeting will be attended by university graduates from every part of Canada.

WE SPECIALIZE ON BUILDERS HARDWARE

Everything for the Fire Place Ostrander Lumber Co. "QUALITY ALWAYS"

GOLDEN GLOW IS PRODUCING ORES

Report for July Shows Company Operating in Sawtooth, Shipped \$20,000 Values

In the month just closed the Golden Glow Mining and Milling company received \$20,000 for ores shipped from its property located in the Sawtooth mountains, 35 miles north of Halley.

This is the substance of a report just made by Oskar Karri, superintendent and manager of the property. The company was incorporated in 1918 and in two years has mined and disposed of 200,000 tons of ore averaging \$90 per ton. The ore is silver and lead. At the present time the shipping point is Ketchum, about 20 miles from the property. Ketchum is located on the C. & N. railroad and to reach the station with the mines product two four-horse trucks and two motor trucks are in constant service between the mine and the railroad. Another four-horse truck is used for hauling supplies to the camp. The company maintains its headquarters at Ketchum and at present is employing 38 men. Plans have been completed for the erection of a 75-ton capacity mill. Construction, according to Manager Karri, should be completed by September 1, this year.

The Golden Glow, Mr. Karri explains, has a tunnel 800 feet in length, with a vein of 12 feet, five feet of which is said to yield ore of first grade, the remainder being of a lower grade, but of paying quality. The company plans the driving of an additional 700 feet of tunnel in the near future.

The Golden Glow mining property lies north of the Wood river, near the eastern edge of the Sawtooth quadrangle, and is recorded in the Warm Springs series. It lies about 1000 feet above the property, and forming the bottom of a large horseshoe basin is a flat or mountain park sufficient in expanse to accommodate all the needed mine and mill buildings, and sufficient to provide a townsite, should it at sometime be found desirable to locate one. The wagon road leading from the property to the mill is in remarkably good grade being a negligible factor, except for about four miles near the mine. A recent assay of ore, made by the Smelter Supply company of Denver, Colorado, reported 34 per cent silver, 70.75 ounces; lead 59 per cent and zinc 9.8 per cent.

Heretofore the ore has been taken out by hand drilling equipment, but in the future it is stated, the company has approximately one-half million tons of milling ore developed.

UNLOADING CHARGE VOID Commerce Commission Holds Additional Cost to Stockmen Unlawful

WASHINGTON, D. C., (AP)—Collection of charges for unloading and handling live stock is held to be illegal on livestock to and from Chicago stockyards was found today by the interstate commerce commission to be an unlawful and unreasonable practice in deciding the case brought by the Chicago livestock exchange against the Atchison, Topeka and Santa Fe Railway company, the commission held today in deciding the case.

FRANCE TO REPAY LOAN Ministry of Finance Complete Buying American Exchange to Meet Debt

PARIS, (AP)—The ministry of finance has virtually completed buying sufficient American exchange to meet obligations falling due in the United States October 1. The Anglo-French loan of \$500,000,000 of which the French share is \$250,000,000 is due on that date. It is explained in high financial circles that the ministry's progress in the matter accounts for the recent rise of the dollar.

TEXAS INDUSTRY RESUMES Cotton Compresses Operating with Full Crews Under Open Shop Rule

GALVESTON, Texas, (AP)—All cotton compresses in Galveston were operating today with virtually full crews under open shop conditions. Most of the regular cases reported for work in Galveston at the presses following the posting of notices last Saturday that an advance of five cents would be effective today and that no contract with the unions would be made.

You can't guess your way to economy and thrift. Study the ads.

MARTIAL LAW FOR ERIN IRISH BILL PROVISION

Duties of Crown Tribunals to be Taken Over by Military Courts

LONDON, (AP)—Duties of crown tribunals in Ireland will be taken over by courts martial, even to the extent of settling civil disputes, infliction of fines and the binding of accused persons over to keep the peace, under the terms of the new Irish bill, which was made public this morning.

Military courts also will take over the duties of coroners and will have the power to decide cases without jury. In trials for crimes punishable by death however one person who need not be an officer shall sit as one of the judges. He must be appointed by the vicar roy from a list approved by the lord chancellor of Ireland or the lord chief justice of England.

Persons convicted by them may be imprisoned in any part of Great Britain. The bill makes provision for excluding the Uster from the working of the law by stipulating that it shall be effective in the whole or any part of Ireland.

SUGAR PLANTERS PROSPER

Philippine Banker Says Wealth May Be Embarrassment to Growers

MANILA, P. I., (AP)—The sugar planters of the island of Negros will be so well off in another year that they will not know what to do with their money, in the opinion of Venancio Concepcion, president of the Philippine National bank, who has just returned from a visit to that island.

"Of the \$12,000,000 which my bank loaned the planters on the island of Negros last year, \$7,000,000 will be paid out of the 1920 sugar crop and the remainder out of the 1921 crop," said Mr. Concepcion.

"Negros needs 1500 tractors and with that number the average in sugar next year could be more than doubled. I estimate the sugar crop for the island this year at 210,000 tons."

MINNEAPOLIS FLOUR DROPS Further Decline of 50 Cents a Barrel Announced by Big Mills

MINNEAPOLIS, Minn., (AP)—Flour took a further drop of 50 cents a barrel at the principal mills here today. Quotations on family patent in 98-pound cotton sacks, carload lots, were from \$12.85 to \$12.75. Today's drop follows a recession of 40 cents last Saturday, and compares with prices of \$13.50 to \$14.75 a barrel on July 24.

You can make our buying problems "come out right" if you study the ads.

Don't Be Misled

You cannot afford to have your eyes examined by everybody who claims to be an eye specialist.

Examining eyes is not a side line with me. I being a graduate of one of the best optical schools in the country, devoting my whole life to optical work exclusively, and having the best equipped optical offices in this part of the country, you are not taking any chances when you come to me for expert advice.

I have been permanently located in Twin Falls for the past ten years.

MOTORISTS LOSE WAY IN DESERT

Travelers on Un-mapped Utah Roads Undergo Harrowing Experiences

SALT LAKE CITY, Utah, (AP)—Two parties of automobile travelers became lost on un-mapped roads in Utah deserts recently and only reached safely after experiences almost as harrowing as some of those the pioneers underwent.

Arthur Lawrence of Delta, Utah, started on a vacation trip with his wife and their two children, 11 and 5 years old. They determined to take a new and little traveled road, but after some 30 miles their car broke down.

Lawrence took a quart bottle of water and started to walk to Delta for help. After fainting from heat and fatigue sometime in afternoon and recovering in the cool of the evening, he reached the settlement of Hixkley, in such a condition that he was unable to tell of the plight of his family. Friends took him to Delta and there he recovered sufficiently to ask aid for his family.

About noon the day following the breakdown, Mrs. Lawrence started to walk to Delta with the children. They had gone five miles before they met the rescue party.

L. C. Burton and Mrs. Burton of Washington D. C., constituted the other party. They were taking a "short cut" north of the Great Salt Lake at the time and found on it a broken-down car whose sole occupant was a small boy. The boy said his father had gone to a ranch for water. They gave the boy some of their dwindling supply of water and later gave what remained to dogs and a canary bird they were taking out with them. Their car breaking down some hours later, they determined to walk back to that which they had passed earlier in the day.

Hurrying through the heat, exhaustion was soon added to their troubles. One of the dogs was unable to walk further and Mr. Burton carried it. Mrs. Burton carried a peach pit in her mouth to alleviate the thirst, and hit down on it unceremoniously as their teeth. Mr. Burton said that their principal anxiety was that the car they sought would be gone before they could reach it. After eight hours walking and running they reached the car.

Another party of automobilists had come up, including two University of California professors, and this party carried the Burton boys to their own car. With the aid of the Californians the Burton car was started again and continued the trip.

OHIO HAS FOUR NOMINEES IN PRESIDENTIAL DERBY

Three Aspirants are Editors and One Head of Publishing House

CLEVELAND, O., (AP)—Ohio, "the mother of presidents" now has four nominees on four tickets in the presidential and vice-presidential derby.

Three are editors and publishers and the fourth is the head of a book publishing house. Two candidates for vice-president are also editors.

In addition to James M. Cox, Dayton, democratic nominee for president, editor and publisher of the Dayton News and Springfield News, and Warren G. Harding, Marion, republican nominee for president, editor and publisher of the Marion Star, the new additions to Ohio's list are:

Max B. Hayes, Cleveland farmer-labor party's nominee for vice president, editor and publisher of the Cleveland Citizen, a weekly labor paper, and Richard C. Barnum, Cleveland king-pin party's nominee for vice president. He is head of a book publishing company and is regarded here as the tall est candidate who was ever aspired to that office. He stands six feet, five inches in striking fact. He was born in Texas 39 years ago.

JAPANESE SOLDIERS IN SIBERIA NUMBER 180,000

Chinese Publication Says Program is to Seize Chita, Irkutsk and Serinhova Mines

SAN FRANCISCO, Cal., (AP)—Japanese troops in Siberia now number 180,000, exclusive of "railway guards," according to advices from the Peking Leader published here in the Far Eastern Republic. The advices are from the National Welfare Society of America.

The Chinese government has protested the use of the Chinese eastern railway for military use. The Peking Leader asserts, "the program of the Japanese army is to seize Chita, Irkutsk and the Serinhova mines."

The Chinese National Welfare society is a union of Chinese leaders in all sections of the United States.

Speaking ill of the Absent.

"When the absent are spoken of," says Henry Ward Beecher, "we speak gold of them, some silver, some iron, some lead, some always speak dirt; for they have a natural attraction toward what is evil. I will not say that it is not Christian to make beads of others' faults, and tell them over every day; I say it is infernal. If you want to know how the devil feels, you do know if you are such a one."

Has Never Seen Their Equal.

"I have used Chamberlain's Tablets for stomach trouble, biliousness and constipation off and on for the past ten years. I have never seen their equal yet. They strengthened my digestion, relieved me of headaches and had a mild pleasant action on my bowels. I take pleasure in recommending them." writes H. D. F. Parmenter, Cridersville, Ohio.—adv.

Youngest Member of United States Olympic Team

Miss AILEEN RIGGAN INTERNATIONAL

Miss Aileen Riggan, thirteen year old Brooklyn, N. Y., girl, who captured the Metropolitan diving championship at the recent Olympic tryouts at Manhattan Beach, N. Y., has been selected as a member of the United States Olympic team. Miss Riggan will be one of the fourteen American mornmaids, who will sail for Antwerp the latter part of the month to compete in Olympic water events.

It is the first time in the history of the Olympics that the United States has entered a women's swimming team. Miss Riggan won her first championship two years ago and since that time has competed successfully with some of America's foremost women divers.

BRITISH RAIL PROPOSALS MEET STRONG OPPOSITION

Plan for Re-organization of the Management is Called Impracticable

WASHINGTON, (AP)—Proposals of the British government for re-organization of the management of railroads in England have met with strong opposition on the ground that the plan is impracticable, according to a report of the American Chamber of Commerce received today at the department of commerce.

The government's plan, the report said, calls for the amalgamation of all lines into groups which would be controlled by boards of management consisting of shareholders, who would be in the majority, administrative officials and employees.

Railways would be fixed the report stated, at levels high enough to yield revenue equal to the combined net pre-war incomes of the companies absorbed in each group.

The railway board is said to be opposed to the plan, and, according to the report, notified the government it would not assist in working it out if it were put into effect.

IRISH PRESIDENT MISSING

Eamonn De Valera Leaves New York Hotel Giving No Address

NEW YORK, (AP)—Eamonn de Valera, "president of the Irish republic," who was thought Saturday to have been planning to sail on the Baltic with Archbishop Mannix and run a British gauntlet, has left his hotel here without giving a forwarding address.

This was learned today when an unsuccessful effort was made to reach him in connection with a dispatch from London, stating that differences he had had with Diamond Lynch, had caused the latter to resign from the republican parliament.

HOTEL KEEPERS IN LINE FOR DEY LAW PROSECUTION

VANCOUVER B. C. (AP)—A sheaf of warrants has been prepared to be served on hotel keepers and others in the Huntington vicinity as a result of a report filed on the border near-border saloons by provincial authorities. Samples of beer and stout then seized show that the nearest the near-beer came to conforming with the law was five per cent. The highest content was shown by analysis to have been 8.4 per cent.

TOBACCOONISTS OUT MELON

NEW YORK, (AP)—The Schulte Retail Stores corporation, tobaccoists, today declared a dividend of 50 per cent, payable August 24 on all common stock of record on August 9.

To buy the right thing instead of the wrong one may mean to buy satisfaction instead of regret and vexation. Study the ads.

Census Bulletins

"TRIS" STRIDES STEADILY AHEAD OF COMPETITORS

Speaker is in Most Consistent Batting Mood Just Now—Hornsbey Leads N. L.

CHICAGO, (AP)—Bagging a hit after keeping Tris Speaker, manager of the Cleveland Americans, on top of the race for the American league batting championship. Speaker, according to averages released Saturday, widened the gap between himself and George Sisler, St. Louis star. Speaker is batting .411, while Sisler, in second place, fell off to .396. Joe Jackson of Chicago is trailing in third place with .395, while "Eddie" Rupp of New York is fourth with .393. The averages include Wednesday's games.

Stull Hitting

In his last seven games Speaker crashed out eight hits, while the best Sisler could do was four in five games. Speaker excels Sisler in extra base hits and home runs. Speaker is hitting .411, while Sisler, in second place, fell off to .396. Joe Jackson of Chicago is trailing in third place with .395, while "Eddie" Rupp of New York is fourth with .393. The averages include Wednesday's games.

Stull Hitting

In his last seven games Speaker crashed out eight hits, while the best Sisler could do was four in five games. Speaker excels Sisler in extra base hits and home runs. Speaker is hitting .411, while Sisler, in second place, fell off to .396. Joe Jackson of Chicago is trailing in third place with .395, while "Eddie" Rupp of New York is fourth with .393. The averages include Wednesday's games.

Other leading batters: Ric, Washington 369; E. Collins, Chicago, 351; Menzel, New York, 317; Jamieson, Cleveland, 343; Weaver, Chicago, 312; Hendry, Boston, 233; Mihal, Washington, 233; Judge, Washington, 301.

Henney in N. L.

In the National league Roger Hornsby of St. Louis is safely in the lead, with an average of .363, although Edgar of Boston has an average of .370 for 44 games. Hornsby, however, has participated in 91 games. Jack Smith, Hornsby's teammate, is second in the list, with an average of .350, and Nicholas of Pittsburgh fourth with .327.

GRAND CIRCUIT RACES

TOLEDO O., (AP)—Some of the interest was taken from today's grand circuit program, the second day of the Fort Miami meeting when it was announced that Single O. and Grace Direct had been declared out of the for-all-purse on account of physical unfitness.

The withdrawals will make the event a three-horse affair, Namurata, Gladys B. and Princeps being the favorites. Peter Jansz driven by the veteran, Edward Geers, won the Elks club 2:00 trot for a purse of \$5000, feature race of the opening day of the grand circuit meeting yesterday. Brustloff was driven to the front in the opening heat by Tommy Murphy, but Peter June, the favorite, won the next two heats.

Symbol S. Forrest had easy sailing in the 2:15 pace and won in straight heats. In the second heat Frank Whitehead was cut about the face when Baron Russell tripped and went down.

Following Geers' victory in the Elks stake, the local judge of Elks presented him with a blanket suit.

LYNCH OUTPOINTS LEDOUX

JERSEY CITY, N. J. (AP)—Joe Lynch of New York, outpointed Charlie Ledoux, French heavyweight champion, in virtually every round of their 12-round bout last night. In the final round Lynch caught Ledoux off balance and scored a knockdown, but the Frenchman was on his feet in a second.

CLAMP SCORES ONE

BUFAVA, N. Y. (AP)—Johnny Wil son of Boston, middleweight champion, knocked out Steve Choyvski of Milwaukee, in the fifth round of a scheduled ten round bout last night.

HIG FIGHT ASSURED.

BENTON HARBOR, Mich., (AP)—The fight between Champion Jack Dempsey and Billy Miske, of St. Paul, on Labor day here is assured by the affixing of the champion's signature to the articles of agreement. Phil Campbell, business manager of the Benton Harbor Boxing club announced today Campbell said Promoter Fitzsimmons in New York had informed him of the signing which followed a conference with Jack Kearns, Dempsey's manager.

SEALS BUY PLAYER.

SAN FRANCISCO, (AP)—Robert L. Hasbrouck, first baseman of the Doe Molloy club of the Western league, has been purchased by the San Francisco club of the Pacific coast league, according to word received from Portland, Ore., where San Francisco played last week. Last season Hasbrouck's hitting percentage was .310.

SOMD INDUCEMENT.

NEW YORK, (AP)—If the New York National league baseball team defeats Cincinnati here today in the final game of the current series the players will receive a bonus of \$1000 from Charles A. Stoneham, the Giants' president.

GOOD FITTING.

ST. PAUL, Minn., (AP)—Excellent pitching was the feature of yesterday's games in the Printers baseball league. St. Louis beating Indianapolis, 6 to 2, and Detroit nailing out Washington, 5 to 4, in ten innings.

(Continued on Page Seven)

LABOR EFFICIENCY LOWER.

LOS ANGELES, Cal. (AP)—Labor is about 50 per cent as efficient as it was in former times according to the annual report of John A. Griffin, city engineer of Los Angeles, filed recently. This comment appeared in the report in explanation of the high costs of inspections of public improvements.

SUFFRAGE LOOKS TO COX FOR AID

Woman's Party Chairman Says Tennessee Must Be Urged to Ratify

DAYTON, O., (AP)—Another appeal for aid to secure ratification of the woman suffrage amendment in Tennessee was made today to Governor Cox, Democratic presidential candidate. Mrs. Abbie Scott Baker, political chairman of the national woman's party brought him reports that unless efforts are increased Tennessee's legislature would refuse ratification. She will go on a similar mission to Senator Harding, the republican candidate today or tomorrow.

Gets Good Luck Tokens

Harbingers of good luck are pouring in on Governor Cox. He received two today, a featherweight horse shoe worn by Lou Dillon when she established the world's trotting record for a mile in two minutes and a rabbit's foot. The latter set by Deena Lamar West of Waco, Texas. The rabbit's foot was mounted handsomely in gold.

Governor Cox today accepted an invitation from Judge C. R. Latham of the Chicago chamber of commerce to speak before that organization in early October.

State and Personal Affairs Had Precedence Today before Governor Cox, Following Completion of Arrangements for Next Saturday's Ceremonies to Notify Him Formally of His Democratic Presidential Nomination.

Roosevelt to Be Guest

Franklin D. Roosevelt, the vice-presidential nominee, is to be governor Cox's guest for the notification. Although the governor had hoped to attend Mr. Roosevelt's notification August 9 at Hyde Park, N. Y., conferences next week with party leaders on campaign plans and arranging his own speaking itinerary may preclude the trip to the Roosevelt event. The presidential nominee plans to start his first extensive speaking trip week after next, probably in northern New York and New England after addressing the Ohio democratic convention at Columbus, August 17.

HARDING AT WORK ON ANOTHER DECLARATION

Republican Presidential Nominee to Address Delegation of Voters

MARION, O., (AP)—Between conferences Senator Harding today was completing his second front porch campaign speech which he will deliver tomorrow afternoon to a delegation of Wayne county, Ohio, republicans.

Conferences were scheduled for today with Senator Harry S. New of Indiana, former governor W. P. Durbin of Indiana, and Philip Giordano, Italian newspaper publisher of New York.

Senator New was accompanied by Mrs. New and they had breakfast with the candidate at his home.

Senator Harding, the republican presidential nominee, is going to prove to the public that he is a real printer. Today he threw aside his pen, picked up his sleeves and "made up" the first page of his paper while motion picture machines recorded his actions.

All work at the newspaper plant suspended while the pictures were being made and employees gathered about to see their boss working while they loafed. The senator kept up a rapid fire of conversation with his foreman while at work.

PACKERS BOOST CAPITAL

Armour and Company Increases Capitalization to \$400,000,000

SPRINGFIELD, Ill., (AP)—Armour and Company, meat packers, Chicago, certified to the secretary of state this morning an increase of capital stock from \$210,000,000 to \$400,000,000.

CHICAGO, (AP)—The \$100,000,000 increase in the capital stock of Armour and Company, certified to the secretary of state today, was voted to give the company a larger working capital, it was announced here today.

The company has already sold \$60,000,000 in convertible notes and part of the new issue will be used to redeem these notes and others that may be issued. The new stock is to be put on the market next year.

HOMES WERE NEVER BEFORE so much in demand. If you have property to sell you can find a buyer who will pay a fair price. Outline your offer in a classified ad.

Today's Markets

New York Stock Market

NEW YORK, (AP)—The temporary strength on overall conditions was followed by decline on acute weakness in sterling and unfavorable Polish news.

There was a subsequent recovery on easier money. Sales approximated 950,000 shares.

New points of weakness cropped out especially in the uppers, but there was a notable rally later. The closing was strong.

Yesterday's losses were partly retrieved in a number of cases at the opening of today's stock market. United States Steel, Bending, American International and Baldwin displayed temporary strength but the entire list soon weakened when bullish traders found they could not advance prices without getting a liberal supply of stocks. Particular weakness was noted among the independent steels, especially Bethlehem and Republic. Railroads moved in a confused fashion with Northern Pacific and some of the low priced shares losing ground.

Liberty Bonds

NEW YORK, (AP)—Final prices today were: 3 1/2's \$91; first 4's \$85.40; second 4's \$84.40; first 4 1/4's \$85.00; second 4 1/4's \$84.04; third 4 1/4's \$85.08; fourth 4 1/4's \$85.10; Victory 3 3/4's \$95.08; Victory 4 3/4's \$95.68.

Grains and Provisions

CHICAGO, (AP)—Sharp now advances in the price of wheat took place today owing more or less to surmises that European war complications might bring about enlarged demand for food supplies from the United States. Speculative trade continued to broaden, and this morning was materially in excess of what it was a few days ago. On the other hand, holding business was relatively light. Opening prices which ranged from 2 to 7 higher, with December \$2.17 to \$2.30 and March \$2.17 to \$2.30, were followed by moderate further gains and then something of a reaction.

In later dealings the market showed extraordinary strength. Increased estimates of French and Italian import requirements counted in favor of the bulls, and so did news of urgent inquiries for wheat by the British royal commission. The close was nervous, 15 1/2 to 17 1/2 net higher, with December \$2.29 and March \$2.32 1/2.

Corn moved up with wheat as a result of continued dry weather. After opening 6-8 to 2 1/4 higher, with September \$1.39 to 1.39 and December \$1.23 1/2 to 1.25, the market scored a slight further advance.

Subsequently persistent buying on the part of lending commission houses led to further upticks. The close was strong, 2 7/8 to 4 6/8 net higher, with September \$1.42 to \$1.42 1/8 and December \$1.25 3/4 to \$1.26.

Oats were governed by the ascent of other grain, starting 3-8 to 3-4 higher, September 69 7/8 to 70c, and remaining firm.

Provisions reflected the strength of cereals. Buyers, however, were not plentiful.

Cash Quotations

CHICAGO, (AP)—Wheat No. 2 red \$2.20; No. 2 hard 2.31 1/2 to 2.33 1/2; Corn No. 2 mixed \$1.44 to 1.44 1/2; No. 2 yellow \$1.41 to 1.45 1/2; Oats No. 2 white 75 1/2 to 77c; No. 3 white 71 to 75 1/2c; Rye No. 2 \$1.77 1/2 to 1.79; Barley No. 2 \$1.77 1/2 to 1.79; Timothy seed \$8.50 to 11; Clover seed \$25 to 25; Pork nominal; Ribs \$15.25 to 16.50; Lard \$18.50.

Minneapolis Flour and Grain

MINNEAPOLIS, Minn., (AP)—Flour 25c lower. In carload lots, family patents quoted at \$12.10 to \$12.50 a barrel in 98-pound cotton sacks.

Chicago Livestock

CHICAGO, (AP)—Cattle receipts 11,000; very slow on all but choice steers; early stock \$17.25; bulk choice \$16.25 to 16.75; grassy cattle mostly \$9 to \$14.50; good cows steady; other stock weak; bulk \$2.50 to 10.25; hogs 4 to 4.25; butcher bulls \$8 to 10.50; hogs \$6.50 to 7.25; calves opened strong; stockers slow.

Hog receipts 26,000; active, steady to 16c lower; light off tent; to \$16.10; bulk light and butchers \$14.90 to 16; bulk packing sows \$13.50 to 13.75; pigs strong to higher.

Sheep receipts 17,000; sheep and best

native lambs steady; other lambs slow to lower; top native \$14.50; bulk \$13 to 14.25; native ewes sales ranging lower; fat native ewes \$8.

Omaha Livestock

OMAHA, Neb., (AP)—Cattle receipts 3,200; generally steady on all classes; best fed yearlings \$16; veals 25 to 50c lower.

Hog receipts 10,000; slow, mostly 1 1/2 to 2 1/2c lower; bulk of medium and light \$14.25 to 14.75; top \$15.25; heavy butch-

ers and packing grades \$13.60 to 13.90. Sheep receipts 20,000; killing classes weak to 25c lower; top lambs \$14.25; bulk \$13.50 to 14; feeding grades slow.

Chicago Produce

CHICAGO, (AP)—Butter lower; creamery 42 to 52c; eggs unchanged; receipts 11,000 cases; poultry alive, higher; fowls 32c; broilers 39 to 42c.

Kansas City Produce

KANSAS CITY, (AP)—Butter and eggs unchanged.

Peas unchanged; broilers 1c lower, 38c; springs 1c lower, 36c.

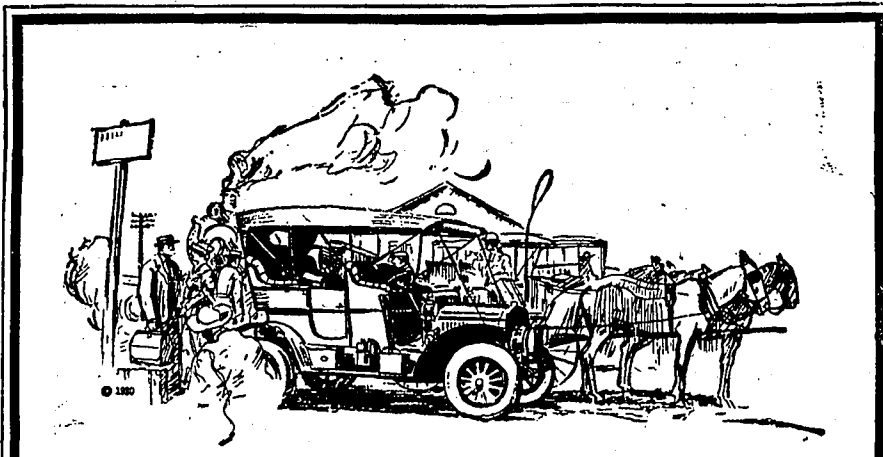

Potatoes

CHICAGO, (AP)—Potatoes firm; receipts 22 cars; Virginia \$7 to 7.50 cwt.; Kansas and Missouri Early Ohio \$3.50 to 3.75; California Whites \$4.50.

When the train came in back in 1910

TEN years ago you might have seen one or two automobiles waiting outside the station, when the weather was pleasant.

There is one tire, at least, that makes no distinction between small cars and large cars so far as quality is concerned—the U. S. Tire.

Today the square is crowded with them. And most of the cars you generally see there are moderate-price cars.

Every U. S. Tire is just like every other in quality—the best its builders know how to build.

Anybody who tells you that owners of moderate-price cars are not interested in the quality of their tires has never met very many of them.

Whatever the size of your car, the service you get out of U. S. Tires is the same. It isn't the car, but the man who owns the car, that sets the standard to which U. S. tires are made.

We come in contact with the small car owner every day and we have found that he is just as much interested as the big car owner.

We feel the same way about it. That's why we represent U. S. Tires in this community.

KANSAS NAMES CANDIDATES FOR MANY OFFICES

Women Vote for First Time in Oklahoma State Primary Election to Select Nominees on Three Tickets

KANSAS CITY, (AP)—Kansas today nominated candidates for senatorial, congressional and state offices, and chose ten presidential electors for each party.

Governor Henry J. Allen was opposed for the republican nomination by George Snow, of Oakland, who announced he expected the farm-labor vote because he himself had been a farm hand.

The democratic contest was for the gubernatorial nomination, which was sought by Jonathan Davis, of Bronson; W. S. Hyatt, of Parsons, O.; Fotts of Wichita and O. T. Wood of Liberty.

Socialist candidates for congress were being nominated in six of the eight congressional districts in the state.

OKLAHOMA CITY, Okla., (AP)—Women voted for the first time in an Oklahoma state election today when a state wide primary was held to nominate candidates on the democratic, republican and socialist tickets.

The principal contest was over the democratic nomination for United States senator. Thomas P. Gore, the incumbent, sought nomination and was opposed by Representative Scott Ferris.

OPENS SCHOLARSHIPS TO TALENTED FRENCH YOUTH

Mrs. George Blumenthal and Others Incur Nation's Gratitude

PARIS, (AP)—Ten scholarships open to the most deserving young French artists, sculptors, musicians, novelists, dramatists and writers are being granted by Mrs. George Blumenthal, of New York and Paris, and who is particularly noted because of her gallery of French Gothic art at her New York home.

Associated with Mrs. Blumenthal in founding the scholarships are J. P. Morgan, E. P. Ryan, E. B. Stebbins, H. P. Davidson, G. F. Baker, Charles Hayden, W. N. Cohen and H. Walters.

These founders have just been sent the following cablegram from Premier Millerand of France:

"I have already expressed to Madame Blumenthal the profound gratitude of the French government for the fine and useful foundation for the benefit of the French thought and art. Our young writers and artists, heroes or victims of the war, will find in this delicate and affectionate attention of our friends of America a new proof of the profound and sincere friendship which unites our two republics."

"France had already honored the memory of the intrepid soldiers of your army and will honor our heroes of the war of independence. I thank the faithful friends of France who are instituting this permanent monument to the glory of the French thought and art."

The scholarships are for 6000 francs each, the foundation being perpetual and they are to be awarded to the most deserving candidates. Each scholarship is tenable for two years in succession and any scholar showing special merit at the end of that time has a chance of receiving it for a further period.

The candidates will be selected by juries of ten men prominent in each profession.

ITALY SPENDS BIG SUM ON AVIATION PROGRAM

Plans Contemplate Extensive Improvements Mostly of Civil Character

WASHINGTON, (AP)—Italy is spending \$30,000,000 this year on its aviation program, which is mainly of a civil character. Its program calls for a complete aerial transportation system for both passengers and goods, a regular air mail service and the establishment of international air routes.

Study of routes which will join Italy with France, Switzerland, Austria, Jugoslavia, Greece and the Italian colonies also is being made by the government authorities. Two dirigibles are now operating a successful touring service between Rome and Milan and between Venice and Udine, the latter being made to start the Ypaleo-Palermo route. Four other local routes are in operation and experiments are being conducted on five others.

Revolutionists in Germany Get Pardon

BERLIN, (AP)—Pardons will be granted all persons concerned with the Kapp revolution here last March under the terms of the government amnesty bill which was adopted by the reichstag today after a long and animated debate.

Excepted from the amnesty are in the case of leaders and those guilty of ordinary criminal offenses, who will be placed on trial.

HARDING PLANS NOT YET FIXED

Possible Deviation from Front Porch Campaign Yet to be Determined

MARION, O., (AP)—To what extent Senator Harding may deviate from the front porch campaign policy has not yet been determined, though the general impression prevails among many republican leaders that there will be some speeches made by the republican presidential nominee outside Ohio before the campaign closes.

"It may be in authority has said there would under no circumstances be any deviation from the front porch campaign," Senator Harry S. New of Indiana, chairman of the speakers bureau of the national campaign committee, stated today after a conference with the candidate. "It may well be that occasions will arise that he speak elsewhere than from his front porch, but this is for the future to determine."

Senator New declared that no places or dates for Senator Harding to speak have been made and that any places or dates mentioned "are at this time entirely unauthorized."

Harry M. Daugherty, the senator's pre-convention manager, intimated today that the question of carrying the campaign both into the east and west may be discussed at a conference of several national committeemen in New York Thursday.

"It may be taken for granted," Senator New said, "that Senator Harding's campaign will be conducted along the same old dignified lines that befit a campaign for the presidency of the United States." He added, however, that it is going to be a real campaign with "no loafing" but "plenty of punch."

VIENNA, (AP)—The deficit of this city is estimated at 1,200,000 crowns this season. All sources of municipal taxation have been exhausted, the banking point and now the city government plans to cut down the civil list. Younger employees able to get other work will go first and the pruning will go through all departments. It is found that for 100,000 children in the primary grade of the public schools there are 10,000 teachers and many of these must go.

In 1913 the Vienna city budget was 237,500,000 crowns. For the current year it is placed at 2,500,000,000 crowns. A loan of 83,000,000 marks by Germany during the war represents part of this. On present crown mark exchange this means a loss of 250,000,000 crowns.

VIENNA, FACES DEFICIT

Sources of Municipal Revenue Fall and City Must Cut Payrolls

NEW YORK, (AP)—Two more cases of typhus developed today among the steerage passengers on the French liner La Savoie. The patients, boys, aged 0 and 10, were taken to Hoffman island where the steerage passengers underwent sanitary inspection. One case of typhus was reported when the ship arrived Sunday night from Havre.

TWO MORE TYPHUS CASES DEVELOP ON SHIPBOARD

WASHINGTON, D. C., (AP)—Julian Marchlewski who is chairman of the provisional soviet formed in parts of Poland occupied by Bolshevistic forces, was identified in Polish circles here today as a German-Pole and social democrat who has been in Moscow since the Russian revolution in charge of dissemination of soviet propaganda in Poland. Author of various works of interpretation of communist doctrine, Marchlewski, before the war was said to have been a prisoner in Siberia, having frequently come under the condemnation of the imperial Russian government for his radical activities.

Polish representatives here believe that Marchlewski if not actually a communist, will take a prominent advisory commission in the soviet negotiations with Poland.

GRASPS OPPORTUNITY PANAMA CANAL OFFERS

Improvement of Jamaica Harbor Bid to Attract Shipping

KINGSTON, Jamaica, (AP)—The estimates which have just passed the British House of Commons provide for an expenditure of \$800,000 to equip Kingston with an oil and coal station for the British naval and mercantile ships.

A large strip of land to the eastern end of the harbor has been acquired for a quay and work is now in progress. An army and navy cadet center under the auspices of the imperial government has also been established and everything is being done to attract shipping vessels through the Panama Canal.

The local government's scheme of harbor improvement has been referred to a special board of experts. It is intended to dredge the harbor where vessels with a draught of 38 feet will be able to enter without fear of getting stuck in mud banks. On account of the shallowness of certain parts of the channel, the battleship Benbow which is bringing the Prince of Wales here in September next will have to anchor at Port Royal, five miles outside Kings Bay. A special cruiser will convey the Prince and his party to Kingston.

SITUATION IN POLAND (Continued from Page One)

gates be given mandates for signing, not only an armistice agreement but also a protocol setting forth fundamental conditions of peace.

"Without this" the message declares, "it will be impossible to conclude an armistice."

The Polish delegation was empowered merely to arrange for a halting of hostilities. The soviet delegates proposed that another meeting of the armistice commissions be held in Minsk August 3, the dispatch says.

Provisional Soviet is Formed in Poland

LONDON, (AP)—A provisional soviet has been formed in the parts of Poland that have been occupied by soviet troops, according to a wireless message received here from Moscow today.

Julian Marchlewski is chairman of the newly formed body, aids the dispatch.

The new soviet has issued a manifesto to the laborers of Poland, exhorting them to rise "against Plauski's bourgeoisie, landowner government."

The manifesto declares that a stable peace between Russia and Poland is only possible through soviets of the workers.

"The works and mines must be wrested from the hands of the capitalist speculators and the largely depleted lands occupied by the Polish deplorable must be the property of the people in the persons of the workers' committees," continued the manifesto. "The land and forests must be handed over as the property of the people and be managed by the people. The land owners must be driven away and the property managed by the poor peasants committee. The land of the working peasants will remain untouched."

"In the towns, authority will pass into the hands of the workers deputies. In the villages, temporary soviets will be formed."

"When brought Poland the bloody government which dragged the country into the criminal war is overthrown, the soviets of workers deputies of the towns and villages will form the Polish soviet soviet republic."

WASHINGTON, D. C., (AP)—Julian Marchlewski who is chairman of the provisional soviet formed in parts of Poland occupied by Bolshevistic forces, was identified in Polish circles here today as a German-Pole and social democrat who has been in Moscow since the Russian revolution in charge of dissemination of soviet propaganda in Poland. Author of various works of interpretation of communist doctrine, Marchlewski, before the war was said to have been a prisoner in Siberia, having frequently come under the condemnation of the imperial Russian government for his radical activities.

Polish representatives here believe that Marchlewski if not actually a communist, will take a prominent advisory commission in the soviet negotiations with Poland.

GREEKS DRIVING TURKISH ENEMY INTO MOUNTAINS

Nationalists' Forces Flee into Highlands before Successful Drive of Hellenes in Asia Minor

WASHINGTON, D. C., (AP)—Nationalist Turkish forces are fleeing into the mountains in Anatolia, according to advices today to the state department from the American legation at Athens.

This information is based on a communique issued from the Greek headquarters in the Asia Minor fighting zone where Greeks are pushing the campaign against the Turks.

The communique stated Greek advanced lines were pressing the enemy westward from the largely depleted forces of the nationalist Turks, under command of Mustafa Kemal, were escaping toward the mountains. In their flight, the communiques said, the nationalists are availing approach to villages where Mussulman populations are reported waiting to attack them and "kill them without mercy."

A DEMOCRATIC 'SLUSH FUND'

While Governor Cox talks about a mythical campaign fund of millions which he charges the Republicans are raising unfairly, the Democratic organization has arranged for an corruption fund of a very real character.

The Republican party's campaign expenditures promise to be very modest indeed, whereas they need to be of generous proportions if the Republican candidates are to have the benefit of the same publicity as the Democratic.

A flood of Democratic campaign propaganda pamphlets and printed at government expense, soon will be thrown onto an already overcrowded postal system to be sent broadcast throughout the country.

An army of government clerks as well as higher salaried employees already is busy on these documents, which are to be laid before the voters at what administration political experts consider a psychological moment.

The Democratic propaganda will masquerade as government reports printed on thousands of pounds of costly white paper, but a survey revealed that these reports will show a startling unanimity of opinion considered vital to Democratic success.

It is to be hoped the Republican campaign fund will be of sufficient size to stem the tide of Democratic propaganda from government offices, paid or out of the public funds.

THE MOVIE STRIKE

There is talk of a moving picture strike. The actors and actresses are not demanding more money—at least they are not threatening to strike for it—but the men who actually make the pictures are involved.

WHAT TO TALK ABOUT

A wise old philosopher once gave this rule for conversation: "Talk about things, not people." It is a good rule. If all of us followed it the world, and all who dwell in it, would be better.

those we talk about but to ourselves. In criticizing others we lose sight of our own faults and we invite criticism for ourselves.

No many gods, so many creeds. So many ways that wind and wind; While just the art of being kind Is all this sad world needs.

A CHAPTER ON SOUPS.

There are soups and soups. Clear soup is more in the nature of a stimulant than a nutrient.

Spice Pea Soup.—Soak a cupful of split peas over night in two quarts of cold water.

Amber Soup.—Brown three pounds of beef from the shin, cut in small pieces. Use the marrow from the bone to fry the meat in.

Cream of Onion Soup.—Slice four onions and cook in boiling water until soft, changing the water once during the cooking.

Cream of Onion Soup.—Slice four onions and cook in boiling water until soft, changing the water once during the cooking.

Creole of Onion Soup.—Slice four onions and cook in boiling water until soft, changing the water once during the cooking.

Dangerous to Woo a Spider. Mrs. Spitzer will always eat Mr. Spitzer. If she can catch him, quite before they are married.

Patching Wall Paper. To patch gouges made in the wall by sharp-cornered furniture, fill the hole with plaster of paris to which has been added dissolved glue to delay the hardening process.

DADDY'S EVENING FAIRY TALE

perfectly beautiful time. Well, I really didn't let her know I was still in the shop, as I had some things—you know how it is—that I wanted to attend to.

THE CAT'S TREAT.

"Obec! In awhile," said Blicek, the cat. "I have a treat which I greatly enjoy.

"To be sure I am treated well all the time and have plenty to eat and to drink. I have a comfortable home to live in, too, and they let me go out for nice frolics and fun and they don't ask me any questions when I come home which is nice.

"They don't ask me where I have been and who I have been playing with. I would not like to tell them exactly that I had been visiting garbage cans all along the line.

"They would doubtless say, 'Why, Blicek, don't we give you enough to eat?' What about the bacon you had for lunch and all of the milk you had to drink?"

"I couldn't so well explain to them that in spite of all these things I still liked garbage cans. They wouldn't feel as I do the thrill of a garbage tin, the excitement when one looks to see what there is there—the great excitement of hunting for treasure as it were—oh, it's a thrilling life that a cat leads.

"And then I am glad they don't ask me who I play with. They are very nice that way, too, as I said before. You see the cat next door don't like at all. He is a very silly cat. He doesn't dare to take the great number of risks that I do. You'd think he didn't know he was a cat and that he didn't believe anything about the nine lives of a cat.

"Why, if anyone wanted to hear my history I could tell them things that would make their hair rise high on their heads and their tails sit up, too. I am not sure about the tails though, as, of course, people haven't any tails, poor dears. But, anyway, I have had some thrilling adventures. Oh, yes, Blicek, the cat, has led an exciting life.

"And if ever I were to write a history of my life I could tell of all the narrow escapes I've had—more than nine I can tell you. Yes, I've had many escapes. And I've made them all myself, because of my own cleverness. I hate to talk about myself, but that is the truth!"

And Blicek purred contentedly as he thought of the many times he had had such narrow escapes, and had escaped!

"I started in, though, to tell of the treat I had lately. It was last night, to be exact—which means correct.

"I had been shopping very late in the afternoon with my mistress and she had been buying meat just before the shop closed. Well, she thought I had gone out and so she went out and left me there.

"I didn't mind that. I was having a

To Put Out Gasoline Fire. While pure sawdust gives excellent results in putting out a small gasoline fire, a mixture of ten pounds of bicarbonate of soda with 12 pounds of clean sawdust is the best medium to have on hand, says Everyday Engineering.

Resignation Benefits. True resignation, which always brings with it confidence that unchangeable goodness will make even the disappointment of our hopes and the contradictions of life conducive to some benefit, casts a glow but tranquil light over the prospect of even a tollhome and troubled life.

CITY MAY TAKE TRIANGLE POINTS

Expense of Paving Three-Cornered Property Spurs Council to Action

Platting a town on the bias may have its compensating features but it also has its drawbacks.

The facts of the matter are the city, through the queer planning of the town's arrangement cater-cornering, as it were, is in more or less of a middle as to what to do with the many triangular lots and plots where the city streets and avenues encounter and merge with the north and south and the east and west roads of the squared portion of the surrounding world.

High Paving Expenses. In recent days the city administration has met up with considerable protest from residents who own these triangular patches over the present operative and contemplated paving programs.

Growing out of these protests comes a municipal problem for which the administration finds itself forced to seek a way out. In some instances owners of triangular lots have offered whole or parts of their holdings to the city for park purposes in an effort to relieve themselves of the paving tax burden.

Alford Starts It. Last night C. A. Alford, who has been considering the purchase of a triangular patch of ground on Blue Lakes boulevard and Ninth avenue east told the city councilors last night he intended to purchase the lot if the town would accept as a present a certain portion which would relieve him of the responsibility of paving along the Ninth avenue side of the lot.

Schemes Considered. Discussion with Mr. Alford of the peculiar features connected with the triangular lots, as these features deal with the extraordinary expense attached to paving three sides of the property, led into intensive consideration of various plans for reducing this total cost, and resulting in a request for completed plans from the special paving engineer, W. L. Hoffeditz, covering schemes for detailing the length of the triangular points and the inclusion of these points in the intersection paving.

The primary idea is for the city to take over the long angles, the shortest side being about 65 feet in length. A rounding curb would be constructed and the paving brought to the curb. Action will be taken upon adoption of this plan, if it meets with public favor, at the next session of the council.

STATE OFFICIAL HERE TO INVESTIGATE ROAD

Prosecuting Attorney Calls Conference to Consider the Blue Lakes Grade

In the office of the county prosecutor, Frank L. Stephen, courthouse, this afternoon is being held a general meeting to consider the condition of the Blue Lakes privately owned road. The meeting has been called by Mr. Stephen and is being attended by Everett M. Sweeley, member of the state public utility commission, and a number of prominent local business men.

The meeting called for the purpose of considering matters pertaining to the safety of persons using the private road, results from a fatal accident on Sunday evening, when C. L. Green was killed in an automobile which over the grade. After a discussion of conditions on the road a committee, with Mr. Sweeley representing the state utilities commission, will probably be appointed to make a personal investigation of the danger points along the road.

CITY COUNCIL IMMEDIATELY HOLDS GENERAL DISCUSSION MEETING

'No Quorum' Sign is Displayed but Administrative Board Transacts Important Business Session—Kicks and Requests Form Greater Portion of the Session's Schedule

Although the "no quorum" sign was hung out some members of the city legislative board, headed by Mayor W. H. Eldridge, held a session of problem and complaint discussion. The meeting lasted until 1 o'clock with many matters of prime importance to the city at large considered and prepared for final disposal at a session when there will be a majority of the council present.

Those present at last night's session with the mayor were: C. B. Channell and L. L. Breckenridge. Alderman C. S. McMartin left a week or so ago for a session in the central states for a summer vacation, while Alderman J. H. Russell started yesterday evening for the Jarbridge county, where he will pass the next ten days or two weeks camping and fishing.

Requests and Kicks. Requests and complaints were the principal business of the no-quorum session, many points of importance being presented for consideration.

William Werner appeared with a request for certain privileges in connection with the business of a business building immediately behind the Lavering pavilion on Second street east. The features were taken up separately and a permit to proceed was granted. The city engineer, Mr. Hoffeditz, plans the plans governing special features.

C. O. Markle lodged complaint against the supply of water being furnished him at fire hydrants in the DeLong addition. He explained that the stream was so small that it evaporated before he could turn it on in his yard. Mr. Markle and his city engineer will work out a solution of the trouble.

Bridge to Stay Closed. Upon recommendation of R. M. Murray, bridge engineer, and C. H. Mull, contractor in charge of construction of the Shoshone street bridge, over Rock Creek, orders are to be issued directing that the bridge be kept closed to traffic until the roadway and sidewalks are entirely completed and ready for service. It was noted, however, when it was shown that under present conditions accidents are most likely if the structure is thrown open to foot and vehicle traffic.

In connection with the announcement that the bridge will soon be completed Mr. Murray asked for advice concerning the style of post to be installed for the Shoshone street bridge. Mr. Hoffeditz explained his plans called for a pressed steel tubular style of post, but had assumed in view of the fact that the city intended adopting a certain style of post that the street bridge would be down town section a similar style would be required for the bridge. The council decided upon installation of the original style of post. Mr. Hoffeditz was instructed to proceed with this installation, and was also asked to submit bids covering cost of wiring for lighting.

Park a "Dust Spot." Nevell Wight, secretary of the Twin Falls Chamber of Commerce, presented a written complaint against the condition of the city tourist park and suggested a remedy. Mr. Wight stated the sprinkling system at the park is inadequate and urged more frequent appearances of the water wagon. The writer declared the park is rapidly becoming a dust spot, and would soon lose its virtue as a camping ground, if the condition complained of is permitted to continue.

Engineer's estimates of paving work completed by the Warren Construction company and the Heinecke Construction company were presented for consideration. These estimates show a total cost of \$24,336. The contractors for work finished in July, along with other bills and claims against the city, totaling \$18,530 was allowed. This claim was made to an automobile which Mr. Tooman alleged resulted from striking a raised manhole cover in a city alley. The original bill was \$35, settlement being effected on a 50 per cent basis.

LONG STRETCH OF PAVING. Announcement is made by Superintendent A. J. Hill, of the Warren Construction company of the completion of paving along Blue Lakes boulevard from the intersection of Shoshone street and Addison avenue to Heyburn avenue, a distance approximating four blocks. This gives a stretch of completed paving from the O. S. L. depot to Heyburn avenue. Laying of base rock along Blue Lakes boulevard south from Eleventh avenue is proceeding.

\$150,000 to lend on the best of farms only; cheapest money in town. Heary J. Wall—adv.

VENDORS PRESS PERMIT DEMAND

Truck Gardeners Want to Build Shacks—Quality of Goods is Questioned

During the coming days of this week the members of the city administration will spend some time discussing building problems as these refer to granting permission for the erection of a series of neat farm shacks to be used by vendors at the local market site on Shoshone street. What the final outcome of the discussion will be cannot be foretold, but judging from the attitude of the mayor and members of the council demonstrated recently in expressions of sentiment the permits will not be granted, at least not for the Shoshone street market site.

The question of early granting permits for the construction of iron buildings, initially presented more than a week ago by certain market gardeners, was fettered forth again at last night's discouraging gathering of the board of municipal legislators by Ed Vance, a gardener and distributor. Mr. Vance urged that quick and favorable action be taken in this matter, thus to enable market gardeners to establish their stalls for disposal of garden wares.

Furthering his purpose Mr. Vance told the council that the establishment of a city market last year resulted in the delivery over the market counters of better quality goods at lower prices than could be obtained in the local retail stores. This statement was challenged by at least two members of the council. Alderman C. B. Channell charged that "cullied" stuff was used of at the market, and in the local retail stores. This statement was challenged by at least two members of the council. Alderman C. B. Channell charged that "cullied" stuff was used of at the market, and in the local retail stores.

ALLEGED BOOTLEGGERS ARE HELD FOR TRIAL. In the probate court yesterday afternoon Tom Moran, Sloan Skiles and Walter Deun were arraigned on charge of illegal possession of intoxicating liquor. The evidence against the trio seemed sufficient on which to base a case and Judge O. P. Duvall ordered the men held for preliminary trial tomorrow morning.

Moran and Skiles were arrested in a shack on Second street west alley near Fifth avenue by Deputy Sheriff Robert Redman and the chief of police yesterday morning. Later in the day the police picked up Deun. A small amount of bottled liquor together with some extract, was taken in evidence.

HAS NARROW ESCAPE. While a coterie of youngsters was swimming in the low line canal west of town Sunday afternoon, "Cuddie" Wilkins, a young boy, was drawn into the pipe and carried through an 18-inch outlet pipe a distance of 50 feet. Although nearly smothered the lad sustained but a few minor bruises. The pipe supplies water from the canal to an irrigating ditch.

SPEEDER PAYS FINE. Dan Knight, a resident of Gooding, was arraigned before the police magistrate last night on a dual charge of speeding and operating an automobile with the muffler off. Knight was arrested last evening by Traffic Police man Frank Milton, who filed complaint. The defendant admitted guilt and paid a fine of \$15.

NOTICE. The office of the Oasis Oil company, has been moved from Twin Falls, Idaho, to Burley, Idaho, Rooms 7 and 8, Bank of Commerce building. OASIS OIL CO.

INTEREST CENTERS IN SWELEY-SEAVER FIGHT

Republican Primaries Scene of Hard Battle for Senatorial Nomination

With the interest of voters centering in the republican contest for senatorial nomination Twin Falls county primary polls of both parties were formally thrown open by balloting at 1 o'clock this afternoon.

The feature fight is between former Senator M. J. Sweeley and Senator J. H. Seaver, the main point at issue being nomination of the former. Seaver is said to favor the dividing of Twin Falls county to make Buhl county out of the west end. The latter contestant for nomination of the republican ticket is opposed to division. L. L. Alton is the third candidate on the republican ticket for senatorial nomination.

Another significant republican battle for nomination is being staged between W. H. Greenhow and W. W. Parish for nomination as county commissioner. Mr. Parish at present holds the office and Mr. Greenhow formerly held the office of local postmaster.

A. W. Bowle, W. F. Pike, J. W. Porter and J. M. Shank are in the fight for nomination for the legislatures on the democratic ticket. The first three are said to be opposed to county division, the latter favoring it.

Polling places, which will remain open to 7 this evening, are located as follows: REPUBLICAN. Twin Falls No. 1—Lavering pavilion. Twin Falls No. 2—Courthouse. Twin Falls No. 3—Gooding Motor company sales rooms. Main avenue, west. Twin Falls No. 4—McKinley building, 310 Main avenue south.

SMUGGLER IS SENTENCED

GENEVA, (AP)—Madame Bula Hartmann, young widow of an Austrian officer, has been sentenced at Lindsa to pay a fine of 50,000 marks and serve one month in jail for smuggling. It is said she defrauded the Berlin and Vienna authorities out of more than \$3,000,000 by means of a small army of employees at Lake Constance who used six automobiles, three motorboats and other paraphernalia in their illicit business.

RESUME JAPANESE HEARING

SEATTLE, Wash. (AP)—Hearings on the Japanese immigration question were resumed here today by subcommittee of the house of representatives committee on immigration and naturalization with a number of Seattle labor leaders as the first witnesses.

Warning Signs Not Heeded By Drivers of Cars

New Parking Rule Governing Narrow Streets Violated—Arrests are Ordered

When the city authorities a fortnight ago ordered enforcement of the traffic law requiring the parking of cars parallel with the curb on narrow business streets they apparently did not anticipate that the enforcement would require employment of a special instructor for auto operators.

That an instructor for these operators has been necessary during the past two weeks, and the need for such service is as great now as when the enforcement was ordered was made known to the members of the city council last night by the mayor, who explained that violations of the new order are the rule rather than the exception. He stated that although large signs have been placed on curbs instructing drivers to park alongside the curbs instead of half head-on, few if any of the drivers see the signs, or if seeing take no notice of them.

The council has decided to retain the instructor one week longer and at the expiration of his term of service orders are to be issued to the traffic officer to arrest all persons violating the ruling.

THE BIRNEY. The Birney includes stops on August 26 at Salt Lake City and Ogden. It was also announced that Senator Harrison and George White, chairman of the national committee, will spend August 6, 7 and 8 in Dayton, Ohio, conferring with Governor Cox and other members of Mr. White's advisory committee laying out plans for a western trip by the presidential candidate.

EXTRAORDINARY MUSIC ON CONCERT SCHEDULE

Descriptive March Will Be Featured by Band on Appearance Thursday Night

One of the features of the band concert, scheduled for Thursday night of this week, is found in "Roaring Volcano," a descriptive march by E. T. Paul. This selection comprises almost an entire evening's entertainment in itself, and is said to be an especially dramatic instrumental production. The complete program is: March, "Trooper's Tribunal" (Fillmore); Witmark's Medley of Popular Songs (Taylor); Fox Trot "Rose of Washington Square" (Handberg); Overture, "Erich from the Metropolitan Opera" (Tobani); (excerpt from the greatest opera); "Trombone Smear," Mr. Thomas Cat; "Blue and Gray" (Dabney); Descriptive March, "Roaring Volcano" (E. T. Paul). Synopsis: Trumpets sounding; Olympic games begin; ascending and coming of the storm; ringing of Angelus bell and people's vesper hymn; distant rumbling of volcano; rumbling increases; volcano bursts in full fury of eruption; people fleeing in terror; death and destruction.

March, "Invercauld" (Lithgow); Star Spangled Banner

Wright's A GOOD PLACE TO TRADE Derryvale Pure Irish TABLE LINENS GUARANTEE We guarantee the purity and durability of every piece of Derryvale genuine Irish linen. If any piece is unsatisfactory, return it to your dealer, and have it replaced. This guarantee is possible because Derryvale linens are manufactured from pure flax in our own mills in Ireland, where we have had years of experience in the manufacture of linen. No other linens have the sheen, and whiteness of the linens that come from old Ireland. No linens wear so well, wash so well, look so well, and give you so much pleasure and so much real service. We have a complete assortment of delightful patterns to choose from.

A USED CAR IS A GOOD INVESTMENT The difference between the cost of a good new car and a good used car will maintain the used car for several years, allowing also for an unusual amount of mechanical expense. A carefully chosen used car of a good standard make will give better service and greater satisfaction to the owner than a cheap new car. Think it over. We will not take in a worn out car at any price. No orphans. 5 Passenger Chalmers, used slightly as demonstrator, cord tires, SPECIAL PRICE. 5 Passenger Maxwell, demonstrator, like new. 3 Fords, thoroughly inspected and repaired. 2 Buicks, touring. 3 Maxwell touring. 1 Chalmers touring. AND OTHERS. Used Car Division, Basement Dow Bldg. Johnson Auto Sales Co., Inc. TWIN FALLS
